A Touch of Kindness.

(From Coolidge.)
If you were talking up a weary hilt
Heard a loud boisterous sound, your strength to bear,
Straining every nerve untruly, and still,
Stumbling and losing foothold here and there,
And every one passing by would but so much
As give one upward lift and go their way,
Would not the slight reiterated touch
Of help and kindness lighten all the day?

If you were breathing a keen wind, which tugged
And buffeted and chilled you as you strove
Till, lashed and bewildered quite, you lost
The power to stir the gray and aim and move,
And one, if only a moment's eye,
Gave you a shelter from the Mute blast,
Would you not feel it easier in loss
The storm again when the brief boat was past?

There is no battle and there is no might,
Nor is there any triumph and no defeat,
A look, a word, a light responsive touch,
Can be the minister of joy to pain.
A man can die with hunger pangs in gold,
A woman may quicken hope to stronger breath,
And every one who gives or who holds
Some little thing which tells for life or death.

A Prairie Wife.

In the Canadian Collier of a recent date was a description of a prairie wife, showing the conditions under which she lived and worked, and pleading for a recognition of Canada's debt to her in the development of the country. The fact that it has been widely reprinted in the Canadian press, reveals the consciousness of that debt, and the appreciation of her share in nation-building. It is hardly possible to exaggerate the limitations and difficulties of her life. Going from the East, where social privileges are many, and taking up her abode amid the solitude of the prairie, she faces a life that no one can understand who has not experienced it. Prairie homes have seldom the advantages of the East, and they are frequently situated where no sight of life can be had from any side. And here the woman works and waits through the interminable hours of national development.

A man who was in Edmonton twice this summer states that upon both occasions he saw insane women being put on the train for the East. The prairie isolation had been too much, and at last, too late, they were being taken back to older Canada. In Calgary is a man who has had experience on this line. A few years ago he took up a quarter section and lived on it. He was miles away from any other human being, and such was the sense of isolation that when within six weeks of the time when the housestead would be his by virtue of occupation, he fled the spot, fearing that he might secure the property at the cost of his intellect.

Fair warning should be given to the women of the East, whose conception of the West finds form in a golden picture of waving grain, framed in blue sky and varnished by sunshine. There are days when the picture holds true. There are wanderings and peculiar charms of the prairie. But there are features which ought to be known. There are the days of loneliness and heart break that can hardly be atoned for by any profit. Let all honor be given to the woman who has gone and paid the price, but let those who are facing a decision be fairly warned of the other side of prairie life.—Ottawa paper.

Beware of Blood-Poison.

ZAM BUK IS A SURE CURE.
Mr. Jas. Davey, of 786 Ellice avenue, Winnipeg, says:—"A few months since I was cured of a poisoned finger through the timely use of Zam-Buk."
"I cut a deep gash across the knuckle on the first finger of my right hand in opening a lobster can. I suffered at the time with the soreness and pain, but had no idea it would become a serious wound. However, in about two days I was greatly alarmed, as my whole hand and arm to the elbow became suddenly inflamed, and the finger was much discolored, showing signs of blood-poison. The pain was dreadful and I was forced to leave off my work and go home."
The wound on my knuckle had been poisoned by dust and dirt getting into it. I then decided to start the Zam-Buk treatment, and having first bathed the cut, I applied the Healing balm. It soothed the pain almost instantly, and by next day there was a great improvement.
"In a week's time, through perseverance with the wonderful preparation, a complete cure was brought about."
Zam-Buk is just as good for eczema, ulcers, scaly sores, abscesses, piles, ringworm, boils, varicose ulcers, running sores, chapped hands, etc. It draws all poisonous fluidness from a wound or sore and then heals. Use it, too, for cuts, burns, bruises and all skin injuries. Zam-Buk Soap should be used in conjunction to the balm for washing wounds and sore places. Excellent, too, for baby's bath.

All druggists and stores sell Zam-Buk at 50c. box and Zam-Buk Soap at 25c. tablet. Post free upon receipt at price from Zam-Buk Co., Toronto.

The Welcome Girl.

The girl who makes friends wherever she goes is delightful. She comes into a room like a sea breeze—fresh, laughing, nodding, right and left, with happy impartiality. She is ready for anything, and she throws cold water on your fancy. She generally speaks the funny side of things, and she has such a whole-hearted way of describing them that you feel as if you had seen them yourself. She does not retail gossip, and she does not think how to be spiteful or sarcastic or bitter, and never exaggerates to produce an impression. She knows how to be clever and funny without being unkind, or untruthful, or coarse. She pretends to consider the world good and honest until it proves itself otherwise. She always gets along, for she has friends everywhere. Her heart is big enough to contain everybody, and she never forgets her friends, or is forgotten by them.—True Voice.

Gems of Thought.

The only way to keep happiness is to have it. We save it when we scatter it everywhere.

Who shall despair while the fields of earth are sown with flowers and the fields of heaven blossom with stars!

Never forget that when God takes away the sunshine, He always puts stars in the sky.

An Aged Nova Scotian.

Edward Munroe, who lives in Louisa, Ont., is an old civil war and naval veteran, born 103 years ago, and has had adventures enough to fill a volume work that would be most wonderful than fiction.

He was born on September 3, 1809, at Ferry, Nova Scotia, his father being Scotch, and his mother an English lady. His grandparents had at that time been some time settled in Nova Scotia and were, in fact, some of the earlier settlers.

Mr. Munroe entered the United States Army in 1827, but left it after a time for the merchant service. When the war commenced he rejoined, and was posted to Commodore Porter's mortar flotilla, and sent to the Mississippi. Among other operations of the war in which he shared was the reduction of New Orleans, under Admiral Farragut. His ship took part in the twelve days' bombardment of Vicksburg as well as blockading duty in the north. An other stirring part of his experience was the bombardment of Savannah during which they were left with only two mortar boats, and might, if the enemy had but known, have been easily made prisoners.

"We were off Savannah," he explained, "and Jose, the boatsman, was waiting alongside a vessel in the hope of getting a job to take some of the passengers ashore."

"Suddenly there was a shout, for it was seen that a nurse descending the ladder from the vessel had slipped, and had dropped a baby into the water."

Why Buy at Home?

Because my interests are here.
Because the community that is good enough for me to live in is good enough for me to buy in.
Because I believe in transacting business with my friends.
Because I want to see the goods I am buying.
Because I want to get what I buy when I pay for it.
Because my home dealer 'carries' me when I run short of cash.
Because some part of every dollar I spend at home stays at home and helps to buy the welfare of the city and country.
Because the home man I buy from stands back of his goods, thus always giving, value received.
Because I sell what I produce to my home people, be it labor of goods.
Because the man I buy from helps support our poor and needy, our schools and churches, our lodges and our homes.
Because if ill-luck, misfortune or bereavement comes, the man I buy from is here with his kindly expressions of greeting, words of cheer and if need be, his pocket book.
Let us make our home town a good place in which to work and live. It's easy and certain if every one will contribute his share.

The boy's appetite is often the source of an appetite. If you would have such an appetite take Chamberlain's Tablets. They not only create a healthy appetite, but strengthen the stomach and enable it to do its work naturally. For sale by all dealers.

Ladies!

WHICH appeals to you more? A truth backed by a bond of good faith, or a mere claim?

Judge this:

REGAL Flour yields the best quality and the largest quantity of bread per barrel of any flour in the world. Costs a bit more but you save on the quantity it bakes. Lovely loaves, white and light. Fine flaky pastry too.

Essential point:
Try one barrel. If we have not here signed our name to the truth, your dealer will return your money. Then we must pay him. And worse still, we shall lose your good opinion forever. Remember—Regal—the flour that is used exclusively by many of the best bakers in the provinces.

Hymns That Soothe and Save.

Opey Smith writes: "How very often the singing of a hymn has been the means of reaching those whom all other methods have failed to touch. There are many people who will sit unmoved by an eloquent sermon, but watch them when some sweet old hymn is being sung, and you will see the lip quiver, the tears, come unbidden to their eyes. Before my conversion, I was often brought under deep conviction through the singing of playing of hymns."
I have even been moved to tears by hearing 'Nearer My God To Thee' played on a street organ. Some years ago, after travelling through Central South America with horses for a wealthy Mexican, I landed at Bahia, in Bahia. In Bahia, I stayed in a boarding house where I was very comfortable, and underneath some coconut trees outside the native church, and hearing the black congregation singing a well-known tune, there came a deep longing to get right with God. I felt lonely, miserable and sin sick.
A kind word just then might have changed conviction to conversion.
On another occasion, at Espoon races, I heard a band of missionaries singing 'Come unto Me, it is the Savior's Voice.' As I lay down in the stable that night to rest, that invitation kept ringing in my ears.

A Wonderful Line of Stationery.

The stationery printing in this office is giving the best of satisfaction. Last week we printed 100 statements for a man and by their aid he collected a small fortune. Two months ago a man bought of us some note paper and envelopes and now he is married. Another young man stole some of our paper to make cigarettes and now he is dead. A young lady got some of our paper to curl her hair on and now she has a beau. We have only a few packages of this kind in stock. By using our stationery every person can collect old accounts, tell fortunes, make rain, change the color of the hair, extract teeth without pain; if you are married, keep tab on your husband, find out if he is really determined from home on business; if you are unmarried, find out the name of your future husband or wife, be successful in business, be elected to office. Give us a call.—Abile (Kens) Reflector.

'No, Ferdinand, owing to circumstances over which I have no control, I can never marry you.'
'What circumstances, Araminta?'
'Your circumstances, Ferdinand.'

ROYAL BAKING POWDER

ABSOLUTELY PURE

Cooking under modern methods and conveniences is made so attractive the whole family is becoming interested.

"These biscuits are delicious; this cake is excellent," says the father. "I made them," says the daughter, and both father and daughter beam with pleasure.

Royal Baking Powder has made home baking a success, a pleasure and a profit, and the best cooking today the world over is done with its aid.

Advanced Agriculture.

Intensive agriculture is producing some startling results in Britain. In an official account of tomato growing recently issued, it is stated that 50 acres produced over 600 tons at a value of \$50,000 for the crop. Even allowing for a market that precludes the entry of canning factories, which are so important a factor here, it is quite evident from these figures that the Canadian farmer is in the kindergarten class in this line of industry.

Chopped Herbs.

Wash your hands with warm water, dry with a towel and apply Chamberlain's Salve just before going to bed, and a speedy cure is certain. This salve is also unequalled for skin diseases. For sale by all dealers.

THE ACADIAN.

WOLFVILLE, N. S., NOV. 22, 1912.

New Brunswick is to have a board of moving picture censors, and Quebec is thinking of having one. The success of Ontario's experiment in controlling the 'movies' ought to commend similar action in every Province of the Dominion.

The date for the opening of the provincial exhibition at Halifax next year has been fixed for Sept. 3rd. At a meeting of the Exhibition Commissioners on Tuesday evening it was decided that in future the exhibition will always open on the second Wednesday in September.

The appointments to fill the five vacancies in the Senate for this province have been announced as follows: W. B. Ross, K. C., of Middleton; E. L. Girroir, M. P. P., of Antigonish; Dr. W. M. MacKay, of Cape Breton, (ex. M. P. P., and former Conservative leader in the provincial legislature); Nathaniel Curry, formerly of Amherst; and William Dennis, proprietor of the Halifax Herald.

As a result of the election on Monday resulted in the return of Hon. Louis Goderre, the recently appointed Secretary of State in the Borden government, by the decisive majority of 2,266 over his opponent, Louis Dogue, who sacrificed his cash deposit, having failed by ninety votes to poll the necessary minimum. Hon. Mr. Goderre received a comfortable majority in every ward in the constituency and in Westmount had 1,055 votes to his opponent's 55. The naval policy of Hon. R. L. Borden does not appear to be very unpopular even in the province of Quebec.

The Forestry Branch of the Department of the Interior reports gratifying progress in its study of the Wood-Users Industry of the Maritime Provinces. The answer to the first request for information has been quite favorable, but before starting on the compilation of the report, a second request will be mailed to all who did not answer the first circular. The date at which the publication will be issued will largely depend, of course, on the promptness with which the schedules sent are returned to the Director of Forestry. The names of manufacturers furnishing information by returning the schedules will be classified (by industries) and published as an appendix to the Bulletin, which will thus serve as a Trade Directory of the Wood-using Industries of the Eastern Provinces.

The Maritime Merchant noting the increased interest in farm settlement in these provinces, says:—'This means that the agricultural industry of the Maritime Provinces is coming into its own. As our eastern country develops, our home market will encourage farmers to properly develop their lands. Soon, instead of importing from the west such large quantities of various farm products, we shall be supplying our own needs, and looking for a share of the thousand million dollar-a-year import trade of the United Kingdom in these commodities. The ships that now load Ontario produce at our ports, will load maritime produce. We are on the threshold of great things in all departments of activity, and we feel that our farms are about to share fully in all the good things in store.'

In the Review of Reviews for November appears an interesting article, 'Canada's Government Railways, an Experiment in Public Ownership and Operation' by Albert J. Beveridge, former United States Senator from Indiana, in which the writer furnishes a brilliant and informing discussion of the conception, construction and operation of the Intercolonial Railway, with an interpretation of its national importance. In the December number will appear an article from the pen of P. T. McGrath, editor of the St. Johns (Newfoundland) Evening Chronicle, and member of the Upper House of the Newfoundland Legislature, entitled, 'Is Canada to Have a Navy.' This article will set forth Mr. Borden's point of view as well as that of the opposition headed by Sir Wilfrid Laurier, and will be an informational, comprehensive discussion of the naval policy of the Dominion.

'Woman' and 'Lady.' The Fall River, Mass., News recently renewed the old discussion as to whether lady or woman is the nicer term to use in speaking of the sex which we all love. And it referred to the abuse of the term 'lady' which has given it almost a sarcastic meaning. It compared also the word 'man' with the word 'man' which is the one which men like even above the term 'gentleman'. To be a 'man' seems to express just about the finest thing which is possible for that part of the population which still 'politic' has been in sole charge of the politics of the nation. So far a person to be 'womanly,' 'gentle,' 'womanly' means at the present time something far better than the assertion that she is a 'lady.' All the under world has its lady friends and would feel it an unpardonable sin to refer to them in any other way. It would seem now a 'lady' as if the fine old word 'woman' were indeed coming back to its own. It has within itself all the distinction for which one may seek and avoid all the affectations and the possibilities which have gone with the other word. A 'lady' may be ever so immaculate a creature, a 'woman' never can be that. So woman let it be.

Keep Borden's Judgment in the House. The twelfth annual Maritime Winter Fair is to be held at Amherst on Dec. 2-5.

Recent Deaths.

Mr. W. H. Congdon, an aged and respected resident of Port Williams, passed away on Thursday of last week at the advanced age of 82 years.

He was twice married. His first wife was Miss Letitia Newcombe, daughter of Squire Hiram Newcombe, of Union Square, who died in 1876. Six children were born to them, Haris S., of Dartmouth; Arthur, of Windsor; Gilbert, of Port Williams; Mrs. Freeman Hilsley, who died in South Dakota; Mrs. Clara Packman, of Calgary; and Mrs. H. Fowler, of Fort Fairfield, Maine. Some years later he married Mrs. Sarah Newcombe, daughter of the late Gideon Strong, and only living sister of Mr. S. S. Strong, of Kentville.

The deceased took a very active part in the work of the Methodist church and was identified with every movement for the advance of the temperance reform.

The death of Mrs. Henry Farrell, a former resident of Wolfville, took place at the home of her son, Mr. Joseph Farrell, at Hyde Park, Mass., on Sunday last. The deceased had for a number of years been living in Kentville and left recently to visit her son, thinking that the change might be beneficial to her health which had not of late been good. The news of her sudden demise was heard with regret by many friends. Four sons, Joseph, William, John and Richard, all residing in the United States, are left to mourn. The remains were brought to Kentville on Wednesday.

The death of Mrs. Elizabeth A. Palmeter, relict of the late Robert Palmeter, occurred at her home at Long Island, on Monday. Deceased was 71 years of age and had been in failing health for the past two years. She was formerly a Miss Jenks and was a lady very highly esteemed. A large family mourn her loss. The funeral took place on Wednesday afternoon, Rev. A. C. Borden, D. D., of Grand Pre, officiating.

The death of Mrs. Mary Anna Oliver, wife of Mr. William Oliver, took place at her family residence, this town, at about 4.30 p. m. on Tuesday. The deceased was in her 52nd year and has spent exactly half of her life in Wolfville, being a native of Kentville. She was a good wife and faithful mother. Besides her son, Edward, she had four sons, five daughters and one grandson are left to mourn their loss. The funeral was held at 2.30 o'clock yesterday.

A very sudden death occurred at Greenwich on Wednesday morning, Mr. Isaac C. North, an aged and highly esteemed citizen of Berwick, had with his wife come to Greenwich on Tuesday evening intending to take the early train next morning for Amherst, where they expected to spend the winter with relatives. They stayed over night at the home of Mrs. Neary and arose very early next morning so as to be in time for the train. On the way to the station they missed the road in the darkness and Mr. North, who was 88 years of age, stepped into the gutter and fell. He was taken into the home of Mr. Charles Forsyth and Under taker Woodman was summoned. The remains were taken back to Berwick on the 10 o'clock train. The deceased was well known and much respected and his sudden death was a shock to many friends.

Another very sudden death occurred yesterday at the Wolfville railway station, when Mr. James Rodden, of Aylesford, formerly for many years of Aylesford, fell dead without a moment's warning. Mr. and Mrs. Rodden had been visiting old friends in this vicinity and were en route on Wednesday night at the home of Mr. and Mrs. Robert Scheld, this town. They were leaving for home yesterday morning, and while talking at the station to Mr. R. E. Harris, Mr. Rodden fell dead. He was 84 years of age and a man highly esteemed.

Letters from Mothers.

Every day we have letters from thankful mothers telling us what baby's Own Tablets have done for their little ones. Some praise them for constipation, others for teething troubles, and still others for vomiting, indigestion and many other ills of babyhood and childhood. We have received thousands of letters—giving praise Mrs. W. G. Crowe, Midland, Ont., says: 'I think very highly of baby's Own Tablets. I gave them to my baby when troubled with constipation and they helped her so much I always keep them in the house and now use no other medicine. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.'

A Great Industry.

There are about 20,000 people in Nova Scotia engaged in the fishing industry and over 150 vessels are employed at present. Every year some improvements in equipment and methods of fishing, facilities for handling the production and an increase in the number of men employed. Halifax is the clearing port of the fisheries and over \$5,000,000, about half the total value of all fish handled in the province, passes through it. As an indication of the growth of the industry may be cited the fact that in 1902 there was not a single cold storage plant in all Nova Scotia. At present there are four and one of the largest of these enterprises doubling its capacity every year.

THE EATON STUDIO MAIN STREET Distribution of Seed Grain and Potatoes C. P. R. for Halifax.

FROM THE DOMINION EXPERIMENTAL FARMS—1912-1913. By instructions of the Hon. Minister of Agriculture a distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for distribution will consist of spring wheat (5 lbs.), white oats (4 lbs.), barley (5 lbs.), and field peas (5 lbs.). These will be sent out from Ottawa. A distribution of potatoes (in 3 lb. samples) will be carried out from several of the experimental farms, the Central Farm at Ottawa supplying only the provinces of Ontario and Quebec. All samples will be sent free, by mail.

Applicants must give particulars in regard to the soil on their farms, and some account of their experiences with such kind or grain (or potatoes) they have grown, so that a promising sort for their conditions may be selected. Each application must be separate and must be signed by the applicant. Only one sample of grain and one of potatoes can be sent to each farm. Applications of any kind of printed form cannot be accepted. If two or more samples are asked for in the same letter only one will be sent.

As the supply of seed is limited, farmers are advised to apply early, and the applications will not necessarily be filled in the exact order in which they are received. Preference will always be given to the most thoughtful and explicit requests. Applications received after the end of January will possibly be too late. All applications for grain (and applications from the provinces of Quebec and Ontario for potatoes) should be addressed to the Dominion Cerealist, Central Experimental Farm, Ottawa. Seed potatoes require no postage. If one was addressed delay and disappointment may occur. Applications for potatoes from farmers in any other province should be addressed (postage paid) to the Superintendent of the nearest Branch Experimental Farm in that province.

J. H. GRISDALE, Director, Dominion Experimental Farms. The Boy Scouts. The sale of tickets has met with a very gratifying success and prospects are good for a crowded house at Friday evening's entertainment. This is very encouraging to the boys and to those in charge. The Scouts wish to gratefully acknowledge a donation of \$1.00 from Dr. W. L. Archibald, one of \$5.00 from Dr. G. E. DeWitt and one of \$2.00 from Mrs. C. Brown, of Halifax.

It is hoped that wireless telegraphy can be taken up during the winter. All the Second Class Scouts know the International Morse Code and a little practice should enable them to become expert operators. The Ayosport yard of the N. S. Clay Co. has just finished building their eighth kiln of brick. This makes one and a half million brick manufactured at that yard besides some drain tile. Mr. L. E. C. H. BORDEN WOLFVILLE.

Death of Dr. Bowles.

Wolfville people were shocked on Wednesday morning with the news of the death of a very highly esteemed citizen, Dr. Edward P. Bowles. The report at first seemed unbelievable. The doctor had been so long a prominent resident of the town and filled such an important place that it seemed impossible that he had passed from among us. For over forty years he has been the much-loved physician—the friend and helper of rich and poor alike. On Tuesday he was about his duties as usual and in the evening he was absent town in apparently his usual health and spirits. He retired at an early hour and at about 11 o'clock was taken seriously ill. Mrs. Bowles summoned to her assistance, Mr. and Mrs. George Munroe, nearest neighbors, and Drs. Baras, DeWitt and Moore were soon at his bedside. Nothing could be done, however, and within a very few minutes life was extinct. Dr. Bowles was born at Centreville, this county, sixty-seven years ago. He was educated in the public school and at Acadia and Dalhousie Universities. He was a very bright student after completing a course in medicine in New York he began to practice in this town, where he has since continued except for a short time which he spent in Halifax. All through his residence in Wolfville he took a lively interest in the life of the community, and was an active member of the town Council and filled the position of Mayor for two terms. He had many friends and as far as we know, no enemies. His practice was a large one and perhaps no man in the county will be more widely missed, especially among the poor to whom he so often gave his best professional skill without stint.

He leaves a widow, one son and one daughter, who have the heartfelt sympathy of all.

The funeral will be held on Saturday afternoon at 2 o'clock, from his late residence.

'It is a pleasure to tell you that Chamberlain's Cough Remedy is the best cough medicine I have ever used,' writes Mrs. Hugh Campbell, of Lavonia, Ga. 'I have used it with all my children and the results have been highly satisfactory.' For sale by all dealers.

Dr. W. L. Archibald delivered a most interesting and instructive lecture before the Current Topic Club of the Seminary last Tuesday evening. His subject was 'The Acadian Institutions and Nova Scotia Scenes.' The lecture was illustrated by charming views of bits of Nova Scotia's famous scenery, as well as pictures of the old college hall, the present buildings on the campus, and some of the men who have made Acadia what it is. Dr. Archibald's lecture was most thoroughly enjoyed.

In your husband's case! An irritable, fault finding disposition is often due to indigestion. A man with good digestion is nearly always good natured. A great many have been permanently cured of stomach trouble by taking Chamberlain's Tablets. For sale by all dealers.

Mr. H. K. Casky, the General Secretary of the Laymen's Missionary Movement in Canada, gave a very able and interesting address in St. Andrew's church on Friday evening of last week. The attendance was very large, owing to insufficient notice being given, but those present speak very highly of the speaker and his message.

Another Victory for Acadia.

At eight o'clock last Saturday morning over 200 persons from the college and the town left by special train for Halifax, to witness the football game there between Acadia and the Wanderers. The game was a decisive victory for Acadia by the score of fifteen to nil. Hardly once during the game, was the outcome in doubt. The collegians outclassed the city players at almost every point. Their scrum work was vastly superior. The Red and Black's scrum was pushed all over the field.

Acadia's quarters were all of them sharp on the ball and fast, Eaton and P. T. Andrews starting in individual work. They fed their halves in fine style, as well they might, with the leather coming back to them almost every time from the scrum. But the collegians did not make the most of their opportunities and often lost a sure try by wild passing. They all showed speed and side-step stunts that fooled their opponents. Leaman was particularly fast and nailed the Wanderers' fast halves with apparent ease. P. S. Andrews, the college captain, put up an energetic but steady game, while Morrison and Porter shone more especially in individual plays. A full back, Higgins was as steady as they make them, a sure catch, punt and kicker. In the Red and Black rear section, Phillips, though as brilliant as ever at kicking, dropped the ball more than once, and lost ground for his team. On the half line Schaefer and Ross showed their regular bursts of speed, but could not get anywhere. Appleby lacked vim and Bauld showed himself less at home at half than at quarter. The city quarters had little to do because they could not get the ball from the scrum. Borne made one good rush and Goreham and Gillis put in some strenuous work.

Both teams played a good clean game. Least Lyane-Kreans handled the whistle most satisfactorily and kept the game well in order. The line-up was as follows: Wanderers Full-back Phillips..... Higgins Rosas..... Leaman Bauld..... Porter Schaefer..... P. S. Andrews Appleby..... Morrison Quarters Borne..... Eaton Gillis..... P. T. Andrews Goreham..... Kitchen Forwards McKenzie..... Freda Banks..... VanAmburg DeWolf..... Lyons Blois..... McKay Hart..... Spencer Morrow..... Kinman

Play started at 3.40, the Wanderers taking the first end and the kick-off. For the first five minutes the home side had the better of the argument and threatened Acadia's line, but weight, speed and condition scouted.

After a quarter hour's strenuous play Eaton flashed over the line from a five-yard scrimmage. Leaman failed to convert. Soon after P. T. Andrews got across for the college's second try. Leaman failed to convert. Score 6-0. 'Phil' Andrews tallied on a smart run from half-way. Morrison keeping with him to receive the pass, score 9-0. Four minutes after, P. T. Andrews made the score 12-0. In the second half there was but one score, the Wanderers working more together and Acadia resting on her laurels. Once the Red and Blacks came close to scoring, but Phil Andrews relieved. Ross tackled Eaton cleanly what looked like a try. Ross and Schaefer worked better together in this half. Morrison made a smart catch and run, passing to Kitchen who got over for the fifth and last try. Leaman failed to convert. From that line of the stock of Meats of all kinds will be kept constantly on hand, and customers will receive best possible attention. Our phone number is 124, and we shall be glad to wait on you.

Personal Mention.

(Contributions to this department will be gladly received.) Miss Thelma Sexton, of Falmouth, has been visiting friends in town this week. Mrs. Daniel Borden, of Town Plot, left on Monday to spend the winter in Brookline, Mass. Mrs. Hood, of Kingston, was in town over Sunday, visiting at the home of her brother, Mr. L. W. Sleep. Dr. Johnson, of Parrsboro, spent Sunday last in Wolfville, at the home of his brother, Mr. George A. Johnson, Summer street. Mrs. J. F. Kennedy, of Quebec, arrives home on Monday, having been summoned in consequence of the serious illness of her mother, Mrs. R. E. Harris. Capt. Henshaw has been home on a flying visit to his family this week. He is on his way to Belfast, Ireland, to bring over another fine ship for his company. A meeting to consider the advisability of organizing a branch of the S. P. C. will be held in the basement of the Methodist church next Tuesday evening at 7.30 o'clock. An address is expected from a representative of the Society from Halifax. A full attendance of citizens is requested.

CITY CIRCULATION AGENT

OF LEADING MINERAL SPRINGS AND LAKES GIN PILLS. FIVE long years of suffering from Kidney Trouble—two boxes of GIN PILLS—and it's all gone! That has been the experience of Mr. Eugene Quessel, Chief City Circulation Agent of La Patrie, of Montreal. He describes it feelingly: Montreal, May 19, 1912. 'I have been suffering from Kidney Trouble for over five long years. I had also Rheumatism in all my bones and muscles could not sleep nights and could not do my work. I had been in the hands of our best Physicians but got no relief and I lost over fifteen pounds. One day I met one of our leading hotelkeepers, who had been cured by your famous GIN PILLS, and he advised me to try them. So I bought two boxes at my druggist's and before I had used one box I felt a big change. Before I finished the second one I was completely cured. I can assure you I can hardly believe it for if I had only known what I know now I would not have spent over One Hundred Dollars for nothing when two boxes of GIN PILLS cured me. BEWARE OF QUACKS. GIN PILLS are gaining a world-wide reputation, by the way they conquer the most obstinate cases of Rheumatism and all kinds of Kidney Trouble. 50c a box, 2 for \$1.00. Sample free if you write to T. L. Harvey and Chemical Co. of Canada, Limited, Toronto, 149.

"IMPOSSIBLE TO HELP MY KIDNEYS"

Until I Used "Fruit-a-lives" Worlds Greatest Kidney Cure

Practically everybody in Toronto knows Professor J. F. Davis. For years, the elite of that city has taken lessons from Prof. Davis in the art of dancing and deportment. His constant activity gradually weakened his kidneys, which calamity threatened to make him an invalid. But read Prof. Davis' letter—

663 Church St., Toronto, Ont.

DECEMBER 29th, 1917

"I want to say that 'Fruit-a-lives' is my only medicine, and has been for the past five years. Previous to that, I had been troubled with Rheumatism and Kidney Disease, and had taken many remedies without satisfactory results. Noticing the advertisements of 'Fruit-a-lives' I adopted this treatment altogether, and as everyone knows, I am now—and have been since taking 'Fruit-a-lives'—enjoying the best of health."

What Christ Expect of Me.

What does Christ expect from me
At morning, noon, and night?
That, as He all my burden shares,
I may my brother's load of care
Strive ever to make light,
And thus with glad heart clearly see
The work His wisdom plans for me.

What does Christ expect of me
When I with sad souls meet?
That, by my sympathy and prayer,
I would their sorrowing hearts pre-
pare
To lay at His dear feet
Each heavy burden, and be free
His love to sing where'er they be.

"No, Mike, I am afraid of drops ever since Tim Flaherty died."

"Well, what about him?"

"He was one of the likeliest fellows in these parts. But he began the drop business in Barney Shannon's saloon. It was a drop of something out of a bottle at first. But in a little while Tim took a few drops too much, and then he dropped into the gutter. He lost his place, he lost his coat and hat, he lost his money; he lost every thing but his thirst for strong drink. Poor Tim! And the worse was to come. He got crazy with drink one day and killed a man. And the last time I saw him he was taking his last drop with a shivering noose around his neck."

"I have quit the dropping business, Mike. I have seen so many good fellows when whiskey had the drop on them. They took just a drop from the bottle, and they dropped into the gutter, and then dropped into the grave. No rumseller can get a drop on me any more, and if you don't drop him, Mike, he will drop you."

Young Temple Scores a Victory.

Some weeks ago Leoric Temple, a pupil at the Cedar Grove school in Newark, New Jersey, created quite a sensation because he refused to swear allegiance to the American flag and was dismissed from school. The case came in the courts, and on Friday, Mr. Betts, assistant state commissioner of education, upheld the boy and ordered that he be received back in the school. Young Temple said that he was acting under his father's instructions in refusing to swear allegiance to the flag.

The boy's father, Frederic Temple, is a native of St. John, N. B., and to some years was manager of an insurance company in Montreal. He was at the same time an officer in the artillery branch of the Canadian militia.

"The salute of the flag and the pledge at school assemblies are not mandatory by the law," the assistant commissioner said. "Therefore the boy breaks no law. Of course, the Board of Education of Cedar Grove has the right to pass rules for its schools, but such rules must not infringe upon citizen's rights. The boy's citizenship must follow his parent's until he is of age to choose for himself. It is within the boy's rights to refuse to pledge allegiance to any other flag or government but his own."

"There is food for reflection for the New York state authorities in the statement of William Knablauch, who has just completed a term in the New York prison. Knablauch says that serving a term in a New York institution is similar to taking a vacation at the expense of the state. He believes that the convicts are treated with far too great leniency.

Women suffering from any form of female ill are invited to communicate promptly with the woman's private correspondence department of the Lydia E. Pinkham Medicine Co., Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence. A woman can freely talk of her private illness to a woman; this has been established a confidential correspondence which has extended over many years and which has never been broken. Never have they published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which they have to draw from, it is more than possible that they possess the very knowledge needed in your case. Nothing is asked in return except your good will, and their advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page "Fruit-a-lives" book for general distribution, as it is so expensive. It is free and only obtainable by mail. Write for it today.
