hould keep themselves healthy. Especial are should be given to this matter at this care should be given to this matter at this time. Health depends upon pure rich blood, for when the blood is impure or impoverished, diseases of various kinds are almost certain to result. The one true blood purifier is Hoood's Sarsaparilla. By its power to purify and vitalize the blood it has proved itself to be the safeguard of health, and the record of remarkable cures effected proves that it has wonderful power over disease. It actually and permanently cures when all other preparations fail to do any good whatever.

To remove worms of all kinds from children or adults Dr. Low's Worm Syrup is a safe and sure remedy.

There is a boy in Bradford who should excel as a cross-examiner when he grows up. In the police court there he and others were charged with stone throwing, and he thus cross-examined the police officer:

"How many windows did you say were broked." "Four." "And how many stones did you find inside." "Three." "Then how can you charge five boys with breaking four windows with three stones?" The query puzzled the policeman and the boys got off.

Mr. Hart is again making his annual trip round the Island in the intrest of Minard's Liniment, and he reports his sales of this valuable preparation as above the record, in spite of "cheap" imitations being thrown on the market.

The people recognize and appreciate real merit. That is why Hood's Sarsaparilla has the largest sales in the world. Merit in medicine means the power to cure. Hood's Sarsaparilla cures—absolutely, permanently cures. It is the One True Blood Purifier. Its superior merit is an established fact, and merit wins.
