

BUSINESS OF KINGS COUNTY COUNCIL TRANSACTED WED.

Health Act Makes Big Bill of Expense for the Ratepayers—Salaries of Officials Increased—Premier Foster Will Look Into Patriotic Assessment and See if County Has Been Fleeced.

Special to The Standard.

Hampton, Jan. 29.—The business of the Kings county municipal council is not yet completed, and it will be necessary to hold at least one session tomorrow, opening a ten o'clock in the forenoon.

That this council express its appreciation of the faithful and efficient services of our former auditor, Hon. G. Hudson Flowering, and that a committee of three be appointed to convey to Mr. Flowering this expression together with some substantial token of our regard.

The meeting session opened at ten o'clock, Warden Keith in the chair. Most of the councillors responded to the roll call, but there were some late comers. The secretary, Mr. O. J. Parry, spoke regarding the amount that has been assessed upon this county for patriotic fund, and expressed the opinion that the amount apportioned to this county has been too high.

Bolshevik Most Powerful Propaganda

(Continued from page 1) "Down with Bolshevism" should be your war cry. It is not a question of saving Russia; it is the danger to the civilization of the world.

"I cannot have very much faith in a League of Nations to keep the peace of the world, especially if the leadership is in the hands of a few nations rather than of all nations."

"Russia, exhausted by her tremendous efforts in the Allied cause, was like a great Minotaur, with its head an easy prey to the disintegrating influences emanating not only from Germany, but in individual cases, like the poisonous Trotsky, even from America. The Bolsheviki leaders are mostly criminals and fanatics. So are their followers. And they form a ruthless band of robbers and murderers on such a gigantic scale, as should strike terror to the whole world."

"With arms in their possession they look from all patriotic Russians every weapon of war, and they are only our bare hands to fight with."

"It is the greatest mistake to think that all governments in Russia are separatist and desirous of individual existence. On the contrary they are not seeking union now as the only way to survive, but all desire a united Russia."

"Sazonov represents 40,000,000 Russians; the peoples of Siberia, the Don Cossacks and the Crimea all have placed their fortunes in his hands. The wise gentlemen who sit at the Quai d'Orsay, after a few hours of discussion, lightly decide the fate of 100,000,000 Russians, who are listening to a Sazonov, Prince Lvov or a single Russian. Yet they wish to go to Princes' Island to listen to the Bolsheviki leaders who represent not even a small minority of the Russian people but only tyranny and anarchy."

"I have not yet discussed this new situation with the Russian leaders here, but I feel sure that they will refuse to sit at the same table with the murderers and compromise with justice and humanity."

CANADIAN CHAMP TRIMMED BROOKS

At Montreal Last Night Frankie Flemming Scored a Technical Knockout Over Brooks of Brooklyn.

Montreal, Jan. 29.—That Frankie Flemming, Canadian featherweight champion has come into his own again was shown tonight at Sohmer Park when he scored a technical knockout over Brooks of Brooklyn in the sixth round of a scheduled ten round bout.

Flemming went after his opponent from the commencement of the first round to the sixth, when the bout was brought to an abrupt ending as Brooks manager threw the sponge into the ring admitting defeat.

After punishing Brooks in the first two rounds until he was in an almost helpless condition Flemming asked the referee on several occasions to stop the bout as Brooks was not in a fit condition to continue and was, by an incompetent referee and manager unwilling to admit defeat, being forced to take unnecessary grueling.

Upon the recommendation of the ambulance commission it was resolved that the sum of one thousand dollars be assessed to provide hospital accommodation for the Municipal Home, the estimate being three hundred dollars for equipment, and fifty dollars per month to pay the salary of an orderly with some knowledge of nursing.

At the afternoon session interest centered in the consideration of the public health act and the estimate submitted by the sub-district bureau, who had a preliminary meeting last evening for that purpose.

LABOR MATTERS CONSIDERED

Polish Situation Also Under Discussion at the Peace Conference.

Paris, Jan. 29.—(British Wireless Service)—Two official communications on the peace proceedings were issued today. The first says: "The President of the United States, the Premier and Foreign Ministers of the Allied and Associated Governments, and the Japanese representatives held two meetings on January 29."

The other communication says: "Since Monday the British Minister without portfolio has been conferring with prominent British trade unionists and representatives in India and the Dominions on the draft of a scheme for the international regulation of conditions of employment. The scheme has been closely examined and the experience of all present at the conference has been freely placed at Mr. Barnes' disposal."

OFFICERS CAUGHT WITH PROPAGANDA

Returning from Internment Camps Had Bolsheviki Literature.

Paris, Jan. 29.—A large number of Bolsheviki propaganda pamphlets, the Matin says, have been found in possession of Greek officers and soldiers returning from internment in the prison camp at Goeritz, Germany. The government, the paper adds, will exercise special supervision over these soldiers.

Hillsboro, Jan. 29.—The death of Mrs. Clyde Stevens occurred early on Saturday morning at her home on Park street, Moncton, after a very short illness of pneumonia. Deceased was a daughter of Mr. and Mrs. W. H. Edgett, of Hillsboro. She is survived by five sons and three daughters—John of Moose Jaw, William and Hugh of Saskatoon, James and Patrick of Adams, Mrs. Beuller of Houlton, Mrs. J. O'Brien, of Prince Street, West St. John, and Miss Alice in Newbury. The body will be brought to New Brunswick for interment at Debec Junction on Monday.

Mrs. Clyde Stevens. Hillsboro, Jan. 29.—The death of Mrs. F. O. Baxter will regret to hear of her death which occurred yesterday morning at her home. Mrs. Baxter's death, which was due to heart failure, came as a great shock, for although she had been ill for several weeks with influenza, she seemed well on the road to recovery. She is survived by her husband, two sons, Chris and Percy, Port Albany, Pa., one daughter, Mrs. John Hadden, three stepsons, Leo, overseas, Harold, St. John, Percy at home, three step-daughters, Mrs. Gilda, and Bertha, all at home. Two sisters, also survive, Mrs. Erwin Stone and Mrs. Robert Siles. A short service was held from her late residence, this evening at eight o'clock, the body being taken to Port Albany for interment. The sympathy of the whole community goes out to the stricken family.

Bishop LeBlanc returned yesterday from Rimouski, where he attended the funeral of Bishop Blais.

TEXTILE STRIKE APPEARS ENDED

American Woollen Company Grants 48 Hour Week to Lawrence Mills—Believed Others Will Fall in Line.

Boston, Jan. 29.—The American Woollen Company will open its mills Monday on a basis of 48 hours weekly, and in the event more business warrants the working of longer hours at times, will pay their employees at the rate of time and one-half.

This is the substance of the company answer to their employees in Lawrence, who wrote today into a conference with agents of the four Lawrence mills today to receive the answer which they requested yesterday. At the same time the company refused to pay the fifty-four hour wages for the shorter hours, but says that the offer of 48-hour hours pay for forty-eight hours of work.

The American Woollen Company employs approximately thirty thousand persons following the decision of the company to the Lawrence workers it was said at the office of the company that the 48 hour schedule had been applied, so far, only to the four mills in Lawrence where 15,000 hands are engaged. As to the other plants it was said the question of instituting a 48 hour week would be met and decided on the basis of local conditions, and as the situation was developed.

President James R. Menzie, of the Lawrence Central Labor Union, and a member of the executive committee of the general conference of textile workers, when told of the decision of the American Woollen Company, said it showed willingness on the part of the company to meet the workers' demand a 48 hour week with 44 hours pay, but he hoped they would do so.

Officials of the other mills, when informed of the decision, announced that they would consider the matter and would have to consider the matter still further before coming to a decision.

NEW BRUNSWICK FIELD CROPS

Estimates of Agricultural Department Acreage and Yield for 1918.

The following estimate of the total yield acreage, and yield per acre, of the principal crops in the province for the year 1918 and the corresponding figure in brackets for the year 1917, is issued today by the Department of Agriculture, Fredericton, N. B.: Wheat—940,250 bushels, against (81,800) grown on 49,433 acres, (15,331) yield per acre 19 bushels. Oats—7,051,400 bushels, against (4,470,453) grown on 23,442 acres (190,357) yield per acre 314 bushels. Barley—82,140 bushels, grown on 6,601 acres. Yield per acre, 24.7 bushels. Buckwheat—1,499,500 bushels grown on 72,483 acres. Yield per acre, 20.6 bushels. Potatoes—9,077,812 bushels, against (6,511,267) grown on 67,273 acres, (52,406) yield per acre 155.8 bushels. Rye—5,265,250 bushels against (3,818,167) grown on 15,016 acres. Yield per acre 220 bushels. Hay and Clover—1,110,955 tons, grown on 740,637 acres. Average yield per acre, 1.5 tons.

FIRE AND FOREST PROTECTION

Forestry Conference Held at Moncton Wednesday—Dr. Smith of This Province One of Speakers.

Moncton, Que., Jan. 29.—Fire protection and forest protection work made a strong part of the programme of the forestry conference held at the Windy Hill Hotel, today, which was presided over by Hon. Sydney Fisher, ex-minister of agriculture. There was a large attendance of forestry men from all parts of Canada and a number of interesting papers were presented. It was decided to ask the Government to make available the resources at its disposal for fire protection purposes, and the following resolution was adopted: "Resolved that the various interested departments of the Federal Government be urged to use, or donate the aeroplanes and flying boats now in their hands for forest fire protection, and for the conservation of the forest resources of the Dominion, and that a committee be appointed to wait upon the militia and marine departments to this end."

It was also resolved that a committee be appointed to bring about a standardization of fire protection, consisting of Messrs. J. B. Harkin, H. C. Johnson, J. H. White, and Henry Sorgius.

Among other addresses by Hon. W. R. Brown, Berlin, N.H., was read by Chief Forester Lynn, of the Bureau of Forestry, after which an address was given by Hon. Dr. Smith, of New Brunswick, on forest conditions and prospects in that province.

The old officers were all re-elected.

AFTER INFLUENZA

The Grip, Fevers, and Other Blood Poisoning, Prostrating Diseases. The best course of restorative treatment, purifying the blood, stimulating the liver, building up the whole system, is: Hood's Sarsaparilla, the standard blood purifier, before eating, Hood's Pills, cathartic, mild and effective as needed. These two great medicines work in perfect harmony, improve appetite, aid digestion, relieve biliousness and constipation. They make convalescence real, rapid and perfect. They are also of service in the prevention of disease and the preservation of health. Each is good alone; both are good together. Get them today.

ALLIES EVACUATE SHEGOVARSK

Bolsheviki Continue to Shell Allied Positions at Tulgas—Still Shelling Dvina.

Archangel, Tuesday, Jan. 28.—(By The Associated Press)—The American and Allied forces, operating south of Archangel, evacuated Shegovarsk yesterday, and retired ten miles to the northward. The Bolsheviki continue to shell the American and Allied positions at Tarsosvo and Tulgas.

The forces which retired from Shegovarsk, which is about sixty-five miles south of Ust Padena, which was the Allied position farthest south a week ago, today halted their march northward, and established new positions at the villages of Vistarka and Ust Sema, on the opposite bank of the Vaga river, at a strategic bend in the stream about ten miles north of Shegovarsk. The new positions are held by forests through which there are no winter trails in the immediate vicinity.

Although the enemy patrols are in touch with the American and Allied advanced positions in all sectors, there is a comparative lull in activities on the entire front.

The Bolsheviki artillery is still shelling the Dvina, and yesterday showed signs of activity in the Swedish sector. Enemy patrols, which approached to within about two miles of the Vaga position held by the Allies, retreated when shelled.

ST. JOHN BOY RECEIVES DEGREE

Kingston, Ont., Jan. 29.—Queens Medical School closed its classes for the final year of medicine last Saturday, and the results were announced by the Senate yesterday afternoon. It was the University's history, and out of fifty-seven students, fifty-six won their degrees. Two honor medals were awarded, one to L. H. Appleby, Clarendon, Ontario, for surgery, and also for surgery. The names of the first year men from the maritime provinces and Quebec are as follows: Geo. Beggs, St. John's, Nfld., S. H. Calnek, B. A., St. John, N. B.; R. J. Dolan, South Nelson, N. B.; J. D. Mills, St. John, N. B.; W. H. Moore, B. A., B. Sc., Nfld.

U. S. RECOGNIZES POLAND GOVT

Washington, Jan. 29.—Recognition of the provisional government of Poland has been accorded by the American government, officials of the State Department said today. A public message which Secretary Lansing at Paris has sent by direct cable to the students on the Ignace Jan Paderewski, the new Polish premier.

Mr. Lansing congratulated Mr. Paderewski upon becoming head of the Polish government, and said the United States would be glad to enter into negotiations with the new Polish state as soon as possible.

NEW THEATRE MAY BE BUILT HERE

It is understood that an offer was made by Messrs. J. and Jules Allen, of Toronto to a number of St. John men who own a property situated on Charlotte street, to lease a theatre which would be built by these citizens. The offer is still under consideration, and it may be that the theatre about which so much has been rumored may yet materialize. Other sites were under consideration by the representatives of the Toronto students.

A plan of a very fine theatre recently erected by Messrs. Allen in Toronto, which has recently been received in St. John.

REFUGEES FLEEING FROM SHENKURSH

Archangel, Jan. 29.—The number of refugees fleeing over forest paths in north weather from Shenkursk to the Allied lines north of that town is increasing. Red Cross representatives report that the plight of the refugees is serious. Those who left Shenkursk after the arrival of the Bolsheviki reported that the Bolsheviki had taken Allied headquarters is inclined to doubt them.

DIRECTS HOTELS

Winnipeg, Man., Jan. 29.—A. S. McLennan, formerly assistant superintendent of hotels for the Canadian Northern Railway, has been appointed superintendent of hotels for the entire Canadian Northern system, with head quarters at Winnipeg.

REPORTED BETTER. Leo. McGuire, who was badly injured at Sand Point last Sunday, and is now at the infirmary, was reported very much better early this morning.

ONE DRUNK ARRESTED. One drunk gathered in from St. Patrick street, spent the night at the central station, and will come up for trial this morning.

Moncton, N.B., Jan. 28.—At a meeting of the Police Commission for the City of Moncton, this afternoon, a communication was read from Chief of Police Rideout, asking that the police force be increased from nine to twelve. The commission, after considering the increase in population in recent years, approved of a larger police force, and increased the number of patrolmen to twelve. One of this number, it is understood, will be a plain clothes man. Mayor Hanford Price was sworn in this afternoon, and the ceremony was held in this evening, when the new council held a preliminary organization meeting.

SPORTING GOSSIP

ST. STEPHEN WON FROM ST. ANDREWS

Three Rinks of Border City Curlers Trimmed Local Curlers Last Night by Score of 44 to 42.

Three rinks of St. Stephen curlers arrived in the city yesterday and last night played three rinks of the St. Andrews Club and the border city representatives took the winter sport men to camp by a score of 44 to 42.

Following is the score by rinks: St. Stephen, St. Andrews, George Maxwell 11, W. Harrison 11, V. V. Zanone 11, W. B. Tennant 11, F. Hot 11, Dr. Merrill 11, F. Vanstone 11, J. U. Thomas, 19, R. J. Noyes 11, A. Beatty 11, O. S. Deacon 11, H. H. Harvey 11, J. S. Lord 11, W. A. Stewart 11, A. S. McWha 11, B. Stevens, 11, F. Wry 11, F. P. C. Gregory 11, H. B. McCarthy 11, K. H. Haley 11, A. D. Cannon 11, W. B. Smith 11, D. M. Bruce 11, P. G. Beattie, 15, skip 16, skip 15.

THE WEATHER

Forecasts—Maritime—Increasing north and northwest winds, moderately cold; fair in western portions; snow in the east.

Northern New England—Fair Thursday and Friday, not much change in temperature. Fresh west winds.

Toronto, Ont., Jan. 29.—The weather continues mild in Ontario and the Western Provinces, and moderately cold in Quebec and the Maritime Provinces. A storm in the Atlantic is moving towards Eastern Nova Scotia and Newfoundland.

Table with 3 columns: Location, Min., Max. Dawson 44 58, Prince Rupert 30 34, Victoria 34 40, Vancouver 38 42, Edmonton 12 28, Saskatoon 13 21, Regina 13 20, Calgary 24 40, Prince Albert 12 28, The Pas 6 29, Battleford 12 28, Moose Jaw 28 30, Winnipeg 12 24, The Pas 12 20, Parry Sound 22 30, London 22 30, Toronto 29 37, Kingston 30 38, Ottawa 16 28, Montreal 16 28, Quebec 16 22, St. John 12 22.

PRIORITY OF RETURN TO CANADA

Planned to Send Men in France of Occupation Back to Canada Has Been Ordered Home in Order—Draftees Last

Ottawa, Jan. 29.—The department of Militia and Defence, today, issued the following statement with regard to the priorities of return of troops from overseas:—

1. With regard to the Canadian corps, and certain other troops in France, the Ministry of Overseas Military Forces of Canada, in answer to enquiries with reference to priority of return to Canada, has authorized the following interview:—The Ministry of Overseas Military Forces of Canada, in answer to enquiries with reference to priority of return to Canada, has authorized the following interview:—The Ministry of Overseas Military Forces of Canada, in answer to enquiries with reference to priority of return to Canada, has authorized the following interview:—

Principles of demobilization of a corps—as long as the corps continues a part of a larger military organization, such as an army of occupation, it must remain a fully organized unit from a military point of view. But that reason is impossible to demobilize any part of it in a manner which involves men being withdrawn from any other consideration than a military one. If men are withdrawn on account of length of service, occupation, etc., it is conceivable that all other services of a corps would break down and the corps become demobilized. These services are made up in many issues of men who have been withdrawn to a particular service after long experience in the firing line.

Therefore, it follows that to make ready any part of the corps for demobilization you must set aside a complete unit. As a division is a tactical unit, it has been considered wise to demobilize the corps by divisions, and for purposes of discipline, it is essential to retain them intact. The principle governing demobilization of a division is that men should be sent home by units in order that the organization, under which they have been controlled, supplies, and thought should remain in existence as long as possible.

It is believed that men will arrive in Canada happier and more contented, with discipline better maintained, if the unit organization is adhered to until the last moment. When asked to nominate the order of return of units of the corps, the following were suggested:—The first, second, third, fourth, for this reason the first and second divisions were sent to Rhine first, because at that time, it was the intention that all Canadian divisions had to go to Germany, and if the first and second went first they would be more in the base and there got ready for demobilization. On account of factors governing the military situation it was not found possible to demobilize the first and fourth divisions to Germany, as it was impossible to relieve either the first or second by either the third or fourth, it becomes necessary to

DEMAND RETURN OF U. S. TROOPS

Washington, Jan. 29.—Another demand for immediate withdrawal of American troops from Russia was made in the Senate today by Senator Johnson, of California, in an address vigorously criticizing the Russian course in the Far East. Johnson said that military activities in Russia were denounced by Senator Johnson as "wicked and useless," and a "criminal policy of intervention."

Albert, Jan. 29.—Beautiful winter weather is again the order of the day, and the woodlots are being daily visited during the stocking up of the family wood piles. The roads are excellent, and business is brisk, autoing are again in commission on the highways.

Albert, Jan. 29.—A branch of the United Farmers of New Brunswick, has been established here. H. H. Tinsley, president, A. S. Sutton, vice-president, O. A. Milton, secretary. They will meet on the first Tuesday of each month at the Public Hall, Albert. This organization is said to be in line with the

FOR RECEIPT AND DELIVERY

Canadian Railway War Board Gives Directions Regarding Time to be Observed at Freight Sheds.

It has been directed by the Canadian Railway War Board that effective February 1st, 1919, and until further notice, the following hours shall be observed for the receipt and delivery of shipments at railway freight sheds in Canada: Monday to Friday inclusive—opening 7:30 a. m., closing 5:00 p. m. Saturday—opening 7:30 a. m., closing 1:00 p. m.

This arrangement will go into effect at the Canadian Pacific and Canadian National Railway freight sheds in this city, as well as the Canadian Pacific Bay of Fundy service at Bede's Point wharf.

The shippers and consignees of freight are requested to govern themselves accordingly.

DIED

HUTCHINS—At St. John, N. B., on Tuesday, January 28th, Anne Maudie, beloved wife of Captain E. A. Hutchins, C. A. M. C., in the 52nd year of her age. Interment at Liverpool, N.S.

PARLEE—At Lower Millstream, Kings County, N. B., on January 28th, S. Russell Parlee, aged 78 years, leaving a wife and five sons and one daughter. Mrs. Evelyn L. Davis and family wish to express their appreciation for the kindness shown them by their many friends during their recent bereavement.

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmothers' time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking for any drug store for a bottle of Grandmother's Sage and Sulphur Compound, you will get this famous old preparation improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so natural and evenly that a hair can tell he has been applied. You simply dampen sponge or soft brush with it and dress this through your hair, taking off strand at a time. By morning the gray hair disappears, and after a few other applications or two, it becomes beautifully dark and glossy.

PRIORITY OF RETURN OF TROOPS TO CANADA ANNOUNCED

Planned to Send Men in France and Those Making up Army of Occupation Back to Canada by Units—Third Division Has Been Ordered Home; First and Second Will Follow in Order—Draftees Last to be Sent.

Ottawa, Jan. 29.—The department of militia and defence, today, issued the following statement with regard to the priorities of return of troops from overseas:—

1. With regard to the Canadian corps, and certain other troops in France, the Ministry of Overseas Military Forces of Canada, in answer to enquiries with reference to priority of return to Canada, has authorized the following instructions:—

Principles of demobilization of corps—As long as the corps constitutes a part of a larger military organization, such as an army of occupation, it must remain a fully organized unit from a military point of view.

Therefore, it follows that to make ready any part of the corps for demobilization you must send a complete unit. As a division is a tactical unit, it has been considered wise to demobilize the corps by divisions, and for purposes of discipline, it is essential to retain them intact.

It is believed that men will arrive in Canada happier and more contented, with discipline better maintained, if the unit organization is adhered to until the last moment. When asked to nominate the order of return of units the corps commander said that they would be demobilized in the order in which they were formed, viz., first, second, third, fourth. For that reason the first and second divisions were sent to the third first, because at that time, it was the intention that all Canadian divisions had to go to Germany, and if the first and second went first they would be moved to the base and there got ready for demobilization.

DEMAND RETURN OF U. S. TROOPS

Washington, Jan. 29.—Another demand for immediate withdrawal of American troops from Russia was made in the Senate today by Senator Johnson, of California, in an address vigorously criticizing the Russian course of the United States and the Allies. Military activities in Russia were denounced by Senator Johnson as "wicked and needless" and a "criminal policy of intervention," which had helped hold the Bolsheviks in power, while starving the Russian people.

ALBERT

Albert, Jan. 28.—Beautiful winter weather is again the order of the day, and the woodlots are being daily visited during the stocking up of the family wood piles. The roads are excellent, and business is brisk, autos are again in commission on the highways.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and No-body Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

MARTIAL LAW IS RIGIDLY APPLIED

Southern Part of Ireland Under Surveillance — Priests Take a Stand in Denouncing Lawlessness.

London, Jan. 29.—Following the brutal murders of constables O'Rourke and O'Connell, near Tipperary, martial law is being rigidly applied in the southern part of the country. Large bodies of troops have been drafted to Tipperary, Fethard and other places. Fairs, markets and public meetings of any kind are prohibited.

Roman Catholic clergymen are now denouncing murders and outrages. Monsignor Ryan, in Tipperary on Sunday, said mass for the repose of the souls of the murdered men, who, he said, were martyrs. It was the duty of the soldier to prepare himself for death before facing bullets. Even a rebel on the scaffold and the benefactor of the poor, he said, must not flinch.

2. With regard to troops in England. After the armistice was declared such troops in England as were available were immediately returned to Canada, not including draftees under the Military Service Act. This does not include the forestry corps in the British Isles which has not been released from duty.

KENT COUNTY TURNS DOWN HEALTH ACT

Rexton, N.B., Jan. 28.—The municipal council held its annual meeting at Richibucto last week. Warden Atkinson, of Kouchibouctou occupied the chair.

The Public Health Act was brought to the notice of the council by Doctor Desmond, acting on behalf of the Provincial Government. Dr. Desmond outlined the evidence which he claimed to various persons that he did not intend to go through life with a sick wife on his hands.

The demobilization instructions referred to above lay down that married men, according to length of service, are to be returned to Canada first, and then single men according to length of service. For this purpose and in order to provide a practical system of priority the overseas military forces of Canada have been divided into thirty-four service groups, covering a period from 1914 down to December, 1918.

Was Pulled Through THE TRYING TIME IN A WOMAN'S LIFE.

Mrs. H. Membray, 325 Seaton St., Toronto, Ont., writes:—"I have used Milburn's Heart and Nerve Pills and found them to be of great benefit to me, in fact, I consider they saved my life, and I have told many of my neighbors about them.

BRITISH PARLIAMENT MEETS FEBRUARY 11

London, Jan. 29.—(British Wireless Service)—The new British parliament, according to present plans, will meet on February 11, with Prime Minister Lloyd George and Andrew Bonar Law, the government leader, in the House of Commons, attending. The time used in giving the oath to members will be shortened, and it is expected

RAPID PROGRESS MADE IN THE HALL TRIAL

Jury is Impaneled in Two Hours and Opening for the State is Made in the Afternoon—The Case, Which Has Become of Wide Interest, is Expected to Develop Some Sensational Features.

Saco, Me., Jan. 28.—Unexpected progress was made on the first day of the trial of Henry B. Hall, the unordained Baptist preacher, in the supreme court today where he was placed on the trial charged with beating and choking his wife, with fatal results, at Wells Depot on June 11, last.

The jury, composed principally of prosperous farmers, was impaneled within two hours of the opening of court and Linwood E. Burbank of Parsonsfield, was appointed foreman. The opening for the state was made at the afternoon session by former County Attorney Hiram E. Willard, and occupied one hour. This was followed by the calling of the state witnesses, thirty in number, including Frances Hall, the defendant's young daughter. Two were examined before adjournment for the day.

Attorney Willard, who is assisting County Attorney Franklin R. Chesley, outlined the evidence which he claimed the state would produce to convict Hall of murder, dwelling particularly on what he termed his fondness for the society of women, which resulted in family quarrels extending over a long period.

Hall's married life was reviewed from the time of marriage at Harrington 15 years ago last August, two months after the death of his wife when he was arrested at the Wells Depot parsonage.

Striking miners VOTE TO RETURN London, Jan. 29.—The coal miners of Fifehead, Scotland, by a majority of 700 out of 16,000 votes cast today, voted to return to work. The miners, who number 24,000, went on strike Tuesday.

Created Knight London, Jan. 29.—(By Canadian Press)—William E. Ewan Stavers, director of finance at the British Ministry of Information, has been created a knight of the order from the Empire.

GERMANY LOSES FAITH IN WILSON

Believe it is Left to Him to Perform the Musical and Declamatory Roles — The Others Do the Business End of the Show.

Berlin, Tuesday, Jan. 28. (By The Associated Press) — President Wilson's speech on Saturday last before the peace congress contains the following sentence as transmitted to Berlin, and re-translated from the German:—

"The United States would have the feeling that it could not take part in guaranteeing these European adjustments, unless the guarantee included the permanent surveillance of the world peace by the associated nations of the world."

The Bourse Zeitung for instance says: "If President Wilson is correctly reported, he confesses openly, that he, too, like President Clemenceau and Lloyd George, does not desire Germany in the future community of nations as an equal among equals, but as a nation watched by overseers..."

Striking miners VOTE TO RETURN London, Jan. 29.—The coal miners of Fifehead, Scotland, by a majority of 700 out of 16,000 votes cast today, voted to return to work. The miners, who number 24,000, went on strike Tuesday.

NURSING SISTERS RECEIVE MEDALS

Rewarded for Gallantry Displayed at Etaples When Hospital Was Under Bombardment.

London, Jan. 28.—(Canadian Associated Press)—The military medal has been awarded to Nursing Sister Helen Elizabeth Hansen for gallantry during a raid on Etaples. She worked devotedly in the operating room through a severe bombardment of two hours, ready for any duty, and exhibited qualities of coolness and courage.

Officers of the Legion of Honor, Major General Lipscomb and Macdonald Croix de Chevalier; Lieut. Colonel Paquet and J. L. Parsons, Croix de Guerre, Major Donald Martin, Privates Henry Lonsman and Percy Mansford, William Pines and Corp. Ronald Taylor.

STOP PAIN! RUB NEURALGIA AWAY

Instant relief from nerve torture and misery with old "St. Jacobs Liniment"

Rub this soothing, penetrating liniment right into the sore, inflamed nerves, and like magic—neuralgia disappears. "St. Jacobs Liniment" conquers pain. It is a harmless "neuralgia relief" which doesn't burn or discolor the skin.

Grandmother made delicious things to eat. Grandmother's RECIPES For Use with LANTIC Old Fashioned Brown Sugar. FRESH, snappy, brown cookies, Poor Man's Pudding—but it was good enough for a millionaire—rich coffee cake with fruit and spices put in with a generous hand, pumpkin pie with the genuine old-time flavor, and many more. All these good things Grandmother made with brown sugar. Her granddaughters can make them just as successfully today if they use Lantic Old-Fashioned Brown Sugar. —three kinds—Light, Brilliant and Dark Yellow—sold by grocers throughout the Dominion. Of these, the Brilliant Yellow is recommended as widely useful for general cooking. Pure brown sugars give to baking and desserts the characteristic molasses taste which is a great improvement to many dishes. Brown sugar, as well as white, should be kept in the pantry of every household which appreciates old-time goodies. Brown sugar is economical. It costs a little less per pound than other pure sugars and it flavors as well as sweetens. For fear Grandmother's recipes might be forgotten, we have reprinted a number of the best of them in the booklet illustrated at the top. We will send it to you without charge, if you will fill out the coupon at the left. We know you will enjoy making these old-time dishes and that your family will enjoy eating them. Lantic Old-fashioned Brown Sugars are made by the same firm that makes the famous Lantic "fine" granulated. ATLANTIC SUGAR REFINERIES LIMITED - MONTREAL

Style, is an indelible something, which we cannot put into words, but can show in clothes.

THE WEATHER.

Forecast—Maritime — Increasing north and northwest winds, moderately cold; fair in western portions; snow in the east.

Northern New England — Fair Thursday and Friday, not much change in temperature. Fresh west winds.

Toronto, Ont., Jan. 29.—The weather continues mild in Ontario and the Western Provinces, and moderately cold in Quebec and the Maritime Provinces. A storm in the Atlantic is moving towards Eastern Nova Scotia and Newfoundland.

Table with columns for location, Min., and Max. listing weather forecasts for various cities like Dawson, Prince Rupert, Victoria, etc.

Forwarded. Ren... Willse, Shaw... Christie, Summerville... Patterson, Wellford... Josephyn.

Amherst Was Defeated. Charlottetown, P.E.I., Jan. 29.—The Amherst Ramblers were defeated last night by Charlottetown Millionaires, but got their revenge tonight by winning over the local team five to two. They play at Summerside tomorrow night.

FOR RECEIPT AND DELIVERY

Canadian Railway War Board Gives Directions Regarding Time to be Observed at Freight Sheds.

It has been directed by the Canadian Railway War Board that effective February 1st, 1919, and until further notice, the following hours shall be observed for the receipt and delivery of shipments at railway freight sheds in Canada:

Monday to Friday inclusive—Open from 7:30 a.m. closing 5:00 p.m. Saturday—Opening 7:00 a.m., closing 1:00 p.m.

This arrangement will go into effect at the Canadian Pacific and Canadian National Railway freight sheds in this city, as well as the Canadian Pacific Bay of Fundy service at Red's Point wharf.

The shippers and receivers of freight are requested to govern themselves accordingly.

Only One "BROMO QUININE"

to get the genuine, call for full name AXATIVE BROMO QUININE Tablets. Look for signature of E. W. ROYCE. Cures a cold in One Day, 10 cents.

DIED.

UTCHINS—At St. John, N. B., on Tuesday, January 28th, Annie Maude, beloved wife of Captain H. A. Hutchins, O. A. M. C., in the 52nd year of her age. Burial at Liverpool, N. S.

BARLEE—At Lower Mills, near Kings County, N. B., on January 26th, R. Russell Parlee, aged 78 years, leaving a wife and five sons and one daughter.

Mrs. Evelyn L. Davis and family wish to express their appreciation for the kindness shown them by their many friends during their recent bereavement.

The St. John Standard

ST. JOHN, N. B., THURSDAY, JANUARY 30, 1919.

PROHIBITION.

Yesterday there appeared in many papers in Canada the first of a series of advertisements issued under authority of the Dominion Prohibition Committee of Toronto. It would seem from the tenor of this message that temperance interests anticipate an active campaign on the part of liquor people leading to a relaxation of restrictions now existing and possibly at a later date to a resumption of former methods of handling and sale of liquor. It is pointed out that the Ontario Council under which prohibition is now supported will automatically expire one year after the end of the war, unless supplementary legislation continuing it is passed; that the coming session of Parliament should give attention to this important matter; and that before a permanent policy is decided upon the people of this country, including men now overseas, should have an opportunity of expressing their opinions by a plebiscite.

With the single exception of Quebec, Canada is now supposed to be dry, and Quebec falls into line in three months' time. The United States, too, having recorded considerably more than the requisite vote, will have a national prohibition before very long. In the face of this country-wide sentiment it is not at all probable that the Federal Government of Canada will feel disposed to take any action which might be regarded as contrary to the expressed views of the people. It is recognized, however, that the existing restrictions were imposed as a part of the War Measures Act, and that once the excuse for this emergency legislation has been removed regulations imposed under it cannot longer be justified. Thus there must of necessity be supplementary legislation to present restrictions are to remain effective. And the belief exists that before such legislation is adopted a stiff fight will take place.

Possibly this may be the case, and while in various parts of Canada there are indications of activity in opposition to continued prohibition, it must be assumed that the great mass of public opinion is in favor of temperance. There can be no half-way measure in this matter. Letting down the bars in the way of admitting beer and wine, will only lead to endless trouble. It must be prohibition or license. And certainly at the present time there are few who will say that the country is not much better off than it was in the days of the open bar. No law no matter what, has ever been absolutely enforced as against every resident. There always have been, and there always will be, violations of the rules governing our national life. The crime of murder is punishable by death, but murders are still committed. Theft brings long terms of confinement, yet stealing is not uncommon. And there will be at all times violators of whatever temperance laws may exist. Yet such violations should not imply the failure of those laws nor indicate dissatisfaction on the part of the people as a whole. Nor should attention be paid to the claim that beer and wine are harmless and are needed as stimulants. They are not used in that way. Very few people seek such beverages for the pleasure of drinking them. Ninety-nine men out of a hundred who take alcoholic liquors, do so for the effect they produce. It is the feeling of intoxication that is almost invariably sought, otherwise we would not now see such a consumption of lemon extract, wood alcohol, Florida water and such preparations. They are not consumed because of their pleasing flavor, but solely because of the effect of intoxication which is the one thing desired. And those who are agitating for concessions which will permit the sale of beer and wine, want these drinks for purposes of intoxication.

The suggestion of a plebiscite is a fair and reasonable one. We have had Scott's Act, we have had license, and now we are for the first time experiencing prohibition. It has not been effective long enough to develop an intelligent national opinion as to its comparative merits. But after a year or two when all provinces are able to judge how it is working out there will be opportunity to compare its results with conditions existing in license days, and at such a time the vote of the people as expressed in a plebiscite will be of some real value. Pending that time, provincial and federal regulations as they exist today should continue.

IN POLICE COURT.

On Tuesday afternoon in Police Court, Capt. G. Earle Logan, who acts as prosecuting attorney in military affairs, took occasion to express his opinion of The Standard in respect to certain comment which this paper had offered touching the case then before the court. Capt. Logan has, of course, a perfect right to voice his opinions when and where he desires, and it might be added that he does so with frequency and exhaustiveness. On Tuesday he was supported by Police Magistrate Ritchie who also condemned The Standard, thus displaying a notable lack of gratitude for what this

paper has refrained from saying about him. All this is gratifying indeed, for no higher compliment could be paid a paper than the expressed disapproval of these worthy speakers.

The point, however, is not particularly The Standard's views, or the comments of the men referred to. It concerns something more serious than that. Briefly the facts are these. Some two weeks or so ago, as the result of sworn information made in the police court by a man in uniform who, by his conduct, is not fit to associate with real soldiers, a young woman was arrested on a charge of communicating disease to the informant in question. The arrest was a great shock to her and to her family who had for months thrown open their home to this man. At once the best medical skill in the city was secured and as a result of a series of examinations it was found that by no possibility whatever could the prisoner be guilty of the offence charged. This evidence was given in court, and as a result the prisoner was released. To find a home elsewhere, where the public attending this occurrence will not make her an object of comment. The man in the case goes free unless Capt. Logan considers it his duty to take action—a course which he will probably not adopt. If the natural protectors of the girl—who are now overseas—were at home, a different situation might exist.

KENT REJECTS IT.

Kent County is very decided in its rejection of the Roberts' Health Act. Members of that council who have been following the trend of Foster finance have a feeling that, should they assess for health purposes the money will very likely be used on back roads in Gloucester, as has been done with other funds raised for specific purposes. They point out that last year the present administration levied for Patriotic and War purposes in the sum of one hundred and eighteen thousand dollars; and having disposed of seventeen thousand of this amount, devoted the other thousands to general expenditure for the purpose of showing a surplus at the end of the year. Also that the Patriotic Fund has not been handed over to the committee to which it belongs, but that a portion of it remains buried in excess road expenditure. Under these circumstances the Kent County Council almost unanimously turns down the latest bid, and thus completes a solid North Shore in opposition to the Roberts' measure. Gloucester, it is true, has halfheartedly consented to do as Peter Verdon's advisers, but the money is not collected, yet, nor is there any great enthusiasm among those who will be asked to pay.

WHAT THEY SAY

Common Law Enough. (Toronto Globe). Ottawa should repeal a lot of its war-time orders-in-council. The common law is strong enough to handle sedition.

Will Reclaim the Desert. (New York Herald). The introduction of the locomotive into Palestine in competition with the camel for the transport of merchandise is working a transformation in Palestine, and with the great improvement in the water supply it is predicted that much of the land now wasteland will soon be brought under the tractor plough—with all that this implies.

Judge Gary's Optimism. (New York Herald). As head of the greatest and one of the most prosperous industrial corporations Judge Gary is optimistic and depreciates talk about the lack of employment. He says: "The country never was more in need of its workers than it is now—what we need is simply to set to work." He indicates the building of good roads, railway reconstruction and other public works as fields for immediate exploitation.

Successful—Maybe! (Winnipeg Telegram). Who can say the ex-Kaiser is not a successful man? When he was ambitious to spread himself on the front pages of the newspapers, he was there with the full dress uniform. Now, when his ambition is to keep out of the news, he is just as successful.

Raw Material Not Needed Now. Now that several persons have been killed and many injured and valuable property destroyed in Boston by the explosion of a big fat containing molasses, will it occur to anybody in Congress to propose an amendment to the Constitution prohibiting the manufacture, sale and consumption of treacle in all its forms? Molasses is the mother of rum and it ought to be under suspicion, anyway.

Demobilization Delays. (London Daily Chronicle). No other nation has had such a fatal delay in getting its soldiers home. The French railways are full of demobilized French soldiers going home. The Belgians and the French are imploring to diminish the vast masses of men that we have quartered in Flanders—and nothing is done. Thousands of forms have been completed, thousands of "alleges" have been sent to the commanding officers, and there the matter stops. The Army and the business men of Great Britain are waiting for Sir Eric Geddes to give the word to begin general de-

mobilization. The whole country is waiting for him to say it.

Known by Their Fruits. (London Morning Post). Factions may fight for political catchwords; politicians may win this vote or that vote by promises and jobbery; but the nation in the end will judge by the manner in which the Government does the work and furthers the interest of the nation as a whole. If the Government puts the interest first and last in all questions it will win political credit, and, more important, it will be doing its duty. This country has suffered terrible things because parties and Governments have thought rather of political support than of those simple principles of honesty, justice, order, and sound business, which should have guided their activities.

Sober Second Thought. So we are inclined to think that Secretary Daniels will have to take some hurdles before he succeeds in separating the taxpayers of the United States from the gigantic sums necessary to carry out his program. He has not properly sensed our feeling in this matter. Such a League of Nations as he is to be formed, if the Peace Conference succeeds, will make of little value a monstrous navy based on aggressive ideas. We do not need it now, and we do not desire it. Our wishes are more modest and when we have paid bills for the late war our purse may not be equal to it. So it is best to move slowly in this matter, and let the sober second thought have precedence over the first rash desire.

A BIT OF VERSE. The World League for Peace. Throughout the world a spirit of unrest is born, upon the breeze in every clime; The old-time ways, the joys we once enjoyed, The glory of the elder world sublime. Achievements of the ages through all time In dim perspective slow from us recede; The while the bells of victory still chime. We see the fateful hours fast onward speed, And issues new and great from them we see proceed!

The Upkeep's the Thing. Redd—Did you ever notice how a man smiles when he's bought an automobile and paid for it? Greene—Sure. So does a man on his wedding day smile when he's paid the bride price. Redd—Of course. "But the trouble is neither of those men is thinking of the upkeep,"—Yonkers Statesman.

Had the Right Idea. While the Germans were marching through a Belgian province, a farmer sowing seed, "You may sow, but we shall reap." "Well, perhaps you may," was the reply; "I am sowing hemp."—London Ideas.

Little Berry's Note Book.

BY LEE PAPE. BY LEE PAPE. Last nite pop was in the setting room smoking a segar and taking it out of his mouth every once in a while and looking at it to see how much was left, with one segar is all in going to smook. Will power is the greatest thing in the world. A man may have a glass eye and a double chin and no friends, but if he has will power he will get there just the same. As the sun sets each day a man should be able to put himself on the back and say, "This day I used my will power in smook and such a way, and pop looked at his segar again, being hardly nuff to look at, and I sed, I got will power too, pop. I dont know about that, sed pop, any boy that has to be called in the morning as awoken as you do will never die of a rush of will power to the head. Do you mean to say you can point to any one thing you did today, for instants, and let out your chest with pride and say, Will power did that? Yes sir, I sed. The doose you can, then im proud of you and happy to have you for a son, sed pop. Do you want to know what I did, pop? I sed, I insist upon knowing, sed pop, and I sed, Well I was smoking a sour ball, and I made up my mind to suck it all the way down to the last suck without biting it ones, and I did. Good nite, is that all, sed pop, and I sed, Thats a lot, you awt to try it some time. Wich he awt, and sed, yours enuff to drive a man to tobacco. And he took out another segar and lit it, and I started to do my homework.

HILLSBORO. Hillsboro, Jan. 28.—The Ladies' Village Club has recently been reorganized, the officers elected being as follows: President—Mrs. Flo Steeves. First Vice-President—Mrs. W. H. King. Second Vice-President—Mrs. F. M. Thompson. Secretary—Mrs. James Blight. Treasurer—Mrs. Karl Duffy. Executive Committee—Mrs. J. T. Lewis, Miss Emma Wallace, Mrs. C. J. Osman, Mrs. J. T. Steeves, Mrs. W. P. Kirby. Library Committee—Mrs. J. L. Peck, Mrs. Archie Steeves. Pte. L. J. Blake has gone to Boston, Misses Dora and Della Steeves were at Moncton last week. Mrs. Bessie Taylor, who has been visiting relatives here, has returned to Bridgeport. Harold Seaman, of Moncton, was the guest of relatives here last week. Capt. F. C. H. Arentz is at New York. Nursing Sister Sara Steeves and Sister Agatha Steeves, of St. John, are guests at the home of James Blight. Miss Ethel Atkinson, of Fort Lawrence, is the guest of the Misses Steeves. Mrs. F. C. H. Arentz and Miss Kathleen Steeves are at St. John. Misses Minetta Steeves and Marlon Wilson of Albert Mines, visited here last week.

After a man succeeds in printing one kiss upon a girl's lips it's an easy matter to run off a large edition. The preacher was in the middle of an exhaustive discourse when he suddenly looked around, then beckoned to the sexton. "Jones, open a couple of windows on each side of the church, please." "Beg your pardon, sir," was the reply, "did I understand you to say open the windows?" "Yes, was the reply, "it is not healthy to sit in the windows shut!"—Stray Stories.

Catty. Jess—When I met Alice today I had on my new dress. Of course I expected her to say something about it, but she pretended not to have seen it. Tess—Wasn't that sweet of her? She always is considerate of others.

An Abundance. "There ain't no such thing as a woman having too many aprons or a man having too many shirts," philosophically said Mrs. Gap Johnson, of Rumpus Ridge, Ark. "Well, anyhow," agreed her husband, "I believe a feller ort to have two shirts, in case of accident or going visiting or something."

He Explains. "Are you down on matrimony?" "Not at all," said the old bachelor. "Matrimony is well enough." "And I believe in letting well enough alone."

The Upkeep's the Thing. Redd—Did you ever notice how a man smiles when he's bought an automobile and paid for it? Greene—Sure. So does a man on his wedding day smile when he's paid the bride price. Redd—Of course. "But the trouble is neither of those men is thinking of the upkeep,"—Yonkers Statesman.

Had the Right Idea. While the Germans were marching through a Belgian province, a farmer sowing seed, "You may sow, but we shall reap." "Well, perhaps you may," was the reply; "I am sowing hemp."—London Ideas.

POLICE COURT CASES HEARD

Three Men for Murder Remanded—Evidence in House-breaking Case—Fin Chief Blake Lays Complaint.

At the session of the police court yesterday afternoon, Ahmed Abdulla, man, Sultan Roussel and John Sterling, appeared on the charge of murdering. No evidence was taken as the witnesses have not yet reached the city. They were then remanded.

Further hearing was taken in the case of Albert Connell, Arthur Kelly and James Cain, on the charge of breaking and entering the summer home of L. R. Ross on the Sandy Point Road, and Wm. M. Ryan appeared for the three defendants. The first witness called was James H. Peacock, a resident of Sandy Point Road, who testified that on the Saturday evening preceding Christmas week he was in the city market selling produce. Having finished his business he was on the way home and heard a noise and went to approach, and two shots were fired. When the team advanced the driver, Albert Connell, invited witness to get into the wagon to have a drive. At the time of the drive two others were in the wagon with Connell, which the witness believed to be the two other defendants in the case. When he reached his brother's residence he, along with his two sons alighted, and the three in the wagon proceeded toward the house, where they were en route to a Mr. Crowley's. Later, when witness reached home, had a lunch and had gone to bed, he heard the door making a noise, and his wife went to the window. Witness did not arise but when he awoke the next morning he saw blood stains on the road near his residence towards the church.

Cornelius Donovan, who resides a short distance beyond the former witness, testified that on Saturday evening preceding Christmas he went to bed at about eleven o'clock. About 12.15 the following morning he heard a team coming down the road, he arose and went to the window, and saw a white horse attached to a wagon, apparently a lumber wagon or a heavy express. About one hour later he heard a team coming in the opposite direction and going to the window saw that a white horse was attached to a wagon, which he was talking, and the horse or shafts of the wagon was hit by a whip and the driver was using the horse onward.

Cross-examination by Mr. Ryan showed that he could see no one in the wagon, nor could he swear that the horse was attached to a wagon, as it was quite dark at the time, but presumed from the noise being made that such was the case. He further added that he could not swear that Connell was the driver, as he could not see distinctly as it was dark, the sky being overcast.

William Hogan, of Hogan's livery, Union street, appeared and added shortly after Connell was arrested, white horse was returned to the stables and had been used by Connell for near a week.

This completed the evidence in the case and postponement was set until Friday afternoon next at two o'clock. Chief Blake of the Fire Department appeared to lay a charge against the ward master, that he had allowed the garage in Carleton street.

Chief Blake stated that Engineer Percy visited the garage on Carleton street, and found that the chimney was in a bad condition, shavings on the floors, and a pot of tar being boiled on the stove in the main shop. He contended that the stove was liable to a fine of twenty dollars for the offence and asked that the case be prosecuted.

When Mr. Morrell took the stand witness plainly showed that they had the wrong man, as Mr. Morrell stated he did not own the garage, but was renovating and remodeling it for his son, who was going to purchase it. The witness added he did not hire the carpenters, who were bolting the stove on the stove, nor had he made the shavings. The case was then set aside until the son returns and a writ given to the effect that Connell is under doctor care at the present time.

IS AWAITING HIS DISCHARGE

Sergeant Dionne Will Return to His Duties in Civil Service Department—His Brother Demetrius Killed at Vim.

Sergeant Dionne of Edmundton, B. is in the city awaiting discharge from the service, and will immediately resume his duties in the civil service department, in which he was engaged for fourteen years previous to the outbreak of the war.

When the war broke out he enlisted and finally identified himself with the 16th Acadian unit over Colonel D'Aigle. On reaching England he was transferred into the French army, and crossed to France, where he spent fourteen months in the front line, and was decorated with the Croix de Guerre. He returned home in his old pre-war duties in the service of his country again. Nor is he the only brother who donated the famous battle of Vim Ridge, April, 1917, in the defeat of the German army. Sergeant Dionne spoke of Lieutenant J. A. LeBlanc, who is well known in this city, having at a former time been in a local firm here, and joining the Acadian Battalion, went through the scrap; and to his credit he was decorated with the Croix de Guerre. Relative to officer he paid a beautiful tribute to all the men who came out of the war, and in the future leaving many an route to England and at home.

Sergeant Dionne has a brother, a graduate in Arts from St. John's University, graduating in 1918.

POLICE COURT CASES HEARD

Three Men for Murder Remanded — Evidence in House-breaking Case—Fire Chief Blake Lays Complaint

At the session of the police court yesterday afternoon, Alderman...

Further hearing was taken in the case of Albert Connell, Arthur Kelly and James Cain...

The first witness called was James H. Pascook, a resident of Sandy Point Road...

His honor handed down a very lengthy judgment, criticizing parts of the prohibition act as "un-British."

At the hearing on certiorari, J. D. P. Lewin appeared on behalf of the attorney-general...

Mr. Wilson and his two sub-inspectors to the contrary, that the defendant was not properly put upon his defence...

His Honor said that the provision giving the accused no right of appeal, and giving to the inspector the right to appear to two courts, reversed the principle of British law...

After dealing with some arguments advanced by the attorney-general, His Honor concluded by saying: "I cannot assent to the proposition that the supreme court has been rendered by this extraordinary legislation so powerless as to be incapable of disturbing the conviction made by the magistrate without giving a defendant an opportunity of making a defence...

This completed the evidence in the case and postponing the provisions of the Intoxicating Liquor Act, to rectify such an injustice, the order nisi will be made absolute and the conviction entered against the defendant on November 4th quashed, for the reasons stated.

Chief Blake of the Fire Department appeared to lay a charge against Edward Morrell, father of the owner of a garage in Carleton street.

Chief Blake stated that Engineer Piery visited the garage on Carleton street, and found that the chimney was in a bad condition, shavings on the floor, and a pot of tar being boiled on the stove in the main shop...

When Mr. Morrell took the stand it was plainly shown that they had the wrong man, as Mr. Morrell stated he did not own the garage, but a Mr. Williams owned it, and was renovating and remodeling it for his son who was going to purchase it.

When Mr. Morrell took the stand it was plainly shown that they had the wrong man, as Mr. Morrell stated he did not own the garage, but a Mr. Williams owned it, and was renovating and remodeling it for his son who was going to purchase it.

When the witness asked he did not hire the carpenters, who were bolting the tar on the stove, nor had he made the shavings. The case was then set aside until the case reopens and he is able to give evidence as to he is under doctor's care at the present time.

CONVICTION WAS QUASHED BY JUDGE

Frank Totton Wins Case on Appeal—Mr. Justice Crockett Criticizes Parts of Prohibition Act as Being un-British.

His Honor Judge Crockett delivered an interesting judgment in the case of the King vs. Robert J. Ritchie, ex parte Frank Totton in Supreme Court Chambers yesterday morning.

Totton was convicted by Magistrate Ritchie on Nov. 4, 1918, for having 11 quarts of rum in his own private dwelling, and fined \$200. An appeal by way of certiorari was taken by William M. Ryan, the defendant's counsel, on the ground that the magistrate acted without jurisdiction in convicting the defendant without having first put him on his defence as required by section 139 of the Intoxicating Liquor Act.

His honor handed down a very lengthy judgment, criticizing parts of the prohibition act as "un-British."

At the hearing on certiorari, J. D. P. Lewin appeared on behalf of the attorney-general, and Mr. Ryan in support of the application to have the conviction quashed. Affidavits as to what took place in the police court were filed by Mr. Ryan in support of the application, and also by Totton.

Mr. Wilson and his two sub-inspectors to the contrary, that the defendant was not properly put upon his defence, and that he was not afforded the opportunity to which he was entitled of answering the case for himself.

His Honor said that the provision giving the accused no right of appeal, and giving to the inspector the right to appear to two courts, reversed the principle of British law...

After dealing with some arguments advanced by the attorney-general, His Honor concluded by saying: "I cannot assent to the proposition that the supreme court has been rendered by this extraordinary legislation so powerless as to be incapable of disturbing the conviction made by the magistrate without giving a defendant an opportunity of making a defence...

VICTORY BALL IS ENJOYED BY A LARGE NUMBER

DeMonts Chapter I. O. O. F. to be Congratulated Upon Delightful Dance Held Last Evening — Four Hundred Attended.

A brilliant affair and an unequalled success was the verdict of those who attended the Victory ball held by the De Monts Chapter, I. O. O. F., in the Knights of Columbus Hall last evening.

The second day's session of the N. B. Institute of Y.M.C.A. Workers opened yesterday morning with devotional exercises by Rev. R. P. McKim, of St. Luke's church, who talked on the qualifications of Christian workers, taking for his text various passages from the First Act of the Y.M.C.A. Workers then spoke on the Canadian Standard Efficiency Test program, speaking of the four-fold development of the work and the association's duty in co-operation with the churches, stating that the entire program was based on the personality of Jesus Christ.

The conference adjourned at noon and at 12:10 the members were the guests of the High "Y" Club at lunch in the association building. A Selwyn Center, president of the club, occupied the chair and the dinner was featured by a talk by Major Fred Smith, who spoke on the spirit of the boys "over there," and by a short address from Louis Buckley, who told of the part the boys and young men must play in the work of reconstruction.

The luncheon was served by Mrs. Ralph Fowler, Miss Florence Dick, Miss Winnifred Smith and Miss Olive Flewelling.

The conference reassembled at two o'clock with devotional exercises led by A. S. McAllister.

Most of the afternoon was taken up with a discussion on town and county work by E. J. Arnot, who told of the plan of using the county as a workshop, uniting the organization of a non-equipment programme.

The closing address was by Louis Buckley, who told of the C. S. E. T. program, and following which the conference was officially closed by Major Fred J. Smith.

The delegates who attended this year's annual conference were: Halifax—A. S. McAllister, L. A. Buckley, E. J. Arnot, A. A. Campbell, Fredericton—J. A. MacDonald, Wolfville—E. J. Woodworth, Toronto—Major Fred J. Smith, St. John—Capt. S. B. Stokes, Capt. Corey, Capt. A. A. Pierce, A. M. Gregg, B. D. Robertson, J. H. Maughan.

WITH THE ARMY OF OCCUPATION

Mrs. E. W. Chase Receives Letters from Her Son Charles in Germany—Young Soldier is Sending Home an Iron Cross.

Mrs. E. W. Chase has received a couple of very interesting letters from her son Charles, who bravely marched with the army of occupation into Germany. Writing from Bonn, Germany, on December 26th, he says, in part: "I am back with the Y. M. C. A. again, running a cinema. I have been billeted in this house two days, and the German people are very good. At the present time the daughter is playing the piano, and it is very pretty music. We are beginning to get milder weather, and we all feel the cold, it set in so quickly. I had a very good Christmas dinner, consisting of baked goods and vegetables, pudding with sauce and fruit. For supper had cold boiled ham, so you see I didn't do too bad."

"I remain your loving son, CHARLES."

In a second letter, written in West-loven, dated December 28th, 1918, the young soldier says, in part: "I have been in the occupation of the Rhine and no word of going home, yet it will soon be coming by the news we read in the papers. We had a merry Christmas under the circumstances, and hope that I will be home to enjoy my next Christmas with my loved ones."

In a letter dated Westloven, Jan. 5th, 1919, Pte. Chase says: "I mailed two German helmets to you yesterday and hope that they will arrive safe, and I may be sending another one in a day or so, so you can be on the lookout for them. I am trying to get a more souvenir. I sent you a belt with a lot of badges on it, and tomorrow will send you another helmet and an Iron Cross."

"I will close now with love to all, CHARLES."

Jones Gets Decision. Sydney, N.S., Jan. 29—Harry Jones, of Halifax, got a decision over Charles Guthrie, of Glace Bay, in the third round tonight. The bout took place at Burns' gymnasium, Glace Bay, and was scheduled to go twelve rounds. Joe Urvani was the referee. It is conceded by the spectators that Jones out-classed his opponent.

CLOSING DAY OF CONFERENCE

Last Session of N. B. Institute of Y. M. C. A. Works Yesterday Afternoon—Address Given and Luncheon Served

The second day's session of the N. B. Institute of Y.M.C.A. Workers opened yesterday morning with devotional exercises by Rev. R. P. McKim, of St. Luke's church, who talked on the qualifications of Christian workers, taking for his text various passages from the First Act of the Y.M.C.A. Workers then spoke on the Canadian Standard Efficiency Test program, speaking of the four-fold development of the work and the association's duty in co-operation with the churches, stating that the entire program was based on the personality of Jesus Christ.

The conference adjourned at noon and at 12:10 the members were the guests of the High "Y" Club at lunch in the association building. A Selwyn Center, president of the club, occupied the chair and the dinner was featured by a talk by Major Fred Smith, who spoke on the spirit of the boys "over there," and by a short address from Louis Buckley, who told of the part the boys and young men must play in the work of reconstruction.

The luncheon was served by Mrs. Ralph Fowler, Miss Florence Dick, Miss Winnifred Smith and Miss Olive Flewelling.

The conference reassembled at two o'clock with devotional exercises led by A. S. McAllister.

ANNIVERSARY WAS OBSERVED

Pleasing Time Spent at Y. M. C. I. Last Evening—Interesting Addresses — Some Fast Bowling by Champion Walsh Witnessed.

The second anniversary of the Young Men's Catholic Institute was fittingly observed yesterday in the association building, Cliff St.

Following the regular activities a most interesting entertainment was held in the evening with a program complete in every respect.

After the overture by the Y.M.C.I. orchestra the evening was officially opened with a speech by Joseph Harrington, chairman vice Judge McInerney, who was undoubtedly detained during the evening by the weather. Henry Regan, representing the Knights of Columbus, who spoke of that organization's war activities.

Bridge was the order of the evening, and a particularly interesting message for the young men, F. J. Hogan, of Montreal, who spoke of the boy problem. John Stanton, who represents the Ancient Order of Hibernians; Thomas McCarthy of the Catholic Mutual Benefit Association; Ernest Harrington, of the St. Peter's Young Men's Association, and Father William Duke.

Father Duke took pleasure in congratulating the Y.M.C.I. officers and members on the work that had been accomplished during the past year, and was glad of the good opinion of the institute held in the city generally. He spoke of the excellent impetus given to bowling in St. John in former days by Archie Walsh, and by George Masco, and after touching on the present activities of the Institute and advising the members to help the Knights of Columbus in their work for the returned soldiers, spoke of the opportunities in Canada today for young men, and the necessity for self-improvement through such facilities as are provided by the Y. M. C. I.

The musical numbers of the program included a vocal solo by Gerald O'Neill, a solo by Arthur Bruns, selections by the Y. M. C. I. orchestra, a solo (encore) by Fred Joyce, a violin solo by Arthur Bowes, and a reading "The Life Boat" (encore) by Owen Call.

During the evening a telegram was read from Rev. J. P. Mulcahy of St. Mary's Cathedral, Halifax, who sent best wishes and expressed regret upon being unable to be present.

The big feature of the anniversary, however, with the young men at least, was the match game between Archie Walsh of Boston, a former St. John boy, now champion professional candidate pin bowler of America, and Harry Sullivan and Thomas Cozgrove, representing Black's Allys, and the Y. M. C. I. respectively.

Walsh has a beautiful style, and develops the scientific approach to the utmost, developing apparatus out of seemingly impossible breaks, and mowing down the pins with wonderful speed and precision. His best records are single string, 175, three string, 414, and ten-string, 1240.

Last night he rolled three strikes in succession, and in another string ran up four spares. He made a 19 out of one strike and from the four spares developed three 17s and one 16.

The results of the match are as follows: Walsh 110 90 104 131 97—52 Sullivan 89 81 107 90 107—489 Majority for Walsh—52 pins. Walsh 128 109 101 112 79—556 Cozgrove 87 90 81 93 82—433 Majority for Walsh—123 pins. Walsh leaves today for Fredericton, where he will give a bowling exhibition, leaving there for Cambridge, where he is slated for a match game on Tuesday next. From there he goes to Portland, Maine, to roll a 10-string game on a side bet of \$200.00.

LETTER RECEIVED FROM WATERLOO

Lieut. A. W. Thorne Writes Interestingly of Place Where Famous Battle Was Fought — Tells of Visit to Brussels.

The following interesting letter was received yesterday from Lieut. A. W. Thorne who is at present in France with the 5th C. M. R.:

Waterloo, Jan. 7, 1919. We are moving supposedly towards home. We have been on the tramp for quite a time now but I have hopes that they will not attempt to march us across the Alps. I still cannot be much wrier than some of those Belgian roads. We have had some wonderful sleeping quarters. Five beds were arranged on a stone floor and if you have to know what that is like take a couple of blankets and sleep on the ice of Lily Lake. Tonight, however, I trust it does not matter to those who are here as it is "lit." It looks something like a bed but lacks many essentials. Still there is lots of rain in the week and I have the aforementioned two army blankets. The room I occupy is what is commonly known as a sky-parlor, a little roof and lots of sky. I trust it does not rain while I am here. It is cold enough now but I expect it will be a bit colder by morning. A good old Canadian in a warm house would appeal to me much the same as Heaven does to those who are leading the straight life.

War has its hardships and so does marching and billeting. One thing we are always getting nearer home. We have no definite information yet as to how or when we will be demobilized, but I expect we will go to Sherbrooke and be broken up there. They cannot quicken the process any too much to suit us. It is expected that our division will be the first from France to reach Canada.

While in Belgium I visited Brussels. You know the place where they said "On with the dance, let joy be unconfined." It is still running on the same old lines. As far as I could see the war was all the way off and the dance had evidently not stopped. The cafes were open all night or at least they didn't close when it was raining. Food was fairly expensive. A room in a hotel only cost 13 francs, or about \$2.50. Breakfast only \$2. A lunch at a restaurant cost only 15 francs, or \$2 to \$2.50. They have lots of everything. I saw fairly good civilian shoes for 300 francs. The street cars run on electricity. One day in Brussels costs all the money one possesses, no matter what the amount might be.

The people of Brussels say that the war was all the way off and the dance had evidently not stopped. The cafes were open all night or at least they didn't close when it was raining. ALLIES POLICY MAY GIVE REIN TO TERROR, SAYS WICKERSHAM

Bolshevik Left Free to Pursue Murder Tactics, While Hands of Victims Are Tied—Danger of Alliance With Germany Seen by Tribune Man.

By George W. Wickersham.
(Special Cable to The N. Y. Tribune and The St. John Standard.)

Paris, Jan. 24 (delayed).—The decision of what may be called the executive committee of the peace conference, concerning Russia is the most important event that has occurred since President Wilson's arrival in France.

While Premier Clemenceau has united with the President and the other premiers in approving what has been called "the proposal of President Wilson," the almost unqualified sentiment of the French press, as well as certain English newspapers, condemns the recognition of Bolshevism implied in the invitation to every organized group that is now exercising or attempting to exercise political authority or military control anywhere in Siberia or within the boundaries of European Russia as they stood before the war just concluded, except in Finland, to send representatives to "Princes' Island" to meet those of the associated powers, with the view to ascertaining the wishes of the Russian people and bringing about some understanding whereby Russia may work out her own purposes and "happy cooperative relations be established between her people and the other peoples of the world."

Why Princes' Island should have been selected for the rendezvous is a subject of much speculation. There are on them a few deserted places and several shabby hotels. They are accessible only by boat, from Constantinople.

inople, by which all supplies also must be transported.

Plan Called Wilson's.

The plan is characterized in the press as that of President Wilson. Actually the credit belongs to Premier Lloyd George, for it was he who first suggested the bringing of the Russian groups and leaders into conference with the associated powers. The only change made in the programme consists in the substitution of Princes' Island for Paris as the meeting place. The official communique is understood to have been drafted by Mr. Wilson. His language supports that assumption. Not content with the statement of the actual grounds for extending the invitation, the communique elaborates professions of friendship for the Russian people and the recognition of their right to "direct their own affairs without dictation or direction of any kind from outside." It goes further. It contains this extraordinary pronouncement:

"The associated powers recognize the revolution without reservation, and will in no way and in no circumstances aid or give countenance to any attempt at counter revolution. It is not their wish or purpose to favor or assist any one of the organized groups now contending for the leadership and guidance of Russia as against the others."

Bolshevism is Dignified.

Thus Bolshevism is elevated to the same plane as the governments of Omsk, Archangel and other districts which have been striving to establish a social order wherein the protection should be afforded to life, liberty and property as against the anarchy, confiscation, torture and murder which characterize Bolshevism.

"The 'Temps,' in restrained but forceful comment, speaks of these features as follows:

"How did the Bolsheviki obtain power in Russia in November, 1917? By promising to make peace immediately. That is to say, by leaving the Allies in the West confronted with the entire German forces. They subsequently executed this programme of treason, and we know what it has cost us—their own lives and the lives of the hundreds of thousands of the Prinkipo conference, it is proposed to receive these traitors on the same footing as our faithful friends. This is a supreme justice which the victors of the Allies is to institute in the world."

Prospect Not Inviting.

As the "Journal des Debats" says: "The greater number of Russian Bolshevik groups would fall into the hands of the executioners of their relatives is not inviting to them."

The communique further declares that the associated governments "recognize the revolution without reservation, and will in no way and in no circumstances give countenance to any attempt at counter revolution." If this was qualified by limiting its application to the revolution against the old monarchy it would be innocuous, but the present revolution that is being promoted system of plunder, terror and rapine known as Bolshevism.

If the associated governments mean to declare to the world that under no circumstances will they aid or give countenance to efforts to overthrow

Bolshevism—which is the obvious interpretation of this paragraph—it may well be regarded as sounding a note of distress and pessimism in the ears of all those yearning for the re-establishment of social order in the world.

It is unfortunately characteristic of almost everything Mr. Wilson writes that while its first effect may be pleasing, closer perusal develops vague and large generalities and a facile and easy speech has many times led him into unfortunate positions, from which nothing but accepted opportunism could extract him.

Bolshevism is World Menace.

The great menace of the world today, all thoughtful men recognize, is the social disease known as Bolshevism, which seeks to undermine all established social order and to substitute life, liberty and property, everything which constitutes the ideals upon which the American Republic was founded, and to which the rest of the world has been built. Yet in dealing with this menace now operating upon a vast scale and over the great territory which was formerly Russia, the Allied and associated governments have found no better means than to invite Lenin's and Trotsky's murderers and their associates to a banquet in the Sea of Marmora to discuss a basis for re-establishing peace, order and happiness throughout one quarter of the world.

Unwilling to Send Troops.

The fact seems to be that none of the Allied governments feels strong enough to pledge troops to aid in the suppression of Bolshevism in Russia, even to the number of 150,000 or 200,000 of the estimated requirement.

It is obvious that the alternative of furnishing the anti-Bolshevik forces with weapons and munitions whereupon the Bolsheviki appears to have been considered by the associated governments, who, having decided that they cannot send troops to Russia, resort to play for delay by calling a conference—which probably will not be held—with all the various groups representative of Russia.

Crippled Men Keen in Motor Mechanics.

(By Douglas C. McMurrie, Director Red Cross Institute for Crippled and Disabled Men.)

Motor mechanics has proved a most popular subject of instruction for crippled soldiers, who are being retrained after they have completed their respective vocations. In fact, the trade is almost too popular, say directors of Canadian schools in which hundreds of disabled soldiers are today being trained in new occupations.

Practically every Canadian soldier who is asked to choose from among the various trades which are being operated, selects automobile mechanics. But most of the men have to be dissuaded from their intention and are turned into other channels of industry.

Otherwise, every crippled soldier in the Dominion would be looking for a job as automobile mechanic and the supply would far exceed the demand.

Canada, England, Germany and India are among the boldest nations that offer training courses in motor mechanics to the disabled men of their own forces and America, in line with the program of the Red Cross, has adopted its teaching her wounded and disabled soldiers automobile repair courses. At Fort Henry, where the United States soldiers are being retrained in motor mechanics, is a one-armed or one-legged automobile mechanic, not a new thing under the sun, and the general public has been committed to the principle of re-education.

In British Columbia gasoline engine classes were organized soon after the wounded began returning from overseas. In Victoria, B. C., Esquimaux and Westhaven provide instruction in motor mechanics. In Victoria, the Military Hospitals Commission and the Board of Education together operate a fully-equipped motor repair shop in which men who wish to become chauffeurs are taught. Men trained in this course conduct a well-patronized business in the town. These men wish a thorough course preparing them as motor mechanics are sent to Vancouver and later to the new work-shops at Esquimaux and Westhaven.

The Military Hospitals Commission has made an arrangement by which crippled veterans are taught driving at an excellent automobile school in evening classes. Then, too, through the generosity of the owner of the school, any disabled soldier may attend his day classes free of charge. Several men from other parts of British Columbia are kept in Vancouver on a maintenance allowance while receiving training.

There is a big field for workmen in this trade in Saskatchewan, as through all the west, and through

are impatient at the delay in demobilization. All soldiers are eager to get home to normal ways of life. It is this desire for normal ways of life that is upon the British and Italian governments.

A fortnight ago every one recognized that Russian Bolshevism was at large and as had been the ambition of the Spartacus party in Germany, it found some justification for the change of front in the attitude of the conference. The German elections offer a basis for the conclusion that Germany will not readily fall prey to Bolshevism, but may prove the barrier between Russian anarchy and the peoples of Western Europe.

Yet while the Bolsheviki's have large and well organized military forces, it is said that the associated powers are taking strong ground with respect to the immediate disarmament of Russia, resort to play for delay by calling a conference—which probably will not be held—with all the various groups representative of Russia.

Rule Paralyzes Industry.

There is a further reflection that merits consideration, and that is the fact that wherever the Bolsheviki are in power in Russia industry is paralyzed and agriculture confined to the cultivation of small areas in limited amounts by peasants for their own needs, whereas in those parts of Russia which have escaped Bolshevism, the crops promise to be well above the requirements, but will offer sufficient supplies and large amounts of foodstuffs for Europe.

All this is put in jeopardy by the encouragement given to the Bolsheviki in the recognition of their status by the associated powers. The action of the conference promises either to inculcate and encourage the Bolsheviki to continue to accentuate the famine which threatens a considerable portion of the Southern zone of Europe.

There is a further consideration which deserves mention. Germany, with her large population of 39,000,000 small property owners, is a nation of social order and docile obedience to constituted authority. It is not fertile soil for the propagation of anarchistic ideas. Bolshevism, which is a social order and docile obedience to constituted authority. It is not fertile soil for the propagation of anarchistic ideas. Bolshevism, which is a social order and docile obedience to constituted authority. It is not fertile soil for the propagation of anarchistic ideas.

Dangers Are Understood.

No one doubts that the representatives of the great powers now assembled in Paris fully appreciate the dangers of Bolshevism. What then, is the explanation of this nervous and timid method in dealing with it? It may be found in the fact that after four years and a half of warring against the forces of anarchy, the associated Powers is willing to face a prolonged campaign and continued hardships in Russia, and none of the nations, except America, is in a financial condition to foot the bill which such intervention would involve.

So, the associated powers, in effect, say: "Russia must stew in her own juice. If all factions in Russia—architects and those who strive for order and liberty alike—will send delegates to meet the representatives of the powers they will be glad to confer with them, provided they cease fighting in the mean time."

It is an open secret that the morale of the various armies has not improved since the armistice. The soldiers

courses are given for war cripples by the University of Saskatchewan. Another course is at the Provincial Institute of Technology and Art at Cambridge. Disabled men so trained come to the front with the average sound mechanic. One soldier, who lost his right arm, is preparing with his chum to have a small four and eight mill in one of the centres of the Peace River district. His course in automobile mechanics and gas engineering will enable him to make up the power plant (stationary gas engine), to run a wood-cutting plant, and to mend automobiles as a side line. His chum will attend to the mill work.

While the wounds of English soldiers and sailors are healing at Queen Mary's Convalescent Hospital at Brighton and Roehampton, they are afforded an opportunity of learning motor mechanics. The workshop at Roehampton is fitted up as a model garage in charge of disabled men, who, besides being skilled instructors, understand the special problems of the war cripples. It is different types of motors, working models of engines, three cone drilling and turning machines, a drilling machine and benches fitted with the latest tools and needed in repair work, are included in the equipment. An electric motor gives power for the machines. The class has a list of 20 home-made motor cars for instructional purposes.

Germany, too, has excellent training courses for war cripples who take up motor mechanics. At Düsseldorf on the Rhine, by the co-operation of the provincial and city administrations and local welfare societies, war cripples are being trained in many skilled trades. Here a course in automobile mechanics was established at the request of the motor repair shop owners who needed workmen who could not obtain able-bodied men. Within a very few months the pupils of the first class had successfully repaired 20 different types of cars, whose mechanisms they understood thoroughly.

Even in far-off India the trade of automobile mechanics took hold of the imaginations of the natives. It must be a curious sight, indeed, to see India's disabled sons repairing an automobile or studying the intricacies of mechanics in the shops that are operated at Queen Mary's Technical School in Bombay. These curly-headed, olive-skinned warriors will not be left on the highways to beg after they served their country, but will be trained for useful trades in which their physical handicaps do not prevent them from competing with able bodied men.

How Criticism Affects the Writer Who "Spices" His Language by Converting Parts of Speech or by Other Improper Uses of Words.

(From the Providence Journal.)

Whatever the English art critics may think about the value of criticism, there can be no question that in some respects it tends to produce a levelling of creative effort. It gives the discerning public something to think about, and at least a crude measure by which to judge the merits of the work of its own various viewpoints. But more than that, it often serves as a tonic or a corrective emulsion to the producing artist.

This seems particularly so in the case of literary criticism. It is generally thought that of all genres, criticism is about the most sensitive, but it should be included to give the palm to writers. As a class, indeed, actors are supersensitives, but they also possess an astonishing amount of emotional resilience. They may carry on fearfully under the smart critical censure, but their spirits are buoyant and their recuperation is rapid. Probably there are very few actors who have ever been whiplashed by the critics into better acting or the elimination of a faulty mannerism. It is as if the actor fortified himself by saying, "Words, mere words," and dismissed all adverse thought that of all genres, criticism is about the most sensitive, but it should be included to give the palm to writers. As a class, indeed, actors are supersensitives, but they also possess an astonishing amount of emotional resilience. FEVERISH OPENING FOR U. S. STEEL

Closed at Loss of Over Three Points—Associated Industrials on Weak End—Marine Preferred Showed Strength.

New York, Jan. 29.—Complete dominance of today's stock market by United States Steel was the logical sequel to yesterday's cut in the steel common "extra" dividend from 2 to 1 per cent.

Associated industrials lost 1 to 3 points, Bethlehem, Crucible and Lackawanna Steels and Republic Iron yielding easily with American Car and Baldwin Locomotive. Motors, coppers and tobaccos dropped 1 to 2 points and specialties were heavy but dull.

Rails were affected by additional December statements of earnings, systems such as Canadian Pacific, Baltimore and Ohio, and Southern Railway showing net decreases of \$900,000 to \$1,500,000 partly offset, however, by the more favorable returns from Bonding, Jersey Central and Nickel Plate.

Two stocks of different calibre, Marine Preferred and Hide and Leather, were conspicuous for their relative strength, holding their substantial gains to the end. Sales amounted to \$58,900 shares.

THIRD DIVISION NOW IN ENGLAND

This Canadian Unit Soon to be Sent Back to the Homeland.

London, Jan. 29.—The third Canadian Division is expected to return from Germany and France this week. Bramshot Camp has been cleared for the infantry and Borden Camp for the artillery. The troops in these camps have been moved to Nipon, in Yorkshire, where a large Canadian construction camp is being opened.

Quotations: Canners cattle \$4.50 to \$6.00 for bulls and cows. Butchers bulls and cows, \$9.00 to \$9.50. Lamb, \$12.00; sheep \$6.00 to \$9.50. Milked calves \$12.00 to \$13.00. Hogs, \$16.50 to \$17.00 for choice selects.

REMARKABLE TALES OF ROMANCE AND ADVENTURE

Queen Elizabeth and the Ring That Was Never Delivered.

Nature was in one of her most wondrous moods when she placed in the heart of the masculine and untidy Queen Elizabeth the desire to be loved and a yearning for the romantic that was never to be wilyly satisfied.

The story of her favorites and their adventures are familiar to the reader of history. But there is one chapter of her attachment to the Earl of Essex which will ever remain among the unsolved puzzles of history. The influence which he exerted upon her administration was eventually to result in a tragic and disastrous end. He was capable of bringing to the throne a man who had been described as one who was "a precious, jealous, petulant, deceitful and vain as any conqueror."

Essex pretended to be the most devoted servant, but there must have been times when the service ceased, because we are told, the wily Elizabeth both heaped the more she courted compliments from those about her. She could not tolerate any one that disagreed with her opinions, and as many persons did disagree with her, it required much restraint and ingenuity to keep from expressing this disagreement in her presence.

The time came when the favorite was in disfavour. Essex was sent by the Queen to quell a disturbance in Ireland. He went with much pomp and ceremony, but he was only partially successful in his mission. When he returned he was coldly received by the Queen, who had not forgotten his ingratitude too much for granted. But if she thought he would sue for peace she was mistaken. He was quite as capricious as she, and he would not be contented with a mere reprimand.

DOMINION BANK SHOWS PROSPERITY

The Year 1918 Brought Big Gain in All Departments Over the Preceding Year.

Toronto, Ont., Jan. 29.—The annual meeting of the Dominion Bank this afternoon was much of a routine nature, the old directors being re-elected and the usual dividend declared. At the close of 1918 the bank's total assets amounted to \$133,500,000, a gain for the year of \$24,000,000. In the immediately available assets there is an increase of \$5,800,000, bringing the sum up to \$63,500,000, or fifty-three per cent. of the bank's liabilities to the public. Strictly cash assets equal to 23.80 per cent. of the bank's liabilities to the public. The rest of the account stands at \$7,000,000, exceeding the paid-up capital by \$1,000,000.

HAVE NOTHING IN COMMON

No Connection Whatever Between Labor Conference at Berne and One at Paris.

Paris, Jan. 29.—There is no connection whatever between the International Socialist and Labor Conference at Berne and the Labor Conference being held here, in connection with the Peace Conference, according to George Nicol Barnes, the British labor member of the British peace delegation. Mr. Barnes said today that a misconception had arisen as to the two conferences, probably because most of the men selected by the parliamentary committee of the Trades Union Congress to advise the British Government on questions of international law regulations happened also to be delegates to the Peace Conference.

REVOLUTION BY AMENDMENTS

(New York World.) How many people in the States that have ratified the National Prohibition Amendment have given a thought to the inevitable effect their action will have upon the American system of government? We have here a dual sovereignty of the Nation supreme in its sphere, the States in their own. The most important expression of home rule in the States is that of police power. At present the police powers of the Federal Government are few, whereas those of the States are unlimited, being a fundamental of their sovereignty never yet surrendered to the Nation.

HOLLINGER MINES PLAN BIG YEAR

Expected That the Twelve Year Period Just Begun Will Produce a Record Operation.

Toronto, Ont., Jan. 29.—It is predicted that the year 1919 will be the best year so far in the history of the Hollinger Mines. It is expected that the twelve month period just begun will see a record operation from the Hollinger Mines of \$40,000,000 of high grade gold reserves, equal to the entire gold output from the Province of Ontario during 1912.

NOTICE OF SALE.

To Robert John Currie, of the City of Saint John, in the Province of New Brunswick, Harness Manufacturer, and Edna C. Currie, his wife, and to all others whom it may in any wise concern:

NOTICE is hereby given that under and by virtue of the power of sale contained in a certain Indenture of Mortgage bearing date the sixteenth day of February, A. D. 1912, made between Robert John Currie of the City of Saint John, in the Province of New Brunswick, Harness Manufacturer, and Edna C. Currie, his wife, of the first part, and William M. Fraser, of the same place, Carriage Manufacturer, of the second part, duly recorded in the office of the Registrar of Deeds in and for the City and County of Saint John, in Book 117, pages 290 to 293 inclusive, under official number 85778, there will for the purpose of satisfying the moneys secured by the said Indenture, default in payment having been made contrary to the provisions of the said Indenture, be sold at auction at Club's Corner, so called, in the City of Saint John, on the first day of February next at the hour of twelve o'clock in the forenoon, the lands and premises mentioned and described in the said Indenture of Mortgage as follows:

"All that certain lot, piece or parcel of land in the Deed or conveyance thereof from William Jack, Esquire, Barrister, recorded in the office of the Registrar of Deeds in and for the said City and County of Saint John, in Book No. 5615, folio 567, 568 and 569 described as situate, lying and being in the said City of Saint John, in the northern part thereof and distinguished on a plan of the said northern part thereof by the number thirty-four (34) containing a front of fifty (50) feet on Brunswick street and extending back at right angles one hundred (100) feet to the rear of the lot fronting on the same street, being the premises described in a certain Mortgage bearing date the 15th day of August, A. D. 1890 and registered in the office of the said Registrar of Deeds in Book P. No. 2 of Records, pages 254, etc., and made between Thomas Berwick of the one part and the Executors of the said William P. Ramsay, of the other part."

Together with all and singular the buildings and improvements thereon, and the privileges and appurtenances to the same belonging, or in any manner appertaining.

Dated at Saint John, N.B., this twenty-eighth day of December, A.D. 1918.

J. STARR TAIT,
Executor and Trustee of Estate of William McKay Esquire.

J. M. Trueman,
Solicitor.

ATLANTIC SALMON HATCHERIES DO WELL.

Over Thirty Million Eggs were Collected from Eastern Ocean.

Complete reports received by the Fisheries Branch of the Department of the Naval Service from the various collecting stations for salmon eggs in Quebec and the Maritime Provinces show the collection of the previous year exceeded by over three-quarters of a million and a total collection of 3,955,000 Atlantic salmon eggs. The previous year's collections were increased at Tadoussac and Gaspé, Que., Miramichi, N. B., and in Prince Edward Island, while there was a falling off at St. John, N. B., and Margaree, N. S.

The success of the hatcheries is more apparent each year in the increasing numbers of salmon that are reaching the spawning beds of the various rivers of the Atlantic coast. During the past season 4,288 parent salmon were captured, for hatchery purposes, in a period of twelve days in the Miramichi river. The collection of salmon eggs was last year resumed with success at Gaspé, Que., and on Prince Edward Island, after having been abandoned for over twenty years on account of the scarcity of parent fish. As a result of the hatchery operations the salmon rivers of these districts, as well as of the Atlantic coast generally, are in a flourishing condition.

Only Three Saved.

Philadelphia, Jan. 25.—Schr Augustus H. Babcock, from New York, Jan. 25, was passed by the Chinese steamer Hwah Yih on Jan. 20, in lat 32° 02' N, lon 62° 10' W, on fire and waterlogged; about six feet of hull was above water, masts and rigging were lower mast standing. Only three of the crew were saved. The captain was lost.

LABORERS APPEAL TO IDLE MINERS

Berlin, Tuesday, Jan. 25.—(By the Associated Press)—The Vorwaerts publishes an appeal to the striking coal miners from the Workmen's Council in the government printing office. The appeal says:

"Coal miners—
"Comrades—Furnish with fuel, its shortage is preventing the production of paper money in the government printing office. If the resulting shutting off of the city's gas supply goes on, wages for the working man and money for the support of unemployed cannot be paid out. Furnish us with coal!"

NUXATED IRON

If you are not strong or well you owe it to yourself to make the following test: see how long you can walk without becoming tired. Next take two five grain tablets of NUXATED IRON three times per day for two weeks. Then test your strength again and see how much you have gained. Most people have made this test and have been astonished at their increased strength, endurance and energy. Nuxated Iron is guaranteed to give satisfaction or money refunded. At all good druggists.

NOTICE FURNITURE SALES AT RESIDENCE.

We are now prepared to bill orders for sales of household furniture at residence. Our experience in handling furniture goods is to get the highest prices for goods of this kind and it is important that you bill your sales as soon as possible to secure good dates.

CITY OF SAINT JOHN, N. B.

AROUND THE CITY
GENERALLY FAIR

ACCOMMODATION TRAIN.
An accommodation train will leave the Union depot this morning at 10.30 to convey to the West Side all passengers booked for the C. P. O. S. Mehta, which sails today.

IS RECOVERING.
The many friends of Rev. J. B. Gaugon, superintendent of Baptist Home Missions for New Brunswick, will be glad to learn that he is recovering from his recent illness.

PLUNGED IN DARKNESS.
The Royal Hotel was plunged into darkness last night around nine o'clock when the fuse in the main switch went out of commission. The break was promptly remedied.

THE FERRY TICKETS.
There has been considerable confusion at the ferry toll houses over two classes of tickets, owing to their indeterminate use and Commissioner Bullock is enquiring into the matter.

TRANSFERRED POSITION.
Hon. Robert Murray, provincial secretary-treasurer, went to Hampton yesterday to transfer the office of records of the registrar of deeds from F. M. Spruille, who resigned, to George B. Hallist.

BROUGHT ENGLISH BRIDE.
Gunner Ernest Flewelling, son of Captain Flewelling, of the Ocean, arrived in the city yesterday from Halifax, where he landed Tuesday. Capt. Flewelling brought with him an English bride.

DONATED TO RED CROSS.
A. C. Skelton, treasurer of the local Red Cross Society, has received from R. S. Sims, vice-president for New Brunswick of the Commercial Travellers' Association, the sum of \$300, representing the commission on Victory Bonds sold at the Imperial Theatre by travellers.

VISIT EUROPEAN MARKETS.
Hon. W. S. Crocker, of the Newfoundland government, is in the city on his way to visit the fish markets of Europe, particularly Spain, Italy, Portugal and Greece, which countries are heavy purchasers from the Newfoundland colony. Mr. Crocker states that Newfoundland is enjoying the most prosperous period in its history.

RECEIVED CONGRATULATIONS.
Commissioner Thornton yesterday received from overseas two letters of congratulation on his recent election to office. One was from Charles W. Scot, now with the Royal Air Force at Regina Park, and the other from H. C. Farmer, formerly with the Western Union, now at Cologne, Germany, with the army of occupation.

QUANTITY EXHAUSTED.
The Standard has been informed by Mayor Hayes that all the empty munition cases at Fleming's foundry have been picked up by eager applicants. Several who called at City Hall yesterday were granted permits to take away these boxes today and tomorrow, but unfortunately the entire quantity has been exhausted.

EXTENSION COMPLETED.
The East St. John water extension has been completed and yesterday morning at four o'clock the water was turned on. This does away with any likelihood of the St. John County Hospital and Municipal Home having so short of water, no matter how cold the weather and will also do away with having to haul water from Kane's Corner, because of the old dip pipe across the flats freezing up.

MILITARY NOTES.
Captain H. O. Edwards, secretary of the Depot Battalion, under Lieutenant Colonel James L. McAvity, has been transferred to the Clearance Service Division under Colonel Spittal.

APPOINTMENTS MADE.
Q. M. S. George P. Hennessey, a former member of the 25th Battalion, has been appointed local secretary of the Knights of Columbus Army Hat work, and with two assistant secretaries will look after the activities of the organization in this centre. Arthur Mahoney has been appointed assistant secretary at the Hat on Cliff Street, and Clement Donovan, assistant secretary at the docks. These are the only salaried positions in connection with the hat and all three appointments are returned men who have done their bit in France.

THE POLICE COURT.
There was a further hearing yesterday morning in the police court in the case of the two C. P. R. truck men charged with the theft of four mufflers. Evidence was given by sergeant Brodie of the C. P. R.; Richard Clark, a C. P. R. constable, and George Beattie, a C. P. R. checker. Further evidence was also taken in the case of Albert Murray, charged with having liquor in his possession, and in the case of John Paris, charged with vagrancy. Both cases were set over until Friday. Further evidence in the case of Beatrice McVane and Harry Mann was heard. K. S. Ritchie for the man.

THREE NEW BRANCHES.
Charlotte county must be flourishing, judging from banking activity in that direction. The Bank of Nova Scotia will in the near future open three new branches there to provide banking facilities for the fishermen and others. These will be at Macer's Day, Deer Island and Campobello. Managers will be selected in a few days, and the necessary office equipment has been ordered.

Tonight at Victoria rink twenty bands are on this program—continuous music. Six of these bands are especially designated "Ladies Bands." The lady skaters are to ask the gentlemen skaters to skate these bands with them.

ST. JOHN IS HEADQUARTERS FOR
FUNDY WRECKING & SALVAGE CO.

R. W. Wigmore, M. P. and Thomas Nagle Are Directors—
J. E. Leahy Plant Purchased — Have Bought Nineteen
Wrecks of Steamers, Some to be Raised Next Summer—
Wrecking Steamer to be Fitted With Most Modern Appliances.

St. John is to be headquarters of one of the most complete and up-to-date salvage and wrecking plants on the eastern Atlantic coast. The entire holding of J. Edward Leahy, including his house on the West Side, the dredge troquela and two hoisting scoops, has been taken over by the Fundy Wrecking and Salvage Company, of which the directors are R. W. Wigmore, M. P., and Thomas Nagle, and it is the intention of the new company to enlarge the plant and go into this business on a big scale. They intend to purchase a steamer fitted with the most modern appliances for the raising and salvage of wrecked steamers, such as is now being used in the salvaging of steamers, and adopt the methods which have proved so successful on the other side of the water.

YOUNG SOLDIER VICTIM OF
FATAL ACCIDENT YESTERDAY

Private Donald Joseph Arsenault Run Over by Heavy
Army Truck on Broad Street—Had Been Watching Military
Funeral—His Body Badly Crushed—Spent Two
Years Overseas.

Private Donald Joseph Arsenault, 18 years of age, who served two years in the service overseas without mishap, was killed in a motor truck accident on Broad street yesterday afternoon about 2.30 o'clock. He was standing on the sidewalk before the St. John Baptist church, watching the funeral cortege of Captain Leo enter the St. James church, about one hundred yards away, and while watching a five-ton C.A.S.C. truck loaded with trunks and boxes approached. Private Arsenault ran into the street to the head of the car, but on foot on the step and in doing so slipped on the icy street and fell beneath the rear wheels. The car was stopped, the rear wheels were jacked up to get the body out and the injured man was rushed to the St. James Military Hospital, but the injuries were found so serious that an operation was impracticable. He was badly crushed about the waist, the internal organs and intestines were ruptured and he died shortly after 5 o'clock.

NURSING SISTER
EDITH SIMS HOME

Was Attached to Harvard
Unit—Served at Camiers
Since May, 1917—Nurses
and Doctors Worked Hard.

Nursing Sister Edith Sims, daughter of John Sims, Manawagonish Road, who reached Halifax Tuesday on the Monagan, arrived home yesterday afternoon and is being warmly greeted by her many friends. Miss Sims, who was attached to the Harvard unit, served at Camiers from May, 1917, until January 2nd of this year, when she left France for England. Speaking to The Standard last evening Miss Sims said it had been a wonderful experience, and one she would not have missed for anything. While it had been strenuous work, the boys who came into the hospitals were so cheerful and ready to graze the best of things, that it had been a pleasure and privilege to do all possible for them. During the months following the big offensive started by the Germans in March last, the work had been very hard, the nurses and doctors sometimes having to work for twenty-four hours at a stretch, but all had been more than willing to do anything in their power to ease the suffering and pain of the brave boys who were fighting so nobly to stem the advance of Fritz in his mad effort to smash through the British lines and reach the Channel ports and Paris. The trip across in the Mesantic had been most delightful, and while she had enjoyed the experience in France she was more than glad to get back to Canada again.

MORE BATHING
ACCOMMODATION

Commissioner Bullock Will
Arrange for Scow at West
St. John—Two Scows Re-
main at Marble Cove.

Commissioner Bullock has practically completed arrangements for more bathing accommodation for the citizens for the coming summer, and it is proposed to locate an additional bathing house scow on the West Side. The two scows which were at Marble Cove last summer will be there again this summer, the wharf having been leased for another season. This will be good news for the many who took advantage of them by being there last summer. The Commissioner also intends to purchase additional dressing rooms and these will probably be built on the wharf.

For the West Side it is proposed to dismantle a bathing scow owned by the city and build a number of dressing rooms on it. This will be for the more advanced swimmers, who do not need supervision and teaching. The beginners will be expected to patronize the north-side scows, where it is hoped the "old reliable" Mark Barza will again be on the job.

BELGIAN RELIEF FUND.
Mayor Hayes yesterday received from Mrs. E. McKeown, the sum of \$50 for the Belgian Relief Fund.

PRISON LIFE
IN GERMANY
IS DESCRIBED

Lieutenant A. J. Cyr in the
City — Tells Interestingly
How He and Others Were
Used in Hun Prison Camps.

Among the returned officers in the city lately was Lieutenant A. J. Cyr, of Edmundston, N. B., who was for a time a prisoner of war in Germany. He along with Lieut. Alfred Belliveau, son of Professor Alpheus Belliveau, of the Provincial Normal School, Fredericton, were shot down by the Germans in the early part of last August while they were flying over the German lines. Both happily are now liberated and home again. A strange coincidence is the fact that they both were shot down on the same day, and after spending a few weeks together in German prison camps they were separated. Lieutenant Cyr never sighted his brother officer until while in England they met on the street. They returned by the same steamer, and landed in this port on last Sunday morning. Lieutenant Belliveau went immediately to his home in Fredericton, and the other returned to visit his brother, Father Cyr, near Bathurst. Relating some of his experiences behind the German lines Lieut. Cyr mentioned the fact that he was strongly impressed with the great espionage system of the Germans, who in many cases asked him how this or that officer was, and how many men had he? Such questions were not unusual whatever, as they appeared fully cognizant of the strength and movements of the Allied troops in the line of the fighting areas. While a prisoner he was used fairly, but was constantly guarded. Before being placed in a sort of house for confinement he was thoroughly searched. "Don't worry," he said, "at night his room was locked and occasionally visited by the guards to ascertain if their prisoner was yet in their keeping."

Relative to the food, he was always kept hungry, being given one-half pound of black war bread per day, and mangled soup every four days. There was another food commodity and the only drink was barley soup flavored with meat. They were given no duty, being officers, but on the contrary with the men in the ranks they were rushed out to aid in the battlefield in carrying the wounded and doing other work and in this avocation were even killed by their own comrades, who were unacquainted with their presence in the ranks of the Hun army. Lieut. Cyr was shifted about from time to time, and officers haughty in demeanor, just and about. At one point prevailed in the case of an officer who treated him very kindly, and from whom he learned that he had left the army in 1917, had been for a number of years a music professor at McGill University at Montreal, and had spent five years in Canada. His training in Canada," added Lieut. Cyr, "must have civilized him, as he was exceptionally kind and generous to me." When he needed any little commodity, he said, this officer always endeavored to procure for him, and most often in a friendly manner, just as if he were a civilian. Of the rest he had nothing to relate but brutality and barbarism, and plied the poor lads in the ranks who were wretchedly made slaves in the commercial interests of an unscrupulous Germany.

When telling of his experiences behind the lines he spoke of the treatment afforded the captives in transit from place to place. The medical utilization in transporting them was fourth rate colonial care, somewhat like cattle cars, and on one journey they were kept half starved. Once over the country took a period of six days to cover, and during this time they were closely watched so as to prevent any possible escape. All prisoners were rushed around from place to place obviously, since they might gain a sufficient knowledge of the locality to make their escape, many had done so in the future, and this mode of shifting them he believed was simply to keep them ignorant of the natural surroundings with many of them was incoultured, and put through several examinations, being searched at each and every time thoroughly searched for fear that they might be concealing weapons or other devices for the extermination of the guards. Their very bodies were closely scrutinized by the Huns, for reasons which he did not know, but obviously since many of the lads had escaped through sources which he believed the Germans; and to guard against other escapes they were especially scrupulous.

Of the rest of his life behind German lines he could relate volumes, but remained rather reticent. However, he was glad to return to Canada, and after a three months' leave will report for duty again, presumably gaining discharge from the service. On his return to civil life he will resume his law practice near his home town. Lieut. Cyr was a former member of the 165 Acadian unit, under Lieut.-Colonel D'Almeida, and when overseas was transferred to the Forestry corps, but desiring action transferred again into the Royal Air Force Canadian Division. He left yesterday morning on route to visit his brother, the Rev. Father Cyr, who is stationed near Bathurst. Afterwards he will proceed homeward to spend his leave.

Mrs. E. A. Burdick-Hamm, National Immigration Secretary of the Y. W. C. A. of Canada, who has been in England on organization work under the Canadian government, relative to the placing of Y. W. C. A. secretaries on ships carrying soldiers, arrived in Halifax on the Metacomb on the 29th, and after spending a day in St. John will proceed to Ottawa and Toronto on official business. Mrs. Burdick-Hamm will return immediately to England.

There will be a special matinee performance of the play "Within the Law," at the Opera House this afternoon, starting promptly at 2.30. Tickets to all parts of the house 25c, nothing reserved. There are still some good balcony seats left for this evening's performance of the same play, but you are advised to secure them early. The matinee is a question of all seats being taken by evening. The balcony seats are 50c, family circle or gallery 25c.

Cook with Kerosene Oil—
The Fuel of Real Economy
Coal is high and scarce, Kerosene cheap and plentiful. Remember, too, that the Oil Burns only while in use. For better cooking results with less oil, use
The NEW PERFECTION
OIL COOK STOVE
The touch of a match, and almost instantly, you have a powerful working flame, steady and quickly regulated. The tall blue chimney intensifies the heat, directing and holding it just where it is needed.
PRICES: 2 Burners, \$18.75; 3 Burners, \$24.25; 4 Burners, \$30.75. Ovens and Cabinet Backs Extra.
