## W. M. S. HOLDS ITS ANNUAL MEETING

Many Delegates Attend Sessions  
At Bathurst—Officers Elect-  
ed For Ensuing Year.

The 25th Annual Meeting of the  
Miramichi Presbytery of the Wom-  
an's Missionary Society convened in  
St. Luke's Church, Bathurst, on June  
23rd and 24th.

The Committee on Credentials re-  
ported 5 Ministers, 56 Delegates, 10  
Officers and 2 visitors present.

A public meeting was held on Tues-  
day evening when Rev. A. D. Arch-  
field presided, having charge of devo-  
tional services, assisted by Rev. H.  
Rice.

The President, Mrs. J. H. A. Ander-  
son gave a splendid paper telling us it  
was just 100 years since our first mis-  
sionary society was formed in Canada  
in the Province of P. E. I. The Pres-  
ident's address was retrospective and  
introspective, giving us a clear view  
of the work, the dominant note of  
which was more workers for mis-  
sionary service. A choice selection  
was then given by the choir.

The solo parts being taken by Mr. H.  
Henderson most acceptably. Rev.  
J. C. Mortimer followed with an ad-  
dress on Home Missions, giving a  
comprehensive explanation of the  
meaning of the Kingdom of God and  
making a strong appeal for the set-  
ting up the family altar in our  
homes. The business session opened  
on Wednesday morning the Presi-  
dent presiding. The devotional ser-  
vice was led by Jacques River Aux-  
iliary. The Secretary, Mrs. O. Nichol-  
son reported No. of Auxiliaries, 40;  
number of members 880; number of  
members added 56; number of life  
members 201. Boxes sent to  
Missionfields 15; Thank offerings 25;  
Copies of Message 579.

The Treasurer, Miss Cameron reported money  
received for foreign missions \$4298.  
59, Home Missions \$1699.06, Board  
Expense fund \$74.85, total \$5907.50.

Mrs. MacNair, Mrs. L. H. Mac-  
Lean, Mrs. MacKinnon, Mrs. Fair  
and Miss Harvey were then appoint-  
ed a nominating committee.

Mrs. MacKinnon presented an ad-  
dress of welcome and greetings, which  
also received from sister societies of  
Trinity United Church of Canada  
and the Baptist Church to which  
Mrs. W. F. Copp responded. These  
expressions of welcome were much  
appreciated and made us feel as  
though we were one large army,  
working under different Captains.

The Home Mission Secretary report-  
ed \$1297.24 had been received by her  
from Auxiliaries for Home Missions,  
20 having reported an increase in  
giving for the year.

A splendid paper on the Church  
written by Mrs. J. K. MacKenzie was  
read in which she clearly showed the  
great benefits derived by being an ac-  
tive working member of your Church.

The impressions of the Wolfville  
Conference were given by Miss Glad-  
ys MacNaughton who had attended this  
Conference and showed the value  
of sending our young people there  
to gain a wider knowledge of the  
mission work.

The devotional services of the afternoon session were  
led by Black River Auxiliary, this  
was followed by a Conference on  
Foreign Mission Work by Campbell-  
ton Auxiliary led by Mrs. Bruce and  
proved most interesting. The speaker  
took us in imagination to all our  
Foreign fields and showed us the very  
urgent need of more workers and  
how the cutting of grants had cri-  
pled the mission work. The Secre-  
tary of Young People's work report-  
ed 21 active Mission Bands, 3 C.G.I.T.  
Groups and 5 Young People's Soci-  
eties with a total of 582 in our Pres-  
bytery. One of the most interest-  
ing addresses listened to was that on  
C. G. I. T. and Missions, given by  
Mrs. M. B. MacDonald in which she  
clearly showed that the four-fold life  
programme of the C. G. I. T. did not  
seem to lessen their interest in mis-  
sion band work but rather made of  
them glorified mission band workers.

So wonderfully interesting was  
this splendid address that it was re-  
solved to have it printed in the Mes-  
sage.

Another excellent address, "Work  
in Mission Bands" was given by Mrs.  
Gough in which she gave some splen-  
did ideas for holding the interest of  
very young people. It was also re-  
solved to have this splendid address  
forwarded to Mrs. Dalgleish for pub-  
lication in the Message. The follow-  
ing report which was read and  
accepted.

From President Miss Archfield:  
Trinity, Missionary in England.  
1st. V. Pres. Mrs. J. H. A. Ander-  
son, Bathurst.

2nd. V. Pres. Mrs. L. H. MacLean,  
Bathurst.

3rd. V. Pres. Mrs. E. B. Harrison,  
Bathurst.

4th. V. Pres. Mrs. M. B. MacKinnon,  
Bathurst.

5th. V. Pres. Mrs. A. B. Carson,  
Bathurst.

Secretary, Mrs. O. Nicholson, New-  
castle.

## HOTEL CONDITIONS ARE GOOD HERE

County Representative of New  
Brunswick Tourist and Re-  
sources Association Here  
Last Week.

Dalhousie, N. B., June 24.—On Mon-  
day evening C. H. LaBillette returned  
home from Campbellton, where he  
completed his inspection of hotels, in  
view of the approaching annual meet-  
ing of "The New Brunswick Tourist  
and Resources Association," which ac-  
cording to report will take place in the  
city of Saint John, about the middle  
of July.

In view of the prospects of a large  
tourist trade coming from the United  
States and from our own province,  
when the Matapedia Valley Highway  
is put in good condition, and espe-  
cially when the Town of Campbellton  
will be connected with the Towns of  
St. Leonard, Edmundston and Van Buren  
by a complete automobile highway,  
conditions in Campbellton, which is  
virtually the Gate-way to the North  
Shore of New Brunswick and to the  
Bay Chaleur and Gaspe summer re-  
sorts, were found most encouraging  
by Mr. LaBillette, who will represent  
the County of Restigouche at the  
Tourist annual meeting. In the first  
place the Chateau Restigouche fills  
the want, needed ever since the tourist  
question engaged the attention of our  
public men, who have at heart the de-  
velopment of our natural resources  
for the comfort of the present gener-  
ation and for those who are to take our  
places. He found the Chateau Rest-  
igouche complete in every way. He  
pays a high compliment to the pro-  
gressive and patriotic men, who in-  
vested their capital in such a large  
enterprise, which according to the  
pamphlet "The Gaspe Vacationland,  
Where the Tourist's Dreams Come  
True," has cost \$175,000. It contains  
seventy-one rooms, all with running  
water hot and cold, and thirty rooms  
with baths. Large private parlors,  
spacious and well lighted dining  
rooms, etc.

A visit to the "St. Louis Hotel" is  
also encouraging. Ever since the re-  
cent fire which damaged the hotel,  
great repairs have been made and this  
second large hotel in Campbellton, is  
a great credit to the proprietor. It  
is a bright home for tourist or com-  
mercial men.

The Florence and the Brunswick  
Hotels which are well located, and  
well conducted place Campbellton at  
the head of the list of Maritime Pro-  
vince Towns for Tourist, Commercial  
and local trade.

## REV. DR. CAMP TO TAKE VACATION

Rev. W. W. McNair Will Minis-  
ter To Both Baptist And  
United Church Congregations  
During July.

Rev. Dr. W. Camp left on Wednes-  
day to attend the Eastern Association  
which meets in Lewisville, Westmore-  
land Co., N. B. After the Association  
meetings Dr. Camp plans to visit his  
Aunt, Miss Marie Camp who lives in  
Cumberland Bay, Grand Lake. After-  
wards he will visit his old home in  
Jemseg and later St. John. In all he  
will be gone about three weeks.

During his absence the Baptist con-  
gregation and that of St. Andrews  
United Church will worship together.  
The morning service in the Baptist  
Church and the evening in the United  
Church. Rev. W. W. McNair will  
minister to these congregations dur-  
ing July.

## BATHIST GIRL ENTERTAINS IN DEBOUT

## NEAR TRAGEDY AT THE WATERFRONT

Clem Vicks, 10 Year Old Had  
Narrow Escape From Drown-  
ing Last Week.

An accident which nearly cost the  
youthful victim his life occurred on  
Thursday afternoon last when Clem  
Vicks, the ten-year-old son of Mr. and  
Mrs. Clement Vicks fell off the ferry  
slip at the ferry wharf here. When  
just outside the ferry-slip here. When  
it was discovered that the young chap  
could not swim a boat was got out and  
the little fellow rescued with a boat-  
hook. His unconscious form was  
hurried to the warm kitchen of the  
Florence Hotel and after working over  
him for sometime, Dr. MacPherson  
who was notified by telephone, suc-  
ceeded in reviving him. It was  
said by witnesses of the accident that  
young Vicks was in the water for at  
least six minutes and his escape from  
death is considered somewhat miracu-  
lous.

## DEDICATION OF MISSION CHURCH

Great Gathering of People From  
Bay Chaleur District At-  
tend Impressive Cer-  
emonies.

Sunday was a memorable day at  
Mission Point when the Solemn Ded-  
ication of the Roman Catholic Church  
took place before a large gather-  
ing of people from all parts of the  
Bay Chaleur district.

The Procession and Solemn High  
Mass of the Dedication was held at  
9.30 a. m. Rev. Father J. Levesque of  
Val d'Amour preached the sermon in  
French. After Mass, the Misses  
speaker, John Sark, in full Indian cos-  
tume, addressed the congregation. At  
2 o'clock in the afternoon the Solemn  
Blessing of the new Stations of the  
Cross took place with a short instruc-  
tion in English at each station.

No meals were served in St. Anne's  
Hall on Sunday but pilgrims and visi-  
tors had free access to the hall and  
received free souvenirs and religious  
articles. A special train was run  
from New Carlisle to Mission Siding  
and a large number of pilgrims and  
visitors availed themselves of the op-  
portunity to attend the impressive  
ceremonies. Many visitors from  
Campbellton and vicinity were also  
present for the occasion.

## ANNUAL CELEBRATION IN THE ORANGEMEN OF NEW CARLISLE

L. O. L. No. 2095 intend holding their  
annual celebration in New Carlisle on

## NEW OIL COMPANY IS FORMED HERE

To Sell Petroleum Products of  
All Kinds—Offer Prize For  
Suitable Firm Name.

In the organization of a new oil  
company which is to be established  
here a business deal of considerable  
interest has just been completed. This  
new firm which has been organized by  
the Millican Brothers of Campbellton,  
will carry on a wholesale business in  
petroleum products of all kinds and  
will be ready for business about the  
25th of July.

The office, warehouse and storage  
tanks of the new firm will be located  
on Ramsey Street near the old grist  
mill where the proximity of the rail-  
way line will facilitate the shipping of  
the company's products. This firm,  
which will sell 100% Pure Petroleum  
products, will handle motor and mill  
oils of all kinds and gasoline. Their  
products will be marketed under the  
registered name of Radio Brand Oils.

Offer Prize  
A suitable firm name for the newly  
formed company has not yet been de-  
cided on and the officials are offering  
a prize of \$10.00 in gold to the person  
who submits the name which wins the  
favor of the judges. Competition in  
this "Name Contest" is open to all  
subscribers of the Graphic and all  
those wishing to compete should for-  
ward their suggestion of a suitable  
firm name without delay. The officials  
of the Company shall decide the  
winner. All suggestions should be  
addressed to "Name Contest Editor"  
care of the Graphic, Campbellton, N.B.

## AMALGAMATION OF C.P.R. AND C.N.R.

Wall Street Journal Declares  
Proposal Will If Accepted Re-  
present a Great Reversal of  
Public Sentiment in Canada.

New York, June 22. The Wall Street  
Journal says today that the recent Can-  
adian Government committee report  
recommending amalgamation of the  
Canadian Pacific and the Canadian  
National Railways:

"If accepted this proposal would  
represent an even greater reversal of  
public sentiment in Canada during  
the past twenty years than has taken  
place in the United States. We still  
demand, by statute, that railroad con-  
solidation shall preserve competition,  
at any rate, 'as fully as possible.' The  
committee is evidently willing to  
abandon all idea of competition and  
accept in lieu thereof regulation by  
the Board of Railway Commissioners.

The committee proposes that the  
Canadian National be placed under  
control to accord with present  
carrying power—in other words that  
the loss incurred in the effort to put  
two competitors in the same field  
against the Canadian Pacific be  
written off the nation's books. With  
the dominion guaranty of much of  
the debt in the hands of the public  
this re-adjustment might necessitate  
some refunding but the suggestion is  
in line with sound finance. It means  
that the proposal is not, or at least  
not yet, one to use the Canadian Pacific  
as an expensive tomb in which to  
bury the nation's deficits out of the  
taxpayers' sight."

## MET WITH PAINFUL ACCIDENT AT GOVERNMENT WHARF

Charles Metteson, engaged as  
foreman by Andrew Berberis, stove  
down here, narrowly escaped serious  
injuries on Saturday morning when  
while in the discharge of his duties, at  
the Government Wharf, he received a  
severe wound in the head. Mr. Met-  
teson was superintending the load-  
ing of a steamer at the time and was  
caught by a guy rope and thrown  
from the deck to the scow below, a  
distance of nearly 20 feet. The un-  
fortunate man was rendered uncon-  
scious. Dr. German was immediately  
called and dressed the injury, seven  
stitches being required to close the  
wound. The unfortunate man is re-  
covering favorably.

## TREASURE-LADEN STEAMER LOCATED

Sunken Vessel With Four Mil-  
lion Dollars in Gold and Silver  
Bullion Found by Diver.

New York, July, 1.—The two traw-  
lers from Foam and Spray, which  
slipped out of New York harbor three  
weeks ago on a \$4,000,000 treasure  
hunt backed by a group of wealthy  
sportsmen have accomplished the first  
part of their mission, it was announ-  
ced yesterday. A diver sent down  
from one of them has located the  
treasure ship Meridia. The next step  
will be to cut through the iron walls  
of the stone-room and bring up nearly  
thirty tons of gold and silver bullion.

Fourteen years ago the Ward liner  
Meridia sailed from Mexico for New  
York. On board was \$4,000,000 worth  
of treasure which had been smuggled  
out of Mexico by the adherents of  
Madero and Diaz. When the ship was  
off Cape Charles, Virginia, it was  
rammed and sunk by the Admiral  
Farragut. It rests on the bottom at  
a depth of thirty-five fathoms. Since  
then it has been the goal of treasure  
hunters.

## WEDDINGS

DEWAR-SULLIVAN  
The home of Mr. and Mrs. David  
Sullivan was the scene of a very pre-  
ttyp wedding on Wednesday morning  
when their daughter, Marguerite Mar-  
ried in a dress of white satin with  
white roses and maiden hair fern.  
They were attended by Miss Lillian  
Murray and Mr. Leslie Dewar.

The happy couple left on the Ocean  
Limited for Charlottetown and on their  
return will reside in Campbellton  
where they have the best wishes of a  
host of friends for a happy wedded  
life.

The brides travelling suit was of  
navy blue serge with hat and shoes to  
correspond.

A quiet wedding took place at the  
home of Mr. and Mrs. Mason E. Betts  
on Friday evening, June 26th, 9 p. m.,  
when Miss Gertrude Adelaide Lodge  
of Runnymede, Que. sister of Mrs.  
Betts was united in marriage to  
Alfred T. Betts of Doaktown, N. B.  
by Dr. Wellington Camp of Camp-  
bellton, in the presence of a few  
immediate friends.

After the ceremony a dainty lunch  
was served in the dining room which  
was tastefully decorated with  
flowers for the occasion.

The happy couple left on the Ocean  
Limited for their home in Doaktown  
amid the best wishes of a host of  
friends.

## AN UNUSUAL BIRTHDAY PARTY

A somewhat unusual and very en-  
joyable function was held in Dundee,  
Restigouche Co. on Monday, June  
22nd, when Mr. and Mrs. Narcisse  
Therault, who were both born on the  
same day, June 22nd, 1874, celebrated  
their 51 years of age, and at the same  
time their 31 years of marriage. Their  
children and many friends met at their  
home in the evening, and a very en-  
joyable time was spent. A very ap-  
propriate address was read to them  
by their daughter, Marie Blanche, Mrs.  
Arthur Lepine, of Dalhousie, which  
was accompanied by several gifts. A  
poor was presented by Mrs. Mar-  
Louise Melanfant, of Richfordville, a  
friend of the family on behalf of re-  
latives and friends.

Dainty refreshments were served,  
and Mr. and Mrs. Therault were  
shown with good wishes of all  
present.

Mrs. Therault was formerly Miss  
Melina Parant, of St. John Evange-  
liste, Nouvelle, Bonaventure Co. P.

## CLOSING EXERCISES LARGELY ATTENDED

Fine Program For The Occasion  
—Presentation of The  
Various Prizes.

A fine programme of pleasing  
variety made the Closing Exercises of  
the Campbellton High School, which  
were held in the Assembly Hall of the  
Grammar School on Monday evening,  
a most pleasant occasion. A large  
number of visitors attended and  
much interest was taken in the pre-  
sentation of the numerous prizes.

Mrs. Sharpe's Orchestra opened the  
programme with a well-played march  
after which Mr. M. A. Kelly, Chair-  
man of the School Board briefly ad-  
dressed the gathering. The Rev. A.

## HORSE RACES HERE TONIGHT

Postponed Yesterday Owing To  
Wet Track—Several Fast  
Horses Here For The  
Event.

Owing to rainy weather Dominion  
Day was something of a failure as a  
holiday on the North Shore. Many  
well-planned excursions to the country  
had to be called off and the baseball  
games set for yesterday afternoon  
were postponed. The horse races on  
the Campbellton Speedway were also  
called off for the same reason. These  
however, will be held this evening at  
6.45 and as several fast horses are  
entered for the event a large attend-  
ance is anticipated.

There will be two regular classes;  
the Free-For-All and 2.30 Class. In  
addition to these there will also be  
a Running Race.

## CONVENTION HELD AT EDMUNDSTON

Hon. J. E. Michaud and Dr. L. J.  
Violette Chosen—Grand  
Falls Tenders.

Edmundston, N. B., June 30.—  
Premier Veniot, who is here attend-  
ing the Government-Party's conven-  
tion this afternoon when Hon. J. E.  
Michaud, of Edmundston, and Dr. L. J.  
Violette, of St. Leonard, were chosen  
as the Government candidates in Mad-  
awaska County, announced that the  
tenders for the first work in connection  
with the development of Grand  
Falls would be called, in all proba-  
bility, this week.

He stated that it is expected the  
first step towards reorganization of  
the New Brunswick Electric Power  
Commission will take place at the  
Government meeting which is to open  
at Fredericton on Wednesday. It is  
likely that the reorganization com-  
mission will at once issue the call for  
tenders for the initial development  
work. The changes in the Provincial  
Cabinet may also be announced at the  
same meeting. The promotion of  
Hon. J. E. Michaud to a portfolio as  
the Acadia minister, when the Pre-  
mier gives up the portfolio of Minister  
of Public Works, is being strongly  
urged. It is contended that Hon. Mr.  
Michaud's good work in connection  
with negotiations for the develop-  
ment of the entire unit is to be pre-  
ferred.

The convention to-day was one of  
the largest political gatherings ever  
held here. The nominating proceed-  
ings were held at the Casino Theatre  
where Dr. P. H. Lapointe presided.  
Hon. Mr. Michaud and Dr. Violette  
were unanimously chosen as candi-  
dates. Because of the vast crowds  
an adjournment was made to the  
Court House, where speeches by Pre-  
mier Veniot, Hon. Mr. Michaud, Dr.  
Violette and others were made in the  
open air.

### A BETTER OUTLOOK

The Dominion Government has decided to introduce legislation giving federal aid in the establishment of coke plants. An Ottawa despatch to this newspaper yesterday said that the first place to take advantage of this legislation would probably be St. John. This is a matter which should not be left wholly to individual initiative. The Board of Trade and City Council will no doubt interest themselves in the matter. It is important that the industry should be established here under favorable and satisfactory conditions, to ensure its successful and continuous operation. We may be sure other cities will be active in the matter, and Saint John should not be the last to act. If a coke plant can be established here, following the packing plant and the new canning industry, the industrial outlook for the city will be much improved. A good beginning has been made in recent months in the very necessary task of arousing local interest in local enterprises, and the accomplishments of this year in that direction will no doubt be such as to inspire the citizens with a new confidence. If an enlarged West Indian trade should be the outcome of the Ottawa conference, that also would help Saint John, and there is still hope that there may be some improvement in winter port business this year. The difficulties that lie in the way of a marked revival of enterprise are great, especially because of the condition of the lumber industry, which has meant so much to this province. If our people, however, become aroused to a sense of the need of doing all that is possible for themselves along lines of industrial development, such as will not come into too sharp competition with the industrial interests of the Central Provinces, there is much that may be done to improve the situation. Confidence and determination are the factors essential to the solution of our problems.

### TEACHERS FOR THE WEST

There is in Great Britain an organization known as the "Fellowship of the Maple Leaf." Its purpose is to send out well-trained Christian teachers to the Prairie schools in Canada. At a recent meeting, at which the Bishop of Norwich presided, the Bishop of Saskatchewan, who formerly lived in Saint John and is known here, emphasized the importance of a larger immigration of British people to the Prairie Provinces to prevent the danger of those provinces becoming alienated from Canada and the Empire. The speaker, the Dean of St. Paul's, declared that Imperial migration, filling up with our own race the empty places of the Empire, was a matter of supreme importance; and, since there is over-population and unemployment in the Old Country, every energy should be used to persuade young people to take advantage of opportunities offered them in the Dominion. The movement to secure school teachers in the Old

Country naturally suggests the question why such teachers are not obtainable in Canada. Perhaps if the Prairie Provinces made an effort to secure them in other parts of the young people who are now drifting to retaining in Canada many clever Dominion it might have the effect of the United States. Obviously, they would know more about Canada, and be more strongly imbued with the Canadian spirit, than even the best class of teachers from the Old Country. If teachers are wanted in numbers, and of course they will be if immigration increases, the matter of securing teachers from other parts of Canada, thus keeping them in their own country, ought to be worthy of the attention of the educational authorities in the Prairie Provinces.

### NOTE AND COMMENT

Bliss Carmen and Charles G. D. Roberts will be at the Muskoka Assembly this summer in connection with the Canadian Chautauqua program, and, as the London Free Press observes, will give a decided literary flavor to the Muskoka resort.

The arrival of Earl Haig in Canada affords the people of this country an opportunity to manifest the very high regard in which the great soldier is held in the Dominion. That the welcome everywhere tendered him will be worthy of the man and of Canada goes without saying.

Councillor John E. McAuley announces that he will be an Independent Opposition candidate in Kings County in the Provincial elections. Councillor McAuley feels that he has not been treated with due consideration by the Opposition Party leaders in his county, and criticizes what he calls "the party machine." His announcement lends additional interest to the campaign in Kings.

Reports from Western Canada regarding the crops continue to be of the most satisfactory and optimistic nature. The grain is showing rapid and healthy growth, and the prospects for a large crop are excellent.

## ANOTHER BIG FEATURE —ON THE— CHAUTAUQUA PROGRAM

Laura Werno

Andrew Visocchi

Mr. Andrew Visocchi, who is to appear here on the coming Chautauqua program, is a master of the concert-accompaniment and his work will prove a revelation to many who have never heard the raptures and endless possibilities of this wonderful instrument in such capable hands.

Mr. Visocchi's instrument is made especially for his use. It has a total of one hundred and sixty-five keys. He first learned to play the accordion when twelve years old. Since that time he has played in most of the musical centres of the world. His repertoire is practically inexhaustible. Starting with a melody of grand opera, he carries you through patriotic, sacred, popular numbers, southern melodies, folk songs, running the gamut of musical interpretation.

Mr. Visocchi will give two concerts on the second day of the Chautauqua program. Some press comments on Mr. Visocchi's work are given below.

Mr. Clarence Paul Jones from Saguenay Co. Que., is in Douglstown to spend a few weeks with his parents Mr. and Mrs. Ambrose Paul.

The closing exercises of the Convent school here took place on Thursday, June 25th. The presentation of prizes proved to be a great interest to the pupils and something that seemed to be an incentive for them to work hard. The pleasure that the recipients of the prizes evinced more than repaid the donors.

Messrs. Richard and Aaron Walsh are building themselves fine homes in the west end of this village.

A three masted schooner from Nova Scotia with a cargo of coal for the Sheppard and Morse Lumber Co. of L'Anse aux Cousins passed in our harbour last week enroute to that place.

Mr. Albert Flynn of Percé was visiting his relatives here on Sunday.

On Sunday evening, June the 21st, the Hoberlin family organized a wonderful "bon fire" on Seal Cove beach. The locality selected for the gathering was grand and the environment was really picturesque. A large number of people from the surroundings attended the nocturnal festival. Among those present were Mr. and Mrs. Charles Dredy, Miss Marie Kennedy, Miss Eugénie D'Amour, Mr. Horace Gaul, and Mr. Thomas Morris.

Reverend Father Meneghan delivered several good old Irish speeches very suitable to the occasion. Mr. and Mrs. Hoberlin and Mr. Bell seated around the blazing fire rendered each in turn wonderful chorus. The crowd was also very thankful to Mr. Marianne Briand for his grand music on the violin.

Mr. Horace Hull being called upon to sing, although absolutely unprepared, rendered a most beautiful chorus in his usual perfect way. The few words which were the most exciting part of the program, were reserved till the last and although the atmosphere was not altogether clear they nevertheless proved very successful. The entertainment from the beginning to the end was a success.

### St. Octave de Metis

Mr. and Mrs. J. B. Dechenne of St. Metis, and Mr. and Mrs. Joseph Hudon, last week.

Mr. and Mrs. A. Gazez, of St. Metis, were in town last week visiting friends.

Mr. Alfred Lavoie, of River du Loup was a business visitor to town Tuesday.

Mr. J. E. Morissette, who spent a few days at Capusapud the guest of his sister, has returned home.

Miss M. A. Fournier of Mont-Joli has spent Tuesday the guest of her friend, Mrs. F. Bélisle and has returned.

"The work of Visocchi on the piano-accompaniment was that of a virtuoso and the only regret of the audience was that he did not favor it with several heavier numbers in the same class with Verdi's Rigoletto, so superbly done."

"Mr. Visocchi lived up to all expectations when he rendered his solo numbers upon the wonderful accordion. He played operas, marches and popular airs with equal dispatch. His repertoire was practically inexhaustible. His selections from Il Trovatore and Rigoletto were very fine and his marches with drum effects introduced, were stirring and snappy."

"His hands, the accordion seemingly had no limits."

With Mr. Visocchi on the same program is Miss Laura Werno, premier entertainer and reader. Her selections are varied to meet all types and ages in the audience. The combination of music and entertainment insures a pleasing afternoon.

Mr. J. Charles Bruneau of St. Moise was in town Wednesday, the guest of his mother-in-law, Mrs. Samuel Serevrie.

Mrs. Ulric Michel of St. Andre is visiting her daughter, Mrs. Alfred Pelletier.

Mr. Charles Page, of Grand Metis paid a flying visit to town last week.

Mrs. Albert Lavoie is visiting in Lac-au-Saumon.

Miss Blanche Cannel, of St. Donat was in St. Octave Monday visiting relatives.

Mr. Germain Vignola passed peacefully away at the home of his son Mr. G. Vignola, after an illness of two years. The late Mr. Vignola was in his 78th year, and leaves to mourn his loss his wife and three daughters.

The funeral took place Monday, June 22nd, and was largely attended. Much sympathy is felt for the bereaved family.

Messrs. Lorenzo Fortin, J. M. Louis Gagnon who have been attending the Rimouski College for the year, have returned to their homes.

Congratulations are being extended to Mr. and Mrs. Ludger Richard on the arrival of a girl, June 23rd.

Mr. Philias Levesque of Anquid and Mr. and Mrs. Amedee Paquet of Fall-River, Mass., are the guests of Mr. and Mrs. Joseph Levesque.

Mr. J. P. Guimond of Ste. Angèle is visiting her friend Miss Blanche Landry.

Mrs. Albert Lavoie and her daughter Gisele have returned from a pleasant visit to Lac-au-Saumon.

Mrs. Philias Cote of Quebec and her family are in town and will spend the summer at their cottage here.

Messrs. Jos. Martineau, Alph. Tanguay, and N. T. Hackett of Quebec were business visitors to St. Octave Monday.

Miss Rosie Fontaine who has been attending the Normal School, Rimouski, for the past year, has returned to her home.

The Open Forum  
Following the lecture, Mr. Chamberlayne will conduct an open forum for a frank discussion of the ideas arising from the lecture.

There will be many such questions, and you will find them answered them as well as suggest them. A few years ago, in a city in Utah, the interest was so keen that the great audience that filled the hall remained for more than an hour asking question after question.

This is a lecture that no man can afford to miss, even though it is held in the afternoon. You may not agree with its conclusions. Mr. Chamberlayne will tell you that the more you disagree the more successful he becomes. The more successful he becomes, the more successful he becomes. The more successful he becomes, the more successful he becomes. In any event you will think about it, and that

is the purpose of the lecture—to compel men and women to think. And that is something the average person does but seldom.

### CATERPILLARS HALT

A WESTERN TRAIN

Swarm on Track Near Lemberg, Saskatchewan and Train Stopped.

Regina, Sask., June 22.—Myriads of pest caterpillars swarming across the Canadian Railway track near Lemberg, Sask., halted traffic temporarily, when the drive-wheel of a freight train failed to function on the greasy rails.

The train made several futile attempts to plow through the mass, but without success. Efforts to brush the caterpillars from the tracks with brooms were also abandoned as fruitless, when the caterpillars numbering

millions continued to swarm across the rails.

The train which consisted of a locomotive and fifty empty box cars finally succeeded in backing up to Lemberg and discharging half the cars. Then tearing down the track at high speed, the train was able to add along the track and continue its journey.

Reports from the train crew state that practically all the trees in the district have been denuded of foliage and that the whole country presents a forlorn and blighted appearance.

### FIRST VOCATIONAL SCHOOL

The corner stone of the first school building in New Brunswick to be used exclusively for vocational education was laid at St. John last week by Dr. L. M. Curran, M. L. A., chairman of the St. John Board of School trustees.

The building will be the finest school structure in the Maritime Provinces. A choir of 200 school children directed by Prof. J. F. Browne sang appropriate patriotic songs, addresses were given by His Honor Lieutenant Governor W. F. Todd, Hon. Fred Magee, Chairman of the Provincial Board, and His Worship Mayor Potts.

When the motor cycle on which he and his son were riding was accidentally struck by an auto owned and driven by Constable George Ross, on Saturday, Gus Dugan of this town sustained a broken leg and received severe bruises about the body. The accident occurred at the Lily Lake road corner just below the bridge.

Mr. Ross evidently did not notice the motor cycle approaching until it was too late to avoid an accident. The motor cycle with its two occupants was thrown to the roadside by the impact. Constable Ross had the injured man removed to the Hotel Dieu Hospital where he was attended by Dr. L. G. Pinnit. Dugan's son escaped injury but the motor cycle was badly damaged.

### REVENUE BOATS ARE BUSY

The revenue cutters are again active this season, guarding the hundreds of miles of coast line along the Strait of Northumberland and Gulf of Saint Lawrence against the illegal landing of liquor cargoes. So persistent were these cutters in inspecting suspicious craft last fall that several vessels with liquor were unable to land their cargoes and were forced by the close of navigation to abandon their work for the winter. One of these vessels says the Halifax Chronicle, is owned in Kent County, N. B., and another is a Prince Edward Island craft. Both of them, with others, are again on the trade this summer.

### A TERRIBLE INJUSTICE

An old colored mammy, whose husband had just successfully sued for divorce, came slowly down the court-house steps talking to herself: "Dar ain't no justice in this 'ere world. Dat useless ol' husband of mine he done got a divorce. He got de house. He got de money. Got mah free chill'en, and dey ain't none of 'em his'n."

### A New Kind of Famine

A famine in New Testaments in a Christian country and how it was relieved, is reported by D. A. Davis, Y. M. C. A. Senior Secretary for Europe, in a letter concerning a recent trip to Latvia, the little republic on the shores of the Baltic.

Mr. Davis writes that when the work of the Y. M. C. A., which had been carried on for Russians in Germany, was closed out, many thousands of Russian New Testaments left in the storehouse were sent to Russian clergymen for distribution. He says: "The Archbishop of Riga told me with tears in his eyes that, except on Easter day, he had never seen such crowds of people pour into the Church as came to receive from his hand a copy of the New Testament. Mothers crowded and lifted up their children that the children might, with their own hands, receive a copy of this rare and sacred book. He said that in some towns, even of 30,000 people, a copy of the New Testament could not be secured at any price, and that even those copies which could be secured in Riga, the capital of the country, cost so much that it was impossible for the poor people to buy them. Many families, who for years have longed for a testament, have finally had their great desire satisfied."

### A PROPHECY COMES TRUE

No more striking or truly prophetic words were ever written than the following from the pen of Sir John Willison in 1923:

"We must either manufacture the raw materials of Canada within the country—thus employing labor, rearing new communities, providing local markets for merchants and producers strengthening the national structure, making the back of Canada strong to bear its accumulating burdens—or the sons of Canada will follow these raw materials out of the country, establish themselves in foreign industrial centres, and more and more, from year to year, the national burden will become heavier and the issue of the great political experiment in which we are engaged become more difficult and uncertain. Every sound economic and natural reason, therefore, demands that the raw materials of Canada shall be manufactured in Canada, and the Canadian people protected in the possession and control of their natural inheritance."

The sons of Canada are following the raw material out of the country to the tune of nearly 200,000 a year, according to statements made in Parliament this week.

FRANK J. D. BARNJUM.

### SWIMMINGEST PORPOISE

The world's "swimmingest" porpoise died recently in an aquarium in London. During the three years he was in the tank, no one ever saw the fish when it was not swimming. It always took its meals of small fish, while moving through the water and officials of the zoo estimates that it covered 25,000 miles in three years.

### DRINK RETARDING BRITAIN'S RECOVERY.

It is obvious that Great Britain can only maintain her economic position and recover her prosperity by wisdom and hard work, says the London correspondent of the Christian Science Monitor. Yet in spite of this situation, we are confronted by the fact that in no country is industrial unrest more acute than it is in Britain, and that no serious effort is yet being made to tackle the problem of alcohol, with its immense effects on industrial life.

Alcohol has been a problem in Great Britain since the Elizabethan days. Some people say that the moist and cloudy climate encourages the use of alcohol. Others say that alcohol is the natural refuge of a people peculiarly burdened with responsibilities all over the world and the living conditions of a great part of whose population are still very bad. Others attribute it to the effect that the drink manufacturers are interested in profits from the sale of drink and the state in revenues from the taxation of drink, and that the one actively encourages the consumption of alcohol while the other does not actively discourage it.

However that may be, the importance of the drink problem to Great Britain cannot be gainsaid. Though the consumption of alcohol has fallen from 2.44 gallons per head in 1871 to 1.07 gallons per head in 1922, and though drunkenness, so largely prevalent in older days, has largely disappeared among the better-to-do classes, and public opinion against it is daily gaining strength among the mass of the population, the drink bill is still terribly high. In 1924, 307,000,000 pounds was spent on beer and spirits in Great Britain alone.

"It leads but little imagination to see the consequences of this state of affairs on the life and efficiency of the nation," comments this writer. "The official medical testimony declares that the effect of alcohol is 'narcotic and depressant.' What must be the effect of 1,000,000 gallons of this 'narcotic and depressant' fluid a week on the 9,000,000 families which consume it. Certainly if this three hundred million-odd pounds had been spent on clothes, or furniture, or better food, instead of being poured down the drain, the result would have been a happier, more healthy children, better trade and more employment."

There.Hon. Charles Marcel, M. P. for Bon-  
aventure, and family have moved into  
their new summer residence situated  
on the site West of the R. C. Church  
at Bonaventure, Que. For more than  
twenty years Mr. Marcel spent his  
summer vacations at Carleton, Que.,  
but last year he sold his residence  
there to Miss Reid of Montreal, who  
now occupies it in the summer months.  
Mr. Marcel's new residence "Casa  
Maria" is built in the style of an  
English Cottage modernized and is  
very attractive. It has stone chim-  
neys, is painted white, with grey roof  
and gables, has a terrace in the front  
and is surrounded by a wooded prop-  
erty. It is about 500 feet from the  
shore of the Baie des Chaleurs and a  
sandy beach. This is the 25th year  
of Mr. Marcel's representation in the  
House of Commons and all his summer vaca-  
tions have been spent among his  
faithful constituents.**WOOD THAT DOES NOT ROT**Accustomed as we are in this  
country to seeing fallen trees decay  
and turn into mould in the course of a  
few years, we are surprised to learn  
that the redwood of California may lie  
upon the ground for hundreds of years  
and remain perfectly sound. There  
may be conditions under which it will  
decay, but in its native climate and  
soil, it has been found to withstand for  
centuries the attacks of wind and  
weather after it had fallen upon the  
ground. Evidently there are no in-  
sects which care to bore into it.

Recently there was discovered in

EXACTLY**Best of all Fly Killers, 10c  
per Packet at all Druggists,  
Grocers and General Stores**Humboldt County, California, the  
trunk of a giant redwood on which  
there were growing many trees of  
various size. The fallen redwood  
was ten feet in diameter near the  
root, and it ran a length of 186 feet  
where the stem had broken when it  
fell. Evidently it had been blown down  
by the wind as it was uprooted. As  
the years passed, the upper surface  
was covered with the leaves and  
branches falling from other trees, un-  
til by-and-by, this formed a suitable  
soil for seeds to support eleven good-  
sized trees—nine western hemlocks  
and two spruce. One of the spruce  
trees is 5 feet and one inch in di-  
ameter and about 70 years old. A  
hemlock is 25 inches through and es-  
timated to be 180 years old. The  
roots of these trees pass down either  
side of the big redwood and reach the  
ground. Borings made into the  
redwood show that the wood is per-  
fectly sound, although the trunk  
must have lain there at least 200  
years. A ring-count showed that  
this ten-foot tree was about six  
hundred years old when it was up-  
rooted by an unusual blast.Another smaller redwood was dis-  
covered, this one a little over six feet  
in diameter, which supported three  
hemlocks, aged respectively 235, 250  
and 340 years. This fallen tree was  
also quite sound, although it must  
have fallen about the time that  
Columbus first landed in America.**FARMERS, SAVE YOUR TREES.**Instead of selling his last tree for  
exportation to the United States as  
he is being urged to do by his Ameri-  
can "friends," the Canadian farmer  
would be much better advised to hold  
to his woodland and wait for the rise  
in the price of pulpwood which is in-  
evitable within the next few years.Why should he not economize in  
other directions and give his wood-  
lands a chance to develop and mature.  
With plans already under way calling  
for an expansion in the pulp and pa-  
per industry that will increase the pre-  
sent demand for pulpwood for domestic  
use by a million three hundred thou-  
sand cords a year, it doesn't take much  
of a seer to know where the real in-  
terests of the farmer lie.In fact, it is today entirely within  
the power of the farmers to practi-  
cally make their own price on their pulp-  
wood through a reduction in the  
amount of the annual cut and by co-  
operative selling of their wood, just  
as the Western farmers are doing  
with their grain.The paper companies in Canada are  
planting tiny seedlings at a cost of  
\$15. per acre or more while the farm-  
ers are cutting down trees that have  
been growing forty years and selling  
them at a price that nets them far  
less per acre than it is costing to  
plant these tiny seedlings. And the  
seedlings have to be protected and  
taxed for forty years before they can  
reach a stage to justify cutting.**BE A BOOSTER**Don't go through life tearing down.  
Don't go around with a hammer  
knocking people, conditions, things,  
everything in sight. Instead of  
knocking, learn to praise. Get a  
reputation of being a booster, a lifter,  
a helper, a server, an inspirer, an en-  
courager.Just think what a difference it will  
make to others, and above all, to  
yourself, to go through the world as  
a booster, instead of a knocker. If  
you are a booster people will like  
you, will be glad to see you, will al-  
ways have a good word for you.But no one has any use for the  
knocker, the chap who is always hit-  
ting somebody, passing along unfor-  
tunate gossip, making insinuating re-  
marks about others, being jealous of  
others' success, who is always grum-  
bling about hard luck and unfortunate  
conditions. He casts a shadow where-  
ver he goes. The booster makes the  
sun shine a little brighter. The knock-  
er draws a cloud over it.**ACROSS THE ALPS BY AIR**For the first time, an airplane of  
the type used for air traffic purposes  
crossed the Central Alps a short while  
ago. It was a German passenger air-  
plane, built by the Dornier works, and  
it flew from Berlin to Milan covering  
the distance of 300 miles in 100 mi-  
nutes in seven and a half hours.The flight was made in 48 hours, three  
hours. Several members of the Ger-  
man Foreign Office, a representative  
of the management of the Leipzig  
Fair and the director of the South  
German Aero Lloyd Company were on  
board. They arrived at noon, and  
shortly thereafter paid a visit to the  
fair in Milan. The flight was also  
regarded as a test for air service that  
the South German Aero Lloyd Com-  
pany intends to open between Munich  
and Rome, via Milan, with new Udet  
passenger airplanes, which will be  
equipped with four engines each.**WOMEN'S PLACE IN  
UNITED CHURCH****Now Recognized That Women  
Are Entitled to Place in  
Highest Court.**Toronto, June 22.—Leaders of the  
United Church are ready to concede  
the right of its women members to a  
voice and vote in the administration  
of the church, and to a place in its  
courts, the Toronto Star says to-day.  
No woman commissioner has ever  
sat in the Assembly of the Presby-  
terian Church, though the Methodist  
and Congregational churches admitted  
women to their boards and courts for  
years past, so there was some sur-  
prising as to whether women would be  
admitted to the general council. But  
four women, two Methodists and two  
Congregationalists, sat in the Gen-  
eral Council of the United Church  
last week, and it is now recognized  
that women are entitled to place and  
power in the church's highest court,  
the paper says.**His Mistake**The story of the old Rutland farmer  
who failed to recognize the Prince of  
Wales at a meet, though he spoke—  
and grumbled—to him, recalls the  
story of a little Scottish schoolboy.During one of the Prince's visits to  
the North he was being driven  
through the crowded streets of a  
Scottish town accompanied by the  
Provost.The Prince wore the uniform of a  
Highland regiment, but the Provost  
was resplendent in his scarlet robes of  
office and plumed hat.When the procession had passed, the  
little boy rushed home in great excite-

are a revelation in road-smoothing, shock-  
absorbing car-saving comfort and economy  
on light cars.And by the same token they are perfect  
tires for heavy cars, because they carry the  
greater weight upon a resilient cushion of  
air. They have a habit, too, of gripping  
the road; minimizing skidding, and they  
put the "brakes" on car depreciation.These advantages are the results of scientific re-

### THE KITCHEN DRUDGE.

"I don't mind washing the dishes for you," wailed Deacon Carson to his better half the other day. "I don't object to sweeping, dusting and mopping the floor; but I do object to running baby ribbon through my night dress to fool the baby."

### COW EATS CLOTHES

WHILE GIRLS BATHE Yesterday afternoon a cow belonging to Senator Weingartner came upon clothing belonging to several girls who were "cooling off" in the swimming pool which belongs to Mr. Weingartner.

"Cooling off" is an expression used among the daughters of best families to describe bathing, only it is not bathing, because bathing suits are not worn.

The wearing apparel sprawled by the side of the pool and the girls splashed about, without a thought of danger. Under the shade of a tree, the cow lay down, and a great yearning came into its heart, for the things were luscious-looking things, pink and silky.

At first she took a little nibble, and then, one by one, the things went the way of all flesh, or may-be it was the stomach. Bessie was blissful again.

So it happened that when the girls came out of the pool, there was not a thing to wear in sight, which was not as modest as it should be, but all they saw was a cow still under the tree and looking quite contented.

### New Carlisle

At a meeting of the L. O. L. No. 2095 held on Wednesday June 17th, the Orangemen decided to hold their Annual celebration on Wednesday July 15th, at New Carlisle to which all members of sister lodges are cordially invited. It will also be a tag day to raise funds for the new Hall which will be erected next year.

Miss Margaret Smith who has been teaching for the past year has returned home.

Miss Marjorie Hanson of the teaching staff of the Académie left this morning for her home in Fredericton.

Mr. Laurie Cormier and Mr. McArthur of Moncton spent the holiday in Campbellton.

Messrs Jack McMinn, Lon Hachey and B. Landry of Bathurst spent the holiday in town.

Miss Freyda Davison returned on Wednesday from Montreal.

Mr. and Mrs. S. Paquet of Dundee, N. B. were visitors at the home of Mr. and Mrs. Wilfred Paquet, last week.

The feast of St. Anthony, patron of our little Mission, was celebrated with

the Mosque of Amrou in Cairo, as it was in the days of its greatest splendor.

Prizes will be awarded of \$12,500, \$5,000 and \$2,500, respectively, for the best three plans submitted to the Egyptian Minister of Religion by January 1, 1927, accompanied by treatises on the subject.

The mosque was built in the year 653 by Amrou, the Arab conqueror of Egypt, and was at its highest splendor between the 10th and the 12th centuries.

great pomp on Saturday, June 20th. The feast, which should have taken place the 13th, was put back, on account of the feast of Corpus Christi. The day was a lovely one. Two Fathers from St. Anne de Restigouche, Rev. Father Isidore and Anthony, were here to perform the ceremonies.

High Mass was said by F. Isidore and the Sermon preached by Rev. Father Anthony. People came from St. Anne de Restigouche, Matapedia and Nouvelle, to attend the ceremonies.

Mr. and Mrs. Dube and children of Matapedia were visitors here recently.

Mr. Raymond Pitre paid a short visit to Nouvelle last week.

Miss Eva Wilmet has returned to her home at Cross Point after spending a few days the guest of Mr. and Mrs. Jos. Pitre.

Mr. George Gallant was a visitor to Cross Point on Saturday.

Miss Celestine Pitre, who is employed at the Hotel Dieu Hospital, Campbellton, N. B. was recently the guest of her parents, Mr. and Mrs. Andrew Pitre.

Mr. C. W. Nelson of the P. Q. Lumber Co. motored through here on Saturday en route to his home in Dalnauise.

## CURWOOD SAYS QUEBEC DON'T READ HIS BOOKS.

Author Who Has Decided to Depict Life and Scenes in Future Novels, Complains of Lack of Reciprocity.

Quebec, July 1.—While Quebec is a city with a great many literary and historical associations, it is a deplorable fact that the people of Quebec are not great readers, or, if they are, they confine their reading to the classics and not to modern authors. This opinion was expressed to the Telegraph this morning by James Oliver Curwood, celebrated writer of fiction, who is stopping at the Chateau Frontenac to await the sailing of his ship to Europe.

It will be remembered that a few years ago Mr. Curwood chose the province of Quebec as the scene of the plots of his latest books, and it is his expressed intention to spend the rest of his life writing about Quebec, which, he thinks, provides abundant material for the type of novel which he writes. But, while he is writing about Quebec his books are not read by the people of this province, in spite of the fact that every one of them is translated into the French language and circulated throughout the length and breadth of France. While on this subject this morning Mr. Curwood mentioned the fact that his works are translated into thirteen different languages in as many

countries, and in France, particularly, have a sale greater than that of any two other modern fiction writers. It is this fact that strikes Mr. Curwood with much force. But for the greater number of people in the Province are French-speaking and yet they do not read works which are a living record of their own lives and the lives of their ancestors.

"One would think," Mr. Curwood said, "that works of this kind would have a peculiar fascination for them and yet this is not the case." He did not find the reason for it in an apathy toward literature in general but to the fact that this class of literature is not made available for them; the booksellers do not handle it, or if they do they do not advertise their wares in such a manner as to force them on the attention of the public.

Some evidence of the popularity of James Oliver Curwood's books is to be found in the fact that the advance sales of his next book, "The Ancient Highway," (to be published on July 28th) exceed by twenty thousand copies the advance sales on Sinclair Lewis' latest book "Arrowsmith." Mr. Curwood did not offer these figures as an argument in support of the reading of his own works, but he believed the facts mentioned are evidence of the tremendous hold that literature of this kind has on the reading public. They eagerly await the appearance of each new book from the pen of so popular a writer as Mr. Curwood; they order copies in advance through their booksellers, and when the book appears the pleasure to be derived from it is enhanced by the period of anticipation.

But apart from the people of the province, Mr. Curwood thinks there are thousands of transients who would be glad if they could obtain books of this kind on their way through the province. Of the hundred thousand tourists who pass through this city each year, nearly every one is interested in the history of old Quebec, he believes. It is a fact that the average reader (and the constant reader of fiction can be taken to be the average reader) does not care to take his history "straight"; he finds it more palatable when mixed with a dash of romance. It is just this kind of literature that Mr. Curwood is providing for them.

Each one of his books, and particularly those laid in the province of Quebec, tells a tale of courage in the face of difficulties, illustrates the pioneer spirit which brought the province to its present stage of development, and portrays the life of the people of the province as only the pen of a skilled craftsman can portray it. Mr. Curwood hopes for the day when his books will be read widely in this province, in the French language; not because they are so called best sellers, but because they tell the story of Quebec, a story of which the Quebec has every reason to be proud and with which he should be fully conversant.
