COUNTER ATTACK BY MEN IN ITALY WINS BACK PORTION OF LOST GROUND

Germans Are Successful Against French at Mamelon and Re-occupy Summit There—Allies Make Gain Elsewhere

Paris, May 6.—The French War Office reports: "To the north of Ypres, we repulsed with facility a night attack made by the Germans from Steenstede."

"To the south of Ypres the Germans, yesterday, near Zwartvelt attacked the trenches of Hill No. 60 occupied last month by British troops. Their very violent onslaught, during the course of which they again made use of asphyxiating gases, made them masters, in the beginning, of this portion, but our allies subsequently delivered a counter attack and recaptured a portion of the trenches previously lost."

"In the forest of Ally, the counter attacks delivered by us toward the end of the day made slight progress, and we recaptured a portion of the position where the Germans had succeeded in gaining a footing in the morning. During the night the Germans delivered a counter attack against our position at Mamelon to the east of Sillakerwesten, the summit of which they recaptured."

"All the remainder of our gain in the direction of the river Fecht has been consolidated and maintained."

STRONG GERMAN OFFENSIVE. London, May 6.—The German line to the east of Ypres is within three miles of the town. The British press does not seem to deny in any way the consistency of this German offensive, but there is no disposition to lament the drawing in of the British front to the eastward and the northward of Ypres, which was the only alternative to a successful counter attack. Confidence is expressed that the new British alignment will prove beneficial in view of the hard fighting which is expected.

IMPORTANT ADVANCE AT DARDANELLES. London, May 6.—The Turkish considerably reinforced, attacked the allies' camp at Kritilla early on Tuesday morning, but were repulsed leaving 1,500 dead, according to a despatch from the Allies. The allies have advanced into the interior, the despatch says, and now occupy positions of great strategic importance.

Another Torpedoed. London, May 6.—The steamer Cathay from Copenhagen for China, was either torpedoed or torpedoed late last night in the North Sea. She went down in twenty minutes. Forty-three persons aboard landed safely at Ramsgate today.

Interested By French. Marseilles, May 6.—The port authority has interned the steamer Margot of Alexandria and seized her cargo. The captain and crew are Greeks, but the owners are four Germans. The steamer was sailing under the Belgian flag.

ALLIES' SHELLS SET THREE TOWNS AFIRE

Dardanelles, Maidos and Gallipoli—Severe Fighting on Peninsula

Constantinople, May 4, via London, May 6.—Despite the decision of the Turkish government to refuse all correspondents access to the Dardanelles region, exception was made in the case of two Germans and an Associated Press correspondent. The party arrived on the night of May 1, while the town of Dardanelles, after thirty hours, was still ablaze. The scene was one of desolation, with crumpled walls, and houses dismantled.

Maidos also was burned, and, yesterday, the town of Gallipoli was set ablaze—all by indirect fire from the Gulf of Saros, with ignition shells directed by captive balloons and aeroplanes. Intense and heavy fighting on the Gallipoli peninsula has continued from the first landing of the allied forces, but details of the new campaign cannot be told. The Straits themselves, so far as is known, have not been seriously attacked since the re-opening of the operations, but yesterday seven ships were seen and heard off Seddul Bahr, firing intermittently.

FOR THOSE WHOSE MEN GO TO WAR. Stratford, Ont., May 6.—The city council last night placed at the disposal of the finance committee \$10,000 for a special fund to provide for dependents of local soldiers of the Third contingent, now at Guelph.

Czar's Men Are Forced To Give Way

War Office Admits First Line Defenses in Western Galicia Forced But Experts Say Enemy Advance Halted

Petrograd, May 6.—The Russian War Office, today, admitted that the first line defenses of the Russian troops in Western Galicia, had been carried by the Austro-German forces, but asserted that all attacks on the second line had been repulsed.

Latest despatches indicate that the Austrians and Germans have massed in Western Galicia nearly 700,000 soldiers, several corps being veterans from the western front. These, with General Von Mackensen's troops from the Bura Bawka front, have led in the attacks upon the Russian positions.

Russian commanders were handicapped in their preparations to meet the great offensive in Western Galicia by the lack of railways and the fact made against various portions of the battle front in other districts. So soon as it was definitely ascertained that the great German stroke was being made from the Danube, reinforcements were hurried to that region.

Petrograd military experts assert that the Austro-German advance has now been halted and the fresh Russian troops will be able to regain the foot ground.

Expect Great Battle In Eastern Arena

German Strategy Now Directed to Keeping Russians Out of Hungary so That Wheat Crop May be Saved

London, May 6.—Petrograd special despatches to the London newspapers today seem to indicate that little news has been allowed to leak out concerning the latest Austro-German attack on Russian forces in the east.

The Times' Petrograd correspondent, in a despatch dated Wednesday, says that while the German movement in the Baltic provinces is halting out of the pressure of the Austro-German forces east of Cracow may be regarded as preliminary to one of the fiercest battles on the front.

The Daily Mail's correspondent says: "It is not yet clear where the enemy's main blow will be directed. All the Germans and Austrians have done up to the present is to attack at many places in the hope of confusing the Russians as to their real objective."

"Hitherto the most vigorous initiative has been shown in the Cracow region. The whole aim of German strategy is to keep the Russian army out of Hungary. Wheat there is sprouting and on it the Germans and Austrians depend for their next winter's bread."

"The Lithuanian adventure is not regarded seriously here. Fortunately Russia has plenty of men for all the fronts."

According to the Morning Post's representative, prisoners captured by the Russians prove that some of Germany's best trained troops of the active army have been brought from France to the eastern front.

Change In Italy

Agreement With Austria Declared More Likely

CESSION OF TERRITORY

Report Now Says That Differences Apply Only to Extent of Lands to be Given up by Austria, and How and When

Rome, May 6.—(Via Chiasso, Switzerland to Paris, May 6)—In official quarters, where the true situation of Italy is known, and notwithstanding the anti-Austrian feeling shown at the unveiling of the Garibaldi monument at Quarto San' Elena," it was said today that the possibility of an accord between Italy and Austria had never been so probable.

This fact, it was asserted, was due to Austria at last realizing that Italy was really determined to go to war to secure the territories inhabited by Italians, but under Austrian rule. Italy's military preparations are being completed with as much energy as though the country expected to participate in war tomorrow. All the carabinieri and the customs guards, who in Italy are attached to the army, have been called to the colors and all military leave of absence has been suppressed.

The frontier of Italy on the Austrian side has been strongly fortified. All the passes are protected with entrenchments and wire entanglements.

SIR HENRY RUNDLE TO COMMAND ONE OF BRITAIN'S NEW ARMIES

Of Six Armies Three Are Now Fighting—Sir Arthur Paget in Command at Salisbury Plain

London, May 6.—General Sir Henry Rundle, governor and commander-in-chief of Malta, has been appointed the chief command of one of Great Britain's six new armies.

Two of the armies already at the front are under General Sir Douglas Haig and General Smith Dorrien; another is at the Dardanelles under General Sir Ian Hamilton. Of the armies not yet in action, Lieut-General Sir Archibald Hunter commands the first "kitchen" army, and General Rundle and Bruce Hamilton, the remaining two.

General Sir Arthur Paget has been appointed commander of the Salisbury training centre.

LATEST PHASE OF ELECTION SITUATION

Ottawa, Ont., May 6.—It is said that parliament will have to be dissolved by May 14 if there is to be an election on June 28. It will take six weeks to fix the lists for unorganized Manitoba and Ontario, and to get all of the printing and distributing of election papers done.

As saying begins in Ontario about July 1 it is understood that if the election is not held before that time it will be deferred until at least after the harvest.

Worry over the election has made Premier Borden sick and he has not been at his office for three days. It is said by some, but believed by few, that Hon. Mr. Rogers will leave the government if Sir Robert Borden does not give him the election he is demanding.

Peking, China, May 6.—The ultimatum of Japan to China reached the Japanese legation today. It probably was presented to the Chinese government this afternoon.

Turin, Italy, via Paris, May 6.—A Saloniki despatch to a newspaper says that a military agreement has been concluded between Rumania and Bulgaria preliminary to a formal political alliance, making it obligatory for those nations to support each other in case of war.

GERMAN HOPES NOT FULFILLED

Some of The Expectations That Failed

REVIEWS OF GERMAN WRITERS

Rebellions, Holy Wars and Civil Conflicts Depended on Stay Britain's Hand—Did Not Materialize

The New York Evening Post publishes the following news notes compiled from latest available German newspapers:

As a sign of the times, the expressions of Herr Eugen Zimmermann in Der Tag are worth quoting. He writes of what the war has brought. Prophetic diplomats, professors and those who concerned themselves with politics in theory or practice were misled in the belief that the whole of India would rise in rebellion. Nothing of the kind has happened, he says, but the contrary tens of thousands of Indian troops are fighting for England on French soil. The Holy War was expected to be a great factor against England. It exists, but while the holy banner of the Prophet glimmers about it, certain numbers of fighters, it is no longer the symbol of fanatical strength exhibiting itself in destructive deeds. Russia was said to be unready, her mobilization slow, her railways defective, and her soldiers beset with drink. But things happened otherwise. The Russians came on with unexpected rapidity, their armament is good, and their artillery especially so. Alcohol is forbidden, and the men fight with remarkable skill and bravery. Moreover, the promised revolution in Russia has not arrived. Small value was set upon the French army, and yet it is fighting splendidly. General Joffre and other French generals, who were supposed to be immersed in politics, evidently knew their business. Not everything has happened that the allies expected, either, says Herr Zimmermann, but his candid statements have evidently created an impression in Germany.

The Cologne Gazette seems to be much annoyed at the proposal for establishing a British dye industry. The paper says: "The new undertaking means the economic downfall of England. Thanks to the lack of skill and ignorance of her industrial leaders, England let herself be beaten in the chemical industry by Germany—by Germany's business-like spirit of enterprise and the technical and scientific activity which has become a subordinate. She produces arithmeticians and bookkeepers, but no men with spirit for great business. She produces no creators of technical novelties, because the knowledge is lacking, and because no practical means of learning could grow up in the swamps of poverty of thought and of lassitude in which England has been reeling for decades past. Finding herself in this position, and feeling in so many spheres the pressure of her backwardness, England in despair had recourse to the crime which this war constitutes. She hoped by means of the war, and of general passion stirred up by the war against Germany, to be able to strike this enemy a real blow—even by the foundation of the aniline dye company. Much luck to it. The attempt will be interesting."

German newspapers continue to provide proof of the serious extent of the food shortage. Each day produces fresh suggestions for economizing. The latest is that there should be "a war tax" on the Cologne Gazette says: "Since January it has been forbidden to make dog biscuits, with the result that dogs kept as luxuries are given food that might be used for human consumption. In Cologne there are about 14,000 licenced dogs, but anyone going about the streets cannot fail to see how many there are without collars, and so unlicensed."

"There are about 3,000,000 luxury dogs in Germany, big or small, and it must be acknowledged that they eat up a great deal which might be used by human beings or other animals. If the cost of the license were raised and sharp control exercised so that all unlicensed dogs were confiscated, it would make for a really substantial economy in food, and at the same time produce several million marks revenue. It would be successful in any event, because other dogs would be got rid of and food saved, or there would be larger income from the taxes."

The Hamburger Fremdenblatt speaks of a meeting of farmers, who complained that they were not getting their share of the food scraps that ought to be available for feeding animals. Twenty thousand pigs could, they said, be fed on the waste from the Hamburg kitchens alone. In Berlin and Westphalia all kitchen garbage is collected by the authorities, and some journals suggest that this should be done throughout Germany. The head of the statistical department in Berlin states that:

ADMIRALTY TAKES TWO MORE LINERS

The Furness, Withy liner Northwest-er Miller, scheduled to sail from London for Halifax was taken over by the Admiralty. She is the fastest and most comfortable liner on the route. The only ten-day boat operating between Halifax and London. She arrived on March 19 on her maiden voyage, after occupying two German submarines. Built especially for the four trade, she has a deadweight capacity of 8,700 tons and a carrying capacity of about 6,000 tons. She is 400 feet long, 52.5 feet beam, 30.5 feet depth and was launched at West Hartlepool in the latter part of 1914. She was struck by a German shell in the Zeppelin raid on Hartlepool before she had been completed.

Sunday's New York Herald says:—Just one hour before the time for the vessel to leave her pier at New York, with most of the 194 passengers who had booked accommodations already on board a cable dispatch was received yesterday by the Anchor Line that the steamship Cameronia had been requisitioned by the British admiralty and that her sailing must be cancelled. The use to which the Cameronia will be placed by the Admiralty was not officially known to the Anchor Line, but it is believed that she will be sent to a Canadian port to load troops and equipment for the continent.

AS IN DAYS OF OLD

Fleet of Square Riggers Soon in Harbor—Buy Summer Expected

Not unlike the olden days, a fleet of square riggers will soon be seen in the harbor and shipping men expect to enjoy a brisk season in the lumber trade.

The Norwegian bark Ancenis, 1,068 tons, a huge steel vessel, is en route here from Christiania, Norway, whence she sailed on March 15, and the Russian bark Rhea, 919 tons, is bound here from London. Two square-riggers were reported at Cape Race, Newfoundland, on May 3 and it is believed the craft, vessels bound here.

The bark Beswing and the big tern schooner Allanwide, formerly a barkentine, are also bound to St. John to load lumber.

A shift of wind is expected to bring upwards of six square riggers up the Fundy.

Adverse winds have also detained a fleet of tern schooners which are on the way to St. John from American ports. It is generally believed that the summer of 1915 will prove a record one for sailing vessels in the lumber trade.

CHOKED BY PILL

Monckton Baby Dies, Despite Mother's Effort to Save Him

The Monckton Transcript says:—A tragic death occurred on Wednesday morning at the residence of Mr. and Mrs. Benjamin Steves, Reginald Steves, their eighteen months' old son was playing with his three year old sister. The children obtained a box of pills and were playing with them. It is supposed the little boy picked up one of the pills and tried to swallow it. The pill probably entered the windpipe, but however it happened the little fellow was choked. The mother entering the room, found the little boy lying on his face, struggling or breath. She took him up and tried to dislodge from the throat the cause of the trouble, but failed. Dr. Atkinson was summoned, but it was some time past recovery. Several pills were scattered around the floor.

To you who pare corns—

You've employed that using such things is merely dallying with a corn.

For your own sake, prove the right way. Millions of people have found it. Half the corns that grow are ended by this wondrous Blue-jay plaster.

The corn pain ceases the moment you apply it. Then the B & B wax—a famous chemist's invention—gently undermines the corn. In 48 hours the whole corn comes out, without any pain or soreness.

Ask your friends. Scores of them have proved that Blue-jay makes it folly to have corns.

**A Sure Way To End Dandruff**

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and itching of the scalp will stop instantly, and your hair will be lustrous, glossy, silky and soft, and look and feel a hundred times better.

Company Sergeant Major Arthur Adams, 18th Battalion, died on April 30 as a result of wounds received in battle. He is survived by his father, James Adams, navigating officer of the cable steamer Minlon, his mother and one brother, James, in Hampton, and

THE WAR NEWS.

Today's cables from Petrograd express the view that recent movements by the Germans and Austrians in the Baltic provinces are not to be regarded seriously, and that the operations east of Grochow may be regarded as preliminary to one of the fiercest battles on that front. It is declared, however, that Russia now has plenty of men for all the fronts.

The news from the Caucasus is confirmed. The news from the Dardanelles is somewhat conflicting, but a London cable says that the Turks, considerably reinforced, attacked the Allies at one point on the Gallipoli Peninsula, and were repulsed, and the Allies advanced and occupied positions of strategic importance.

The news from Italy today is less satisfactory. It is to the effect that there is still a favorable prospect of Italy and Austria composing their differences, with the result that Italy would remain neutral. There is also a report of a military agreement between Rumania and Bulgaria, making it obligatory for those nations to support each other in case of war.

A cable from Australia quotes Premier Fisher as stating that Australia's offer of men is unlimited, and he adds: "We shall train and equip men to the best of our ability and provide means for getting them speedily to the front."

Speaking in parliament yesterday Premier Asquith repeated the declaration that due reparation will be exacted when the proper time comes for all the violations of the rules and usages of civilized warfare by the Germans. Mr. Bonar Law, leader of the opposition, said he was displeased to have such less consideration for the Germans at the present time.

Fuller particulars of the great battle near Ypres show that the losses of the Germans were enormous, and that they were not able to gain any advantage to offset their terrible sacrifice of life. The story printed by The Times yesterday from the lips of wounded Canadians, telling of their dauntless courage under the most trying conditions, thrills the hearts of the people of their native land, even while there is universal sorrow at the loss of so many young and noble lives.

A DEGRADING SPECTACLE. In the face of the report of a Royal Commission of their own choosing to the effect that Mr. J. K. Fleming, then premier of the province, took by compulsion from a contractor the sum of \$2,000, and that he had full knowledge of the extortion of large sums of money from the lumbermen by a government official, to be handed over to his personal and political friend, Mr. E. R. Teed, whom he himself suggested as treasurer of the fund, the government at Fredericton and its supporters yesterday by resolution applied a coat of white-wash to the same Mr. J. K. Fleming.

Perhaps we ought not to be very greatly surprised at the action of the government and its supporters. As a matter of fact, not a single outstanding Conservative in public life in this province has publicly condemned Mr. Fleming, although the latter, as a result of the inquiry by the Royal Commission, found it desirable to resign the premiership and retire altogether from the legislature. Every member of that body supporting the present government now appears not as an apologist for Mr. Fleming, but an open defender of him and his works. However humiliating this may be to the people of the province, and however much it must disgrace the province in the eyes of the people of all the rest of Canada, the fact must be faced that the Observance party of New Brunswick as a party, in-so-far as its leaders can do it, is committed to hearty approval of the Fleming methods, and to their continuance in the public life of this province, so long as they remain in power. There is no use in mindless words. A party that will not repudiate Mr. Fleming is not worthy of the confidence of the people.

It is to be regretted that the resolutions adopted seek to convey the impression that full information was laid before the Royal Commission. The man who moved the resolution and the man who seconded it, and especially Premier Clarke himself, know perfectly well that there were books and witnesses which the Royal Commission itself urgently called for, but which were not produced, and which neither Mr. Clarke nor Mr. Fleming would consent to offer the slightest assistance in having produced. Much more damaging testimony than that which led the Royal Commission to make such a sweeping condemnation of Premier Fleming would have been forthcoming, could those books and those witnesses have been secured.

Mr. Fleming and his friend Mr. Teed, and others of his kind, have not been hovering around Fredericton in vain during these weeks past. They wanted a certificate of character for the premier. Such as it is they have got it, and much good may it do them; but the people of New Brunswick, who

care somewhat for his good name, will bitterly resent the shameless manner in which the certificate was given in the dying hours of the season, when those who would have protested were absent, and without even the usual formality of notice that such resolutions were to be submitted.

It still remains true that Mr. Fleming took by compulsion \$2,000 from a contractor doing business with his government, and that he named the treasurer and had full knowledge of the scandalous transactions by which an enormous sum of money was secured from the lumber operators who also had business with the government. These facts are now known throughout Canada, having been given out on the authority of a Royal Commission appointed by the government itself, and today it is known throughout Canada that we have a legislature in this province all of whose members, with the exception of four, heartily endorse the conduct of the men who are condemned by the Royal Commission.

So far as the opponents of the government are concerned, they could not ask anything more favorable to their cause than the action taken by the legislature yesterday, but it is certainly humiliating to have the news go forth to the world that the province of New Brunswick is in the clutches of men of that type.

HELPING THE GERMANS

The Standard says that "unprecedented enthusiasm characterized the Liberal-Conservative annual ward meetings last evening." This is quite true so far as one ward is concerned, for there the strife for office was so bitter that it was still in progress at midnight.

At one of the meetings those present expressed their hearty approval of the shameful falsehood that the Liberals had perpetrated when his father came home, however, he became enlightened as to the definition.

The latest German barbarity is the poisoning of wells in German Southwest Africa.

While the great German navy continues in hiding, the German submarines continue to make war on British trawlers that go out after fish.

Words come from the front that, speaking generally, the men of the Canadian contingents are good shots. This is one of the most essential qualities of a good soldier in the present war.

The Clarke government waited until Mr. J. L. Stewart and others who would have objected to the Fleming white-wash resolutions had left the capital, before presenting them to the house. Had Mr. Stewart been there he would have heard from. As he is the proprietor of a newspaper it is safe to say he will be heard from anyhow.

The latest news from Ottawa is to the effect that Premier Borden has been alarmed by the protests of right-thinking Conservatives all over the country, and that the elections will probably not be held in June, but postponed until September. If this is done it will be a sad summer for those stalwart patriots who at the Beaconsfield meeting last evening yelled loud and long for an immediate campaign in St. John city and county.

POINTS TO CANADA FOR EMPIRE'S PAPER SUPPLY. London, May 5.—Sir George Perley presided at a meeting of the Colonial section of the Royal Society of Arts yesterday, when a paper on the Empire's resources was read by Sir Charles Phillips. The speaker urged, as a matter of extreme importance, that Great Britain should endeavor to supplement its foreign sources of supply of raw materials for the making of paper with those of the dominions within the Empire. He pointed out that the present dependence on Norway and Sweden might involve serious problems if either of these countries should become a foe. In the exhaustive survey of the timber resources of the empire available for paper-making it was shown that Canada and Newfoundland led the way, both in materials and processes of manufacture, but it was pointed out that the Dominion government recognized the importance of conservation.

AFRAID SHE WAS DYING

Suffered Terribly Until She Took "Fruit-a-lives"

St. Jean de Matha, Jan. 27, 1914. "After suffering for a long time with Dyspepsia, I have been cured by 'Fruit-a-lives.' I suffered so much that I would not dare eat for I was afraid of dying. Five years ago, I received samples of 'Fruit-a-lives.' I did not wish to try them for I had little confidence in them but, seeing my husband's anxiety, I decided to do so and at once I felt relief. Then I sent for three boxes and I kept improving until I was cured. While sick, I lost several pounds, but after taking 'Fruit-a-lives,' I quickly regained what I had lost. Now I eat, sleep and digest well—in a word, I am completely cured, thanks to 'Fruit-a-lives.'"

The class was studying weights and measures. "Whip is it," said one pupil, "that the avoirdupois system, unlike the Troy system, has no scruples?" "Because, my boy," said the professor, who was a married man, "it is used to weigh coal and ice."

At the annual prize day of a certain school the head boy rose to give his recitation. "Friends, Romans, countrymen," he vociferated, "lend me your ears!" "There," this is quite true so far as a defeated pupil, sneeringly, "that's Mrs. Jones' boy. He wouldn't be his mother's son if he didn't want to borrow money."

Young Walter had heard the expression "untold wealth," and was considerably puzzled as to its meaning. That evening when his father came home, however, he became enlightened as to the definition.

"Father," said he, "what is 'untold wealth?'"

SIR ROBERT BORDEN'S EAR TO THE GROUND?

Where does Sir Robert Borden keep his ears? If Sir Robert Borden's ear is to the ground, Sir Robert should know that from Halifax to Vancouver Conservatives are protesting that they do not want an election, and vow that they will either vote Liberal or not vote at all if an election is brought on. Sir Robert Borden was not built to play the game of smart politics. Political history of Canada teaches that the smartness of shallow men has wrecked more premiers than have been wrecked by the sense of strong men.

FINE LOCAL CAST FOR YOUNG MRS. WINTHROP

Excellent Comedy Drama in Opera House Next Monday and Tuesday by Y. M. S. of St. Joseph

On Monday and Tuesday nights of next week, a splendid production of the comedy drama, "Young Mrs. Winthrop," will be presented at the Opera House under the auspices of the Y. M. S. of St. Joseph.

The story concerns Douglas Winthrop and his wife, Constance, who have become estranged. He is always detained at business and devotes the greater part of his time to it. She goes out to society too much, so he thinks.

After a strong scene, husband and wife agree to separate and he goes abroad. After three months' absence he returns and when they meet in the attorney's office to sign papers for a permanent separation, they find that the old love still remains and they become reconciled, and, of course, live happily ever after.

At one time "Young Mrs. Winthrop" was given a special production by David Belasco in New York and had a long run there. The play is replete with strong dramatic situations and emotional setting.

Mrs. E. C. Colborne is to play "Constance," William M. Ryan will play "Douglas Winthrop." Others in the cast will be Miss Gertrude A. King, John R. McCloskey, Jr., Vera M. King, Jean H. Walsh, S. C. Hurley, George Flood, and Joseph Kennedy.

There will be a special matinee given on Monday afternoon.

Seats for all performances go on sale tomorrow morning at ten o'clock.

STRONG DRAMA AND GOOD COMEDY AT THE GEM

Successor of John Bunyan in Film Laugh Maker—Excellent Programme

A stirring three part drama, "The White Mask," was the offering at the Gem Theatre yesterday, headed by an all-star Lubin cast headed by Joseph Smiley and Lillian Lellie.

There was an abundance of comedy in a Vitagraph fun-maker, "They Loved Him So," a rich, wholesome laughing producing playlet in which Kate Prier, Flora Finch and the successor of John Bunyan in the Vitagraph rated.

IRISH WAR POEM

Byron C. Tapley has received from the author, Miss E. Byron of Dublin, Ireland, the following patriotic poem which he has kindly handed to the Times:

The Call to War For our King and for our Country Gird we on our swords today, British Soldiers never were cowards, We our Country's call obey.

For the cause of truth and Justice, Brothers, let us join our hands, Say good-bye to all our dear ones, Sull away to other lands.

For the glory of our Nation, For the right against the wrong, Now we lift our banner proudly, And we feel our arms are strong.

Ah, my Comrade! how the trouble Makes us feel we're brothers still, For our love for one another Politicians cannot kill.

Mothers, Sisters! up and doing, Work for all in various form, King and Country need your service, Pull together through this storm.

Dear Old Ireland, as we leave you Well we know, we have no fears, But your shores shall well be guarded By United Volunteers.

The King's Birthday, Ottawa, May 6—(Special)—A despatch from the colonial secretary to the Duke of Connaught says: "It is his majesty's wish that on the occasion of his majesty's birthday this year (June 9), flags should be flown, but no dinners, reviews, salutes or other celebrations should take place."

THE REASON WHY You don't take sauce? Perhaps not, but if you look for the reason why, you will find it in the fact that the word "sauce" is a thin, dark, hot, tasting fluid, which, if taken at dinner, runs all over the plate, saturates the vegetable and eventually leaves a disagreeable burning sensation in the mouth.

LOCAL RED CROSS At the meeting of the Red Cross Society last week Mrs. F. S. White reported that the needlework section was keeping up its work well, and Mrs. Hazen reported that 419 pairs of socks had been sent in to the knitting committees.

Back of Poison Cloud, Germans Gain Foothold on Hill 60

London, May 5, 11:10 p. m.—The German official report, issued this afternoon, claims victory over the Russians in Western Galicia, and over the British to the east of Ypres, in Flanders. Field Marshal Sir John French, the British commander-in-chief, has admitted that he was compelled to retreat his lines in the region of Ypres, but the French communications, far from confirming a German victory in Belgium, states that the German attacks were repulsed and that the Germans being taken on the flank by French artillery, suffered very severely.

Blood Thin and Weak Too Nervous to Sleep

Here is Another Case in Which Dr. Chase's Nerve Food Proved Its Great Reconstructive Influence Thin blood and exhausted nerves usually go together. A considerable portion of the blood is constantly consumed in keeping up the vitality of the nervous system. Once the blood is deficient, either in quantity or quality, the nerves suffer and bodily pains result.

Dr. Chase's Nerve Food goes direct to the formation of pure, rich blood, and for this reason is the most certain means of increasing the quality as well as the quantity of blood in the human system. The feeble, wasted nerves are restored, and through the nervous system new vigor and energy is imparted to every organ and member of the body.

THE WHITEWASHING OF J. K. FLEMING

Scandalous Motion Put Through in Absence of Opposition

COMMISSION FINDING IGNORED

Some Extracts From Judgment of Judge McKeown, Judge Wells and Mr. Fisher, With Which the House Resolution Does Not Square

Frederickton, N. B., May 6.—In the absence of Messrs. Dugal, Pelletier, Stewart and Swin, and in violation of the rules of the house, as no notice was given of the matter, the legislature yesterday in a thin house, rushed through a resolution moved by J. L. White of Victoria and seconded by George S. Jones of Kings, applying a coat of whitewash to J. K. Fleming.

LAST Effort to Save Fleming. The memory of New Brunswick people will be stirred by the White-Jones resolution. They have almost forgotten the stern and uncompromising condemnation of both ex-Premier Fleming and his methods by Supreme Court Judge H. A. McKeown, ex-Judge W. W. Fleming, the royal commissioner. Today all this is revived by a resolution, as a Tory federal candidate, condemned by his judges, forsaken by his former political colleagues, and with his tremendous power he once swayed, was rapidly losing caste and support in Carleton county. To stem the tide of public opinion, he and his friends have invoked the aid of the legislature. To this end his campaign treasurer in the collection of the graft lumber fund, R. H. Teed has haunted the capital for some time. J. L. White, his business associate, was ready to help him, hence the resolution.

Premier Clarke sat silent while the painful operation was performed. So did Hon. Messrs. Landry and Murray and Wilson, Messrs. Baxter and Morley were absent. But when Speaker Melanson started to read the resolution again there was a hurried request from the premier to "dispense."

No Cheers. The vote was unanimous in a scant house, about half the members being present. There was no one to protest, no one to object and the Fleming followers in the legislature had their way with the premier's consent, for "silence gives consent." There was a sound of a rat of a desk, no demonstration. It reminded one of a short funeral oration.

Had Mr. White of Victoria told the whole story in his resolution he would have added much interest to the proceedings. It was all in the line of the table before the speaker of the house, and the Telegraph prints the report of the royal commissioner, chosen by Governor Wood, copied from their report which Mr. White might have used. The line-winded statements included in his resolution.

Referring to the charge against Mr. Fleming in connection with holding up railway contractors, the Royal Commission said:

Piles 2 Years. Cured by ZAM-BUK

Mr. W. J. Donovan of New Edinburgh, Ont., writes, "For two years I suffered with bleeding piles. The pain was most intense. I tried first one and then another of the so-called remedies but without effect. At last I decided to try Zam-Buk. This gave quick relief from the dull gnawing pain, and perseverance with Zam-Buk entirely cured me."

Mr. Henry S. Fougere, Foulmound, N. S., says,—"I suffered terribly with piles and could not find anything to give relief until I tried Zam-Buk. The first few applications eased the pain. I continued using Zam-Buk and am now completely cured."

The above letters are taken from hundreds which have been received from men and women who have ended their suffering from piles by using Zam-Buk. Why not do likewise?

Whether it be Piles, Eczema, Ulcers, or other skin diseases, Zam-Buk gives quick relief. As soon as applied, the rich herby essence, of which Zam-Buk is composed, penetrates right to the root of the trouble, stops the irritation and causes the growth of new healthy tissue. Zam-Buk is the best cure for Cuts, Burns, Bruises, Itch, Eczema, Chapped Hands, Cold Sores, Ulcers, and all skin diseases and injuries. What might rightly be considered a compromise under one of circumstances might by no means constitute or give rise to it under other circumstances, and therefore it is that while there was no threat or menace in the conversation, WE HAVE NO RESENTMENT IN CONCLUDING THAT THE COMPULSION UNDOUBTEDLY EXISTED, TAKING INTO CONSIDERATION THE FACT THAT MR. FLEMING WAS PREMIER OF THE PROVINCE AT THE TIME OF THE BUILDING OF THE WORK IN QUESTION.

"The compulsion which accompanied the act did not take its rise from any lack of respect for the reference to a second contract, nor was the money given with a view of securing it but it was caused by a very real relationship of the parties from the authoritative position held by Hon. Mr. Fleming and possibly also from apprehension as to the contingency which might attach to the performance of the existing contract in case of refusal to pay.

"Compelled to Pay the Money." "But while holding the opinion above expressed with regard to this matter, the members of the committee, in their report concerning it, within the wording of the statute and the meaning necessarily attached thereto, do not confine themselves to payments made by a contractor before his first or any or all his contracts were entered into. In the case before us the contractor obtained two contracts. HE WAS COMPELLED TO PAY THE MONEY IN THE INTERVAL BETWEEN THE TWO, AND IT IS THE TIME WHEN NO THOUGHT OF A SECOND ONE WAS IN HIS MIND, BUT HE WAS COMPELLED TO MAKE THIS PAYMENT PRIOR TO GETTING HIS CONTRACT, AND IN OUR OPINION IT WAS JUST AS REPREHENSIBLE TO COMPEL HIM TO PAY OF THIS MONEY UNDER THE CIRCUMSTANCES AS IF THE SECOND CONTRACT HAD BEEN IN SIGHT. THE CONTRACTOR HAVING BEEN COMPELLED TO MAKE THIS PAYMENT IN THE YEAR 1912 AND BEFORE THE SECOND CONTRACT WAS ENTERED INTO, WE THINK AND FIND THAT HON. MR. FLEMING IS GUILTY OF AN ACT OF COMPULSION WHICH HAS BEEN CHARGED AGAINST HIM."

Mr. White's whitewash resolution also says: "We note with satisfaction that the timber charges the commissioners find Hon. J. K. Fleming is 'not guilty,' as charged by Mr. Dugal."

But the royal commissioner did not stop at that. They said some other things. Compelled to pay the money of the table of the house is the following:

"THE PREMIER NAMED THE TREASURER, MR. TEED OR WOOD. STOCK HE HAD IN HIS PORTS WERE BEING MADE TO GET THE MONEY FROM CERTAIN HOLDERS OF CROWN AND TIMBER LICENSES. HE KNEW THAT FROM TIME TO TIME SUCH MONEY WERE COMING INTO MR. TEED'S HANDS; HE SET HIS SEAL OF APPROVAL ON THE TRANSACTION BY INTRODUCING HIS CHOSEN TREASURER TO MR. BRANKLEY WITH THE WORDS: 'ANYTHING MR. BERRY TELLS YOU ABOUT THIS MAN (TEED) WILL BE ALL RIGHT.' AT THE TIME OF SUCH REMARK THE PREMIER, WITH MESSRS. BERRY, TEED AND BRANKLEY WAS IN HIS ROOM AT THE BARKER HOUSE IN FREDERICTON AND BERRY HAD ACCQUAINTED HIM WITH THE FACT THAT BRANKLEY WAS ACTING FOR THE LUMBERMEN IN HOLDING THE FUND PRIOR TO ITS BEING PASSED OVER."

"IN THE CASE OF THE PARTINGTON PULP AND PAPER COMPANY, THE PREMIER WAS AWARE THAT BERRY WAS URGING A CONTRIBUTION AND BACKED BY ALL THESE FACTS AND CIRCUMSTANCES, THE VIEW WAS STRONGLY PRESSED UPON THE COMMISSION THAT HON. MR. FLEMING COULD NOT POSSIBLY HAVE BEEN IN IGNORANCE OF BERRY'S ACTING FOR THE METHODS HE EMPLOYED. THERE IS A GREAT DEAL TO BE SAID ABOUT THIS VIEW, BUT IN OUR OPINION IT STOPS SHORT OF SUCH SUFFICIENCY OF PROOF AS WOULD JUSTIFY THE COMMISSION IN DECLARING THE CHARGE OF DIRECTING THE EXTORTION PROVED."

A Scathing Indictment. "THAT THE MONEY WAS IN FACT EXTORTED BY BERRY IS

MAINE MAN IN EUROPEAN WAR

Corp. Ambrose S. Cosgrove Writes His Brother at Gardiner of Life in Trenches

William T. Cosgrove, of Gardiner, Maine, has received a letter from his brother, Corp. Ambrose S. Cosgrove, written from the trenches in France.

Corp. Cosgrove joined the first Canadian expedition. "There has been heavy cannonading all day," writes Corp. Cosgrove. "The house in which I am writing this letter trembles at times like a leaf and we are almost within the line of fire. We don't mind being in the trenches very much, although at times it has been most uncomfortable on account of mud and water. The word 'advance' is most sound in the trench; it gives us something to do."

Dangerous Business. "It was my turn to go for rations last night. The man who went the night before was shot. As soon as it was dark enough I crawled out the back of the trench and, crouching low, I crossed the stream onto the road, passed the sentries and arrived at what I thought was Supply Farm."

"I asked some fellows in the dugout where it was, but they didn't know, so I wandered through the trenches and followed up a telephone wire that I tripped over and eventually arrived at the telephone hut. Here I met some of our boys, who were off duty, and together we went and drew our rations."

"I returned safely to the trench with a good load of bread, jam, steak, bacon, sugar and tea, but they didn't know we were back until we had taken our sack full of food in our tin bucket basket."

"We slept last night, I and two of the boys, in an automobile body that had been blown off its frame. We dug a hole for it, a safe depth in the ground and passed altogether a very comfortable night, although our slumbers were disturbed at times by bullets passing through the top, which was put up to keep out a drizzling rain."

MORNING NOTES OF THE WAR

The victorious Russian army in the region of Caucasus continues in pursuit of the strong Turkish force which was checked on April 30 and which has been driven back with heavy loss.

A Norwegian steamer landed at London yesterday, the crew of the British trawler Scyre which was torpedoed off the coast of Norway by a German submarine. The Scyre is the fifteenth victim of underwater craft since Sunday.

A regiment of Turks was annihilated in the bombardment of the Dardanelles on Tuesday night by allied troops, according to a message from Paris. The allies' warships continue the bombardment of the Turkish forts."

MORNING NEWS OVER THE WIRES

Without Haywood of Middle Simonds, Carleton county, who has been missing for a week was found yesterday by Constable A. R. Foster at Glassville and arrested charged by Jusison Rideout with a serious offence against the latter's daughter. It is said that Haywood was badly beaten by Rideout before he disappeared. The prisoner denies the offence and says that he left because he feared another beating.

DRIVE STAGE BETWEEN ST. JOHN AND MONCTON

Death of Miles Hoar Recalls Days Before Railway Service

Of the late Miles Hoar, the Sackville Post says--

The deceased was born in Albert County in 1838, and was therefore about eighty-two years of age. At the age of nineteen he went on the survey of what was then known as the European-North-American railway. He began work at Shediac, and later worked up north.

He was here for a few months when he was called back and started in at Moncton and worked through to the St. John. In February of the following year Mr. Hoar began his career as a driver, which he followed uninterruptedly for seventeen years. For nearly twenty years he drove between St. John and Moncton; then he spent three years driving between Harry, Albert County, and St. John. He was transferred to the Moncton-Amherst route and here he held the ribbons behind four horses for nearly seven years. By that time the railroad had been constructed and was being operated between these points, and the old stage coach was laid away for ever. After a few months spent in Moncton looking after the transfer of the mails, Mr. Hoar was appointed to a position on the section at Sackville. After working here for six months he was made foreman, a position he filled for more than thirty-five years.

The old stage coach was laid away for ever. After a few months spent in Moncton looking after the transfer of the mails, Mr. Hoar was appointed to a position on the section at Sackville. After working here for six months he was made foreman, a position he filled for more than thirty-five years.

The coach was suspended on large leather springs. The passengers generally stowed themselves away inside, but not frequently three or four rode upon the roof. There were also seats beside the driver, and when the weather was fine and warm traveling here was not unpleasant. The coaches were nearly always drawn by four horses and were very much better than the first stage coaches. However, according to Mr. Hoar, the roads in those days were very rough, and it was not infrequently that the horses were promptly filled up and the bridges kept in good condition.

The next step was the Norton, then Sussex, Portage, Salisbury, Moncton, Dorchester and Sackville. Stage coaches are often associated now-a-days with highways, but although a driver for so many years, Mr. Hoar says he was never held up or had any difficulty of this nature whatever. He had driven in all sorts of weather, at all times of

BRITAIN DEALS HANDSOMELY WITH OWNERS OF WILHELMINA

London, May 6.—The owners of the American steamer Wilhelmina, according to the Daily Mail, have received what they have pronounced to be a handsome and generous settlement at the hands of the British government, namely, full value of the cargo at Hamburg at war prices, which was more than double the price at English ports, as well as indemnity for delay—altogether approximating \$400,000. The original value of the cargo was estimated at \$150,000.

The average time of transit for steamships from the Pacific Coast ports of the United States to England is about one-half what it used to be before the opening of the Panama Canal.

Was Troubled With Choking Spells and Shortness of Breath.

When the heart becomes affected, there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, and dizziness and a weak, sinking, all-gone feeling of oppression and anxiety.

Many men and women drag along with weary step, and become worn out and haggard, when otherwise they could be strong and healthy if they would only pay some attention to the first signs of heart or nerve trouble. On the first sign of the heart becoming weakened or the nerves unstrung Milburn's Heart and Nerve Pills should be given a fair trial and you will find that they will soon correct both these organs.

Mr. James Leard, Tryon, P.E.I., writes: "Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I had choking spells, and was troubled with weakness of the heart and shortness of breath. I tried three doctors but they all failed. A neighbor recommended me to try your pills, so I got a box and they helped me so much I have taken six boxes."

REPORTS AIRSHIP SEEN NEAR HOULTON, WILD TALK OF RAID ON NEW BRUNSWICK

A Houltou despatch to the Bangor Commercial says that that town was excited on Wednesday over the reported presence of what many believe to have been a German airship, hovering over the town of Hodgdon on Tuesday night.

A raid on the part of the air craft across the international border into New Brunswick was regarded as being a possibility. The air craft was plainly visible for nearly an hour. It circled about over the town and finally disappeared in a westerly direction, according to a story told by W. J. Moore and his neighbors.

The best previous total had been made by Shaw, with the mark of 834. Walsh's strings were 124, 105, and 180.

Note—Walsh is a former St. John boy and is one of the leading candle pin bowlers in the world.

Wm. Davis again won the daily prize on Wednesday on the Victoria alleys when he put up 573 for a five string total, his scores were 115, 105, 121, 118, 112-573. This is the second prize that Davis won this week. Each prize was \$5. This score is about as high a five string score as was ever put up on these alleys.

Rambler Wins Second Series

A large number of bowling enthusiasts assembled in Black's alleys last evening and witnessed the Rambler, decisively defeat the Sweep by a majority of 104 pins in the match game to decide the winners of the second series. As the Sweep won the first series these teams will have to play a series of three games to decide the championship of the City League.

Private of the Buffs

Editor Times: Sir—Would you kindly print the following, entitled "Private of the Buffs," which appeared in the Montreal Star recently. It might go a long way to condone some of the thoughtless escapades of our soldiers in St. John:

Last night, among his fellow roughs, He jested, quaffed and swore; A drunken private of the Buffs, Who never looked before, Today, beneath the foeman's frown, He stands in Elgin's place, Ambassador from Britain's Crown, And type of all her race.

Poor, reckless, rude, low-born, untaught, Bewildered, and alone, A heart with English instinct fraught, He yet can call his own, Ay, tear his body limb from limb, Bring cord or axe or flame,

DODD'S KIDNEY PILLS

ALL RHEUMATISM, GRAVEL, BRONCHITIS, DIARRHOEA, COLIC, BILIOUSNESS, AND ALL AFFECTIONS OF THE URINARY SYSTEM.

23 THE PHARMACY

He only knows that not through him Shall England come to shame. Far Kentish hop-fields round him seemed, Like dreams, to come and go; Bright tangles of cherry-blossom gleamed, One sheet of living snow; The smoke above his father's door In grey soft eddying hung; Must be, then, watch it rise no more, Doomed by himself so young.

Yes, honor calls!—with strength like steel He puts the vision by; Let dusky Indians white and kneel, An English lad must die. And thus, with eyes that would not shrink, With knee to man unbent, Unflinching on its dreadful brink, To his red grave he went.

Vain mightiest fleets of iron framed Vain those all-shattering guns, Unless proud England keep untamed The strong heart of her sons; So let his name through Europe ring— A man of mean estate, Who died, as firm as Sparta's King, Because his soul was great.

When a fire broke out recently in the J. M. Doyart saw mill at West Adams, Me., the alarm was accidentally set off by a timber falling across the whistle-cord. This aroused the neighborhood and caused the mill to be saved.

THIN, RUN DOWN MEN AND WOMEN GAIN IN WEIGHT FROM TEN TO FORTY POUNDS

Sargol, The Flesh-Building Gives New Life, New Strength, New Vitality and Puts Firm Healthy Stay There. People Who Are Underweight.

When I started taking Sargol I weighed 120 pounds. Now I weigh 156, says J. G. Wilson. It put new life in every nerve. H. A. McCullars reports he gained 25 pounds and his health was made perfect, sleeps better and feels better than for 80 years. Miss Maud Smith reports a gain of 10 pounds and still gaining. Health greatly improved.

When these and hundreds of other men, thin, underweight people write to say that as soon as they began to take Sargol a part of their meals they began to get fat, don't you think that there must be something in this widely advertised method of flesh building after all? Don't you think you ought to try it, particularly as leading druggists everywhere sell it with the positive guarantee that unless it makes an increase in your weight you can have your money back?

You may say, "I am naturally thin. Nothing can make me fat," but until you have tried Sargol you do not and cannot know that this is true.

Thin-folks stay thin no matter what you think food has nothing to do with flesh making. But they are wrong.

Thin people stay thin because the fats, oils, starches, sugars and other flesh and fat-making elements in their food are mostly passing out of their bodies as waste. Only enough nourishment is retained to keep the body going. Nothing is saved for flesh making.

Sargol of itself will not make fat. Eat it between meals and you probably will not gain a pound. But eat a single Sargol tablet with every meal and soon you may be gaining a pound of flesh a day. Sargol is the missing link between flesh-eating and fat-making. It makes the food of your meals put flesh on your body.

S. H. Hawker; The Ross Drug Co., 100 King St.; The Red Cross Pharmacy.

When the sugar you put in your coffee does not dissolve it does not sweeten the coffee. It is the dissolving, not the sugar, that makes the coffee sweet. It is the same with your food. Unless it is properly dissolved in your stomach, separating the flesh-making nourishment from the waste, and unless the blood absorbs its full portion of the fat-making material you must stay thin.

Here is where Sargol plays its part. It acts on every mouthful you eat. It promptly stops the leakage of fats. It puts your food in a condition that means its perfect assimilation by the blood and tissues. Your body cells which have been starved begin to thrive and you begin to take on weight quickly. It's not a theory—not an experiment, but a proved fact that thousands are trying every day. Sargol succeeds where all other so-called flesh builders fail because it enables you to get 100 per cent. efficiency from your food.

Your good common sense must prove to you that if the food you eat pays you only 25 per cent. of its 100 per cent. value, that you are cheating yourself just 75 per cent. You can never be the man or woman you should be and can be so long as you continue to live on a 25 per cent. basis.

No matter how thin you are or how long you have been thin Sargol should add pounds of solid, healthy stay-there flesh to your weight and make your figure plump and symmetrical. Get a package of Sargol from your dealer and prove it today. Use it as directed and watch your daily meals put pounds of flesh on your body. Sargol is absolutely harmless and is always sold on a positive guarantee of weight increase or money back.

NEARLY ALL NOW ARE AT FRONT

Mrs. H. F. McLeod Brings Home News of Men of 12th Battalion

HUSBAND SOON TO GO

More Word of Maritime Province Men Wounded—Cases of Mumps and Measles Among Soldiers in Amherst

The Fredericton Gleaner says:—Mrs. H. F. McLeod, who has spent the last five months in England with her husband, Lt. Col. McLeod, officer commanding the 12th Battalion has returned home. Mrs. McLeod said that the 12th Battalion had supplied so many drafts that all the men that left Canada with the battalion were now at the front. The battalion had been filled-up, however, and it was thought they would be sent to France as a unit. On her way home she was accompanied to London by Lieut. Col. McLeod, who visited the War Office, where he was informed that he was to be sent to the front in a short time.

Among the officers wounded in the battle of Ypres, who were formerly with the 12th Battalion, are Lieut. J. H. Lyne-Brans as adjutant of the 12th after his departure for France, and Capt. Ogilvie, who left Canada with the 12th Battalion.

Among the wounded Mrs. Benson Smith, of Amherst, has received word of the death of her cousin, Albert Glass, who died of wounds received in the battle of Ypres. He was a nephew of Benjamin H. Smith of Shilmeias Bridge, N. S. At the outbreak of the war, he was in St. Thomas, Ont., and enlisted with the first contingent in that city. He was in his twenty-third year.

Word was received in Amherst Monday to the effect that Alex. Walling who enlisted with the First Contingent, in the 17th Royal Nova Scotia Highlanders, but who was transferred to the 12th Battalion, was among the wounded in the recent bloody battle in Flanders. Walling was the catcher of St. Stephen's Presbyterian Baseball Club during the last three years, and was one of the best known athletes in Amherst.

Thomas G. Smith, caretaker of the Science Building of the U. N. B., received a telegram from Ottawa which stated that his son, Private Arnold Smith, had been wounded in action in Flanders with the 14th Battalion. The name of the private published yesterday and the confusion that had existed in the minds of his relatives as to whether it was he or Private Archie Smith who was wounded, is ended. Both men have been announced as wounded and both are with the 14th Battalion. There has been an error in regard to their regiments. Private Archie Smith belongs to Private Arnold Smith. It is third Private Arnold Smith. He is a member of "B" Company 71st Regiment, and went to Valenciennes with the first draft. He was drafted from the 12th Battalion into the 14th Battalion, Royal Mounted Regiment.

Local War Notes  
Harold Prince, formerly of Fredericton is with the Canadian motor corps in France.

Lieut. C. S. Major, formerly of Fredericton and who has been in charge of the soldiers in training at Truro, N. S., has been notified that he will be expected to join the reinforcements for the first Canadian contingent now at the front in France.

Lieut. Smith of St. John is in Sackville training recruits. On Saturday he had twelve and his little force will increase.

A letter from Holly T. Wandless, who left Fredericton with the field artillery last winter, states that he is in France with a draft from the 23rd and 24th Field Batteries. The letter states that Lt. Colonel Ingraham also is in France.

The capacity of the Highland View Hospital at Amherst and the additional quarters rented, are very much over-taxed with patients and additional rooms have recently been secured. There are quite a number of soldiers suffering from mumps and measles.

Q. M. Sgt. George A. Grace, who has been stationed at No. 3 Infantry Station with H. Company, R. C. R., Fredericton, for the last few years, has been ordered to report to Halifax for duty. Q. M. Sergeant Instructor H. H. Hobbs, who is at Halifax at present, will probably be sent to replace Q. M. Sgt. Grace.
