SAYS CHINESE ARE TO BE PREFERRED TO HINDOOS.

Vancouver Visitor Talks En-
tertainingly of Conditions
on Coast—East Indians
are Not Desirable Settlers
—Chinese are Needed to
Solve the Servant Problem.

J. W. Robinson, of Vancouver, was
in the city yesterday, a guest at the
Hotel, and left last night for Sack-
ville. He will be married there on Wed-
nesday to Miss Grace Fawcett, an
after a short visit in Nova Scotia and
P. E. Island will return to the west.

Mr. Robinson is a native of the Is-
land, and has been living in British
Columbia for some years. He is not
inclined to view with any great con-
cern the movement on the coast in
favor of admitting Chinese to this
country, free of head tax, and feels
that the Hindoo problem offers itself
for more serious consideration.

Mr. Robinson says that in Vancouver
the Chinese question while of general
interest is not expanded into such a
bogy as despatches to certain eastern
papers would indicate. The excitement
is due more or less to the somewhat
extended presentations of the case in
one Vancouver paper, and while there
is a certain feeling among the people
that the Chinese are not as strong as
the Canadian, the servant problem is a
pressing one. It is practically impos-
sible for a household to employ a white
woman as a servant, and for years the
Chinese have been gaining in favor in
this work. They are good cooks, are
industrious and as a rule are reliable.
They are not—and this is realized on
all sides—a desirable class, but the
question is what is to be done without
them? Servants must be procured and
the Chinese seem to be the only ones
available at the present time. There
are not enough of them on the coast
to fill the demand. Only a certain per-
centage go into service, and the others
take up business on their own account
or engage as laborers in the canneries.
More such workers are needed in
different lines, and hence it follows
that among the Canadian residents
there are not a few who incline to
advocate the abolition of the head tax.
Yet many of these do not strongly
support this plan, for they realize that
the rush of Chinese will be very hard
to regulate, and a shortage of help
at present is preferable to an over-
whelming flood of Chinese.

The Chinese idea is not clearly seen
in this movement. It appears that the
majority of the Chinese are now
residing in British Columbia, and
these are the people who stand to lose
if the five dollar tax is abolished. Owing
to the existing scarcity of help, the
Vancouver Chinese are able to demand
high wages, and hence the rates are
steadily advancing. Additions to the
ranks would weaken the demand and
keep down the pay. But the spite of
this outlook the desire for free entry
seems to be dominant in the minds of
the Chinese and they are now carrying
on an active campaign in furtherance
of their idea.

Mr. Robinson looks upon the Hindoo
invasion as a most serious affair. These
people, he is of the opinion, are an
almost useless class of settlers.
They are as a rule lazy and un-
fit for any continued hard work, and
will eventually prove a burden to
Canada. They are admitted free, being
subject only to the ordinary regula-
tions of the immigration department.
They are not taxed, and if they are
desire could take up the ordinary oc-
cupation of laborers, but they prefer
to get along on the least that is neces-
sary for their existence. If it comes to
a choice between Hindoos and Chi-
nese, the latter as a class are greatly
to be preferred.

ST. JOHN'S, Nfld., Sept. 10.—The Rev.
Father John Marsh, rector of the
Catholic cathedral, at Harbor Grace,
Newfoundland, has been chosen Bishop
of Harbor Grace diocese, succeeding
Bishop MacDonald.

NEW YORK, Sept. 10.—By the col-
lapse today of a garage in course of
construction at Mineola, L. I., three
workmen were killed and seven were
seriously injured. It is not known
what caused the structure to fall to
pieces.

NEW YORK, Sept. 10.—John C. Col-
gate, head of the banking firm of J. B.
Colgate & Co., and a holder of a
\$100,000 policy in the Mutual Life In-
surance Company, made public a letter
today supporting the "administration"
ticket in the coming election. The
election of Rodman Wamaker, of Phila-
delphia, Mr. Colgate is the largest life
insurance policyholder in the United
States. In his letter Mr. Colgate criti-
cizes the methods of the international
policy holders committee in its cam-
paign against the New York Life and
the Mutual Life Insurance companies.

SANTA BARBARA, Cal., Sept. 10.—
The second section of a north bound
train on the Southern Pacific coast line
from San Francisco, was wrecked to-
day at Seaside, a side track 20 miles
south of Santa Barbara and twenty-
seven persons were injured, two of
whom were killed.

NOTHING DOING IN KINGS CO. COURT.

Judge Hanington Said Nice
Things to the Jurors.
Told Them What a Fine Country Canada
is to Live in and Then
Adjourned.

HAMPTON, N. B., Sept. 11.—The
Circuit Court of Kings County opened
this morning at 10:45 o'clock. His Hon-
or Mr. Justice Hanington on the bench.
In his charge to the jury His Honor
expressed his pleasure at meeting a
full panel, and congratulated the coun-
try upon the invariable readiness with
which its business men responded to
demands made upon their time and en-
ergies in the interests of the moral and
material welfare of the people. It was
also a cause for satisfaction that he
was able to say that he had attended
three circuits in three weeks without a
single criminal case calling for enquiry
and investigation. This marked free-
dom from crime throughout the pro-
vince was worthy of special note and
indicated not only that we are a law-
abiding people but also that we are
also happy and prosperous. He refer-
red to the generally satisfactory re-
turns being received by agriculturists
from the abundant crops, notwith-
standing the prevalence of dry weather
and also to the great advancement
seen in our mercantile manufacturing,
lumbering and fishing industries, all of
which confirm the opinion that there
is no country more blessed than Canada.
In all that goes to make up a contented
nation, He appreciated the sheriff's
gift of a pair of white kid gloves as
an indication of the absence of
crime. He congratulated the county
upon the fact that one of their coal
stevedores had gone ashore on his way
to this port. The big pockets at the
end of North wharf were nearly empty,
and the large coals, such as the
St. Lawrence Co., began to grow un-
easy over the scarcity. Fortune smiled
on the consumers, however, as the
steamer, however, as the
Louisburg arrived, and the supply was
replenished. Part of the cargo of the
Louisburg was discharged, and suffi-
cient coal was provided to keep things
going. The Louisburg was sent away
as soon as the cargo was discharged
to assist in towing the other steamer
off the rocks. If this cannot be done
the cargo on the wrecked boat will be
put on board the Louisburg and
brought here.

The steamer Waas arrived shortly
after the Louisburg with a cargo of
Old Mine Sydney coal for J. S. Gibson
and his two arrivals relieved
the situation.

An amusing incident occurred during
the morning when a few individuals
dealt with by the court were put to
some trouble. The storekeeper of the
I. C. R. coal sheds found that his
supply was nearly exhausted. It was
a busy time on the road, as travel was
very heavy during the week. He was
informed that the coal delivered from
the sheds had been sent here for dealers.
One carload of "winter" coal had
been sent here for dealers. The situa-
tion is different now than in former
years, when the manufacturers and
other large consumers kept a stock
of coal on hand. Nowadays they
have the coal delivered from the
dealers as they require it, and in this
way run the risk of having to do with-
out coal for some days.

It is not expected that the price of
hard coal will make another advance
for some time, although it is prob-
able that a small increase may take
place when the winter sets in.

ST. JOHN'S, Nfld., Sept. 11.—The
committee of the colored Baptist
ministers' conference will call on
the Mayor to see if the prisoners would
be exhibited with the monkeys at the
Bronx Zoological Park. The visitors
will ask the Mayor to have the little
African from whom they term "the
degrading exhibition" of a human being
in a cage disporting himself with apes.
This decision was arrived at yesterday
after a conference at the Mount Olivet
Baptist church.

The committee headed by J. H. Gor-
don, superintendent of the Howard
Orphan Asylum in Brooklyn.

WANTED LONGER HOLIDAYS, SO BLEW UP THE SCHOOL.

But the Boys of Prospect Hill Did Not
Get What They Desired After All.
NEW YORK, Sept. 11.—According to a
Trenton, N. J. despatch to the World,
vacation was not long enough for the
boys of the Prospect Hill School, two
miles from Newtown, Pa., so they
blew up the school house late Sunday
night with dynamite. The building
was badly damaged but temporary
quarters were obtained and the school
was opened.

A CHILD BORN ON THE STEAMER PRETORIA

HALIFAX, N. S., Sept. 11.—There
was a birth on the steamer Pretoria
at four o'clock yesterday, four hours
before her arrival here from Boston.
The mother was Mrs. Mullins, bound
for Cape Breton. The passengers made
up a subscription for a present for the
youngster and forty-five dollars was
subscribed. Both mother and child are
doing well.

Police Sergeant George Baxter, who
for the past week has had charge of
the exhibition special policemen, com-
menced today a well deserved vacation,
and will leave by the steamer Calvin
Austin this evening for Boston.

Miss Ethel Cain, of Cambridge,
Mass., daughter of Mr. Joseph Cain
of this city, arrived by Str. Calvin
Austin this morning and is staying
with her sister, Mrs. George Dunlap,
134 Carmarthen street.

If you gave the same slipshod at-
tention to your buying and selling as
you sometimes do to your advertising,
your family would be on the town.—

Guthrie and Killoe Disagreed About the
Ownership of a Pipe—Several
Drunks Fined.

In the police court this morning Jas.
Clark, a young man who was found
drunk last night at the entrance to the
east side ferry floats, pleaded guilty,
and was fined \$5 or 30 days jail.

Francis Valburg arrived in the I. C.
R. station yesterday afternoon in a
drunken condition, and besides his jag
he carried a couple of dangerous look-
ing sheath knives. He could not talk
good English. He has the appearance
of being a sailor. Valburg was fined
\$4 or 30 days jail, and in making the
sentence the magistrate said that these
men who are brought into the city on
trains and dumped here should be
immediately shipped back to the place
from whence they came.

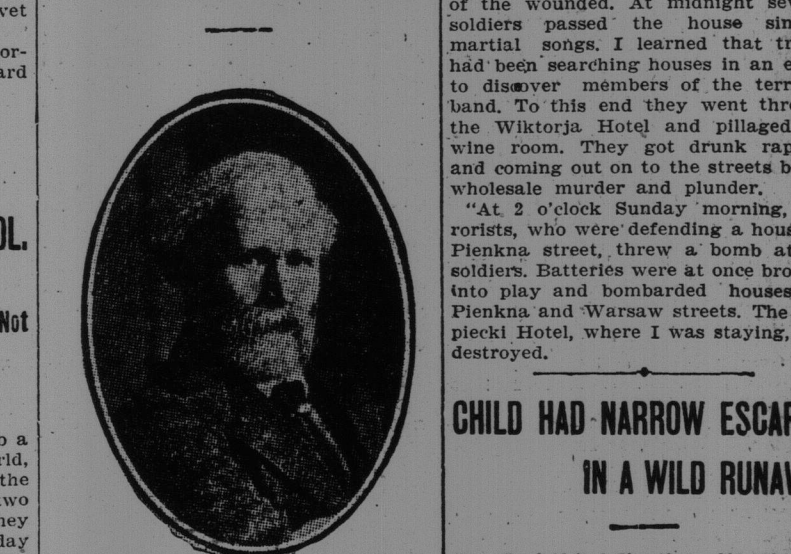

Wm. Guthrie pleaded not guilty to
wandering about Britain street at one
o'clock this morning. He said he lived
on Pond street and was seeing David
Guthrie to his home. On the way
along the street Guthrie borrowed the
defendant's pipe and would not give it
back. Guthrie said that he took the
pipe away and was on his way home
when arrested.

Policeman Finley informed the court
that Guthrie called at the Britain
street lock-up and told the police that
Guthrie had stolen his pipe. He found
Guthrie on Charlotte street and arrest-
ed him. Guthrie was as well able to
take care of himself at the time as
Guthrie was. The magistrate said
Guthrie's evidence was a cock and bull
story and fined him \$5 or two months
jail.

John H. McGrath, who is mentioned
on another page as having been given
in charge to Policeman Crawford last
night by Mrs. Margaret Sullivan for
assaulting and beating Maud Delay,
her granddaughter, in their house on
Brussels St. pleaded not guilty and was
remanded to jail until tomorrow morn-
ing.

Policeman Crawford informed the
court that Miss Delay was confined to
her bed as the result of the assault
and would not be able to appear in
court until tomorrow according to the
doctor's orders. The magistrate inter-
viewed a refugee from Siedlece this
morning. The man said: "I was staying
Saturday at the Kaplick Hotel in
Siedlece. Suddenly, at 9 o'clock in the
evening I heard two shots which were
at once followed by a volley. In a few
moments a number of Jewish women
and children rushed into the hotel pur-
sued by soldiers. They were shooting
carriage strike a telephone pole, and
then the only noise from the streets
was the crying and moaning
of the wounded. At midnight several
soldiers passed the house singing
marital songs. I learned that troops
had been searching houses in an effort
to discover members of the terrorist
band. To this end they went through
the Wiktor Hotel and pillaged the
wine room. They got drunk rapidly,
and coming out to the streets began
wholesale murder and plundering."
"At 2 o'clock Sunday morning, ter-
rorists, who were defending a house on
Pienkna street, threw a bomb at the
soldiers. Batteries were at once brought
into play and bombarded houses on
Pienkna street and Warsaw streets. The
Kupicki Hotel, where I was staying, was
destroyed."

KIER HARDIE, THE BRITISH LABOR LEADER

LONDON, Sept. 7.—A recent photo of
Kier Hardie, the well-known Labor
member of parliament, who has de-
nounced the decision of President
Roosevelt to employ coolie labor to
dig the Panama Canal, declaring it
an insult to American organized labor,
which workmen should not forget
when election time comes around
again.

SHOOTING AFFRAY.

QUEBEC, Sept. 11.—Details of the
accidental death by shooting of two
boys at St. Edouard de Lotbiniere,
on Monday last, have been received by
Quebec. Jolicoeur, of this city, a num-
ber of boys were fruit gathering, and
among the party were Victor and Je-
phis Poirer, sons of a well-to-do farm-
er. The boys reached camp where they
stopped and deposited the loaded gun
in the cabin door. Later a cousin of the
boys ran into the cabin and on his
way tripped over the gun, which went
off and the charge struck both the
Poirer boys, one in the head, and the
other had his left lung penetrated. The
first strike was instantly killed while
the second staggered a few paces and
expired.

MONTREAL, Sept. 11.—Frances
Huth, a woman of prepossessing
appearance and degraded mind who re-
cently escaped from the New York
State Hospital for the Insane in Buf-
falo, created a great sensation at the
upper steel arch bridge here.

She was first reported to the police
by a man whom she had accosted on
the street and asked to marry her. She
was next discovered climbing over the
iron railing which runs along the edge
of the gorge. She went out on the
narrow ledge between the Interna-
tional Railway Company's bridge of-
fice and the brink of the cliff and there
knelt with upraised hands and eyes
closed, as if in prayer, with admirable
presence of mind. A ticket collector
named Hasnet went to the basement
of the building, opened a window close
by the woman, who spoke to him in an
effort, but holding himself ready to seize
her if she jumped. She turned calmly
around on her giddy perch and climb-
ed in the window.

After asking two more to marry her
she was arrested by Detective Kelly
and held till the asylum wardens came
for her.

to her mouth and swallowed some of it
before a quick witted drug clerk, Jack-
son, dashed the bottle from her hand.
No serious results are anticipated.

Mrs. Fred Myles' Five Year Old Girl Was
Thrown to the Ground When the
Carriage Struck a Pole.

This morning a team driven by Mrs.

who was in the carriage at the time of
the accident had a miraculous escape
from being killed.

Mrs. Myles had been driving, accom-
panied by her five-year-old child, and
stopping in front of Hobbs drug store
Main street, got out of the carriage
and started to go in a nearby store,
when the horse becoming suddenly
frightened started to run towards In-

Sussex Races Promise to be Exciting

YACHTING

VIM WINS THE CUP.

MARBLEHEAD, Mass., Sept. 10.—The Vim won today's race, and Commodore T. L. Park, of the American Yacht Club of New York, becomes the owner of the Roosevelt Cup presented by the Eastern Yacht Club for the international contest between the German and American yachts.

THE TURF

SUSSEX HORSE RACES.

The Sussex exhibition horse races this year promise to be the best seen in the province for years. In the race for all the entrance of Gloria, owned by that well known horseman, W. J. Furbush, whose campaigning of Phoenix W. made his name a by-word in the Maritime Provinces, has put the talent on its mettle to pick a winner. Sammie has won both free-for-alls on the local track but has been defeated abroad by Terrace Queen. The two flyers will have another struggle next week and Bontell, who likes the Sussex track, should win out. However, the starting of Gloria makes the race look like another thing, and there will be a lot of guessing done. The Sussex track record has been broken once this year, and it promises to go by the board again when these famous racers get together. The management is looking for a new maritime record, and with a light track it will probably be established. In the 2.20 and 2.25 classes there are great fields entered, and the 2.15 will be one of the best races ever seen in the Maritime Provinces. Last year the Sussex track had the disadvantage of holding classes in which horses started with records that were prohibitive. This year the records will be made here and the other tracks will have the experience. In the 2.20 class there are a lot of horses starting with no marks, while a year ago the class was won by a horse with a record. The local races are bound to be interesting, but the management has set apart Friday, September 16th, for the 2.15, so that the general public will see all the best classes.

FOOTBALL

ST. JOSEPH'S MAY ENTER TEAM.

The Young Men's Society of St. Joseph held a meeting last night for the proposition of entering a team in the local football league was discussed. A committee, composed of Harry O. McInerney and Parnell McCaffrey, was appointed, with power to act. They will confer with the St. Joseph's Association to decide whether they should put a team in the league composed of members of both clubs, or a team made up of their own members exclusively. The opinion of the majority of the members was that both clubs should amalgamate, so far as football is concerned, and put a strong combination in the league.

ST. PETERS TO ENTER LEAGUE.

St. Peter's Y. M. A. met in their local last evening and decided to organize a football team and enter the city league.

BASKETBALL

CHATHAM, N. B., Sept. 10.—

The first game of basketball in the Y. M. C. A. league was played Wednesday evening, when the Blues defeated the Reds, 22 to 14. The line-up was:
Blues. Forwards. Reds.
M. S. Benson W. Watling
C. Luke L. Logie

A. Conners S. Watters
Defence.
R. McKnight H. Logie
P. E. Jordan J. McKnight
The Blues defeated the Reds, 22 to 14, in the league series.

WOODSTOCK GOLFERS COMING.

WOODSTOCK, N. B., Sept. 10.—The local golfers, a dozen or more strong, will leave Friday night for St. John, where on the following day they will play the Winter Port team. Those likely to play include: C. Sprague, Dr. Sprague, Hon. W. P. Jones, W. R. Jones, J. S. Creighton, Norman Leane, Geo. Balmann, G. Hugh Harrison, Dr. Kirkpatrick, N. Foster Thorne, Rev. G. D. ATHLETIC

ATHLETICS TENDERED RECEPTION.

CHARLOTTETOWN, P. E. I., Sept. 10.—The Island athletes were tendered a grand reception on their return from Halifax tonight. They were escorted by a procession headed by the band to the Queen's Square gardens, where a congratulatory address was given by Lt. Governor McKinnon, acting Mayor Hooper and members of the city council.

THE MARATHON CLUB.

At a meeting of the Marathon A. A. held last night, satisfactory progress was reported. The executive announced that they had leased the Victoria grounds for the football season, and that the club house on the grounds is being repaired and made ready for use. An application from the High School for the use of the grounds during the afternoon was received and was left to the executive for action. A rough draft of a proposed constitution was read by the secretary and several amendments were suggested. The secretary also read a list of about a hundred and ten names of those who have applied for membership.

KERRY GOW WELL LIKED

Allen Doone and His Company Pleased a Large Audience at the Opera House

Allen Doone added to his popularity in St. John by last evening's presentation of Kerry Gow, one of the best of many good Irish plays. The audience was a very large one and a hearty reception was tendered the company. Since his last visit here Mr. Doone has improved in the part of Dan O'Hara, and he has also gathered about him several new players who add materially to the strength of the company. Miss Edna Kealey, as Nora Drew, made the most of her part, and the other members of the cast offered good support. The stage settings were well up to the mark, the scenery particularly effective. The same does as usual came in for a lot of attention. During the action of the play Mr. Doone rendered in a very pleasing manner a number of Irish songs. Kerry Gow will be repeated tonight.

ROOSEVELT'S SERMON.

President Gives a Discourse on Religion at Oyster Bay.

OYSTER BAY, Sept. 10.—In a half hour's address at the bi-centennial celebration of the Christ Episcopal church here Monday, President Roosevelt talked of the necessity of religion and clean living for the welfare of the nation. "I cannot understand any American citizen," he said, "who has the faintest feeling of patriotism and devotion to his country failing to appreciate the absolute essential need of religion in its broadest sense to the welfare of his country." The mission of the church, he said, was not to work in the interest of one sect but for humanity as a whole. In this connection he said he had been struck by the prediction of Bishop Burgess of Long Island, who had just said that in two or three generations there would be but one church in this country. On the subject of riches the President said: "There is nothing I abhor more than the telling of an untruth. To tell men to disregard riches entirely is to preach to them not only a doctrine which it is impossible for them to live up to but which the preacher knows perfectly well they will not try to live up to. But we may put riches before the needs of the soul. Give to the body the things it needs." The President emphasized the necessity of every man being thoroughly self-supporting as a basis for spiritual life. He concluded with the sentiment that the only life worth living was one made better because it had been lived.

WAS ONCE A FRIEND OF

EMPEROR DOM PEDRO

And Now Mrs. Emma Burke, of Raynham, Mass., Is to be Tried for Selling Liquor.

TAUNTON, Mass., Sept. 10.—Once a friend of the late Emperor Dom Pedro of Brazil, who paid her marked attention and showed her many jewels upon her, Mrs. Emma Burke, known widely a quarter of a century ago as Mrs. Emma Linden, is to be given hearing in the Taunton District court next Saturday on a charge of maintaining a liquor nuisance. She is under bonds of \$100 pending the disposition of the case. The prosecution is the result of two raids made by town constables at her home in Raynham, a village three miles from here. She was born in Raynham and passed her childhood there until her beauty attracted the attention of a theatrical manager and as she proved to have some talent for the stage she was started in various attractions. She was presented to the Emperor Dom Pedro in Brazil and remained on the stage some time after returning from that country, but more recently conducted a large cafe in New York. After suffering from nervous prostration and her health shattered she returned to her old home in Raynham. Her husband, Babson Burke, having died some time ago, she was left with three children, a Mexican of considerable note, died several years ago. Mrs. Burke entered a plea of not guilty through her attorney, to the liquor nuisance charge brought against her.

NEGRO LIGHTED HIS OWN FUNERAL PYRE

Slas Johnson Tried to Burn His Way Out of Jail at Minola, Texas, and Was Roasted to Death.

CHICAGO, Sept. 10. A despatch to the Tribune from Minola, Texas, says: In an effort to burn his way out of jail Sunday, Slas Johnson, a negro, lit his own funeral pyre. He was cremated by a mob surged around the jail, watching his last agonies through the iron window bars unable to save him. Johnson was arrested on a drunkenness charge and started a fire in the prison hoping to burn his way out. The fire got beyond his control and the turnkey could not be found until too late. A general fire alarm was turned in and crowds rushed to the burning lock-up. Impelled by the screams of the negro, frantic attempts were made to release him. A battering ram was procured but the iron doors withstood the force. Axes and hammers had no more effect and the crowd was forced to look on and watch the negro burn to death. The town is without adequate fire service and while the small house was playing on the flames the fire got beyond control. Later one of the walls of the jail fell and Johnson was buried beneath the debris.

As simple, natural and sweet as the bride herself was the marriage Sunday afternoon of Miss Susan Titus Van Duser and Harkins' (takes) Stubbs of New York, which took place at three o'clock at Peaks Island in the cottage facing the sea, occupied by the Van Dusers during the summer. Never was the blue of the sky more deep nor the day more fair for a bride. Damsel Nature donning her prettiest robes for the occasion.

With flowers upon every side, beautifully arranged by Miss Sue Van Duser and Miss Miller, the guests were greeted by the bride and groom. The bride wore a white gown and white shoes. MAN IN WATER 8 HOURS 200 MILES AT SEA; FAILED TO DROWN

NEW YORK, Sept. 10.—Few tales of the sea are so lighter held on the imagination than one which was related yesterday when the Carpathia, of the Cunard line, arrived from Mediterranean port. It was of a man plunging head first into the sea at night time, with two hundred miles of blue water washing between him and the nearest land of eight black and fearsome hours in the water, and of being finally picked up with his head rolling over a circular life buoy, and, on returning to consciousness, of finding himself on board another ship, carrying him straight to his original destination.

This man, who had sought to drown himself, was described as being the most disconsolate ever rejected by the sea. It was his extreme woe which caused Mr. Hodgson, purser of the Carpathia, to give him a lift in his life buoy before the departure of the vessel on her last outward trip. The man, who identified himself as Paul Sider, 22 years old, asked for a position as interpreter, that he might work his way to Nantes. He had been married in his old home in France, and his wife had disappeared with their only child. He added that he had been in this country two years trying to save money to bring them to him, and now he was going to return to his old home and take up his life with his wife and child.

Hodgson, impressed with his tale, gave to Sider the position which he sought. The man became so cheerful and did his work so well that the purser, Mr. Hodgson, decided to let Sider settle back into his melancholy, and on the evening of August 9, the vessel, carrying the man, was pulled away from its berth and was pulled

COLONIAL CO-OPERATION IN NAVAL DEFENSE OPPOSED IN BRITAIN

Sir Frederick Borden will Attend a Meeting of Imperial Defense Committee—Now in England

MONTREAL, Sept. 10.—The Star's London cable says: Sir Hon. Frank Oliver is visiting Ireland inspecting emigration agencies at Belfast, Dublin and Liverpool. He sails Friday.

Sir Frederick Borden, wife and daughter, spent Sunday at Chester. They arrive in London Tuesday evening. Sir Frederick expects to attend a meeting of the Imperial defense committee of which he is a member. The committee is especially concerned with how to deal with the colonies in connection with proposals for colonial co-operation in naval defense to come before the colonial conference in April. The admiralty still disbelieves in the utility of a colonial naval force, but Sir Frederick is a strong advocate of the colonies and has been successful in his efforts to induce them to co-operate in whatever the colonies may propose.

The harbor swarmed with sardine herring last night. At the end of South Wharf the fish were leaping out of the water in hundreds and quite a number were watched the unusual sight. Three years ago on September 1st, a similar sight attracted the attention of some fishermen, who for the next week were sailing to Eastport from St. John with loads of sardine herring. A number of boats from the bay also engaged in carrying the fish away to the factories.

Francis Singleton, infant son of Mr. and Mrs. F. D. Mullins, Church street, died last night and the bereaved parents will have very general sympathy, particularly as it is but a few months since death claimed another child. The little one will be buried at 3 o'clock this afternoon.

ANTI-PROHIBITIONISTS MAKE BIG GAINS

Governor Cobb, Standing Almost Exclusively on Prohibition Platform, Elected by Plurality of Less than 8,000—Democratic Candidate Put Up Great Fight.

PORTLAND, Me., Sept. 10.—Governor Win. T. Cobb, of Rockland, standing on a platform devoted almost exclusively to a continuance of the prohibition laws of the state, was elected today by a plurality of less than 8,000. With but few exceptions the smallest margin of votes ever given a Republican governor in the state of Maine.

Cyrus W. Davis of Waterville, the Democratic candidate for governor, polled one of the largest votes in the history of the party in this state. His issue in the campaign was the re-submission of the liquor question, which was incorporated into the state constitution over forty years ago.

More interesting from a national point of view was the reelection of Congressman Chas. E. Littlefield of the second district, by a greatly reduced plurality. Congressman Littlefield's campaign was the subject of bitter opposition on the part of Samuel Conners, president of the American Federation of Labor, who asked for his defeat on the ground that he voted against the prohibition amendment at the last session of congress.

The issue between Governor and Littlefield was taken up by the Republican committee for three weeks the district has been the scene of a hard fight in which scores of "wet" men, Dr. Taff, Sullivan, Lodge and Beveridge, and several congressmen were pitted against the prohibitionists.

Mr. Littlefield's plurality was estimated at 7,000. He was elected by a margin of 7,000 votes.

PORTLAND, Me., Sept. 10.—A tremendous vote throughout the state, heavy defeats in the Democratic vote and the victory of strongly Republican strongholds into the Democratic column characterized the election day in this state today, and served for a time to give an impression of uncertainty as to the probable result of the gubernatorial contest.

Early in the day it became apparent that an unusually big vote was being cast in every city, town and plantation in the state, and when the first returns were received in this city it was evident that the Democratic vote was running ahead of the Republican vote.

Bath was the first city of importance to be heard from, and the returns created alarm at the Republican state headquarters at Lewiston, when it was seen that the city, for many years strongly Republican, had given Davis, the Democratic candidate for governor, a plurality of 29. Rockland, the home city of Governor Cobb, gave a plurality of 17 votes to his Democratic opponent, while Congressman Charles E. Littlefield, also a resident of Rockland, carried the city by only 12 votes. Two years ago his plurality was 587.

Waterville, the home of Cyrus W. Davis, gave him a plurality of over 600 over Cobb.

The cities of Bath, Rockland, Belfast, Ellsworth and Augusta, the capital, considered as amongst the strongest Republican cities in the state, sent in their returns with pluralities for Davis. The handicaps then placed on Governor Cobb was only shaken off by the little towns which slowly but surely cut down the lead of Davis and finally sent Cobb into the lead. Even

TWO LIVES LOST IN BERMUDA GALE

Many Boats Sunk by Seventy Mile Wind From the Southwest Which Has Raged Since Saturday

HAMILTON, Bermuda, Sept. 9.—A very heavy gale from the southwest has been raging since yesterday afternoon. Its estimated velocity, when the wind was at its height, was seventy miles an hour, and it is feared that the loss of life and property will prove even greater than now appears.

Two lives are known to have been lost. Several houses were badly damaged and many boats were sunk. The ferry steamer Corona caught fire in the midst of the gale in Hamilton Harbor and was destroyed. On account of the fierce wind the flames for a time threatened the destruction of the town.

The velocity of the wind is now somewhat lower and it is thought the gale is abating.

SAYS HE IS SON OF THOMAS W. LAWSON

Well Dressed Woman Applies for Warrant for Arrest of Her Husband Who Deserted Her

NEW YORK, Sept. 10.—A well dressed woman, who said she was Mrs. Alice Candes Bouquet Lawson, applied to Magistrate Wahl in the west side police court this afternoon for a warrant for the arrest of her husband, Judson Willis Lawson, on the grounds of desertion and abandonment. She was represented by Lawyer Jacob Cebulsky of 271 East Broadway, who created a sensation by stating that Lawson is the son of Thomas W. Lawson, the Boston financier. The alleged young wife swore that her maiden name was Bouquet, and that her home was in Montana. In reply to Magistrate Wahl she said that she was positive Lawson was a son of the Boston financier. Lawson, she said, had been in the city for two weeks. According to young Mrs. Lawson they were married on August 17th at a Baptist church in Providence, R. I. Magistrate Wahl granted the warrant.

THE WRONG MAN

(St. John's Nfld. News.)

There was quite a flutter of excitement in the city Tuesday afternoon, when it was rumored that a young man, who was thought to be implicated in the Albert N. B. murder case, particulars of which were published in the News of Monday last, was taken in charge. The description of the supposed murderer—Colins—was: "sallow; age, about 20; very short; dark, full mouth, intelligent; in speech, Irish accent." The affair was such a terrible one that the Dominion News left no escape for Colins, and the authorities in all parts of Canada were notified. A few days ago a young man in charge, Tuesday afternoon the above description, and Supt. Sullivan, who had been asked to assist in the capture of the man, was told that the man was Colins, and they learned that his name was Colins, and appearances seemed to show that he had their man. Tuesday afternoon the officers got in conversation with him; he admitted being a sailor, but that he had just been paid off from the Glenoe. Application at the offices of the Red Nfld. Co. proved his story to be correct.

FOUL PLAY FEARED

WOODSTOCK, N. B., Sept. 10.—So far no trace has been found of A. E. Denton, the well known local soda water bottler, who disappeared mysteriously on the 30th day of August. No apparent reason can be given. His friends are sorely perplexed, and in some quarters foul play is feared.

PROVINCIAL PREMIERS WILL MEET OCTOBER 8

Invitation Only Mentions Re-arrangement of the Provincial Subsidies as Matter for Discussion—Number of Other Matters Will Undoubtedly be Taken Up.

OTTAWA, Ont., Sept. 10.—The invitation to the provincial premiers to meet the federal authorities at Ottawa on October 8 only mentions the re-arrangement of the provincial subsidies as a matter for discussion. It is probable, however, that a number of other matters will be taken up at the conference. There is, for instance, the question of the preservation of Niagara Falls to be discussed with Ontario and that the other provinces have an interest in it as a national asset. There are fishery control questions with a number of the provinces. It is understood the preservation of the regulation by the province of Ontario of companies incorporated and given authority by the Dominion business throughout Canada is another matter which is likely to be discussed.

THREE MCGILL MEN GOING TO CHINA

Dr. W. J. Scott Was Formerly Superintendent of General Public Hospital in This City

(Montreal Witness.)

Three young men of this city, all of whom are graduates of McGill in arts and medicine, will leave to prosecute work in the foreign field at the present moment. They are Dr. John A. McDonald, W. J. Scott and S. O. McMurtry. The two latter served for years, while Dr. McDonald will be stationed at Macao. All three men were classmates at McGill in medicine and Dr. McMurtry and Scott pursued their arts course together. Shortly after graduation Dr. Scott was appointed superintendent of the General Public Hospital at St. John, N. B.; Dr. McMurtry received the appointment of assistant superintendent and Dr. W. J. Scott, a graduate of McGill in 1905, was made house surgeon. It will be remembered that some months ago, because of a breach of one of the hospital rules to the effect that no doctor or nurse on the staff could receive social calls, although it was generally acknowledged that the rule had been observed up to the time of the breach, the resignation of two of the nurses were demanded. The rule had not been observed, they considered the action of the hospital authorities entirely too harsh, resigned. BEAR FAILS TO SCARE PLUCKY GIRLS

CHATHAM, N. B., Sept. 10.—Three plucky girls, Misses Mayne O'Leary, Margaret O'Leary and Kathleen Stevenson, of Richibucto, had an exciting time with a bear at Twickenham last Friday evening. They went with a party of friends to spend the night at the Adogwasook Fishing Club house, and one of the party went stream and remained there after dark. The girls set out to see what had become of the young man, and some distance above the camp they ran into a huge bear, who was directly in the path. The bear stood up to receive them, but they turned and fled for the house. After getting back they remembered that the absent member of the party was ignorant of the bear's presence, and as the footpath was narrow, and closed in by bushes, he might fall into the animal's clutches. They got a lantern and a sheath knife, and the three started up the path again. The bear was still in his former position and they waved the lantern and shouted at the top of their lungs to scare the bear, and to warn their friend who they heard coming along. They failed to make him understand and he brushed the bear in complete ignorance of his presence. The girls were quite unconscious of any display of pluck or heroism on their part.

KELLOGG IS NOW UNDER ARREST

Charged With Getting Money Under False Pretenses

Claimed to be Agent of Canadian Government and Was Selling Wheat Lands at \$3 per Acre

OTTAWA, Ont., Sept. 10.—The Canadian immigration authorities have secured the arrest in Indiana of a man named Kellogg, who has been using the name of Canadian agent for the purpose of obtaining money illegally. He posed as the agent of the Canadian Government and declared that he had authority to sell Canadian wheat lands for three dollars and a half an acre. He said he would take part of not more than thirty from a town to see the lands and required \$50 in advance from each person to pay the expenses of the trip. At Rockdale, Indiana, a party of thirty gathered to board a special train which Kellogg said would take them to Canada. Neither Kellogg nor the train materialized. Kellogg's wife did not approve of her husband's conduct and returned to Lafayette and met the authorities. He is now under arrest pending trial for getting money under false pretenses. It is understood he conducted operations in a number of places in Indiana and Wisconsin. Sir Wilfrid Laurier today opened the Ottawa Exhibition.

WEDDING POSTPONED FOR BRIDE'S SHOES

MILLER, S. D., Sept. 10.—Gardner Brothers, Tee Heights, Minn., are forced to delay a wedding because they are unable to supply the prospective bride with shoes large enough to her feet. The bride required No. 11 EE and there is none in the town. They sent in a rush order to a big shoe manufacturer of St. Paul and he could not fill it, but wrote the Tee Heights firm this letter:

"We are not positive whether the size given was correct or not, as the same is very unusual. If this size is correct the shoe will have to be made over a man's last."

Tee Heights is a small town, but it now claims the record of having the biggest order for wedding shoes unfilled of any town in South Dakota.

THE MARSH ROAD PIPE.

Work is progressing rapidly in laying the pipe on the Marsh Road, and the job is expected to be completed in a month. Some six hundred feet of pipe is being laid and although a large number of men have been employed at the job for ten weeks, the officials are well satisfied with the amount of work done. In one place, near the bridge, a considerable amount of rock was encountered, but no serious delay resulted. The most serious drawback which has occurred was the caving in of the sides of the trench. This happened about seven weeks ago, and since then the work has progressed without mishap.

ANOTHER BIG CROWD

ON THE CALVIN AUSTIN

Today's Arrivals Included a Lot of Laborers for Campbellton.

Another Big Crowd. A 3d 5p 11. The steamer Calvin Austin, Captain Pike, arrived this morning with four hundred passengers. Of this number there were ninety laborers who are en route to Campbellton to work on the Tobique Valley Railway. There is a demand for men on this construction, and a hundred additional laborers will be brought from Boston next week. The Austin is making excellent trips, and Purser Smith is having an abundance of work looking after the large passenger lists. Last Saturday night the steamer had over eight hundred passengers on board bound for Boston, and another large crowd is expected this evening.

ANOTHER BIG CROWD WILL GO WEST TOMORROW

Second Harvesters Excursion Expected to Draw Nearly Five Hundred Men From the Provinces.

The second and last harvesters' excursion from the maritime provinces will leave St. John tomorrow. As the great majority of the restless people in the provinces went west on the first excursion and as the season is now well advanced the C. P. R. officials do not expect a very large crowd for tomorrow. The opinion seems to be that the total excursionists from the three provinces will not exceed five hundred.

These harvesters will all come to St. John on the regular trains and it has been arranged that they will leave here some time between six and seven o'clock in the evening after the departure of the regular express to Montreal, only one extra train will be required for their accommodation. Reports from the west are to the effect that although the cutting of grain is now well advanced there is still a strong demand for help.

G. T. P. SURVEY IS NOW COMPLETED.

Engineers Are Working Out the Estimates—Some Surveyors are Still on the Final Locations.

The work of surveying the Alternate G. T. P. in New Brunswick has now been completed, and the different parties are engaged in working out the plans and estimates, which will probably take about six weeks to complete.

Two surveying parties are now going over the final location of the line between Chipman and Moncton, and two other parties are doing the same work on the line between Grand Falls and the boundary of Quebec. It will probably take somewhere within the vicinity of two months to complete this work, when it is expected that tenders will be immediately called for the construction of these lines.

The engineers report that the summer has been an excellent one for their work, and that having completed the job so quickly is largely due to this fact.

WEDDINGS.

KIMBALL-READ.

The marriage will take place at 8.30 o'clock tomorrow evening of George H. Kimball and Miss Katie M. Read. The ceremony will be performed at the residence of the bride's mother, Mrs. John K. Ring, 104 Newman street. Rev. David Long will officiate.

Mr. Kimball is a very popular young man and has many friends who will wish him and his wife much happiness in their married life.

HOYT MCKNIGHT.

A very pretty church wedding took place in St. Luke's church at 8.45 o'clock this morning, when Miss Helen McKnight, graduate of the General Public Hospital, was united in marriage to Edward A. Hoyt, brother of H. H. Hall and Fairweather. A large number of friends and relatives were present to witness the happy event. The ceremony was performed by Rev. R. P. McKim. The bride wore a travelling suit of old rose broadcloth, with hat trimmed with ermine.

She carried a shower bouquet of carnations and smilax. Miss McKnight was attended by Miss Maud Phillips, of Hartland, who was becomingly attired in a beautiful gown of gray voile.

The groom was supported by his friend, H. O. Burnham. The ushers were Dr. Thomas Lunney, and Fred Hoyt of Hartland.

The happy couple, who are both very popular in this city, were the recipients of many beautiful and costly presents.

The couple left by the Prince Rupert for Nova Scotia, and after a tour through that province will reside on.

MCCAFFERTY-JOHNSTONE.

In the Cathedral of the Immaculate Conception at 9 o'clock this morning Miss Jennie Johnstone, daughter of Mrs. E. B. Johnstone, of Upper Loch Lomond, became the bride of George McCafferty, son of Francis McCafferty, of Cliff Street. The ceremony was performed at 9 o'clock, in the presence of only relatives. The bride, who was given away by her cousin, Henry Jones, wore white crepe de chene with white hat and carried a bouquet of white asters. The bridesmaid, Miss Edith McCafferty, of Lowell, Mass., sister of the groom, wore white embroidered India silk with black Maline hat and carried a bouquet of pink asters. Frank McCafferty, brother of the groom, was best man.

After the marriage the wedding party drove to the new home of the bride in Richmond street where a dainty breakfast was served. Amid many congratulations and showers of rice and confetti the young couple then drove to the L. C. R. and left on a honeymoon trip to Montreal and Quebec. On return in two or three weeks, they will take up their home at 27 Richmond street. The bride's going away dress was of navy blue broadcloth with blue hat.

Among a very fine list of wedding presents is included a handsome marble clock from the staff of the Daily Telegraph composing room, where Mr. McCafferty is a linotype operator. The groom's gift to the bride was a diamond ring and to the bridesmaid a crescent pearl brooch.

Hon. L. P. Farris, accompanied by Daniel Gilmour, of St. Stephen, left for Sussex this morning to attend the Sussex Fair.
