## CANADA'S NAVAL PLAN BEFORE PARLIAMENT

### Blue Book Brought Down Giving Details of Imperial Defence Conference—Government Decides on a Start with Three Cruisers.

Ottawa, Nov. 17.—Canada's naval plans were laid before parliament this afternoon. They provide for the construction of three cruisers of the "improved Bristol" class, and four destroyers of the "improved river" class. The cost of the cruisers is estimated at \$5,750,000, and the cost of destroyers at \$1,500,000. The annual cost of maintenance is estimated at \$2,000,000. Two of the cruisers will be assigned to the Pacific coast and one cruiser and the four destroyers to the Atlantic coast. It is estimated that 1,408 officers and men will be required to man the ships, that the pay roll will be \$400,000, and the victualling \$100,000 a year.

There is also a military programme extending the plan already inaugurated of co-operation by the Canadian militia authorities with the imperial general staff, the exchange of officials with Great Britain and the training of the Canadian forces upon the British war office system.

The Canadian defence programme is based on the results of the Imperial Defence Conference in London last summer, and on the conferences which the Canadian minister of militia and the minister of marine had at that time with the British naval and military authorities.

The double seaboard of Canada was held to make it inadvisable for her to adopt a fleet unit of the present time. It was therefore proposed that Canada, with the funds she regarded as available for the beginning, should commence her fleet with cruisers of the "improved Bristol" type, and destroyers of the improved river type and that the vessels should be divided between the Atlantic and the Pacific coasts. Further, in accordance with the arrangements already made, Canada should continue the maintenance of the Halifax and Esquimaux dockyards and wireless stations, the upkeep of which were estimated to cost \$200,000 a year.

## SENATOR LANDRY SUES THE HERALD

Quebec, Nov. 18.—Senator Landry, of the town of Montcalm, has entered suit against the Montreal Herald for five hundred dollars damages for libel alleged to be contained in an article published in the Herald in connection with the King's birthday dinner at Spencerwood.

## LINER GROUNDED

Montreal, Nov. 17.—While coming up the St. Lawrence to Montreal the Dominion liner Dominion, stranded this morning opposite Cape Arloche, some miles above Quebec. She succeeded in getting off after being on the mud for an hour, and proceeded on her journey. She will be examined here. It is not thought the damage is at all serious.

## EIG YEARS EACH

Halifax, Nov. 18.—Charles Gallagher and Herbert Hassett, the two young men who held up Cashier Foot of the Dartmouth ropeworks, and attempted to rob him, were sentenced this morning by Judge Wallace to eight years each in Dorchester penitentiary. They pleaded guilty.

## CULPRIT'S WIFE STRUCK CONSTABLE

Toronto, Nov. 18.—Albert Bean, a young letter carrier, was found guilty yesterday of stealing registered letters from the mails and was sentenced to three years in Kingston penitentiary. Bean was detected by means of decoy letters. His wife of two months was in court and became hysterical when sentence was pronounced, and when the constable started to lead Bean out, she rushed forward and struck him in the face and clung convulsively to her husband.

## FATHER AND SON BOTH WERE LOST

Fredericton, N. B., Nov. 20.—Fred Carten, son of Richard Carten, was lost in the woods Tuesday afternoon, and when found was in a serious condition. The lad, who is only three years old, strayed away while his mother was absent from home. A short time later the boy's father returned to the house and was sent after his son. He did not return at nine o'clock last evening and searching parties were sent out. They looked for the father and boy until near morning when they were found in a clump of bushes. The father with the child in his arms had wandered around in a circle all night. The child was thinly clad and nearly perished.

## McBride, Ex-Minister, Condemns Policy Of Former Leader

Toronto, Nov. 20.—A Globe special from Victoria, B. C., says: R. C. Tatlow, ex-Minister of finance who resigned from the McBride cabinet, has yielded to public clamour and made a statement why he left the government. He says McBride had no time to consider the railway agreement which threatens to destroy the credit of the province. He told the premier he says that he could not support the policy and reminded him that he built up the credit of the country by a system of careful finance.

The ex-Minister condemns in unmeasured terms the whole transaction with McKeown & Mann which he declares will prove ruinous to the credit of the province.

The denunciation will have a great effect on the country as Mr. Tatlow is universally regarded as a sound financier who has done much for British Columbia.

## Three Cornered Contest In Nova Scotia

Halifax, Nov. 20.—Nominations took place Wednesday for provincial bye-elections in four counties in Nova Scotia. In three of them there will be contests, Victoria (B. C.) allowing the Liberal nominee, Mr. Buchanan, to be returned by acclamation.

In Lunenburg, Hants and Cumberland there will be contests, in the last named county the Labor party running A. L. Landry as its candidate, making a three-cornered contest the Conservatives and Liberals nominating respectively T. Sherman Rogers and H. J. Livingstone. The election there was rendered necessary by the death of Hon. W. T. Pipes, attorney-general.

In Lunenburg the Liberals nominated A. K. MacLean, who resigned from the house of commons to accept the attorney-generalship in the Murray government. As his opponent the Conservatives nominated J. W. Margeson, barrister.

In Hants the election is rendered necessary because of the death of C. S. Wilcox, the Conservative leader in the house of assembly. At Windsor to-day the Conservatives nominated

Albert Parsons, a business man of Walton, and the Liberals W. M. Christie, K. C., of Windsor.

The nomination proceedings in all the ridings were quiet, the biggest crowd being reported at Lunenburg where the gathering was estimated at 2,000.

The law in Nova Scotia requires all bye-elections to be held on the same day.

## TOOK FIRST BLOOD

St. John, Nov. 17.—In the bowling tournament today, the first game was won by Black's team, defeating the Marathons, 120 to 125, winning by four points.

## G. T. P. PROGRESS

Winnipeg Nov. 17.—Grand Trunk Pacific officials announce that by next day their steel will be laid beyond Tete Jaune Cache, on the other side of the main divide of the Rockies, 305 miles beyond Edmonton.

## I. C. R. REST HOUSE IN MONGTON PREY OF FLAMES

### Five Hours' Fight For Firemen—Six Type Writing Machines Destroyed—Thirty Clerks Forced into Temporary Quarters.

Moncton, N. B., Nov. 20.—Burning with such rapidity that, if it had been in the centre of the town, great destruction would have been caused, fire early Wednesday morning completely destroyed the building known as the I. C. R. rest house. The fire started a little after 3 o'clock, and for five hours the firemen labored before the conflagration was put out. As a result of the fire two offices have been put out of commission and thirty clerks have taken up temporary quarters in the old mechanical offices.

The offices out of commission are the car accounts and superintendent's car service. Six typewriters were destroyed, as also were seven car records and correspondence and the building has been completely demolished.

A shunting engine was passing the rest house and the crew saw a blaze in the express room of the building. They gave the alarm. Fifteen minutes later the city firemen arrived and the

flames were then shooting sky-ward.

## YACHT WRECKED

New York, Nov. 17.—Eugene Higgins' yacht Varuna lies today a total wreck on the northwest coast of the Island of Madeira. While the vessel is pounding in the storm on a rocky shore and is reported as likely to break up at any moment, all on board of her, with possibly one exception, have been saved.

## TRUST COMPANY FAILS

Philadelphia, Pa., Nov. 17.—The State Department of Banking today closed the American Trust Company of Philadelphia. W. A. Taylor, the state bank examiner, was appointed temporary receiver, and he immediately took charge of the company's affairs. The deposits amount to some \$100,000.

## SNOW AT QUEBEC

Quebec, Nov. 17.—This city experienced the first snowstorm of the season last evening, the beautiful falling to the depth of an inch or more. The weather is quite cold.

## MACLENNAN ARRESTED

Halifax, Nov. 17.—Chas. M. Maclellan, provincial manager of the Excelsior Insurance Co., who disappeared from Halifax about three weeks ago, was arrested at Dover, New Hampshire, to-day and will be brought back to Halifax. The superintendent of the insurance company, who is here, reports a shortage of three thousand dollars in Maclellan's accounts. He was arrested at the instance of the Guarantee company which was his surety for one thousand dollars.

## DISCOVERED AN EXTRA \$9,000

St. John, Nov. 17.—Since the will of the late Mrs. Katherine Murdoch was probated an additional nine thousand dollars in debentures has been discovered. It has been added to the estate and St. Stephen's Presbyterian church and the Natural History Society will be the chief beneficiaries.

## SHOCKING CASE OF CHILD MURDER

Belleville, Ont., Nov. 17.—Frances Beaverstock, unmarried, a Tyendinaga woman, appeared before Police Magistrate Bedford yesterday charged with concealment of birth of a child and of causing the death of the child through neglect. The father and mother of the woman gave evidence which went to prove the truth of the charges. The details of the case were most shocking. The woman, it was shown, had four children, only one of whom is now living. The case was adjourned until Saturday.

## GRIEVANCES WERE INVESTIGATED

Moncton, Nov. 18.—Judge Barron, of Stratford, Jas. Gilmour, of Brookville, and D. J. Donahue, of Toronto, the commission who have been here meeting F. P. Brady and a delegation from the I. C. R. C. machinists, left this morning for Halifax, where they will enquire into the recent dismissal of I. C. R. C. machinists. They were accompanied by Messrs. Brady and Joughins; also Messrs. Bleakney Wallace and Delahunt.

## BURIED IN A GRAVEL BANK

Woodbury, N. J., Nov. 17.—John Wallace and Joseph Cutler were killed and Horace Kercher, a boy, was probably fatally injured yesterday by the collapse of a gravel bank near here. The three were working in a tunnel when it caved in. Kercher, who was buried up to his neck, had both legs broken and internal injuries, which will probably result in his death.

## THAT EXTENSION C. P. R. TO HALIFAX

St. John, Nov. 17.—Asked about the proposed C. P. R. line to Halifax, Mr. D. McNeil said to-day that the company would give the Halifax proposal due consideration, and added that they were prepared to go wherever it could be shown that there was business worth going after.

## LOVE SICK YOUTH ASSAULTED GIRL

Toronto, Nov. 18.—John Smith, a young Englishman, is under arrest, charged with assaulting Annie Jamieson, because the girl refused to marry him. Smith, it is alleged, went to Miss Jamieson's boarding house yesterday and, peering in the door, told her that he loved her. The girl, it is said, refused to marry him. Smith was arrested by the police.

## EXTENSION OF THE C. P. R. TO HALIFAX

Halifax, N. S., Nov. 20.—President Johnson of the board of trade and Mayor Chisholm of Halifax reported to a crowded public meeting Tuesday on their interview at Montreal with Sir Thomas Shaughnessy and D. McNeil regarding the extension of the C. P. R. to Halifax.

They called attention to the C. P. R. officials to the route by Harvey, Chipman and Fredericton, to Moncton in New Brunswick, and via Parrsboro, Colchester to Dartmouth in Nova Scotia. This would give a line shorter than the I. R. C., and would afford grades equal to those of the G. T. P.

The delegation was cordially received by the C. P. R., and President Johnson, at the conclusion of his speech, said that he was as sure as that he stood where he was, that the C. P. R. would be built to Halifax.

President Johnson announced that he had been assured at Ottawa, he would not say by whom, that the Dominion government would grant a subsidy of \$6,400 to such a road. A vigorous campaign will be entered upon in Nova Scotia to create a general interest in the enterprise.

FREDERICTON PLEASSED

Fredericton, N. B., Nov. 20.—Fredericton business men and others are much encouraged over the report that comes from Halifax that the C. P. R. will reach the city by a route from Harvey to this city, thence to Chipman and then through Moncton to Halifax. It is understood that the Board of Trade are going to take action that will bring many advantages of this route before C. P. R. authorities.

A LONG FELT WANT

As the cold weather approaches and the days grow shorter, we realize that soon the ferry boat will be headed and traffic between here and Nelson and Chatham very much handicapped, until such time as a natural bridge is formed.

I. C. R. Pictures Prove Popular

At one of the principal Bulletin Stations of the New York Herald an election night, the waiting thousands on the street, eager for the election returns, had also an opportunity of viewing some very beautiful pictures of the scenery along the line of the Intercolonial Railway.

Several noted lecturers will use Intercolonial Railway views to illustrate their lectures this winter, and the attractions of the "people's Railway" will thus be displayed to audiences of a refined and cultured class.

The Pennsylvania Railway is experimenting with gasoline motors. Will old king coal be deposited even on his own estate?

FOR economy in the table expenses increase the amount of Quaker Oats; eat it at least twice a day. It does more than other foods and costs only a fraction as much.

The D.L. Emulsion Will GIVE YOU AN APPETITE! TONE YOUR NERVES! MAKE YOU STRONG! MAKE YOU WELL!

FARMERS' COLUMN, AT THE OPERA HOUSE

SUBURBAN FLOCKS

The number of fowls raised in cities, towns and villages cannot be estimated. They run up into the millions of dollars' worth. It demonstrates, however, the fact that all kinds and classes of people find profit and pleasure in poultry.

EXERCISE

During the winter, when snow lies on the ground any considerable length of time, covering up a large proportion of nature's food, different methods are necessary if fowls are to be secured.

A WORLD POWER

Scanning the masthead of the New York Herald makes this reference to "Our Good Neighbors on the North" with a land area greater than that of the United States—excluding Alaska and Hawaii—a representative government and an ingenious and enterprising population that is rapidly increasing from natural growth and immigration.

After quoting appreciative comments of Canadian papers, the Herald says: "A great, free and growing people like the Canadians, with a truly imperial domain within which to expand, are destined within a short time to wield a world wide influence."

His Grace Archbishop Bruchet, in view of the present month being the time for presenting petitions for hotel licenses in Montreal, has instructed his clergy to urge their parishioners to sign only petitions against such licenses.

All over the world the man who acquires wealth by fraudulent manipulation of the stock market, or by means of unjust privileges obtained through improper legislation, is being called upon to answer for his possessions.

Toronto will have to enlarge her jail and buy another gross of stone hammers, if the education of the students who swarm to this city in increasing numbers annually, is to be made as thorough as it should be.

The gratifying intelligence now arrives that the reports about the splitting up of Mars were grossly exaggerated. It spoils a good newspaper story in a time when big news is not too plentiful, but we are glad for the Martians.

A woman suicided in a church at Buffalo. We were thinking seriously—says the Montreal Herald—of going to church some time, but if this is the effect it has on one we won't take a chance on it.

When the devil feels the need of a good hearty laugh he goes to a cemetery and reads the tombstone inscriptions.

The Klark-Urban Company at the Opera House continues to please. Their plays, chiefly of the melodrama type, are presented in fine style.

"It is the custom on the stage, in all good murderous melodramas to present the tragic and the comic scenes in as regular alterations as the layers of red and white in a side of streaky, well-cured bacon," So said Bickens in Oliver Twist over one hundred years ago. Amen.

This is just what the Klark-Urban Company had in view when they selected their repertoire for the engagement here. Combined with the beautiful scenery, the rich costumes, and the acts of such high merit as Miss Mazie Cecil and her supporters have proven themselves to be, it is little wonder that the Opera House is crowded and the audience delighted.

The Company will conclude its engagement on Saturday night, presenting "The White Caps." This story ran through the files of the Advocate a short time ago and was well received. We feel sure that the Klark-Urban Company will do it ample justice.

A Philadelphia, Ont. man was bitten on the leg, while on the way to prayer, by a snake. We have a discouraging report like this from most of the men we know will never get bitten on such an errand.

LAI D UP FIVE YEARS

Until Half a Bottle of Father Morrisey's Liniment Cured His Shoulder.

Mr. Jos. J. Roy, a prominent tinsmith of Bathurst, N.B., July 16, 1909:

"I cannot let this opportunity pass without letting you know what benefit I received from your Liniment. For five years I had a sore shoulder, which prevented me from working or from sleeping at night. I had tried everything possible and still could find no relief, until I was advised to try a bottle of your liniment, which I purchased without delay. I only used one half of the bottle when I was completely cured, and now I feel as if I never had a sore shoulder. I would advise anyone suffering from Rheumatic pains to give your liniment a trial, for I cannot praise it too highly."

A liniment that will do that is the liniment you want. It is equally good for sore throat or chest, backache, toothache, earache, sprains, sore muscles, cuts, bruises, burns, frost-bites, chapped hands or chilblains. Rub it in, and the pain comes out. 25c per bottle at your dealer's, or from Father Morrisey's Medicine Co. Ltd., Chatham, N.B.

Rural Phones Solve These Every-Day Problems

- Problem I. Bad Roads: The old way was to curse nature and idly await sun's return. The new way is to telephone for what you want, and smile because you get the information in a thousand part of the time. Problem II. Weather Forecasts: The old way was to work on isolated information, and to curse the loaves with "That's what the farmer has to put up with." The new way is to telephone every morning to the weather man and overcome much of the needless bustle and bustle of the old way. Problem III. Prices Current: The old way was to ask a neighbor or trust to the newspapers. The new way is to get information in the nick of time over the phone, thus knowing when to sell and when to hold. Problem IV. Emergencies: The old way of procedure when some one took sick, was to harness up the "driver" and make all haste for the doctor. Effort in this direction often procured as its only result the information: "doctor is out." The new way is to call up the doctor on the phone, and know instantly what can be done pending the medical man's arrival. Problem V. Help: The old way was to allow men to go on boys' errands, waste half a morning walking to Smith's only to find that his barrow was already loaded. The new way is to make the phone your errand boy—buy, borrow, beg, by means of the "silent partner." We have prepared a Booklet describing fully a rural phone system. Hadn't you better instruct us to send you this interesting bit of information, seeing it costs you nothing. Ask for Booklet 3116. The NORTHERN ELECTRIC and Manufacturing Co. **DIED INTSTATE**

Announcement is made that the late Mr. H. H. Gunter, president of the William Richards Company, who met such a tragic death at Campbellton last week, died intestate. His estate has been estimated at all the way from \$200,000 to \$300,000, and this morning his solicitor, Mr. E. McLellan, stated that the estate would probably be entered at about \$200,000. This afternoon members of the late Mr. Gunter's family and their relatives are having a conference, and it is likely that M. Will Gunter, who was associated in business with his father, will apply for letters of administration in the estate. The annual meeting of the Richards Company will be held next month and it is not likely that the vacant position of president will be filled until that time. Mr. Will Gunter will likely take his father's place on the board of directors.

**WAS TIRED OF LIFE**

Summerside Journal: Cecil M. Duckett, an Englishman who came to Prince Edward Island about four years ago with several other immigrants, and has since been living with Albert Wise, at Milton, committed suicide on Friday by shooting himself in the temple with a revolver. Duckett was about 21 years of age. In his pocket was found a letter addressed to Mr. Wise stating that he found life's road too steep and rugged to travel, and therefore took the action he did. He stated emphatically that when he ended his life he was not insane but in full possession of all his senses. At the end of the letter he gave directions to Mr. Wise to telegraph to his father at Stafford Lodge, Western Somerset, regarding his fate. He declared that he had destroyed all his belongings, even money but on sending the bill to his father all funeral expenses would be paid by him. An inquest was held on Saturday before Dr. R. McNeil, coroner, and a verdict of death by his own hand was returned.

**WAS CLEVERLY DONE**

A good looking young man bought a \$13 overcoat at Weldon's, Thursday evening, and presented in payment a post office order for \$50, dated at Loggieville the same day, and explained that he could not get it cashed in the post office at that hour in the evening. He had signed it Received Payment, Fred Watson. Mr. Weldon was somewhat shy, and the man wrote him an explanatory letter to the postmaster, asking the latter to pay the order to Mr. Weldon. When the order was presented to the office on Friday, the postmaster had advice of a \$5 order from Loggieville, payable to Everett Graham, Chatham, but no advice of the order in question. Mr. Weldon telephoned to Loggieville and learned that the \$5 order had been sold to a young Kent County man named Howard Warman, who had left Friday morning for his home at Molas River. He also ascertained by telephone that Warman had arrived at Molas River and went there on Monday with Provincial Constable A. J. Fraser, arrested the man, and brought him here. The young fellow is the adopted son of a very respectable resident of Molas River, and efforts are making to save him from prosecution. The raising of the order from \$5 to \$50 was cleverly done. World.

Perhaps some of Hon. Mackenzie King's hero medals should go to plain fellows who have saved their wives and children from starvation by not buying mining stocks.

**PUREBRED HORSES.**

At the request of the Provincial Department of Agriculture, Wm. Meharey, of Russell, Ont., one of the leading Canadian Clydesdale importers, has arranged to bring sixty-five pure-bred Clyde mares and three stallions to St. John. They will leave Glasgow on the Donaldson liner "Cassandra" on 20th inst., should reach St. John between 1st and 4th December and will be offered at public auction there on Tuesday, the 14th December. Arrangements have been made with the Railways by the Department of Agriculture for return tickets to St. John at single first class fare upon the Standard plan and the Department will pay the freight from St. John to the purchaser's station upon all animals bought within New Brunswick. On 27th November A. H. Thomson, of Paris, France, is shipping per Canadian Pacific steamer "Montfort" three Percheron stallions, which will be offered for sale in New Brunswick during the month of December.

The Duchess of Marlborough is on record as saying that there is too much talking nowadays. Here is another vote in favor of the closure.

A number of Toronto ladies have formed a rifle club, and the farmers in the surrounding townships are trekking to Hamilton with their live stock.

An official report states that there are 1,244,588 women in England who have not secured husbands. Can that be the secret of the suffragette agitation?

Dr. LaBerge says the cells in the basement of the Montreal City Hall are unfit to keep chickens in. Well, who wants to keep his chickens in there?

Somebody says that if you try to control yourself in champagne, you'll not be bothered much by the treating system. If that is a joke it is on "extra dry" one.

An exchange speaks of a street mishap to an old lady about forty. This thing demands a general calling out of the militia.

The clergy of Cleveland announce that the use of proximity is rapidly abating. No wonder. All the stove-pipes are up now.

A story comes about an elephant that chased Mr. Roosevelt in Africa. We thought he never ran for anything except the Presidency.

There are now 16 gold dredges in the Yukon fleet and several more are being built. One costs about \$150,000 when ready for work and can handle from 2,000 to 5,000 cubic yards of gravel a day.

**SUNLIGHT SOAP**

**HOUSE CLEANING**  
instead of being a monotonous drudgery becomes a pleasure when Sunlight helps you. Remember—Sunlight does all the work, at half the cost and in half the time of other soaps. Follow directions.

Most cases of baldness are due solely to neglect. The hair often becomes dry and dandruff forms because the hair glands do not supply enough natural oil. Nothing overcomes this deficiency so effectively as that delicately perfumed, refreshing hair pomade, Bearine. Avoid baldness; apply Bearine to your hair occasionally. All druggists, 50 cts. a jar.

**More Than You Expect in Soap**

You who are used to ordinary soaps will be surprised when you first try Taylor's Infants' Delight Soap.  
No other soap compares with it for every toilet purpose—the bath, massage, shampoo, or for washing baby's rose-leaf skin.  
For we make this soap of pure cocoanut oil from the isle of Ceylon, and vegetable oils from France.  
We clarify and blend these oils and mill them by our own special process. Nothing is left undone to make this soap supreme.

**Infants' Delight Soap**

is the product of forty-four years of conscientious effort and costly experiment. Over a million Canadian families find it superior.  
Its use prevents chapping, roughness and other skin complaints.  
Containing a small amount of boracic acid, it combines the healing qualities of this much used antiseptic and cleanser with the stimulating and nourishing action of pure vegetable oils and essences.  
It makes a rich, creamy lather, cooling and delightfully refreshing.

Prove for yourself that a cake will outlast any ordinary soap. See how delightful it is to use three times a day. Get a cake from your dealer today.

**Money, Money,**

Would you save money if you had a chance? There is not a man or woman living who, if they could save a dollar in a Purchase, would not do it. The great trouble to-day is to convince people of value. There are hundreds of people to-day who are looking for cheap articles. The first place they land is in some Jew or emigrant junk store. The fact is, you can tell them when you see them coming up street—they look cheap, simply because they are dressed cheap, it keeps them poor, everlastingly buying cheap goods. If a white man offered the same people Better Goods at half the money they would think you were doing them. At this store you get Genuine Bargains. We carry nothing but first-class up-to-date Goods. We are offering some genuine good Bargains in Stanfield's Underwear; heavy grey, regular \$3.50 and \$4.00, now \$2.90 to clear. Men's Overcoats

**10 to 20 per cent. discount.**

Penman's Underwear, \$1.45 a Suit, Men's Coat Sweaters, were \$1.75, now \$1.00. A lovely line of Men's Fancy Vests, all prices. Mackinaw Jumpers, \$3.50, 200 pairs. Men's Oxford Double and Twisted Tinted Pants, were \$2.75, now \$2.45. A thousand-and-one things too numerous to mention. Call: it don't cost you anything to ask quotations and look at the goods.
