IMPORTANT SUCCESS FOR RUSSIAN TROOPS

German Positions Captured and Men and Guns Taken—Stubborn Fight on Riga Front—Italians Make Gains

Petrograd, Oct. 21.—(via London)—An important Russian success in the region of Baranovich, results in the capture of several German positions, 357 men, ten machine guns and one piece of artillery was announced by the war office.

London, Oct. 21.—Frederick Remond cables from Petrograd—"Dvinsk having become an important German position, the Russians are regarded as being almost good for the purpose of reaching the Dvina."

"Reinforcements have been sent Von Buslow and stubborn fighting is now proceeding in four directions at Riga front. The forests covering the country between Mittau and Riga, do not permit the development of operations by great forces on a large front."

"Dvinsk's next task probably will be an endeavor to force the Dvina at Frestedtschadt and to cut the Riga-Dvinsk railway. The Russians, however, are in great strength on both banks of the Dvina."

"Military experts point out that as a result of General Ivanoff's success in Vethyals, the Russians now have a firm hold on both banks of the middle Dvina."

ITALIANS PUT AUSTRIANS TO FLIGHT

Rome, Oct. 21.—The following official statement from general headquarters of the Italian army:

"Our offensive in the Tyrol and Trentino regions continued with brilliant results throughout the day of the 19th. In the Giudicaria Valley we stormed Falcoz Peak, northeast of Coudio, a very strong position commanding the mouth of the Daone Valley and the head of the Ledro Valley and provided with two lines of machine guns, some of which are hollowed out of rock. We made eight prisoners, four of them officers and the rest of the Austrian garrison fled."

"In the Lagarina Valley, we completed our action of the 18th by conquering the heights north and northeast of Brassano, also defended by many strong entrenchments. From San Bernardino, on Mount Diamante, the enemy attempted by a violent artillery fire, to dislodge us from the positions we occupied but without success."

"On the upper Corviele the attack continued yesterday and made our masters of Sied, on the slope of Colli Lana."

"In the Palsagoz zone our Alpine reached Piccolo and Lapadici."

"In the Della Valle the enemy on the 18th and 19th repeatedly attacked our advance positions, but was driven back each time."

"On the Upper and Middle Innoze and in the Carco, artillery duels continued, varied by occasional small infantry encounters."

"Yesterday one of our aeroplane squadrons made a fresh raid on the enemy's aviation camp at Asovizza, throwing numerous bombs with visibly excellent effect. The camp was subjected to the fire of many enemy batteries, but returned intact."

Russia Will Retaliate

London, Oct. 21.—The Petrograd correspondent of the Times sends the following—

"The Russian foreign office has notified Berlin through the Spanish embassy that, in event of the fulfillment of the German threat to confiscate the property of Polish residents who fall to return to their former habitations, the Russian government will be compelled to confiscate the property of German subjects in Russia for the benefit of the Polish victims."

ARRANGING TO LOOK AFTER RETURNED SOLDIERS HERE

The sub-committee of the recruiting committee, appointed with C. B. Lockhart as convenor to look after returning soldiers, has been partially organized with H. H. McLellan as representative in the east end and John Thomson in the north end. Other district representatives will be selected, and the committee hopes to be able to cope with the problems which may arise in connection with the return of soldiers from abroad. The committee would be glad to receive advice in advance when relatives or others learn that any of the men are on their way home.

FOR TRACKS TO NEW SAND POINT PIER

Arrangements for railway connections with the new No. 14 pier were discussed this morning at a conference at city hall followed by a visit to West St. John. Those present were V. Valiquette, Dominion engineer of public works, engineer here, Mayor Frink, Commissioner Russell and City Engineer Murdoch.

In order to provide the needed connection it will be necessary to cross part of the city land from Protection street, the section which has been filled in and as the warehouses will be ready before the winter season opens it is desired to commence the railway extension at once.

The city commissioners were of the opinion that the connection could be made without affecting the city's interests and it is expected that the needed permission will be given.

India Now Turning Out Munitions

London, Oct. 21.—It is announced that shipments of shells manufactured in private factories and workshops in British India, have begun. This is regarded here as a decided advance in the industrial capabilities of India, the work having been carried out successfully through all processes from the iron ore to the finished products.

The work called for co-operation of railway shops, and numerous private factories and workshops belonging to chiefs of native states. The quality of the shells is said to be excellent.

Paris, Oct. 21.—The Athens correspondent of the Havas Agency sends the following despatch under date of Wednesday.

Likely About \$4,000 For Red Cross

St. John's Observance of Trafalgar Day City Gift Probably \$2,500—Service in Trinity

Interest in the various patriotic fund centers today largely in the contribution to the British Red Cross Society. Owing to the many other projects on hand just now this was not taken up so vigorously as otherwise but ample opportunity has been given for all who wish to do so to contribute and the individual gifts, the collection at Trinity church today, the collections through street boxes and the city grant are expected to total about \$4,000.

Some fifteen ballot boxes have been placed about the city with instructions telling their purpose and through these it is believed a substantial amount will be made for the fund.

The amount of the city grant was left to Mayor Frink and today he said that he thought \$2,500 might be the amount but this would not be determined until further consultation with the other commissioners.

Individual contributions for the British Red Cross Society received by Mayor Frink today included \$25 from Mrs. George F. Smith and \$5 from Jules Goudineau.

A Sovereign Worth While

The British Red Cross Society has sent to Mayor Frink 100 sovereigns of Nelson's flag, the Victory, made from metal of the ship or her guns, in the form of very fine watch chains. These interesting souvenirs can be secured from the mayor for a small fee, the proceeds going to the society's funds.

A large number of people attended a special interesting service for the empire at noon today in Trinity church. The hymn, "Oh God Our Help in Ages Past," was sung by the choir, after which Rev. Ralph Sherman delivered a brief and eloquent address in commemoration of Trafalgar Day. He said he realized that many people were doing all in their power to assist the empire now in her hour of need and exhorted those who had not done so to act. Prayers were then offered for the empire, the navy, the Red Cross, for wounded soldiers, for ourselves and for peace. The hymn entitled "Patrols, Patrols, Patrols to Save" was then sung, and the service was brought to a close with the benediction and the singing of the national anthem.

The societies represented at the service were: St. George's, St. Andrew's, Sons of England, Red Cross, Daughters of the Empire, Soldiers' Wives League and Soldiers' Comfort Association. An offering was taken up for the benefit of the Red Cross and a good sum was realized.

About forty or more members of St. George's Society attended in a body. Lieut-Col. Armstrong and other officers of the militia were also present, and the gathering was thoroughly representative. Plans were being made for a meeting today from public and private buildings in honor of the anniversary of Lord Nelson's great victory.

Another of Schofield Family to the War

Stephen, of Fairville, Enlists in 13th Canadian Pioneers

From the outbreak of the war Fairville has well borne its part not only in money but in men. The first Canadian conscription act was well represented by young Lancaster, but the patriotic call did not stop there. Every battalion raised since has had its complement of Fairville manhood and the honor rolls in churches and societies are still growing week by week.

But those at home have not been the only ones to do the uniform. Many Fairville young men read their duty clear when living elsewhere for the time being, and promptly answered by going themselves to the unit being organized in that locality.

Among the latter, many will be pleased to hear, is Stephen Schofield, formerly of Harding street, Fairville, who has been living for the last five years in North Vancouver. He has recently enlisted in the 13th Canadian Pioneers, mobilized in Winnipeg. Schofield is a carpenter and is very well known in the village where he spent his boyhood. His older brother Allan, volunteered with the first South African Contingent during the Boer war and another brother Beverly, is in the second contingent.

The Schofields have thus done nobly in their country's service and best wishes will follow the career of this latest son who follows the colors with a western regiment.

Fifty Ambulances on Steamship Sunk by Germans

London, Oct. 21.—Fifty ambulances which the French relief fund of Great Britain recently handed over to the representatives of the French government in London, have been lost at sea. The vessel on which they were being consigned to France was torpedoed by a German submarine.

The French relief fund hopes to replace all the ambulances within a few weeks, by means of private donations.

German Attacks On French Lines Are Again Unsuccessful

Paris, Oct. 21.—Following a futile bombardment last evening to the east of Rheims, the Germans renewed their attacks in this region, according to an announcement made this afternoon by the French War Office. In spite of violent preparatory artillery fire, they again were checked and cut down by the fire of French artillery and machine guns. They did not succeed in winning a single position in the French first line trenches. On three occasions the assailants endeavored to penetrate the French positions. Decimated by the fire of the

French machine guns and the concentrated fire of artillery, they finally were brought to a halt in front of the French barbed wire entanglements.

"Last night," says the report, "we also repulsed a German attack directed against our positions in the forest of Gornivy to the northeast of Sochaux. In the Lorraine district a surprise attack on the part of the enemy against our listening posts to the east of Montel resulted in complete failure. There is nothing to report from the remainder of the front."

## SUCCESSFUL OPENING OF CARLETON FAIR FOR SOLDIERS' COMFORTS

Several hundred persons attended the patriotic fair at the West Side immigration hall last evening for the opening. It was even a greater success than had been hoped for and the Soldiers Comfort Association, for whose effort to send out Christmas boxes to the Canadians in the trenches it was organized, will receive a substantial sum as the result of the fair, which is to be continued for the rest of the week. The hall had been capitally decorated with flags and green foliage, so that it looked cozy and attractive. The Carleton Cornet Band played selections during the evening and later there was dancing for which Messrs. Morgan and Dightman provided the music.

During the afternoon there was a large gathering of people, nearly all from the West End, who had looked upon the fair as their own particular idea to help the patriotic movement.

The tea table was under the care of Mrs. John McLeod, Mrs. W. E. Scully and Mrs. Owens, and the tea had not only been donated by G. E. Barbour, Ltd., but Mr. Barbour attended to see to the pouring. The candy table was in charge of Miss N. Tobin and Mrs. A. Lingham; the apron table, Mrs. Martin and Mrs. Sampson; soft drinks, Mrs. Horace Peters and Mrs. John H. Lee; Frank Delyea and Harold Mayer looked after the games and Miss "Louise" told fortunes. Miss Lee and Miss Tobin saw to the grab bag, and the fish pond was in charge of Miss Browning.

All the prizes had been donated by merchants in the city, and it is expected

Double Bills Attracting Interest—War Pictures Today—"Neal of the Navy"

Another excellent double bill in the new policy at the Gem Theatre was given yesterday, when several striking features were displayed, each attracting interest and popular attention. Of special interest were the scores pertaining to war activities shown in the British-Canadian news weekly, including pictures of Corp. Angus, late winner of the V. C. Canadian Machine Gun in action, S. S. Arabic saved German torpedo and other good views, besides fashions and cartoons. The Gem orchestra gave a pleasing programme. The special double bill features are proving popular every afternoon.

"The Vengeance of Wu Fang" was another two-part episode in "The New Exploits of Elaine," furnishing excitement. "For His Mother" was an Edison war story with Clifford King in the role of a young soldier while "Save the Sloop" was as funny a Vitaphone comedy as Lillian Walker has appeared in for some time. Tomorrow and Saturday the second episode of "New Navy" will be presented, with Wm. Courtleigh, Jr., and Lillian Lorraine, entitled "The Yellow Packet."

## HOBOKEN OR NEW YORK?

Mrs. Hetty Green Lives in Each City "Some of the Times" But is Classed as a "Non-Resident" in Both.

New York, Oct. 20—One of the latest stories concerning Mrs. Hetty Green, "the richest woman in the world," is to the effect that she is again occupying a 38-a-week furnished room at 1211 Washington street, Hoboken. An investigation, however, shows that she lives at that address only some of the time, and that she is "somewhere else" the rest of the time.

She goes to her little room in Hoboken when she goes—on a ferry boat which arrives there at 5 p. m. Mrs. Green's Manhattan abode is said to be at 5 West 19th street.

Mrs. Green's name does not appear on the tax list of New York because she is classed as a non-resident. Her name does not appear on the tax list of Hoboken for the same reason.

Jacques van Twick, janitor of the "Warrens," a row of queer yellow buildings which includes 1211 Washington street, admitted that Mrs. Green has been inhabiting for several days each week for the last few months the room above referred to.

THE RECRUITING CAMPAIGN

More interest is being shown by young men in the recruiting campaign in this city. The ranks of the siege battery have been filled in record time. There is good reason to anticipate an early filling of the ranks of the 88th Battalion.

and will prevent even greater ones being thrust upon us by a ruthless and vindictive conqueror.

The British fleet is true to the Nelson tradition. Britannia still rules the waves, and ensures the freedom of the world's commerce.

At a meeting of the executive of the Children's Aid Society yesterday, Agent Howard submitted reports on a large number of cases of children needing greater care than they are getting at present, and the Society will endeavor to see to it that such care is provided.

It is true that, as Mr. Churchill says, "All's well with the fleet," but we must also win on land, and men must rally to the colors to secure that result.

He appeals today to the spirit of Nelson and the memory of Trafalgar, to nerve us all to sustain unwaveringly the darkening conflict, and that appeal should meet with a ready and universal response in this city by the sea.

"SUPREME SACRIFICE"

Discussing the war and the people, a leading citizen from another section of his province, who is deeply interested in the Patriotic and Red Cross Funds in his district, and is himself a very generous contributor, told a member of the Times staff yesterday that with the exception of the comparatively few families who had sent sons to the front, he knew scarcely anybody in his county who had made a real sacrifice.

Miss Edith Cavell, a British nurse, has been shot by order of the German commander in Belgium because she gave evidence of her patriotism. Lord Lansdowne says she might by her conduct have rendered herself liable to punishment, but what civilized nation would put a woman to death under such circumstances?

Over and over again it has been said that if a German cruiser could have entered the Bay of Fundy and shelled the city of St. John, or if a German Zeppelin could come and drop a few bombs in our midst the public attitude toward the war would be quite different, but why should we need such a spur to action when the daily cables tell us of what has been done by the Germans in England, France, Belgium and Poland?

Discussing the German invasion of Serbia, the Bangor Commercial says: "The passage through Serbia, even if it can be accomplished, will prove to be a tremendously expensive undertaking. The invaders are not only fighting the Serbian army composed of veterans of three wars, hardened in battle and in camp, inured to fatigue, sacrifice and the grimmest sort of hardships, but they are fighting the whole Serbian people, men, women and children. And the Serbian people are not like the Belgian people. The women of Serbia are a hardy breed. From earliest childhood they have been accustomed to labor like men. They work in the fields with the plough and the harrow and they are as fit to shoulder a rifle as their husbands and sons.

Clearly, therefore, every citizen of Canada should realize that this is his or her war, and that thoughts of the war and how it may best be brought to a speedy and satisfactory termination should be paramount in every mind.

CANNOT PLACE BLAME FOR FATALITY IN MONCTON

Moncton, Oct. 21.—An inquest into the death of Elenko Ivanoff, a Bulgarian, who was electrocuted yesterday while working on the new Central Methodist church, was held yesterday afternoon by Coroner Dufresne. The jury was unable to determine through whose neglect the accident happened.

HOW'S THIS We offer One Hundred Dollars reward for any case of Cataract that cannot be cured by Hall's Cataract Cure.

We must fight, and endure and suffer. Humanity's battle against a cruel and devouring monster is being fought, and Canada has more at stake than even England herself for this rich country, with its boundless resources, is especially coveted by Germany.

YOU KNOW IT'S TIME TO GO

The slogan is: "You're wanted. At the front to fight the foe." When you know it's time to go, yet many fellows seem to think that they don't have to go; but let me tell you, my friend, the time is drawing near.

Chorus. So what's the use of waiting, When you know it's time to go? To fight the mighty foe, Your king and country need you; You've been told that over and over, So grab a gun, get on the run, And stop this bloody war.

LIGHTER VEIN.

"Some men have no hearts," said the tramp. "I've been a-tellin' that feller I am so dead broke that I have to sleep outdoors."

"Tommy," cautioned his mother "be sure to come in at four this afternoon to get your bath before you go to the penitentiary."

A man was arrested for robbing another of his watch and chain. The magistrate discharged him as there was not sufficient evidence to convict him.

"You're discharged," said the magistrate; "you can go you are free." Still no word from the prisoner who stood dumbly staring at the magistrate.

"Well," stammered the prisoner at last "do I have to give him back his watch and chain?"

MANITOBA WANTS DUTY REMOVED FROM WHEAT

No Action at Present—General Election Off, at Least Until After January Session

The premier and minister of education of Manitoba, and the mayor of Winnipeg waited on the minister of finance in Ottawa yesterday and urged that wheat be put on the free list in order that it may be admitted free to the United States also.

It is understood in Ottawa that the government has decided to drop the idea of a fall session and an early election but that parliament will assemble in January and developments then will decide their future course of action.

### LIEUT. CARTER OF 26TH WOUNDED

Lieut. C. E. Fairweather Back on Duty

**DRAFT FROM 64TH FOR 55TH**

Recruits Still Offer For Siege Battery—Yesterday's Volunteers—Stirring Recruiting Meetings Last Evening

The casualty list last night included among the wounded the names of Lieut. A. DesBrisay Carter, of Point de But, N. B., in charge of the machine gun section of the 26th Battalion, and Lieut. Charles E. Fairweather, Sussex, also of the 26th Battalion. The latter is back on duty, his wound being slight. Capt. B. H. T. MacKenzie of Moncton has been reported wounded with the 24th Battalion, and Corp. Harold W. Bennett, of Halifax, 24th Battalion, has been killed in action.

One hundred and twenty men from the 64th Battalion will leave Sussex tonight as a draft for overseas duty.

Mrs. Kirkpatrick, wife of Capt. F. A. Kirkpatrick, of the 55th Battalion, was the recipient of a traveling bag yesterday from the members of the Women's Club at Valcartier Camp, in recognition of valuable services rendered the club during the last few months.

Addressing the Ottawa Canadian Club yesterday, Sir Sam Hughes said that Canada would be in the war to the finish whether it required two divisions or forty divisions of men.

Recruits.

Although the siege battery has been filled, applications are still being received by Lieut. Col. Armstrong from men anxious to serve with it. Among those enlisted yesterday in addition to the list in last night's Times, were Charles E. Wardell, London, Ont.; John E. Nye, Moncton; R. Carson, Robert Law, St. John; Simon A. Merchant, Cape Breton, and John E. Harper, Beachburg, Ont.

### TWO GOOD MEETINGS LAST NIGHT TO BRING OUT THE RECRUITS

Yesterday was a good day for recruiting in St. John. Seventeen stalwart men applied to join the Siege Battery and eight to the 26th Battalion—a total of twenty-five for the day.

The meeting and smoker held at the recruiting room last evening was very frequently interrupted by hearty applause for young men passing up stairs to the medical examination coming down to complete their enlistment.

The features of the meeting were the speeches of Walter Brindle and C. H. Wasson. The former told how two of his sons were rejected because they were not tall enough. One of the latter being accepted, though scarcely fifteen years of age. Mr. Brindle added that he had himself decided to go for whatever battalion is quartered in St. John for the winter, so that he might have time to arrange his business affairs.

Mr. Wasson, who had come in with one of his sons who was there to enlist in the Siege Battery, made a very stirring speech, and sang "God Bless My Boy." He, too, was heartily cheered.

H. Wetmore, president and A. M. Belding, spoke briefly. Master Wetmore, in a soldier suit, gave an appropriate recitation. P. Johnston, who sang some bright music, and another gentleman played and sang.

Corporal Logan of the 64th, made a stirring appeal to the men, saying that he had lost a brother in the war, but neither he nor his brother had been encouraged with bands or cigars or speeches to don the king's uniform.

These Mill street meetings are all intensely interesting, because recruits are always there, and there is no lack of enthusiasm.

This evening the display of physical culture at St. Andrew's rink, arranged by the committee under the direction of John Power, is to be the chief attraction for recruits. A splendid programme has been arranged and it is hoped that an appeal may be made, to the athletic young men of the city to come forward.

A meeting is to be held this evening in the Temperance Hall, Fairville, and the speakers will be Postmaster Sears and A. H. Wetmore. There will be musical selections, and a reading by Miss Brown, Carlisle. On Friday and Saturday, posters are to be distributed in conjunction with the central committee and next Tuesday the Fairville committee has arranged to hold a meeting at the Coronation Hall, Lorneville, when pictures of the 96th Battalion and military life in general will be shown.

North End Meeting.

The recruiting meeting in St. Michael's Hall, Main street, last evening was a success from every standpoint. The building was filled to its capacity with men, old and young, and the reception accorded the various speakers showed that their remarks had not been wasted. Although only one young man offered, many no doubt were clearly impressed.

J. Fraser Gregory presided at the meeting and those on the platform were: Mayor Frink, H. A. Powell, John Connor, John Chesley, A. M. Rowan, Joseph T. Quinn, George H. Martin and R. J. Walsh.

Mayor Frink was the first speaker and briefly described the different phases of the present gigantic struggle. He urged all present who were qualified and able to do so to join the ranks at once and assist in the common cause. He condemned the spirit of the men in England who were responsible for the present political crisis.

Mr. Powell narrated the rapid growth of Canada, and the part of the great part she was taking in the war. He then told of some of the atrocities of the Germans and said that hell was not deep enough for the Kaiser and the others responsible for the present terrible slaughter.

Mr. Connor received a great ovation when he arose to speak. He told of the

### TO SAFEGUARD LANES IN VINEYARD SOUND

Project is Favored at Meeting Held in Boston

Boston, Oct. 21—A public hearing was held at the Chamber of Commerce to consider the establishment of anchorage grounds and clear navigation lanes in Vineyard Sound and Vineyard Sound, and was attended by representatives of ship- ping interests and navigators. Col. John Mills, in charge of the United States engineers in the Newport district, who has jurisdiction over the waters affected, presided, and briefly outlined what it was proposed to do in order to minimize the danger of accident in thick weather.

Capt. E. R. Greer of the steamer New Hampshire of the New England Steam Navigation Company, favored the idea as outlined, as did Capt. John G. Crowley, general manager of the Coastwise Transportation Company, Capt. William J. Bond of the Merchants and Miners' steamer Ontario, Capt. Lorenzo Crowell of the steamer H. F. Dimock, Capt. Michael O'Brien, coast pilot, and others. In fact those who attended were unanimously in recommending that lanes for navigation and anchorage grounds be defined and that navigation officers be requested to observe them, but that no penalty be attached to non-observance until at least one year has elapsed, when the rules can be laid down and any violation of them be subject to a fine.

It was suggested that the lanes be patrolled by a coast guard cutter and Col. Mills will so recommend to the government.

The matter of straightening Pollock Rip Shue Channel was also brought up and was generally favored. Col. Mills said he would report in favor of keeping a powerful deep-draft vessel in the slip, which, by passing to and fro would keep the channel clear of obstructions.

The sentiment of those present was that it would be well for the government to take some action regarding the recent formation of shoal spots in Vineyard Sound and vicinity. Col. Mills favored

War Reports in Last Night's Cables

There is still some doubt as to whether they have cut the railway near Vassya, the Serbian government denying the report that they have done so, while other accounts say that the Bulgarians reached the city, but were driven back. Mining operations have occupied the attention of the Anglo-French troops and the Turks in Gallipoli, while from Mesopotamia it is officially reported that the British are within a few miles of Baghdad. Considerable importance is attached to the arrival at Odessa of a military mission en route from Roumania to Paris. Its object is not known, but it is thought here that such a mission would hardly be undertaken unless Roumania contemplated action on the side of the Allies. London, Oct. 21, 1:52 a. m.—Great Britain has made a formal offer of the island of Cyprus to Greece, as soon as Greece undertakes to intervene in the war on the side of the Allies. The Daily Telegraph makes this announcement this morning. Cyprus is the third largest island in the Mediterranean, sixty miles from the coast of Asia Minor. It was administered until Nov. 5, 1914, by Great Britain, under a convention concluded with the Sultan of Turkey at Constantinople in 1878, but on the outbreak of hostilities with Turkey on the former date, the island was annexed. The high commissioner, Major Sir J. E. Clauson, is assisted by an executive council. Cyprus has an area of 3,584 square miles and a population of nearly 300,000, thus about one-seventh as large as New Brunswick and with a population nearly as great. Verona, Oct. 20.—The Italian offensive along the Tyrolean front is believed here to be the beginning of the execution of the plan of General Cadorna, chief of the Italian general staff, for an invasion of Austrian territory, which he is declared to have held to be the best way of assisting Serbia. The capture by Italian forces of Pregasina thenceforward, while the taking of the Brentonico Castle, 2,500 feet above it, threatens Rovereto, meaning Italian command of the route to Mori and the railway to Trento. The results of this offensive movement thus far are held here to indicate that the Austrians may be obliged to triple their forces to meet it. Odessa, Oct. 20, via London.—The Russian authorities have decided that the favorable turn in military affairs has rendered it unnecessary to carry out the contemplated evacuation of the three northern districts of the government of Bessarabia. London, Oct. 20.—A report from Field Marshal Sir John French issued to night says: "An enemy attack yesterday afternoon was made against our front from the quarters to Hotteluck. After a heavy bombardment of our trenches, infantry attempted to attack across the open ground, but was completely stopped by our combined fire, artillery, machine gun and rifle. This was followed by a number of bombing attacks in the neighborhood of the Hohennollern redoubt and Foss No. 8. All these attacks were also repulsed. The enemy's losses were very severe." London, Oct. 20.—Battles south of Riga, where the Germans have made some progress in the new thrust at the Baltic province port, and in Volhynia and Galicia, where the Russians have gained rather important victories, are now competing in interest with the operations in the Balkans. The Germans have concentrated very large forces with a great amount of artillery south of Riga, and, as a result, a stubborn battle has been in progress for several days. Field Marshal Von Hindenburg who is in command in this region reported two days ago that his forces had reached the River Dvina, but, as on previous occasions, this broad and fast running waterway appears to have held him up for the time being. The situation, however, is considered by the Russians to be more serious than it has been for a long time and there is again talk of the evacuation of Riga by the military, who have been in sole occupation of the city since the civilian population left a month ago. At the other end of the eastern front the position is just the reverse. General Ivanoff, who has proved himself to be the most aggressive of the Russian commanders, has been striking hard at the Austro-German forces on the Middle Stry and all along the fringe of Galicia that is still in Russian hands. At several places he has driven his opponents back, and there is a report tonight that the Austrians have evacuated Caserowitz—a report which finds some confirmation in an Odessa despatch, declaring that the Russians have abandoned their contemplated evacuation of the northern districts of Bessarabia.

SIR EDWARD CARSON

CARSON, IN COMMONS, TELLS WHY HE GAVE UP CABINET POST

British Attorney-General, who has resigned from the Cabinet.

London, Oct. 20.—Coming direct from Buckingham Palace, where he handed to King George the seals of his office on his resignation from the cabinet, Sir Edward Carson appeared in the house of commons this afternoon and set to rest all conjectures regarding the reasons for his retirement. After expressing regret at the absence of Premier Asquith and stating that for this reason he would give a brief explanation than he had intended, Sir Edward Carson said: "I am well aware of the difficulties under the existing circumstances of making any full statement, or of saying anything that might be taken hold of as showing any signs of weakness or divergence in the main object we have in view of carrying the war, at all sacrifices, to a final and conclusive issue. I need hardly say that upon that issue there is not and never has been, either in the cabinet or in the house or in the country, any disagreement or divergence of opinion. I have seen criticisms of myself and reasons for my resignation, of a very petty and malicious character, attributing the motives to a party and political nature. I do not desire to deal with these ridiculous assertions, except to say now, in the presence of many of my late colleagues, that since I entered the cabinet I have never heard a word of discussion or dispute on these party questions which led to far-reaching results. In every cabinet meeting I attended we all devoted our energies wholly and solely to the discussion of questions which arose with reference to the prosecution of the war. "Difficulties which have arisen in the eastern war theatres have created a situation which, to my mind, must necessarily lead to far-reaching results. At the time I entered the cabinet we already were committed to what may be called the operations in Gallipoli. It is not, of course, my intention to deal

either with the inception or the carrying out of these operations, but it must be plain to any observer that the new war theatre in the Balkans created a situation which could not be divorced from our position on the Gallipoli peninsula, and the statement made in this house by the foreign minister, with the sanction of the cabinet, appeared to me to be an announcement of a policy of the highest importance with regard to our obligations in the Balkans, involving our prestige and honor. "That situation, with all its complications, necessitated, in my opinion, a clearly defined, well thought out and decisive policy on the part of the government; and, finding myself unable to agree in any respect with what I understood to be laid down as a policy approved by the government, I felt that my presence in the cabinet could not be of any use in the critical situation in which we were involved. "I need hardly say I am not suggesting that my views could possibly be compared with those who have much more experience and greater wisdom in dealing with such situations, but at the same time I held, and hold, the views I have expressed, very strongly, and I hope the house will believe, conscientiously and patriotically. I did not think that in the circumstances I could be anything but a source of weakness at a time requiring great strength and consistency. "That is all I can say, and I ask the house to believe that in the course I have taken I have been actuated by no personal party motive, but that I have acted to the best of my ability solely in the interests of my country." Sir Edward Carson's speech was punctuated with cheers, and was concluded amid loud cheers. "Everybody wants 'em—the tickets for that \$5,000 drawing."

RUSSIAN CONTRACTS FOR

\$57,000,000 IN STATES

New York, Oct. 20.—The distribution of a \$57,000,000 Russian war contract for munitions and supplies recently awarded in this country is announced. The Bradley Construction Company was awarded a munition contract which totals about \$50,000,000, and includes one billion rifle cartridges. Its contract provides also for a new one-man machine gun which is carried on a soldier's back. It is an American invention. A contract for 5,000,000 yards of cloth for overcoats was awarded to the American Woolen Co. Tickets on sale in principal stores about the city, for the patriotic drawing.

BRYAN ATTACKED

BY BRAZIL BISHOP

Carnegie, Too, Denounced For His Peace Activity—Teuton Design Seen

The Right Rev. Lucien Lee Kingsolving, Episcopal Bishop of Southern Brazil, who returned to the United States a few days ago and is now at the Laurent-in-the-Pines, Lakewood, N. J., has denounced Mr. Bryan as a ridiculous figure in history, and characterized Mr. Carnegie as a man who had betrayed his Americanism when he said he would welcome invading German troops with his hand in his head. Dr. Nicholas Murray Butler, president of Columbia University, was in the Bishop's opinion, an exponent of ridiculous policies, when he urged the United States to declare the waters of South America neutral seas. As evidence of the German attitude toward the Monroe Doctrine he related an incident aboard a coaster bound for New York in which he was a passenger several years ago. He said a German entered the cardroom where he and several Englishmen were talking and smoking and remarked: "What is all this nonsense I hear about the Monroe Doctrine and the United States? What is the United States trying to do?" Bishop Kingsolving said he was so incensed that he could hardly control himself but replied that the Monroe Doctrine meant the United States feet backed up by the United States government. Colonel Approved. "When I arrived in Washington," said the Bishop "I told this story to President Theodore Roosevelt, who retorted: 'Did you say that bishop?' and sticking his fist under my nose he roared: 'That's perfectly true and the German emperor very well knows it.'" Bishop Kingsolving said that Brazil feared the German peril and that its government had knowledge of ulterior German aims in South America. He said the people of Brazil regarded England's entry into the European war as a guarantee of Brazilian independence. The Bishop might call on Secretary of State Lansing before returning to Brazil. "With Germany master of central Europe," he said, "his next step would be a warlike attempt to place new interpretation upon the Monroe Doctrine by attempting to establish a Teutonic colony in South America, but England's participation in the great conflict gave Germany something else to think about. "I suppose you don't know that in every little town and hamlet in Southern Brazil the German population has organized rifle clubs and that they are armed with repeating rifles of large calibre. There are nearly half a million Teutons in that part of the country. They are the best shots in the country and the government has made many efforts to break up these clubs without success. The newspapers there have been aware of this condition for several months and are doing everything to inform their countrymen of the German menace. At the same time they advise the people of the sincere friendship of the United States toward all the South American republics." Bishop Kingsolving will remain in this country until February when he will attend the churchmen's conference at Panama. He will lecture in Chicago, Friday night at a laymen's meeting of the Episcopal church.

BASEBALL

Taft Denies Rumor. Cincinnati, Oct. 20—Chas. P. Taft, owner of the majority stock of the Chicago National baseball club denied emphatically here on Wednesday the report that the club had been sold.

How Speaker Signed. Something like ten years ago when Tris Speaker was playing amateur ball on the Texas lots, the manager of the Cleburn team in the north Texas League saw him in action, sought him out after the game and said: "I'd like to sign you to play with my club. I'll pay you \$65 a month and board. Think it over and let me know tomorrow."

That night Tris went home and told his folks about some "funny guy" kidding him. "Said he'd give me \$65 a month, and board, too," said Tris. "That shows he was kidding."

But the Cleburn man was not. The next day he hunted up Tris. "Well, what about my offer?" he asked.

"Oh, it listens good—it listens too darned good," answered Tris. "You can't kid me, mister."

"Kidding? Say, my boy," responded the Cleburn man, "just to show you that I mean business I'll pay you \$25 in cash the minute you sign the contract."

As he spoke the manager extracted a husky roll of bills from his pocket. Tris took one look at the bundle and then gasped: "Gimme the contract—and gimme the pen—quick."

The funeral of Robert E. Ward, vice-president of the Federal League, and owner of the Brooklyn Club, took place this afternoon. All the club owners of the league attended.

Cleveland Has Largest Park. Not the Yale bowl nor the new speedways nor any of the new marvels of seating capacity built or now building in the United States for money making purposes can boast of being the country's largest show place.

That honor belongs to the Brookside amphitheatre, Cleveland, which will accommodate 100,000 persons. Woodlands, another amphitheatre being constructed in the same city, is almost as large.

In these places the amateur champion baseball finals of the city are played to near capacity crowds. Last year more than 50,000 persons saw one contest, according to conservative estimates.

RIFLE A Great Shot. Jacksonville, Fla., Oct. 20—Sergeant James S. Stewart, Massachusetts National Guard, yesterday won the national individual championship the first event of the National Rifle tournament being held at the state camp grounds here. His score was 315 points out of a possible 325.

RING Langford Defeated Johnson. Denver, Oct. 18—Sam Langford, of Boston, was given the decision tonight over Jim Johnson, of Tennessee, at the end of fifteen of the most furious rounds ever witnessed here. The decision was greeted with applause. Johnson out-weighted Langford by forty pounds.

In the 14th round, after coming out of a clinch, he landed a hard right-hand smash to the point of Langford's jaw, putting him on the canvas. Sam rolled around, grabbed the ropes and went into a clinch as the going rang.

Langford outpointed Johnson throughout, but Johnson showed that he is one of the gamest men around this part of the country in years.

News of the Boxers. Had Eczema Twenty Years CURED BY ZAM-BUK.

Mr. Joseph Johnson, 684 Broome St., New York, writes: "Over twenty years ago eczema appeared on my hands and feet. I went to a doctor, but his treatment afforded only temporary relief. Finding medical attention and treatment little avail I commenced to try first one and then another of the so-called remedies which were recommended, but for over twenty years I suffered from this painful, humiliating disease. During this time I spent hundreds of dollars and all I got was temporary relief. At last Zam-Buk was suggested to me. I decided to give it a trial, but did not expect a cure.

"The first few applications proved this remedy entirely different to the scores of preparations I had used in vain. Persistence with Zam-Buk and Zam-Buk Soap, I am more than glad to say, has effected a complete cure.

"Zam-Buk" beyond all question a marvelous preparation and I most heartily recommend it to all sufferers from eczema.

Think of it, suffering day in and day out for twenty years! Think of the healing power of Zam-Buk which, despite the long-standing nature of the disease, effected a cure! How much more can you expect of the cure which could have been effected had Zam-Buk been applied at the outset!

If you suffer from any skin disease of injury, piles, dicer, abscess, rheumatism or scalds, take this lesson to heart. Try Zam-Buk first and give it a fair trial.

At all druggists and stores, or post-paid from Zam-Buk Co., Toronto, 50c. box; \$ for \$1.25. Zam-Buk Soap, 25c. tablet. Send 1c. stamp, this ad, and name of paper, and we will mail you free sample of Zam-Buk.

**GAR SERVICE OVER THE NEW BRIDGE BEGUN**

Interesting Old Time Account of Fredericton Gathering in Honor of Nelson's Victory

In connection with Trafalgar Day, the following is of interest. It is from Acadia and describes the celebration in Fredericton in 1806, in honor of Nelson's great victory of a few months previous.

Major-General Hunter gave a ball in the Province Hall, February 14, 1806, to commemorate the great victory of Trafalgar, gained October 21, 1805, when Nelson fell, mortally wounded. From a notice in one of the newspapers of the time, it was stated:—"All the rooms in the building were occupied on the occasion. On one side, between two arches, formed with evergreen and artificial flowers, interspersed with great taste and crown with the national emblems of the plumes of the Prince of Wales, was placed an elegant transparent painting of the Nelson Arms, executed by Capt. Ruydard, of the Royal Engineers, in a masterly manner, supported by the king's colors of the late and present New Brunswick regiments. Between corresponding arches, formed and variegated in the same manner on the opposite side, was placed another transparency of the Nelson Star and Motto, the four points of the star illuminated by the words St. Vincent, Nile, Copenhagen and Trafalgar in succession in golden letters, Trafalgar being the zenith. This was executed by Capt. Campbell, of the New Brunswick Regiment, and was supported by the regimental colors of the corps above mentioned. The floor was also chivalrously decorated with the colors of the British flag, and the walls were adorned with finished paintings in its various parts. The two ends of the room were decorated with large colored daggers and festoons, including, in opposite and corresponding situations, two highly finished pictures in oil. One thousand red and fifty candles, including those which illuminated the arches, gave high lustre and splendid effect to the whole scene.

The company was collected between nine o'clock, when the dancing commenced, two sets of twenty couples each, the first led off by the president of the province, with Mrs. Hunter, the second by the Major-General Hunter, with Mrs. Saunders. The dancing continued till one o'clock, when the supper was opened, to which the company were conducted down the great stair-case in the hall, illuminated by a magnificent chandelier of sixty lights, and continued during supper-time, which was served in the supper-room, which was splendid and magnificent, and excited universal surprise and admiration. The supper-tables were inclosed by pillars of the Ionic order, connected by arches, the whole formed with evergreens, cultivated by artificial flowers of different kinds and colors, lighted by numerous number of tapers, which altogether produced the happiest effect. The upper part of this chandelier was in the form of a hexagon, the centre arch co-extensive with and directly over the oval, which formed the head of the chandelier; around this arch, over which the Union colors were handsomely festooned, letters forming the decoration, which composed the words "God Save the King," so large as to be distinctly visible from the farthest end of the room, and under this inscription, upon the chord of the arch, was placed a strikingly brilliant and magnificent parent painting of the "Victory" engaged with the French and Spanish admirals' ships, with their main masts and rigging, the act of striking—executed by Lieutenant Shore, of the New Brunswick Regiment. This large picture was connected by two smaller ones in an oblique direction, with the larger arches on the sides of the room; a little retired from under these smaller arches, conspicuously stood two Grenadiers in full dress and arms, corresponding with two others placed near the lower corner of the room. The bottom table formed a base to the whole figure in a straight line, under a canopy displayed in immensely large Union colors suspended from the ceiling, and exhibiting the appearance of a superb Turkish tent. An scenery of this kind had been anticipated, the whole appeared like enchantment, and for a while arrested the attention of the company from the profusion of rare and delicious viands and liquors with which the supper tables were covered in the highest style of elegance and taste, ornamented with Chinese temples, pagodas, and other devices of beautiful and novel form. One hundred and thirty-six ladies and gentlemen sat down to supper together, with perfect convenience, among whom were the president and members of His Majesty's Council, the principal officers of government, Major-Generals Coffin and Armstrong, and a respectable collection of the first characters in the province, honored by the company of sixty ladies, who formed a climax to the beauty of the scene, and added in no small degree to the festivity and enjoyment of this sumptuous repast. After supper a number of select and appropriate toasts were given, and in the intervals a variety of well adapted songs sung, among which were "God Save the King," "Rule Britannia," "The Watery God," "The Battle of the Nile," and a song composed for the occasion. About three o'clock the dance was resumed and continued in the most animated and exhilarating style till nearly five, when the company broke up, highly gratified with the superb and magnificent celebration of the victory of our great and immortal naval hero, which for splendor, taste and elegance cannot be easily surpassed.

**FAIRVILLE CAR FIRST ACROSS ABOUT 10 O'CLOCK THIS MORNING**

The first car crossed over the new bridge this morning about ten o'clock and the honor belongs to Fairville for inaugurating the service for which its citizens have hoped for years. A little before ten a.m., Fairville car No. 102, in charge of Motorman Robert Wayne and Conductor William Nelson wended its way with creaks of importance down Main street, among the passengers were H. M. Hopper, manager of the St. John Railway Company; Hazen McLean, traffic manager; Robert Chambers, foreman of construction, and other officials. A stop was made at the waiting room near the bridge and Carleton passengers were offered the chance of a first ride across the falls in an electric car. The accommodation was soon based. Room was made for Caretaker Samuel Shanks, who boarded the car just as it approached the bridge.

The journey was made pleasant and the service continued throughout the day for a fifteen minute school leaving. Room of Fairville promptly twelve minutes after the hour.

Within two or three weeks, it is hoped, the city approach will be raised, the diamond crossing over the C.P.R. tracks established so that the Carleton car may cross the bridge tomorrow.
