WILL BE FINE ANGLICAN CHURCH IN DEER PARK

York Township Council Will Go Over Proposed Parallel Roads—Suburban News.

NORTH TORONTO, May 11.—(Special)—At a special meeting of the building committee of Christ Church, Deer Park, to-night, with the rector, Rev. T. W. Paterson, in the chair, the reports all presented were of the most encouraging nature, and gave rise to the greatest satisfaction generally.

It was decided to accept the tender offered for the purchase of the school house, and a contract was awarded for the removal of the church to the site at present occupied by the school.

As soon as the loan can be arranged, which is proposed to secure, coupled with the amount already in hand and promised, building operations will be at once proceeded with.

The new structure will cost completed and furnished probably in the neighborhood of \$20,000, and will be in the neighborhood of 100,000 sq. ft. in area.

The one big live topic in North Toronto today, as for some time past, is the "parallel roads" question, and while the greatest unanimity generally prevails regarding the urgency of the business men of the town are diverse regarding the best means to accomplish the end.

It is not favorable to an early appeal to the electors on the parallel roads," said Councillor Murphy to the World tonight.

"The question," continued Mr. Murphy, "is of great importance to the property of the town, and I am afraid that we would not get a representative opinion at any other time than at the municipal elections. The history of other votes taken proves this.

"I do not know just how far north the roads will run," said Mr. Grundy of Waddington in the past seasons as equally late, which well-timed to wait awhile, but the parallel roads is a live issue and ought to be submitted in January.

BAD LEG FOR 60 YEARS.

Zam-Buk Works a Complete Cure.

Mrs. J. Minett of 192 Thurbers-avenue, Providence, Rhode Island, has been cured by Zam-Buk of a bad leg, which had defied all remedies for sixty long years.

She says: "When a child of eight I was bitten on the leg by a dog. A doctor cauterized the place, but it never healed up soundly, and I have suffered with an ulcerated leg for over sixty years. This occurred in England, and many English doctors tried in vain to heal the sore. At one time I was in an in-patient at the East Suffolk Hospital for a long period and for three years I was in and out of hospitals. I was continually in pain, and the sore would not heal, but continued to discharge. Twelve months ago I came out here to my daughter, which had defied all remedies for sixty long years. She says: 'When a child of eight I was bitten on the leg by a dog. A doctor cauterized the place, but it never healed up soundly, and I have suffered with an ulcerated leg for over sixty years. BACCALAUREATE SERMON

Cambridge Divine Preaches to McMaster Students.

The baccalaureate sermon in connection with the commencement exercises of McMaster University was delivered in Walmer-road Baptist Church by Rev. John L. Campbell, D.D., LL.D., of Cambridge, Mass.

Speaking from Isaiah vi, 1 and 8: "In the year when King Uzziah died I saw the Lord." Here, as I send me," he spoke of the necessity of the two-fold vision of our purpose and the vision of God.

"As we have a self-consciousness," he said, "so we have a God-consciousness. Every life that achieves must begin with a vision." There was the vision of the student, the statesman, the patriot, the business man, and the vision of the Christian.

There is great significance in that the Greeks that sought wisdom came to take it by the hand, to bid it arise and walk.

The choir of the church sang Gounod's motet, "Come Unto Him" with fine feeling.

Wet Seeding Weather Proves Value of Seed and Tillage

Underdraining is Again Emphasized by the Wet Spring, While Seed Selection Shows How Farm Revenues Are Increased.

The test of good agriculture is success under adverse conditions. It is the farmer who has learned to cultivate and thoroughly drained soils yield well every year.

It has been established time and again that poor low grade seed and slip-shod cultivation always results in a poor yield.

Experience on the fields reveals to every observant cultivator a certain condition of the soil that gives best results.

Where drainage has not been done, there are many fields that will not be fit for seeding at all.

HOW TO WIN \$100

How many persons are there in Ontario who would like to receive a gift this summer of \$100 in gold? There is hardly a man, woman or youth but would be only too pleased to have such a fine sum to spend on a vacation trip, to use in fitting up the grounds of a summer home, or to clear off some debt that may hang over a property.

The Toronto World is prepared to give away this amount in connection with its big popular contest, which is creating general discussion throughout the province, and the only stipulation it attaches is that the person desiring this money must nominate the candidate who wins the first grand prize.

Now, this is rather an uncertain way of getting \$100, you may say, because there will be many people striving for this easy money. Of course they will be striving, simply because the public is wise enough to realize at a glance that it is easily earned; but your chance is just as good as that of your competitor, and when you think the whole thing over you may decide that it is better.

How often in life you have run a hard footrace for a small prize given at your school picnic, have studied with a vengeance for months to stand first in a class, or have worked for a year to roll up more votes in a political campaign than your opponent! When you have won, the reward has satisfied all your endeavors; when you have lost, you have taken defeat manfully. Well, the race for The World's generous offer is much of the same kind of competition, except that it is infinitely easier and the reward is larger than is generally offered.

All you have to do is to pick out some person in your community or some friend whom you regard as very popular, write his or her name on the nomination blanks which appear from day to day in The World and send the slip in to the Contest Manager. It will be carefully filed away until the contest is over, and then, when the winner of the first grand prize is announced, the one who has named the successful candidate will be given a cheque for the amount.

Naturally, when you name a young man or woman as a candidate, it will be to your interest to do all in your power to see that he or she wins the first grand prize. There is little or nothing won in this world except by effort, and being confident enough of someone's popularity to make a nomination, you will be eager to have such nominee come out on top so that the \$100 may be yours.

There may be a feeling of doubt in the minds of some outside the city with regard to the sincerity of this paper in offering all these valuable prizes. All we need say to dispel any view of this kind is: The Trip to Europe Contest, which The World put on two years ago, was much of the same character, tho not so elaborate, and the winners of that contest were not repaid for all the time and energy they spent in getting votes. Twelve young women were taken to Europe and back, lived like ladies of the land, and were brought safely back to this city, at the expense of this paper. Every detail that The World promised, it carried out, and the young women are still telling their friends that they had the best time of their lives and received, also, a liberal education.

The World is now offering 53 prizes to successful candidates in the present popular contest and, in addition, a supplementary prize of \$100. This latter is the most easily earned, but any of them is worth spending the whole summer to get.

Nominate someone to-day and send in the slip, then watch the daily and Sunday issues for the details of the contest, and as a means of help to the candidate and yourself, do a little consistent work in securing ballots.

There is no time like the present to begin. Make up your mind to get that \$100.

GREAT FLOOD OF WATER DROWNS OUT BIG FIRE

Four Storey Building at Foot of Scott Street is Gutted—Loss About \$70,000.

The worst fire in months gutted a big four-storey brick building at Scott-street, between the Esplanade and the Commercial, yesterday afternoon. The loss is about \$70,000, it is estimated.

The fire broke out at about 10 o'clock, and was first noticed by a fireman on duty at the Esplanade. He called out the fire alarm, and the firemen from the Esplanade, Commercial, and Scott-street, and four in the Eby, Blain Company lane, one from the water tower, fed by high pressure, and another hose line from aerial 1 laid out on the roof of the Eby, Blain building. The iron shutters on the last window of this building relieved the firemen of a good deal of anxiety. The fire was simply drowned out.

The firemen worked under great difficulty, owing to the exceptional heavy volume of smoke which was stifling and blinding. While shifting a heavy Bangor ladder under these conditions men, well of hook and ladder I got his arm broken just above the wrist when the extension part of it slipped down unexpectedly. He was driven to St. Michael's Hospital in No. 5 horse wagon.

Alfred Crane, his wife and seven children, living on the Esplanade, next door to the burned building, had to vacate, and the woman and children went up to Court-street police station.

The insurance is as follows: Rudd Company, \$27,450; H. P. Eckhardt, \$23,500; Ontario Metal Company, \$12,500; W. C. Wilson, \$6,000; White & Company, \$6,000. The Eby, Blain Company were in their busy season.

On Tuesday, May 18, the 100th anniversary of the landing of the United Empire Loyallists in New Brunswick will be commemorated by a meeting of the United Empire Loyallist Association of Ontario in the Canadian Institute, 198 College-street. The address of the evening will be delivered by the Rev. Albert Carman, D.D., general superintendent of the Methodist Church, a United Empire Loyallist of Dundas County.

Law Stamps For Cash Only. J. H. Carnegie, who has succeeded the late Dr. MacMahon in charge of the sale of law stamps, has induced the treasury department to issue new regulations, placing the sale upon a cash basis. Solicitors have been in the habit of running accounts at Osgoode Hall, even going to the extent of having cheques cashed.

Arrested For Trespass. Fred Howard, 46 Greenwood-avenue, was locked up last night by P. C. Scott, charged with trespass. He was seen on the roof of the Nealon House, 197 East King-street. He succeeded in entering during the excitement which ensued, and made his way to the sidewalk. He was running away when overtaken by the policeman.

Case of Anemia. Anemia—poor watery blood—is the cause of most of the misery which afflicts mankind. The housewife especially finds it easy to get into the long hours and close confinement necessary in performing her household duties sap her strength. She becomes run down, and often suffers extreme misery. Dr. Williams' Pink Pills are the housewife's friend. They make new blood—lots of it—and pure blood banishes all women's ailments. Mrs. E. St. Germain, wife of a well known farmer of St. John de Chailions, Quebec, found new strength through Dr. Williams' Pink Pills. She says: "A year ago I was extremely weak. I could not attend to my work. I suffered from dizzy spells; my head ached; my blood was poor; I had a bad cough and the doctors feared I was going into consumption. I followed their treatment for some time, but without relief. I grew discouraged and finally gave it up in despair. I was strongly advised to try Dr. Williams' Pink Pills, so I procured six boxes. Before they were all gone I felt relief. The headaches and dizziness became less frequent and I felt a little stronger. I continued the pills for a couple of months, at the end of which time I had gained in weight; the pains had left me, my appetite was good and I felt as strong and well as ever I did. I cannot say too much in favor of Dr. Williams' Pink Pills for I certainly owe my good health to them."

The woman in the house, the man in the office, the boy or girl in the school will always find a friend in Dr. Williams' Pink Pills. These pills actually make new, rich red blood and good blood banishes rheumatism, general debility, kidney troubles and those aches and pains caused by overwork or overstudy; good blood builds up the tired unstrung nerves and makes the chin check as rosy and healthy. The pills are sold at 50 cents a box or six boxes for \$2.50 by all medicine dealers or by mail from The Dr. Williams' Medical Co., Brockville, Ont.

"I was laid up with pleurisy, which affected my kidneys," Mr. McAuliffe continues, "I suffered a great deal of pain, especially in my back. I was also terribly troubled with dropsical swellings, and rid of my trouble, I found myself compelled to give up and was confined to my bed with lumbago. I tried many medicines, but they failed to do me any good. Then I turned to Dodd's Kidney Pills, and after taking one box I felt greatly relieved. A typewriter is of little value without an operator. Frequent changes in the stenographic staff are inevitable.

It is a difficult matter to get skilled operators for any typewriter other than an Underwood, because it is practically the only machine used in the schools where typewriting is taught—and nowadays typewriting must be taught; it cannot be picked up.

Underwood users have no difficulty in procuring competent stenographers. We maintain, for the convenience of business men, a Stenographers' Department, from which we supplied last year, over 1,500 stenographers to firms in this city alone.

The largest number placed by any other company was 244.

Bond Gets Ten—Former Finance Minister Among the Defeated.

ST. JOHN'S, Nfld., May 11.—(Special)—Complete returns from the voting in Saturday's election, show that the party headed by Sir Edward Morris has won an overwhelming victory. Premier Morris will have 25 members of the legislature as against ten supporters of Sir Robert Bond, the former head of the government, who were elected in the 1908 election.

In the voting last November each side elected eighteen members, a situation which resulted in Saturday's balloting.

Premier Morris and his two colleagues carried the west division of St. John's. Bond and two supporters were elected in the 1908 election.

Premier Morris' brother and two colleagues carried the three Pictou seats, defeating Sir Robert Bond, minister, Jackman, and colleagues.

In his closing campaign speech, Jackman swore to an after-charge that he would resign as governor-general of Canada. Sir Mr. MacGregor, the governor of Newfoundland, and his prominent men in the British Empire, were aware of a plot to unseat Canada and Newfoundland.

Earle, a candidate of the Bond party, was defeated by a majority of 15. At the November election it was 153.

Any person, man or woman, married or single, boy or girl, is eligible, to compete, provided the conditions are complied with. **Our subscribers are to award the prizes of us.** We have divided the City of Toronto into seven districts and the Province of Ontario into four districts, excluding the City of Hamilton, which is a district itself, making twelve districts in all?

The Office of The Contest Manager

Is on the second floor of The World Building, 83 Yonge Street. If you are interested in this contest and wish to get started right, come up and get acquainted, or call up by telephone and state what you desire to know, or ask for suggestions. Any enquiries addressed to "The Contest Manager" will receive prompt attention.

The next time you are downtown, drop into this department and let the Manager of the Contest explain the details of the plan and how easy it is to win a **GRAND PRIZE**—The Beautiful House and Lot, an Automobile, a Motor Boat, or a Trip to Europe, or any of the other valuable prizes.

PHONE MAIN 252—ASK FOR "THE CONTEST DEPARTMENT."

Conditions—Read Carefully

Any person, man or woman, married or single, girl or boy, is eligible to compete, providing the conditions set forth are complied with.

The Contest Manager reserves the right to reject any nomination.

Every candidate must be regularly nominated, in writing, on the blank printed in this paper, or a similar blank furnished by The Toronto World.

The contestants must reside in the district or territory from which they are nominated.

No candidates will be permitted to transfer votes to another, after voting them for themselves.

Ballots sent in for names not properly nominated will be destroyed uncounted.

A ballot will be printed in every issue of The Daily and Sunday World and when properly filled out and mailed to "The Contest Department" will be good for the number of votes printed thereon, providing they are sent in before the expiration date.

All coupon-ballots must be neatly trimmed or they will be regarded as informal.

Postage must be fully prepaid on all ballots, or they will be rejected at the post-office—hence not counted.

No employe or member of an employe's family of The Toronto World can be a contestant in this contest.

Any questions that may arise will be determined by The Contest Manager of The Toronto World and his decision will be final and conclusive.

All paid-in-advance subscriptions, for a period of one month or over, must be sent direct to "The Contest Department" of The Toronto World, and on receipt of the remittance a special ballot will then be issued.

Special ballots and Extra Special ballots are provided, to carry with them additional voting value according to the amount paid by a new or old subscriber and the term of the subscription.

No protest as to the eligibility of any candidate will be considered after votes have been cast for the said candidate for a period of ten days.

The Toronto World reserves the right to alter any conditions pertaining to this contest, if it so desires, other than reducing the prizes which are to be given away, or the order in which they will be given.

The contest will be opened at nine o'clock on May 10, 1909, and will close at twelve o'clock midnight, Sept. 10, 1909.

To secure a special ballot, all money must be sent direct to The Toronto World, "Contest Department," by the candidates or their friends.

Special ballots will be issued at The Toronto World Office.

Any person wishing to withdraw from this contest must write to us personally, as no telephone message will be considered.

In accepting nomination, all candidates must accept and agree to abide by the above conditions.

In case of a tie for any of the prizes offered by The Toronto World, each contestant will receive a prize of equal value.

A contestant that lives in one district is not prevented from securing subscriptions or votes in another district, as special ballots will be issued in connection with paid-in-advance subscriptions secured anywhere in Canada, the United States or Great Britain.

If an order for a subscription is sent in with the money, Special Ballots will be issued and voted for any candidate that the writer may designate, or returned to the subscriber or mailed direct to the contestant, if so desired.

FOURTH GRAND PRIZE.

MOTOR BOAT—VALUED AT \$800.00.

How to Secure Special Ballots

The votes are secured in this contest by either clipping the coupon-ballots, published in every issue of The Daily and Sunday World, or by securing special ballots, issued in connection with paid-in-advance subscriptions.

Contestants are not restricted to solicit subscriptions in their respective districts, but may secure paid-in-advance subscriptions in any part of Canada, the United States or Great Britain.

When cash accompanies subscription orders SPECIAL BALLOTS will be issued.

Candidates in one district do not compete with candidates in another district, except for THE GRAND CAPITAL PRIZES.

The division of districts, as shown on this page, so equalizes competition that every contestant has an equal chance to win the prize of his or her choice.

Besides the special ballots issued in connection with paid-in-advance subscriptions, a coupon-ballot will be published in every issue of The Toronto Daily and Sunday World during the contest and will be good for the number of votes printed thereon.

This coupon-ballot must be neatly trimmed around the border, properly filled out and brought or mailed to "The Contest Department" of The Toronto World, before the expiration date printed thereon.

Anyone is entitled to vote these coupon-ballots, regardless of subscriptions.

The coupon-ballot which is printed in both The Daily and Sunday World is only good for ten days after issue.

Ballot cannot be bought. They can only be secured by prepaying a subscription to The Toronto World, or by cutting the coupon-ballot from each issue of the paper.

THE TORONTO WORLD

ABSOLUTELY FREE

Each district is separated and distinct in itself, and the vote cast for candidates in one district has no bearing whatever upon the number of votes cast for candidates in other districts, except so far as the Grand Prizes are concerned. The Grand Prizes will be distributed among the five candidates receiving the greatest number of votes irrespective of districts, and the District Prizes will be awarded to the four candidates in each district receiving the largest number of votes in their respective district.

Value of Special Ballots

Ballots cannot be bought by any candidate and can only be secured in connection with paid-in-advance subscriptions, or by clipping coupon-ballots, published in every issue of The Daily and Sunday World.

Extra Special Ballots issued in connection with paid-in-advance subscriptions of new subscribers equal twice the vote value of the special ballots issued with old subscriptions. (See the following schedule.)
