LOCAL HAPPENINGS

THE GUIDE-ADVOCATE welcomes all items of interest for this column. Call Phone 11, send by mail or drop item in GUIDE-ADVOCATE Letterbox.

SPECIAL TIES for 24th.—SWIFTS.

GROW something. Use that lot or give it to somebody you will.

By order of the government waste paper is being baled at the different post-offices.

THE proposal to kill all the dogs in England shows how seriously the food situation is viewed.

THE business places will be closed on Wednesday at twelve o'clock from May 15th to September 15th.

THE temperature has moderated sufficiently to enable the frog to plunk up courage enough to begin croaking.

UNCLE SAM will send 12,000 men or nine engineering regiments to France within a few weeks. This sounds like real business.

D. A. MAXWELL recently sold Maxwell touring cars to Mr. D. Saunders, of Sutorville, and Mr. James A. Thompson, of Kingscourt.

If prices keep going up, it won't be necessary soon to "enforce" two meatless days in Canada. One pig's foot a month will be the limit.

KING GEORGE will issue a proclamation urging the people to economize to the extent of 25 per cent. in the consumption of food, owing to the gravity of the situation.

Among the casualties this week are Pte. Howe of Sarnia, killed in action and Pte. W. G. Sims died of wounds. Among the wounded are Pte. E. M. Hunter and Pte. G. Maidment of Forest.

THE dust on main street has been very disagreeable lately. Why not put the oil on now instead of later in the season. The work has been done in several other towns already.

BARGAINS in SHOES—P. J. Dodds has arranged a bargain table of shoes of various kinds, which he is offering at less than the cost of the leather. Call and see, at White's old stand.

AN exchange says: "A late spring means a better fruit crop and better gardens. Everything is held back and not forced ahead to meet a destructive frost." What fine gardens, and what a while of a crop we are going to have.

THE 24th May showing in new blouses.—SWIFTS.

On account of Victoria Day (May 24) a public holiday, falling on our publication day the Guide-Advocate will be printed a day earlier next week. Advertisers and correspondents will please take notice and send in their favors earlier in the week.

IN order that farmers may not be inconvenienced by being compelled to serve on juries during harvest, the autumn sitting of the Ontario Supreme Court will not be held until harvest is finished. Non-jury and jury sittings will be combined in every circuit.

MANY High school boys will experience this summer the delight of knocking potato bugs off into a pan, to be later crunched on a flat board. The face of tan and brawny arm they will bring back to school can only be grown by many "bushings" in the harvest field.

WHEN doing your spring cleaning and renovating a little fresh paper on the walls will make a big improvement. P. DODDS & SON invite you to see their large stock of wall paper and borders. No need to say anything about prices. They are always the lowest.

MR. WM. McLEAY received a cable from his son, Dr. Charles McLeay, stating he had safely arrived in England. Dr. McLeay has been in German East Africa for several years, serving under the British Government. He will do hospital work at the front for some months.

SEE our window for the newest in skirts.—SWIFTS.

A PARKHILL merchant says the H. C. of L. will make a business of house keeping and the women will soon depend on themselves and not on the telephone and the well stocked shelves of the grocer. In other words we will practice some of the arts our grandmothers knew along with sock knitting.

MRS. THOS. WILLIAMS of Lethbridge, Alberta, nee Lulu Mathers of Watford, who with her two small children was the guest of Mrs. Frank Restorick last week, received a message from the Record office Monday morning stating that her husband, Pte. Thos. Williams 736322, who was previously reported wounded, was now officially reported killed in action on April 9th. Mrs. Williams left for Sarnia on Monday evening to visit friends there.

WE have Giant Intermediate Mangle in bulk at 25c a lb. Also pkgs. 30c., regular 45c. Phone 89.—ROGERS & JACKLIN.

PARTIES who are in the habit of opening and reading their correspondence in the Post Office are respectfully reminded that the waste paper receptacles are for use and not for ornament. The desk provided for the convenience of the public is frequently littered with envelopes and scraps of torn-up letters, which should be thrown into the waste paper baskets. Evidently just an oversight. Look for the "Waste Paper" basket.

ALBERTA will have a general election on June 7th.

OUR suits for the 24th have few equals. See them.—SWIFTS.

FARMERS wanting to hire competent men, please apply at once to J. H. Hume, Watford.

BE a live wire and you won't get stepped on—it's the dead ones that are used for door mats.

BREKFAST and onions used to be a workman's ordinary dinner. Now it is a feast for a king.

THE Rev. Mr. Crogh will conduct the service in the Presbyterian church, Watford, on Sunday evening.

FREEMAN KERSKEY's sale on Saturday afternoon was well attended and the goods sold rapidly at good prices.

CORP. J. McRAE, of Sombra, and Pte. N. E. Lamb, of Petrolia, are reported in the casualty list among the wounded.

THE members of the Glencoe Book Club, pledged themselves by resolution to abstain from the use of meat in their homes one day a week during the continuance of the war. A similar resolve made individually by us all, would not be a hardship and materially help the cause of the allies.

LOCAL Courts of Revision on the assessment rolls will be of more than usual interest this year, as under the new Franchise Act, it is at these meetings women who under the Act this year are entitled to legislative votes, are placed on the assessment roll, the basis of the list of voters afterwards to be made out by municipal clerks. Failing to get on the voters' list in the regular way, the ladies have the same right of appeal as men, at the voters' list court held by the County Judge late in the season, and that is the court of last resort.

PINEAPPLES for canning, by the dozen at right prices. Also all kinds of green vegetables. Phone 89.—ROGERS & JACKLIN.

PARKHILL GAZETTE.—Gardening for the town's people begins to look like a reality and very few places will be uncultivated. A tract of land east of the town is being negotiated for and it will be divided among those wishing land at the rate of \$10 per acre. School children will be given plots 8 rods square for which they will pay 50c. rent and each child will have all vegetables grown by himself. Waving the hoe handle will not only be patriotic but it will be profitable and healthful. It will be the antidote Canada has needed badly for some years, Canada the over-splendid, its people learning habits of indolence and wastefulness, because they were so blessed. Few people can stand the acid test of prosperity and practicing the habits of omnivorous forerunners will make us a saner and better people.

SOME time ago each High School in Ontario received a circular stating that three prizes were to be offered to each school by the Organization of Resources Committee, Toronto, for the best answer to the question, "How can the Ontario High School boy by working on a farm this summer help (1) himself, (2) the Farmer, (3) the Empire?" There was also a cash prize of twenty-five dollars offered for the best answer in the province. Seven excellent answers were handed in at the Watford High School. The first prize of five dollars was awarded to Miss Bessie Forster, the second of three dollars to Miss Belle Knisely, the third of two dollars to Orville Fuller. Miss Forster's answer will be sent to Toronto to compete with those from the schools of the province for the twenty-five dollar prize.

BROOKE

The Tipperary Red Cross circle will meet at Mrs. O. Costantine's, on Tuesday, May 22nd.

The Bishop of Huron will conduct confirmation services at Christ Church, Sutorville, on Friday afternoon, May 25th, at 2.30.

The Sutorville Red Cross met Thursday last at the home of Mrs. Ches. Coristine, and packed for Hyman Hall a bale containing 43 pillow-slips, 20 grey shirts, 25 pairs socks, 1 pyjama suit, and a quantity of old linen. The work was valued at sixty-eight dollars and fifty cents.

Walnut Red Cross Society met at the home of Mrs. W. S. Shugg on Tuesday, May 15th. 17 suits of pyjamas were brought in for shipment. The next meeting will be held one week earlier than usual at the home of Mrs. W. Melis on June 5th. This society will hold a general party in aid of Red Cross work on Tuesday, June 12th. Particulars will be given later.

The annual meeting of the Brooke W. I. was held at the home of Mrs. E. Carroll on Thursday afternoon, May 10. A large number of the members were present as well as some visitors. The meeting opened by singing "The Maple Leaf." The business part of the program was then discussed and the following officers elected for the coming year. Hon. Pres.—Mrs. Margaret Campbell; Pres. Mrs. H. Lett; Vice Pres. Mrs. D. McDonald; 2nd Vice-Pres. Miss B. McIntyre; Sec. Treas. Miss M. McGugan; Pianist—Mrs. R. McGregor. Miss Campbell then rendered an instrumental solo and Miss R. Clark a vocal solo and both were much enjoyed. Miss Mabel Bowie gave a paper on "Gratitude," which brought out some helpful ideas. The meeting was then closed and the hostess served a very dainty lunch.

CHINAMAN ATTEMPTS SUICIDE

Charley Marks, Watford's Celestial Laundryman, Slashes Himself With a Razor

There was considerable excitement in the business district on Friday afternoon when it was learned that Charley Marks, the Chinese laundryman, who came here about two years ago, had been found in his shop in a pool of blood with his throat cut in three places and body badly slashed with a razor.

About five o'clock some people who called for laundry were unable to make the Celestial hear from the front shop. Fearing that something was wrong an alarm was given and Mr. Wm. McLeay, landlord of the premises, accompanied by Mr. L. R. Kinnell went to investigate, and on opening the door into the workshop, which was locked, found the Chinaman lying on his bed with three cuts on his throat and a slash on his abdomen. A razor covered with blood was found on a bench across the room from the bed.

Dr. Siddall was called and after giving first aid the man was taken to the hospital at Sarnia. He was in a very weak condition when found, was fully conscious but unable to speak.

On Monday Mr. W. McLeay and a brother of Charley Marks from Toronto (who by the way has the same name as the injured man) went to Sarnia and obtained a confession of attempted suicide from Charley, who stated that he committed the deed about 12 o'clock. He has been in poor health for some time, complaining of pains in the head, and it is surmised that he became dispondent and decided to end his life.

Thus all the wild stories about foul play, attempted murder, robbery, and so forth are dispelled by the admittance that the wounds were self-inflicted and premeditated. Marks had placed his affairs in good order, having sold out the business the morning the deed was committed to Wong Dip, a St. Thomas man. Of course the stories about financial trouble were altogether without foundation, Marks having a substantial bank account.

Wong Dip came here again on Monday with Charley Marks' brother, and took possession of the laundry business. At last report from Sarnia hospital the patient was doing well. He will recover from his wounds unless complications set in.

I. O. E. Concert

There was not an uninteresting moment at the I. O. E. concert on Monday evening. Col. Kenward filled the chair ably and the following program was presented:—

Two choruses—"O Canada" and a lullaby recitation..... Mary Fowler Novel drill and chorus, "Quaker Town"..... Ten girls An amusing half hour sketch—"Not a Man in the House"—by Five Young Ladies Duet..... Misses Robinson and Harper Special act..... "Maggie and Jiggs" Solo..... W. G. Connelly Monologue—"The Man Behind the Man behind the Gun", by Mr. Connelly and chorus.

Proceeds \$70, with expenses of about \$6. Tecumseh Chapter takes this opportunity to thank everyone who kindly assisted in any way to make the concert a success.

Thrift Exhibit Prize List

The following is the special prize list to date for the Thrift Exhibit:—

Best vegetable garden in Watford—1st prize \$3, 2nd prize \$2, Tecumseh Chapter, I. O. E., 3rd prize \$1, by Mrs. R. E. Prentiss.

Best model of a chicken coop made by a pupil of Watford High School. 1st prize, thoroughbred Barred Rock rooster, given by Mrs. Geo. Baird, 2nd prize \$1, by T. G. Mitchell.

Largest potato 50c, by Mrs. Lawrence. Best head cabbage 50c, by Miss McCaw. Best bouquet of asters 50c, by Mrs. C. Howden.

Best pair socks knitted by Public School pupil, 50c, by Mrs. T. G. Mitchell. Any individual or society wishing to offer a prize please notify Col. Kenward or Mrs. T. G. Mitchell.

There is no entry fee but please send in names before the last day of May for the first number on the list as the gardens will be inspected in June for the first time. There are already fourteen gardens in this competition.

MARRIED

At Brandon, Man., on April 25th, at the residence of the bride's father, Dr. Bence McIntyre, son of Mr. and Mrs. D. McIntyre, 6th con. Bosanquet, to Edith Hardy.

DIED

In Theford, Sunday, May 6th, Charles Sylvester, in his 73rd year.

SEE our windows for May specials.—SWIFTS.

8 SUIT lengths of old blue worsted \$27.50 and \$30.00.—SWIFTS' Tailoring Department.

THE man without a garden this year will be as much out of fashion as a girl with boot tops less than 12 inches.

Watford Boy Takes High Honors

The many friends of Mr. A. R. Brown, lately on the High School staff here, will be pleased to learn that at the recent University of Saskatchewan examinations he passed with high honors in eleven subjects taken in the Faculties of Arts and Agriculture. In each case he obtained over 80%—in several over 90%. On the strength of this he has been given the University scholarship for the highest standing taken in the 1st year on the B.S.A. course, value \$30. At present he is engaged as assistant to the Director of School Agriculture, Department of Education. This is a line of work for which he is highly qualified and deeply interested. His work consists of lecturing at Rural Educational Association meetings, Teachers' Institutes, etc., inspecting school grounds where application has been made for free trees, judging at school fairs, and assisting at the summer school for teachers held at the University each summer. In this connection he has charge of a demonstration school garden and will give the practical lessons in school garden work.

PERSONAL

Mrs. W. H. Shrapnell spent over Sunday with friends in London.

Dr. Vern L. Newell, Detroit, paid a flying visit to his home here on Friday.

Mrs. Frank Somerfeldt, Dundurn, Sask., is the guest of Mrs. R. McIntosh.

Mr. and Mrs. D. Conkey, St. Lawrence, Dakota, spent last week with Mr. and Mrs. W. E. Rogers.

Mr. Harris attended the funeral of the late Mr. James Vicary at St. Thomas on Saturday.

William Clark, of Yale, Mich., an old Watford boy, was here for a few days this week renewing old acquaintances.

The Guide-Advocate had a pleasant call from Mr. H. Fraleigh and Mr. Geo. E. McIntosh, of Forest, on Friday, who were on their way to the Shriners' gathering in London.

Provincial Detective Stringer was here Saturday and Monday investigating the Charles Marks case, but Charley's confession has solved the matter for the Detective Department.

Petrolia Advertiser: "Mr. J. R. Hastings has returned to Petrolia from Windsor and will remain here, having secured his old job at the wagon works. J. R.'s many friends welcome him back."

WARWICK

On Sunday next services will be held in Knox church, Warwick, at 2.30 and 7.30.

Clarence Luckham, of the 64th Battery, Guelph, was home on his last leave over Sunday.

Prof. Cutler, of the Saskatchewan University, has taken the position of head of the Department of Cereal Husbandry at Edmonton.

The Bishop of Huron will visit Warwick Village and hold a confirmation service (D.V.) in St. Mary's church, on Friday, May 25th, at 10.30 a.m.

Miss Sara Caughlin is one of the successful candidates for graduate nurse at St. Joseph training school, Mt. Clemens, Mich. Congratulations.

The members of the Warwick W. I. desire to thank all those who contributed so generously to the \$50 being raised towards the furnishing and equipment of a room at Byron Sanatorium, near London. The call was so well responded to that the amount totalled \$86.50.

The Warwick branch of the Women's Institute held their annual business meeting in the Foresters' Hall on Thursday, May 10th. The meeting opened by singing and prayer, the minutes of the preceding meeting were read and adopted. By the distribution of penny bags the sum of \$86.50 had been raised for the purpose of helping to furnish and equip a room at Byron Sanatorium to be used by the returned tubercular soldiers. Seventy-nine pair of socks had been knit and shipped to Mrs. McPhedran, Toronto, for Red Cross. The following officers were elected for the ensuing year:—president, Mrs. Jno. Robinson, 1st vice-pres., Mrs. R. C. Burton; 2nd vice-pres., Mrs. D. R. Falloon; sec-treas., Miss Annie Barnes; Red Cross treas., Miss Anna Auld; auditors, Miss M. Minelly and Miss Annie Thomson; district director, Mrs. H. Morningstar; representatives to district meeting, Mrs. D. Ross and Mrs. J. Thomson; branch director, Mrs. D. Auld. Next meeting to be held in the Foresters' Hall, May 23rd, for Red Cross work.

A Lesson in Grammar

Grace's uncle met her on the street one spring day and asked her whether she was going out with a picnic party from her school.

"No," replied his 8-year-old niece, "I ain't going." "My dear," said the uncle, "you must not say, 'I ain't going.'" You must say, 'I am not going.'" And he proceeded to give her a little lesson in grammar: "You are not going. He is not going. We are not going. They are not going." Now, can you say all that?" "Sure I can," responded Grace quite heartily. "There ain't nobody going."

SPECIAL Wednesday morning bargains at SWIFTS.

Saved by Prayer at Vimy Ridge

Almost the only one of his platoon to escape death or injury in the terrific fighting of Vimy Ridge. Pte. E. C. Chesher, now in the Crescent War Hospital, looks on his escape as the answer to his prayer uttered as he swept into action "Oh, God! If it be thy will, for my mother's sake, save me."

Pte. Chester was one of 250 who decided to lead a Christian life at a meeting conducted by Rev. H. H. Bingham at Barriefield last summer. In a letter to the minister, he says: "I don't suppose you will remember me, but I am one of the many whom you saved for Christ last summer at Barriefield."

"For a while I remained true, but in July, my little brother, aged 3, fell into a vessel of boiling water. It was so terrible that I went almost insane. When I first got word of the accident, I implored God to save him. Then he died. I hardened my heart, and tried to make myself believe there was no God.

"God was stronger than I, and one night in October while I was sitting in the Y. M. C. A. hut at West Sandling Camp, Kent, he spoke to me so strongly that I had to give in, and in his great and infinite mercy he forgave me all. "Never before had I felt him so close as that wet and misty morning we captured Vimy Ridge. I was in the second wave. When about 100 yards from our objective, we broke into a double. The next minute my platoon was almost annihilated. My prayer at that moment was 'Oh, God! If it be thy will, for my mother's sake, save me.' From the moment that I uttered that prayer, I seemed to feel an invisible presence and a feeling of peace and safety entered my soul and remained there throughout the whole action. I came through without a scratch. Tuesday I had to leave the line owing to an attack of trench feet."

CHOP STUFF

Robt. Whiting, for many years past a resident of Alvinston, has moved to Bridgen, where he has bought a dray business.

In response to an appeal by the central I. O. E. the members of the Woodstock chapter have pledged themselves to observe two meatless days and two potatoless days each week in order to help in the conservation of food and to permit of the sending of more adequate supplies to the boys at the front. The chapters also have placed themselves on record as unanimously favoring compulsory military service.

Geo. B. McIntosh resigned his office as Secretary-Treasurer of the People's Telephone Co., Forest, and has been succeeded by R. B. Crossie. Mr. McIntosh gave up the position in order to enable him to devote more time to his work as transportation agent for the Dominion Fruit Growers' Association. He expects to leave this week on a month's visit to New Brunswick and Nova Scotia, to study transportation methods in those provinces. Indications are that ere many months have passed he will be appointed to the permanent office of transportation manager for fruit branch of the Dominion Department of Agriculture.

Canadae farmers are planting in most cases only the acreage of potatoes grown in ordinary years, according to Mr. Archibald Lyon, one of the growers of that widely famed potato township. Five to eight acres is, as in other years, about the average number of acres being planted by each farmer. Were seed plentiful they would probably plant more, but they do not regard it as a safe investment to purchase extra seed at the present high prices, bearing the risk of the crop being a failure, or the possibility of potatoes being given down to 50 cents a bag next fall through over-production.

NEXT TIME

you send a parcel to your soldier friend in training or at the front, don't forget to put in some Zam-Buk. The soldiers say they cannot get enough of it.

Capt. Brooks, No. 4 Company, 7th Battalion, writing from the front, says: "Tell my friends, if they want to help us, we should be awfully glad of some Zam-Buk. We find it just splendid, and can use all that is sent us."

Nothing takes the place of Zam-Buk amongst the soldiers. They use it for rheumatism, blistered feet, sore hands, cuts, burns and scratches. Being antiseptic, Zam-Buk prevents festering and blood-poisoning. For eczema, or any skin trouble, it is equally good, and for piles there is nothing to compare with Zam-Buk.

All druggists and stores, or Zam-Buk Co., Toronto. 50c. box, \$ for \$1.25.

Children Cry FOR FLETCHER'S CASTORIA

It has long been contended by those who have to buy eggs that they should be sold by the pound, not by the dozen, on the ground that one dozen of eggs, and another dozen of eggs have as a rule no relation when it comes to food contents, owing to their difference in size. This question has been before the public in one form or another, like a hardy perennial, but those who handle eggs have never had the nerve to put into practice the method they know is a proper one any more than they regulate the price of butter according to its grade, not weight—it's all butter, and therefore the same price.

BLACK FRIDAYS. First of These Financial Terrors Came In London In 1745. Several of the great financial panics of the past have commenced on a Friday, and this has given rise to one of the pet superstitions of the stock exchanges and bourses of the world—that the sixth day of the week is fraught with ill omen for those engaged in financial operations.

The original "Black Friday" occurred Dec. 6, 1745, in London. On that date tidings reached the metropolis that the pretender, Bonnie Prince Charlie, had reached Derby with his forces. Londoners immediately made preparations to fly from the city, and a panic prevailed. It was on that occasion that the Bank of England had its closest call in its long history. The citizens were anxious to take their money with them, and the Bank of England was besieged by an army of depositors.

The bank escaped bankruptcy only by the expedient of placing "dummies" in the line to impede genuine depositors and by paying bona fide depositors in small coins, thus consuming much time.

The first "Black Friday" of latter day financial history was in 1866 and was due to the failure of one of London's largest banking houses. Three years later Wall street had a "Black Friday," due to an attempt to engineer a corner in gold. The worst of all "Black Fridays" was that of 1873, when on Friday, Sept. 18, it seemed that the whole financial structure of the new world had crumbled into ruins.—Exchange.

A FAMILY ORCHESTRA. Has Your Home One, and, if it Has, Does This Just Fit It? When two people conduct an orchestra there is plot material. If the two are knit by marriage ties the plot thickens. Endicott and I conduct a family orchestra, he at the piano, I playing second violin. I know more about music than does Endicott; he is more musical than I. I keep the time; he has the temperament. Temperament is more noble than time, but time, I shall always insist, has its place, perhaps nowhere more appropriately than in an orchestra. He at the piano can dominate the situation more neatly than I. In my position among the strings, however, I can more readily organize a strike.

The rest of the pieces are presided over by our children, young people of inflexible spirit and chromatic moods. Sometimes we doubt whether we have our troupe under the rigid control which as parents we might expect to command. The conductivity of an orchestra, says our son Geoffrey, varies with the distance of the blood relationship between artists and conductor. When the children were little we held the pleasant theory that a family orchestra would draw us all close together, standing always as a symbol of our perfect harmony. That would be all right if the harmony would only go to suit us all equally at the same time. As it is our little band, in which observers find so touching a picture of heartside unity, suggests sometimes all the elements of guerrilla warfare.

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine —Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MAYME ASBACH, North Crandon, Wis.

Testimony from Oklahoma. Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCASLAND, 609 Have St., Lawton, Okla.

From a Grateful Massachusetts Woman. Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. Osgood, 1 Haynes Park, Roxbury, Mass. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

WATFORD, MAY 18, 1917

Everybody Plant a Garden

At no time in many years has the necessity and importance of the home vegetable garden been so clearly shown as for this coming summer. France, our wonderful ally, has since the French Revolution been a nation of small farmers, her people of small means cultivating some available land produce a portion of their own household foodstuff and to increase the wealth of the nation: Great Britain, threatened with a shortage of foodstuffs, determined to cultivate all available land possible to offset this shortage and we in Canada are bending every energy toward facilitating these great nations should do all in our individual power to do something in the hope of helping ourselves and assisting the commercial vegetable growers who are seriously handicapped by the shortage of labor in the production of vegetable foodstuffs. Every city, town, and village dweller has an opportunity to help this great work, in that there are hundreds of available plots now practically unproductive which could be made grow vegetables and thus add to the wealth of the country.

German women in the United States are charged with putting ground glass in Red Cross bandages intended for Entente soldiers. All the atrocities, it seems, are not confined to the Fatherland. The spirit of murder and cruelty is apparently so firmly centred in the German mind that even many years of living in democratic America has not stamped it out. All of which shows once more that one cannot make a silk purse from a sow's ear.

Toronto	

Toronto, May 15.—Receipts at the Union stockyards to-day were 716 cattle, 458 calves, 1,004 hogs and 65 sheep and lambs.

Trading was again slow this morning, but with a light run of fresh cattle offering. A few loads were held over for tomorrow's market. Prices were just about steady with yesterday.

Spring lambs are lower. A movement is understood to be afoot among the packers with a view to arriving at an agreement not to kill any lambs until July 1.

Hogs are on the advance, selling 25c to 35c higher than yesterday. One small lot of choice hogs sold at \$17.50, fed and watered.

Canada's Wheat Hit

Official reports show the Canadian area of winter wheat last fall to be 813,400 acres, of which 656,500 acres in Ontario, 105,700 acres in Saskatchewan, 37,000 acres in Alberta, 8,000 acres in Manitoba and 6,200 acres in British Columbia. In Ontario the proportion of the area reported to be winter-killed is 25 per cent., in Manitoba 14 per cent., in Alberta 15 per cent., and in British Columbia 8 per cent. No report on the winter-killing of fall wheat is available for Saskatchewan, but as the proportions in the two neighboring provinces of Manitoba and Alberta are 14 and 15 per cent. respectively, it is assumed that the proportion of 15 per cent. also applies to Saskatchewan.

The result is a total estimated destruction through winter-killing of 187,000 acres of fall-sown wheat, or 23 per cent. This proportion is larger than in any of the two previous years, when, however, the amount of winter-killing was exceptionally low, being not more than about six per cent. in each year.

The condition of fall wheat on April 30th is reported as 67 per cent. of the standard representing a full crop in Ontario, 65 per cent. in Manitoba, 88 per cent. in Alberta, and 85 per cent. in British Columbia, making the figures for all Canada (Saskatchewan excepted) to be 69 per cent. This is a lower percentage representing conditions, than any previously recorded at the same date since 1909, and reflects the exceptional severity of the past winter.

The scarcity of print paper is modifying the size of newspapers. That is very acceptable. Newspapers are so cheap that the tendency is to indulge in them to excess, and they have been so voluminous that it has been an excessive labor to find out what they had to say. Moreover, the great amplification of their contents which had come with linotype printing and a million-a-minute presses had necessarily impaired their literary quality. Some of the good and important papers have come to be so slim that it is a pleasure to read them. Even the Sunday papers are improved.—New York Life.

THE GREAT STANDARD BRED TROTTER STALLION COMING

BONADAY
RECORD 2.11 1-4
No. 46786 A. T. R.
No. 1478 C. T. R. I

Mr. R. J. Shepherd has purchased from Mr. A. R. Miller, Vancouver, B. C., his famous trotting stallion BONADAY, 2 1/4, and will stand him in the stud, at FOREST, ONT., for the season of 1917.

Bonaday is a beautiful, racy looking, rich bay stallion, and stand 16 hands high, and weighs 1200 pounds. Bred by The Coffin Estate, San Francisco, Cal, and foaled in 1907. His sire was Bon Voyage 2 08, was by Expedition, the best son of Electioneer, was champion two year old trotter of his year, as well as holding the three year old record also, and holds the California record for the five fastest five heats ever trotted and was sold for \$50,000 for export.

Bonaday's dam was Welladay, 2 14, a daughter of the great sire Steinyway, sire of Thorway, 2 05 1/2, Klataway 1 11, 2 05 1/2, Bonnie Steinyway 2 05 1/2, W. Wood 2 07, Cricket 2 10, and thirty-five others in 2 30 and dams of White Sox 2 05 1/2 and 44 others in 2 30.

Steinyway was one of the best sons of Strathmore, from which branch of the Hambletonian family came Lou Dillon, 1 58 1/2, the World's Champion trotting mare. Bonaday's second dam was Kate G., the greatest producing daughter of Electioneer, dam of Klataway 1 11, 2 05 1/2, Periolat, 2 05 1/2, Welladay, 2 15, Katrinka G. 2 14 1/2, Charles Derby, 2 20. (Sire of forty eight in 2 30). Steiner 2 25 1/2. This great brood mare was out of a thoroughbred mare tracing to the great Lexington.

Bonaday resembles the beautiful Madison Square Garden Horse Show winner, J. Malcolm Forbes, 2 08, son of Bingen 2 05 1/2, and Santos, dam of Peter the Great, 2 27 1/2, and is hard to beat in the show ring. He was Junior Grand Champion, at The Yukon Pacific Exposition as a two year old, and Grand Champion at Salem, Oregon, in 1913, and Champion at Vancouver in 1915.

Bonaday is yet a young horse. He has so far proved himself, a fast game, battling race horse, and has also proved beyond the shadow of a doubt, that he is a sire of colts, that are all of solid colors, and of most perfect size and type, and also that all of his colts know no other gait but trot, and trot fast, being perfectly gaited. He is the sire of three two year old trotters, as follows, viz.—Valen, M. (2) 2 25, Boniske, (2) 2 25 1/2 and Bonniola, (2) 2 25 1/2, and took a record himself as a two year old of 2 27 1/2.

Be sure and look this horse over before making your selection for the coming season. It is no lottery to breed to a horse of this class, as he possesses every requisite of a great sire.

Potato Production

In normal years it is economy to cut good sized potatoes in sets varying from one ounce to two ounces each. In the average of ten tests conducted at Guelph in five years the following average annual yields per acre were obtained from good sized potatoes cut into pieces of different weights as here indicated:—two ounces, 150 bushels; one ounce, 130 bushels; one-half ounce, 109 bushels; one-quarter ounce, 98 bushels; one-eighth ounce, 79 bushels; and one-sixteenth ounce, 37 bushels. Small potatoes are frequently produced from scrubs or from diseased tubers. The potatoes produced in Ontario in 1916, however, were exceptionally free from rot and were unusually small owing to the growth being arrested by unfavorable weather conditions. Potatoes did not thoroughly mature last autumn and immature potatoes are inferior for table use but make excellent seed. At this particular time, therefore, potatoes, the size of hen's eggs or even smaller, might be used for seed to good advantage. These could be cut into pieces even as small as one-quarter ounce each and could be planted in rows twenty-eight inches apart with the pieces twelve to fifteen inches apart in the rows. They should be planted at the same depth that they are cut. Where good seed is unobtainable whole potatoes not more than one-quarter to one-half ounce in size might be planted with the prospect of receiving moderate returns. It would be an advantage to spread out the small potatoes in a warm light room for two or three weeks to allow them to sprout before planting. According to present indications the acreage of potatoes will be less than usual this year.

With the possibility of a famine in food materials, great care should be exercised by both the farmers and the city gardeners in growing the crops of highest value, in using the best seed obtainable and in economizing labor.
C. A. ZAVITZ.

BABY'S OWN TABLETS OF GREAT VALUE

Mrs. J. A. Lagace, Ste. Perpetue, Quebec, writes: "Baby's Own Tablets have been of great value to me and I would strongly recommend them to other mothers." Thousands of other mothers say the same thing. They have become convinced through actual use of the Tablets that nothing can equal them in regulating the bowels and stomach; driving out constipation and indigestion; breaking up colds and simple fevers; expelling worms and curing colic. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The Late Mrs. Robert Conkey

Mrs. Robert Conkey of Adelaide Township, passed peacefully away at the home of her daughter, Mrs. James Wallace, on Sunday morning, April 22nd, at the mature old age of 86 years. Deceased was a daughter of the late John Wiley, and was born in Ireland in 1831, coming to this country when two years old. Seventy years ago she was married to Robert Conkey, who predeceased her eight years ago. They located on a farm in West Adelaide, where they endured the trials and hardships of the pioneer days. She leaves to mourn her loss eight sons and three daughters, also thirty-one grandchildren, and thirteen great grandchildren. The members of the family were all present at the funeral, viz:—David, of St. Lawrence, South Dakota; Alexander, of Kaukauna, Wisconsin; Samuel, of Caseville, Mich.; John, of Strathroy; Robert and Fred, of Adelaide; George and Nathaniel, of Warwick; Mrs. William Rogers, of Watford; Mrs. James Wallace, of Adelaide; and Mrs. Darius Conkey, of Strathroy. The funeral was held on Tuesday, April 25th, and was very largely attended, interment being made in the West Adelaide cemetery. The Rev. Dr. Savers con-

FIGHTING GARDEN FOES

Destroy Them or They May Destroy Your Crop.

SPRAYING A READY REMEDY

In This Column the Amateur is Introduced to Insects and Fungus So That He May Know Them by Their First Names.

(By S. C. JOHNSTON, Vegetable Specialist, Ontario Department of Agriculture, Toronto.)

Garden Foes.
 Unfortunately the backyard vegetable grower has some difficulties to overcome. It will not be all pleasure and profit which he must look forward to because there are innumerable insects and fungus diseases which cause much worry and trouble and necessitate the use of extraordinary methods to prevent or control. Most of these troubles may be overcome by spraying the plants with remedies which can be secured from seed stores and other firms handling them.

The following is a list of the more common vegetables and the insects and plant diseases attacking them with remedies or preventives.

ASPARAGUS. Beetles. Blue, black or yellowish colored, about one-half inch long, which appear early in May and feed on the young shoots. Keep the bed closely cut in the spring or allow poultry to run through it. After cutting season is over, spray with arsenate of lead. Encourage the lady bird beetle which destroys many of these insects.

Anthraxnose or Pod Spots. Brown or reddish spots on the foliage and pods. Found on low damp ground. Plant only seeds which have no signs of the disease. Pull up and burn diseased plants as they appear.

CABBAGE, CAULIFLOWER, AND BRUSSELS SPROUTS. Root Maggot. A small whitish colored maggot one-quarter of an inch long. Looks something like a grain of wheat, found just below the surface of the ground either close to or on the roots. They eat the roots, causing the plant to drop over. Apply a solution of corrosive sublimate one-half ounce dissolved in five gallons of water, at the rate of half a teaspoonful over each plant once a week for five weeks after they are set out, commencing three or four days after planting.

Cut Worms and White Grubs. Greyish white grubs which work at the surface of the soil cutting off the plants. They may be trapped by spreading a mixture of poison bran over the surface of the soil close to the plants. A pall of bran with sufficient paris green to highly color it, should be moistened with molasses until it crumbles readily in the hand. This moisture should be kept on the ground during the early part of the season.

Worm. A small greenish worm three-quarters of an inch long, which appears quite early in the season. Dust with pyrethrum or hellebore powder when the plants have headed, or dust with a teaspoonful of paris green mixed with three tablespoonful of flour when young. A piece of burlap may be used for this purpose or an empty can with holes punched in the bottom.

Aphis, also called louse. Small greyish insects which multiply rapidly. They may appear at any time in the season. Spray forcibly with a solution made from steeping one pound of tobacco refuse in one gallon of water. This solution may be used on all plants on which Aphis are found.

CELEERY. Blight. Black spots appear on the foliage followed by wilting of the plant and a soft root on the stock. Spray each week with a mixture of Bordeaux mixture covering the entire plant.

CUCUMBER. Striped Beetle. Black and yellow striped beetle which feeds ravenously on the tender leaves of the plant in the very early stage of growth. Dust leaves when wet with ashes or air-slaked lime.

Squash Bug. Dark brown beetle which sucks the juice from the plant. Hand pick and destroy. Found on the leaves.

MELONS. Cucumber insects usually attacks and may be destroyed as given above.

ONION. Onion Maggot. A white maggot similar to the cabbage root maggot. No effective means of control. Spread charcoal over the ground or try the corrosive sublimate solution as recommended above.

Blight. A violet color, patches appearing on the leaf of the onion. Some advise spraying with Bordeaux mixture from the time the onion plant is three inches high.

POTATO. Colorado Beetle or Potato Bug. Dust with paris green when the dew is still on the plant, or place a teaspoonful in a watering can of water and pour over the plant. If possible have the plant dusted with paris green before the bug appears.

Scab. Easily recognized by characteristic roughness of the skin. Immerse the uncut tuber just before planting in a solution of two fluid ounces of formalin with two gallons of water. Dry, cut, and plant.

Blight. Brown spots distributed

Here's help in decorating your home inside and outside

People judge you by your home. A beautiful home, well decorated outside and inside is not only a pleasant place to live—but commands the respect and admiration of your friends and neighbors.

Good decorating results require good taste plus good finishes, plus proper skill in applying. You can get expert advice on all three if you consult us about

Low Brothers

Paints, Varnishes, Enamels, Stains

In the selection of paint for the exterior it is economy to use Low Brothers "High Standard" Liquid Paint. It is scientifically-made paint that gives perfect protection with lasting beauty. "High Standard" Paint spreads and "goes" farther than cheap paint—sets in a close tight coat—resists years of wind, sun and wet—fails only by gradual wear—leaves a good surface for repainting.

For the walls and ceilings use Low Brothers

"High Standard" Mellotone. Its rich colors rest as well as delight the eyes. It is fadeless and washable—not easily scratched or marred—and decidedly economical.

For refinishing furniture, floors and wood-work, Low Brothers Varnish comes in colors to match usual finishes. Easy to use—economical.

For varnish that wears, retains its brilliancy and depth of lustre, choose Low Brothers "Little Blue Flag" Varnish—one for every purpose.

For solid colors on old floors use Low Brothers Hard Drying Floor Paint.

If you have a decorating problem we'll be glad to help you

You will always get good paint where you see this sign.

over the leafy surface, usually found in July. If they are not prevented from growing, the whole plant will be destroyed. Spray once a week for four or five weeks with Bordeaux mixture from July 1st.

RADISH. Root Maggot. Use the same remedies as given for cabbage and onion maggot.

TOMATO. Tomato Worm or Horn Blower. A large worm which rapidly defoliates the plant. Hand pick and destroy.

Blight. Black spots appearing on the leaves which spread rapidly and cause the whole plant to die. Keep the plants growing vigorously.

Uses For Viscose.

By converting cellulose, one of the elements of wood, into a gelatinous material known as viscose, a wide field is opened up for the utilization of wood waste, and a new line of products, varying all the way from sausage casings to tapestry, is added to the already lengthy list.

STRENGTH OF EGGSHELLS.

The Great End to End Pressure It Requires to Break Them.

Few people are aware of the wonderful provision made by nature to protect against breakage the egg of a bird, by the use of the arch.

"The fact that no man, no matter how strong he may be, is able to break a sound hen's egg by squeezing it between his hands, applying the pressure according to the axis of the egg, made me try to find out the resistance that an egg can withstand in this way," says G. Herrasti of Westery, R. I., in describing his experiments in the Scientific American.

"Brown eggs proved stronger than white ones and broke under a pressure averaging 155 pounds, the minimum being 125 pounds and the maximum 175."

"White eggs broke under an average pressure of 112.5 pounds."

"The method employed was as follows: The egg, setting point upward, was placed on a platform scale and pressure was applied to it by a lever and a jack. Felt seats conveniently disposed prevented the egg coming in contact with the wood."

"The shells were measured for thickness and found to be .013 inch to .014 inch. When it was considered that the average diameter of the eggs was 1 3/4 inches some idea may be formed of the enormous strength provided by nature."

Children suffering from worms soon show the symptoms, and any mother can detect the presence of these parasites by the writhings frettings of the child. Until expelled and the system cleared of them, the child cannot regain its health. Miller's Worm Powders are prompt and efficient, not only for the eradication of worms, but also as a toner up for children that are run down in consequence.

THIS year we had a south equinoctial wind, but since the equinox the prevailing winds have been from the north and northwest. Nevertheless, next year we shall doubtless again hear the old saying that the direction of the wind at the equinox determines its directions for the next three months. Superstitious die hard.

STYLES FOR CHILDREN.

What Small People Will Wear This Springtime.

The inclination just now is toward the simplest lines, and bloomers are included, as a matter of course, in frocks, not only for the littlest girl, but for her elder sister, who may be almost in her teens.

Chambray, Scotch gingham, linens, batistes and lawns are the favorite fabrics. Sometimes there is a yoke, to which the material is gathered and held in position by rows of smocking in colored threads. It has taken some time for this form of decoration to become popular in this country. For many years it has been a favorite means of ornamentation in England and, to a less extent, in France.

The type of smock that fastens on either shoulder and is slipped over the head is shown for both little boys and girls. In the garment for the former the smock is cut much shorter than when it is for the girl, and the bloomers are not as full as those worn by the latter.

While white remains the only thing considered in connection with the clothes of infants, color has crept into the little dresses, coats and hats of children who have entered their second or third year. Even the standard pale blue and pale pink now have rivals in such shades as maize, old blue and rose. Now and then one meets a light green color or a pale lavender, but on the whole these have not a very large representation in juvenile clothes.

The dress intended for beach wear continues to be made of serge in white, in navy and quite recently in shades of red. The trimming is simple and employs soutache braiding, machine stitching and embroidery motifs. Sometimes there is no trimming other than the belt and the collars and cuffs of some washable stuff.

The matter of long waist or short waist is one that the mother may decide for her child, according to the former's preference. The very little girls wear yoke dresses, but those who have attained as many as five years or more wear long waisted frocks with a belt. On the whole, perhaps these are preferred, excepting for the party frock, which has a short waist, very fluffy skirt and a sash finish.

Of course there must be a party frock in every lilliputian wardrobe. They are made of the daintiest fabrics, exquisitely sheer and trimmed with fine laces and embroideries. The effort is to keep away from too much ornamentation. Ribbons are permissible in dainty colors, and usually they are in very narrow widths and manipulated in rosette or chou effect.

A Spring Tonic

Substantial Proof by a Canadian Witness.

Beechmont, Ont.—"I feel it my duty to tell what Dr. Pierce's remedies have done for me. When I commenced taking them I was completely run down. I have taken altogether nine bottles of the 'Golden Medical Discovery' and 'Favorite Prescription,' together with the 'Pleasant Pellets' and can truthfully say that I feel like a new woman. I would certainly recommend these medicines to any one suffering as I did."—Mrs. Wm. Flannery, Beechmont, Ont.

An imitation of nature's method of replacing waste of tissue, enriching impoverished blood and increasing nerve force is when you take an alterative extract of herbs and roots made with pure glycerine, without the use of alcohol, like Dr. Pierce's Golden Medical Discovery. This vegetable medicine coaxes the digestive functions and helps in the assimilation of food, or rather takes from the food just the nutriment the blood requires.

Pure blood is essential to good health. Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and enriches the body with an abundant supply of pure, rich blood. It thus cures scrofula, eczema, erysipelas, boils, pimples and other eruptions that mar and scar the skin.

Write Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for free medical advice or for free booklet on blood.

Overland Motor Cars

Built to Rigid Standards

Every Overland Light Four is built to a rigid standard of performance, comfort and appearance.

Its style—built low with harmonious and sweeping lines—is a beautiful car in every sense of the word.

The new is powerful, quiet and of sturdy construction. The turning radius is short. The car has quick acceleration, is built to tour safely and comfortably.

With all these good qualities it rides beautifully. The soft cushions, the long, resilient cantilever rear springs, the large tires (31 x 4) and the proper balance in construction, absorb all types of jolts—over all kinds of roads.

25 Miles to Sarnia

36 to 68 PER CENT.

More Mileage

20 to 25 miles to a gallon of gasoline is a frequent occurrence with the Ford car. One man (name on request) reports an average of 33 miles per gallon for 20,000 miles. Surely this is a record that few, if any, other makes of cars ever equaled.

It demonstrates the economy of owning and driving a Ford. You can average 1000 miles more travel on Ford-size tires. The saving on oil and repairs is proportionately large. The name "FORD" stands for lowest cost and greatest service.

The Ford is truly the Universal Car.

Enniskillen Farmer Killed

PETROLIA, May 12.—Anthony Russell Douglas, aged 21, a young farmer living south of here, was instantly killed on Greenfield street, near the town hall at 8 o'clock last night. He had driven into town and his horse became unmanageable and in an endeavor to get the animal under control one of the lines broke. Douglas leaped out to grab the horse

by the head, and in doing so was hurled against a tree. He did not recover consciousness. He lived with his mother on the old homestead of his father, the late James Douglas, who died some four or five years ago. His home was on the eighth concession of Enniskillen Township. He had driven into town with his sister and a lady friend. Neither of these were injured.

Court of Revision

The Court of Revision of the Village of Watford, will be held in the Council Chamber, on Tuesday, May 22nd, 1917, at ten o'clock a.m., to hear and determine any complaints against the assessment of the Village of Watford.

W. S. FULLER, Clerk.
 Watford, May 11th, 1917.
 The first member of the 149th Batt. to die overseas is Pte. Ellsworth Rogers, of Forest, a member of "D" Company. Diphtheria was the cause of death.

Siddall—Vail, and carried, what we request our municipal council to provide \$300 for public school purposes for May.

Communications were read from Principal Steer recommending refunds to Roger Thorne and Esther Weight \$3.00 each, school fees, unavoidable absence from school.

Fitzgerald—Millar, and carried, that we refund fees as follows viz:—Roger Thorne three dollars; Esther Weight \$3.00.

Mr. George Stephenson interviewed the Board with reference to the board fence between his property and the public school which required repairing.

We authorize the repair and supply committee to erect such fence as may be necessary between the public school grounds and properties adjoining.

Principal Shrapnell addressed the board on some matters pertaining to his school.

Vail—McLaren, and carried, that we adjourn.

D. WATT, Secretary.

The New Voters' List

Changes to be made in the preparation of the voters' lists so as to include the women of the Province, who have been given the franchise privilege, have been issued in a memorandum for the clerks of the local municipalities. The new act has been officially proclaimed. The effect of the changes in the list means that in townships, villages and towns, other than county or district towns having a population of 9,000 or over, the voters' lists will be prepared in two parts instead of three. The third part formerly contained the names of persons qualified to vote at elections to the Legislative Assembly only, and this will be left out. Part one will contain the names of every resident 21 years of age and a British subject, who is assessed as either a tenant or owner of property or for incomes of \$400, or a farmer's son. Part two will contain the names of all men and women qualified to vote at municipal elections only, and will include all non-residents assessed as owners, tenants or for income. In cities, and county or district towns having a population of 9,000 or over, only one list will be prepared, which will include every person, resident or non-resident, 21 years of age, a British subject, who is assessed as owner or tenant of property to the required amount, or for income of \$400 or over. After the name of every woman entered on the list the clerk should designate whether she is married, widow or spinster. A woman who has been omitted from the assessment roll or voters' list has the same right to appeal as a man.

The clerk in marking up the voters' lists must not enter the names of any persons marked by the assessor upon the assessment roll as being an alien.

The San Jose scale is making great headway in the Alvinston district.

Andrew Lunam, Plympton, met with a bad accident last week, when a colt he was driving took fright, and ran away, throwing him from the roller on which he was riding, and breaking his collar bone. Mr. Lunam was also badly shaken up and received a severe shock.

After all is said and done there is nothing that will take the place of good Glasses. One may move nearer the light or bring the light nearer to them, they may twist and turn the book or paper, they may do as they please, yet, if the eyes need Glasses they must have them, otherwise there is the inevitable eye strain, followed by headaches.

ST. VITUS DANCE

Even the Most Severe Cases Can be Cured by Dr. Williams' Pink Pills

Is your child fidgety, restless, or irritable? Are the hands shaky or arm-jerky? Do the legs tremble or drag? These are signs of St. Vitus Dance, a nervous disease which is confined chiefly to young children, but which often affects highly-strung women, and sometimes men. St. Vitus Dance is caused by disordered nerves, due to poor blood, and is always cured by the use of Dr. Williams' Pink Pills which fill the veins with new, rich red blood, strengthening the nerves, and thus drawing out the disease. Here is proof:—Mrs. John A. Cumming, Lower Caledonia, N. S., says:—"When my daughter Myrtle was about nine years of age she became afflicted with St. Vitus Dance. The trouble ultimately became so bad that she could not hold anything in her hands, and had to be fed like a child. She could not even walk across the floor without help. She was treated some time by a physician, but did not show any improvement. One day a neighbor said she had read of a case of St. Vitus Dance cured by Dr. Williams' Pink Pills, and we decided to give this medicine a trial. By the time the third box was used there was some improvement in her condition, and we continued giving her the pills for about a month longer when she was entirely cured, and has not since had the least return of the trouble.

Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

From Old Peru

Albert J. Johnston, of Sarnia, has received the following letter from Peru:—"Enclosed find draft No. 677 on Toronto for \$116.59. This is from the Lambton boys in Peru, and they wish you to hand the value to the Red Cross Society or to some other patriotic organization. Yours on behalf of the Lambton boys—John Hartigan, J. J. Kelly, Frank Holbrook." The above young men are former Lambton boys, and before going to Peru were in the employ of the Imperial Oil Company. Holbrook is the youngest son of the late Mr. Edward Holbrook, formerly of the twelfth line Brooke, later of Petrolia.

Herbert Saunders has purchased the Hotel Northern, Sarnia, from Joseph Peterson. The price paid was \$15,000. The Windsor Record advises girls to "tie up to the man with the hoe." "No use," says the Walkerville Telescope, "the man with the dough is the chap the girls are after."
