GERMANS CROSS THE AISNE; ATTACK IS DEVELOPING

Over the River on 20 Mile Front; The British Give Some Ground

Line Not Pierced at Single Point and Enemy Has Gained Only Enough Ground to Bury His Dead, and at a Tremendous Cost--Have Germans Hope of Dash to Paris?

The Germans, striking south from the Chemin des Dames, after carrying that important ridge in the opening of their new offensive yesterday, have pushed on rapidly and effected a crossing of the Aisne River between Vailly and Berry-Au-Bac.

This represents a front of nearly twenty miles along which the armies of the Crown Prince engaged in this great drive have crossed the Aisne. In addition, they have apparently pushed on at points some distance south of the river and are striking for the River Vesle, which parallels the Aisne along the greater part of this front at an average distance of about five miles.

The Vesle, at its most southerly point in this sector, is approximately ten miles from the German point of departure, but the German penetration is apparently considerably short of this depth.

MAY MEAN GERMAN FAILURE

The French bore the brunt of this blow and repulsed it with the loss of scarcely any ground, the Germans succeeding in pushing in something like a half mile south of Dickenbusch Lake, about four miles southwest of Ypres. This morning the British and French made a counter-attack in this sector, which was progressing well at latest advices, and promised to turn the whole German effort on the northern front into a complete failure which had cost the enemy heavily.

Military opinion seems to be swaying between the view that the southerly attack, now being pressed by the Germans between Soissons and Rheims, is the main enemy effort in the resumption of his offensive, or whether he is planning to deal an even greater blow at the Amiens front, where his first great stroke was delivered this spring.

In view of the persistence with which the Germans are now following up their early success in storming the Chemin-des-Dames and forcing the Aisne crossings, it seems probable that the former opinion will gain strength and a follow-up of the enemy effort, in the shape of a drive for Paris, will be looked for.

General Foch's strategy is counted upon to employ the vast effective forces at his command so as to counter the Germans effectively when they have fully developed their plans, whichever way the attack may trend. Of the previous offensives there, although there was an extremely heavy concentration of troops for the limited front attack.

BRUNT BORNE BY FRENCH TODAY

The battle is continuing furiously along the whole Aisne front today, the brunt of it being borne by the French, before whose lines there was seemingly the greatest concentration of the enemy efforts. The French communications are excellent in this sector, however, and he possibility is that reserves are especially being sent up to the threatened points to place before the Germans a force that can effectively stop them.

The British, when the battle started, apparently were holding a line approximately twelve miles long, between Bernicourt, seven miles northwest of Rheims, and Craonelle, cross the Aisne to the northwest, the line straddling the Aisne at about midway this distance, near Berry-Au-Bac.

There is no indication that the British right flank was materially affected by the hook. The left flank, however, felt the effort of the impact on the French front farther west, where a crossing of the Aisne was forced, and the British left was obliged to fall back in conformity.

The British line to the west of Berry-Au-Bac is now wholly south of the Aisne, according to indications in official statements today.

The attack in Flanders was evidently a subsidiary affair, not even on the scale of some of the previous offensives.

THE AISNE CROSSED.

London, May 23.—The Germans yesterday forced a passage of the Aisne River west of the British sector, compelling the left of the British line to fall back.

The enemy maintained pressure all day yesterday against the British on the Aisne front. Severe fighting continues today.

The Germans are developing attacks of great strength along the entire Aisne front.

In Flanders on the Lys front, local fighting was resumed this morning.

WHERE THEY CROSSED.

Paris, May 23.—The Germans last night crossed the Aisne between Berry-Au-Bac and Vailly. This is announced officially. The battle continues fiercely between the Vesle and Aisne rivers.

COUNTER-THRUST IN FLANDERS.

With the British Army in France, May 23.—(By the Associated Press)—British and French troops this morning launched a counter-attack in Flanders, east of Dickenbusch Lake. The attack began well. Success would make the enemy's assault of yesterday a complete and costly failure.

In yesterday's attack in Flanders between Loree and Voormezele the Germans are believed to have employed four divisions on one part of this front, measuring 6,000 yards. The enemy troops were punished so severely that the French, on the right flank, did not even get to close quarters with them.

THE ALLIES HOLD COMMANDING POSITIONS.

With the French Army in France, May 23.—(By the Associated Press)—Whether the German attack north of the Aisne is merely a demonstration in force with the object of drawing the Allied reserves cannot be gathered from the opening stages of the fighting.

The length of front between the flank of the attacking lines seems to imply a great effort on the part of the enemy to capture territory in order to claim victories and thus improve the morale of the German public.

Both the French and British troops are fighting with the greatest energy and bravery, the officers and men working together in absolute harmony.

The Allied commanders have the situation well in hand and had prepared to meet an attack in this region. The Allies hold a series of commanding hills and the western flank is very hilly with deep valleys.

Detailed British Report.

London, May 23.—The British official announcement follows:

"Continuous pressure was maintained by the enemy all day yesterday against the British troops engaged on the Aisne front, and severe fighting is still taking place on the whole front of the British sector."

"Toward the end of the day the weight of the enemy's attacks carried his troops across the River Aisne, to the west of the British sector, and compelled the left of our line to fall back. The enemy is developing his attacks in great strength along the Aisne battlefront."

"On the remainder of the British front a number of prisoners have been taken by our troops in successful raids carried out at different points during the night, and the artillery has been active on both sides."

"AMERICANS ARE ATTACKED; DRIVE BACK THE ENEMY."

American Headquarters on the French Front, May 23.—(By the Associated Press)—Three heavy German raids were made against the American positions in Flanders between 6 and 9 o'clock this morning and were repulsed with heavy losses to the enemy.

In the simultaneous attack the enemy penetrated the first line to a depth of 200 yards. A brilliant counter-attack threw the Germans out and the Americans kept on until they had entered the front, and severe fighting is still taking place on the whole front of the British sector."

AMBULANCE CLASS FOR ST. JOHN POLICEMEN

Colonel R. T. Birdwhistle of Ottawa, general secretary of the St. John Ambulance Association, who arrived in the city yesterday, left again at noon today for Halifax after completing arrangements for organizing an ambulance class among the policemen of the city.

Colonel Birdwhistle called on H. B. McLellan, commissioner of public safety, this morning and outlined the plans to him, pointing out the value of training in first aid work to the police force. Commissioner McLellan agreed and promised all possible co-operation in carrying on the work. In order to arrange the details, he suggested that Colonel Birdwhistle confer with the chief of police.

CANADIAN CROP OUTLOOK FAVORABLE

Ottawa, May 23.—The crop outlook in Canada, according to reports to hand so far, is on the whole favorable. Professor J. H. Cristale, director at the experimental farm, said that seeding operations were probably further advanced in Eastern Canada than for some years at this time, and the crops were progressing very satisfactorily. In Quebec, and in the maritime provinces, there had been abundance of moisture.

COAL HANDLERS STRIKE

Men at Fort William and Port Arthur Want 10 Cents an Hour More

Fort William, Ont., May 23.—Coal handlers at Fort William and Port Arthur went on strike yesterday. More than 300 are out. The docks involved are those of the C. P. R., Fort William Coal Dock Company and the Canadian Northern coal yards at Port Arthur. The men ask an increase of ten cents an hour.

Vancouver, May 23.—It was estimated yesterday that out of 4,000 employees of the shipbuilding plants in Vancouver, nearly 2,000 are on strike. The strikers are those of the Coughlin and Coughlin, which are not affected by the strike.

No steps have been taken by the employers to negotiate a settlement with the strikers and employers has been arranged.

MAN OF 65 MURDERED

Charles Cooper, His Step-Son, Arrested in Ontario Village

Englehart, Ont., May 23.—Charles Cooper has been arrested charged with the murder of his stepfather, Theodore Taylor. Taylor was found in the early hours of the morning lying on his back in a pool of blood. Lying by the side of the bed was a four foot stick of wood, about two inches in diameter, and coated with blood.

Taylor was sixty-five years old and resided in Tomstown, a village near here.

GERMAN CAPTAIN KOHL CAPTURED BY FRENCH

Paris, May 23.—The French army headquarters announces the capture of Captain Kohl, observer of a German Gotha shot down during the air raid on Paris on the night of May 21. He escaped at first when his pilot was made prisoner.

Captain Kohl and the pilot set fire to the wrecked machine on landing, and the captain made for the northeast. He was detected by the French lines when he was detected by artillerymen. He declared that he had requested transfer from sedentary aviation with the general staff to active fighting duty so that he might win the Iron Cross of the first class.

GERMAN ATTEMPT TO WRECK TWO AMERICAN HOSPITALS BACK OF LINE IN PICARDY

With the American Army in France, May 23.—(By the Associated Press)—What was apparently a deliberate attempt to wreck American hospitals in the rear of the American lines in Picardy occurred on Sunday afternoon when the Germans hurled high explosive and gas shells within a few hundred yards of two hospitals. Fortunately no damage was done.

Much indignation has been caused among the soldiers and civilians. It was not the fault of the Germans that those in the hospitals were not killed and wounded as were those in the British hospitals in Flanders recently. The only comment of the sick and wounded soldiers is that they want to get out as soon as the doctors will permit so as to strike back at the Hun.

WILL BACK UP WILSON.

Washington, May 23.—Responding to the call of President Wilson, plans were made by congress today for preliminary conferences looking to the enactment of a new general revenue bill. Although heretofore of divergent opinions, members of both the house and the senate today declared themselves united by the address of the president and the news of another German offensive in the belief that a revenue measure be passed before adjournment.

WAR GARDENING.

The war gardeners have lost none of their enthusiasm and much activity is noticeable in the garden plots near the city. There is still a week or ten days of good potato planting weather ahead. Members of the War Gardens Association wishing seed potatoes should get their orders in at once. One war farmer has used forty bags of the seed potatoes purchased by the association and he has found them to compare very favorably with seed bought outside.

Other practical farmers have pronounced the seed to be good. There is some turnip seed yet available, also beet seed. The fertilizer supply at the depot is getting low, but there will probably be enough for the season.

ENEMY WORRIED OVER POSSIBILITY OF A NEW REVOLUTION IN RUSSIA

Lively Apprehension In Austria — Extreme Shortage of Food Stuffs the Impelling Cause — Opposition by Peasants in Ukraine Extending

Rome, May 23.—The possibility of a new revolution in Russia is causing lively apprehension in Austria, according to the Casa, a newspaper published in Cracow. The extreme shortage of food-stuffs is the impelling cause of the unrest.

Moscow, May 23.—(By the Associated Press)—Opposition by the peasants in the Ukraine against the Germans and the Russians supporting the Central Powers is extending rapidly.

The peasants are firing forests, destroying buildings and otherwise hindering the work of German bands trying to commandeer food. The Germans have been forced to send additional troops into Poland, where rioting is reported to be most serious. The peasants have organized large detachments and are armed with machine guns and rifles. The Germans are using artillery to suppress the rioting.

German Attacks.

London, May 23.—A Russian government wireless despatch received yesterday says:

"Tchitcherine, Bolshevik foreign minister, has wired Adolf Joffe, Russian ambassador to Berlin, that German negotiators looking to the settlement of the Russian border question are being made with large forces and that Russian inquiries to the German government have not been answered."

"The Finnish government, he added, has not replied to Russian proposals for negotiations looking to the settlement of relations with Finland."

"M. Tchitcherine also asked M. Joffe to insist upon the prompt execution of decisions accepted by both parties for the exchange of prisoners."

"The foreign minister further notified Wilson's Declaration."

Washington, May 23.—While most of the German and Austrian newspapers have greeted with sarcasm President Wilson's declaration in his recent Red Cross speech that America will stand by Russia, an official despatch from Switzerland quotes the Vienna Arbeiter Zeitung as declaring the Central Powers must accept settlement of questions relating to the Russian border countries in agreement with all nations if an understanding for peace is to be reached.

The Arbeiter Zeitung is the Austrian Socialist organ which has been barred from circulation in Germany.

CASUALTIES FOR WEEK, 33,694

London, May 23.—British casualties reported in the week ending today reached a total of 33,694, divided as follows:

Killed or died of wounds—Officers, 168; men, 3,227.

Wounded or missing—Officers, 735; men, 29,264.

The total for last week was 36,477, and for the week before 42,122, the largest of any week since the beginning of the German offensive. The falling off in the totals reflects the lull in the fighting between the attack which ended in April and the one now beginning.

MAKE THE GERMANS IN THE STATES WORK

Washington, May 23.—Protest work or light order has been applied to interned enemy aliens and many Germans formerly engaged in business in the large cities of the country soon will be plowing holes, rakes and other farm implements in gardens at troop camps, raising vegetables for the soldiers.

FAIL IN EFFORT TO BOMB PARIS

Paris, May 23.—German aviators attempted last night to raid Paris. They dropped bombs in the suburbs, but were prevented from flying over the city.

PRISON SENTENCES IN PARIS CASE, BUT ARE SUSPENDED.

Paris, May 23.—M. Pais-Serailles and Captain Mathieu, who have been on trial on a charge of communicating government secrets to unauthorized persons, which charge was an outgrowth of the Bonnet Rouge trial, have been sentenced respectively to one year and three months in prison. Sentence was suspended for a time by the court.

TWO NOVA SCOTIA FISHERMEN DROWNED

Port Hawkesbury, N. S., May 23.—The fishing schooner Agnes M. Glushen came into port today from the fishing banks with her flag at half mast, reporting the loss of George Crouse and Willis Tanner on last Thursday. The men were attending to trawls in a small boat. Their dory was found bottom up.

MONTREAL TRAVELER IS SUICIDE IN SHERBROOKE

Sherbrooke, Que., May 23.—Jules Archambault, forty-nine years of age, a commercial traveler, Montreal, committed suicide in the Royal Hotel last night by taking carbolic acid. He had been despondent for some time. His body was found by his wife.

RELATIVES SAY SOLDIER DANGEROUSLY ILL; HURT IN THE HALIFAX RIOT

Halifax, May 23.—Relatives of Pte. William Dean of No. 6 Battalion, Canadian Garrison Regiment, who was injured in Saturday night's rioting, say that he is dangerously ill. He was the first detachment of soldiers ordered out to quell the riot. He was struck on the head by a stone and was kicked in the stomach. He is now in the Cogswell street military hospital, where this morning he was reported to be "resting easy."

DECLINES POSITION AS BOSTON SYMPHONY ORCHESTRA CONDUCTOR

London, May 23.—Sir Henry Joseph Wood has declined not to accept the offer to become conductor of the Boston Symphony Orchestra. He will remain in London.

WAS ERROR IN FRENCH CALL TO MEN OF 19

Montreal, May 23.—Amended notices in French and English were sent out today in this city with regard to the registration of men of the 19-year-old class owing to a mistake in the original notice in the French copies. This notice called upon every British male subject born in Canada on or before October 13, 1897, to register. This would, of course, obviate the meaning of the act which meant men born "on or after" that date.

AUSTRALIAN BUTTER FOR THE MOTHERLAND.

Melbourne, Australia, May 23.—(Via Reuter's Ottawa Agency)—It was announced in the house of representatives that the sale of next year's exportable surplus of butter to the imperial government is being negotiated.

Washington, May 23.—Sir Thomas Hughes, premier of Australia, arrived in Washington last night with a party of Australian officials, en route to a war conference in England. He will call on President Wilson while here.

SUMMER HOTEL BURNS WITH \$400,000 LOSS

Muskegon, Mich., May 23.—Fire of undetermined origin early today destroyed Lake Harbor Hotel, a casino, bathhouse, several small hotels and considerable other property at Mored Lake, five miles from here. The hotel was the largest summer resort structure in this section of Michigan. The loss will exceed \$400,000.

STRANGE DISEASE HAS SPAIN IN CLUTCHES; A SPECIES OF GRIP

Madrid, May 23.—Business life in Madrid is almost paralyzed by the outbreak of a species of grip. The exact nature of the disease has not been determined, although it is not fatal. Theatres and moving picture houses are deserted while the tramways are crippled because of the illness of employees.

Reports from the provinces show that thirty per cent. of the population is affected by the strange disease.

King Alfonso is indisposed and is believed to be suffering from the disease which he apparently contracted yesterday when mingling with the crowds in the palace chapel. Many other prominent persons are ill in bed.

NEED THE SUN FOR THE SASKATCHEWAN CROPS

Regina, Sask., May 23.—The statistics branch of the provincial department of agriculture issued its fortnightly crop-report yesterday. Reports by telegraph would indicate that rain and snow have been general throughout the province during the last week, with the exception of some parts of western Saskatchewan. Frost and cold weather have been general all over the province, and warm weather is now needed.

TRIBUTE TO MERCHANT MARINE AND THE NAVY

London, May 23.—(via Reuter's Ottawa Agency)—The Earl of Wemyss, first sea lord of the admiralty, speaking today at the Mansion House on the occasion of the centenary gathering of the British and Foreign Sailors' Society, referred to the close relationship which the present war had restored between the men of the merchant service and the navy. He said that at the present 200,000 merchant sailors and 80,000 fishermen serving under the white ensign of the navy who were assimilated into the fighting fleet, and notwithstanding the depletions and tremendous difficulties which the mercantile marine had suffered since the outbreak of the war, it continued its business as usual as well as the navy, whose morale was better than ever, despite submarine mines.

His Royal Highness, minister of labor, referring to demobilization, said that 400,000 discharged soldiers had been dealt with already, of whom sixty per cent had returned to their old employers.

NEED 85,000,000 MORE TONS OF COAL

Philadelphia, May 23.—The production of coal in the United States for the year beginning April 1 must reach 735,000,000 net tons, said J. D. A. Morrow, general director of distribution of the United States fuel administration, today to the National Coal Association in convention here.

This means an increase of 85,000,000 tons over the production for the coal year 1917, if the war demands of the country are to be met. Mr. Morrow said the entire 85,000,000 tons must probably come from the bituminous mines.

ENFORCE TREATMENT AND, IF NECESSARY, SEGREGATION

Ottawa, May 23.—The establishment of a dominion health commission, with plenary powers and authority to enforce treatment and segregation if necessary, was the remedy advocated for the elimination of venereal diseases among the civil population by General Forthright, M. P., director of medical services, before Mr. Justice Hodgins of the high court of Ontario yesterday afternoon.

His lordship is conducting an inquiry among military and civil medical men, and directors of various institutions, in his capacity as Ontario commissioner for handling the mentally defective and those affected by the diseases in question.

GERMANS CROSS AISNE; ATTACK IS DEVELOPING.

(Continued from page 1.) enemy first line, where they remained until order was given.

The Germans suffered heavily in the fighting, which was of a hand-to-hand nature at times. Several prisoners were taken by the Americans.

After a lull of several days the artillery bombardment in Flanders has been more intense on both sides. The Germans are throwing many gas shells. The American gunners, however, are retaining the enemy fire two-fold.

With the American Army in France, May 27.—(Monday)—Several American airplanes late this afternoon assisted the French infantry in fighting near Pont Au Mousson. Sweeping down over the German lines the Americans poured an avalanche of bullets into the enemy's trenches.

London, May 28.—(Via Reuter's Ottawa Agency)—Though the German attack on the Alame front was scarcely expected, the resumption of the long overcast weather, which has been everywhere ready, observers in London are confident that the German attempt to break through the British lines before the enemy has the advantage of interior lines of excellent railways, and is operating in a devastated country with an improvised transport. His position in this respect is inferior to that of the British.

Paris, May 28.—The results of the first day of the long-expected German offensive are considered in competent French quarters as satisfactory. By paying the price it is contended, it was inevitable that the enemy could gain ground. After the terrible struggle throughout the day of yesterday the Germans, at a ruinous cost, advanced at the farthest point three miles.

Military officials say the enemy has won enough ground to bury his dead and to establish a base of operations. In close contact with the foe, it has moved here and there, according to schedule, giving General Foch all the time he needs to place his reserves—those reserves whose whereabouts is an anxious mystery to the Germans—just where he wants them.

Paris, May 28.—Military opinion is divided as to whether the German drive on the Aisne front is an effort to break through at Soissons and make a dash for Paris by way of Villers-Cotterets, or whether it is a manoeuvre preliminary to and for the purpose of concealing the true intentions of the German army.

The first hypothesis seems to be the most probable one from the fact that the German army is operating in the line of the Aisne, which is the line of the Somme, and the line of the Somme is the line of the Aisne.

Enemy infiltrations south of the river have been reported, according to the latest news reaching Paris, in the region of Pont Aven, north of Flannes, north of Fontenay, and south of Craonne.

The Germans are endeavoring to change their intention and the plan probably will be developed according to the results they obtain. The French communications in the Soissons region are exceptionally good, permitting the rapid sending up of reserves. Consequently, the success of the German plan on the German point of view, is speed. The results of the fighting thus far are regarded as justifying the confidence felt in France as to the outcome.

Bohemians With Allies. Italian Headquarters in Northern Italy, May 27.—(By the Associated Press)—Bohemian hopes of independence from the dominion of Austria recently in a large city near the Italian front when a regiment of Bohemian troops received a battle flag on the eve of their departure for the fighting line.

Under their own red and white banners and their own officers, the Bohemians are now ranged in the ranks of the Entente Allied forces in battling against the oppressors.

London, May 27.—The market at the Union Stock Yards this morning was rather slow. Trade medium. Prices much on the downward grade in all lines. Receipts: 26 cars, 409 cattle, 271 calves, 103 hogs, 15 sheep.

J. P. White Appointed. Washington, May 28.—John P. White, former president of the United Mine Workers of America and at present laborer to the fuel administration, has been appointed representative of Fuel Administrator Garfield on the labor policy board. The board will soon institute an investigation of the needs of labor with a view of formulating a labor budget.

ILL ON TRAIN ON WAY HOME WITH CHILDREN; DIES IN MONCTON

Moncton, May 28.—The death of Mrs. Charles Macdonald of Chatham occurred this morning in the city hospital. She and her three children, Edward, Arthur and Vivian, came here on the St. John express last evening from Rumford Falls, Me. She was ill on the train but boarded the Maritime express for the north. Before the train left she fainted and was conveyed to the hospital. The eldest child said that his mother was thirty-six years of age and that their father is an employe of the pulp mill in Chatham.

## 15 to 1

The above represents the number of years spent in fruitless efforts to cure a bad case of eczema with ordinary ointments, compared with the time it took Zam-Buk to effect a complete and permanent cure.

This was the experience of Mr. H. C. Buckley of 461 East Broadway, Portland, Ore. Writing to the Zam-Buk Co., he says: "For fifteen years I suffered with a bad case of eczema, and used all kinds of so-called 'cures' and treatments, but nothing was capable of curing me until I tried Zam-Buk. This wonderful balm, however, completely cured me in less than a year, and not only so, but I have had no return of the disease. I strongly recommend Zam-Buk to anyone afflicted as I was."

This is but one of the hundreds of cases where Zam-Buk has effected a cure when everything else failed. The reason is easily explained. Zam-Buk being unusually refined—containing absolutely no animal fats or mineral drugs such as are contained in ordinary ointments—is capable of penetrating to the underlying tissues where skin diseases have their roots. Ordinary ointments, on the contrary, never get beyond the surface skin and so are incapable of effecting permanent cures.

Zam-Buk is just as good for salt rheum, ringworm, boils, ulcers, abscesses, blood-poisoning, chills, cuts, burns, scalds and all skin injuries. All druggists or Zam-Buk Co., Toronto, 54c. box, 3 for \$1.25.

Merchants to Investigate Petty Thieving—Appoint Manager

(Montreal Star)  
A manager to conduct investigations into petty thieving from merchants will be appointed at a meeting, tomorrow afternoon, of the executive committee of the Merchants' Association of Montreal, recently formed to take measures to force the authorities to act with more vigor in prosecution of thieves and to secure further legislation on the subject. It is the sense of the committee that no actual step can be undertaken until concrete data is available, and the manager to be named tomorrow will have charge of the collection and compilation of such information. When the data is ready it will be presented to the authorities with an urgent request that immediate action be taken that will put feet of the law into the hearts of the offenders, who heretofore have had too much immunity, in the opinion of the members of the association.

Later, when the results of the local campaign can be collated, they will probably be submitted to the government of the province, with a request for legislation to hold up the hands of the police and the courts in their attempts to stamp out the evil, which is declared to be costing the merchants of Montreal thousands of dollars annually. A special effort will be made to put an end to the activity of the "fence" who, the merchants allege, are carrying on their trade with the thieves without effectual interference by the police.

British Parliament Reassembles—Irish Hold Back for Conference in Dublin Thursday

London, May 24.—Parliament reassembled today after a short Whitnuntide vacation. Although the business formally set for discussion was not exciting, the members met in keen anticipation of some official utterance regarding the alleged German-Irish plot and the arrests of Sinn Feiners.

Irish Nationalist members have not returned to London and it is understood they will not appear at Westminster until after an important party meeting in Dublin on Thursday when the question of the date for their return will be among matters discussed. In their absence certain Liberal members have decided to question the government, their desire being to ascertain especially whether the government proposed to bring the prisoners to trial and whether any evidence of the plot would be divulged. During the week-end the government issued a call to its supporters, indicating the expectation of a motion for an adjournment of the House of Commons to discuss the entire matter, and it was

## A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it gently with the finger tips. By morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

## Nujol Habits—and No More Piles

Read this remarkable letter:—  
NUJOL LABORATORIES, STANFORD OIL CO. (New Jersey), BAYONNE, N. J.

Gentlemen:—  
For 8 years I was a clerk in a bank on the Pacific Coast, it necessarily being a confining position. During that time, and also before, I was troubled with bilious headaches (one every two months or so) and suffered with chronic constipation. The last three or four years I have had piles in bad shape, trying several doctors with little relief.

Moving to Forsyth about 2 years ago I tried outside work for 9 months but seemed to be as bad as before.

Saw a "Nujol" ad one day in some magazine and thought I'd give it a trial.

In all I have taken three bottles. After about the third or fourth tablespoonful the benefits were very marked and since using same I have not had one headache and am now as regular as the sun himself and the piles are getting much better.

Nothing I can say or write can anywhere near express the wonderful benefit your remedy has done for me.

Very truly yours,  
November 21, 1917. (Name and address on request).

Regular as Clockwork

HERE is a serious case of chronic constipation and painful hemorrhoids (piles) both effectively relieved by Nujol. Take the precaution to insure regular bowel-habits—the healthiest habit in the world. Remember that Nujol protects piles and reduces inflammation. Help to heal them by the use of Nujol—the remedy of countless thousands who strongly recommend it.

Nujol is gentle and effective in action. Clears the system without upsetting digestion; relieves without gripping or dangerous reaction; restores healthy bowel-habits naturally, without artificial stimulation. Nujol is safe for all; pleasant to take. Avoid harmful pills and salts. Take Nujol and be "regular as clockwork."

ABSOLUTELY HARMLESS  
At every drug store. We will send sample bottle on request of your physician. Ask for booklet.

THE NEW OFFENSIVE

It is yet too early to speak with knowledge of the real objective of the Germans in the offensive which was resumed yesterday. The attempt to drive the French back in the sector south of Ypres proved a costly failure, but on the longer battle front on the Aisne the British and French retired for some distance before the advancing enemy.

THE IRISH QUESTION

The British parliament is again in session. The Irish question looms large, but the resumption of the German offensive will have a steady effect upon the members. There is keen interest in what the government may say concerning the alleged German plot in Ireland.

WHY NOT JAPAN?

The New York Times sounds an alarm which has nothing to do with the terrific struggle on the western front, but with a Germanized Russia, which would not only give the Hohenzollerns their tools for the next war but make them world-conquerors.

How long are the Allies to sit by and watch Germany win the war? For win the war she will establish her domination of Russia, and the Allies are sitting by and watching her do it. How long are the Allies to go on deluding the next generation, the future of the world, bound hand and foot into Germany's prison-house?

Two years and a half ago Mr. Lloyd George made that memorable complaint that in everything the Allies had done they had always been 'too late'.

President Wilson has scored another personal victory. Following his appeal congress has decided to sink its differences and remain in session until the needed revenue measure has been adopted.

Gen. Rotheringham, director of medical services for Canada, advocates a Dominion health commission. Sooner or later there will be a Dominion health bureau, established by act of parliament, with large powers.

"A man standing for parliament must not behave in this way," said the Woolwich magistrate in imposing a fine of £12 on Arthur Hunnabell, fifty-five, of 212 St. Andrew's street, who was charged with being drunk on Saturday night.

The first number on the programme was a selection by the City Cornet band, after which a class of Junior boys gave a demonstration of dumb-bell swinging. Their work was well executed and they were warmly applauded as they marched back to their room.

The feature of the evening was the work of more than 200 young girls, who received training on Saturday afternoon at the Institute. Their drills, dance steps, etc., were the hit of the evening, and they were greeted with frequent and hearty applause.

In this feature several dancing steps were introduced, such as the "Columbia" and "British Folk" dance to the music of Rule Britannia, the latter originated by the principal instructor.

Another thing which proved interesting was a potato race held among the juniors. All of the boys participated and resulted as follows: Connelly, first; Stevens second, Doyle third, Gahan fourth and Peterson fifth.

During the evening music was furnished by the City Cornet Band and by Miss E. M. C. L. orchestra. The stars were under the direction of Bayard Currie, who was in no small degree instrumental in the success of the evening.

The choruses for the evening were Mrs. Charles Reynolds, Mrs. I. C. Brennan, Mrs. M. McGrath, Mrs. W. E. Scully, Miss A. White, Miss M. O'Brien, and Miss A. Haley.

This evening a tug-of-war between the police force team and the St. John Street Railway team will be staged. The police force team will consist of McAleese, McInnis, Minty, Duffy and O'Connell.

SELECT MEDICINE CAREFULLY

Purgatives are dangerous. They griped, cause burning pains and make the constipated condition worse. Physicians say the most ideal laxative is Dr. Hamilton's Pills of Mandrake and Butterbur.

They are exceedingly mild, composed only of health-giving vegetable extracts. Dr. Hamilton's Pills restore activity to the bowels, strengthen the stomach, and purify the blood. For constipation, sick headache, biliousness, indigestion, a remarkable cure is Dr. Hamilton's Pills. Try a 25c. box yourself.

PRIZE MONEY FOR MEN IN BRITISH SHIPYARDS

London Paper Offers \$50,000—Boilermakers' Society Stops Riveting Contests

London, May 28.—The Daily Mail offers £20,000 as prize money for competition among workers in merchant shipbuilding yards in Great Britain and Ireland for the best riveting in the percentage of time actually worked according to the total possible number of working hours.

London, May 28.—An attempt to establish a record for hand riveting at the shipyard of J. Critchton & Co. at Salter's near Chester, was stopped by officials of the Boilermakers' Society, according to the Daily Mail. This action was taken after a riveting squad had driven 2128 five-eighths inch steel rivets into frames for ships in six and a half hours.

The stoppage is believed to have resulted from a dispute sent by Secretary Hill of the Boilermakers' Society to branches, declaring that riveting contests should be stopped. It is understood that in their mind would be dealt with by the society.

Gained 20 Lbs. and Feels Fine

Never Expected to Be So Well and Strong Again—An Enthusiastic Statement Endorsed by a Postmaster

Parkeville, N. B., May 28.—Here is a truly broken in health and much discouraged. Fortunately he found in Dr. Chase's Nerve Food, the exact treatment he required and was fully restored to his former vigor.

"As a blood builder and invigorator of the nervous system, this food cured Dr. Chase's Nerve Food is a most remarkable remedy. You can prove this for yourself by reading the letters published in this paper."

Mrs. W. A. Rudolph, Liscombe, N. S., writes: "Some time ago I was so run down I could not walk any distance without getting out of breath. When I went to bed at night I could not rest, my heart was so bad and my breath so short I had begun to think I would have to give up working, when I saw Dr. Chase's Nerve Food advertised, and read that it was for people suffering as I was. I had been helped. I sent for four boxes, and now, thanks to Dr. Chase's Nerve Food, I am feeling again. I am able to do a good day's work, and I feel as if I was never so well. I will obtain speedy relief from this treatment."

"This is to certify that I am acquainted with Mrs. Rudolph, and believe her statement regarding Dr. Chase's Nerve Food to be true and correct."—Mr. W. A. McFarland, Postmaster.

Dr. Chase's Nerve Food, 50c. a box, a full treatment of 6 boxes for \$2.50. Local dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

A musicale was given last evening at the residence of R. H. Cushing, Lennox avenue, by Brunswick Chapter, L. O. M. E. Those who took part in the programme were: Miss Dorothy Bayard, Miss Valde Fenton, Masters Hagg, Miss Louise Anderson, Mr. Ingraham, Miss Louise Koller, Mrs. A. Allingham, Mrs. Barton and Miss Fenton.

A SLUGGISH LIVER CAUSES LOTS OF TROUBLE

When the liver becomes sluggish it is an indication that the bowels are not working properly, and if they do not move regularly many complications are liable to set in.

Constipation, sick headache, biliousness, headache, jaundice, heartburn, water brash, catarrh of the stomach, etc., all come from a disordered liver.

Milburn's Laxa-Liver Pills are a specific for all diseases or disorders arising from a slow, sluggish, lazy or torpid liver, and they have been universally used throughout Canada for over 20 years with the greatest success.

Mrs. W. A. Harrison, 7 Poplar Grove, Halifax, N.S., writes: "I take pleasure in writing you concerning the great good I have received by using Milburn's Laxa-Liver Pills for a sluggish liver. When my liver got bad I would have severe headaches, but after using a couple of vials of your pills, I have not been bothered again."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont.

RECENT DEATHS

Joseph Carson. Many will learn with deepest regret of the death of Joseph Carson, at his residence, 98 Portland street, last night. He was in his sixty-seventh year and was a lifelong resident of the city, following the trade of a ship caulker. He was operated upon in the general public hospital a short time ago for appendicitis, but complications set in which finally caused his death. He is survived by his wife, two daughters, Mrs. James LeB. Lynch and Mrs. John Adams, both of this city, and three sons, Robert G. Carson, Herbert of Zealand, and one sister, Mrs. Crowe, all survive. The case is a particularly sad one. Early in February another passed away, and now the father is gone and the little daughter is quite seriously ill.

On May 10 in the Swedish Hospital, Seattle, Wash., Mabel Eastman, wife of Charles H. Eastman, passed away, aged forty-three years. Mrs. Eastman was the daughter of Mr. and Mrs. James B. Eastman, Port Moody, B. C., and in addition to her parents, there are left four sisters, three living at Port Moody and one, John Stenwick, at Upper Meriville.

Harold C. Bailey of Burt's Corner, who had to undergo a second operation in the Victoria Hospital, Fredericton, on May 24, passed away on May 26. He leaves his father and mother, Mr. and Mrs. H. L. Bailey.

Mrs. Gillies of Napan, N. S., who died last week, left three daughters, Mrs. Dixon, of Boston; Mrs. W. L. Dixon, of Sackville; Miss Josephine, at home, and a step-daughter, Mrs. McWilliams, and step-son, William Gillies.

Mrs. Manning Barford of Elgin is dead. She leaves her husband, one son and three daughters, also one brother and two sisters.

Elbert Town, postmaster and general storekeeper in Kookport, is dead. He was a son of the late Judson Town, and had reached the age of fifty-five years. He is survived by his wife, three brothers, Michael, Bliss and Elmer, and the following sisters—Mrs. Arthur Hovey, Dorchester Cape; Mrs. Alton Maxwell, of Lower Rockport; Mrs. Malcolm Nicphse, of Johnson's Mills, and Miss Annie Town, of Sackville.

The death of John Nelson Chapman Briggs occurred on Saturday evening at the residence of his daughter, Mrs. Robert MacFarlane, Moncton. He was in his ninety-fourth year and was born in Coveville, Albert county, where he lived until 1854, when he moved to Lake Mountain, and in 1877 to Moncton. Mr. Briggs' first wife was Miss Rachael Fagan, of Albert county, who died more than forty years ago; he then married his deceased wife's sister, Miss Rebecca Fagan, who died about two years ago. Mr. Briggs leaves four children, three sons and one daughter. The sons are Malcolm Briggs, of Lake Mountain; Augustus A. Briggs, of Moncton; James Briggs, of Waverley, Mass.; and the daughter is Mrs. Robert McFarlane, of Moncton. He also leaves one brother, Merritt Briggs, also a sister, living in the United States.

Y. M. C. A. TO REPLY. Montreal, May 27.—The executive of the Y. M. C. A. will deal officially with the condemnation expressed in a resolution passed at the meeting of the Great War Veterans' Association at Hamilton on Saturday. This was announced by C. W. Bishop, general secretary of the association, who is in Montreal today.

Word has been received in Beaton of the death of Ronald Burns of Portland.

PRACTICAL DAILY GUIDE FOR VACANT LOT AND BACK-YARD GARDENERS EN-LISTED IN GREATER PRODUCTION CAMPAIGN

Issued by the Canada Food Board in Collaboration With Experts on the Staff of the Dominion Experimental Farm

**BEANS AND CORN.**

It's time to think about beans and corn and this first planting should not be delayed any longer. They are among the foremost of the successional crops and should receive three plantings with a period of a week between each. In this way there will be a continuous supply for the table.

In planting corn make a hole about two or three inches deep with your hoe. Scatter in this about five or six kernels of corn. Then throw in the earth and tramp on the hill. When the shoots appear slowly pull out all but the three strongest. Care must be taken not to plant corn as long as there is any danger of frost.

Beans are a very important war garden crop for they are not only palatable but are a highly nutritious substitute for wheat and meat. For planting make a shallow furrow about two inches deep with the hoe. In this put the bean seeds two inches apart or make holes two inches deep and twelve inches apart. In each hole drop three or four seeds. Cover with soil and tramp lightly over the row. The seed may be sown before planting by soaking in water.

**Tells of Work Of Food Board**

The unfairness of asking licensed manufacturers of biscuits, cakes, sweet dough products, ice cream and candy to conform to regulations that are not being strictly followed in private houses and at home-cooking sales was a point brought to prominent notice at the meeting held in the board of trade rooms yesterday afternoon when C. J. Bodley, of Toronto, a biscuit and cake maker of twenty years' standing and now representing the Canada food board, addressed a representative gathering of the manufacturers of the products mentioned above.

C. J. Bodley said he was present to be of service and was not asking for destructive criticism or advice. He explained the regulations that the food board had made and if there were any who felt that these regulations were unfair they must call a meeting of those concerned and send a resolution to that effect to the authorities at Ottawa. He also said that the food board felt grateful to the bakers of the dominion for the splendid spirit they were showing in helping it.

A hearty vote of thanks was tendered to Mr. Bodley for the logical information concerning the restrictions which had been very helpful to all who had had the opportunity of hearing the views expressed by Mr. Walker and seconded by Charles Robinson.

At the Rotary Club.

The chief speaker at the Rotary Club luncheon held at Bond's restaurant last evening was C. J. Bodley, representing the Canada Food Board, who explained why bakers are asked to conserve wheat flour, sugar and shortening and why the quality and shortening used in making their richer products has been greatly reduced. Mr. Bodley explained that the food board had a dual object. It sought to conserve food, and yet to save as far as possible practicable industries which may be described as luxuries. W. Frank Hatheway gave a brief and interesting address on Italy in the war. He paid a very high tribute to the Italian nation. T. H. Estabrooks, the president, occupied the chair.

**NEWS OF SOLDIERS**

Captain B. M. Hay, officer in charge of recruiting for the royal air force, has been notified that the standard for admission of cadets has been raised, and that no recruits will be considered unless they can produce a high school graduation or matriculation certificate. He was also informed that mechanics are urgently needed overseas.

Thirty recruits were sent to St. John's, Quebec, last evening by Lieut. Currie. Every recruit was a voluntary one. Most of them were less than nineteen years of age.

**Casualties.**

The names of ten New Brunswick men appear in the midnight casualty list. Died of wounds, C. P. Freese, Sussex, presumed to have died. H. Wellard, South Ohio, N. B.; wounded, T. N. Hall, Lower Jemseg; J. W. Clark, Grafton; Hon. Captain Chaplain W. F. Parker, Sussex; B. Ledger, Sackville; Acting Sergeant G. Wills, St. John's; prisoner of war repatriated, R. J. Nevers, Lower Jemseg; killed in action, E. Addison, St. John.

J. Arthur Freese, town clerk of Sussex and judge of probate for Kings, has been notified that his son, Private Charles

Freese, has died in England. He was wounded in the legs and after entering the hospital took pneumonia. Ralph St. John Freese, of the law firm of Fowler & Freese, Sussex, is a brother.

**Promotions.**

It was officially announced yesterday afternoon that Captain G. Earle Logan of the depot battalion, has been gazetted captain and appointed adjutant of the depot battalion.

L. H. Thorne, one of the veteran teachers in the Main street Baptist Sunday school, passed in his class book on Sunday. Of a class of seventeen boys, he has not a pupil left. Every member of the class has donned the uniform.

**MEN WITH CHILDREN IN CLASS TWO UNDER U. S. CLASSIFICATION**

Bangor Commercial—On Saturday, the decisions of the Bangor local draft board placing some 1,200 married men with children in Class 4 of the draft, were appealed to the Federal draft board in session at the Federal building here. In accordance with the proclaimed attitude of the district board in regard to the heads of families, it is expected that with a few exceptions, practically all of these men will be given advance classification in the draft, that is, they will be changed from Class 4 to Class 2, and unless something comes up to prevent, will see fighting sooner than they expected.

A man with several children and a wife dependent upon him if he happens to have a low order number, will be drafted into the army before a man with only a wife dependent on him, and having a high order number, or before a man who is put in Class 3 on an industrial claim, under the new state of affairs.

The Bangor draft board has protested strongly against this reclassification, insisting that there was no right or justice to it, but the adjutant general and district board are adamant in their intention to put practically all married men in Class 2.

REV. MR. McKIM WELCOMED

At a congregational social and entertainment in the school room of St. Luke's church, the rector, Rev. R. P. McKim, who has returned after an absence of five months, was the guest of honor. W. F. Cronk, on behalf of the congregation, welcomed Mr. McKim, and H. W. Bromfield, on behalf of the choir, presented a framed picture of that organization to the rector, who replied with appreciation.

Former United States Senator Towne

Recommends Nuxated Iron To All Who Feel the Need of Renewed Energy, Says That Henceforth He Shall Not Be Without It

Probably no remedy has ever met with more phenomenal success than Nuxated Iron. Over three million people annually are taking it in this country alone, to say nothing of the vast number who are using it in France, England, South America and other countries. It has been highly endorsed and used by former United States Senators and Members of Congress; physicians who have been connected with well known hospitals have prescribed and recommended it; Monseigneur Manning, a prominent Clergyman recommends it to all. Former Health Commissioner, Wm. R. Keer, of Chicago, says it ought to be used in every hospital and prescribed by every physician. Dr. A. J. Newman, late Post Surgeon of the City of Chicago, and former House Surgeon Jefferson Park Hospital, Chicago, says Nuxated Iron has proven through his own tests of it to excel any preparation he has ever used for creating red blood, building up the nervous system, strengthening the muscles and correcting digestive disorders.

MARCH TO VICTORY

Courage is a matter of the blood. Without good blood a man has no heart and no power nerves. In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, generally weak, tired and nervous, one should take a spring tonic. One that will do the spring house-cleaning, an old-fashioned herbal remedy was used by everybody nearly 50 years ago is still safe and sane because it contains no alcohol or narcotics. It is made up of Blood root, Golden Seal root, Oregon Grape root, Queen's root, Stone root, Black Cherry bark—extracted with glycerine and made into liquid or tablets. This blood tonic was first put out by Dr. Pierce's Medical Discovery. It has been sold by million bottles as Dr. Pierce's Golden Medical Discovery. If druggists do not keep this in tablet form, send 50 cents for a vial to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., or branch in Bridgeburg, Ont.

Mrs. C. A. Smith of Duke Street Learns of Husband Being in Hospital Because of Burns

Mrs. C. A. Smith of 102 Duke street has received through the British Red Cross a message regarding her husband, Gunner C. A. Smith of the 2nd Heavy Battery, who is at Budnorth Hall Hospital, Ongar, Essex, England. The message is as follows:

"He is suffering, as you know, from the effects of accidental burns on the hands and legs. He is being thoroughly well looked after, everything being done for his comfort and complete recovery."

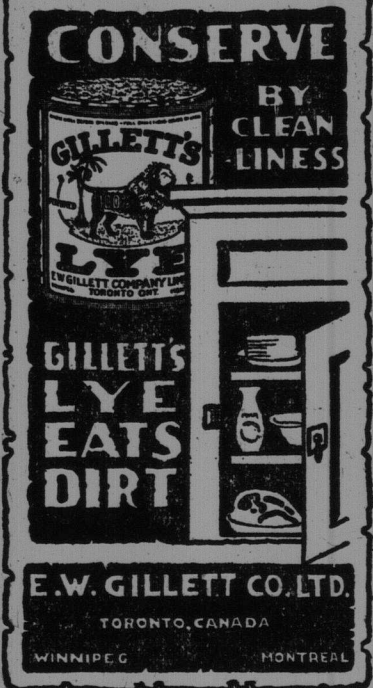

This is the first word that Mrs. Smith has had of this accident; there had been no official advice from Ottawa or through the casualty list, and she is anxiously awaiting further information. Gunner Smith suffered from shell shock at the time of the Vimy Ridge fight but returned to the line soon afterwards.

**AUTOMOBILE FOR THE SAFETY COMMISSIONER**

One of the matters which may be dealt with in the common council at the week-end meeting this afternoon is a recommendation for the purchase of an automobile for the commissioner of public safety. Since taking this office six years ago, Commissioner McLellan has covered his rounds of the various stations and carried on the other work of the department, which requires considerable traveling around the city, with the aid of a horse and carriage. He now finds that this means of locomotion is not rapid enough to keep pace with the demands of the work, and he regards the cost of keeping up a horse as making the question of comparative economy a live one. If he recommends that a car be purchased, Commissioner McLellan will ask for something larger than a runabout, in order that it might be used for general purposes in his department—and it won't be a tin Lizzie, either," he said this morning.

**ANOTHER ARREST GROWS OUT OF CHARGE OF THEFT FROM A CITY HOTEL**

Mrs. Maude Creighton, who appeared in the police court yesterday afternoon as a witness against Gertrude Lydon, who was charged with stealing bed coverings from the Royal Hotel, was this morning taken into custody on a charge of having stolen goods in her possession. She was also charged with using abusive language to Mrs. William McAleer and held on suspicion of stealing some provisions from the latter's home in Brussels street.

**IN WALL STREET.**

New York, May 28—Pressure against war issues was resumed at the opening of today's stock market, equities, motors and affiliated specialties yielding one to two points. U. S. Steel rallied quickly from its depression. Rails were irregular, although a two point break in Union Pacific was met by a neutralized by the strength of Reading, Union Pacific, New York Central and New Haven. Liberty bonds were strong, contrary to the tax exempt 3 1/2% strengthening while the 4 1/2% repeated their minimum report.

Rails extended their advances in the first hour, Canadian Pacific regaining greater part of its loss, but the whole list fell back violently, later on a sweeping selling movement. Before midday, Jones in Sumatra Tobacco, Bethlehem Steel, Baldwin Locomotive, General Electric, Industrial Alcohol, Marine preferred and Colorado Fuel ran from three to nine points. U. S. Steel was unbroken in exceptionally large volume down to 102 1/8, an extreme reversal of 2 1/2 points. New low records were made by Liberty 4 1/2% on their further decline from 97.00 to 97.22, and the second fours at 94.82 to 94.40.

**IS SENT TO JAIL FOR CRITICIZING GOVERNMENT.**

Port Arthur, Ont., May 28—Wm. J. Hanna, who claims to be a railroad man from Rivers, Man., was sentenced to six months at hard labor upon conviction before Provincial Magistrate O'Brien of making defamatory remarks on board a train.

He pleaded guilty but the evidence of one witness was taken to show that he had described the government as "rotten," and that Canadian Red Cross nurses were immoral.

"It's a wonder the people on the train did not kick you to pieces," said the magistrate. The sentence was the maximum under the Defence of the Realm Act.

**MAY BE TRANSFERRED FROM THE BATTERY TO DEPOT BATTALION**

There is a rumor emanating from a semi official source that all those who enlisted in the 9th Siege Battery after the unit had its full complement to the number of 186 men, are to be transferred to the Depot Battalion.

The battery, it is said, is over strength and there is no authorization for taking on so many men. If the transfer should be made, it will mean that at least 100 members of the Siege Battery will be attached to the depot. The men liable for transfer will be those who enlisted after the full complement of the battery was signed on.

**CORN AND OATS**

Chicago, May 28—Severe drops in temperature brought about a general day in the value of corn. The sudden change of weather conditions was generally believed to be adverse to crop progress. On the advance in prices, however, selling increased, owing partly to official denial of reports that the government had placed large contracts for alcohol.

Opening quotations, which ranged from 5-8 to 11-4 cent higher, with June 1-87 and July 1-88 1-2 to 1-86 1-2, were followed by a moderate reaction.

Oats hardened as a result of the corn strength. Shorts were the chief buyers. After opening 4-4 cent off to 4-8 cent up the market closed slightly further gains.

**Machine Gun Most Efficient Of War Weapons**

Has Caused Most of the Casualties. One Gun Calculated to be Worth in Field Almost Battalion of Riflemen

London, April 19—(Correspondence of The Associated Press)—"Of all the weapons used in the present war, the machine gun has unquestionably proved itself the most efficient," says a British expert in the Daily Mail. "Probably a majority of the casualties in the war have been caused by this weapon; cer-

tainly the greater proportion of the enormous losses during the recent fighting have been so inflicted.

"Any type of machine gun in the hands of a skilful operator has the same destructive effect upon men moving in mass formation that a keen-edged scythe has in a field of ripened wheat. It cuts broad swathes; nothing can stand against it.

"A well-served machine gun is the most formidable thing that attacking battalions have to face. It is not merely the front ranks that suffer. At anything approaching close ranges, the bullets will go through the front-rank men, often through the second rank as well, and kill or wound those immediately behind them.

There are several types of machine gun now in use in the British army, such as the Lewis, the Maxim, the Vickers, and the Hotchkiss. All are mobile weapons and can be moved quickly from one place to another, advantage being taken of any cover that offers. Each class of machine gun has with it a squad of about ten men. Should they find themselves pressed too closely, they pick up their weapon, fall back with it, and re-open

fire upon the enemy from the next favorable position.

One authority has declared that in the field one machine-gun is worth almost a whole battalion of men armed with rifles. Few soldiers can keep up fifteen rounds a minute rapid-fire with a rifle, but a machine gun can discharge 600 rounds in a minute, and the Vickers can discharge 1,600 rounds without stopping.

Bullets pour from the muzzle in rapid devastating stream, and as these guns use the same kind of ammunition as a rifle, there is little difficulty in keeping them fed.

The Lewis gun is described as the most mobile. One man fires it, using forty-seven rounds in succession. Beside him is another man who puts on fresh trays of ammunition as required, the change being made in two seconds.

Meanwhile other men are hard at work filling trays and passing them on for use. The gun has an effective range of about 1,200 yards and can be fired either from a stand or a parapet, the gunner placing the piece to his shoulder as he pulls the trigger.

The Maxim and Vickers guns are fired from a tripod, the gunners squatting with legs a-straddle, and pressing a key, so long as he keeps his finger on the key the gun continues streaming out cartridges, each holding 250 bullets as they fly through it. Gripping the handles with both hands, the gunner moves his weapon back and forth, playing on the advancing troops much as a fireman plays a hose on a burning building. Guns of this kind can also be used for putting by barrages, and it is possible to attack with them targets one cannot see.

Commander of British Destroyer Followed Torpedo's Wake.

London, May 12—(Associated Press)—The resourceful commander of a British destroyer recently accounted for a German submarine by following up the wake of a torpedo to its apparent point of launching and then dropping depth bombs. A bar to his Distinguished Service Order has been awarded to this officer.

The German torpedo, aimed at the destroyer, passed under it. The British vessel swung around and hurried to point near where the wake of the torpedo was first seen. Depth charges were dropped and soon the bow of the submarine came out of the water.

The destroyer tried to ram the enemy, but the submarine suddenly listed and sank like a stone. Other bombs dropped by the destroyer brought up

OFF TO CAMP SUSSEX. A detachment of the 26th Battalion, under the command of Major F. F. May, left this morning for Camp Sussex. The draft was escorted to the Union depot by the Depot Battalion Band. The remainder of the battalion will go into camp later.

PROPELLOR BLADE BROKEN. The steamer Fenelon arrived at the wharf yesterday morning. While going through Salmon river on Saturday her propeller struck a rock and one of the blades was broken off. She was able to reach here under her own steam and this morning went through the falls to go on the blocks. It is expected that repairs will be completed in a day or two.

LOST LEG AT VIMY RIDGE. The Halifax Echo of Saturday says: "Rev. A. K. Herman, fighting minister, who has recently returned from a Toronto hospital, having completed a course there in the use of an artificial limb, will preach at King's street Baptist church tomorrow night. Rev. Mr. Herman was severely wounded at Vimy and lost his left leg as a result of his wounds." Rev. Mr. Herman is a brother of Mrs. A. W. Covey of St. John.

PURSE FOR FATHER CARLETON FROM OROMOCTO CONGREGATION

Rev. C. P. Carleton preached his farewell sermon to the people of Oromocto on last Sunday. A large congregation was present, including non-Catholic friends. At the conclusion of the service, Frederick Carney, third year student at St. Joseph's College, on behalf of the congregation, presented to Father Carleton a well-filled purse, at the same time reading the following address: "To the Rev. C. P. J. Carleton, Parish Priest, Oromocto, N. B.:"

Reverend and Dear Father—It was with feelings of deep regret that we, your parishioners at Oromocto, heard a few days ago that you were soon to sever your connection from us as pastor of St. Vincent de Paul church.

His Lordship the Bishop has directed you to serve elsewhere, and so it remains for us as true children of the church to submit to his decision. We, however, cannot let this opportunity pass without giving some expression of our appreciation for the many favors of which we have been the recipients from your hands, for the last thirteen years.

We feel deeply the loss which your removal to our congregation, and in bidding you farewell we ask you to accept this purse as a small token of our love for you and appreciation of your spiritual labors for the salvation of our souls.

Now that you are about to take your departure, we desire to express the hope that the weightier responsibilities of your parish at Silver Falls will not prevent you from occasionally having kindly remembrances of your former parishioners at Oromocto.

In conclusion, Reverend Father, we wish you an affectionate farewell, May Heaven's choicest blessings attend you in all your labors, is the earnest and heartfelt prayer of your parishioners of Oromocto.

Signed on behalf of the congregation of St. Vincent de Paul church: E. J. McElroy, Alex. McSheffrey, Harry Finamore, William Jones, Sarsfield Logue, Arthur Long.

The purse, which contained \$160, was collected by Miss Estelle Rutledge, postmistress. Father Carleton made a suitable reply, referring to the pleasant relations which had always existed between himself and the congregation of St. Vincent de Paul church and the people of Oromocto.

DR. W. L. ELLIS ACTING CHIEF MEDICAL OFFICER

Dr. W. L. Ellis of West St. John was today appointed by the board of health to act as chief medical officer for the board during the illness of Dr. G. G. Melvin's wife. Mrs. Melvin for the last few days has been quite ill and this, added to the heavy strain of work upon the doctor due to the smallpox situation, has proved too great for Dr. Melvin, and so he has been relieved of his duties for a short while. Dr. Ellis will take over his new duties immediately. A report that Dr. Melvin has tendered his resignation is incorrect. He has only secured a leave of absence.

There were no new cases of smallpox reported to the board of health authorities this afternoon.

ILLNESS, NOT LIQUOR, SAYS SOLDIER PRISONER

A returned soldier appeared in the police court this morning to answer a charge of drunkenness. Policeman Winter testified that he found him lying near the Union station at 3 o'clock this morning and tried to rouse him. The defendant, he said, told him to go to a warmer place, whereupon he took him in custody. The prisoner denied that he had had liquor. He said he was subject to fits and he must have been in one when found. He denied having touched liquor. He was instructed to go to the telephone and call up someone who would speak in his behalf. As he was leaving the court room he said that he feared he was going to take another fit and went downstairs holding his head. His case will be investigated.

BURIED TODAY.

The funeral of Andrew Myles took place this afternoon from his late residence, 215 City road, to Exmouth street Methodist church, where burial services were conducted by Rev. Mr. Dawson. Interment was made in Fernhill.

NINE TIMES IN HOSPITAL; NOW GIVES HIS LIFE

Brother of C. F. Bishop of Customs Staff Killed in Action—Family Has Notable Record

C. F. Bishop of the customs staff, late of the 26th Battalion, received word from his parents in England this morning stating that his brother, S. T. Bishop, was killed in action on April 20. He had been wounded four times previously, buried by shells three times and shell-shocked twice. He was therefore in hospital, and after being patched up he was sent back as a stretcher-bearer, and was acting in this capacity when killed. On April 15, out of forty-two of his company that went into action, only he and one friend survived. He was about twenty-eight years old.

Mr. Bishop's eldest brother, L. H. Bishop, who went over with the 11th G. M. R., is now on his way back to Canada, with a fractured jaw. Another brother, Bert, is now in France, and the youngest, Fred, is in Palestine. This family has a noble record of service in the war.

TRUE BILLS IN ALL FOUR CASES

County Court Session—Criminal Cases to Be Tried

At the opening of the May circuit of the County Court today, with His Honor Judge Armstrong presiding, four criminal cases were given to the grand jury. The criminal docket included The King vs. Max Webber and Morris Whitman, charged with theft from W. H. Thorne & Company, Limited. In this case Dr. W. B. Wallace, K. C., and G. H. V. Belyea, K. C., are appearing for the crown and D. Mallin, K. C., L. P. D. Tilley and B. L. Gerow for the defence.

The other cases are King vs. Leslie McKenzie—indecent assault; King vs. Sterling E. Smith, breaking and entering; King vs. Augusta Mack and Maurice Saulnier, these prisoners being charged with a serious offence. The following is the civil docket: Bentley vs. Reicker—J. B. M. Baxter, K. C. Leahy vs. Grant & Home—J. A. Barry for plaintiff, Teed & Teed for defence.

Doherty vs. McDonald—Tait & Smith for plaintiff, William M. Ryan for defence. Potts vs. Neye—K. A. Wilson for plaintiff, J. A. Barry for defence. Bishop vs. McFarlane—K. C. Wilson for plaintiff, Teed & Teed for defence.

SOME SAD CASES THAT AGENT ENCOUNTERS

Three Reported by Rev. George Scott Typical of Many in City

Three cases which have lately come to the notice of Rev. George Scott of the Children's Aid Society are typical of many with which the social workers of the city are brought face to face every day.

The first is that of a widow whose husband died several years ago leaving her with several small children. She goes out to work every day but the strain has been too much and she is gradually losing heart. For the last two years she has been going down hill and today is living under very bad conditions.

The second is that of a married woman whose husband is at the front in the imperial service. She has five small children at home. Owing to the smallness of the allowances from the service she has found it necessary to go out working every day. She is very industrious and many a time after coming home she will be washing and ironing for others up to twelve at night or one o'clock in the morning. There is a tragedy in her life too. One of her children, a little boy three years old, is a sufferer from hip disease. He was in the hospital but had to be taken out last week. Under the circumstances, of course, it is impossible for her to give the boy the necessary attention. Efforts were made to get him into some institution for a time but all are filled up at present.

The last case is of a woman who finds it necessary to enter the hospital for treatment. She also is a widow with four small children. It is yet a question whether she will be able to go because of the fact that there is no institution in the city that could care for her little ones.

OVERBOARD, BUT COULD SWIM. There was a very pleasant week-end party at Ketepec at the summer cottage of Miss Florence Walsh. Those in the party were Kathleen McCulloch, Edna Cowan, Vera McKee, Georgia Selfridge and Ruth Conway. They almost came to grief on Saturday afternoon when the young ladies were rowing in a small boat from Ketepec to Baywater. One fell overboard but, being a good swimmer, managed to get back to the boat. Outside of a cold wetting for herself and shock given the other girls nothing serious resulted.
