CONFERENCE BUSY WITH STAGS ON ROAD TO EARLY PEACE

Allies Make Overtures to Italians || Belgium Protests Against Peace Terms

STRIKE THREATENS TORONTO MEAT SUPPLY--OTHER TRADES MAKE DEMANDS

BELGIUM DISSATISFIED WITH TERMS OF PEACE PETITION TO THE KING

Delegates Are Recalled From Paris to Consult with Cabinet—Memorial to Ruler Asks for Repudiation of Terms Which Do Country an Injustice—Telegrams to Delegation.

Brussels, May 4.—At the cabinet council yesterday afternoon, which lasted two and a half hours, it was decided to recall to this city the three Belgian delegates whose presence is needed at a further council to be held in the Royal Palace at Laeken, which will be attended by all members of the government and state ministers. At this conference it will be decided whether or not the conditions offered Belgium by the peace conference are acceptable.

The Catholic newspaper, Nation Belge, says it has information that Premier De Lathauwer told his colleagues at the cabinet session that Belgium is to receive immediately 2,500,000,000 francs in gold and that the allies are to relinquish the advances made to Belgium thus far of about 8,000,000,000 francs.

The paper also states that all materials requisitioned or destroyed by the Germans are to be returned immediately and that Germany is to give Belgium annually for a certain number of years, 3,000,000 tons of coal, representing 400,000,000 francs. It adds that payment by Germany of 1,000,000,000 francs in circulation in Belgium when the armistice was signed is to take place without the intervention of the allies and thus is to be considered an economic reconstruction of Germany.

A petition has been presented to King Albert by the national political committee, that he refuse to sign the peace treaty. This committee represents 100,000 members and 300 communes.

Would Gain Prestige.
The petition presented to King Albert declares the nation would gain prestige in the eyes of the world if her sovereign declined to attach his signature to a document which did not guarantee her rights.

"In the last few days," says the petition, "vast bodies have joined us. We who public opinion, which is constantly growing and which is indignant at the little which is offered us for the safety of Belgium and the dynasty. We beg your majesty to refuse to sign the treaty rather than accept terms which would be a disgrace to your hands and our confidence."

Paul Hymans, the Belgian foreign minister, has returned here, and will attend an important cabinet council.

A great patriotic demonstration was held at Antwerp today. The burgomaster and other prominent men made speeches, recalling the Belgian sacrifices for the allies, and demanding fulfillment of their solemn promise to Belgium.

Public Opinion Upset.
Public opinion in Belgium has been upset by the news from Paris concerning what is described as the unsatisfactory decisions reached by the peace conference respecting Belgium. Newspapers of all shades of opinion

GERMANS OBJECT TO SURRENDER OF COLONIAL EMPIRE

Delegates Will Ask That She Be Given Some Part at Least in Administration.

OTHER OBJECTIONS
Want Sarre Basin Back After Term of Years and Sovereignty of Kiel Canal.

London, May 3.—Reuter's learns from reliable sources that among the terms of the treaty to which the Germans will offer the most objection is that relating to the surrender of her colonies. They will urge that German East Africa, Togoland and Kamerun be left to her, and, upon refusal, will ask to be assigned some part in the future administration of the former German colonies, and that in any case Germany shall not be debarred from purchasing some Portuguese colonies at a future date should Portugal be willing to sell.

The German delegates will also ask that the Saar area shall revert to Germany after a term of years. They will oppose any proposal to deprive them of sovereignty over the Kiel Canal, while agreeing that it shall be free to the world's commerce. They will oppose any so-called Polish corridor, while guaranteeing to Poland the right of free transit both by rail and by the Vistula to Danzig, and while opposing any plan to deprive them of sovereignty over the city itself, will agree that portions of Danzig shall be reserved solely for Polish commerce.

BRITAIN ARRIVES WITH TORONTO MEN

With the 1st Machine Gun Battalion for Toronto aboard, the British ship, the *Clackmannan*, Quebec, on Sunday morning, the names of the soldiers will be found on page 2.

The troop trains will come to Exhibition Camp at 11.30 and 1.30 today.

The Baltic, with the 15th Highland Battalion, for Toronto, is expected at Halifax on Tuesday.

INVITED TO PARIS TO HEAR THE TERMS

Austrian and Hungarian Delegates Are to Arrive the Week After Next.

Paris, May 3.—The council of three has invited the Austrian and Hungarian peace delegates to come to Versailles the week after next to receive the peace terms relating to their respective countries. Reuter's correspondent is informed.

The council of foreign ministers met this afternoon to examine into the question of revivifying the Baltic provinces and Finland. The council also discussed the procedure to be followed in connection with the preliminary peace treaty.

The commission on Polish affairs of the peace conference this morning took under consideration the south-eastern frontiers of Poland.

THREE ARE KILLED IN AIRPLANE SMASHES

London, May 4.—An airplane in which Gen. Sykes, controller-general of civilian aviation, was making a flight, fell yesterday at Kenley and the pilot, Captain Scott, was killed. Gen. Sykes was badly shaken.

A machine with former Naval Commander Leigh, a nephew of Lord Newton, burst into flames yesterday over North London. Commander Leigh was seen to crawl onto the wing of his machine and jump from a great height. His body was buried in the gravel of the garden of Sergeant Parry, who was also killed yesterday in a similar accident, at Manchester.

CANADIAN PRELATE APPOINTED

Reuter Cable.
London, May 4.—The pope has appointed Mgr. Bruchesi, archbishop of Montreal, and Mgr. Larocque, bishop of Sherbrooke, assistants to the pontifical throne.

MEAT CUTTERS' STRIKE THREATENS FOOD SUPPLY

Three Thousand Men to Walk Out Today Unless Demands Are Granted—Machinists Stand Firm—Other Unions Restive.

The labor situation in Toronto has assumed a graver aspect, and unless the large packing houses of Toronto recognize the new organization, the Meat Packers' Association, organized under the A. F. of L., 3,000 men will walk out this morning at 10 o'clock. Approximately 3,100 men will be affected as follows:

Harris Abattoir, 850 men.
William Davies, 800 men.
Swift's Canadian, 600 men.
Gunn's Limited, 450 men.
Matthews-Blackwell, 300 men.
Fuddy Bros., 42.
Miscellaneous, 40 men.
Total—3,132 men.

Meat Supply Affected.
The meat cutters' strike will seriously affect the market at the Union yards, where nearly 4,000 cattle and hogs are listed for the big packing houses. Refrigeration, too, will be restricted, the engineers at the various yards having averred their determination to stand by the union which was responsible for the 8-hour shifts they had fought for so long. For this reason it is stated, in many quarters, that the food situation in and around Toronto will be very seriously menaced, the packers constituting a basic source of supply.

Recognition for Union.
Lou Braithwaite, business agent for the Meat Cutters' Union, stated yesterday that the issue between the men and the companies was well defined. The men demanded recognition of the union, and the company refused to grant it.

Claims Presented.
"We presented our proposed agreement to the different companies some weeks ago," said Mr. Braithwaite, "and gave them until May 1 to give it consideration. Our communications were ignored. We extended the time limit to May 4. In the meantime we wrote to Senator Robertson in the matter. He referred us to Mr. Compton, fair value officer in Toronto. Mr. Compton got in touch with the managements of the packing houses on Friday, and told us this afternoon they were willing to send five representatives in conference with this equal number of employees, each shop to select its employee representative. This is a 'shop' arrangement, which ignores trades unionism. This is the rock upon which negotiations have been stranded. Once the companies recognize our union, we shall leave the adjustment of our grievances to a board of conciliation. But not until they do so."

An Eight-Hour Day.
The suggested settlement presented by the union includes the principle of an eight-hour day, double-time for holidays and a dollar a day increase to all, the increase to date back to March 31, 1919. Under this agreement women would be paid the same rates as men for any work hitherto recognized as a man's work. The companies are also asked to guarantee forty hours' work a week to every employee under all circumstances.

Neither E. C. Fox of the William Davies Co. nor James Harris for the Harris Abattoir Co. had anything to say respecting the attitude of the men.

Machinists Stand Firm.
The strike of the metal trades workers is progressing with unabated vigor. The strike vote has been taken in the provincial centres, but the result has not yet been received at Toronto headquarters.

Other Strikes Threatened.
The transport workers of the three large railways, numbering 25,000 men, are expected to walk out on May 10, and the marine trades federation is expected to call a strike on May 7. Montreal and Toronto shipbuilding locals are not expected to support the federation, which claims

BUTTER SITUATION IS EXPLAINED BY MINISTER OF LABOR

Says Prices Higher Because "Supply Does Not Meet the Demand."

AMOUNT IN STORAGE
Tells Hamilton Meeting That Available Supply Ebbed Seriously in Month.

Hamilton, May 4.—Senator G. D. Robertson, minister of labor, in a letter to Russell C. Kelley, read before a meeting of city and country women held in the Royal Connaught Hotel on Saturday afternoon, to discuss the high cost of butter and the high cost of everything in general, summed up the problem by saying: "The present situation is due to the simple fact that the supply does not meet the demand."

While the letter also gave figures of the supplies of butter and margarine in cold storage, it did not soothe the city wives and the country cousins, with the exception of two women, who said "that they did not see anything in it." The following resolution was adopted:

"The high cost of living, which includes the cost of food, clothing and other necessities of life, is becoming so burdensome that we respectfully ask the government to appoint a commission, two members of which to be women, one a producer, and one a consumer, to investigate the cause, and give the public ample information. We further ask what amount of butter was in cold storage on November 11, 1918, and what amount on May 1, 1919, and to what countries butter has been exported?"

Butter in Storage.
In part the letter from Senator Robertson to Mr. Kelley, who called the conference read as follows:

"The total amount of creamy butter in storage on April 1, 1919, was 1,000,000 pounds and the amount in storage on March 1, 1919, was 5,670,954, so that you will note the supply decreased by 69 per cent. during the month of March.

"Supplies of dairy butter in storage were as follows: April 1, 1919, 116,983 pounds; March 1, 1919, 414,221 pounds, or a decrease of 71.73 per cent."

The supply of oleomargarine on the same dates were as follows: 335,222 pounds as against 535,678 pounds, or a decrease of 37.43 per cent.

"It is to be noted that the total supply of creamery and dairy butter and oleomargarine in cold storage on April 1, 1919, represents less than 1-4 of a pound per capita of our population, and is about 76 per cent. less quantity than was in storage on the same date one year ago."

Not Due to Hoarding.
"It will therefore be readily recognized that there is not abnormal supply of butter or oleomargarine in cold storage, and that the rise in price is not due to hoarding."

"The real cause of the scarcity of butter at the present time is, I think quite plain. During the last year particularly, farm labor has been extremely difficult to obtain, and there is today 301,000 less milk cows in Ontario than was the case a year ago. Added to this, there is constantly increasing demand for butter, at high prices in foreign countries."

"The manufacturers price of oleomargarine has not been altered since last October, and this department would be glad to be advised of any retailers who are charging more than 40 cents a pound for oleomargarine."

Mostly to England.

The minister of labor in another communication pointed out that the greater part of the butter exported had gone to England, and that very little had gone to the United States.

Probably the most feasible reason for the present high price of butter was given by a farmer's wife, who pointed out that three gallons of milk only made one pound of butter that sold for 65 cents, but three gallons of milk would fetch 90 cents from the dairy.

PRINCE TELLS NEED OF BETTER HOUSING

Addresses Academy Banquet—Marshal Haig Makes Plea to Employers.

Reuter Agency.
London, May 4.—The historic banquet of the Royal Academy, suspended during the war, was revived Saturday. The Prince of Wales presided to the great national movement to provide adequate, sanitary and cheerful homes for the people. The prince said this evening need must be boldly faced and boldly handled.

Admiral Wemyss, first sea lord of the admiralty, said the disappearance of the enemy fleet was due to the splendid morale of the seamen, including those of the merchant service. He said the navy was suffering from a sense of injustice owing to inadequate pay.

Field Marshal Haig said no commander in the history of the war had been so ably and so joyfully supported as himself by all ranks of the British army. He said the pensions and labor departments were sympathetically coping with the problem of those mobilized. One heard of sad cases daily. For instance, one officer who had won the V.C., D.S.O., and M.C., was mainly trudging the streets of London in search of work. The field marshal begged employers to be patient with applicants for work, and help them learn the job.

REPORT THAT SIR EDWARD KEMP HAS SAILED ON THE MAURETANIA

London, May 4.—Sir Edward Kemp, minister of militia, sailed on the Mauretania yesterday. It is understood that his principal object is to make a statement at Ottawa regarding Canadian military matters in London.

MAY PRESENT TREATY AT END OF THE WEEK

London, May 4.—It is not improbable that the peace treaty will not be ready for presentation to the Germans before the end of this week, says Reuter's Paris correspondent, owing to the fact that several questions remain unsettled and also because the actual working document is taking more time than had been anticipated.

BRITISH MAILS

A British and foreign mail will close at the general postoffice, Toronto, as follows:

Regular ordinary mail at 6.00 a.m., Monday, May 5.

Supplementary ordinary mail at 11.00 a.m., Monday, May 5.

Regular registered mail at 12.00 midnight, Saturday, May 3.

Supplementary registered mail at 10.00 a.m., Monday, May 5.

ITALIAN GOVERNMENT IS INVITED TO RESUME CONFERENCE RELATIONS

Council of Three Sends Friendly Communication Designed to Remove Personal Element of the Controversy, and Pave the Way for a Territorial Readjustment.

Paris, May 4.—Premiers Clemenceau, Lloyd George and President Wilson, composing the council of three, today sent a communication to the Italian government, inviting it to resume its place at the peace conference.

"The council's invitation is of such a nature that it is believed Italy will accept it, and that the relations temporarily broken off by the recent departure from Paris of Premier Orlando and Foreign Minister Sonnino will be restored by the presence of Italian delegates at the conference before the treaty is delivered to the German delegates."

The council of three considered the Italian situation in its deliberations during the past two days, and finally determined upon an initiative of the friendliest nature. The terms of the communication to the Italian government have not been disclosed, but it is believed they seek to remove the personal element of the controversy, and to pave the way for a territorial adjustment when the relations are resumed.

Major Florio H. La Guardia, a member of the United States house of representatives from New York, who is an Italian by birth, after seeing Col. House today, said he believed the entire Italian question could be settled within 48 hours. He added that he was urging that pride should not

ORLANDO CONFERS WITH DIPLOMAT

Rome, May 4.—Premier Orlando conferred at length yesterday with Ellis Jones Griffith, former parliamentary under-secretary to the British home office. The interview is considered in political circles to have been connected with the departure of the Italian delegates from the peace conference. Mr. Griffith is understood to be communicating on the subject with the British delegation at Paris.

TO HEAL THE BREACH

French Ambassador Spent Some Time Conferring With Orlando.

London, May 4.—Telegrams from the Italian capital reporting the efforts being made by allied diplomats to heal the breach caused by the absence of Italy's delegation at the peace conference say that Camille Barrere, the French ambassador at Rome, conferred with Premier Orlando yesterday from 11.35 a.m. until noon.

A conflict of opinion is apparent among the Italian newspapers regarding a possible settlement of the Adriatic question. One Rome message says The Epoca understands a solution of the Rome dispute will be sought with France acting as intermediary. Another telegram, however, quotes The Giornale d'Italia as stating there is no foundation for this report.

NEW SHOW HOUSE TO COST A MILLION

Largest in Canada on Victoria, with Yonge Street Entrance—Start Work at Once.

A new theatre for Toronto backed entirely by Canadian capital are representing an investment of \$1,000,000 is to be erected on Victoria street between Shuter and Dundas with an entrance from Yonge street. It will seat 3,500 people and will be the last word in modern theatre construction. The men behind the project are: J. P. Bickell, N. L. Nathanson, Toronto; J. B. Tudhope, M. P., Orillia, and W. J. Sheppard, Waukegan, Ill.—all prominent financial men closely identified with the business life of the country and are also interested in the Regent Theatre, West Adelaide street.

The property acquired extends from 222 to 246 Victoria street inclusive, giving a total frontage of 182 feet. The Yonge street entrance was secured by purchasing the Britnell property at number 263, having a frontage of 25 feet. The Victoria street property was purchased from Messrs. Benn and Werden and is occupied by a row of old rough-cast houses.

The land on both streets cost \$600,000 and the theatre, it is reported, will cost \$400,000.

Start Work at Once.

It is proposed to commence work at once so as to have the theatre ready by the fall and the undertaking will give employment to a large number of men of all trades.

A pipe organ costing \$25,000 will be one of the features of the new theatre. It will be the largest of its kind in America.

Entering from Yonge street the plans call for a promenade thru to the theatre proper which will seat 2,000 on the ground floor and 1,500 on the mezzanine floor, making it the largest theatre in Canada. Europe as well as America has been searched for ideas to be used in its construction.

It is interesting to note that the undertaking is being financed entirely by Canadians with Canadian capital and Canadian workmen will reap all the advantages.

The name of the new theatre has not been decided upon.

Gen. Currie Headed the Parade Of Overseas Troops in London

presented in the parade, while famous Canadian aviators flew overhead.

General Currie, of the Canadian army, with his staff, including Prince Arthur of Connaught, headed the procession. Reviewed by King George at Buckingham Palace, Canada, Australia, New Zealand, South Africa and Newfoundland were represented among the troops. Every arm of the overseas armies was represented in the parade, while famous Canadian aviators flew overhead.

General Currie, of the Canadian army, with his staff, including Prince Arthur of Connaught, headed the procession. Reviewed by King George at Buckingham Palace, Canada, Australia, New Zealand, South Africa and Newfoundland were represented among the troops. Every arm of the overseas armies was represented in the parade, while famous Canadian aviators flew overhead.

THE SITUATION IN EUROPE

The Associated Press issues the following:

The Italian delegates to the peace conference, who left Paris almost abruptly when the members of the council of four, representing Great Britain, France and the United States, refused to grant Italy's full claims to Fiume and the Dalmatian coast region, have been invited to come back to Paris and resume their place in the peace conference.

Paris dispatches assert that by reason of this invitation it is believed the Italians will return to the French capital and the negotiations over the disputed points will begin again where they were left off. The claims of Italy are the chief outstanding points in the peace treaty. French and British diplomats in Rome for several days have been discussing the controversy with Premier Orlando and Foreign Minister Sonnino in an endeavor to straighten out the tangle.

The invitation of the new council of three, it is understood, has in view the elimination of the personal element in the controversy and the paving of the way for a territorial adjustment acceptable to all sides when the conference are again together.

In peace conference circles Sunday was quiet. President Poincare had the members of the cabinet before him and discussed with them the

preliminary peace terms. A meeting between the inter-allied and German credential commissions which was to have been held was postponed.

In Belgium the dissatisfaction over the awards to Belgium has resulted in a petition being presented to King Albert asking him to decline to affix his signature to the peace treaty. A cabinet council Saturday recalled home the three Belgian delegates for a conference, which is to decide whether the conditions offered Belgium are acceptable.

A big patriotic demonstration was held in Antwerp Sunday, at which demands were made for the fulfillment of the allied pledges to Belgium.

All of Munich, capital of Bavaria, is now in the hands of the government troops, except one section of the city. Two hundred persons are said to have been killed in the fighting for control of the capital. Another report says that 300 government troops met death near Munich when the Spartacists blew up the train on which they were travelling.

The situation in Budapest remains unchanged, except that it is asserted that the commanders of the Czech, Serbian and Rumanian troops have decided to surround the city and not occupy it.

On their eastern front the Bolsheviks are retiring in disorder. It is reported after being defeated by Siberian forces. There have been no details of the reported capture of Petrograd by the Finns.

(Concluded on Page 2, Column 2).

CHINA'S FUTURE SEEN BY CANADIAN

Robert A. Jaffray, Home on Leave, Says International Board is Needed.

Rev. Robert A. Jaffray, son of the late Senator Robert Jaffray, and brother of the chief shareholder of The Globe, who has spent 25 years in the missionary field in South China, is at present on a visit to his brother in Toronto.

Speaking to The World on the Chinese attitude towards the international situation, Rev. Mr. Jaffray said he was a fellow traveler on the same steamer with the Chinese delegate to the peace conference. The delegate had accepted credentials from the Canton government, and had been tendered the representation of the existing government. In the course of an interesting conversation, Rev. Mr. Jaffray had expressed the opinion that it would be good policy for China to accept an international commission in which Japan would be represented, to undertake the opening up to world trade of China's resources and possibilities. The Chinese delegate to such a position would be a humiliating one for China to occupy in the new era upon which the world must now enter, but Mr. Jaffray, with occasional frankness, urged that if left to her own initiative China would be practically in the position she occupies to-day one hundred years hence, and that this is an impossible position for so large a division of the human race.

International Commission. Mr. Jaffray further said that if the economic development of China did not come under an international board, the inroads upon her rights and commerce by the Japanese could not be resisted, and in a few years the position would be much more humiliating than anything that an international commission could imply. Besides the international commission would be for a time only, until China had composed her internal questions and was able to assume capable direction of her own destiny and development.

"I do not know, of course," said Mr. Jaffray to The World, "whether the delegate will act upon my advice, but it represents my views upon existing conditions in the orient."

Will Lose in Exchange. "How about Kiasatt?" "Japan may surrender the model fortress she wrested from Germany, but it will only be as an exchange for something better. China cannot have a clash with Japan. The only thing for the Chinese to do is to put themselves in the protection of the allies, who, when they have settled the quarrels of Europe, must complete their great undertaking by exerting international influence for the welfare of China. If the situation is to rest as between Japan and China alone, the future of the Chinese is at the mercy of Japan."

"How is the missionary outlook?" "More promising and encouraging than at any period of Christian activity out there. Not only in regard to educational and medical work, which are, of course, very important, but especially in respect to the preaching of the individual message of the gospel to these people, the field is full of new promise."

Rev. Mr. Jaffray's work is at Wuchow, 300 miles inland from Hongkong.

EDWARD H. ROBINS BACK ONCE AGAIN

Popular Actor Manager Brings New Company for Season of Stock.

With his smile just as winning, and his greeting just as hearty as of old, Edward H. Robins, the actor-manager, arrived in Toronto yesterday for his fifth consecutive season in stock at the Royal Alexandra Theatre. It is characteristic of Mr. Robins' dynamic energy that when a World reporter arrived at the theatre last night, Mr. Robins had his company working on a rehearsal of the play, "Somewhere in the House," with which they are to open their Toronto season on May 12.

"Yes, you just bet I'm glad to get back to Toronto," said Mr. Robins in his dressing room. "In fact, I would rather be in this city than in any other," he said seriously. Mr. Robins was enthusiastic over the prospects of his coming season at the Alexandra. He expected the biggest and best yet from an artistic point of view. His company of twenty people is the largest that he has yet brought to Toronto, and it is by reason of this large cast that Mr. Robins expects to work out a new idea of his own, whereby only actors actually looking the part of the characters which they will portray will be given the parts.

His company is also one of the most youthful he has yet brought to this city, also he is carrying the necessary number of other people for the various types. "There's going to be a lot of surprises coming," said Mr. Robins gleefully when pressed by the reporter for the details of his coming season, but beyond that he would not say anything.

IRISH AMERICANS ARRIVE IN PARIS

Dublin, May 3.—Frank P. Walsh and the other delegates sent by the Irish societies in the United States to present the case of Ireland to the peace conference, arrived here today from Paris. They were met by several of the Irish leaders, and drove to the Mansion House, where the lord mayor received them. There will be a public reception next week. In the meantime they will have conferences with numerous public men.

The mission of the Americans is to secure safe conduct for Prof. Edward de Valera, Sinn Fein member of parliament for East Mayo; Arthur Griffith, founder of the Sinn Fein organization, and Count Plunkett, Sinn Fein member of parliament for North Roscommon, to Paris.

Elsa Ryan

STAR OF "PEG O' MY HEART" AND "TEA FOR THREE"

Writes that her choice of Tea has ever been

"SALADA"

She says: "I have discovered that after a fatiguing day a cup of 'Salada' stimulates me delightfully."

Salada is used in millions of teapots daily—in fact, it has the largest sale of any packet tea in North and South America.

WORKERS' STRIKE MAY AFFECT MEATS

(Continued From Page 1).

the support, however, of practically every other body of shipbuilders in the Dominion. Representatives of both the men and the companies are to meet at Ottawa on May 6.

Other Workers Restive. It is understood that the shipbuilders from the Dominion yards, numbering 600, who went out because of alleged discrimination against a returned man, have returned to work this morning pending an adjustment of their difficulties.

Altogether 4,400 men, including 1,800 machinists and 800 molders, are on strike, and if the provincial centres support the metal trades, coal and the meat cutters, the number will total about 14,000 throughout the province, 7,300 of these being in Toronto, all engaged in the basic industries of Ontario.

Ask Weekly Wage. Largely attended, the meeting of the Toronto local of the International Union of Garment Workers held yesterday at the Labor Temple, voted unanimously to demand that all clothing manufacturers substitute a weekly wage system for the present system of piece work. There are 1,600 men and women in the Toronto local. S. Koldovsky, vice-president of the union, stated that the lowest wages demanded by the union would include a weekly wage of \$35 for cloak and dress makers, \$44 a week for skirtmakers, \$45 a week for sample-makers, and \$40 a week for operators. The manufacturers are asked also to guarantee work eight months a year. The lowest wage demanded is \$23 for tailors, and the highest, \$40 for operators. Operators in New York are demanding \$50 a week, and \$47 a week in the district of cloak and dress and skirtmakers as against \$35 demanded by Toronto garment workers. The union also demands a 44-hour week. Mr. Koldovsky made the statement that manufacturers in Canada were known to give out work to be done at home on Sundays and late at night. The union will present its demands upon the Canadian manufacturers simultaneously with those presented by the New York garment workers, the I. Street Railway Men Want More Toronto street railway men, at a mass meeting held on Saturday evening at the Labor Temple, decided to demand both a flat rate of 55 cents a hour and an eight-hour day from the Toronto Street Railway. The schedule also provides that 25 per cent of the runs shall be made on straight time and that the eight-hour shift shall not be extended in toto beyond a 12-hour limit. The proposed 55 cents an hour is 16 cents more than the present maximum, 39 cents given by the company.

Printers to Make Demands. Printers in Toronto are presenting a schedule including a large increase in wages and a decrease in the working day, already an eight-hour day.

C. P. R. CHANGES.

J. R. Clancy has been appointed the C.P.R. general agent of the freight department for Ontario with office at Toronto.

W. C. Roche will fill a similar position in Chicago with offices at 209 South La Salle street (room 939).

Mrs. P. Milne, Age 91, Passes; Was Belleville's Oldest Citizen

Belleville, May 3.—Mrs. Peter Milne of Belleville, and one of the oldest citizens, passed away yesterday in her 91st year. She had resided in this city and vicinity since five years of age. Mrs. Helen Price, wife of Mr. David Price, city treasurer, died yesterday in her 76th year.

PAUL RADER SAYS "NEVER BE QUITTER"

Well-Known Divine Speaks to Large Gathering of Men in Massey Hall.

"There comes a crisis hour in every fellow's life that gets him by the throat," declared Paul Rader, pastor of Moody Church, Chicago, during the course of an address delivered to a large gathering of men in Massey Hall yesterday.

"I never saw a fellow yet, continuing the speaker, "who had not at one time or other put up a good clean fight to beat the game. Then just when he thought he was going right in the devilishness of temptation gets a grip on him and he says, 'Oh let her drive.'"

"I'm not here to accuse you fellows of being quitters. I've been up against the sin of life and it's a good stiff game, also a little bit discouraging. The very struggle you are making helps the devil and the lighter he will fight you. The devil has your shoulders to the mat and Jesus Christ will walk right into the trouble with you and give you comfort and cheer in your darkest hours."

The speaker then went on to outline the snares and troubles of temptation. He stated that the prevailing fashions of the women were made in hell and for the purpose of "getting a man going." "If women ever did dress like hell, it is today," he said. He spoke in horror of young women smoking cigarettes and stated that these were the methods employed by the devil "to chuck a fellow's eyes full."

"The day you make up your mind to seek Jesus, you will find Him," he continued, "and there isn't any salvation in the world besides His salvation. How easy it is without His guidance to become a shipwrecked life."

"The worst person you every handled was yourself, when it comes to a showdown, but with the aid and comfort of Jesus Christ, as He will victor over your shortcomings as He is victor over the grave."

SCORE'S MAY SALES SPECIALS.

In the month of May most men grow really serious about buying haberdashery that is a little more summery and a little less sombre than has been their wont during the winter months. Knowing the appreciation that they have for the high class and exclusive in such things as the neckwear, shirts, collars, underwear, gloves, hosiery and other little accessories, one may count on special offerings throughout the month in these lines. Specially priced lines that uphold all the Score's standards for quality and values. Score's Tailors and Haberdashers, 77 King west.

The Amalgamated Society of Engineers will hold meetings every day during the strike at their headquarters, Occident Hall, Bathurst and Queen streets, and all members must sign employed book every day. A social committee has been appointed to look after entertainments for the members.

YORK COUNTY AND SUBURBS

EARLSCOURT

Speaking at the Men's Own Brotherhood of the Central Methodist Church on Sunday afternoon, Capt. (Rev.) Dr. Maswood gave some splendid examples of fortitude among the Canadian forces during the war, and after. He spoke of the beneficial results of physical training in the army, and said the human body was a wonderful instrument to study. Some instances of bravery against tremendous odds were also placed to the credit of army training, which Dr. Maswood believed to be the best possible experience for our young manhood.

He claimed that this physical training and discipline had resulted in the success of the allied armies.

He spoke of the cases of two men—Hamilton and Mills—in Christie Street Hospital, who were suffering from serious spinal complaints, the result of an aeroplane accident, that they had to remain strapped in one position for 24 hours daily, but with it all the men were hopeful and cheerful.

He mentioned the physical training in the army. Marvellous recoveries, due to medical science, were mentioned—one case, in which the transfer of a bone from a finger to replace a nose that had been shot away in France, resulting in a better shaped nasal appendage than the original organ. Rev. E. C. Hunter, president, and Thomas Summers was the soloist.

Twelve members of the Earlscourt branch of the G. W. V. A., including Comrades J. Stockley, F. Cole, W. Margrave, E. Griffith, S. Sinclair, W. J. Willis, Joe Wines, and others, undertook to secure automobiles for the big drive that takes place today in connection with the reparation—Y. M. C. A.—Salvation Army—and G. W. V. A. campaign. The line up began at 8 p.m. Sunday night.

Large congregations assembled at the Earlscourt Central Methodist Church Sunday on the occasion of the 15th anniversary of the church when special services were held. Rev. Peter Bryce, who is in charge of the Central Methodist churches in the Earlscourt section, presided. His splendid work on the lines of social and religious activity. The Sunday school has a membership of something like 2,000. The church is active in the whole Dominion. All the kindred associations are in a flourishing condition in point of numbers and financially.

In the morning Rev. C. A. Williams, pastor of Timothy Eaton Memorial Church, was the preacher and in the evening a former pastor of the church, Rev. J. A. Wallace, was in charge. Special choir singing was led by Norman Murch and the men's orchestra played selections.

The church is asking the sum of \$1,000 for general church expenses.

A one-tone motor truck owned by the Mack-Carrigan Company of East Wellington street, was in collision with a St. Clair civic car, on Saturday evening at the intersection of St. Clair and Bevilacqua streets. The truck was crossing the tracks at this point as the west bound car No. 101 came along which was said to have been in charge of a new motorman who failed to bring his car to a standstill, crashing into the truck, breaking the radiator, smashing the head lights, twisting the front wheels and practically wrecking the truck. The traffic was delayed for a few minutes. This is the second accident on the hill in the Earlscourt section in three days. The driver was not injured.

Charges Made. Mr. Naylor was later asked by the rector to take over of \$20 from the diocesan mission discontinued, but there the wardens protested, and the matter was dropped, but while Mr. MacNamara promised that it would not be cut off, no further monies from the mission have been received.

Mr. Naylor was later asked by the rector to take over of \$20 from the diocesan mission discontinued, but there the wardens protested, and the matter was dropped, but while Mr. MacNamara promised that it would not be cut off, no further monies from the mission have been received.

Mr. Morris continued to give instances where, in his opinion, and in the opinion of the congregation, there was a lack of "British fairplay" about the whole proceeding. "Literature will later be given to the church, setting forth all the facts of the case, and at present we are determined that we will not stand for such unfair and autocratic treatment," concluded the speaker.

The Church of the Advent was started by Mr. Morris in absolutely innocent and was later made a church. During the incumbency of Mr. Naylor the congregation and finances doubled.

SILVERTHORNS

The recent box social in connection with the Silverthorns branch of the G. W. V. A. was a great success, the receipts to be handed over to the building fund being \$38, with an additional sum of \$20 which is to be handed over later by the ladies' auxiliary. At the regular meeting of the branch it went on record protesting against the proposed new members election. The building fund for the new hall is progressing satisfactorily, and Comrade W. Ross, treasurer, will be glad to receive contributions.

Comrade Sam Deans, M.M., tendering his resignation as first vice-president, and Comrade J. Hammond was elected to that position. Comrade F. Harper was appointed second vice-president. Several members of the branch were elected to the new hall is progressing satisfactorily, and Comrade W. Ross, treasurer, will be glad to receive contributions.

"I will write you fully truth in this that Miss de Lavelle is absolutely innocent of the Frank McCullough escape. She had nothing to do with it whatever. She may have visited him, but did not think of his escape, but there was nothing given to McCullough by anyone's hand inside the jail. No, but outside all that we have had for his escape."

"I gave him all and helped him for the simple reason that I love him, but I will do it all myself what is to be done—not the law. He will be—by me, not by your law. I have vengeance and he will pay the penalty for what I only have suffered, not Miss de Lavelle."

"I knew him seven years ago and he promised to marry me, but years rolled by and I am not his bride. My child was born four years ago and father left me penniless, and now that I heard of him in the papers, I only then knew that he was in Canada, and I had the liberty to go; him and make him think he is free, but that is a mistake, for he is not free. By no means—he will do his sentence."

"It is no use to look for him, for there is no such man no more on earth. I come from New York and get him. I did not visit him inside the jail, but I surely did outside five times, but as I was not so lucky that all my intentions would have happened on the first trial, but it was five different times."

"Miss de Lavelle may be only one of the unfortunates and may love him also, but she is so innocent of all this that she did not know the time when the escape happened."

The letter also stated that the writer had sent in the saw and something else to the jail, but did not volunteer any information as to how it was done.

TODMORDEN

"The question of good roads in the township is largely dependent on the sewerage and these improvements will come along in reasonable time," said J. A. Macdonald, third deputy reeve of York township, to The World yesterday. "The question of drainage is being gone into by the council and if a feasible scheme can be devised at a reasonable cost it will be acted upon by the council if the people want it. As far as Todmorden is concerned the people now have an opportunity to petition for their local improvements which will receive attention."

An agitation among many residents of the Todmorden district to use the classrooms in Torrens' avenue school for public speaking having come to the attention of the school board a prominent member of the trustee board stated yesterday that the classrooms are to be used exclusively for school purposes, by order of the board and the basement can be used for ratepayers and other gatherings.

LEASIDE

St. Cuthbert's Anglican Church, Leaside, celebrated the 40th anniversary of its opening at the morning service yesterday. Rev. J. M. Lamb, rector, in his address outlined the progress of the parish during the past five years, and expressed the hope that the same advance in all branches of church activity would continue during the next five years. Special music was rendered by an augmented choir.

CHURCH TO RESIST RECTOR'S REMOVAL

Congregation of Church of the Advent Stands by Rev. H. Naylor.

There is a feeling of bitter resentment and a strongly expressed determination to resist ecclesiastical authority among the congregation of the Church of the Advent, Runnymede, of which Rev. H. Naylor has been for some time rector.

Mr. Naylor's work, and a request by the wardens for a commission of enquiry has refused Bishop Sweency a farewell banquet was held at the church on Saturday, at which the speakers spoke in the highest praise of Mr. Naylor's work, and the guests unanimously expressed a determination to fight the matter to the finish. The morning service yesterday was conducted by a student of Wycliffe, of which college Mr. Naylor himself is a graduate, and the people's warden A. Morris, officiated in the evening. When asked for a statement regarding the removal of Mr. Naylor, Bishop Sweency refused to make any explanation.

Congregation Firm. In an interview with The World last night, Mr. Morris said: "We will not accept nor will we listen to any minister other than Mr. Naylor. No matter what happens or what it entails, we are prepared to stand out and fight to the end." Mr. Morris outlined the causes and circumstances which have resulted in the present situation.

"About two years ago," said the warden, "the Rev. Mr. MacNamara, rector of St. John's parish, of which the Church of the Advent had been a mission, called a meeting of the men's council and offered the services of a minister whose qualities he lauded to the skies—and that food worker was Mr. Naylor. At this time Mr. MacNamara had seen fit to question certain usages, such as singing responses, and his interference raised a protest from the congregation at the Advent Church. Mr. Naylor had not then met his people, and refused to interfere with the matter, which was finally settled by the rector."

Again the rector of St. John's wished to have a grant of \$20 from the diocesan mission discontinued, but there the wardens protested, and the matter was dropped, but while Mr. MacNamara promised that it would not be cut off, no further monies from the mission have been received.

Mr. Naylor was later asked by the rector to take over of \$20 from the diocesan mission discontinued, but there the wardens protested, and the matter was dropped, but while Mr. MacNamara promised that it would not be cut off, no further monies from the mission have been received.

Mr. Morris continued to give instances where, in his opinion, and in the opinion of the congregation, there was a lack of "British fairplay" about the whole proceeding. "Literature will later be given to the church, setting forth all the facts of the case, and at present we are determined that we will not stand for such unfair and autocratic treatment," concluded the speaker.

The Church of the Advent was started by Mr. Morris in absolutely innocent and was later made a church. During the incumbency of Mr. Naylor the congregation and finances doubled.

SAYS SHE KNOWS ALL ABOUT McCULLOUGH

Another Mysterious Letter Signed "Clever" Regarded as Joke.

An anonymous letter, bearing a Toronto postmark, was received Saturday by T. C. Robinette, K.C., counsel for Frank McCullough, the murderer, who escaped from the jail. The letter is signed "Clever" and is regarded by Mr. Robinette as an attempt at a joke or the action of some one mentally unbalanced on whom the McCullough case has made a deep impression.

The letter was dated April 25 and read as follows: "I will write you fully truth in this that Miss de Lavelle is absolutely innocent of the Frank McCullough escape. She had nothing to do with it whatever. She may have visited him, but did not think of his escape, but there was nothing given to McCullough by anyone's hand inside the jail. No, but outside all that we have had for his escape."

"I gave him all and helped him for the simple reason that I love him, but I will do it all myself what is to be done—not the law. He will be—by me, not by your law. I have vengeance and he will pay the penalty for what I only have suffered, not Miss de Lavelle."

"I knew him seven years ago and he promised to marry me, but years rolled by and I am not his bride. My child was born four years ago and father left me penniless, and now that I heard of him in the papers, I only then knew that he was in Canada, and I had the liberty to go; him and make him think he is free, but that is a mistake, for he is not free. By no means—he will do his sentence."

"It is no use to look for him, for there is no such man no more on earth. I come from New York and get him. I did not visit him inside the jail, but I surely did outside five times, but as I was not so lucky that all my intentions would have happened on the first trial, but it was five different times."

"Miss de Lavelle may be only one of the unfortunates and may love him also, but she is so innocent of all this that she did not know the time when the escape happened."

The letter also stated that the writer had sent in the saw and something else to the jail, but did not volunteer any information as to how it was done.

MONDAY MORNING, MAY 5.

Strike Measures in Britain and Canada.

Just as a certain type of mind delights in war, and would prefer to have a state of war existing at any time than a state of peace, so there are certain types of mind among the ranks of labor and correspondingly among the employers who rejoice at the idea of a big strike. A general strike gives them the feeling of being "delightfully elevated," which a Hamilton paper the other day described as the effect of a religious convention. Prussian Junkers and their kind may indulge in such emotions, but the ordinary man will not go to war except on the severest provocation. A general strike is civil war. Until every other means is exhausted by which it is possible to bring about a settlement, it is not to be expected that any elements of a British community would plunge that community into the very deadly strife of such a civil conflict.

The foreign elements of our population have, we believe, a large measure of responsibility in urging matters to extremities, but there are not wanting extremists among the employers also who think that they can afford to incur any economic penalty rather than yield any concession. In Toronto we are in the midst of such a situation. There are moderate men on both sides who think that a proper settlement can be made. Everybody recognizes that labor must be put in a position to be self-sustaining. Between this point and a point at which the manufacturer must fail to compete on account of his costs in the markets of the world, there is a golden mean which can be established, as it has been in Great Britain, by conciliatory methods, but will be more difficult to reach from both sides on account of the widening chasm wrought by non-production.

No community can afford to be non-producing. The ants and the bees give us elementary lessons on this matter which we have never yet taken to heart or understood. They live as a community. Stagnation of labor is fatal to the life of the community. The great object lesson of labor agitation in Great Britain during the past few months should be taken to heart. The interest of the community, of the nation, was recognized at once. The wiser heads on both sides were willing to consider overtures. German influence had begun to creep in and the less thoughtful elements of the labor class began to respond to Bolshevistic promptings. The "triple alliance," as it was called, of the miners, the railway men and the transportation workers, contemplated a general strike, which had it been carried out, would probably have left the nation derelict.

We are at present heading in this direction in Canada. In England they began to act as a man does when "his house is on fire." They got out the hose and the fire grenades and sent for the brigade. In other words the government got busy. A joint commission of the coal miners and the coal owners was appointed. The final result of that was a report which gave the miners particularly all they asked. The press, by its fairness, helped to compose the situation.

The other two bodies, the railway and the transportation men, were unable to arrive at a compromise, and in the face of a deadlock the prime minister took hold of the situation, and called on the parties in an industrial conference to regard their relation to the nation. That appeal struck a patriotic chord in British hearts. We are handicapped in Canada by the fact that no patriotic appeal touches the excited continental of Europe who have accepted our hospitality. The alien enemy would destroy our dwelling. Many other types of aliens, Russians and others, are careless whether Canada thrives or not, being ignorant of her principles of government, her freedom, her democratic ideals. There are even some employers who fail to respond to these conceptions of life.

Premier Lloyd George appointed the heat men on both sides, labor men and employers, to meet in conference and finally, in spite of violent ebullitions among the labor extremists, which threatened at times to wreck the whole movement for conciliation, an agreement was arrived at. In Toronto, and Canada generally, on account of alien elements, the problems of labor are essentially more difficult than in Britain. But the biggest men of the country are not concerning themselves here as in Britain. The prime minister, the minister of finance, the leaders in politics, the richest men in business, and all the prominent labor men get round a table

in Britain and showed that they regarded the matter as vital. Similar action will have to be taken here if moderate counsels do not prevail. After five years of war Canada is in no shape to plunge into the civil strife of a general strike. We must learn to carry on. The terms on which we can do so must be determined by our wisest leaders, both sides in council, politics eliminated. What is agreed upon must be adopted, and those who object will have to give account to the nation. It may be objected that this contemplates an emergency. There should be no difficulty about recognizing the emergency.

How Much of the Island Is to Waste?

A senseless policy with regard to the protection of the island lake beaches has been followed for a number of years, and it is about time the government, which controls the navigational aspects of the matter, and the city, whose immediate concern it is that the island should not be washed away, were getting together and deciding their joint responsibility. The storm of Friday has endangered the city water and gas mains, and the amount of the beach that has been swept away in the last twenty years opposite the centre avenue should awaken a protest even in the Toronto members of parliament.

There is a technical excuse for the city in the neglect of the government to recognize or fulfill its responsibilities, but it should be possible for the city to notify the government of what is needed, and, failing attention, go ahead and do what is required in the joint interest. The loss of acres of area on the island front can not be excused on any technical plea whatever.

"Free and Equal."

"All men are created free and equal" is the phrase of which so much is made in the declaration of independence, but in practice the present generation of United States citizens have different views. It is an astonishing historical fact, which the signers of the declaration would be amazed to hear, that when Japan put forward this proud assertion of human equality, it was the great American republic alone that objected to the doctrine, and objected so decidedly that it has not been included in the treaty of peace. "All men" is a phrase therefore intended only for home consumption and only in a Pickwickian sense elsewhere.

It is feared that the United States anticipates a quarrel with Japan in the future. But is this not all the more reason why the United States, in making the declaration of independence, should endeavor to come into court with clean hands, consistent in her attitude diplomatically with her professions domestically, and representing christendom as against alleged heathendom, strong in the faith of the Golden Rule? We must not be surprised if we find the people of Asia finding the declaration of independence repudiated in its foundation principles in dealing with foreign powers, turning to such other western standards as they must perceive to be the true criteria adopted in western practice as distinguished from profession.

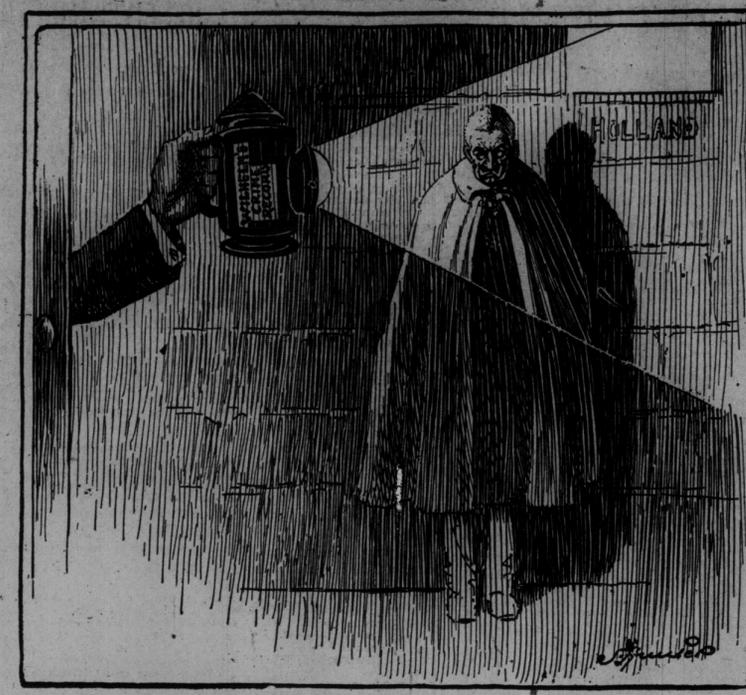

These are more pertinent problems than are ordinarily admitted. We have grown familiar with the customary Sunday and weekday attitude which we adopt about various matters, but we have probably not calculated the effect on strangers. Many Americans have not hesitated to select Mr. Pecksniff as the typical Englishman. It is appalling to think that the racial taunt may be extending across the Atlantic, and becoming visible to some of the shrewd and far-seeing folk of the Orient. The Japanese, however, are wise in their generation, wiser perhaps than the enlightened ones of the west, and the latest report is to the effect that a settlement has been arranged about Kiasochan. So racial equality may not be decided for some time to come yet.

A New Theatre.

All arrangements have been made for the building of a new theatre to seat 3,500 people, in the block bounded by Shuter, Dundas, Victoria and Yonge streets. The new building is to cost \$600,000, and the men behind the scheme are prepared to start work immediately. The main portion of the theatre will be on Victoria street, but the promoters feel that a Yonge street entrance is necessary. To do this the laneway known as O'Keefe's lane, running parallel with Yonge street, between Yonge and Victoria, will have to be bridged.

Also the bridge will give a fourteen foot clearance and will not in any way interfere with the rights of other property holders in the neighborhood. The World understands that there has been a small amount of local opposition, and the question of the permit for the bridge comes before the council today. The interests of one or two people should not be allowed to interfere with a project of this kind. During this period of reconstruction we need all the building and all the money in circulation that we can get. The buildings to be demolished to make way for the theatre are some of the worst in the downtown section of the city, and their disappearance and replacement by a modern up-to-date structure will increase the value of all property in the neighborhood. Other cities have allowed bridges of

"COME INTO COURT"

this kind and we believe a similar permit has been granted to another theatre in the northern part of the city. The World hopes that the council will take the logical and broad-minded attitude and give the necessary permission.

OTHER PEOPLE'S OPINIONS

The World will gladly print under this head letters written by our readers, dealing with current topics. As space is limited they must not be longer than 200 words and written on one side of the paper only.

Reception of the 15th Battalion.

Editor World: The reception arranged by the officers and men of the 48th Highlanders to the members of the 15th Battalion promises to surpass any previous demonstrations. Being composed principally of Toronto men, I think it would be a good idea to have a half-holiday on the day of their arrival. They will probably be here on the last day of the "Big Four Drive" and it would contribute very considerably to the financial success of the objective aimed at by the organizers of the campaign.

Altho not an advocate of so many extra holidays, I think that after four years of war, we could very well do with one on this occasion, should the mayor proclaim one, and if the employers cannot see their way to grant a holiday, let us at least have a day off as they can conveniently spare, and it would be beneficial to them.

I think the citizens are all proud of their brave men who kept the Hunns at bay, this preventing them from reaching their ambition to override the world, and the least we can do is to show our appreciation by turning out en masse. It would be well also to see the militia regiments on parade in the streets. H. B. Brett.

MOTOR CARS AND LIVES.

Editor World: Your issue of yesterday had an editorial "The Colonel Knows How," which called attention to increased severity of sentences against motor car thieves. It is commendable because all legitimate ownership in property should be fully protected, and the law should be applied in both cases the police decided that the drivers of the cars were not to blame, but the owners were. It is exacting a penalty, as for the sake of the information which might be obtained and would be of benefit in guarding against similar accidents in the future. I suppose if one were to propose the question: How many motor cars is a child's life worth? the answers would be varying. Some would say a hundred and some would say a thousand, and by some a higher figure, but judging by our practice at times the community is willing to have one motor car put in the balance against a child's life. Do not misunderstand me. I do not want any one punished ever time a death occurs in a motor car accident, but there should be an inquest even to the extent of party and inconvenience to an innocent party involved. The parents of the dead child are caused pain and inconvenience, the child is caused pain and inconvenience, yet they are in most cases also innocent. W. O. C.

SOMETHING TO BEAR IN MIND

The temptations to spend money are many, but the need for saving is great and those who will be well rewarded. The purchasing power of a dollar has dwindled to such an extent that today it will only buy what used to be 50 or 60 cents worth. When normal prices return the reward of the greatly increased value of your dollars if saved, you can obtain interest thereon at

THREE AND ONE-HALF

per cent per annum by depositing them with this corporation. The complete facilities of our Savings Department are at your disposal. An account may be opened with One Dollar and withdrawals may be made by cheque.

THE PROMOTER'S WIFE

By JANE PHELPS.

Barbara Plans Retrenchment.

CHAPTER LXXXVI.
I meant what I said to Lorraine Norton when I met her in the park that I should have made it my business to know where so much money came from; how so young a man as Neil could make enough to afford such luxuries. Yet when I had tried to find out, I had accomplished nothing; only angered Neil.

Suddenly there came to me the murmured sentence I overheard when father was leaving us, and had warned me to try and persuade Neil to "go slowly." "A house of cards!" Who else had used that same expression? Why Mr. Frederick of course. He had said he was afraid Neil was building a house of cards; that afternoon we drove to the park, and had our first talk together.

Lorraine insisted upon walking home with me. She was really distressed, and plainly showed it. "You are not to blame," she repeated when she finally left me. "And remember I know you are not, and will be just the same friend no matter what people say. I will do all I can for Neil too. I shan't allow anyone to malign him when I am around." "Thank you, Lorraine. That makes two."

"What are you talking about, what makes two?" "Nothing—I was talking to myself. Pardon me." I meant it made two real friends I still had, Lorraine and Frederick. I think I perhaps might have felt all that had happened more even than I did had I been the sort of woman who has many intimates. I wasn't. Most of my friends were out of the city, so I heard little gossip, as while I had many calling acquaintances, Lorraine was almost my only intimate friend.

Ought we not to give up our beautiful home? Had we the right to live in it? Would Neil consent to retrench to an extent that would amount to anything? I walked back forth with the view that the government, less uneasy, wanting dinner time to come so that I might see Neil, talk to him, and at the same time dread- ing to again accuse him of being— not quite fair in his business methods. "Perhaps we will rent the house." I said to myself; then took pencil and paper. I would make a list of everything we owned. It might be necessary some day. I would have it ready. It would at least keep me so busy I couldn't talk.

I knew we owed many bills. I had fingered a sheet of them when I was looking for a pad to use for the inventory, but going to commence, Neil never talked in small sums, he seldom paid small bills, unless they happened to be at some place we weren't accustomed to trade, and not always then. I ran them thru. I saw that the total amount was very large. I must speak to Neil about them, and we must not run any more. So I laid them on top of the desk. If they were in plain sight I would not forget them. Then I went up stairs—I would commence the inventory with my own room.

I became so engrossed in my task that time passed unheeded. Each article I put down held some association. I lingered over many, admiring them, wondering if the time ever came when others had them if they would appreciate their beauty as I did. "Where are you, Barbara?" Neil called, the first intimation I had that he was at home. "Up stairs. I'll come right down." Neil was in the library pouring himself a drink from a bottle in the cellar. Something he had done so seldom lately that I showed the surprise I felt. When he brought these men home with him it had been a common occurrence. But since he had been staying out so much, it had been almost unthought of.

talk. If you don't let me alone I shall go down to the club for my dinner." He sank into a big easy chair, and closed his eyes. I quietly left him there. Mr. Frederick had been with him. It presaged good—I hoped.

Tomorrow—Neil's Aunt is to Visit Them Rather Inopportunistly.

A Line of Cheer Each Day of the Year

By John Kendrick Bangs.

Queensland Form of Government Resulted in This, Says Forum Speaker.

Under socialized government in Queensland prices last December were about half what they were in Toronto, according to a comparative list submitted by Mr. James Connor, at the Open Forum of the I. L. P., yesterday, and wages were 75 per cent higher. The speaker told how the Ryan Socialist government came into control in 1915, and among other things confiscated several million acres. The Queensland government had been able to give the people products at a marked reduction in prices, and had legislated for a 44-hour working week. To soldiers who were going out to the land for the first time \$10 per week and board and lodging were given during the training period, "not bad under the red flag," commented Mr. Connor. "In 1918," said the speaker, the Conservative and Liberal parties combined under the name of the National Patriotic party, and got 50 officers to run, but despite that, the majority for Mr. Ryan's government was 30 instead of 17, when it was first elected.

Mr. Connor dealt at considerable length with the Russian situation, and took the view that the government there was not being given fair play, and that on the part of the press and others there was a wide-world conspiracy against truth, and he referred particularly to what he called the Conservative press, who, he al-

WHITEMAN'S CATCH SAVED THE SECOND

Pulling Down With One Hand What Looked Like Homer, in Seventh

Jersey City, May 4.—(Special.)—George Gibson and his Maple Leafs reaped sweet revenge on Bill Donovan and his Jersey City Skeeters for the defeat handed out in yesterday's first game by pulling down a two-time victory in this afternoon's double-header at West Side, the Canucks doubling out the first game by the one-run margin of 11 to 2, and then completing the job in clever style with a 1-10-0 victory in the wind-up, this last success being accomplished with the aid of only one base hit, while the opposition registered seven safe blows, and then failed to get a mark on the tally sheet.

Perfect weather prevailed, and the biggest crowd that has turned out here in years was present, more than 12,000 fans witnessing the downfall of the locals. In the opening Toronto sent Fitcher Hubbell to the block, while Jersey City hope relied upon Lefty Russell. Hubbell, however, had no trouble in putting it on his rival, and the opposition as well. Hubbell was very effective, and let Jersey City down with five hits, while Toronto stung Russell's offerings hard and often in the first frames, driving him to cover in the fourth with a string of five runs from a pass, three singles and a triple. Stubby relieved Russell, and held on to the finish with a string of five runs for another count of three marks. Onslow and Anderson shared the honors in the batting with three wallops each, Eddie winding up with a triple in the ninth.

John Paul Jones, released to Toronto by the Giants, made his appearance in Toronto uniform, and was given his chance to produce in the closing half of the double bill and made good, although John Paul has more than his ability to thank for the result. Against Jones, Jersey City pitted Bill Morrisette, late of Baltimore, and the former Oriole certainly established a record for this early in the season by holding Gibson's slugging to a single hit, while Jersey City connected with seven raps from Jones' offerings, yet could not squeeze out a run. Jones was a bit shy in control, probably being a little nervous, as he walked seven men on passes. He had four strikeouts, while Morrisette whiffed nine of the Leafs and walked but two. It was brilliant fielding on the part of the visitors that saved Jones' mittion. Gonzales at short and Anderson at second proving a stonewall, while Whitehead's spectacular work in the seventh stonewalled a Jersey City victory. Morrisette led off with a single, but was forced by Conroy at second. Conroy led into the midway on a steal. Sharp cut loose with a drive to left that looked like a home run. Whitehead tore the strike, however, and managed to harpoon the ball with one hand, turning a complete somersault on the green. After facing Morrisette for six innings without a sign of a hit Toronto took the mark again in the seventh. Brockridge struck out, but Gonzales walked. He advanced on Whiteman's cut at first, then Onslow fitted in with the need of a drive to left, and Gonzales just managed to wiggle through the throw in with the winning cut.

Great Crowd See First New York Sunday Game

At Brooklyn (National).—On Sunday Brooklyn defeated Toronto 4 to 2 in the first Sunday major league game played under New York State's new "local option" law in the city. The game was a complete somersault on the green. Brooklyn won by bunting eighth hits off Kagan and Scott in the fourth and fifth innings. Score: R.H.E. Brooklyn 4 0 0 3 0 0 0 0—4 11 1. Boston 2 0 0 0 0 0 0 0—2 11 1. Batteries—Kagan, Scott and Wilson; Marquard and Krueger.

At St. Louis.—Cooper held St. Louis to five hits, while Pittsburgh combined four hits with an error by Cruise in the fourth and won the opening game of the series, 3 to 1. Score: R.H.E. Pittsburgh 1 0 0 2 0 0 0 0—3 3 1. St. Louis 3 0 0 0 0 0 1 1—3 2 0. Batteries—Cooper and Schmidt; Sherdel, Meadows and Snyder.

At New York.—In the first Sunday major league baseball game played since the Sunday amusement law was passed, the New York Nationals lost to Philadelphia, 4 to 3, before a crowd of 35,000 people. Philadelphia scored three runs in the third inning off Boston by bunting three hits with a pass and a double steal. Williams' home run in the fourth off Causey decided the game. Jacobs, the hit hard, was effective with field on bases. Shortstop Bancroft of Philadelphia had to be carried off the field in the third inning when he sprained his right ankle over a base. Zimmerman was ordered off the field for projecting a strike. Score: R.H.E. Philadelphia 3 0 0 0 0 0 0 1—4 7 1. New York 4 0 0 1 0 0 1 1—3 12 0. Batteries—Covey, Marz, Carter and Causy; and McCarty.

At Cincinnati.—Sallee, formerly of New York, making his first start of the season for Cincinnati, led the Chicago champions to three singles, while Weaver and Martin were hit hard, the Reds winning easily, 8 to 1. Score: R.H.E. Cincinnati 3 0 0 1 0 0 0 0—1 7 2. Chicago 8 0 0 0 0 0 0 0—8 9 1. Batteries—Weaver, Martin, Carter and Knipper; Daly, Sallee and Hariden.

At Cleveland (American).—On Sunday Cleveland evened up the series by defeating Detroit, 5 to 4. Detroit tied up the score with two runs in the ninth inning. In Cleveland's half with two out, Chapman doubled. Speaker was

Ida Advises President McCaffery to Grab Any Loose Money Floating Around.

By Ida L. Webster. Well, Jim McCaffery and the rest of the gang who went to watch the net get off to a good start returned home none the worse for wear, apparently, just what they really and truly think of the Leafs' line-up is somewhat of a mystery, as none of the birds talked very much on the subject, other than to say with a few good pitchers the club would be jake.

In any case on Saturday they went out and showed the fans of Jersey City that they were not a bunch of quitters, and if they remain that way they should not come to a very sad end. However, it will not do to put too much faith in Master Peterson, unless he really goes to and puts a little more pep in his work.

As a hitter Peterson is not exactly what you would call a power hitter, but he held his position merely because he was able to stand the long stretches. In fact he got better after the first few days, and by the end of say 12 innings he was always going good. Should this habit fall the young man he will have lost practically the only virtue which could possibly keep him in class AA.

Hustlers Hand Reading First Defeat on Sunday

At Baltimore (Sunday).—After Binghamton rushed into the lead in the opening third inning, Baltimore staged a rally in its half of the session, gathering four runs off three singles. A base never failed to solve Farmham's game ending 7 to 4. Score: R.H.E. Baltimore 7 0 0 0 0 0 0 0—4 3 2. Binghamton 3 1 0 0 0 0 0 0—1 11 0. Batteries—Donovan and Smith; Parnham and Egan.

At Reading.—More than 7000 people saw Rochester check Reading's winning streak by a score of 5 to 1 Sunday. Brogan, a left-hander, held Doin's men safe at all stages, while Rochester found Hoar, Brown and Donohue for 13 safe drives. Score: R.H.E. Rochester 5 0 0 0 1 3 0 0—13 11 1. Reading 1 0 0 0 0 0 0 0—1 11 3. Batteries—Brogan and O'Neill; Hoar, Brown, Donohue and O'Donnell; Hayden.

At Newark.—Newark defeated Bayden, 5 to 2, in the first game, and, lacking pitchers, sent in two recruits in the second, which they lost, 10 to 3. Miller was the batting star in the first game and made a remarkable catch in the second contest. Score: R.H.E. Newark 5 0 0 0 0 0 0 0—10 11 3. Bayden 2 0 0 0 0 0 0 0—3 4 3. Batteries—Ryan and Bengough; Clary, Terhune and Bruezy.

Leafs Secure Giant Pitcher

New York, May 3.—The New York National League Club announced tonight the release of Pitcher John Jones to Toronto International; Eltcher Wilbur to Buffalo International and First Baseman Tod Miller, unconditionally.

Leafs Win Two Sunday From Jersey Skeeters

Jersey City, May 4.—Toronto took both halves of a double-header from Jersey City today, winning by scores of 11 to 3 and 1 to 0. Morrisette of Jersey City allowed only one hit in the second game, but this hit, following a pass and an infield out, sent across the tally that decided the game. Morrisette struck out nine men. The visitors pounded the ball hard in the opening contest. The scores: First Game. AB. R. H. O. A. E. Jones, p. 3 0 0 0 0 3 0. Totals 37 11 27 16 2. Jersey City. AB. R. H. O. A. E. ED. MACK Limited

CLOTHIERS TO ALL MANKIND

We have no monopoly of fabrics, no mortgage on color, no controlling interest in design— But from the discrimination shown in the fabrics of these \$20 to \$45 Suits and Topcoats, it might be readily assumed that we possess all of the above advantages.

We have no prior claim on cutters and we do not employ all the good cutters in the world— But to compare the immaculate cut of these \$20 to \$45 Suits and Topcoats with the cut of others is to wonder where the other good cutters are!

We do not employ all the tailoring talent available, for there is more of it than we can use— But to see how exquisitely put together these \$20 to \$45 Suits and Topcoats are is to suspect that we have separated the cream of genius from the milk of talent.

And finally, we are not the only clothiers in town, even though we like to think so— But we are the only clothiers in town when it comes to the knack of putting into a garment that inspirational something called Style and Quality!
