## BILL.

**W**HEREAS the management of the Gaols of this Province has been unsatisfactory, irregular and unnecessarily expensive, and it is desirable that a uniform system of discipline and management should be devised for their administration, and that juvenile offenders should be placed in a separate place of confinement from older and more hardened offenders, and under an influence suited to their years: Be it therefore enacted, &c. Preamble.

That it shall be the duty of the Inspectors of the Provincial Penitentiary, to visit and inspect, either separately or jointly, at least once in each year, all the Gaols or other Prisons and houses of detention in the Province, and at each such visit, they or he shall examine and inquire into all matters connected with the government, discipline and police of each Prison, and into its state and condition; as to the conduct of its officers, and whether their duty is efficiently performed, and as to the treatment of the prisoners, and the effect of the discipline upon them: It shall be their duty to examine and inquire into the financial and industrial affairs, and to see that economy and diligence are practised, and proper vouchers and accounts kept of all transactions; that the food is wholesome and sufficient; that offences are wisely and humanely punished, and that order and cleanliness prevail in the Prison. Inspectors of P. Penitentiary to visit all Gaols, &c.: their duties on such visit.

IL And be it enacted, That it shall be the duty of the said Inspectors, once in every year, to consider and adopt a uniform system of discipline and management, not inconsistent with the laws of this Province, for the government of all the said Prisons, and for the modification and improvement of the structure thereof; and the said code of regulations shall be transmitted by the said Inspectors immediately after its adoption, to the Provincial Secretary, for the formal approval and sanction of the Governor in Council, and on the receipt of such approval the said Inspectors shall transmit copies of the regulations certified under their hands and seals to the County Judge, Sheriff and Clerk of the Peace of each District and County, and to the Keeper, Gaoler or other chief authority of each Gaol in this Province; and the said regulations shall be Inspectors to make a code of regulations, which shall be in force when approved by Governor in Council.

immediately put in force by the said authorities, and be held to be the only rules and regulations in force in the respective Prisons.

Sheriffs and Gaolers to give information, &c. to Inspectors.

III. And be it enacted, That it shall be the duty of the Sheriff or Keeper of each Gaol or other house of detention to admit the said Inspectors, or either of them, into every part of such Prison, and to exhibit to them all books, papers, documents and accounts pertaining to such Prison or to the detention of persons therein, and to render them every assistance and facility in his power, to enable them to discharge the duties herein contemplated, and to obtain all necessary information. 5 10

Inspectors may inquire into alleged abuses, &c. and take evidence on oath.

IV. And be it enacted, That the said Inspectors, or either of them, shall have power to inquire into any abuse or irregularity alleged to exist in the management of any Prison; and for this end, and for the more certain obtaining of desirable information, the said Inspectors shall have power to examine on oath, to be administered by either of them, the Gaoler of the said Prison, or any other person; and any one neglecting or refusing to appear, or to testify when duly summoned before either of the said Inspectors for such purpose, shall be liable to prosecution and summary conviction before any Justice of the Peace for so neglecting or refusing, and be subject to a penalty not exceeding *five pounds*, in the discretion of the Justice, to be levied by distress and sale of his goods and chattels in case of non-payment, to the use of Her Majesty. 15 20 25

Inspectors to require certain reports and particulars from Gaolers, yearly at least.

V. And be it enacted, That the said Inspectors, or either of them, may at any time, but shall at least once every year, demand and receive written reports upon the state of each Gaol, or other Prison in the Province, from the Gaoler or other chief officer thereof; and it shall be the duty of the Gaoler or other chief officer of every Prison, on or before the twentieth day of January in each year, to furnish the said Inspectors with an annual report of the affairs of the Prison under his charge for the year ending the thirty-first day of December preceding, and the said report shall state clearly and correctly the number of prisoners confined in the Prison during the year, and their offences, distinguishing those committed for detention as witnesses, for detention on charge of crime, for contempt of Court on civil process, for trial, and after conviction: It shall also show how the Prison has been sustained during the year, and what the cost of its maintenance has been; also the amount of moral and religious instruction afforded the prisoners, and all other points of information and returns which the said Inspectors may require. 30 35 40 45
