METHODIST DIVINE SAYS DR. WORKMAN IS MISJUDGED

Rev. Dr. Crumphy Says Workman's Theology is Sound.

He Says That the Position of the Deposed Professor is Quite in Accord With That of Many Old Testament Scholars.

TORONTO, Ont., Oct. 30 (Special)—Rev. Dr. Workman, whose resignation has been requested by the board of governors of Montreal Methodist college on account of his theological views, has been misjudged, according to Rev. Dr. Crumphy, pastor of Bethune street Methodist church, of this city.

Dr. Crumphy says Dr. Workman's general position is quite in accord with that of many of the best theologians and scholars who have specialized on the Old Testament, and that his views are substantially accepted by many of the younger men of the Methodist ministry of today.

"I am quite in agreement with Dr. Workman's position myself," states Dr. Crumphy, who, while admitting a tendency towards dogmatism on the part of the professor, maintains that Dr. Workman's views are not Unitarian. Dr. Crumphy says these words are used too freely and expressly denies that Dr. Workman holds any view contrary to the divinity of Christ.

Bathurst street Methodist church is one of the foremost churches in Toronto, and Dr. Crumphy is noted as a leader among clergymen in the Ontario metropolis.

TO COMMUTE SENTENCE TO LIFE IMPRISONMENT

Determined Effort Being Made to Save Collins From Gallows --A Letter From a Halifax Woman--Frank Higgins' Chum Tries Again to Escape From Dorchester.

MONCTON, N. B., Oct. 30.—(Special)—That John E. Sullivan, hanged at Dorchester five years ago for the murder at Meadow Brook of Mrs. Dutcher, was innocent of that crime is the claim of a lady living in Halifax, formerly of Moncton.

In a letter to James C. Sherren, one of the counsel for Thomas Collins, the youth who is sentenced to be hanged on November fifteenth for the murder at New Ireland of Mary Ann McAuley, the writer asks that the death sentence on Thos. F. Collins be commuted to life imprisonment was recently forwarded to the secretary of state at Ottawa. Within a few days it will come before the council when Hon. H. A. McKewen, of St. John, and James C. Sherren, of Moncton, Collins' counsel, will probably be present.

In the letter, the writer further states that a few days later, a man came to the door of the writer's house, and asked for food. He was covered from head to feet with blood, and was careful to

conceal his face while eating. The writer of the letter, who has requested that her name be withheld says she is writing because she believes Collins is also innocent.

The only question that arises, is that if the woman knew all the facts which she professes to, why did she not come forward at the time of the trial and thus save Sullivan from the gallows.

MONCTON, Oct. 30.—(Special)—Signed by between eight hundred and one thousand residents of Albert county, a petition asking that the death sentence on Thos. F. Collins be commuted to life imprisonment was recently forwarded to the secretary of state at Ottawa. Within a few days it will come before the council when Hon. H. A. McKewen, of St. John, and James C. Sherren, of Moncton, Collins' counsel, will probably be present.

A MUTINY AT VLADIVOSTOK

Crews of Russian Torpedo Boats Attacked City and Brisk Fight Followed.

TOKIO, Oct. 30.—The Jiji this afternoon published a despatch from Vladivostok saying that the crews of two Russian torpedo boats there mutinied and attacked the city from the sea. The soldiers garrisoning the fortress, it was added, repulsed with a brisk fire, which resulted in one of the boats being disabled.

It was further stated that great excitement prevailed at Vladivostok and that the exact number and amount of damage done were not known. The Jiji, however, does not vouch for the accuracy of this report.

BANKING CONDITIONS ARE ALMOST NORMAL IN NEW YORK TODAY

NEW YORK, Oct. 30.—Banking conditions approached the normal in this city today. The situation is now so well adjusted that no further conference of bankers on one or two of the principal institutions may be said to be over and Wall street today expressed gratification that the storm had been weathered. The banks improved their position yesterday by calling loans and this process of adjustment may be continued today.

It is said that the situation is well advanced and it is believed that the matter will be settled by the end of the month.

HARVARD INTERFERED WITH KAISER WILLIAM'S PLANS

NEW YORK, Oct. 30.—A cable despatch to the Times from Berlin says:—Harvard University has mixed up the plans of the Kaiser to visit the United States.

The professor in question is William Henry Schofield, who was born in Canada, is an alumnus of Toronto University and a subject of King Edward. Together with President Hadley of Yale, Professor Schofield will make his inaugural address in the presence of Kaiser William at the University of Berlin tomorrow.

The local opinion town of Thameville was again the scene of sensational doings yesterday afternoon when sixteen prominent citizens were brought before Justice of Peace Ingalls, charged by the Grand Trunk with theft and trespass.

The case was the outcome of a wreck on the Grand Trunk Railway last week, when certain citizens took advantage of the opportunity and drank drippings from a bonded liquor car which was smashed in the wreck. They were also charged with carrying off a quantity of bottled goods from the car. The case was tried behind closed doors. William Cutler, a wealthy retired farmer, who was accused of being the ringleader of the gang, was fined \$5 and cost, \$15 in all. Alex. O'borne, Jas. Miller and Robert Buchanan were fined \$1 and costs on charge of trespass, and Orval Kelly, Albert O'Neill,

smoothly and bringing about normal conditions.

LONDON, Oct. 30.—The American demands for gold and the talk of a monetary convention in London, are causing unwelcome pressure here, which was reflected on the stock exchange today, where prices in all the markets were heavy. Consols were affected by sales due to the monetary uncertainty and yielded another 1/8 of a point. Americans, although they opened fairly steady, soon declined and selling pressure from the continent and the provinces brought quotations during the forenoon down to from one point to four points lower than yesterday. Union Pacific and Canadian Pacific were the specially weak points.

WILL PLAY IN MONCTON

The Victoria champions of the intermediate football league, leave tomorrow for Moncton, where they will play the Moncton intermediate team.

The boys are taking away a good team, and should give the Monctonians a run for their money. It must be borne in mind, however, that they are tackling a team on which are many seniors. The "champs" have but one senior player on their line-up.

The following is the team: Full back, Phillips; Half, Schofield; Lee, Dyer, Morry. Quarters: Roberts, Keefe, Forward: Sullivan, Harrington, Cromwell, Seely, Wilson, Scott, Finley, Gorham (captain).

A thanksgiving supper will be held in the Tabernacle Baptist church tomorrow evening. Elaborate preparations have been made for the affair, which bids fair to eclipse all previous efforts.

NOT ONE WORD OF TRUTH IN IT

Sir Wilfrid Laurier Denies That He Ever Asked Sir F. W. Borden to Resign.

OTTAWA, Oct. 30.—(Special)—Sir Wilfrid Laurier was asked by your correspondent this forenoon if there was any truth in the Ottawa despatch to the Toronto World that Sir F. W. Borden was asked to resign his portfolio and had refused to do so.

The premier said that he had made it a practice not to be interviewed by the press on this occasion, he would have to depart from that rule and say that there was not one word of truth in the report. He had not asked Sir Frederick to resign and therefore there could be no refusal. Sir Frederick is now in Nova Scotia.

COMMON SENSE NEEDED TO PROTECT PASSENGERS

Another Nuisance Which 'Ferry' Patrons Are Frequently Obligated to Put Up With.

That better regulation of traffic in front of the approach to the east side ferry slip especially during the busy hours of the day is absolutely necessary was made painfully apparent this morning on the arrival of the 8:20 ferry boat.

There is no apparent crossing at that spot and Water street was in its normal condition as regards mud. The result can be more easily imagined than described but it is a surety that had any of the aldermen been present they would have received the outpourings of vials of imminence wisdom.

No expenditure is necessary to remedy this condition beyond the outlay of a little common sense and the adoption of a regulation which would prohibit teams from obstructing Water street until the foot passengers have passed out through the gates. If there is such a regulation already then the opinion is that it should be enforced.

The funeral of William Beatty, who on Monday last met his death while driving on Pond street, was held this morning from the residence of Alexander Day, Main street. Services were conducted by Rev. Gideon Swim, and the body, accompanied by the mother and brother of deceased, was taken by boat to Gagetown, where interment takes place this afternoon.

A THANKSGIVING SERMON PREACHED BY REV. A. B. COHOE

In the course of a sermon appropriate to the approach of Thanksgiving Day, Rev. A. B. Cohoe, in the Bethesda street church last evening, dealt in a very interesting way with problems confronting the Canadian people.

"We have," he said, "great duties, obligations and opportunities as a people. The more we come to know and ponder over the untold wealth of the wheat fields, the forests and the lakes of Canada, the more we realize how great is the opportunity given to the Canadian people to get wealth. It is equally manifest that the people are improving their opportunity and getting wealth. No intelligent young man thinks, today, of leaving Canada because it denies him this opportunity. It is large enough for the greatest ability and talent."

Special Precautions Being Taken On the Pacific Coast.

All Vessels From Seattle and Frisco Will Be Carefully Inspected--Oriental Quarter in Vancouver Under Guard--To Exterminate All Rats.

VANCOUVER, B. C., Oct. 30 (Special)—As a part of the plague precautions special officers have been placed in charge of the oriental quarter here. Dr. Montzambert, director of public health and sanitary advisor of the Dominion government, who arrived here on Monday, has left for Victoria to consult Dr. Fagan, provincial health officer. He will proceed thence to Seattle to investigate matters in connection with the plague there.

While here Dr. Montzambert considered Dr. Underhill in regard to a rigid system of quarantine to be established along the international boundary. Instructions were issued to have rat traps installed on all steamers plying between Seattle and San Francisco, and British Columbia ports.

Vessels arriving here from the United States ports mentioned will be carefully inspected. Measures aiming at the exterminating of rats are being vigorously enforced here.

A BAD ACCIDENT ON GRAND TRUNK NEAR LONDON, ONT.

LONDON, Ont., Oct. 30.—(Special)—The engine of train No. 26 on the Grand Trunk Railway and drawing a car with members of the dominion railway commissioners and their staff, composed of 13 persons, blew up last night two miles west of Newbury station, 25 miles from here, killing Engineer Robert Rutherford, of London and Fireman J. Robertson, also of London. It is reported many others have been injured.

Judge Ritchie Permits Boys Arrested for Stealing to Go Out On Suspended Sentence

Arnold Reid, Charles Harrington, and Harold Crawford, the three lads who were yesterday before Judge Ritchie for stealing mitts and gloves from the front of Robert McConnell's store, Main street, London, have escaped terms in the reformatory, and, no doubt have learned the lesson of their lives.

Yesterday afternoon they were again brought into court and sent back to jail, pending his honor's decision.

Again they were brought into court today, after receiving some wholesome advice from the judge, were allowed to go on suspended sentence, with the understanding that they abandon truancy and bring to his honor certificates of attendance from their school teachers.

TONIGHT'S ASSEMBLY

Everything is now in readiness for the social assembly to be given this evening under the auspices of the Young Men's Association, at their rooms, by Branch 134, C.M.B.A. in their rooms, Union street. There will be a large attendance and the gathering will no doubt be one of the most successful social events of the season.

The committee have drawn up the following programme of dances—Waltz, polka quadrille, two-step, military, waltz, jancers, waltz, two-step, polka quadrille, waltz.

The funeral of Norman Nason, the twelve-year-old son of E. E. Nason of McAdam Junction, who was killed on Monday by a C. P. R. train at McAdam, was held today. The body was taken in a private car attached to the Boston express to Tracy Station, where interment was made. A large number of friends accompanied the body, and four boys friends acted as pallbearers. Among the floral tributes was one from employees of the railway at McAdam.

THE TIMES NEW REPORTER

THANKSGIVING. The Times New Reporter has received the following replies to a number of enquiries for a statement of personal reasons for thanksgiving tomorrow:

Premier Robinson:—"The discovery of an attorney-general file me with joy and gratitude. I am very thankful."

Dr. Ruddick:—"The development of the winter port and the need of a port physician at St. John are among the things for which we should all be thankful."

Mr. McKeown:—"You may put me down as saying that I am thankful there are no more newspapers in St. John. If we had any more I couldn't give all of them all that is coming to them."

Supt. Winchell:—"I am thankful to see the snow. It will hide the streets."

Mayor Sears:—"It is a cause for sincere thankfulness that the aldermen permit the free use of the streets. It is a privilege as well as his rights in other matters."

Col. McLean:—"For the spontaneous and unanimous support of my fellow agriculturists in Queensbury I am profoundly grateful. I feel that with their support I can do anything."

Hon. Dr. Puseley:—"My greatest cause for thankfulness is that Mr. Borden has promised to aid in relieving me from the dark secret which oppresses my spirit, and that together we shall solve the mystery of campaign contributions."

Director Murdoch:—"I am too busy repairing leaks caused by the new water pressure, and preparing my next annual report, to consider my mental attitude toward any other subject."

Hon. Mr. McKewen:—"I am thankful for an opportunity to be of service to a good friend in St. Martins. Dr. Riddick will make an excellent port physician."

There will always be a few who will drift away to become hewers of wood and drawers of water to an alien people, but there is abundant opportunity for all at home. The opportunity to get wealth is not, however, such a great thing after all. It is not the end, but the beginning of national existence. Material resources may be developed to make a prosperous nation, but in this development there is a responsibility, and it starts us in the race today. It is this—if the Canadian people are to be a great people they must be faithful to the democratic idea, which finds its highest expression in the gospel of Jesus Christ. Material resources should not be only to the men who exploit them for their own advantage.

"THE LATE TENANT"

By GORDON HOLMES

"Did she do this?" asked David in a hoarse whisper. "No, no, no, no," said Miss L'Estrange, laughing again as she selected a fresh cigarette to replace the spoiled one. "Did the cat steal cream? Fancy Jenny being offered twenty pounds for a day's preparation and refusing it! Why, that girl lies for practice."

"Ah, I knew Green Barnes. Saw her in the theatre, you know. A nice girl, but nothing to rave about. Rather of the plump sort. You men prefer that type, I do believe. And now that you have heard my yarn, you want me to go, eh?" "No, no, no, no," said David, "I'll stay."

This was definite enough, and he thought the introduction of Dibbin's name would be helpful with Mrs. Mordant. Then he rushed off to see Dibbin himself, but he learned from a clerk that the agent would not arrive from Scotland until Saturday night, "which is a pity," said the clerk, "because a first-rate commission has just come in for him by wire."

A PROMENADE TOILETTE.

Two-piece costume of rich black silk velvet, embroidered with black silk and trimmed with black satin. Such is the trend of costume that will be seen on the promenade at the Horse Show where women go to see and to be seen. The skirt, while not of the train length is fashionably long for a dressy afternoon walking costume; the hem just touches the floor. There is a centre front seam and a centre back seam, making the skirt a two-piece circular model finished at the top on the inside with a wide belting.

While he was out another buff envelope found its way to his table. Here was the continuation of a fog, for this second man: Miss Violet Mordant travelled to London this morning by the nine-thirty train. There was no name; but the post-office said the information came from Rigsworth and the post-office indulges in old official accuracy. Somehow, this word from a friend did strike him friendly. It made him read again, and ponder weightily, the longer statement signed "Violet."

Dr. Hamilton Speaks On Curing Pimples

Gives Common Sense Advice That Every Person Can Employ at Home

"I believe all skin diseases such as pimples and dandruff originate through the failure of the eliminating organs to pass certain poisonous wastes from the body. There is at all times a large accumulation of foul matter in the system, which, if not destroyed, gets into the blood. Germs and disease-producing matter are thus circulated through the body. Ultimately they force their way through the pores of the skin, produce pimples, swellings, red blotches and often eruptions horrible to look upon."

Sir Frederick W. Borden, minister of militia, passed through the city last evening on his return to Ottawa, after a short trip to Nova Scotia on private business. Sir Frederick was evidently in the best of health and spirits. He was asked as to whether or not the St. John exhibition buildings would be available for next year's fair. Sir Frederick said that the question had not yet been decided upon. "I believe I did," he said, "receive a letter treating of the matter, a day or two before I left Ottawa, but I have not had time to think of it. I would not, however, make up my mind without consulting Hon. Mr. Pugsley, and I did not hap-

pen to see him after I received the letter. The matter is, of course, mixed up with the drill shed project, and when I see Dr. Pugsley it will be straightened out all right."

Halloween - A Holiday of Traditions. BY WALDON LAWRETT. No holiday on the calendar depends more for its charm upon tradition and the customs handed down from generation to generation than does that festive night of mirth and mystery—Halloween. Most of our American holidays commemorate historic events within the past century and a half and consequently cannot, of course, have any of the characteristics of ancient ceremonial. Even Christmas has, in its observance, been modernized out of all semblance of the old-time celebration. Halloween, however, not only retains its time-honored significance and long-established ritual but finds its chief attraction in these reminders of bygone periods.

THANKSGIVING Unless there goes with thanksgiving a sense of responsibility, and unless it is accompanied by evidences that material blessings are regarded as something more than an end in themselves, the individual or the nation has not attained to that spiritual insight which comprehends the real meaning of life.

Canada does not lack material prosperity. In that respect, and in the promise the future holds of great development of varied resources, there is cause for thankfulness on the part of her people. And yet, may it not be said that today the greatest cause for national thanksgiving is the stirring of the public conscience that has been made manifest in connection with commercial and political affairs?

THE BY-ELECTION Two outstanding features of yesterday's by-elections in Ontario were the cold douche administered to Mr. W. F. Maclean, M. P. in London, and the refusal of the electors of East Northumberland to be bribed by the promise of public works.

THE CONSERVATIVE LEADER CALLS DR. PUGSLEY'S BLUFF
He Will Demand a Fair and Impartial Investigation Into the Matter of Campaign Funds in 1904—Wants Rothesay Lists Investigated Also.

Winnipeg, Oct. 29.—R. L. Borden, last night, concluded his western tour with a meeting attended by 2,000 electors of Winnipeg in Walker Theatre.
Premier Roblin occupied the chair and was one of the three speakers, Messrs. Borden and Bergeron being the other two. Sir Charles Tupper was one of those seated on the platform.
Mr. Borden renewed his platform as laid down at Halifax, scored the government for corruption, and referred to Dr. Pugsley's charges.
"I invite," said he, "a rigid investigation to investigate the entire campaign of 1904 on both the Liberal and Conservative sides. I will be prepared to give that commission and give evidence on every act within my knowledge, relating to the subject, and I challenge Dr. Pugsley or any of his friends or colleagues, or any of his mysterious informers, to prove that a single dollar of our campaign fund was used for illegal purposes with my knowledge or consent."
"What about Foster and Fowler?" was a question asked from the gallery, when Mr. Borden was discussing political purity.
Mr. Borden answered: "Their public records show no dishonorable act. I want to tell my friends of the gallery that there was no man who apparently had more the respect of the government benches than had Mr. Fowler, after he made his speech in the house. He was complimented instead of criticized. Mr. Fowler is prepared to meet anybody to discuss this matter, from even Sir Wilfrid Laurier down to the lowest party heeler."

Charles Flemington, of Point de Bute, was for the third time elected grand worthy patriarch. During the year Mr. Flemington received from Roland M. ESTIMATE FOR MORE WHARVES
Board of Works Recommends That More Work Be Done On the West Side.

At a meeting of the board of works last evening it was decided to recommend that estimates of the cost to complete the west side wharves to the harbor line be obtained and that tenders for the timber be called for. There was considerable opposition on the ground that the city had reached the limit of expenditure. The chairman reported that, owing to crib-work in front of Union street having moved, filling in would be discontinued and a trestle would be built to carry the tracks. It was decided to purchase for \$800 the Ellis property in Paradise Row to widen the street. An offer of the St. John Railway Company to contribute \$500 was not accepted. Ald. McGoldrick occupied the chair and Ald. Lewis, Pickett, Sprague, Baikin, Holder, Vanwart, Sproul, Baxter, Hamm and Christie were present with the harbor master, director, superintendent and common clerk. Ald. Frink and Kelley were also at the meeting.
A request from John McDonald, a city employe, working in the dump for an increase in pay from \$12.5 a day, was referred to the director.
The stevedores applied for increase in pay from \$2.50 to \$3.00 a day for single teams and from \$4 to \$5 for double teams. The matter was referred to the director.
A request from the men engaged in asphalt work for an increase from \$1.50 to \$1.70 a day was after considerable discussion left to the director.
An application from Capt. A. T. McAllister for a position as watchman at Sand Point was referred to the director.
On motion of Ald. Baxter, the director was authorized to employ a day and night watchman for No. 5 wharf when it is taken over by the city.
Ald. Christie and the director were appointed to examine Geo. Curry's proposition to erect a retaining wall on the east side of the retaining wall between Orange Hall, Simonds street.
Ald. Willet reported that temporary arrangements had been made for a retaining wall in Canon street.
It was decided to send telegrams to Hon. G. P. Graham, minister of railways, and to Hon. Wm. Pagen, in attention to delay in completing the work on Wall street bridge and intimating that the board would not allow the Stanley street bridge to be touched until the Wall street structure was finished.
Ald. Pickett moved that in view of the early opening of parliament, and the decision to call for tenders the citizens' harbor committee be asked to submit their report at an early date. The motion was carried.
On motion of Ald. Baxter the chairman, Ald. Bullock, Willet and Pickett were appointed to review the four agreements with the St. John Railway Company for removing the snow and how it had been performed. The agreement will expire in March, 1908.
On motion of Ald. Pickett the use of Higgins's slip was offered to Andrew Hurdick for six months at the rate of \$500 per annum.
The board then adjourned.

MISSING SINCE MONDAY MORNING
John Taylor, D. A. R. Station Agent at Weymouth, Not to Be Found.

Digby, N. S., Oct. 29.—Weymouth, the next town west of Digby, is certainly fast becoming a sensational one. Four prisoners from there are locked up in Digby jail for burglary and more arrests will probably follow in a few days. And now the D. A. R. station agent is missing and there appears to be no clue to his whereabouts.
The missing man is John Taylor, aged 25 years. He belongs to Hectanooga, and was boarding at Black's Hotel. He went home Saturday afternoon, returning in the evening Monday morning he was seen about 7 o'clock walking towards the big railway bridge, which crosses the river, and he is reported to have been carrying a large sum of money on him, probably belonging to the railway company.
It is feared by many that he has met with foul play in the hands of members of the gang who are doing the burglarizing, as Taylor frequently carried a large sum of money on him, probably belonging to the railway company.
Weymouth is in need of better police protection and at the present time there is work enough for several bright detectives.
S. S. Thompson, of the Bear River station, is now in charge of the Weymouth depot, and Chester Coombs, formerly of Digby, is filling Mr. Thompson's place in Bear River. Mr. Thompson was en route to Digby to relieve Mr. Jones, when he got word to proceed to Weymouth.

Mrs. D. A. Smith
Many St. John people will learn with regret of the death of Mrs. D. A. Smith, of North Sydney, last Saturday. Mrs. Smith was Miss Maud Brittain, of this city, daughter of the late Robert Brittain, formerly manager of the gas works here. She married Mr. Smith in the early eighties, and since then had resided in North Sydney.
Mrs. Annie Trider
Mrs. Annie Trider, widow of John Trider, died in Halifax on Monday. She was seventy-six years old and a native of Chatham (N. B.).
Maurice Nugent
Woodstock, N. B., Oct. 25.—Maurice Nugent died at the residence of his daughter here tonight, aged 72 years. He was employed for years at Pokoj, York county, and about a fortnight ago came to Woodstock very ill. His wife died in this town about ten years ago. He had a wide acquaintance in the neighboring counties and was highly respected. Mrs. M. Murphy and Mrs. J. P. McCarron, of Woodstock, are daughters. William, John and Maurice, his three sons, of Boston, were present at the death, but Henry, who is employed in Maine, had not arrived tonight. The burial will take place in St. Gertrude's cemetery.

MANY GOOD THINGS ON NICKEL'S LIST

Fine Programme Prepared for Today and For the Holiday.

The Nickel has a most attractive programme of good things in the line of motion photographs and illustrated songs for today and the holiday. The pictures are Love in War Time, a Russo-Japanese romance; The Heart's Bidding, a society drama of exceptional force; A Haunted Bedroom, full of screaming laughter and An Interrupted Outing, in reality 500 feet of mirthful film. Mr. Cairns will sing his new songs, Just Because I Loved You No, for the last time this evening, and Mr. Newcomb this afternoon is to sing The Girl You Leave Behind.

On Thanksgiving Day the Nickel will have three big seasons. At 10 o'clock in the forenoon the doors will be thrown open to the children and for two hours the pictures mentioned will be shown continuously. There will be illustrated songs and some special holiday features. In the afternoon, commencing at 1 o'clock the shows will be resumed. Mr. Cairns will sing Good Night Beloved, Good Night, and bids fair to make as great a success as he did of Love Me and the World Is Mine. Mr. Newcomb will take the alternate shows with the St. John singer in a pretty highly melodramatic play, You Coming Out Tonight, Mary Ann? The orchestra will play both afternoon and evening.

A special holiday feature, a number of cleverly drawn cartoons on local subjects, will be thrown upon the canvas. The Nickel is going to have a first class holiday show in every particular with the features already mentioned thrown in. Be early to avoid the rushes.

CHARLIE'S AUNT AT THE OPERA HOUSE TONIGHT

Harkins Company Greeted With Crowded House Last Evening

The popular Harkins company drew another crowded house last evening, when they presented for a second time the great play, The Shadow Behind the Curtain. The play is a comedy and takes up the signal for a curtain call, and the one expression heard was praise of company and play. Tonight Manager Harkins will revive the world famed comedy, Charlie's Aunt, which is credited with being possibly one of the funniest plays ever written. Charlie's Aunt had a run of more than 1,000 nights in London, and almost as many in New York.

Miss Van Duser and Miss Farnsworth will introduce specialties. The Charlotte town Gleaners in speaking of Charlie's Aunt by the Harkins company, say: "There have been thousands of audiences delighted by that side-splitting English comedy. It is irresistible; but it is doubtful if there was ever in the Opera House in this city so large an audience moved by the spirit of mirth as was the case last night when the Harkins company put the play before us from rise to fall of the curtain the packed house was convulsed by the handling of the piece, and their laughter rang out loud and clear. Never has there been a better presentation of this popular comedy. All the members in the cast played with notable cleverness-keeping the spirit of fun unflagging and satisfying all who came to be amused. The house was a tribute to the company-it was the biggest audience in the history of the Opera House and the manager was compelled to send hundreds away."

KATIE'S HALLOWE'EN

BY WILLIAM WALLACE, JR.

Little Katie Donovan lived with an old aunt, a lady who had long ago forgotten that she had ever been under sixty years of age, and therefore was not the right sort of person to rear a child.

"Oh, I guess I do," said Aunt Maria, laughing heartily as she recalled a chapter of her girlhood. "Yes, yes. But how long ago that was! Why, I'd almost forgotten it—really would never have thought of it again hadn't you refreshed my memory. Well, we were a gay company that night, weren't we?"

"Back in the happy past, Maria," smiled the good doctor. "We were young again for an hour and a half tonight, and now that we are old again let us not forget that others are young as we were once, and that youth has its own requirements."

"Hallowe'en party!" and Aunt Maria threw up her hands and eyebrows in consequence. "If I know myself, she exclaimed, "Why, it's nothing but roughness and rudeness, this going about playing pranks with people's property."

"No, no, Maria," answered Katie. "I was just feeling a little sorry. That's all."

"You are an ungrateful girl," said Aunt Maria sharply. "I'm bringing you up just as strictly as I know how. Why, I'm even more strict with you in some things than my own mother was with me when I was a girl."
