## RUSSIANS STRIKE ANOTHER TELLING BLOW IN EAST WHILE ITALIANS LAUNCH POWERFUL OFFENSIVE

### RUSSIAN VICTORY SOUTH OF THE DNIESTER GREATER THAN OFFICIAL REPORTS SHOW

Berlin's Prompt Admission of Austro-German Retirement in This Quarter Shows Importance of Russian Success of the Past Week.

**Czar's Army Has Taken Nearly 63 Square Miles of Territory in Advance Through East Galicia.**

100 SQUARE MILES OF ENEMY'S TERRITORY.

Petrograd, via London, Aug. 8.—The Russians in their advance against the Austro-Germans in East Galicia have taken territory aggregating nearly 100 square miles, according to the Russian official communication issued tonight.

In pursuit of the Teutons the Russians have taken additional villages in the Dniester region.

Petrograd, Aug. 8, via London.—General Letchitzky, who a week ago, despite flooded rivers and heavy rain, began anew his hammering of the right flank of Gen. Count Von Bothmer's army, and by a cavalry attack took Ezerzany, has scored another victory by the capture of Tlumach, ten miles further to the northwest.

The Austrians tried to offset the force of Letchitzky's assault by fierce counter-attacks along the Koropce river northward, but without avail. They were repulsed with severe losses. At the same time a Russian offensive is being pushed against Von Bothmer's left flank, south of Brody, group of villages centering about Berch, on the head waters of the Dniester, which offers an easier line of advance, with fewer rivers and natural barriers, to the Galician capital.

German Treachery. Petrograd, Aug. 8, via London.—"On the line of the River Stokhod in the region of the town of Stobychov, a party of Austrians left their defenses during the night and came forward with uplifted hands toward the position occupied by one of our regiments. The battalion commander, Colonel Stopenenko, as he approached the Austrians, was treacherously killed by them.

"On a front of about 25 versts (about 15 miles) in the direction of Tysmenitsa we broke into the enemy trenches and engaged them during the pursuit.

### FRENCH AND SERBS CLASH WITH BULGARIANS ON GREEK FRONTIER

New York, August 5.—A despatch from Saloniki to a news agency here today says: "French and Serbian forces on the Greek front are in contact with Bulgarians and there has been severe fighting.

### Civilians Ordered To Evacuate Lemberg

London, Aug. 8.—A proclamation foreshadowing the surrender of Lemberg, capital of Galicia, was issued by the governor of the city on August 4, says an Exchange Telegraph Company despatch from Bucharest. On the same date, the despatch adds, the evacuation of the city by the civilian population was ordered.

### PREMIER BORDEN AT ALDERSHOT

Halifax, August 8.—Premier Borden's programme for tomorrow includes a visit to the Berwick Camp meeting, after the reception a special train will bring Sir Robert back to Kentville and to Aldershot. There will be a march past and review of the troops at the camp. The men will then carry on the usual syllabus for the day, and after the premier has inspected the Royal School of Artillery he will inspect the camp and the men in training conditions.

### TRADE COMMISSION FROM CANADA FINISH TOUR OF EUROPE

London, Aug. 8.—(Montreal Gazette cable)—The Canadian trade commissioners have arrived in London after their tour in France and Italy. All proposals resulting from the tour will be kept in abeyance until the commission returns from Canada.

### DUCHESS OF DEVONSHIRE TO OPEN NEW HOSPITAL.

London, Aug. 8.—(Montreal Gazette cable)—The Duchess of Devonshire, wife of the Governor-elect of Canada, will open the Canadian Red Cross Hospital at Buxton, in Derbyshire, on Friday.

### THE BREMEN HAS BEEN SUNK?

Switzerland Despatch Says Deutschland's Sister Ship Sunk by Accident to Machinery.

New York, N. Y., August 8.—A news agency despatch from Bern, Switzerland, published here today says: "The Berliner Tageblatt announces that the German submarine Bremen, which was to have arrived at an American port, has been sunk through an accident to her machinery, according to a despatch received here this afternoon."

### ALLIED AIRMEN RAID GERMAN SUPPLY STORES

Benzine Stores and Barracks at Mulsheim Bombed and Attackers Return Home Safely.

London, Aug. 8.—An official statement issued here tonight reads: "On July 30 in conjunction with the French, an attack was made by British naval aeroplanes on benzine stores and the barracks at Mulsheim. The machines met with a very heavy anti-aircraft fire, but succeeded in gaining their objective and carried out a successful bombardment. Our machines returned safely."

### GUILLEMONT STORM CENTRE IN NEW OFFENSIVE BEGUN BY ALLIES ON WESTERN FRONT

British and French Strike Together in New Attack on the Somme.

NOTABLE GAINS MARK OPENING STAGES.

French Win 3 1-2 Miles of Trenches in Two Days While British Advance 400 Yards Southwest of Guillemont.

London, August 8.—A new combined offensive by the Allies has begun on the western front, which is expected to lead to the severest fighting. Guillemont around which heavy fighting is now in progress, is one of the strong positions in the German second system of defense, and will doubtless be defended by the Germans, as was Pozieres, with the utmost stubbornness.

British Advance 400 Yards. London, August 8 (11.35 p. m.)—The British official communication issued tonight reads: "Southwest of Guillemont, we advanced our line about four hundred yards. Fighting continues near Guillemont station.

"Northwest of Pozieres, the enemy made four attacks on our trenches, again using flamme-throwers. Three attacks failed completely, but in one he managed to occupy about fifty yards of our trenches.

### SPLENDID VICTORY FOR ITALIANS ON THE SONZO

Gen. Cadorna's Armies Launch New Offensive Results of Which Promise to be Far-Reaching—Austrians Surrender by Thousands, 10,000 Prisoners Having Been Captured in Past Two Days.

Rome, Aug. 8.—The announcement by the war office of the Italian victory in the Monfalcone sector is received everywhere in Italy with rejoicing, although the war is being directed with such secrecy that the public at large knows little about it. In view of the difficult nature of the ground and the exceptionally favorable positions held by the Austrians, the taking of 3,000 prisoners is regarded as a long step in advance.

Prisoners by Thousands. London, Aug. 8.—Prisoners are still surrendering by the thousands as a result of the Italian operations, says a Central News despatch from Rome. Over 10,000 prisoners have been captured in two days, the despatch adds.

The Official Report. Rome, Aug. 8.—The official report issued today says: "Intense artillery activity continues in the Langarone Valley. On the Asiago plateau a heavy enemy attack in the Montebello area was repulsed. In the Upper Cordevole Valley the enemy after intense bombardment renewed his efforts against our position of Monte Sieto but each time was repulsed with heavy loss.

"On the Lower Isongo in front of Gorizia, hot fighting continues. Monte Zabotino and Monte San Michele, strongholds of the enemy defense, are now completely in our possession. The bridgehead of Gorizia is therefore in our hands. Our artillery is shelling the town to drive out the enemy from amongst the houses.

Vienna Admits Loss. Vienna, via London, August 8.—The loss of the Gorizia bridgehead to the Italian forces is admitted in the Austrian official statement issued today. A withdrawal to the eastern Isongo, the statement says, was necessary to avoid severe losses to the defenders of the bridgehead because of the desperate attacks made by the Italians.

Vienna Admits Reverse. Vienna, Aug. 8.—The text of the official statement this afternoon reads: "East of Ottynia and Tlumach (Russian front), an enemy attacking column penetrated our first line but was completely repulsed by a counter-attack. We took a thousand prisoners.

"Near Tlumach, in the face of an attack by superior forces, our defense was transferred from the region west of that town.

"Italian theatre: The fighting in the Gorizia region continues with unabated stubbornness. We repulsed several enemy attacks with superior forces.

"Since the afternoon of August 6 we have captured 2,993 prisoners, including 72 officers.

"In order to avoid severe losses to the brave defenders of the bridgehead, against which repeated desperate attacks have been made by the Italians, they were last night withdrawn to the eastern Isongo."

### HENDERSON RESIGNS HIS PORTFOLIO

His Conduct of Education Department of British Cabinet Recently Subject of Strong Criticism.

London, Aug. 8.—Arthur Henderson, president of the Board of Education in the British cabinet, has resigned his portfolio. Mr. Henderson recently had been strongly criticized, both in parliament and by the newspapers, much dissatisfaction being expressed over his administration of the education department, in which he was declared to have failed to meet the present demand for a reform of the nation's educational system.

According to the Daily News, Mr. Henderson's resignation applies only to his office as minister of education, but not to his membership in the cabinet. The paper adds that he will be retained in the cabinet as a labor adviser, without specific portfolio for the present. The Marquis of Crewe, it is expected, will combine the presidency of the Board of Education with his present duties as Lord President of the Council.

Fierce Fighting to The West of Lutsk.

Teutons Withdraw Before Russians South of the Dniester, Berlin Report Admits.

Berlin, August 8, via London.—The text of the official communication follows: "Eastern front: Front of Field Marshal Von Hindenburg: Artillery activity was more lively yesterday in the Sereth sector and to the south of it. Enemy attacks at some points were repulsed.

"Near Zareczre, the Russians to gain ground renewed battles which resulted in progress since early this morning. Northwest of Zalocze enemy attacks failed. South of Zalocze the attack advanced has been stopped by a counter-attack by our troops co-operating with those under Gen. Count Von Bothmer. During this operation nine officers and more than 700 men were taken prisoners and five machine guns captured.

"Front of Archduke Charles Francis: South of the Dniester strong Russian forces advanced to the attack against Tlumach-Ottynia line. The Allied (Teutonic) troops withdrew to previously prepared positions further back.

"In the Carpathians, advantage gained on both sides of the Bialy-Cheremoch Valley have been extended.

Balkan front: "With the exception of outpost fighting in the region of Gumnica, west of the Vardar, there were no developments."

The official Austrian report of August 6 follows: "Front of Archduke Charles Francis: In the capital sector the Russians made numerous attacks, which resulted in failure. South of Jablonitsa, and Krtarov, Austro-Hungarian and German troops made progress, notwithstanding the violent resistance of the enemy. The army of Gen. Von Kovecs repulsed strong Russian attacks southwest of Clatyn.

Ontario Premier Leaves For Visit to England. Toronto, Aug. 8.—Hon. W. H. Hearst, premier of Ontario, left tonight for New York, whence he sails for England. The premier expects to be gone for six or seven weeks and to visit the battle front. He is accompanied by Hon. Dr. Fyffe.

Sir F. Williams-Taylor Fired Shells From British Big Guns. London, Aug. 8, (Montreal Gazette cable)—Sir Frederick Williams-Taylor has returned here from France, where he visited the British and Canadian battle lines.

Bank of Montreal Will Appeal Case. London, Aug. 8, (Montreal Gazette cable)—The Bank of Montreal has given notice of appeal in the Banbury case. On July 21st last judgment was given by Mr. Justice Darling for 25,000 pounds against the Bank of Montreal, in favor of Captain Cecil Banbury, on the verdict of a jury, holding the bank liable for the advice its branch manager had given to the claimant in British Columbia, relative to the investment of 25,000 pounds in the West home Lumber Company of British Columbia. The investment had been a losing one.

# TEUTONS SWEEP BACK ALONG 15 MILE FRONT IN EAST

## ENEMY IN FLIGHT WITH CZAR'S CAVALRY PURSUING

### Austro-German Forces Driven Back Along Fifteen Mile Front South of Dniester River --- Town Tlumach Captured

London, Aug. 8.—The Russians have renewed their attacks on the Caucasus front, west of Erzingan. An official Turkish statement received here today, dated August 5, says the Russians gained a footing in the Turkish lines, but were driven out, after heavy fighting.

**SWEEP BACK ON FIFTEEN MILE FRONT.**

Petrograd, Aug. 8, via London.—South of the Dniester River, in the direction of Tymnena, the Russians have driven the Austro-German forces back along the whole line for a breadth of fifteen miles, it was officially announced by the Russian war department today. The announcement adds that the Russians have captured the town of Tlumach, as well as the region to the east of the Dniester river, and the ridge of the heights there. Russian cavalry, it is stated, is now pursuing the Austro-Germans southwest of the Kolomea and Stanislaw railway in Galicia.

## 6 Month's Old Baby CURED OF DIARRHOEA

During the hot weather young children are very much subject to diarrhoea, in fact, more so than adults, on account of the more delicate construction of their constitution. It behooves every mother to look after her children on the first sign of any looseness of the bowels, for if they do not some serious bowel trouble such as diarrhoea, dysentery, cholera infantum, cholera morbus, summer complaint, etc., is liable to follow, and they will, perhaps, lose their little ones by not taking the precaution to check this looseness of the bowels by using Dr. Fowler's Extract of Wild Strawberry.

Mrs. Chas. Monck, Marlbank, Ont., writes: "When my little girl was about six months old she took a severe attack of diarrhoea. I tried castor oil, mandarin and other treatments, but they were of no use. A neighbor told me about Dr. Fowler's Extract of Wild Strawberry. I tried it, and after giving my baby two doses I could see a great change for the better. I have always praised Dr. Fowler's since then."

Dr. Fowler's Extract of Wild Strawberry is the original. See you get it when you ask for it.

## GERMAN CAR AND FOUNDRY CO. ATTACKS JERSEY CITY EMBARGO

Trouton, N. J., Aug. 8.—Jersey City's embargo on shipment and storage of high explosives was attacked in the federal court today by the agency of the Canadian Car and Foundry Limited, in a suit to restrain the Jersey City commission from interfering with the Delaware, Lackawanna and Western Railroad Company accepting munitions at its plant. Argument on the application for a preliminary injunction will be heard next Thursday.

Action of Jersey City authorities in compelling the railroad to unload a car of explosives shipped by the Canadian Company from Kingsland, N. J., is the basis for the court action today.

Under a contract with the Russian government, the munition factory is obliged to deliver daily 750,000 part loaded shrapnel and high explosive shells at Gravesend Bay during August. The contract is for \$13,000,000, and provides a penalty of one per cent. for every week's delay in delivery. Over \$7,000,000 of the contract has been completed.

## WILL CONTEST U. S. DISTRICT COURT RULING WHICH AWARDED GERMAN PRIZE TO HER BRITISH OWNERS.

Norfolk, Va., Aug. 8.—Consul for the German government, in the case of the prize ship Appam, which was awarded to her British owners by a recent decision of Judge Waddill in the United States district court here, today filed formal petition for appeal to the Supreme Court, which was allowed. A supersedeas bond for \$2,000,000 required by the court was given, signed by Lieut. Hans Berg, the prize master who brought the vessel here, and L. M. Von Schilling, German consul. It was furnished by five American bonding companies, who provided a premium of \$20,000.

## STEAMER CHIGNECTO IN PORT FROM WEST INDIES; TRIP UP WAS VERY FINE

The R. M. S. P. Chignecto docked at the Atlantic Sugar Refineries wharf last evening at 7 o'clock. She had on board 132 passengers and carried 55 bags of mail. Her freight consisted of 31,171 bags of sugar of which 19,368 bags are to be unloaded here. The remainder is for Halifax. About 40 colored men arrived from the West Indies for the Nova Scotia Steel Company. The party left last night for Sydney. The weather was perfect for the trip up except yesterday and Monday when heavy fog was encountered. The Chignecto will sail on Saturday morning for Halifax.

The first class passenger list included the following:

- Mr. and Mrs. J. N. Shaffer, Halifax.
- H. E. Nordland, New York.
- I. Cassels, New York.

## WANTS TO COME BACK

The superintendent of immigration has received a letter from O. F. Keitz, of Providence, R. I., asking for a list of farms available in New Brunswick, as he wants to get back to his native province. He has just returned to Providence from a trip here and states that every time he paid a visit, when he went back he was more homesick for the land of his birth. The superintendent is forwarding him a list and in all probability he will soon be settled here.

## WANTS TO COME BACK

The superintendent of immigration has received a letter from O. F. Keitz, of Providence, R. I., asking for a list of farms available in New Brunswick, as he wants to get back to his native province. He has just returned to Providence from a trip here and states that every time he paid a visit, when he went back he was more homesick for the land of his birth. The superintendent is forwarding him a list and in all probability he will soon be settled here.

## PROHIBITION AND POLITICS.

New Brunswick prohibitionists may well take notice of the experience in Ontario where, it is reported, the Hearst government is considering whether, after all, it was not in advantage of public opinion in placing a prohibitory bill on the statute books of the province. Premier Hearst did what the prohibitionists of Ontario wanted him to. He made prohibition a cardinal plank in the party platform and, having acceded to the request of those who asked for the suppression of the liquor traffic, he naturally felt that he was entitled to the support of that party. North Perth shows that he did not receive it. In South Toronto where a by-election is pending it is being found a difficult matter to get a candidate who will subscribe to the prohibition plank and risk the opposition of the heavy anti-prohibition vote.

The Hamilton Spectator which, from the first contended that the prohibition advocates in Ontario would not put their cause ahead of their political party cites the experience of the United States in dealing with measures of prohibition and says:  
"Experience in the United States, even more than in Canada, has shown that it is useless to expect temperance men, in any great numbers, to place temperance before party in an ordinary election. In 1884, Neal Dow, the great apostle of prohibition on the American continent, refused to leave the Republican party and support St. John, the Prohibition candidate for President. To the writer of these lines John B. Gough said in that year: 'I hope the party prohibitionists will deal very gently with those Republicans who cannot see their way to leave their party and vote for St. John. It cost me many months of anxious thought to make up my mind to do so, and when I did, it was not because I loved the old party any the less, but because I loved the new party the more.' As a matter of fact, the Prohibition party in the United States has never been able to attract more than an infinitesimal fraction of the real prohibition vote, the bulk of that vote remaining in the old parties, especially the Republican. In Ohio, for instance, political prohibition only registers about 15,000 votes, while a prohibitory constitutional amendment, non-partisan, in that State has received 423,000."

In this province the Government went further than the prohibitionists requested. They realized that the sentiment of the province was overwhelmingly in favor of the suppression of the liquor traffic and passed a prohibition law without submitting it to the people. In this they not only correctly gauged the public sentiment but they saved to the province the cost of a referendum the result of which was practically a foregone conclusion. It remains for the prohibitionists of New Brunswick to show their gratitude by endorsing the Government which was willing to do more than they asked.

In North Perth Liberal prohibitionists, recognizing that they had received from a Conservative government all and more than they had asked, voted for the candidate of their political party and, added to the very large German vote, forever lost to the Conservatives—proved sufficient to defeat the Government candidate. In the light of the experience of North Perth the Hearst Government cannot be blamed if it feels that its legislation was in advance of public opinion and adopts the principle of a referendum. Prohibitionists of New Brunswick have it in their power to show their gratitude to Premier Clarke and his associates and it is to be hoped that whenever the opportunity presents itself they will not forget that the Clarke Government gave them prohibition while the only member of the opposition party who has had occasion to publicly declare himself on the question has expressed grave doubt of the wisdom of that course. Under the present government the province will be dry; under the opposition the question of prohibition will continue to be a political football to be kicked in whatever direction political expediency may suggest.

## INDUSTRIAL ORGANIZATION.

The skill for organization possessed by the British has been shown in a new light during the present war. Not only has the Empire raised five

million soldiers and equipped and trained most of them in the two-year period of war but she has also done some remarkable things in the way of industrial organization. She has nationalized the railroads of the country without difficulty and the government has pledged itself to pay the usual semi-annual dividends of all of the companies thus taken under national control.

In Britain, sugar is cheaper than in America and this is due to the fact that, at the beginning of the war, Britain secured the sugar crop of the world and used it to supply her merchants, "incidentally making a \$34,000,000 revenue for herself," says the Quebec Chronicle in discussing Britain's wonderful power of organization.

Britain rescued her people from imposition and extortion by meat trusts by seizing all ships carrying chilled meat—and paying a fair price.

France and Italy purchase their meat from John Bull; and he also supplies those countries with shoes, clothing and steel.

The coal mines of Britain have been made a military auxiliary, the profits fixed by the government who supply the navies of the Allies with coal.

Britain has also dabbled in wheat, oats and fodder. She has bought up the whole fish catch of Norway and Holland's food products.

This organization is not ornate and spectacular. It is a quiet happening—a gathering up of loose ends—a setting of the people to work in co-operation.

The work of Lloyd-George, who has increased three government munition factories to 4,000 establishments with 2,000,000 workers is a wonderful example of industrial organization.

The British can now make more munitions in two weeks than they made in the first year of the war.

The financial side of the question has been handled in the same efficient way. Britain has loaned her allies vast sums. And she has put a five shilling income tax on the people which they have paid without protest. Altogether it is a wonderful story of skill in organization.

The Patriotic Fund is still in need of many thousands of dollars before it will be adequate to the point where it will be adequate to meet the demands upon it. It should be remembered that the provision for assessing for the support of this fund only aims to take care of the future. The deficit, and it is a large one, must be met by private subscription.

In the course of work in Prince William street last evening the employees of the water and sewerage department found sections of the old iron pipe laid in 1838 to be in perfect condition despite the fact that it had been underground for 78 years. Our forefathers may have built slowly but they build exceedingly well.

A war observer states that more than half of Germany's entire army is held on the western front in anticipation of another Allied offensive. That is good news for the longer they remain on the western front the less likelihood there is that they will ever go anywhere else.

## DOMINION GOV'T NOT LIKELY TO GIVE ANY HELP

Special to The Standard.  
Ottawa, Aug. 8.—The Canadian government, so far as could be learned here today, is not proposing to give any assistance to the British American Nickel Company for its refinery at Sudbury. The concern is being assisted, however, by the British government, it being understood that the aid is in the form of an undertaking to acquire the greater part of the nickel output for ten years and to assist in placing \$3,000,000 of bonds on the British market.

Mainly because of efficiency, more REMINGTONS were sold last year than any other make of Typewriter. A. Milne Fraser, Jas. A. Little, Mgr., 87 Dock street, St. John, N. B.

## Little Benny's Note Book

Two men was arguing about baseball in front of the grocery store, one being a long skinny man with his arms crossed and the other one being a little man with a wide necktie and me and Puds Slimkins and Big Hunt stood alongside of them listening, the big skinny man saying, I tell you that team can't bat, that's what the matter with them, they bat like a lot of old wimins, do you want to go on record as standing up for a team that bats like a lot of old wimins? Old wimins my eye, that teams got some of the finest material in the country, just because the line has bin after them for a few games its no excuse to stand there and call them a lot of old wimins, and the little man.

G. listen to them argue, sed Puds. Wich jest then Ed Wernick came up, saying, Wats they doing, lawking about the war?  
G. thats a good idee, I sed, lets pertend the big one is Germany and the little one is the Alleys, im for the Alleys.  
So am I, sed Puds. So Sid and Ed Wernick had to be for Germany, and we started to listen agen, the Alleys saying, Thats all rite, any man that calls his home team a bunch of old wimins is a bunch of old wimins himself.

Herray, herray, yelled me and Puds.  
Say, read, wat you dont know about baseball is wonderful, sed Germany, if I shaw't I didnt know any more about the game than you id go and hide myself sunwure.  
Herray, herray, yelled Sid and Ed.  
Well then you better go and hide yourself, sed the Alleys.  
Herray, Alleys, yelled me and Puds. And the little man looked down, saying, Wat the mischief are these kids doing yelling around our feet.

Herray, Germany, yelled Sid and Ed.  
Go along home before you get kicked in the slats, sed Germany.  
Chase yourself, sed the Alleys. And they both made a grab for us and we ran, and wen we got to the corner we looked around and all yelled, Herray, Ireland, and keep on running.

## CANINE ALMOST CAUSE OF DISASTER

Young's Cove Road, N. B., Aug. 8.—What might have been a very serious auto accident was caused here yesterday morning when an auto owned by Mr. Arnold Wiggins and being driven by him was overturned by a dog getting under one of the forward wheels, rendering the control of the car useless. The other occupants of the car, Mrs. A. Wiggins, Miss Stella Wiggins, youngest daughter of Mr. and Mrs. T. M. Wiggins, Miss Helen Worden, Cody's, and Mr. and Mrs. A. Wiggins' three daughters, Misses Grace, Ella and Bertha Wiggins, and Master Orland Stillwell, were all thrown out and all received more or less severe bruises and sprains. Police Magistrate A. W. Smith was near at hand and was quickly on the scene and took the parties to his home where their

wounds were given first aid treatment. An action for damages will be entered against Mr. Clark, owner of the dog.

Mrs. Robt. Morrison, of Bartlett, N. H., is spending the summer months with her sister, Mrs. Edith Wasson. Miss Alma K. Gale, B. A., of Fredericton, is spending the holidays with her parents, Mr. and Mrs. Geo. H. Gale.

Mr. H. Earle Wiggins, of the hospital staff, Massachusetts State Infirmary, Boston, is home for the summer and will leave early next month for St. Paul where he will join his wife, Mrs. Jessie F. Wiggins, where he will enter on the staff of the Minnesota State Hospital.

### WORK OF THE RED CROSS SOCIETY

As Shown at Monthly Meeting of Local Branch.

#### FINANCIAL CONTRIBUTIONS

Goods Sent to Headquarters - Recommendation to Make Comfort Bag.

There is no greater evidence of the wide divergence of interest that find a common cause in the work of the Red Cross than to read down the lists of donations submitted by the secretary of the Local Branch, Miss Alice K. Walker, at a monthly meeting. From ten cents, the allowance of a small boy, generously given, to the sum of \$500, given by the ladies of Catholic Red Cross, is a far cry, but the distance between is filled by sums of money representing in every way an earnest spirit of sacrifice and of generous appreciation of the needs of the hospitals. At the regular monthly meeting, held on Monday afternoon in the Depot Rooms on Chipman's Hill, the financial report was perhaps the most interesting of the many interesting reports read. The president, Mrs. John A. McAvity, was in the chair, and the attendance was unusually large. The important business of the meeting was the decision to ratify the suggestion of the executive that \$1,000 be sent to Headquarters from the Local Branch, in addition to the \$300, which is a regular monthly contribution from the St. John Red Cross. The need for money is very great, as the demands upon all supplies, hospitals, casualty clearing stations, rest houses and so on are now more insistent than at any other time during the past two years. Every effort must be made to meet all demands. The Canadian Red Cross, it was announced, had been able to supply French and Russian hospitals, and a letter to the Hospital Comforts Department stated that a number of things sent from St. John had been forwarded directly to Russia. Mrs. D. P. Chisholm, representing Catholic Red Cross, made a valuable little speech, at the conclusion of which she gave the society \$300, the proceeds from the sale of tickets, one of which provided a home for Miss Canada, a lovely doll that was dressed and presented to the society for a patriotic purpose by Miss Colgan. Another donation was from Mr. and Mrs. Burden, Lonsdale Farm, who sent "a free gift" of \$200. It was decided to thank Mrs. Burden as a member of the St. John Red Cross as an appreciation of the very many generous gifts she has made to the society and sailors through the sum of this branch.

On motion it was decided to take up as a special work the making of comfort bags, which are urgently asked for from headquarters. This was left to Mrs. F. S. White, convener of needlework, who appointed Mrs. Alfred Morrissey to take it in charge with Mrs. White. It was also decided to ask that no more bottles be sent to the Local Depot, the request for these now being filled. The reports from the various departments showed that the returns this month were below the average, but as there is no diminution in the output of material, the reason for this is accounted for by the number of workers now out of town. The convener of needlework, Mrs. F. S. White, reported that during July \$32.64 had been spent for material in this department, 17 packages, containing 59 finished articles, being received. The total number of articles received was 2,018, which included 180 suits of pyjamas, 14 sheets, 49 field shirts, 222 hospital shirts, 24 quilts, 13 dressing gowns, 57 operation stockings, as well as a number of smaller articles, towels, handkerchiefs, berber bags, and so on. The donations to this department include: Warneford District, Norton, per Mrs. Stephen Fairweather—65 towels, 25 face cloths, 17 slings, 14 bandages, 62 handkerchiefs. Women's Institute, Albert, Mrs. I. C. Prescott—1 quilt, made by lady 80 years of age. Women's Institute, Fredericton Junction, per Mrs. S. L. Currie—68 face cloths, 24 bandages, 93 mouth wipes. Never Despair Division, Welsford, per E. J. Douglas—14 sheets. Connell Red Cross, Florenceville, per Mrs. W. S. Stickney—2 hospital shirts. Cathedral Circle, per Mrs. James Gerow—1 roll adhesive plaster (wide). Mrs. David Martin, St. Leonards, N. B.—37 pillow slips. Nurses' Red Cross, per Miss E. A. Addy—2 field shirts, 20 face cloths. Mrs. Robt. Milligan, Hazen street—42 (k) face cloths. Women's Patriotic League, Hillsboro, per Mrs. C. J. Osman—11 quilts, 30 operation stockings, 8 pairs slippers, 4 pads, 2 feather pillows, 4 field shirts, 8 kits (each containing 1 pajama suit, 1 pair socks, 1 pair bed-socks, 1 brush and comb, 1 tooth brush and paste, 1 cake shaving soap, 1 writing pad, envelopes and pencil, 2 handkerchiefs, 2 wash cloths, 2 towels and 1 sponge). Donations to Hospital Comforts packed by Mrs. G. K. McLeod: St. Stephen's Church Circle, per Mrs. Thos. Graham—5 pairs writers, 1 pair socks, 1 trench cap, 3 squares. Cathedral Circle, per Mrs. T. L. Coughlan—2 pairs socks. Mrs. Snodgrass—1 pair socks. Seal Cove Branch, Mrs. E. Green—34 pairs socks. Connell Red Cross, Mrs. W. S.

### SUGAR REFINERIES CO. DENIES PROTESTING TAXES

General Manager Writes Common Council that Letter of July 20 to Assessors was Misconstrued - Com. Russell Gives Notice of Motion Relative to Survey of Harbor, Revision of Rates and Regulations.

At the meeting of the City Council, held yesterday afternoon, a communication was read from the Atlantic Sugar Refineries Company, complaining that a wrong construction had been put on their letter to the chamberlain in regard to their tax bill. Commissioner Russell gave notice that he would move at the next meeting of the council that a survey of the harbor, including Courtenay Bay, and a revision of rates and regulations governing the harbor be made at a cost not to exceed \$2,500. The meeting was called to order by the mayor at 8 o'clock, all the members being present. The commissioner of finance and public affairs reported payments for the month of July amounting to \$78,637.90 as certified by the comptroller. The report was adopted. The commissioner of public works reported that he had considered the offer of the commissioners of the Tucker Park to allow the city to use the barn on the property for storage purposes if they would shingle the roof and recommended that the proposal be not accepted as the department could not use the barn. He also recommended that the N. B. Telephone Co. be given permission to move a pole on Waterloo street. The recommendations were adopted. The commissioner of harbors and fisheries and public lands recommended that a renewal lease of lot 950 in Guys Ward, for 7 years from May 1, 1914, be issued to Frank Garson at \$14.30 per annum, being an increase of ten per cent on the present rental; that the chamberlain pay to the Canadian Pacific Railway \$590.21 for work done on South Rodney Wharf and \$437.77 for work done on Union Wharf, West Side, and that a bill for half the amount be sent to the Department of Marine and Fisheries as per agreement with that department. Adopted. The proposal to lease two lots on the West Side to W. E. Scully was laid over until Thursday. A communication from G. Arthur Doyle, in regard to sewer backing up on his property in Portland Place, was referred to the commissioner of water and sewerage and the city solicitor.

**Sugar Refineries Not Protesting Taxes**  
The following letter was read from the Atlantic Sugar Refineries: July 31, 1916. To the Chamberlain of the City of St. John. I have yours of July 27, enclosing bill for school taxes for years 1915-16, and advising that you referred to the report of July 20 to the board of assessors, I noticed in the St. John papers the remarks of Commissioner McLehane before the council wherein he stated that we had protested payment of the Patriotic Fund tax. This is not in accord with the facts as there is no intimation whatever in our letter of July 20 asking how the total of our taxes was arrived at, that we protested payment of any part of same nor do we protest payment at this time. The tax bill rendered for 1915 was \$2,600.14, which was approximately the amount agreed upon between the city and ourselves. The tax for 1916, without the Patriotic Tax, is only \$1,985.10 and if we are supposed to pay \$2,000 per year exclusively of that for patriotic purposes the bill rendered is not right. It was merely to ascertain how you arrived at the amount that we wrote you as we did on July 20 and we feel that an explanation of the matter was due us in the ordinary way instead of being misrepresented as it was in the public press. We also feel that the true facts in this case are entitled to as much publicity as the misleading and unwarranted ones were given last week. Yours truly, L. R. WILSON, General Manager.

Commissioner McLehane said he would like to say a few words as he was mentioned in the communication. He thought they were begging the question as the tax bill bore on the face of it what the extra amount was for and he still felt that they tried to popularize the Patriotic Tax. He also felt that a corporation which seemed to keep as close an eye on matters would not have allowed any legislation to go through the provincial house which was likely to affect them without knowing something about it and wondered why if they were as anxious as they professed to be that the city should get all it was entitled to that they had not called the attention of the chamberlain to the fact that they were not billed for the school tax last year. He also referred to the steamer Empress and said that while it was true that she was only licensed to carry 400 passengers she was capable of carrying 800 and should be equipped with wireless.

**For Harbor Survey.**  
Commissioner Russell gave notice that on Tuesday next he would move the following resolution: Resolved, "That a survey be immediately undertaken covering the whole of Saint John harbor, including Courtenay Bay, with a comprehensive report on all the properties whether owned by the city, government, corporation or private individuals, together with a report on valuation and finally a unified plan of development of all of the harbor and railroad facilities, with a thorough revision of dock and port charges and regulations, so that a completed scheme of harbor development might be outlined looking to a unity of all interests on a broader basis than now possible under the present conditions." Cons not to exceed \$2,500.

**Two boxes packed in this department.**  
An acknowledgment was received in this department from Mrs. Eleanor McLaren Brown, secretary of the Ladies' Committee of the Canadian War Contingent Association, London, stating that five cases containing socks, shirts, and bed linen, were packed for which the grateful thanks of the association were conveyed to all who worked for the C. W. C. A. Mrs. Heber Vroom reported a total of 598 socks received in the knitting department. Four boxes were packed, 300 pairs of socks of yarn had been purchased and the output of yarn promised a large return in a month or so. Miss Lillian Hazen, for the St. John Ambulance Association, reported that a class in First Aid to the Injured was held in July, Dr. Dunlop being the instructor and Dr. Logie the examiner. Miss Cummings and Miss Alice Morgan led with 90 marks; Miss Coll second with 87; Miss Faith Henderson, Mrs. Dunmer, Miss Reynolds, Miss Hazen also passed a highly creditable examination. Miss Hazen called attention to the fact that the St. John Ambulance Brigade is asking for assistant nurses for work in the hospitals in England, and that as these nurses must have certificates in First Aid and Home Nursing, an opportunity is offered through the classes opening next month in the city. A class will also be formed at Rothesay, already the names of seven members of the V. A. D. who have duly qualified for service in the hospitals overseas have been forwarded to Ottawa. Miss Frances Stetson, for the Committee on Conservation, reported that the work was progressing favorably, many citizens sending in waste paper to the warehouses. Miss Edith Skinner, who has taken charge of the monthly subscription lists, was added to the executive of the Local Red Cross. The secretary, Miss Alice K. ### A VETERAN OF FRENCH ARMY IN THE CITY

Corporal Cambrey of St. Pierre Was Wounded in the Battle of Arras—Now Recovered and Going Back.

A soldier wearing the blue uniform of the French infantry attracted no little attention as he walked around the city streets yesterday. While in conversation with a Standard reporter he said he was Joseph Cambrey and that he was a corporal in the 129th French infantry. He was wounded on Sept. 25th in the battle of Arras. Corporal Cambrey has been on a furlough to his home in St. Pierre, Miquelon, and having fully recovered from his wounds is returning to the firing line, where he will resume his duty. The hero states that all the men in St. Pierre who are physically fit have given up their employment and have enlisted in the French army.

#### OBITUARY.

**Miss Clara B. McFarlane.**  
After a few days' illness Miss Clara B. McFarlane, of 282 Union street, passed away last evening. The deceased was held in esteem by a large circle of friends who will be sorry to hear of her demise. Miss McFarlane was a daughter of the late Robert McFarlane and leaves two sisters, Mrs. A. E. Douglas and Miss Margaret, both of St. John. The funeral will be held tomorrow.

## LORD BYRON THE SINGING UMPIRE

**A Baseball Arbitr who, when a Player Makes a Kick on a Decision, Sings the Man Out of the Game.**

It is probably too much to allege that any umpire anywhere is popular with the players and public, but there are degrees in the unpopularity, and it is probably accurate to state that William Byron, is the least unpopular of baseball arbiters.

His leadership is such a quaint, humorous, Byronicque little diamond tyrant that no athlete or fan can long nourish a grudge against him. Like that other Lord Byron, who achieved fame by writing poems and things, Umpire Byron is something of a dandy. What's more, he is a songster and bard, and oft lifts up his voice in joyous warbles of his own composition. For the most part, however, Lord Byron's vocal efforts are at least based on old tunes and songs. Auld Lang Syne and in the Shade of the Old Apple Tree are among the favorites in his repertoire.

When a player approaches him seething with rage and stuttering in his efforts to tell the umpire what he thinks of him, Byron often replies by warbling a snatch of some old-time favorite. It may not be music, but it is not infrequently serves to soothe the savage breast.

There is a deadline beyond which Byron will permit no player to go and if they step beyond it he will defend his authority by fighting if necessary. That line, however, is some distance beyond that established by most of the big league arbiters. Nearly all of Byron's umpirical associates hold the theory that the time to quell an uprising is before it starts. In the language of Abe Potash, they "kick it in the bud." Not so Byron. He may not be a member of the Free Speech League, exactly, but he seemingly entertains the notion that language is a baseball player, has a right to air his opinions up to a certain limit.

This may be because his leadership is so fond of conversation. Byron himself is full to the nozzle with assorted words, and if he couldn't emit them with great frequency he would die of spontaneous combustion. He is no stern and taciturn tyrant, but a voluble and lively one, and there is ground for the suspicion that too much peace for the suspicion that too much peace is distasteful to him.

"A little ruckus now and then is relished by the best of men," Byron, with his talent for parody, might say if he expressed his real sentiments.

## SHATTERED A TRADITION.

Baseball scribe remarks that Lee Meadows, the Cardinal hurler, has "shattered a tradition" by going into the box wearing spectacles. A lot of old-timers will recall, however, that this tradition debarring writers with bun lamps was pretty effectively shattered more than thirty years ago by Willie White, commonly known as "Specs," who was a major league hurler of considerable ability. "Specs" helped to win a pennant for Cincinnati in the old American association back in 1882—the only gonfalon of the major that has ever been hoisted from a Redland flagstaff.

## SUDDEN SHOW OF BULLISH SENTIMENT

Wall St. Gives Indications of Shaking off Recent Lassitude.  
**PRICES AT BEST IN THE FINAL HOUR**

## Reaction on Receipt of Crop Report — U. S. Steel up to 87-Losing Small Fraction Before the Close.

New York, Aug. 8.—The stock market gave every indication today of a disposition to shake off its recent lassitude and move to higher levels. Settlement of the local labor troubles, easier money, and other favorable auguries contributed to the sudden accession of bullish sentiment. Prices were at their best in the final hour, but reacted here and there on publication of the government crop report. Official figures bore out recent estimates of serious damage to corn and spring wheat, the former showing a condition on August 1 of 75.3 against 83 a month ago, while wheat's condition was placed at 83.4 against 89 on July 1. Other grains and cereals disclosed more or less deterioration, though generally above the ten-year average. Shipping shares were the active feature. Mercantile Marine preferred recording an extreme gain of 3 3/8 on very large dealings, with 1 3/8 for the common and 2 for United Fruit.

## INTERNATIONAL NICKEL DIVIDEND ON COMMON SLACK

Dollar and Half per Share Declared by Directors — First Quarterly Dividend for Current Year.

Special to The Standard.  
New York, Aug. 8.—A dividend of one dollar and fifty cents a share, declared on International Nickel Common, is the first quarterly declaration from earnings of the current fiscal year. The International Nickel's dividends on common stock are not declared on any fixed annual basis, so that no quarterly declaration commits the directors to a fixed amount for the twelve months.

## E. & C. RANDOLPH ON NEW YORK MARKET

(McDOUGALL & COWANS)  
New York, Aug. 8.—The market continued strong through today's session. The government crop report had no effect on prices. International Mercantile Marine Pfd. was particularly strong in the afternoon, advancing over three points from yesterday's closing. In anticipation of announcement of a reorganization plan this week and the early return of the company to its officers and starting a six per cent. dividend on the preferred stock which provision also made for taking care of the back dividends. The crop report showed about 6 points loss in the condition of corn in the month period to July 25th and 2 1/2 points loss in the condition of spring wheat. Winter wheat crop of 200-million bush, less than last year's final crop is indicated by the government figures and a spring wheat crop of 168-million bush. If there is no improvement before harvesting time, this will mean a total crop of wheat of only 654-million bushels as compared with over 1 billion last year. In other crops the report was more favorable. The Quaker Oats Company declared an extra dividend of ten per cent. in stock. The railroad managers' committee will answer the men's reiterated demands for an 8 hour day and time and a half for over time at the resumption of the conference at ten o'clock tomorrow. Sales, 253,000. Bonds, \$2,711,600.

## MUNITIONS TAX ON SEVERAL MORE ARTICLES

Democrats in U. S. Senate Financ Committee Add to Taxable List of Products Used in Munitions Making

Special to The Standard.  
Washington, Aug. 8.—Sitting in consultation with Secretary of the Treasury McAdoo, the Democratic members of the Senate finance committee yesterday agreed to add a number of articles which are used in the manufacture of munitions to that list of articles which is to bear the so-called munitions tax under the omnibus revenue bill. The committee men are yet to agree upon the rate of tax these articles are to bear and the nature of its enforcement.

## AMERICAN LOAN TO GREAT BRITAIN?

Public Would Readily Absorb Such if Made on Lines of Recent French Loan.

Special to The Standard.  
New York, Aug. 8.—A director of the American Foreign Securities Company, which recently advanced \$100,000,000 to France and sold to the public its own three-year 5 1/2 per cent. notes, said today that he believed the American public would readily absorb a large loan to Great Britain if the transaction were made along the lines of the French loan.

## MOTHER OF FOUR CHILDREN

How Lydia E. Pinkham's Vegetable Compound Kept Her Well and Strong.

Linton, Illinois.—"I have used Lydia E. Pinkham's Vegetable Compound for ten years with good results and I have four healthy children. This summer I was in a very run-down condition and the very best weather seemed more than I could stand, but I commenced taking your Compound in June and from then until September 25th, when my last baby was born, I got very healthy. I am well and strong now, my baby and do all my work. My mother has taken your medicine when needed before by other children came and they are all healthy. My mother has taken your medicine with equal satisfaction. She had her last child when nearly 44 years old and feels confident she never would have had him through without your help, as her health was very poor."—Mrs. T. F. Lloyd, 1266 North Gulick Ave., Decatur, Ill.

## HERE'S A LOVER OF READY'S LAGER BEER

He lives two or three hundred miles from St. John, but a barrel of our Beer reached him a few days ago. Let us quote his letter verbatim:

Dear Sirs: "I received your barrel of Beer and like all manufacturers, you doubtless like to know that your goods are appreciated. Well the other day I was working in the garden, the mercury was hanging around the eighties. I was wet with perspiration and oh so thirsty. Finally I could stand it no longer and I went into the basement to the refrigerator and took out an ice cold bottle of this Beer. I sat down on a box and poured it into a glass, then held it to the light in pleasant anticipation, it's sparkling clear amber color with the creamy foam was too much and I drained it. I never knew anything to touch the spot so completely as that glass of Beer. It was worth a dollar of any man's money. My friends enjoy this Beer better than any other brand. Many thanks. Yours truly,"

Let a barrel of our READY'S LAGER BEER initiate you into the beer life.

Prices upon application.

WOMEN'S WORK

YOUNG WOMEN'S PATRIOTIC ASSOCIATION.

An executive meeting of the Young Women's Patriotic Association was held on Tuesday afternoon in the C. P. R. building.

A regular meeting will be held on Thursday, August 10th, at 8:15 p. m. in the Royal Order of Moose rooms, Union street. Major Giegie, of the 238th Battalion, will be the speaker of the evening and all members or those desiring to join this association are asked to attend.

Splendid Resolution Passed in Toronto On the War Anniversary.

The following resolution has been passed by the Women's Conservative Club, following the Mayor's proclamation: "Whereas the Women's Conservative Club, having at the outbreak of war, taken up and continued to the present time work of a patriotic nature, feels that the direct call for service still exists, desires to place itself on record to continue as in the past, and to further other war work which may be necessary in the future, dedicating itself to King and country for soldiers' welfare and humanity; its members eager to learn, ready to serve, and willing to sacrifice, praying for strength to assist until the cause of the allies is won and the peace of the world is attained."

To a Hero.

What he is now we know not. He will be a hero. A beautiful likeness of the God that gave Him word to do, which he did so well. — H. Coleridge.

The women navies seen in the Pathe Gazette at the Imperial this week were truly doing war work. The loading of coal, a most important part of the trade of the country was being done by women at Coventry, England, and hard work it must be.

Hats require very little trimming these days. Just a bow, but a jaunty bow like the one illustrated which is made of figured ribbon makes a plain hat into one suitable for almost any occasion.

Voluntary Aid Detachment.

Twenty members of the Ottawa Voluntary Aid Detachment of St. John's Ambulance Association have responded to the appeal for volunteers to go to England to serve as probationers in the military hospitals there. Each member applying produced a certificate of physical fitness from her medical adviser, as an enlistment they will all have to undergo the usual medical examination, and will also have to be vaccinated and inoculated for typhoid fever.

Over thirty have applied in St. John to go overseas, but it is necessary for any accepted to have passed the two examinations in First Aid and Home Nursing. It may be possible to have special examinations for those members who have trained in hospitals or elsewhere.

These First Aid classes were held at different times throughout the winter. Miss Lillian Hazen, secretary of the St. John Ambulance Association, having given much time to the arrangement of the lectures. A summer class was also formed, but the attendance at this was not large.

Now that the call has come for actual service in England, any new classes forming should be well attended and the entire course followed up so that the pupil may become the proud possessor of a certificate stating that she is a duly qualified member of the V. A. D. Only as such can she go overseas to assist in the great work of caring for those wounded in their country's service.

FASHION NOTES

A rose fastened to each end of the girde makes an unusual finish, adds sufficient weight and the necessary touch of color.

The vogue for scarfs and stoles or furs has encouraged designers to offer similar styles in satin, velvet, marabou.

Among the newest contrivances is an umbrella of a combination silk-and-cotton fabric whose handle is of the short stick variety furnished with a leatherette wrist loop.

Loose-crowned hats are of velvet; others of plush, the velvet hats having narrow brims, but the plush hats are brimless.

Extremely narrow belts of leather and kid, with buckled fastenings, are a coming smart accessory of dress.

Long stoles of ermine and velvet are worn this season.

Sports hats of felt are most favored.

Thick silk fringe is being used on English sport coats, ulcrag.

Dye Your Silk Stockings.

Colored silk stockings to match one's sweater coat is a present day. Perhaps the average woman does not realize that any color can be obtained with the powder dyes sold everywhere. If one wishes to go to the trouble, they may have stockings to match every worn at little cost.

Women as Police Are Making Good

London, Aug. 5.—Women police are making good, according to the chief officer of the Women's Police Force. They are employed in munitions factories very largely to search the incoming and outgoing women workers for contraband, keep order in trains, inspect passports, and to patrol the lines and yards. They get \$10 weekly, with railway fares, sergeants receive eleven dollars, and inspectors twelve dollars. The chief officer says school teachers are particularly wanted for the force, as their training fits them admirably for police duties, which require good temper, patience and tact with firmness.

The girls in the factories appear to be very fond of the women police, and the government are asking for more to be appointed at various munition works throughout the country.

Be Careful What You Wash Your Hair With

Don't use prepared shampoos or anything else, that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain muffled coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Removes Hairy Growths Without Pain or Bother

(Modes of Today).

It is not necessary to use a painful process to remove hairy growths, for with a little delicate handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. To guard against disappointment, be careful to get real delatone.

Summer-Spoiled Skin Removed by Absorption

As undue summer exposure usually leaves an undesirable surface of tan, redness or roughness, often freckles, too, the best thing to do is to remove the surface. There's nothing better for this than "Lily White" Corn Syrup, which actually absorbs an unwholesome complexion. The thin layer of surface skin is itself absorbed, gently, gradually, so there's no inconvenience, no detention indoors. Spread the wax lightly over the entire face at bedtime and take it off in the morning with warm water. The entire surface of unbecoming wax at the drugstore, use it for a week or so, you may expect marked improvement daily. When the underlying skin is wholly in view your complexion will be a marvel of spotless purity and beautiful whiteness. Don't let those summer wrinkles worry you; worry breeds more wrinkles. Banish them by bathing the face in a solution of powdered sassailla, 1 oz. dissolved in 16 oz. witch hazel. Used twice a week, this will be found wonderfully effective.

TODAY'S LITTLE JOKE.

She Knew. "So you attend Sunday school, regularly, do you?" "Inquired the new vicar, who was calling on little Nellie's mother. "Then you must know a great deal about the Bible. Can you tell me something that's in the Bible, now?" "Yeth, thir," said Nellie. "Thittir hath thome dried leavith in it, a pleth of Aunt Janeth weddith-dreth, a pleth of my deeth when I wath a baby, thome hair, and thith-terth fellowth picture."

Wrote The Story.

Dear Uncle Dick:— As I have been reading the children's page in The Standard every Saturday I thought I should like to draw the picture and write the story which is in The Standard this week as follows:—

The name of the man in the picture I think is Androcles, a slave. By the look of his clothes he has met with many hardships.

Androcles' master was very cruel with him. He was going to run away, so one day when his master was away he ran away to a forest where only wild beasts lived. He was not there very long until he heard the roars of some savage beast, turning around he saw a large lion coming toward him.

Androcles was beginning to fear the lion would kill him, but when the lion got to him he put his paw upon the knee of the man. He looked at it and found it had a very large thorn in it. Androcles took the thorn from the lion's paw. To thank Androcles for his kindness the lion licked the hands and feet of his new friend. Every day after this the lion would come to him and share his food with Androcles.

In a few months Androcles' master sent out a lot of men to find him. They found him when they told him the punishment he would get. They told him he would be thrown into a den with a very savage lion who had not been fed for a week. When the time came he was thrown in with the lion. The lion came roaring up to him but when he saw who it was he licked his hand. The people were most astonished at this and got Androcles to tell the whole story. When he had told them they let him go and he was given the great lion.

Brother Won Watch.

Dear Uncle Dick:— I have been working nearly all day trying to see how many words I could find in the word "Celebration." I am sending you my list and I hope to get the prize offered. I like trying these contests so much. My brother Merrill tried one of them recently and received a nice watch. I would very much like to get one, too.

Your niece, I. Myrtle Wilbur.

Having Good Time.

Cody's, N. B., July 19, 1916.

Dear Uncle Dick:— I was glad to see my letter in print the other day. We are out on vacation now and having a good time; out in our motor boat every evening, and Sunday took two parties to the Narrows and had a great time, eating our lunch on the shore; it was a very warm day, but it was lovely coming home that evening. A motor car ran off the end of a bridge that afternoon at the Narrows and a little girl was badly hurt.

From your nephew, Frank Patterson.

Who's Who and What's What in the Picture World and on the Stage---Favorites and What They Say and Do.

And He Can Prove It!

In these days when fish stories fly thick and fast one had best simply sit back and say "Ah yes," so will the tales that are told. However, "Dusty" Farrum, he of motion picture fame, is one of the few humans who can show proof of his latest tales of accomplishments with the rod. A silver button for the prize yellow-tail weighing thirty-one and a half pounds and a silver cup for the season's record bontia has now been added to "Dusty's" trophies and are on display at his bungalow in Los Angeles to any doubting ones. "Dusty" took a few days off at the Pallas Pictures studios and accompanied by his equally popular brother, Bill, proceeded to hang up some new records around the Catalina Islands. The yellow-tail gave a severe tussle, running out 600 feet between the two of them, the Farrum boys caught more than a hundred fish including a shark. Included among these also, was the season's record bontia for which "Dusty" was awarded a silver cup. The luck for big catches seemed to be confined to the Pallas Pictures star, while brother Bill could only stand by and lend a

hand on the big hauls.

When one considers that other expert fishermen had been trying for the prizes for six weeks, it will be realized that Dusty's ability was in keeping with his luck.

Romeo and Juliet.

Ethel Mantell, daughter of the eminent tragedian, Romeo Mantell, will have the part of Rosaline, Romeo's first love, that cold proud lady who disdain his affection. Rosaline has never been shown in the stage except by Sir Henry Irving. No speeches are written for her, but it is the privilege of the screen to show her, Miss Mantell's blonde beauty is an excellent foil for the dark loveliness of Beverly Bayne as Juliet. Miss Mantell is not yet twenty. She made her stage debut three years ago in her father's company, and with him has played Jessica in "The Merchant of Venice," Calpurnia in "Julius Caesar," Blanche of Spain in "King John," "Macbeth." She has appeared in two motion pictures, "My Partner" and "The Spider and the Fly."

Should Come to Cool St. John.

Hugh Ford, who has always been noted for the comfort of his attire rather than for the Beau Brummel-ness of his wardrobe, startled the

Famous Players forces by arriving at the studio the other day arrayed in the most resplendent of silk suits. The celebrated director when chided upon his sudden reformation, remarked that he was afraid that he might even fall as low as to wear white shoes unless the heat wave subsided.

Sidney Drew's latest comedy for release through Metro, was held up by the shark scare. The members of the company declined to participate in some comedy scenes in the surf at Sea Gate.

When Francis X. Bushman and Beverly Bayne were at work on the exterior scenes of "Romeo and Juliet," which were made in a mammoth outdoor set at the Brighton Beach race track, it was necessary to employ a special policeman to keep the crowds off the grounds. The track is near so many summer resorts, including Coney Island, that the players were annoyed by the immense crowds that fairly stamped in upon the scene.

Viola Dana, who made her debut on the Metro program in "The Flower of No Man's Land," is at work on another five-part film. The next offering starring Miss Dana is called "Out of the Darkness."

INTERESTING CONTESTS For the Word-Makers and Artists.

How would you like a beautiful doll, or a splendid mecano set for the best copy of this picture? It looks much harder than it really is. First make a large square on a big piece of white paper. Divide this square into eight squares on each side, or sixty-four in all. Count the number of squares down from the top to Eleanor's head and begin to draw the outline. Follow along to the right very carefully, watching where you cross your lines. Sometimes you go to the right, sometimes up, sometimes down.

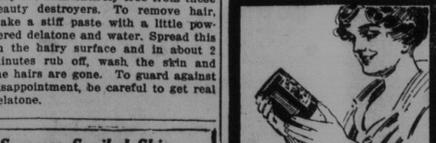

As mentioned above, I shall award a lovely large doll, or a most useful Meccano set to the kiddie who sends in the best result. The copy must be larger than the original, have the usual coupon attached and reach this office not later than Wednesday, August 16th. ALSO A splendid watch will be awarded to the boy or girl, not over fifteen who sends in the most words made from the letters in the word "Celebration." All attempts with the number of words stated, and usual coupon must reach this office not later than August 29th, 1916, addressed to

No. 8 Field Ambulance Train

Besides the above five who passed the medical doctor yesterday at the recruiting office, six more recruits applied for enlistment, four of whom were found unfit and were supplied with the rejected buttons. The other two had not been examined up till nine o'clock last night, but as both boys are fine sturdy looking chaps there is no doubt but that they will be accepted. This makes a total of eleven who called at the recruiting office yesterday.

Sergeant Andrews and Sergeant O'Dell have arrived in the city for the purpose of instructing members of the 62nd Regiment in guard work on the West Side. This will permit the rear guard of the 14th to leave for Valcartier the latter part of the week. Both officers have had a broad experience in affairs military and under their instruction great headway is expected. Sergeants Andrews and O'Dell are both attached to the 25th Battalion and will report to Fredericton when they are through.

"Sir Sam's Own."

Lieut.-Col Guthrie and Captain J. D. Jago are inspecting the military buildings at Fredericton. Lieut.-Col Guthrie will arrive in the city tonight. Major Laurie of the 25th Battalion returned to the city yesterday.

Word has been received by the O. C. of this battalion that Capt. J. P. McPeake, who is to be the paymaster, has left England and is expected within the next week at Fredericton. Mrs. Clarence B. Smith, 139 Princess street, has received a cable from her husband, late of the 26th Battalion, but at present in England recuperating from shell shock, which says that his transfer to the 25th Battalion has gone through and that he would soon be leaving for New Brunswick.

No. 2 Construction Corps.

Tonight at the Temperance Hall, St. James street, Lieut. R. R. McLean will address a meeting of the colored people. The colored band will be in attendance during the evening.

Tonight's meeting is the beginning of a province-wide campaign to recruit the 200 men required from New Brunswick.

Besides Lieut. McLean other prominent recruiting officers will speak. About 75 men are required from St. John, and it is expected that tonight's meeting will bring splendid results.

Lieut. McLean will be in the city for a fortnight, and any person (colored) desiring to join this unit can find him at the recruiting office on Prince William street.

The colored people have on more than one occasion shown their loyalty to the flag under which they have always found liberty and justice, and there is no doubt but that this battalion will be rapidly recruited.

No. 8 Field Ambulance.

The first official military pay was presented to the members of this unit yesterday. About \$1,000 had been deposited for their pay checks. Some of the boys drew six weeks pay, up until August 1st.

Sergeant-Major Westall led the parade to the bank.

Four new men reported at the armory for the branch of service yesterday. They were: W. H. Taylor, of Carleton county; W. Hargrove and A. C. Fisher, of Fredericton, and A. Milvint.

Speaking to one of the officers of the Ambulance Corps he said that the men were enlisting fast enough, but they were experiencing difficulty in obtaining officers, which they must be qualified physicians.

Military Notes.

Major J. J. Bull, of Woodstock, has been transferred from the 55th to the 26th Battalion, according to letters received by the Major's friends.

The rear guard of the 14th Battalion, Moncton, left on Monday night for Valcartier. The party consisted of Major F. R. Sumner, Major C. L. Hamington, Captain G. A. Lawson, who is captain of the battalion, and the members of the regimental band.

Before leaving Moncton the employees of Sumner & Co. presented Major F. R. Sumner with a handsome field compass. The address was read by Charles H. Webb, and Miss Muriel Williams made the presentation.

Sergeant S. E. O'Hara, of Salisbury, who is with the 145th Battalion at Camp Valcartier, brought the body of Private Fred Milton to the home of the deceased at Cherryvale. Private Milton succumbed to appendicitis at

**CHAIRMAN OF HOSPITAL SAYS THAT BUILDING IS INADEQUATE**

Ryan Inquest Has Apparently Developed Into a Commission Hearing to Establish Necessity of New Hospital Plant for St. John—Another Session Last Evening.

The inquest into the death of James Ryan was resumed last night. The witnesses examined were Miss Guitford, Father Coughlan, Mrs. Joseph Quinlan, Dr. F. J. Donnelly, Dr. Thomas Walker, M. E. Agar, Dr. F. T. Dunlop, Dr. H. L. Walker and Dr. J. V. Anglin.

Miss Guitford was recalled and repeated her evidence of the first night of the inquest in regard to the time the accident occurred.

Father Coughlan, Father Coughlan told of being summoned to attend Mr. Ryan about 7 o'clock the night of the accident and giving him the last rites of the church, but he was not informed until the next morning that Mr. Ryan had fallen out of the window. He asked Mr. Ryan if he knew him and judged from his eyes that he did. He had talked with Mr. Ryan the morning of the accident, he said he was not suffering very much, was well fed but wanted to go home and asked him to get his clothes.

Mrs. Joseph Quinlan, Mrs. Quinlan, a sister of the deceased, was called and said she saw her brother on the Thursday before his death. She considered that he was suffering from nervous breakdown. She had never said that it would have been better for him to have gone to the provincial hospital. In answer to Juror Walsh she said that she thought he was properly cared for at the hospital.

Dr. Donnelly, Dr. F. J. Donnelly testified that he was a medical student acting as an assistant to Dr. Walker, the house doctor. On the night of the accident he was called from the dining room about seven o'clock and saw Mr. Ryan being carried in the hospital. He went upstairs until a bed could be prepared for him downstairs. He had not considered Mr. Ryan insane but thought he should be watched as he was very unsteady in his gait when walking.

Dr. Thomas Walker, Dr. Thomas Walker, chairman of the hospital commission, was called to the stand and told of the government of the hospital and of the inadequacy of the present building and equipment. He had been practicing for 35 years in the city, over 30 of which he had been one of the commissioners of the hospital. The board was composed of nine commissioners, two were appointed by the city council, three by the municipal council and four by the local government. It was possible by crowding to accommodate 120 patients in the present building and it was full all the time. They had about 21 nurses, which was all they could find quarters for but that number was not enough to properly care for the patients in both the general and epidemic hospitals.

The hospital accommodation had increased over one hundred per cent, since he first became a member of the commission but they needed room for as many more. In the present building they had no room for X-ray or pathological departments and they were badly needed. There was no place for the patients' clothes and not enough room for the necessary bedding for the use of the hospital. He quite agreed with the suggestion of Dr. White in regard to the possibility of building around the present building and, eventually, getting a modern hospital in that way. They had had plans prepared at one time for some new buildings on the hill, these had been referred to the municipal council, but had heard nothing of them lately. He considered a good hospital the most important thing in the community.

In answer to Juror Walsh he said he would rather not express his opinion of the epidemic hospital as he considered it out of date altogether.

In answer to Juror Steel he said he considered the present site the best in the city and would not be in favor of building anywhere else. He said that private rooms were often used for public patients when the wards were full.

M. E. Agar, Mr. Agar said he had been a member of the Valcartier military hospital last week.

Private Edward Barry, 228 Prince William street, has been killed in action, according to advice received in St. John. He was killed on July 25th. Applied—examined—accepted—deserted—captured, in less than a day is the record of Arthur Howe, who enlisted for the Home Guard on Monday. He is now in the hands of the military authorities.

Signaller Lou Lelaicheur, son of Mr. and Mrs. John Lelaicheur, Mecklenburg street, is expected to arrive on the S.S. Misamis, which is due at Quebec on Sunday. He was wounded in the first battle of Ypres on April 2nd, 1915. He enlisted with Major Brown's corps on August 20th, 1914.

Lieut. J. C. Berrie of the 65th battery, stationed at Woodstock, passed through the city last night on Halifax on military business.

Four recruits enlisted at Fredericton yesterday, two for No. 8 Field Ambulance, Messrs. Elbridge Harrison and Herman Patey of Marystown; G. A. Houghton of Gibson, for the 62nd Regiment, and John Batman for the colored battalion.

Lieut. W. A. Cameron of the 25th Battalion, recruited in Nova Scotia, who was wounded on July 27, is now

in the Daughters of the Empire Hospital, London, suffering from wounds in both hands. His condition, however, is favorable and he probably will be discharged from the hospital soon.

Lieut. Cameron as battalion scout officer has done good work at the front and has been mentioned in the despatches several times.

Dr. F. T. Dunlop, Dr. Dunlop was called and testified that he took from the deceased a sample of blood on Monday, July 10, and sent it to Montreal for examination and received the report from there about a week later.

Dr. H. L. Walker, Dr. H. L. Walker, house surgeon of the General Public Hospital, was called and told of Mr. Ryan being admitted to the hospital following a consultation between himself, Dr. White, Dr. Rowley and Dr. McDonald. He would not have admitted him only Dr. McDonald asked him to as he did not consider him a hospital case. From observation and from tests which he had made he found that the man was suffering from paresis which the blood test confirmed.

He had made a post-mortem examination and found there was a bruise over the left eye, that both legs were bruised, that the sixth rib was broken and had penetrated the lung, causing hemorrhage. The brain he found normal. The stomach and liver he had not removed as he had no way of examining them. He gave as the cause of death shock and hemorrhage. He told Mrs. Ryan the night of the accident that her husband might die and if he did it was a case for the coroner. She asked him to keep it quiet as Mr. Ryan's sisters had objected to his being taken to the hospital. He had informed Mrs. Ryan on the afternoon of the accident what was going with her husband and she was going to bring the money next day for the first treatment.

In answer to Mr. Conlon he said he tried to make it plain to Mrs. Ryan that her husband was likely to die that night and told her she could stay if she wished. From his knowledge of hospitals he did not think the St. John hospital was at all up to date. The only thing he heard Mr. Ryan say after the accident was "that's not what is wrong with me." He had told Mrs. Ryan that no bones were broken but had not said that he would recover. In answer to Mr. Kelly he said there was nothing in the brain to indicate mental trouble.

Dr. J. V. Anglin, superintendent of the provincial hospital, said he had heard the evidence given and had come to the conclusion from what he had heard that Mr. Ryan had been suffering from paralytic dementia or paresis. This was a form of mental enfeeblement and from what he knew of such cases would say it was a rare thing for anyone suffering from dementia to commit suicide although there was no telling what a man out of his mind would do. It was quite possible that he would try to escape and it was also possible that he might have thought that he could get out of that window without hurting himself. He would not think it necessary to use any restraint in dealing with a case of that kind.

J. King Kelley put in evidence a statement showing the increase in the number of cases treated in the hospital in the last few years. In the year 1905, 1085 cases were treated, in 1915 the number had risen to 2052. In 1905 the cost of maintenance was \$1.32 per patient, in 1915 it was \$1.45. An adjournment was then made until Wednesday, August 16, at 7.30.

**SEVENTY-EIGHT YEARS BURIED, GOOD AS EVER**

Water Department Employees Working on Prince William Street Found Pipe Laid in 1838 Stood Test Well.

After a strenuous night's work the men of the water and sewerage department finished the connection of the Jardine alley extension to the 10-inch main in Prince William street. It took somewhat longer to do the work than was anticipated as the men found when they started to cut the old main that it was much tougher than the pipe being used now. This pipe has been in constant use for nearly 78 years, having been laid in October 1838, and formed a part of the first water system St. John had. Judging from the piece cut out of it last night there was very little, if any, scrap iron used in the making of it and it looks to be good for another 78 years.

The men had another experience which they did not expect and could have done nicely without. The fire plug at the corner of Duke and Water streets had been left open to carry off the drainage in the pipes. Somebody came along and without asking any questions, procured a wrench from somewhere and proceeded to turn off the water with the consequence that in a few minutes the men were flooded out and had to beat it down and open up the plug again. Commissioner Wigmore's patent light was right on the job last night. He has found a use for the self-starter in his car; he takes out one of the front lights, puts in a plug to which is attached about fifty feet of wire, turns on the juice and presto, the men have an electric light down in the place where they are working which is some convenient.
