Turiff Says Government in Allowing Exports is Helping Huns.

TRUST ESCAPES TAXES

Only Few Thousand Dollars to Be Paid From Huge Profits.

By a Staff Reporter.

OTTAWA, Feb. 25.—A scathing arraignment of the Borden government by J. G. Turiff, Liberal member for Assiniboia, for its neglect of duty in failing to prohibit the exportation of nickel was the feature of the budget debate in the house of commons to-night. Mr. Turiff said that the government, and especially the minister of railways, were in a position to know all about the International Nickel Company.

That company, he said, controlled the greater part of the vast copper and nickel deposits of the Sudbury district. It did not openly come into Canada, but masqueraded here behind the mask of the Canadian Copper Company, The Canadian Copper Company got out the ore, made it into matte and then sold the same at a price above the cost of production to the American concern. When Mr. White came to apply his budget, he would collect a few thousand dollars from the Canadian Copper Company, but he would not share in the \$2,000,000 a month that was being cleared by the International Nickel Company. He charged the government with dereliction of duty in not requiring Canadian nickel to be refined in Canada.

SPEAKER AND SEVEN MEMBERS ACCUSED OF TAKING BRIBES

Treasurer of Saskatchewan Liquor Men Swears \$10,000 Was Given to Men Who Opposed "Banish the Bar" Bill—Warrant Issued for Missing Member.

REGINA, Feb. 25.—Frank Brunner, treasurer of the Licensed Victuallers' Association in 1913, today gave evidence before the select committee to the effect that eight members of the house, including the speaker, had been bribed to oppose the banish the bar bill. He named Pierce, Nolin, Cawthorne, Simpson, Ens, Totzke, Lochard and Speaker Sheppard. He said \$10,000 had been spent to accomplish this.

Brunner definitely charges three members and one ex-M.P. with taking bribes. These are S. S. Simpson, Bartleford, who, Brunner says, he personally saw receive his roll of bills; H. C. Pierce, Wadena, C. B. Cawthorne, Biggar and G. Ens, now inspector of public buildings for Saskatchewan and former member for Rosthern. Brunner says Pierce and Cawthorne told him they had received their bribe money and were satisfied, while he handed \$500 to Ens himself; Pierce and Cawthorne, he alleges, got \$500

WILSON GAINS TRIUMPH OVER HIS OPPONENTS

Legislation to Debar Americans From Belligerent Ships Held Back.

BRYAN SHOWS HAND

President's Unswerving Attitude is Forcing Insurgents Into Line.

WASHINGTON, Feb. 25.—Congress settled down today to await developments in the submarine controversy between the United States and Germany, with an overwhelming majority of both houses apparently very definitely determined to take no action which might embarrass the administration in the present stage of diplomatic negotiations. A few of the more ardent advocates of legislation to keep Americans off belligerent ships continued their activities, and former Secretary of State Bryan's support for them was shown in the form of a telegram, but even most of them admitted there was no prospect of immediate action.

Wilson is Supported.

So far as the administration is concerned, it was stated authoritatively tonight that while any agitation of the issue just now was undesirable there was no disposition to oppose a vote on the pending armed ship resolutions if their sponsors tried to force it. It was declared that the senate from the capitol during the day showed conclusively that both the senate and the house would stand behind President Wilson's refusal to support any abridgement of the rights of American citizens on the seas, as outlined in his letter to Senator Stone last night.

Blunt Words Used.

The president reiterated his statement in that letter to Speaker Clark, Majority Leader Kitchen and Rep. Flood, chairman of the house of foreign affairs committee, early in the day when they called at the White House to tell of the situation on their side of capital and hear the executive's views. There was plain speaking both by the president and his callers. Mr. Wilson said plainly that his effort to keep the country at peace was liable to be hindered by impressions sent abroad by congress and the congressmen were equally frank in giving notice that a strong sentiment existed at the capital against risking the possibility of war by permitting Americans to travel on armed belligerent ships whatever might be their rights under international law.

Wilson Unshaken.

Altho' wholly different reports came from other sources during the day, Speaker Clark declared he believed a resolution to warn citizens of armed vessels would carry in the house by two to one if it reached a vote. The house delegation went back to the capitol with word that the president stood unalterably by his position. There the situation many more conferences and possibly some speeches, the generally accepted opinion is that no further serious effort to bring about a change will be made unless developments occur to make a rupture of relations with Germany imminent.

SOLDIERS QUARTERED IN WINTER FAIR BUILDINGS

Part of Seventy-First Battalion Moves From Chatham to Guelph.

GUELPH, Ont., Feb. 25.—Major Wideman and the members of D Company of the 71st Battalion, which has been in winter quarters at Chatham, arrived in Guelph at 8 o'clock this afternoon and went at once to their new quarters in the winter fair buildings. They were received by a large crowd as members of the company are Guelph boys. They occupy but one portion of the building. The other part will be fitted up at once for the use of the Guelph unit of the 103rd Wellington Battalion, which will likely go into barracks the first week in March.

AMSTERDAM, via London, Feb. 25, 10.55 p.m.—The Echo Belge, a copy of which has been received here, says it learns that a serious outbreak occurred in Berlin three days ago. Cavalry charged the crowd and in the fight which ensued, over 100 persons were killed.

HEAVY FIGHTING CONTINUES ON FRONT NORTH OF VERDUN

SNOW-CLAD TREES AND BUSHES

Toronto yesterday was covered with a mantle of five inches of snow, which clung to trees, bushes and fences, and gave photographers their first opportunity of the winter to take "snow pictures." This photograph was taken looking north from the corner of Carlton and Sherbourne streets.

French Repulse Strong German Attacks, Bring Up Reinforcements and Inflict Loss of Hundred and Fifty Thousand on Enemy.

Special Cable to The Toronto World.

PARIS, Feb. 25.—Along the front in the region of Verdun the Germans and French continue the great struggle which began several days ago with the Germans on the offensive and their aim evidently the great French fortress of Verdun.

Despite a heavy fall of snow the Germans to the north of Verdun have attacked with what Paris terms unprecedented violence and the large forces, French positions at several points, but according to the French official communication attacks were without success.

Especially has this been true of La Cote du Poivre, about 4 1/2 miles north of the fortress, the attainment of which would give the German a fine vantage point from which to operate against Verdun.

The artillery on both sides along the entire battlefield is keeping up an incessant bombardment of opposing positions. So intense are the detonations of the big guns that the sound of them has penetrated eastward to the left bank of the Rhine in Rhenish Prussia.

Offensive in Champagne.

The French undertook an offensive in the Champagne this morning with success when they attacked and captured a German salient situated south of St. Marie-a-Py, taking 300 prisoners, including 16 non-commissioned officers and five officers. They also destroyed a destructive machine against German defences north of La Harassee in the Argonne, obtaining good results.

The French were forced back still further in the fighting yesterday and last night on the defences of Verdun in the face of the great German drive for the fortress. The Teutons are now at one point not more than four and a half miles distant.

The lines as established by the official bulletin last night ran to the rear of Samogneux, and on a curving line thru Beaumont to the east. Today they stretch along the crest of hills to the east of Champneuville, five and a half miles north of Verdun, somewhat to the rear of the former position at Samogneux and behind the old lines at Beaumont, showing the evacuation of the latter village by the French.

Champneuville itself is still within the French lines, the statement indicates, the new front being somewhat to the east. This village, which may be the next point of the German advance, is something more than a mile southwest of Samogneux, and lies on the east bank of the Passerelle canal, which leads to Verdun. Beaumont, behind which the French front now extends, is almost due north of Verdun and about seven miles distant.

German Version of Fighting.

The German official statement records a German advance to lines substantially the same as those indicated by the French afternoon bulletin. The exceptions are that the Germans claim the occupation of Champneuville and declare that their front below Beaumont is just to the north of Loudeac, which itself is a mile and a half south of Beaumont.

The taking of more than 7000 additional prisoners is claimed by Berlin, making the total for the drive so far in excess of 10,000.

Heavy German Losses.
The German losses during the first four days of the battle around Verdun are authoritatively estimated at 150,000. The German offensive is recognized now as probably only the beginning of a determined effort to take the fortress, formerly the key to the French front, and compass its loss and violence to the battle of the Year. The French assume the battle may continue a fortnight. It is believed the calm last night was only a lull required by the attacking forces to bury their dead, carry off wounded and bring up reserves to take the places of divisions half destroyed by French artillery and machine guns. The German force is known to be at least 300,000, supported by numerous 15-inch and 17-inch Austrian mortars, with all the heavy artillery used in the Serbian campaign and part of that formerly employed on the Russian front.

Troops Arrive in December.
Preparations for the offensive were observed early in December, when the first troops assigned to the operation were brought up. Eight divisions which returned from Serbia were sent to Belgium for a rest and then transported to the region of Verdun in January. Five army corps in all are known to have been brought up to reinforce two corps which previously held that part of the line between Etain and Yauquois.

There were the best troops of the German army, including, as it is learned from prisoners, the famous third corps of Brandenburg, supposedly equal in valor to the Prussian Guard and the Fifteenth Army Corps.

BRITISH AT KUT-EL-AMARA CELEBRATED ERZERUM'S FALL

Turks Have Ceased Costly Attacks and Defenders Are Cheery—Vegetable Seeds and Talking Machine Needles Dropped Into Camp by Airplane.

LONDON, Feb. 25.—A despatch from the official press representative with the army attempting to relieve the British forces surrounded at Kut-el-Amara, dated at Bastra, Asiatic Turkey, last Monday, says that during the past month there has been a certain amount of patrol work sniping at night and artillery fire by day. The British forces have thrown forward trenches to within 600 yards of the Turkish positions.

SIXTY-SEVEN KILLED IN AIR RAID ON ENGLAND

Hundred and Seventeen Injured by Zeppelins on Last Day of January.

SOME DIED OF WOUNDS

LONDON, Feb. 25, 4.02 p.m.—The revised official figures of the casualties in the Zeppelin raid of Jan. 31 over England, were given today as 67 killed and 117 injured. The official communication announcing the figures says:

"The final figures of the air raid of Jan. 31 are, killed, 27 men, 25 women and 15 children, a total of 67; injured, 45 men, 53 women and 19 children, total 117—grand total, 184.

"These figures are greater than previously given—69 persons killed and 101 injured—because several persons reported injured have died from their wounds, some children under 16 years of age had been returned as adults and several cases of slight injury had been treated at hospitals and sent home without a record being made of them.

"The number of bombs dropped aggregated 398."

During the raid referred to above, Zeppelin airships visited Norfolk, Suffolk, Lincolnshire, Leicestershire, Staffordshire and Derbyshire.

PROBLEM AFTER WAR TO CURB EMIGRATION

Bonar Law Urges Need of Broad Agricultural Scheme in Britain.

GREAT EXODUS FEARED

LONDON, Feb. 25.—Andrew Bonar Law, secretary for the colonies, speaking at the London School of Economics tonight, discussed the problems that will arise after the war, referring particularly to agriculture. It was declared that it was necessary for England to adopt a broad program of agricultural development to prevent a too great number of men emigrating to the colonies.

"The government engaged in carrying on the war," said the Unionist leader, "has no easy task but the government which shoulders the duty of reconstruction after the war will have work no less difficult. The war has shown us that agriculture is still the most important of all our industries, and in the British Isles we must have healthy agriculture. After the war large numbers of our soldiers will not be willing to go back to tame industrial life. We know how important is the strength of the imperial colonies, and we wish to see them grow in population with men of our own race and ideals but we don't want to see the best and most vigorous of our people leaving these shores even for the colonies. For that reason it is essential to make real efforts to place agriculture here on an attractive and profitable basis."

WAR SUMMARY: Today's Events Reviewed

FIGHTING, which was continued amid a heavy fall of snow on the front north of Verdun yesterday, resulted in the stopping of another German attack on the Bois de la Vache (Cow's Wood), and in the failure of the Germans in several attacks to capture Cote du Poivre (Pepper Hill). The artillery firing was extremely heavy on the part of both the Germans and the French, and the rain and bursting of shells was so terrific that one would think that no person could face it and survive. But the soldiers on both sides are showing great tenacity in the combat, and the Germans have been punished so severely in the struggle that they lost, Paris estimates, 150,000 men, or half their effectives, in four days. Nevertheless, they have brought up reserves, and are stubbornly continuing the struggle. The battle compares in losses and violence with the battle of the Yser, which was fought in the autumn of 1914 under less favorable circumstances for the French and British.

When the French fully realized the seriousness of the engagement, they set in motion heavy reinforcements of men and guns, which are going up to the danger point. The Germans have suffered severely in casualties. At one point, for example, one of their brigades, which became exposed to the French artillery while advancing in close order, was wiped out in a few minutes. The Germans have brought up numerous Austrian 15 and 17-inch guns, which they used in Serbia and in Russia, and they have also reinforced the two corps of the army of Verdun by at least five more. Preparations for this battle were observed early in December, and the big artillery arrived at Metz in January. In spite of all this preparation, the French compare the amount of ground taken by the Germans in four days with the amount taken by the French in two days in Champagne as being twice the area taken by the enemy, and the number of prisoners taken by the French as being eight times the number taken by him, and they retain an unshaken confidence in the outcome, altho' the best troops in the German army, they report, comprising the famous third corps of Brandenburg, and the 15th army corps of General Von Deimling, have been brought to this front.

An Austrian official communique on the fighting in Albania says that the Austrians have now got within gun range of the docks at Durazzo, and that they are hindering the embarkation of men and war materials. The Austrians also assert that Italian troops landed there have been driven to the isthmus west of the Duris Lakes, and that, up to the present, in these combats, 11 Italian officers and over 700 soldiers have been taken prisoner.

Sinope, a Turkish seaport, west of Trebizond, on the Black Sea, which is now being blockaded by the Russians, will be the next place to be attacked.

HELD TO INCENDIARISM BUT OFFERED NO PROOF

Witnesses at American Club Fire Inquest Admit Prejudice Actuated Belief.

CONCLUDES ITS SESSIONS

Brought Out in Evidence That Overfusing of Wires May Have Caused Blaze.

After hearing the evidence as to the condition of the electric wiring in the American Club building and the effect which over strength fuses would have, the inquest held before Joseph B. Rogers, chief of the provincial police and provincial fire commissioner, and E. P. Heaton, fire marshal, into the cause of the fire, concluded its sessions shortly before 7 o'clock last evening.

A statement made by Mr. Rogers after the last witness was heard removed any stigma which may have been attached to the club. He said in part: "Some 45 witnesses have been examined and I feel that every report in connection with the fire has been thoroughly investigated."

It is due to the management of the American Club that the fire was in some way responsible for the fire on account of the financial condition, and I feel it is due to the management that these instructions should be removed.

"There has been no evidence to warrant any such imputation, and I feel I am justified in saying that the American Club knew nothing whatever as to the origin of the fire, other than what has come out before this inquest."

The splendid work of Detectives Archibald and Murray was referred to and the report will be made immediately to the attorney-general.

Fire Marshal Heaton concurred in the statement.

Recruiting Headquarters. F. H. Littlefield, treasurer of the American Club, said, in answer to questions by Lieut.-Col. Green, county crown attorney, that at the time of the fire the club was in a better financial condition than it had been at some other periods in its history.

The club was more or less recruiting headquarters for the 97th Battalion, and extended every courtesy to the officers.

RECRUITING TOOK JUMP IN TORONTO YESTERDAY

Two Hundred and Sixty-six Men Offered for Overseas at Depots.

Enlistments for overseas in the city amounted to 263 yesterday. Of this number 38 were rejected. Fifty of those who passed will be on guard duty at the Welland Canal.

More men are still being accepted for duty on the canal. The 160th Battalion will receive 15, 17th 17, 18th 7, 19th 5, 20th 4, and 18th 11.

The 16th recruiting campaign will conclude several days ago, and although over strength they are still taking on men.

Under command of Major Darling the 16th Highlanders home regiment, 840 strong, attended camp at the 16th Battalion drill at the armories last night, along with the 123rd Highland overseas battalion. The overseas battalion was under command of Lieut.-Colonel Duncan Donald. The brass and pipe bands were in attendance.

The 20th Battalion, Lieut.-Colonel Hagarty in command, will hold its first church parade Sunday morning. The members of the battalion will form up at the headquarters in Harbour College at 10 a.m. and parade to St. Peter's Presbyterian Church for service.

Exercises Called Off. For the third consecutive time, the regular Friday tactical exercises held in the Humber Valley district by the overseas battalions in camp at the Exhibition were postponed yesterday, due to the unfavorable weather.

The following are the churches to which the Exhibition troops will parade to Sunday morning for service. The announcement was made by Major Williams, senior camp chaplain.

All Roman Catholics in the Exhibition Camp will parade to the Dairy building at 8.15. All Roman Catholics in Riverdale Barracks will attend St. Paul's R.C. Church at 8.30. All Hebrews will worship at the St. Catharines Street Synagogue, assembling there at 8.30.

The following church parades of units not stationed at the Exhibition Camp have also been arranged: 123rd Battalion, St. Barnabas, Haulton street;

124th Battalion, Bond Street Congregational; 22nd New St. Andrew's; 125th Centennial Methodist; 169th, Holy Trinity; 166th, St. George's; 83rd, St. James Cathedral; 134th, Metropolitan Methodist. All these services to commence at 9.30.

The following have passed an examination in care of feet and boots and are returned to their battalions: Ptes. A. Williamson, A. A. Gawthorne, J. Jackson, W. McMurray, S. Southon, E. Chapell, S. Talbot, J. Wylie, C. Drake, H. F. Wik, J. McClelland, J. W. Parker, S. Steinsneider, Pte. J. H. Ruse, Sergts. G. Blake, F. Tarrington, A. J. Haddon, S. Jackson, W. G. Taylor.

Mayor Presents Flags. Mayor Church will present the 16th Battalion with the royal and regimental flags at the Exhibition camp next Wednesday. The flag presented to Col. S. G. Beckett, O.C. of the battalion, and the ceremony will be conducted by the Bishop of Toronto. The presentation, which was expected to be on the 25th, conflicted with the opening ceremonies of the legislature, and owing to many of the soldiers having to take part until the first of next month, it is expected at camp headquarters that the ministerial military band will be in attendance. The 75th Battalion contains a larger percentage of local officials than any other unit and was recruited from the 9th Mississauga Horse Regiment.

CANADIANS ARE NOT IN FIGHT AT VERDUN

Sir Sam Hughes Said Latest List of Casualties is Light.

SECOND LINE UNBROKEN

German Troops Now in Action Are Practically Raw Recruits.

By a Staff Reporter. OTTAWA, Feb. 25.—In reply to an inquiry in the house of commons this afternoon, Sir Sam Hughes explained that the Canadian troops at Ypres were a long way from Verdun. He said according to reports which had been received by the department, the present battle was raging to the north and northeast of Verdun, which was perhaps the most strongly fortified place in Europe with the exception of Metz. He was informed that the French had succeeded in smashing the first attempt and that the German troops now coming on were reserves composed practically of raw recruits. It appeared that in one or two places the French first line had been broken, but the second line was absolutely unbroken.

The Canadians, Sir Sam stated, were a long distance from the position. No special assault on their lines with infantry was being made, but there was heavy artillery fire. The casualty list, however, was not high, five killed and eight wounded last night. The artillery firing is very heavy over our lines and our fellows are paying them back in their own coin, he said. (Applause.)

McMASTER UNIVERSITY ORATORICAL CONTEST

McMaster University held its annual oratorical contest last night in Castle Memorial Hall. For the third successive time the first prize went to the representative of the year '16. This year, J. A. Parkin, speaking on "A Forgotten Hero," won the gold medal, which was presented by Harry Byrie. The second prize, a silver medal, was won by H. Wilson on "Imagination and Achievement" as his subject. The other speakers and their respective subjects were: H. E. Wintemute, "19, 'Failure'; W. T. Steven, "Courage"; and A. J. Coles, "Theology, 'Sovereignty of Thought.'" The judges were Principal Gandler, Rev. T. Eakin and Prof. Mathews. The presentations were made by Dr. Keirstead, and a musical program rounded out the evening.

DEFEATED THE IRISH. By a score of 320 to 323, the North Toronto Rifle Club, in charge of Capt. Gilmore, last night met and defeated the Irish Rifle Club, under command of Capt. E. C. Chisholm. The contest was between the local men and the Irish Rifles. Class A, have each won a match, and the deciding one will be shortly shot off. Last night's match, a friendly one, was with Class B, Irish Rifles, and is not included in the regular schedule.

NEWMARKET SOLDIERS. The Newmarket platoon of the 127th York Rangers Overseas Battalion, after a three days' march, arrived home last night, and were accorded a fine reception. Following luncheon, a concert was given in the town hall, at which short addresses were given by Lieut.-Col. Clarke, the commanding officer, Lieut. Giesse of Toronto, Captain Lawrence, Mayor Cane and others. The battalion is near the 1000-mark, and it is expected that this will shortly be announced.

CANADA'S GREAT WORK PRAISED BY KITCHENER

Raising of Army and Organizing Munitions Industry Fine Achievements.

COL. CARNEGIE BACK

Kitchener Wished Him to Convey Warm Message to Gen. Hughes.

By a Staff Reporter. OTTAWA, Feb. 25.—"Earl Kitchener particularly wished me to convey to General Hughes his high appreciation of what has been done in raising an army of over 300,000 fighting men and in organizing the munitions industry of Canada," said Col. David Carnegie, the expert ordnance adviser to the minister of militia and a member of the imperial munitions board, who has returned to the capital after two months' absence in England, where he was in consultation with Lloyd-George. Earl Kitchener and other imperial authorities regarding the work of munitions in Canada.

"The experts in the motherland declare," he added, "that some of the shells we are making in Canada are produced at lower prices than obtained even yet in the United Kingdom or the United States." Col. Carnegie announces that orders will shortly be placed in Canada for 16 inch howitzer carriages. These will cost about \$10,000 each, and it is likely that the first orders will be given to the C. P.R. shops at Montreal, which are especially well equipped.

HELD OLD-TIME TEA AT WILLOWDALE CHURCH

One of the most enjoyable events ever held in the Willowdale Methodist Church was the old-fashioned "tea" meeting and concert held there last evening. The body is finished with twenty-five paint and varnish operations; it is upholstered with genuine hand-buffed leather. Never before in the history of the industry has any company reduced the price of its car so materially and at the same time actually increased the quality. Wherever changes were made in materials better materials were used, and where manufacturing and inspection operations could be improved they have been improved. And all this was done in addition to the reduction in price. YOU cannot afford to buy any car until you have seen this car.

It is 21 years since an old-time "tea" meeting was held in Willowdale Church, and the fact that the whole affair was in the hands of the Ladies' Aid, and organized to aid the funds of the Red Cross Society, added to its interest.

A program was presented by Mrs. Gooderham, Mrs. Sleight, Miss Wallace, Mrs. Thompson, Mrs. Wright, E. W. Nelles, R. C. Nelles and Mrs. Catto. Capt. Cameron of the 27th York Rangers Overseas Battalion made a strong appeal for recruits. The chair was occupied by Rev. W. H. Moore, the pastor of the church.

RECRUITS FOR DUFFERIN AND HALTON BATTALION

Recruiting for this battalion took a spurt yesterday, and 13 men passed the doctor and were taken on the strength, which is steadily growing.

Thursday evening the officers and men stationed in Milton gave a patriotic concert in the town hall for the benefit of the citizens. Lieut.-Col. P. Donville presided, and the excellent program which had been prepared was much appreciated by the large audience.

MARKHAM COMPANY ASSIGNS. E. H. Wilson & Co., general merchants, of Markham Village, have made an assignment for the benefit of their creditors to Oiler Wade of Toronto. A statement of the affairs of the company will be made on Monday next at the office of the assignee. The Wilson firm is the oldest in Markham, dating back 45 years, when Mr. Harry Wilson, father of the present proprietor, began business on the site now occupied by George Thompson & Sons.

DEFEATED THE IRISH. By a score of 320 to 323, the North Toronto Rifle Club, in charge of Capt. Gilmore, last night met and defeated the Irish Rifle Club, under command of Capt. E. C. Chisholm. The contest was between the local men and the Irish Rifles. Class A, have each won a match, and the deciding one will be shortly shot off. Last night's match, a friendly one, was with Class B, Irish Rifles, and is not included in the regular schedule.

WAR SUMMARY: Today's Events Reviewed

(Continued from Page 1).

lacked, should the Russians get to Trebizond. The Russian torpedo boat destroyers have sunk four Turkish sailing vessels which attempted to seek shelter in this harbor, and they bombarded a coastal railway nearby, destroying several bridges. A camel caravan, which was being escorted by troops along the coastal road, was dispersed by the Russian fire.

It is learned from the French official communique of yesterday afternoon that the lines on which the fighting is heaviest north of Verdun stretch across the crest of hills to the east of Champeville, five and a half miles north of Verdun, a little to the rear of the former positions at Samogneux, and behind the old lines at Beaumont, which has been evacuated. Champeville, which is the next point of attack, is a trifle over a mile southeast of Samogneux. It is situated on the east bank of the Fasserelle Canal, which leads to Verdun. Beaumont, behind which the French lines are established, is almost seven miles due north of Verdun. Thus the French withdrawals have not been general, but only from exposed points, which would be more subject to the sweeping fire of the German artillery, and they are being made with the object of sparing the lives of their men as much as possible. The Germans claimed that they took 7000 prisoners, which, with the 3000 that they said they took on Monday, would bring the number up to 10,000, but German reports of prisoners taken are, as a rule, grossly exaggerated. They have picked up the wounded on the portions of the field abandoned by the French and have given them as prisoners taken, a practice not followed by the allies, who only count among the prisoners taken the unwounded.

PAY SHEETS PADDED SIGNATURES FORGED

Inquiry Into Road Building in Manitoba to be Carried Out.

WINNIPEG, Feb. 25.—In its report on road work done in 1914 in the constituency of Roblin the committee of the legislature on public accounts today declared that pay sheets were extensively padded and a great many signatures forged.

The committee states it has been much hampered by the absence of original records. F. Y. Newton, member for Roblin, is declared to have been the directing force behind the work and the committee finds he attempted to induce witnesses to disregard subpoenas and made improper suggestions to witnesses as to what testimony they should give.

Samuel Stone of Colt Arms Company Gave Testimony at Ottawa.

ALLISON WAS AGENT Gen. Hughes at Conference in New York When Orders Were Given.

OTTAWA, Feb. 25.—Samuel N. Stone, vice-president of the Colt Arms Co., while here on Sunday, Feb. 13, testified in relation to Col. J. Wesley Allison's part in securing business in Canada. The evidence was made public by Commissioner Sir Charles Davidson today.

In connection with the government purchase of 5000 Colt pistols Col. Allison had testified that he "failed to recall" any part he had played in the transaction. Mr. Stone, however, testified that Allison was remunerated by the Colt people for services in getting orders from Canada and the allied governments. He had acted as a sort of special agent in London and Paris in the last two years and was paid for his trouble, "more as a present than a salary."

from Verdun. On Feb. 22, during the present battle, the surgeon saw an entire brigade, which was advancing in close order, caught by the concentrated fire of French batteries and annihilated in a few minutes.

The following is the French version of the fighting issued tonight.

In Champagne this morning we attacked and captured an enemy salient to the south of Ste. Marie-a-Py. During this action we captured 240 prisoners, including 16 non-commissioned officers and five officers.

In the Argonne our destructive fire has been efficacious and German organizations to the north of La Harassee.

In the region to the north of Verdun snow has fallen in abundance during the day. The activity of the artillery on both sides has continued very intense on the whole of the front, and principally to the east of the Meuse, where the fighting goes on with the same tenacity.

German attacks with large effectives have been conducted with unprecedented violence on La Cote du Poivre (about four and a half miles north of Verdun), but were without success.

Another attack on our positions in the Bois de Vache also has been stopped.

There has been no infantry action to the west of the Meuse.

In the Vosges there has been an artillery duel in the valley of the Fecht.

The Belgian communication media have tonight, says:

It has been a quiet day on the whole front.

The British official statement reports that British aeroplanes carried out a successful bombing raid against the German aerodrome near Lille with all the machines returning safely. British artillery was active in firing on enemy trenches about the Ypres-Comines Canal and east of Boesinghe. The Germans exploded a mine near Pricourt without inflicting any casualties.

To Remove Roughness, Chaps, Freckles, Lines

If your skin is chapped, rough or harsh, dab a liberal amount of mercurized wax on the face and allow it to remain over night.

When you wash off the wax in the morning, fine flaky, almost invisible particles of cuticle come off. Repeating this daily, the entire outer film of skin is soon absorbed, but so gradually, there's not the slightest hurt or inconvenience.

Even the ugliest complexion yields to this treatment. The underlying skin which forms the new complexion is so fresh and youthful looking you'll marvel at the transformation. It's the only reliable way to actually discard an aged, faded, freckled, blotchy weather-beaten complexion. One ounce of mercurized wax, procurable at any drug store, is sufficient in most cases.

If wind and cold make you squint and frown, you're bound to cultivate wrinkles and crow's feet. To overcome these, bathe the face in a solution made by dissolving a half ounce of mercurized wax in a half pint of witch hazel.

ALLEGES DEFECTS IN SHIPMENT OF BOOTS

One pair of guaranteed boots was so badly worn in five days that they had to be replaced and another pair practically were worn out in six weeks.

The claim of J. P. McLaughlin, a boot merchant of Timmins, in his suit against McLaren and Dallas, wholesale boot merchants, Toronto, for \$200 damages on an alleged defective shipment of prospectors' boots. The plaintiff stated that he had bought 60 pairs, sold 23, five pairs of which were returned. The boots were an

THREE GOALS EACH IN FIRST GAME FOR LOCAL GROUP HONORS

Argonauts and Riversides Stage Thrilling Game—Play Even and Result is Still in Doubt—Second Contest Monday.

The first of the home and home games to get a Toronto team for the senior O.H.A. semi-finals is over and nobody can pick the winner. The Argonauts and the Riversides staged the most sensational game of the year at the arena last night and when full time arrived each club had scored three times. This about gives an idea of the play.

It is a long time since Toronto fans were treated to such hockey. The game bristled with thrilling plays and the checking was desperate but clean through. Speed in abundance and the players putting every ounce into their work made it a contest worth traveling miles to see.

The most peculiar incident of the season occurred in the third period, and Argonauts were the beneficiaries. A long lift down the west side of the rink hit a lady in the face and bounded back on the ice, but the puck was still in play. Several players of both clubs stopped to see if the lady was hurt, but Jimmy Stewart was not one of them. He tore right on and grabbing the rubber skated up close to Collett and netted it. Riversides kicked long and long, but it was a goal. Referee Bernhardt was watching the whole performance and did right by letting the play continue, as the puck was never outside the boards. The question was leaning over the boards when the puck hit her.

It was lived up to with good hard body checks that landed the checked man on the ice, but did not cause Knight was especially strong at the bumping game, but always clean. Bernhardt had an eagle eye and handled a hard game in grand fashion. He refused to bite on several occasions when players tried to slip something over and perhaps one of the most amusing things of the year happened in the second round. Dopp had his eye out early and when he cross-checked Lafamme, Gene found a nice spot to rest, and took a couple of minutes to get the bad optic carefully looked after. Bernhardt never said a word until the referee had left the ice and then invited Dopp to visit the penalty time. It was quietly and nicely done.

Argonauts showed a wonderful turn of speed on the forward line, and this coupled with their great checking, held the flashy Riverside forward line in check. McCamus played the hit out. Dopp and Stewart found time to get away from Applegath to tally all three of Argos' goals. Parks again turned in a brilliant performance and Farr checked all the time. Crane was much better than on his last performance and it was his slippery and cool work close in on the nets that kept Riversides on even terms.

Noble went in spots, and Applegath was not up to Wednesday's form. Merrick checked strongly, and Smith again rushed well. The Argonaut defence were a hard nut to crack and their heavy body-checking kept Riversides well out of most of the time. Lafamme tore off some brilliant rushes.

There was not much to choose between them. Argos had a little the better of the opening round, but after that it was a toss-up. It was hard, desperate hockey with the final outcome of the round very doubtful.

They went at it like tigers right from the drop of the hat with checking of the closest kind. Noble nearly got thru from the face-off, and Stewart tried to hurry to clear. Argos pressed, and their forward line passed smoothly. Lafamme broke away for the full length, but shot wide. Crane stick-handled his way close in.

HAMILTON SHOULD ENTER THE FINALS
ELMIRA, Feb. 25.—The Hamilton Northern Hockey League Club played the first semi-final game here tonight, defeating Elmira 5 to 3. The game was fast and a fast game resulted. The playing time in the first half was even, each team scoring two goals. In the second half after Hamilton secured a two-goal lead they played a purely defensive game with a few breakaways which only used up time. Two of the Elmira boys were unwell and had to play on account of no one to substitute. The attendance was somewhat disappointing.

BELLEVILLE WINS ROUND.
BELLEVILLE, Ont., Feb. 25.—One of the most interesting games of hockey ever seen in this city was played here tonight between Ottawa and Belleville in the intermediate O.H.A. Club was a tie, each team scoring four goals, and a great game for everybody concerned, having won out at Ottawa by a score of 5 to 4. In the first period to-night the score was 2 to 1 in favor of Ottawa; in the second period the score was 3 to 2 in favor of Belleville, and in the third period Belleville scored one and Ottawa two. At times the game was very exciting. L. Whitehead of Toronto was the referee, and fulfilled that position in an impartial manner. The line-up:

Belleville (4)—Goal, Conley; left defence, Simmonds; right defence, Whitte; rover, Hough; centre, Whalen; right wing, Symons; left wing, Mitchell. Ottawa (4)—Goal, Smith; left defence, Jacob; right defence, Bowen; rover, Fair; centre, Hall; right wing, Venita; left wing, Hamby.

HAMILTON JUNIORS BEAT OWEN SOUND.
HAMILTON, Feb. 25.—Hamilton Rowing Club Juniors defeated Owen Sound by a score of 11-1, thus securing a temporary lead in the home and home series for the Northern Hockey League championship. The locals had the better of the play through, and were never in danger. The visitors secured their only counter in the first period, the half time score being 4-1. According to the form displayed in the last period the locals will have little trouble in winning the return game in Owen Sound Monday.

OTTAWAS CLASH WITH TORONTO TEAM TONIGHT

Ottawa, flushed with their win over Wanderers and back in the running for the championship, clash with Toronto at the arena tonight and a victory for the Senators will mean everything to them. The blue streaks, however, expect to register their sixth straight on home ice and again prove that they are the best team in the N.H.A. A definite decision from President Quinn in the Randall matter will be received this morning, but the Toronto have every reason to believe that the star defence man will be in the game tonight. His playing will put the kid team at their full strength.

Nighbor and Benedict are the undoubted stars of the Ottawa and in the estimation of many of the fans are three-fourths of the capital aggregation. In Skinner, the Denneny, Randall and Keats the blue shirts have the fastest and clearest collection of youngsters ever gathered together, while Cameron's speed is well known.

COMFORTABLE LEAD FOR SARNIA OUTFIT

PORT COLBORNE, Feb. 25.—In the third round intermediate O.H.A. semi-final game here tonight between Sarnia and Port Colborne, Sarnia won by a score of 11 to 5. In the first period the score was 4 to 0 in favor of Sarnia. The visitors outclassed the home team from the beginning of the game. The ice was very heavy and only about 1200 people present. The line-up:

Sarnia: Goal, Dwyer; left defence, Granary; left defence, McCart; centre, N. Halpin; rover, Hillman; right wing, Dore; left wing, Finch.
Port Colborne: Goal, Crooks; right defence, German; left defence, McDonald; centre, Drury; rover, Meavoy; right wing, Irwin; left wing, Mason.
Referee: Lou Marsh, Toronto.

SCHOOL TEACHER KILLED WHEN CAR TURNED OVER

Suffocation Fate of Miss Edith Wallace in Wreck at Kingston.
Special to The Toronto World.
Kingston, Feb. 25.—Miss Edith Wallace, aged 25, a teacher in Frontenac Public School, met death shortly after 7 o'clock this evening, when the rear passenger car of the G.T.R. suburban train, outgoing, turned over as it left the Johnson street station. Miss Wallace was pinned between the window partitions in endeavoring to get out and was suffocated. The other passengers were practically unharmed. Miss Wallace was going to Lansdowne to spend a week-end with her parents.

William Faversham will be seen in other Metro pictures. He will begin work on one immediately upon his return from a touring engagement on the spoken stage in which he is starred in "The Hawk."

Joe Birmingham Settles His Suit With Cleveland

CLEVELAND, Ohio, Feb. 25.—Joe Birmingham, former manager of the Cleveland American League Ball club, today settled his \$20,000 suit claimed for back salary and damages with Charles Somers, former owner of the club, by a compromise. The suit he will receive was not adjudged by A. V. Cannon, attorney for Somers.

Birmingham asked for \$12,000 back salary and \$8000 damages. The suit did not include \$10,000 which Birmingham loaned to Somers on a note. Birmingham refused to discuss the settlement in discussion his terms. He said that he intends to play centre field on the Toronto club of the International League, which he will manage this season.

Lakeview Curlers Won From Guelph Royals

Lakeview curlers, by the close margin of two shots, won the Mahoney-Mansell Trophy this year from the Guelph Royals. Two weeks ago Lakeview invaded Guelph and on March 15, 1915, defeated the Royals by 20 shots. Yesterday the men from Guelph, headed by Guelph winning the first two years and on slow ice defeated the locals by 18 shots, with 16 of these being corrected by the visitors on the last two ends. Every one of the Royal rinks were returned winners. The Mahoney-Mansell Trophy was donated by Major Mahoney of Guelph and W. Mansell of the Lakeview Club, and becomes the property of the club winning it the most times in ten years. This is the fifth year, with Guelph winning the first two years and Lakeview the next three. SUSPEND OFFICIAL FOOTBALL DURING WAR

Only Solution of Problem Facing the D. F. A.—Tom Guthrie's Suggestion.

Owing to war conditions the soccer situation throughout the Dominion is unsettled. Some radical change is necessary, and the suggestion of Vice-President Thomas Guthrie of the D.F.A. is the logical solution. His suggestions are clearly stated in the following letter to the D.F.A. president, and will likely be carried out when a mail vote is taken: H. Craig Campbell, President D.F.A.: No doubt you will be surprised to receive this letter from me. I intended to write you long ago on this matter, but decided to wait and see how far football was likely to be affected by the European war.

Well, Craig, having studied the situation in regard to Ontario and Toronto, in particular, I can come to no other conclusion than that we should follow the action of the English Football Association, and suspend official football until April, 1917. That is to say, allow the present officials of the Dominion of Canada F.A. to hold office until August, 1917; to deal with any business that may arise from time to time for their consideration and judgment. The secretary of the D.F.A. is instructed to send out a circular to the various provincial associations asking them to keep the good old game of soccer football alive by playing league or cup tie games in their respective districts, as the restricted circumstances will permit. As regards Toronto we have had over 1700 players and members who joined the Canadian overseas forces, and most of them every day. At the annual meeting of the Toronto and District F.A. it was unanimously decided to suspend official football during 1916 and play a mixed competition. The T. & D. directors have full powers to draft rules, etc., etc. in accordance with the D.F.A. and International Federation rules and regulations. Now, Craig, as far as present prospects appear to me, we will not be able to draw a baker's dozen of our games this summer. It will be utterly impossible for the Ontario F.A. to run any of its competitions as the following associations have suspended operations until after the war: Toronto and District, Hamilton and District, Guelph, St. Catharines and Cobalt. I honestly think it would be a losing proposition to play the Connaught Cup competition this year, as the teams entering will be much smaller than previous years, and the revenue from the final games would not be adequate to meet expenses of teams and officials traveling to the city where these games would be played.

Now, Craig, before sending the following motion on to the secretary to submit to the members of the D.F.A. Council, I should like to hear what your views are on this subject, and I shall be pleased to be guided by your wishes. Moved by T. Guthrie, that, in view of so many of our players having enlisted in the Canadian overseas forces and the great difficulties they will have in getting and keeping players during the coming season, that the Dominion of Canada Football Association suspend official football during 1916, and that the secretary be instructed to advise the various provincial football associations to keep the game of soccer football going by playing such competitions in their districts as circumstances will permit. The D.F.A. Council as at present constituted to hold office until August, 1917, to deal with any matter of legislation or dispute that may be referred to them. And they shall have authority to resume official football at the earliest possible moment. Yours truly, Thomas Guthrie, Vice-President D.F.A.

BETTER STOCKS DEMAND MONTREAL REPORTED

Scotia and Bridge Rallied and Steel of Canada Also Gained.

MONTREAL, Feb. 25.—Some early selling carried prices of local stocks below the low levels touched Thursday, but the firmer tone of Wall Street checked liquidation and encouraged a better upward.

Scotia, which was dealt in in small lots on Thursday, rallied from an early low of 94 to 95, and closed that price, against 93 1/2 the previous day. Bridge weakened 1/2, to 207 1/2, then rallied, point and closed 208 1/2. The heavy trading and closing 208 1/2. The heavy trading and closing 208 1/2.

STOCKS RECOVER GROUND, BIG EXPORT SALES AID IN WHEAT'S RECOVERY

Reported Change in Attitude of Germany Relieves Situation at New York.

MODERATE RAILS SALES

Steady Inquiry for Metals Continues at Advances of Point or Better.

NEW YORK, Feb. 25.—Slowly but stubbornly today's market proceeded to recover much of the ground lost in the preceding session when quoted values suffered variable declines because of alarm over political developments in Washington. That situation underwent a change for the better especially when it was reported that Germany was probably would hesitate to issue its latest submarine policy on the day originally declared.

Another encouraging feature was found in the moderate but steady buying of rails, a branch of the stock list which has long suffered from neglect. Consider led the movement presumably in consequence of the increasing belief that prevailing differences between miners and employees are in process of adjustment.

Wheat to make the market a steady inquiry for metals at advances of a point or better. American Smelting, quarterly dividend of 1 per cent. War United Petroleum, Marine preferred, United Fruit and Sugars were better by 1 to 2 points, after an early period of fluctuation.

American Woolen was the most active stock, its strength being accentuated by the declaration of an initial dividend of 11-4 per cent. of greatly increased earnings, resulting mainly from profitable war contracts.

Trading was in small volume throughout the last half of the session, but prices held their own, despite occasional pressure. Activity in Pacific Mail, which rose 51-2 to 21-1-2, was the feature of the day. Total sales amounted to \$55,000 shares.

Atchison was the only important stock to submit a January statement, showing a net gain of \$1,200,000. Industrial companies made more favorable reports.

Bonds were mainly irregular on reduced dealings. Total sales (par value) \$2,500,000.

TORONTO STOCKS ARE EXCEEDINGLY DULL

Declines in Some Stocks Are Offset by Advances in Others—Insiders Are Inactive.

Trading was exceedingly dull on the Toronto Stock Exchange yesterday. Prices were not materially changed and losses in some stocks were about compensated for by advances in others. Smelters, Steel, Canadian Cement and General Electric were easier, while Shredded Wheat, Steamships and Steel Corporation showed more strength.

The market was devoid of any news, and inside interests evinced no disposition to take any prominent part in the trading. A spedy of issues was sent to the market, but there were again there was no feature and values were only steady. The market remains unattractive to speculators and will remain inactive until set in motion by the larger holders.

MONEY RATES.

Glazebrook & Cronyn, exchange and bond brokers, report exchange rates as follows:

LONDON STOCK EXCHANGE.

LONDON, Feb. 25.—Money and discount rates were steady today. The exchange market was neglected and uninteresting. American cable transfers were quoted at 47 1/2 to 47 3/4.

The above market information and the provinces district and tended to depress business on the Stock Exchange. The tone was generally subdued, pending the outcome of the present operations on the western front. Japanese bonds were firm features, and copper shares were steady with the exception of Alton, which was weak. Consols and the war loan declined in the absence
