MR. BREWSTER VERY PROMPTLY NAILS A MISUNDERSTANDING

Mr. W. S. Brewster, M.P.P. in talking with a Courier man this morning said: "My attention has been called to criticisms published in the 'Expositor' by some members of the Trades and Labor Council on me for not introducing the bill to abolish the property qualification for Aldermen, I can only say that the criticisms must have been made without full knowledge of the facts. I did last session bring the matter before the House. The Municipal Act which contained the clauses sought to be amended was then before the House, being revised, and in committee of the whole House brought the matter up and urged as strongly as I could that the property qualifications for Aldermen be abolished. The members on both sides of the House objected and a vote was then taken to have the qualification abolished, and myself and Mr. Studholme, the Labor member for East Hamilton, were the only ones who voted for the motion. Mr. Rowell, leader of the Opposition and everyone of his followers present in the House voted against the motion. "I think these facts were not known by the members who criticized my conduct, or I am sure they would not have done so."

PUBLIC SCHOOL AN ABSOLUTE NECESSITY

Brantford will have to erect another Public school and that too almost immediately. This much was definitely decided upon at the regular meeting of the Public School Board held last evening in the Council Chamber. The Buildings and Grounds committee were instructed to have plans and specifications prepared for a ten-room school, and tenders will then be called for. The City Council will be expected in the matter as soon as possible and if they do not feel inclined to pass the necessary by-law, the proposal will be submitted to the people for their approval at the next municipal elections in January. Chairman George Ryerson formally brought the matter to the attention of the board. He said the new school was needed just as soon as they could get it. It had been necessary to refuse pupils in several of the schools, notwithstanding the fact that outside quarters had been rented. The board had very wisely purchased property in the East Ward several years ago in the vicinity of Rawdon street and it had been a splendid investment. They had the property, and the section of the city in which it was located was being very rapidly. He advocated immediate action. "On the request of the board, Mr. Ryerson explained the situation as it stood at present. He stated that he had canvassed the situation and made a plan to send 84 children to Grandview in addition to kindergarten in total of probably 125, and with the opening of the new Dufferin school there would be 64 divisions ready for occupation after the summer holidays. This would be after dispensing with the use of two rooms in St. Basil's old school, the room in Lambton house school, at which school three were also in afternoon class, and the closing of the old Morrell street school. With an average of 45 pupils for every room in the city, government standard, he felt sure this regulation would not be exceeded or pupils turned away. He felt it was due the children, and the educational interests of the city that more accommodation of the present kind should be supplied at once."

IMPROVEMENTS IN ECHO PLACE

Citizens Held Splendid Meeting Last Night—Much Interest Shown. One of the best attended meetings in the history of Echo Place Improvement Association was held last night at the Mohawk Park school. The meeting opened at 8.30 with President J. J. Burke in the chair. He spoke of the large number of ratepayers and residents present, and expressed his pleasure. Report of Committees. Mr. Geo. W. Hall, chairman of the committee on sidewalks, reported that a petition had been circulated to have a cement sidewalk placed on both sides of the Hamilton Road, from the city limits to the eastern boundary of Echo Place. The Association are securing the walk under the local improvement plan, which requires that the petition be signed by two thirds of the ratepayers, and their assessment must amount to over one half of the total assessment. He reported that he had been advised by Township Clerk Smith that the petition was sufficiently signed. It was moved by Mr. F. T. Morrow and seconded by Mr. Morley Myers that the report be adopted. The work will be started as soon as possible. Light Committee. Mr. F. T. Morrow, chairman of the light committee, reported that a meeting is called for next Wednesday night at his residence to arrange for the proposed street lights. Will Hold Picnic. It was moved by Mr. James Barnes and seconded by Mr. Robert Hamilton, that the association hold a picnic July 10, at Mohawk Park. A committee consisting of Mr. Barnes, Mr. F. T. Morrow, Mr. Zigman, Mr. Elmer Grummett and Mr. Fitness was appointed to arrange for the picnic. Free Delivery. A decision was made last night that the members will not patronize the city merchants who will not deliver goods free of charge to the Echo Place residents. The association felt that they are not asking for more than they are entitled to.

KILL DOGS TO GET MEAT FOR CHILDREN

Startling Condition of Affairs Told to the General Assembly. [Canadian Press Despatch] TORONTO, June 6.—Massey Hall presented another remarkable sight last night when the work of the home mission committee of the Presbyterian church was brought to the notice of the assembly. Dr. Grant, the superintendent, told the audience of some of the features of the year. Mr. Kinsel, of Sydney, presented the side of the work among the foreign element in Sydney. "He had known of cases in which they killed dogs to feed their children. 'Filthy and poor they may be,' said the speaker 'but they are just as rich as John D. Rockefeller, because they have an immortal soul.'"

WILL PURCHASE TRACTION ENGINE

Board of Works Holds Lively Meeting—West Street to be Improved. At the meeting of the Board of Works held in the City Hall last night it was decided to purchase a Buffalo Pitts traction engine through the Waterous Engine Works of this city. The new engine will be used for running the stone crusher, hauling stone, as a road roller and a general purpose machine. West Street to Be Improved. It was decided to enter into negotiations with the Township Council in reference to the improving of the upper end of West street, i.e., from George street to the City limits thence up the hill to Mt. Hope cemetery. It is the intention of the board to do their part in improving the road both in labor and expense. It was also decided to have a new four foot walk (cement) laid from the junction of George street to the top of the hill at the upper cemetery for the convenience of the public. This will be welcome news to the public generally, especially to those who reside at the extreme end of West street and those who visit Mt. Hope cemetery occasionally and those who go there frequently for various purposes. No Appointment Made. Contrary to expectations no appointment was made in connection with the Sewer Department. It was rumored that a new supervisor of that department of the work would be appointed. A name of a certain alderman was mentioned for the position, but the subject was not even approached at last night's meeting. Accepted Offer. The Board of Works decided to accept the offer of \$800 from the L. E. and N. Ry. for a piece of property on Yorkshire street (off West Mill St.), through which the company have the right of way. The price was satisfactory to all concerned.

SUPPOSED DEAD WOMAN IS VERY MUCH ALIVE

NORTH TONAWANDA, N.Y., June 6.—After her grave had been dug and undertakers despatched to a Buffalo hospital for her body, Mrs. William F. Kelly of this city, was found very much alive and improving in the hospital. Yesterday Kelly telephoned the hospital to inquire after the condition of his wife. He understood the hospital attendant to say that Mrs. Kelly was dead. Not having enough money to foot funeral expenses, she notified the charity commissioner that Mrs. Kelly would have to be buried at public expense. The commissioner directed that the grave be dug and ordered an undertaker to take charge of the body. The undertaker demanded the body from the hospital, and learned that the commissioner but not in time to stop the completion of the grave. Mrs. Kelly is suffering from infantile paralysis, and her recovery is considered remarkable.

ANOTHER INDUSTRY FOR BRANTFORD

A deal was concluded yesterday between the Greater Brantford Board and representatives from an American company whereby a branch of an industry, making all lines of sporting goods, will be established in Brantford. Representatives of the firm have secured land in Eagle Place, and will proceed with the erection of a two story building containing approximately 12,000 feet of floor space. Plans are being prepared at the present time for this building. It is the purpose of this company to employ considerable female labor. To develop an organization here, instructors will be brought in from Philadelphia to train the help. As rapidly as an organization can be got together, the business will extend so as to employ in the neighborhood of 50 or 60 hands. The pay roll will be very large. The company will invest upwards of \$30,000 in the city. In deference to the wishes of the parties interested, the name of this concern cannot be given out for some little time. This concern is of high reputation and strong financial standing of about half a million dollars. Mr. Emmerson, the Publicity Commissioner, had the matter in hand throughout.

JAPAN COMES BACK WITH HOT REJOINER

[Canadian Press Despatch] TOKYO, June 6.—The rejoinder of Japan to the United States note on the subject of the Californian alien land ownership law, reiterates that the bill passed by the California legislature violates the spirit of the Japanese-American treaty by discriminating against a friendly power. It is an economic one, it enters the domain of international relations and therefore becomes a political question. The note says that the Californian land legislation violates article one of the Japanese-American treaty of 1911, which authorizes subjects or citizens of the contracting parties to own or lease houses, which are inseparable parts of real estate. It also declares that the new bill violates the fourteenth amendment to the United States constitution requiring the states to grant equal protection under its laws to all persons within its jurisdiction.

A Big Ball Takes Place in Albert Hall

NEW YORK, June 6.—A cable from London this morning says: The spirit of Louis XIV filled the Albert Hall last night, when the Versailles ball took place in the presence of Queen Mary, the Duke of Connaught, Prince Arthur and Princess Patricia of Connaught, the Battenbergs, the Schlesweg-Holsteins and other royalties. The hall was decorated with gold in the ciphers of the French king and with mimic crowns on a white ground, while at one end, on a throne under a blue canopy with fleur-de-lis, King Louis sat with his consort, surrounded by five hundred society folk, forming a mimic court of the seventeenth century. The hereditary Grand Duke of Mecklenburg-Strelitz, in golden coat and blue robes of state, played Louis while the Countess of Dudley was Queen Mary Therese. The processions passed amid outbursts of applause and even the Shakespeare ball did not approach in beauty and magnificence this great charity fete. A flurry of alarm was perceptible when the Queen arrived, lest the suffragettes might choose the occasion for another outrage, but they made no attempt to spoil the evening, and watched the stately court of Louis IV, and afterward the make believe Kings and Queens of France and England. The hereditary Grand Duke of Mecklenburg-Strelitz, the Countess of Dudley, Harry Lindsay and the Countess of March were commanded to sup with the actual queen. Pavlova and her troups, all in pink and white, danced the historic gavottes, surrounded by the courts of the world. Lady Lianna Manners in genuine seventeenth century pink brocade, entered under a high parasol carried by an attendant, and caused a sensation for youth and originality. Lady Alington's Russian quadrille was an enormous success as the splendor of the gowns and jewels won approval from the Queen herself.

Criticism With Regard To the Recent Derby

[Canadian Press Despatch] NEW YORK, June 6.—A cable from London says: Bitter condemnatory criticism is heard on all sides to-day of the methods of Johnny Reiff, who sent Craganour bumping and pushing into Aboyeur in the Derby, and made the great classic what one paper terms "a nasty business" on the records of our national sportsmanship. The enquiry by the stewards of the jockey club is still under way, and there seems a strong likelihood of Reiff being set down from the English tracks, especially as there are some very peculiar rumors afloat. Sporting writers are clamorous for disciplining of the jockey, the Pall Mall Gazette saying: "Whether Reiff was to blame or not, is a matter of vital importance to thousands of race-goers, and to a greater extent to the prestige of the sport of kings. If in the steward's opinion Reiff was physically unable to keep his mount straight and prevent the interference, justice demands that publicity be given to the fact." "Sporting Life" inquires why Reiff who must be held accountable for the favorite's wild behaviour, has gone free thus far, and "The Westminster Gazette" says the jockey's conduct was of a character impossible to overlook. What seems to hurt and wound the English public is not so much the disqualifications of the Bower Ismay horse, but what made this necessary. Thousands upon thousands of pounds sterling all over the British Empire has been lost to bookmakers, but the people with a fine sporting spirit have only congratulation and praise for the stewards who made the objection on their own initiative. The press as a whole, while unanimous in viewing the act of Emily Davison, the woman who grabbed the bridle of the King's horse, Anmer, at the Derby, as one of dementia and alluding to it as a grotesque and meaningless kind of martyrdom in the fancied interests of a political cause and at the cost of grave peril to the lives of others, takes serious ground. As expressed by one typical editorial "the public will be deepened in its misgivings as to the amount of wisdom which a new electorate that can produce such advocates can bring to the service of the state." Poultry Association. The members of the Brantford Poultry Association met in the office of H. S. Pierce last night at which the general routine of business was transacted.

DROPS DEAD ON HER WAY HOME AFTER FUNERAL

LISTOWEL, June 6.—Mrs. Robert Stanley, aged 58, a well known resident of Listowel, suddenly dropped dead on the street yesterday afternoon, following her return from the funeral of Mrs. John Snelling. Heart failure was the cause of death. Mrs. Stanley has been a resident of Listowel for 29 years.

BLOOD IS THICKER THAN WATER.

A London paper says—"It is unthinkable that Great Britain could view with indifference any disposition on the part of her present allies to attack America. Between the people of the great Republic and ourselves there are ties of blood and common interests which could in no circumstance be disregarded."

Successful Lawn Social

A very successful lawn social was held on the beautiful and spacious lawn of Alderman George Ward, Augusta street last night under the auspices of the Wesley Methodist church. The Dufferin Rifles band was in attendance and furnished the music for the occasion which was very much enjoyed by those present. The fish pond, supervised by Mrs J. Brown, and Mrs R. Brown did a thriving business, and was a valuable asset to the affair. At the ice cream and cake booth, the smart corps of waiters were kept constantly on the go, and a good source of revenue was received from that quarter. The affair was one of the most successful ever held in the history of this thriving Methodist church, and the Ladies' Aid realized a good sum as the outcome of the social. Aid Ward was on hand with his glad hand and genial smile, and made everybody welcome.

WASHINGTON, June 6.—

Samuel Gompers, president of the American Federation of Labor, was operated on here shortly after noon today at a hospital for mastoid abscess. Surgeons said his physical condition was such as to promise a speedy recovery. PROBS. TORONTO, June 6.—The area which was over the Middle States yesterday has moved to the Atlantic and the western low area is now moving across the Great Lakes. Rain has fallen in pretty nearly all parts of the Western Provinces and in Northwestern Ontario.

FORECASTS: Fresh southwesterly winds with a few local showers or thunderstorms. Saturday, fresh northwest winds, fair and cooler.

Broke Collar Bone When He Fell

Mr. John Feeley met with a very painful accident yesterday evening having his collar bone broken, and at the same time received a very severe shaking up. He was riding on a sulky exercising a colt on the race track, at Agricultural Park, when suddenly the colt became frightened at a piece of paper which the wind blew in front of it, and plunged, throwing Mr. Feeley off the rig on to the ground. He was taken to his home where Dr. Marquis, who had been summoned, attended to his injuries. Mr. Feeley will be laid up for some time as a result of the accident.

Wedding Bells

A very pretty wedding was solemnized yesterday afternoon at the home of Mr. and Mrs. Norris, Erie Ave., when their daughter, Evelyn, was united in marriage to Mr. Richard U. Collier, Rev. G. H. North officiating.

The bride looked very pretty in a handsome dress of blue silk and was ably assisted by Miss Bessie Ackers, who wore a cream satin dress. Mr. Ernest Glenn did the honors for the groom. After the ceremony a dainty repast was served in the dining room. On Tuesday evening last the members of the T. C. and Barosa classes of the Gospel Tabernacle met at the home of the bride and presented a cabinet as a token of the esteem in which the bride and groom are held by the members of the classes.

HARTFORD

(From our own Correspondent.) The Women's Institute held their special summer meeting in the Hartford Hall last Wednesday afternoon and evening. There was a splendid attendance at both sessions. The addresses were given by Mrs. Laura Rose Stephens of Huntington, Que. The afternoon subject was, "Influence of Environment," and in the evening "What are we to the world?" Recitations were given by Mrs. G. Mann, and Miss M. Pilkey, and music was furnished by Roy Curley and Asa Walker.

L. Walker, and Edgar Walker motored to Harrisburg Sunday and were the guests of M. Brennan. Messrs W. C. Wilcox, Miss Floss Wilcox, E. B. Swift and C. A. Bennett were visiting at R. J. Thomas and G. Swift's, Sunday. They came out in Mr. Wilcox's automobile. Mr and Mrs. G. Lutes were visiting at Burch Sunday with John Woodley. Messrs W. H. Howarth and Geo. Sloat were visiting in Brantford Sunday, the former at Mr Geo. Howarth's and the latter at Thomas Sloats. Mrs. Ida McIntyre of Bellingham, Wash., is visiting her sister, Mrs. W. H. Howarth this week. Mrs. C. B. Rolfe of Leroy, Mich., is visiting her mother, Mrs. D. Swift. Rev. T. Hagen's sale was well attended, both morning and evening. Everything was sold that was offered, and good prices were realized. The church at Medina gave a farewell lunch and supper to Pastor and Mrs. Hagen Friday evening at their church, and also presented them with a purse. The Sunday services were largely attended, both morning and evening. Rev. Hagen gave us excellent sermons with good advice. It was announced that a meeting would be held in the church Monday night as a farewell to the pastor and his wife and everyone was asked to come. It seemed everybody was out Monday evening to give Mr and Mrs. Hagen a pleasant evening before their departure for Huron, S. Dakota. The ladies prepared a splendid supper in the hall, after which Isaac

Wilcox took the chair. The meeting was opened with a hymn, and a few words were spoken by the chairman after which the Medina quartette sang. Deacon Overholt then gave a short address, and presented Mrs. Hagen with a purse. Pastor Hagen then gave us a good talk in his usual good style. The quartette then gave us another selection. The congregation passed around the front and shook hands with Mr and Mrs. Hagen and the meeting was closed by singing God be with you till we meet again. A meeting of the Ladies' Aid was announced for Wednesday night to arrange for a strawberry festival. With The Police

Another foreigner, Mike Hagiz, was charged this morning with having followed women on the streets. As this is the second case of this kind to be brought to the notice of the authorities in two days, the urgent need of severe punishment for the offenders is shown. The practice of foreigners and others of following women appears to have become an alarmingly common one, and an example will be made of every offender against whom the charge is proven. A married woman of Bridge St. told the Court this morning how Mike Hagiz had followed her home last evening, and then had continued to walk up and down before the door. When told to leave, the defendant refused, but later left only to return and find an officer awaiting him. Through an interpreter, the Turkish defendant followed the complainant, and said that he had arrived in this country only two weeks ago and that he had lost his way to his boarding house at Wellington street. The Magistrate did not believe that the foreigner had accosted the complainant, and gave him the benefit of the doubt, dismissing him with the advice that in future he keep strictly to his own business and not molest any one. Later, a complaint was received at the police station from a lady who resides on Albion street, that a foreigner had followed her from the opera house last evening as she was returning home. Joe McLean, who appeared in Court on Wednesday morning charged with vagrancy, was again in the Court this morning. McLean was given a chance to leave the city when he appeared the first time, but last night he was again apprehended for begging. The defendant pleaded for a chance, saying that he would walk to Catalonia if the Magistrate would give him a chance. The Court refused to believe that McLean would carry out his promise, and his case was remanded until to-morrow, when the constable who arrested him will be present. A conversion case was heard between Mrs. J. H. Adams and Mr. Roy Culver. The case involved the payment of accounts totalling \$152. The case was adjourned until Monday. Silvester Percy appeared in court for a breach of the traffic by-law, but was allowed to go. Inspector Johnson was "the complainant" in a fishery act case catching a boy who was charged with catching and keeping game fish out of season.

Moulie is to be congratulated in securing such fine entertainment for his patrons. Passed Away. Jonathan Flett, an old and respected citizen of this county, passed to his rest this morning at the family residence, Brantford Township. Besides a host of friends, the deceased leaves to mourn his loss two daughters and four sons, Mrs. Nickerson and Mrs. Baker, both of Hamilton, Abe of New York, York Herbert of Indiana, Gordon of Toronto, and Frank of this city. The funeral will take place on Monday.

Late Wire

NIAGARA FALLS, N.Y., June 6. Prince Albert Frederick George, second son of King George, accompanied by 60 cadets of His Majesty's ship Cumberland, now at Quebec, arrived here from Toronto shortly after noon today. The Prince and his party made the trip by boat to Lewiston and came here by trolley along the American side of the gorge. The Prince, who is 17 years of age, travelled "incognito," and his companions refused to point him out. The party visited the state reservation on Goat Island and crossed the international bridge to Niagara Falls, Ont., where they took lunch at a hotel. Later in the afternoon they left by trolley down the Canadian side of the river gorge. The party planned to leave Queenston for Toronto by boat at 6 o'clock to-morrow. "This is my first trip to the continent, and the first time I have stood under the stars and stripes on American soil," said the Prince, when finally identified by a group of newspapermen. "We are having an excellent trip and enjoying ourselves immensely." In visiting the Niagara Falls the Prince is following precedents established by his father and grandfather. The late King Edward visited Niagara Falls in 1861, and King George was here September 27, 1883. STETTIN, Germany, June 6.—A battle between police and strikers in which seventy are reported to have been severely wounded, was fought last night in the suburb of Frauenthorf as the sequel to the killing of a striker by a non-striker. The workers in a chisery factory struck work some time ago, and last evening one of them molested a man who had continued at work, and in a fight which ensued the striker was stabbed and killed. The strikers pleaded later gathered in a great crowd in front of the factory and demanded that the non-striker should be handed over to them. Their request was refused and they threatened to demolish the factory by setting fire to it. The local police are unable to cope with the angry strikers and reinforcements were called for from Stettin. Shortly afterward a body of 100 armed policemen arrived in automobiles from headquarters in Stettin and a pitched battle between them and the strikers occurred during which the police frequently used their sabres and revolvers. The strikers replied with pistols, but they were soon overcome by the disciplined force and were finally dispersed leaving many of their number wounded on the ground. The casualties were in some cases of a severe nature and ten policemen and about sixty civilians were treated by surgeons during the night.

TERMIN

From reports received it is learned that \$5,000,000 has been subscribed to the various memorials which have been launched in connection with the 25th anniversary of Emperor William's accession. In accordance with the Emperor's wish practically all of this amount will take the form of charitable or educational foundations of institutions for the welfare of the people. One of the most interesting of the innumerable gifts to the Emperor will be Marshall's in connection with the officials of the Royal Military factories at a cost of \$2,000,000. TORONTO, June 6.—The report of the committee of the church union General Assembly early in this morning was introduced to the Presbyterian session, and promised to be the principal topic of discussion during the day. "The onus of proceeding to the consummation of organic union with these other churches or of preventing that which lies principally on our Presbyterian Church, inasmuch as the vote and action of the other bodies plainly indicate their readiness to go forward to organic union," declared the report. An interesting feature was a minority report from the committee signed by seven members, recommending that the question of union remain in abeyance "without prejudice to either side of the question." Further consideration was also given this morning to the home mission reports, which were presented last night, and the report of the committee on aged infirm ministers, was also presented. Following last night's great mass meeting on home missions, the question of foreign missions will be similarly dealt with this evening.

"JUICE" FROM THE FALLS

DRIVING STONE CRUSHER. GALT, June 6.—It looks as if Hydro Electric power can be used for pretty near anything. The latest departure in Galt in which the "juice" from the Falls is the driving power in the operation of the municipal stone crusher by the energy generated at Niagara. A 30 horsepower motor supplies the power behind the crusher, which is now busily engaged in turning out crushed stone for the many new roadways in course of construction here. And the "white coal" is giving every satisfaction. Rev. Gordon Speaks. Rev. J. W. Gordon, pastor of St. Andrew's Presbyterian church in this city was among those who yesterday delivered addresses on "How to Conduct an every-member canvass" at the men's missionary conference at Cooke's church, Toronto.

CANADA WILL PAY FOR THREE DREADNOUGHTS

So Says Premier Borden in Bill Introduced By the Government at Ottawa To-day—Action Taken is Result of Defeat of Naval Bill by the Senate.

OTTAWA, Ont. June 6.—Premier Borden in the Commons to-day announced that the Canadian Government had decided to pay for the three dreadnoughts which Right Hon. Winston Churchill announced yesterday would be immediately laid down and built by the Admiralty owing to the action of the Canadian Senate on the naval bill. The statement was made in reply to Sir Wilfrid Laurier who asked what the government proposed to do in view of the senate's rejection of the bill. The Premier intimated that before the dreadnoughts were completed by which time the government would have a majority in the senate, legislation would be brought down to buy the ships and place them at the disposal of the British admiralty. A warm debate followed in which Sir Wilfrid Laurier challenged the premier to go to the country on the naval issue. The House adjourned to-day.

"Deborah" Play Not Immoral Says Judge

TORONTO, June 6.—County Court Judge Morson, this afternoon quashed the conviction against the players who produced "Deborah" who were found guilty in the police court last week of producing an immoral play. "A play," he says, "can hardly be said to be immoral because of some single immoral or vulgar passage in it. If Deborah could be held immoral so," says Judge Morson, "must be held the standard plays and operas referred to in the evidence and many others—a result I think not to be desired and startling in the extreme. The purpose of this play seems to be to teach the evil of suppression and a great moral lesson in connection with the sacred state of motherhood, and I think the present age is a very opportune one in which to do so, when the tendency in all countries seems to be towards race suicide amongst the poor, perhaps because of poverty and the changed conditions of industrial life, and amongst the rich because of inconvenience. In its censored form Judge Morson finds that the play does not teach the inherent right of every woman to become a mother. "There is nothing left throughout that suggests this form from the language or movements," he says. "I express no opinion as to whether the magistrate's judgment was right on the question of the play being immoral in its uncensored form, but I do express the opinion that in its censored form it is not immoral with the meaning of the code" concludes the judgment.

SEALED TENDERS addressed to the undersigned, and enclosed "Tender for Public Buildings, Suburb, Ont." will be received at this office until 1:00 P.M. on Monday, June 27, 1913, for the work mentioned.

Plans, specifications and form of contract can be seen and forms of tender obtained of the office of Mr. Thos. Hastings, Clerk of Works, Postal Station "E," Yonge St., Toronto, at the Post Office, Suburb, Ont., and at this Department. Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their conditions and place of residence. In the case of firms, the actual signature, the nature of the business, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for ten per cent. (10 per cent) of the contract price, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fails to complete the work contracted for. If the tender is not accepted, the cheque will be returned. The Department does not bind itself to accept the lowest or any tender. By order, R. G. DESROCHERS, Secretary.

EDMONTON, AB., June 6—Mrs. Emma Fletcher, aged 44, shot herself with a 22 calibre revolver and will probably die. She had been low spirited and had been brooding over the death of a blind daughter. RED SOX LOST FIRST GAME OF SERIES TO LEADERS

Brantford on the Short End of a 6-5 Score—Costly Errors and Failure to Hit With Men on Bases Responsible for Defeat.

Is the same old tale repeated which we've oft times heard before when the ball games, they are over Brantford has the short end of the score.

Consistent ball playing wins games and the Brants are anything but consistent. Howick pitched for St. Thomas and he always did have a Shortstop Tesch got in bad yesterday and made a couple of bad plays.

Kane selected Collins to go to the mound and Howick was his opponent. There was nothing of much consequence transpired in the first inning, probably with the exception of Slemm's one hand stab of Wright's

The Saints Score. The visitors were the first to score getting one run across the plate in the first half of the second.

Brants Forge Ahead. The Brants came back strong in their half and scored a pair. After Coose had been disposed of, Lamond singled. Collins scored him with a double.

The Third—St. Thomas Get Four. The Red Sox lead was of short duration, for the Saints threw four aces in the third, took the lead and were never headed.

Brantford Gets One. The Brants got one counter in their half. Wagner singled and Ivers doubled. Brundage was an easy out. Slemm died at first, but Wagner scored on the play.

The Seventh. There was nothing doing in the scoring business during the 4th, 5th or 6th innings, but in the seventh each team secured one run.

AFTER EFFECT OF FEVERS.

Banished Through the Use of Dr. Williams' Pink Pills

Following wasting diseases such as fevers, many people find it difficult to regain their former strength. They become breathless and tired out at the least exertion; their appetite is fickle and they often feel as though death was staring them in the face. The trouble lies with the blood, which has not returned to its normal condition and is lacking in the red corpuscles without which good health is impossible. It is at a time like this that Dr. Williams' Pink Pills prove their great tonic value. Every dose helps to make new rich blood which means health and vitality. Mrs. Theodore Foley, Athens, Ont., says: "Following an attack of typhoid fever I was left in a very weak and disheartened condition. The smallest exertion left me worn and tired out, and I was hardly able to get around, and naturally felt despondent. I decided to try Dr. Williams' Pink Pills and they proved of the greatest benefit to me. I am now as well and strong as ever, and can do all my own work, and as we live on a farm, it goes without saying that there is much to do. I feel, therefore, that I cannot say too much in praise of Dr. Williams' Pink Pills."

If you are suffering from the after effects of fevers, la grippe, or any acute disease, you should begin to get new strength to-day through the tonic treatment with Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THORPE'S RECORD WAS BEATEN.

PRINCETON, N.J., June 6. — F. C. Thompson, student in the Princeton Theological Seminary, made a new world's record in the all-around championships held here yesterday, when he scored a total of 7,499 in the ten events. The previous records were 7385 made by Martin Sheridan of New York, and 7478 1-2, made by James Thorpe, subsequently disqualified for professionalism. Thorpe made his record last September at Celtic Park, N. Y.

The meet was sanctioned by the Amateur Athletic Union and open to all registered amateurs, but the only entries were Princeton students. I. H. Simons, M. Hayes and M. L. Davy competed against Thompson. Simons finished second with 5,266 points. Thompson failed to equal Thorpe's records in any of the first three events, the 100 yard dash, the shot-put and the high jump, and when the fourth event, the half-mile walk, was started, he was 361 points behind the record. He did the walk in 3 minutes 33 seconds, making 547 points, as compared to 527 points made in this event by Thorpe, and also bettered Thorpe's records in all the following events except the broad jump. Thompson made his best showing in the high hurdles which he ran in 16 seconds flat.

VICTORIA, B.C.

Lew Scheff, writing in Lloyd's weekly on a tour through Canada, describes Victoria, B.C.:

"Victoria, the capital of British Columbia, has been dubbed 'The City Beautiful.' Adorned with handsome buildings and lovely parks and garlanded in flower gardens, it has well earned this sobriquet, and it may be recalled that the present King and Queen declared it the most beautiful city they had seen in their trip round the world. Yet Victoria is not merely, as its title might suggest, a place of many charms and endowments in which to loiter away an idle life. Once, no doubt, it had a reputation of being slow going. That reputation is vanishing before the irresistible onward sweep of a new era. As a matter of fact, Victoria is the largest shipping port of Vancouver Island, and a place of great importance in commerce. Shortly five great transcontinental railway systems will be making it their furthest west terminals. As a seaport, Victoria has the best of all guarantees of future greatness—proximity to the ocean, absence of fog, and security of vessels in port, to say nothing of safe and easy sailing to Pacific waters. The harbor improvements now being carried out by the Dominion Government are an indication that the Government enterprise is joining with natural advantages in assuring the future of this important city. So far as attractiveness to settlers, and particularly British settlers, goes, Victoria has nothing to fear by comparison with any other Canadian city. For one thing, the environment has the note of familiarity that comes of the presence of many men from the Old Country. Victoria is a very English city, and for all its far western setting, the Englishman in it feels at home. And so that the elements of natural beauty

Brantford in the history of the Canadian Order of the Woodmen of the World. Over one thousand members of the order paid a great and long tribute to the departed members of their order by erecting over their last resting place a beautiful monument as a token of their esteem which they were held by their fellowmen. They also laid beautiful bouquets of flowers on the graves of their deceased members as an exhibition of christian and brotherly love. The great and grand motto of the order "That no Woodman shall sleep in an unmarked grave," was clearly demonstrated by the solemn and impressive services held by the Woodmen in the different cemeteries yesterday afternoon. The rendition of sacred music by the Dufferin Rifles band and the singing of hymns by the Brant Quartette added much to the christian spirit which was displayed. There were members of the order present from the west as far as London and St. Thomas, east as far as Toronto, south from the lake front and north from Owen Sound. Lodges in the intermediate points also sent representatives. The citizens turned out by the thousands and flocked to the cemeteries to witness the ceremonies, which were

"Gone but not forgotten." This was the thought that flashed through the minds of those who attended the services.

In the Morning

Yesterday morning the visiting brethren arrived on special and regular trains, and by noon the city was besieged by hundreds of out-of-town Woodmen. The hotels were kept busy serving meals to the large number of visitors.

The Parade

The local and visiting brethren assembled at the W. O. W. Hall, Moffat Block, Dalhousie street, and shortly after two o'clock, the procession left for Mt. Hope cemetery via The order of the parade being:

ARE INDIGNANT OVER "DEBORAH"

(Canadian Press Dispatch)

TORONTO, June 9.—Following the decision by Judge Morson on the appeal that "Deborah" is not immoral that well-advertised play in the form in which it was approved by Wm. Banks, the censor, will be presented at the Princess Theatre to-night and for the remainder of the week.

Those who secured the conviction of the players before Magistrate Denison after "Deborah's" previous presentations are indignant over the situation and it is possible that further steps may be taken to drive the play from the Toronto stage. Nothing, however, will be done until after to-night's performance.

sermons had an attendance which could not be accommodated by the enlarged capacity of the church.

At the morning service it was possible to accommodate all but at the evening service easily one hundred were turned away. Rev. D. T. McClintock the pastor of the church presided at both services, assisted by Rev. W. J. Clark, D. D., of Westmount, Montreal, who delivered two strong sermons. Truly has it been said that Dr. Clark is one of the most eloquent men in the Canadian church. The services were of a high order.

The musical numbers were all rendered in god voice and excellent style. Too much cannot be said of the good work of the choir and its leader, Mrs. Edward Barton and the organist Mrs. George Cromart.

Morning Service.

At the morning service Dr. Clark, previous to introducing his sermon, congratulated the pastor and congregation upon the erection of such a beautiful and commodious house of worship and wished them many days of usefulness together. It was just 25 years ago yesterday that Dr. Clark opened a ministry of a few months at the Zion Presbyterian church in this city, in the absence of the late Dr. Cochrane, who was in Europe. He spoke of having very kindly thoughts of the citizens of Brantford and the

Evening Sermon.

At the evening service Dr. Clark took his text from St. John 6: 67, 68: "Then said Jesus unto the twelve: Will ye also go away? Then Simon Peter answered him, Lord to whom shall we go? Thou hast the words of eternal life." Dr. Clarke spoke of the fact that Christ had been a popular preacher and that at the time the text speaks of the people were turning away from Him and when that happened He turned to his little circle of disciples and asked, "Will ye also go away?" The speaker dwelt upon three reasons why the little circle of men were loyal to their Master. First, they were sincere and serious minded men; second, that if they turned from him there was no one that could help them as he had; third, the strong affection and confidence that had grown up through their knowledge of, and intercourse with Him. He closed by saying that Christ offered Himself and if we accepted Him and were loyal as these disciples He would be our friend and Saviour in life's greatest crisis.

WAGES IN PRISON.

Prisoner Who Will Come Into Legacy When Set Free.

In Southwark County Court, on Monday, the question was discussed whether a man who is receiving compensation for an injury under the Workman's Compensation Act is entitled to receive that compensation while he is in prison. The man was receiving £2 a week compensation, which was stopped by the employers when he was sentenced to eighteen months' hard labor for stealing.

Judge Granger said that on the evidence of the prison doctor he came to the conclusion that the man was still partly incapacitated owing to the injury, but he was able to do light work. He, therefore, assessed the amount he was entitled to, if anything, at 12s. a week.

The further question he had to decide was whether any misconduct on the part of the workman could deprive him of compensation, about "during good behaviour." He, therefore held that the man was entitled to 12s. a week during partial incapacity, the award to that back to the time when the payment was stopped.

The decision means that if the man serves his full term he will come into a little windfall of £43 on leaving prison.

Scientific Toe Construction

Foot-Rite Shoes have an IMPROVEMENT in shoe toe construction that will appeal forcibly to sensible men.

The Foot-rite Toe is built one-sixth longer than regular, to give perfect toe freedom, yet the toe does NOT LOOK longer or the shoe in any way larger than other shoes.

The difference is in the scientific fit of the vamp, which holds the ball of the foot firmly in place and prevents the toes from slipping forward to press against the sides or end of the toe-cap (see illustration).

In a Foot-rite Shoe your toes are free to move at will in any direction. At the same time the appearance of the toe-cap is as natural, shapely and neat as in the highest priced custom-made shoes.

Arson Squads Are Aggressive and Are Causing Damage.

(Canadian Press Despatch)

LONDON, June 9.—The suffragette leaders charged with conspiracy under the Malicious Practice Act, began their trial at the Central Criminal Court today. The accused comprised Harriet Kerr, Miss Agnes L. Rachel Barrett, Mrs. Beatrice, Miss Annie Kenny, Miss Lennox and Edward Clayton. Aylmer, alleged to be the leader of the suffragettes, was absent from their camp. "General" Flora Drummond, who was charged to-day with the offence of not appearing at the trial, was absent owing to her illness.

Little interest appeared shown by the general public and there were only a few men in court, who like the women wore black bands on their heads as a sign of mourning for Mrs. Wilding Davidson, the miller's wife who died yesterday from the effects of a gas attack while trying to interfere with King's horse when he was at full gallop in the race Derby last Wednesday.

There was a big array of counsel in the case, including Sir Simon, the solicitor general, leading barrister on behalf of government, which is acting as prosecutor while Richard David is one of the best known barristers for the defence.
