It is to be particularly understood that all outstanding subscription accounts due after November 6th, 1890, are to be settled on the old terms, viz., \$2 per year, the advertised credit rate.

I have made the foregoing changes in the Lusiness of the ADVANCE for two reasons. The first is because many patrons who have been given credit, have abused the privilege to such an extent as to make the business of publishing the paper a non-paying one, and it is neces-sary, in my own interest and that of those who do pay, that I should no sary, in my own interest and that of those who do pay, that I should he longer continue to furnish the AD /ANCE to those non-paying subscribers. Having now published the Advance for nearly 19 years, and endeavored to make it a creditable representative of Miramichi and North Shore enterprise—a paper which may be taken into any household without fear that it has catered to sensationalism at the sacrifice of that cleanliness of matter, which is too often neglected by the press of the day— I have reason to hope the foregoing announcement will meet with general approval and be the means of largely increasing the circulation of the paper.
