DISASTROUS FIRE IN LIMESTONE

Grand Falls and Other Towns Send Men who do Effective Work in Saving Other Property—Total Loss Estimated From \$130,000 to \$150,000

A disastrous fire, said to have started from an old barn where boys were smoking cigarettes, swept through the village of Limestone, Arctostook county, Sunday afternoon, destroying twenty buildings and causing a loss estimated all the way from \$135,000 to \$150,000. No lives were lost, but two women were severely burned, one almost losing her life.

A high wind carried burning embers a distance of half a mile or more. The water supply gave out and for a time the villagers were helpless. Limestone (N. B.) men went across the border soon after the fire started, and were of considerable assistance, but the flames continually spread to dwellings, potato houses and other buildings, telephone call were sent to Grand Falls, Presque Isle, Caribou and Fort Fairfield for help. Help was sent from Grand Falls and the other places all doing good work.

Among the residences destroyed was that of George Anderson. He and his wife were in Grand Falls at the time. Their daughter was asleep in a room upstairs when the flames swept down upon the house. Miss Anderson was burned so badly that the firemen found it necessary to turn the hose on her to save her life.

The residence of Samuel Shaw, Jr., caught on fire, but was saved in a damaged condition. Mr. Shaw's daughter, Mrs. Hutton, was severely burned about the hands.

At E. B. Terrill's residence, which also ignited, but was saved, a woman and her two young children were removed to safety.

Besides George Anderson's home, the following buildings were destroyed: House, barn and machine shop of Leonard Thompson, insurance agent; Shiro's tenement house; and five families in the tenement losing some of their effects, insurance \$5,000; McLaughlin building, owned by Frank Weatherhead, ruined by water; seven potato houses belonging to George Osborne, Walter Phair, Alpheus Noyce, Spear & Leighton, L. J. Hart, M. Rushmore and Frank Durepo; D. F. Gitchell's fertilizer storehouse, Harold Jenkins' undertaking rooms, the old jail, three cars of potatoes and several barns and sheds.

Lewis Cyr's tenement house and the Ward tenement house caught fire, but were saved in a damaged condition. Gilbeon's clothing store caught on fire just as the water supply of the village gave out. This building was saved by the Presque Isle fire department pumping water from a brook. The potato houses and their stock were valued at \$80,000. About 15,000 barrels of potatoes were destroyed, together with about 350 tons of fertilizer.

In all the fire raged for five hours,

and had it not been for outside assistance the entire village would probably have been destroyed.

HELP FOR POTATO GROWERS OF N. B.

Delegation Calls on Minister of Agriculture at Ottawa

Ottawa, May 9.—That there was a danger of nearly a million bushels of potatoes being thrown out to rot in the fields unless the farmers of the maritime provinces and particularly New Brunswick were given some government assistance in marketing their crop, was declared by a delegation representing New Brunswick potato growers waiting upon Hon. Mr. Motherwell, last evening.

High freight rates and the U. S. tariff were largely blamed for the present condition, under which a million bushels of potatoes were still in the farmers' hands in New Brunswick and present prices were declared too low to allow of marketing the crop and securing any return for it.

The potato growers asked that as a temporary relief, the new American potatoes should be kept out of the Canadian market, on the ground that the placing of American tariffs against Canadian potatoes had brought about the present glut of stocks in New Brunswick. The New Brunswick farmers at the present time, it was said, were being paid only forty cents a bushel for their crop, which cost them nearly \$2 a barrel to grow and harvest.

H. H. Hatfield, of Hartland, N. B., and J. H. Mellison, Montreal, represented the potato growers. They were introduced by T. W. Caldwell, M. P., for Carleton-Victoria.

Hon. Mr. Motherwell promised that the matter would be given every attention possible by the government.

DRIVE TO RIGHT AFTER JANUARY 1

Nova Scotia and New Brunswick to Change from Left Hand Drive

During the session of the Nova Scotia Legislature just closed, an act was adopted providing that after Jan. 1, 1933, all traffic on the highways and streets of the province should drive to the right. By an act adopted by the New Brunswick Legislature the change from the present practice of driving to the left will take place in this province at the same time.

With the abandonment of the drive to the left rule in the Maritimes, one more old world custom will disappear from this continent, a custom laid down from the days when the horsemen rode around in tin garments and kept fellow wayfarers on their right so as to be better able to guard against surprises.

Mr. and Mrs. Arthur Tedford have moved into Mrs. Fred Thornton's house on Main street south.

CONDITIONS IN NEW BRUNSWICK

Carleton County Farmers Planning to Plant Potatoes Quite Heavily, But to Do More Mixed Farming and Economize

The Presque Isle Star-Herald reporter, on a trip to Centre Ile Sunday, was informed by Mr. Jack Lee, manager of the Sherwood department store in that place, that the prospects are that Carleton County farmers will probably plant fully as large an acreage of potatoes as last year, notwithstanding the rather dubious outlook for a market, and the bad prices now ruling—sixty cents being the top price for Mountains at the time of the reporter's visit.

Mr. Lee says that the farmers are much in the same condition as in Arctostook, and that in many cases an arrearage on last year's fertilizer bills is likely to prevent some of the farmers from getting a supply this year. During the flush times they learned, like the Arctostook farmers, to be free spenders, and the result is that many of them are now hard up.

One thing the Provincial farmers are going to get themselves out of the hole, which is not being done to any extent in Arctostook, is to increase their herds, and speed up on the production of butter, eggs, poultry, pork and meat products generally. While still holding on to potatoes, and looking for their money where they have lost it, they will do more in the line of diversified farming, and propose, now that they have had their spree in spending money freely, to get down to brass tacks in saving.

MOTHER SAVES DAUGHTER'S HEALTH

Lydia E. Pinkham's Vegetable Compound Helped Both Mother and Daughter

Lumsden, Saskatchewan.—"My mother had taken Lydia E. Pinkham's Vegetable Compound and when I needed something for my periods I took it and got good results. I recommend it to women with any female troubles and I know other women who have been helped by it and do the same."—Mrs. MAX RETZER, Lumsden, Saskatchewan.

Many cases like this come to our notice. Lydia E. Pinkham's Vegetable Compound is often recommended by the mother and the grandmother too, for bear in mind, it has been helping women for nearly fifty years.

Women Tell Each Other

In your own neighborhood are women who know the value of this wonderful medicine and they talk to one another about it. So if you are troubled with pains and irregularities, a tired feeling, nervous and sleepless spells, or have other annoying symptoms caused by some female trouble, you have only to ask some neighbor what she thinks of your taking Lydia E. Pinkham's Vegetable Compound.

BIG EVENTS FORTHCOMING

(Edmundston Observer)

A meeting of delegates of the Board of Trade and of a Committee of the Town Council was held in the Mayor's office last Thursday afternoon. His Worship Mayor Gormier presiding. The meeting was called in connection with the plans relative to the formal opening of the new international bridge. Those present were His Worship the Mayor, Aldermen Rice, Martin and Richards, the Secretary of the Board of Trade, Walker Belyea, and T. J. Scott. Dr. Simard who was a member of the Board of Trade committee was called out of town at the last moment, and J. B. Michaud, an officer member, was out of town.

The Mayor was very enthusiastic seeing in the celebration proposed a great opportunity to place Edmundston before the people of Canada, and the United States. The Secretary of the Board of Trade instructed by the

President of the body, informed the meeting that he had been advised by Mr. F. H. Stevens, Managing Director of the Observer Newspapers Ltd., that the Maritime delegation of the C. W. N. A. proceeding to Ottawa to a convention the beginning of June, were considering staying in Edmundston for one evening on their way. And that the Officers of the Board of Trade had thought it best to make arrangements to let the visit of the New Brunswick Tourists and Resources Assoc. coincide with this event. The Board of Trade had much pleasure in the volunteering to look after both of these delegations, and meeting the expense incidental to them, in order that the Council might feel free to make a larger grant to the expenses in regard to the bridge opening. J. W. Hall, Alderman Martin and R. W. Hammond were appointed a committee to interview the Selectmen of Madawaska, and other in connection with the opening of the bridge, and the arrangements in regard thereto.

ALEXANDER WALKER OF ANDOVER

Aged Eighty Years, Passes Away on Friday, May 12

Alexander Walker, one of Andover's oldest and most respected residents passed away at his home, Friday afternoon, May 12, about five o'clock. For the past few years, Mr. Walker has suffered from ill health, but on the day of his death he had appeared in his usual health; coming in from out doors, he laid down to rest, when he was heard to moan, and before medical aid could be summoned he had passed quietly and peacefully to his last sleep. He is survived by an aged wife and seven children; John of Toronto, Charles of Boston, William of British Columbia, Mrs. J. Warren Jamer, Mrs. Allie McCrea and Miss Jessie of Andover, and one daughter residing in the west. For many years Mr. Walker made his home on the Tobique, but the past few years he has lived in Andover to be nearer his daughter. By his genial kindly way he made friends with one and all, and all will regret to hear of his death. He lived to the grand old age of eighty years. Sunday afternoon a large number of friends met to pay their last respects to the deceased. Rev. C. O. Howlett spoke words of comfort to the mourning ones. The body was taken to Forest Glen where interment was made in the cemetery near his old home. To the family, the sympathy of all is extended.

We wish to express our heart-felt thanks to the friends for the kindness and sympathy shown us in our recent sad bereavement.

PULP MILL CLOSES DOWN

(Edmundston Observer)

The Fraser Companies Pulp Mill closed down on Saturday. There is no announcement made as to when it will reopen, but it is hoped that the shut-down will not be of long duration. Repairs are being made and about a hundred men engaged in this task, but the great majority are not working. Coming at the same time as the curtailment of trains on the C. N. R. it made the country-wide depression felt here more than it has been felt heretofore. Edmundston has been lucky in regard to unemployment until very recently, and fortunately summer is at hand, and let us hope that prosperity is on its way.

On Saturday evening a number of Masonic brethren waylaid C. N. Stevens in the office of Hotel Carleton, and having him cornered J. E. McCollom delivered an address of regret at his departure from town, and on behalf of the local members of the order presented him with a solid gold watch chain with Keystone Chapter charm. In his surprise and pleasure Mr. Stevens found it difficult to express himself, which made the general good feeling among the brethren all the stronger. At a recent meeting of Brighton Lodge K. of P. of which also Mr. Stevens was a member, he was presented with a fine heavy gold emblem ring. Mr. Stevens left on Monday for Bridgewater, Nova Scotia.

THE SALMON SEASON

The season for salmon fishing is approaching and very soon now there will be the long line of men and boys busily engaged in thrashing the now famous Hartland salmon pools. There has been a great curtailment in the salmon season. June 1 is the opening date for netting instead of March 1 as heretofore. The usual regulation of a fortnight's fishing and a fortnight's close season alternating during the season will be in effect. The so called "black" salmon cannot be taken.

For fly-fishing for salmon the season will open May 24 with a limit of five fish per day per rod. This is a marked change as formerly there was no limit.

COMPLETELY FREE OF CONSTIPATION

Trials for Years to Find Relief

"FRUIT-A-TIVES" GAVE IT

Chronic constipation or insufficient action of the bowels, is one of the great causes of disease. Some authorities even claim that constipation cannot be permanently corrected. This is a great mistake, because here is the proof that constipation can be cured and the bowels made to act regularly and naturally.

YARMOUTH, N.S.

"For years, I was troubled with constipation, and had to take laxatives and purgatives all the time. If I neglected to take these, the bowels would refuse to do their work."

About two years ago, a friend advised me to try "Fruit-a-tives", which I did. The first box helped me so much that I obtained further supplies of the remedy and continued the treatment. After using about eight boxes, my bowels were able to perform their particular function without aid.

The relief in my case has been lasting, as up to date, I have never had any further trouble. I can recommend "Fruit-a-tives" to all suffering as I did and I am sure they will derive equal benefit."

A. W. FRANKLIN.

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c., or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

HER RECOVERY IS THE TALK OF THE NEIGHBORHOOD

HAPPY MOTHER GIVES HIGH
RESTORED HER YOUNG DAUGHTER
TO PERFECT HEALTH.

"Tanlac certainly brought happiness to my home when it restored my seventeen year old daughter to perfect health," said Mrs. Mary McDonald, 16 South Kline St., Halifax, N. S.

"Florence was operated on about a year ago and she didn't seem able to get back her strength after it. Often she went all day long without eating scarcely a bite of anything and I was much worried and alarmed about her. In spite of everything we did she gradually grew worse."

"After taking a course of Tanlac she is the very picture of health and all our friends and neighbors are amazed at the change in her condition. She has gotten back all her lost weight and strength and is now bright and cheerful all the time. I wish every mother in Halifax knew what I know about Tanlac."

Tanlac is sold by all good druggists.

NEWSPAPER MEN WILL GIVE EDMUNDSTON THE ONCE-OVER

(Edmundston Observer)
Eager that the Maritime newspapermen should become better acquainted with Edmundston, Fred H. Stevens, N. B. Director of the Canadian Weekly Newspapers Association, which has its convention at Ottawa, June 8, 9 and 10, has arranged with the Eastern members of the Association to come to Edmundston over the C. P. R. on June 6 in a private Pullman car. It is understood that the newspaper men will be guests of the Board of Trade and that they will be entertained in Edmundston's best manner. This party will consist of about 25 men and their ladies. The Board of Trade has endeavored to have the Tourist Association make their annual meeting dates coincide with this event so the function will be a double one and a high time generally.

Lift off Corns!

Don't hurt a bit and Painless costs only a few cents.

With your finger lift off the corn, or corn, or corn between the toes, and the hard skin will come off. A tiny bottle of "Painless" costs little. No any drug store; apply a few drops upon the corn or callosities. Instantly it starts hurting, then shortly you lift that bothersome corn or callosities right off, and all without one bit of pain or soreness. Truly! No kidding!

Anaemia

Thin, watery blood is no more nourishing than thin, watery milk—skim milk.

But you can soon enrich thin blood, overcome the anaemic condition and build up the whole system by using Dr. Chase's Nerve Food.

Mrs. F. G. Simmons, 42 Curtis St., Brantford, Ont., writes:

"For about eight years I suffered from anaemia. My circulation was poor, my gums and lips were pale, and my hands and feet were always cold. I was nervous and unable to sleep well. I had frequent headaches, seemed restless and easily worried or irritated. There was a buzzing sound in my ears. Indigestion was also one of my complaints, and I often was attacked by weak spells. I went to a doctor, who told me I was anaemic, but as I did not get any better I decided to try Dr. Chase's Nerve Food, and after the first box I felt brighter and my headaches completely disappeared. I continued using the Nerve Food for quite a while. I am quite well now, and cheerfully and gratefully recommend Dr. Chase's Nerve Food to people suffering as I did before I used this splendid medicine."
