PREMIER TWEEDIE IN BUDGET SPEECH ANNOUNCES NEAT SURPLUS OF \$16,500.

Speech Was Buoyant in Tone. Lumber Conditions Better. Changes in Game Laws. Raps Guide's Association and will Organize a New One.

Credit of the Province Very High.

Dominion is Slow in Paying Fishery Claims. The Agricultural Situation. A Company is After the Restigonche Railway. Many Other Interesting Subjects Dwelt on in Able Address.

Fredericton, March 21—The house met at 8 o'clock. Hon. Mr. Tweedie, submitted the estimates for the current year by message from the Lieutenant Governor.

The estimated receipts are \$884,200, and the estimate of expenditures \$867,685, leaving an estimated surplus of \$16,515.

Hon. Mr. Tweedie then began to deliver his budget speech.

He said: "The financial statement of the affairs of the province is a matter of the greatest interest to persons on both sides of the house. It is of interest to the supporters of the government because it enables them to judge whether the government continues to be worthy of their support. It is of interest to the opposition of the government because it gives them material with which to attack it.

During the past year the condition of the province has been fairly prosperous although there has been a depression in the lumber industry. The depression cast a gloom over the operators for they feared it would last a long time. Unfortunately it came at a time when a change had been made in the rate of stumpage.

This house is aware that for many years the rate for spruce was \$1 a thousand and the mileage \$5 a mile, with the right to renew each year for \$4.

After the twenty-five years system of leases was adopted a great many persons obtained land at an upset price of \$8, which in a few years became extremely valuable, for the price of lumber kept going

up until it reached its highest point about three years ago. At that time our operators made a great deal of money. The government with satisfaction the improvement of the lumber industry did not immediately raise the rate of stumpage, because they considered that lumber men had suffered losses and they wished to give them a chance to recoupe themselves. But after a time it became evident that a change in stumpage should be made so that a larger revenue might be derived from that great industry.

When the depression came efforts were made by the lumbermen to have the stumpage reduced. It was argued that trade could not stand the increased rates. But the government considered that the lumbermen had been making a great deal of money for several years and that the land they had leased had increased immensely in value. Therefore they thought that it would not be in the interest of the province to accede to their wishes.

Besides, we were able to show that the depression was only temporary and I am happy to say that the cloud has passed away and that now our lumber industry is in a fairly prosperous condition.

One result of the increase has been that our territorial revenue was larger last year than ever before, reaching the large sum of \$295,424. There is, therefore no reason to doubt the value of the timber lands of the province, nor is there any reason for saying that we are oppressing this industry.

Some people have affirmed that the policy of the Quebec government is more favorable to the lumbermen than ours, but those who have lumbered in both provinces and who have a right to know, prefer the conditions that exist in New Brunswick. The great increase that has taken place in our territorial revenue shows that we have in our lumber lands an asset of great value, and that is one of the reasons why our credit is the best of any province in Canada.

If we were willing to sell out lumber lands outright they would bring in a sum sufficient to pay off our entire debts and leave a surplus so large that it would give us almost as much revenue as the sum we now derive from these lands. But this government would never consent to adopt such a policy as that which would place our lumber lands in the hands of some great monopoly. Possessing such an asset in these lands is a sufficient answer to those who accuse us of having added to the bonded debt of the province.

Turning to the condition of our other great industry agriculture we find that the past year was not a favorable one.

Our friends opposite who are attacking the department of agriculture apparently go on the assumption that the commissioner is primarily responsible for the failure of the crops. But we do not claim to do the farming of the province. If the season is bad and the crops fail we cannot help it.

HOW'S THIS!

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & Co., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in his business transactions and financially able to carry out any obligations made by his firm.

WALDING, KISSAN & MARVIN'S Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c. per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

Honorable members are aware that the past two winters have been extremely severe and that last spring was late and the season very unfavorable for putting in crops. The department of agriculture was not responsible for that. It exists for the purpose of educating the farmers of the province and leading them up to a better and higher method and it cannot be denied that since it came into existence a few years ago the department has given a great impetus to agriculture. Although we have had lean years the agricultural policy of the government has been very successful and the truth of this is shown by the fact that the farmers of the province are behind this government and appreciate its efforts on their behalf.

In making a budget speech there is necessary a great deal of sameness for the figures do not differ greatly from year to year.

Turning to the receipts of the year as compared with the estimate it will be seen that we made an excellent forecast of the probable event of the province the receipts

A GUARANTEED CURE FOR PILES

Itching, Blind, Bleeding, or protruding piles. Druggists refund money if PAZO OINTMENT fails to cure any case, no matter of how long standing, in 6 to 14 days. First applications gives ease and rest. Minard's Liniment Cures Burns etc.

being something over \$12,000 in excess of our estimate. The territorial revenue was greater by \$21,000 than we estimated. The succession duties exceeded the estimate by nearly \$10,000. There has been a great deal of criticism in regard to the collection of these duties. It is a very difficult matter to obtain accurate statements of the value of estates for no one wishes to pay more than he can help. From my own experience when I was acting attorney general I knew something of the work that the attorney general has to do to obtain correct information, I think a change should be made in the value of an estate liable to duty. In Nova Scotia the amount is \$25,000, here it is \$50,000 and there are very few estates which reach that sum.

Mr. Hazen—Do you contemplate reducing the amount?

Hon. Mr. Tweedie—The matter is not yet decided, but I think it would be wise to do so.

Our estimate of the amount obtained from the dominion government on account of wharves was nearly \$7,000 more than the sum received. This is due to the fact that there is a great deal of red tape and delay in paying such claims. The dominion government has agreed to pay one half of the cost of certain wharves on the tidal waters of the St. John river. This is done on the report of their engineer and sometimes there is much delay in obtaining report. The amount however, is due and it will be paid. There is a sum of upwards of \$12,000 on fishery leases due by the dominion government which I estimated for last year and which has not yet been paid. I intend to keep this sum in the estimates and I expect to get it, for the money has been promised. It was promised both by the minister of marine and the minister of justice, and I may say

(Continued on page 3.)

MANY A SWEET VOICE has been ruined through the interference of Catarrh. To sing well, one must have perfect control of the lungs and throat, which is impossible when afflicted with Catarrh. Dr. Agnew's Catarrhal Powder can do more for you in ten minutes, than two years study in deep breathing and chest development. The same rule applies to Public Speakers, Readers, Actors, Lawyers or anyone appearing in public. Sniffing, coughing speakers or singers, are never appreciated, no matter how much natural ability they possess. A short treatment with Dr. Agnew's Catarrhal Powder will cure the most desperate cases. Ada Russell, Opera Singer, of Tacoma, Wash. writes: "I have used Dr. Agnew's Catarrhal Powder for Catarrhal deafness and chronic colds and have never failed to get immediate benefit. It is the best remedy I know of."

Budget Speech.

(Continued from page 2)

that every statement that has been made by the attorney general and myself in regard to our dealings with the dominion government has been the absolute truth.

There have been many changes in the fisheries department since this claim was first made. It was started in the time of Sir Louis Davies and now we are ending with Mr. Prefontaine. Any one who goes to Ottawa to press a claim like this must often be sick at heart as I have often been when on such mission. The only thing we can rely on are the promises that have been made to us that all these outstanding matters will be settled in a satisfactory manner.

This no reason why our fishery claims should be a debt. Under the decision of the Privy Council we own the land above which the fisheries are carried on. We could stop the leasing of oyster beds and we could also stop the fishing of salmon, lobsters, and smelts, in tidal waters if we wished. We could demand a license from all these fishermen, but we do not wish to take any such extreme steps.

Honorable gentlemen know that after confederation the dominion government undertook to control not only our sea fisheries but the fisheries on the inland waters, and to sell the right to fish, which belonged to us. We have been obtaining a revenue of from \$8,000 to \$12,000 a year for several years past from our inland fisheries and we have a rightful claim against the dominion government for taking away our revenue from these fisheries for so many years. That is a claim which we are pressing and in which we ought to receive the support of both sides of the house.

It is hardly necessary for me to go into a statement of debt and expenditure for the past year, for our friends opposite have been asking so many questions that they must possess most of that information already. They have a right to ask these questions and I am sure they will acquit the government of endeavoring to withhold information. On the fifth page of the auditor general's report will be found a statement of the liabilities and

Medicines Loaded With Alcohol

Think of it! The Danger You Run—Drink Habit Is Easily Acquired but Hard to Cure

Careful analysis shows that many so-called tonics contain little else but whiskey—the rankest, poorest kind of whiskey.

You may unconsciously be using an alcoholic liquid remedy. Some member of your family may be doing so. Your duty is plain; stop it at once.

The test of a tonic is the permanency of its cure. To become strong, you must build up the blood—alcohol weakens it. You must increase your active force—alcohol steadily degrades it.

Give up the liquid tonic before you become its slave. The true medicine for you down, depressed and nervous is Ferrozone. It is nothing but concentrated cereals in tablet form. It stimulates the appetite, aids digestion, fills the blood with pure, builds in nature's way. Never known to fail.

Whether weak from worry, overwork, thin blood or ill nourished nerves, Ferrozone will quickly make you well. It is safe and harmless, undoubtedly the best tonic and rebuilding medicine made. We recommend you to use Ferrozone if in poor health.

Ferrozone known as the great food tonic, costs 50c. per box, or six for \$2.50 at all dealers, or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U. S. A.

Coal and Wood.

DELIVERIES Promptly Attended to.
John Russell & Co., NEWCASTLE.

assets of the province. Taking up the liabilities of the province we have first the chief item of debt, being the provincial debentures representing a total sum of \$3,700,046.66, showing an increase during the year of \$34,500.

The increase arises as follows:
Grain elevator and wharves, St. John, \$2,500.
Beersville Railway, \$11,000.
New Brunswick Coal and Railway Company, \$44,500.
Bonds redeemed, \$50,000.
Smallpox epidemic \$3,500—\$34,000.

The rate of interest on these bonds runs from three to six per cent, the average being nearly four per cent. There are now \$622,000 of six per cent bonds outstanding which will fall due up to the year 1911. Of these \$80,000 fall due this year and \$119,000 next year. Provision has been made to redeem these bonds when they fall due. The outlook at present is not encouraging for the sale of bonds, and it may be expedient for the province to resort to short term loans to meet these maturing bonds.

Some gentlemen aware that when business is brisk and capital is in demand bonds cannot be sold so readily as at times of depression.

In 1898 I sold upwards of a million dollars worth of three per cent bonds at 96. Last year the premier of Nova Scotia went to England to sell three million dollars worth of 3 1/2 bonds and all he could get for that was 94 which, when all the commissions were paid did not amount to over 92. I only speak of this to show that the present is not a good time to sell bonds.

In 1903 I placed \$450,000 worth of three and a half per cent bonds at 96 1/2, whereas the Nova Scotia loan of last year only realized 94. This is an evidence that this government is not neglecting the interests of the province and that its credit is good. No province of Canada has in recent years sold its bonds as well as we have. We do not require to go to England to sell our bonds, but we can dispose of them in our own dominion. We will see what is best to be done when these bonds mature. If like the province of Nova Scotia, we owed the bank \$3,000,000, we might be in a difficulty, but that is not our case. We are not forced to sell bonds at a sacrifice. But if an opportunity should occur to effect a good sale I think it would be good policy to sell bonds sufficient to redeem these maturing bonds even if they were not all due at the time of the sale.

The amount of four per cent debentures contains an item of \$2,000 representing the amount of four bonds called in, in 1898, but which were not presented for payment. Within the past few days these bonds have come in and have been paid, the holders alleging they were not aware the bonds had been called in. The government has decided that it would meet the equities of the case to pay interest at the rate of 3 per cent since 1898. If we paid 4 per cent, it encourages others to hold back their bonds after they had been called in.

The provincial hospital comes next, showing an over expenditure of \$17,764, the amount in the previous year was \$14,896, showing an increase in this liability of \$2,867.

The board of works accounts show a balance on ordinary account overdrawn of \$5,133, and an advance for permanent buildings of \$83,382. This question of permanent buildings has been discussed pretty often in this house. I think we are getting pretty near the end of our expenditure for this purpose. I am glad that this

policy of using covered wooden buildings has been largely adopted. I think them almost equal to steel buildings in many cases, and they do not need so much looking after, for steel buildings have to be painted very often—every year or two.

There is an item of \$2,585 in the department of agriculture on suspense account for the purchase of seed, and \$914 for the purchase of horses, a total of \$3,498. The account last year stood at \$4,707 so that the sum of \$1,208 has been paid off during the year. The amount for the purchase of the horses is covered by a first security of individuals in the county of Northumberland.

The crown land department shows an over expenditure on game account \$10,000. We propose to make some alterations in our game laws, and I think I

Uncle Terry

By CHARLES CLARK MUNN
Copyright, 1900, by LEE & SHEPARD

at the club and sit down a few moments while I enjoy a cigar? The night is too beautiful to turn away from at once."

Telly assented, and they took possession of a rustic seat where Albert had listened to her history the night before. What a flood of emotions came to him as he watched his fair companion, all unconscious of his scrutiny and with them a sudden and keen interest to unravel the mystery of her parentage and the hope that some time he might do it. He also felt an uncountable desire to tell her that he knew her pathetic story and to express his interest in it and his sympathy for her, but dared not. "It may hurt her to know I know it," he thought, "and I will wait till she knows me better."

Instead, he began telling her about himself and his own early life, his home, his loss of parents, his struggle to earn a living and how much success he had so far met.

A ROSY COMPLEXION

denotes a healthy heart. Too many people use cosmetics to brighten their complexion, temporarily, when by making their hearts strong they could have health, strength and a rosy complexion permanently.

Dr. Agnew's Heart Cure

removes the cause. It builds up the tissues and walls of the heart. A weak heart cannot distribute the blood properly and in consequence we see pale, sickly faces everywhere. Make your heart strong with this great cure and you will bless the day you saw this advertisement.

Miss Mary Huggill, Irvington, Cal., writes: "What is the price for one-half dozen Dr. Agnew's Heart Cure? I used this remedy while in Canada and I think it the best medicine for the Heart and Stomach ever made."

DR. AGNEW'S LIVER PILLS (40 doses, 10 pills) are a pure vegetable preparation. Their action on the liver and bowels is marvelous.

When his recital and cigar were both at an end and it was time to go in he said, "I may not have another chance to ask you, Miss Terry, before I leave here, but when I get back to Boston may I write to you, and will you answer my letters if I do?"

The question startled her a little, but she answered:

"I shall be pleased to hear from you Mr. Page, and will do the best I can in replying, only do not expect too much."

When he had bidden her good night and was alone in his room the memory of Mrs. Leach and her pitiful prayer, coupled with Telly's pleading eyes and sweet face, banished all thoughts of sleep, and he watched the moonlight ocean while he smoked and meditated.

CHAPTER XXV.

"HOW did you like the private meeting?" asked Uncle Terry the next morning as Albert stood watching him getting ready to start on his daily rounds. "Did the Wilder Leach make ye feel ye was a hopeless sinner?"

"It was an interesting experience," replied Albert, "and one I shall not soon forget."

"Oh, it don't do 'em no harm to git together an' pray an' sing, an' most likely it diverts their minds from other troubles; but, in my way o' thinkin', prayin' is a good deal like a feller tryin' to lift himself by his boot straps. It encourages him some, but he don't git much further." Then he added, "You haven't thought o' no way to git me out o' my scrape, hev ye?"

"I have thought a good deal about it," replied Albert, "and the best way, it seems to me, is for you to go to Frye and tell him you can't afford to carry the case any further and offer to pay whatever fee he sees fit to ask. You can tell him you will give up the case entirely, and ask him to return the proofs you want. I may decide to have a detective within hearing, so that if he refuses you these things we can use the detective as a witness in a replevin suit. Most likely he will demand quite a sum, but it is best to pay it if we can get the proofs. I will advance money enough to cover what he is likely to ask. What I want you to do is to wait until he sends for more money, then come to me at once."

"I thank you for your kindly words, Mr. Terry," responded Albert, "and I am likely to avail myself of your invitation again before the summer is over. I expect my friends back today and must join them, but I assure you I would much prefer to stay here for the two weeks I have planned for my outing."

"Ye won't go till I see ye again, will ye?" asked Uncle Terry anxiously.

"No. If the tippy shows up today we will start in the harbor tonight, and

I should like to have you and Miss Telly visit her." Then as the old man pushed off and pulled out of the cove with long, slow strokes, Albert watched him with a new interest. "Poor old fellow," he thought, "He is honest as the day is long and has a heart of gold beneath his blunt speech. How hard he has to work for what he gets, and what a vile thing in Frye to rob him so!"

When the old man was out of sight Albert strolled over to the village. On the outer side of the harbor and opposite where the houses were he came to some long rows of slat benches, and busy at work spreading split fish upon them was the old lady who had thanked the Lord so fervently at the prayer meeting.

For an hour he strolled around the harbor watching the men at work on boats or fishing gear and sniffing the salt sea odor of the ocean breeze, and then returned to the point and began sketching the lighthouse. He was absorbed in that when he heard a sharp whistle, and, looking up, there was the Gypsy just entering the harbor. He ran to the cove where he had left his boat, and by the time the yacht was anchored had pulled alongside. To his surprise no one was aboard but Frank. "Where are the rest of the boys?" he asked, as that young man grasped his boat. Frank laughed. "Well, just about now they are playing tennis and calling 'fifteen love' and 'thirty love' with a lot of girls down at Bar Harbor. The fact is, Albert," he continued as Albert stepped aboard, "our gambler cruise has come to an end. They ran into some girls they knew, and after that all the Gypsy was good for was a place to eat and sleep in. I've run her up here and shall let you keep her with you until you get ready to go home. I'm going to cut sticks for the mountains, and if I can get one of the girls to go with me I may visit Sandgate."

Albert laughed heartily. "Want to hear some one sing 'Ben Bolt' again?" he asked.

"Well, maybe," replied Frank. "The fact of the matter is, the whole trip

Indigestion and Sleeplessness

are symptoms of nervous exhaustion which disappear with the use of Dr. Chase's Nerve Food.

Few of people who have a horror of nervous prostration and paralysis, suffer from indigestion, sleeplessness, and other symptoms of nervous exhaustion not realizing the danger they are in. Nervous disease develops slowly and by restoring vigor to the wasted nerve cells by the use of Dr. Chase's Nerve Food you can prevent serious results.

MR. MATTHEW WHITE, a retired farmer, living at 61 Elgin St., St. Thomas, Ont., states:—

"For some years I have suffered more or less from indigestion and nervous dyspepsia, and as a result I have been subject to dizzy spells and discomfort after eating. I used Dr. Chase's Nerve Food, and it improved my digestion, settled my nerves, and made me rest and sleep very much better. I can truthfully recommend the Nerve Food to anyone who suffers from the above ailments. Dr. Chase's Nerve Food 50c. a box.

To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

Budget Speech.

(Continued from page 7.)

We have sinking funds amounting to 118,855 an increase of 16-165 over last year. The agricultural department shows a sum of assets made up of notes and uncollected accounts from purchasers of seed and horses amounting to \$2,275. Application is made continually for seed, but there is some-

NEIL FERGUSON.

times a difficulty in getting payment for them from the farmers. I sometimes think that unworthy persons get these seeds to the detriment of worthy people who really need them.

The net debt of the province is now \$3,415,634. This is not a large sum. It is small in comparison with the debt of British Columbia which has a debt of \$14,000,000 and pays \$700,000 in interest although its population is much smaller than that of New Brunswick.

In the statement of assets we do not count our crown lands which are of immense value or our buildings. There is no doubt that

THE CAUSE OF PILES

is invariably constipation which is quickly remedied by Dr. Hamilton's Pills of Mandrake and Butternut. Sure relief, and no griping pain. For a remedy that never fails use Dr. Hamilton's Pills. Price 25c.

we have assets of four times as great as the amount of our debt and having them our people no reason to feel despondent. This province does more for its people than any other province in Canada.

Hon. Mr. Tweedie moved the adjournment of the debate and will conclude his speech tomorrow. The house then adjourned.

A. E. Shaw Will Buy it Back.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. A. E. Shaw will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant, safe and reliable.

Minard's Liniment Cures Dandruff.

My watch, said the young man with the curling tie, is what might be called a family watch.

How's that? queried the inquisitive person.

Well, you see my uncle has it now, explained the young man.

A GUARANTEED CURE

For All Forms of Kidney Disease

We the undersigned Druggists, are fully prepared to give the following guarantee with every 60 cent bottle of Dr. Pettin-gill's Kidney-Wart Tablets, the only remedy in the world that positively cures all troubles arising from weak or diseased kidneys:—

One Million Dollars

Have Been Spent to Give Ligozone Free to the Sick.

When we purchased the rights to Ligozone, we decided to buy the first bottle and give it free to each sick one we learned of. We published the offer in nearly every newspaper in America, and 1,500,000 people have accepted it. In one year it has cost us over one million dollars to announce and fulfill the offer.

Don't you realize that a product must have wonderful merit to make such an offer possible? We have never asked a soul to buy Ligozone. We have published no testimonials, no physician's endorsement. We have simply asked the sick to try it—try it at our expense. And that is all we ask you, if you need it.

There lies the great value of Ligozone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Ligozone its worth to humanity. And that worth is so great that, after testing the product for two years, through physicians and hospitals, we paid \$100,000 for the American rights.

50c. Bottle Free.

If you need Ligozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Ligozone is, and what it can do. In justice to yourself, please, accept it today, for it places you under no obligation whatever.

Ligozone costs 50c. and \$1.

Kills Inside Germs.

Ligozone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 11 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a parasite so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

CUT OUT THIS COUPON

For this offer may not appear again. Fill out the blanks and send to The Ligozone Company, 224 Wabash Ave., Chicago.

I have never tried Ligozone, but if you will supply me a 50c. bottle free I will take it.

If Your Liver is Wrong You are Wrong all Over

A torpid, inactive liver goes hand in hand with constipation. Such a chronic condition requires a systematic effort to overcome it and establish good health and perfect body drainage. Smith's Pineapple and Butternut Pills, containing the two needed elements to increase liver activity and muscular action go accurately to the sluggish liver and bowels, restoring them completely.

Suppose your bowels failed to move for a week or ten days. Don't you know you would be quickly prostrated? It is just the same, differing in degree, when your bowels do not move at least once a day. You know you soon become languid and tired, your blood gets bad and you feel mean and sick all over. You should have a full, healthy passage daily. Don't let serious conditions develop. Smith's Pineapple and Butternut Pills will drive bowel poison out of your system and establish regularity. They are purely vegetable, and cure in one night. We will send you a generous sample of these pills Absolutely Free, sealed and postpaid, that will convince you beyond doubt of their wonderful curative properties. Address, W. F. Smith Co., 125 St. James Street, Montreal, Canada.

Smith's Pineapple and Butternut Pills cure Constipation, Biliousness and Sick Headache in one night. All dealers 25 cents. A Cure at the People's Price.

TROUT Mezzo Work.

The undersigned have received from Mr. Nash of Maine the agency for New Brunswick for his famous trout mezzo work. A trout mezzo is one half the fish so mounted upon a convex elliptical panel as to stand the fish out in bold relief, giving the effect of an oil painting or whole mounted fish, with the real thing to show for your prowess. The process of preserving fish in this artistic way was discovered by Mr. Nash in 1900, and patented by him.

REASON NO 12 WHY YOU SHOULD USE Red Rose Tea

Because it is Recommended by the Best Grocers.

You will generally find Red Rose Tea in a store which deals in standard brands of high-class goods.

These are the merchants who do not look for goods which give them the largest profit, because it pays them best to sell goods which are the most reliable and give their customers the greatest satisfaction.

Ask a grocer of this kind his opinion of Red Rose Tea—his opinion will be honest, because nearly all other teas pay him a larger profit than Red Rose. He probably uses it in his own house, and will tell you in a very few words why he recommends it.

Budget Speech.

(Continued from page 3.)

might as well go into the matter at some length tonight. I look upon our game as a great and valuable asset. A few years ago New Brunswick was not known as a sporting country and the revenue from that source did not exceed a thousand dollars. Now game has increased so that it reaches the sum of \$16,000,000 or \$17,000. This province is getting a reputation as a game country, but I am not quite satisfied that our system of protection and payments for licenses is capable of improvement.

I think it would be impossible for us to do better under the present laws than we have done. As soon as the close season commences applications are made by parties to be appointed game wardens, and sometimes, when they do not succeed in their applications they write letters to the newspapers telling how the game is being destroyed. But when we find large game such as moose and deer increasing it would seem to show that our game laws are quite effective.

Moose are becoming abundant and only a year or two ago a couple of them found their way into the city of St. John. I am convinced that sportsmen from abroad who come to hunt our game expend from \$150,000 to \$200,000 here every year. Our policy is to encourage foreign sportsmen to come in. I attended the

meeting of the Fish and Game Association in St. John and was pleased to find our policy commended by parties from abroad as the most advanced in America.

We propose, however, to make some changes, one of which will be to increase the license fee to non-residents from \$30 to \$50. We believe that just as many persons will come under the proposed arrangements as now. In Newfoundland, where there are no moose, they charge \$100 for a license to shoot caribou. As large game are plentiful in New Brunswick I do not think \$50 is too much. We will increase the license to residents to \$5.

Mr. Hazen—does that apply to shooting deer?

Hon. Mr. Tweedie—Yes. There is a difficulty in making a distinction for sometimes a person with a license to shoot deer might shoot a moose by mistake. When the bill is introduced the surveyor general will invite the opinion of the whole house with regard to the proposed changes. I have received a communication from the organization which calls itself the Guide's Association of New Brunswick, making a number of suggestions for changes in the law. Some of these I think are good but others appear to be in the interest of the guides themselves. The guides suggest that the open season for big game should begin on the first of September instead of the fifteenth as at present. I think the present date is early enough, and that the open season might be shortened instead of lengthened. There was a great outcry at first against the game laws as there now is against the highway act in certain quarters. People thought their rights were being infringed on but now the people recognize the benefit of the game laws and uphold them.

The Guide's Association, I may say, has no right to call itself by its present name because it is confined to guides in a limited portion of the province. We propose to make a provincial guide's association, of which the surveyor general will be the head. The guides think that the license fees should not be increased, but I think that when the number of sportsmen is increasing we should increase the license fee, for we want to preserve our game and have them increased. Our game laws just come at the right time for some of our fur

bearing animals, such as otter, mink, and beaver, were almost extinct. Now they are quite plentiful.

In regard to game wardens only capable persons who are familiar with the localities and can traverse the woods on snowshoes should be appointed. Game wardens should pass an examination as to their qualifications to the position, and they should be required to report to the department monthly. It has also been suggested that there should be a head warden who should visit the wardens from time to time and see they are doing their duty.

I think also that there should be a close season every five years, of which notice should be given several years in advance. It is also suggested that there should be an open season for partridge. I think we might take off the prohibition this year, for we have protected partridge for some years. It is suggested also that there should be a tag for moose heads.

IS YOUR DOCTOR BILL LARGE?

Be wary to keep it small is not to call the doctor, but use Nervine instead. For minor ailments like colds, coughs, chills, cramps, headache and stomach trouble, Nervine is just as good as any doctor. It breaks up a cold in one night, cures soreness in the chest, and for neuralgia, toothache and rheumatism you can't get anything half so good as Nervine. The fame of Nervine for cramps, colic, and pain in the stomach extends far and wide. Good for everything a liniment can be good for and costs but 25c. for a large bottle.

corresponding with the number of the game license so as to be able to ascertain if the moose has been killed by a duly licensed person. The guides also suggest a bounty on wild cats, but I think we have had enough of that, for when a bounty was granted before it involved us in an enormous expense. They propose license for dealers in game meat and for taxidists, and I think that is a good suggestion. They propose to prohibit the carrying of guns or rifles in the close season, and that also is worthy of consideration. It is also suggested that the quantity of game birds to be killed should be limited. At present there is no limit.

There is among the liabilities of the province an item of \$10,000 under the heading Grand Falls Water Power Co. This is on account of the deposit provided for by act of assembly. The balance required, \$40,000, was deposited on the first of March this year by the company proposing to develop the water power at Grand Falls. We think this is a proof of the care of the government for province interests. We have established the principle, that a company wishing to get a valuable franchise should make a deposit with the government as a guarantee of good faith.

The condition of this deposit is that if the company carry out their proposal to complete their work and expend \$3,000,000 at Grand Falls within five years we will return them their money with three percent interest. As the persons who form this company are business men there no doubt that their scheme will be carried out. This is a matter of vast importance to New Brunswick. The idea of the company is not only to expend a large sum in harnessing the water power but to supply electricity to places as far away as St. John.

They have a minimum power of 39,000 horse at Grand Falls and they propose to build there the largest pulp and paper mill in the world, with a capacity of 600 tons a day.

Had Not Strength To Do His Work

Was laid up for a month and suffered greatly but cure came with the use of Dr. Chase's Remedies.

What Dr. Chase's Nerve Food is extraordinary as a system builder it is only slightly laxative and persons inclined to constipation and liver or kidney disorders obtain the best results by using Dr. Chase's Kidney-Liver Pills at the same time, taking one pill a dose as often as is required to keep the bowels active.

Mr. FREDERICK WHITTAKER, 906 Quebec Avenue, London, Ont., writes: "I used nine boxes of Dr. Chase's Nerve Food and six boxes of his Kidney-Liver Pills for a run-down system and now feel like a new man in every way. Before beginning this treatment I had been laid up for a month, as I had not the strength to stand up at my work as machinist and suffered much from headaches, stomach troubles and pains in my legs."

"If I ever get run down in health again I shall not be long in trying these remedies, for I have proved their excellence." Dr. Chase's Nerve Food, 25c. a box. Dr. Chase's Kidney-Liver Pills, 25c. a box, at all dealers. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

A mill agent has already been made with American parties for the purchase of 400 tons of paper a day when the mill is in operation. This means also the taking

DANGER OF LIVING WITH CONSUMPTIVES

Be on guard because the spout of their lungs influences itself through the air and impregnates the system of others, as if they were breathing the fragrant, healing atmosphere of the most efficient germicide known. No use of catarrh, or withered, or other disease which gives them breath some disease that settles in the head is cured in a few minutes, and beneficial, asthma and lung trouble are cured to say the least. I have seen many cases cured. I don't know any remedy so good for asthma and lung trouble as Dr. Chase's Nerve Food. It is a matter of knowledge. If you have a few years of suffering and avoid me from consumption. Two months treatment \$100.00 the other \$100.00.

over the number lands of the railway from St. Leonard's to Campbellton. The government, I think, can look with pride to their action in this matter. One objection that was made to the Restigouche Railway was that it would burn up the forests, but the company proposes to run the railway by electricity so that this danger will be avoided.

Mr. Hazen—Do they propose to buy this railway?

Hon. Mr. Tweedie—They will if they can get it. They would also

ESCAPED AN OPERATION

I had a long pile for six years, and the doctors told me it was no cure for me unless an operation. Dr. Chase's Ointment completely cured me in one week. As this was six months ago, and there has been no return of the old trouble, I believe the cure is permanent. J. H. M. Wain, Boston, Mass.

like to buy the lands of the N. B. Co. in that vicinity.

Turning from our liabilities to our assets, we have in the first place the balance to the credit of the province at Ottawa, \$520,299, the same amount as last year. (Continued on page 6.)

GRIN AND BEAR IT.

People with pleasant temperaments are easily imposed upon by men as well as nature. Very frequently we see this general sort of people tied down with severe attacks of Rheumatism or Neuralgia and they grin and bear it as though they enjoyed their predicament. They are content to let things take their course and do not realize that this disease will undermine their whole system and shorten their lives by many years. Relatives and friends should intercede and insist that these satisfied suicides take immediate treatment with the great South American Rheumatic Cure. It gives instant relief and lasts for good. Mrs. John Keating, Esq., Esq., writes: "For fifteen years I had been troubled with rheumatism. I was discouraged and had given up hope, when I was recommended to try South American Rheumatic Cure. In one week from the time I commenced its use I was completely cured."

Build up your nervous system, use South American Nervine Tonic. It is the strongest and best for nervous diseases.

Mrs. Bishop's Success

It's easy to make bad bread even though you use the very best flour. The whole secret of good bread is not merely good flour. The way it's made is most important. This is why some people do not get such good results as others in their bread baking. It is to quite an extent a question of method. Mrs. F. B. Bishop, of Lawrenceton, N. S., made a batch of bread with "Royal Household" Flour. She made it according to directions and the bread was good. She made a second, a third and many other batches, and a few days ago she wrote us that she found "Royal Household" Flour the best flour she had ever used. This lady got good results because: 1st. She had the right flour.

and. She made her bread according to "Royal Household" directions. Had she failed in the latter her opinion of the flour might have been very different. Both were essential to secure desirable results. That Mrs. Bishop succeeded so well proves that others may do equally well and certainly those who have seen the best bread produced from "Royal Household" must admit that it is the finest bread in the world and worth going to some trouble to procure. It is at least worth the trouble of getting "Royal Household" Flour and making bread from it the "Royal Household" way. The "Royal Household" way is described in a leaflet which will be sent you for the asking. OULIVE FLOUR MILLS CO., LIMITED, MONTREAL.
