Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them. Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastary over the disorders of the Lungs and Throat, that the most obstinate of them, under the Cherry Pectoral they subside and disappear.

Singers and Pubble Speakers find great protection from it.

Asthme is always relieved and often wholly cured by it.

Bronchitie is generally cuted by taking the Cherry Pectoral in small and frequent doses.

For a Cough and Cold, no better remedy can be had. Take small doses three times a day and put the feet in warm water at night, until the disease is broken up. Cambric and wiss Maslin Edgings and Inser Hamburg Edgings and Insertions, etc. may? Custom Tailoring Establishment,

be had. Take small doses three times a day and put the feet in warm water at night, until the disease is broken up.

For Influence, when it affects the throat or lungs, take the same course.

For Whooping Cough, give small doses three or four times a day.

For Croup, give large and frequent doses until the disease is overcome.

No family should be wishout the Cherry Pectoral on hand to protect them, in case of attack. No family should be wishout the Cherry Pectoral on hand to protect them, in case of attack, from the above complaints. Its timely use often spares the patient a great amount of suffering and risk, which he would incur by waiting until he could get other aid. Parents, keep it in your houses for the exigencies that arise. Lives dear to you may be saved by it.

So generally are its virtues known, that we need not publish certificates of them here, or do more than assure the public that the best qualities it ever possessed are strictly maintained.

Prepared by Dr. J. C. Ayen & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

JOHN QUINTON,

WARDEN MCALPINE'S Saint John City Directory

FOR 1872-3. THE PUBLISHER begs to inform the Public especially the mercantile and mechanica portion, that he has now a complete MAP OF ST. JOHN, PORTLAND, INDIANTON and FAIRVILLE, INDIANTON and FAIRVILLE,
in process of completion, compiled expressly
from Actual Surveys for the above Directory, by
B. C. Kenway, Civil Engineer. This Map will
add largely to the cost of the Directory for the
ensuing year, but no advance will be made on
the previous prices for advertising.

The Publisher appeals to his friends and the
public for that support necessary to meet the
large expenses connected with the getting up
of such Directories, and without which he will
be compelled to relinquish the publishing of the
St. John City Directory for the future.
The Publisher returns his sincere thanks to
all his patrons for the past year, and respectfully asks their support for the present Directory.
