WOODWORKERS & MANUFACTURERS
DEALERS IN ALL KINDS
OF BUILDING MATERIAL
OUR POLICY
"Prompt Service and Close Attention To All Orders"
To this policy strictly adhered, to we consider that our
business has been largely done, as people dealing with us have
always felt sure that they would get exactly what they wanted
promptly and at reasonable prices.
Our modern plant and large stocks always on hand enable us
at all times to give our customers the very best service.
We can ship made to order goods within a reasonable time,
not so quickly, as stock goods for the reason that it takes time
to manufacture special or odd material. However our up-to-
date plant and splendid organization enable us to do this work
in a way to merit your hearty approval.

STRAIGHT FROM PARIS.
Notwithstanding the fact that the
famous "Parisian" style is the
most popular in the world, it is
not until you see it in the
original that you realize its
true value. This big production is
a masterpiece of art and
craftsmanship.

TOWN COUNCIL NEXT MONDAY

Council Organized for Year's
Business—Ask Authority
for More Bonds

The newly elected town council held
their first meeting on Monday night
in the Firemen's Hall. His Worship
Mayor McKay occupied the chair and
Councillors Marquis, Moore, Duncan,
Matthews, Graham, St. Onge and Gil-
ker were present. The council cham-
ber and the hallway without was
crowded to capacity with interested
citizens.
After administering the oath of of-
fice to the council's elect, His Wor-
ship called the meeting to order and
informed the council that the town
clerk would read a full report of the
elections held here on Tuesday,
24th inst. The town clerk responded,
giving a full report—as has been al-
ready published and stated he had
declared the successful candidates elect-
ed and that the board was now duly
constituted for the transaction of busi-
ness.
His Worship then addressed the
council, bringing out the fact that the
board had a clear mandate from the
electors of the town, and expressing
his hope and belief that each and
every member of the board had one
object in view—the furtherance of the
town's best interests.
The minutes of the previous meet-
ing were read and adopted.
On motion the regular order of
business was suspended to go into a
Committee of the Whole to appoint
the Standing Committee for the new
year. The Chairman of the Com-
mittee reported the following appoint-
ments—
By-Laws and Legislation—Mat-
thews, McKay and Belle Isle.
Finance and Auditing—Duncan, Mc-
Kay and Moore.
Assessment and Appeals—Gilker,
Belle Isle and Graham.
Police and License—Graham, St.
Onge, Gilker.
Public Property and Streets—Mc-
Kay, Duncan and Marquis.
Water and Sewerage—St. Onge,
Matthews, Duncan.
Electric Light—Belle Isle, Gilker
and Graham.
Fire Protection—Moore, Marquis,
Matthews.
Educational and Improvement—
Matthews, McKay and Gilker.
Public Charities—Marquis, Moore
and St. Onge.
The report was received and adopt-
ed and the council resumed the regular
order of business.
A communication was read from
C. O. Foss, Chief of Electric Power
Commission in which he stated that if
Campbellton wished to contract for
electric power it would be necessary to
make known its wants as early as pos-
sible. Letter laid on the table.
A communication from Mr. A. J. Re-
duction in his assessment was re-
ferred to the Assessment and Appeals
Committee.
A letter from Mr. Wm. Savidant
making application for reappointment
as Poor Commissioner, was laid on the
table to be dealt with when appoint-
ment of town officials comes before the
board. An application from Wm.
Taylor for appointment as street
commissioner, at \$4.50 per day was
treated in like manner.
A communication from Mr. John
Harquail was read as follows:—
Jan. 30th, 1922
Mayor and Councillors,
Town of Campbellton.
Sirs:—
As a citizen and taxpayer of the
Town of Campbellton, I wish to call
your attention to a printed circular
dated Campbellton, N. B., Jan. 21st,
1922 headed—"Important Facts for
the Ratepayers' Consideration," and
especially to a paragraph in this cir-
cular reading as follows:
"We have also increased our revenue
in the Electric Department to the ex-
tent of over \$7,000 in seven, and a
half months with our new system of
collecting, this without increasing the
rate to the consumers."
This circular is printed over the
names of your present Town Council.
It is a citizen and taxpayer and
user of electric current and in justice
to all users of electric current in the
town, I feel it my duty to bring this
to the attention of the Town Council.
I am, Sirs, very respectfully,
Yours truly,
JOHN HARQUAIL.
This letter was placed on file.
Councillor Moore, from the special
committee appointed to investigate
the Fred LeBlanc claim asked for an
extension of time, giving reason.

CURLERS AWAY TO BONSPILL

Big Curling Event Started At
Dalhousie This
Morning

The big event in curling on the
North Shore opened at Dalhousie at
9 o'clock this morning when rinks
from Chatham, Newcastle, Dalhou-
sie and Campbellton opened the first
game of the curling season.
The Campbellton rinks are made up
as follows:—
Rink No. 1.
Wesley McDonald.
John T. Reid.
J. F. McKee.
H. G. Milligan, skip.
Rink No. 2.
H. B. Ansford.
Geo. F. Miles.
H. A. Carr.
Thos. Wain, skip.
Rink No. 3.
R. Allan Christie.
E. A. LeGallais.
E. P. Mowat.
R. K. Shivers, skip.
Rink No. 4.
F. G. Kerr.
A. H. Troy.
A. A. Andrew.
M. M. Mowat, skip.
The games will occupy two full
days, beginning at 9 o'clock each
morning and finishing at 10.30 each
evening.
The schedule of games are as fol-
lows:—
THURSDAY.
9.00—11.30 a.m.
Ice 1. Chat 2—Dal 2
2. Bath 1—Dal 1
3. New 3—Camp 3
4. New 4—Dal 4
11.45—2.15
New 2—Dal 2
New 1—Camp 1
Chat 2—New 2
Chat 4—Camp 4
2.30—4.00
Chat 1—Bath 1
Chat 2—Camp 2
Dal 3—Camp 3
New 4—Bath 4
4.15—5.45
Dal 2—Camp 1
New 2—Bath 2
Dal 4—Camp 4
Chat 3—New 3
8.00—10.30
Chat 1—New 1
Dal 2—Camp 2
Chat 4—Bath 4
Bath 3—Dal 3
FRIDAY
Ice 1. Chat 4—New 4
2. New 3—Dal 3
3. Bath 2—Camp 2
4. Chat 1—Camp 1
Bath 3—Camp 3
Bath 4—Dal 4
Chat 2—New 2
New 1—Dal 1
Chat 3—Dal 3
New 4—Camp 4
Bath 1—Camp 1
Bath 2—Dal 2
New 3—Bath 3
Chat 4—Dal 4
Chat 1—Dal 1
New 2—Camp 2
Bath 4—Camp 4
Chat 3—Camp 3
New 1—Bath 1
Chat 2—Dal 2

No doubt many Campbellton citizens
will plan to witness some of these
games as train arrangements are very
convenient.

Time was granted.
Moved by Councillor Moore, secon-
ded by Councillor Duncan:—
"Resolved that this Council author-
ize immediately the getting out of
stone for street purposes to meet the
unemployment situation at an expendi-
ture not to exceed \$5,000, and that
employment on this work be given
only to bona fide ratepayers of the
town, and that each man employed be
required to furnish to the foreman of
the work a certificate from the Town
Treasurer that he is a resident of the
town, that rate of wages be from
fifteen to twenty-five cents per hour
for ten hour day, double team and man
\$4.50 per day and single team and
man \$3.50 per day."
On motion being put it was carried
unanimously.
Moved by Councillor Duncan, secon-
ded by Councillor Moore:—
"Resolved that this Council take im-
mediate steps towards collection of
tax arrears and that the town treas-
urer be authorized to publish in the
local papers that all arrears must
be paid on or before the first day of
March next, otherwise execution will
be immediately issued and names of
all defaulters published in newspapers
or annual blue book."
On motion being put it was carried
unanimously.
Moved by Councillor Duncan, secon-
ded by Councillor Moore:—
"Whereas there has been expended
on capital account during the past
(Continued on page 4.)

SENSATIONAL CUT IN CAR PRICES

Dodge Brothers Announce
Cut in All Their
Models

It will be remembered that Dodge
Brothers, through their local dealer,
announced that on February 1st a new
price, effective January 1st would be
announced.
This new price as announced below
is the greatest sensation in the auto-
mobile world to-day.
It has been acknowledged that even
at the old price Dodge Brothers motor
cars were the best on the market, but
at the new price no one who needs a
car can afford to be without one.
In the cities many of the wealthy
people are discarding their large ex-
pensive cars, expensive to buy and
expensive to run and are buying the
ever efficient Dodge Brothers which
are known to be so economical in op-
eration.
The following are the new prices
delivered:—
5 passenger Touring 1345
Roadster 1300
Sedan 1265
Coupe 1225
To the above must be added the gov-
ernment sales tax.
As there will undoubtedly be a
great demand for the popular car,
which in 1920 the worst year in the
automobile business, sold 90 per cent.
as many as in 1921, the best year
in the industry, any one desiring cars
for May delivery should make con-
tracts at once. If interested phone
the local dealer, C. Gordon Ansford,
Phone 126 or 210.

There are five Katherine MacDon-
ald's in "Stranger than Fiction." A
society girl, an aeroplane girl, a
jailbird, as Carmen and as a tough girl.
You can see them all at the Opera
House on Friday and Saturday.

BORN.
On January 25th at Bay View Hotel,
Jacques River, to Mr. and Mrs. Paul
Doyle, a son.
We have fresh shelled Oysters at
"Kosey Kafe." Prices right.

CAMPBELLTON WINS AGAIN

Bathurst Loses 10-2 in Satur-
day Night's Fast
Game

About 500 hockey fans turned out
last Friday night to see the first rush
of the season between the Bathurst
and Campbellton squads.
The game, which was hard fought
and full of excitement resulted in a
victory for the home team of 10-2.
Despite the fact that the first period
ended with a score of 4-1 against
them, the Bathurst hockeyists proved
good sportsmen and kept up a spirited
struggle until the final gong, thus con-
tributing their share to make this
game the best exhibition of hockey
here this season.
The game got away to a lively start
and this speed contributed to by a
Cagibellon's sweeping team work
and the fast individual rushes of the
Bathurst players intrigued the inter-
est of the crowd and held their undiv-
ided attention.
The first period was exceptionally
clean and free from severe penalties
both sides performing stunts in stick-
handling that pleased the crowd and
evoked their hearty applause.
McLean and Mott made splendid
individual rushes but had difficulty
in finding the net. Matthews was
everywhere with his usual speed and
dates and special announcements.
(Continued on page 8.)

BIG SEIZURE DID NOT PAN OUT

Local Inspector Thought He Had
a Big Haul of
Liquor

The telephone wires between Fred-
erickton and here thrilled with excite-
ment last Thursday when Inspector
Smith sent word to Chief Inspector
J. B. Hawthorne that he had captured
a regular "Hoohy Elephant" here,
valued at \$150,000. This consisted of
three box cars loaded to the roof with
whiskey supposed to have originated
in St. John and consigned to the prov-
ince of Quebec.
It later proved, however, that these
three cars were part of a consignment
of liquor enroute to the Quebec liquor
commission from overseas and that
there was no legal right for making
a seizure. The "Elephant" was al-
lowed to proceed to its destination.
Inspector Smith was naturally disap-
pointed and was probably the object
of some ridicule but nevertheless this
incident goes to show that he is get-
ting on the job. Keep on the beat
with your pop gun Mr. Smith. Some
day a real elephant will come along
and then the ridicule will be turned
to praise.
"The Affairs of Anatol" is coming
to Campbellton soon. Watch for
dates and special announcements.

STATIONERY
**SUPERIOR
QUALITY**
When you write on paper of superior
quality it is a subtle way of telling

Beware Infectious COUGHS

Do you realise the risk you run riding in a crowded train or street-car without a Peps tablet in your mouth? Every sneeze, every cough, fills the air you breathe with countless disease-germs that immediately make for any weak spot in your throat and chest. Be wise, always carry Peps, and occasionally let one of these germ-killing tablets dissolve in your mouth to ward off the infection. Then you will not be "full of cold" on the morrow, with the possibility of influenza, pleurisy or pneumonia supervening.

Just as you breathe in the germs that cause infectious throat and lung ailments, etc., so you must breathe in the soothing germicidal Peps medicine to cut out the germs before they can cause serious trouble. Free from harmful drugs, Peps are the safest and best remedy for sudden colds and chills, gripe, sore throat, laryngitis, night-cough, hoarseness, whooping cough, bronchitis and chest weakness in old and young.

Of all Chemists and Dealers, or the Peps Co., DuPont Street, Toronto. 50c box, 1 for \$1.25. Institutions are workable.

Keep Peps Always Handy.

NEW CARLISLE

A very interesting game of hockey was pulled off on Thursday evening, 19th inst., at Sherar's Rink, New Carlisle, between the "Gaspe Gulls", champions of Gaspe County and the "Carliele Canaries", Champions of Bonaventure County. The rink was packed to the doors and the crowd was handled faultlessly by Mr. Sherar, the popular proprietor.

The game started about 8.30 p.m., and immediately "The Gulls" jumped into the lead by securing the first goal on a beautiful pass from Suddard, but after that spasm their brilliancy seemed to the spectators, to die away gradually.

The score 23 to 6 in favor of the "Canaries" about indicates the difference in the teams. For the visitors Suddard easily outshone, but did not receive the required support.

For the home team "Whiff" and "Demon Crozier" were much in evidence. Crozier's beautiful body checking doing much to discourage the opposing players. Kempfer as usual decorated the fence often and if he did make some sensational plays, it may have been owing to his having so many breathing speels.

The "Canary" defence worked like a machine, and broke up some dangerous combinations of the "Gulls" again and again, and were cheered to the echo by their enthusiastic supporters.

The referees Messrs. Plourde and Sherar had complete control of the players at all times, and are to be commended on the fairness of their decisions.

After the close of the game the teams and their friends did duty to a sumptuous banquet at the White House and mine host "Ott" excelled himself as usual.

The line-up was as follows:—
Canaries: Goal P. Plourde, Centre J. Kempfer, Right St. Croix, Left Caldwell, Referee—Sherar and Plourde.

Timekeepers—Kempfer and Blois.

MATAPEDIA.
Mrs. Reuben Dickie of Campbellton, was the guest of Mrs. Walter MacDonald recently.

Miss Jean Pratt and Mr. Willie Pratt were visiting friends in Flat River, New Brunswick, last week.

Friends of Mike Violet Lawlor are sorry to hear that she is very sick. We hope for her speedy recovery.

Miss Dorothy Wheeler of Montreal is spending a few weeks with her parents, Mr. and Mrs. David Wheeler of Knapmeade.

Mr. George Macleod of Toronto is the guest of his parents, Mr. and Mrs. Wallace Friorio in the village recently.

Mr. Coling of Flat Lake and his daughter Miss Louise, are spending a few weeks at the Cottage Re-tigouche Salmon Club.

Master Robbie Ferguson entertained a number of his friends at a skating party last week.

Miss Elsie Ryan entertained a number of her friends at a skating party last week.

Mr. Willie Pratt left on Friday night to resume his studies at Pictou Academy.

The Ladies Aid of the Protestant Presbyterian Church and S. M. H. met at the home of Mr. and Mrs. Sandy Mann on Friday night.

AGAIN TALKING CALAIS TUNNEL

Noted French General Tells What He Thinks of the Proposal.

Paris, Jan. 28.—"It is not the absence of such a tunnel which will protect Great Britain from invasion in the future," said General Taffieu, a noted French Army officer, recently when asked what he thought of the opposition in England to the building of a tunnel under the English Channel.

"It would be surprising," he continued, "if a war in which British resource solved such infinitely more difficult problems as the passage against an invader could not be made certain in the most absolute sense of the word."

General Taffieu reviewed the well known suggestions as heard in the United Kingdom. The narrow passage might be blown up. It might be filled with gas, and the mouth might be commanded from a distance of probably 200 yards by guns which would blow into nothing of anything emerging. "It would require," said the

Mr. and Mrs. Robert Ferguson were in town on Friday.
Master John Eagles of Campbellton was the guest of Miss Beth Gallon for the week-end.
When in Campbellton try a meal at Kosey Kafé, opposite the depot.

GRAND RIVER.
Another game for Grand River was witnessed here today, when St. L's & Bankers of Chandler crossed sticks with the Grand River Royals on the rink of this town. The game was fast and exciting and was witnessed by a large crowd. The game ended with a score of 4 to 3 in favor of the Royals.

The line-up was as follows:—
Royals: Goal Bouchard, Point Gaspar, Centre Plourde, Right Myers, Left Wing, Referee—W. Siros, Chandler.

BLACK CAPES.
The annual business meeting of the Presbyterian congregation was held in St. Andrew's Church, New Richmond on Tuesday afternoon, January 24th. The year 1921 has been a most prosperous one for the congregation, over \$5,000 was raised for all organizations of the church from Toronto and left on Wednesday for Cape Breton.

Mr. Hedley Henderson arrived here on Thursday for Cape Breton. Mrs. John Burton is visiting her mother, Mrs. Henry Hardy in Montreal who has been quite ill.

Mrs. Gordon Hardy is visiting her former home in Esquimaux. Mrs. John Campbell has returned to her home in Cullen's Brook, after spending a week here visiting relatives and friends.

DALHOUSIE JUNCTION.
Miss Flora Thompson, R. N. of the Montreal General Hospital returned to Montreal Thursday evening after spending a few days at the Junction.

Miss Thompson came here to attend the funeral of her cousin Mr. Wendall Thompson.

Mrs. R. L. Hicks entertained the young people of the dance Wednesday evening. Among those present were Misses Kathie Jackson, Gertrude Blake, Bessie Goudin and Mrs. Geo. Miller; Messrs. Gilmour, Gordon McLean, Victor Jamieson and Leslie McIntosh.

The school is progressing favorably under our new teacher, Mr. Harry Gilmour of Stanley, York Co. The W. M. S. will meet at the home of Mrs. Crawford Tuesday evening next. A good attendance of members is expected.

CHARLO.
Mrs. Thos. Hayes, Nash's Creek, spent a few days last week with her sister Mrs. John Hayes.

Mr. Thomas McDonald spent the week-end with friends in Charlott.

Mr. George MacNair has also recovered from his illness.

Mr. Ian Hamilton was a visitor to Campbellton Monday.

Mr. John Hayes left for Campbellton Friday where he will receive treatment at the hospital.

The first course of the Vocational Classes was completed Monday evening.

The Ladies Aid of the Protestant Presbyterian Church and S. M. H. met at the home of Mr. and Mrs. Sandy Mann on Friday night.

FOUR KILLED IN MINE EXPLOSION
Louisville, Ky., Jan. 31.—Four miners were killed, two were injured seriously and two are missing as a result of an explosion in the Dayman-Calloway Coal mine at Layman, Ky., ninety miles from here, last night, according to reports today.

PREDICTION ABOUT

NATIONAL RAILWAYS
Handed Over to Private Company in a Few Years?
Montreal, Jan. 30.—The Canadian Club hears the prediction by William S. Tye, ex-chief of the C. P. R. that the Government will initiate Sir John Macdonald and hand over the National Railways, in a few years, to a private company.

MOONSHINE PLANT

CAPTURED TODAY
Sydney, N. S., Jan. 30.—An up-to-date moonshine plant capable of turning out \$1,000 worth of marketable liquor a day, and the largest ever captured in Cape Breton, was seized by a squad of revenue officers. Sunday, on the farm of Joseph Bonach, a Belgian on the outskirts of Sydney.

Val des Bois, about 55 miles from
Buckingham, in Quebec Province, is a celebrated fishing, hunting, and trapping district. Mr. J. A. Larive, while here today, Val des Bois, last fall had the distinction of shooting a deer. How this deer escaped detection, and consequent killing, was a long time while hunting within rifle range of habitations is hard to understand. He lived on the highest mountain at Val des Bois, a natural background of white birch undoubtedly made him invisible to the hunter who could not get close to him. Once snow fell, his worries were over as he must have become practically invisible on account of the white color. Not a black or colored hair could be found on his body, even the eyes, muzzle and hoofs being almost white or pink.

Mr. Larive first saw the deer as a strange or new white patch on the side of the mountain. Upon examination through field glasses he perceived that it was a white deer. He had seen two specimens before, mounted by the ex-ov. and his joy can easily be imagined. He spent about fifteen minutes planning the stalk and studying the mountain in front of him across Green Lake. Mr. Larive proceeds to tell the story:

"The mountain was negotiated by a chimney or V shaped indentation which I climbed by holding on to shrubbery, cracks, and small projections of rock, by hand and feet (my rifle—A-22 H.P. Savage, lever action being slung over my back). Reaching the top after an hour and a quarter climb, I made a wide circle and came back to the edge. I could see the deer lying down among the white birch trees, a single branch over his head. I knew the small hole rifle was incapable of penetrating, so I decided on again (my rifle—A-22 H.P. Savage, lever action being slung over my back). Reaching the top after an hour and a quarter climb, I made a wide circle and came back to the edge. I could see the deer lying down among the white birch trees, a single branch over his head. I knew the small hole rifle was incapable of penetrating, so I decided on again (my rifle—A-22 H.P. Savage, lever action being slung over my back). Reaching the top after an hour and a quarter climb, I made a wide circle and came back to the edge. I could see the deer lying down among the white birch trees, a single branch over his head. I knew the small hole rifle was incapable of penetrating, so I decided on again (my rifle—A-22 H.P. Savage, lever action being slung over my back). Reaching the top after an hour and a quarter climb, I made a wide circle and came back to the edge. I could see the deer lying down among the white birch trees, a single branch over his head. I knew the small hole rifle was incapable of penetrating, so I decided on again (my rifle—A-22 H.P. Savage, lever action being slung over my back). Reaching the top after an hour and a quarter climb, I made a wide circle and came back to the edge. I could see the deer lying down among the white birch trees, a single branch over his head. I knew the small hole rifle was incapable of penetrating, so I decided on again (my rifle—A-22 H.P. Rich yet Delicate—
In every cup of the genuine

"SALADA"

BLACK OR TEA GREEN

will be found a flavour so rich that you may instantly recognise the fine quality of the leaf yet so delicate that it refreshes and "comforts" as no other tea will do. Samples on request. SALADA, MONTREAL.

RHEUMATISM

It suffers from rheumatism could read all the testimonials we receive, they would not hesitate to accept our offer of a free trial sample of Gln Pills.

Mrs. E. W. Haddell of Windsor, Ont., writes: "Gln Pills, I know from personal experience, are the sovereign remedy for rheumatism and kidney troubles in any form. I was helped by them, after months of suffering. I tried many other remedies, but all failed; then I tried Gln Pills, with the result that I am well to-day."

Gln Pills relieve by removing the cause. Write for a free sample to: National Drug & Chemical Co., of Canada, Limited, Toronto, Ont. U. S. Address: National Drug Co., Inc., 86-88 Exchange St., Buffalo, N.Y.

CARLOAD OF LIQUOR REPORTED SEIZED

At Grand Falls—Consigned to St. Leonard for U. S. Consumption.

Fredericton, Jan. 24.—A whole carload of liquor said to have been consigned to St. Leonard, N. B., which leads to the official belief that it was intended for ultimate consumption after some international marketing by subjects of Uncle Sam, was seized at Grand Falls, N. B., yesterday, according to a report by Chief Inspector John B. Hawthorn, in charge of New Brunswick Prohibition Act enforcement.

Chief Inspector Hawthorn said this morning that the seizure was made by Sub-inspector McLachlan, a tip having been received here that the carload of liquor had gone north on the C. P. A. Arctic Express from Montreal on Saturday night.

So far as can be learned the liquor was shipped by an export company whose chief Canadian agency is in Toronto, and who are said to have been shipping whiskey in carload lots to various centres and distributing it in case of other lots to customers, this method of shipment being contrary to the prohibition act and especially since the "bone dry" law went into effect in this province.

Railway News in Brief

Monte Jav, Sask.—Good progress has been made during the past month with the work of finishing the interior of the C. P. R. Office Building in connection with the new station here. The contractor expects that the building will be ready for occupancy by April 1. This will complete one of the finest stations west of Winnipeg.

Vancouver, B.C.—The Committee of the Board of Trade was told by W. B. Langman, traffic manager of the C. P. R., at a conference that the freight classification No. 17 which was prepared in 1915 has been shelved, and an entirely new list is at present being prepared.

There was considerable discussion in regard to the retention of the existing trade rates under which shippers can mix certain commodities in the same cars for shipping. Local business men were afraid that the present trade lists would be interfered with to the detriment of their business. But Mr. Langman gave an undertaking that there might be a modification in the existing arrangements, but it would not be of such a nature to interfere in any material way with business.

Much satisfaction was expressed by the Board members at this assurance.

Kingston, Ont.—The Royal Military College at Kingston has just received some interesting and available articles have been forwarded to the college by Colonel F. L. Wanklyn, of the board of governors, one of which, an umbrella, was made from a massive shell-case in the "centre-hole" to the mess. Other gifts from Colonel Wanklyn include a handsome table lamp constructed from an 18 pound shell; a tobacco box made from a shell case; and a fine engraving depicting "The Surrender of Cronje." The latter is particularly appropriate as framed in the picture of the cadets' new mess-room.

Mr. A. D. MacTier, of the C. P. R., has also presented to the college a painting entitled "Comrades" to the college. This wonderful Scottish picture, which will be in the nature of a thorough test of the board's machinery before she is sent north to Alaska, for which service the "Princess Louise" was designed. The Alaska service between Victoria and Vancouver, Prince Rupert and Skagway will be maintained by the "Princess Louise" from the time she is put into commission for the northern run until June next, when the summer schedule of the Alaska route will go into effect.

The first of the sailings under the summer schedule will be taken by the "Princess Louise," leaving Victoria June 9 at 11 p.m., and clearing from Vancouver at 9 p.m. June 10. The "Princess Louise" will be operated to Alaska this summer in conjunction with the "Princess Alice." These two splendid boats will give the Alaskans the finest steamship service they have ever had. It will amount to approximately a semi-weekly schedule. The summer schedule of the "Princess Louise" from Victoria to Alaska is as follows: June 9, June 23, July 4, July 14, July 25, August 4, August 15, August 25.

The schedule from Victoria of the "Princess Alice," which will alternate with the new boat, is as follows: June 16, June 30, July 11, July 21, August 1, August 11, August 22 and September 1.

Sailings from Victoria and Vancouver, the ports to be touched at by the "Princess Louise" and "Princess Alice" in the summer service will be: Alert Bay, Prince Rupert, Ketchikan, Wrangell, Juneau, and Skagway these calls being made on both the northbound and southbound trips.

Vancouver, B.C.—The "Princess Louise," all-British Columbia built and seaworthy, will be the house-flag of the Canadian Pacific Railway, will be ready for commission shortly. It was stated by Capt. C. D. Neroutos, marine superintendent, British Columbia Coast Steamship Service.

"Princess Louise" will first be operated, Capt. Neroutos states, on the route between Victoria and Vancouver, which will be in the nature of a thorough test of the board's machinery before she is sent north to Alaska, for which service the "Princess Louise" was designed. The Alaska service between Victoria and Vancouver, Prince Rupert and Skagway will be maintained by the "Princess Louise" from the time she is put into commission for the northern run until June next, when the summer schedule of the Alaska route will go into effect.

DEATH OF SIR E. SHACKLETON

Intrepid Scientist Passed Away on Board His Steamer, the Quest, on Jan. 5.

Montevideo, Uruguay, Jan. 20.—Sir Ernest Shackleton, the British explorer, died on Jan. 5 on board, the steamer Quest on which he was making another expedition into the Antarctic region.

Death was due to angina pectoris and occurred when the Quest was off the Grubben station.

The body was brought to Montevideo on board a Norwegian steamer and will be taken by another steamer to Europe.

Captain L. Hussey of the Quest will accompany the body home.

Professor Gruvel and the other members of the explorer's party will continue the expedition.

LIBERALS PURCHASE MONTREAL HERALD

Senator Casgrain, New President, Outlined the Policy to Be Adopted.

Montreal, Jan. 20.—It is announced that Lord Atholstan has sold The Montreal Herald to a syndicate of Liberals headed by Senator J. P. B. Casgrain, who, as President, signs an article in the paper announcing its policy. Senator Casgrain says:

"Those who know me need hardly be told that I am a life-long Liberal, and that I count it a privilege to have been a consistent and devoted follower of the great statesman who guided the destinies of Canada through the happiest and most prosperous period in her history. I refer, of course, to the late Sir Wilfrid Laurier. I believe that the historic party which he led with distinction for so many years has within it the power to bring back general prosperity and contentment to this country, and, with a view to assisting in this happy development, it is my intention to make The Herald a straight Liberal paper. Both in the Federal and provincial field, this paper will uphold the great Liberal principles which have meant so much for the progress and welfare of mankind. This means that The Herald will give support to the full measure of its power and ability to the Liberal Government which has entered into office at Ottawa, and to the Tachecheau Government in Quebec."

SILLY STORY REGARDING PRINCE

American Papers Taken to Task for Untruthful Report of Dinner.

London, Jan. 28.—Society here is seething with indignation at the publication in a section of the American press which has been called to London of a scurrilous story concerning the very popular Prince of Wales. The story goes that at a dinner given last summer by Mrs. Cornelius Vanderbilt in the height of the last London season the Prince insisted that two American dancing girls, well-known in the metropolis as the Duncan Sisters, who were at that time engaged in de Courville's Revue, should be invited and that he himself and King Alfonso of Spain stayed with the girls for two hours after their arrival in a private sitting room while the invited guests were forced to wait on the royal pleasure for their dinner. The story also connects the name of the Prince with a well-known society lady who is married and generally accuses him of every kind of vulgarity and breach of social etiquette that malice can invent.

Searching inquiries by our representative failed to elicit the slightest foundation for such a calumny while the guests who were present at the dinner indignantly repudiated the scandal. They consider that the story carries its own condemnation since the very smallest acquaintance with the well-known courtesy of the Prince renders it entirely ridiculous. The source of the story is believed to be the same as that of the flamboyant account published broadcast last year that Princess Mary, contrary to her own wishes was being forced into a matrimonial alliance with a foreign sovereign for state reasons and other equally mendacious stories. All are undoubtedly part of a strong anti-British campaign to discredit the monarchy and they can all be traced to the same yellow journalistic source in the United States. They obviously help de Valera and other enemies of Britain, and it is hoped that by discrediting the Prince the disaffection in India may be fanned into open revolt.

BANDIT FAILED TO GET CASH RECEIPTS

St. John, N. B., Jan. 30.—On Saturday night an armed man entered the grocery store of George A. Wetmore, in Main street, and held up the two girls and a man who happened to be in the store at the time, and attempted to get away with the cash receipts. He was frightened off before he obtained anything more than some of the small change. This robbery was the first of the kind in the city, he said, last evening.

ONTARIO'S FIFTEEN MILLION DOLLAR BOND ISSUE SOLD

New York, Jan. 24.—It was announced today that the fifteen million dollar issue of 5 1/2 per cent. 5 year, province of Ontario bonds offered here by Kissel, Inman and company and their associates has been sold.

The Athlete's Remedy for Sprains and Bruises

1. Sprains and bruises are common accidents which can be treated with this remedy. It is a local anesthetic and is applied to the injured part. It is a local anesthetic and is applied to the injured part. It is a local anesthetic and is applied to the injured part.

from W. E. McPherson, Secy. Am. Strong High School Athletic Club.

"Since I started using this I have been hindered with my man's sprained ankle, etc. It is as good as a new start using Minard's Liniment and trouble ended. Every athlete should keep a bottle handy. This letter is only one of the many we have received from well known athletes."

MINARD'S LINIMENT

MINARD'S LINIMENT

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a tonic and blood purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

Dr. J. C. Hall, 1201 Chestnut St., Philadelphia, Pa.

A. McE. McDONALD, Druggist.

HORSE AILMENTS

of many kinds quickly remedied with DOUGLAS' EGYPTIAN LINIMENT

The best all-round liniment for the horse, as well as for household use. It is a local anesthetic and is applied to the injured part. It is a local anesthetic and is applied to the injured part. It is a local anesthetic and is applied to the injured part.

STOPS BLEEDING INSTANTLY AND PREVENTS BLOOD POISONING. Keep it handy.

THOSE SUDDEN NOISES

Do you start at sudden noises? Just one or two doses of DR. MILES' NERVINE—\$1.20 will soothe the irritated and over-strained nerves. Guaranteed and Sure. Sold in Campbellton by THOMAS WRAN, Druggist.

Is Now a Healthy Boy

"From a puny, delicate child, my little Johnny has become a strong sturdy boy."

One mother writes:—"If you had seen my little Johnny four months ago and you were to see him today, you would never believe that he is the same boy. Then he weighed only 48 pounds. To-day he weighs 80 pounds, almost double what he weighed four months ago. His trouble first started with a cold, which we never noticed because he was strong and like all boys of his age occasionally caught cold. After a while we began to notice that his cough, instead of getting better, was getting worse, that he was looking pale and losing weight. He seemed to be tired all the time, had no energy to do anything. Before he caught this cold he had no trouble with his lessons and remained at the head of his class without much study. But we began to notice a change. He didn't seem to care whether he knew his lessons or not and nothing seemed to interest him. He coughed so much and so hard at times that his face would surely burst a blood vessel. Medicines and cough mixtures didn't do him any good. Finally, in desperation and as a last resort, we tried Carmol. In a short time his cough had almost disappeared. His appetite was returning and he was beginning to take an interest in his studies. And, thanks to Carmol, he has become as strong and healthy as he has ever been."

Carmol is sold by your druggist and if you can conscientiously say, after you have tried it, that it has not done you any good, return the empty bottle and he will refund your money.

Straight from Paris!

BACK TO WORK.
Dr. L. G. Finault has returned from Paris and is now available to patients who may require his professional services.

PROFESSIONAL.
Dr. A. Pierce Crockett, eye, ear nose and throat specialist will be at the St. Louis Hotel, Campbellton, Fri-Mon, Feb. 10th where he may be consulted professionally. Feb. 2-2-22.

CANDLEMAS DAY.
To-day, Thursday, is observed as the feast of the purification, otherwise known as Candlemas Day. The following day, Friday, will be St. Blas's Day.

CARD OF THANKS.
Mr. and Mrs. William Thompson and family wish to thank their many friends for the kindness and sympathy shown them in their recent bereavement.

LETTER OF CONDOLENCE.
As it has pleased God Almighty to call our beloved Sister Maud Forbes, the Jeanie Gordon L.O.B.A. No. 240 wish to express their deepest sympathy with the bereaved parents and family.

STONE HAULING.
A new covered highway bridge is to be built over the east branch of Charles River. Stone hauling began last week and at one time as many as sixty four single teams were busy engaged in drawing rock from the surrounding country.

TWO HOCKEY GAMES TONIGHT.
The Campbellton hockey squad left on this morning's limited for Bathurst where they cross sticks tonight with the Bathurst sextette.

Chatham and Shediac also play tonight on the latter's ice. After these two games have been played there will be just one more fixture in the northern section of the N. B. and P. E. I. League Campbellton and Chatham on Feb. 9th.

MONCTON'S NEW MAYOR.
J. Fred Edgett was elected mayor over Mayor A. C. Chapman by a majority of 554 in Monday's civic election for mayor and aldermen, and for the first time in three elections labor lost its grip on the council. Along with the new mayor, five new aldermen were elected and three members of the former council. The labor party placed seven candidates in the field and made the fight for continuing labor control at city hall.

Katherine MacDonald and Wesley Barry—both in one picture, "Stranger Than Fiction" at the Opera House Friday and Saturday.

Save From \$10 to \$25. a Ton. On fertilizer

This company has been organized to take over and further develop the Home Mixed Fertilizer industry so successfully inaugurated by Hatfield and Co. last year. The chemicals and materials offered are the best bought in very large quantities in cheapest market, and we are in a position to deliver it at very lowest prices in New Brunswick.

Our HOME MIXED FERTILIZERS have been proved the best in any way, having in several instances produced more than 100 barrels of crop per acre.

HOME MIXING is no experiment, it has been proven beyond a doubt that it can be successfully done. Simply follow our plain instructions and you will see the results.

On HOME MIXED FERTILIZER you save 500 to 700 pounds per ton in freight and handling, cost of extra containers, obtain more plant food, and actually save from \$10 to \$25 per ton, over factory mixed goods and are in every way superior.

HOME MIXED FERTILIZERS are shipped in whole and strong bags in cartons.

Write us for further information or ask any of our agents, their names will be published in an early issue of this paper.

Do not place your fertilizer order with any one until you have investigated our proposition.

Home Mixed Fertilizers Limited

HARTLAND, N. B.

CARD OF THANKS.

The Jeanie Gordon L.O.B.A. No. 240 wish to thank those who so kindly supplied the teams for the ladies who attended the funeral of their late Sister Maud Forbes.

POLICE COURT.
On Friday, Jan. 27th Amy Brien and his wife Louise, of Andersonville were summoned to court to answer to the charge of nonsupport of their children. In the evidence it developed that the defendants had ordered their two children, aged 14 and 16, out into the cold with the heartless ultimatum that they must shift for themselves. The case was adjourned until Saturday and was later set over for Monday's court.

On Monday an excited crowd flocked to the court jamming the doors and hallways until passage either way was well nigh impossible. Nothing was accomplished in the case which was set over until Tuesday. Judge Matheson, however, gave Mr. Brien a few things to think over. If His Honor's words sink in at all, it should not be necessary to summons Brien to court for some time.

On Monday afternoon's court a case of theft was dealt with. The accused who was sent up for trial was allowed freedom on bail.

The Brien case came up again on Tuesday. The principals were given a suspended sentence of three months in jail a fine of \$50.00 and \$25.00 each. On payment of costs they were allowed to go on probation.

Katherine MacDonald offers \$1000 to any aviator who can duplicate the thrilling stunts showing in "Stranger Than Fiction" in which she will appear at the Opera House tomorrow and Saturday.

MAZOLA.
No she's not a Spanish dancer, Mazola is a salad and cooking oil which is already famous in various parts of the country and which is being given a free demonstration this week at W. H. Miller's store, by Mrs. A. G. Harding, a domestic science expert of Montreal.

Mrs. Harding arrived here the first of the week and has ingeniously constructed a dainty kitchenette in the store above mentioned. The pretty blue trimmings tastefully arranged on the tables in use, harmonize in pleasing effect with the white flower china they support which in turn is bedecked with delicacies cooked with the famous Mazola—all products of Mrs. Harding's skill as a gastronomist.

Moreover, Mrs. Harding is not a grouchy housekeeper, she doesn't mind visitors in the kitchen. Our reporter was in and had a doughnut. He says they're delicious—just like mother makes.

RICHARDSON-McNEISH.
Point La Pique, N. B., Jan. 27th, the home of Mr. and Mrs. Angus MacNeish last evening was the scene of a quiet and pretty wedding, when their daughter Gertrude Ellen was united in marriage to William Evans Richardson, youngest son of A. Richardson, Freeport, Maine. The ceremony was performed by Rev. McIntosh McLeod, pastor of the Presbyterian Church, New Mills and the bride, who was given away by her father looked charming in brown velvet and silk and carried a bouquet of pink and white carnations and maiden hair fern. After a dainty lunch was served Mr. and Mrs. Richardson left on the Maritime for Freeport, Maine, where they will make their future home. The bride travelled in taupe velour with hat to match. The groom's gift to the bride was a piano.

AN AUDACIOUS
LAW BREAKER

Two Large Plate Glass Windows Broken in Store Front.

On Sunday morning the attention of pedestrians was attracted by a pile of broken glass in front of the Rosenhek building on Water Street.

Two large sheets of plate glass on the left side of the door lay in a shattered mass at the entrance of the building. The wind swung the great blinds to and fro disclosing to curious passersby that the display windows were entirely stripped of their usual adornments. Large sale posters fluttered restlessly in the breeze; small boys played in the glassy debris and curious questions concerning the marauder and his possible motive hoisted the tongues of all who viewed the ruins.

Despite the loss which is considerable the unfortunate partners have offered no reward so far as we can learn—for the capture of the guilty party. Nor have they made any attempt to enlist the services of the law.

Moreover, considering the characteristic elusiveness of the alleged culprit, the police deem it advisable to overlook the offence, as it is the first of this nature in several months. The name of the alleged criminal is familiar to all—Mr. Jack Frost. His exact address is unknown but it is generally believed that he spends most of the year in the far north.

STATEMENT.

WINTER ECZEMA

CHAPS & COLD-SURES

KEEN wintry weather brings a host of skin troubles. Cold-sores, chapped hands, unsightly face-sores and blotches, become a source of discomfort and annoyance. To end the trouble and make your skin clear, healthy and flexible, give the face, arms and hands, a slightly dressing with pure **Zam-Buk**. **Zam-Buk** instantly soothes the smarting irritation, it kills disease germs, and quickly heals all sores, roughness and chafing which, neglected, often develops into eczema or other chronic skin diseases. Use also **Zam-Buk** Medicinal Soap and enjoy real skin health.

This was an

obstinate case.
Mrs. Henry Amy, 45, Lyall Avenue, Toronto, says: "My daughter's face and neck were a mass of eczema. The doctor prescribed treatment for over two months, but to little avail. I was about to call in a skin specialist when I heard of **Zam-Buk** and immediately obtained other cures from this great disease. So I got a box of **Zam-Buk** and a box of **Zam-Buk** Medicinal Soap. In a few days there was a decided improvement. Day by day the skin gradually healed, and within a month my daughter's skin was thoroughly cleared of the terrible disease."

Many persons suffer from the great skin disease!
Head in, strong for severe eczema, dryness and skin of face, and entire body, and scalp, and hands, etc., etc., etc.

TIMBER/TRADE

PROSPECTS FOR 1922

British Importers Said to Anticipate Heavy Shipments.

During the greater part of 1921 the British timber market was overshadowed by the possibility of big shipments of spruce from Canada. At a time when the arrival of these would have had a bad effect on current prices, which were already on a very low basis. The wood, however, did not come over because of the rubbers prices; but in 1922 the case is different. The banks will scarcely help the exporters to hold their stocks any longer, and whatever the market prices are, British importers anticipate heavy shipments during the coming season.

Fortunately for the Canadian shippers and the British importers, there is good promise of prices much in excess of those current during last year, and the stocks will therefore find a free market in Great Britain and possibly in some Continental countries. In this connection the attitude adopted by the Swedish and Finnish shippers is a factor. Their argument is that a scarcity of timber will force up values, and many importers are being impressed by the statistics put forward. The Canadian position, however, has to be reckoned with. Much of the Canadian spruce at present available for export maybe of poor quality, but its arrival will serve many useful purposes, and as such will be welcomed by the British market.

Meanwhile the most striking feature of the timber trade at the moment is the growing firmness of practically all the markets, spot or to arrive. So far as the spot market is concerned, the explanation mainly lies in the fact that stocks are comparatively low and the regular importing season is over from Canada and from many of the North European ports. Should the demand improve in the slightest and hopes are entertained that this is imminent—there is hardly sufficient stock of some woods—Canadian spruce, for example—to see the winter through. Hence prices for goods on way are stiffening. Some holders, indeed, are not too anxious to sell in bulk, preferring to spread their sales over an extended period.

Inquiries From Ireland.
An interesting recent development of the British-Canadian timber trade was the totally unexpected inquiries received by the Quebec shippers from a quarter the least expected—Ireland. Inquiries were received from Belfast and Dublin, with the result that the firm of W. & J. Sharpley, Regd., sold a full cargo of deals to Dublin. The same Quebec firm sold two lots to customers in Belfast. These orders and their shipment at fair prices go to show that there is an optimistic feeling in both the south and north centres of Ireland. From St. John, New Brunswick, too, comes the news that a considerable timber cargo space has been taken on the Head Line boats for Ireland.

The shipments of timber and deals from the port of Quebec during 1921, while not large in volume, was much better than was expected. During the latter part of October and the earlier days of November an increased and unexpected demand from the United Kingdom arose, with the result that two full cargoes of timber and deals more than were looked for were shipped to Great Britain. The last consignment, 100 standards of deal and 40 standards of birch timber, shipped by W. & J. Sharpley, Regd., are now busy filling orders from the United States market, and have shipped considerable quantities of timber across the border, and judging by inquiries and orders coming to hand, expect to write on their books a large trade with the United States markets during the next few months in consequence of the renewed activities in construction all over the American Union. These changes in American conditions have so heartened the Quebec lumber interests that they have decided to carry on bigger operations in the woods this winter than they anticipated.

CHATHAM MAN

DIES SUDDENLY

R. A. Murdock Passed Away
At Hotel Dieu Hospital,
Chatham.

January 25th.—Death came very suddenly yesterday morning shortly after four o'clock to Mr. Robert A. Murdock, one of the foremost and most highly respected citizens of Chatham and near by. His demise will be heard with the deepest regret not only on the Miramichi but all over the province. His death was all the greater shock as few were aware of his illness. He had been poorly for the past two weeks.

SHOT MOOSE WITH

64 INCH SPREAD

Honors of New Brunswick Hunting Season Fell to Philadelphia Man.

Federickton, N. B., Jan. 26.—While the complete official statistics for the big game hunting season of 1921 have not yet been completed and issued, there seems to be general agreement among those conversant with New Brunswick hunting matters that the honor of killing the moose with antlers having the record spread of the season goes to Lewis Hawkins, of Philadelphia, Pa.

The Philadelphia man seems to have beaten out all visiting sportsmen, as well as the resident hunters, when he killed a bull moose in October while hunting in the territory of Guide Charles Crenin of Fredericton. This is located on the Nesipiguit headwaters, in the northern part of the province, and the season's record moose had antlers spreading 64 inches. While this was the record head for 1921, it was eight inches smaller than the biggest head ever taken out of the New Brunswick woods, for the records show that L. Russell, a resident hunter of the North Shore district of the province, killed a moose four years ago with antlers spreading an even six feet—72 inches. That the headwaters of the Nesipiguit is the territory the record heads come from is evident from the fact that this record-for-all-time moose was killed within a few miles of where Mr. Hawkins got his 1921 record trophy.

Non-Resident Record.

But that is not all. The record spread of antlers taken by a non-resident hunter in New Brunswick is 68½ inches, which was the measurement of a moose killed in 1907 by Dr. Moore, of Providence, R. I., and he got his in the same place; so did Dr. Stickney of Atlantic City, N. J., who killed a bull moose with antlers spreading 66 inches a few years ago, thus being a close second for the record of non-resident hunters in New Brunswick.

What a well-known guide like "Charlie" Crenin with a famed hunting territory means to the county can be learned from some of the statistics of his 1921 season. He employed 22 guides and camp helpers, cooks, etc., and they handled 66 sportsmen during the season, who shot more than a dozen moose—about one hunter in every four getting a moose with wide-spreading antlers. Those fifty odd sportsmen spent probably at least \$25,000 in New Brunswick in connection with their trips, while the railways gathered probably \$5,000 more from them for transportation to the hunting grounds and back home again. Discussing the business side of the sport the other day, Guide Crenin said that, taking advantage of the season in the early season, he had already shipped into his camp more than seven tons of supplies for his hunting and fishing parties of 1922, having for the first time completed this work before the coming of the new year.

NOVEL FISHING NETS.

Spiders' webs are used as fishing nets by the natives of a little village called Wale, in New Guinea. The spider is about the size of a small hazelnut, but its dark and hairy brown legs spread to about two inches. The web it spins is about six feet in diameter and its mesh is very strong. The natives set up long bamboo stents over into a loop at the end, and in a very short time the spider weaves a web on these frames so kindly left for him, and the Papuan has his net made "while he waits." The mesh at the outside of the web is about one inch square, and gets smaller until near the centre it is only perhaps, one-eighth of an inch.

and even those anticipated no immediate effects. One of Mr. Murdock's sons, Fr. Bonnie Murdock of Douglasville, has been sick in the hospital here, suffering from a cold, and Mr. Murdock went to the hospital to see him. Scarcely had he arrived in the building when he suffered a severe turn and dropped to the floor. Assistance was at hand, but in a minute or two the sick man breathed his last, expiring with startling suddenness. His sudden end was a great shock to all and the sad news spread throughout the town very quickly.

Mr. Murdock was 23 years of age and is survived by his wife two sons, Rev. Dennis of Douglasville, Robert and four daughters, Dorothy (Miss Rogers) and Frances (Miss Allen) of the community of St. Joseph, Mrs. W. A. Collier of Montreal and Lillian, teaching at Nelson. There also survive two brothers, Rev. E. S. Murdock of Renou, and Alexander Murdock of Loggieville, also one sister, Mrs. Margaret Harman of Loggieville.

SHIP'S MASCOT

EATE THE ARTICLES

Boat Couldn't Dock Because Goat Had Raided Captain's Quarters.

(From the Vancouver Sun.)
Ships have come into this port at various times and reported loss of cargo, both wet and dry, but no boat ever docked here before and had its captain report that owing to the fact that the ship's mascot had eaten the ship's articles, the boat could not properly be entered at the customs until the United States consul made new articles.

This was the plight of the steamer Stanley Dollar in port from San Francisco, and Captain McClements was forced to admit that the ship's goat, "Cappy Ricks," had entered his office and devoured the articles and even started on the ship's register.

"Sparks" from the wireless room saw Cappy tacking along the deck and finally disappeared in the skipper's quarters. Following along later he saw Cappy with both forefeet against the side of the desk and the ship's articles slowly disappearing. Sparks got a half Nelson on Cappy and pinned him to the mat while he extracted a end of pulp and a few strings which represented all that was left of the ship's articles.

Cappy seemed pleased with the adventure as with us contraband cargo he cavorted down the deck looking for more crime.

Captain McClements claims that he always keeps an empty barrel aboard in case "Cappy" gets away with the crew's uniforms.

STILL BEHIND THE

RECORD OF EMPRESS

Seattle, Jan. 31.—The shipping board liner Pine Tree State established a new U. S. record for the trans-Pacific crossing when she arrived at Williamshead, near Victoria, B. C., yesterday, eight days, nineteen hours and thirty minutes out from Yokohama. This is within one hour and one minute of the international record established by the Canadian steamer Empress of Russia in 1904.

Naming the Montclare

(At the Naming Ceremony of the New Canadian Pacific Steamer "Montclare" by Lady McLaren Brown
From left to right: Sir Thomas Fisher, Sir Charles Ellis, Lady McLaren Brown, Lady Gracies, Sir George McLaren Brown, Mr. Kenneth Mackenzie, Sir Thomas Bell and Captain Morris.

WHY SHIPS AS "SHE"?
Inspecting the "model" room before the luncheon, Lady Brown remarked how strange it was that since first they sailed the main ships had always been spoken of as "she." "I suppose," she added, "they made her a woman because they found out that, loved and humoured, she is an angel, but driven—well, she isn't." She thought it was Kipling who said that ships were like women in that they had many secret hopes and dreams. However that might be, her ladyship trusted that the good ship "Montclare," the new C. P. R. Liner, would prove to be what all women hoped and dreamt of—the beautiful, the strong, and the true.

One of the rarest speeches ever heard at a Clyde launch was that by Lady McLaren at Messrs. Brown's Yard, December 16. While the new Canadian Pacific liner was not put into the water, her Ladyship christened the vessel, and as a souvenir she received a beautiful brooch which the recipient declared would give a fresh lease of life to her dress and party, travelled from London to Liverpool for the launch.

The new Canadian Pacific Steamer "Montclare," 16,900 tons, as she appeared before launching at the Yards of Messrs. John Brown & Co., Clydebank, Scotland. The speaker was the wife of Sir Lady Brown, a Canadian, was both eloquent and witty and she was warmly congratulated on her contribution to the post-prandial oratory.

When in St. John stop at the LA TEUR HOTEL overlooking King's Square. 60 rooms, 20 with private bath. Garage in connection.

Coasting as a winter sport delights the youngster; what wholesome fun it is! How easy for us, however, to start sliding down hill again, in not to wholesome fashion.

With nerves and digestion out of order, the descent toward permanent ill-health is rapid. Pull up now, take a bottle of

HAWKER'S NERVE

—AND—

STOMACH TONIC

We have the following from W. McLeod, Fredericton, N.B.:
"I have used Hawker's Nerve and Stomach Tonic in my family for five years, and consider it just as good as a blood builder and appetizer. It was especially beneficial to my children after an attack of fever."

Social and Personal

Mrs. S. W. Dimock and Mrs. Scott Moffat were hostesses at a large and fashionable "At Home" on Thursday last. The drawing room was beautifully decorated with red roses, while in the dining room the handsome appointed table was centered with carnations and was presided over by Mrs. Thos. Wray. Mrs. J. W. Morton cut the ice, assisting in serving were Misses Dorothy Duncan, Grace Savage and Irene Murray. Miss Margaret Moffat replenished. Mrs. George McKenzie and Miss Nita McDonald ushered and Misses Edith Wray and Lela Lingley attended the door. During the afternoon Miss Greta Mettler entertained the guests with several piano selections.

Mrs. G. C. Woodward entertained at an enjoyable bridge of three tables on Tuesday evening. Those present were Mrs. D. A. Stewart, Mrs. Evans, Mrs. Richards, Mrs. Lapan, Mrs. Morton, Mrs. G. G. McKenzie, Mrs. Dimock, Mrs. Harding, Mrs. Max Moore, Mrs. Allen McKee, Mrs. F. E. Shephard and Mrs. Lingley.

Miss Ina Currie, nurse in training at the Montreal General Hospital left on Monday evening to resume her duties after spending a pleasant vacation at her home here.

Mr. George Sirois who has been employed with the Provincial Bank for some time past left this week for St. Anselme, P. Q., where he has been transferred.

Mr. and Mrs. Cluny Cook of River Charles were in town on Tuesday of this week.

Mr. Ian Hamilton was in town on Monday of this week.

Miss Ina Gillis, Flatlands, left this week for Springfield, Mass. where she will be the guest of Dr. and Mrs. MacAlister for the remainder of the winter months.

Mrs. J. N. McKenzie of Black Lands was in town this week the guest of Mrs. Robert Miller.

Dr. L. G. and Mrs. Pinault arrived home Tuesday night from Paris. They had a most stormy passage and the steamer was several days late.

Miss Nellie LeTourneau who has been in Montreal for the past few months is the guest of her parents Mr. and Mrs. John LeTourneau.

Mrs. George McKenzie entertained at another delightful tea on Saturday afternoon. Assisting with refreshments were Mrs. Hugh Carr and Miss George McDonald.

Mrs. G. C. Woodward entertained a number of her friends at an enjoyable party on Wednesday evening.

Those present were: Mrs. Donald McLean, Mrs. Wm. Millican, Mrs. N. C. McKay, Mrs. Fred McKee, Mrs. Thos. Matheson, Mrs. Frank Blackhall, Mrs. D. Firth, Miss Ferris, Mrs. Napier, Mrs. Titus, Mrs. Davidson and Mrs. Martin.

CAMPBELLTON WINS AGAIN

Continued from page 1). Thomas contributed his usual strong support on left wing. Sharpe at centre played his best game of the season and scored three times in as many minutes in the last period. Murray showed up well in goal.

Bathurst has a mighty good youngster in Lavigne who made several spectacular stops. Schryer, McManus and McLean were the outstanding stars for the visitors.

The line-up was as follows:—
Campbellton: Murray, Goal; Mott, Defence; McLean, Centre; Matthews, R. Wing; Thomas, L. Wing; McManus, Spares; Mowat, Hachey; Wilkins, LeCoffe; Laviolette, DeFolfe.
Referee—Murray.

RABBIT-PEST REMOVED

The removal of the rabbit-pest in Australia has been particularly complete. On one occasion of his recent visit "Down Under" the Prince of Wales saw wire fencing, extending in some cases in unbroken stretches for thousands of miles, which is at once so high and so deeply embedded in the ground that rabbits can neither burrow beneath nor climb over it. Once a paddock, fenced in this way, has been cleared, it remains permanently free. The principal measures for clearing are the systematic ploughing of every furrow, which effectually stops the burrows, and thereafter the driving by dogs and horsemen of such rabbits as are above ground to the fence, where covered pits, led up to by long converging lines of wire netting, have been prepared in advance. The rabbits follow one another through the entrances into these pits, thousands being sometimes captured in one night on a single run. The operation has only to be repeated, in one paddock after another, to free an estate completely. The value of the rabbits and their fur covers most of the cost involved. One may meet gigantic crates on wheels, each drawn by a dozen horses and sometimes containing twenty thousand rabbits, en route to factories where the skins are cured and the flesh prepared for export. By these means many runs have been completely cleared, while others are being similarly dealt with.

Try a lunch at the "Kosey Kafé" after rink.

Mr. Albert Payne of Moncton, formerly of Campbellton was in town last week.

Friends of Mr. John Connors, Ferguson Manor, will be pleased to hear that he is home from the hospital and is able to be about again.

MASS MEETING ON SUNDAY

Mr. Taylor Statton of Toronto Spoke on Boys' Work Matters.

Last Sunday afternoon Mr. Taylor Statton of Toronto, Dominion Secretary of the Boys' Work Board addressed a mass meeting of men and boys at the Methodist Church here. A good representation of C. S. E. T. boys were present together with their leaders. Only about a dozen men, however, outside of leaders and clergyman attended.

Mr. Statton, who has been affiliated in various capacities with the Y. M. C. A. for several years, has won merited promotion in this class of educational work and has acquired an intimate and extensive knowledge of boys' work in all its various departments.

Mr. Statton's address which might be entitled "Ideals for the Canadian teen-age boy," was forceful and inspiring as well as most instructive. He held up before the mental vision of his audience the boy of from fourteen to eighteen years of age and logically prove the impetuous need of proper training at this vital period of the boy's life—the period when the boys' character structure is flexible and readily susceptible to the constant impressions of environment and training and the time when his youthful mind is open to suggestions both good and evil.

The speaker painted a realistic word-picture in vivid colors of the ideal young man at the attainment of his majority and narrated in detail ideas for the methodical training necessary to produce this admirable type of manhood from the raw material of the teen-age boy.

The fact that the boys who are connected with the C. S. E. T. appreciate what their leaders are doing and endeavoring to do in their behalf was manifested by the profound interest they showed throughout the Sunday meeting and by their hearty approval of and readiness to support, advocated by and embodied in the programme of the C. S. E. T.

It was Mr. Statton's first visit in Campbellton although he had passed through here on various trips in connection with his work.

The Rev. Mr. Boothroy entertained Mr. Statton and the leaders very pleasantly on Sunday evening. Mr. Statton left on Monday's Limited for Moncton and other points where boys' organizations call for his co-operation.
