Norwegian Steamer Goes Ashore On Briar Island Ledge

500, 230 WOUNDED IN GERMANY

TUG RUSHES TO AID OF FREIGHTER

Big Vessel Frees Self and is on the Way to St. John.

DETAILS LACKING

The Margaret A. Hackett is Sent Out to Give Assistance.

The Norwegian steamer M. H. Kongshavn, bound here from Philadelphia in ballast, ran ashore on the southwest ledge of Briar Island this morning, and was later refloated and is now on her way to St. John, according to advices received by various interests here. She is expected to arrive in port about 6 o'clock tonight. The causes of her grounding and details of any possible damage sustained by the steamer are as yet unknown. The first word of the accident was received about 9.30 o'clock by J. C. Chesley, local agent of the Department of Marine and Fisheries, in a telegram from Westport, N. S., advising that an unknown steamer had grounded on the southwest ledge. Mr. Chesley immediately ordered the C. G. S. Acadia, which was at Westport, to hasten to the scene and render any assistance possible.

Tug Is Despatched

At the same time the news was communicated to the St. John Dry Dock and Shipbuilding Co., and the big ocean-going tug, Margaret A. Hackett, was despatched to the assistance of the steamer.

About 11.30 o'clock word was received at the office of Nagle & Wigmore to the effect that the steamer was the M. H. Kongshavn and that she had succeeded in freeing herself from the ledge and was then proceeding to St. John. An effort was made to stop the tug Margaret A. Hackett, but she had already steamed past Partridge Island and attempts to signal her were unsuccessful.

Steamer Is Freed

The wireless operator at Red Head made several unsuccessful attempts to get in touch with the Norwegian. She was evidently not equipped with wireless or else was without the services of an operator. Later, however, messages were received at the Red Head indicating that the vessel was freed and was proceeding under her own steam to St. John. It is anticipated the tug Margaret A. Hackett will stand by and return to port with the steamer.

The M. H. Kongshavn was coming from Philadelphia in ballast to load potatoes and general cargo for Havana. She is consigned to Nagle & Wigmore.

LINER RESCUES 13 FROM BURNING SHIP

Lifeboat From President Wilson Saves Schooner's Crew Off Azores.

New York, Oct. 25.—The steamship President Wilson of the Consolch Line, which left New York for Naples on Oct. 11, rescued the Captain and twelve members of the crew of the Portuguese schooner Portuense, which was on a fire off the Azores, according to a radio message received here by agents of the line. The schooner was shortly after dark last Saturday the lookout man on the President Wilson reported flames and smoke on the horizon off the starboard bow, and Captain Roberto Starupich, the master of the ship, immediately gave orders to the officer of the watch to alter the course toward the burning vessel. When the steamer was within less than half a mile of the Portuense she stopped and a lifeboat, in command of the first officer, was rowed over to the schooner. Her crew were huddled in the aft part of the vessel as a mass of flames, and the heat was so great that the men had to drop down into the lifeboat over the catheads instead of in the waist of the ship.

SURRENDER ARMS

Drop Torch in the Hold as a Rescue Ship Arrives.

(Canadian Press.)

New York, Oct. 25.—Furies of the deep stirred by the northeast gale that blew from Monday night until noon yesterday, took toll in ships on the high seas and swept a destructive hand along the Atlantic shore. The William S. MacDonald, an adventurous alcohol carrying schooner from La Have, N. S., battered by the gale through the night, was set adrift and abandoned by her crew of seven, 18 miles off Sandy Hook. The crew were rescued by the tanker San Manuel.

THE EVENING TIMES-STAR, ST. JOHN, N. B., THURSDAY, OCTOBER 25, 1923

DEFERS ACTION ON CITY SURVEY

Council is Asked for \$8,500 More—Special Police for Dry Dock Day.

The City Council this morning took a request of G. G. Murdoch for an additional \$8,500 for the city survey and an extension of two years in which to complete the work but deferred action. The common clerk read the orders-in-council dealing with this. The first order-in-council was passed on May 15, 1920, the work to be completed by January 1, 1923, at a cost not to exceed \$25,000. On December 13 another order gave an additional \$8,000.

G. G. Hare, city engineer, reported that the original estimate was \$27,000. He thought this a low cost. The survey had already been of value to the water and sewerage department.

A letter from Mr. Murdoch to the Mayor setting forth the position he was placed in if the city insisted on holding him to the estimate of \$28,000 was read. He said there had been great delay in the matter of searching records. It would require two years to complete the work and would cost \$8,500 for labor, not counting anything for his own services. Records which had been used. He would be out about \$8,000 in cash in addition to this amount.

Mr. Murdoch said he had nothing to add to what was contained in the letter. He believed \$25,000 would complete the work and was willing to make a contract for that amount.

After discussion, Commissioner Frink moved the matter be laid over till next meeting. Carried.

Special for Dry Dock Day.

Commissioner Thornton was given authority to engage special constables for duty on the afternoon of Monday for the opening of the Dry Dock.

Commissioner Bullock reported on the application of Longshoremen for better lighting at docks and read a report from the harbor master that the lights and ladders were in good condition.

The Commissioner recommended that life belts be placed in bins on the West Side and reported that he had given orders to have the street light at the entrance to No. 4 shed kept lighted.

Commissioner Wigmore said he thought there should be some arrangement to keep lights on the outside of the berths all the time.

Commissioner Thornton thought the matter of a few lights should not stand in the way of the city keeping lights burning on the outside of the sheds when it was a matter of safety to the men working around the docks. The report was received and adopted.

PLOT AT DOORN FOR RETURN OF KAISER

Ex-Crown Prince Arrives—Hermine Schemes to Become Empress of Germany.

Doorn, Oct. 25.—A visit which former Crown Prince Frederick Wilhelm of Prussia is now making at Doorn Castle is regarded as having considerable significance. According to reports, his presence in Doorn is connected with the return of Princess Hermine from the Reich, whence she brought very important news concerning the activities of the Nationalist military party and the chances of the eventual return of William Hohenzollern to the throne.

It is said that Hermine herself is displaying great activity and that all her keen intelligence is directed toward the object and hope of becoming Empress. Moreover, quite recently, an officer of high rank from Dresden and a political personage from Munich have been guests of the former Empress, who since his visit has shown great nervousness.

A detail regarded as curious is the fact that a Doorn furniture dealer has been commissioned to sell a large quantity of the rich tapestries and curtains belonging to the exile, and also a large part of his wardrobe. Authorities are closely watching the movements of the ex-Kaiser and his son, and the police force guarding them has been doubled.

FIRST TWO CURES OF TUMORS ON SPINAL MARROW REPORTED

Paris, Oct. 25.—Two cases of absolute cures of what has been considered an incurable disease have been reported to the Society of Neurology of Paris. Tumors pressing on the spinal marrow have always proved fatal owing to the difficulty of diagnosing and locating them. Prof. Sicaud has introduced a method of injecting iodol into the bony canal formed by the vertebrae of the spine which enables an X-ray to be taken showing where the iodol has been deposited, and where the deposit has been interrupted by the tumor. The exact spot for operating is thus seen.

The application of this method is described as delicate but not extremely difficult or beyond the power of any good surgeon.

ACADIA AND MT. ALLISON TODAY

Both Captains Uncertain as to Capabilities of Their Opponents.

Amherst, N. S., Oct. 25.—Mount Allison and Acadia football teams clash at 3:30 p. m. on the Mount Allison campus. While the sky is threatening and there have been showers during the morning, the field is in fair condition. Neither of the opposing captains would venture a prediction, both regarding their opponents with uncertainty. The Mount Allison team is regarded as being rather light in its heels, and slightly off on its forward line. The Acadia boys have good weight in their team and it is thought a pretty fast forward line. Dr. Fluck of Halifax, a former Dalhousie star, will be referee.

While Captain Clark of the Acadia team is certain of his line-up, Captain Angvine of the Mt. A. is a bit uncertain, being undecided as to whether he will use Howley or Chown on the half line. Chown had his shoulder injured in the Mount A.—Kings game but is in pretty good shape now.

The line-up follows: Acadia—Forwards, Anderson Rhodriker, Etsay, Smith Brown, Jenkins, Messenger, Quarters, Robinson, Davidson, D. Elderkin, Haves, A. Noble, Chipman, A. Clarke (captain), B. E. Elderkin, Fullback, Noble.

Mount Allison—Forwards, Wilkes, Hierlby, Purdy, McIntyre, McLelland, Archibald, Norris, Quarters, Winters, Cress, Haves, Ray Smith, Howley or Chown, Angvine (captain), Wyses, Rogers, Fullback, Flood, Spares, Smith and Fullton.

Tomorrow's new feature serial "Flunder," with Pearl White, will begin.

QUEBEC COMPLAINS ABOUT GRAIN RATE

Board of Trade Tells Commission There Should Be Lower Rail Charge.

Quebec, Oct. 25.—The grain inquiry commission concluded its sessions here yesterday. They will open in Montreal on Friday and may possibly hold a session on Monday in Ottawa, and on Tuesday in Toronto.

The Grain Merchants' Association of this port complained of shortages in cars arriving here. Specific instances, such as the Montreal and some of the cars arriving here, would later be filed with the commission.

The most important feature of the session relative to the charge on the Board of Trade for a cheaper rate by rail on grain. Thomas Vign, M. P. for St. John, who was present, said that Quebec is 214 miles nearer by rail to Winnipeg than Montreal, the rate to Montreal is the same as that to Philadelphia, while Quebec's rate is based on New York's rate, which is one-half cent higher.

SHOE MANUFACTURERS TRY OUT GERMAN PROCESS

New York, Oct. 25.—Several manufacturers of women's high grade shoes in the Brooklyn producing section are experimenting with a German process for cementing the soles of shoes to the uppers. The process replaces the ordinary wet or turn system of sewing the soles to the uppers and is considered a permanent improvement but at the experimental stage and have not yet attempted to market shoes produced by the new process. The new process is reported to cost slightly less than \$1,000.

D., will unite in marriage Miss Annie May Daley, daughter of Mrs. Annie Daley, 27 Metcalfe street, and Kenneth Linton. The bride will be given in marriage by her brother Walter, and will be costumed in a suit of navy blue Canton crepe with grey Canton trimmings, a grey hat with a blue ostrich feather, and a seal stole, and will carry a bouquet of Ophelia roses.

Following the ceremony, a reception will be tendered at the home of the bride's mother, Mr. and Mrs. Linton will reside at 61 Holly street. Among the large number of magnificent presents received were: An electric lamp from the staff of T. H. Estabrooks & Co., Ltd. where the bride is employed, and a chest of silver from the military district No. 7, and a chest of silver from the officers, of whom the groom is one.

'LOANED' MONEY TO SECURE CONTRACT

Witness Alleges Corruption Against Former Head of U.S. Veterans' Bureau.

Washington, Oct. 25.—Intrigue, deception and corruption in connection with contracts for veterans' bureau hospitals were charged yesterday before the U. S. senate committee investigating the bureau.

E. S. Mortimer of Philadelphia, formerly a representative of the Thompson-Black Company of Chicago, testified that while seeking a hospital contract in 1922 he loaned \$5,000 to Charles R. Forbes, then director of the veterans' bureau; that on another occasion he advanced him \$1,000 or \$1,500 and that none of the money had been repaid.

The witness said that James W. Black, a member of the Chicago firm, now dead, had told him that he understood that J. W. Thompson, the other partner, had made advances to Forbes aggregating \$30,000. Mortimer testified also that he had paid Forbes' expenses on various trips about the country, official and unofficial.

'Drinking Parties'

Mortimer's story was interspersed with incidents of what he described as "drinking parties" at which he and present Forbes, Mr. Mortimer, himself and others. The trail of these parties, he testified, led from Washington to Atlantic City, Philadelphia, New York, thence to Chicago, St. Louis, St. Paul, and San Francisco and the Pacific coast. They culminated, according to his version, at Hayden Lake, Wis., where Forbes and some of the women guests, on a dare, jumped into the lake with their clothes on.

WILL CO-OPERATE WITH HALIFAX

St. John Board of Trade Council on Maritime Action.

At a meeting of the Council of the Board of Trade today matters relating to Maritime Province ports received close consideration. Approval was expressed of a suggestion made by the Board of Trade of Halifax and it was resolved that the St. John Board advise the Halifax Board that it would be pleased to co-operate with them in following up the express rates situation.

A communication from Vancouver on the matter of shipments via the Panama Canal route was referred to that Board. Other suggestions were made which will receive further consideration.

A communication from the Citizens' Research Institute on taxation methods was referred to the Civic and Political Committee of the Board.

The importance of developing an interest in the new dry dock received consideration.

SIR H. THORNTON IN N. S. TODAY

Says Everything Seems to be Going All Right on the C. N. R.

Amherst, N. S., Oct. 25.—Sir Henry Thornton, general manager of the C. N. R., arrived here about noon and left for Halifax at 1:30 p. m. He had met him at Lewis and representing a delegation of Maritime Province people had pressed for the extension of the western limits of the Atlantic route, laughingly denied that Mr. Logan had made any such representations and added: "We are happy and the people seem happy and everything seems to be going all right." Mr. Logan who was with the party also denied the report, remarking that he was seeing Sir Henry about other matters.

Quebec Interested in Church Union

Toronto, Oct. 25.—When interviewed yesterday Rev. Dr. S. D. Chown, superintendent of the Methodist Church, who returned on Tuesday evening from the eastern townships, where he visited the Methodist congregations in the English speaking centres of rural Quebec, reported he had found a keen interest everywhere in church union.

He said that at no point he visited were the people satisfied until he had spoken on that subject.

HEAVY DAMAGE IN ATLANTIC STORMS

Philadelphia, Oct. 25.—Heavy damage was reported tonight from terrific gales in southern New Jersey and Delaware. The storm, which was accompanied by heavy rain, was unusually severe along the Atlantic coast and caused many ships to seek shelter inside the Delaware breaker.

With the exception of the British steamship Westmoreland, which it is feared was sunk off Five Fathom Light, 22 miles southeast of the breaker, no sea disasters were reported from this section of the coast. The barkentine Maerata, Boston for Norfolk, after an all-day battle to avoid going ashore near the Delaware Capes, was reported to be safely anchored about a mile off shore. A 65 mile gale was blowing.

AROUND YOUR COLLAR

There is nothing that will so easily make or mar the appearance of an Overcoat as the fit of your coat collar.

Yet there is only one thing that will permit your collar to drape properly around the neck—and that is correct cut and careful tailoring, painstakingly stitched into the collar by trained fingers. That is why we choose to fill Overcoats of BETTER QUALITY—the best makes. Our mirrors will prove it.

Our present showing of Winter Overcoats will be a delight to the man who looks for the season's newest ideas in styling and workmanship.

PLEA FOR CANADA

Premier King Urges British Capital Invested in Canadian Industries.

London, Oct. 25.—Premier King renewed his plea last night for the investment of British capital in Canada. Speaking at a dinner given by the Association of British Chamber of Commerce at which Sir Arthur Balfour presided, Premier King declared that two things needed by a young and growing country like Canada were men and money. He reviewed Canada's recent great growth in mineral production in agriculture, manufacturers, fisheries and forest wealth.

The total output of Canada's manufacturing establishments now reach a higher value annually than that of her farms.

We are in brief, Premier King went on, "the second largest manufacturing country in the Empire. Our exports to the other dominions comprise almost in their entirety of manufactured goods, being in the case of India and Australia almost 99 per cent. Even in the case of the U. S. our exports of manufactured and partly manufactured goods largely exceed our exports of raw materials."

Mr. Margaret Kane, of St. John, says the Moncton Transcript, who has been on a short vacation to her brother, Police Officer Kane, and Mrs. Kane, returned home last evening. Mr. and Mrs. Thomas Gibbons and Mr. and Mrs. Wm. Wheaton, of St. John, motored to Moncton and are the guests of Police Officer and Mrs. Kane, Louis street.

Mrs. Robert T. Leavitt of Halifax is a guest of Miss E. Bourne, Cranston avenue. She is a sister-in-law of Miss Grace Leavitt and Gordon Leavitt.

William Crowley, 184 Union street, who was operated upon recently in the General Public Hospital, is recovering and to the delight of his many friends will soon be able to return to his home.

Mrs. Margaret Kane, of St. John, says the Moncton Transcript, who has been on a short vacation to her brother, Police Officer Kane, and Mrs. Kane, returned home last evening. Mr. and Mrs. Thomas Gibbons and Mr. and Mrs. Wm. Wheaton, of St. John, motored to Moncton and are the guests of Police Officer and Mrs. Kane, Louis street.

Route Defined. In addition to floats the motor apparatus of the St. John Fire Department will also be on the parade, and when Kane's Corner is reached the fire apparatus will turn to the left and return to their stations via Marsh Road. It was decided that the different sections, which are to participate in the parade, would assemble at 1:30 o'clock on Monday afternoon and take their positions as directed by the grand marshal, and that the parade start off at 2 o'clock sharp.

The route of procession is as follows: King street east, down Sydney, along Union, Prince Edward, Haymarket Square, Thorne avenue, Red Head road to dry dock. So soon as the parade reaches the dry dock, members of the Salvage Corps companies, with the call band, will go on duty with local police constables in looking after the safety of the large crowd assembled.

The matter of placing the bands in position was discussed, and it was finally decided that representatives of the five musical organizations in the city, St. Mary's, City Cornet, Horn and Bugle, Carleton Cornet, and Pipe Band, meet at Commissioner Thornton's office, Prince William street, St. John, on Monday evening at 8 o'clock for the purpose of drawing for positions. The meeting adjourned until Saturday evening.

"All Set" is the slogan now of the citizens' committee for the opening ceremonies. Final details and reports of the various sub-committees, considered at a meeting in Mayor Fisher's office last evening, showed that the only item now needed to crown the committee's plans with success was some kindly co-operation on the part of the weather authority.

Mr. Thornton's account of the activities of the parade committee was heartily endorsed and clearly indicated that the hard work performed by the members would make the affair one of the finest held in St. John in many years. Com. Thornton took the opportunity of thanking those clubs and citizens who had come forward and assisted the committee in its work.

Half Holiday. Mayor Fisher announced that he would proclaim a public half-holiday

for Monday and it was suggested that His Worship also request the citizens to decorate their homes throughout the city as well as along the line of march. Mayor Fisher said he would draw the attention of the citizens to this as he considered it a good suggestion. The Mayor also will get in touch with the school officials and settle definitely regarding a half-holiday for the school children.

J. C. Chesley, chairman of the transportation committee, announced that the local taxi drivers had decided at a recent meeting to convey citizens to the dry dock from the head of King street on Monday for fifty cents—the fare back would be the same. Mr. Chesley also announced that the Canadian National would not run a special train from the depot to East St. John owing to the condition of the spur track. He said the street railway company was completing arrangements for a special service on the opening day.

of the Halifax dry dock, informed the Telegraph-Journal last evening. Mr. Brookfield, who is at present connected with the Brookfield Construction Company, Ltd., of Halifax, accompanied by Henry Roper, general manager of the company, were taken out to Courtenay Bay yesterday to inspect the work there. Both these men were intimately connected with the Halifax dockyards, Mr. Brookfield, as general manager for thirteen years previous to the expropriation of the shipyards by the Federal Government, and Mr. Roper, in connection with the construction as the Brookfield Construction Company had a large part in the building of the dock.

When asked how it compared with other docks he had seen, Mr. Brookfield said that he had spent six or seven years in Scotland and England, previous to assuming the management of the Halifax dockyards, studying conditions there, and there was no doubt that the claims for the size of this dock were justified. It was admirably equipped, he said, and he felt sure it would fulfill the expectations of those who fathered it. If not for the present abnormal times in the shipbuilding industry, at least when shipping got back to a normal basis. Mr. Brookfield and Mr. Roper left last evening for Halifax.

A Warm Home

Is your house supposed to be "hard to heat"? Is the dining room or bath room or some corner room "always freezing cold"? Do you dread winter because so much of the house can't be heated properly? Don't you long for a furnace that will heat the entire house evenly with clean, humidified air that circulates freely in every room?

will do this. WHY? Because we install a Findlay Furnace only after we have consulted the heating experts at the Findlay foundries and have designed a complete heating system for your individual home, based on the size and location of every room in the house. We guarantee to heat your home as you want it heated—and we know that a Findlay Furnace will do it with far less fuel consumption than at present. There are eight different types, or designs, as well as many different sizes in the Findlay Furnace Family—each one made to meet a specific need.

Whether you burn hard or soft coal or wood, we can give you a choice of pipe and pipeless furnaces which will exactly suit your particular requirements. And, most important of all, we offer you, absolutely free of charge, the services of the heating experts of Findlay Bros. Co. Limited, of Carleton Place, Ont., who will give you an independent plan of heating for your home. Call and ask us or write for free booklets and Service Sheets.

From Patricia next door—

No doubt when unexpected guests arrive in unexpected numbers, you, too, are obliged to borrow silverware—or to set your table with odd and unattractive pieces. But this annoyance is unnecessary!

The sensible thing is to have enough silverware of your own. And in 1847 Rogers Bros. Silverplate you can provide that enough quite reasonably. Six tea spoons in the beautiful new Anniversary Pattern cost only \$3.75. Other pieces—table forks, table spoons, butter spreaders—are priced as moderately.

But, for all its inexpensiveness, 1847 Rogers Bros. Silverplate is both beautiful and durable. Its quality has been recognized through three-quarters of a century. Purchase to-day the pieces you need most. On a later occasion add to them in the chosen pattern. Dealers everywhere have the newer 1847 Rogers Bros. patterns in stock.

ALL READY.

Another big stride forward for this port comes with the formal opening of the world's greatest dry dock on Monday, and all is now in readiness for the event which will take rank as one of the most significant in our history. For what it is in itself, and for the additional expansion it promises, the dock is a magnificent business achievement, one more great step in the creation of the Greater St. John.

The port goes forward, the plans and visions of the men who had faith in the city and who rightly judged its possibilities are being realized. The city will make holiday and will mark the launching of the new enterprise with ceremony properly fitting the event. What has been done may well be celebrated. It increases the confidence of the people in the future of the city and gives the port a new status in the eyes of the Dominion and the world.

Unfettered effort to secure the early construction of the piers and other terminal facilities required.

By will be promoted and strengthened by the completion of the dock, which, with its ship-repair plant, will be a powerful business magnet. It is not to be forgotten that the building of the breakwater and the dredging of a deep water area in Courtenay Bay have cleared the way for the building of the piers and the creation of the extensive facilities which the C. N. R. needs in order to handle through this port the volume of traffic for which this harbor is the natural objective. The completion of the whole Courtenay Bay plan of terminals in addition to the dry dock is therefore in order to meet national needs.

St. John will make Monday a day of enthusiasm and rejoicing, celebrating what has been done and looking forward with fresh confidence to the additional growth and expansion which are to come.

AN EMPIRE COMPLICATION.

The London Conference feels its way cautiously in seeking means to give the Dominions a full share in the formation of foreign policy, coupled with acceptance of responsibility for carrying that policy into effect. What is sought is concerted action in the peace time activities of diplomacy which go to keep the peace, and should these ever fail, as they did in 1914, prompt and united action in making war. In 1914 the Dominions were at war with Germany on the declaration of Great Britain's declaration. The Dominions would have been at war whether they wished to follow Great Britain or not. They did not wish to stand aside, and should another war come it is only theoretically possible that any part of the Empire could play the role of a neutral. The fighting forces of the Dominions are under the control of their own Parliaments, but the rule will still hold in actual practice that when Great Britain is at war the Dominions are at war.

Today in London the assembled representatives are seeking, not for the first time, better methods for keeping the people of every self-governing part of the Empire more constantly and more fully informed as to foreign policy. They are considering, too, how best the several governments can most quickly consult and agree to common action as emergencies arise or when matters likely to lead to trouble are being dealt with. During the war Canada had its Premier or another Minister of the Crown almost constantly in London. One of the proposals now being considered is that each Dominion should have in London a member of its government who would be constantly in touch with the Foreign Office. Another suggestion is that each High Commissioner should do such work. A third is that the Dominions should establish a bureau in London which would be a sort of overseas branch of the British foreign department. In substance all of these proposals amount to about the same thing. Any of them would be some improvement upon the ordinary interchange of views by cable, though of course the representative of any Dominion could not take final action. That would rest with the government of the country he represented. If the demands and responsibilities of foreign policy are found great enough to require the constant presence of special representatives of the Dominions in London, there they could consult constantly among themselves and thus each government would be kept quickly informed as to the views entertained by the others.

Some foreign observers think the chief obstacle encountered at the Conference in these matters is the hesitation of the Dominions to undertake in advance to underwrite any and all policies of the British government. But as a matter of fact they are not

asked to do so. As integral parts of the Empire they are asked to assist in shaping foreign policy, having regard not to Britain alone but to the interests and safety of the entire Imperial structure. Theoretically the difficulties and complications are great, but there are encouraging features too marked to be overlooked. One is that in the past there has been no emergency to which the sentiment common throughout the Empire was not equal. Another is that while it would be difficult to imagine for the future circumstances more grave than those arising in connection with the great war, or involving such momentous decisions and the certainty of such frightful sacrifices, Britain and the Dominions met the test in a way that commanded the admiration of the world. "Imperial unity or devotion to the common flag is no less deep today than it was then. Nor will it be."

Frequently someone rises to observe that the countries of the Empire are at the parting of the ways; but the parting never comes.

TREATING THEM ROUGH.

If you are born in Africa you must be an African, according to the American immigration laws, and that settles it. A young woman whose nationality is British, who is white, and who was born in South Africa arrived at Boston by steamer a few days ago. Friends who could testify as to her nationality were on hand to meet her. But the inspectors, seeing that Africa was given as her birthplace in the records, set her aside for deportation, the quota from Africa having been exhausted. She was sent back. She may try again in November, and if she does her only chance to get in will be as an African.

There have been many such cases during recent months, ranging from the pathetic to the ridiculous, not a few involving anxiety, financial loss and even tragic hardship. The Boston Herald, in presenting what it calls some of the curiosities resulting from the rigid interpretation of the complicated quota law, begins with a case arising at the Canadian border. "There was the refusal at the Canadian border to admit Mrs. Yeomans, the wife of a well-known Boston minister, on her return from a visit to Nova Scotia. The slightest inquiry would have shown that she was entitled to return, and that the alleged ground of refusal, that she might become a public charge, was nonsensical. There she was the case of the Belgian carpenter and his wife, both industrious persons, who had made their home in Boston and applied for naturalization. The wife was also a mother, and made a trip back to fetch the three children, but then, at New York, she and they were barred out because the Belgian quota had been exhausted. Happily, in both these instances, Secretary Davis felt free to cut the red tape across the door of ingress, when the Mayor appealed to him. Another curious case, not so happily ended, is that of Mrs. Annie Gallagher, who came from England by the Devon to East Boston, intending to go to New Bedford and there reside with her husband, to whom she was married last March. The British quota for the month being full, the young wife was sent back in 1922, and she has to come again in November, trying to hit just the right moment for succeeding in at our door."

The Herald pleads for better treatment for the strangers in a "strange land who have to submit to delay, anxiety, hardship, and too often even deportation, for no defensible reason." One suggestion is that some of the worst features could be avoided by a better system of examination before the immigrants begin their voyage, but, as Canada has found, that is attended by many difficulties though it is a plan demanding careful extension. In a great many instances the trouble arises from too rigid adherence to the letter of the law which is, of necessity perhaps, a highly complicated one.

The strongest testimony heard in the Maritime Provinces against the pulpwood embargo, fortified by facts not to be ignored, is that of Mr. Angus McLean, President of the Bathurst Lumber Company. He conveys and greatly strengthens the testimony of many previous witnesses who oppose the policy of restriction. The preponderance of evidence in these provinces against the embargo is too marked to be overlooked.

The British Prime Minister's speech at Plymouth tonight is expected to clear away a lot of political fog about economic and foreign policy.

The excellent business of putting St. John more prominently on the map goes forward with the right swing.

PULP EMBARGO IS OPPOSED BY ANGUS McLEAN AT BATHURST

Lumber Company President Says It Would Close N. B. Plants.

Bathurst, Oct. 24.—The Pulpwood Commission opened its session here this morning. The whole morning was devoted to the evidence of Angus McLean, president of the Bathurst Lumber Company, Limited, which was considered about the most complete of any which has yet been given before the commission, covering all phases of the subject.

"The Bathurst Company has 1,150 square miles of licensed lands in New Brunswick and 1,600 in Quebec and about 10,000 acres of freehold in these two provinces. When asked as to his opinion regarding an embargo, Mr. McLean replied: "My strong conviction is that such legislation would be a serious mistake and should not be enforced. So far as Nova Scotia and New Brunswick are concerned there is a surplus of pulpwood. In this district it is going to waste and the prohibition of export would mean a still greater loss. There is no shortage in this part of the province. There is a surplus and if the United States market is cut off it would be very serious to the farmers and dealers."

Only Local Market. "They would have nothing but the local market which would greatly depreciate the price of their product. We developed to the limit of possibility so far as power is concerned there would still be plenty of wood. There is not the power needed to manufacture paper extensively. All that can be made until we get additional power is pulp and the only market for this in the world today is the United States, where we have to compete with Germany and the Scandinavian countries, which are almost putting us out of business."

Returning to this phase of the subject later in his evidence, Mr. McLean said that the Scandinavian countries, their class of timber is about the same, but they have very much better transportation rates and facilities. They can land pulp to the United States converting mills at the same cost as the Bathurst Company has to pay to move from Bathurst, and in some cases for less owing to railroad conditions here being unfavorable, practically all the mills here are located on railways. The water rate from Scandinavia is very low as ships are coming right in this direction.

able to continue. This was liable to continue so long as the present condition of ships going loaded to Europe and coming back light continued. It cost from \$5.20 to \$10 per ton for freights to the markets in the United States, while from Scandinavia ports they get as low as two dollars per ton on the ocean and also get special rail rates from tidewater in the United States. The Canadian mills have not this advantage. "If we had the foreign trade," said Mr. McLean, "we would be well satisfied here so far as water shipments are concerned, but we are not shipping anything to Europe." He added that Canada is producing a very good product, but there were conditions such as exchange which were disadvantages.

Returning to the question of an embargo he said: "One of the conditions we have to face is the possibility of retaliation. I am interested in the Hugh MacLean Lumber Company with its head office in Buffalo, which ships lumber from the United States to Canada. This company has mills in different states, such as Indiana, Kentucky, Tennessee and Arkansas, producing hard wood to supply the furniture wagon making, interior trim and other companies in Canada with wood which is not produced here. "On the other hand we are shipping

from Bathurst to the United States and in watching conditions in both countries I am convinced that if an embargo is put on pulpwood by Canada, the United States will retaliate and put some high tariff on lumber and paper. I am absolutely convinced that this will be done. Pulpwood is practically the only thing we have with which the United States is not abundantly supplied and if we put an embargo on they will retaliate and put us out of business. If they shut us out of their market the shippers would be up on our plant here in six months."

Asked by the chairman as to the power possibilities in New Brunswick, Mr. McLean said there were two possible power developments the Niagara and the Grand Falls on the St. John river. The Bathurst Company has developed the former to its limit. On the latter there are possibilities of getting from thirty to eighty thousand horsepower, depending on the storage facilities which can be created.

May Be More Mills. With this development there might possibly be a maximum of three or four more paper mills established in New Brunswick. The Bathurst Company has developed the Niagara to its limit and have power to make about sixty tons of newspaper a day, but cannot develop further until more power is available. There are a good many complications connected with Grand Falls development. The question as to the amount of power is undetermined.

Some of the storage necessary is in Quebec, a small part in New Brunswick and the greater part in the State of Maine, so there is an international question to be adjusted. On the Niagara they have developed 9,000 horsepower but are only running one unit owing to shortage of water. They hope to develop four facilities and increase the power.

Referring to the comparative value of timber for lumber and pulpwood, Mr. McLean said so far as labor was concerned pulpwood was just as valuable. He corroborated the statements of previous witnesses that the great bulk of the material used for pulpwood is not suitable for lumber. "We cut a three-inch top and the two top logs have to be put into pulp or left in the woods to waste," said Mr. McLean. "The farmer and small operator gets more out of pulpwood than he could possibly get out of making it into lumber."

Referring to the supplies of pulpwood, he said they cut from 75,000 to 80,000 cords a year, about 15,000 cords of which he bought from the farmers. "We would buy pulpwood very much cheaper if this embargo were put on and the average price to the farmer for peeled wood on the car is \$10, or slightly lower for lumber. "We cut a three-inch top and the two top logs have to be put into pulp or left in the woods to waste," said Mr. McLean. "The farmer and small operator gets more out of pulpwood than he could possibly get out of making it into lumber."

"The farmer and small operator gets more out of pulpwood than he could possibly get out of making it into lumber."

"We would then have kraft mills come here in numbers. We are shut out of their market, which consumes about 60 per cent of both the kraft and newsprint production of the world."

Mr. McLean gave the commission some valuable information on conservation and insect pests. All their cutting is done in rotation and they expect to go back over the same land as soon as there is a crop. They cut the large trees and leave the small ones. "This country will grow timber spontaneously," said he. "I could show you good trees today on what were cultivated fields 15 years ago." Leaving the branches on the ground helps to fertilize the soil, while burning destroys it so that the seed cannot germinate.

Referring to fires, he said there was no reason why fire should not be kept out of the country almost entirely if they would regulate the operations of fishermen and hunters and make it a criminal offence to set out fire traps. "Invariably wherever there has been fire on our property," he said, "it has been set outside." The loss from fire is four or five times that from the axe at a conservative estimate.

Five Other Witnesses. In the afternoon five other witnesses gave evidence, all opposed to an embargo for various reasons. John Branch, buyer for the Bathurst Company, said he was sure he could buy much cheaper if an embargo went on. The farmer crops the wood in the majority of cases. A. T. Hinton, in the lumber and pulpwood business, said that without the American market the local mills would pay what they liked. He has cut off lands that had been cut 18 years ago; he has paid the farmer \$9 for wood and thought it could be cut and peeled, yarded and sawed for \$4.20.

has 2,000 or 3,000 acres of leased land and some freehold, said his business brought him in contact with all classes in the community, and he had yet to hear of a man in favor of an embargo. They all fear reduced prices. In his own operations he found that when labor troubles prevented the Americans from taking pulpwood they dropped money.

George Gilbert, K. C., Bathurst, who has been connected with the lumber business for many years, said that not only would an embargo hurt the farmer very seriously but it would have a deterrent effect on the clearing and settling of land. Very few farmers could get along without the lumber woods to help them. The effect would be that they would simply abandon their farms.

At the conclusion of Mr. Gilbert's evidence the commission adjourned until tomorrow.

BOYS' CLUB OPENS IN THE EAST END

Hon. R. J. Ritchie opened the East End Boys' Club last evening with an inspiring address, the keynote of which was "Whatever you do, boys, do it well." A. M. Belding, A. W. Covey, Alexander Wilson and W. K. Haley, president of the St. John Playgrounds Association, all spoke encouragingly to the boys, who numbered more than 100. The lads were seated on the floor in a half circle, two rows deep. Mrs. A. C. D. Wilson recited "The Pool" by Robert Service and Mrs. M. H. B. Good led the boys in some of

FIND OLD HULK 50 FEET UNDER NEW YORK STREET

Workmen Get Old Coins Too, in Digging for Sky-scraper Foundation.

New York, Oct. 25.—"Sand hogs" working 50 feet underground on the foundations of the New York Telephone Company's building at West street and Park Place, have unearthed several rare American coins dating back to the latter part of the eighteenth century.

An official of the New York Foundation Company, which has charge of the work, said that 50 feet underground the men found the hull of an old vessel about the size of a modern canal boat.

While digging out the hull of the old vessel the men found coins which are bronze or copper. One bears the world "Libertas," and is dated 1793. On the reverse side is the inscription "Constitutio Nova." Another coin found is dated 1780. Of the nine coins found no two are alike. Another coin was that of a man's head, with the horns attached. This was dug out of the mud 12 feet below the hull.

Anglican Missions Board In Session

Several Changes in Location of Clergy in Diocese Are Announced.

The transfer of Rev. Craig W. Nichols of Westfield to Hardwick was announced at the meeting of the board of missions of the Fredericton Diocese yesterday, and a number of other changes in the placing of clergymen, Bishop Richardson arrived at noon and presided at the afternoon and evening meetings.

The social service committee took up conditions in the St. John jail, the matter of gambling at provincial fairs, and the matter of obtaining larger indemnification of church people in New Brunswick. The opening of the memorial chapel at Robbsey College and the opening of the new extension to the Church of England Institute were under discussion.

The social service council also took up the matter of gambling at the provincial fairs. H. A. Porter, manager of the St. John Exhibition, is a member of the council and he spoke at length on the subject expressing the willingness of the Exhibition Association directors to meet with the council to discuss the matter. It was finally decided to ask the Evangelical Alliance to appoint a committee representative of all the Protestant church bodies in the city to meet with the association directors.

With regard to the desirability of bringing more Anglican people to the diocese it was decided to leave this matter in the hands of the chairman to let it up with Rev. L. E. Thompson, parson, when he is in St. John this winter.

The board of missions which met in the evening heard reports of deputations to several missions and the announcements of resignations and appointments. The resignations were as follows: Rev. H. Hesketh, from Hardwick; Rev. C. W. Nichols, from Westfield, to take effect on Nov. 6; Rev. G. E. Truman, from Prince William; Rev. James Spencer, from Bright, retired; Rev. P. G. Cotton, from Trinity church, St. Stephen, to accept a charge in Old Town, N.S., and Rev. Reginald Britton, from Ladlow, to take effect on Nov. 5. Appointments were announced as follows: Rev. C. W. Nichols, to Hardwick; Rev. G. E. Truman, to Sackville and Dorchester; Rev. Reginald Britton, to Kingsport; Rev. A. Brown, (deacon), to Hammond River, and Rev. E. P. Wright, curate of St. Luke's, St. John, to Trinity church, St. Stephen.

The parishes and missions which were reported vacant were Hildroft and Wedford, Canning and Chipman, Prince William and Dumfries, Hillsboro, Westfield, Gordon and Lorne, Wilmot and Wicklow and Bright.

MAGEE LAND CASE DECISION GIVEN

A decision by His Lordship Justice Audette of the Exchequer Court of Canada has just been handed down awarding to T. Walker Magee et al the sum of \$400 an acre for land off the Marsh road expropriated by the Government for C. N. R. yard improvements. This is the sum tendered the defendants in the first instance, but in Justice Audette's finding they are allowed interest from the date of expropriation and also cost with exception of three-quarters of the evidence cost.

"DAD" QUICK, SADDLER, 103, Vancouver Veteran Works 13 Hours On Birthday.

Vancouver, Oct. 25.—Charles "Dad" Quick, maker of racing saddles, celebrated his 103rd birthday this week. Ordinarily he works eleven hours a day.

"People are better working than loafing," he declared. "Work gives one an appetite for food and sleep. Staying up late at night is no good." "Dad" took a course of dancing lessons several months ago, but his love for work has so far prevented him from practicing his newly acquired art.

Priest's Car Stolen; Friends Replace It

New York, Oct. 25.—Friends and parishioners of the Rev. Bernard J. Quinn, rector of the colored Roman Catholic Church of St. Claver, Ormand place and Jefferson avenue, have banded together to replace his Ford sedan, which was stolen two weeks ago. Father Quinn had owned the car only two days. The third day after its purchase he drove to the license bureau. He engaged with a permit to drive a machine, but looked in vain for his car.

Monday, the friends who had helped pay for the stolen car said they would start a movement to get the colored pastor a second machine.

WELCOME ONE AND FAREWELL ANOTHER

A social to welcome Miss Loretta Shaw, a member of the congregation, who has been for 21 years a missionary in Japan, and is now home on furlough, was held in St. Luke's Sunday school room last night with a very large number present. The chairman was Harry Finch, convener of the missionary committee. The pastor, Rev. H. P. McKim, welcomed Miss Shaw and Miss Daisy beyea presented a bouquet of flowers to her. Miss Shaw thanked her friends and gave a very interesting address on Japan pointing out the opportunity for missionary work which the tragedy of the recent disaster afforded. W. F. Cronk, senior warden, spoke appreciatively of the work of Rev. P. F. Wright, the curate, who is shortly to take charge of Trinity church in St. Stephen, and, on behalf of the congregation, he presented Mr. Wright with a substantial check. Miss Mildred Morrison presented a bouquet to Mrs. Wright. Mr. Wright made a very happy reply. During the evening pleasing solos were given by Miss Daley, Mrs. Harold Gault, Mrs. H. Usher Miller and Mr. McEachern. Mrs. W. A. Smith was the pianist. The hall was nicely decorated for the occasion and the ladies served refreshments at the close.

Rhenish Mines Are Closed Down

Berlin, Oct. 25.—It is reported from Essen that the mine owners have resolved to close all Rhenish Westphalian mines beginning next Monday owing to the failure of negotiations with the occupation authorities.

TO OBSERVE GUY FAWKES DAY

The St. John County L.O.L. met last night in Orange Hall, German street, and planned for the Guy Fawkes Day observance this year. E. F. Tippetts, acting county master, was the chairman. It was decided to attend divine service with Willis Lodge No. 70 in Fairville on Sunday, Nov. 4. In the last few years there has been no observance.

Local Loyal Orange service held as a Guy Fawkes observance. It was also decided to celebrate Monday, Nov. 5 by having the district officers pay an official visit to Johnston L.O.L. No. 24. The Monday evening event is to be in the nature of a social gathering.

Million Bequeathed On Scrap of Paper

Boylestown, Pa., Oct. 25.—A piece of paper four inches long by three inches wide was used by Major Samuel Comfort to bequeath his estate, worth \$1,000,000, to his widow and daughter. The will consists of only two sentences, naming the widow, Mrs. Elizabeth Comfort, Newton, Bucks county, Pennsylvania, and Mrs. Emma W. Crookshank, London, England, his daughter, as his sole beneficiaries and executrices. Major Comfort for many years was connected with the Standard Oil Company of New Jersey.

Mrs. Harding Gives Gown to Museum

Washington, D. C., Oct. 25.—Mrs. Warren G. Harding, who will come to Washington after the memorial service for the late President to be held in Marion on November 2, the anniversary of his birth, will occupy the apartment in the Willard which

was the home of President and Mrs. Coolidge while the former was Vice-President, and which was previously occupied by Vice-President and Mrs. Marshall. Mrs. Harding has sent to Washington a handsome evening gown worn by her at one of the historic functions of her regime as First Lady of the Land, to be installed in the National Museum collection of gowns worn by mistresses of the White House.

PROCEEDS FOR REPAIR WORK

The ladies of the Church of the Good Shepherd in Fairville held a successful dinner in the church hall on Wednesday night and in spite of the inclemency of the weather the hall was filled to capacity. The dinner was served at Mrs. James Reed. The vegetables were two long tables which were attractively decorated in green and red colors with red candles in silver candlesticks. The room itself was nicely decorated with rowan berries, cedar and sheaves of wheat. The orchestra of the church furnished music during the evening. The dinner realized a satisfactory sum which will be used for the repair fund of the church. The general conveners were Mrs. William Neales and Mrs. Mitchell, Mrs. Roy Longard, Mrs. O. Medley, Mrs. T. Gilmore and Mrs. Roy Cougle. The tea tickets were in Dunham, Mrs. Robert Bartlett, and

Mrs. Amy Pender. Those on the decorating committee were Mrs. William Baxter, Miss Edith Warren and Miss A. Belyea. Those in charge of the tables were Mrs. Frank Hamm, Mrs. Hannah Maguire, Mrs. W. Nelson and Mrs. James Reed. The vegetables were in the charge of Mrs. H. Gladson and Miss Mary Spears. Those who served the pie were Mrs. George Duncan, Mrs. R. Phillips, Mrs. Silas Cheseman, Mrs. R. Merryweather, Mrs. Olaf Nelly and Mrs. R. Smith. The waitresses were Mrs. H. Cougle, Miss Ella Reed, Mrs. Harold Hill, Miss May, Mrs. Thomas Pyle, Mrs. James Miller, Mrs. D. Keating, Mrs. Thomas Mitchell, Mrs. Roy Longard, Mrs. O. Medley, Mrs. T. Gilmore and Mrs. Roy Cougle. The tea tickets were in charge of Frank Patriquin and the

THE clock in the office, school, or factory tells the time you get there. The clock that has the most to do with getting you there punctually is the alarm clock beside your bed. It calls you in time so you can dress, have breakfast, and get to work or school without unsettling hurry. Most people who have to be on time in the morning choose Westclox because they run on time, ring on time, stay on time. You can identify them by the trade mark Westclox on the dial and orange bordered, six sided buff tag. WESTERN CLOCK CO., Limited, PETERBOROUGH, ONT.

Long before the fashion of outdoor sports, Pond's knew these two skin essentials

Two things a woman's skin must have in order never to betray fatigue and the effects of weather—First—the kind of cleansing that not only keeps for you always the charm of fresh transparent skin but in addition, daily restores your skin's essential suppleness. Second—the kind of protection that not only never fails but actually beautifies—that by its special property renews each time the smooth freshness of youth under the powder and rouge. For years Pond's centered their whole effort on this vital problem for women until they finally perfected two entirely different creams to meet these two requirements—Pond's Cold Cream and Pond's Vanishing Cream. First appreciated by the women who tax their skin most—the actress and the sportswoman—today millions of women are using the famous Pond's method to offset the coarsening of everyday exposure. Buy both creams to-night in jars or tubes at 50 cents each at drug or departmental stores. The Pond's Extract Co., 146 Brock Avenue, Toronto, Ont.

Try this famous method. Every night or whenever you come in from an outing—With the finger tips apply Pond's Cold Cream to the face. The very first use of it softens your skin and penetrates every pore. Let it stay on a minute—now wipe it off with a soft cloth. The black that comes off shows you how carefully this cream cleanses. Do this twice. Your skin looks fresh and is wonderfully supple. Then before you powder—Smooth on Pond's Vanishing Cream very evenly—just enough for your skin to absorb. Now powder. How velvety your face feels. Nothing can redress or overdo it. The powder is even and smooth over the flawless skin. The compliments of your friends will prove to you how wonderful for your skin these Two Creams are. MADE IN CANADA. Edward Thayer Monroe. From charming Peggy Wood—"I have always had the best results from using Pond's Two Creams."

Oh! ROMAN MEAL MUFFINS—Splendid. Yes, Yes, steaming hot! They always agree with me—and I love them. Keeps the family fit.

VESSEL VERDICT FOR PLAINTIFF

Charlottetown, Oct. 24.—In the Admiralty Court today the case of Clifford W. Hanley, of St. Stephen, N.B., vs. the Schooner Ralph S. Parsons, action for necessities, came up before Judge Stewart and a verdict was given for the plaintiff for six hundred dollars. He had chartered the vessel for a voyage to England and had outfitted her in St. Stephen.

There is Still Time— to get the New Hoover on special terms

The New Hoover was introduced only last spring. Never before has it been offered on special terms. Probably it will not be offered on such terms again for a long time, and this offer will be withdrawn on Wednesday, October 31st.

By the New Hoover, we mean our latest model with its ten distinct practical improvements which make it the finest electric cleaner for the home ever produced. This is the machine you can obtain on a payment of only \$5. The balance can be arranged on our easy, "monthly-payment" plan—at the rate of a few cents a day for a limited time.

Phone to any Authorized Hoover Dealer. He will be pleased to send a New Hoover to your home so that you can see how it cleans your carpets, rugs and upholstery. Phone today.

Maritime People
Interview Thornton

Ask Him to Consider Annexing Part of Central to Atlantic Region.

A delegation from the Maritime Provinces, headed by Hance J. Logan, M. P., invaded Sir Henry Thornton's private car at Charney, Quebec, yesterday to take up with him the possibility of annexing the portion of the central division of the C.N.R. between Montreal and Riviere du Loup to the Atlantic division.

Colonel Talbot, director of the C.N.R., when asked regarding the suggestion, said that he would oppose it on the grounds that the Province of Quebec should be a region by itself, because they have a mileage of 10,000 miles, or nearly half of the total of all the lines, and pointed out that if the Maritime Provinces are agitating to include the province in the Atlantic division their object should be to improve the financial situation of the railway in this section.

Asks Removal Of Seed Potato Duty

T. W. Caldwell Asks Government to Enlarge Potato Shed Here.

T. W. Caldwell, Progressive member for Carleton-Victoria, called on Rt. Hon. W. S. Fielding, Finance Minister, yesterday, and suggested Canada negotiating with the United States for the removal of the duty against Canadian seed potatoes. He pointed out that there is an excellent market in the Southern States for the Canadian product. Mr. Fielding expressed himself as being impressed, but felt that American growers should make representation to Washington in the first place. Mr. Caldwell is making an effort to have the Government enlarge the frost-proof warehouse in St. John.

Says Klan Has 32,000 Ministers

New York, Oct. 23. — Thirty-two thousand Protestant ministers are members of the Ku Klux Klan, said the Rev. Oscar Hayward of South Carolina, speaking at a Klan meeting of about 25,000 persons at Wantagh, L. I. Mr. Hayward is a Klan organizer. He predicted that every Protestant church in New York city will be "wide open to the Ku Klux Klan" within three years.

The meeting was held in a vacant lot just off the Merrick road. A thirty-five acre lot near by was used to park the automobiles of those present. Mr. Hayward, who spoke for about three hours on the purposes of the Klan, said the organization's worst enemies are "professional politicians," who make political capital out of opposition to it. He mentioned Governor Watson of Oklahoma in this connection, saying that he would be "a politician without a job" in another week.

Another Barn Goes In Night Blaze

Property on Shore of Kennebecasis Destroyed—Work of Firebug?

People are beginning to ask if there is a firebug loose in Kings County who makes a specialty of firing barns, as three mysterious fires have occurred in the last week in that county. One was near Sussex, another at Martinon, and the third, which occurred last night, on the shores of the Kennebecasis. In each instance the fire broke out at night, and the owners of the properties could give no explanation of the blaze.

In the fire last night a barn and shed belonging to Craig Parker, Grant's Brook, were destroyed with all their contents, consisting of farm machinery, 182 bushels of oats and a large quantity of straw.

TUXIS CONCLAVE HELD

The Tuxis Conclave at the Y. M. C. A. last evening was the first of the season and attended by 60 boys from 14 to 20 years old. Taylor Statten addressed the assembly, which was arranged by him in an Indian council ring in the gymnasium, after a bountiful supper had been served upstairs. The churches were represented as follows: Exmouth street Methodist, 18; Ludlow street Baptist, 20; St. David's, Irish-Catholic, 6; Portland Methodist, 7; German street Baptist, 7, and visitors, 5. As this was the last time Mr. Statten would be with the boys for another year, three cheers were given for him and a general farewell extended. Mr. Statten said that the training from 14 to 20 years was the most important in the life of a man. In closing he led the circle in the Omaha tribal prayer.

ST. JOHN DELEGATES TO A. A. U. ANNUAL MEETING

St. John will have several representatives present in Moncton this afternoon at the annual meeting of the Maritime Branch of the A. A. U. of C. Besides President Covey and P. J. Legge, secretary-treasurer, there will be in attendance: Elmer Ingraham, W. E. Sterling, Frank White, E. J. Pougnet, H. E. Richard, F. W. Coombs, Fred D. McGuire, Paul C. Quinn and Fred O. Conlon. Mr. McGuire will represent the U. N. B. Law School of this city.

HOLD JOINT MEETING

As part of the anniversary week observances in the Carmarthen street Methodist church the Young People's League and the Men's Bible Class held a joint meeting last night. William Truier, the president of the League, was the chairman. A short address was given by Isaac Mercer, president of the Bible Class. Solos were given by Mrs. Roy Ring and Miss Frances Withers and a duet by Miss Gladys Styles and Miss Myrtle Fox. Mrs. H. B. Peck gave readings. The pastor, Rev. E. E. Styles, made a short address, congratulating the League on the appearance of the hall and expressing thanks for the co-operation it had given him. The evening was much enjoyed.

SAYS HE DIDN'T
SEE INSPECTOR

Max Lampert is Fined on a
Charge of Speeding
Through Streets.

Max Lampert was in the police court yesterday afternoon charged with exceeding the speed limit on October 20. Sydney H. Hutton appeared for Lampert, who pleaded not guilty. He was convicted and fined \$10.

Max Lampert testified that the morning was foggy and wet and that he

did not see Inspector Crawford. He had heard some person call out to him, but did not know what was said or who called and that he had not been driving faster than fifteen to eighteen miles an hour. He said that he lived at different places, sometimes with his brother-in-law, Mr. Carleton, in King street east. He drove from King street east via Britain and other streets to Rockland road for the purpose of obtaining the key of his shop from a clerk who was ill. He did not pay any money for board or lodging to his sister, Mrs. Carleton, but gave her presents such as a dress or groceries.

MAH-JONGG HELD TO BE
NOT GAME OF CHANCE

Philippine Court Rules Chinese Game of Dominoes Is Not Gambling.

Manila, Oct. 25.—Mah-Jongg, the great Chinese game of dominoes, is not a game of chance. A competent court of the land has ruled thus and it is so ordered.

The above decision was rendered in a case against Tso Tong, Lee Loy, So Chee and Kuong Chang, all Chinese, arrested on the charge of gambling. The case came before Judge Manuel V. Moran, who based his decision on the case of the United States vs. Lion-sin. In his decision, however, Judge Moran regrets the fact that local authorities have not approved any measure regulating the game, as he believes that Mah-Jongg is a game in which fortunes may be won and lost.

Judge Moran makes a long analysis of the game, in which he says that while the element of luck plays an important part in the winning of the hand, the game itself is one of ability rather than luck. He concludes that the element of luck is limited and as the game advances this element is more and more reduced by the proficiency of the player.

His conclusion that in Mah-Jongg fortunes may be won or lost is based on a story in which it is related that four wealthy Chinese once played the game, wagering a grain of rice for each tile. The player playing East Wind, the story runs, put over a master stroke by virtue of which his three opponents and their descendants for three generations had to cultivate 1,000 hectares (2,500 acres) of land planted to rice in order to pay what East Wind had won.

That
"Kruschen"
Feeling

Happy, light-hearted, care-free, always in the prime of health and best of spirits—that's the jolly Kruschen optimist all over. He wakes up each morning refreshed and vigorous after a good night's sleep, whistles gaily as he dresses, attacks his breakfast with zest, and goes off to the office rejoicing in a sense of exhilaration that makes him feel as if he could challenge the first-come to play leapfrog with him!

That's the feeling Kruschen gives—the sheer, bounding joy of a youthful heart. You can feel like that if you will only learn the habits of morning drooping a pinch of Kruschen Salts into your breakfast cup of coffee or tea. If you suffer from

depression, headache, listlessness, the thousand and one ills that so many people never get rid of, it is because diminished activity on the part of your liver and kidneys has allowed impurities to collect in your body and enter the blood. You need six salts to cleanse the system of these impurities, and in Kruschen you have all six, blended in just the right proportion. If you led a healthy, out-door life, getting plenty of exercise and plain, wholesome food, your liver and kidneys would extract these salts from your food. But the thousands whose lot is cast in the busy life of the city need something to take the place of fresh air and exercise.

They need Kruschen Salts. Kruschen gives back to the tired body and jaded mind all the freshness and vigor of youth. It enables you to enjoy life to the full, happy in your work, happy in your play, it makes a new man of you. Try it. Start the healthy Kruschen habit now.

Tasteless in Coffee or Tea. Put as much in your breakfast cup as will lie on a 10 cent piece. It's the little daily dose that does it.

Good Health for Half a Cent a Day. The dose to cover a 10 cent piece every morning is found in precisely just the right amount for a most invigorating daily tonic. ECONOMY.—A bottle of Kruschen Salts.

GERMANS TO DIG IN EGYPT.
Prof. Borchardt Will Resume Work Halted at Outbreak of War.

Berlin, Oct. 25.—Professor Ludwig Borchardt, director of the German Institute for Egyptology in Berlin, will return to Egypt soon to continue the excavating work he was compelled to abandon at the beginning of the war.

Diplomats and foreign scientists have intervened in favor of the German Egyptologists. Permission has been granted for the re-opening of the German Institute at Cairo, established in 1906. British and American scientists have been excavating with great energy in Egypt since the departure of the Germans and consequently the competition will be especially keen among the representatives of three nations.

The German press will duplicate the success he had in former years.

IF BACK HURTS
BEGIN ON SALTS

Flush Your Kidneys Occasionally By Drinking Quarts of Good Water.

No man or woman who eats food of most regularity can make a mistake by flushing the kidneys occasionally, say a well-known authority. To most people, the kidneys may form uric acid, which clogs the kidney pores so that they sluggishly filter or strain out part of the waste and poisons from the blood; then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act right. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity, also to help neutralize the acids in urine so it no longer irritates, thus often ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink, which everyone can take now and then to help keep the kidneys clean and the good pure, thereby often preventing serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

KIDNEY TROUBLE?
The Kidneys are the Blood Filters—When They Weaken and Stop Up, the System Becomes Overloaded With Uric Acid.
Toronto, Ont.—"I can highly recommend Dr. Pierce's Anuric (anti-uric-acid) Tablets to all those who suffer in any way with their kidneys or bladder. Anuric is by far the best medicine of the kind I have ever taken. My kidneys were congested and inflamed, my back ached something awful, my bladder was weak and I suffered from a scalding and burning sensation. I was almost down and out—but, thanks to Dr. Pierce's Anuric (kidney) Tablets I do not suffer any more. Those who suffer as I did will find Dr. Pierce's Anuric Tablets just the medicine they need."—Mrs. Albert Blunt, 185 Wines Place.

EXCRUCIATING PAINS, CRAMPS
Entirely Remedied by Lydia E. Pinkham's Vegetable Compound
Eberia, Ont.—"I started with cramps and bearing-down pains at the age of seven years, and I would get so nervous I could hardly stay in bed, and I had such pains that I would scream, and my mother would call the doctor to give me something to take. At eighteen I married, and I have four healthy children, but I still have pains in my right side. I am a farmer's wife with more work than I am able to do. I have taken three bottles of Lydia E. Pinkham's Vegetable Compound and I feel that it is helping me every day. My sister-in-law, who has been taking your medicine for some time and uses your Sandew Wash, told me about it and I recommend it now, as I have received great relief from it."—Mrs. NELSON YOTT, R. R. 1, Eberia, Ont.
Lydia E. Pinkham's Vegetable Compound is a medicine for ailments common to women. It has been used for such troubles for nearly fifty years, and thousands of women have found relief as did Mrs. Yott, by taking this splendid medicine.
If you are suffering from irregularity, painful times, nervousness, headache, backache or melancholia, you should at once begin to take Lydia E. Pinkham's Vegetable Compound. It is excellent to strengthen the system and help to perform its functions with ease and regularity.

MAUREL, BARITONE,
DIES AT AGE OF 75

Verdi Said He Was Greatest
Male Operatic Artist
He Knew.

New York, Oct. 25.—Victor Maurel, French baritone, former member of the Metropolitan Opera Company, whom Verdi pronounced the greatest male operatic artist he had ever heard, died this week in his apartment at 346 West Seventy-first street. A gradual weakening of the heart from a two years' illness was the immediate cause of death. The illness from which he suffered so long was somewhat of a puzzle to his physicians. It was believed to be the result of a serious attack of ptomaine poisoning in October, 1921. A friend said last night that Genard died of the same malady.

Born at Marseilles, June 17, 1848, Maurel received his musical education at the Paris Conservatoire, in singing from Vauthrot, in opera from Duvernoy, winning first prizes in both subjects in 1867. He made his debut at the Opera the following year as De Nevers and Conte di Luna. On his first appearance in London at the Royal Italian Opera, as Renato, in 1873, he made an immediate success and was engaged there every year until 1880. His roles during that period included Don Giovanni, Tell, Peter the Great, Hamlet, the Cenci, etc.

In 1883 Maurel undertook, with Corti, the management of the Italian Opera at the Theatre des Nations in Paris, with disastrous financial results, in spite of a brilliant company that included the brothers De Reszke, Mari-

AMERICANS DOUBLE
LONDON BUYING
London, Oct. 25.—West End merchants and tailors estimate that Americans bought twice as much clothing, toilet articles and traveling articles in London this year as they did any previous year, and even shopped in London in preference to Paris. Two-thirds of the Americans returning home carried more than the allotted \$100 worth of wearing apparel out of the country. An average value of \$200 was placed on goods purchased abroad by Americans. Almost every tourist returned home with at least one or two suits made in London. English shoes and hats, however, found little favor with the visitors from the States.

"I Was Terribly Weak
After Baby Was Born"

Mrs. H. McClure, Norwood, Ont., writes:
"After my baby was born, I was terribly weak and run down, with pains across my back. I had heard so much of Dr. Chase's Nerve Food that I decided to try it. Three boxes proved enough to make me quite strong and well again. I also used Dr. Chase's Ointment for a rash which broke out on the baby, and the rash disappeared completely in a short time."

mon Adler-Devries, and himself. In this season he directed the successful production of Massenet's "Heroldade." Two years later at Milan, in February, 1881, he scored one of the great triumphs of his career when he created the part of Iago in Verdi's opera "Otello," and was acclaimed the finest acting baritone on the Italian stage since Faure. This impersonation met with equal acclaim at the Lyceum Theatre in London in 1889. In 1898 he created also with great success the title role of Falstaff in Verdi's last opera. Another important part that he received his first performance by him was that of Mathias in Erlanger's "Julliette" at the Opera Comique in Paris, April, 1900.

For a short time afterward he appeared as an actor at non-musical theatres, but returned to the operatic stage in London in November, 1904, in the part that many persons always associate with his name, that of Ripoleto. His connection with the Metropolitan Opera Company was under the Grand regime in the nineties, but it was at the Metropolitan that he made his last public appearance, when he sang the part of "Falstaff" at the reception to Marshal Joffre. He had appeared with other opera companies in this country, however, after leaving the Metropolitan management.

Of recent years he had made his home in this city and had occasionally taught singing. He had pronounced views on the teaching of his art, believing that too much emphasis is placed on the culture, intelligence, imagination of the artist. He was an author, his works including "Art de Chant," "Dix Ans de Carriere" and "Le Chant Renouveau par la Science."

TO REPRESENT THE SOUTH END LEAGUE

Frank White will represent the South End Improvement League at the meeting of the M. P. B. A. A. U. of C. which is meeting in Moncton today. He was appointed last evening at a meeting of the league, which convened in their hall with the president, C. H. Lingley, in the chair. William Lewis, convenor of the hall committee, reported that all would be in readiness for the opening next Thursday. It was decided by the meeting to invite His Worship the Mayor, the city commissioners and all who might be interested in the progress of the work. A musical programme will be given during the evening. Registration will take place on Monday and Tuesday evenings at the club, which has been improved with better lighting, coal put in and shields placed on some of the windows.

MADE 2,000 LIQUOR RAIDS IN 12 MONTHS

Pennsylvania Agents Report Seizures That Netted \$299,679 Value.
Philadelphia, Oct. 25.—Two thousand raids made by an average force of ten agents netted liquor confiscations to the value of \$299,679 in the year ended August 1. William J. McClure, head of prohibition agents in Philadelphia, has reported. About 80 per cent. of the raids were made in Philadelphia, the remainder in southeastern Pennsylvania and southern New Jersey.
The raids were directed against 524 saloons and hotels, 268 so-called "cider saloons," 894 dwellings, 896 stores and 43 instances of liquor in transportation. Under the classification of "stores," McClure reported, were shoe, delicatessen, dry goods, grocery, produce, hardware, jewelry, candy, meat and cigar shops where liquor was found, not to mention restaurants, "hot dog" stands, poolrooms and bootblack stands.

F. E. DEMILLE FOUND DEAD IN HOME IN CARLETON WHERE HE LIVED ALONE

Not Seen Since Monday Night, Neighbor Finds His Body

Fred E. De Milie, a well known citizen, whose home was at Charlotte street extension, Beaconsfield, was found dead this morning in his home, where he lived alone. He had not been seen since Monday night. Michael F. Kane, a neighbor was talking to him then and said today that Mr. De Milie appeared to be in his usual health and did not make any complaint.

Last night Mr. Kane said he noticed that the milk bottle had not been taken in and that there was mail for Mr. De Milie in the porch. He thought this strange and this morning he went to the house to investigate further. There was no response to his rappings at the door. Looking in one of his windows, he noticed that the key was on the inside of the lock and he was able to loopen the catch.

They then proceeded upstairs and were horrified to see Mr. De Milie lying dead on the floor a short distance from his bed. His head rested against the wall. Mr. Kane communicated with Policeman Clarence Tower and the latter notified Coroner Kenney. Together they proceeded to the house where the coroner examined the body. He estimated that Mr. De Milie had been dead for at least twenty-four hours. Permission was given and the body was removed to Brengle's undertaking parlors in West St. John.

Mr. Kane said that the blinds in the house were drawn when he passed there on Tuesday afternoon, and he believes the aged man was dead at that time.

DINGLEY PUT BACK HERE TO GET OIL

Supply Short and She Turns When Some Distance From Lubec.

Considerable surprise was occasioned along the harbor front this morning when the Eastern Steamship Governor Dingley was seen proceeding up the harbor. She sailed from here yesterday morning for Boston via Eastport and Lubec and encountered quite heavy weather. Early this morning while the steamer was some distance out from Lubec it was seen that there was not sufficient oil to take the liner to her destination and she was turned and headed back for this port. After replenishing her supply she sailed for Boston direct.

FRINK AND MAYOR CLASH IN MEETING

Breezy Passage Over Change in Hydro Bill Resolution.

A resolution of the City Council, adopted on Tuesday afternoon, offering the New Brunswick Electric Power Commission the sum of \$11,000,000 in interest on the July account was amended this morning to provide for interest on the August account from October 5 to the date of payment of the account.

The matter was brought up by Mayor Fisher who said he had found an error in the resolution as adopted in that it did not provide for any interest on the August account and he had not sent the offer to the New Brunswick Commission.

Commissioner Frink: "Do you require to amend an order of this council?"

Mayor: "It is my duty as Mayor to obey any order of the council but when I see an error to call attention to it."

Commissioner Frink: "It is only your opinion that there is an error, it is not really the case that you have made up your mind to obstruct as far as possible this resolution?"

Mayor: "It is not."

Commissioner Frink: "Are you afraid the Government will not accept the offer and cancel the contract?"

Mayor: "I have answered the first part of your question."

The city controller said that when the resolution was first drawn it was correct but since that time the August account was not to be interest and the resolution should be varied to include this.

Commissioner Frink then moved that the resolution of council dated October 23 be varied to provide for the payment of interest on the August bill from October 5 to the date of payment of the account. This carried.

CUSTOMS SEIZES 39 CASES OF GIN

Find Made in Cellar of a House on the Ashburn Road.

Thirty-nine cases of imported gin, valued at approximately \$1,900, were seized in a cellar of a house on the Ashburn road on Tuesday night by W. A. Dawes, Customs Excise Enforcement officer, assisted by Excise Officer J. W. Murphy and A. Garnett, provincial constable. The liquor was seized on the ground that there was proof that duty had been paid on the lot, and the matter is now in the hands of the Excise Officer.

It is understood that the liquor was not the property of the owner of the house, but belonged to a man in this city. The matter is at the present time in abeyance, but developments are expected today or tomorrow.

GIVEN FAREWELL

Mr. and Mrs. George South Guests of the Little River Club.

The members of the Little River Community Club gathered at their hall last evening and tendered a farewell party to Mr. and Mrs. George South, who are to leave on Saturday to make their home in Boston. F. Godwin, president of the club, presented to the guests of the evening a handsome club bag and purse, extending the best wishes of all for future success and expressing regret at the severance of the pleasant ties of friendship which had existed between the residents of Little River and Mr. and Mrs. South. Mr. South replied in a feeling manner, and assured those present that Little River and its people would always have a warm place in their hearts and memories. The evening was spent in games and music, and dainty refreshments were served by the ladies of the party.

LADIES' AID MEETING

The Ladies' Aid of Fairville Baptist church held at the home of Mrs. Harry McLaughlin on Monday evening. Following their usual sewing it was decided to hold a Halloween supper at the last of the month. Those present were: Mrs. A. E. Kierstead, Mrs. C. P. Clark, Mrs. Wilfred Betts, Mrs. Thomas R. Alcorn, Mrs. William Symest, Mrs. George Currie, Mrs. H. Beveridge, Mrs. David Compson, Miss Ida Weyne, Mrs. James Splan, Mrs. William Gray, Mrs. B. Godso, Mrs. Allen Thorne, Mrs. Walter Ross, Mrs. C. B. Black, Mrs. Gallant, Mrs. Harry Kierstead, Mrs. Ellen Hogan, Mrs. Fred McCluskey and Mrs. A. Alley.

BIRTHDAY PARTY

Friends gathered at the home of Mrs. Nellie Kempf, 72 Smythe St., on Wednesday, in honor of her little son, Edward, whose tenth birthday it was. There were about thirty children present and they greatly enjoyed the games and music to say nothing of the refreshments, including a beautiful birthday cake, provided for them. Edward was the recipient of pretty gifts.

JUDGMENT IS RESERVED

Argument was completed this morning before Mr. Justice Crockett in the Circuit Court in the civil case of F. W. Allan vs. the Atlantic Sugar Refineries, Ltd., for \$2,800 for a quantity of typewritten reports furnished. Judgment was reserved. Inches, Wayman & Hazen appeared for the plaintiff and F. R. Taylor, K. C. for the defendants.

AUTO STRUCK BY TRAIN

A man named Stewart was badly injured yesterday afternoon when his automobile was struck by C. N. R. train No. 14, which was en route from St. John to Moncton. The accident happened at the level crossing at Pettitcodiac and is thought to have resulted from his engine becoming stalled while he was trying to cross the tracks. He was taken to the hospital in Moncton.

DOLLARD REPLACES ABERDEEN

J. C. Chesley, local agent of the Marine and Fisheries department, announced this morning that the Government steamer Dollard would replace the C. G. S. Aberdeen, which was wrecked on Seal Island recently. The S. S. Dollard has been in this district on former occasions and is suitably equipped to handle the work. She is slightly larger than the Aberdeen.

The league will be officially opened on October 30 and all games will be held on the Imperial alleys. Two series will be played, the first ending on January 10. The second will start on January 15 and continue until March 15.

J. A. GREGORY WINS \$5,741 JUDGMENT

Given Decision in a Case Against Insurance Co.'s Over Lumber.

Judgment in favor of J. A. Gregory of St. John against four insurance companies for loss on insured lumber in the Westfield district last year, was handed down by Mr. Justice Crockett, of the Supreme Court here this morning. The amounts of the judgments are as follows—Palatine Insurance Co., \$2,835.81; Yorkshire, \$1,417.83; British Crown, \$845.22 and Merchant Marine, \$845.22.

The action was brought by Mr. Gregory after refusal of the companies to pay his claim on the ground that the lumber in question was within 300 feet of an open burner and that this fact had not been disclosed when the policies were issued.

The judge ruled that there was no misrepresentation or deliberate non-disclosure on the part of the plaintiff and he therefore gave verdict in his favor for the amount of the claim with costs.

Magnificent Floor Lamps

Having just purchased the entire line of samples of one of the most exclusive manufacturers of high grade Lamps, we are now showing the very latest patterns and styles for this season. Further than that: we obtained concessions on this purchase, and are passing them on to our customers, so that for the balance of this week we will offer the Lamps at Special Prices.

Many of the popular "Junior" height are included, as well as a large variety of Bridge Lamps.

If you admire handsome Lamps, come anyway, and if you decide to purchase the prices will be lower than they can be during the balance of the season.

Floor Coverings of All Kinds.
