**CAUTION.**—The Cornwall Manufacturing Company have pleasure in intimating the complete restoration of their works at Cornwall, which are now in full operation, producing large quantities of White and Grey Blankets, and Heavy Medium Class Tweeds. They regret, however, having again to call attention of the public to the continuance of the disreputable practice of importing English Blankets and selling them as Canadian. These Blankets are made largely of Shoddy and Cotton Waste, with a small percentage of pure Wool, and though slightly in appearance, closely imitating the Cornwall Blankets, and ticketed "Canadian Manufacture," have neither warm nor wear, but can be sold at a lower price than the Cornwall Blankets (which are made of Pure Wool) can be produced for. The public are cautioned against this attempted deception, and respectfully informed that the name of the CORNWALL MANUFACTURING COMPANY is printed on the ticket of every Blanket made by them. **CENTRAL EXHIBITION, GUELPH.**—Intending exhibitors will please remember to make their entries by the 21st September, inclusive; after that up to and inclusive of Friday, 28th September, 60c extra. The office of the Central Exhibition is opened in the room above the Mercury office.

**THE EXCURSION.**—Two trains, one with eight and the other with twelve passenger cars, passed through here on the Great Western Road this morning, bound for the Falls. They were apparently well filled with passengers, who doubtless will greatly enjoy the ride. The trains passed Guelph not much behind time, and should no mishap occur will reach the Falls in time for the excursionists to have a look at the mighty cataract before returning.

**DEMORSE'S MONTHLY MAGAZINE.**—This Magazine for October is resplendent with all the new and standard styles of Ladies and Children's dress for the Fall and Winter. The literary contents of this number combine a varied and entertaining selection of stories, music, and much useful reading. We also notice that Demorse offers to each yearly subscriber, free, two elegant companion chromos—Niagara Falls and Yosemite Falls—worth \$10, making \$13 in value, and all for only \$3. This is among the most liberal and attractive offers yet made for 1873.—Published at 838 Broadway, New York.

**ACCIDENTS.**—Edward Everson, 10 years old, while riding a horse from the field near Holliday's brewery, on Saturday, fell off the animal and broke his arm. The same day, as Mr. M. J. Doran was driving in the direction of the Exhibition Ground, the traces came loose, causing the horse to run away, and Mr. Doran in his efforts to set matters right, was thrown to the ground and severely injured, one of his wheels passing over his neck. Two of his children were in the wagon with him at the time and escaped uninjured. Mr. Doran had a narrow escape, and though severely injured we are glad to learn that he is in a fair way of recovery. An accident which might have been attended with serious consequences occurred at the gravel pit on the W. G. & E. B. The gravel train instead of backing up on the main track, went into the siding, the switch being open, and on which stood seven loaded cars. The men on the train seeing there would be a collision, jumped off, and in so doing James Ranton, a young man of about twenty-three years of age, sustained serious injuries, breaking a thigh and a wrist and having his face badly bruised by falling on one of the rails. Another young man named George Gaub had his arm bruised but he was not severely hurt. Five or six cars were smashed.

**The Tailor's Strike.** To the Editor of the Mercury. Sir: Would you be so kind as to insert the following few lines on behalf of the Journeymen Tailors of the Town of Guelph. It was stated in the Herald we were on strike, but we wish to say we were not altogether on strike, but simply presenting a new bill that had been modified in many respects from the old bill, and we were waiting to see what the different Bosses would do in the matter, and we wish to say that the thing has been settled with the exception of two of the shops in town. The following gentlemen have signed their names to the bill—Messrs. Shaw & Murton, Hefferman Bros., Chance & Williamson, Wm. Stewart, Jas. Cormack, N. Croft and J. Macklin & Co. Hoping the public will remember who are practical men and who are not, I am, Sir, Yours, &c., ONE OF THE MEN. Guelph, Sept. 17, 1872.

**A Bungled Trick.** Mr. Robert Warren, postmaster of Niagara, at the recent elections voted for Mr. Morrison, for member for the Commons, which is contrary to law, and rendered himself liable to a penalty of \$2,000. Mr. Fred Paffard and George B. Boyle, a lawyer, also voted for, and enthusiastically supported Mr. Morrison. Now, as the partisan postmaster got himself into a bad scrape, his friends, political and otherwise, set their heads together to extricate him from the difficulty, and by general consent it was decided that Mr. Fred Paffard should sue Mr. Warren for the \$2,000, which was accordingly done. Mr. Boyle acting as attorney for plaintiff, virtually for both. The writ was specially endorsed to the effect that it was the "two thousand dollars penalty for voting for a member for the House of Commons in Canada, for the electoral Division of Niagara," and all knew that the amount was never to be called for. Now where these tricksters made their mistake was in not having sufficient legal knowledge amongst them to know that their lawyer had no right to sign a judgment on a specially endorsed writ. As we always like to be charitable in the number we may be permitted to mention the name of Mr. John Snell, of Edmonton, who alone makes 40 entries. Altogether matters look very promising for an unusually successful exhibition. All entries are required to be sent in by

## Local and Other Items.

Mr. EDMUND YATES, the well known novelist, has arrived in New York. He is to give lectures during the coming season.

The fourth annual meeting of the Ontario Rifle Association opened on Monday, on the Garrison Common, Toronto.

The full list of the live stock entries for the Provincial Exhibition at Hamilton, shows a marked and very gratifying increase over the numbers of previous years.

From the other side of the Atlantic, Mr. Charles Sumner intimates that he will positively decline the nomination of the Greeley party for the Governorship of Massachusetts.

TWO MEN were suffocated by an escape of gas in the Detroit river tunnel on Saturday. This gas seems to be sealed up at intervals in the earth which is being excavated.

The Hamilton Times regrets to record the death of Wm. Craigie, son of the late Dr. Craigie, and an able lawyer of many years standing in that city. He died at the age of 48 years.

The workmen on the Hamilton and Lake Erie Railway are busy putting down the track through the city. The engine is now running between the G. W. track and King-st.

WALTER EVANS, Esq., an old and respected resident of East Flamboro', died suddenly on Monday morning. He rose and called his sons and told them that he did not feel well. He then lay down and died in a few moments.

On Saturday afternoon the barn of Mr. Peter Donaldson, East Flamboro', was discovered to be on fire. The total contents of the barn—300 bushels of wheat, a large quantity of hay, and all his straw, were burned. There was no insurance.

A CORRESPONDENT of the Stratford Beacon, writing from Ellisee, says: "A considerable breadth of fall wheat has been sown; it was put in, notwithstanding the low average yield of the present harvest. Great trouble was experienced in getting good seed.

It is expected that the unveiling of the bronze statue of the Queen, pedestal of which is now being constructed in Victoria Square, Montreal, will take place some time in October next, when Lady Dufferin will be invited by the Mayor to perform the ceremony.

It is reported in Montreal, on pretty good authority, that the three vacant judgeships for the Superior Court, Montreal, have been filled by the appointment of Attorney-General Ouimet, Assistant Judge Ramsay, of Sherbrooke, and Mr. Cross, C. J. of Montreal.

WHEAT IN MUSKOGA.—The Northern Advocate says it is the opinion of most of the settlers and visitors to this district that Muskoga is not a wheat growing section, but Mr. Alexander Barron, who owns a farm within a mile of Bracebridge sowed three and a half bushels of wheat last fall, and a few days since threshed out more than eighty bushels of wheat of a superior quality which the 3½ bushels produced.

GRAND LODGE OF ODD-FELLOWS.—The Grand Lodge of Odd-Fellows, of the United States is now in session in Baltimore. Four representatives of the order in Canada are present, and Prussia is represented by District Deputy Grand Sire Hugo Wolheim. The deliberations of the Grand Lodge will probably extend into next week, as many matters of general importance will be considered, among which are schools, libraries and asylums, translations of the rituals, digest into a German compilation, a history of the order, and its relations in Australia, Peru and Europe generally.

THE SOUTH BRUCE ELECTION.—A telegram from Kincardine says there was violent excitement there on Saturday night before full returns came in. The Reporter office was densely crowded with anxious enquirers after election news. Mr. Broelbank's friends being confident of his election, all the despatches were read announcing Mr. Wells' net majority at 113, when the Reform party rent the air with enthusiastic and prolonged cheers. Toryism has received its death blow in South Bruce, and this glorious constituency is safe for all time to come. All honor to the last Reformers of South Bruce.

THE MONTREAL TIMES says:—It is computed that Ontario loses annually a quarter of a million of dollars by bad butter. Large quantities of butter held over from a past season have been recently sold for the low price of eight or nine cents per pound, and some lots have been sold in Liverpool, after incurring heavy freight insurance and storage charges, at as low as seven cents per pound, being valuable only as grass, and positively unsaleable as food. This arises entirely from want of care and cleanliness in making. Good, well-made butter can be kept without difficulty from twelve to fifteen months if properly stored and well attended to; a large portion now produced becomes rancid in a few weeks.

THE WESTERN FAIR.—Says the London Free Press: "Already, we are pleased to learn, an unusual number of entries have been received for our Western Fair, and every mail brings us an additional quota. In many departments the entries this year are more numerous than the same time last year, and this is particularly noticeable in stock. Some of the largest importers and breeders, who have never before exhibited in London, will be largely represented on this occasion. Amongst the number we may be permitted to mention the name of Mr. John Snell, of Edmonton, who alone makes 40 entries. Altogether matters look very promising for an unusually successful exhibition. All entries are required to be sent in by

**THIS MORNING'S DESPATCHES** The 'Dean Richmond' on Fire.

**Maine Gone Republican.** Large Loan Wanted.

**Gen. Sherman on Thiers.** The Geneva Award.

Peekskill, N. Y., Sept. 16.—The steamer Dean Richmond caught fire this morning and was run ashore at Roy Hook, where a number of passengers landed and came to Peekskill. The fire was put out before much damage was done. The vessel has gone on to Albany.

Augusta, Me., Sept. 16.—The Kennebec Journal publishes the complete official returns of the late election for Governor, from the entire state, except one small place. Last year the vote was about evenly divided. These returns give the Republican candidate, Perham, 17082 of a majority.

San Francisco, Sept. 17.—Mazatlan advances to the 7th inst. state that the political affairs in Sinaloa are uncertain. Canedo was at Lenoria with 800 troops, while the garrison at Mazatlan was only 300 strong. The rumors that Lozada and Vega were hostile in their intentions to the Government are false.

New York, Sept. 17.—The Herald's London special says that the representatives of the Cuban Junta in Council are arranging for a loan of twenty millions of dollars, for the purpose of purchasing arms and supplies.

General Sherman in an interview expressed the opinion that the Republic of France will at least last during Thiers' time, if it does not survive him. He believes Thiers is an earnest patriot, earnest in all that is for the country's good, and that France will attain a high degree of prosperity under his administration. Gen. Sherman has a high opinion of the efficiency and training of the Prussian troops.

Geneva, Sept. 16.—The opinion of Sir Alexander Cockburn, British Arbitrator, dissenting from the decision of the other members of the Tribunal, has not yet been published.

Count Sclopis, Jacob Stempfli, and Charles Francis Adams were the three arbitrators who voted to allow damages in the case of the Shenandoah.

Sir Alexander Cockburn and Mr. Everts left Geneva on Saturday.

Sir Roundell Palmer is looking greatly fatigued.

London, Sept. 16.—The London journals, this morning, rejoice over the conclusion of the Alabama Claims controversy, and express a hope that the foundation has been laid for a permanent and good understanding between the two nations, now that all necessary reparations have been made to the United States. The Standard however thinks that the tribunal should have awarded damages only for deprivations of the "Alabama."

It is asserted that the Czar of Russia will demand the abrogation of the Treaty of Paris, for the purpose of co-operating with Austria and Prussia.

The stables connected with the St. Lawrence Hall, Brockville, were burned to the ground on Monday night. Eighteen valuable horses were stabled, and the greatest exertions were made to get them out, but the fire spread so rapidly that all perished in the flames. The loss is estimated at between \$6,000 and \$7,000.

The Registrar General's returns show that Leicester is the most unhealthy of

## Town Council.

The usual meeting of the Council took place on Monday evening. Present, The Mayor in the chair. Messrs. Robertson, Hogg, R. Mitchell, McMillan, Coffee, Bruce, Howard, Bell, Crowe, Stevenson, Kennedy, W. Allan.

The minutes of previous meeting were read and confirmed.

Communications were read from Messrs. Lemon & Peterson, Chief Constable Kelly and Constable Lynch, which were referred to the appropriate Committees.

Mr. Howard read a petition from the trustees of the Primitive Methodist Church, regarding the raising of the foot-path in front of their property. Referred to Road and Bridge Committee.

Mr. Howard read a petition from Chief Constable Kelly praying that his account for certain fees alleged to be due him, and which account has been lying in the hands of the Finance Committee since July last should be paid. Referred to Finance Committee.

Messrs. Stevenson and McMillan re-stated that Mr. Kelly had not been paid sooner. The former gentleman said that he had consulted Mr. Elliott on the subject of these fees, and that gentleman, from a long acquaintance with criminal proceedings, regarded the charges made for fees as just and fair.

Mr. Bell read the report of the License Committee. Adopted.

REPORT OF LICENSE COMMITTEE. Your Committee beg leave to report that having given the petition of Rev. George Wood and others their careful consideration, they think, that after granting licenses, this Council has no further control over the matter, further than instructing the Tavern Inspector and Chief Constable to enforce the Provincial Statutes regulating the sale of intoxicating liquors in stores.

Your Committee recommend that the above officers be reminded of their duty in this matter.

ROBERT W. BELL, Chairman. The question of extending an invitation to His Excellency the Governor-General to Guelph during the Central Exhibition was discussed, but nothing definite was arrived at in consequence of it being understood that a meeting of the Directors of the Exhibition is to be held on Wednesday, and should it then be decided that His Excellency be invited, that a special meeting of the Council be called to co-operate with them in the matter.

On motion of Mr. Howard, seconded by Mr. Bell, it was resolved to refer the By-law relative to the erection of buildings within the fire limits to the Town Solicitor, in order that he should report on the legality thereof, and any amendments he may deem necessary thereto.

A somewhat irregular discussion arose at the instigation of Mr. Stevenson on the subject of the immediate payment of Chief Constable Kelly's fees, in the course of which it was elicited from the Mayor that one of the reasons why the Finance Committee had delayed reporting on the account was that they did not consider three-fourths of the fees charged were really due.

The Council then adjourned till Wednesday afternoon at 3 o'clock.

**Base Ball Notes.** The past week's play has tended to give quite a zest to the closing contests for the base ball championship, owing to the defeats of the Boston nine. Last week the Boston nine lost two games out of five, chiefly in consequence of being deprived of the services of one of their best batsmen, their last defeat being that of Saturday, in Philadelphia, when the Athletics won by a score of 6 to 4. They were to have played with the Mutuals to-day, but owing to the disabled condition of their catcher and second baseman they have postponed the game to Saturday, in Boston. The Athletics will play with the Mutuals, Atlantic and Eckford's this week. On Saturday the Athletics were defeated by the Mutuals by a score of 7 to 0. The championship record up to Sept. 15 is as follows:

**CHAMPIONSHIP RECORD.**

Games	won.	lost.	played to play
Mutuals	27	16	43
Baltimore	30	14	44
Boston	33	6	40
Athletic	36	9	35

The 5th game of the championship series between the Boston and the Athletics of Philadelphia was played in the latter place on the 14th, and was won by the Athletics by a score of 6 to 4; time 2h. 15m. The 1st and 3rd games were won by the Athletics with score of 10 to 7 and 9 to 1; and the 2nd and 4th were won by the Boston with scores of 13 to 4 and 16 to 4.

The 5th game between the Mutuals of New York and the Athletics of Brooklyn, played in the latter place on the 14th was a very pretty game, resulting in a whitewash for the Athletics—7 to 0; time 1h. 20m. The 1st game was won by the Athletics with score of 11 to 10, and the 2nd, 3rd and 4th won by Mutuals with scores of 17 to 10, 5 to 4, and 15 to 4.

Despatches from Victoria report matters in Alaska in a very unsatisfactory condition. The steamer Rose was seized at Cross Sound by the Indians, and the vessel, together with her passengers and crew, were to be held as hostages for the payment of damages for the killing of

Reforms Yet Needed.

The experience of the late elections has convinced almost every person who had anything to do with them of the necessity of a stringent election law for the Dominion. The Opposition during the last session of Parliament endeavoured to carry an election law similar to that now in force in Ontario, but the Government absolutely refused to support it, and having a subervient majority at their back, they succeeded in keeping it off the statute book. No valid objections could be urged by them why such a salutary and beneficial law should not be passed. Not an argument was advanced in favour of the present clumsy election law. The Government simply said that it had been in operation before, and that they were determined it should remain in operation during another election. Only one change of any note was made in limiting the polling to one day, and after giving it a fair trial, it is agreed on all hands that it is a great improvement on the old system. But while this reform was good enough in its way, more serious defects in the law were left untouched, and the evils resulting therefrom—the corruption and bribery and other lesser evils attending many of the elections lately held—were practised with impunity, with scarcely even an effort to conceal them.

We are satisfied that in no previous election ever held in Canada was there so much money spent as during the one which lately occurred. While the contest was going on, we read daily of immense sums having been spent by Ministerial supporters in the direct or indirect purchase of votes. All sorts of tricks and dodges were resorted to in order to gain the good will and aid of voters. Often carriages, cabs and carts were hired at fabulous prices. Pigs and poultry were in unheard of demand, and were almost worth their weight in gold—at any rate in silver. But in too many cases even this round-about way of doing things was not resorted to. Some candidates, bolder than others, or their still bolder and less scrupulous agents, offered and paid the bribe direct, and in too many cases, we fear, it was accepted without a blush or twinge of conscience by the venal voter. And not only this, but we have heard that some more daring spirits—in defiance of all law human or divine—were not satisfied with corrupting and bribing the individual but actually went into the business wholesale, and, as was proved at the Centre Toronto election, bought voters up in platoons at so much a head!

Now, such practices are truly deplorable and utterly degrading to our humanity. They go far to reduce our political contests—which in themselves should occupy a high and pure position—to the lowest mercenary level of a bargain and sale. They strip the dearest birthright which every citizen possesses of its highly important and responsible character, and reduce it to the level of merchandise for which the highest price should be obtained. They make politics a fraud, the franchise a farce, and the independence of the voter a lie. How then are they to be stopped? Only by the enactment of a stringent election law, which in its provisions will, by the imposition of the heaviest penalties and fines, force the candidate and his agents to conduct his canvass and manage his election in an honest and honourable manner. After the experiences which members on both sides of the House have had, we feel that they will see the necessity for a change in the electoral law for their own sakes even if they do not take higher ground. Should the present practices be allowed to continue at elections, it will ere long become a question, simply as to who has the longest purse, and is most willing to spend his money in securing his election. But an election law such as we have in Ontario will put an end to all such disreputable work, and we shall then have the free, unbiased opinion of the electors on the views and on the measures which are put up for their approval or otherwise. We do not mean at present to touch on the ballot as a powerful means of correcting such abuses referred to. We are heartily in favor of that reform, and we have not the slightest doubt of the advisability of adopting that mode of electing members to Parliament will be the subject of earnest and interesting discussion when the House meets. But whether that question comes up for discussion or not, we have no hesitation in saying that the first duty of the Opposition will be to endeavor to secure for the Dominion a better election law, which will set up an effective barrier against bribery and corruption, which will compel candidates to depend on their personal and political influence, on their ability and political character, and not on the length of their purse, which would enforce purity of election and deprive venal electors from selling their vote for a consideration.

Mr. Donohue, the Quebec Chronicle, referring to the Hon. Mr. Dorion's return to public life, says his reception at Montreal was highly flattering, proving that though he has no money to spend upon fashionable entertainments, and no offices to bestow, he has troops of friends and admirers. He is one of our most honest and able public men, whom the country could ill afford to lose, and his acceptance of the representation of Napierville will prove gratifying intelligence to multitudes, even of those in the opposite camp.

The St. Thomas Murder.

FURTHER PARTICULARS.

St. Thomas, Sept. 16. Old Dr. Neinhart, previous to his brutal murder by Fitzsimmons and Lepsey, was walking in front of the verandah of Mr. James Mitchell's boarding-house, where he usually stopped. He was just returning from a professional tour among some of his tribe, and, after spending a few hours in town, went to Mitchell's about nine o'clock. James Mitchell noticed him walking backward and forward under the verandah of the house, and shortly afterwards saw Fitzsimmons and Lepsey trying to get into Luxton's hotel on the opposite side of the street. Both appeared to be drunk, and on being refused admittance, they started across to the Indian, and roughly ordered him away. He left, but had only gone a few feet when they called on him to come back. This he refused to do, and started to run. One of the ruffians then picked up a bag containing a new axe, which a neighbour had left there a short time before, and both started in pursuit. The old doctor was overtaken within three rods of the house, and felled to the ground with a blow of the axe. He was then kicked and pounded in a frightful manner, and before help could come Fitzsimmons and Lepsey had fled to their waggon and driven off. Dr. Famburline was then sent for, and dressed the wounds, but the injuries were so severe that the old doctor could not recover.

Constables were scouring the neighborhood all yesterday and last night, but the murderers have so far evaded capture. It is reported that they slept last night at the house of a farmer, within a few miles of Wallaceburg, and it is supposed they are making westward. A coroner's inquest was begun this afternoon, and, after the evidence of several witnesses had been taken, was postponed till 7 o'clock this evening. Dr. Neinhart was 70 years of age, and was a man of large and powerful frame; thirty-three years ago, when he came to Canada from New York, he stood 6 feet 4 inches, and weighed 330 pounds.

FALL GOODS.—We would direct attention to the advertisement of Messrs. Hefner Bros. in to-day's Mercury. As usual they have imported largely and are now prepared to sell goods cheap.

The Toronto correspondent of the Hamilton Times says:—"It is believed in well-informed circles that the new Ontario Government will consist of five members, and that Hon. Adam Crooks will be Premier, and Hon. E. B. Wood Treasurer. In view of the fact that Hon. A. McKellar does not desire to assume the leadership of the party, the selection of Mr. Crooks as Premier will give entire satisfaction to the Reform party here, and it is thought elsewhere also. The suitability of Mr. Wood's selection as Treasurer will be unquestioned."

#### CHAPTER XVIII.

WHICH EXPLAINS THE CAUSE OF LILLIAS GIBSON'S GRIEF.

In order properly to understand the cause of Lillias Gibson's excessive and vehement agitation, it will be necessary to describe a scene which took place at an earlier hour on that same evening. While George was enjoying himself so much with his new found friends, Mathew Greigson and his wife, Lillias was receiving a shock which brought at once darkness, sorrow and misery on her young life, and plunged her into that condition of distress in which she was found by George.

She was sitting in the gloaming in her own little room by a bright fire, which revealed the beaming beauty of her face as in solitude and seclusion she indulged in the sweetest meditations which a maiden's heart can know. In that heart love for George Eglington had been formed and developed with steady growth. It had crept in there very quietly and without observation, even to herself. Many things had conspired to cause it so to do. George's own personal qualities and mental and moral features were, of course, the chief means of producing it, but certain circumstances, which we have not yet revealed to the reader, had operated in a way to cause her love to go forth more readily and easily—to draw her freely, naturally, and with pleasure towards him—at the very first, and to render her peculiarly susceptible to the attractive influences which the youth's character and disposition naturally exerted.

Not that Lillias was as first conscious of the real nature of the feelings which were coming upon her, or understood the point to which they were sure to tend. She was too guileless and artless for that, and it is probable that had her preception reached forward in that way, she would have been far more guarded, reserved, and restrained. But it was in the very purity, simplicity and kindness of her nature, that she put herself in that free and familiar position with George, which speedily evoked on both sides, that affection which was in truth the natural result of such close association.

She had come to understand the truth better now. Her love had revealed itself to her, and it gave her only joy and delight, for even still the issues were not thought of by her. Its mere presence—its existence—were all that had possession of her consciousness, and that was enough to fill her whole being, to give her a sweet, delicious satisfaction which no thought of ulterior result had disturbed. It was so very, very exquisite to experience that deep felicity of soul which accompanies a pure and noble affection, and to bask in the radiance which it spread throughout her being. It was her pride and joy to love George, for he was worthy of that love. In her eyes he was all excellence—in him her ideal of manhood was realized. She had found nothing in him which disappointed her, nothing which she could not approve, but everything that her nature taught her to admire and reverence. Why then should she feel aught but joy in loving him? Why should she hesitate to confess to flow forth towards him the whole affection of her soul? One thing alone would have checked this full and guiding overflow, and that was a coldness or indifference on George's part.—Had he manifested in the slightest degree a restraint in reciprocating her regard and the tendency of her feelings, she would have been intensely sensitive to the first and faintest shade of indifference, and shrunk back into herself forever.

But George, as we have already hinted, manifested no such hesitation to return her proffered friendliness. On the contrary, his heart was not less responsive than her own; and, without one thought of what was likely to be the end or the result, they gave themselves up to that close and fond intercourse, which increased every day the love which now had a place in her bosom.

They were mutually conscious, mutually certain of it, though it had not yet been avowed in words. To have spoken of what was likely to be the end or the result, they gave themselves up to that close and fond intercourse, which increased every day the love which now had a place in her bosom.

**A Chemical Food and Nutritive Tonic.**  
 Without Phosphorus no thought, say the Germans, and they might add, no action, since Phosphorus and the Compounds are known to be the motive power of the nervous and muscular system. They constitute more than half the material of the human body, being found in every tissue, and their presence is absolutely essential to nutrition, as they promote the conversion of albumen in the food into fibrine, which is the vitalizing agent of pure, healthy blood. They are now coming into universal use in Europe and America in the treatment of Scrophulous, Consumptive and Venereal diseases, which are caused by impoverished or poisoned blood; and in diseases of women suffering from irregularities, obstructions and exhausting discharges, in pale, puny children, and that condition of nervous and physical prostration resulting from bad habits, excessive use of stimulants and tobacco, and all that train of evils known as a fast life. The great reliability and promptness in its effects in immediately and permanently restoring the derelict condition has made Dr. WHEELER'S COMPOUND ELIXIR OF PHOSPHATES and CALISAYA a great favorite with the Physicians and Public.
