IN THE MOST DELIGHTFUL SPOT ON THE RIVER ST. LAWRENCE

The prevailing southwest winds which are dry and hot on the south side of the river, blow fresh over the water, and are always cool and invigorating here. Every requirement to add to your health and pleasure. Magnificent boating, excellent fishing and fine bathing.

GANANOQUE

was famous as a health resort long before the white man settled there. Before the march of civilization reached the lake and river regions, the Indians of the upper Ontario lake territory, suffering with malarial diseases, were wont to tour in their canoes down the shores of the lake until they reached the St. Lawrence, passing the spot where Kingston now stands, finally halting at the point where the swift running and rock-riven Cadanoryhqua river joined its waters with the St. Lawrence.

The Indian name "Cadanoryhqua" was pronounced as if spelled "Gananoque," and translated means "Place of Health," or "Rocks seen under running water," the location relieving the red men of their malarial difficulties. The place was located by them as the "Place where the running water danced over the rocks."

The town has a population of about 5,000 and is noted for the number and variety of its manufactures. To the tourist, its chief interest lies in the fact that it is almost in the midst of the Thousand Islands and is easily accessible by rail and steamer from all points.

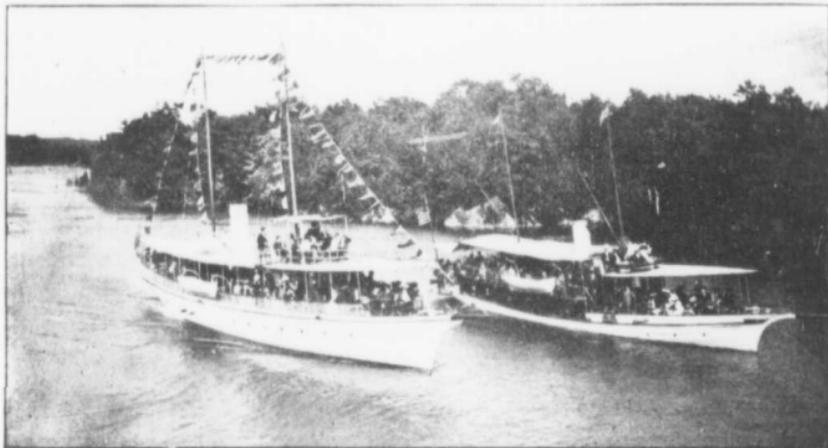

THE GANANOQUE INN

affords excellent accommodation for tourists and fishermen. Upon leaving the dock at Gananoque one at once realizes that he is in the heart of the Thousand Islands. The Gananoque Inn has this year been renovated from top to bottom, refurnished and made more comfortable

even than in the past, and will cater to the requirements of the tourist and fisherman during the summer months.

HARMING VIEWS.

Funnell's launch makes morning runs among the islands, and guests never tire of this magnificent trip.

An amusement hall for children is provided; also a bowling alley, billiard room, tennis court and bowling green for the older ones.

The American Canoe Association will hold its annual meet during August at Sugar Island, which is near the hotel. Canoe sports are held each day during the meet. Especially interesting are the war canoe races.

SUMMER HOME.

It is the purpose of the management to conduct "The Inn" in a thoroughly homelike manner, having all the modern appointments and comforts, but avoiding useless display and extravagance. A quiet resting place which will appeal to the most fastidious, and where those who enjoy boating and fishing, or are in need of a vacation that will not be disturbed by too much effort to kill time by social gaieties,

can enjoy their summer rest. The house, the porches, the grounds, and the grand view of river and islands, with prevailing southwest breezes, insure comfort that cannot be found elsewhere. The weekly concerts by the Gananoque Citizens' Band, the weekly hop, and various other evening entertainments, afford an abundance of recreation.

THE DINING HALL is the most pleasant in the Island district, commanding as it does a river view from every window, and enabling one to sit at a table and see the steamers pass up and down the river.

So unvarying is the praise accorded it, that we feel free to say that the cuisine is without a peer for the price.

The kitchen is commodious, well lighted, and complete in every detail.

It is our aim to get the best the market affords—all poultry, eggs and vegetables coming in fresh every day; the celebrated Muskoka lamb is always used, also the best of Western beef, and the butter, milk and cream are obtained from a dairy of Ayrshires, while St. Lawrence fish is always on the menu.

Egg and milk dicting a specialty.

We desire to have everything that is supplied for the table of the purest quality, well cooked and served with absolute cleanliness, whether for one guest or five hundred.

THIS ILLUSTRATION GIVES AN IDEA OF THE GANANOQUE INN, AND THE BEAUTIES THAT SURROUND IT. THE STEAMER WHICH HAS JUST LEFT THE INN WHARF IS ONE THAT MAKES WHAT IS CALLED "DAILY RAMBLES" THROUGH THE ISLANDS, AND A MOST ENJOYABLE TRIP IT IS. THE CONSENSUS OF OPINION OF THOSE WHO HAVE BEEN THROUGH THE CHANNELS IN THE THOUSAND ISLANDS ON THE CANADIAN SIDE IS, THAT IT IS THE MOST BEAUTIFUL PART OF THIS WELL KNOWN TERRITORY, AND A TRIP TAKEN THROUGH THAT PORTION OF THIS FAMOUS RESORT IS ONE NEVER TO BE FORGOTTEN.

FISHING AMONG THE THOUSAND ISLANDS.

The Thousand Islands may well be called "The Angler's Paradise," for we cannot imagine a more exhilarating pleasure than to sit in a St. Lawrence skiff, which is a marvel of beauty and comfort, and handled by its owner is as safe in the heaviest sea as a rocking chair in a drawing room—drifting and threading your way around picturesque points, through intricate channels, to beautiful bays, in which the clearness of the water would shame a crystal.

N ANGLER'S PARADISE.

(cooked by the guide) is a feast never to be forgotten. In the St. Lawrence are found the maskinonge, the black bass, the pickerel, and almost all of the other varieties of less gamey fresh water fish, such as the wall-eyed pike, the perch, rock bass, etc. Skilled fishermen, with elegant boats, complete fishing outfit, bait, etc., may

be hired by the day or week.

The boat livery connected with the house is stocked with St. Lawrence launches, skiffs, sail-boats, canoes etc.
