CARDINALS, 52, ARE IN CONCLAVE

Crowds in St. Peter's Square Watch for Smoke Sign.

Ballot Morning and Evening Until Choice Made—Election of New Pope Expected by End of Week—Possibilities of Election.

(Canadian Press Cable)

Rome, Feb. 2.—The conclave of the Sacred College which is to choose a successor to Pope Benedict XV, began its sittings today.

The fifty-two cardinals who are in Rome went into seclusion last night and when the great oak barrier at the entrance of the court yard of St. Damaso was closed they were cut off from communication with the outside world until their sacred task was done.

The balloting is not expected to consume more than two days, and the next Pope, in the consensus of opinion in the conclave, will come from among the moderate section of the Sacred College.

Crowds gathered this morning in St. Peter's square to watch for the tell tale smoke wreaths from the chimney of the Sistine chapel, where the conclave sits.

A ballot is taken on the morning and evening of each day the conclave is in session and these smoke puffs are the only indication to the watchers as to the progress being made.

When no election affects a little straw is burned with the voting papers, causing the smoke to assume a dark color.

When a choice is made the ballots, burning alone emit a thin whisp of light smoke.

Until the election is affected the only communication between the approximately 250 persons in the Vatican and the outside is through the "foes" or "turbans" of the conclave.

Such communications are made in this way are not allowed to come to the attention of the conclave. Penalty for violation of this secrecy is excommunication.

The confidence that the conclave would be of short duration is shared by Cardinal Gasparri who is making the provisions for the maintenance of the cardinals, provided menus only for today, tomorrow and Saturday.

Others who believed the election would be brief pointed out that the cardinals generally were in favor of the election of the late Pontiff's policy, and that there was therefore nothing to do but choose a man who will follow that policy.

As the conclave convened it appeared that the "irreconcilables" headed by Cardinal Merry Del Val, and the "peace party" under Cardinal Gasparri each count on about twenty votes.

The candidate of Cardinal Merry Del Val's group was said to be Cardinal La Fontaine, while any one of Cardinals Gasparri, Maffi or Ratti was said to be acceptable.

Approachments with the Cardinal Ruffini were mentioned as a candidate who might be put forward by the moderates and fully satisfy both factions.

Upon the death of a Pope, Cardinals from all parts of the world return to Rome and meet in this room in the Vatican for the purpose of electing his successor.

SAY DEATH WAS HASTENED BY WILFUL NEGLIGENCE

Sad Case at Fort Lawrence, N. S.—Wife and Mother Tell Their Story.

(Canadian Press)

Amherst, N. S., Feb. 2.—The jury empaneled to find the cause of the death of Calvin Atkinson of Fort Lawrence, Cumberland county, have reached the conclusion that death was hastened by wilful neglect on the part of those who had charge of him.

Other witnesses said that Atkinson had been mentally unbalanced for the last year.

Mrs. Atkinson, wife of the deceased, and Della, his daughter, said that they had been in fear of him.

She said Atkinson had refused to change his clothes since October and had repeatedly torn up his bed clothes.

She said he did not wash, that he did not wish a doctor summoned, and that he had kept to his room and refused to eat.

WHERE THE NEW POPE IS ELECTED

WILL ASK THAT ROYAL MOUNTED POLICE BE DEMOBILIZED

Toronto, Feb. 2.—The board of directors of the C. A. U. V. last night passed a resolution requesting the federal government to demobilize the Royal Mounted Police throughout the dominion.

The government will be memorialized to the effect that the excessive men of Canada do not require special police supervision and that the existence of the mounted police as a unit is an insult to the citizens of Canada.

MORE THAN 1,060 CATTLE KILLED

Foot and Mouth Disease in England Causing Heavy Loss.

London, Feb. 2.—(Canadian Press)—More than 1,000 slaughtering have been announced since the outbreak of foot and mouth disease in England.

The disease has been stopped, through the efforts of the government, and the herd of dairy cattle and numerous pedigree flocks of sheep, Yorkshire harrow and other breeds, are being protected.

Both the princess and her fiancé are keen dancers, and after the honeymoon a series of private dances is to be given at the Buckingham Palace.

Princess Mary's household will be partly furnished with her own art treasures from Buckingham Palace.

The bride's "going-away" hat is being made at Luton, from the finest Dunstable straw, by one of the very few hand plaiters left in that district, who are skilled in the art.

London, Ont., Feb. 2.—Members of the Ministerial Alliance, at a special meeting held to receive the report of a committee, forwarded resolutions to the House of Commons.

The members were advised that the dance is not part of the public proceedings, and that the students for the following evening.

The Ministerial Alliance expressed alarm at the undue multiplication of amusements and requested the co-operation of the school trustees in matters concerning public morals.

London, Ont., Feb. 2.—The same of comfort and convenience in the hearing of wireless concerts has been achieved by Ronald Gurd, a local amateur operator.

By using a little originality he is now able to lie in bed of an evening and listen to the reproduction of music played several hundred miles away.

Bed springs solved the problem for ingenious Mr. Gurd, who realized that the spring of his mattress made excellent terminal connections.

He capitalized on his knowledge by eliminating the outdoor aerial wires over his home.

One end of the springs is grounded and the other end is used for the attachment of the receiving instrument and the sound amplifier.

E. H. SHAUGHNESSY DIES OF INJURIES

Assistant Postmaster General of U. S. Victim of Washington Theatre Disaster.

Washington, Feb. 2.—Edward H. Shaughnessy, of Chicago, second assistant postmaster-general, died here early today at Walter Reed Hospital from injuries received in the Knickerbocker Theatre disaster Saturday night.

RE-DECORATING NEW HOME OF THE ROYAL BRIDE

London, Feb. 2.—Chesterfield House, the future London house of Princess Mary and Viscount Lascelles, is in the hands of the upholsterers.

Both the princess and her fiancé are keen dancers, and after the honeymoon a series of private dances is to be given at the Buckingham Palace.

TEN BURNED IN EXPLOSION ON C. P. R. SHIP

Shock So Great as to be Felt All Over the S. S. Empress of Scotland.

New York, Feb. 2.—Ten men were more or less seriously burned by an explosion in the engine room of the Canadian Pacific liner Empress of Scotland, docked in North River pier, this morning.

The injured men, all of whom were rendered unconscious by the explosion, were rushed to hospitals.

NO NEED TO GO TO U. S. TO GET OUR FOOTWEAR

Statement on Conditions made at Meeting of Canadian Manufacturers.

(Canadian Press)

Montreal, Feb. 2.—A plea for justice of the Canadian-made shoe was put forward by F. W. Knowlton at the third annual meeting of the Shoe Manufacturers' Association of Canada at a convention here yesterday.

There is no occasion today for anyone to buy imported shoes in Canada," he said. He believed the demand for imported footwear came from the dealers' desire for larger profits rather than from any real demand on the part of the shoe-wearer.

Mr. Knowlton said shoe production last year was about 15,000,000 pairs, whereas it should have been 19,000,000.

Joe. Daoust, president, said the shoe manufacturing industry had been unfairly criticized last year by those who did not understand why it was that, although hides were selling at pre-war prices, prices of shoes were still higher than in 1918-19.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "what do you think of that story about a mouse putting the whole electric light and power plant in Fredrickton out of business?"

"I don't believe it," said Hiram. "You can't tell me any mouse ever done that trick up to Fredrickton."

"On what grounds do you refuse to believe it?" asked the reporter.

"Why, look-a-here," said Hiram, "a mouse has got more electricity than a cat—an' you kin strike fire in a cat's fur any time."

"I've seen a bull prayer meeting of women out to the Settlement 'lectured by one little mouse. Yes, six—set 'em all dancin' on the benches an' hollerin' fer help. You can't tell me any mouse ever done that trick up to Fredrickton."

The injured men, all of whom were rendered unconscious by the explosion, were rushed to hospitals.

GREAT ALLIANCE TO KEEP UP WAGES

Miners Seek to Join With Railroad Workers—Their President, Lewis, Sends Invitation.

(Canadian Press)

Indianapolis, Feb. 2.—Renewal of efforts to form an alliance of coal miners and railroad workers, the two largest labor groups in the United States, was sought yesterday by John L. Lewis, president of the U. M. W. of America.

There is no occasion today for anyone to buy imported shoes in Canada," he said. He believed the demand for imported footwear came from the dealers' desire for larger profits rather than from any real demand on the part of the shoe-wearer.

BOTH CLEGHORNS ARE REPORTED

Sharp Comment on Rough Work in Hockey Match.

Ottawa Team Crippled by Injuries—Hard Fought Contest at Saranac Lake Looked for Today—Late Sport News.

(Canadian Press)

Ottawa, Feb. 2.—Commenting on the Canadian-Ottawa game last night, the Citizen says:

"Just at the stage of the race when Ottawa looked good for another championship they themselves were handicapped by injuries that will mean the loss of one, if not more, of their best men."

Neighbor suffered a broken bone in his arm, and Captain Gerard had four stitches in his head.

King Clancy was assisted off the ice, and Cy Denney limped to the gate and was helped through in the dying moments.

All this can be traced to the present-day disgrace of the national winter game, which is no other than Sprague Cleghorn.

"He and his brother gave one of the finest exhibitions of rough neck hockey that ever was shown at the local arena, and if they are not at least suspended for last night's performance, there is something wrong."

"Referee Lou Marsh did his best and had on his hands the hardest job of any official in the circuit so far this winter. In his report to the league president, he reported both Cleghorns and, besides, imposed fines on each for their language in objecting to his decisions. It is likely that a special meeting will be called to deal with the situation, and give them no opinion can be expressed as to the outcome."

Toronto, Feb. 2.—For the first time in the history of local boxing, Toronto will see the scene for an elimination bout for the world's bantamweight championship when Joe Lynch, former title-holder, and Curly Wilbur clash in a ten-round decision bout at the new civic arena on Monday night.

The winner will be in line for a match with Johnny Buff, world's champion. In fact, Lynch has already been promised a bout, but there is a proviso that he must not lose a decision until Buff stays from Saranac Lake that the match is clinched. If Lynch loses, his rival will "take his place against Buff."

Today's Skating Races. Saranac Lake, Feb. 2.—With Wm. Steinmetz of Chicago and Charles Jewtraw of Lake Placid separated only by ten points in the international amateur outdoor skating championships, the closing events today were expected to result in a hard fought contest.

At least 2,000,000 workers will be joined together by the alliance, Mr. Lewis said in a formal statement asserting that the railroad men were facing efforts to "enforce further unwarranted wage cuts and 'open shop' policies."

In order to cope with this situation and successfully to combat this frenzied hysteria," the statement added, "the proposed alliance of wage scales."

Halifax, N. S., Feb. 2.—The Swedish steamer Thyra, rudderless more than 200 miles southwest of Cape Race, is well supplied with fuel and food, and is in no danger, according to the Red Cross liner Rosalind, which arrived here this morning, after attempting for thirty hours to tow the Thyra towards port.

The Rosalind was forced to give up the tow when her supply became depleted. Four tow lines broke and a chain hawser also snapped.

The steamer Eastern Cross, bound eastward, steamed to the scene but was unable to make the tow effective.

On Tuesday at 4 a. m. the Rosalind had barely enough fuel oil left to make Halifax and had to run for port. The Eastern Cross, unable to accomplish anything proceeded on her way.

Capt. Mitchell of the Rosalind estimated that his steamer had towed the Thyra about fifty miles but said that progress was made practically impossible on account of the absolute lack of steering power on the Thyra, in tremendously heavy seas.

He intended to use his ship as a rudder, and have the Thyra proceed with her own steam.

The steamer Sable 1, which sailed from Louisburg yesterday, is understood to be proceeding to the aid of the Thyra.

FRANCE WILL BE AT GENOA MEETING

Paris, Feb. 2.—France will be officially represented at the International Economic and Financial Conference in Genoa early next month.

The assurance of France's attendance was given in a communication from the foreign office which does not say in so many words that France will be represented, but lets it be known that she is already committed as a member of the supreme council.

The statement is in the form of a denial that Premier Poincare had telegraphed yesterday to Premier Bonomi of Italy accepting his invitation to the conference.

ARBuckle's FARE AGAIN IN HANDS OF JURY

San Francisco, Feb. 2.—The case of Roscoe Arbuckle today for the second time was in the hands of a jury.

The trial closed unexpectedly yesterday when the defense declined to present arguments after the state's opening address.

QUEBEC MAY BAN RAW ASBESTOS EXPORT

Quebec, Feb. 2.—"The government is giving the matter of an embargo on raw asbestos very serious consideration," said Premier Taschereau.

"We are anxious to do everything possible to build up an industry in manufactured asbestos products in this province, so as to reap the benefit of the great asbestos deposits which this province contains."

NEW MOVE OF BOOTLEGGERS

Washington, Feb. 2.—Bootleggers throughout the United States are evolving a new industry, the rectification of denatured alcohol, prohibition officials said today, which probably will necessitate a complete revision of the U. S. government's system of distribution.

**CHAMPION OYSTER SHUCKER.**  
New Orleans Oyster Wins Southern Contest With 4,944 in Five Hours.

New Orleans, Feb. 2.—Mike Algero of New Orleans won the oyster shucking championship of the south here by shucking a total of 4,944 oysters in five hours and fifty-five minutes. There were six other contestants. Algero used the "shucking knife."

Bill Smith of New Orleans was second, his count being 4,887, while Joe Piccini, also of New Orleans, was third with 4,877. In addition to cash prizes of \$50, \$35 and \$15 for first, second and third places, local oyster dealers presented to the winners valuable prizes.

The contest, held under the auspices of the local Association of Oystermen, was to determine the champion oyster opener of the south and was the result of claims recently made by Baltimore men that they had the fastest shuckers in the world. Efforts will be made to match Algero against a representative of a Maryland city dealer for the championship of the United States.

**PREFERS RELIGION TO FIRE.**  
Wanted Citizen Leaves His Burning Home to Attend Meeting.

Winsted, Conn., Feb. 2.—Fred Perry, son of Henry Perry, living at 30 Baker street, doesn't believe in letting a little thing like a fire, even if it is in his own home, interfere with his religion duties.

Mr. Perry is an ardent member of the Salvation Army. The chimney in the Perry home caught fire and he hastened to the home of a neighbor, J. Gimmi, to summon members of the fire department by telephone. After the firemen had been summoned, Mr. Gimmi left his home with Mr. Perry to render what assistance he could, but Mr. Perry, instead of going to his own home, hastened away in an opposite direction toward town.

"Where are you going?" inquired Mr. Gimmi.

"I can't miss that Salvation Army meeting," responded Mr. Perry, who continued on his way to Winsted.

Firemen extinguished the blaze with chemicals.

**PRIEST CAPTURES THEIF.**  
Beats Man Robbing Poor Box and Takes Him to Police.

Buffalo, Feb. 2.—When Father Sheridan of St. Vincent's church saw a man breaking open the poor box in the vestibule of his church, he did not wait to summon a policeman. The fellow showed fight and officers at the Cold Spring station, where he was taken, said the priest apparently had accommodated him.

Father Sheridan was formerly a football player on Niagara University team. The prisoner gave his name as Walter Smith of Boston.

**Modern Winged Rattles**  
Nearly Makes Rich Man.

Middletown, N. Y., Feb. 2.—A carrier pigeon with a band around one leg bearing the inscription, "A. J. 21. W. H. P. 298," and believed to have been the property of the Government, appeared in the jewelry store of Huls Brothers here, and after fluttering about for a few seconds flew into the window, picked up a valuable diamond ring and was about to fly out through the door when it dropped the ring. The bird was captured by one of the clerks. The jeweler had a narrow escape from a big loss.

**LAST PEAL OF THE "WEDDING BELLS"**

"Wedding Bells," Constance Talmadge's latest photoplay, released as an Associated First National attraction, concludes its run at the Queen Square Theatre today.

This attraction has won the most favorable comment of any of Constance Talmadge's previous releases shown at this theatre, possibly on account of the naturally splendid story upon which the film version is based, but more likely on account of the unique performance given by Constance Talmadge as the rather capricious and temperamental Rosalie Wayne.

Harrison Ford, who supports Miss Talmadge as leading man in the role of Reginald Carter, is coming in for his share of the plaudits and the consensus of opinion is that Mr. Ford has rarely been seen to better advantage than in this production.

The picture is based on the hasty marriage of Rosalie and Reginald. After two days of wedded life, a most trifling incident causes Rosalie to become angered and she runs away, fully expecting her heart-broken husband to follow. All would have been well had Reginald not been stricken with a most irritating case of measles and confined to his bed. To follow was impossible, so Rosalie goes to Europe to forget and then Reno to get a divorce.

The separation is not lasting, however, when each discovers that the other should not be married to any one else.

The picture was directed by Chet Withey and Emily Chichester. Ida Barr, James Harrison, William Rosalie, Polly Vann, Dallas Welford and Frank Hodge are seen in the supporting cast.

RAILWAYS AND ELECTRICITY

The greatest economic waste in Canada today is that involved in the importation of high-priced coal to operate our transportation systems when there are in the Dominion millions of horsepower of unharvested water running to waste that could be utilized to haul almost every train moved in Ontario, Quebec, British Columbia, and probably Manitoba also.

Having made the above statement the Toronto Globe cites the case of the Chicago, Milwaukee and St. Paul Railway, which has electrified 649 miles of its main line in Montana, Idaho and Washington, where there are stiff grades and difficult climatic conditions.

The electrification of the railway experiment has proved a remarkable success, greatly reducing the cost of operation. Therefore the Globe goes on: "The Globe believes that a large part of the main line mileage of Ontario's railways could be electrified with results not less phenomenal, and that even on branch lines, where overhead trolley construction would be uneconomical because of the high cost relative to density of traffic, storage battery power could be provided that would greatly improve the service in point of frequency and convenience, while reducing the cost."

Mr. Kennedy, the minister of railways, could do the country no greater service than by calling a conference of the National and setting them at work upon plans for the utilization of the waters of Niagara and the St. Lawrence in the carriage of goods and freight across this province from Sarala and Windsor to Montreal.

CANADIAN BOOKS

The movement to promote interest in purely Canadian history and literature takes many forms, and a rather striking and attractive one is thus described on the Woman's Page of the Toronto Telegram:

"When Sinclair Lewis spoke in Toronto last May he pleaded for Canadian books that would not make the world think we were a nation of fur-clad savages running around in snow and ice. If he said Mr. Lewis had been at the Heliconian Club on Saturday evening when the literary section gave living pictures of 'Heracles in Canada Fiction,' he might have been somewhat surprised."

For the benefit of municipal councillors who want no more names going about the Land of Evangeline, Sister Anne, daughter of Milton, Ontario, may be quoted: "During her visit to Oakville last week, Miss Bessie Alexander, of Milton, who is school nurse for Halton county, had a class of 51 pupils examined by a dentist. Only five children had perfect teeth, the remaining 46 needing dental attention as soon as possible."

The late Mr. W. G. Black, of Ottawa, who left an estate of about \$180,000, bequeathed \$100,000 to the city of Ottawa to be used in beautifying the grounds of the new civic hospital in course of construction. Mr. Black may not have been widely known in his life, but generations of sufferers will rise up to call his memory blessed.

St. John rejected last night to learn that Charles Gorman had brilliantly won the half-mile race at Saranac Lake yesterday. The St. John skaters, both senior and junior, have been doing good work and keeping this city on the skating map.

The Retail Merchants' Association of Canada submits figures to show that prices in retail stores declined on the average about thirty per cent. last year, and groceries alone nearly fifty per cent. This should make a considerable difference in the family budget.

A strike in some of the New England cotton mills is on, and adds to the difficulties in the way of a return to normal conditions in industry. Employers and employed are not getting together.

A Woman's Building for St. John looms up among the early possibilities. The women who have the project in hand are going about it in a very practical way and deserve to succeed.

MONTH TO GET FROM ST. JOHN TO LIVERPOOL, N. S.

Liverpool, N. S., Feb. 2.—Thirty-one days from St. John, N. B., a distance of about 280 miles, the term "choonoo field" was arrived here yesterday. Captain Forsythe reported a serious of gales which compelled him make harbor at a Maine port at one time. One member of the crew was injured.

UKRAINIANS FEAR PINCH OF FAMINE

Russian Demands Have Reduced Fertile Districts' Supply of Foodstuffs.

Kiev, Ukraine, Jan. 1.—(By Mail)—The Ukraine has been long known as Russia's sugar bowl and flour bin, but the sugar bowl has been empty for three or four years and now the flour and cornmeal are so low that it is doubtful whether the Ukrainians will have enough bread to carry themselves through to next harvest. The hungry folk from the Ukraine famine districts have invaded the Ukraine by hundreds of thousands. Moscow and Petrograd have drawn on the bread supply to the limit of their power.

The Ukrainians, however, are a light-hearted, independent people who have stubbornly resisted requisition and detente plans to divert their food stuffs in large quantities to other parts of Russia. These requisitions and general dissatisfaction with conditions have played a large part in limiting the Ukrainian food supply. Besides, the snows were so late in coming that the grain seed was frozen in the snow and gave it protection. Consequently, the Ukraine faces the possibility of a small grain yield next year. Even an extraordinary spring sowing cannot compensate for the unfavorable condition of the crops planted last fall.

The attitude of the Ukraine toward Moscow is of far greater importance than that of all the other so-called "federated" republics because of its great wealth and commodities with Poland and Roumania. Moscow apparently regards the Ukrainian republic as a federated part of the government having its headquarters in Moscow. But Ukraine, probably under pressure of the intense Ukrainian nationalist sentiment, holds that it is quite independent of Moscow and aspires to conduct diplomatic negotiations with European powers to obtain recognition as an independent nation.

MARINE FLIER CHARGED WITH SELLING PLANE

Two Civilians, Alleged Buyers, Are Arrested—Court Martial Likely for Gunner.

Washington, Feb. 1.—Investigation by the Department of Justice and the Marine Corps has resulted in charges that an airplane belonging to the corps was sold by a gunner to two former army aviators and another man. The two men in question, both civilians, have been arrested, and the Marine Corps is conducting a further investigation into the case of the gunner, who will probably be tried at a court-martial.

According to details received by the Bureau of Investigation, John L. McCoy, the gunner, obtained permission about Sept. 19, 1921, to take a flight from the training station at Parris Island. He returned to the States a few days later with a story that the plane had been wrecked in marshes near Savannah, Ga., and that he had abandoned it. Suspicion was aroused, but there was no investigation.

Some time later the Department of Justice and the Marine Corps began a dual inquiry with the result that McCoy, who had left Parris Island, was traced to the Marine Corps Hospital in New York city. There, according to the Bureau of Investigation, he confessed that the plane had not been wrecked, but that he had landed near Savannah, Ga., and sold the machine to two men, Roscoe Turner and Harry Ranser.

Acting on this information, agents from the Atlanta office of the Department of Justice arrested Turner, a former army lieutenant, and recently an exhibition flyer at Columbia, S. C., and Ranser, at Fort Wayne, Ind. The attorney general has ordered that the field agents at Savannah take cognizance of the case and report the findings to the federal grand jury at the city.

SAYS TWO POLICEMEN USED HIM AS TARGET

Billiard Room Owner Charges One Held Him and the Other Threw Balls at Him.

Alleging that Policeman William Regan and John Newwelly of the West Forty-seventh street station had deliberately smashed lamps and a plate glass window in a so-called clean-up of a billiard room at 449 West Forty-sixth street, Charles H. McCarthy, attorney for Dominick Jacavino, the owner, asked Magistrate Peter A. Hatting, in the West Side Court, New York, to issue warrants for their arrest.

Mr. McCarthy said that he had five witnesses to attest not only to these allegations but also to tell how the policemen had injured Jacavino by throwing billiard balls at him. The magistrate directed the attorney to get written affidavits from the witnesses and present them to him. He will decide then whether warrants shall be issued.

Last Wednesday night, according to Mr. McCarthy's statement, the policemen, in plain clothes, entered the billiard establishment, saying that they intended "to clean up the place." Regan was said to have caught the proprietor by the arm and held him while Newwelly threw billiard balls at him. Then one of the pair seized a cue and began breaking lamps, according to the attorney. While several players ran about the room to escape injury, it was alleged that Regan drew his pistol and fired the hammer, but there was no shot.

LONDON FOUNDLING BECAME A PRINCESS

Fled from Foster Parents and Declared Her Identity.

Special Cable to the N. Y. Times and Montreal Gazette. Milan, Jan. 30.—A London foundling who became a "princess" was forced to flee from her foster parents and declare her identity, in the strange story of a girl whose career is now creating deep interest in Italy.

At Viareggio lived Prince Carovigno with his wife and a girl of 16, named Vera, who was generally supposed to be his daughter. The girl, who is supposed to have received the education and upbringing of one of high rank, recently became infatuated with a government official of noble birth, and after some reluctance, Prince Carovigno gave consent to the betrothal.

On Christmas day the girl fled from home and sought refuge with friends at Pietrasanta. She refused to return home, declaring she was afraid of some dreadful punishment. She told a story, which, if true, is astounding.

She declared she was brought from England when very young and ever since she was five years old she had to do the work of a drudge, and was constantly beaten and ill-treated. Since her betrothal so her story goes, Prince Carovigno tried to force his intention upon her and when she resisted his advances he attacked her.

The Prince declares the whole story was a servant and her father was not known, and never told of pity for the infant and brought her up.

Some Italian and English families have interested themselves in Vera's case. A wealthy Englishwoman, living at Viareggio, has arranged for the girl to go into the house of a prominent member of the aristocracy, and one of Rome's foremost lawyers has undertaken to conduct an action on her behalf against the Prince and Princess Carovigno.

JAPS QUITTING LOS ANGELES FOR HOME LAND

Los Angeles, Feb. 2.—What appears to be a back-to-Japan movement of the Japanese in Southern California was witnessed from Los Angeles with the departure of the Japanese liner Anyo Maru on Tuesday direct for the home islands. Several hundred Japanese, mostly women and children, and among the latter many American-born, were aboard the ship. There was no explanation of the fact that virtually every living Japanese in Los Angeles in recent months, has been crowded with Japanese.

MANITOBA HAS A DEFICIT OF \$601,034

Winnipeg, Feb. 2.—Hon. Edward Brown, provincial treasurer, tabled the public account for the fiscal year 1921 in the legislature yesterday. They showed expenditures under consolidation account amounting to \$10,401,895.40 while revenue earned during the year was \$9,800,860, a deficit of \$601,034.

The province holds \$15,962,284 in securities and unexpended capital balances in the treasury which amounts to 28 per cent of the gross provincial debt, which is now \$60,927,000. The net revenue bearing debt stands at \$37,192,510 and the non-revenue bearing at \$23,734,490.

Falling off in revenue and increased charges on non-revenue bearing provincial securities, bonded is largely responsible for the deficit.

PURSE TO CHARITY GAUDIN WINS FOILS MATCH; GIVES \$5,000-FRANC

Paris, Feb. 2.—M. Gaudin, the French champion, defeated Nedo Nadi, the Italian champion, for what was regarded as the unofficial amateur foils championship of the world. Gaudin scored twenty points against eleven for Nadi. The match was for a purse of 50,000 francs. Gaudin has contributed the purse to charity and will remain an amateur. Nadi, however, has turned professional and purposes to go to Buenos Aires. The bouts were violently contested, Nadi rousing his opponent repeatedly. There were frequent heated disputes between the Italian and French fencers and spectators.

POLICE CHIEF QUILTS
Head of Porto Rico Force Resigns After Court Fines Him.
San Juan, Porto Rico, Feb. 2—Chief of Police George R. Stanton has tendered today his resignation to Governor E. Montoñe, who accepted it. The resignation followed contempt of court proceedings last Saturday, when Federal Judge Olin fined him \$100 and costs and sentenced him to serve forty-eight hours in jail before Feb. 4. The case grew out of a request from the Police Chief for a court order authorizing the destruction of evidence seized in cases arising out of the Volstead law. In accepting his resignation Governor Reilly wrote: "You have been Chief of Police of Porto Rico for over thirteen years and have made a most remarkable record, and this record is generally recognized by all law-abiding citizens of this island. I do not know where I can find any one to fill your place. It grieves me very much to accept your resignation." Later the Governor joined with a group of citizens, including several officials, in petitioning Judge Olin to remit the forty-eight-hour jail sentence. The judge said he would announce his decision tomorrow.

FIX BLAME FOR DEATH TRAP.
Railroad Responsible for Suffocation of 94 Persons in India.
London, Feb. 2—The India office has published the report of the committee appointed to investigate the death of sixty-four Madras prisoners in a railway carriage on Nov. 19 in the Madras presidency of India. The committee holds that the main responsibility rests with the railway company and its local traffic inspector for failure to properly ventilate the carriage. The committee finds that death was due to asphyxia, owing to insufficient ventilation, and says that similar vans were used to convey more than 2,500 prisoners without mishap, but that this van had gauze covers on the windows which were choked with paint.

Captain Frank K. Crosby, who was second officer of the steamship Yarmouth when she was in the St. John-Digby service, has been appointed commander of the Boston-Yarmouth steamship Prince Arthur. He started his career in sailing schooners in the coastwise trade, and since that time has been an officer of the Prince Arthur, second officer of the Yarmouth, master of the Boston and of late years has commanded large freighters in the West India and Mediterranean services.
The two-masted schooner, Senator, of Boston, kedged over on her beam ends about four miles from shore about 11.30 o'clock on Tuesday evening while making an effort to reach Dipper Harbor after she had sprung a leak. Three motor boats were engaged last evening in towing the disabled schooner to shore. The Senator, a vessel of 76 tons net, was laden with 1,252 barrels of olives, and bound for this port where the cargo was to be transhipped to Montreal. The crew left last night for Boston, but the officers are remaining to meet a representative of the Jarvis Company, owners of the vessel, who is expected in the city today. Besides Captain White and Mate Carlo Picardi, both of Boston, the crew was made up of Adam Galasso, Karl Lundman, Albion Walker, James Goooney, W. J. Stork, of Boston, and Seldon Hubley, of Gloucester.
Ernest Northrup, charged with the theft of clothes from Murray Jarvis, changed his plea from not guilty to guilty in the police court yesterday afternoon and was remanded for sentence. W. M. Ryan appeared for the defence.

One third of your life is allotted to sleep. Do you get your share?
The most important period in the process of applying nutrition to the repair of the body is while you are asleep. For the most favorable transformation of digested food into nerve and cell tissue, so doctors tell us, sleep is absolutely essential.
Is it any wonder that those who suffer from lack of proper sleep are weak, pale and lacking in energy or ambition?
One of the causes of insomnia is nerve-irritation from tea and coffee drinking. Tea and coffee both contain caffeine, which has a tendency to cause undue stimulation. The irritating effect of caffeine often results in insomnia, depression, and a weakened nervous system.
You can easily overcome these troubles by drinking Postum instead of tea or coffee. Postum is a delicious, satisfying cereal beverage, and it is absolutely free from caffeine, or any other harmful substance.
Ask your grocer for Postum. Drink this delicious, refreshing beverage for ten days. Then see if you do not feel better and more clear-headed, and if you do not sleep better at night—as so many other people have proved for themselves.
Postum comes in two forms: Instant Postum (in cans) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

CHORUS GIRLS USED TO SMUGGLE DRUGS

Ring Discovered in Montreal Got Them to Carry Packages from United States—Customs Officers Aided.

Montreal, Quebec, Feb. 2.—Revelations recently made in this city concerning the operations of a drug smuggling ring between this country and the United States have come as a shock to police officials who have been engaged in the investigation for months.

It appears that the ring used chorus girls in busier companies touring Canada and the United States and not only had them carry drugs into Canada but also employed them to carry hard liquor out into the United States.

The trunks were addressed to the managers and proprietors of various theatres in New York City and upon arrival in New York were conveyed to their various destinations by special agents and either distributed to various drug-outs awaiting further disposition to customers or conveyed to the customers direct.

For the conveyance of drugs into Canada the chorus girls would be handed a small hand satchel by an agent of the border and asked to take it across the border to a certain party, generally a woman who would be identified by the wearing of a certain distinguishing hat and who would meet them at the arrival of the station in Montreal.

The chorus girl, Dorothy Ward, who died a few days ago was known to have brought drugs over in this manner on

Liver Pains

Pains under the shoulder blades tell of liver derangements. Other indications are sallow complexion, indigestion, constipation, biliousness and bilious headaches.

The quickest way to arouse the liver to healthful action is by use of Dr. Chase's Kidney-Liver Pills.

Continued use will insure lasting relief, correct the whole digestive system and purify the blood.

Mrs. Wm. Barten, Hanover, Ont., writes: "For some time I suffered from liver trouble. There was a hard, bearing-down feeling in my back which I could not get rid of. Some one advised me to try Dr. Chase's Kidney-Liver Pills. I did so, and found them excellent.

The dragging feeling in my back disappeared and I felt much benefited generally. I have great confidence in Dr. Chase's Kidney-Liver Pills, and always keep them on hand for general use."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

several occasions and was herself a victim of an overdose of heroin.

It is not suggested by the authorities that the theatre managers either here or in New York were acting in collusion with or had any knowledge of this drug ring, but the fact remains that trunks have been endorsed by American customs officers at this end of the line and have gone through to New York examined, which were known to have contained a large quantity of intoxicating liquors.

Before the close of the navigation season, it was a common practice of the agents here to send girls to the steamers to meet people coming from Europe. The girls would come off the boats carrying bags containing drugs, marking and seal them across the border.

Bottles would be packed in trunks containing many as two cases of one dozen bottles each of a trunk, carefully placed in straw and with several of the articles on top. These trunks would be shipped and passed by American customs officials. Sometimes a few of these trunks were sent to New York addressed to such men as Marus Low, Joseph backache or rheumatism so promptly. It never disappoints!

The revelations made last week have caused a general shakeup in customs circles and new and intricate systems of double checking have been devised with the object of combating any new plans which the ring may devise to outwit the authorities, now that the old system is no longer practically operative.

DUKE OF ROTHESAY CHAPTER: The annual meeting of the Duke of Rothessay chapter, O. D. E., was held yesterday afternoon at the residence of Mrs. John Miller. The sum of \$100 was voted for a memorial cross which will be erected in Rothessay. The chief aim of the chapter this year was to work for a memorial hall as a memorial to the fallen soldiers. The total receipts during the year were \$850. The members each gave a contribution toward a wedding present for Princess Mary.

The election of officers resulted as follows:—Regent, Mrs. W. S. Allison; first vice-regent, Mrs. J. H. Murray; second vice-regent, Mrs. W. R. Hibbard; secretary, Miss Strothard; assistant secretary, Miss Gilbert; treasurer, Miss Allison; educational secretary, Mrs. J. Davidson; finance secretary, Mrs. Hugh Cannel; standard bearer, Mrs. P. F. Blanchet; councillors, Mrs. H. F. Pudington, Mrs. E. Roach, Mrs. Thomas Bell, Mrs. J. H. Henderson and Mrs. Harold Ellis.

BIBLE SOCIETY MEETING: The annual meeting of the New Brunswick auxiliary of the Canadian Bible Society was held yesterday at Moncton, with Hon. J. G. Forbes, of St. John, presiding. Reports of the secretary, G. A. Henderson, the district secretary, Rev. F. S. Porter, treasurer, R. T. Hayes, of St. John, the collectors, Mr. St. John, were read. It was decided to make a grant of \$700 from the New Brunswick auxiliary to the parent society.

A resolution urging the reading of a portion of the Scripture each day in the public schools was adopted as follows:—President, Hon. Judge Forbes, St. John; vice-presidents, Rev. J. S. Armstrong, Fredericton; J. S. Armstrong, Fredericton; Ven. Archdeacon O. S.

DO YOU SMOKE TOO MUCH? There are many men on whose heart and nervous system tobacco produces the most serious results. It causes palpitation, pain in the heart, irregularity of its beat, makes the hands tremble, sets the nerves on edge, causes shortness of breath, and loss of sleep.

To counteract this demoralizing influence on the heart and nerves there is no remedy to equal MILBURN'S HEART AND NERVE PILLS.

They make the heart beat strong and steady, restore tone and vigor to the nerves, and remove all the evil results caused by the tobacco.

Mr. Frank Lutes, 71 Terrace Hill St., Bramford, Ont., writes: "I had been troubled with palpitation of the heart for a number of years, and by spells it would bother me a lot. The doctor told me it would stay on me some time if I did not cut out tobacco. When I would get a spell my heart would pound, and I would break out in a perspiration, and get so weak I would have to sit right down and quit my work; also in the night I would wake up and my heart would be going. I should say, about 120 beats a minute. About three years ago I got a box of Milburn's Heart and Nerve Pills, took them, and found that they did the job. I am feeling fine and have gained over 20 pounds in weight."

Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. M. B. Limited, Toronto, Ont.

How Ironized Yeast Fills Out Figure

And Puts New "Pep" and Energy in Thin, Nervous Rundown Folks

If you are thin and feel tired out all the time—or if you are nervous and your skin is marred with pimples or other humiliating blemishes—you need only try taking two IRONIZED YEAST tablets with each meal for a few days to learn how quickly this splendid food- tonic builds new solid flesh, beautifies the complexion, and enables you to store up a seemingly inexhaustible supply of new "pep," energy and nerve force.

Hundreds of thousands of people all over the country are now taking IRONIZED YEAST tablets, and the results reported in many cases are actually astonishing. For thin folks to gain five pounds or more on the very first package is not unusual. Complexions blotched with pimples, etc., are very often entirely cleared up within 10 to 14 days. As for increasing "pep" and energy, apparent "miracles" are reported by folks who were formerly run-down, weak, and lacking in physical and mental vigor.

FREE! Mail coupon below for Amazing Three Day Trial Treatment of IRONIZED YEAST. Watch the Results!

Here Is The Secret! Nature intended that you should have a well-developed figure, with the clear skin, sparkling eyes, strong nerves and rugged strength that goes with it. If you are now thin and run-down, it is because certain of Nature's laws have been disobeyed.

Nature requires that we get a proper amount of vitamins and iron into our systems. But these two essential elements, due to improper selection of foods and to modern methods of food preparation, are lacking in the modern diet. That is why so many of us are thin and run-down.

Results in Half The Usual Time The thing to do, therefore, is to supply this lack. This you can do by taking with each meal two tiny IRONIZED YEAST tablets which contain in highly concentrated form, a specially cultured yeast grown under the strictest supervision for medicinal purposes—a yeast unequalled for its richness in the essential Water Soluble B vitamins. In addition it contains the correct amount of the two other vitamins—Soluble Fat A and Water Soluble C—which are equally important to health, yet which are lacking in the average modern diet.

These three vitamins bring excellent results even if taken alone—but when taken with a proper amount of easily assimilated organic iron, as in IRONIZED YEAST, these results are secured often in just half the usual time!

Watch The Quick Improvement You will certainly be amazed at the quick improvement IRONIZED YEAST shows in you. Note how it immediately increases your appetite—how it enables you to get real joy out of every morsel of food you eat. See how quickly it drives away pimples, blackheads, etc.—how rapidly your skin takes on a new freshness and charm. See how your energy increases—how this newly acquired "pep" makes hard work or play a pleasure instead of a task. Try IRONIZED YEAST today! Pleasant to take—will not cause gas or in any way upset the stomach. **PETERS LOSES CLOTHING.**  
Boston Mayor is Caught in Fire Whirl in Washington.

Boston, Feb. 2.—Mayor Andrew J. Peters has returned to Boston from Washington in borrowed clothing. He had lost his own in a fire early yesterday morning at the H. Street Club, at the capital.

With Eliot Wadsworth, assistant secretary of the treasury, and Basil Miles, of the state department, Mayor Peters escaped to the street in his underclothing and, returning to the burning building, they aroused others who were asleep on an upper floor.

When the blaze had been subdued the mayor returned to his room and recovered only his watch.

**STAFF, PRO. SKATING CHAMPION, ENTERS AMERICAN LEGION MEET**

Endicott, N. Y., Feb. 2.—News has been received from Arthur Staff, professional speed skating champion of America, that he is forwarding his entry to the American Legion to compete in the professional races to be held at the Ideal Park race track here on Feb. 11 and 12. Staff will meet Morris Wood, Edmund Lamy and Bobby McLean, all former world title-holders on the ice. The entries of Everett McGowan, Ben Osickey and Don Baker are expected in a few days. This will be the first meet that Staff has competed in since he won the American title at Lake Placid last year. Staff will arrive at Endicott on February 7.

# FURNITURE SALE

Complete Home Outfits at February Prices

To the hundreds of folks who have been deferring the refurnishing of their homes or the furnishing of new homes until they were sure that furniture prices had reached bottom, our February Sale is good news indeed. The furniture industry is one of the very first to have every bit of inflation squeezed out of it. Furniture prices fell rather gradually at first, and then each manufacturer tried to outdo the other in quoting low prices. The result has been that furniture prices have dropped clear down to the lowest possible point at wholesale and now our February furniture sale brings them down to new low marks at retail.

Articles in every department have been reduced to meet these new conditions and a visit to the various manufacturing centres has enabled us to add many special values which were only offered in limited quantities, and for a very short time.

For those who are thinking of adding to, or renewing their dining-room outfits, we are showing some wonderful bargains in quartered oak buffets, china cabinets, extension tables and chairs, and, of course there are also the elm, chrome walnut, mahogany, solid walnut, etc., at proportionately low prices.

For the living-room, we were especially fortunate in securing several Chesterfield suites, odd easy chairs and rockers, etc., at prices far below anything which can be offered even at the latest manufacturing cost.

One example is a three-piece Chesterfield suite now showing in our window, for \$150.00, which has sold up to a few weeks ago at exactly double that price. This was not gotten up cheaply, but is of a reliable standard make, and guaranteed both by the makers and ourselves.

These goods have to be seen to be appreciated, and we will welcome callers, whether they intend purchasing or not.

### FIND RICH HOBO DEAD IN HAUNTED HOUSE

West Havenstraw Boys Discover Charles De Graff Frozen to Death—Had \$4,126.

Nyack, N. Y., Feb. 2.—Apparently weakened by hunger, a wanderer and "hobo by choice" was found frozen to death in a "haunted house" in West Havenstraw.

The first floor yielded little thrill for the "gang." There was no sign of a ghost there, and the rooms were bleak and filled with musty cold. Upstairs they went. The first room held no adventure and the trip was losing its spice, when one of the boys stumbled into the second room.

In a cramped position in a corner was the body of a man of 35, clad in rags, unwashed and emaciated. One look at the blue face and the heroes of the "gang" became awestruck runners.

Edgar Fiender, Coroner of Rockland county, returned after the village had heard the breathless story. He identified the body quickly by bank books showing deposits of \$4,000 in the First National Bank of Highland, the Poughkeepsie Savings Bank, and the Poughkeepsie Trust Company. An antique pocket he found six twenty-dollar bank notes and \$8 in notes and silver.

He said that the wanderer apparently had entered the house as a refuge from the storm and there, weak from hunger, had perished in the cold without strength to start a fire. Others who

CHINESE FIGURES AS RUM-RUNNER

Hundred and Twenty-five Bottles are Seized at Sudbury.

Sudbury, Ont., Feb. 2.—Rum-running by a Chinese is the latest innovation in the north country. That such has been in progress between Montreal and Sudbury, and Sudbury and Sault Ste. Marie, with Sudbury as the points of transshipment, was disclosed yesterday in the seizure by Sudbury police of over 125 quart bottles of 75 per cent whiskey labelled "Quebec Liquor Commission." The liquor was seized at the office of the Dominion Express Company and in room 12, London Cafe, a place which has been under the police ban for several weeks. The liquor was consigned by the London Cafe to Wai Sun, Sault Ste. Marie, and the records showed that it had originally been shipped to one Sing Hong on January 25 last. The liquor was ingeniously packed first in a paper box filled with sawdust. This in turn had been placed in a paper box filled with sawdust. This in turn had been placed in a wooden box with two inches of sawdust all round. Four cases were seized at the express office and one at the restaurant. This latter on information received from an unknown at the hotel. A man, who has since disappeared and was unable to write, it was said, had registered in room 12, by making his mark opposite, which was written the name "Johna."

Teacher Says She Found Them Good

Miss Therault Praises Dodd's Kidney Pills.

Popular New Brunswick Lady Furnishes Some of the Reasons Why Dodd's Kidney Pills Are Suffering Women's Best Friend.

Upper Pokemouche, N. B., Feb. 1.—(Special)—"I can conscientiously recommend Dodd's Kidney Pills to all persons afflicted with any form of kidney trouble." So says Miss Alice Therault, the popular school teacher here. And Miss Therault adds that she knows out of her own experience that Dodd's Kidney Pills are good. "I have experienced great benefit from his medicine since I have been troubled with kidney trouble. I always got good results from using them." Dodd's Kidney Pills are known from one end of Canada to the other as suffering women's best friend. They are purely and simply a kidney remedy. They strengthen the kidneys to do their full work of straining all the impurities out of the blood. Sound kidneys mean good health.

Ask your neighbors if Dodd's Kidney Pills do not make sound kidneys.

CHALONER GETS ONE CENT.

Washington Court Awards Damages in Suit Against Newspapers.

Washington, Feb. 2.—John Armstrong Chaloner of Merry Hill, Va., got a verdict of 1 cent damages today in Circuit Court No. 2, against The Washington Post Company, publishers of The Washington Post, for libel. The suit, which has been pending since Sept. 26, 1910, is the result of an alleged libelous story in The Post concerning the manner in which John Gillard of Cobhan, a place near Merry Hill, met his death. Chaloner contended that Gillard was shot accidentally when a struggle took place between them, Gillard, it was claimed, being intent on shooting his (Gillard's) wife. The newspaper story, Chaloner held, stated positively that he killed Gillard. The first trial of the suit resulted in Chaloner's getting a verdict for \$10,000 damages. The paper appealed and the case went all the way to the United States Supreme Court and was remanded back to the Supreme Court of the District of Columbia for retrial.

FINDS A NEW SKY VAGRANT.

Professor Frost Discovers Asteroid With Orbit Around Saturn.

Chicago, Feb. 2.—A new vagrant of the skies has been discovered rambling around Saturn. The discovery was reported by Professor Edwin B. Frost, head of the department of astronomy of the University of Chicago, who was in the Yerkes Observatory at Lake Geneva. Although no very perfect view of the wanderer was obtained, it is believed it is an asteroid, which is similar to a small comet. This asteroid is unusual in that it appeared to have an orbit around Saturn instead of around Mars or Jupiter.

Salvation Army Puts Limit at Seven Inches Above Street.

Chicago, Feb. 2.—The skirts of Salvation Army ladies must not be more than seven inches above the street level, according to an order issued here by Commissioner William Peart, leader of the organization in fifteen mid-west states. "A few years ago we were trying to persuade our women to wear them shorter," said Commissioner Peart in commenting upon the order. "The skirt that trails in the dirt, gathering germs, is a menace to its wearer's health; but the skirt that flaps around the knees appears to be coming down these days, and a back to normalcy drive on the too short skirt will do a lot to protect the morals of the rising generation." Commissioner Peart stated that the order would affect every Salvation Army member in seventy-seven countries and colonies where the organization operates, with the possible exception of China and Japan, where most of the women wear trousers.

Harold Morrison, 12 Albert street, W. E., a longshoreman, had his thumb cut by a rusty nail last evening while working on the S. S. Bolingbroke, but was able to return to work after it had been treated at the Emergency Hospital.

ALCOHOL-SIPHONING SKIPPER SENTENCED

Capt. Doherty of the Javary Gets Year and a Day in Atlanta for Ruse.

(New York Times) Judge John C. Knox, in the United States District Court yesterday, sentenced Daniel Doherty, captain and part owner of the tramp steamer Javary, to a year and a day in the federal penitentiary at Atlanta, Ga., for violating the Volstead act. Doherty was convicted by a jury two weeks ago.

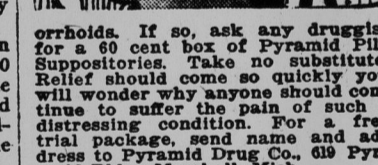

It transpired at the trial that the Javary put into this port on Jan. 10, ostensibly to take on oil for fuel purposes. The vessel's cargo consisted of 250 steel drums, each filled with 100 gallons of grain alcohol taken aboard at Baltimore for shipment to Constantinople. The government introduced evidence showing the alcohol had been cleverly siphoned ashore by means of a hose leading from the drums to barrels on the dock.

The suspicions of the enforcement agents were aroused by the number of oil barrels which arrived at and departed from the dock. Investigation disclosed that thirty-six of the alcohol drums had been drained. Captain Doherty was arrested and the steamer libeled. Judge Knox allowed Doherty until Feb. 15 to perfect his record and make any appeal he desired. The bond of \$7,500 was continued.

TO CLIMB MOUNT RAINIER.

Three Men Will Make First Attempt at Winter Ascent.

Seattle, Wash., Feb. 2.—An ascent of 14,408 feet to the summit of Mount Rainier will be started next Thursday by Jacques Bergue and Jean and Jacques Landry, according to their announcement, in an effort to accomplish a feat which mountaineers say has not been attempted in winter. The climbers will use especially made skis on the first part of their journey. The United States Army Signal Corps has arranged to send men to the base of the mountain and afford every possible means of communication. Bergue said he believed the danger in the climb was in weather conditions, as the mountain was so near the sea that storms must be taken into account. The three will carry only light packs, and their food will consist of dried beef, prunes and cheese.

**GORMAN STARS AT SARANAC LAKE**

Wins Half Mile and Heat in Mile — Other Local Boys Amongst Winners.

Charlie Gorman's sensational skating in the preliminary and final heats of the half mile events at the International meet at Saranac Lake yesterday were the features of the day's card. He won the half mile in 1:23 3-5, Steinmetz finishing second and Jewtraw third. In the mile he won his preliminary heat in the fast time of 2:53 and finished fourth in the final. The mile was won by Steinmetz of Chicago; Charles Jewtraw, Lake Placid, second; Richard Donovan, St. Paul, third. Frank Garnett of this city also made a great showing yesterday, although he failed to get in the winners' section. The three-quarters mile was won by Steinmetz, with McWhirter second and Jewtraw third.

**Senior three-quarter mile race**—Won by William Steinmetz, Chicago; Roy McWhirter, Chicago, second; Charles Jewtraw, Lake Placid, third. Time, 2 minutes, 11 1-2 seconds.

**Senior half-mile race**—Won by Charles Gorman, St. John; William Steinmetz, Chicago, second; Charles Jewtraw, Lake Placid, third. Time, 1 minute, 23 3-5 seconds.

**Junior ten-year-olds, 440 yard dash**—Won by Eugene Shea, Lake Placid; George Sooley, Saranac Lake, second; Philip Macer, Saranac Lake, third. Time, 62 3-5 seconds.

**Senior one-mile race**—Won by William Steinmetz, Chicago; Charles Jewtraw, Lake Placid, second; Richard Donovan, St. Paul, third. Time, 3 minutes, 15 3-5 seconds.

**Junior sixteen-year-olds, 800 yards dash**—Won by Edward Reed, Chicago; Harold Fortson, Lake Placid, second; Lionel Norton, Lake Placid, third. Time, 1 minute, 34 3-5 seconds.

**Junior twelve-year-olds, 220 yards dash**—Won by Wesley Champagne, Plattsburg; Jack Shea, Lake Placid, second; Thomas Tebo, St. John, third. Time, 25 seconds.

**Junior fourteen-year-olds, 300 yards dash**—Won by Ernest Gray, Saranac Lake; Harold Duquette, Plattsburg, second; Carl Finch, Lake Placid, third. Time, 1 minute, 32 3-5 seconds.

**IT WAS A GREAT DAY FOR ST. JOHN AT SARANAC LAKE**  
Charles Gorman's fine performance at Saranac Lake is described by Frank White, in a special dispatch to The Telegraph, as follows:  
One of the big surprises of this championship meet was the way Charlie Gorman came back into his old form today. When he skated his first trial heat in the half mile it was noticed at once that he was in fine fettle and, when at last the final was called, Charlie was loudly cheered by the spectators. The cheers continued as he broke away to the lead with one lap and three-quarters to go, closely followed by Jewtraw, Steinmetz,

**DOROTHY PHILLIPS IN "THE RIGHT TO HAPPINESS"**

UNABLE TO PREVENT BETTING ON TRACKS

Raney Loses Law Suit Affecting Windsor and Ottawa Clubs.

(Mail and Empire).  
Hon. W. E. Raney has failed in his attempt to stop betting upon two of the Ontario race tracks, those of the Windsor Jockey Club and the Western Racing Association of Windsor. Judgments were handed down yesterday dismissing the appeal of the crown in both cases. The action in the Windsor Jockey Club case turned largely upon the interpretation of the term "driving." The attorney-general, through Edward Bayly, K. C. deputy attorney-general, contended that the right given the old Windsor Fair Grounds and Driving Park Association — parent of the Windsor Jockey Club — to conduct "driving" competitions did not cover race meetings as now carried on, but was intended to apply only to trotting and pacing races. The Appellate Division, however, refuses to accept this narrow interpretation, and finds that "driving" could be applied to a running race.

**DEMPSEY SETTLES SUIT.**  
Batavia, N. Y., Feb. 2.—Suit for \$100,000, brought by Frank P. Spellman, former showman, against Jack Dempsey, has been settled out of court, it was announced today by lawyers interested in the case. The amount paid Spellman has not been officially announced, but it is understood to be \$20,000. The jury disagreed on a previous trial. Spellman sued for a share in the proceeds of a moving picture in which Dempsey was the star.

**GRIFFITH LISTS 7 GAMES**  
Washington, Feb. 2.—President Griffith of the Washington Americans has announced a list of seven games to be played with the Boston Nationals on a joint trip northward from their training camps this year, as follows:  
April 3, Charleston, S. C.; 4, Columbia, S. C.; 5, Greenville, S. C.; 6, Greensboro, S. C.; 7, Lynchburg, Va.; 8 and 9, Washington.  
These games will be in addition to six to be played earlier at Tampa and St. Petersburg, Fla., the Spring bases, respectively, of the Washington and Boston clubs.

SOLD MORE FISH THAN USUAL
Local Dealers Speak of Observance of National Fish Day Here.

The reports of business done yesterday, the national fish day, from the various dealers in the city show a great deal of difference, changing all the way from sixty per cent. increase in one case to none in others. The consensus of opinion at the fish stores puts the increase for the city at an average of between twenty and twenty-five per cent. over the regular Wednesday trade. Of several dealers consulted, all but one thought this day to have been better than the one last year. The one who did not agree with this said the business was not so good because the same variety was not on hand and there were a lot of people doing their own fishing, while employment was scarce. In all, though, reports seem to indicate that the day was a success in bringing the value of fish as a food before the people of this city.

JOHN R. HAMILTON DEAD IN BATH, N. Y.
Many friends here will be sorry to learn of the death of John R. Hamilton which occurred on January 31, in Bath, New York. He had gone to the U. S. Metropolis some time ago on business and was stricken with paralysis while there. Mr. Hamilton was in his 78th year, a veteran of the civil war and a resident of this city for almost half a century. He is survived by his wife and six children. Miss Ida M. at home, Hubert N. of this city, Alfred E. and Winfield S. of Moose Jaw, Wilbur A. of Montreal, Mrs. M. Murray of Calgary. Interment took place today at Bath, New York.

The late Mr. Hamilton ran away when a mere youth to enlist in the Civil War, and throughout his life suffered from a wound received in battle. As a citizen of St. John he took a keen interest in the city's welfare. He was interested in the photography, and on many walls hang pictures of St. John harbor and of other scenes, which he produced.

TEAMSTERS ALSO ACCEPT WAGE CUT

Advise City Council That the Wage Scale Submitted is Satisfactory—The Prospect Point Water Extension.

A letter was read at this morning's committee meeting of the common council from the Teamsters', Chauffeurs' and Stablemen's Union, advising the council that the union had approved and accepted the schedule of wages submitted by the city. This called for a reduction of about twenty-five cents a day, the present rate being: Chauffeurs, \$3.90; double teamsters, \$3.50; single teamsters, \$3.25 a day. Notice of acceptance by other city employees was received at a recent meeting.

On the question of pay for single double teams required in excess of the number kept in the departments, Dr. Frink announced that he understood a delegation desired to appear before the council.

The mayor said, if necessary, a special meeting of the committee of the whole could be held to hear it.

The matter of the request of the St. John Fisheries, Ltd., for a partial exemption of taxation, was further discussed. Mr. Bullock said that it was apparently the idea of the company to request exemption only that portion of its plant used in the canning of sardines.

The mayor said in view of representations from West St. John, consideration should be given the matter. He said if necessary he would call a special meeting to deal with the application.

Prospect Road Water.
Regarding the proposed extension of an 8-inch main down Prospect road toward Murray and Gregory's mill, Commissioner Jones said that J. Fraser Gregory had signed an agreement with the city guaranteeing a revenue of six per cent. on an expenditure of \$5,200. Mr. Jones moved that the agreement be approved and the original estimate of \$1,288 be increased to \$5,200.

Mr. Hare said that Mr. Gregory in his original letter asked definitely for 300 feet extension. He said Mr. Gregory agreed verily to pay ten per cent.

Dr. Frink said that on the recommendation of the solicitor the rate in the agreement was changed to six per cent.

Dr. Frink said that if Mr. Gregory agreed to pay ten per cent. there was no reason for changing it to six per cent.

Mr. Jones said six per cent. would cover the charges, and he was willing to accept the responsibility.

The mayor said Mr. Gregory's original letter asked for 300 feet and next spring he intended to extend the pipe to his mill and would install two hydrants. The engineer said that when the three hundred feet was completed the work was stopped. He could not say who ordered it resumed.

Mr. Jones said that he would see Mr. Gregory again and get an agreement covering a guarantee of ten per cent. of the cost of the work.

It was decided to get the new agreement and have a special meeting of the council to authorize the payment of deferred wages.

TOWED TO MOUTH OF CHANGE HARBOR

Effort to Save Schooner Senator That Keeled Over in Bay.

J. C. Chesley, local agent of the Marine & Fisheries department, received a pay-roll of \$800.00 unpaid on this work as the original vote had been extended.

It was decided to get the new agreement and have a special meeting of the council to authorize the payment of deferred wages.
