Quiet In Ulster Today

Prominent Part Is Being Taken By The King

RENEWED ELECTION TALK

Have Idea That There Will Be Announcement Along These Lines on Second Reading Next Monday—The Army Officers

(Canadian Press)
London, March 24.—Virtual suspension of military preparations in and on the Ulster by both the crown and the anti-home rule forces today, as a reflex to concentrate national attention upon the next move of the government in the Irish crisis.

According to a belief prevalent in quarters, King George has assumed a role of activity and authority in the limited monarchy for many weeks. From this same source, it was noted that the king has placed the entire programme before the cabinet in the condition of all factions in Ireland.

That Ulster counties be given an additional six years, making twelve in all, during which they might be excluded from the operations of the home rule bill.

That all army officers, who resign when civil war in Ulster seemed probable, be taken back without loss of rank.

That all army officers, who resign when civil war in Ulster seemed probable, be taken back without loss of rank.

Nearly \$2,000 First Morning Of The Metropole Campaign

Captains and Teams Begin Canvass and at Noon Report Good Results of First Few Hours

CONDENSED DESPATCHES

With a large force of active, energetic workers busily engaged and entering into the spirit of the affair, the campaign in aid of rebuilding the old Metropole was begun this morning, and in the few hours in which the committee members were at work they were greeted with much hope of success.

The organization was most thorough and reflected credit on the ability of those who planned it. Each team had lists of those who were expected to respond to an appeal. There was no confusion, but an excellent example of what united action could do.

In all there are eleven teams entered in the campaign, ten in the city proper and one in Fairville. The headquarters for the committees for the campaign are in the Tourist Association's offices in the King street, and there the heads of the different teams met this morning before the commencement of activities.

The banquet in the team which secured the largest amount towards the general fund for the new building.

Nearly \$2,000 was the result of the few hours in which the teams were at work this morning.

At one o'clock the workers met at luncheon at Bond's and after an enjoyable dinner, the returns were bulletined. Only two teams did not report, because of a late start and because some of the members did not get their lists in time to make an early start.

The total amount bulletined was \$1,856.25. Of this the largest return was made by Captain Daniel, 820, No. 7, Captain Daniel, 880, No. 10, Captain Combs, 877, and No. 8, Captain McAlary, 827.

The non-day luncheon will be held at Bond's each day until Friday and the returns bulletined, while the dial on the big clock erected at Daniel's at the head of King street will start to move after dinner, indicating the amounts received. In many cases this morning there were large individual donations.

THE NEW LETHBRIDGE POLICE COMMISSION

Mayor W. D. L. Hardie, who is chairman of the commission, is in the centre. On the right is Canon W. V. McMillan; on the left is Judge J. A. Jackson.

AIRSHIP IS USED IN ARREST

(Canadian Press)
Miami, Florida, March 24.—Flying twenty-one miles in an aeroplane, Harry Schade, a detective of this city, overtook the steamer Miami after she had left this city and, boarding her, arrested a negro hotel employee, recovered a brooch belonging to a woman prominent in New York society, and then flew back to this place with his prisoner.

C. C. Wither, who has been giving exhibitions here with a Curtiss flying boat, piloted the machine. Search of the prisoner resulted in the recovery of the brooch, but the negro was released, as the arrest was made outside the three-mile limit.

Johannsthal, Germany, March 24.—Linnelugel, a German aviator, today established a world's altitude record for a flight with one passenger in an aeroplane by attaining a height of 16,000 feet in his monoplane.

The previous record for a flight with one passenger was made by the late Edmond Hervey, a Frenchman, who on June 8, 1913, rose 6,270 feet.

(Special to Times)
Fredericton, March 24.—It looks as if a majority of the members of the legislature were favorable to having the Valley Railway taken out of the hands of the St. John and Quebec Railway Co. and having the road finished as government property.

An arrangement may be entered into with A. E. Trites, who built the Gibson and the Minto Railway.

Miss Margaret Atkinson, daughter of Mr. and Mrs. Mariner Atkinson of this city, was married in Vancouver yesterday to Alfred W. Geist, Jr., of Guadalupe, Mexico.

Hon. Charles H. Mitchell, of Edmonton, is here today and is being heartily welcomed.

Mayor Gross and Ald. Robinson, of Moncton, are here on business with the legislature.

CORNEA FROM EYE OF A PIG GRAFTED ON SIGHTLESS ORB OF A BABY BOY

Baltimore, Md., March 24.—What is believed to be the first operation of its kind in this country was performed yesterday in a local hospital, when the cornea of a pig's eye was taken off and grafted on the sightless eye of a three-month-old boy.

BIG FIGHT OVER HYDRO-ELECTRIC

Proposed Medicine Dam Attacked Before Legislative Committee This Morning—J. Fraser Gregory Says It Would Kill St. John Mills

Fredericton, March 24.—The St. John Hydro-Electric bill was given a public hearing before the municipalities committee this morning and the chief engineer of the company, who submitted a long cross-examination by J. B. M. Baxter and others who are opposing the bill.

Among those who spoke in opposition were J. Fraser Gregory for the lumber interests, A. O. H. Wilson, and F. R. Taylor, while W. A. Taylor and others appeared in favor of the measure.

The chief engineer of the company said the first cost of the project would be \$2,000,000 and that proper safeguards for fish and lumber would be provided.

About twenty residents of Lorneville were present and the Carleton fishing interests were also represented.

Mr. Gregory spoke at length, and said that the building of the dam would kill the lumber industry at St. John, and that the mills would have to move to Quebec or go out of business.

There is every evidence of a bitter struggle over the bill, and the opposition is very determined.

THE FIGHTING IS DESPERATE

Battle Being Fought Three Miles From Torreon

REBELS LOOK FOR VICTORY

Last Reports Were in Their Favor Though Federal's Defence at Gateway of City Came as a Surprise

(Canadian Press)
Juarez, Mexico, March 24.—Although desperate fighting was still in progress at Gomez Palacio, at the gateway of Torreon, at eleven o'clock last night, when the last dispatches came, through General Villa felt so confident of victory that he returned to the main base at Bermejillo to telegraph to Chihuahua and other points about the handling of supplies and the movement of troops.

The rebels are reported to have Torreon closely invested and last reports were that the whole army was confident of the early fall of the Federal stronghold. The occupation of Laredo, almost without resistance, and the expected victory at Gomez Palacio would leave only Torreon to be taken to complete the first stage of the march to Mexico City.

The conquest of Matamoros, Saltillo and Monterrey is taken for granted by the rebels once the main Federal force under General Velasco at Torreon is conquered. In official circles, here, although dispatches ceased, it was felt that Villa would triumph at Gomez Palacio, which is only three miles from Torreon, before the day was out.

The defence of the city came as a surprise to the rebels, who assumed that only a nominal resistance would be made by the Huerta forces. The reinforcements reported to have been rushed into the city by General Velasco were unexpected and when the last reports were received it was not known definitely on which banner victory would perch.

The rebels' confidence, in the opinion of local military men, was justified by the true of the federal fortifications on Correo de Le Plaza, a mountain 2,000 feet high, surrounded by a great water tank.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Notes—A pronounced area of high pressure covers the eastern half of the continent and another, accompanied by temperature, is coming in rapidly from the north over the western provinces. While over the western provinces is a disturbance moving eastward, weather is fine with a tendency to higher temperature from Ontario west.

Fine

Writings—Moderate westerly winds, today and on Wednesday not much change in temperature. Wednesday, light west winds.

CONDENSED DESPATCHES

Henry Marcel, chief of the department of national museums confirms the report of the disappearance of an Egyptian Papyrus of great value from the Louvre.

Dr. Wickfield Rose, secretary of the Rockefeller Sanitary Commission, left London today for Egypt, Ceylon and the Malay States to undertake a campaign against the hook worm disease.

Hon. John S. Hendrie, minister without portfolio in the Ontario government, announces that he will retire from politics at the end of the present session.

Frederick Abraham today urged the Publicity Association to back a campaign for a "clean up and paint up" week in Montreal.

WIRES CUT AND GEMS WORTH \$4000 STOLEN

Worcester, Mass., March 24.—After cutting telephone and electric light wires to prevent pursuit until he had a chance to make his escape, George Smith, the colored butler in the home of Francis H. Jealous, agent for the American Woolen Company in Rochdale, is charged with taking about \$4000 worth of jewelry. The state police officers from Worcester went to Boston in an attempt to locate him, because they have received a tip that he is a professional thief with headquarters in that city.

A woman who posed as Smith's wife and who was employed in the Jealous home as a maid, was arrested. She gave the name Cora Wheeler and her age 32.

FIRE DRILLS ON DATE OF TRIANGLE HORROR

New York, March 24.—The anniversary of the Triangle factory fire, which occurred on March 25, 1911, with the loss of 147 lives, will be commemorated this year in a way intended to assist in preventing repetitions of the disaster. Fire drills will be held at 11.55 a. m. on that day in factories throughout the city and in all public schools, according to the fire commission's plan.

Fatal Strike Riot

Buffalo, N. Y., March 24.—Four men were shot, one died and several were injured yesterday in clashes between rioters and special deputies guarding the plant of the Gould Coupler Works at Depew, where a strike has been in progress for some weeks.

Daybreak found Depew an armed camp. The 74th Regiment began a campaign before dawn, and by six o'clock the plant was under military protection. The question of placing the whole town under martial law will be decided later in the day.

DEMERES NAMED FOR POST IN QUEBEC GOVERNMENT

(Special to Times)
Ottawa, Ont., March 24.—Joseph Demeres, member for St. John and Ilerveville, is mentioned as a suitable successor to the late Hon. Chas. Devlin for the portfolio of mines, forests and lands in the Quebec government. The question now being considered is whether or not Mr. Demeres should forsake the federal field.

TREED BY WOLVES

Young Englishman Has Terrifying Experience in Ontario Woods

Ottawa, March 24.—Philip Morton, a 28-year-old Englishman, is lying in a critical condition at a lumber camp in the Chalk River district as a result of a perilous experience the woods which nearly cost him his life. The young man was scented by a pack of wolves and for an entire night the ravenous animals forced him to remain in a tree. But for the fact that he was wrapped up in a blanket would have been of exposure. When daylight broke the wolves left the scene and he staggered nearly two miles through the bush with the loss of one foot and his hands badly frozen. The story was brought to Ottawa by a party of lumbermen. Morton had only recently arrived from England and the fact that he had some old country pants in his pocket saved his life. He burned them and a portion of his clothing to secure some warmth and keep the wolves away from the tree.

BURIED TODAY

The funeral of Sarah L. McAuley was held this afternoon from the residence of her father in West End. Rev. W. R. Lingley this morning and paid an early morning visit to their summer cottages.

BECK ARRESTED

A New Phase to the Matter of Montreal Charges

Montreal, March 24.—Edward Beck, editor of Beck's Weekly, which made charges involving Assistant City Clerk Cregeau and certain aldermen last week, was arrested this morning on a warrant charging criminal libel.

The warrant was sworn out on complaint of Alderman Thomas O'Connell.

THE STEAMERS

R. M. S. P. Liner Caraque was expected to arrive in port this afternoon about three o'clock. At nine o'clock this morning she passed the island. Allan Liner Scotia, from Glasgow for Boston, arrived at Halifax last night at 11.50 o'clock.

Donaldson Liner Saturnia passed Sable Island last evening at 8.40 o'clock on her way to St. John. She is due here this evening.

Steamer Coar, bound for Halifax, was 215 miles southeast of Sable Island at 7.15 o'clock this morning.

The Empress of Britain, bound from Halifax for Liverpool, was 206 miles southeast of Cape Race last evening at 6.15 o'clock.

C. P. R. Liner Mount Royal, from St. John, arrived at Antwerp yesterday.

The Empress of India, of the C. P. R. Steamship Line, arrived at Yokohama from Vancouver on Saturday morning at 8 o'clock.

Battle Line S. S. "Tanagra," Captain Dalton, from Cardiff, arrived at Villa Constitution today.

FORT HOWE

Although it has been announced from Ottawa that the government will proceed with the work of converting the military property at Fort Howe into a public park, this decision has not yet been officially communicated to the city. The city agreed to do their share, but made a stipulation that the government would widen the road approaching the hill and cut down the overhanging embankment, and since there has been no word to the contrary, it is supposed that this was agreed to.

BANK GETS BUILDING

The Bank of Nova Scotia has taken over the premises of M. A. Harding at 728 Main street, formerly occupied as a restaurant. Mr. Wallace, manager of the bank, had nothing to say when asked if it was the intention of the bank to open a branch in the Harding building.

EARLY SUBURBAN

Quite a number of residents along the line of the C. P. R. took advantage of this morning and paid an early morning visit to their summer cottages.

INSURANCE IN BIG FIRE IN WINNIPEG

Winnipeg, Man., March 24.—The Scott block, destroyed by fire late yesterday, was valued at \$125,000 with a total insurance of \$85,000 distributed as follows:—

North British and Mercantile Insurance Company \$18,000, London and Lancashire Fire Insurance Company \$12,500, Yorkshire Fire Insurance Company \$10,000, Norwich Union Fire Insurance Company \$10,000, Caledonian Fire Insurance Company \$9,500.

HOW THE CITY OF SYDNEY WAS LOST NEAR HALIFAX

Halifax, N. S., March 24.—According to evidence at yesterday's session of the wreck commission investigating the City of Sydney wreck the ship was lost because the captain lost his bearings completely. He doubled back on his course when he believed that he had found the lightship at the entrance of the harbor, and it was while trying to pick up this mark that he came to grief.

It was also shown during the captain's evidence that his log had deviated on the ship's previous voyage, and had evidently been on her last one.

BOY DROWNED

S. S. Marie, Ont., March 24.—Edward Pin Souliere, six years old, who disappeared from home yesterday, was taken from the river at the foot of Spring street this morning by his uncle.

Although only six years of age, the child is said to have been able to converse fluently in three languages.

SPECIAL THROUGH

A special train passed through the city this morning about 11.30 o'clock with about 800 passengers from the steamer Fallonia at Halifax.

IN THE COURTS

In the case of Galbraith vs. the General Public Hospital commissioners, application was made this morning to Mr. Justice McKewen for an order to set aside the depositions of Dr. Wm. Christie taken at his home. The order was granted. This is an action to recover damages for an operation performed in the General Public Hospital about nine years ago, and an instrument left remaining in his side, the discovery of which was made only when he was operated upon again last spring. D. Mullin, K.C., is the plaintiff's solicitor.

Circuit Court

The March sitting of the Circuit Court opened this morning. Mr. Justice McKewen presiding. No grand jury had been summoned, as no docket for criminal business was ready for disposition. A grand jury will be summoned during the term of the court, however, to find a bill in the case of the King vs. Harris, theft. The docket was as follows:

Jury Cases

McGowan ad. vs. Warner, D. Mullin, K.C.
Aide vs. the City of Saint John, Weldon & McLean.
Curly vs. Clayton, D. Mullin, K.C.

Non-Jury Cases

Shipway vs. Crosby, Fred R. Taylor.
Canadian Bank of Commerce vs. the C. P. R., E. P. Raymond.
Duckett vs. Lively, M. G. Teed, K.C.
Domville vs. the Central Railway Company of Canada, D. Mullin, K.C.

The following petit jurors were summoned—William Keen, William Pym, William Tait, John H. Hamilton, Walter C. Bauer, James W. Clayton, John Jackson, Isaac D. Sparks, Frank R. Coleman, William T. Brickley, Harry T. Sport, Allen B. Kennedy, Edward P. Watson, William A. Stackhouse, Harold I. Sully, Frank Elliott, Wm. Charlton, Frederick W. Kelly, Frederick French Erasmus Jones, Andrew H. Patterson. No cases being ready for trial, the court adjourned until tomorrow morning at ten o'clock.

County Court

In the case of Nettie Duffy, arrested a short time ago on a charge of street walking at night, Judge Forbes has granted an order, directing the Monastery of the Good Shepherd to release the Duffy girl who having been sentenced to that institution by the police magistrate. The application was made by J. A. Barry. Bonds were entered for the appearance of the girl at the next sitting of the county court on Thursday, Tuesday in May, when an appeal case will be heard. She was immediately released, pending the appeal.

Insurance Man Dies Suddenly

Dallas, Texas, March 24.—Edward S. Scott, aged forty-five, president of the Franklin Insurance Company of Springfield, Ill., died of heart trouble here yesterday, while riding with friends in an automobile.

CONDENSED DESPATCHES

Henry Marcel, chief of the department of national museums confirms the report of the disappearance of an Egyptian Papyrus of great value from the Louvre.

Dr. Wickfield Rose, secretary of the Rockefeller Sanitary Commission, left London today for Egypt, Ceylon and the Malay States to undertake a campaign against the hook worm disease.

Hon. John S. Hendrie, minister without portfolio in the Ontario government, announces that he will retire from politics at the end of the present session.

Frederick Abraham today urged the Publicity Association to back a campaign for a "clean up and paint up" week in Montreal.

COMPLETELY BROKEN DOWN

Another Lady Thinks "Fruit-a-lives" Greatest Tonic in the World

Hagersville, Ont., Aug. 26th, 1913. I can highly recommend "Fruit-a-lives" because they did me an awful lot of good. About four years ago, I commenced taking "Fruit-a-lives" for a general break-down and they did me a world of good. We bought a good many dollars' worth, but they did all that your advertising claims for them, and as I said before, I cannot speak too highly for them. Their action is so pleasant, compared with other medicines, that I am glad to say so and I trust that some other woman may start taking "Fruit-a-lives" for I know the results will be all that you claim."

MRS. W. N. KELLY.
50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or from Fruit-a-lives Limited, Ottawa.

JOSEPH FELT'S WILL

No Provision For Single Tax Work—Estate \$201,000

Philadelphia, March 24.—The will of Joseph Felt, philanthropist and single tax advocate, who died on Feb. 22, was admitted to probate here. According to the petition presented by the executor, Mary Felt, the widow and daughter of the testator, the estate is valued at \$200,000 and upward. It is devised in its entirety to Mrs. Felt, with the following conditions: "I request my said wife to pay over to Walter Coates, of Middleboro, Yorkshire, the sum of \$50,000 out of my estate, free of all sums that he may now owe to me, as a token of appreciation of W. Coates' faithfulness to me, and as a man."

While no direct provision for carrying out any of Mr. Felt's charities and single tax work is made in the will, it is believed that Mrs. Felt will assist materially in the many philanthropic enterprises in which her husband was interested.

SHE HAS THE VERY BEST OF REASONS

WHY THIS MANITOBA LADY RECOMMENDS DODD'S KIDNEY PILLS

Mrs. Bourbioniere had many troubles. All of which were caused by Sick Kidneys, and She Found a Simple and Complete Cure.

St. Rose du Lac, Man., March 23.—(Special).—Mrs. D. J. Bourbioniere, an estimable lady of this place, is losing no opportunity to praise Dodd's Kidney Pills to her friends. And she has a reason. Here it is in her own words: "I suffered very much from my kidneys. Mrs. Bourbioniere says, 'I was tired and nervous, my appetite was uncertain and my memory was failing. I had heart flutterings, my back was aching, my head was throbbing, my stomach was full, and I was in a bad way indeed.'"

"I tried one medicine, but it did me no good, and then I was advised to try Dodd's Kidney Pills. I am very glad that I did, for now after taking four boxes I feel like a new woman. Dodd's Kidney Pills cured Mrs. Bourbioniere because all her troubles came from sick kidneys. Sick kidneys cannot do their work of straining the impurities out of the blood, and the result is sickness, depression and lassitude all over the body. Dodd's Kidney Pills cured the kidneys; the purified blood did the rest."

IN THE POLICE COURT

In the case in the police court yesterday afternoon against George Liffon, charged with obtaining goods under false pretences, evidence was given by Chief Clerk, Deputy Chief, and Dr. E. J. Broderick. Magistrate Ritchie said he would wait until Wednesday to give his decision. At present he did not think U. J. Sweeney, who appeared for the complainant had established a case. D. Mullin, K. C., appeared for the defendant.

Two boys charged with stealing coal from an I. C. R. car at Gilbert's Lane were allowed to go.

The cases against three men charged with breaching cargo at West St. John was postponed until tomorrow morning at 11 o'clock.

New Coalfield.

Coal of good quality has been found near Warkworth. Northern development, Eng. and extensive mining developments are expected. Sinking operations will be begun in a short time and a new coalfield will be opened.

WANTED TO KNOW

The Truth About Grape-Nuts Food.

It doesn't matter so much what you hear about a thing, it's what you know that counts. And correct knowledge is most likely to come from personal experience.

"About a year ago," writes an Eastern man, "I was bothered by indigestion, especially during the forenoon. I tried several remedies without any permanent improvement. 'My breakfast usually consisted of oatmeal, steak or chops, bread, coffee and some fruit.'"

"Hearing so much about Grape-Nuts, I concluded to give it a trial and find out if I had heard of it was true."

"So I began with Grape-Nuts and cream, soft boiled eggs, toast, a cup of Postum and some fruit. Before the end of the first week I was rid of the acidity of the stomach and felt much relieved. 'By the end of the second week all traces of indigestion had disappeared and I was in first rate health once more. Before beginning this course of diet, I never had any appetite for lunch, but now I can enjoy the meal at noon time.'"

Name given by Canadian Postum Co., Windsor, Ont. Read "The Road to Wellville," in page "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

BANQUET MARKS OPENING OF CAMPAIGN FOR METROPOLE FUND

Committeemen Guests of Women's Canadian Club—Speakers Tell of Need of Work—Canvassing Begun Today

About 225 campaign workers were present last night at the complimentary banquet tendered by the Women's Canadian Club to the committeemen in charge of the Metropole campaign. The banquet was a successful affair. A splendid menu was provided and the ladies in charge were highly complimented upon the excellent and capable manner in which every detail was arranged. The different speakers voiced the pleasure of those present and congratulated the ladies upon the affair as well as the practical interest they were taking in the campaign.

The speakers were Mayor Frink, Sir Frederic Barker, Mrs. E. A. Smith, Rev. J. A. MacKegan, W. E. East and Major Moore.

A vote of thanks moved by Sir Frederic Barker and seconded by Chief Justice McLeod was tendered the Club and unanimously responded to by the president, Mrs. Smith.

Mr. MacKegan referred to the good work being done by the Salvation Army and refused the statement that the erection of such a building as the Metropole would bring undesirable results. The army does not pauperize, he said. Mr. Earle spoke of the army as a business institution and thought it should be admitted and supported by all. Major Moore spoke in behalf of the army, thinking the large clock erected on the site of the Metropole was a good idea. "That was an agitation for prison farms and that is public conscience being awakened in this respect."

The campaign will now begin in earnest and the large clock erected on the site of the Metropole will be the centre of the campaign. The building of F. W. Daniel & Co., at the head of King street will indicate the success of each day's efforts. The committee workers will report each day at noon at Bond's restaurant.

PASSING OF T WHARF AS CENTRE OF FISH TRADE IN BOSTON

Dealers to Move to New \$3,000, 000 Pier After Thirty Years

Boston, March 24.—This is moving week at T wharf. The historic pier, after thirty years of service, is going out of use as the centre of the country's fresh fish industry, which, after April 1, will be located at the new Boston fish pier, the \$3,000,000 plant in South Boston.

It was in 1864 that the wholesale fish dealers of Boston, then numbering about a score, signed a ten-year lease of the T wharf property, and moved to the pier. Up to that time the dealers had been located on Commercial wharf, first in ramshackle shanties, and later in the big stone blocks.

It was generally thought that long before the 10 years for which the dealers leased T wharf was up, the fishermen would be heartily sick of their bargain, and perhaps in bankruptcy.

Last year statistics collected by experts of the United States government show 3802 vessels landed at T wharf \$2,321,484 pounds of fish, worth \$2,982,432. Besides this vast amount of fish came to the T wharf from other ports. Through the New England Fish Exchange, the clearing house of the wholesale fresh fish business, \$20,000,000 worth of fish were handled by T wharf dealers last year.

With the passing of T wharf Boston will lose one of its most picturesque landmarks. For more than a quarter of a century the great fish mart, known to all over the world, has been a sort of mecca for the sightseeing pilgrims who troop to Boston each year. In fact T wharf has been a valuable asset for the city.

The entire moving of the entire wholesale fish business of the country's biggest fish mart across the bay has presented serious problems. For a month past the T wharf dealers have been busy getting things in readiness.

Most of the dealers will load their effects on steam lighters, which will then sail across to South Boston and tie up to the new dock.

MRS. CHENG GETS DIVORCE

San Francisco Court Grants White Wife of a Boston Chinese Doctor \$100 a Month Alimony

San Francisco, March 24.—Mrs. Elvise C. Cheng, white wife of Ewing W. Cheng, a Chinese physician of Boston, was granted a divorce in the Superior Court here on the ground of extreme cruelty. After six years of married life, during which she endeavored to adapt herself to the Oriental mode of life, Mrs. Cheng admitted to the court, that, so far as she was concerned, international marriage of the white and yellow races was a failure.

Mrs. Cheng was allowed \$100 a month alimony and permission to resume her maiden name of Nelson. Doctor Cheng made no contest of his wife's suit, but wrote a letter to Mrs. Cheng's attorney advising him how to conduct the case, saying among other things: "Be decisive, earnest and fight for all you are worth. I will not contest this suit, as it is a batch of lies. Handle the case so that there can be no warning given by the presiding judge. You will have to work hard for my money, if you need it. Snap does not mean snap money."

The letter was introduced as evidence.

SALVATIONISTS TO BUCK THE TANGO WITH HYMNS

New York, March 24.—Hymns in opposition to tango music were to be tried by the Salvation army men and women to attract dancers from their pastime. The crusaders, who are the sweetest singers in the Salvation army in this city, plan to march from one tango restaurant to another. The line of march includes the most popular restaurants and hotels in the theatre district. The proprietors of some of the tango restaurants announced that guards would hold the doors against the crusaders, while at two places the proprietors said the singers would be permitted to enter and would be given a respectful hearing if they did not create a disturbance.

ARE YOUR HANDS ROUGH & CHAPPED?

One thorough application of Zam-Buk at night will bring ease by morning. Zam-Buk stops the smarting, heals the cracks and makes the hands smooth.

Mrs. A. F. Phillips, of Ayer's Cliff, Que., says: "I suffered terribly from chapped hands. Some of my friends almost cried with the pain and smarting. Zam-Buk was recommended and it gave me ease almost as soon as applied. Now my hands are quite smooth."

Also use Zam-Buk for all skin eruptions, eczema, itching, hemorrhoids, all skin lesions. 50c. box all drug stores.

ZAM-BUK

SUCCESSFUL REVIVAL CONCLUDED IN AMHERST

Series of Evangelistic Services Conducted by Rev. E. C. Jenkins.

Rev. E. C. Jenkins last week completed a three weeks series of evangelistic services in the First Baptist church in Amherst.

Every meeting witnessed a full house and the interest throughout was very manifest and a large number signified for the first time their interest in things pertaining to the Christian religion.

Rev. Mr. Jenkins is a New Brunswick man, a graduate of Colgate University, and a brother of the Rev. F. W. Jenkins of the St. John police. Although a comparatively young man he has been ministerial work for upwards of twenty years. His first pastorate was with the Baptist Church, St. John West. He then removed to Kansas City, where for some years he was pastor of the Baptist Church, returning to the province of New Brunswick in 1908, when he became one of the Baptist churches in Carleton Place, N. B.

About half of his Christian ministry has been spent in evangelistic work, a work for which he is said to be eminently fitted. He is a man of commanding presence, something more than six feet tall and built in proportion, with a strong, deep voice, full of power and sympathy, and every word commands attention. He is a man of commanding presence, something more than six feet tall and built in proportion, with a strong, deep voice, full of power and sympathy, and every word commands attention. He is a man of commanding presence, something more than six feet tall and built in proportion, with a strong, deep voice, full of power and sympathy, and every word commands attention.

Peers Reject It.

The House of Lords last week rejected the bill introduced by Lord Willoughby de Broke for the purpose of making military service compulsory amongst the well-to-do. The vote was 38 to 24.

Lord Metchum said that it would be better to establish national cadet training and Lord Lansdowne expressed the fear that the proposition if adopted, would establish a military caste which would be repugnant to British public opinion.

WHAT! AGAIN?

Halifax Recorder.—The ferry steamer Dartmouth ran into the Halifax dock with tremendous force at 1.30 o'clock today, doing considerable damage to the dock and bridge, and piling the planking in all directions. There was a large crowd on board.

How to Look Years Less Than Your Age

The most aged face will look years younger after the use of ordinary medicine. This remarkable substance, because of its peculiar absorbent power, actually removes the thin veil of faded, withered outer cuticle, a little at a time. Gradually the fresher, more youthful skin underneath is revealed. This absorption process being a purely hygienic one, an entirely natural complexion is acquired—quite different from the artificial complexion, which appears anything but girlish, though often bearing painful evidence of childishness. An ounce of necropolis was, obtainable at any drug store, is sufficient to rejuvenate any complexion. It is put on like cold cream at bedtime, and removed mornings with warm water.

To eradicate such age marks as wrinkles and furrows, make a wash lotion by dissolving 1 oz. powdered axolotl in 1/2 pt. witch hazel. This has wonderful astringent and tonic properties. It quickly effaces all kinds of wrinkles, no matter how caused, making the skin firm, smooth and young looking.

No More Troublesome Superfluous Hairs

(The Modern Beauty.)

Nothing is quite so annoying to a woman as ugly fuzzy growths on the face, and while the electric needle brings relief, it is no more effective than a simple paste made with powdered delatone and water. This paste is spread on the objectionable hairs for 2 or 3 minutes, then rubbed off. After this treatment the skin should be washed to free it from the remaining delatone and it will be soft, clear and hairless. Be sure, however, that you get the real delatone.

Daily Hints For the Cook

Layer Cake
Sift into bowl 1 1/2 cups flour, 1 cup sugar, a little salt, 1 teaspoon cream of tartar and 1/2 teaspoon of saleratus. Break egg into cup. Fill up cup with milk, turn into flour and beat, then add 2 tablespoons melted butter and 1 teaspoon vanilla.

Bean Soup
Put 1 cupful of cold baked or stewed beans through a food chopper together with 1 small onion. Mix well with 1 tablespoonful each of flour and butter. A little salt and pepper. Add to 1 quart of milk. Allow it to simmer for five minutes.

The Quickest, Simplest Cough Cure

Easily and Cheaply Made at Home. Saves You \$2.

This recipe makes 16 ounces of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take, children like it. An excellent remedy, too, for whooping cough, croup, sore throat, asthma, throat troubles, etc.

Mix two cups of granulated sugar with one cup of water and stir for ten minutes. Put 8 1/2 ounces of Pinex (8 1/2 cents worth) in a glass bottle and add the Sugar Syrup. It keeps perfectly three months.

Vine is one of the oldest and best-known natural agents for the throat membrane. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gulonic acid, the other natural, healing elements. Other preparations will not work in this form.

The prompt results from this recipe have earned it to thousands of housewives in the United States and Canada who have written to the Pinex Co. and been initiated often, but never successfully.

Four drams of absolute satisfaction, or money promptly refunded, goes with this recipe. Four drams of Pinex, or will get it for you, if not send to The Pinex Co., Toronto, Ont.

Schooner John B. Coyle which arrived here Sunday from Savannah with hard pine is still at anchor in the stream as arrangements have not yet been completed for the discharge of her cargo.

BOARD OF TRADE AND COMMON COUNCIL TO DISCUSS RAILWAY PLANS

A meeting of the board of trade council with the mayor and commissioners will be held this afternoon to consider the matter of the proposed additional bond guarantee of \$2,000,000 towards the completion of the Valley Railway. W. F. Hatheway, who will likely speak before the meeting, at last evening that the board of trade might well oppose any further aid on the route of the road was clearly defined. Mr. Hatheway has given considerable time to the study of the crossings and the advisability of the Kennebec route.

LITERARY SHORTHAND

Stock Phrases, Their Usefulness in Reading and Writing, and How the System Might Be Extended.

(New York Evening Post)

Freshness and originality of phrase are urged by almost all professors of rhetoric and teachers of writing. The beginner is exhorted to seek novel combinations of words, to free from the beaten path, to strike out new meanings in language. Only so, the implication is, can a reader's attention be caught; only so, in particular, can an unknown writer get people to give heed to him. And implicitly the advice is followed, novels and short stories, with the writing in newspapers and, are more or less, noisy.

To cut down to bare initials such phrases as "circumstances over which I have no control" where there is so much smoke there must be some fire, or "you can't fool all the people all the time," would obviously be not only labor-saving, but thought-saving. The thing, has been attempted on a small scale by some newspaper humorists; but they have done it in a whimsical and haphazard way. If we are really to go over to the theory of stock phrases as a convenient intellectual shorthand, the system of printing them by initial letters only should be made as regular and as inclusive as possible.

Mrs. Martha Pratt has just finished at her home in Bayville a quilt composed of 210 squares, each containing a stock phrase, making 5,250 in all. Mrs. Pratt was seventy-eight years old on her last birthday.

RID YOUR FEET OF SORE CORNS

Quite easy now to extract any kind of a corn—just apply Putnam's Corn Remover. It stops the pain quickly, the thick tissue is softened, and the healing goes right to the heart of the corn. In a few hours the hard core is loosened and separated from the toe. Out comes the corn. The toe is left smooth—not a mark left. Use only Putnam's Painless Corn Extractor, recommended by druggists and sold in 25c. bottles.

What Dyspeptics Should Eat
A PHYSICIAN'S ADVICE

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action on the stomach, develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisulphated magnesia in a little hot or cold water. This will neutralize any acid which may be present or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach, but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of doing an inflamed and irritated stomach with drugs instead of getting rid of the acid the cause of all the trouble. Get a little bisulphated magnesia from your druggist, eat what you want at your next meal, take some of the bisulphated magnesia as directed above, and see if I'm not right."

Bank Clerk Shickled
One specially fine specimen of the banker's clerk, whose collar is always immaculate, whose tie sets the fashion in his district, and whose trousers are creased beyond compare, was recently summoned to the manager's room of a well-known Liverpool banking house, where he found in company with his chief, a very prepossessing young lady.

"Ah, Mr.," said the manager, "this is Miss—," from the States. Would you be so kind as to take her across the 'flag' to such and such a cable office?" Mr. was, of course, delighted.

The two traversed the street, conversing easily, he pointing out objects of interest, she showing well-bred appreciation. Finally the cable office was reached, which the clerk rather regretfully indicated. "O' thank you so much," said his companion, and he laid out her hand, which the impatient banker clasped.

When, however, he recovered his hand, to speak, he looked at the palm as though horn-stricken, for, in bidding him farewell, the lady had left a shilling as a memento.—Liverpool Post.

A Losing Hazard
As it was his birthday Smith was obliged to take a friend home to dinner but his wife gave him strict instructions that he must not offer his guest sherry, as they had none in the house.

As usual Smith forgot all about the injunction. "What have a glass of sherry, old man?" he said, as the meal proceeded. The guest turned very red, and stammered, as he never drank it.

"What rubbish!" said Smith. "I know that is not true. Do try it."

"No, no! I would much rather not!" he said impudently and turned redder over.

When the evening was finished and the guest departed, Mrs. Smith said to her husband:

"Why on earth did you press the sherry, when I kept bidding you under the table, to try and find out if there wasn't any?"

Smith looked at her. "It wasn't me you kicked my dear," he said.

Smith—"Jones seems to have no thoughts for anything except his clothes. Brown—'Yes,' he is perfectly wrapped up in 'em."

"I think the baby has your hair, m'am," said the nurse girl, looking pleasantly at her mistress.

"Gracious!" exclaimed the lady glancing up from her novel. "Run into the nursery and take it away from him! What will he do next?"—Stray Stories.

Alderman Edward Holt, ex-Lord Mayor of Manchester, announced that he was prepared to provide \$10,000 for the purchase of radium for use in Manchester hospitals for the treatment of cancer.

GIVE PROPER CARE TO THE HAIR AND YOU WILL NEVER NEED A WIG

HERPICIDE

The man who wears a toupee does not like it, but has the courage of his convictions. Nature never intended that the top of the head should be left entirely without protection. A bald head is very susceptible to contraction of colds and neuralgia. Wearing an artificial top piece counteracts this tendency, and aside from the improvement in the personal appearance, is amply justified.

Neubro's Herpicide, in 30c. and 50c. sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Herpicide applications may always be obtained at the better barber shops and hair dressing parlors.

Anyone desiring to try Neubro's Herpicide before purchasing a wig will receive a nice sample and booklet by sending 10c. in postage or silver to The Herpicide Co., Dept. R, Detroit, Mich.

E. Clinton Brown, special agent.

When you've ordered Silk do you accept Sateen?

Almost a foolish question, but—not quite!

There are still some people who order Kellogg's Corn Flakes and are given a substitute "just as good"—and accept the imitation.

The difference between

Kellogg's

CORN FLAKES

and the "just as good" kind is even greater than the difference between silk and sateen.

The great difference is in the flavor and the nutriment.

Be sure that you ask for and get Kellogg's. It is the original.

THE EVENING TIMES AND STAR, ST. JOHN N. B., TUESDAY, MARCH 24, 1914

The Evening Times and Star

ST. JOHN, N. B., MARCH 24, 1914.

The St. John Evening Times is printed at 27 and 29 Castlereagh Street every evening (excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

Telephone—Private branch exchange connecting all departments, Main 2417.

Subscription prices—Delivered by carrier \$3.00 per year by mail \$2.00 per year in advance.

The Times has the largest afternoon circulation in the Maritime Provinces.

Special Representatives—Frank R. Northrup, Brunswick Building, New York; Advertising Building, Chicago.

British and European representatives—The Clougher Publishing Syndicate, Grand Trunk Building, Trafalgar Square, England, where copies of this journal may be seen and to which subscribers intending to visit England may have their mail addressed.

Authorized Agents—The following agents are authorized to canvass and collect for the Evening Times: H. Cecil Keirns, S. K. Smith, Miss Helen W. Hallett, and J. E. Cogswell.

ITS SIGNIFICANCE

The Times has said before, and was more impressed last night than ever, with the force of the statement that the present campaign in the city of St. John will do much more than rebuild the Metropole. It was good to see so many people of different creeds crowding the Imperial Theatre on Sunday afternoon to unite for a common purpose, and it was, if possible, more inspiring last evening to see the large assembly of ladies and gentlemen of the city inspired by a common purpose and a common enthusiasm. There was no jarring note, but a universal confidence in the success of the campaign. If those assembled needed inspiration, they must have received it from the admirable brief address of the president of the Women's Canadian Club, who, in the name of that organization of nearly eight hundred women representing all classes and creeds in the community. It was an inspiration also to have present Sir Frederic Barker, Chief Justice McLeod, the mayor, and the pastors of many churches. The feeling expressed by Rev. Mr. MacKinnon, when he declared that the citizens in this affair are making a good investment, was the feeling of all present. Major Moore and Mr. Earle emphasized the need of a prison farm as well as a shelter for homeless men, and in this they, too, gave expression to a feeling that grows more and more widespread as people study the phase of the social problem which deals with men who are not producing factors in the community. The men who are now uniting their efforts to rebuild the Metropole will be compelled by the very force of circumstances to continue their good work until a prison farm has also been established, and their co-operation in this work means much for the cause of social betterment in many directions in the city of St. John in years to come. To the extent that it co-ordinates for good the forces existing in the city, the Salvation Army is doing a work of far-reaching importance, entirely apart from the mere rebuilding of the Metropole.

THE BORDEN EMERGENCY

That ill-favored and unhappy naval emergency which was for a time so eagerly nursed by Premier Borden and his friends has received a vicious kick from an unexpected quarter. Mr. Winston Churchill in a recent speech referred to the great wisdom of the naval policy of Australia. The Australian policy is not one of contribution, but for an Australian navy, such as Sir Wilfrid Laurier with the approval of the Admiralty proposed for Canada. Commenting on Mr. Churchill's significant remarks the London Chronicle says:

"We welcome that part of the First Lord's speech in which he seems more or less converted to a preference for the Australian plan of provision by local fleet units for the Dominions. It is, we are sure, the only naval plan in which the interests of the Dominions can be permanently enlisted and kept alive. The avoidance by this scheme of the insoluble question of the due division between British and Colonial taxpayers of the undivided cost of the Imperial fleet is a decisive argument in its favor. Recent experience suggests that the frank abandonment of the contribution idea would be to the best interests of all concerned, including the British taxpayer."

The Times would be very glad to see this paragraph from the London Chronicle republished by Conservative journals in Canada. Their readers ought to know the fate of the emergency which was conjured up by Mr. Borden as an excuse for a grant of thirty-five million dollars for the benefit of shipbuilding firms in the mother country.

THE ULSTER PROBLEM

Readers of most of the press cables received in Canada from the mother country must be impressed with the fact that the writers of them give more prominence to the sayings and doings of the opponents of the government than of its friends and supporters. The reader of these cables would sometimes be almost led to believe that the government was on the verge of defeat, or that at least the tide against it was running very strong. Those who have the opportunity of reading the English papers, however, do not get any such impression. The Unionists, having done all in their power to defeat the Home Rule bill and having failed, turned their attention to Ulster, and stirred up disaffection and even threatened rebellion if the will of the people of the United Kingdom, as expressed at the polls on more than one occasion, should be carried out. Even this having failed they turned their attention to the army, and attempted to stir up disaffection among the officers. It would be incorrect to say that they have not met with a certain degree of success in their varied efforts, for the appeal to prejudice is always more or less effective. Nevertheless the government has held firmly to its purpose and has behind it the expressed will of the people. It has gone a long way in the direction of compromise and conciliation, and has shown an earnest desire to present a clash in Ulster, but it could not

abandon its policy, and has therefore been compelled to take note of what has been going on in Ulster under the leadership of Sir Edward Carson and others, and though the situation today is very grave, there is but one course to pursue. By tampering with officers of the army the Unionists have merely added another count to the serious indictment against what are termed the privileged classes, and there is now a demand for the democratization of the army. It is very pertinently asked if privates in the army must be expected to do their duty to the King under all conditions, but officers are to be permitted to throw up their commissions when their services are most needed. The government is showing great forbearance, and indeed some of its own most active supporters are disposed to charge that it has erred on the side of leniency and should take sterner measures. The situation, however, is one that calls for great prudence and a conciliatory spirit, and if in the end there is trouble in Ulster it should not be of the government's seeking. So far as those citizens of Ulster are concerned who really fear that their rights and liberties are endangered, one may to a certain extent sympathize with them without sharing their fears; but there can be only the most severe condemnation of the political agitators who would even encourage the shedding of blood in the hope that out of the resulting turmoil might come some political advantage to themselves.

HON. WILLIAM PUGSLEY

A big reception was given to one of Canada's big men at Ottawa yesterday. The welcome extended to Hon. William Pugsley when he re-entered the House of Commons after his long illness was a significant proof of the high estimation in which he is held by the people of Canada. The warmth of that reception is also a rebuke to those who have persistently pursued Dr. Pugsley with calumny, and resorted to the most despicable means to destroy his reputation as a public man. He stands today in the foremost ranks of Canadian statesmen, and his great ability and his eminent services to the country are freely acknowledged by those who are most competent to judge of the ability and character of a public man. Dr. Pugsley's friends in New Brunswick are not only glad to see him once more in his place in parliament, but they rejoice in such a recognition of his services as was manifested yesterday.

CONDITIONS IN HALIFAX

The Halifax Recorder is looking for the photograph of the man who wrote from that city to the Montreal Financial Times last October telling the readers of that journal about the wonderful boom in Halifax. This correspondent declared that there was no unimproved real estate in the market in Halifax because everybody was waiting for spring and the boom which would then arrive. He said this would be the biggest and best winter Halifax had ever seen, and wrote with enthusiasm of the thousands of passengers and thousands of tons of cargo to be handled in Halifax, as well as the hundreds of trains and hundreds of men employed to move the extra traffic. He declared that the old Halifax was passing away and would soon be nothing but a dream. Land was increasing in value every day and for the first time in years would be cleaned up in the near future. After quoting this letter in full the Recorder says:

"Perhaps some of the Montreal investors in real estate in Halifax would send us their experience of the so-called boom."

Evidently the Recorder wants this information to print along with the photograph of the Halifax correspondent of the Financial Times. Apparently the switching of the Empress steamships to Halifax, while it was a severe blow to St. John has not made the people of Halifax rich.

A bill that will require watching, particularly by the St. John merchants, is that concerning plumbing inspection. No legislation tending to give a virtual monopoly to any class of citizens is to be tolerated.

At last those who should speak for St. John in this matter of the St. John Valley Railway are to be heard from. If they speak loudly enough, that which they have to say should have some effect upon the members for this constituency. The time has arrived for a full and complete statement in relation to the affairs of the St. John Valley Railway, and full information with regard to the road between Gagetown and St. John, and the prospects for handling by this route the traffic of the Grand Trunk Pacific.

DR. A. W. CHASE'S CATARRH POWDER 25c. is sent direct to the diseased part by the improved method. Clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. No substitutes. All dealers accept no substitutes. All dealers accept no substitutes. All dealers accept no substitutes.

"CASCARETS" ALWAYS STRAIGHTEN YOU UP

When Constipated, Headachy, Bilious, Stomach Sour, Breath Bad

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, costed tongue, foul taste and foul breath, dizziness, can't sleep, are bilious nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out. Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep! cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and lead clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

BIRTHDAYS OF NOTABILITIES

TUESDAY, MARCH 24
Hon. L. O. David, Montreal's city clerk, who is also a member of the dominion senate, was born seventy-five years ago today at Sault Ste. Marie, a town in the province of Quebec. This interesting little French Canadian has at least three titles to fame. First of all he is perhaps the most intimate friend of Sir Wilfrid Laurier, and, if he survives his distinguished fellow countryman, will be his biographer. Next he was the originator of the feast of St. John the Baptist in Montreal, one of the great events in the life of the Church.

But the small pupil was not persuaded. A day or two later he announced: "Teacher, mother says Brown is my first name. She says I got that name when I was born and she didn't name me Arthur till three months later!"—Everybody's Magazine.

However brave the policemen are, they are careful about not breaking the laws and ordinances. A policeman was kicking his feet down on one of the docks on the lake front the other morning, when an excited citizen ran up to him and cried: "Say, hurry up! A man is jumping over the pier!"

"With his clothes on?" asked the officer.

"Yes—fully dressed. Hurry!"

"What do you want me to do? There ain't no ordinance against a man swimmin' as long as he's properly dressed."

"I am inclined to suspect the sobriety of the last student in our class."

"Why so?"

"When I asked him what were his favorite studies in ornithology, he replied, 'Swallows, bats and larks.'"

Magazine of Fun.

LIGHTER VEIN

"Your name?" asked the teacher, registering a new pupil.

"Arthur."

"And what's your first name?"

"Brown."

"O, haven't you got them wrong? I think Arthur must be your first name, and Brown your family name. Isn't that right?"

But the small pupil was not persuaded. A day or two later he announced: "Teacher, mother says Brown is my first name. She says I got that name when I was born and she didn't name me Arthur till three months later!"—Everybody's Magazine.

A cup of hot cocoa, or a glass of milk, with this delicious, lightly spread BUTTERNUT BREAD makes a nice little lunch just before retiring. You'll like the flavor of BUTTERNUT BREAD.

Order a Loaf From Your Grocer

Police-women's Grip. Chicago's police-women underwent a real test when two of them were called upon to quell a disturbance resulting from a strike of waitresses. Instead of falling utterly to do their sworn duty, as most men predicted, Mrs. Anna Loucks and Mrs. Mary Boyd, two stalwart women "bobbies," jumped into the thick of the fighting, scratching girls, who were trying to prevent outsiders from taking their places in the rear-headers. The police-women were immediately surrounded by the prisoners' sympathizers, but the feminine officers, undeterred, calmly gathered in four more, and marched all six to the station-house.

Appeals to sex sympathy and demands that "women should stand by women" failed to elicit any response from the captives except a gruff "Come on" and a tightening of the police-women's grip, which the feminine minions of the law seemed to have acquired to perfection. "I thought they would at least handle us more tenderly than the policemen," said one prisoner, referring to the police-women, "but I can assure you they are much worse than the men."

At a hearing in Jersey City, N. J., in regard to the sale of milk, the suggestion was made, apparently in good faith, that cows should be painted red, green, or black, to signify what grade of milk they usually produced. It was finally decided to variegate the colors of the milk labels, instead of the cows.

My legs, pains in my knees and elbows, and my fingers would get cramped and numb. I could not sleep nights, and would have to get out of bed to rub the cramps out of my legs. For two years I suffered this way, and could not get relief. Then I began using Dr. Chase's Nerve Food, and did so with splendid results. I sleep well now, enjoy my meals and feel well generally. I only had cramps once last winter, and feel that my system has been greatly benefited by this food cure."

Cures like this are reported almost daily in the public press, and you are invited to investigate these cases for yourself. If you cannot call personally, write for particulars, enclosing stamp for reply. Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

ANADA NEEDS CRUISERS

(The Canadian Courier)

The other day, the British cruiser "Hick" was ordered from St. Lucia in the West Indies to Brazil to protect British interests there. Any day, British cruisers may be ordered to Vera Cruz to protect British interests in Mexico. Indeed, there is probably a British cruiser in that port at present.

Canada has millions at stake in these two countries and many Canadian citizens will be protected by British cruisers if Canadians are forced to flee from Mexico, they will go aboard British cruisers. This has been the custom in the past, and will be in the future. Canadians have always been considered by the British navy as equal to importance with other British subjects.

Yet here is a service which, so far as America is concerned, Canada should be performing for herself. It is absurd that an important country such as this has grown to be should be unable to send a single cruiser out upon the high seas to rescue citizens in distress. True, we may choose to rely upon the British cruisers—but in that case we should contribute a portion of the cost. We should at least be logical.

Cruisers along our own coast would also be useful in case of marine disaster. Our shipping has grown tremendously and Canadian vessels in distress must necessarily increase. The fast cruiser is a great relief boat, and the relief training is both dignified and useful work for a warship's officers and crew.

One hundred and seven complaints of unsafe conditions were made by Boston & Maine employees on the Maine divisions during the first six months of the "Safety First" movement, and of these twenty-nine have already been remedied.

AMUSEMENTS

DEEP PURPLE AT OPERA HOUSE IS A SUCCESS

Thompson-Woods Company's Offering for This Week Is Well Received.

The Thompson-Woods Stock Company scored one of their greatest successes of the season last evening in their presentation of *The Deep Purple*, a play by Paul Armstrong and Wilson Miner. The opening had drawn a full house and the interest of the large audience was sustained at high pitch throughout the whole performance. The play is a glimpse into the lives and activities of some of New York's choicest crooks and the plot is developed as a modern melodrama with thrilling situations, but with a strict adherence to possibilities if not actualities. The action of the play is well balanced, giving to every member of the company a part with plenty of opportunities for setting and in which full advantage was taken.

Miss Brandt gave a splendid interpretation of the character of Frisco Kate, her acting being of a high character. In the role of the fugitive from justice Mr. McHenry had a strong part to which he did full justice. Miss Davis was charming and effective in the role of the young girl and Mr. Hodges as the westerner had one of the best roles in which he has been seen in St. John. Mr. Fager also made a great success of the part of the clerical crook, playing the role with a quiet humor which added greatly to the impression he made. Cecil Drummond also had a heavy role which he made fully as odious as it was intended to be. Reuben Wexler, as the hotel detective, Arthur McCloskey as the police inspector, Kenneth Flemming in a double role, Miss Baird as Mrs. Lake, Miss Derby and Miss Bishop all added to the success of the production. It is safe to predict that *The Deep Purple* will continue to draw big houses all week.

An interesting announcement was made last evening by Mr. Woods to the effect that the bill for the week after next will be a new play which will receive its initial production in this city.

GEM.

Graphic Picture of Life of Girl Worker—Strong Programme.

The wrongs of a factory girl were cleverly brought forth yesterday in a two part feature at the Gem Theatre entitled "Broken Lives," the story of life in a big workshop in a large city where the only consideration on the part of the rich owner was "how much return can I get out of it?" The story showed the perils of the young girl employed in the "sweatshop," particularly the danger from fire. The escapes from the burning factory formed a most sensational feature of the story. It will be given again tonight. Another two-part feature, "The Master of the Mine," will be shown on Wednesday. In addition to this feature there was a fine list of other pictures, and the orchestra had a pleasing programme of novelties. The other pictures shown were three in number.

MAILED IN THE MAKING

Have you ever noticed that half the troubles of the young housewife are of her own seeking? She will take the nice little fish she has bought or caught, wash it, mince it, stew it, spend as much as two hours in turning it into a tough, hard, over-cooked or over-peppery dish. She is anxious all the time she is cooking it, most anxious of all, as the husband, upon whom she has wasted all her endeavors, tries to make light of the failure, and bites his tongue in an attempt to express the wish that she had left the meat cold, and merely set it on a clean dish, with a sprig or two of parsley as a garnish, and a bottle of H. P. Sauce as a relish.

But young housewives are learning wisdom, hundreds and thousands of them. H. P. Sauce sells in bigger and bigger quantities every week. Cold meat is coming back to its honored place in the household, and the housewives have discovered that when the joint can no longer be served cold, H. P. Sauce is the answer. It is made of the choicest tropical fruits and pure meat vinegar.

When you must hash, or mince, or stew, you see for yourself what a difference is wrought to the dish by the addition of a teaspoonful of this delicious sauce, but be sure it is H. P.

DRAINING THE ZUYDER SEA

Great Work Proposed Many Years Ago May Now Be Undertaken

The draining of the large bay in the northern part of the Netherlands, known as the Zuyder Sea, is now being discussed by the States General, says Engineering, and it looks as if the great work which was proposed thirty years ago would now be finally attacked. The idea was first seriously considered while the Netherlands were being drained in the years 1840 to 1848.

It took as much as thirteen years to complete that work, but it soon repaid itself, and if the big Zuyder Sea should be completely drained, and the very low forelands reclaimed at the same time, the area of the kingdom of the Netherlands would be increased by one-seventh—i. e., by about 2,000 square miles at a total expenditure of something like \$10,000,000.

DANGER PERIOD OF WOMAN'S LIFE FROM 45 to 50

Interesting Experience of Two Women—Their Statements Worth Reading.

White Oak, Ont.—"At Change of Life when doctors could do no more and I was worried to see up by my friends, Lydia E. Pinkham's Vegetable Compound came to the front and did wonders for me. I had been having female troubles for years, my head troubled me severely at times, I had bearing down pains and backache and I was very anemic from excessive flowing. I recommend your Compound highly and do all I can to advertise it as a genuine woman's medicine."—Mrs. SYLVESTER MANNING, White Oak, Ontario.

The Case of Mrs. Kirilin.

Circleville, Ohio.—"I can truthfully say that I never had anything do me so much good during Change of Life as Lydia E. Pinkham's Vegetable Compound. Before I had taken one half a bottle of it I began to feel better, and I have continued taking it. My health is better than it has been for several years. If all women would take it they would escape untold pain and misery at this time of life."—Mrs. ALICE KIRILIN, 358 W. Mill St., Circleville, Ohio.

GREAT OVATION TO HON. WM. PUGSLEY IN THE COMMONS

Cheered by Both Parties When
He Enters House After Long
Illness — Budget on Monday
Next

Ottawa, March 23.—Parliament loves a great and good fighter. Shortly after tonight's sitting of the commons had got under way Hon. Wm. Pugsley, who led the historic struggle of Liberalism on the naval issue last session, and who has been absent through illness until tonight, entered the chamber and quietly took his place.

His arrival was totally unexpected, but he was accorded a remarkable reception. Liberals stood and cheered for several moments, while many Conservatives also pounded their desks in greeting. The ovation was a general one and continued for some time.

The break in the proceedings was general, and Dr. Pugsley was accorded a unique reception. Despite the fact that the house was in session members crowded down to his seat to shake hands and extend congratulations. Hon. J. C. Doherty, minister of justice; Hon. Mr. White, minister of finance, and about a dozen of the members of the government side crossed the floor and joined in the personal reception, which finally terminated in another burst of cheering in which both sides joined.

Then Mr. Lemieux, who was speaking at the time of Dr. Pugsley's entrance, extended felicitations in a formal manner, and was followed by Hon. Mr. Doherty, who was leading the house at the time, and who expressed the national sentiment of pleasure at the recovery of a big public man.

Hon. Dr. Pugsley still bears the marks of his recent severe illness, but seems to be in splendid spirits. He expects to stay until the close of the session and re-enter at once into the parliamentary fray.

Hon. W. T. White announced that the budget will be brought down on Monday next.

According to an answer given to Mr. Wallace by the secretary of state, Victoria day will be celebrated this year on May 26. The anniversary of Queen's Victoria's birthday comes on Sunday, and according to statute, the following day in such cases becomes automatically a public holiday.

In reply to Mr. Carvell, the minister of marine said that John C. Chesley, of St. John, had received \$1,207 since the 31st of March last for motor boat service, furnished the government.

George W. Fowler, of Kings; Mr. Kyte, Hon. H. R. Emmerson, and D. D. MacKinnon briefly urged an increase in the salaries of the judges in New Brunswick and Nova Scotia.

In answer to Mr. Kyte, Premier Borden said that the minister of militia had not sent any message to Ulster that the Canadian government would not interfere with Orangemen going from this country to fight against HomeRule.

BREAK WHISKY'S GRIP ON YOUR LOVED ONES

Drunkards will tell you with tears of sincerity that they do not want to drink. The craving coming from the inflamed membranes of the stomach drives them to it.

Alcura will soothe the trembling nerves and remove the craving that is the cause of your home and stealing an otherwise kind husband or father from you. It costs only \$1.00 per box and if it does not cure or benefit after a trial the money will be refunded.

Alcura No. 1 is tasteless and can be given secretly in Tea, Coffee or food. Alcura No. 2 is taken voluntarily by those willing to help themselves. Alcura can now be obtained at our store. Ask for Free Booklet telling all about it and give Alcura a trial.

FAIRVILLE NEWS

Officers of Cedar Hill Cemetery Company For Year

The first meeting of the newly elected directors of the Cedar Hill Cemetery in Lunenburg was held last evening in Oddfellows' Hall, North End. General business relating to affairs of management was discussed and the following officers elected for the current year.

Andrew Gregory—President.
W. H. Allingham—Secretary.

M. D. Brown—Treasurer.
O. D. Hanson—Managing director.

Much satisfaction has been expressed by lot holders at the careful, efficient manner in which directors have handled the business last year. Mr. Hanson's reelection meets with general approval. In the vestry of the Fairville Baptist church a unique entertainment was held last evening in the form of a Chinese concert, of eighteen numbers including songs with accompaniment on Chinese musical instruments. Rev. H. R. Boyer presided.

Doils in School.

The London county council education committee have decided to equip each school with a model nursery in which girls will be taught how to take care of infants. Each nursery will have an imitation baby and a galvanized oval tub wherein the specimen baby may be washed.

HALIFAX SUGGESTS ASSOCIATION FOR THE FIRE CHIEFS

Plans For Maritime Organization
Laid Before Common Council—
Dredging the Slips—Land Mat-
ters Discussed

Much business of a routine nature was dealt with at yesterday's meeting of the common council. A letter from Fire Chief Broderick of Halifax was referred to the commissioner of public safety. It had to do with the formation of a maritime association of fire chiefs.

An offer from J. B. Brundage to buy the Arbo lot in Millidge road for \$1,600, was referred to the commissioner of public lands.

A meeting will be arranged with F. G. Goodspeed, government engineer, relative to dredging in Wellington and Nelson slips.

The University Women's Club and the W. F. M. S. of Calvin church wrote approving of the extinction of the road houses.

W. I. Fenton was allowed to make a departure from the original plan for the study in the property recently purchased by him in Lancaster at a cost of \$3,100.

A motion by Commissioner McLellan that the attorney general be asked to give special attention to a bill authorizing a public sale at the next election on the question of woman's suffrage, was carried. The motion was made in response to a letter read upon the matter from Mary D. Colver. Mayor Frink read a letter which he had already written and it was deemed sufficient.

A letter from John Kimball & Son requesting permission to add one story to their building and to erect a smaller shed besides putting an elevator in their main building was referred to the commissioner of public safety.

An application from J. Atkins asking removal of lots under lease to York estates in Queen street was referred to the commissioner of harbors, ferries and public lands.

There was some discussion as to the sale of the city lot to Dr. Broderick at \$800 and it was finally decided to give the doctor the option of purchasing at \$800 or renewing his lease at \$10 a year.

The commissioner of water and sewerage was empowered to purchase forty hydrants from T. McAvity & Sons, Ltd., at \$55 each.

Commissioner Agar recommended that no action be taken on the claim of Mrs. George Whinnery for damages from alleged injuries sustained in a fall at the corner of Union and St. Patrick street and the report was adopted.

The following tenders were opened and the lowest in each case accepted: Straw, A. C. Smith & Co., \$9.48 a ton; Hay, six tons pressed and 10 tons loose, W. A. Quilman, \$14 a ton; Oats, A. C. Smith & Co., 46 7/8 cents per bushel; C. H. Peters Sons, \$17.48 cents; Bran, A. C. Smith & Co., \$26.48; C. H. Peters Sons, \$28.

Tenders for asphaltic road oil were extended until March 30.

There are nearly 6,000 professional foresters in Germany who are associated with various technical societies.

"Going Into a Decline," Tired and Worn-out

Constant Pains in the Chest and Back—Wonderful Results Obtained By Using Dr. Chase's Nerve Food

What a host of symptoms are summed up in these words, "Going into a decline." It means, in short, that the patient is daily growing weaker and weaker without hope of recovery. But read the letter quoted below and learn of the great food cure which naturally and gradually nourishes pale, thin, weak, tired-out men and women back to health and strength.

There is no treatment you can so well rely upon, for Dr. Chase's Nerve Food contains in condensed and easily assimilated form all the elements required to rebuild wasted and depleted nerve cells. It cures in Nature's way by filling the system with new vigor and vitality.

Mrs. Rena McNulty, St. Theodore, Que., writes: "I had almost constant pains in the chest, and backache. I was

tired and worn out nearly all the time. Four boxes of Dr. Chase's Nerve Food did me more good than all the medicines I ever took. My system seemed to be all run down and I was so weak I could scarcely do anything. The Nerve Food did wonders for me, and I want other women suffering as I did to benefit by my experience. I feel like a different person since using this great restorative."

Can you imagine any medical treatment better suited to the needs of a run-down system? As a spring restorative there is nothing of the kind compared to Dr. Chase's Nerve Food. It purifies and enriches the blood, builds up the system, and drives out pains, aches, tired feelings, and discouragement. Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50, all dealers, or Edman-son, Bates & Co., Limited, Toronto.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have
Been Eating Too Much Meat

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's "crimson waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, shampoos often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes the delightful, effervescent lithia-water drink.

EXPERIMENTAL FARM AND COLLEGE GIVEN TO THE PROVINCE

Woodstock, N. B., March 23.—It is stated that the late J. P. Fisher estate will build an agricultural college, which will be handed over to the government, and will also include the gift of one hundred acres of land for an experimental farm. The land will probably include what is now the golf links and other land in the vicinity.

This proposed building will be taken over by the government with the experimental farm, and be open to the whole province. The proposed schools of Science and Agriculture will not be built, as the two buildings and farm here will fill all the requirements.

The acceptance of the gift of the J. P. Fisher estate was head of the agricultural department but his attitude toward the gift was to be abandoned. Now that a change has been made the matter has been re-opened.

A meeting of the stockholders of Cornwell Bros. Foundry Company was held today. A tender of \$12,000 was received for the assets of the concern. A committee was appointed to look into the matter and report at a later meeting. If the offer is not accepted it is rumored that a company of local capitalists will take over the business.

NO PLEBESCITE ON \$300,000 GRANT FOR LOCAL HOSPITAL

Bill Passed With Slight Amend-
ment—To Superannuate Police
Magistrate Marsh—Petitions
Presented

Fredericton, March 23.—The house met at 8:45 p. m.

Mr. Carter presented a petition in favor of a bill to incorporate the Perth-Sagway district.

Hon. Mr. Morrissey presented petitions in favor of bills to authorize St. Jean's Presbyterian church, Newcastle, to sell certain church lands; in favor of a bill to incorporate the Miramichi hospital, and to amend the act incorporating the Northwest Boom Company.

Mr. Guthrie presented the petition of the town council of Maryville to amend that town's incorporation act.

Hon. Mr. Clack introduced bills to confirm certain sales made under the order of the chancery division of the supreme court and amend the children's protection act.

Hon. Mr. Flemming introduced a bill to authorize the issue of crown lands for certain purposes.

Mr. Guthrie moved for the suspension of rules to introduce a bill to provide for the superannuation of John L. Marsh, police magistrate of Fredericton.

The house went into committee on the bill to amend the judicature act with some amendments.

The bill relating to the General Public Hospital, St. John, was then taken up.

Mr. Tilley said that he desired the fullest protection should be accorded to the city in the matter of the proposed hospital and for that reason he was going to move an amendment to section 2 to provide that any issue of bonds must be sanctioned by at least four out of the five commissioners.

The section as originally set out in the bill was as follows: The said council of the municipality of the city and county of St. John may from time to time, at any general meeting thereof, order one or more issue of bonds, in order to raise a loan for the payment of the said proposed hospital in the city of St. John, not on the whole to exceed \$200,000.

With this amendment the bill was agreed to.

Mr. Baxter suggested that a more convenient reference to the various acts would be provided if instead of the name of the government with the year of the reign and chapter, each act was referred to by name with the date of the calendar year in which it was passed. This suggestion was adopted in this bill.

Baby Suffocated By a Dog.

A distressing affair occurred at Hantsville, Abernethy, the infant son of William Roy, being suffocated in the arms of a dog. The dog was named "Roy" and was kept in the early morning the child was sleeping peacefully, but when he returned to bed he found the child dead and the dog having jumped into the cradle and lain on the face of the infant.

MORNING NEWS OVER THE WIRES

A loss totaling \$250,000 was caused by a fire at Winnipeg yesterday in the "Scott" block.

M. W. Shaw, head of the London, Ont., branch of the Loyal Order of Moose, was yesterday fined \$800 for allowing liquor to be kept on the premises of the club.

A message received at Juarez, Mexico, yesterday, from General Villa said that he had begun his attack on Torreon at one o'clock, and expected to capture it last night.

Owen Rutland of Norton, N. B., while working with a gasoline engine cutting wood yesterday, broke his arm and badly bruised it when his coat sleeve caught in the machinery.

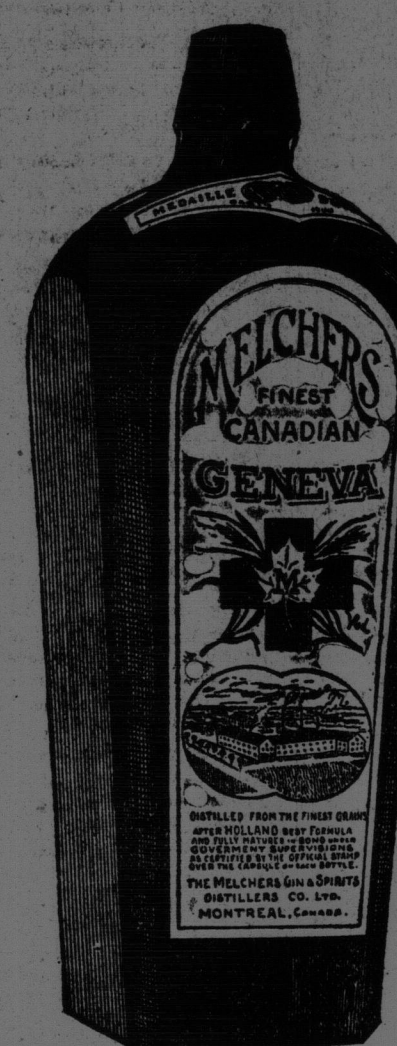

Bad Blood

is the direct and inevitable result of irregular or constipated bowels and clogged-up kidneys and skin. The undigested food and other waste matter which is allowed to accumulate poisons the blood and the whole system. Dr. Morse's Indian Root Pills act directly on the bowels, regulating them—on the kidneys, giving them ease and strength to properly filter the blood—and on the skin, opening up the pores. For pure blood and good health take Dr. Morse's Indian Root Pills.

What's the Difference? Twice Fifty-Five is 110

By "Bud" Fisher

SPORT NEWS OF A DAY, HOME AND ABROAD

BOWLING.

Weekly Roll Off.
The weekly roll-off for a pair of bowling shoes was won by R. Johnston with a score of 100. Tonight in the City League the Wanderers and Tigers will play and in the Commercial League the Ames-Holmes-McCreedy team will clash with W. H. Thorne's five.

Five Men League.
McDonald, of No. 1 team was the star of last night's play in the five men team tournament on the Victoria alleys, when his team took four points from No. 2, 1899 to 1892. In his first string McDonald rolled 134 and had a grand average of 101.4.

City League.

Two seasons' records were established in the City League match on Black's evening. The Sweepers made 506 in single string and 1414 in the three-tes. They defeated by three points Imperials, who made 1298. Ferguson, the winners, had the best string and the high average, 107.3.

Commercial League.
S. Simms & Co. forfeited from S. M. R. A. in the Commercial and the latter team defeated Ames-Holmes-McCreedy by four points, 1299 to 1181. Jenkins, of the winners, had an average of 90.

BASKETBALL.

St. Andrew's Defeat Y. M. C. A.
St. Andrew's basketball team won from the Y. M. C. A. intermediate in St. Andrew's rooms last evening, 27 to 25, in a close fast game. C. D. Howard was referee.

KIDNAP.

Nice Puppies.
A Times reporter had the pleasure of seeing a fine lot of parti color Cocker Spaniel pups this morning. They are the property of P. L. Cox, of 55 Brittain street. Some of them are nearly all white. They are highly pedigreed from prize winning stock, and should give a good account of themselves in the show next fall.

ATHLETIC.

Smith Cane Back Strong.
Harry Smith, former ten-mile champion, said of having that amateur

Women In Rout In Paris

(FROM T. S. ANDREWS)

Milwaukee, March 23—A cable from Paris a few days ago announced that Miss Carpenter had defeated Warner in four rounds before one of the clubs in the capital of France.

There is no doubt that the Frenchmen have been going daffy over the boxing game, but it was not expected that they would take on to the extent where women would be the contestants. It is all right, men, to box, for it is certainly one of the greatest sports in the world, but I draw

the line at women mixing with the padded mitts. It may be good exercise even for women, but to put them in a ring in a real match, seems to take away all the womanly instincts and I trust that no American promoter will ever consent to try and match up two female boxers.

New Orleans is liable to have a new boxing arena in the heart of the city. D. J. Tortorich, who has been promoting boxing shows there for years, is thinking seriously of having a new place erected for boxing only, where the fans can enjoy the shows and at the same time be able to get the high class artists. The game has had a big revival in the Crescent City and Mr. Tortorich is sure they will support a big place, similar to the Milwaukee Auditorium. If the deal goes through some of the big attractions will be staged down south.

phys, and the National League, backed by organized baseball, seems inevitable.

Taft selected Charles Herbert Thomas president of the Club the other day, but it is now said that Gov. John K. Tener, president of the National League, together with a majority of club owners, will refuse to ratify Thomas' appointment.

When Taft said that he had bought out Murphy, paying \$500,000 for 33 shares of stock, he made an agreement with the National League that Murphy's successor as president of the club would not be selected without unanimous consent.

At Thomas has been in Murphy's employ ever since they were in the payroll of the New York National League Club and because of the open charge made in Chicago that Murphy intended to run the Cubs through Thomas, Mr. Taft probably has received word by this time that Thomas will not be permitted to represent the Chicago Club at business meetings of the league. It is rumored that the matter may be finally taken into court.

Phillis Start North.
Jacksonville, Fla., March 23—The Philadelphia American league team, which has been training in Florida, has started northward.

Star Player Hurt.
New Haven, Conn., March 23—After playing American college football of the most strenuous type for two years without being hurt, Captain Henry Ketchum of the Yale eleven was injured in his first practice as a candidate for the Yale soccer team.

Bouts Tonight.
At Cambridge, Dave Deshier vs. Joe Egan, Young Aronson vs. Philmar Boyle, Young Scanlon vs. Larry Burns, Oscar Lloyd vs. Joe Vargas.

At Hudson, Ind.—Gus Christie vs. Mike Gibbons, Tom Gibbons vs. Mike.

At New York—K. O. Brown vs. Patsey Callahan, Jack Driscoll vs. Johnny Howard.

At New York—Leach Cross vs. Johnny Kid Alton.

Langford Wins in First Round.
Sam Langford, of Boston, put Bill Watkins, of Memphis, out of commission at the end of the first round of what was scheduled for a ten-round go in New York last night.

Rivers Wants Return Match.
Joe Rivers is clamoring for a return match with Freddie Welch, saying that he was unable to get going in his last mill. Rivers is one of those fighters who will fight like a veritable demon when the going is all his way, but just as soon as the shoe is on the other foot it is another story.

News of the Boxers.
Mike (Twin) Sullivan has been putting the finishing touches on Dave Deshier for his bout with Joe Egan at the University A. C., Cambridge, tonight.

Promoter Coffrath of San Francisco figures that Jack O'Leary is the coming featherweight champion and has signed him to box Johnny Kilbane for the title on May 16.

Eddie Murphy's western manager has matched him to box Willie Beecher in Detroit in a few weeks.

Gilbert Gallant of Chelsea, Mass., and Red Watson of California, boxed a twenty-round draw in San Francisco on last Friday night. Gallant had the better of the first twelve rounds but in the 14th was knocked down by Watson, which Referee Tony Twinn decided earned a draw for Watson. The Chelsea boxer and his manager, Aleck McLean, are going to make a long stay out here. Gallant will box Hoppe or Watson again next month.

HOCKEY
In New York.

In New York last night the Quebec Hockey team defeated the Montreal Wanderers, 8 goals to 6, but the purse of \$5,000 went to the Wanderers for the

Remarkable Experience of F. Gagnon, Builds Up Weight Wonderfully.

"I was all run down to the very bottom," writes F. Gagnon. "I had to quit work. I was as weak as a kitten. Now, thanks to Sargol, I look like a new man. I gained 22 pounds in 23 days."

Sargol has put 10 pounds on me in 14 days," states W. O. Roberts. "It has made me sleep well, enjoy what I ate and enabled me to work with interest and pleasure."

Each week names of the speakers for the next Sunday will be sent to the barbers, who will alter their announcements accordingly.

Longest Railway Tunnels.
The largest railway tunnels in the world are on the continent of Europe. Of these the longest is the Simplon, twelve and a quarter miles through the Alps. Two others, the St. Gothard and the Gotthard, are more than nine and a third miles long. In all there are fourteen tunnels more than four miles long. The longest in the United States is the Hoosac, four and a third miles long.

ENLIST BARBERS IN WORK OF SUNDAY EVENING CLUB

Chicago, March 23—A novel advertising campaign has been begun here by the West Side Sunday Evening Club, a religious organization.

Talkative barbers are the new advertising medium. Officers of the club made arrangements with numerous West Side barbers to vary their conversation on the weather, safety razors, etc., with discussions of the club program.

This is a sample of the advertising which will accompany shaves and haircuts.

"Do you attend the meetings of the West Side Sunday Evening Club, sir?" They are held in the Third Presbyterian Church. You will hear singing and speaking of a sort that will make you want to go again. Miss Jane Adams of Hull House will be the speaker at the next meeting.

Each week names of the speakers for the next Sunday will be sent to the barbers, who will alter their announcements accordingly.

Ford

If you deal in values—you'll appreciate the Ford. Its simplicity—its economy—and its dependability give it a value that cannot be measured by its price. The Ford is the one car that has "made good" in world-wide service.

Six hundred dollars is the price of the Ford runabout; the touring car is at fifty; the town car nine hundred—J. S. Ford, Ont., complete with equipment. Get catalog and particulars from Ford Motor Co., St. John Branch, Phone Main 3506.

Marriage Law Curiosities.
In West Virginia a man may marry his deceased wife's sister, but is forbidden by law to marry her step-daughter. In Massachusetts a man may marry his deceased wife's sister, but is prohibited from wedding her grandmother. In Maryland whites and negroes or mulattoes who intermarry are "deemed guilty of an infamous crime" and are subject to ten years imprisonment, but if they go across the border into Pennsylvania, and get married there and return to Maryland they are not breaking the law. In Utah an epileptic woman is permitted to marry after she is forty-five years old, but not before.

Influence of Color.
How old some of the new remedies are. The other evening (says a writer in the London Chronicle), a medical man told me of the wonders of chromotherapy, the "color cure." Thus dull asphetic minds and bodies are stimulated by red lights and general surroundings of that color. And then he added the following anecdote in illustration. He met an old country-woman, who, despite her many years, showed a wonderful degree of health and vigor. Asked what she attributed her youthful appearance, she replied—"All my life I've worn a red flannel petticoat!"

DOWLING BROS. The Largest Retail Distributors of Ladies' Coats, Suits and Blouses in the Maritime Provinces.

A Special New Spring Suit

— AT —

\$13.98

THIS is a fine French Serge Suit, well made and carefully finished in every respect. The Coat is lined with a good quality of satin, in a shade to harmonize with the colors of the suit. It is short, jaunty and beautifully trimmed in the back. Some have a pretty fancy silk collar, while others have the plain serge collar. The skirt is one of the latest styles, nicely trimmed, and has a very graceful fullness. It's the talk of the town for value.

THINK OF IT! Only \$13.98 for a fine Tailor-made French Serge Suit; coat lined with good quality satin. Never have suits of this character been sold at such a low price.

SHOULD TELL THE POLICE

A correspondent writes to the Times to say that two well known characters are daily begging in Union street for money with which to get liquor. The complainant says he is stopped by them nearly every day.

MERIT MARKS NOW

The I. C. R. management has introduced a system of merit marks amongst the employees. These marks will be given for services deemed sufficient, in the way of rendering first aid for instance, to encourage such acts, and to help in the practical application of the knowledge acquired in the first aid and safety first lectures. The merit marks will also be used to offset any demerit marks which may have been entered against an employee.

NEW SHERIFF SWORN

Amos A. Wilson this morning received his commission as high sheriff of the city and county of St. John and was sworn in about 11 o'clock before Burton L. Greaves, a deputy commissioner from the New Brunswick government, as clerk of the peace. Sheriff Wilson has not yet appointed his deputy, but expects to do so in a few days. Mr. Wilson was present in court this morning for the first time in his new capacity.

G. P. R. FREIGHT SHED IN ST. STEPHEN AFFIRE

Gutted at Noon Today—Blaze From Over Heated Oil Stove

(Special to Times)

St. Stephen, N. B., March 24.—The G. P. R. freight shed was badly gutted by fire today. The fire caught from an overheated oil stove about twelve o'clock and burned fiercely for a time, but the efficient water supply and the prompt response of the fire department soon had the fire under control.

The shed is about 100 feet long, and of wood. Considerable freight was stored but not much was perishable. Most of the damage done was by water.

GRIM TALE IS TOLD OF FATAL FIRE IN ONTARIO HOTEL

Gossip Would Lead to Belief That There Was Design in it

Toronto, March 24.—Although the origin of the Woodbine Hotel fire is still a mystery a story is circulating in several taverns in Eastern Ontario which throws some light on the problem. According to this story there were in the hotel at the time of the fire, two men who were deadly enemies, one of whom is said to have declared he would "get" the other.

When the two men met in the Woodbine Hotel, it is said that the day of the revenge was taken by the one to be at hand. At any rate there was a fire and there are five dead, the name of one of whom is connected with the feud.

No. 10—F. W. Coombs, captain, and C. H. Ferguson, W. C. Allison, F. B. Jones, C. P. Lordy, J. A. Pugsley, and W. S. Fisher.

In Lancaster.

Last evening arrangements were completed by the team under captaincy of W. J. Earle for the Parish of Lancaster. The territory of this team is from Tilton's Corner, west, and they have the assurance that no city teams will enter their field. Headquarters have been established in the store of O. D. Hanson, Main street, Fairville. The following comprise the team:—S. H. Shaw, Dr. J. W. Anglin, G. W. McAlley, Courtier Jones, E. Bryant, Charles Hill, Daniel Campbell, and Ernest Welch.

WELL PLEASED WITH PROGRESS OF ST. JOHN

Steady Growth and Development Promising Great City

Views of W. U. Homfray Who Has Invested Here and is Ready to Invest More—A Warning Against Some Conditions

Only the united effort of the citizens is required to make St. John a city which will eventually rival New York is the opinion of W. U. Homfray of St. John, B. C., who has made a careful study of real estate conditions all over the continent and who has selected St. John as the best place he can find for investments of this character.

Speaking of conditions here Mr. Homfray said that he was greatly pleased with the steady progress which St. John has been making in spite of the depression which has existed elsewhere throughout the world. He remarked that there was no boom in St. John at present, but there was something much better, a steady growth and development due to conditions which must make this one of the greatest cities on the Atlantic coast. Mr. Homfray has already invested large amounts of money in St. John and said that, as he prepared to invest more, he would profit more personally by crying blue ruin in order that he might buy at lower prices, but his frank opinion was that St. John offers one of the best opportunities for investment anywhere upon the earth today. There is no reason why St. John should not, in time, hold the same position in relation to the rest of Canada that New York does to the United States.

"There is a word of warning which I might give, however," he added, "I do not pretend to be a critic, and I do not want to assume that role, but there are some things which have been impressed upon me and of which I might be permitted to speak.

"One of the chief of these is the feeling of bitterness which seems to prevail in the relations of the various parties and factions in St. John and which is sometimes reflected in the newspapers. I have been sending your local newspapers to persons in England whom I had been hoping to interest in St. John investments, but the effect has been to prejudice them against a city which seems to have so many internal troubles and so many factional wars. Politics is the chief inspiration of this I suppose, but those who display this feeling cannot realize that any petty political advantage can offset the damage that is done to the city abroad. A very little of this sort of thing will undo all the favorable advertising that the city can secure.

"I would like to suggest that the citizens and the newspapers should get together to decide upon a campaign to secure the things which are most needed for the advancement of the city and that all should work together to achieve these ends and let personal difference be forgotten.

"A city is as great as its people. A community with the right kind of people can compete successfully with any other which has the advantage of a geographical situation a thousand miles more favorable. You have all the advantages here that could be imagined, and it is up to the people of this city to say whether or not the bright future which is before them shall be realized. You have tremendous advantages, you have many enterprising citizens, in short you have everything which is needed to make a metropolis of this city, but in order to achieve the best results and to overcome the factional differences must be forgotten and the citizens must unite to secure the development which is expected. St. John is at a critical period in her history, the opportunity is here and if it is passed by it will not be the fault of circumstances but of the citizens themselves."

CHINESE HAD OPIUM; SEIZURE MADE AT SAND POINT ON A STEAMER

Between fifteen and twenty pounds of opium have been seized by customs officers at West St. John from the South African liner Benguela and will be sent to Ottawa for destruction.

Several of the crew of the South African steamer are Orientals and on Saturday last one of them fell under the suspicion of the customs officers. He was seen leaving the ship and returning soon afterwards. When he was making his second trip ashore he was stopped and searched and some of the opium was found on him. The officers took him back to the ship and it is said that he confessed, through an interpreter, to having been one of three Chinese who brought the stuff out. The sleeping quarters of the Orientals were searched and something more than fifteen pounds of opium was found.

The Chinese said that he had purchased the opium in Liverpool but that he had taken none of it ashore at St. John, but his first trip from the steamer was to make arrangements for disposing of it.

Not only is the importation of opium into Canada prohibited, but it is a criminal offence to have it in one's possession and the penalty is three years in prison, but it is not expected that the case will be brought before the courts, as the men suspected of the traffic will be leaving here with the steamer. This is their first trip.

The drug seized consisted of several blocks of the pure article, weighing about a pound each, and a large piece of a kind of opium that is used for medicinal purposes, and which is allowed to be imported under the Canadian tariff. The customs authorities here appear to be satisfied that they have in custody all that was brought into port and that none of it was distributed by the Chinese.

CASE CONTINUED

The three negroes charged with assaulting Frank E. McHugh in Brussels street several days ago were brought before Magistrate Ritchie in the police court this morning and were further remanded. No evidence was taken.

THE FIRST TIME

Thomas Morrissey, a coachman who was reported a few days ago by E. C. H. Pollockman Scott Smith for going beyond the stand allotted to coachmen at the depot, was fined \$20 in court this morning, but as it was his first offence the fine was allowed to stand.

It is as Natural for a Man to Want New Clothes at This Time of the Year as it is for the Flowers to Bud or the Birds to Sing

So that the presence of all these fine new Spring Suits and Overcoats that now fill up our wardrobes, with color and richness, can be traced back to certain fixed principles from which, somehow or other, the world seems never able to get away.

Seeing that the impulse toward rejuvenation and newness is so much in harmony with nature's way, it would be just a bit ugly and mean for a store not to feel the impulse to meet the demand for new things in the way that is permanently best for every man.

We have done our best to provide better Spring Suits and Overcoats than any you will find anywhere else, for the same prices. We believe our severest critics will say that we have succeeded. We hardly think that anybody who examines these new Suits and Overcoats can shut his eyes to the fact that they are what one of our own most experienced men called them—beauties.

But we did not build up this business by asking people to accept our own judgments of our own merchandises as final.

We are ready now, as we were twenty-five years ago, and as we were every year in the meantime, to have our goods measured up against the things we print about them in the newspapers.

There is great advantage in getting here before the final rush days begin.
