

DIFFICULTIES FACING LABOR CONFERENCE

Reservations to Treaty Adopted by U. S. Senate Raises New Problem Vexing to Canadian Delegation.

CANADA TAKES A FIRM STAND

Employers' Group Believe Canada Should Not Become Party to Any Inter-Nation Convention Until U. S. Gives Assent.

Washington, D. C., Nov. 16.—(By The Associated Press.)—Reservations to the Peace Treaty adopted by the United States Senate raises new difficulties for the International Labor Conference and for the Canadian delegation in particular. One of the reservations include "labor" among the subjects which "are not to be submitted in any way either to arbitration or the consideration of the council, or of the assembly of the League of Nations, or any agency thereof." As the matter stands, this probably precludes the possibility of the United States assenting to any convention adopted by the International Labor Conference which, itself, is a branch of the League of Nations.

Canada Takes Stand.

From the outset the Canadian employers' group has taken the stand that Canada should not become a party to any international convention placing restrictions on labor until the United States has first given its assent. The general employers' group, in fact, with a view to putting the Canadian objection into effect, submitted a resolution that any convention adopted to limit the course of labor shall not become effective until it receives the assent of the United States. But the special committee of the conference which has the matter in hand has not yet reached a decision on the point.

Among Canadian labor group, on the other hand, the view is held that Canada should work her own "industrial salvation" without waiting for the lead of the United States. The labor men hold, in addition, that economic pressure will eventually force the United States to limit hours of labor because they may an eight hour day to more efficient than a ten hour day. In any event, however, the Senate reservations will have an important bearing on conference business.

Robertson Suggests Compromise.

The conference meets in plenary session again tomorrow afternoon, but the sitting will be brief, as no committee of importance are ready to report. Caucuses and discussions during the week-end indicate the likelihood of compromise on the 48 hour week. The special committee decided by a majority vote in favor of the 48 hour week for industrial workers as distinguished from the labor demand of a maximum eight hour day. Senator Robertson suggested as a compromise a forty-eight hour week with a maximum nine hour day in industries which have the half day Saturday. The majority of the labor men, it is understood, would be willing to accept the compromise providing there were a time limit after which eight hours would constitute a maximum working day.

A sub-committee considering those countries which are entitled, for climatic or other reasons to special consideration has had the case of Japan under review. The sub-committee will recommend that Japan be excepted from the 48 hour week on the ground of its backward industrial development.

Tom Moore, president of the Trades and Labor Congress, is representing Canadian workers on the special committee on the 48 hour week.

Balkan Question Is Not Settled So Long As Turks Remain In Europe

Paris, Nov. 15.—"The failure of the Peace Conference to expel the Turks from Europe would spell bankruptcy of the Peace," said Eliptherios Venizelos, the Greek Premier, to the Associated Press today. "Neither the Greeks, Bulgars nor Roumanians will consider the Balkan question settled so long as the Turk remains in Europe." M. Venizelos continued: "We seek no mandate for Smyrna, but merely wish to incorporate the district which has been Greek for thousands of years and in which we are at home. The findings of the commission which investigated in Smyrna are vicious and I ask that they be considered null and void. There was no question of temporary occupation when Premier Lloyd George, Premier Clemenceau and President Wilson asked the Greeks to occupy Smyrna. I feel confident that although President Wilson disagrees with me on the question of the race, they are fully in accordance as to Smyrna."

The Rumanian Troops Evacuate Budapest

Budapest, Nov. 15.—The evacuation of the city by the Rumanian troops was completed last night. The Hungarian troops of Admiral Horthy received an ovation this morning upon entering the city. Admiral Horthy recently received a deputation of coal miners and warned them that if full production was not effected immediately the mines would be placed under army control and then socialized.

Heavy Vote In French Elections

Greatest Doubt Exists as to When the Results of Sunday's Elections Will be Known.

Paris, Nov. 16.—(By The Associated Press.)—Election day dawned fine and clear, with a moderate temperature. The balloting in Paris, Marseilles and elsewhere was heavy in the early hours, despite Friday's blizzard in the central and northern parts of France and the rains in the southern portion. Three-fourths of the vote had been cast by 1 p. m., the well-to-do districts seeking to counteract the activity of the extremists. No disorders have been reported.

Paris cast an unprecedented heavy vote. For instance, in one ward 27,000 of the 35,000 voters inscribed on the lists had cast their ballots by 4.30 o'clock this afternoon. The greatest doubt exists as to when the result of today's elections will be known. It is recalled that when the voting was last used in France, in 1888, when the method was far simpler, and involved no complications of quorums to allow proportional representation, Paris did not know how it had voted for a whole week.

HUNTER RECEIVES FATAL WOUND IN ABDOMEN

Well Known Fisherman of Herring Cove Killed by Accidental Discharge of His Gun.

Halifax, N. S., Nov. 17.—A shooting accident at Herring Cove yesterday resulted in the death of Patrick Pezman, a well known fisherman. After church, Pezman decided to take a short trip in the woods for a moose that had been seen in the vicinity. He was accompanied by Joseph Reyno. The two entered the bush two miles from the village and separated. An hour afterwards, Reyno heard a shot followed by a cry. Running hastily in the direction from which the sounds came, he found Pezman face downwards on the ground. The man was still conscious and told Reyno to hurry into the village and call a doctor, stating also that he was badly hurt. When the doctor arrived Pezman was dead. He had evidently leaned on his gun which went off the bullet entering his abdomen.

PARTIES IN COAL DISPUTE READY FOR ARGUMENT

Joint Meeting Today Will Consider Action of Miners Who Have Not Returned to Work as Ordered.

LEWIS HOLD MINERS' DEMANDS AS JUST

The Miners Are Now Asking a Maximum of Six Hours Working Time in the Mines.

Washington, D. C., Nov. 16.—Negotiations of a new wage scale in the soft coal industry stood in much the same situation tonight as when operators and miners met in Buffalo in September to frame a contract to replace the Washington wage agreement. This time, however, there were no threats of a strike, and both sides were ready to resume their conference tomorrow in the hope of reaching a quick settlement.

Some of the operators protested that miners had failed to return to work, as ordered by Federal Judge Anderson at Indianapolis, and in the face of withdrawal of the strike order of the United Mine Workers of America. It was intimated that this would be brought up at the joint conference.

Lewis Talks.

John Lewis, still holding the miners' demands just, took issue today with the statement of Secretary Wilson that a wage increase of sixty per cent would make them a favored class of workers.

The demands submitted to the operators yesterday reaffirmed the six-hour day, but omitted reference to "from bank to bank," Lewis explained.

Six Hours Maximum.

The miners now are asking a maximum of six hours' working time in the mines. The time required to go down into the mines and return to the surface would add an average of about half an hour to the six hours. There were indications today that operators outside the central competitive fields intended to accept any agreement which would be reached in that territory in advance of the agreement itself. Mr. Lewis declared that miners' representatives "not only are not prepared to accept any such settlement in the coal industry was reached."

I think the operators will negotiate with them if they expect to operate their properties," he said.

I.W.W.'s Deliberately Planned Shooting At Centralia

Confessions of a Member of the Gang Reveal the Magnitude and Seriousness of the Situation.

Centralia, Wa., Nov. 15.—(By The A. P.)—Industrial workers of the world planned the Centralia shooting three weeks before armistice day, according to an alleged confession made by L. Roberts, confessed I. W. W. who surrendered himself to the officers following Tuesday's shooting in which bullets from the guns of the radicals killed four former American soldiers marching in the holiday parade.

The confession said the I. W. W. expected their hall would be attacked on armistice day and that all the radicals who took part in the shooting expected to be killed. According to Roberts' statement Wesley Everett, the lynched I. W. W., apparently directed the movement of the radicals as he sent Roberts and two others to Seminary Hill near the scene of the shooting with orders to "shoot when they shoot or when we heard shooting."

Roberts, in his alleged confession, implicated several alleged I. W. W. who are in jail here and in nearby cities. After making the confession Roberts is said to have stated that he feared vengeance at the hands of his fellow radicals because of his admission.

A posse of loggers and former soldiers left here this morning for Hanford Valley, eighteen miles north-east of Centralia, to renew the search for a number of Industrial Workers of the World who are believed to have participated in the shooting of members of the American Legion during armistice day. Bert Bland, believed by the authorities here to be the man who shot and killed Warren Grimm, commander of the Centralia American Legion post on armistice day, and a man named Hansen, also suspected of complicity in the shooting, are reported to be among those hiding in the valley.

Hansen was named in an alleged confession of L. Roberts, an I. W. W. who are in jail here and in nearby cities. Hansen was named in an alleged confession of L. Roberts, an I. W. D'ANNUNZIO IS RAIDING COAST OF DALMATIA

Accompanied By His Entire Staff and With Force of 1,200 Men Left Fiume and Landed at Zara.

RECEIVED WITH GREAT ENTHUSIASM

The Situation Called for a Hurried and Prolonged Meeting of War Council by Italian Cabinet.

TROOPS OF CAPT. D'ANNUNZIO NOW OCCUPY ZARA

Belgrade, Saturday, Nov. 16.—An unconfirmed report from Spalato says that troops of Captain Gabriele D'Annunzio's column have occupied Zara. Vice Admiral Millo, in command of the Italian fleet, is said to be endeavoring to prevent the occupation of the city.

Washington, D. C., Nov. 15.—(By The Associated Press.)—The Italian warship, the destroyer Nalio with his staff, while six hundred Italian shock troops and six hundred carabinieri boarded the Corvetzano. The entire party proceeded to Zara, where they landed yesterday morning.

The Italian men-of-war, which were stationed at Fiume, followed the D'Annunzio party. Persons arriving at Trieste from Fiume declare there was great excitement in Fiume, and that officers connected with D'Annunzio's headquarters declared that he will continue his raid throughout Dalmatia.

The population of Zara is said to have received D'Annunzio with great enthusiasm, and his party has been welcomed by some regular troops. Word of his departure from Fiume spread rapidly and rumors spread that he would attempt a post-belligerent raid on the Adriatic coast.

It is reported that Italian newspaper men, including Nationalists, are proceeding to establish a regime like that in Fiume, but will return to Fiume soon possibly on Sunday. The expedition is being supported by several warships recently of the Ancona fleet, including the dreadnought Danti Alighieri and the destroyers Mirabello and Albino.

Lack of communications and the censorship makes it difficult to obtain details of the expedition. News of it was published today, although many patches of white in the newspapers indicated that something related at Trieste had not been allowed publication.

War Council

Rome, Nov. 15.—Premier Nitti, accompanied by General Caviglioglio, an officer in command, and Lieutenant General Abrocia, Minister of War, had a long conference today with King Emmanuel regarding the Fiume situation. After the conference all except the king went to the home of Signor Tittoni, the Foreign Minister, who is ill, where they were joined by Admiral Secchi, Minister of the Navy; Signor Schaner, Minister of the Treasury; and Francesco Tedesco, Minister of Finance, where they constituted what has been referred to as a "war council."

The discussion lasted about two hours, but at its end no statement was made. Premier Nitti also conferred with M. Camille Barrere, the French Ambassador. This conference lasted about one hour.

N. B. TEMPERANCE ALLIANCE MEETS AT FREDERICTON

Will Gather in Annual Convention on Tuesday — To Organize for Coming Referendum on Prohibition.

Special to The Standard. Fredericton, Nov. 16.—The annual convention of the New Brunswick Temperance Alliance will be held here on Tuesday. It is expected that the matter of organization for the coming referendum on prohibition in New Brunswick will be taken up at this time.

Mayor Hanson, P. J. Hughes and J. Stewart Neil, left on Saturday evening for Detroit, Mich., where the evening of officials of the Chalmers Motor Company will be taken in the case of the Fredericton Motor Sales, Ltd., and the Earl of Ashburham.

PRINCE PROVES TO BE AN ATHLETE OF SOME CLASS

The Programme of the First of His Three Days of Rest Included a 10-Mile Walk, Three Hours of Golf

DOES ACROBATIC DIVING STUNT

The Desire of the Royal Visitor for Three Days' Rest Incognito Only Partially Fulfilled.

White Sulphur Springs, W. Va., Nov. 15.—The Prince of Wales spent the first of his three days of rest here by walking ten miles, spending an hour in a swimming pool, golfing three hours and in dancing for three more. At the conclusion of the programme he seemed to have recovered considerably from the fatigue of his strenuous four days' visit to Washington.

The Prince won his golfing match, played with Sir Godfrey Thomas, his private secretary, and again proved his title as an athlete when he turned a somersault from a platform twelve feet high, into seven feet of water in the swimming pool.

The desire of the royal visitor for three days' rest incognito was only fulfilled partially. The whole population of this little mountain resort was at the railroad station when the Prince and his party arrived, but the news of his intended visit had been kept carefully enough so that only a handful of stragglers were present.

At the Mammoth Hotel, where the Prince was lodged, there were scarcely one hundred guests, and throughout the day the Prince was able to move about with the freedom of a private individual.

The visit to the swimming pool was made after the Prince had spent the morning tramping over the Appalachian mountains. Practically unrecognizable the Royal father laughingly challenged the man in charge of the pool to a diving contest, and beat him at his own game.

The afternoon was spent in golf and in the evening the Prince watched a movie given in the hotel. He danced afterward until midnight.

British Gov't Plan For Management Of Railways

Proposed to Give the National Union of Railwaymen Representation on Joint Board of Managers.

London, Nov. 16.—(By The Associated Press.)—James Henry Thomas, General Secretary of the National Union of Railwaymen, in a speech at Bristol today, outlined the plan of the Government to give the men representation on a joint board of management and expressed the hope that the arrangement would be accepted.

The Government proposes, Mr. Thomas said, that the railways be managed by a joint committee of legislative and executive bodies. The committee will have three representatives with powers equal to those of the general managers.

The plan would also create a joint board composed of five general managers of railways and five delegates of the locomotive men and the national union of railway to negotiate all matters concerning conditions of service. Any dispute arising would be referred to another body of twelve, comprising four representatives of the railways, four appointed by the men, and four delegated to look after the interests of the general public. Of the representatives of the public, one would be a trade unionist not connected with the railways and one another would represent the co-operative movement.

Neither body, said Secretary Thomas could withhold from the men the right to strike, but it was obvious they would not strike while a matter was under discussion. He would be glad, he added, to suggest that there would be no more strikes, but was confident the machinery proposed would ensure smooth working and improve the men's conditions.

SIR NATH. DUNLOP DIES IN LONDON

Was Considered Responsible for the Introduction of the Steam Turbine Engine in Ocean-going Vessels.

London, Nov. 15.—The death is announced of Sir Nathaniel Dunlop. Sir Nathaniel Dunlop was a retired shipowner, and formerly chairman of the Allan Line Steamship Company. He was considered responsible for the introduction of the steam turbine engine in ocean-going vessels. He was born in 1830, was a widower, and is survived by one daughter.

U. S. Consular Agent At Puebla Under Arrest

Mexico City, Nov. 16.—(By The Associated Press.)—William O. Comment On Action Of U. S. Senate

London Papers Review Stand Taken by Senate Regarding Article X.—See Little Hope of America in League.

London, Nov. 15.—The action of the United States Senate on the Peace Treaty, especially with regard to Article X, receives prominence in some of the London papers whose headlines embody President Wilson's reference to "tearing out the heart of the treaty."

Few of the papers, however, comment editorially. The Daily Chronicle attributes the Senate action to hostility to President Wilson rather than to "hostility to Europe" and says: "This in nowise relieves Europe from serious, possibly tragic, embarrassments for which American obstruction is responsible."

The Daily News sees little hope of America entering the League of Nations on the same footing as the nations and says this will be a grave blow to the hopes of the rest of the world, who looked across the Atlantic for full unselfish leadership in the task of re-ordering the world.

The paper, however, does not believe that the Senate today reports what will be in the mind of the American country next year or the year after and adds: "The attitude of the Senate is a misfortune but a misfortune time will remedy."

GEN. YUDENITCH FORCED TO RETREAT FROM YAMBERG

There is An Unconfirmed Rumor That Yudenitch Has Resigned His Command.

Helsingfors, Nov. 16.—(By The A. P.)—General Yudenitch, commander of the Russian Northwestern army, is retreating hurriedly from Yamberg in Finland, according to latest advices. Some of his troops have already entered the Estonian lines. The Estonian authorities announce their intention of disarming the Yudenitch forces. There is a rumor that Yudenitch has resigned his command but this is not confirmed.

SMALL CHANCE FOR HOPEFUL HEARTS

Slight Downward Trend in the Cost of Living Reported by Labor Gazette.

Ottawa, Nov. 15.—A slight downward trend in the cost of living is reported by the Labor Gazette. Although the retail price of meats and potatoes showed decline there were advances in eggs, milk, butter, rolled oats, rice, evaporated apples and sugar. The average cost of a budget of staple foods in some sixty cities was \$14.23 at the middle of September, and \$14.45 at the middle of August as compared with \$7.74 in September, 1914.

Former Soldier In Commons Speaks Words of Praise For Germans

London, Nov. 15.—(By Canadian Press.)—When the Aliens' restriction bill was before the Commons last night a stiff fight was made to secure that enemy aliens shall not be permitted to return for seven years without the Home Secretary's permission. Two years was suggested by the government. A Hopkins, a former soldier, protested against the perpetual hatred of the Germans, who, he said, had put up a magnificent fight of over four years, and on some occasions had nearly beaten us. Sir John Burcher expressed amazement and disgust at this speech. General Page Croft said that in Manchester today a man who had been Austrian Vice-Counsel before the war had fought against us as colonel of the Austrian army, had now returned there in a permanent business capacity. A compromise of three years was agreed to.

CANADA FACING SERIOUS COAL SITUATION

Without Economy and Co-operation Canada's Coal Problem Will Reach An Acute Stage.

SUPPLIES MUCH BELOW NORMAL

Fuel Controller McGrath Appeals to Provincial Authorities to Revive Their Fuel Administrations.

Special to The Standard. Ottawa, Nov. 16.—Without economy and co-operation Canada's coal problem will soon reach an acute stage. Supplies, much below normal, are being rapidly depleted and their renewal from the United States is problematical. Since the coal strike no bituminous coal has been received in Canada from the South, and although the miners have been ordered to return to work many are refusing to do so. The bituminous coal production in the United States is and will be below normal for weeks, and probably months, and although the United States authorities are anxious to meet Canada's coal requirements, they can do so only in proportion to production. How serious the situation is can be seen from the coal imports this season in comparison to what we received in corresponding periods previous years. From April, 1 to October 31, in 1914, Canada imported 6,859,000 tons of bituminous coal from the United States. During the same period in 1915 we imported 5,860,000 tons. In 1916 this increased to 9,289,000, and in 1918 to 12,120,000. For the same period this year we have received only 8,600,000 tons or only about seventy per cent of our requirements, and none at all since November 1, when we should have received our heaviest shipments.

Critical in West.

In Western Canada the situation is extremely critical and has been intensified by the abnormally severe weather in October and November. From Regina east, considerable quantities of bituminous and anthracite coal requirements are filled from eastern United States via the Great Lakes to Fort William. At this time there has been sent to the head of the Lakes 1,400,000 tons as compared with 1,660,000 tons last year, and 2,300,000 tons in 1917. Navigation will soon close on the Great Lakes, and this shortage of supply for Western Canada will be felt. From the Alberta coal fields the normal supplies have not, until recently, been forthcoming. Owing to labor troubles last summer the railways moved only fifty per cent of the usual amount. In October, however, the railways carried thirty per cent more than in the same period last year, but as stocks are low and at many points have been wiped out this increase is absorbed by the immediate demand. Then the railways are handicapped by a loss of service of fifteen per cent of their cars that are in the United States, and the abnormal demands for immediate shipment of cattle from the dry belt to the Northern Highlands or for shipment of hay from the North to the starving cattle in the South. European wheat contracts, which must be immediately filled, are increasing the toll on the already depleted car supply.

Province Must Act.

The situation is so serious that the fuel controller, C. A. McGrath, has made a strong appeal for immediate action by the provincial authorities. If industry and transportation are to be protected the most rigid economy must be practiced and the provincial authorities must revive their fuel administrations.

The Canadian Trades Commission, which has still the authority conferred under that war measure act, has forbidden the export of coal from Canada, except under license. To export shipments will not be permitted, but to the United States there will, under license, be reciprocity in coal to meet the shortage in both countries. Eastern and Western Canada will continue to assist in supplying the Atlantic and Pacific coasts of the United States, while Central Canada will secure a certain amount from Pennsylvania and Ohio. Arrangements will also be made for bunkering ships at Canadian ports so that our export trade will not be disrupted.

EVANGELISM ON BUSINESS BASIS PLANNED BY FIVE OF THE GREAT CHURCHES OF CANADA

The Billy Sunday Method Not to be Adopted in Canada in the Inter-Church Plan for Reviving the Christian People to a Realization of Their Heritage and Their Opportunity.

By J. E. Middleton.
Evangelism on a business basis is planned by five of the great churches of Canada. Perhaps they realize that the appeal of the old-time, camp-meeting style has ceased to be effective in arresting the attention of a sophisticated and slightly cynical people. Certainly the last of the religious Mohicans, namely Billy Sunday, has been vigorously criticized despite the praise of his energetic supporters. No one doubts the sincerity of Mr. Sunday. No one questions his courage. But many sincere churchmen wonder if it is necessary to use the slang of the street to awaken the tenderest and most sacred emotions of the soul.

Of course, as a theologian, the answer is obvious; namely, that St. Paul and all the inspired writers of the New Testament made use of colloquial and rough-hewn Greek in teaching spiritual truth. No literary artist of the time would have written in a dialect. But, on the other hand, the Christian Church of the Apostolic times was made up of uneducated folk, some of them slaves, who would have been found in a poet's audience. It was necessary to write to them in the tongue of common life and depart from the nicety of literary convention. Yet such were the power and earnestness of the writers so firmly were they possessed of the great theme, that they produced a body of literature superior to the work of any of their contemporaries. In like manner, Chaucer wrote in the tongue of the people and became an immortal, while the Norman French romancers and troubadours of the period are forgotten.

It is not to be adopted in Canada in the Inter-Church plan for reviving the Christian people to a realization of their heritage and their opportunity. That a "revival" of some sort is necessary is made apparent by some startling facts. There has been a decline in the number of young people ready to devote their lives to Christian service, either in the ministry or on the missionary field. This is not wholly due to the war, although the eagerness of young idealists to have a part in the Great Crusade emptied the theological colleges for four years. Before the war came, comparatively few men were offering themselves for the Divinity course. Rightly or wrongly, the church leaders interpreted this condition as another manifestation of the materialistic wave which had been sweeping over the country and which caused concern to thoughtful intellectual leaders, clerical and lay.

It cannot be doubted that one of the benefits of the great conflict for it brought benefits as well as hardship and pain. . . . was the stirring of the sacrificial spirit. Young men awoke to the call of duty. Older men, condemned to remain at home were princely in their gifts to patriotic and humanitarian causes. The country welcomed each call as an opportunity to enjoy the luxury of helping others and to give proof to the world of the inherent greatness of the Canadian people.

It is simple fact to say that the leaders in patriotic "drives" in every community were the leaders in the Churches as well. All this generosity for national purposes had a reflex action upon the Churches. Never were the denominational activities better supported than during the four years of a devastating and expensive war. Church people proved that they were able to do great things and enjoy the doing of them.

With the peace comes an era of extravagance and pleasure-seeking which if unchecked, bids fair to stifle the idealistic gains of the people. In addition, army chaplains sent from the fighting line declare roundly that the soldiers are looking for a more active spirit of brotherhood on the part of the religious bodies and the religious leaders. For these reasons, eminent laymen and distinguished clergies have come into consultation to consider the possibility of concentrating

THIS MOTHER AND DAUGHTER Both Made Well by Lydia E. Pinkham's Vegetable Compound.

Steele, Ala.—"During the Change of Life I had hot flashes, was nervous, run down, and had sick headaches for two or three days at a time. I took Lydia E. Pinkham's Vegetable Compound and I am much stronger and better in every way than I was. My daughter's health broke down last June from teaching school without a rest, and she has taken Lydia E. Pinkham's Vegetable Compound and the Blood Medicine with good results. She is much better and teaching now and I give your medicine the praise. You are welcome to use this letter for the benefit of other suffering women."—Mrs. F. A. GARDNER, R. F. No. 1, Steele, Ala.

Women who suffer as Mrs. Gardner did should not hesitate to give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, as the evidence that is constantly being published proves beyond question that this grand old remedy has relieved much suffering among women.

tion funds and the needs of the denominational colleges will also be set forth. Finally, an effort will be made to secure from each congregation the pledges of some young people for the Ministry or the Missionary Field.

At the same time, the Central Inter-Church Organization will remind the general public of the relation of the church to the civilizing of the Dominion and the world. Since ethical concepts are the rock foundation of the social order and since the church is the only organization established to lead alone, the citizen's individual happiness must depend upon the continued and zealous effort of the religious bodies to extend the influence of the Gospel.

A programme of this scope, by its very completeness should seize the imagination of the Canadian people. It is an earnest, well devised effort to make patriotic use of the spiritual resources of the nation.

One of the tasks of the executive is to make arrangements for a series of National Inter-Church conventions, which will be held at strategic points in Canada during the early part of December. The speakers will be selected from among the most eloquent and powerful of Churchmen, and there is good prospect that a backbone of religious enthusiasm will be started at every convention to check the fires of the pit which have been burning too freely in this land.

During the latter part of the year, some 10,000 congregations will be completely organized to set all members doing something to stimulate their own spiritual life, and to interest the folk of their neighborhood in the work of the Church. A series of special services of a reflective or evangelistic nature will be held in January. The dying embers of Christian zeal will be blown into a flame, and in the meantime, the people will be fully informed of the financial needs of the Denomination, of the opening opportunities and the falling resources to meet them, of the state of the home and foreign missions for which that denomination is responsible. Rev. Canon Kuhring At St. John's Church Preached Thoughtful and Logical Sermon Yesterday Morning on the Restoration of the Jews.

Rev. Canon Kuhring of St. John's (Stone) Church yesterday morning preached a very thoughtful and logical sermon on the Restoration of the Jews, the subject being suggested by the lessons arranged for this period of the Church's year.

The people of Israel (The Jews) have been the great enigma of history and they are the key to all history. They are the enigma, in that by all natural laws, they should have

disappeared as a people. Their existence today as a people, without language, religious faith, in spite of an unrelenting persecution is only solved by the belief in the miraculous working out of the purposes of God as revealed in prophecy and in history.

They are the key to history. It was Israel's rejection of their Messiah, which brought in the "Gentiles." It will be Israel's acceptance of the same Jesus which will end the times of the Gentiles and usher in the times of Israel.

Whilst the eyes of most people are watching events on the "Western Front" it was when Jerusalem and the Holy Land were delivered that the end of the Home-land of the Jews. The Church of England has ever borne witness to the present situation of the Jewish people. These messages are taken with the temporal and political advancement of Israel when she has repented.

They are messages concerning Israel and not the Church. It is quite legitimate to draw spiritual lessons from these chapters, because there is an analogy between the Natural and the Spiritual World—but to transform the natural so that it ceases to exist is to deny the Truth. It is to lose sight of necessary and inspiring fact, that the present sin-tossed and distracted world, will one day enter into an era of perfect government and peace and that Israel, the despised will by God's grace be His great instrument in the culmination of the desired hope and fulfillment of His promise.

The title deeds of the land are written in books in possession of the Jews and in the Scriptures which the Christian Church recognizes as the word and pledge of God. "To these and to thy seed for ever will I give this land."

God has taken care to give in the 4th to the 4th Chapters the Architectural plans for the reconstruction of the city and Temple and ordinances of worship.

In Chapter 37 The reunion of Judah and the rest of the ten tribes is described. The prosperity of the land is predicted in Ezekiel 38.

I commend to you the most earnest study of these lessons. It is the one pure unwavering light we can follow in these days of change and decay. It is the one anchor that will hold in this day of distress of nations and perplexity of their statement.

If you would escape the paralyzing pessimism that enslaves, then learn the mind of God as revealed to us by His servants by the Prophets by the Spirit.

"Pray for the peace of Jerusalem, they shall prosper that love thee." Frederick Green and N. F. Nutter, of the Western Union, left on the Boston-train Saturday night en-route to New York.

Whilst the eyes of most people are watching events on the "Western Front" it was when Jerusalem and the Holy Land were delivered that the end of the Home-land of the Jews. The Church of England has ever borne witness to the present situation of the Jewish people. These messages are taken with the temporal and political advancement of Israel when she has repented.

Night Coughs Prevent Sleep WEAR OUT THE SYSTEM

The dry, hacking cough, cough, day and night is very wearing on the system. The constant coughing disturbs the rest and keeps the lungs and bronchial tubes in such an irritated and inflamed condition they get no chance to heal.

You will find in Dr. Wood's Norway Syrup a remedy without an equal or curing coughs and colds, soothing the lungs, loosening the phlegm, strengthening and healing the breathing organs and fortifying them against serious pulmonary disease.

Mrs. Fred Fairburn, Copper Cliff, Ont., writes:—I caught a heavy cold, not a sore throat and had a terrible hacking cough that I could not get rid of. I could not sleep at night. I had tried quite a few remedies, but they did not seem to do me much good until I took Dr. Wood's Norway Syrup. By the time I had taken you bottles my cough was all gone.

We were told, two years ago, that when the war was finished we should become a thrifty people, purged of all outward display of wealth, physicked out of extravagance—people content of the illness of luxury, hard working, poor and constructive in ideas. We were told wrongly. We may be some of us—hard working but we certainly can lay no claim to thrift. On the contrary, we are extravagant and more luxury-loving than ever we were before the war.

London today is the capital city of the world, and the premier in the art of spending money. Everybody, apparently, has money to burn. The theatres are packed. The cinema passages are filled brimming over night after night. The dance halls have not a spare ticket. The restaurants, first class and third, big and little, cater nightly for more people than ever they have seated before. And the people pay without a murmur. It is Gladys' birthday. Right then is Humphreys', dinner at the High Stalls at the Gaiety, supper at Gooch's or Matchett's or the "Troc"—anywhere so long, as there is light and fun and music the pop of champagne corks and the crash of jazz bands. Bill's brother comes home. The same programme—mirth, light, variations. Somebody has backed a winner. Same again. But these are merely small isolated instances. Thousands of people are doing these same things night after night irrespective of whether Gladys' celebrates her coming into the world or Bill has got back home. London has fun and life to provide—as super-war prices. Good enough. The people pay.—London Express.

ST. JOHN, N. B., MONDAY, NOVEMBER 17, 1919.

THE TARIFF.

It may be inferred from the speeches of the leaders of the United Farmers in the West that the tariff question is to be made a real live political issue. Mr. Crerar, who is looked upon as the logical leader of a National Farmers' Party, is a strong advocate of tariff reduction, and Mr. Drury, who has been called to form a government in Ontario, is a radical Liberal who has described himself as a crank on the question of free trade.

MR. DRURY'S CABINET.

That the composition of Mr. Drury's Government is the best possible in the circumstances and shows that the farmers have a proper appreciation of the responsibilities of power seems to be the general view of the Ontario press. Mr. Drury and his colleagues will evidently be given a fair chance to prove their capacity to carry on the affairs of the Province. The new Premier is reported as saying that five or six members of the old cabinet, presumably farmers, have assured him of steady support, while a number of others have promised that their opposition will not be of a captious nature. It can command the support of the farmers elected on the old parties' tickets he will have a fair working majority.

WHAT THEY SAY

The Goops. (Chicago Tribune.) There are the Capitalist Groups and the Labor Groups. The rest of us are the Goops.

Bargains Should Be Kept. (Columbia Record.) Labor wouldn't find it so hard to make bargains if it didn't find it so easy to break them.

A Timely Hint. (Shoe and Leather Reporter.) The old postulate "trade follows the flag" must now be changed to "trade follows the loan."

The New Game. (Edmonton Journal.) According to the Grains Growers' Guide, one of the leading supporters of the Grains Growers' candidate, who completed a victory in Assiniboia on Monday, exclaimed at a meeting in the course of the campaign: "Boys, I'm going to have to sell my farm. It's interfering with my politics." Of the rest with which the farmers are taking up the political game there could be no doubt.

Our Example. (Quebec Telegraph.) I find it hard to see how Canada and the Empire must bear the same relation to the Empire that Canada does. It is to be hoped that the British Government will fully recognize this.

What it Looks Like. (Toronto Globe.) The latest proposal for a settlement of the Irish question, namely, two separate Parliaments, looks like encouraging rather than subduing strife.

A BIT OF VERSE
THE ABSENT.
(W. A. in London Daily News.) The banners wave in the sunshine, Or drop in the still, soft air; Down vistas of roses and laurels And the heavens re-echo the shouting.

THE VANISHING ARMY.
Answering criticisms as to why the demobilization of the army had not proceeded more rapidly, Lloyd George the other day revealed an interesting bit of history. The Premier declared that up to the signing of the Peace Treaty by Germany no one—not even the German Government—knew whether or not Germany would sign, and in that uncertain situation the Peace Conference had asked Marshal Poch if the force at his command was large enough for a march on Berlin. The Allied Commander was only able to give this assurance because there were three or four British divisions in reserve that he placed under his orders if needed.

In view of the wide distribution of the British forces. At the date of the Armistice, he said, the total strength of the Army, Navy and Air Force was 4,400,000. Next month it will be 720,000, and at the end of March, 1920, it will be down to 500,000. The Navy is practically on a pre-war footing now; and by the end of the fiscal year its establishment will be less than pre-war strength. As regards the Army, the Premier said that the War Office had planned on still having 300,000 men under arms by the end of March, 1920; but as a result of the demand for economy it was now intended to reduce the army to 300,000 men by that date. Some of the critics who were loudly demanding army retrenchment are now condemning the Government because it has not seen fit to continue policing the troubled portions of the Turkish Empire.

THE VICTORY LOAN.

In the Victory Loan campaign New Brunswick and St. John have again made a proud showing. Both went over the top with a vengeance; it is estimated that the contribution of the Province will be \$15,300,000 against an objective of \$3,000,000, while St. John's share will be \$5,500,000 against an objective of \$4,000,000. Albert County led the campaign, and captured the German flag gun. Practically all the towns and counties went well over their objective.

Chump—That—aw—pretty little sculpin?
"Her?"
"Her?—I mean, she's a sculpin, isn't she?"
"Sculpin?—I mean, she's a sculpin, isn't she?"

Punishment.
"Are the Germans to have no punishment?"
"Their situation is what I should call punishment," replied Miss Cayenne. "They are obliged to live all their lives under some kind of a German Government."—Washington Star.

Chicken-Feed.
Mrs. Witherby—Have you any change? I'm going down town to buy some groceries.
Witherby—Here are some \$100 bills. They are all the small change I happen to have.

Calling It Square.
She—Truly, am I the first girl you ever kissed?
He—You are, darling; and it makes me happy to hear you say I am the first man that ever kissed you. She—if I am the first, how does it happen you do it so expertly?
He—And if I am the first, how do you know whether I do it expertly or not?

Benny's Note Book
BY LEE PAPE

We was eating supper last night, being chicken crochets and things, nothing wonderful, and I started to take some butter for my bread and ma sed, Benny I want you to go easier on the butter from now on, do you know how much butter costs a pound?
No mam, I sed.
Well I do, and its something frightful, so please put it on as if you were trying to spread the bread, not hide it, sed ma.
Yes mam, I sed.
And I look a little pecco on my plate instead of a big pecco as usual, and I apred it so delicate you could see the bread rite throo it, saying to ma, Look ma, hows this?
Very nice, very nice indeed, sed ma.
Well can I have another slice of bread and butter after I eat this one? I sed.
Sertiny you can, dont be silly, all I want you to do is spread the butter thin, sed ma.
Well can I have 3 pieces? I sed.
Which I any apred it on about as thik as usual, being about a quarter of a inch at the moit.

Or deep in the sunless sea?
Or... here in the glow, do they see
And know,
Better, perchance, than we?

POLICE COURT CASES SATURDAY
Petty Larceny Cases Heard
Report Against the James Pender Co. Preferred
Factory Inspector Was Sued.

Two petty larceny cases were before the police court Saturday. J. Dickson was charged with stealing a stick of timber, valued at \$25.25, from the yards of George McKean & Co. company, and William Pyne was charged with stealing two pairs of gloves valued at \$3.60 from the store of Morris Lambert, Main street. Both men pleaded guilty and were remanded.

Two drunks were given the usual penalty.
Contrary to the usual custom, Saturday afternoon session of the court was held when the case against the James Pender Co. was up for second hearing. It was shown that this factory has two engines in one building and one engine in another, but only one engineer to look after the plant. The defendants agreed to get another engineer and with the consent of John Kenney, provincial factory inspector, the matter was held over for a week.

WEAR A GARLAND INSTEAD OF SASH

From A Child Was Constipated
According to the best medical authorities, fully three-fourths of the people of the civilized world suffer in some form from costiveness or irregular action of the bowels. There is no doubt that many distressing diseases are caused by constipation. It gives rise to sick and bilious headaches, jaundice, heartburn, floating specks before the eyes, catarrh of the stomach, biliousness and the painful, troublesome piles. Therefore, it is of supreme importance to health that the bowels be kept regular. Simple food, fruit, etc., should be used, and rich food and stimulants of all kinds avoided. This, with the use of Milburn's Laxa-Liver Pills to regulate and establish healthy action of the bowels cannot fail to give permanent relief in the most obstinate cases.

Mrs. Letitia Wainman, Orillia, Ont., writes:—"From a child I was always very badly constipated, and I can well remember when quite young, my mother giving me some tea nearly every morning, and I got to dread it. After taking Milburn's Laxa-Liver Pills for a while I am not troubled with constipation any more."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Gagetown

Gagetown, N. B., Nov. 15.—Some time ago news reached Gagetown that Lieut. Stephen S. Hall, only son of Mr. and Mrs. H. B. Hall, who formerly resided here, but now of Lloydminster, Sask., had been awarded the Military Cross. The manner of his receiving the decoration was not then known, and according to the press of his adopted town, the details were not provided by himself on his return home.

The following is the heading of the following under the heading: "How Lieut. Hall Won the M. C." "In the Manitoba Press Press, under the heading of 'How Manitoba Officers Won Decorations in the Last Hundred Days of the Great War,' we noticed the following: Lieut. Stephen S. Hall, the Scout Officer of the 78th Grenadier, was awarded the M. C. for his good work during the Battle of Wood Fighting between September 27th and October 2nd. He repeatedly went forward under very heavy shelling and machine gun fire to make a personal reconnaissance of the forward area, bringing back information of the greatest value. Later, when the position of the forward troops was very obscure, he visited the most advanced posts of the battalion in day light, and the report which he obtained enabled a very awkward situation to be satisfactorily cleared up. Steve's many friends are glad to learn these particulars, for he is modest about it himself."

Another and later paper says: "On Sunday night the town postponed the usual hour for slumber till the arrival of No. 2 westbound train. 'Word had been passed during the day that Lieut. Steve S. Hall, M. C., was expected to arrive that night. As everyone was anxious to share in the welcoming of one of their hero sons, a larger crowd turned out than was expected, as the notice had been so short. When the train pulled into the station, and our Lieutenant alighted for a rousing cheer from the gathered citizens, which went to prove that his efforts during the war had been appreciated, and all wished to do their bit."

Lieut. Steve is like the other returned boys, very reticent in recording his many experiences. Several times 'over the top' has given him an experience that quite a few who were unable to go, are envious of. We are pleased to have him in our midst again, and doubly thankful that he has escaped without any visible injury.

Lieut. Steve is now enjoying a well-deserved holiday before donning civvie, and getting back into harness."

On Wednesday afternoon a session of the Probate Court was held. S. L. Peters, Judge of Probate, presiding.

In the estate of Robert Anderson, late of Welford, letters testamentary were issued by the Probate Court, to James E. Anderson, of Welford, a son of the deceased.

NEW PILLOWS HAVE
FILET COVERS
New pillow cases are of white linen
with a filet pattern set in on one side
and a narrow filet insertion above the
hem. At night the pillow is reversed
and one sleeps on the plain side. Such
covers are attractive and practical and
they are economical too for a filet and
linen pillow will last a long time,
much longer than the ordinary muslin
pillowcase. A rather heavy quality of
linen should be selected but the
weaves must be fine—not a crash
weave—so that the sleeper's face will
rest comfortably. There is nothing
more luxurious than a linen pillowcase
cool and smooth beneath one's cheek;
and now that linen is again obtainable
for everybody's use housekeepers are
stocking up with sheets and pillow
cases for family and guest-room use.

The W. M. S. of the Methodist Church will meet with Mrs. Weddall at the Methodist parsonage, on Friday afternoon.

The G. W. Y. A. of this place celebrated Armistice Day by providing a most enjoyable entertainment which was held on Tuesday evening at the Weldon House, which had been kindly offered for the purpose by the manager and his wife, Mr. and Mrs. A. Wood.

With the assistance of a committee of Red Cross workers consisting of Mrs. P. J. Robitoux and Mrs. J. E. White, arrangements were made for a programme of music, cards and dancing to which the public extended a liberal patronage, the sale of tickets amounting to \$100.00.

Previous to the carrying out of the entertainment the Assumption Band very fittingly rendered the "Dead March" from the platform of the hotel in memory of the brave men who laid down their lives in the cause of liberty and justice, and in his opening remarks, Mr. W. Wason, a member of the Association, asked the audience to bear in mind the boys who had gone from our midst to engage in the great struggle who would never return, having made the supreme sacrifice.

Order Now and Pay in December

This year, to offset abnormal manufacturing conditions, make November your Christmas Shopping Month.

Certain lines will be "sold out" during the usual December rush. Avoid being disappointed.

Possibly in the ordinary way it would not be convenient to make your purchases so early—we have made arrangements to receive your order in November "on deposit" and to hold the parcel in readiness for Christmas delivery.

All you have to do is to send us 35 per cent. of the bill cost of purchase. We will get the parcel ready and will hold it for you until the balance is remitted.

Active Christianity Will Mend the World

THE United National Campaign—representing the co-operative feature of the simultaneous, but independent, Forward Movements of the Anglican, Baptist, Congregational, Methodist and Presbyterian communions invites all followers of our common Lord and Master to pray earnestly for the peace and well-being of Canada and the world, and for a renewal of the Christian spirit of sacrifice and service.

Thirteen National Conventions

Thirteen National Conventions are about to assemble at the call of the United National Campaign. The dates arranged, and the places of meeting here follow:—

November 24th and 25th	Toronto and Montreal.
November 25th and 26th	Montreal and Moose Jaw.
November 26th and 27th	Regina.
November 27th and 28th	Saskatoon.
December 1st and 2nd	Edmonton and St. John.
December 2nd and 3rd	Calgary, London and Halifax.
December 4th and 5th	Charlottetown and Vancouver.

The Objects of the Conventions

- To give thanks to God for Victory.
- To re-affirm the principle that the Gospel of Christ is the only cure for those conditions which produced the world war, and the only foundation for ensuring national stability, social welfare and individual happiness in the day of peace.
- To rouse the Canadian people to a keener sense of their religious privileges and national responsibilities.
- To stimulate the practice of prayer for individual and national needs at this difficult period.

The Reason for United Action

His Grace, the Archbishop of Canterbury, preached the opening sermon of the Church Congress held at Leicester, England, on October 14th, 1919. On that occasion, he said:—

"We ought to be able to make more of the oneness, which, thank God, is already ours, the oneness, both in faith and in potential action, of all who can and do kneel to Christ as their living Lord. We want to dwell upon and foster the power of that fellowship for united action, its impact upon the world, or penetration of the world, at an hour so inexpressibly difficult as this. That need not, it will not, interfere with complete loyalty to the distinctive truths, which in our smaller circles within the Church of God we conscientiously hold dear."

"The corporate life which belongs definitely to our own Churchmanship claims our whole-hearted allegiance. But that allegiance acquires an element of peril if it becomes so disproportioned as to obliterate or mar our loyalty to the larger whole, the Christian fellowship, the God-guided life and energy of all who profess and call themselves Christians."

E. LEAGUE WANTS ST. JOHN, IS WORD FROM BASEBALL MAGNATES

Joe Page Brings Joyful News to the St. John Ball Fans After Visit to Conference in States—Magnates Offer Assistance to This City to Put the Deal Through.

Joe Page, who arrived in the city yesterday afternoon on a flying visit, is full of optimism regarding the results which would follow the admission of St. John into the New England League. He was present at most of the sessions during the recent convention of club magnates at Springfield, when the question of St. John as a baseball town was taken up, and every member there he reports, was in favor of putting the Loyalist City on the baseball map by admission to this winter minor league.

At present there are seven clubs in a league, mostly from the state of Massachusetts. St. John would be the only Canadian city in the league and the bulletins from the games printed out to all the newspapers in the United States and Canada, and detailed descriptions of the games printed in at least seven of the leading New England towns, the advertising benefit from a commercial and tourist traffic standpoint to this city would be measurable.

Assurances have been made to Mr. Page by Charles A. Coninsky, owner of the Chicago White Sox, and Colonel L. Huston, owner of the New York Yankees, that in the event of St. John entering the league, they will give this city the privilege of securing players from the utility staffs of those two premier American League clubs.

John having the preference over any other town in this matter.

Hughie Duffy, formerly manager of the White Sox and now manager of the Class A team at Providence, is inclined to take a half-ownership of the St. John team when it materializes and would be willing to come in as manager of it as well. He is of the opinion that there is lots of real money in anyone behind the move of getting St. John into the New England League and is ready to back up that bet with his expert ability, long experience and his own money. He told Mr. Page that he would give the matter thorough consideration and would make a definite statement at the next meeting of the New England League association which will be held on

ALONG THE SPORT TRAIL

At the Toronto Dog Show last week many prizes went to Montreal entries, among the winners being Mrs. Beland and Miss Laviolette, who exhibited at recent autumn show here at the St. Andrew's rink. Mrs. Beland of Montreal scored in Pomeranians when her Stormlight of Dara was awarded special best of breed and winners among thirty-six competitors. Miss Camille Laviolette's home-bred Pekinese Shantung was first in puppies, winning three specials. Miss Laviolette's Priorwood Pansy was second in the open class and got reserve winners.

How long will Fred Fulton be able to withstand Champion Jack Dempsey's whallops if the pair meet next month? It took Dempsey just 18 seconds to put Fred away the last time they met.

It's up to the businessmen to get back of the prospective St. John ball club for the New England League. There is everything to gain in having the only Canadian team in that high-grade minor aggregation. Joe Page is used to putting over big deals. The Montreal Arena is proof of that. So the New England opportunity for St. John starts off with a good promise for success.

In its 46 years of existence the Grand Circuit has paid \$12,895,303.92 to the money winners in harness racing.

Mike O'Dowd is to receive \$15,000 win, lose or draw, for fighting Mike Gibbons at St. Paul the latter part of this month.

Foster Sanford, the Rutgers football coach, doesn't believe in individual gridiron stars for the success of the team. He says, "Give me a team with the right methods and just an average squad of players."

Forty-five round boxing bouts are to be held at Sonora, Mexico, just across the line from Bisbee.

Quite a few wrestling critics are of the opinion that Joe Stucher, the Nebraska grappler, is in championship form.

Turner To Take Brousseau's Place

Selected to Meet Battling Levisky at Montreal on Monday Night.

Montreal, Nov. 16.—As Eugene Brousseau will be unable to fulfill his engagement with Battling Levisky on Monday night, the management have secured Clay Turner, the Western fighter, to meet Levisky. Turner has been fighting the best of the light heavyweights around New York.

Frankie Fleming has posted a forfeit of \$100 to meet Michaels in a ten-round bout on Wednesday night. Fleming was matched to meet Michaels last week, but the bout was postponed. Michaels is the best boy, with the exception of Kilbane, that Fleming has ever battled with in a local ring and several veteran fight enthusiasts fancy him to beat Fleming.

BASEBALL AWARDS ARE PROMULGATED

Disputes Over Ownership of a Number of Players Are Finally Adjusted.

Springfield, Mass., Nov. 15.—Among the awards of the National Exhibition Board announced last night are the following:

Virginia League raised from class C to class B rating.

Services of Acler Jensen, claimed by Buffalo of the New International League and Springfield of Eastern League, awarded to Springfield.

Services of Lester Stevenson, claimed by Saskatoon of Western Canada League, Minneapolis of American Association, and Houston of Texas League, awarded to Saskatoon.

Other awards announced later tonight follow:

Claim of player E. M. Hemingway against Indianapolis, American Association, disallowed.

Claim of D. C. Reel against Baltimore, International, allowed.

Services of player Sutherland claimed by Portland, Pacific Coast, and St. Joseph, Western, awarded to St. Joseph.

DEMPSEY WILL SHUN RING UNTIL MARCH

Chicago, Nov. 14.—Jack Dempsey, world's heavyweight champion, will not engage in a ring contest before March, Jack Kearns, the title holder's manager, announced tonight. The champion will be engaged until that time in making a motion picture.

Dempsey finished his circus engagement in Little Rock, Ark., this week.

Enormous Sums Won On Brigand

James de Rothschild Executes a Coup When His Horse Wins the Cambridgeshire.

New York, Nov. 15.—English advices report that betting on the Cambridgeshire Stakes, run at Newmarket, October 29, was of greater volume than transactions on the event in many years and that James de Rothschild, owner of the winner, Brigand, won an enormous amount. A five-year-old, carrying 94 pounds, Brigand was a 40 to 1 proposition. From the quotation he was backed to 25 to 1. Mr. de Rothschild not only backed his representative, but took all his friends to "get on." One of those who accepted the information and invested liberally was Sir Ernest Cassell, in spite of heavy wagering on Zinovia, Scatwell, Sir Berkeley, Alansan and Golden Fleece, many of the big operators in the ring lost in the race.

W. Parrish, owner of Golden Fleece, which shouldered 109 backed his aged gelding at 25 to 1 and stood to win \$25,000 on the race. Wealthy men were so insistent upon wagering that for several minutes prior to post time the paramount question in the ring was "How much will you take?" Prices were not seriously considered. During the period of greatest activity in the ring there was no favorite. Five horses were equal choices and each was 3 to 1. A similar condition was not recalled.

WOMEN STRONGER THAN MAN.

Have you ever called women "the weaker sex?"

If you really think you are so much stronger than a woman why not try this little experiment? Perhaps you will change your mind after you have tried.

Let a lady place the tips of her forefingers together, keeping her elbows on a level with her shoulders, and you try to separate them by a fair pull. Unless she is unusually weak, or you are very strong, you probably will fail.

BRITISH SOCCER CLUB TO MEET IRISH.

London, Nov. 14.—The names of the team to represent the English League against the Irish League in the football match at Liverpool next Wednesday follow: Hardy, Ashton, Longworth, Liverpool; Cook, Oldham; Curry, Newcastle; McCall, Preston; Watson, Burnley; Hodgkinson, Blackburn; Stephenson, Aston; Brownall, Manchester City; Glennell, Everton; Crisp, West Bromwich; Reservoir, Dixon, Newcastle; Chambers, Liverpool. The application for the transfer of Huddersfield Town Club to Leeds has been postponed for a month.

WESTERN LEAGUE MEETS.

Chicago, Nov. 16.—Club owners of the Western Baseball League began arriving here tonight to attend the annual meeting of the league scheduled for tomorrow. President Teamey said the question of a circuit for the 1920 season would be discussed, officers elected and that other important issues would be brought up for consideration.

Carpentier Will Meet Beckett

December 4, When the Winner in Either Case, Will Pave the Way to a Fight for the World's Championship.

London, Nov. 13.—Excitement will be high all over the world these weeks from today when Joe Beckett, heavyweight champion of England, and Georges Carpentier, Europe's heavyweight champ, step into the ring for a twenty-round decisive bout.

Georges Carpentier

If Carpentier wins, he retains his title and may meet Dempsey for the championship of the world.

If Beckett wins, he gets a crack at the heavyweight title in a match with Dempsey on March 17.

Wins Ontario Championship

Toronto Rowing and Athletic Assn. Defeated Capitals Saturday and Win Right to Play for Canadian Championship.

Toronto, Nov. 16.—By a score of 40 to 1 the Toronto Rowing and Athletic Association Saturday defeated the Capitals in the final scheduled senior game of the Ontario Rugby Football Union and now the T. R. and A. team champion of Ontario and eligible to play off for the Canadian championship.

McGill Is Now Rugby Champions

Montreal, Nov. 16.—McGill is champion of the intercollegiate football as the result of the 31 defeat inflicted to Varsity at the Molson stadium here on Saturday afternoon.

The mistakes were made by Carroll and Breen, though it must be said in their favor that the McGill wings were always on top of these and on the first two quarters they rarely were protected when catching and kicking.

Local Bowling Results Saturday

COMMERCIAL LEAGUE. In the Commercial League on Black's Alleys, Saturday night, the C. P. R. team won the four points from the Canadian General Electric team. The individual scores follow:

Football In Great Britain

London, Nov. 16.—(By Canadian Press)—Fog, snow and frost combined to curtail football in the north of England and in Scotland, but only at Newcastle was play impossible in England. The day was full of sensations, especially when Aston Villa met their local rivals, West Bromwich Albion, the spectators at one time invading the playing patch. The match, which numbered sixty thousand, the gates being closed long before the match began.

Burnley's high position has been won by consistent good playing.

Every London club that was playing at the home grounds was another touch-down in the first quarter was the sequel of a particularly clever piece of take passing when near Varsity's line. The mistakes were made by Carroll and Breen, though it must be said in their favor that the McGill wings were always on top of these and on the first two quarters they rarely were protected when catching and kicking.

T. P. SHONT'S HOME ON FARM STRIPPED OF FURNISHINGS

Traction President Revealed as Owner of Estate Near Philadelphia.

New York, Nov. 14.—Aside from his duties as president of the Interborough Rapid Transit Company, Theodore P. Shonts was revealed recently as possessing a farm of 280 acres in the suburbs of Philadelphia, where he loved to roam about and live as a gentleman farmer.

During his leisure time Mr. Shonts used to go to his farm, on which was a large house. In his boyhood days Mr. Shonts lived on a farm and his knowledge of agricultural pursuits led him in later life to acquire a place for himself where he could experiment in the problems of the soil.

Furnishings of House Disappear. Before anyone representing Mrs. Shonts could make an appraisal of the farm and its accessories, including the contents of the house, it was discovered that the rich furnishings in the dwelling had disappeared in much the same mysterious manner that his Park avenue apartment was stripped of its furnishings valued at \$50,000.

When Cornelius J. Sullivan, attorney for the estate, was asked yesterday if he could shed any light on the mystery, he refused to discuss the transactions of the furnishings in both establishments, but from a source close to the executors it was asserted that all of Mrs. Shonts' property is kept intact and has been placed in a storage warehouse by direction of De Lancy Nicolai, Edward J. Bernard, and the Guaranty Trust Company, executors.

NEW BRUNSWICK CONTRIBUTED \$15,500,000 TO VICTORY LOAN

St. John City and County Furnished \$5,500,000 Towards the Provincial Total—This County \$1,500,000 Above Its Objective—Fight for German Gun Between Madawaska and Albert.

Though all the returns from the city and the province were not in last night it is safe to assume that New Brunswick has contributed \$15,500,000 towards the 1919 Victory Loan campaign and that St. John city and county furnished \$5,500,000 towards that total.

New Brunswick's objective was \$20,000,000 and that of this district \$4,000,000.

Hard as St. John worked, and great as the sum subscribed was, it is not sufficient to win the German field gun which is offered by the Dominion to the provincial district making the highest proportionate increase over its objective. The fight for this trophy is between the counties of Madawaska and Albert, who have been running neck and neck with a slight margin in favor of Albert in the latest returns.

Amongst the recent town winners in the province are Dochester, in Westmorland, which won a flag and crest; Sackville, same county, a flag; Gleneg, Fairville, Blissetville, Nelson and Loggieville in Northumberland, all win flags, in Albert county Hopewell won six crests, Coverdale five crests, Hillsboro four crests, Alma and Eglon, two crests each. This is one of the best showings made in the campaign. The Edmundston division of the G. N. R. under the direction of W. J. Atkin-

Dr. D. Hutchinson On Liquor Traffic

Says Bootlegging Business is Meaneast of All Occupations and Next to White Slave Traffic—Subject of Sermon, "Strength of Manhood."

"The bootlegging business is the meaneast of all occupations—next to the white slave traffic," said Dr. David Hutchinson yesterday in the course of a powerful sermon delivered in the street Baptist church. It was said that some of the men engaged in boot-legging were gentlemanly looking fellows—well dressed and prosperous.

The preacher's subject was the true standard of manhood. There were various kinds of strength physical, intellectual and moral. Moral strength was the true test of manhood in St. John the morally strong wished to clean up the city, and abolish the temptations which bring the morally weak to destruction. Others who had no morals, like the boot-leggers carried on their nefarious business in dark alleys and disreputable places, selling villainous liquors at high prices to the weak. Any man who had any moral strength or any respect for himself and family would not engage in bootlegging—the meaneast and lowest of all businesses, except the white slave traffic.

AROUND THE CITY

ASSAULTED HIS WIFE.

Robert Brown, Main street was arrested Saturday night on a warrant charging him with assaulting his wife.

EIGHT DRUNKS.

Eight drunks made the week-end harvest at the police station, nearly every section of the city supplying a representative.

BARN ON FIRE.

An alarm was rung in from box 123 yesterday afternoon at 1.35 for a fire in the barn owned by William Murphy on lower Main street. The building was slightly damaged.

CHARGED WITH ASSAULT.

Harry Andrews, aged 40, was arrested yesterday on the charge of beating and assaulting Mrs. Lottie Spencer in her home on Brunswick street. The assault was committed yesterday.

OVER SEVEN HUNDRED.

Members of the Musical Club now number over seven hundred and all doubts of the enthusiasm of St. John people for such an organization have been set at rest. A meeting will be held shortly at which definite plans for the concert will be decided.

FOR FIREMEN'S RELIEF.

In recognition for valuable services rendered by the fire department in work on the building adjoining A. McArthur's book and stationery premises on Main street last Wednesday night, that gentleman has sent a cheque for \$25 to the Chief of the Department for the Firemen's Relief Association.

PLENTY OF WORK.

That there will be plenty of work for the coal handlers this season is the view of J. Firth Brittain, general manager of the Colwell Fuel Company. Mr. Brittain has returned from Montreal, having completed arrangements for a considerable increase in the company's bunkering department.

MOTOR TRUCK BURNS.

Responding to an alarm from box 331 Saturday night shortly after ten o'clock, the firemen found the motor truck of J. A. Jeffries, Millidge avenue, enveloped in flames on Barker street. After some time the fire was extinguished but the truck was damaged considerably and may probably be a total loss.

PROPERTY DAMAGED.

Residents of King street east and Wentworth street are greatly annoyed by the actions of some persons who have been defacing the walls of houses with writings in chalk. Some newly painted houses were had marked with objectionable words scratched upon them. It is supposed to be the work of young boys, and if persisted in some method of putting a stop to such vandalism, will be followed.

SUPPER AT STONE.

A most enjoyable time was spent by members of the Dartmouth Club of St. John's (Stone) church on Saturday evening when they assembled at the Sunday school for a supper and evening of play. Rev. Canon Kuhring, honorary president, and Mrs. Kuhring were present and twenty club members. W. K. Ganong is president. The supper was arranged by the executive with Miss Grace Esley and Miss Marion Dearborn as conveners.

HAD ARM BROKEN.

A boy named Powers was knocked down by an automobile on Main street yesterday and severely injured. He was taken to the office of Dr. Clark and later to the General Public Hospital. The young fellow sustained a broken arm and some bruises. It is stated that the driver of the car was in no manner to blame, as the boy ran off the sidewalk right in front of the automobile.

CLEARING SERVICE COMMAND.

The clearing service command under Lieut.-Colonel Marrott will open in the Bank of Montreal building in about ten days. It is understood that the services command of Quebec has been moved to this city and that it has been abandoned in Quebec. The clearing services command had headquarters in Quebec with branches in St. John, Halifax and Montreal, and it is the Quebec command that has been moved to St. John. The Montreal branch is closed, while the Halifax branch will be operated during the winter months.

HARBOR COMMISSION.

The Commissioner of Harbor, etc., does not show in the harbor revenue the \$12,000.00 to \$15,000.00 received yearly from harbor fisheries. This should be added to the nearly \$3,000.00 profit on West Side wharves, as shown in the yearly City Accounts, making a substantial profit of \$17,000.00 to \$18,000.00 for the harbor. Under the Harbor Commission Act the Governor must take this revenue and without giving any consideration for same.

MOST SUCCESSFUL.

The Cathedral High Tea which closed on Saturday evening was the most successful affair of its kind held. The attendance was very large each night and the attractions were splendidly patronized. The workers at all booths are much pleased at the sums realized and feel that they are well repaid for their efforts.

FAIRVILLE POLICEMAN WAS SHOT WHILE MAKING ARREST

Officer William Stinson Followed Two Men in Alley off Manawagonish Road—While Grappling With One Revolver Was Discharged—Bullet Passed Through Flesh Under Policeman's Left Arm—Prisoner Escaped.

Last night, about 10 o'clock, William Stinson, police officer in Fairville, while trying to make an arrest in an alley off the Manawagonish Road, was shot under the arm-pit and from all intents and purposes it presents a case of attempted murder to avoid arrest. The police officer is painfully injured, and the city detective force is out trying to locate the man who fired the gun.

From what could be learned of the affair last night Policeman Stinson saw two men enter an alley near the home of Dr. John H. Allingham on the Manawagonish Road. The policeman suspected that the men were drinking and immediately entered the alley. He grappled with the man, and one of them broke away, and it was while the officer was grappling with the other, who was resisting, that the revolver was pulled, placed under the officer's left arm-pit and the trigger pulled. There was a muffled sound as the gun was discharged. The officer found that he had been wounded on account of the pain and the blood that was streaming down his side. The prisoner, on regarding his liberty hastened from the alleyway, and is supposed to have joined his companion, and made his escape.

Policeman Stinson did not know how badly he was injured, but, despite the pain from the wound, he managed to make his way to the door of Dr. Allingham and was soon under the care of the doctor. Dr. Allingham rendered first aid, and made an examination, but was unable to locate the bullet. The injured officer was made as comfortable as possible, and was able to go to his home on Prospect street in Fairville. Today he will go to the St. John Hospital where an X-ray will be taken in an effort to locate the bullet.

Policeman Stinson was suffering considerable pain last night, but said that he did not fear any serious results. As soon as the word was sent to the city regarding the shooting the local detective department started out searching for the man responsible for the shooting, as well as his companion. It is stated that shortly after the officer was wounded two men were seen to board a street car and they each was somewhat under the influence of liquor. This is supposed to be the pair that entered the alley, and that one of them is responsible for wounding the policeman.

At an early hour this morning they had not been placed under arrest. Policeman Stinson has been doing duty in the Fairville district for a long time and is a most faithful officer. It is hoped that his wound will not prove serious, and that last night that the bullet had entered the fleshy part of the arm-pit and though suffering considerable pain he did not anticipate any serious results.

LARGE ATTENDANCE AT THE MEETING

Carleton City Hall Crowded to the Doors Last Night—Rev. Dr. Rees Delivered a Powerful Address.

A meeting for men was held at the Carleton City Hall yesterday afternoon and was largely attended. Mrs. Rees sang a solo, after which Rev. Dr. Rees delivered a most interesting address, taking for his subject "Sin That Kill," and for his text Roman vi 23. The speaker outlined the sin as Worldliness, indifference, Profanity, Drunkenness, and the Dual Sin.

The large hall was packed to the doors at another meeting last night, and many persons were unable to gain admittance. Dr. Rees took for his subject, "After Death—What?" and his text was from Hebrews ix 27.

Dr. Rees speaks every night this week. There will be a mass meeting for women in the City Hall on Thursday evening, and for men in the Carleton Methodist Church on the same evening. Dr. Rees will address each meeting.

THE CAMERA CLUB ELECT OFFICERS

Branch of the Art Club Held Meeting Saturday Evening—Rev. D. H. Loweth Chosen President—Plans for the Winter.

This branch of the Art Club got off to a good start on Saturday evening. After electing Rev. D. H. Loweth its first president and Mr. E. L. Jack secretary-treasurer, the programme was discussed and planned, and will be published in a small leaflet soon. It will cover a dozen consecutive meetings, which will probably be the first and third Tuesday of each month during the winter, and will cover short informative talks on photographic subjects, such as "The Lens," by Mr. E. L. Jack; "Composition and Lighting," "How to Operate a Camera," "Developing and Printing," etc. Demonstrations by experts will explain to members the best methods. Much interest was taken by those present, and an exhibition, with short lectures by expert professionals, covering three events, will be held about New Year's. This club is open to any member of the Art Club without extra fee. Names can be sent from any of our meetings. Mr. J. E. Seccol, the club treasurer, care Nelson & Co., King street.

VISIT DYKEMAN'S CHRISTMAS HANDKERCHIEF BOOTH

Santa Claus' Bungalow ably describes it, radiant with crisply fresh handkerchiefs of every possible kind. Some are daintily edged with lace, some are prettily embroidered in colored silks, others are plain hem-stitched styles with initials, both cotton and linen, in the widest variety. Now that Christmas is only around the corner, and the gift question is with us again, a timely display of this particular kind of most helpful suggestions. Handkerchiefs, in common with most everything else, have recently risen considerably in price; a great many of those being shown, however, were bought before the rise, and consequently are being offered at old-time prices. These will be quickly snapped up. A word to the wise will therefore be sufficient "Shop early."

MAZOLA.

Call at Gilbert's Grocery; see French potatoes fried. Delicious pancakes, Doughnuts, cooked with the wonderful new cooking oil Mazola. Open this evening.

U. N. B. Protest Was Allowed

The protest of the University of New Brunswick regarding the game last Tuesday between the U. N. B. and Acadia when the Wolfville college substituted players at a critical stage in the game and won by a close margin, was fully discussed during a meeting held in the Dufferin Hotel on Saturday night and after due consideration the protest was allowed and the game declared off the records.

Prof. John Stephens was the representative of the U. N. B. and presented the official protest. Prof. Bunton represented Mount Allison and Prof. Willcock looked after the interests of his college. Acadia, C. B. Burden, captain of the U. N. B. team was also present and gave evidence in the matter. It is expected that the protest case will be played on the Acadia grounds, at Wolfville, next Thursday, though no date has yet been set.
