

BOXERS WILL BE DISCIPLINED

Suspension for Those Who Entered and Stayed Away.

A. W. Corey, president of the Maritime Branch of the A. A. U. of C., announced today that boxers who had entered the New Brunswick championships held in the Armory last evening and who had failed to appear to compete, would be suspended for sixty days from participation in all amateur sport unless they were able to give a satisfactory explanation. He said such action was a serious menace to the sport and he intended to put a stop to it.

In the 147 pound class there were six entries and only one boxer who appeared to compete for the title was George Wright of Westville, N. S. As a result there was no competition in this class.

George Spragg, whose name appeared among the entries in this class called at The Times office this morning and said that he had not entered in the tournament.

The boxers who will be penalized unless they can satisfy the officials that it was through no fault of theirs that they were absent, will be barred from the Maritime boxing championships as well as the Olympic trials.

Laborites Have Largest Group
Copenhagen, April 12.—The official returns of the parliamentary elections show that the government party suffered a defeat, the Laborites electing the largest number of members of any party to the Folketing. The House will be composed of 38 Laborites, 44 Liberals, 27 Conservatives and 20 Independent Liberals. It is said the Laborites, with the assistance of the Independent Liberals, will form a new government.

MAID OF FRANCE MAY BE SAFE
Halifax, N. S., April 12.—Hopes for the safety of the tern schooner Maid of France and crew, long overdue at Wilmington, N. C., from Barbados, was contained in a telegram received today from their agent at Wilmington by F. K. Warren & Company, owners of the vessel. It read: "No definite information. Do not believe Maid of France wrecked."

SHIPPING COMMITTEE MEN REACH HALIFAX
Halifax, N. S., April 12.—Sir Harold Mackinder and H. G. B. Larkin, British and Australian representatives, on the imperial shipping committee, will arrive here this afternoon on the Cedric from England and will commence their study of shipping facilities on the imperial shipping committee in this country. They will remain here until Sunday night when they will go to St. John.

Notices of Births, Marriages and Deaths, 50 cents.

BIRTHS
LUTON—On April 11, to Mr. and Mrs. J. A. Luton (nee Elizabeth G. Galt), Duke street, West St. John—A daughter, Lois Olive.
FENDICK—On April 11, to Mr. and Mrs. R. C. Fendick, 189 Queen street—A son, Robert.
DEARBORN—To Mr. and Mrs. Charles H. Dearborn, at the Evangeline Home, April 11, 1934, a son.

DEATHS
BELTZA—Suddenly, at the General Public Hospital, on April 12, 1934, Albert Edward Beltz, aged 63 years, leaving three brothers and three sisters to mourn.
FURNER—From his late residence, 132 Ludlow street, West End, Monday, April 14, at 2:30 o'clock.
WARD—At Wilmington, Del., on April 8, 1934, Robert E. Ward, 67 years, leaving his wife and one son to mourn.
McINTYRE—Suddenly, in this city, on April 11, 1934, James P. McIntyre, leaving his wife, two sons and three daughters to mourn.
BOSTON and Hopston, Ill., papers, please copy.
FURNER—From his late residence, 162 Broad street, Sunday, at 2:30 o'clock. Friends invited.

IN MEMORIAM
ARTHURS—In loving memory of our dear mother, Mrs. Margaret A. Arthurs, who entered into rest April 11, 1934.
Resting, sweetly resting; Jesus called her home.
Always remembered by her family.
FRAZEE—In sad but loving memory of my dear husband, Joseph Frazee, whom God called home on April 12, 1932.
Gone but not forgotten.
WIFE, SARAH.
FARRIS—In loving memory of F. S. Farris.
A loving father, kind and good, a beautiful memory left behind. There's no one knows what father's love is worth until he was taken to another world.
Always in our memory.
Some may think we forgot you—When they see us smile, But they know not the sorrow That the smile hides all the while.
—LAUGHTER-IN-LAW.

CARD OF THANKS
Mrs. Francis W. Smith and family wish to extend their thanks to those who so kindly sympathized with them in their great loss, also for many beautiful floral tributes.

St. John Man Gets Nice Post

Arthur M. Irvine, who has just been appointed general manager of the coal sales of the British Empire Steel Corporation, filling the position made vacant by the death of Alexander Dick. Mr. Irvine is a St. John boy, son of the late John E. Irvine and his many friends here will extend congratulations on his appointment to this important position. Mrs. J. E. Angevine of this city is a sister of Mr. Irvine.

MAJOR LEAGUES START ON TUESDAY

Giants and Yankees Again Looked On as Likely Victors.
New York, N. Y., April 12.—Next Tuesday the American League will inaugurate its twenty-fifth season, and the National League will open its 40th. A majority of dopsters are of the opinion that McGraw and Huggins will guide the New York Giants and Yankees respectively to their fourth straight pennants, a feat which would find no parallel in American National League history.

By Cobb's Detroit Tigers appear stronger in the box and around second base than a year ago, and with Tris Speaker's Cleveland Indians, a hard hitting, experienced machine, loom the Huggins' most dangerous rivals.

The Philadelphia Athletics and Boston Red Sox belong in the "dark horse" category.

The showing of the St. Louis Browns depends largely upon whether George Sisler is able to resume his form. Washington does not look stronger than last year, but the Chicago White Sox under Frank Chance figure to improve.

The Giants base their hopes on better pitching and the ability of several young players to come through. The Cincinnati Reds, with the best pitching staff in the league and a veteran cast, share with Pittsburgh another experienced hard hitting outfit with good twinning, the position of leading contenders.

This outstanding trio will be most closely pressed, experts believe by the Chicago White Sox, the St. Louis Cardinals and the Boston Braves.

Letters To The Editor
CIVIC REFORMS.
Sir,—Assurances, either expressed or implied, have been given by all candidates offering in the civic elections that, if elected, they are prepared to meet the demands of the citizens for a change in our civic form of government. The public will expect these changes to be made as soon as it may be possible to do so. I have a suggestion to make, and I trust it will merit consideration when the time arrives to give it effect. It is this: When preparing the new bill, changing the form of government, provision should be made to prevent agents of the candidates hanging around the polling booths, intercepting voters and endeavoring to coerce them to vote for the candidates who have tooled the bill for the services of these workers. Prevention of the use of automobiles to carry voters to the polls, should be insisted on, and there should also be included, in the amendments to the new charter, a section rendering it unnecessary for the candidates to impudently hang around the polling booths, intercepting voters and endeavoring to coerce them to vote for the candidates who have tooled the bill for the services of these workers.

Yours, CITIZEN.
St. John, April 12.

WILL EXPEDITE THE GRAND FALLS WORK

Power Commission Head Speaks of Preliminaries in Development.

Hon. Dr. E. A. Smith, chairman of the New Brunswick Electric Power Commission, arrived in the city last night from Fredericton and left this afternoon for his home at Shelburne. He said that in connection with the Grand Falls development the Commission would go ahead as soon as weather permits and prepare the necessary plans and specifications which they must have to appear before the International Joint Waterways Commission and the Quebec Government. Every effort would be made to expedite the work.

The Commission was planning on putting several survey parties in the field as soon as could be done and he hoped to have some engineering students of the U. N. B. engaged with them for the summer.

FEAR FRICTION IF THIS IS MADE LAW

Republicans See Danger of Clash With Canada Over Quota Rule.
Washington, April 12.—(By Canadian Press.)—The House of Representatives renewed consideration of the Johnson Immigration Bill today. The sponsors of an amendment which would apply the two per cent immigration quota to Canada and all other countries of the western hemisphere are in an unfavorable position because of action yesterday on their amendments to the bill. Dozens of amendments to the bill were thrown out yesterday in quick order.

A showdown was expected today. Considerable opposition to the amendment has developed among Republican leaders in charge of the bill. Application to Canada, on the basis of immigration to the United States to 25,000 yearly, and enforcement of such a law, it is held, would require a large number of agents along the international border between Canada and the United States.

P. E. Island Governor Refuses His Assent
Charlottetown, P. E. I., April 12.—The Church Union Bill passed its third reading in the provincial legislature yesterday but failed to receive the assent of Lieut.-Governor MacKinnon.

Quits Government Side of House
Edmonton, Alta., April 12.—T. C. Mines, member for Claresholm in the Alberta Legislature, withdrew from the ranks of the Government yesterday and took a seat in the Opposition as an independent member. He said he thought the Government was not trying to live up to its election platform.

Mayor Says Police Are No Good at All
Quebec, April 12.—The Mayor of Quebec, who declared that the police force of Quebec was no good, and that all they did was to constitute themselves a second city council, which took upon themselves to judge and criticize the actual occupants of that office. His criticism came about while the question of an increase in the number of police was brought up in the council meeting.

LOCAL NEWS

EVEN THIS WEEK.
Six marriages and 28 births were reported to the deputy registrar of vital statistics for the week. Of the births 14 were girls and 14 boys.

PROPERTY SOLD BY AUCTION.
Two properties were sold by F. L. Potts, auctioneer, at Glubb's corner this morning. Property belonging to Newton J. Curtis in Wentworth street was bid in by Boyer S. Smith for \$1,450 above a mortgage of \$2,000. A property in Exmouth street, sold to close out the estate of Harry L. Alexander, was bid in by J. Starr Tait for \$1,225.

ARE INVESTIGATING.
A vessel is being sent by the Marine Department to investigate a report made by the steamer Brecon on her way to St. John to the effect that what appeared to be a schooner's mast showing three feet above water and apparently attached to a submerged wreck had been sighted. The observation was reported in the south channel between Petite and Gannet Head, and the Brecon is expected to return with cargo from Havre.

RIVER ICE GIVING AWAY.
The ice in the Kennebecis river was very soft today and it is expected that the river will be open for navigation sometime next week. Captain Miller expects to make his first trip about April 20. Reports from along the main river say that the ice is soft and should break up any day. It is expected that the Narrows will be open sometime next week.

WANTS SCENIC VIEWS.
The secretary of the Board of Trade today received from J. Hamilton of Berlin, Germany, a request for photos of scenery in and around St. John for use in a publication which he was preparing for distribution. He writes that he is being supplied with material and photos by the federal and provincial governments, the C. N. R. and C. E. P. and the Hudson Bay Company. He was anxious to get a good number of maritime province views. Photos and descriptive material are being forwarded to him.

TAG DAY NOT CERTAIN.
The matter of tag day for the fund to send New Brunswick representatives to the Olympic games has not yet been determined. Mayor Fisher said this morning that he did not see how a tag day could be held at the present time without interfering with many of the other tag days which had been arranged for three weeks ago. It has been suggested that it might be possible to have some souvenir, such as a picture of Charles Gorman and Hilton Belyea, sold on the streets and money raised in this way, and the Mayor said he did not see no objection to a move of that kind.

TELLS OF PYTHIAN EVENT.
There was a fair attendance at the annual dinner of the Knights of Pythias last evening at Castle Hall to hear James S. Lord, Imperial Prince, tell of his trip to the Imperial Palace last summer. The meeting was held in the hall of the Knights of Pythias, 101 Acadia street. Service was conducted by Rev. R. M. Legge and interment was in Cedar Hill.

BURIED TODAY.
The funeral of Miss Elizabeth McCord was held this afternoon from her late residence, 101 Acadia street. Service was conducted by Rev. R. M. Legge and interment was in Cedar Hill.

AGRARIANS ASKED TO VISIT ST. JOHN

Twenty-five Members are Coming on Maritime Province Trip.

Mayor Fisher said this morning that as soon as he had heard that a party of 25 Progressive members of Parliament were coming to the Maritime Provinces he had taken steps to invite them to visit St. John. This morning he sent a telegram to Robert Forke, leader of the Progressives and also one to Hon. J. B. M. Baxter, M. P., asking the latter to support his invitation and to make the necessary arrangements to have them come to St. John.

In his telegram Mr. Forke expressed a desire to entertain the members from the West and show them our port and city.

The party will visit Nova Scotia under an invitation from Premier Armstrong. The party will leave Ottawa on next Wednesday afternoon and will travel C. N. R., returning to Ottawa on the following Tuesday. Programme at Halifax.

THE WAGE EARNERS' CANDIDATE

A TAXPAYER'S FRANK OPINION
How much longer are the taxpayers of this city going to stand for the cold-blooded, useless waste of their money? You wonder why the taxes in this city have increased by leaps and bounds and nothing to show for it. I will tell you right here, and I defy anyone to say different: Twenty-five per cent. (25 p.c.) of the money spent to run this city during the commission form of government has been absorbed justly wasted and thrown away and nothing to show for it. Just look at the Public Safety Department, as an example. Last Saturday's paper mentioned the Chief of the Fire Department advocates a new ladder-truck. To many that don't know, I will enlighten them: This big piece of junk of a motor ladder-truck, Boston would not take it as a gift; Montreal would not give counterfeit money for it, but St. John was the easy mark for it at many thousands of dollars. Now, why did Commissioner Thornton sell all the ladders of the other truck which was five hundred per cent. (500 p.c.) better than this piece of junk, for twenty-five cents (25c.) per foot, when ladders were selling at the time for \$1.50 and \$2 per foot? Now they want a new one. Business must be getting dull in the Public Safety Department. We had a Police Patrol Wagon that was plenty good enough for all the work it had to do. Also a good Ambulance, which with a little repairs would have been O. K., but no, they had to have a new one for the Chief to ride around in, when the other one was in perfect condition. All this "Rolls-Royce" business, I as well as others have to pay for. If Commissioner Thornton has any money to spend, let him spend it on the dirtiest and most filthy hole in the city—the City Market Lavatory. That is a disgrace to any civilized city, and I have waited and wondered why it is that some of the leading business men in this city have not taken up this increase of taxes, when the common everyday tax-paying wage-earner can see how it is. Now there may be a lot of easy marks in this city for Mr. Thornton, but there is one who does not want to be included among them, and that is, Yours truly,

R. J. LOGAN

The above letter appeared in The Telegraph-Journal on December 17 last, and it is surprising the number of people who stopped me and told me of the many civic conditions that should have the searchlight thrown on them. Well, if all these people know of such conditions, why don't they do as I have done—show it up in the papers. They go around hollering and yelling, but haven't got the nerve to show you. This letter will show some of the tax-paying voters how their money is thrown away. Just think of it! Twenty-two thousand dollars for a piece of junk like this ladder-truck that is useless. There is one thing that I want to impress on the voters, that is I am not looking for a job, as the world knows I can live without it, but what I would like is to have a chance to show St. John how easy it is to put this town on the map by a man who is not afraid of anyone and will say and fight for what he thinks is right for the wage-earner and tax-payer, and if a dollar is spent the City will get full value or I will know why, for it is only by turning the white light of truth on human problems that the men and women voters of this City can have the truth of what is done with the tax-payers' money, as the above letter will show you. I approve of public lavatories for men and women in different parts of the City. I will also fight for a cheaper street car fare and also plenty of playgrounds for children, who are the City's greatest future asset. I have a live-wire tourist publicity idea and I also know the easiest way to reach manufacturers to locate here, as that is the one and only thing that will build up any city, and I also know of several civic innovations that you are paying for and not getting, which will be easy for me to get.

In the heart and conscience of the average man and woman there is an inherent desire for clean politics and honest government. All the money in the world cannot defeat a candidate whose platform is built upon the principle of honesty, and backed up by the exercise of the same principle in public life.

PLAN OF GOVERNMENT

My plan for the governing of the City will not only be honest, but constructive as well. I intend to install in the city government not only a system of assessing to replace the unfair system now in vogue, but I shall inaugurate a closer co-operation between public citizens. St. John is the largest city in the Maritime Provinces, and is making giant strides to a still more important place. The growth of a city's population depends in no small degree on the efficiency of its administration, and this should always be kept in mind by the electors. Optimism is the keynote of great cities today, and if one city more than another has reason for optimism that city is St. John. Let me tell you there is nothing in the business of being a Commissioner unless you are prepared to fight for the people's interests.

IGNORANCE OF CIVIC GOVERNMENT

That citizens of St. John should have more adequate facilities at their disposal for acquiring knowledge as to the actual machinery of our civic government, and that societies should be formed in various parts of the city for the imparting of such information is the wise suggestion I make. For many years past the fact has been made obvious that one serious cause of electors failing to cast their votes was due to sheer ignorance—and in consequence a lack of interest regarding how the money was to be expended. Were the methods of conducting the affairs of the corporation intelligently grasped, there would be little chance, indeed, of self-interested, dishonest and reckless spenders being greeted with success at the polls. In addition to this, there should be, among the taxpayers, an intelligent idea regarding the exact purpose for which the huge revenue is parcelled out.

A sane idea of what is being done at the City Hall would result in the adoption of economic procedure hitherto unknown, and the cutting down of expenditure would result in a lower rate of taxation.

I have in the past declared that from twenty-five per cent. to fifty per cent. of our annual revenue was wasted in graft and incompetency. From the same source also have come appeals to the electors to take a keener interest in the government of the city. Had the electors fully understood how the city should be governed, there would not today be a debt that consumes a third of the revenue, and we should not have to moan over a dearth of parks and squares, over ill-paved streets and a host of other evils. From all these facts it must be obvious to the most apathetic that if St. John is to progress as it should do there must be a more general conception as to what really constitutes civic government.

I rest my case with the voters. I have stated the facts honestly and truthfully. I am attacking nobody. Neither am I making any accusations of a personal nature. The people have heard too much about my opponent and too little about me. I have therefore centered on my own case.

If my platform does not appeal to every honest common sense voter who wants a man to fight for their interests, who is a live wire, a go-getter and a producer, then vote for a dead one.

I Thank You, R. J. LOGAN, THE WAGE EARNERS' CANDIDATE

VOTE FOR F. L. POTTS The People's Candidate for Mayor. And save Hydro for the people at real cost.

American Tiles, bath or kitchen, 13 colorings, 29c.—McArthur's, 19 King Square. 11723-4-14

To the Electors of the City of Saint John.

Ladies and Gentlemen: I have been nominated for the office of Commissioner for the forthcoming election and respectfully solicit your support.

I am not running on any ticket and am independent of any particular class or organization. During my term of office there have been a number of very important matters before the Council requiring very careful consideration, to all of which I have applied my very best judgment and have always made my decisions in what I considered was the best interests of the taxpayers of the City of St. John.

While under present financial conditions, I am averse to contracting any further large liabilities, as I recognize the absolute necessity for very careful procedure, I would advocate any expenditures for improvements that are essential for the general good and which cannot in the common interest be further postponed.

As indications point to an increase in our export trade I would strongly uphold any measure that may be presented looking to an enlargement of our harbor facilities. With regard to a change in the system of Civic Government, as advanced in some directions, should the people desire this, I will render every assistance in my power towards carrying out the wishes of the electorate.

Trusting that I may be favored with a renewal of your confidence, Yours respectfully, 11242-4-18 JOHN THORNTON.

TO THE ELECTORS OF SAINT JOHN

Ladies and Gentlemen: I will be a candidate for commissioner at the elections on Monday, the 14th inst., and would respectfully ask that you go to the polls and vote, if it is at all possible for you to do so.

If elected you may rest assured that your interests will receive attention in our export trade I would strongly uphold any measure that may be presented looking to an enlargement of our harbor facilities. Yours sincerely, JAMES H. FRINK.

FINAL WORD TO MONDAY'S VOTERS

Ladies and Gentlemen:

MAY WE TAKE THIS FINAL OPPORTUNITY to solicit the support of the St. John electorate as young men willing to serve our city, especially with a view to bettering many conditions that will stand bettering at no extravagant cost whatever. It stands to reason that Point of View has a great influence upon government of all kinds and we claim that what St. John needs just now is a new, a brighter, a more progressive viewpoint. In all great emergencies the people have never failed to respond to hopeful, vigorous leadership.

FOR MAYORALTY RONALD A. McAVITY, Managing Director T. McArthur's, 19 King Square, Chairman Civic Hydro Commission, Chairman Employment Commission, Chairman of G. W. V. A., Governor of St. John Health Centre, Lt.-Col. Officer Commanding Seventh Machine Gun Brigade overseas; also Commodore St. John Boat Club.

FOR COMMISSIONER RALPH G. McINERNEY, barrister-at-law, staff and editorial writer St. John press and publisher trade magazines. Officer in Royal Flying Corps overseas. Son of the late George V. McInerney, M. P., and for years identified with the busy life of this community.

Our Hopes and Desires

TO MAKE HYDRO Electricity more and more of a benefit to every family in St. John industrially and domestically. TO GIVE OUR Two Harbors with their Granaries and Dry Dock the widest publicity and support. Aggressive action. TO ADJUST the Taxation System to make it easier for the smaller earner—to split payments—less penalizing. TO SEEK AN EARLY opinion on the best form of civic government. At least try to make it representative. Back to Aldermen. TO CATER MORE to the brighter side of home life here—the parks, the children at play, the beaches and sport. TO CO-OPERATE with tourist associations, hotels and guides in making St. John the vacationing centre it deserves to be. TO APPRECIATE our school teachers and give thoughtful consideration to the public welfare movements of women. TO SEPARATE the Legislative and Executive functions of the Council. Let trained employees do the technical work.

NO PETTY ARGUMENTS BUT A FIRM FAITH IN THE FUTURE OF OUR HOME CITY.

NOTE: Conveyances for Electors will be supplied by Notifying Main 4373.

Electors of St. John Civic Reform is Needed NOW!

I Propose:—Return to Aldermanic Ward System with City Manager.

Commission has proven a failure! Let the wards have direct voice at Council. The only sure way to get a just consideration for ward requirements and a preventative for GRAFT.

A Citizen Association.

An assembly of interested citizens organized for the purpose of keeping public opinion alive, and to correct any abuses in municipal affairs.

Taxation Reform.

A complete revision of the present system. A standardized system of assessment. Right the wrongs of the present system.

For These Reforms Vote for Alex. (Sandy) Corbet

"The People's Choice for Commissioner."

Ladies and Gentlemen, I am a candidate for Commissioner at the coming civic election. I stand for: 1—A change in Civic Government. 2—The people's right to vote. 3—Hydro development. 4—The encouragement of local and new industries. 5—A reduction in taxation. 6—Tax exemption on necessary repairs to real estate. If elected I will endeavor to carry out the above. Yours respectfully, JAMES SPROUL.

The Evening Times-Star

ST. JOHN, N. B., APRIL 12, 1924

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by New Brunswick Publishing Co., Ltd., D. McKinnon, President.

FEDERAL TAXATION

While any proposal to lay hands upon the tariff appears to cause a shiver of apprehension in more than one circle, the fact remains that as an instrument for producing revenue the tariff is by no means what it used to be.

It probably is not generally understood yet how great a change in taxation the war has brought about. In 1914, we had excise duties, but no excise taxes like the sales tax, no income tax, no business profits tax—and these imposed now produce annually more than \$150,000,000.

DO THEY WANT TO CROWD US OUT?

"If there is not to be fair play—which the Maritime Provinces have never had—there will be disintegration."

So says Mr. H. S. Congdon, President of the Maritime Club, in reply to the Montreal Gazette's latest outburst about the Maritime Provinces.

Comment on the budget by men of prominence in the province, secured by the Telegraph-Journal, is published in the Times today with some additions. It is a most timely and interesting contribution.

Germany is reported as accepting the Dawes plan "in principle"—which means, it appears, that she will seek important changes, one involving the withdrawal of French and Belgian troops from the Ruhr.

The estimated population of the British Empire is 444,822,000, and its area 13,419,000 square miles. To represent all this is the aim of the British Empire Exhibition—a wonderful task and a most inspiring one.

WILL REPAIR ROAD.

A letter received from A. F. Bentley, M. L. A., by a constituent in St. John county announces the intention to have necessary work done on the Loch Lomond road from Silver Falls out, in order to put it in good condition.

CITIZENSHIP.

"To vote is one of the duties of citizenship that is not to be ignored by the good citizen. This year, as on the occasion of the last civic contest, nearly half the electors are disqualified by reason of unpaid taxes—a condition all the worse because a large percentage of those in default could have paid had they made a real effort to do so."

Those who do not vote are only so much dead weight in the boat. Not going to the polls they lose the right to criticize the civic government elected by the actual voters.

It is agreed on all sides that public spirit is a mighty public asset, that a city is largely what its active electors make it, that a community gets pretty much the sort of government it deserves.

Press Comment

FAITH IN THE FUTURE.

Everybody, with the possible exception of the few who hang upon the words of the prophets of gloom who are to be met everywhere, even in Victoria, where every prospect pleases—everybody likes to hold converse with the person who has faith in the future.

There is Sir George E. Foster, who predicts that within a certain period of time Canada will have a population of one hundred millions. There is no doubt that this prediction will be fulfilled.

And the whole land, from the Far East unto the Far West, is fruitful. Its resources are not limited to the products of the husbandman.

The sublime faith of the builders of the Canadian Pacific Railway, which either climbed the mountains or bored holes through them and established the largest transportation system in the world, should be exemplified in the lives of the Canadian people.

It is agreed on all sides that public spirit is a mighty public asset, that a city is largely what its active electors make it, that a community gets pretty much the sort of government it deserves.

NEW LAMP BURNS 94° AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 85 leading universities and found to be superior to 10 ordinary oil lamps.

The inventor, O. K. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it.

Two cents more, little girl. Bread's gone up since yesterday. "Then give me a yesterday's loaf." —Le Roy Blas (Paris).

C. N. R. MAN PROMOTED.

Frederick M. Crocker, who has been C. N. R. agent at Gagetown since that station was opened, has been transferred to the main office in St. John.

ON HIS BLINDNESS

When I consider how my light is spent Ere half my days, in this dark world and wide, And that one talent, which is death to hide, Lodged with me useless though my soul more bent

IN LIGHTS REVEN

She—"John, do you love me as much as you did when we were married?" He—"More, I think—but not as much as I thought I loved you then."

Good Enough

Young Wm.—"This dish, dearest, is an original composition of mine." Hub (after sampling it)—"In future, my love, perhaps you'd better cook after the old masters."

Going Up

Doctor—"Well, how is our patient this morning?" Sick Broker—"Fine! My temperature slumped three points last night, but it rallied this morning and is now above par."

North Carolina has the greatest damask, denim, pulp and underwear mills in the United States.

With Real Co-Operation Nothing Is Impossible in St. John

A community is largely dependent on its industries. The prosperity of the one is reflected in the other. These are simple statements of fact.

Some cities secure industries by means of bonuses—tax exemption, free sites, etc. Every city realizes the necessity of industries. What the heart is to the human system so are industries to a community—the vital centre.

To the community an industry has its obligations; to an industry a community has, also, its obligations. Consequently, when one asks from the other support and co-operation, it is in its right to do so.

With a community and its industries working together there is no objective, within reason, that such unity of purpose may not achieve.

We are operating three very important services in St. John. From wide experience in other fields, the new owners see where these services can be bettered and extended and, to a local board of directors, have entrusted the duty of seeing that the needs of the community are faithfully and carefully met.

The proposed enlargements would mean that a considerable sum of new money would be spent here, but, with public co-operation, the Company feels any such expenditure would be amply justified.

In St. John there is an ever-present demand for new industries. We endorse that stand; we endorse it heartily. We are prepared to co-operate in any possible way. The carrying out of our plans would be a substantial contribution along that line. As a citizen of the Community we, also, are vitally interested in all things that make for its progress.

Let us quote you on your electrical or power proposition for the home, the factory, the store. We can serve you cheaply, efficiently, steadily.

With your patronage we can put our progressive programme into full action. Working together we can do much, for we have much in common.

MRS. SMALL FOUR HOURS ON STAND

Matter of Affidavit to Get Half Million Dollars Gone Into.

Toronto, April 12.—Mrs. Theresa Small, who is claiming the entire estate of her missing husband, Ambrose J. Small, under the terms of a will dated September 6, 1903, spent four hours in the witness box yesterday in connection with her suit before Mr. Justice Logie to have the 1903 will probated. She was induced by counsel for the sisters of the missing man, who are fighting Mrs. Small's claim, to reveal facts bearing on her domestic relations which they hold might suggest a reason for a new will, the claim of the sisters being that a new will was made about 1917, which gave them and other members of the Small family a share of the \$2,000,000 estate, but this will cannot be found.

Matter of Affidavit.
A million dollar check which was handed to Mr. Small on December 2, 1919, on completion of the sale of his theatres, and in fact the day he vanished from view, was referred to by counsel, who also read an affidavit made by Mrs. Small some months ago relating to the check.

"I was not personally present when the deposit was made by the said Ambrose Joseph Small, but I have since learned that it was made on December 2, 1919."

"And this affidavit," said Mr. Grant, "was drawn by Mr. Hughes on your instructions?"

"Yes, but I didn't give him the material for it."

Justice Logie—"Do you mean to swear you signed an affidavit without reading it over?"

"That one, I must have."

"And it was on the strength of this affidavit that you got an order from Mr. Cameron, master in chambers, for \$507,000?"

"Yes."

"An affidavit you knew to be false?"

"Yes."

"You made that affidavit for the purpose of getting a half million dollars?"

"Yes."

Witness went on to explain that the wording of the affidavit might have been due to Mr. Hughes' misunderstanding of something she had said to him.

"Well," commented Justice Logie, "I

KROEHLER DAVEN-O
The Invisible Bed Room

FOR THE LIVING ROOM CHOOSE A DAVENPORT BED

You can add to the beauty of your home and provide that much needed guest room; both, with this doubly useful Kroehler Davenport Bed. It gives you first, a beautiful piece of richly upholstered living room furniture, wide seated, deep cushioned and restful. Yet, with a single motion it offers a full size, steel framed restful bed. It solves for you the problem of living in limited quarters. You add a touch of distinction to your living room, and you obtain the convenience of an extra bedroom without its cost and care.

We can show you some very fine Davenport Beds with upholstery of leatherette or tapestry. See window display.

Newest Dress Accessories in Easter Varieties

Gloves

It's a matter of importance that your Easter Gloves be well chosen and in one of the shades considered most fashionable this spring. In our stocks you will find newest Easter Gloves in leather, fabric, or silk. There are two dome, gauntlet and long wristed styles. Some of these have embroidered cuffs, others have rows of heavy stitching while yet others are plain. Gloves also among the newest varieties. Shades of brown, fawn, beaver and grey are popular.

Scarfs

A spring suit isn't quite complete without a colorful scarf wound around the throat or hanging loosely from the shoulders. In our present assortment you'll find all the new up and down and cross stripe effects in newest color blendings. There are plain colored scarfs, too, and in variety enough to suit practically any costume. Some of the more elaborate scarfs are finished with long fringe on ends. Ask to see the new "boucle" weave. We think you will like it.

Hand Bags

We have the new Underarm Bags that you have read about here. They are fitted with coin purse and mirror and you may choose from grey, brown or black. Pouch bags with fancy tops are also among fashion's favorites and are showing in many shades. Mesh Bags are in silver and gun metal; and the novelty "Bambalina" Bags are in novelty shades that lend a touch of brighter color. Then, too, there are pretty "Paisley Bags" with fancy linings and tortoise shell tops. Our Easter bag collection is very interesting. We invite your inspection. (Ground floor)

Hosiery

Color counts in hosiery for spring. There is a tendency toward the lighter shades—greys, fawns, nude, etc., however, women who prefer hosiery and costume to match will find ample room for choosing in our stocks. Plain silks in best known, reliable makes are showing in great variety, while fancy ribs for wearing with sports and street costumes are largely featured. No matter what your special preference in hosiery might be we think we can please you.

Don't Houseclean Without

The HOOVER

Housecleaning can be a thing of the past with you hereafter. And it should be, for think what a job it is with carpet-beater and broom, step-ladder and duster—and how sick and tired you are of it all.

Are you going to go through it again? Don't wait until next spring to decide. Buy a Hoover now and end housecleaning upheavals forever.

With a Hoover you can keep rugs and carpets clean the whole year through. There'll be no aching arms and backs—no outside cleaning expense.

Phone Main 2400 and ask for demonstration of this wonderful labor-saving machine. The demonstration puts you under no obligation to buy.

know Mr. Hughes and I don't think he is capable of anything like that." The case will be resumed on April 28.

The "Today" editorials of Arthur Brisbane are to be issued in motion picture form. A series somewhat similar is already being produced by Bruce Barton and several years ago the editorials of Reginald Wright Kaufman were made.

WEDDINGS

Perrin-Wheaton.

Rev. Robert G. Fulton, pastor of Centenary church, was the officiating clergyman at the marriage of Miss Annie Elizabeth Wheaton, daughter of Mr. and Mrs. Edward Wheaton, and Mr. Carl Herman Perrin, son of Mr. and Mrs. William Perrin, all of Clarendon Station, at the parsonage yesterday afternoon. Mr. and Mrs. Nathaniel A. Palmer attended the bride and groom. The groom had a good record overseas, being in the 118th battalion with Lt. Colonel F. W. Wedderburn. Mr. and Mrs. Perrin will return today to Clarendon Station where they will reside.

A Profitable Profession for Women

Paying \$30 a Month and Living while in Training

McLean Hospital Training School for Nurses offers a three years' course in the care and treatment of nervous and mental diseases, with affiliations that also offer training in medical, surgical and obstetrical work. Instruction consists of lectures and practical work on the wards, Board, room and laundry are furnished and an allowance of \$80 per month. This course is open to young women who have had one year or equivalent in High School. Entrance at any time during the year. For information apply at once to

Papering now costs less

YOU know that time means money in paper-hanging—that time, in fact, is the most expensive part of the job. But do you know that the cost of papering has now been considerably reduced by the production of Staunton Semi-Trimmed Wallpaper—that this new paper simplifies the job throughout.

It eliminates all trimming! Its selvage is cut in course of manufacture. All you have to do is rap the ends of the roll on table or floor and the selvage falls off. You can realize what a big saving in time that means.

But Staunton Semi-Trimmed Wallpaper is also quicker to hang. Being perfectly trimmed, it is easily matched. Being 22 inches in width, it takes less rolls of this paper to cover your walls and consequently less time to hang. "Semi-Trimmed" saves you money—it saves all the muss and disorder too.

Ask your dealer to show you the patterns.

Saves Time

MANUFACTURED EXCLUSIVELY BY STAUNTONS LIMITED, TORONTO

---And It's So Easy to Own a New Edison Phonograph

There are thousands of music lovers who, like yourself, desire to hear the world's best music in their homes, but who do not care to pay the price of the New Edison at one time. For them—and for you—the Edison Budget Plan has been arranged. It's very simple—just step in and select the model you desire—make a small initial payment and the instrument will be delivered at your home. Then you play as you pay—for the month-

ly remittances are so small you will hardly notice them. And what concerts you can have, right in your own living room! For the New Edison Re-Creates so faithfully that the artists themselves are with you in all save actual physical presence—it is, in fact, the only phonograph that dares the test of direct comparison with the living voice. Come in and select your New Edison.

ANOTHER BRANCH OF S.P.C. FORMED

Lovers of Animals Organize at New Denmark, Victoria County.

Carl H. Jensen of Salmonhurst, N. B., sends to S. Merritt Wetmore of the S. P. C. the news that a branch of the Society for Prevention of Cruelty has been organized at New Denmark, Victoria County. He reports as follows:

"At a meeting called by H. W. Hansen, an authorized vice-president of the N. B. S. P. C., it was decided to organize a branch of the N. B. S. P. C. at Salmonhurst. Sixteen persons desired to become members and paid a membership fee of \$1. The following officers were elected: President, H. W. Hansen; vice-president, Henry Brinkman; secretary, Carl H. Jensen; treasurer, Martinus Adams; George Hansen, Peter L. Hansen, Mike Jensen, Andreas C. Jensen, Hans E. Jensen, Swan Swanson, Fred E. Paulson, Anton Johansen, Earl G. Hansen, Peter B. Hansen were elected as a vigilant committee. We hope to increase the membership to 100 if possible. As many are interested in this cause we may expect new members every meeting. I am enclosing a copy of our by-laws and hope they will meet with your approval and acceptance. There are a few cases of neglect among the farmers here, and would like to have your advice as to procedure in like cases. I am referring to an all too common case in many districts in New Brunswick, namely semi-starvation of horses, cows and pigs. These are not cases of brutal abuse, or wilful cruelty, and the cattle may be able to walk or stand up and show no signs of disease, but will be only living skeletons, owing to a probable shortage of their only feed—oat or buckwheat straw.

"I hope our branch will be approved so we will be able to start work."

McGiffin presiding. Following a devotional period led by Mentor R. H. Parsons particulars for entrance in the national athletic meet were discussed. Further details in connection with the Alameck Camp concert were worked out and a rehearsal of a humorous sketch, "Ding-a-Ling," with Delbert Black and Christie Clarke as the chief performers, was held, much to the amusement of the camp. Leslie Hamm gave a reading.

With Alabastine and a Coarse Sponge Wonderful Opaline Tints are Attained

ANYONE with a desire for handsome walls, and guided by the Alabastine tint chart, can have beautiful effects in halls, stairways, living rooms, bedrooms, kitchen or bathroom by the use of Opaline Work. You can easily express your individual artistic taste in any room. First you cover the wall with one coat of Alabastine in the usual way, mixed according to directions on the package. Then, with a sponge having coarse or fair-size openings and cut flat against the grain, you apply the colors desired from separate dishes. Over a soft-toned background beautiful flecked or mottled effects are produced. The surface attained does not show spots or finger-prints like a plain surface, and as you know, Alabastine does not rub off. In home, store or office these Opaline Tints provide a most artistic and sanitary finish. Pleasing figured effects may be chosen to harmonize with furnishings and fabrics such as chintz, cretonne and silk, usually at less than half the cost of suitable papers. Complete directions for attaining Opaline effects with Alabastine will be furnished by paint dealers or by the makers of Alabastine. Your painter will apply Opaline Tints or you can do it yourself. "It's easy—Get a sponge and try it." Ask your dealer or send to us for sample cards of Alabastine Tints and Opaline Effects, also our Stencil Catalog.

POINTS TO REMEMBER ABOUT ALABASTINE

Mixes equally well in hot or cold water. Does not sour, spoil nor "set" when left to stand. Can be easily washed off with water and sponge, and can be re-coated several times without removing first coat.

Always smells sweet and clean.

Alabastine Opaline Effects are of unusual beauty and take the place of wallpaper. More sanitary, more economical. Hide bad wall conditions, and will not show marks or stains.

Save the Stencil Premium Label on the bottom of every package.

Floglaze
"The Finish That Endures"

Here Is a Paint That Saves Money as well as the Surface

The following is an extract from a letter that we will show on request:—

"Another old-time painter, Mr. H. Brawn, had a large house that he had already primed, and he figured that it would take seven gallons to put on the second coat. We persuaded him to try Floglaze Exterior, and we sent six gallons to do the job. After it was completed he had two gallons left, having finished the job with four gallons instead of seven."

What Determines Paint Value?

Paint value cannot be determined by the price per gallon.

It must be found in the extent to which it will cover and in the length of time which it will protect and preserve.

The real value of a paint is therefore arrived at on the value of service given annually per square foot or per thousand square feet. In other words, it is necessary to find the yearly cost of paint per thousand square feet.

Low-priced paint, covering 300-350 square feet, and lasting not more than two years, invariably gives the highest annual cost.

The highest priced paint, covering 500 square feet, and lasting at least four years, undoubtedly gives the greatest annual service value per thousand square feet.

From a decorative standpoint, the higher priced paint has more permanent colors, gives a better finish and retains a more lasting appearance.

Floglaze Exterior will cover 500 square feet, two coats, to the gallon ---a saving of 25% in material over any other kind of paint. It will give 25% greater wearing value---a saving in renewal and labor charges.

Buy Your Paint on the Basis of Annual Service Cost Per Thousand Square Feet

You would not buy lumber by the cord. You buy it by board measure. For maximum value buy your paint on the basis of the amount of surface it will cover and the number of years it will last. Paint covering 300 to 350 square feet, two coats, and selling at approximately \$4.35 per gallon, will cost \$12.40 per thousand square feet. If it lasts three years its annual service cost would be \$4.14.

Floglaze EXTERIOR will cover 500 square feet, two coats, to the gallon, and last at least four years. This gives a cost of \$12.40 per thousand square feet, and an annual service cost of \$3.10. FLOGLAZE gives a more enamel-like surface, holds its gloss longer and gives 25% better protection than lead and oil or any other paint.

Ottawa Budget Announcements Receive Approval of Many

CHANGES IN TARIFF ARE COMMENDED

Provincial Leaders See Increased Benefits for the East.

ST. JOHN OPINIONS

Hope is Expressed That Beneficial Results Will Follow.

The budget as presented to the Federal Parliament has met with very general approval among the public men of New Brunswick, and they freely expressed the opinion that it would mean a stimulation of business generally in Canada.

H. HORTON. H. Horton, of H. Horton and Sons, said that although he had not had a sufficient opportunity to grasp the details of the budget, in its fullest extent, he was very and disappointed to see that the Government had not done away with the sales tax, as he had expected they would.

J. G. HARRISON. J. G. Harrison, of W. H. Thorne Co. Ltd., when asked for his opinion, said that the new state of things was worse than the first. So far as he could see the reduction of the sales tax from 6 to 5 per cent, did not help matters materially, and so far as the changes in the tariff were concerned they complicated matters, rather than straightened things out.

A. NEIL McLEAN. A. Neil McLean, manager of Scovill Bros. Ltd., and president of Connors Bros. Ltd., said that the Government had in cutting off the sales tax on canned fruits and vegetables, effected a great saving to the manufacturers of Central Canada, but thought that they should have also included canned fish in their list of exemptions.

Here Are Candidates In Civic Election; How to Mark Ballot

Monday will be election day and will definitely settle the civic aspirations of the eleven candidates who are seeking the votes of the citizens. The polls will open at 8 o'clock in the morning and will close at 7 o'clock in the evening.

Four candidates are in the field for mayor and seven for the two commissionships. Of these two receiving the highest number of votes for mayor and the four high men in the commissionship contest will fight it out on Monday, April 28.

The Official Ballot, as follows: FOR MAYOR. G. Frederick Fisher. R. A. McAvity. H. R. McLellan. F. L. Potts.

FOR COMMISSIONERS. Alex. Corbet. J. H. Frink. W. L. Harding. R. J. Logan. R. C. McInerney. James Sprout. John Thornton.

The names of candidates that are being voted for are to be left as they are printed and the names of those for whom the voter does not wish to cast his ballot are to be marked out with a straight line. Each elector is entitled to vote for one man for mayor and two men for commissioners, but ballots are to be marked so that voting for a less number of candidates for either office does not invalidate the ballot.

A sample ballot in which the voter has selected John Brown for mayor and Edward Prince and Michael Johnson as commissioners would be marked as follows:

FOR MAYOR: John Brown, George White, William Green, Frank Smith. FOR COMMISSIONERS: James King, Frederick Queen, Edward Prince, Henry Duke, Raymond Lord, Daniel Jackson, Michael Johnson.

BENTLEY HEARD ON LIQUOR QUESTION

Chair and took up further consideration of supply. Mr. Bentley said he wished to make a few observations with respect to the revenue which the Government obtained from the liquor commission, and because he did so he hoped he would not be condemned as a one-idea man or a temperance crank.

County Member Disagrees With Hon. F. Magee - Says Duty High.

Fredericton, April 11—The liquor question was discussed in the House today by A. F. Bentley of St. John County, who said he had not been satisfied with some of the sentiments expressed in the Legislature. He disagreed with Hon. Fred. Magee as to Government control of liquor and as for his (Bentley's) temperance friends he did not think they were helping the cause by denouncing the Government. Mr. Bentley thought that the reason so much liquor was smuggled into the province was because of the high duty imposed by the Federal Government.

He wanted the prohibitory law enforced, for the battle had not been won. He opposed the province deriving revenue from the liquor traffic. Hon. Dr. Foster discussed hydro. Incidentally, he said, mirthfully, in reply to a recent remark by Mr. Richards, that if he (Foster) did not get the vacant senatorship he would still be a supporter of the Liberal party.

The House adopted unanimously a resolution moved by Mr. Scully and seconded by Mr. Smith of Albert, favoring the establishment of a prison farm for Nova Scotia and New Brunswick.

HON. C. W. ROBINSON. Fredericton, April 11—Carefully considered and scientifically adjusted as the new tariff changes seem to be, the effect upon the country must be most wholesome and encouraging. The Government has gone further than generally expected, but none too far, in my opinion. A lighter load makes easier going for the taxpayer. It was a courageous act and the whole program is a vindication of the King Government.

HON. FRED MAGEE. Fredericton, April 11—The changes in tariff and sales tax will encourage agriculturists, lower living costs and throw a ray of optimism across the continent.

HON. W. F. ROBERTS. Fredericton, April 11—Farmers, lumbermen, fishermen—the bulk of our people by the sea and on the prairie will hail with satisfaction yes.

"Lead Kindly Light." "Almost Persuaded." "Lord I'm Coming Home." "Home Sweet Home," etc. All the old favorites!

CHURCH BILL GETS SECOND READING

Matter Referred to Committee on Action of Dr. MacLaren.

Ottawa, April 11—The Church Union bill was given a second reading and referred to the private bills committee of the House of Commons tonight, following a brief discussion.

When second reading was moved, Wm. Duff (Liberal, Lunenburg) rose to address the House. Robert Forke, Progressive leader, who moved second reading, interrupted to say that he had an understanding with Mr. Duff that there would be no debate on the bill at this stage.

Mr. Duff replied that on his part he had understood that the bill was not to be introduced until after Easter. He did not wish to make a speech but merely to enter a protest. Dr. Murray MacLaren (Conservative, St. John-Albert), said that there was no objection to the incorporation of the United Church of Canada, provided that those who did not wish to enter it might remain in their Mother Church. Some Presbyterians had objected on the ground that the petitioner, or moderator, had not been authorized by the General Assembly of the Presbyterian Church. The matter was now before the Supreme Court of Ontario, and decision was being sought on the question as to whether the procedure was constitutional. Dr. MacLaren stated that he joined with Mr. Forke in urging that the bill be sent to the private bills committee.

Capital Punishment. Most of the day was devoted to a discussion of William Irvine's bill to substitute life imprisonment for the death penalty. On a midnight division the bill was defeated by 92 to 29.

Word was received in the city yesterday that Mrs. Louise Leclachur had been invited to attend the reception to Madame Florence Eaton, the great Canadian soprano, at New York. This is regarded as a high honor, as only the leaders in the musical world are to be present.

CITY PAID IN MARCH \$202,859

Here is List of Main Amounts Over Counter at City Hall.

OLD BILL LARGEST

N.B. Power Commission Get \$74,000 for Account Up to January 31.

The amount by the city comptroller for March totalled \$202,859.98. HIGHEST AVERAGES IN SUSSEX SCHOOL

Pupils on Honor Roll For Month of March—Several Tied

The following are the names of the pupils in Sussex schools Grade V. to VIII. who made the highest averages in month of March. The names are arranged in order of merit, and those marked in brackets were tie.

Grade V.—Fayette Campbell, Robert Colpitts, Marjorie Colpitts, Fred Shannon, Elizabeth Bayley, Eva Kelo, Jean McDougall, Mary Lewis, Clifford Floyd, Dorine Goudart, Bertram Hovey, Harry Nutter, Gordon Colpitts, George Campbell, Dorothy Cameron, Howard Price, (tie), Connel, Arthur Freeze, Lottie Wilson, (Edith McLeod, Christine Brighton).

Grade V. (overflow)—Fred Radcliffe, Hilka Friars, Melvin McKinley, (tie), Edna McNaught, Marguerite Reid, May Weaver.

Grade VI.—Helen Floyd, Glennie McQuinn, Dorothy Cripps, Clifford McEwen, Frances Trefrey, Beverly Sharp, Jennie Kyle, Russel McQuinn, Con Smith, Gladys O'Don, Stephen Gédard, Dora Alexander, Melina Bell, Lindie Thompson, Edith Dyer, Arthur McIntyre, Carl Myers, (Alice Breen, Alvin Hawkes), Robertson Bonnell.

Grade VII.—Elizabeth Murray, Ruth Manning, Susie Cameron, Florence Gambelin, John Price, Mary Wilson, Mildred Titus, (Marjorie Rouse, Muriel Lejars), Verma Patterson, Tilly Asbell, Jack Nutter, Ada Chapman, Florence Robinson, Joseph Mahoney.

Grade VIII.—Jack Prescott, 88.5; Harold Cox, 82.5; Geraldine Howard, 82.3; Louis McKenna, 82.5; Mollie

CORNS

Lift Off—No Pain!

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the callous, without soreness or irritation.

Freeze, 81.3; Faye Nice, 79.5; Florence Nodwell, 78.8; Helen Roach, 77; Aubrey Kelo, 76; Queeny Brooks, 75.3; Ian MacPherson, 75.3.—Kings County Record.

ENGINEER RESIGNS

Halifax, N. S., April 11.—Declining to accept a ten per cent. cut in his salary, which cut it to apply to all civic officials, F. W. W. Doane, city engineer, last night tendered his resignation to the city council. This relieves a difficult situation brought about by the demand for a reduction of the city's engineering staff.

FREAK BANQUETS COMING TO FORE

Experts of the Restaurant World Say Sensational "Feeds" Popular.

Experts of the restaurant world say that the ten years' twilight of the sensational banquet is about to lift. Yet it is hardly likely to have the

vogue it did. Before the war people lingered much more over their meals; today the strains from the ballroom are too insidious and much too con- quering to justify a very lavish set- ting for a banquet, writes St. J. W. in "The London Daily Mail."

Perhaps the most remarkable ban- quet that was ever given in London was that which George A. Kessler gave at the Savoy some years ago. It aroused more talk than any other banquet in the world.

He decided to hold it in a floating

gondola, and to enable this to be done the courtyard at the back of the hotel was filled with water, after having been made watertight. Then the gon- dola was floated and the surroundings were transformed into a corner of Venice. The courses had to be pad- dled across the "lake" to the gondola, where the dinner was served—by wait- ers in Venetian costume.

The famous "Red Dinner" at the same hotel was a weirdly strange ex- perience. This was given by a man who had won heavily at roulette on

the Riviera; and rouge had been his favorite color.

Everything in the room was red—the ceiling, the floor and the table- cloth. The waiters were dressed en- tirely in red, even to their collars. The electric lights were red. The chef provided a menu in red, or reddish, food, and the table itself represented a huge roulette table.

If the "freak" banquet comes back into its own the reversed menu will probably be called upon to do its share. That idea was instituted when Gustave Hamel and B. C. Hucks were entertained at the Royal Automobile Club after looping the loop, and they began their dinner with the coffee.

After this spell of comparative abey- ance it is possible that the banquets of tomorrow will have a touch of real sensationalism. New York has already led in this respect. Lions from a men- agerie were introduced at one great feast held here not long ago, and they wandered round among the guests.

And there are the annual banquets of the New York Reptile Society, the members of which often take their pet snakes to dine with them.

EXPLORER ARRIVES

The steamer Canadian Explorer, from London and Antwerp via Halifax, ar- rived in port last night and anchored

in the stream until she had a chance to berth to discharge general cargo.

Vote For the Two Macks.

MASTER FOUR 24-35 SPECIAL

A "Four" With Four Wheel Brakes

IN designing Four- Wheel Brakes on its Master-Four models as well as on the Sixes, McLaughlin-Buick has added greater safety to a car already recognized for its sturdiness, high-grade construction, power, beauty, comfort and efficiency.

The new Master-Four is the logical car for the motorist who wants economical transportation in a car of whose appear- ance and performance he may be justly proud.

\$200 to \$400 Saved on this Studebaker Light-Six

Here is a car priced at \$1,465 which, built by ordinary methods, would cost you from \$200 to \$400 more.

It is in scores of ways the leader of its class. No rival car compares in the value that it offers.

It is built by the largest maker of fine cars in the world. By a maker who builds 150,000 quality cars per year. So such major costs as engineering, overhead, dies, etc., are divided by 150,000.

It is built in a model plant, with up-to-date machinery. And the savings go to you in values none can match.

Some extra values

Same steels as we use in the costliest cars we build. On some we pay 15% premium to makers to get them exactly right.

Designed and built under an engineering department which costs \$500,000 yearly.

Each car gets 32,000 tests and inspec- tions in the making.

The bodies are beautiful creations. The finish and coach work show the final touch.

More Timken bearings than any com- petitive car within \$1,500 of its price.

Genuine leather cushions, ten inches deep. Unusual equipment.

Crankshafts machined on all surfaces as was done in the Liberty Airplane Mo- tors. This to insure perfect balance.

25,000-mile audited tests made on 329 cars show lower operating cost by 11.4% than the average of its rivals.

72-year traditions

Built by a maker whose name for 72 years has stood for quality and class. Whose assets of \$90,000,000 are staked on serving you better than others. Whose model factories costing \$50,000,000 have been mostly built in the past five years. By Studebaker, for whose cars last year 145,167 people paid \$201,000,000. Whose sales have almost trebled in three years.

Come see what this Light-Six offers. See its many extra values, its beauty, its comfort, its luxury.

Do that and you will choose this car if you have in mind anywhere near this price.

THE EVENING TIMES-STAR, ST. JOHN, N. B., SATURDAY, APRIL 12, 1924

Changes in Tariff Are Commended

(Continued from page 9)
today's Ottawa budget. The British preference stands firm and will still strengthen the bonds of the Empire. The people will appreciatively recognize the debt reduction, reduced taxation and the sound efficiency of the King administration.

HON. W. E. FOSTER.

Fredericton, April 11.—The budget just delivered being along the line as laid down at the Liberal convention of 1919, will be well received throughout the country. While the reduction of the sales tax is not as large as those who have to provide for it would like, yet it is a relief to know that the Government was able to go to the extent they have, and this, together with the other changes tending towards the reduction of taxes, and still balancing the budget will tend to inspire better confidence.

Let us hope that the results will prove beneficial and that the next step will be towards the relieving of those who pay taxes on smaller incomes.

ANGUS McLEAN.

Bathurst, April 11.—In my humble opinion the reductions just made in our tariff are a decided move in the right direction.

While it entails a loss in revenue, this can easily be made up by a continued practice of economy and greater reductions in expenditures.

Our taxation has become so burdensome that it has driven away large numbers of our people who could not pay the high cost of living in Canada. We must lighten our cost of living in Canada. We must lighten our cost of production and this decrease in taxation will materially help.

What we need in Canada today is cheap goods and we must get these by hard work and efficiency in production. One way to bring this is by competition. There are too many artificial restrictions on industry today and these should be removed.

We have too many people today who are living on the industry of a part of our population.

We need to think more about how to produce and less about shorter hours and selfish indulgence.

When we have demonstrated by our own efforts what industry and thrift can accomplish in this country then and not till then, can we expect to see the hoped for emigration flocking to Canada.

When this happens our burden of taxation will disappear.

I consider the Government at Ottawa should be commended for the courage they have shown in handling this contentious matter of tariff.

A. F. BENTLEY.

Fredericton, April 11.—The change in Canadian tariff will be in the interests of the great consuming classes.

Healthy competition and the law of supply and demand have been arrested by our high tariff.

High protection aims to eliminate competition and then by combine and monopoly improperly seeks to control output and fix prices. The changes will take a brick from the tariff wall which protects the classes at the expense of the masses.

The reductions will be especially

welcomed in the Maritime Provinces.

J. S. MARTIN.

Fredericton, April 11.—I am in entire accord with the tariff changes submitted. Their encouraging effects on general business conditions in the Maritime Provinces will be marked. Lumbering operations and farm conditions must benefit. I look for an improvement in the labor situation and in general

business. Particularly gratifying is the step in the direction of reduced taxation, relief on necessities of life and the national debt reductions.

W. E. SCULLY.

Fredericton, April 11.—The reductions in the tariff are in line with the Liberal platform and will benefit the country. The reduction in the sales tax will benefit consumers generally,

and the farmers, lumbermen and fishermen in the Maritime provinces will profit by reduction in the tariff on the implements they use. The cost of living will be reduced by the changes announced and they should therefore be very welcome.

The provinces by the sea have much to gain by tariff reduction and the whole country needs a lower cost of living to stimulate enterprise and hold our own people. The Liberal Government at Ottawa has adopted a wise course in lightening the burdens on basic industries, and larger production and improved trade should result.

R. O'LEARY.

Richibucto, April 11.—From a cursory glance at the budget I can only infer that the Government of Canada is delivering the goods in exchange for Progressive support. This country needs protection of all its industries if the exodus of our population is to be checked and no reductions in tariff should be made for one class while rect taxation is applied to the others.

J. W. SCOVIL.

Fredericton, April 11.—Tariff reductions should be very pleasing to all farmers, miners, lumbermen and fishermen. The reduction on farm machinery while not large will be a material benefit to agriculture which is suffering from low prices, high cost of production and restricted markets. The fishermen will welcome the reduction on lines, hooks, ropes and all materials going into nets, as the fishing industry needs all the assistance that can be given it at the present time. The reduction on sales tax is a little disappointing as business men were looking forward to having it cut in two.

A. C. FAWCETT.

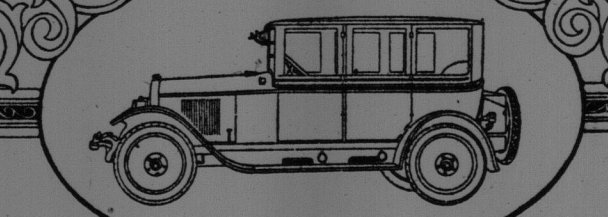

Fredericton, April 11.—I believe the reductions on the Canadian tariff and in the sales tax recently announced at Ottawa, is a move in the right direction. The present Government was elected on the promise of a reduction of taxation, and I have never been able to understand why a policy which secures a majority of the voters should not be put into effect.

HON. D. W. MERSBREAUX.

Fredericton, April 11.—I consider the changes in tariff as presented in budget yesterday will work greatly to the advantage of the agricultural interests of Canada and will go a long way to bring closer together the Progressive and Liberal parties and is in accordance with the Liberal platform adopted at Ottawa in 1919.

HON. J. E. HETHERINGTON.

Fredericton, April 11.—From information given in the press re tariff changes I would judge that it should be a great relief to farming interests in Canada as well as to our lumbering industry. The change in sales tax should be satisfactory.

The New Gray-Dorts Prove That This Company Gives Greatest Values

THE new management of Gray-Dort Motors Limited believes that no company in the industry is in a better position to give heaping value to the purchaser of an automobile. The new Gray-Dorts prove it.

This factory has never before produced cars so staunch, so carefully built, so extremely satisfactory in the hands of the users.

A dozen refinements have been added to make the Gray-Dort smoother, quieter, stronger, more economical. Yet Gray-Dort prices are amazingly low.

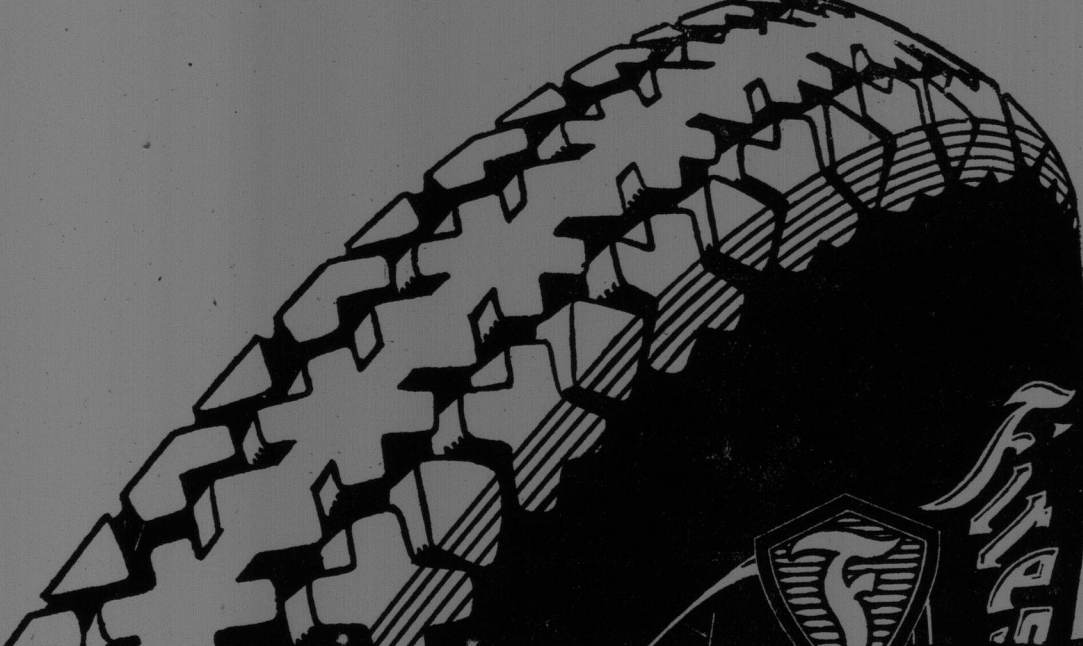

Only our determination to make the Gray-Dort the outstanding value in the automobile industry makes these prices possible.

By all means see the Gray-Dort before you decide on the purchase of a car.

Why Gum-Dipped Cords Carry You Farther at Less Cost

How far a tire goes depends upon how much friction is generated inside the carcass, for friction causes wear in a tire just as it does in your motor.

In Firestone Gum-Dipped Cords a special Firestone process thoroughly insulates each cord in a solution of new, live rubber. Cords cannot rub together, so friction is guarded against and wear minimized.

You can reduce your tire expenditure this season by equipping with Gum-Dipped Cords. They will carry you farther at less cost and help make every mile safe and pleasant.

There is a dealer near you who likes to give value. He sells Firestone Gum-Dipped Cords and Steam-Welded Tubes—the tube that increases mileage because it is leak proof.

No Matter What Tire Price You Want to Pay I Can Meet Your Ideas of Cost

AREN'T you a little tired of reading sensational advertising on tire prices, "guaranteed" tire mileages, preposterous so-called "savings"?

I believe a great many folks don't fully realize they can select from the complete Goodyear Tire line, one that fully meets their ideas on road-grip and mileage at a price they want to pay.

Every Goodyear in my whole range is a quality tire—not a low mileage tire in the group. In the 30 x 3 1-2 group, alone, for light cars, there are five Goodyear Tires, differently priced to suit you. Every one quality clear through.

I want to tell you more about our Goodyears for big and little cars. I want you to know our prices. Stack them against these advertised "wonderful bargains."

The superiority of Champion Spark Plugs was recognized by the International Exposition at Rio de Janeiro in 1923 by the Award of Merit and a Gold Medal.

Go into any equipment store and compare a Champion side by side with any other spark plug—no matter what its price.

The superior design of Champion and its finer finish will be readily apparent.

But you must drive with a new Champion in every cylinder to know just how much better Champions are.

Thousands of motorists have proved that it is real economy to install dependable Champions by the full set at least once a year.

Engine performance improves. There is more power and speed. Pickup is faster. You actually save in oil and gas.

More than 8,000 Canadian dealers sell Champions. You will know the genuine by the Double-Ribbed siliamantite core. Champions are fully guaranteed. Champion X is 80c. The Blue Box 90c.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

CHAMPIONSHIP BOUTS AT ARMORY PROVE HIGHLY INTERESTING SERIES

Final of 126-Pound Class, However, Causes Difficulty.

The New Brunswick boxing championship bouts at the Armory last evening provided a wonderful athletic treat. It is conceded by hundreds who were present that the programme of events was one of the most interesting ever staged in this city and to the participants and the efficient committee of the Y. M. C. I., under whose auspices the championships were held, go the laurels for the highly interesting evening's entertainment. While there were a few disappointments, which is customary in every tournament, due to some of the entries failing to show up and others being disqualified by the doctors, the show on the whole was an unequalled success and reflects credit on all concerned.

One of the greatest events on the programme was the preliminary bout in the 126-pound class between Louis Donovan, Maritime flyweight champion, and Bruce Winchester, both of this city. Donovan proved to be a much harder hitter than his opponent and was awarded honors. Time after time he had Winchester groggy and finally landed a kayo which terminated hostilities. The latter's gameness was a feature and his efforts won the admiration of all. From the top of the gong the boys started right in and many hard blows were landed by both. Donovan working a fast "one-two" style soon took the lead and began to pile up points, although Winchester he found himself pitted against a youth game to the core and always right there willing to give and take. When the end came the applause was deafening.

Every other bout on the extensive programme was also interesting and many a thrill was given to the fans present as this or that one came through with an unexpected rally. The work of Les Burns, a youngster in the 100-pound class, who fought his way through to the championship, was a feature. Although only a slip of a boy he showed a real knowledge of boxing, was cool under fire and quick to take advantage of every opening or lapse on the part of his opponent.

Pat Whipple, who refused to stop smiling although he was stopping everything in the ring, was general favorite. There was no stopping him, and although he was outpointed in the final of the 112-pound class, he made many friends. He was latterly proved to be a clever boxer and a willing mixer, but he lacked the physique of his older and more experienced opponent and after the bout had gone into the second round, Referee Donohue ordered it stopped and gave Kennedy the award.

Donovan met Eric Snow of the Tro in the final of the 126-pound class. The 135-pound class proved one of the disappointments of the evening. Harper, who was entered and who was expected to give "Ned" Kennedy a real go for the title, was refused admittance by the doctors. As a result Kennedy had only one opponent, Farrell Britt. The latter proved to be a clever boxer and a willing mixer, but he lacked the physique of his older and more experienced opponent and after the bout had gone into the second round, Referee Donohue ordered it stopped and gave Kennedy the award.

CANUCKS WINNERS IN HOUSE LEAGUE

The Y.W.C.A. House League basketball championship was won by the Canucks on Wednesday evening at the Recreation Centre, when they won 12-10 against the Beavers in a closely contested game. Miss G. Richards refereed and girls' rules were used. Henry Holgate the consulting engineer, and not for any other reason. With regard to the situation in St. John, he had been unfairly criticized. He had done all that he could for the city and the power company, and regretted his failure to do so, and still believed an agreement should have been made. The old company would make no substantial reduction in rates, but now, as a result of Musquash development there has been a great reduction. He believed St. John would provide a market for all the subjects outlined in the speech. For not having dealt with it he had been criticized by the hon. leader of the Opposition. He (Bentley) wished it understood that he was always willing to give reasons for his belief or take the consequences.

Mr. Foster discussed the method of keeping the Musquash accounts and said it was the method recommended by Price, Waterhouse & Co. He went into a detailed analysis of the financial position of the Musquash development and made comparisons with other projects and stoutly defended the local enterprise. He endorsed Grand Falls development and alluded to the expansion of the pulp and paper industry that would follow.

Regarding prohibition, he had two years ago outlined a policy the same as that recently outlined by Hon. Mr. Magee. He believed it would be tended toward true temperance.

In the House this afternoon Mr. Scully's resolution asking the Government to confer with that of Nova Scotia regarding an industrial farm was passed without debate, after Mr. Scully had made a brief but very strong speech in its favor.

April 9 was Mary Pickford's birthday, and while no official figures are available it is believed she is about thirty years old. She can pass for anything from sixteen years up and age cannot wither nor custom stale and so forth.

KID ROY HOLDS CHAMPIONSHIP

Montreal, April 12.—Leo Kid Roy, champion featherweight of Canada, successfully defended his title here tonight when Tommy Nee of Boston quit in the sixth round of his scheduled ten round bout with the champion. His seconds threw their towel in the ring.

Teddy Cossette, local featherweight, was awarded the decision in a ten round bout with Kid Duke of Lewiston, Me., in the semi-finals. Cloris Durand, local featherweight, was given the decision over Jimmy Manning of Boston in a six round preliminary bout. Gravel, local featherweight, got the decision over Jimmy Sherron of Boston, in a six round preliminary bout.

The Civic and Civil Service Baseball League held a reorganization meeting last evening with Fred Shannon presiding. The following officers were elected: Hon. president, the Mayor-elect; president, Charles Day; vice-president, Andrew Martin; secretary, Philip Lavore; treasurer, John Bain.

There was a general discussion regarding grounds, players, rules, etc., and the meeting adjourned until April 25.

Three teams have so far entered, Post Office, Customs House and Public Works, while the Water Department team is expected to enter by the next meeting.

Makes Boston Boxer Quit in Sixth Round in Montreal Bout.

Abbies Are Defeated By Mount Allison

Sackville, April 11.—Mount Allison University basketball team defeated the Charlottetown Abbies 22-8 in the college gym here this afternoon, the visitors being entirely outclassed. The first period ended 20 to 0 in favor of Mount Allison.

In the second period the visitors showed up a little better, securing eight baskets, while the college boys increased their lead by 32.

The Blacks team took three points from the Charlottetown team in City League games on Black's alley last night. The scores follow:

Team	Total	Ave.
Blacks	90	91.75
Lewis	81	75
Simpson	80	84.107
Walker	80	78
Fullerton	88	76

Wonderful Tea!

Users of KING COLE Orange Pekoe are frequently heard to remark: "It's really wonderful tea." This is not particularly in reference to its outstanding quality although that is necessarily included, but is due to the wonderful way it "spends." For KING COLE Orange Pekoe is a rich liquoring tea as well as a deliciously flavorful one. Skillful blending combines these two great tea qualities for your enjoyment.

MUTT AND JEFF—THEY'RE DIGGING FOR SOME HAM AND EGG MONEY TODAY

JEFF, DID YOU HEAR ABOUT GUS GEVEMER'S GRANDPAP KICKING OFF?

NO, MUTT, I DIDN'T!

IT'S RATHER AN UNCANNY STORY: HE WAS BORN IN SKEEYVILLE BUT HE TRAVELLED ALL OVER THE WORLD; IT SEEMS HE ALWAYS SAID HE KNEW HE'D DIE IN SKEEYVILLE.

LAST WEEK HE RETURNED TO SKEEYVILLE FROM CHINA AFTER AN ABSENCE OF TWENTY-TWO YEARS, AND TWO DAYS LATER HE DIED; UNCANNY, I CALL IT! HE SAID HE KNEW HE'D DIE IN SKEEYVILLE AND HE DID!

I WISH I KNEW WHERE I'M GONNA DIE.

WHAT GOOD WOULD THAT DO YOU?

WELL, I WOULDN'T GO NEAR THE DARN PLACE!

OOWAH!

BUM!

News Notes Gathered From World of Stage and Screen

**AUTOMATIC FILM
OPENS NEW FIELD**

**1,000 Foot Reel is Repeated
Indefinitely—Advertising
Scheme.**

There is now showing in London an astonishing automatic cinematograph. The entire outfit occupies a little more space than a grandfather's clock. The motion picture is where the clock's face should be. The lantern, which is electric, is inside the clockcase on the ground. The machinery, which exposes a 1,000-foot film, winds it up again and then proceeds to repeat the performance indefinitely, is stowed away inside the back of the clock case. The exposure takes 20 minutes; the re-winding process, during which a still writes a special correspondence from London to "The Christian Science Monitor."

The film is said to be fireproof, and let it should get out of order it travels at a uniform pace throughout. To render this possible the lens moves forward at exactly the same speed as the film, to jump back with lightning rapidity as each view passes, thereby regaining position to repeat the process as the next view comes on. In other words, it is the lens and not the film which alternately advances and stops in quick enough stages to deceive the eye. The motion picture, which is to be used for advertisements, thus runs smoothly through all its scenes. If anything goes wrong the machine turns off the light and stops itself.

It is asserted that the machine may be left running unattended for days or weeks in railway junctions and hotel entrances, its only working expenses being those for lubrication, electric current and wear and tear. A clockwork attachment enables the owner to confine its running to such hours in the twenty-four as he may deem convenient. The pictures are so well illuminated that they can be seen by day as well as by night. If the outfit does not revolutionize British railway station advertising, it must possess drawbacks that are not easily apparent to the ordinary observer.

WELL ENTERTAINED

Mr. and Mrs. C. A. Brown entertained the Lady Nomads and the gentlemen D. O. K. K.'s at their home, 86 Lancaster avenue, Wednesday evening. The time was pleasantly spent in games and music. Mrs. Brown was assisted by Mrs. T. W. Perry and Mrs. Harold Stears receiving the guests. Mrs. Reid Dunham and Mrs. T. W. Perry presided over the tea cups, while Mrs. Harold Stears and Mrs. Brown served the guests. Those present were Mr. and Mrs. T. W. Perry, Mr. and Mrs. Reid Dunham, Dr. and Mrs. Westrup, Capt. and Mrs. Alpett, Mr. and Mrs. O. S. Dykeman, Mr. and Mrs. Lindsay Dykeman, Mr. and Mrs. William Lowe, Mr. and Mrs. Fred Perry, Mr. and Mrs. E. Kincaid, Mr. and Mrs. Bell, Mr. and Mrs. A. G. Brown, Mr. and Mrs. Chas. Green, Mr. and Mrs. Beiding, Mr. and Mrs. Harry Black, Mr. and Mrs. George Lemon, Mr. and Mrs. Smith, Mr. and Mrs. T. H. Reid, Mr. and Mrs. O. Price, Mr. and Mrs. P. B. Brennan, Mr. and Mrs. H. Wetmore, Miss Anna Perry, Miss Hilda Dykeman, Mrs. Grace Perry, Douglas Perry, Miss Denning, Gordon Perry and others.

Those winning prizes in a game contest were: Ladies, Ist, Mrs. Westrup; 2nd, Miss Denning; gentlemen, Ist, Geo. Lemon; 2nd, C. A. Brown.

**ROUNDHOUSE TEAM
WINS CLERICAL CUP**

The C. N. R. Roundhouse bowling team won the championship of the Clerical League last evening when they defeated M. E. A. Ltd., by taking all four points. The outcome of the match last night gives the Roundhouse boys the first win on the handsome cup donated by the C. N. R. Telephone Co., Ltd. Following is the score:

**Hart Splits With
Famous Players**

Hollywood, April 12.—William S. Hart will not renew his contract with the Famous Players-Lasky Corporation. Although it is not known what his future plans are, a telegram from Mr. Hart, who is now in New York states:

"I have always made my pictures independently and as I cannot do any longer on the Paramount programme, I cannot see my way clear to enter into a new contract with them."

"Nearly three months ago Famous Players-Lasky and myself terminated our then existing contract," says Mr. Hart.

"As it then appeared possible a new contract would and could be made no statement was given out by either side and negotiations for a renewal have been going on ever since. Many obstacles had been overcome. But the main proposal made by Famous Play-

**Day Laborer Is Star
Playwright of Ireland**

Dublin, April 12.—Sean O'Casey, a young day laborer of little education, has written two of the most powerful plays that have been produced at the Abbey Theatre here. All critics agree that O'Casey is now the leading playwright of Ireland, despite the fact that he has no education, except that which he picked up himself, and has no idea of dramatic technique. "The Shadow of the Gunman" was his first play, and his latest, which is now running at the Abbey, is called "Juno and the Peacock." He is 32 years old.

Is Clever Athlete

DON CABLE
Popular employe of Canadian Pacific Steamships, Ltd., who will try for a position on the Canadian Olympic team. He is a clever discus thrower and wrestler. We let at here until the close of the winter port season.

In operation May first. This service will be practically the same as that in effect last year, and in addition, the Sunday Fredericton train, serving suburban territory, will be put on on May fourth, which is somewhat earlier than last year. The figures covering arrivals and departures of all suburban trains will be announced in a day or two. In the meantime those desiring to do so, can make their arrangements in accordance with this preliminary announcement.

tion series for the Eastport championship tourney the latter part of this month, the Y. M. C. I. team defeated the Imperials last evening, rolling up a total pinfall of 1897 to 1879.

Winnipeg, April 11.—Charges of irregularities in a public terminal at the head of the lakes were made just before the close of yesterday's session of the Royal Grain Inquiry committee. The name of the elevator was not disclosed, but it was said the alleged mixing had occurred within the last three or four years.

Fresh as the Morning
So much of the charm of a bedroom depends upon its air of immaculate daintiness. That's why women throughout the Dominion prefer colorful, durable **Gold-Seal Congoleum Art-Rugs** for the floors of those rooms in which cheerfulness and cleanliness should reign. And you're sure to find several patterns to match the draperies and cretonnes.
Patterns for Every Room
These popular rugs come in such a wide range of attractive patterns that it's easy to choose one appropriate for any room in the house.
Besides delightful floral designs for the bedroom, there are richly colored Oriental motifs for living and dining-room, and neat tile effects for kitchen and bathroom.
And the tedious housework Congoleum Rugs save! Just a few strokes of a damp mop make them clean and bright as new. Then, too, they lie flat without fastening of any kind.

Popular Rug Sizes—Popular Prices
9 x 3 feet . . \$4.50 9 x 9 feet . . \$13.50
9 x 4 1/2 feet . . 6.75 9 x 10 1/2 feet . . 15.75

N. B. FOLK HOME FROM ENGLAND

Arrive Among Many Reaching Sand Point on Two Steamships.

On board the Canadian Pacific steamship Montclair, which arrived in port early this morning, from Liverpool was a land party of 118 men, who are coming to Canada to take up farming. They were in charge of A. E. Warren, of the department of Colonization and Development of the C. P. R., and on their arrival here were met by Captain Andrew MacDuff, colonization agent at Atlantic ports. Included in this party are men who intend making a study of the soil and will then purchase tracks of land to develop in their own interests. There were 34 Danish farmers in the party who are en route to Edmonton, Alta., where positions await them.

Mr. Warren, who was in Ireland recently, predicts that there will be a large movement of men from that part of the British Isles to Canada. He said when he addressed the 75 bush workers the response was so great that it required police reserves to keep order.

In addition to this large land party the liner brought people of Canada and the United States, who are returning to their homes after enjoying the Mediterranean cruise on the Empress of Scotland.

The liner had a total of 210 cabin and 772 third class passengers, which comprised 207 British and Scandinavian and three Continentals in the cabin, and 692 British and Scandinavian and 80 Continentals in the third class. There were five unaccompanied children, who are destined to points in Upper Canada and the West.

Gets Special Train.

Among the prominent passengers were Mr. and Mrs. F. Ayscough of St. Andrews, who spent the winter months in England. In conversation with a representative of The Times he said he would remain at his summer home in St. Andrews until the fall and would then in all probability return to England. He was formerly a large merchant in China, but two years ago retired. He left here on one of the special trains and was to stop off at McAdam Junction. He made arrangements to have a special train take him to St. Andrews from West Junction.

Rev. F. V. Abbott, Church of England rector of the parish of Morphet, Howard and Clearville, Ontario, is returning to his home after six months successful deputizing for the Church Society throughout England. His work was on behalf of the church in western Canada.

Dr. E. A. Hoffman of Rochester, N. Y., returning after an extensive tour through Europe. While in southern Germany he visited the Tubing General Hospital to study the methods carried on there. He found that their system was similar and was both thorough and efficient. He visited Italy, Switzerland, Germany, Belgium, France and England and while there was primarily on pleasure he also took the opportunity to study conditions. In Germany he found that the people were progressing favorably and that business conditions were not as bad as depicted. He said merchants there were waiting for a settlement of reparations and once this was accomplished they hoped to start up more extensively. He met some men who prior to the war were millionaires and who were now practically penniless.

Other prominent passengers were: E. L. Wanklyn of Montreal, assistant to the vice-president of the C. P. R., who is returning home after a visit to England. He is accompanied by his wife, P. E. Moran, one of the Montreal Harbor Commissioners, who was in England on business and pleasure since and who is en route to his home. Mr. and Mrs. R. Blackburn of Ottawa, A. J. Ayer of Montreal, E. Hill of St. Stephen, N. B., Capt. F. Hopper of London, Eng., Dr. J. Lyon of Wallace, Eng., and Miss M. E. Travis of Hampton, N. B.

In addition to the large passenger list the Montclair brought 2,400 tons of general cargo, 590 packages of parcel post, 242 bags of magazines and papers, and 254 bags of letters.

The passengers were to be sent forward to their destinations in four special trains, the first left West St. John at 12:30 o'clock carrying the cabin passengers, and the other three were booked to leave at 7, 8 and 9 o'clock this evening. Three special trains carrying passengers from the Melita, which docked last night, were also to be sent forward this afternoon with the third class passengers.

The voyage across the Atlantic was uneventful and no stormy weather was encountered. This is the last trip of the Montclair to St. John this season. Melita brings 1,512.

The steamer Melita, Captain A. H. Clews, of the Canadian Pacific fleet, arrived in port yesterday afternoon from Antwerp, Southampton and Cherbourg, and docked at Nos. 2 and 3 berths. Sand Point about 6 o'clock. The ship brought a good general cargo while her passenger list comprised 186 cabin and 976 third class, a total of 1,162. The cabin passengers consisted of 121 adults, two infants and 18 children, while in the third class were 874 adults, 88 children and 14 infants.

It was nearly 7 o'clock before the ship was cleared by the port physician. The cabin passengers were then landed, examined by immigration officials, and their baggage examined by the customs, after which they left on a special train about 10 o'clock. The majority are for Montreal, Quebec and Ontario points, with a few bound to the west.

Among the prominent cabin passengers were: Lt.-Col. Percy Byng Hall, of Osborne, England, who is on a visit to Canada; Col. K. E. and Mrs. Clayton-Kendy, en route to Montreal; Col. Charles Collard, of Duncan, B. C.; Dr. G. R. and Mrs. Lockwood, for New York; and Rev. W. D. Stenlake, for Montreal.

DRIVE COMMITTEE REPORTS.

The committee representative of the various Catholic societies, which is assisting the Y. M. C. I. in its drive in connection with the sale of tickets for the gymnastic exhibition to be held this month, met last evening at the Institute. Ward conveners presented reports which showed that fairly good results had been achieved. The drive will be continued next week, according to the decision reached at the meeting.

LOCAL NEWS

NOW IS NURSE.

Friends of Miss Edith R. Keirstead of Robesay are pleased to know that she graduated from the Lawrence General Hospital on April 11.

WAS ON SAD MISSION.

Miss Alice Allingham has returned from Chicoutimi, Quebec, where she had been called owing to the sudden death of her sister, Mrs. James Cosentino. The body was taken through Moncton yesterday enroute to Sydney where burial took place this morning.

IS SENT UP FOR TRIAL.

At the afternoon session of the Police court yesterday, one man, charged with being drunk was remanded. Robert Pollock, charged with a serious offense sent up for trial. W. Grant Smith, appeared for the prosecution, and E. J. Henneberry, for the accused.

TO START BANK PROBE.

Hon. H. A. McKeown will leave tomorrow afternoon for Ottawa to begin proceedings in regard to the Home pointed sole commissioner. He will likely be absent from the city until Easter.

DR. AND MRS. BAXTER HOME.

Hon. Dr. J. B. M. Baxter, K. C., accompanied by Mrs. Baxter, arrived home today from Ottawa. Dr. Baxter expects to remain here until April 28 to attend to some legal business which has been accumulating on account of his absence while attending the Federal House sessions.

A USEFUL BOOK.

Thanks to Messrs. C. E. L. Jarvis & Son, representing the Eagle, Star and British Dominions Insurance Co., Ltd., The Times-Star has received a copy of the British Dominions Year Book for 1924, a handy and comprehensive volume of reference containing many well indexed outstanding facts not only relating to the Empire at large but to the new Empire.

WILL LIKELY BUY BUILDING.

The Civic Power Commission met this afternoon at 2:30. Among the matters under consideration were the tenders for poles and line materials and the purchase of the Boves building by the Commission. It was said this morning that in all probability the Commission would decide to buy this building as it was the most suitable of any which the committee had inspected.

WILL STUDY SCHEDULE.

There was received at the Board of Trade this morning a copy of the proposed freight classification No. 17 which is to replace the present classification. The Canadian Freight Association has been given consideration and all objections to increase are filed with them soon. This is a volume of some hundreds of pages. It can be seen by interested parties at the Board of Trade office. The schedule will be taken up by the traffic committee of the board and studied by them to see if they have any recommendations to make.

WAS BUT FEW DAYS ILL.

Albert Edward Belyea, a well known carpenter of West St. John, died at the general hospital this morning at 9 o'clock after an illness which lasted only three days. He was 68 years of age and was survived by his wife, three brothers, J. Medley, Samuel and Burpee Belyea, all of West St. John, and three sisters, Mrs. J. H. Wetmore, Mrs. B. B. B. and Mrs. J. Rowley, and Mrs. Ellsworth McBeath, both of West St. John. The funeral will take place on Monday afternoon at 2:30 o'clock from his late residence, 138 Ludlow street.

FOUR FROM ST. JOHN ARE FOR DEGREES

Law School Graduates Will Go to Fredericton This Year.

The first examination for the year in the local U. N. B. Law School will be held on Monday when A. N. Carter sets his paper on sales. On Tuesday Hon. J. B. Armstrong will follow with his paper on wills, and examinations will be held on different days throughout the week. For the third year students, or those who are writing their final, three papers will be written next week and three the following week. From now until the end of the present term, which comes in April 28, the Law School in the Pugsley building will be a busy place during the evenings, as nearly all the examinations are to be held at night.

There are eleven students in the graduating class this year, including one lady, Miss Margaret Teed, daughter of M. G. Teed, this city. Other members of the final class are: E. B. McLatchey, Campbellton; F. Dodd Tweedie, Woodstock; R. P. Cabill, Sackville; Robert Fanjoy, St. George; N. P. McLaughlin, Buctouche; R. W. Senly, Woodstock; W. A. Hains, Robesay; Miss M. Teed, Fred Richard, P. J. Steel and Fred D. McGuire, all of St. John.

With the concluding of the examinations a University of New Brunswick dance is being talked of for the evening of April 29, under the auspices of the local U. N. B. Club, the local faculty and the students.

For the first time in the history of the local law school the students will proceed this year to U. N. B. at Fredericton, where they will take their degrees at the encenia there during the early part of May. During the years of the existence of the school here the law students, upon completing their course, went to King's College at Windsor, N. S., but since last October the local school has been part of the provincial institution. Henceforth all degrees at the local school will be conferred by U. N. B.

RECORD NUMBER IN THE HOSPITAL

There Were 169 Patients Occupying Beds in Institution Yesterday.

There were 169 patients occupying beds in the General Public Hospital yesterday and so far as is known this constitutes the new record for a large hospital population in the institution. One bed was vacated at 9 o'clock in the morning, but it was occupied by another patient at nightfall. Even the room previously set aside as a recovery room for patients undergoing operation of the eye department was accommodating its capacity number of bed patients. Every care is being exercised to prevent the overcrowding, where it is possible to do so, but the hospital must provide accommodation when it is essential. The use of the recovery room is more possible since the new out-patient department was opened and patients from that department may be cared for a time in the various clinics. Lack of accommodation in the hospital has been commented on by the members of the medical staff from time to time.

J. F. McINTYRE DIED SUDDENLY

C. N. R. Man Stricken Soon After Arriving at His Home.

Death came suddenly to James F. McIntyre, a well known resident of the south end of the city, at his home, 102 Broad street, early last evening. Although he suffered a stroke of paralysis about three years ago, his health recently had not been such as to cause his friends alarm. He was out as usual yesterday afternoon and returned home about 4:30 o'clock in a happy frame of mind and apparently in good health. About 5:15, however, he was again stricken and passed away about 8 o'clock.

Mr. McIntyre was 48 years of age. He was a native of Ireland, but came to St. John with his father, the late James McIntyre, when about three years of age. He had been employed with the C. N. R. and was popular amongst the officials here and his fellow workmen. His family will have the sympathy of many friends in their bereavement.

Mr. McIntyre is survived by his wife, two sons, James S., and R. Paul; three daughters, Mrs. Lucien Ritchie, and the Misses Veronica and Evelyn, at home; one brother, Robert, in Vancouver; and one sister, Mrs. Lily Rodman, in Hopetown, N. S.

The funeral will be held from his late residence on Sunday afternoon at 2:30 o'clock.

WOULD HAVE WIDER PUBLICITY GIVEN

Board Proposes Provincial Campaign for Vocational Training.

Besides deciding to lend all possible assistance to the Vocational Training Board, the facts before the people before the plebiscite on the vocational school here is taken, the Provincial Board of Vocational Education in session in Fredericton yesterday discussed a publicity campaign for the province in regard to vocational training. The matter was referred to the Board of Education.

A summer school will be held at Edmundston, July 4 to Aug. 3. Occasional teachers who desire to take technical summer courses outside the province will be given the same financial assistance as last year. There will be a conference of vocational directors and teachers in Fredericton for three days in August. A report on the successful winter short courses in St. John and Edmundston was submitted.

Mr. Tracy of Woodstock suggested short courses during slack seasons for who cared to take them. He was referring particularly to the Woodstock school.

As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Horwood, who was in Fredericton yesterday, and went to the Legislative Chamber. It was empty at the moment, and yet I did not seem to be alone. I seemed to hear voices in debate. They were the voices of A. G. Blair, D. D. Hanington, A. A. Stockton, Silas Alward, Michael Adams, L. A. Tweedie, and others who do not speak in the flesh any more. Then the House fell and I heard living men speak—the men of today. There was less of challenge in their voices, perhaps in some cases less skill in oratory—certainly less of bitterness—but what they said was said well.

"Mister," said Hiram, "this old world ain't never gonto run short of men that ain't talk—or women, neither. But I would like to hear some o' them old fellers agin—the way we used to hear 'em in the hall out to The Settlement at election time. The way they used to lambaste one another was good for 'em in the hall out to The Settlement at election time. The way they used to take sides an' git billin' used over an argument. We don't hev no such times no'wadays—no, sir."

Do That Painting Job Now!

If you have any building that needs painting, don't put it off. Remember that paint maintenance is cheaper than renewal of surfaces.

Protection is the chief mission of paint—protection from decay and destruction—protection from repair bills. You cannot afford to let your property go so bad that labor must be wasted in renewing surfaces before you paint them.

To "Save the Surface" as well as to beautify your property use
