DISCRIMINATION CLAIM PUT FORTH

Power Company Writes to Utilities Board on Matter of Jurisdiction.

The New Brunswick Power Company has written to the New Brunswick Board of Public Utilities stating that the counsel for the company, Dr. F. B. Taylor, K. C., has advised the company that the action of the commission in not taking jurisdiction over public utilities engaged in the distribution of electricity was a discrimination against private companies engaged in a like business.

The board has always taken the stand that it had jurisdiction over corporations distributing electricity and operating as light commissioners, but had no jurisdiction over regularly incorporated cities and towns engaged in the distribution of electricity and water as one of the regular services of the municipality, and on this ground they accepted jurisdiction in the case of Lewis vs. the Electric Light Commissioners of Perth and Andover.

Appeal Lodged.

The board has been notified that on Tuesday an appeal was made to the Supreme Court of New Brunswick by Dr. F. B. Taylor, K. C., acting for the light commissioners of Perth and Andover, on the ground that the board had no jurisdiction in the matter.

CHIEF'S MEET TOLD NEW PLAN IS NECESSARY

Winnipeg Crown Counsel Would Substitute Spanking Machine For Transgressors.

WINNIPEG, June 4—That the present police system of Canada should be thrown into the melting pot, with the object of bringing out something better and more efficient, was the action advocated by Chief W. C. Casbo of Welland, Ont., in leading discussion on the address given yesterday by Chief M. Beaton of Regina dealing with the organization of police forces in Canada and elsewhere, at the 21st annual convention of the Chief Constables' Association. The convention opened yesterday, with 200 delegates present from all parts of the Dominion.

Chief Beaton explained that under the B. N. A. Act, the provinces were responsible for the enforcement of criminal laws, but they had delegated the power of enforcement to cities and municipalities which each worked independently and under the present system could not be forced to provide adequate forces. Overlapping and constant friction were the result.

Chief Beaton considered that the system in force in Great Britain might well be copied in Canada. Centralization was essential.

Speaking on "The Way of Transgressors," R. B. Graham, crown counsel for Winnipeg, declared, in his opinion, the present penal system was an absolute failure. He advocated introduction of a spanking machine. It would do away with the brutal and brutalizing effect of the lash.

Colonel C. Starnes, Commissioner of the Royal Canadian Mounted Police, Ottawa, dealt with the question of firearms, and suggested that tightening up of the enforcement of Canada's present legislation would add to the safety of the community.

practically unknown there. He told of conditions in Denmark, Norway, Sweden and Finland.

Mr. Magnusson said that P. Rouschman, representative of the Canadian National Railways in Norway, who had been in Canada and understood conditions in the Dominion, tendered exceptionally courteous treatment to him while in Norway and did all possible to aid him on the trip.

M. B. Sogrensen, special representative in Denmark, of the colonization and development department of the Canadian Pacific Railways, was an officer in the Canadian army during the war. Mr. Ekroet, editor of a leading Swedish industrial magazine, showed great interest in New Brunswick and asked for particulars to use in his periodical.

Through the kindness of Mr. Curney, head of the steamer passenger department of the C. N. R., Mr. Magnusson was shown the various facilities for handling the immigrants.

Board of Trade Equipping—Statement Issued on Mexican Trade Matter. A copy of the Kelly customs tariffs of the world has been received at the office of the Board of Trade and may be consulted by anyone interested. The board is equipping itself to furnish exporters with any information which they may require.

Mexican Matter. Some time ago the Board of Trade received complaints that trade with

Mexico was being held up because there were no Mexican consuls in this country. They took the matter up with the Department of Trade and Commerce. This morning a letter was received from F. C. O'Hara, deputy minister, stating that full instructions governing trade with Mexico had been printed in the January 31 issue of the Commercial Intelligence Journal, and a copy of this can be seen at the office of the Board of Trade. This points out that all that is necessary since the withdrawal of the Mexican consuls is to have invoices certified to by the consul of a friendly power. In the case of Saint John shippers this could be the United States consul, or, failing that, they have the invoice certified to by the mayor, magistrate, or justice of the peace of the place from which the goods are shipped.

INTERMEDIATE LEAGUE. In the Intermediate League tonight the Martellos and Imperials will meet on the new West Saint John Progressive Association's diamond at 7 o'clock. The Martellos have been traveling at a fast clip lately, and are out for further laurels tonight. The Nationals and St. Luke's will clash on the North End grounds in an intermediate fixture.

St. Peter's House League will play their opening schedule game this evening on St. Peter's grounds at 7 o'clock. The contestants will be the Shamrock and Thistles, and everyone is anticipating a fine exhibition.

and the local Prentice Boys are preparing to give a cordial welcome to the visitors. It is hoped to have Mayor Potts extend the civic greetings.

BEGINS TUESDAY.

The Grand Lodge meeting will open in Prentice Boys' hall at 9 a. m. on Tuesday. After the noon recess the delegates will be taken for an automobile drive to points of interest about the city and outlying districts and then driven to Mace's Bay for a clam bake on the shore. In the evening there will be a social night programme at the hall. The business sessions will occupy Wednesday morning, afternoon and evening and if the matters to be dealt with have not been completed there may be a business session on Thursday also.

PLAN BANQUET.

There was considerable enthusiasm displayed in planning for the coming convention at last night's meeting at which Worthy Master W. H. Price presided. Past Grand Master R. J. Anderson was present and gave helpful suggestions concerning the convention arrangements. King Edward Lodge will hold a special meeting on Monday night when a banquet will be served and any of the out-of-town delegates who have arrived in the city will be guests of honor.

METHODIST W. M. S. MEETS AT CAPITAL

Mrs. C. F. Sanford, Saint John, Presides at Last Convention Before Union.

Special to The Times-Star.

FREDERICTON, June 3.—With 100 delegates in attendance, the N. B. and P. E. I. branch of the Women's Missionary Society of the Methodist church opened its fortieth annual convention yesterday. As, after June 10, the United Church of Canada will have been inaugurated, this is the last Methodist missionary convention to be held.

Miss M. A. Vessey, superintendent of the St. Stephen district, offered a prayer for the United Church. Mrs. J. J. Pinkerton, Marysville, addressed the meeting and emphasized the responsibility resting upon those attending the convention.

Mrs. F. H. Holmes welcomed the delegates and Mrs. C. F. Sanford, Saint John, president of the society, replied. Mrs. Eric Rayworth emphasized the importance of knowing more about missions. Mrs. J. E. Keith, treasurer, read the financial report. Mrs. S. P. Emma, branch corresponding secretary, read an excellent address on "Hitherto, Henceforth."

A pleasing feature of the session was the singing of Kolke Hisako San, a Japanese girl, who has been studying music in New York and who will be the guest of Mrs. Sanford for the summer months. Miss Josephine Strohard, superintendent of the Truro Maritime Home for Girls also gave an address.

SAINT JOHN, N. B., JUNE 4, 1925.

SASKATCHEWAN IS HEARD FROM

The Dunning Government has carried Saskatchewan by an overwhelming majority. In fact the Liberal Premier, in the matter of followers, has so many as to constitute an embarrassment of riches.

The Progressives, who had fourteen members in the last House, are reduced to five, and their loss, including the defeat of their leader, is strong evidence of the general popularity of the Dunning administration.

The Conservatives had only one seat in the last Legislature, and they now have three, a trifling gain. The new Conservative leader, Dr. Anderson, was elected, but his prediction, on the eve of the election, that the Government would be soundly beaten by the Conservatives and Progressives together indicates that his grasp of the situation was feeble, or that his eleven-hour prophecy was made for the day before purposes only.

The Conservatives had only eighteen candidates in the field, showing that they saw no prospect of a straight party victory. Fifteen of their candidates were opposed only by Liberals, indicating some sort of working alliance between the provincial Progressives and the Conservatives.

PERILS OF THE ROAD.

A motorist who drives his own car, and who is known to be both cautious and considerate, directs the attention of The Times-Star to some of the unnecessary perils of the road in the vicinity of the city. He points out that while motor cars are compelled, and rightly, to carry tail lights, slow-moving vehicles, which really constitute a great danger at night, in most cases are without any light at all.

CONCORD AND UNITY.

Hon. Ernest Lapointe, Minister of Justice, has made several noteworthy speeches of late referring to Canadian unity and concord. In a recent address in Ottawa he said that political differences would always continue, which is natural enough because "this is one's interest in the doings of national life kept aroused, but the best way in which to serve one's party is to serve the interests of one's country."

"A speaker at Ottawa complains that the flood of foreign magazines is causing a drift in Canada from Canadian ideals," says the Manitoba Free Press. "If Canadian ideals had been set forth plainly and with virility to the young Canadians there might be a better chance of standing against the flood from without. The trouble is that for the last fifty years about the one thing we have not been teaching in Canada is Canadianism."

East or the West, is far more important than any mere partisan consideration. In nearly every province to-day this question of a greater economic unity and justice is being discussed, and the forthcoming conferences, regional and national, hold much promise of national betterment.

It has become necessary in California to issue further warnings concerning unemployment for the benefit of outsiders who are thinking of seeking fortune in that state. A recent statement published by the Los Angeles Unemployment Association says there are 65,000 unemployed in Los Angeles county alone, and this organization was formed to "alleviate the sufferings of the unemployed" in that district.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Waiter."

A New Spy Scare

When the Kingston Standard reported the other day that the presence of spies in England is suspected and hinted that there might be spies in Canada, the Star's comment was that the crop of Northern Spies would probably do this year. But the Standard will not be put off. The subject, it says, is not one for levity.

Let's question then, be considered seriously. The Standard relates how German spies were everywhere during the war—how they even bought property and secretly constructed concrete bases for use as gun emplacements. Stories of this sort were told during the war, but we do not know of any found since the war to have existed. In fact, when one considers that at the front the guns which blew the land and sea to pieces were actually being required, these stories about concrete bases seem rather improbable.

Just now, it appears that our Kingston contemporary fears the presence of Russian spies in Canada. But why should they be here? What is their mission? do they wish that they cannot have by honestly asking for it by mail? Canada has no "plans" that spies could steal, and no secret "works" to photograph.

Russia has been trying a short cut from a state that was near serfdom to a condition that would be a peasant's paradise. The present scheme of Dominion taxation is unduly burdensome to Nova Scotia, and it also asks for relief measures though it makes no mention, specifically, of the tariff. There is a great deal of discontent over business conditions in Nova Scotia, and the mining trouble introduces another element of uncertainty.

LIBERALS PLANNING TWO CONVENTIONS

Premier Announces Arrangements For Meetings at Dorchester and Rexton.

FREDERICTON, June 3.—The Provincial Government ended its June session here this afternoon. Premier Veniot stated at the close of the meeting

that the time this afternoon had been taken up largely with reports on hydro matters and conferences with counsel relative to settling claims connected with the Grand Falls hydro-electric developments. All claims were settled or on way to settlement, the Premier said.

Bon Ami

Keeps white shoes looking like new!

For all kinds of white shoes—except kid—Bon Ami works wonders.

Put it on with a wet brush—let it dry—then wipe it off with a dry cloth. You'll find that all the dirt, dust and grass stains have disappeared. Just the fresh original whiteness remains—without any pasty, chalky streaks.

When the original whiteness finally has worn off your shoes, clean them first with Bon Ami, then apply a good white dressing. This avoids the ugly, grimy, clogged-up appearance.

Bon Ami also cleans windows, mirrors, white woodwork, aluminium, kitchenware, bathtubs, etc.—in fact, it has scores of uses throughout the house.

Good-bye to Jammed Car Rides

"THANK GOODNESS! I'm through with that," exclaimed Tom, as he wheeled past the crowd struggling to get on the street car. "It's much pleasanter sitting on my comfortable saddle than hanging to a strap in a jammed, stuffy car." Tom is right. It certainly is a pleasure to ride a sweet-running C.C.M. Bicycle to work these fine mornings.

There is health in every breath. And the gentle exercise of cycling is just enough to stir up the circulation and put pep into the system. You feel fit to tackle the day's work. You can ride home at noon, too, to a hot lunch if you desire. And, after the day's work is done, what a comfort to spin home on your smooth-running C.C.M. while others are trudging along the hard pavements or waiting on the corner for a crowded street car.

It will not take long to pay for a C.C.M. Bicycle. You can do it with the car-fare you'll save, or with the shoe leather you'll save instead of walking on hard pavements. Your time is worth money, too, and a bicycle will save you lots of time. See the handsome new C.C.M. models, all sparkle with their bright nickeling and lustrous enameled.

Hercules Coaster Brake, too—the one without the clumsy side arm—yet ounces lighter and with fewer parts than any other. There's the new Gibson Pedal, too, with its silvery, rust-proof aluminum frame. Weather-proof Maple Rims. Flint-hard Bearings of extreme accuracy. A bicycle of supreme quality in all its 1,761 parts. Prices Again Reduced. Drop into the C.C.M. dealer's and see the new models. This year C.C.M. prices have again been reduced. They're now \$20 to \$25 less than after the war "peak" prices. The biggest values since pre-war days.

GIBBONS AND TUNNEY HALT TRAINING GRIND FOR BOUT FRIDAY

TUNNEY IS MUCH IMPROVED, SAYS VETERAN EXPERT

Critics Unanimous That Gibbons Better Now Than at Shelby

NEW YORK, June 4.—Tom Gibbons and Gene Tunney quit training yesterday for their fifteen-round battle at the Polo Grounds on Friday evening. Today they will engage in one of the lightest sort of work, such as shadow boxing and rope skipping, and then they will rest until it is time to make tracks for the office of the Boxing Commission, in the Flatiron Building, for the purpose of weighing in.

Gibbons is 37 years old, but he looks no more than 27. Beyond carrying a few more battle-scars he looks no older than Tunney. Physically he is probably in just as good condition as Tunney and possessed of equal stamina.

"Eddie" Collins and Kelly Strong Candidates For Most Valuable Player Trophies

NEW YORK, June 4.—Eddie Collins, the brilliant playing manager of the Chicago White Sox, and George Kelly, the star all-around player for the New York Giants, lost very little time early this season in establishing themselves as candidates for the prizes offered in the major leagues.

The American League was the first to reward with a citation or a cash prize in the case of the National League, the player voted the most valuable in the league. It was made clear to the writers chosen to make the selection that the honor was not intended for the biggest star, the best gate attraction, nor the most popular player, but for the one who proved himself of most value to his team.

The name of Eddie Collins, rated as one of the greatest second basemen in the history of baseball, was conspicuous in the ballots cast at each election, but he was unfortunate in having for opposition three players who outshone him in color only. Collins always has been such a perfect mechanic at his business that he did not draw into himself the spotlight that was attracted by Sisler, Ruth and in the American League provides that a player once selected for the honor becomes ineligible for the honor for the second or third time.

Rothsay Observes Holiday By Beating Fair Vale, 8-4

The annual set-to between Rothsay and Fair Vale for the district baseball championship—a factor that adds considerable zest to the athletic life of these two communities—started auspiciously for Rothsay yesterday afternoon when they journeyed over to the brand new Fair Vale diamond and cleaned up the opposition in impressive style, score, 8 to 4. There was never any doubt about the issue right from the start and after the strife of battle was over, the victors retired in great glee to celebrate the victory while the Fair Valedists held a council of war as to how best to meet the next attack of the enemy. A conference will be held this week some time to draw up a list of future engagements.

MILBURN'S HEART AND NERVE PILLS
 Mrs. M. O'Connor, Whitestone, Ont., writes: "I have been troubled, most of my life, with shortness of breath, palpitation of the heart, and fainting spells. I was advised, by a friend, to try Milburn's H. & N. Pills, which I did, and at once found relief, and I have never had a really bad spell since. I am 80 years of age and I always keep them in the house, and feel that with their help I will see many years yet. I always recommend them to anyone who is suffering from heart trouble."
