WOMAN AND THREE CHILDREN MURDERED

Believe Robbery Was Motive for Deed

AT WESTCHESTER, PA.

Husband and Father Returned From Work to Find Bodies Horribly Mutilated—A Boarder, Who is Missing, Thought to be Guilty

Westchester, Pa., Sept. 21—Search is being made today by the police of all towns in this vicinity for a man who is suspected of murdering Mrs. John Sauer two small daughters and a young son at their home at Byers (Pa.), twelve miles from here.

The bodies were discovered by the husband and father upon his return from work last night. He found his son Charles, aged 7 years, unconscious in the yard. He almost collapsed when he found the bodies of his wife, 30 years old, and his two daughters, aged 4 years and 16 months respectively.

It is believed Mrs. Sauer and her daughters were struck down and the house then ransacked. The boy was at school, it is thought, while this was being done and he encountered the murderer when he returned home. It is believed the boy recognized the intruder and was killed to prevent him from giving an alarm. The boy was taken to a hospital where he later died.

The crime has aroused the entire community and searching parties heavily armed are scouring the hills and the vicinity of the quiet little village for a fellow workman of Sauer, who boarded with him to see what light he may be able to shed on the mystery. This man was not at work yesterday, and he has not been found. A small bank containing some money and the husband's bank book are also missing.

GIRL SWIMMER COVERED 16 MILES New York, Sept. 20—In one of the most remarkable swimming feats ever attempted Miss Rose Pitonof of Boston girl, aged 15, Sunday accomplished what the male swimmers have tried time and again without success.

The little girl swam from the New York yacht club anchorage at the foot of East 23d street to Coney Island lightship, a distance of 16 1/2 miles in a straight line, without any noticeable fatigue, making the distance in five hours and eight minutes.

What made the feat greater in the eyes of those who watched Miss Pitonof around Norton's point was the fact that everything broke against her. The start was made an hour later than scheduled, so that by the time she reached Sea Gate the tide was coming in at a great rate, and she could only make 100 yards in 40 minutes at this point, whereas at the beginning she was swimming at the rate of three miles an hour.

REDFERN DENOUNCES THE "HOBBLE" SKIRT

C. Peypert Redfern, the costume designer of Paris and London, is now on a visit to New York. Mr. Redfern took occasion to denounce the hobble skirt as disgusting and continued: "The way it has been exaggerated makes it even more so. One would hardly know the original hobble skirt if he accepted as models some he sees nowadays."

C., Sept. 21—Owing to the strong opposition to the attendance of Chinese children at the public schools, the Chinese population have created a school for pupils of their own race exclusively, and have applied to the provincial educational department for assistance in obtaining suitable teachers. The city authorities, it is stated, are willing to help in maintaining the school, but hesitate in establishing a precedent by separate schools. LOST HIS BALANCE

Was Ascending Elevator in Acid Tower of Miramichi Pulp Mill—Coroner Benson Decides an Inquest is Unnecessary—Two Workmen Witnessed Accident

Chatham, N. B., Sept. 21—Alexander McIvor, a native of Scotland, suffered instantaneous death about 7.30 o'clock this morning, by falling from the acid tower of the Miramichi Pulp Mill, a distance of seventy feet. Two fellow workmen, Charles Smith and Jos. Lynch, saw the unfortunate man fall, but how he lost his footing no one knows.

He was ascending the elevator at the time, and when he was seventy feet in the air he lost his balance and fell to the ground striking some projecting timber in his terrible descent. His skull was crushed, the brain matter being scattered in horrible profusion and both legs broken.

Dr. Loggie was summoned and stated that death was instantaneous. Coroner Benson viewed the remains and after ascertaining that the machinery in the elevator was in perfect running order and getting the evidence from those who witnessed the accident, he decided no inquest was necessary. Supt. Thomas of the mill declared that the deceased was not employed on the elevator at all. His work was in another part of the yard and he did not know why he had gone up in the tower.

Mr. McIvor was fifty years of age and had been in Chatham about three years.

THE TIMES' NEW REPORTER

A LIGHT DAWNS ON HIRAM

A light has come to Mr. Hiram Horobam. In the past it has been the custom in the Settlement to have each winter a series of revival services conducted by ministers. It is stated, are willing to help in maintaining the school, but hesitate in establishing a precedent by separate schools. The matter is now under consideration by the department.

leading those who sit in the seat of the umpire the scorpion to remark that the whole thing was a humbug. Hiram has confessed to a degree of scepticism himself, inasmuch as it was just after a revival on one occasion that Silo Jones "whipped it into him" on a little business transaction. But Hiram is now convinced that he knows a better way. It came to him, not exactly as an inspiration, but rather as a result of a diligent reading of the newspapers.

A NEW TOWN IN ONTARIO WANTS NAME

Sir Wilfrid Suggested Graham As a Suitable Title

NOT ACCEPTED

Ontario Government Claims Right to Select Name—Hotel at Muskoka Burned—Alymer Now Arrested for Theft of Express Orders

Toronto, Sept. 21—(Special)—Tenders for the purchase of lots in the new town at the junction of the National Transcontinental and Grand Trunk Pacific Railways adjoining the Sioux Lookout Mountain in the district of Kenora were received by the provincial government up till noon yesterday. An interesting situation has arisen over the naming of the new town. Sir Wilfrid, who visited the site on his way westward suggested it be designated Graham, as a memorial to the services of the minister of railways. It is, however, a provincial townsite and the Ontario government claims the right to name the new town. As a result the location is officially spoken of as that unnamed town formerly known as Sioux Lookout. The purpose of this is apparently to await federal request as to its name. At present the provincial authorities are only aware of Sir Wilfrid's desire through the press and are holding the christening off pending a communication of his suggestion.

Finch, of Alymer, charged with the theft of Dominion Express money orders missing from the office of T. Bruce Nairn of Alymer. Bruce presented one of the orders for payment at Stratford. It was made payable to himself, with John Ostrander, his brother in law, as remitter.

With the Ottawa department of railroads rest, the final decision on the preliminary route plans, and the British Columbia & Alaskan was the first to file these.

The Americans had their engineers in the field fully two months before the Grand Trunk surveyors began.

CRIPPEN AND LENEVE SENT UP FOR TRIAL

On the Charge of Murdering Belle Eimore

MISS LENEVE HOOTED

Pretty Typist Was Jeered at as She Went to the Police Court Today—Evidence of Several Witnesses Taken—Crippen's Financial Affairs

London, Sept. 21—At the close of the police court proceedings today, Dr. Hawley H. Crippen and Ethel Clara LeNeve were committed for trial charged with the murder of the doctor's wife, Belle Eimore, Solicitor Newton reserved his defence for the trial proper.

London, Sept. 21—Ethel Clara LeNeve was hooted and jeered at today by a crowd of men and women that awaited her arrival at the Bow street police court. The trial of Miss LeNeve and Dr. Hawley H. Crippen for the murder of the latter's wife is drawing to a close and this fact probably accounted for the unusual number of persons who gathered in the vicinity for a possible view of the prisoners. A group of women followed the cab occupied by the accused girl, through the streets to the police court, yelling their opinions of the typist as they chased along. When the vehicle stopped in front of the court building a crowd in the thoroughfare hooted wildly. Miss LeNeve held an open umbrella and was fairly successful in escaping observation as the police made a way for her. The financial affairs of the Crippens were gone into today in line with the prosecutor's assertion that the doctor at the time of Belle Eimore's disappearance was pressed for funds and that the death of the woman was to the monetary advantage of the husband.

The manager of a bank testified that Mrs. Crippen notified the institution on Dec. 15, 1909, of the withdrawal of a joint account which she and Crippen had kept there.

Miss Merion Currow, an employe of the Munyon people who succeeded Crippen in the management of their local office testified that the poison alleged to have been purchased by the doctor and traces of which were found in the mutilated body was not used by the company. She added, however, that Crippen frequently bought drugs for his own preparations.

The witness said that during February when Crippen told her that his wife had gone to America and died there, she cashed for him several checks one for \$800. She last saw the doctor on July 9 when she gave him the money on a check for \$185. This was just before he disappeared and at the same time he said to the witness:

"If anyone inquires for me you are to know nothing. Say nothing." Before this Crippen had left several packages with the witness saying: "If anything happens to me give these to Miss LeNeve."

SHARP CONTEST FOR RAILROAD ROUTE INTO VANCOUVER

The British Columbia and Alaska Railway Company and the Grand Trunk Pacific in the Race

THE DIANA ON ROCKS IN HELL GATE

New York, Sept. 19—The steam yacht Diana, owned by C. Ledyard Blair, crashed on the rocks in the East River right at Hell Gate and gave the thirty guests on board quite a shaking up. The vessel was floated a few hours after she struck and her passengers were safely landed aboard a tug.

"FRED, I never tasted a cigar just like DAVIS' PERFECTION." "I'm sure of it, sir." "What do the Davis people put in PERFECTIO Cigars that give them the real Havana flavor without the heaviness of ordinary cigars?" "As near as I can find out, it's mostly brains, sir." "Brains?" "Yes, sir. Experience, skill, knowledge, aptitude—all call it by any other name, it's all the same."

"Most anyone can make a mild cigar, or a light cigar, but such cigars are almost tasteless."

"But the Davis people worked out a blend that gives you an unusually mild cigar—that still has the rich, mellow, satisfying flavor of a fine Havana."

"It's never been done before, sir, and don't believe me, but the Davis people can make such a cigar."

"Sell many Perfections, Fred?"

"You'd be surprised, sir, to see how many of my best customers buy DAVIS' PERFECTION for steady smoking."

"O, I see. You mean they know how to do it."

"Yes, sir, and when it comes right down to making cigars, the Davis people are regular wizards."

By special request the first of the two shipmates began a narrative of how, in a heavy sea, in winter time, big bluff, hearty Captain McNeil had stood by one of the Manchester liners for seventeen hours until fifty-three men and women souls aboard had been taken on the Scottish ship. The story was a real thriller and the loyalty of the steward appeared to be the slight which he felt his captain had been given in not having public recognition bestowed on him, fitted him to continue over the story of those seventeen hours in a way that few Scotch sailormen know how. He fairly bubbled over with his praise of the skipper and the Donaldson liner Athena.

The reporter, who had been leaning against the ship's rail on the deck above, wandered around the ship to find the skipper. He found him playing with a little four-year-old Scotch girl whose parents were looking over the cabins of the Athena.

The newspaper man suggested to the sailorman that there was to be a medal for the captain for life-aving. The sailorman only laughed a big deep laugh and answered that he had not seen it yet. "They don't give sailors medals," he replied with a little laugh. "The only give us thanks and sometimes they don't give us even that. Why the papers say that those fellows down the river were profuse in their thanks to the captain. They may have been but it must have been some other captain for I did not see them from the time they came aboard the ship till they went over the side at Quebec. But its all in a day's work." Captain McNeil laughed heartily as he went on playing with the child that toddled about his knee.

ATHENIAS' CAPTAIN SHOULD HAVE MEDAL

Donaldson Line Officers Think Capt. McNeil Should Get Carnegie Medal For Life Saving

(Montreal Herald) "It's not half square to the old man," growled one of the stewards of the Donaldson liner this morning as he and his companions made ready the lounge room of the ship for the approaching voyage.

"He's one of the best that's sailed these waters for many a year and he keeps on saving lives. If there ever was a man deserved a Carnegie medal or any other sort of a medal it's the old man."

The steward added in his Scottish accent so big that one could almost walk on his feet. "If Captain McNeil does not get the medal it's a shame all right," the linen coated one continued as he belabored the cautious a seetee with his rattle. This makes 57 people, I heard the officers say the old man's saved from going down on the last time. Why if he'd been master of some of those big New York liners the people would have made more fuss over him than they did over Jack Binns and that is saying quite a lot I can tell you. I was sailing to New York when they brought Binns ashore and after all he hadn't done anything bigger than the skipper did with that Manchester liner."

FAMOUS GEMS OF PROSE

STATESMAN AND POET AKIN By John Randolph Tucker

From a speech in seconding the presentation of Thomas Jefferson's desk to the United States in the United States house of representatives, April 22, 1880.

It is an interesting fact that the citizens of Massachusetts who are also descendants of the author of the declaration of independence, thus mingling in their veins the blood of the two noble States today this precious memento of that great paper which was written by a son of Virginia and was supported by the powerful and fervid eloquence of an illustrious son of Massachusetts.

How wonderful and curious is the power of the imagination to infuse the immortality of human thought into this unconscious desk that felt the impress of that pen which vindicated the already existent fact of the freedom and independence of the thirteen American states! We have long had the original paper among our archives, and now we have the desk on which it was written. How vividly these recall the head and heart and hand of Jefferson, the writer; of Adams, the advocate; and of each of those other representatives of the original thirteen states whose signatures to the paper have given them an immortal fame. The office of the true statesman is akin to that of the poet. The statesman must intermingle in his words or deeds the latest thoughts, interests, purposes and destiny of his people.

In a great crisis it is his to manifest to them, and to declare to the world in well-digested forms, the causes of present action and to forecast the future policy of his country. Under the inspiration of such a statesman a people become conscious of its appointed work and labor intelligently to achieve by the wisest methods the highest objects of national ambition. In this sense there was nothing new in the declaration of independence. The rough jewels of a people's thought were gathered, polished and set in this splendid coronet placed upon the brow of a virgin continent by the genius of Jefferson. From the teeming soil of his fertile and comprehensive mind sprang fruit-bearing thoughts for the generations following; and he uttered them in an age and to men of simple tastes and habits whose heroic natures preferred freedom and independence could be won, if by a brave struggle freedom and independence could be won. Their appetite for liberty had not been perverted by the taste of luxury nor their passion for independence corrupted by self-indulgence. War was needed to win liberty and independence. Luxury could have won neither; but let us not forget it may, as it has done, cause the loss of both after they have been gained by patient endurance and heroic courage.

Adams and Jefferson, sons of Massachusetts and Virginia; co-workers in the adoption of this grand charter of freedom; twin brothers of the revolution; rival representatives of the two types of political opinion in America; after the strifes of a long political career, they passed together, in friendly reunion, into the land which is conceived from the human vision, crowned with the benedictions of the people to whose liberty, independence and welfare their lives have been patriotically consecrated. The old thirteen have become thirty-eight states. May not the interest excited by this simple memorial inspire in the representatives of these states the renewal of the pledge of "lives and fortunes, and sacred honor," to the perpetuation of our free institutions and to the promotion of the glory of our common country, by a faithful adherence to that great constitution which was ordained and established to secure the blessings of liberty to ourselves and our posterity?

and naturally they will tend to promote separation. Gen. Botha has sought to have the subject of education kept out of politics, and though he has admitted that the result of the Herzog system in the Orange River Colony is not what he would like, he professes to have no constitutional power to interfere. The English-speaking citizens of the Orange River Colony, however, believe that it is within the power of the central Government to regulate this educational bungle, and it was in this belief that they so generally supported the Unionist candidates in the recent election.

MORNING LOCALS

First Vice-President D. McNeil of the C. P. R., and Fourth Vice-President G. M. Bosworth of the same road who arrived in the city yesterday called upon Mayor Frink. His Worship said afterwards that the conversation was more particularly with reference to the increase of rates on general merchandise at Sand Point. This had recently been raised to fourteen cents a ton. They made no formal protest. When asked about the Empress, Mr. Bosworth said so far as he knew they would come here this winter as usual. They left last night for Truro where they will make connections with the A. R.

At the Methodist District meeting held yesterday in Centenary church arrangements for the holding of the missionary, moral and social reform meetings were discussed. Inquiries were also dealt with in ascertaining the amount of money that each mission proposed for the support of the minister presiding in each particular district. Rev. George Steel, who was appointed at a recent conference, to raise the sum of \$2,000 for the superannuated fund gave a brief and interesting outline of his methods. The evening meeting was of a devotional character.

The first corps of Boy Scouts in this city was formed last night in the school room of St. Stephen's church by twenty-five boys being organized from the Scouts into a branch of the Baden-Powell scouts. Rev. Gordon Dickie addressed the boys, and the oath was administered to them. They will have their first drill on Tuesday.

Thomas McAvity has been gazetted a lieutenant in the 62nd Regiment. At a meeting of the clergymen and laymen interested in the coming of Dr. Torrey, held last night, the work of organization was completed and the following were appointed to attend to bringing the evangelist here in October to conduct meetings in the Queen's rink: Rev. E. P. McKim chairman and W. C. Ross and W. M. Kingston vice-chairmen; Rev. J. C. B. Appel, secretary; W. M. P. McLaughlin, treasurer, and chairman of the finance committee; Rev. Wellington Camp; conductor of devotional committee; Rev. W. W. Brewer, convener of the personal workers' committee; John Bullock convener of the music committee, and A. W. Robb convener of the advertising committee.

A young man, named Wallace Paris, was brought to the hospital last night from the Union Depot, having been brought here from Sussex, near where he was employed in a sawmill, in which he was very badly injured yesterday by being caught in a revolving saw, and being struck in the stomach, in which his left arm was severed from the elbow and a piece of flesh torn from his thigh. His mother and father and Dr. McLeister accompanied him.

At the meeting of the Church of England S. S. Association, held last night at the West St. John road an interesting paper on the Use of Hymns in Sunday School Teaching.

City Engineer Almond has notified the Hassam Paving Co. that the work of laying the foundation for the granite block in Smythe street must be done according to specifications, and the company is therefore intending to work by the machine method of mixing.

Wm. McLean of St. George, had his leg broken yesterday by a heavy team running over it. He suffered intensely from his injuries and was brought to the hospital here for the treatment.

It is expected that Herbert Booth, formerly of the Salvation Army, will be in the city to conduct meetings in the Main street Baptist church in October. He is a son of General Booth and a fine speaker.

Acting Mayor Mitchell of New York has recommended the removal of office of Police Commissioner Baker on the ground of unfitness for office in permitting gambling to flourish in the city unchecked. Mr. Mitchell had a conference with Mayor Gaynor at St. John's and the latter requested that he leave the police matter in abeyance till his return which will be in a few days.

The largest ship of the French merchant marine, the "France," owned by St. Nazaire, France, yesterday, she was built for the general trans-Atlantic (French line) for New York and Havre services. She will be second in size and speed only to the Lusitania and Mauretania. She will have accommodations for 500 first class, and 1000 third class passengers.

Heavy rain interfered with the provincial exhibition at Charlottetown yesterday and the formal opening was postponed.

**FORTIFY YOUR SYSTEM** Against Throat and Lung Troubles With Father Morrissey's No. 10. In our variable climate, a neglected cold or sore throat is very apt to lead to serious disease. If, ever you had been treated in time, with Father Morrissey's Lung Tonic, commonly called No. 10, many a person now under the sod would be alive and well.

The learned priest-physician, after much study and research, succeeded in finding a Lung Tonic which not only gives prompt relief, but also strengthens the whole system so as to prevent future attacks.

No. 10 is made of the best herbs, roots, and is built up on Nature's laboratory. It is a powerful tonic, and contains no opium, morphine or other harmful drug. It has been used for centuries, and has saved many a life. Even in cases of consumption it is proved very helpful, arresting the disease and assisting Nature to restore the wasted system.

There are no fine names on general reports from those who have previously tried other remedies without success, and yet were in a short time cured by the Lung Tonic.

MR. HAZEN'S POSITION

The Standard this morning makes a particularly savage attack upon Hon. Dr. Pugsley, charging that his suit in the Central Railway affair was a humbug, and that the minister was utterly insincere in his expressed desire to get an act of the Central Railway. The Standard's article may have been inspired by Attorney-General Hazen, if not dictated by him.

ST. JOHN'S PROSPECTS

Mr. D. McNicol said yesterday that the Canadian Pacific Railway Company, in view of the fact that St. John is a growing city, desires to have more room for the expansion of its business here. Mr. McNicol's statement is significant. It is an indication that, in the opinion of the able men who control the great railway, the city of St. John is destined to enjoy a large growth.

"I carry Dr. Miles' Anti-Pain Pills with me all the time, and for aches and pains there is nothing equals them. I have used them for rheumatic pains, headache, and pains in side and back, and in every case they give perfect satisfaction."

THE HUMAN ASSET

The October issue of Popular Mechanics has an interesting story telling how a mill owner in the south creates efficiency and contentment in his employes. It remarks at the outset that the human asset is looming larger and larger in the industrial field, and that the care and attention shown the employes and machines, and the sums paid out for insurance, are not the most important considerations.

A COMING REVIVAL

There is reason to hope that the coming series of evangelistic services at the Queen's Park, where, by the way, the prize fight pictures were lately exposed, will bring to the aid of the eminent evangelist a new and powerful element of support. It must have been a great source of satisfaction to the friends of religious revival to observe the almost pathetic anxiety of a number of legal gentlemen to turn the searchlight upon those agencies which tend to corrupt the morals of the people.

Why, I just told him that we had one rug that was worth that much alone, and that our piano cost a thousand last month, and showed him all our cut glasses and jewelry pictures and things, and convinced that he had five or six thousand dollars worth. He said—"

HARVESTING

It's hey for the dell, oh, when harvest is yellow, And orchards hang mellow and red in each tree; It's leave the ripe acres, the reapers and rakers And all the haymakers and wander with me. With cheeks like brown berries, And lips like wild cherries, And beauty, I swear it, far sweeter to see Than summer in blossom, deep summer in blossom, With clover-sweet, bosom and heart of a bee.

SCOFFS AT THE SUFFRAGETTES. In a recent meeting of the Civic Club a lively discussion followed the advent of a suffragette. Of course the subject centered upon poor, downtrodden womanhood.

Things were growing serious for an elderly man who accompanied his wife to the meeting. He belonged to the old school of thinkers, evidently. Toward the last it became difficult for him to "get" the floor, so great was the zeal of the exponents of "Votes for Women!"

"Give woman the credit she deserves," cried one fair speaker, "and where would man be?"

"There was an impressive silence broken only by that horrid old man over in the corner."

"Well, I guess he would be in the workshop, if she got all the credit she wanted," he observed testily.—Philadelphia Times.

Montreal, Sept. 19.—Montreal beat Cornwall in the final N. E. U. game of the season here yesterday by 5 goals to 3. Only about 300 were in attendance. Teams: Ten Thousand Saw Victory.  
New Westminster, B. C., Sept. 20.—The second attempt on the part of eastern Canada to lift the Minto cup from the custody of the Westminster Lacrosse Club received a staggering blow Saturday when in the presence of about 10,000 people, the Nationals, of Montreal, were defeated by seven goals to three, the challengers being considerably inferior as a team to the Salmon Bellies. The Frenchmen opened strong and had first shot at the goal, but failed to tally.

**Game This Afternoon**  
The St. John's and St. Peter's will clash in a base ball match on the Shamrock grounds this afternoon at 4 o'clock. The St. Peter's have now won three games from the Clippers, who won the series between them and the St. John's, and the fans are anxious to see them mix it up with the St. John's. The game will be called at 4 o'clock. Doubtless a large crowd will turn out to see the game. The teams will line-up as follows:  
Pitcher Combs Climbing  
Following are the records of the boxmen of the American League who have taken part in five or more games. They include the games of last Saturday.  
Jack Combs who is slated to do some pitching against the Chicago Cubs, has won more games than any twirler in the league. In all probability he will have scored 30 victories before the end of the season. Bender is not being worked as frequently as a few weeks ago, and it is believed that Connie Mack is saving him for the crucial series of the year.  
Kaler, the former Columbus pitcher, now with Cleveland, shows up strong in the records, having won five of the seven games he has pitched. With the Columbus team he did excellent work, and it is the opinion of newspaper critics in that city that he is in the American league to stay.  
Karger dropped a few notches in the standing last week, having been defeated by the White Sox. Saturday he was un-lucky as the Chicago team managed to win against him with only three hits.  
Hall of the St. Louis Browns appeared on the list for the last time, as last week he was released to the league from whence he came.  
Bailey is the low man in the league having won only two out of 18 games. A number

**The Ring**  
Jeff on Verge of Breakdown.  
Jim Jeffries is near a complete breakdown, according to reports current in Los Angeles. The big fighter has never recovered from his defeat at Reno, and his friends fear that he will have to retire to a sanitarium and have a complete rest.  
Although Jeffries' condition has not been openly discussed, the report that he is broken in health and a nervous wreck does not come as a surprise to many of his friends.  
One of them, in discussing the former fighter's condition, said recently:  
"He was certain of his victory. Johnson in the Reno battle and after his disastrous beating he became moody and despondent. He does not care to talk much to his friends and spends most of his time alone. He has not looked well for more than two weeks.  
"For the last two days it has been the talk of the inner sporting circles that Jeff is on the verge of a complete breakdown, and it has been suggested that he be sent away to some sanitarium before it is too late."  
With the Boxers  
Hillyard Lang, the Toronto welterweight who has been doing good work since he joined the pro ranks, has been matched to box Bob Mohr in Buffalo, Oct. 29.  
As was expected Mike (Twin) Sullivan will give Paddy Lavin another chance and that he is to meet in Buffalo, Oct. 4. Lavin will be satisfied after that meeting that he has no chance against the foxy twin.  
The Franklin A. C. of New Haven has arranged a strong programme for its meeting Oct. 18. Jeff Doherty and Andy Parker will clash in a 15-round bout, Bunny Ford and Jimmy Murray will meet in a 12-round contest and the opening bout of 10 rounds will be between Kid Murphy and Jimmy Walsh.  
Young Corbett talks of coming back to the ring. He is doing some training in New York, but what club will have the nerve to sign him for a bout when the sports know that he is all in.  
Frank White, the Chicago lightweight, who is "pugged" for a bout with Matty Baldwin in Boston some time next month, has won 18 bouts so far this year, and among those he defeated was Jack Redmond, who outpointed Ad Wolgast in Milwaukee some weeks ago. At present White is off the boards with a bad eye, but expects it will be all right again next month.  
Billy Melloy and Frank Peron will meet in Southbridge Sept. 29.  
The three New Orleans boxing clubs are planning to form a merger so that the expenses of boxing boxes to that city will not be so heavy on any one of the clubs.  
Jack (Twin) Sullivan has accepted an offer to box Kid Cotton in Pittsburgh next week.  
It looks as if Harry Lewis has shot his bolt and that he is no longer the clever boxer that he was. Leo Hook, the Lancaster boxer, who won the decision over him at the Armory A. A., several weeks ago, outpointed Lewis in a six-round bout at Philadelphia last Saturday night.  
Wolgast and Garay Matched.  
Chicago, Ill., Sept. 21.—Ad Wolgast, lightweight champion, was matched last night to meet Tommy Garay of Chicago in a ten round bout September 29 at Fond Du Lac, Wisconsin.  
Langford and Johnson Clash.  
At Boston last night, Sam Langford in the presence of Jack Johnson accused the champion of being afraid to meet him when he had posted a \$10,000 forfeit, whereupon Johnson jumped up and declared that Langford had never posted money, and moreover declared that he was willing to meet Langford at any time and place, and mentioned a newspaper office as a meeting place to arrange for a fight before leaving the two colored fighters shook hands.  
Three star bouts were on the programme for the night.  
Jimmy Walsh of Boston, had little difficulty in defeating Young Beitz of Baltimore, in ten rounds. Dave Deshier of Cambridge, and Willie Lucas of Philadelphia, went ten rounds to a draw, while Jumbo Wells, of Australia, knocked out Billy Rolfe of Canada in the second round of a scheduled ten round bout.  
Aeroplane  
McCurdy to Enter Race.  
Arrangements have about been completed for the great aeroplane race from Chicago to New York, to be held during the second week of October. Already ten aviators have entered, among them being our own Canadian flying man, J. A. D. McCurdy, of whom a United States exchange writes: "Mr. McCurdy was one of the original members of the Aero Experimental Corps at Hammondsport, N. Y. He has been making flights for three years. Much of his experimental work has been done at Baddeck, Nova Scotia, and Hammondsport. He has not had much experience in extended distance flights, but is considered by Glenn H. Curtiss as one of the best and most promising aviators in the country."  
Among the others who have entered are Charles G. Harmer, of Portsmouth, Eng., and James Radley, an Englishman, who not long ago did some very fast flying at Lanark, Scotland. Radley is a Lancashire man. He will use a Blériot machine.

**THE LYRIC**  
Good sized audiences ruled yesterday at the Lyric Theatre when Ben Smith the funny man with his funny comic songs and jokes held full sway and brought roars of laughter at his every appearance. He will perform for the last time tonight. A grand picture show has been prepared for today, "A Texas Joke," "The Playlight's Love" and "Red Wing's Constancy," three big features all interesting. Thursday afternoon and continuing for the balance of the week Norton Lane & Company, three high class artists will be seen in a comedy novel newspaper sketch, "Betty's Haul," which managers of outside theatres, where they have appeared declare to be a splendid attraction. For the first half of next week the pictures of the Eucharistic Congress at Montreal will be shown and will present in detail the most spectacular ceremonies exploited during this grand demonstration.

**THE UNIQUE**  
What is expected to be one of the most exciting and interesting stories of its kind ever portrayed on celluloid is to be shown "The Unique Theatre" today and tomorrow, called "The Canadian Moonshiners." The picture is said to tell a story of spirit and giving a reasonably accurate impression of this part of the country and some phases of its life. The Mounted Police are well presented and our typical Canadian scenery is faithfully reproduced. It is one of the Kalem Company's make, which fact, guarantees it as a genuine feature. Three others are also to be shown, "A

Notes of the Track  
Great Trotting of Four Year Olds.  
Columbus, Ohio, Sept. 20.—John, four years old, owned by David Shaw of Cleveland, and driven by M. McDevitt, today became a world's champion race trotter, for fillets of her age, when she defeated Duke Archdale, in a grueling race for the Hooper-Columbus stakes, the last \$10,000 prize that the grand circuit has to offer this year. Both heats were done in 2:08 1/4 time never before made by a trotter of Joan's class.  
Hawthorn broke in the first two heats of the Columbus stake and the race went to Starle. Independence Boy easily won the 2:00 pace.  
Notes of the Track  
General H., 2:07 1/4, was the surprise trotter of the New York meeting. He is now the fastest trotting stallion ever owned.  
The Admiral is the fourth son of Bingen, 2:08 1/4, to sire a 2:10 trotter. The other three are Aquilas, 2:19 3/4, Todd, 2:14 3/4, and Singar.  
Sonoma Girl's 2:04 1/4 is the world's record for an 11-year old trotter. Sweet Marie, 2:05, formerly held it, she having trotted in 2:05 at that age.  
Todd, 2:14 3/4, heads the sire's list of the year to date, with nine new performers—eight trotters and one pacer.  
The Nashua, N. H., half-mile track was recently won under the hammer for \$7,000, and it will be cut up into building lots.  
The combined list of trotters and pacers has met for a long time. The New York and Canadian records of 2:10 and better up to the first of September exceeds 55.  
The year 1910 may possibly fall short on the time of 2:10 trotters but for extreme speed artists it will surpass other years.  
Trotted, 2:21 1/4, and Marie Doro, 2:16 1/4, two five-year-olds by Del Toro, started five times in ten days without a defeat. The former won three times and the latter twice.  
The standard list of John R. Gentry, racing 2:09 1/2 is growing quite rapidly this season. Six new ones already this season and the returns for the season not high.  
"It never rains but it pours." Walter W. 2:04 3/4, after going through all of 1909 and part of this season without a single defeat, met his Waterloo at both Detroit and Cleveland.  
Belavina, 2:17 1/4, by Bingen, has placed another year to her credit. If she goes through the season without a defeat she should be well qualified for the grand circuit next year.  
The get of the dead Admiral Dewey, 2:04 3/4, are beginning to show up strongly this season, and it would not be surprising if it closed with several 2:10 performers to its credit.  
When George Estabrook purchased Colorado E. (3) 2:07 1/4, he paid Will Evans \$4,500 for the colt; now the report comes from New York that he sold him for \$30,000 to Wm. G. Bradley.  
Richard Delefield, the well-known eastern horse fancier, purchased last week of George M. Garth, Courtland, Ala., the grey pacing stallion, Walter Hall, 2:04, at a price reported to be \$6,000.

**Wrestling**  
Roly Put Up a Good Fight.  
More than four thousand people will witness the inauguration of the wrestling season in Montreal last Saturday night, when Eugene Tremblay defeated Peter Roly in two straight falls.  
Roly proved one of the headiest and strongest customers that the local champion has met for a long time. The New England boy had the advantage of Tremblay in weight, and he used every pound of it to advantage. From the beginning of the first encounter he went right after the local man, and for the greater part of the time held the upper position on Tremblay, but the latter proved too strong for his opponent. Finally Tremblay broke a half Nelson and, getting up, went after Roly in splendid style, and the latter drew the applause of the crowd time after time as he extricated himself from holds which have always proved winners for Tremblay. After four minutes a leg hold

**COWAN'S PERFECT COCOA**  
THE STYLE IN AUTUMN GLOVES

London, Sept. 21.—Gloves are scarcely said to alter in shape, but with the advent of every season there is a variation in their color and style.  
The subdued colors which are a feature of the Autumn costumes require a delicate shade in glove, and these are carried out chiefly in ash, mouse, mole and fawn. White glove kid gloves are always fashionable, but there is a special vogue at present for soft leathers such as antelope and real fawn in the shades already mentioned, since they harmonize with the tendency of the day, which is all for dull pastel effects.  
A charming novelty is the white glove kid with a cuff lined inside with a strip of colored kid, which is turned down over the wrist.  
It looks as if Harry Lewis has shot his bolt and that he is no longer the clever boxer that he was. Leo Hook, the Lancaster boxer, who won the decision over him at the Armory A. A., several weeks ago, outpointed Lewis in a six-round bout at Philadelphia last Saturday night.

**MORNING NEWS OVER THE WIRES**  
At a meeting of the Police Commission of Fredericton last night among other things it was decided that the market law with reference to forestalling be rigidly enforced in future. There had been many complaints.  
According to statistics, communicated to the United States government by Consul General John L. Griffiths of London, there is a noticeable decrease of drunkenness in England, Ireland, Scotland and Wales.  
A new phase in the strike in the Cumberland Railway & Coal Company's mines is the refusal of the children of the strikers to attend school with the children of the strike-breakers or men working in the mines. They are largely in the majority and it left few at school. Attorney General McLean endeavored to effect a reconciliation but without avail and to tide over the trouble for the present the children of the strike-breakers have been asked to stay away from school. The company is constantly increasing its output. The striking men have all been evicted from the company's houses.

He also visited San Francisco, Portland, Ore., Seattle, Vancouver and numerous other Pacific coast cities. Mr. Graham speaks well of the western states and also the scenery through the Canadian Rockies.

It was said at the office of MacRae, Sinclair & MacRae this morning that it had not yet been decided who would be proceeded against, either P. G. Spencer, T. J. The merchants of Dock, King and Charlotte streets were surprised recently when a gentleman called on them and wanted to make contracts in the matter of lighting on those streets, stating that he had secured an option on the transaction and wanted to make contracts with them. Manager Hopper said last night from the standpoint of the street railway it was much more satisfactory for them to do business with one, than a number.

**CHARGED WITH THE THEFT OF A BROOCH**

**Alice M. Doherty Accused of Stealing a Gold Brooch from Lizzie Guthro**

A case which was followed with intense interest, remaining in the police court, was that in which an attractive looking young woman of 24 years, Alice M. Doherty, was charged by Lizzie Guthro with having stolen from her a gold brooch with an emerald setting valued at \$10 in the Lansdowne hotel a couple of weeks ago. The defendant who was respectfully dressed, denied the charge, saying that the brooch was a present to her from a Montreal traveler, Fred L. Barton, whom she met here a few years ago. She was arrested this morning by Acting-Sergeant McCollum in her boarding house in Sewell street, and when this morning's session of the court was finished, was remanded until 2 o'clock.

Mrs. Mary A. Mills, with whom she boarded, recognized the brooch as having been the property of the Guthro girl. Deputy Chief Jenkins told of having found the brooch in the girl's room at 419 in the Lansdowne hotel a couple of weeks ago. The first session of the Presbyterian W. C. M. S. of the maritime provinces opened in St. John's church at 9:30 o'clock this morning, with a good attendance of delegates. The principal part of this morning was taken up with routine business.

**WEDDING IN MONCTON**

Ira Davis of Sumner Co., Married to Miss Winnie Girvan—First Session of Presbyterian This Morning

Moncton, N. S., Sept. 21—(Special)—St. John's Presbyterian church was the scene of a pretty wedding event at one o'clock today, the principals being Miss Winnie Girvan, daughter of Mrs. Alexander Girvan, of this city, and Ira Davis, formerly of Sussex, but now in the employ of Sumner Company, here. The church was prettily decorated for the occasion, and the ceremony performed by Rev. D. MacO'Drum, was witnessed by a large number of friends and guests. Mr. and Mrs. Davis left on the Ocean Limited on a wedding trip to the upper provinces.

**B. L. GEROW TO BE MARRIED IN MONCTON**

A well-known barrister of this city, B. L. Gerow, will be married this evening about 6:30 o'clock at Moncton to a popular young lady of that place, Miss May Atkinson. Mr. Gerow will be supported by the bride's brother, William, while Miss Minnie Gerow, sister of the groom, will act as bridesmaid. Following a wedding luncheon at the bride's parents, Mr. and Mrs. Gerow will leave for a honeymoon trip to Montreal and Niagara. On their return they will reside in this city.

**A SERIOUS CHARGE**

Mrs. David Ritchie in the Police Court, Charged Joseph McGrath With Attempting to Assault Her

A serious charge was this morning preferred against Joseph McGrath in the police court, by Mrs. David Ritchie, who said that he had attempted to assault her in her home in Haymarket Square on September 6th. McGrath pleads not guilty, and the case was postponed until this afternoon to get witnesses. Mrs. Ritchie said that she was in bed on the night in question when McGrath came into her room, but when she cried out, her sister, Miss Lizzie Anderson, came to her aid, and drove him from the room. Later in the evening, nearly midnight, a man entered the room through a window, but she could not say for certain whether it was McGrath or not. Her husband was in jail at the time.

**FORCING CIRCULATION**

A subscriber to the New Star called up the Times this morning to state that the Standard had been left at his door, to take the place of the New Star. He did not want it, and asked what the law is in such cases. Any subscriber to the New Star can refuse to take the Standard. If, however, he does accept it, he must pay.

Advertisers in The Evening Times-Star get more than double the circulation offered them by any other afternoon medium in this city, and larger by far than is offered by any other afternoon paper east of Montreal.

**ALDERMEN ARE CONSIDERING THE RECORDERSHIP**

**Not Likely That Hon. Mr. Skinner Would Again Take Up Duties and Attorney-General Consulted As to the Appointment of a Successor**

The likelihood now is that Hon. C. N. Skinner who has been ill for some time will be relieved from the recordership and an appointment made at an early date. While Mr. Skinner is steadily recovering from his tedious illness, it is not thought he will be able to resume the arduous duties that devolve upon the office, and as there are a number of law suits against the city pending, and considerable legal work that requires immediate attention, it becomes necessary to make an appointment.

To make the appointment under the present circumstances it was found necessary to consult the attorney general, the appointment has heretofore been with the local government. Accordingly the committee appointed by the Mayor, Aldermen Jones, Russell and Likely consulted with Hon. Mr. Hazen this morning.

After the conference Alderman Jones said the Attorney General expressed the view that the government would endeavor to meet the views of the city in the matter and that any action the council might take would meet with the government's approval.

Hon. Mr. Hazen talking with a Times-Star reporter also said that if it was found that Hon. Mr. Skinner's health would not permit of his resuming the work of the office, the government would endeavor to meet the city's wishes in the matter.

It is not unlikely that there will be no re-appointment to the office of recorder but the appointment will be made of a corporation counsel. His Worship Mayor Frink speaking of the matter this morning said there was a divergence of opinion as to whether or not the legal adviser of the city should or should not give his entire time to the city business.

Many members of the council favor having a corporation counsel to be paid a salary that would enable him to devote his entire time to the city business. There is also a view that the city could have both recorder and corporation counsel, the one to attend to routine legal matters and the other in the capacity of an advisor. Others again believe that an appointment of recorder should be made as formerly and that it has not become necessary that such an officer give his entire time to city affairs.

**CONDUCTOR FLEMING OF THE C.P.R. DEAD**

**Passed Away This Morning After a Lingering Illness—Was 27 Years in the Service of the C. P. R.**

His numerous friends and acquaintances in only this city but throughout the province as well, will be painfully grieved at the news of the death of Wm. C. Fleming, who occurred this morning after a year's illness at his home, 182 St. James street.

Mr. Fleming was one of the most widely known conductors of the C. P. R. in this section, and was a popular favorite with all who knew him, numbering among his friends people of almost all ranks. For twenty-seven years he was in the employ of the C. P. R. He had been ill for about a year with Bright's disease, and of late had been greatly cheered by visits from members of New Brunswick Lodge, K. of P., to which he belonged, his brother Knights sitting up with him many nights.

Mr. Fleming was a son of the late John Fleming, who will be remembered as one of St. John's leading citizens a few years ago. He is survived by his mother, Mrs. J. C. Fleming, three brothers and three sisters, his wife and one son, Harry, at home. The brothers are Thomas, Frederick, John, of St. Stephen; and David, of Syracuse, N. Y. Mrs. C. D. Perkins, Mrs. F. L. Potts, and Mrs. E. J. Curran, of Boston, are the sisters.

The funeral will take place on Friday at 2:30 o'clock and members of New Brunswick Lodge, K. of P., as well as sister lodges in the city, will attend. The two local companies of the uniform rank will also attend. Mr. Fleming having been a member of Cygnets Co., No. 5.

**Don't Waste Coal This Winter In An Old Stove. Now Is The Time To Make The Change**

If you keep that old stove this winter you won't have any more heat and you will burn more coal. If you examine your stove and find the seams all open, the flue strip sprung, your fire box warped and oven cracked, you may come to one decision and that is, it won't pay to have your stove repaired and that you are wasting coal. Our Glenwood Ranges will give you heat, save your fuel and make your labor-light. All made in St. John. You can't get better anywhere, ask those that are using them.
