SENATE TO BLOCK NAVAL BILL UNTIL PEOPLE GIVE MANDATE ROSS FIRM FOR CANADIAN NAVY

Borden Proposes to Send "Three Empty Shells of Steel," Says Liberal Leader. Who Asserts That True Imperialism Demands Contribution of Men as Well—Moves For Reference to People.

OTTAWA, May 27.—(Special).—Sir George W. Ross, as Liberal leader in the senate, this afternoon, at the conclusion of a lengthy speech, moved that the naval aid bill be not read a second time, but that the bill be not further proceeded with until the judgment of the Canadian people thereon had been obtained. This motion, if adopted, as it will be by the senate, discharges the bill from the order paper and means the killing of the bill. Nearly every senator was in his seat this afternoon, including the four new Ontario senators, who were sworn in at 3 o'clock. There were more people in the public galleries than yesterday, the first to enter being Hon. MacKenzie King. On the floor of the senate, back of the bar, were a number of prominent people, including Sir Wilfrid and Lady Laurier.

Would Breed Naval Heroes.
Sir George spoke from his chair and the poor acoustics of the chamber made it difficult to follow his speech. It evoked, however, several demonstrations of applause from Liberal senators and was followed with close interest by members on both sides of the house. Its keynote was distinctively a plea for a Canadian navy. South Africa was recalled and the six thousand Canadian volunteers. Three Victoria crosses, Sir George said, went to Canadians in the Boer war, but in the naval battles of the empire there would be no Canadians to receive decorations, but only "three empty shells of steel."

In opening, Sir George Ross stated that the line of cleavage between the two political parties was clear and distinct. The senate must decide whether they favored a permanent policy of contribution or the policy of a Canadian navy. He could not agree with Senator Loughheed that to talk of building a navy in Canada at this time was an insult to England. On the contrary, Sir George agreed with the excerpts he read from speeches delivered by Mr. Foster and Mr. Borden in 1909 to the effect that we should have a Canadian navy composed of ships built in Canada and officered and manned by Canadians.

Naval Service Act Inadequate.
Sir George said he would not discuss whether or no an emergency existed because Canada could meet any emergency without passing the Borden bill. Everything proposed to be done by the naval aid bill could be done by a vote in supply under the naval service act of 1910. There was no need to violate

HOW WILL THE SENATE BE REFORMED?

OTTAWA, Ont., May 27.—(Special).—There is much curiosity as to what the government will do in the way of reforming the senate. It is evident that the senate could not be abolished or reconstituted without a general election, and as an election is not imminent, politicians are enquiring how Mr. Borden can deal with this recalcitrant chamber. One solution of the difficulty is that the British Government will be asked to amend the B. N. A. Act so that any bill that receives the assent of the commons in two successive sessions will become law without the concurrence of the senate. Such an amendment would be in line with the parliamentary act recently passed by the Asquith government and would not be objectionable to the Canadian Senate. It would preserve to the senate a suspensive veto without precipitating in the future such crises as followed the return of the Laurier government to power in 1897, and the return of the Borden government to power at the recent election.

NEW LAW LORDS BADLY NEEDED

Sir Rufus Isaacs Says Present System Does Not Satisfy the Overseas Dominions.

LONDON, May 27.—(C. A. P.).—Sir Rufus Isaacs, attorney-general, today moved the second reading of the bill providing for the appointment of two additional judges to the privy council, making six in all. This is the third attempt that the government has made to pass the bill. The work of the judicial commission, he said, had increased very considerably during the past few years, and at present there are 63 appeals to be decided, involving very complicated points of law. It was impossible for the work to be done right or to give satisfaction to the overseas dominions unless the house gave the government power to appoint two new judges. Joseph Martin, M.P., opposed the bill. Sir A. Markham, who is not opposing it, stated that by appointing two new judges the house was depriving itself of the opportunity of bringing about any reform in the judicial procedure of the house of lords. The mere fact that the overseas dominions asked for additional judges was not sufficient reason for their appointment at a salary of £6000 a year each. The debate was adjourned.

STRUCK BY ENGINE YOUNG BOY IS DEAD

Nine-year-old Albert Burgess, son of Thomas Burgess, 648 Rhodes avenue, was struck by an engine yesterday morning at Greenwood avenue crossing, where he was playing on the tracks. His skull was fractured and he died at midnight in St. Michael's Hospital, after being unconscious for about twelve hours.

TREATY OF PEACE MUST BE SIGNED

Ultimatum Is Presented to Greece and Serbia by Ambassadors Now Meeting in London.

LONDON, May 27.—(Can. Press).—The growing displeasure in diplomatic circles of the great powers at the attitude of Greece and Serbia, found expression today in what practically amounted to an ultimatum, which Sir Edward Grey, the British secretary for foreign affairs, delivered to the delegates of the belligerents. The commission, which was couched in strong phrases without ambiguity, made it perfectly clear that enough time had been spent in futile discussion of the peace settlement and that the moment had arrived for the signing of the draft treaty. Despite assertions to the contrary, the ambassadors were told that they must sign any modification of the draft, not because of the character of the proposed changes, so much as because of the delay which would attend fresh discussions.

Furthermore, it was pointed out that the proposed modifications were useless in those cases which had been left in the hands of the powers. Consequently the delegates were informed that a decision had been reached that peace should be signed forthwith. It was also intimated that those states which were prepared to sign should do so, and that it would serve no purpose for those not prepared to sign to remain lingering, thereby intimating that the recalcitrants may continue the war.

The Servians and Greeks have notified their home governments of this decision and are now awaiting instructions. The Turks and Bulgarians are ready to sign, and it is not expected that the Montenegrins will raise any objections.

MUST PAY DAMAGES FOR LOSS OF EYE

Charles H. Rudd Held Liable For Carelessness in Handling a Skyrocket.

Charles H. Rudd must pay the \$1070 awarded as damages to Arnold Pringle last March by Chief Justice Meredith. His appeal from that judgment was yesterday dismissed after argument before the judges composing the court of appeal.

On Victoria Day a year ago Arnold, who is a small boy, or, as the law has it, an infant, picked up a skyrocket which Rudd had thrown into the street because he thought it was spent. The rocket exploded in the child's hands, with the result that he lost the sight of one eye.

Charles Pringle, sr., then entered a claim for \$10,000 damages on the boy's behalf, and \$256 on his own account. On March 27 of this year Arnold Pringle was awarded \$1070, the \$70 being allowed to pay the cost of medical attendance.

Mr. Rudd must also pay the costs of the appeal.

FROG TWO FEET HIGH EYES LIKE TEACUPS

Soliloquizes Like a Locomotive Whistle and Railroaders Are Carrying Guns.

Special to The Toronto World.
HYNDMAN, Pa., May 27.—This section is considerably stirred up over reports of a giant frog, who has his abode near a big rock in Willis Creek. His frogship has caused consternation among the trainmen on the Baltimore and Ohio Railroad, because of his ability to imitate the deep-toned whistles on the freight engines.

According to the trainmen, the frog gets up on the rock and sends his deep-throated bass sounding down the valley, exactly as the big Mogul engines sound their whistles when they call in the flagman. Several flagmen, thinking they had been given the signal to return to their train, left their posts and wrecks were narrowly averted.

Brakeman J. W. Flegle of Cumberland, Md., who saw the frog, says he stands two feet high and has eyes as big as teacups. Several of the trainmen have armed themselves, and threaten vengeance on "Old Gig."

HERE'S ANOTHER ONE ON THE THIRTEENTH

Thirteen High School Pupils Will Graduate on the Thirteenth of June.

Special to The Toronto World.
SUSSEX, N. J., May 27.—Thirteen seniors of the Sussex High School regard themselves as singularly favored of fortune because they are to receive their diplomas on June 13, in the year 1913. The combination is something that could not be beaten again in centuries, they declare, and they are tickled mightily at the prospect.

The elders of the village are predicting dire disaster for the young people who are about to enter the world under such a handicap. They tried to get the board of education to change the date, but the board put it up to the pupils and the latter vigorously opposed any scheme to spoil the "jinks."

TO STRENGTHEN ARMY OF FRANCE

Government's Proposals to Retain Time-Expired Soldiers in Service Are Endorsed.

PARIS, May 27.—(Can. Press).—The chamber of deputies today adopted by a vote of 389 against 165 the proposals of the French Government for retaining the 888,000 necessary to keep alive time-expired soldiers for another year with the active army. Charles Dumont, the minister of finance, explained that the government projected the issue of 20-year 3 per cent. loans and also proposed to issue an income tax on incomes of \$2000 and over, which was expected to produce \$31,000,000. The minister promised to assist those families which had been placed in destitution by the men being kept for three years in the army instead of two.

A strong attack on the government was made by the Socialist deputies. Premier Louis Barthou appealed to the patriotism of the chamber in a speech which was greatly applauded by the members of the Centre and the Right.

SEAT FOR HON. C. R. MITCHELL.

EDMONTON, Alta., May 27.—(Can. Press).—George J. Lene, member for Bow Valley, has resigned his seat in the local house to provide a seat for Hon. C. R. Mitchell, who was defeated in Medicine Hat. Nominations will take place June 12, polling one week later. The Liberals of Bow Valley have formally asked Mitchell to stand for the seat.

MONEY WASTED ON THE MILITIA CHARGE OF OPPOSITION CRITICS HUGHES WOULD DOUBLE OUTLAY

Should Be Twenty Millions a Year to Meet Public Demand, He Contends—Serious Accusations Touching Conditions at Kingston Penitentiary Will Be Investigated.

OTTAWA, May 27.—(Special).—Col. Samuel Hughes and his estimates for the militia department, occupied the centre of the stage during most of today's sitting of the house. The militia estimates were somewhat savagely attacked by Mr. Carvell, Mr. Lemieux and others, the former pointing out an increase of expenditure of three million dollars per year since the Borden government came into power.

Col. Hughes kept his head thruout the long discussion and assured the house that the expenditures upon militia should be twenty million instead of ten million dollars per year. Indeed, he said, by the agreement with the Imperial Government, made at confederation, Canada was bound to expend ten per cent. of her revenues upon the militia. Several Liberal members came to the defence of Col. Hughes, notably Col. McLean of Queen's and Sunbury and Hon. George P. Graham.

Prison Reform.

The minister of justice at this morning's sitting of the house introduced his bill to amend the Prisons and Reformatories Act. The object of the amendments are twofold. The first is to extend the principle of indeterminate sentences in Ontario, and the second to authorize the joint establishment by New Brunswick and Nova Scotia of a reformatory where prisoners from Prince Edward Island may be confined.

When the estimates of the justice department were reached considerable discussion arose concerning St. Vincent de Paul Penitentiary. Mr. Wilson (Laval) spoke strongly against prison farming. He pointed out that the prisoners went to work in the fields too late in the morning and returned too early in the afternoon. He said that it would be better for the government to sell the farm adjoining the penitentiary and use the money obtained therefrom for the betterment of conditions in that institution.

The convicts, he said, were often marched thru the streets. Not only was this not a pleasant sight to the townspeople, but it also humiliated the prisoners. He asked that the minister remedy this. The country, he pointed out, was wealthy enough to hire labor for any work outside of the prison walls.

Tyranny at Kingston "Pen."
When the estimates for Kingston Penitentiary were reached Mr. Edwards, the Conservative member for Frontenac, declared that the institution should be cleaned out from end to end. He said that some of the officers there now practised petty tyranny in many ways.

An inspector, he said, should be placed in charge of the institution for the present, as the man who was acting as warden at present was charged with some serious offenses. He should not be allowed to remain in charge while the accusations were uninvestigated.

As an example of the tyranny of some of the officials and their lack of feeling for the convicts, Mr. Edwards related the following incident: "The guards, when making their rounds at night, punch the clocks at certain intervals. A guard one night, some time ago, was about to punch

POLICE ARE SURE SHE KILLED HERSELF

No Inquest Will Be Held Into Death of Mrs. Campbell, Who Was Found Dead in Her Room on Simcoe Street With Sheet Knotted Around Her Throat.

No inquest will be held into the death of Mrs. C. Campbell, whose body was found hanging from a stove pipe in a Simcoe street house on Monday morning. Further investigation yesterday convinced the police that the woman committed suicide by placing a bedsheet around her neck and looping it over a stove pipe, which stretched across the room a foot below the ceiling. Coroner Dr. Singer advised the police that it was a clear case of self-destruction, and on the strength of this the department will drop the case. It is likely that the body will rest in the morgue until word is received from relatives in Scotland.

Inspector of Detectives Kennedy informed The World last night that as there was no evidence of foul play the man who gave his name as "Mr. Thompson," and who accompanied the woman to the house, and has not been seen since the tragedy, will not be sought.

Don't Want the Man.

"It looks like a case of suicide," said the inspector, "so we do not want this man. There is nothing to show that there was foul play."

Coroner Singer stated that he saw a dent in the stove pipe where the bedsheet had been looped. And the sheet, which appeared to have been only draped over the woman, revealed on close examination that it was knotted three times with a peculiar knot, commonly called a "Scotch" knot. Also the pipe creaked when the least pressure was placed on it. Detective Older found that it would bear his weight.

There is some doubt in the house where the tragedy occurred as to the time Thompson left. The room was rented on Saturday and he and the woman were noticed leaving and entering the house from that time up to Sunday night. Mrs. Sharkey, the landlady, stated to The World that she thought Thompson left the house on Monday morning a few hours before the body was found. To the police, however, she said that the person may have been another roomer, and that Thompson may not have been there during Sunday night or the early hours of Monday morning. As the man has not been seen there is no way of clearing up this matter.

Some Wonder.

There is also a little wonder as to how the woman was able to hang herself from the pipe, which is about eight feet above the bed. There is a theory that she threw one end of the sheet over the pipe and climbed up the back of the bed, which is high, to swing off, or that she placed pillows and clothes at the head of the bed and then kicked them away in her struggle, but there was no evidence of this. Detective Older and Constable McCross state that the woman's feet were several inches above the bed when the body was found, while two people in the house, who saw the body before the police arrived, said that the feet were resting on the bed clothes.

There is one fact that points to suicide, the woman having been lonely and despondent in Canada. She had come here from Edinburgh, Scotland. She worked in Castleton, Ont., for a few days, and thence came to Toronto, where she was engaged as a domestic at two different homes. Her employers said that she was very melancholy and had threatened to end her life. Her husband had suicided some time ago in Scotland, and six of their children were over there. The dead woman was about 45 years old.

LOVE WAS HANGED.

OWEN SOUND, May 27.—(Special).—Charles Henry Love was hanged here today for the murder of his wife at Plesherton on Dec. 9, 1912. A statement from Love was read, which was practically a confession.

Weatherable Hats.

More weather for soft felt hats. A light weight, genuine, fur felt hat is comfortable in any weather. It is almost as light as a straw hat; it clings to the head closely and will not lift with a puff of wind, and it absolutely refuses to lose its shape, no matter how thoroughly it is soaked with rain. Every style of felt hat made by the best English makers. A three dollar hat at Dineen's is worth four, perhaps it is worth five dollars. ROCKING THE BOAT

YORK COUNTY AND SUBURBS

BRAKEMAN FELL AND WAS KILLED

G. Sorensen of Ward Seven Fatally Injured at Buckskin Station.

HE MISSED HIS FOOTING

Remains Are Being Held Until Relatives Are Heard From.

COLDWATER, May 27.—(Special).—Shortly after 3 o'clock this morning a C.P.R. freight train brought in the body of Louis G. Sorensen, a brakeman belonging to the crew of the train, who was killed at Buckskin Station, a few miles north of Coldwater.

Sorensen was walking on top of the cars while shunting operations were being carried on near Buckskin, and while crossing the gap between the cars of the next car, missed his footing, and was seen to fall between them. The wheels of the caboose passed over his head, instantly killing him, and the remains were taken on to Coldwater.

An inquest was opened here by Coroner W. B. Boyd of West Simcoe and adjourned, and the remains were sent on to Toronto. The man's home was in Baker, Minn., and his relatives have been telegraphed, the remains staying at Speers' undertaking rooms until word is received concerning interment. He was about thirty years of age, and boarded at 47 Hook avenue, West Toronto. He was unmarried, but is survived by his mother and father and several brothers and sisters in Minnesota.

This is the second fatality occurring under almost identical circumstances here within the last few weeks.

WARD SEVEN.

The mission band of the Victoria Presbyterian Church held their annual entertainment in the church basement last evening. This year the entertainment took the form of a May festival. Yesterday pedestrians on Dundas street were alarmed by the strange behavior of a large dog in a lane near Kele street, which while it did not venture to attack anyone, was growling and snarling in a dangerous manner. The police at No. 9 station were notified and P. C. Alloway killed the animal with his revolver.

The Kele street drinking fountain was opened yesterday for the first time this year and thirty citizens may again quench their thirst while waiting for the cars. One such fountain is scarcely enough for ward seven, and a petition will be presented to the city council for others by the ratepayers' association.

WESTON.

In St. John's Church, Weston, last night Right Rev. Bishop Reeve confirmed twenty candidates, who were presented by the pastor, Rev. J. Hugh Stone. Ten of the candidates were men.

His lordship's address was an appeal for daily prayer and he exhorted the candidates to partake of communion regularly in order to gain strength to fight the Christian battle against evil tendencies in the world.

The offertory will be handed over as a contribution to the St. Alban's Cathedral building fund.

AGINCOURT.

Builders will be very busy in the village this summer. J. H. Galloway of Toronto has plans practically completed for the new school, and the trustees intend to let the contracts as soon as tenders can be secured. Three new houses are under way for Mr. Paquet, Mr. Milroy and Mr. Kennedy.

Real estate is also showing signs of activity. W. H. Patterson has started to grade the streets in a fifty-acre subdivision, which he is putting on the market next month. The property will be disposed of in half acre lots, 75 feet frontage by 215 feet deep.

Tired and Weak Nerves Exhausted

The feelings of fatigue and languor which overcome so many people at this season of the year tell of the exhausted condition of the nerves. It is impossible to keep up the action of the heart and the vitality of the nerves when the blood is thin and watery, and this is why nearly everybody needs tonic treatment in the spring.

Some of the symptoms are restlessness, purposeless activity, insomnia, absent-mindedness, tired gait, lack of ambition and enthusiasm, headache and neuralgic pains, dyspepsia and feelings of languor and depression.

Monotony of work and mental overstrain or worry sap the nervous system, as does also the strenuousness of modern life, whether in the business or social world.

More and more men and women are obliged to seek the assistance of such concentrated foods as Dr. Chase's Nerve Food to restore vitality to the tired and worn-out nerves.

Such treatment is necessary, because diseases of the nerves do not right themselves. As nerve force runs low the digestive system fails to extract the necessary nutrition from the food. Dr. Chase's Nerve Food supplies in condensed form the ingredients required, and restores health.

A little patience is necessary in treating diseases of the nerves, and rest helps to restore strength. You can be sure of lasting beneficial results when you use

The public meeting tonight at Newmarket, which has been specially called by Mayor Cane for public discussion of the power question, will likely be one of the stormiest in the history of the town.

Those favoring Metropolitan power had an organization meeting the other night and a very aggressive campaign is now in progress.

Danforth Road's store, one of the largest in town, was blazing with a special light exhibit last night, and a demonstration of electric household aids is billed for tomorrow evening.

There's one good feature about the rumpus, said Reeve F. W. Pearson to the World last night. The citizens are getting an education in electric matters, and whichever way it goes, they will be even a few weeks ago.

Councillor W. J. Patterson says there has been no question before the electors for years that has caused such intense interest as the power question, and the citizens seem to be so divided on the matter that he could not hazard a guess as to the probable result of the election.

GRADUATES OF O. A. C. GET APPOINTMENTS

GUELPH, May 27.—(Special).—Romiro Diaz, who graduated from the Ontario Agricultural College this year, has received the appointment of agricultural expert from the minister of agriculture of the Argentine Republic.

Mr. E. D. Howes, graduate of the Ontario Agricultural College, who has been appointed principal of the provincial school agriculture at Vermilion, Alberta, is a native of Quebec Province.

For four years he was principal of the Macdonald Consolidated School, Guelph, and graduated from the O. A. C. College in 1911. After graduation he was professor of field husbandry in the University of Nevada at Reno.

PICKPOCKETS BUSY IN BERLIN. BERLIN, May 27.—(Special).—There is good evidence that a gang of pickpockets are operating in Berlin. John Dunn, who lives in Berlin, is collector of customs in Waterloo, was relieved of \$375, mostly in cheques, while boarding a street car bound for Waterloo.

G. H. Schlarbach contemplated a trip to Toronto on the holiday, but he had only got as far as the Grand Trunk depot when he was relieved of his money, and a third victim was a woman, who was bed while walking on the main street.

SENTENCED FOR REVOLTING CRIME. BERLIN, May 27.—(Special).—Alfred Soper, sentenced to ten years in the Kingston Penitentiary and to receive forty lashes for having committed a heinous crime against his fifteen-year-old daughter.

Magistrate Weir, in sentencing the prisoner, expressed his sympathy for any man who would plead that it might kill him to receive the lashes.

PURSE SNATCHER SENTENCED. GUELPH, Ont., May 27.—(Special).—James Edwards, who pleaded guilty to a charge of purse snatching, was sentenced to eighteen months in the Central reformatory by Judge Chadwick at the court house this afternoon.

OLD BERLIN RESIDENT DEAD. BERLIN, Ont., May 27.—(Special).—Mrs. Henry Schwenn, for the past 65 years a resident of Berlin, passed away here after a brief illness. She was born in Germany on May 2, 1842, and came to Berlin when sixteen years of age, and lived here ever since. She is survived by an adopted daughter, Mrs. William Vogt. She was one of the charter members of St. Peter's Church, and will be buried here on Wednesday afternoon with the full rites of the church.

KILLED ON EVE OF WEDDING DAY

Wm. R. Steers Fell Under a Train at Agincourt Station.

William R. Steers, an Agincourt lumber dealer, was instantly killed at the Grand Trunk Agincourt station at 9:20 last night. He had been to Markham on business, and was returning on a Midland train, due at 8:47, which was late for a report, the progress made to date and the reasons for the delay. This was adopted, and a plan of the scheme will be asked for.

“FRUIT-A-TIVES” CURED KIDNEYS AND BLADDER

WILLIAMSTOWN, Ont., July 27, 1910.—“I have much pleasure in testifying to the almost marvelous benefits I have derived from taking ‘Fruit-a-tives.’ I was a lifelong sufferer from Chronic Constipation, and the only medicine I ever secured to do me any real good was ‘Fruit-a-tives.’ This medicine cured me when everything else failed. Also, last spring, I had a severe attack of Bladder Trouble, coupled with Kidney Trouble, and ‘Fruit-a-tives’ cured these complaints for me, when the physicians attending me had practically given me up.

Architect McCallum reported that the new registry building is not to cost more than \$350,000, and that competitive plans will be judged on September 1st. Arthur Denison, Prof. Wright and R. H. Bowes were appointed the judges of the plans.

Commissioner Harris reported that the water supply this summer is freer than during last summer, almost double the quantity being pumped, and from 58 to 75 per cent of it is filtered and the remainder carefully chlorinated.

The chief of police reported that his force is so busy with strikes and horse races that he cannot spare a man just now for the railway crossing at Bay street.

Controller Church moved that the assessment and parks commissioners report on the acquisition of the upper Don ravine north of the new government house, for park purposes; also on the progress being made with the general scheme, and the causes for delays in securing the lake shore lots and water lots east of Kew and Balmis Beaches, including the date of the order of the board for a report, the progress made to date and the reasons for the delay. REFUSE TO AFFIRM PRINCIPLE OF EQUALIZED RAILWAY RATES

W. F. Maclean's Resolution Declaring Against Discrimination in Tolls Exact in Eastern and Western Canada Rejected After Interesting Discussion—Railway Commission Needs Parliament's Guidance, Says South York Member.

OTTAWA, May 27.—(Special).—By a vote of 42 to 59 the house of commons this morning defeated a resolution offered by Mr. W. F. Maclean (South York) declaring that there should be no discrimination as between Eastern and Western Canada in the tolls charged for freight and other services within the jurisdiction of the board of railway commissioners for Canada.

Mr. Maclean's resolution, offered as an amendment upon the motion to go into supply, was construed by Hon. Frank Cochrane on behalf of the government as being tantamount to a want of confidence vote, and under this spreading chestnut tree of an excuse, many Conservative members assembled. Mr. J. D. Taylor, the Conservative member for New-Westminster, spoke and voted against the resolution as being moved by the member for South York “for the purposes of advertisement.” The bulk of the discussion, however, was carried on by the opposition members, all of whom supported the amendment with the exception of Hon. Charles March.

Parliament Must Act. Mr. Maclean, in submitting his resolution, said that he had consulted no one concerning it, and did not even know whether it would receive a second reading. The question, however, of equality of rates in the matter of freight, express and telegraph tolls was one of supreme importance and in his opinion could only be dealt with effectively by the parliament of Canada. He had deferred making the motion hoping that the principle would be recognized by the minister of railroads when he brought in his bill to revise and codify the Railway Act. Unfortunately, that legislation would not be introduced at this session, and the matter could only be dealt with to the attention of the house by a substantive motion proposed by a private member.

Reform by Strategy. Progress and reform, said Mr. Maclean, were often brought about by strategy, and parliament now occupied a strategic position. The Canadian Pacific by its action last summer, in increasing its capitalization without waiting for an order-in-council, the applications of the Grand Trunk Pacific for relief and the rumored request of the Canadian Northern for additional aid from the people of Canada, combined

to create a situation which prompted parliament to declare the policy of the country upon these questions of railway rates.

The railways of this country were national in their character; to their construction and extension all the citizens of this country contributed, and as all citizens shared in the burdens of transportation, they should share in its benefits. The Winnipeg Board of Trade had recently declared that parliament should not grant further aid to the railways and expected that it should not act upon the proposed subsidy to the Canadian Northern without establishing the principle of equality of rates. The Winnipeg Free Press, in commenting on the speech of Mr. Maclean, had declared that the way to vindicate the principle of equal rates for all parts of the country was by an amendment to the Railway Act.

Just now, Mr. Maclean said, the railway commission was struggling with this question and was examining something like 230,000 railway rates. The commission could not effectively deal with this complicated problem unless it had as a guiding star some declaration by parliament. Parliament and not the railway commission should determine the policy of the country.

Mr. Maclean said that he did not think the railway companies would lose anything by the equalization of rates. In the leveling process rates might be slightly increased in the east, and it might even be that, in some ways, the government would have to raise the weaker railways in order to enable them to meet the rates of the Canadian Pacific which was able to establish and maintain.

The children who surround a child, who coughs with the first symptoms of measles, are all very likely to become infected.

Measles comes on gradually with coughing, sneezing, watery eyes and nose.

There is generally some fever, and the patient acts as if he had a severe cold in the head.

Do not be misled by the thought that since these diseases are so common they are not serious.

SLAVERY STILL EXISTS IN CHINA

And Deserted Children Are Found Nightly Outside the Mission Gates.

MISSIONARY SOCIETY

Toronto Branch of Methodist Church Holding Annual Meeting.

About 300 delegates and others are attending: the 20th annual meeting of the Toronto Conference Branch of the Women's Missionary Society of the Methodist Church.

After the opening exercises and roll call at the initial meeting yesterday afternoon, a long list "In Memoriam," was read by the secretary, and a short address on death and its message was given by Mrs. George Browne.

Mrs. J. B. Willmott, in delivering the president's address, hoped that those present would carry back to their auxiliaries inspiration, encouragement and enthusiasm.

The Toronto Conference Branch was formed 31 years ago. It has now 89 young women in active work along the lines of missionary endeavor.

Miss Wellwood, a returned missionary from China, gave some details, respecting the country and the methods of the Methodist woman missionary.

Then its civilization was arrested, but China still lives. The revolution from a monarchy to a democratic government could scarcely be imagined by anyone living there two years ago.

Slavery still exists in China; many homes have three, four or five young girl slaves, according to their wealth.

Children are often deserted—the great Catholic orphanage at Chentow finds one or two almost nightly at its gates, and Miss Wellwood told several pathetic instances of little Chinese children who came to their mission.

A touch of humor was introduced when the returned missionary told that sometimes when she was employed by her department, some one would interrupt with the statement, "We do not understand your foreign talk."

On one occasion a woman in the front row seemed wonderfully impressed by the discourse. She never took her eyes from the face of the speaker, but her absorption was accounted for when she at last eagerly asked "How do you do those classes on your nose?"

The evening was given over to the reports of the treasurer and corresponding secretary, and to an address by Mrs. W. E. Ross.

SOME GARDEN TRICKS

Do you know that you can have your rose bushes covered with flowers long after the blooming season of the rose itself has passed?

Another good plan is to plant those large fringed California petunias, among the rosebushes, one plant beneath each rosebush.

There are many little tricks an observant gardener may make use of, such as these mentioned, all of which will save many an odd moment's work, and enhance the beauty and comfort of his home.

Roast Beef Accompaniments. SOME excellent vegetables to accompany or garnish the roast of beef or a fine sirloin are here given:

Corn Fritters.—Use sweet corn or canned corn, to a cup and a half of the cooked, chopped corn, add two beaten eggs, one teaspoon of butter and one of salt.

Carrots and peas for garnishing. Use a ball cutter and cut the balls from carrots that are not pithy.

Chicory is seldom used in the best ways by the Canadian Cook, but it offers as many possibilities as spinach or any "greens."

Boned beef is considered a dainty when cooked with a jardiniere of vegetables.

Another fine garnish for the meat course is fried celery. This is an unusual dish and offers a good way to use the large coarse ends of the big bunches.

Cut the celery in strips about two inches long and a half an inch wide. Have fat very hot. Dip the celery in an egg and milk batter and fry a fine, rich brown.

Big Attendance, Drizzling Rain and Excellent Racing at Woodbine Park

Note and Comment

The Toronto owners, Robert Davies from the east end, and Harry Giddings from the west, are having a friendly and merry battle for the leadership among the winning owners at Woodbine. Each has earned brackets every day. Thorncliffe four altogether, and Oakville three, the Hearts of Oak with two firsts, and Beehive have taken down more money than Plate Glass, Southern Maid, Dr. Nest and Recoil.

Hearts of Oak promises to earn the most oats of any of the nags at the track. When the pair that were against him in the feature race yesterday stuck to their task he did not worry, but merely galloped on about his business, showing speed again as well as gameness. And that is a reminder of the story of his name.

The King's Plate winner of 1912 was named by no less a personage than Mr. Lyndhurst Ogden, former secretary of the O. J. C., and one of the few remaining of the Old Guard. Hearts of Oak was called for the home of the colt, and events have proven him to possess a stout heart. And in this instance, without reference to breeding, you have, as the late T. C. Patterson would say, a piece of happy nomenclature.

While the Waterloo candidates have yet to start, they, too, are showing ability to go to the races. As Edmund Haines, the veteran importer, said yesterday, Mr. Seagram would not have landed the Guinness this year only had he opposed to him such a phenomenal runner as Hearts of Oak. The president has had three good seconds and in each case the betting was worth while, as the followers from the Twin City will attest. Mr. Seagram is an absentee owing to rheumatism, but will be on hand before the week closes, and here's hoping that he'll see his colors in front.

It is a coincidence that only two favorites were beaten each day, and also shows that the horses are running up to calculations. Of the 21 races run the first three days 15 public choices proved winners.

Harry Giddings was yesterday the happy recipient of a cablegram from Lord Minto, former governor-general, a regular attendant at Woodbine Park, and famous amateur steeplechase rider in his younger days. The message congratulated the owner of Hearts of Oak on the occasion of his King's Plate victory.

The King Edward Hotel Gold Cup is the feature today, and with the well-attended Coronation Stakes and five other races, the fourth day should prove interesting as the other three. Regardless of the weather, the attendance keeps above the standard.

The enormous crowd on opening day is taken as a partial index to the parimutuel system of betting, the thousands were there with no idea of a tilt at the iron mound. The directors are generally occupied by a vast throng on pleasure bent, and no sign of disorder, is a stamp of approval for the racing game as well as those present.

One point is that horse racing as conducted at Woodbine Park is as near to perfection as possible. The patrons are pleased, the directors are satisfied, the authorities have no objection. Therefore the sooner the pools are legalized and all other forms of betting eliminated by law the better for the sport of kings.

When the attendance at a show like the Woodbine races reaches up to the tens of thousands it is naturally difficult to conjecture the number accurately. The newspaper writers were, in Saturday's instance, correct in stating that the crowd beat all records, but they were generally out on the count from three to eight thousand, the figures, as announced by Secretary Fraser yesterday, being 17,000.

HEARTS OF OAK GALLOPED TO WIN THE BREEDERS' STAKE

Robert Davies' Stable Turned Out Another Crack Two-Year-Old in the Ogden-Hammerless Filly, Recoil—Another Large Attendance.

In the face of threatening weather and actual rain, there was another big attendance at Woodbine Park and some excellent racing witnessed.

The rain, which was not heavy at any time, had the effect of making the track good.

It was a great day for those who are always on the lookout for something to beat the popular choice, as several of the six-year-olds, which long prices were obtained from the iron men.

The feature event of the afternoon, the Breeders' Stake, which is a repetition of the King's Plate, except that the horses pack up more weight and run a furlong less, was somewhat of a fizzle as race, for the King's Plate winner, Hearts of Oak, just galloped to win by eight or ten lengths. There were but two other starters, Crystalline from the Brookdale stable, and the Seagram's stable, Volvode, and they finished in that order, but at no stage did the race appear more than an excuse for Mr. Giddings' grand looking colt.

Shouldering his 127 lbs., Hearts of Oak stepped the first mile in 1:42 2-5, and the time was a record for a two-year-old in the Breeders' Stake, and added about \$1200 to his owner's bank account, as it was a valuable stake.

John Hitchcock, another crack two-year-old in the Davies filly Recoil, by Ogden-Hammerless, that galloped in an easy winner of the Bendigo purse for maidens, 2-year-olds, at 4-1 2-5, was out on Miss Jonah, and this one went thru although she had the time of her life beating Mawr Lad, and the latter just nosed out Jonquil for the place. The winner paid about 7 to 1, but Mawr Lad was the real long shot, paying over 80 to 1 for the place and 40 to 1 to be third.

Several of the supposed crack 3-year-olds at the track hooked up in the Lansdowne Purse, the fourth race on the card, which was at one mile. Amos Turney's McGee-Josie L., colt, Horror was best liked, but John Whalen's Buskin, that had been second to Ten Point twice, was well regarded and the bulk of the play was on this pair. There was not much to the race, as Horror, away well, always held the others safe, and Johnny Burtchells's Flabbergast beat Buskin for the place. The latter, appearing sore in front, was slow getting under sail, but failed to show much class after he did get running. The Davies filly, Spring Maid, carried the winner along the first part of the journey, but faded near the end, otherwise Buskin would not have been in the money.

Gwynn Tompkins sent two to the post for the Woodbine steeplechase, Bella and Zeldship, and they ran in that order. Gun Cotton and Julia Armour, coupled as the Garth entry, both fell. Julia was remounted and got the show money.

Honey Bee, the good thing in the sixth race, the Waterloo Purse, a dash of six furlongs, led until well into the stretch, when she wilted and the well-played Hoffman as well as Gold Cap and Fred Levy beat her home.

There were several in the final race of the day that were strongly tipped, as strongly played to win. In fact, Master Jim, that ran for the field players, is reported to have been backed for thousands across the border. James, however, was unable to deliver the goods, as Pat Civi's Aplaster upset the well-laid plans by beating the good thing handsily. With a more vigorous rider up, Hatteras, that finished third, would have been closer up.

Effendi, played for a good thing, was the steed that got Guy Bedwell in bad off forwardly, but dropped back to next to last position at the end, and Nadra, at one time, started last and stayed there.

The Leamington Purse. The conditions of the Leamington Purse, to be run as the seventh race tomorrow, are as follows:

The Leamington Purse, selling—For four-year-olds and upward; by subscription of \$5 each to the winner, with \$500 added, of which \$125 to the second horse and \$75 to the third; the winner to be sold at auction for \$1200; if for less, two pounds allowed for each \$100 down to \$400; non-winners since May 1 allowed three pounds; one mile and seventy yards.

Entries close today at noon.

RACES CLOSE TODAY.

The following races close at secretary's office at Woodbine Park today at 12 o'clock noon: Alexandra Purse, Rutland Purse, Victorious Purse, Leamington Purse, Baldoy's Steeplechase.

FOURTH ON FRIDAY.

The conditions for the fourth race on Friday are as follows:

The Falmouth Selling Purse—For two-year-old maidens foaled in Canada; the winner to be sold at auction for \$1000; if for less 2 pounds allowed for each furlong. Entries close at noon Thursday.

AMERICAN GOLFER SCORES DOUBLE WIN

Schmidt of Worcester Victorious in Both Matches—Only One Other Yankee Lost.

ST. ANDREWS, Scotland, May 27.—The American players did well today in the second and third rounds of the amateur golf championship tournament. Harold Weber of Toledo, O., beat Shepard of the Henley Club by 3 up and 1 to play, and, in the third round, defeated J. F. Myers of the Royal and Ancient Club by 3 up and 2 to play.

W. Heinrich Schmidt of Worcester, Mass., beat Captain Brune of the Royal North Devon Club by 6 up and 5 to play, and later defeated Lassen of Lytham and St. Annas, one of the strongest players in the North of England, by 3 up and 2 to play.

Alvin Campbell O. White of San Francisco, lost to Carmichael Dickson of the Grange Club, Monteth, Scotland, he played far better golf than his opponent.

BOWLERS WORKING OUT.

The four city rinks that will make the trip to the old country have been putting in a lot of faithful practice during the last couple of weeks, and this afternoon they will stack up against four rinks of the Victoria Club on the green at Huron street. Tomorrow they will meet two rinks from the Thistles and two from High Park, while on Friday the Queen City Club will send four to test the tourists. This series of matches will do a lot to strengthen the rinks in team play and they should prove to be great games from start to finish.

Duke of Connaught Cables the O. J. C.

Earl Grey, whose congratulatory cablegram to the Ontario Jockey Club has previously been made public, is not the only distinguished patron of Woodbine who retains pleasant memories of his visits. The following cable was received by President Seagram from His Royal Highness the Duke of Connaught:

"Grateful thanks to yourself and directors for kind telegram. Duchess Patricia had again accepted an invitation from the president and directors of the Ontario Jockey Club to honor the meeting with their presence.

From an earlier governor-general, the Earl of Minto, also came this remembrance:

"Heartiest congratulations to the owners of King's Plate winner. Delighted that the meeting is such a success. Very best wishes to all old friends from all of us. —Minto."

EXPECT HERRESHOFF TO BUILD DEFENDER

So Says Capt. Sycamore, Who Will Sail Sir Thos. Lipton's Cup Challenger.

LONDON, May 27.—(Copyright.)—Captain Sycamore, who sailed Shamrock II for Sir Thomas Lipton and also has been retained to sail the challenger for the America Cup of New York, said to a London Standard interviewer:

"The cup races" are no longer the tests of seamanship they used to be, but the races are largely lost or won before the yachts leave the water. The New York report that Herreshoff will not enter the designing competition for the next cup race is to be taken with a grain of salt. It is true his price for a yacht is nearly twice that of any other builder, but American sportsmen are too clever and too eager to win to run any risks.

"The choice of Nicholson as the builder of the next Shamrock is of special interest, because he has never yet built a yacht of this size. His smaller crafts, however, have done unusually well. He has before him now an opportunity for retrieving English honors in the yachting world and becoming the cleverest builder of modern times."

SCHEDULE MEETING OF T. L. L. THURSDAY

All Teams Asked to Send Delegates—Kalls Not Coming—Maitland at Weston.

Teumseh's are out to repeat their feat of last year, when they trimmed the Nationals in the first game at the island. The Frenchmen are very strong this year, however, and they will have a hard job, considering the way they were handled at Montreal last Saturday.

The report that Kalls would turn out with the Torontos proved to be erroneous, and it looks as the George had decided to retire for this season, anyway.

Last night was an off-night for both amateurs and pros, owing to the cold and wet. It only took a little of the kind of weather to set a player back a month in training.

Eddie Harris, who was given a trial by the Indians, has gone back to his first love, St. Kitts, and will play amateur for another year at least.

Fred Rowntree, the Weston crack, has again donned his lacrosse uniform, and he will most likely replace Whitehead or Davidson on the defence.

A meeting of the Toronto Lacrosse League will be held tomorrow evening at the Proprietors' Club, and the schedule for the different sections will be drawn up. All fees must be paid at this meeting, but have not already been paid. The junior series includes the following teams: Riverdales, Maitlands, Elm's, Broadview, Carleton Place, under 18 year of age on Jan. 1. In the juvenile B series, St. Simons, University Settlement, Broadview, Carleton Place, Riverdale, Maitlands and any other team under 18 on Jan. 1. In the juvenile A series, St. Simons, Maitlands, Elm's and any other team under 14 on Jan. 1.

The Maitland seniors will play an exhibition game in Weston on Saturday. F. L. Littlefield of the Broadviews has signed a junior certificate and will be with the north end club when they play St. Helens the first league match on June 7.

Maitland seniors will practise at Cottingham square this evening at 6 o'clock. The following players are requested to be on hand: Grant, Mackie, Argue, Ross, Twiddle, Mitchell, Rogers, Richards, Stroud, H. Howland, Slack, Burton, Curtis, Rameshaw and Waddell.

Lansdownes will hold a practice this evening at Trinity College grounds, at six o'clock, and they expect all juniors and seniors who are trying for places to be on hand. The opening of the playing season is drawing so near that it is absolutely necessary that the players attend every practice.

The following players were registered with Secretary Doyle yesterday: Preston Juniors—Arno Bowman, James Gordon, Robertson, Sidie Johnston, W. E. Grant, E. Williams, W. L. Starbuck, H. Timbell, W. C. Dennis, Herb Homuth, J. L. Gravelle.

Juniors—John Strum, Carl Boned, Alton Kelly, Chas. King, Harold Homuth, Gordon Robertson, Sidie Johnston, W. E. Grant, A. C. Adair, A. W. Bow, Bowman, L. C. Johnston, C. Bowman, M. H. Hagen, A. Seike, A. Schaller, F. M. Deans, Hans Boehmer, E. Sturdy, H. Skipton, R. Homuth, J. S. Clare.

St. Catharines Juniors—J. J. J. J. Tether, W. Kalls, C. Cornell, N. Kalls, F. Gaylor, M. May, L. C. Purdy, P. Bennett, John Myrie, Robert Richards.

Manager Querre is confident that his pets will take the Frenchmen into camp, and already has, along with several of the players, made war on the field-outcome. Harris, the St. Catharines defence fielder, Dr. Ollie Davidson and Rowland, the Maitland played, have all been released by the Teumseh manager. The reserve seat plan for the game on Satur-

Amateur Baseball

The Royals practice tonight at 6 o'clock at the Queen Alexandra grounds.

The Strollers of the Northern Senior League practice Wednesday and Friday nights at Jesse Ketchum Park at 8.30 p.m. The following players are requested to turn out: Flynn, Robinson, Halliburton, Latimer, Reading, West, Tolley, McLaughlin, Johnson, Horod, Beecher, Brown, Russell and Miller.

The Burts are anxious to meet a fast senior team in a game at Bayside Park Thursday evening at 6 p.m. Arrange with C. S. Clarke, Ad. 5350, or in the evenings with J. O'Connor, 214 Berton street, Main 6775.

The Belmonts will practice on Wednesday on the west side of the Don flats, and on Friday evening at Dovercourt Park. All players are requested to be on hand for both practices.

The Na Dru Co. team of the Don Valley League will practice on the Don Flats Thursday night. All players are requested to be on hand early.

The Dovercourt Baracas will practice Thursday at Dufferin Grove at 6 p.m.

The Kew Beach team of the Beaches Senior League will practice Thursday night in Kew Gardens at 6.30 p.m. A full turnout is requested by the management.

Arrangements have been made for the accommodation of a big crowd at the Don Valley Senior League games on Saturday. At 2 o'clock St. Josephs meet with C. S. Clarke, Ad. 5350, or in the evenings with J. O'Connor, 214 Berton street, Main 6775.

PROMOTER T. BURNS IS UNDER ARREST.

CALGARY, May 27.—Tommy Burns, former world's champion heavy-weight pugilist, promoter of the McCarty-Pelley fight, was arrested here this afternoon on a charge of manslaughter.

Race Week Tailoring Specials

It's exceedingly difficult to tailor good clothes and sell them at popular prices. So hard that only a few tailors try to do it. The risk of failure is too great.

But we have always believed that, if we produced the quality, the public would produce the sales. This belief has been amply justified in the truly wonderful business we do.

To demonstrate the truth of our statements we want you to take a peep at our Yonge St. windows and note the "special" values for RACE WEEK.

The assortment is most complete, including Worsteds, Scotch Tweeds, Cheviots, Saxony Cassimeres. New greys, new blues, silk mixtures, new olives. The prices of these suitings to measure should be \$40 to \$45. Pick what you like at \$25 and \$35 the suit.

TRAFFIC SQUAD LEAVES IN JUNE

Four Constables and an Officer Selected For English Trip. MERIT MARKS AWARDED. Police Board and Duncan Have Agreed on Pension Matter.

One officer and four constables, who will comprise Toronto's expert traffic squad, will leave for England during the week of June 14, to study methods of handling traffic in London.

It is stated, however, that the following have been selected: Inspector Dickson, Constables Hobson, McMenomy, Riely and Sothorp. Inspector Sothorp will receive his pension, the board's solicitor and the solicitor acting for Mr. Duncan, reached the above agreement, which the commissioners accepted.

On account of the absence of Col. Denison, the candidates for the vacant inspectorship were not discussed. The constables were granted merit marks. Constable Peacock received one for throwing himself on a mad dog, at Carlton street and Homewood avenue, on the day of the garrison parade, and Constable Letten was equally as fortunate for arresting two men who had assaulted him.

Con. Grassett will consider tenders, which have been received for a motor ambulance a motor patrol wagon and a motor car.

The board received several complimentary letters with reference to the excellent handling of the parade, held in the arena.

BOUGHT PLANTS TO GET PATENTS

"Shoe Trust" Denies Object of Acquisitions Is to Shift Competition. BOSTON, May 27.—(Can. Press.)—The defence of the United Shoe Machinery Company to the government's charge that it acquired the business of fifty-two subsidiary companies in order to effect a monopoly, was outlined by Charles F. Choate, jr., counsel for the company, today at the resumption of the dissolution proceedings in the U. S. district court here.

In his cross-examination of Nelson W. Howard, the defendants' patent attorney, Mr. Choate brought out the statement that the acquisitions were made largely to acquire plants and that these patents were for improvements on machinery similar to that owned by the defendant corporation or were allied inventions which the defendant was not manufacturing.

Even in the case of competing companies acquired, Mr. Choate aimed to show that the patents were acquired for the purpose of effecting a monopoly, which the government show that forty-two have ceased to do business along the lines they were formerly engaged in.

ASK HARBOR BOARD TO HOLD INQUIRY. Owner of Wrecked Launch Says There Were No Warning Lights. The running of a motor launch onto the crib work at the entrance to Keating's cut on Saturday night, which nearly cost the lives of eight persons the account of which was published exclusively in The World, is to be taken up before the Toronto board of harbor commissioners.

Thomas L. Crawford, of 11 Simpson avenue, one of the occupants of the launch stated last night, that as they were determined to take the matter up with the board, they would give the names of the men who were in the launch with him. These were: Messrs. H. C. O'Neill, 121 Leslie st., the owner of the launch; Wm. Saunders, De Grassi st.; and Colin Smith, 54 Highfield road.

Mr. Crawford claims that in spite of the fact that the crib work is several inches below the surface of the water, and almost unobservable, even in daylight, not a light of any description had been placed to warn the occupants of boats of the hidden danger.

NORTHERN ONTARIO. Handsome Booklet Issued by Grand Trunk Railway.

The 1913 edition of an attractive Grand Trunk Railway publication has just made its appearance. "Timagami," as the name would suggest, deals with the unspoiled wilderness of northern Ontario known as the Timagami Forest Reserve, and has been brought completely up-to-date both as regards matter and illustrations. The folder will meet the requirements of any one in search of information about the delightful holiday ground, as apart from the description of the territory itself, full information is afforded as to guides, camps and the fishing and hunting regulations, routes, etc. A particularly valuable feature of the publication is a large map which gives at a glance the correct possible location of the character of the whole reserve.

A copy of this publication may be obtained at city ticket office, northwest corner King and Yonge streets, or write C. E. Horning, district passenger agent, Union Station, Toronto, Ont.

BULGARS RETURN TO WESTERN WORK. Shortage of Labor Is Relieved by Cessation of the War. BIG ELEVATOR AT PORT ARTHUR. Million Bushels of Corn Will Be Kept in Storage.

One of the chief causes of the shortage of labor for railway construction in western Canada, is being removed. Thousands of Bulgarians left for the Balkan States last fall, and according to C. E. Horning, of Toronto, district passenger agent of the Grand Trunk Railway, they are beginning to return. A few small parties have already passed thru Toronto to the west, and these state that quite a number of their fellow countrymen are on the way.

The Grand Trunk Pacific have been securing additional men for work on the British Columbia section of the line and a party of nearly five hundred men for construction work will leave Toronto for the west tonight. This will mean that more than a thousand men have been secured for this purpose, since the G.T.P. commenced sending laborers from here to the west, two weeks ago.

A huge corn elevator with a capacity of a million bushels, is to be erected this summer at Port Arthur. This is to be the forerunner of an extensive increase in the amount of corn grown in the Canadian northwest, and is to be erected by a group of capitalists, who have heavy holdings in the Edwardsburgh Starch Company. It is understood that its completion will add the establishment of several additional branch factories for the manufacture of starch in Ontario. It is to be the largest elevator of its kind in the Dominion.

TAKE CENSUS OF FUR SEAL HERD. Uncle Sam Adopts Effective Measure For Comfort of Posterity. WASHINGTON, May 27.—(Can. Press.)—The U. S. Government is about to take a census of the fur seal herd in the Pribilof Islands, Alaska. Secretary Redfield of the department of commerce, it was announced today, had appointed enumerators to corner the elusive seals, now precious assets of the world, in their lair in the far north and ascertain their number, age and condition. With pelagic sealing effectively stopped by an international agreement, the American Government will keep telling statistics of the birth and death rates in the crusade to preserve the fur seals for the comfort and adornment of posterity.

WASHINGTON, May 27.—(Can. Press.)—The U. S. Government is about to take a census of the fur seal herd in the Pribilof Islands, Alaska. Secretary Redfield of the department of commerce, it was announced today, had appointed enumerators to corner the elusive seals, now precious assets of the world, in their lair in the far north and ascertain their number, age and condition. With pelagic sealing effectively stopped by an international agreement, the American Government will keep telling statistics of the birth and death rates in the crusade to preserve the fur seals for the comfort and adornment of posterity.

ASK HARBOR BOARD TO HOLD INQUIRY. Owner of Wrecked Launch Says There Were No Warning Lights. The running of a motor launch onto the crib work at the entrance to Keating's cut on Saturday night, which nearly cost the lives of eight persons the account of which was published exclusively in The World, is to be taken up before the Toronto board of harbor commissioners. Thomas L. Crawford, of 11 Simpson avenue, one of the occupants of the launch stated last night, that as they were determined to take the matter up with the board, they would give the names of the men who were in the launch with him. These were: Messrs. H. C. O'Neill, 121 Leslie st., the owner of the launch; Wm. Saunders, De Grassi st.; and Colin Smith, 54 Highfield road. Mr. Crawford claims that in spite of the fact that the crib work is several inches below the surface of the water, and almost unobservable, even in daylight, not a light of any description had been placed to warn the occupants of boats of the hidden danger.

DOMINION BANK TO COST A MILLION

Big Building Will Rise Up to Within Fifty Feet of C. P. R. Building.

HAVE TWELVE FLOORS

Bank Will Occupy Almost Six Storeys of Finest Tall Building in Canada.

Plans for the most expensive skyscraper in Canada have been completed and will be handed in to the architect's office for approval. The estimated cost of the Dominion Bank's ten-storey building for the southwest corner of King and Yonge streets is given at about a million, or a hundred thousand more than the C. P. R. building cost, and fifty thousand more than the estimated cost of the Royal Bank building, which will go up, 20 storeys high, at the diagonally opposite corner.

ers' Bank building, the first of the tall buildings. While the building is designated as a ten-storey one, in reality it will contain 12 storeys above the sidewalk. The ground floor will have the savings bank at the King street front, and a rentable office at the rear. The main floor contains the banking room, with a ceiling 33 feet high, and a mezzanine floor for bank offices on the King- and Melinda street sides. The main banking floor occupies the whole flat, with a very spacious public court surrounded by counters. The entrance to this is from King street, by a columned approach 33 feet wide. The second to seventh floors are suited into offices which are to be rented, the eighth floor contains kitchen and dining rooms for the bank staff, and the ninth floor will have the offices of the inspectors, and those of Mr. Bogert, Mr. Pepler and Mr. Beggs. The top floor, another mezzanine, will be largely occupied by the bank.

RHORDON MILLS TO BRANCH OUT

Huge Pulpwood and Paper Plant Planned for Northern Ontario.

TO GET POWER RIGHTS

Application Has Been Made to the Government for Privileges.

A project for the erection of pulp and paper mills on a scale bigger than anything yet attempted in Northern Ontario, is now under way. This will be the location of huge paper mills at Halleybury and New Liskard, and will involve an outlay of several million dollars.

VOTED FOR A MAN DEAD 200 YEARS

Clergymen Then Laughed at the Joke That Was Played on Them.

Special to The Toronto World. NEWARK, N. J., May 27. — After seven members had voted for Roger C. Addison, whose name he added to the list of lay nominees for the missionary council of the Protestant Diocese of Newark, Rev. Stephen H. Granberry announced that if the name had been printed in full it would read "Roger de Coverly Addison; that Roger de Coverly had never lived, and that Joseph Addison, who had created him for The Spectator, had been dead since 1719. The name had been intentionally put on the list, he said, to show how names which had no right there could go on the ballot, and to impress on members the seriousness of voting.

Weak Kidneys Wear You Out

THEY LOWER THE VITALITY OF THE WHOLE BODY. They are a warning of kidney trouble, nervous debility, locomotor ataxia and lumbago. When you feel a pain in your back something is wrong and you had better care it at once. Electro-vigor will do this while you sleep. But if you go to bed, and your pain is gone in the morning, you feel it pouring glowing heat into your back and can notice improvement after the night's rest. In a few weeks the trouble is gone forever. It saves you future misery and doctor's bills and costs less than a course of drugging. Nature is appealing to you every moment to save yourself. The slight pains that you feel, the momentary spells of weakness, the periodical loss of memory, I have a positive cure for you in my

Have You a Few Dollars? Do You Want More? Then Read Carefully the Following

The word INVESTMENT has been, and always will be, the keynote to every fortune. Hard work made the nest egg from which the fortune grew, but it was only by placing the nest egg in such propositions that offer the greatest security with the largest returns that one may expect in a short time to see the "DOLLARS" roll in. BANK DEPOSITS are not investments, as a shrewd business man sees it. The bank pays the depositor 3 or 4 per cent, and then INVESTS it at 8 or more per cent. WHY can't you do this? YOU CAN, if you make use of the opportunity now presented to you, by buying a lot or more in that beautiful property, KENSINGTON GARDENS ANNEX, on the Fringe of the City, fronting on the west side of Yonge Street, just a few minutes from the HIGH PRICES.

Up Until Saturday First We Are Offering a Few Lots at \$20.00 PER FOOT \$50.00 DOWN and BALANCE \$10.00 A MONTH Streets graded, sidewalks now being laid. BUT YOU!!! must invest to share in the PROFITS. Send deposit now. Every lot is a good investment.

Coroner Crawford's jury last night concluded after less than five minutes' deliberation that the death of Mrs. Mary Glover of 207 Bloor Avenue, on the evening of May 27, was due to accidental causes. Mrs. Glover jumped, or rather fell, from a swiftly moving car on East King street, being frightened when the controller "blew out" and the vestibule filled with smoke and flame. The evidence pointed to the conclusion that Mrs. Glover stretched out her hand to grasp the hand-rail, but missed it and fell to the street.

Coroner Crawford's jury last night concluded after less than five minutes' deliberation that the death of Mrs. Mary Glover of 207 Bloor Avenue, on the evening of May 27, was due to accidental causes. Mrs. Glover jumped, or rather fell, from a swiftly moving car on East King street, being frightened when the controller "blew out" and the vestibule filled with smoke and flame. The evidence pointed to the conclusion that Mrs. Glover stretched out her hand to grasp the hand-rail, but missed it and fell to the street.

**STOCKS MAKE BREAK
 FOR LOWER LEVELS**

General Downturn in Toronto
 Market Under Lead of
 Brazilian.

**INVESTMENTS ARE WEAK
 ALL ROUND DECLINES**

New Low Records in the Bank
 Shares - C. P. R. Down
 Again.

For the first time in over a week the
 Toronto Stock Exchange developed a
 definite trend yesterday. The move-
 ment was toward lower prices, how-
 ever, and, as such, was more of a dis-
 appointment—except to the bears—
 than if the list had held within the
 rut of quiet trading and inert action
 which had marked its course for so
 long.

The downturn was inspired in large
 measure by weakness in Brazilian in
 London and another sharp break in
 C. P. R., which dipped to a new low
 in two months in Wall Street. Sentiment
 here was in no shape to with-
 stand such bearish indications as these,
 and stocks dragged a lower of their own
 weight. Once liquidation came into
 play the consequence was that half a
 dozen prominent securities worked
 to lower prices and wound up at their
 bottom levels for the day.

As had been anticipated by many
 traders two weeks ago, the pool working
 in Brazilian withdrew their sup-
 port to a certain extent as soon as the
 new preferred issue was authorized
 by the shareholders. The stock was
 down a full point in London yester-
 day, and after opening here at a small
 overnight decline, sank gradually to
 93 1/2, which was the low for the ses-
 sion, recorded just at the close. At
 that figure the shares were off 7-8 for
 the day, and were at their lowest since
 the preferred issue was first men-
 tioned a couple of weeks ago, when they
 dipped from 96 to 91 1/2 in two days.
 Considering the fact that the insiders
 must have taken up a large quantity
 of stock since that time, no surprise
 was expressed in that the support had
 been temporarily withdrawn.

The general feeling following the lead in
 Brazilian, Toronto Railway dropped
 3-4 to 144. Macdonald made a new
 low record in our market at 53 3-4, the
 closed fraction higher; Steel Cor-
 poration was at a new low for the
 month at 86 1/2, which compared with
 91 1/2 at the opening of the year; Span-
 ish River was carried back over a
 reported decrease of 100 shares here to
 150,000, which was purchased by the
 Dominion Bond Co., Ltd.

A Disturbing Feature. In the invest-
 ment securities was not conducive to
 a confident feeling. Dominion Bank
 sold down to a new low in years at
 217 1/2; Commerce was off to 209 1/2,
 its lowest since December, 1911, and To-
 ronto was lower in new low
 ground for the month.

**BANK CLEARINGS
 OF THE CONTINENT**

Canadian Cities Hold Their
 Usual Rank—Toronto in
 Tenth Place.

There were no changes of any interest
 in the standing of the principal cities of
 the continent in point of bank clearings
 last week. Montreal held its usual rank
 of first, Toronto came tenth, and Win-
 nipeg twelfth in the series for the week.
 There was a wide margin between
 each of the cities, the city next highest
 in the record, from which it would appear
 that there must be a material change in
 the figures before any further progress
 can be made.

The most significant feature of the sta-
 tistics was the falling off in the clearings
 of each of the big cities across the bor-
 der. Both New York and Philadelphia
 compared with a full ten per cent.
 decrease with last year, and four cities
 in the first fifteen in the list
 showed a decline from last year.
 The following table gives the clearings
 each of the cities, together with the fig-
 ures for the previous week, and the per-
 centage of increase or decrease, com-
 pared with the corresponding period of
 1912:

**CANNERS' BONDS WERE
 PLACED IN LONDON**

President of Dominion Bond Co.
 Disposes of Million-Dol-
 lar Issue.

Mr. Garnet P. Grant, president of
 the Dominion Bond Co., has placed in
 London, according to cable message
 received yesterday, the entire issue of
 \$1,000,000 6 per cent. first mortgage
 bonds, issued by Dominion Canners in
 connection with improvements and
 additions to plants, costing about \$1-
 500,000, which were purchased by the
 Dominion Bond Co., Ltd.

Canners' profits last year were over
 half a million dollars, which sum is
 more than four times the amount re-
 quired for interest on the bonds out-
 standing, including the present issue
 of one million dollars.

**HALF A MILLION NET PROFITS
 SHOWN BY DOME MINES, LTD.**

Pioneer Porcupine Company
 Makes Good Showing in
 Annual Report—Working
 Costs Are High—Ore Re-
 serves Run Into Big Figures.

The total production of gold by the Dome
 Mines Company, Limited, during the six-
 teen months' period, November 30, 1911
 to March 31, 1912, was \$1,043,995, and the
 profits from this amount to \$509,956,
 according to the second annual report of
 the company presented at the annual
 meeting held yesterday afternoon.

Owing to the fact that considerable in-
 crease was taken in the operations of the
 mill, the reports were fairly well at-
 tended. The reports were adopted as
 read, and the former board of directors
 re-elected.

The profit and loss account showed that
 the proceeds from 101,812 tons of
 ore treated at the mill were \$1,043,995.
 Mining and milling costs and general
 expenses were \$537,039, leaving
 gross earnings of \$506,956. There was
 a net profit of \$509,956, after deducting
 charges and fire loss, \$128,727.88, and the
 balance of \$381,228.12 was carried for-
 ward. The profits worked out at 1 1/2 per
 cent. on the paid up capital of \$3,500,000.
 The net return in his report, stated
 that the net current liabilities, but that
 the work for development and ex-
 ploration was compiled had covered the
 account that figure. The balance sheet
 showed that figure. The balance sheet
 showed \$38,203.95 and accounts receivable of \$55-
 764.73, a total of about \$122,000.
 The company's engineer's report stated
 that the total tonnage mined during the
 sixteen months was 128,015 tons, of which
 102,836 tons was ore and the balance
 waste rock dumped on the surface. The

**NEW LOW RECORDS
 IN MINING MARKET**

Almost General Downturn in
 the Favorites—Great North-
 ern Redeems the Day.

Mining stocks, both Porcupines and
 Cobalts, made a break for lower levels
 yesterday in the Toronto exchanges
 when scattered liquidation came into
 play and demonstrated the vulnerable
 condition of the market. One or two
 of the specialties, which have been
 bulled of late, were moved up, but
 these were the exception rather than
 the rule, and on the whole, most of the
 prominent shares were weaker than
 they have been for some time. The
 movement being pinned up, while it
 was quite common to find prices in new
 low ground for the present month.

Since the retreat was due simply to
 continued selling on an unwilling mar-
 ket, no material comment on the move-
 ment was required. Hollinger lost 55
 points at 17-10 and wound up still
 lower. McIntyre duplicated
 its recent low level of \$3.00,
 since February it was off 1 1/2 for the
 day. Pearl Lake was down two points
 at 64 and Porcupine Gold at 15 was at
 its low record in its history. It
 sold at its last month's price, \$1.50. East
 Dore worked down below four again
 and Swastika made a new low water
 mark at 11 1/2 a month ago these shares
 were ruling at 14 1/2 and 15 1/2.
 Talk of a reorganization being
 necessitated was again current on
 the exchange and the general feeling
 that something would have to be done
 in the very near future, since the com-
 pany is fast getting out of funds.

In the Cobalts much the same tale
 was told. Cochrane was off to a new
 record at 11-16, compared with a
 price of 12-18 early in the month.
 Beaver, Timiskaming and Peterson
 Lake each lost half a point and City
 of Cobalt dropped back again to 48.
 Several of the smaller issues were also
 weak, but the losses were less ma-
 terial.

The redeeming feature of the session
 was the continued strength of Great
 Northern on the favorable reports re-
 garding the strike on its Kirkland
 holding. The shares were up to
 18 1-2, a gain of 1 1-2 for the day, and
 a new high in two years. The extent
 of the advance is evident when it is
 said that the price of the shares at
 this point this month and has more than
 doubled in value in two months. Gould
 and Silver was also improved, and both
 Coniagas and Iron Mines. In the bigger
 stocks showing firmness.

**HEAVY BAIL FOR
 MINING PRESIDENT**

A new trial has been ordered in
 New York for Albert W. Freeman,
 president of the McIntyre Porcupine
 Mines, who was sentenced on March 14
 to five years in the penitentiary by
 Justice Mayer. Freeman was released
 last week on bail of \$150,000, furnished
 by a number of his friends in
 Ramsey, N.J. The bail had been re-
 quired that no security company
 should go on the bond and that there
 should be no one surety in excess of
 \$20,000. Freeman was charged with
 complicity in the Hawthorne Silver
 and Iron Mines fraud of a few years
 ago.
