

COAL STRIKE IS NO NEARER A SETTLEMENT

Three Hours' Conference Between Parties Concerned Fails of Agreement.

OWNERS MAKE NEW PROPOSAL TO MINERS

Willing to Forego All Profits for the Next Three Months.

London, April 26.—A three hours' conference today between the miners and the mine owners, with Sir Robert Stevenson Horne, chancellor of the exchequer, presiding, brought the disputants in the coal strike no nearer an agreement, although the mine owners amended their proposals.

However, hope was expressed to-day over the fact that the miners had agreed to meet Sir Robert, Wednesday morning, after which the chancellor will have another separate conference with the mine owners.

In a statement issued after today's conference the miners' federation says that on both the fundamental issues at stake—a national pool of wages and a wages board—the mine owners' new proposals represent no advance at all toward an agreement.

What Owners Propose

The proposals of the owners were as follows: That for a temporary period any change in wages shall be on a flat-rate basis in all areas. That wages rate shall be calculated on the area instead of the district basis. That the owners shall forego profits for three months.

What Miners Say

Of these proposals, the miners say: "First, the miners' demand for flat rate advances and reductions on a national basis are in no way met; second, that the areas are only a minor variation from the old districts; and third, that capital, having always based its claim to reward on the assumption that it takes the risks of the industry, it should bear losses in times of depression as it reaps profits in good times."

Huge Monthly Loss

Sir Robert Horne at the conference produced figures showing that during March, the last month of government control of mines, there was a loss of 5,259,399 pounds sterling on the month's working, without allowing for owners' profits, depreciation or interest. Coal cost 35 shillings, one penny per ton, of which 27 shillings, nine pence were paid as wages, while the money received for the coal was 32 shillings one penny.

There was a long discussion of these figures, and on the question of this reduction in wages necessary to cover the deficit, of which Frank Hodges, Secretary of the Miners' Union, declared:

The Real Crisis

"If the government does not provide a substantial portion of the deficit, the workmen must accept wages below the living level, or the dispute will continue until the men are starved back to work. Sir Robert Horne replied that he did not know where the money was to come from to fill the gap between the reduction of two shillings per day to which the miners were willing to submit and the point at which the entire industry could stand it.

Mr. Hodges insisted that the reduction shall be national in character, pointing out that the advances during the war had been given uniformly nationally.

Refuse to Handle Coal

London, April 26.—The National Union of Railwaymen has instructed its members not to handle coal from colliery sidings or from overseas, Sir Eric Geddes, minister of transportation, announced in the House of Commons today. He characterized the order as a grave step. Such coal, the minister said, was absolutely necessary to the life of the community, as it was needed to provide a fair minimum for household use and to continue the essential public utilities, such as sewage, water, gas, electricity and transport.

"To Starve the Nation"

To prevent the delivery of such coal, Sir Eric declared, was an attempt to starve the nation, and no government could allow the nation to be so coerced.

Sir Eric stated that he had invited the general secretary of the National Union of Railwaymen to meet him, and he hoped for a good result from the meeting.

Rubber Co. Profits

Montreal, April 26.—At the annual meeting today of the Canadian Consolidated Rubber Company, Limited, another record year's takings for 1920 was shown with net sales of \$36,472,824 an increase of \$4,512,585 over 1919. After deductions the net profits were \$1,257,168 as against \$1,751,696 for the previous twelve month period. After payment of preferred dividends there was left a balance of \$1,077,166 or 38.3 per cent on the common stock against nearly 55 per cent in 1919.

ESKIMO MURDERER MAKES HIS ESCAPE.

The Pas, Man., April 26.—Ouangwak, the Eskimo murderer, who to secure a wife, killed two of his fellow tribesmen, has escaped from the mounted police at Chesterfield Inlet and is now at large in the Arctic region, according to word brought here by trappers. Ouangwak was brought out to civilization a year ago to stand trial for the murders, but was ordered back to the scene of his crime to be tried where the witnesses were more easily available.

BUILD A TOWER TO KEEP CLOSER WATCH ON FIRES

Province of New Brunswick Will Have Better Fire Protection System.

BISHOP TO HELP TO TEACH CAUTION

Railway Engines Being Inspected and Some Are Found Defective.

Special To The Standard, Fredericton, N. B., April 26.—The advisory board of the department of lands and mines met this afternoon and gave consideration to a number of matters connected with the fighting of forest fires, as well as other items of departmental business.

Foresler's Report

The chief forester presented a report upon what had been done with respect to fire protection and what was intended. The report covered a variety of matters. The Canadian forestry exhibition car will visit New Brunswick for the month of May covering the Counties of Restigouche, Madawaska and Gloucester. Eight forest wardens, in addition to the rangers, will control burning in the Albany, St. John, Wilford, Settlements and other French settlements along the International Railway. A separate fire warden has been appointed in the Albany and St. John Settlements and an additional number of fire wardens in Victoria county, where trouble was encountered last year. On the International Railway a change has been made in railway patrol so that power speeders will follow the freight trains from each end daily.

Watch Dry Season

Trout broken Madawaska county, considered dangerous territory, will have two special wardens when the dry season begins. The inspection of locomotives has begun earlier than usual, eighty-eight inspections having been made already at ten of thirty-four round-houses, forty-eight locomotives being found defective and defects remedied.

Bishop to Help

Bishop Chabon of the Roman Catholic diocese of Chatham, at the request of the department, has sent a very strong letter to his clergy to be read in all his churches, urging the people to take precautions regarding fire. A sixty-foot look-out tower has been completed near Plaster Rock to cover about 2,000 square miles of forests and dangerous settlements on the Tobique water-shed. The land is owned by the New Brunswick Railway Company, Fraser Companies, Ltd. and the Crown. Both of these companies have approved of location and assisted in construction.

Bank Only Building This Tornado Left

Missouri Town Entirely Wiped Out by Cyclone That Killed Several Residents.

Hattiesburg, Miss., April 26.—A tornado hit the town of Braxton this afternoon and demolished every business house except the bank. There was no wire communication between here and Braxton, but reports from Mendonhall, the county seat of Simpson county, in which Braxton is situated, said eight persons had been killed and a number injured. Braxton is a town of about six hundred inhabitants on the Gulf and Ship Island Railroad, thirty miles from Jackson.

WEST WOULD BAR CHINESE FROM CANADA

Vancouver Member Tells Commons Nation is Evading Dominion Regulations.

REFUSE LAND LEASES TO THE ORIENTALS

Hon. Mr. Calder Thinks Canada Should Make Loans to Farm Settlers.

Ottawa, April 26.—The problem of Canada's immigrant tide was much before the House of Commons today. Hon. J. A. Calder, minister of immigration opened the discussion by outlining present difficulties and how the government had sought to meet them. He agreed that people should be encouraged to settle; the barring of immigration was impracticable. But in view of present unemployment, was it wise to bring more workers into the country? Yet Canada still had huge areas of land ready for settlement and the railways' problem could be met only by more traffic.

Loans For Settlers.

As to land settlement, there would, in Mr. Calder's view, be no solution of the problem till the state was prepared to step in and make loans to settlers. It was probable, however, that the time for adoption of such a course had not yet come. During the ensuing debate, H. H. Stevens, member for Vancouver Centre, made a vigorous attack on Oriental immigration. He advocated an exclusion order against Chinese immigration (except in the case of business men) and urged that the Chinese Government be informed that an exclusion order had been made necessary by Chinese evasions of Canadian regulations.

Strain the Law.

The immigration agreement between Japan and Canada had been pretty well observed, but it had been strained sufficiently to justify Canada in refusing Japan an extension of the agreement, an exclusion order would be issued. "In renewal of the Anglo-Japanese treaty," Mr. Stevens declared, "the Dominion Government should reserve the right to refuse to deal with Japanese nationals within Canada." The people of British Columbia held that Orientals should be prevented from controlling land by ownership or lease. No Canadian could hold land in Japan.

Paying No G. T. R. Bills

Ottawa, April 26.—While the Grand Trunk matter is up in the air as at present, the government is not meeting any Grand Trunk payments owing to the railway. "The Grand Trunk," stated Sir Henry Dwyer, minister of finance, to Canadian Press, Limited, tonight in reference to statements that the government would not meet interest payments due on May 1.

Research Bill Passes

Ottawa, April 26.—First reading was given the bill to amend the research council act and providing for the establishment of a national research committee when the House opened this morning.

PRESIDENT HARDING'S WISH

Washington, April 26.—The example of Canada and the United States dwelling alongside one another with out fortifications for 100 years was pointed to as one other nations might emulate by President Harding in an address at an Oddfellows meeting here tonight in celebration of the 102nd anniversary of the order.

FAULTLESS LOVER TO PAY

Montreal, April 26.—For breach of promise of marriage, Pothos Laram, 70 years of age, was condemned by judgment of the superior court here today to pay to Anilda Racine, widow, 55 years of age, \$190 damages.

DOCTOR NOT CARELESS

Montreal, April 26.—The court of appeals today unanimously reversed a judgment of the superior court condemning Dr. George Dupont to pay to Charles St. Martin \$3,000 damages in an action taken by the latter to recover \$10,000, alleging that he was burned and injured in October, 1916, while under X-ray treatment at the hands of the doctor.

TODAY'S ICE REPORT

Montreal, April 26.—Shipping reports on ice in Gulf of St. Lawrence today are:—S. W. H. Tibford, ten miles south; Magnetic from Cape North passing through field ice and small growlers; sense fog.

DEFEAT LIQUOR AMENDMENTS.

Halifax, April 26.—The proposed amendments to the Nova Scotia Temperance Act were discussed in the House of Assembly today. The most important amendment which proposed to increase from twelve to twenty-four ounces, the quantity of liquor to be issued on a prescription, was thrown out. Other amendments defeated were:—To grant veterinary surgeons the privilege of keeping on land one quart of liquor and to grant druggists permission to sell four ounces. Permits to druggists and doctors where there are no vendors will not be issued.

World News Today

CANADA

Lively debate on Oriental immigration takes place in the House of Commons.

Decision in the Mrs. Perry case will be at Vermont, N. S., on Friday morning next.

UNITED STATES

Missouri town is wiped out by a cyclone and one building, the town bank, is left standing; several are reported killed in the smash.

Secretary Hughes in conference with the Allied ministers in Washington on the German note.

THE BRITISH ISLES

Situation in the mine strike in England is more critical again since the conference yesterday between the parties concerned.

EUROPE

France gives Premier Briand full authority to invade the Ruhr basin on May 1st if the Germans fail to give satisfaction.

German people, knowing text of note from the United States, are hopeful America will intervene.

AMERICA MAY BE GUIDED BY ALLIES' VIEWS

Secretary Hughes in Conference With Ministers While Awaiting Note.

NOT LIKELY ALLIES WILL FAVOR TERMS

Germans Know Text of Message and Are Hopeful of Mediation.

Washington, April 26.—Events here today indicated clearly that the United States in replying to Germany's counter-proposals on reparations would be guided by the views of the Allies.

Secretary of State Hughes conferred late today with each of the Allied diplomatic representatives discussing the present time and interesting communication which was received early in the day from United States Commissioner Dreesel at Berlin.

The foreign envoys immediately reported to their governments by cable, and it was understood that the framing of a reply to Germany would await the outcome of these exchanges.

Belgium, April 26.—The German people now know the new proposals which the German government submits to the Allied Powers through the mediation of the United States.

London, April 26.—The depositions of fourteen witnesses were taken at today's inquiry at Bow Street Court into the charges of cruelty against the following German officers:

Lieutenant Commander Neumann, commanding the motor launch "Leticia" for sinking the hospital ship "Dover Castle" on May 8, 1917.

Captain Huppmann and Muller and non-commissioned officers Hein and Remann for cruelty and inhuman treatment of British prisoners in German prison camps.

The trial of these officers will take place at Leipzig at the end of May, under the Versailles treaty.

Prison Camp Cruelty

Today's depositions were chiefly retellings of statements already published concerning the German treatment of prisoners. Main interest centered in the testimony against Captain Muller who was commander of the prison camp at Flavy-Le-Martel, near St. Quentin, where a thousand British soldiers were confined early in 1918.

The witnesses stated that the prisoners were herded into three huts utterly inadequate to accommodate them and that the general sanitary and food conditions in the camp caused the illness and death of many prisoners, whose sufferings were horrible.

A Second Charge

Muller also was accused of inflicting bodily injury on prisoners by riding them down on a motor car.

During cross-examination the German attorneys attempted to show that the food given the British prisoners was better than German rations.

That Muller tried to improve conditions when he assumed control of the Flavy-Le-Martel camp.

Caucus Silent On Shaughnessy Message

Spent Entire Morning in Discussion of Premier's Conference Policy.

Ottawa, Ont., April 26.—The course to be followed by Government speakers in tomorrow's debate on the matter of the Prime Ministers' conference was discussed at a caucus of government members and Senators held this morning. Beyond this there was stated to have been a discussion of general matters coming before parliament. So far as could be learned there was no discussion at this morning's caucus of Lord Shaughnessy's memorandum regarding the Grand Trunk Railway, though it had been expected that this would have been brought up.

DEFEAT LIQUOR AMENDMENTS.

Halifax, April 26.—The proposed amendments to the Nova Scotia Temperance Act were discussed in the House of Assembly today. The most important amendment which proposed to increase from twelve to twenty-four ounces, the quantity of liquor to be issued on a prescription, was thrown out.

FRANCE WILL OCCUPY RUHR BASIN MAY 1

Unless German Proposals and Guarantees Are Acceptable Army to Move.

DEPUTIES GIVE FREE HAND TO BRIAND

Premier Thinks Appeal to United States Only "Dodge to Gain Time."

Paris, April 26.—The Chamber of Deputies today gave Premier Briand full liberty of action after hearing his report on the reparations conference and his declaration: "If on May 1 satisfactory proposals with acceptable guarantees are not made by the German Government the Ruhr will be occupied."

The Chamber voted confidence in the Government, 424 to 29, with 59 deputies abstaining from voting.

Confidence in Washington.

M. Briand said he had full confidence that if the Washington Government decided to transmit the German counter-proposals they would be such as to safeguard the interests of the Allies on reparations.

"But," he added, "there is another violation of the treaty of Versailles which Germany cannot invoke the impossibility of fulfilling, namely, disarmament, which she has failed to carry out."

Andre Tardieu and M. Mandel formerly Clemenceau's chief of cabinet led the attack against Mr. Briand after the Premier had concluded his declaration. M. Tardieu asked for the immediate discussion of the interpellation whether the occupation of the Ruhr was for the enforcement of the treaty of Versailles or the Paris January agreement.

Silent Until May 1.

The Premier refused to discuss the matter before May 1, and made it a question of confidence in the statement Mr. Briand said that France and Great Britain were completely in agreement so far as that principle of coercive measures were concerned. He reviewed all violations by Germany of the treaty, laying especial emphasis on Germany's failure to disarm in accordance with the treaty, her refusal to pay one billion gold marks on March 23, failure to transfer her gold reserve, and non-payment of twelve billion gold marks remaining due on May 1.

Another Dodge.

The Premier declared that the German proposal that Washington mediate was "another dodge to gain time," and continued: "We have confidence in the loyalty and perspicacity of the Government of the United States to take only such initiatives as it is certain are in conformity with the interests of the Allies. But so far as France is concerned, our dispositions are taken for the day when the debt becomes due." This was greeted with cheers from the Chamber.

Allies Work Together.

"But we wish to do nothing without first consulting our Allies," the Premier went on, "and on April 20, when the conference meets in London if Germany has not made appropriate propositions we shall submit to our Allies the practical means we have decided upon in order to obtain payment of our just claims."

M. Briand went from the Chamber to the Senate, where he made essentially the same declaration.

TEA MERCHANTS CUT ORDERS

Shanghai, April 26.—Due to depression of the tea market in China, the Kiuwen Tea Guild, composed of thirty of dealers in black tea in Shanghai, announced in February that no orders would be placed with country dealers in the next twelve months. It was reported that similar action would be taken by guilds of dealers in other varieties of tea.

COMPLETE HEARING THURSDAY

Ottawa, Ont., April 26.—It is expected that public hearings for the taking of further evidence by the parliamentary committee on pensions and soldiers' re-establishment will be completed by about Thursday of this week.

TORONTO "WET" BY 9010.

Toronto, April 26.—The final figures of the referendum compute Toronto on the "wet" side by a majority of 9,910.

WATERPILL

FOR THE

DIED.

ERVINE—In this city on April 25, 1921, at his home, 77 Water street, West St. John, Robert B. Ervine, aged 34 years, son of the late Mr. and Mrs. William G. Ervine, leaving two brothers and two sisters to mourn.

(Boston and New York papers please copy).

Funeral on Wednesday afternoon from the late residence. Service at 2.30 o'clock. Friends invited to attend.

ALLAN—On April 25th, at his late residence, 80 Stanley street, Robert Allan, son of the late John and Isabella Allan, in the 82nd year of his age, leaving five daughters and two sons, and one sister. (Boston papers please copy).

Funeral Thursday afternoon at 2.30 o'clock.

HUGE FELT SALES.

Montreal, April 25.—Sales of the Consolidated Felt Company of Canada last year amounted to \$1,749,583, an increase of \$215,554, but cost of operation increased to such an extent that net profits were out of all proportion to earnings.

After bond and other interest was paid there was left \$20,722, to pay a preferred dividend equal to \$30,000. This was passed and the amount added to a previous surplus, bringing present one up to \$343,637. Current assets are \$455,373 compared with \$444,446 in 1919 and current liabilities at \$520,382 compared with \$760,308 in 1919.

J. B. M. Baxter, Marshall P. L. Thompson, Steward.

Those present were duly installed into office and Grand Council closed its annual meeting.

May Use Oven To Cook Entire Meal

If baked food is planned as part of the dinner, the oven may do double or triple duty and save the whole meal, according to the food specialists at the New York State College of Agriculture.

Most oven-cooked foods have a richer flavor than the same foods prepared in other ways, and it is thought that they are also more digestible.

An oven to go over one burner of a gas or oil stove is large enough for a family of three or four persons, and its frequent use cuts down the fuel bill.

Here Are Five Meals.

Menus for oven dinners are here suggested, and may be varied according to individual taste:

Salmon loaf, scalloped potatoes, and brown Betty.

Casserole of rice and beef, baked squash, and coconut custard. The custard is put in with the casserole and the squash, and taken out to cool while the rest of dinner is cooking.

Hamburg loaf, corn pudding, peach dumpling.

Macaroni or spaghetti, with cheese and tomato, biscuit, and apple tapioca.

Chops, baked potatoes, cottage pie. A salad, soup or sauce may be served with any of these dinners, adding to the food value and making a more elaborate meal.

REBELS BURN PROPERTY.

Mexico City, April 26.—Several houses and stores were burned in the village of Villapando, state of Michoacan, on Sunday night, when a small rebel band, headed by Daniel Ruiz, raided the place. The rebels out of all proportion to earnings.

After bond and other interest was paid there was left \$20,722, to pay a preferred dividend equal to \$30,000. This was passed and the amount added to a previous surplus, bringing present one up to \$343,637. Current assets are \$455,373 compared with \$444,446 in 1919 and current liabilities at \$520,382 compared with \$760,308 in 1919.

Those present were duly installed into office and Grand Council closed its annual meeting.

WHAT CANDLEING SHOWS.

When eggs are candled, and show a pale greenish hue, and the yolk wobbles around in a weak, watery white, they are called a "grass egg."

If cooked they have an unpleasant flavor. When a hen is made sick eating too freely of grass, she lays this kind of eggs.

Oldest Poilu In France Dead

Chas. Suruge, Aged Eighty-Two Served Throughout the World War and Won Medals

Paris, April 26—Charles Suruge, the oldest poilu of France, veteran of both the Franco-Prussian and the World War, died here today, aged 82 years.

He served as a volunteer throughout the War of 1870-71, volunteered again in 1915, at the age of 77, and was assigned to duty as a sapper. He joined the army at Bouchemme and was in constant service thereafter. He was cited in orders three times, was made a second lieutenant after the Verdun campaign, awarded the Legion of Honor in 1917, and made an officer of the Legion in 1919.

CRUDE OIL UP

Pittsburg, Pa., April 26.—The price of Pennsylvania and other grades of crude oil was advanced from ten to twenty-five cents a barrel, it was announced by the principal oil purchasing agencies here today.

"We can all help to be declared, "by devoting our resources and so that we may become of other countries and right themselves we export our share of goods."

He referred to the fact that through the English-speaking world the year has been one of anxiety and unrest. Anxious feeling that the socialistic tendencies which many of our people are becoming imbued may develop into anarchism and communism which at the present time are the curse of European countries.

He referred to the unrest, which has been stirring Europe ever since the close of the great war and expressed the hope that peace and sanctness would soon be restored. He said we should be grateful that here in the province of New Brunswick the unrest had not even touched our threshold. He urged the members to inculcate a sure faith in the future of Canada and hold fast to the principles for which Masonry stood.

His expressed regret for the death of the following members during the year: Restigouche Lodge, No. 25, John E. Edmond, W. M.; Lebanon Lodge, No. 28, R. C. Williams, P. M.; St. Mark's Lodge No. 5, James A. Shirley, P. M.; The Union Lodge of Portland, No. 16, Sir Beekie McLeod, P. G. D. of C.; Woodstock Lodge, No. 11, Edmond L. Hagerman, P. J. G. W.; Alley Lodge, No. 14, Horatio H. Polters, P. M.; Lodge St. Andrew, No. 16, Frank Curran, P. M.; Keith Lodge, No. 23, Charles W. Bradley, P. M.; Lt.-Col. George H. Pick, P. M.; Benjamin Lodge, No. 21, Joseph B. Porter, P. M.; Abraham E. Bapke, P. M.; Alexandria Lodge, No. 5, William Rickard, P. M.; Carleton Lodge, No. 35, William J. Smalley, P. M.; Albion Lodge, Charles Thomas, P. G. T. of S.; Hiram Lodge, No. 5, Thomas S. Wilson, P. J. G. W.; Alexander H. Boyd, P. J. G. D.; John R. Walker, W. M.

Official Visits

On the invitation of the Grand Lodge of Maine, R. W. D. C. Clark, past grand master, attended the celebration of the one hundredth anniversary of their lodge, where he was royally entertained.

The grand master reported witnessing the conferring of the master mason's degree on two candidates at Sussex on November 1; the first degree at St. John's Lodge, on November 2; the third degree at Carleton Union Lodge on November 4; the third degree at Corinthian Lodge, Hampton, on November 5; the first degree on two candidates at Alexandria Lodge, Devon, on November 15; the third degree at Hiram Lodge, Fredericton, on November 16; the installation of St. W. Brother Edgar W. Blair, as district deputy grand master and the conferring of the entered apprentice degree at Woodstock on November 17; the entered apprentice degree at Florenceville on November 18; the third degree at Albion Lodge, St. John, on December 3; the

ST. JOHN, N. B., WEDNESDAY, APRIL 27, 1921.

WHY THE DELAY?

The announcement that the Hon. William Wilson, ex-judge of the York and Sunbury County Courts has been appointed revising barrister in connection with the registration of voters in that constituency calls attention to a situation that is peculiar, to say the least, and one which might perhaps be enquired into with advantage.

Judge Wilson—to give him the style by which he is best known—reached the age of retirement some weeks ago, and early in March last received a notification by wire from Ottawa that he had been retired on full pension. Rumors that he had been retired had reached the Judge's ears, but he had had no intimation of any kind from Ottawa on the subject, and as he was desirous to perform his duties, he deemed it wise to ascertain his position in the interests of the validity of the proceedings then taking place before him. The telegram was in reply to his enquiry.

About a month earlier—it is said on the 10th of February—Mr. A. R. Slipp, K. C. of Fredericton received a wire from Ottawa asking if he would consent to his name going before the Cabinet for the York County Court Judgeship, Judge Wilson not having at that time any notification of his retirement. Mr. Slipp forthwith wired his consent to his name being put forward.

A few days prior to this, a convention of the Conservative party in York-Sunbury had been called for the 12th February to select a candidate for that constituency to fill the vacancy caused by the death of Col. H. F. McLeod, and the name of Mr. R. J. Hanson, K. C., who happens to be Mr. Slipp's law partner, was freely mentioned in connection with the candidacy. A certain section of the party, however, had by some process of reasoning best known to themselves, come to the conclusion that the interests of York-Sunbury had not been properly looked after for some time, and that in order that they should be, it was desirable that they should be, it was desirable that a business man should be sent to Ottawa as the constituency's representative. A prospective candidate of that particular persuasion was fortunately to hand in Mr. J. D. Palmer, the President of the Hart Boot and Shoe Co., and a prominent member of the Canadian Manufacturers' Association, who was known to have entertained political aspirations of sorts for some time. He readily consented to become a candidate and his selection by the convention was looked upon as a foregone conclusion, the wing of the party supporting him pronouncing him to be "the only logical successor" to Col. McLeod.

Everything was looking lovely for the convention from a business man's standpoint, but as the results showed, it turned out to be one of those instances where a well laid scheme went awry. The idea that a business man representative was so much a necessity for the welfare of the constituency did not appear to be as generally held as some seemed to think it was, for Mr. Palmer was beaten two to one on the balloting that took place, by Mr. Hanson. The result came as a great surprise to the "business man" section of the party, in fact to use a colloquialism, they got quite a jar.

And just here is where the peculiar part of the situation begins. The urgency which seemed to be apparent in connection with the offer to send acceptance by Mr. Slipp of a nomination for the judgeship appeared to die away with the visit to Ottawa of some leading members of the defeated section of the party immediately following the convention, and speculation is now rife as to what is holding the appointment up. County Court business is at a standstill in York-Sunbury and Queens, as a consequence of there being no Judge to attend to it, and great inconvenience is being caused to litigants who have suits pending. Why was Mr. Slipp so urgently called by wire in the middle of February, and Judge Wilson so summarily retired on March 3th, for what now looks like no apparent reason? If there really was no urgency, it was a peculiar course for the Department of Justice to take; if there was urgency, what "washed" the situation?

The whole business seems to contain all the elements of a scandal. That something is holding the appointment up is quite evident; and if this something is due to political influences, it is highly discreditable to all those concerned, both at Fredericton and at Ottawa. The position is vacant and badly needs filling, as witness the temporary appointment of Judge Wilson to perform some of the duties pertaining to it; and politics in York County must have come down to a pretty low plane if trafficking in judgeships has become an element in the game.

HON. MR. CRERAR'S VIEWS

Like his confrere, the Hon. Mackenzie King, the Hon. T. A. Crerar is an adept at the art of suiting his public utterances to his audiences. In the House of Commons on Monday night he described the claims of the Eastern Provinces to a proprietary interest in the natural resources of the three prairie provinces as "absurd and unfair," adding that if such a position was correct, then the prairie provinces are nothing but Crown colonies to the rest of Canada. Mr. Crerar is announced to speak in York County this week, and it will be interesting to notice how he deals with the question there, and whether he will tell Maritime Province people to their faces that they are "absurd and unfair." If he does it will not help the cause that he is coming to aid very much, it is perhaps not very likely that he will refer to the matter at all, unless he is questioned with regard to it; he is wise enough not to deliberately look for trouble. But it should be put up to him nevertheless.

If there is anything absurd about the matter, it is his manner of dealing with it. He asks for a "return to the Western Provinces of their natural resources, and for an accounting for the lands alienated from them by the Dominion Government." These provinces cannot have "returned" to them something that they never owned, nor can anything they never possessed, have been "alienated" from them. The natural resources of the Maritime Provinces belong to them because they always owned them, even before Confederation. As part of Confederated Canada, these provinces on Confederation became entitled to an interest in such natural resources as the Dominion Government had not already included in other provinces. When the new Western Provinces were established, they were given such rights and interests as the Dominion Government thought fit, and their natural resources were not included. How therefore can these now be "returned" to them?

NEW LABOR ALIGNMENT.

It is idle to speculate as yet upon the new alignment of labor forces in Great Britain which the failure of the Triple Alliance to secure joint action in the case of the coal strike renders necessary. The situation is more complicated since the order issued yesterday instructing railway men not to handle coal from colliery sidings or from overseas.

It is very evident that the reaction to the strike call from the rank and file of the railwaymen and transport workers held out no prospect of a unanimous strike, and no strike which was not, could be successful. The leaders, therefore, preferred no strike at all to one which was foredoomed to failure.

The question does not touch upon the justice or injustice of the miners' cause. The other workers shrank from the social consequences bound to follow from an attempt by them to vindicate that cause.

This experience marks a definite swing away from the idea of a general strike to enforce a labor demand on the economic field. This idea has kept on growing until it gradually permeated the labor movement as a whole, and controlled its mechanism. But the development did not carry the consent of the workers, to the degree necessary to have it successfully applied in practice.

There is a strong feeling among workers that the general strike aims at one thing and his another, that it aims at the betterment of the worker's condition in certain specific directions, and really hits the fabric of society of which he is himself a member as much as anyone else.

No thinker either scots or froths at the mouth at revolutionary propaganda. An appeal to force is not always wrong because it is an appeal to force. Although in a democracy which is true to itself, it is always wrong because it is never necessary. But everyone has a right to ask that revolutionary propaganda should stand on its own feet. If the general strike is a method of bringing about a revolution, well and good. Let it be advocated as such, not as a method of bringing about something else short of revolution.

The French strike to bring about nationalization of the railways was a complete failure, and British labor has declined the attempt. Where the French Confederation failed, it is not in the least likely that the British Triple Alliance would succeed.

So far as British prosperity is affected by the condition of its coal-mining industry, the situation is unchanged by the sudden and startling development in the tactical situation. Coal mining is a basic industry on which much of Great Britain's manufacturing, trade and commerce depends. The people of Great Britain

cannot afford to leave the industry in the condition in which the Sankey Commission found it to be. And while they may not be disposed to adopt the remedy proposed by that commission, they must in some way curb the degenerative forces in the industry which brought it about, or face extinction as the greatest of manufacturing and maritime nations.

WHAT OTHERS SAY

An Upper Cut.
 It is no argument against the embargo on Canadian live stock to point out that Lord Beaverbrook was imported on the hoof.—Punch.

A Man With a Load.
 Those of us who feel like complaining of the troubles and perplexities crowding upon us should consider the case of Lloyd George and be thankful.—Hamilton Herald.

Not Helping Much.
 Politics may be a "rotten game," as Hon. Mr. Baggis suggests, while rubbing his hands, but it cannot be said that he has helped materially to cleanse the rotten spots by handing out a juicy contract to a "friend" without going through the formality of inviting competition.—Toronto Telegram.

Evil Furnishings.
 Chinamen in New Brunswick are protesting against a legislature enactment to make screens and stalls in restaurants illegal. These furnishings have long been recognized by the police as promoters of vice, and their use should not be permitted either in the Maritime Provinces or any other part of Canada.—Hamilton Spectator.

Mr. Carvell.
 F. B. Carvell, chairman of the Railway Commission, seems to take satisfaction in the "comforters" of the railway situation. His table is spread and his cup overflows, not in the presence of his enemies, but in the presence of his fellow countrymen, and, from a position of security, he gibes at their troubles.

He is Eliphaz the Temanite, and Bidda, the Shabite, and Zophar, the Naamahite, the three "comforters" of Job, rolled into one. Let him go to Holy writ for the irony to describe him, for the modern pencil fails, and learn there of a larger wisdom than that of the "comforters" away spoiled, and maketh the judges foolish.

Such men as Maybe, Killian, Blair and Drayton, who preceded him, were not specially popular. They did not need to be. They exercised the duties of a judicial office in a judicial way, and won the confidence and respect of the public. Mr. Carvell, on the contrary, has made himself the object of ridicule, anger and contempt. The reason is clearly revealed in the marked contrast in character and ability between himself and his predecessors.—Winnipeg Tribune.

Members See Memorials.
 Ottawa, April 26—Members of the House and Senate are having the advantage of first inspection of the drawings submitted in the Canadian War Memorials competition, which closed last week. The eight designs which were chosen by the committee of judges as most suitable of the one hundred and sixty submitted, have been placed in the railway committee room of the House of Commons, where they are being viewed by the parliamentarians.

"Mr. Blawhaw is very pompous and conceited, isn't he?"
 "Oh, yes! When he arrives at a station he feels that there ought to be a delegation of prominent citizens and a coronet band waiting to receive him."

Ma is Stumped.
 "Mother," asked her daughter, "where does the wind go when you turn the electric fan off?"
 "It goes where the light goes when the electric light is turned off," was the mother's reply.

Sweet clover cured in the sun contains more protein than that cured in the shade.

Benny's Note Book

Good Luck and Bad Luck.
 It is good luck to never have bad luck, while on the other hand it is bad luck to never have good luck. Most people have good luck and part bad luck, on account of things don't always happen like you want them to instead of like you wish they would.

Some of the luckiest people are the ones that are always finding something. Some fellows could walk along all their life looking down without finding anything, while others just huff and walk about a block thinking of something else and they find something. It is always lucky to find money, especially a lot.

If you nock the salt seller over and some of the salt goes on the table it is supposed to be bad luck unless you quick pick the salt seller up and throw some of the salt over your left shoulder, and even then if the top comes off and the salt goes all over the floor you're liable to get a licking, being some of the worst luck there is.

It is bad luck to work under a ladder, especially if it's a painter's ladder and a lot of paint is dripping down.

It is good luck to pick up a pin unless some fellow gives you a kick or a automobile bumps you while you are stooping over unperceived.

It is 7 years bad luck to brake a mirror, so all you have to do to spoil your hole life is brake one every 7 years.

Archdeacon Fails To Get New Hearing

Pleas Mistaken Identity as Reason for Appeal to Privy Council in Immorality Case

London, April 26—Archdeacon Wakeford, noted Anglican preacher, who has several times visited Canada, has failed in his appeal to the privy council from a decision of the Consistory court of the Lincoln diocese adjudging him guilty of adultery. The appeal lasted seven days and created immense interest in England.

Archdeacon Wakeford was accused of staying with a woman, not his wife, at the Bull Hotel, Peterborough. He claimed the charges against him were based on mistaken identity.

Tells Dyspeptics What To Eat

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas On Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a Little Bismarcked Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bismarcked Magnesia and it is widely used for this purpose. It has no direct action on the stomach, and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthily without need of poppin pills or artificial digestants.

The Trying Days

It has been well said, a school teacher has more influence in shaping the lives of her scholars than their parents.

How necessary, then, is it that she should have a bright, clear brain, and be strong and vigorous in order that she may give them of her best.

The worry and the work, the strain and anxiety of a teacher's life are such as tell severely on the nervous system. Time and again teachers have had to give up good positions on account of a weak heart, run down health and shattered nerves.

To such Milburn's Heart and Nerve Pills come as a boon and a blessing.

Their purpose is to make the weak heart strong and the shaky nerves firm, and thus build up the entire system to full strength and vitality.

Miss L. E. Hopkins, Kirkton, Ont., writes:—"I have used Milburn's Heart and Nerve Pills for weak heart. I was so nervous I had to leave school for two years. After I had taken five boxes of the pills I was able to go back to my school again, feeling in good health."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by

RUSSIAN SOCIALIST SAYS SOVIET RULE IS HATED AND FEARED

Rubin of Milwaukee's Visit to Land of Birth An Eye-Opener—Emma Goldman Would be Good Girl if She Could Get Back to America.

If Socialists in this country could spend a little time in Soviet Russia before declaring that the Bolsheviks have set up an ideal State there, they would soon learn that their views are entirely wrong.

This statement was made by Jacob H. Rubin of Milwaukee, who had been a member of the Socialist Democratic Party for eighteen years prior to his visit to Russia, and who, since his recent return, has resigned from the party and has decided never again to become affiliated with political socialism.

Mr. Rubin is well known in Milwaukee as financial "backer" of the Leader, which was edited by the ousted Socialist Congressman, Victor Berger. Whenever he had the opportunity to speak from a public platform, said Mr. Rubin, he declared himself in favor of a Government such as he believed the Bolsheviks had established in his native country.

"There are nine anti-Bolsheviks in almost indescribable," he said. "People in this country are made to understand that Lenin and Trotsky are democratic in the extreme and every one loves them. The truth is that the Government over there at present is no different from the one under the Czar and Rasputin. Just as the peasants feared the tyrannical Romanoff before his overthrow, they fear the Soviet leaders now. Anti-Bolsheviks are considered powerful. But the Government was under the seat of the eagle and they are afraid to do anything different while it is under the red seal.

Uprisings Called Futile. "We read recently of an uprising against the Government in Kronstadt. Nothing came of it because the Soviet Government there was not a Government. There could be no successful counter-revolution in Petrograd or Moscow. The only places where they might meet with a little success are Odessa, Kiev and Charkoff which have not yet been made Soviet strongholds.

Mr. Rubin told of meeting Alexander Berkman and Emma Goldman in Moscow, where they are working for the Government compiling data on the industrial movement since the present Government has been established. They are both very much dissatisfied with their lot and Miss Goldman had complained to the interviewer that she greatly feared that she was being left in America, he said.

"But you have free speech now and should be satisfied," Mr. Rubin said to her. "Forget it," was her reply. In the course of her conversation with him, she said: "Mr. Rubin, if you use your influence in getting me back to America, I promise I'll be a good little girl. Emma is only one of the many who have taken to Bolshevism," said the former Socialist.

Every one in Russia is eyed with suspicion by every one else. Even Americans in Moscow refuse to talk openly to other supposed Americans for fear they might be spies, Mr. Rubin said. And he was no different from the others. When it became known that he had a brother who is an officer in the American Federation of Labor and a daughter who had been active in collecting money for the various drives in this country during the war, he was looked upon by every one with suspicion. But when they learned that he had a letter to a St. Louis newspaper saying that he was disappointed with practical socialism, their suspicion became greater and he was thought to be a spy.

"I know I would be shot if I let them see the side of me," he said.

For instance, during a luncheon period at the Ritz, one noticed a great many smart hats worn, and although these showed no single style-tendency, they were interesting because they were typical of the diversity of the season.

The small cuff shape, with the snug little cut brim that clasps the crown closely and is pulled out on each side to give the necessary width, was used as the basis for many different trim navy effects. A huge flower, hand-made of taffeta and faced with contrasting color, used directly at the front of the hat and protruding over the eyes, was favored as well as the modish tailored bow poked out in the same way or used in the side effect.

There was one style of trimming that was noticeable by its absence among these smart women, and that was the hanging trim dropped off on one side.

Whether this was accident or design it remains to be seen, but it has been said, by some of the more exclusive buyers, that women object to this form of trimming if it in any way resembles the way it is employed in the popular priced hats, which are exploiting it to such a large extent just now.

Many black Milan models were seen, these trimmed with the white flower at the front or sides and sometimes on both sides; large ribbon bows developed of very wide, double-faced ribbon also trimmed these shapes. Another item in the black hat was that of taffeta; this fabric seems to be gaining prestige, and seems to be taking the place of satin, made into both large and small shapes, with both the draped and the plain crown.

One girl wore a snug cut shape of black taffeta with bright red gaura feathers standing up in a halo from inside of the cuff and rising to a high front tiara front. Another had on a small grey cloche of taffeta coming far down over the eyes, and this literally covered in grey glycerine ostrich feathers.

Heredity. "Do you believe in heredity, Napp?" "I certainly do. Why, for instance, is my six-months-old baby trying to get his toes in his mouth if it isn't because of his dad's constant struggle to make both ends meet?"—Boston Transcript.

In Egypt it is the custom for women not to go to church for a year or more after there has been a death in the family.

Religious Teaching In Public Schools

Ontario Synod Recommends a Definite Course of Study.

London, Ont., April 26.—Definite course of religious instruction for teaching in the public schools of Ontario will be recommended at the sixtieth session of the synod of the diocese of Huron, which convenes at St. Paul's Cathedral here on May 3. The report of the committee, prepared by Rev. Canon Sage, proposes that the following four subjects be made compulsory: The four gospels, The Lord's prayer, The apostle's creed, The ten commandments.

WEDDINGS.

Turney-McDowell. Frederickton, N. B., April 26.—Miss Betty McDowell, daughter of City Engineer and Mrs. G. C. McDowell of this city, and A. Gordon Turney, provincial horticulturist, were married this afternoon in St. Paul's Presbyterian Church by Rev. J. S. Sutherland, Ph. D., in the presence of many interested spectators and friends. The bride was attended by her cousin, Miss Sara E. Stewart of New Glasgow, and William Blanchard of this city was groomsmen. Theo. Barker and William Lawson of Fredericton were ushers. While the register was being signed, "O Promise Me" was sung by Miss Edna Baird, with Miss Everett as organist. A reception was held at the home of the bride's parents, where Mrs. G. M. Meade was sung by Miss Edna Baird, with Miss Everett as organist.

Cases Dealt With In Police Court

In the police court yesterday morning a lemon extract case against Harry Kent, 77 Brusse street, was further postponed to Monday at 2 p. m. to allow accused to locate witnesses. W. M. Ryan for the prosecution. Archibald Ayres was remanded on a charge of lying in waiting in Judge's Alley on Monday night. He pleaded guilty. Policeman O'Neill gave evidence in a report against A. Neilson, charged with obstructing a West End sidewalk on Monday afternoon with a gasoline engine. He was fined \$8. Blanchard Ferris, reported for setting fire to grass at Coker's Market, pleaded not guilty. His case was set over to Saturday 10 a. m. Three drunk pleaded guilty. Theodore Amberg charged with obtaining money under false pretences by giving checks for which it is alleged there was no funds. He was not asked to plead, but at the request of the prosecution was remanded for witnesses. He was taken in Woodstock where it is alleged that he attempted to pass a check. Detective Biddiscombe went to Woodstock Monday and brought him here. A man charged with having liquor in his possession other than in his private dwelling pleaded guilty and the minimum fine of \$50 was imposed. In that afternoon a man named Roppy who was arrested on the charge of vagrancy was remanded. Roberts a prisoner charged with robbing groceries in the LaTour Apartments was further remanded. Theodore Amberg was brought before the court and sent back to jail.

OBITUARY

Christopher Richardson. Sackville, April 26.—The death took place on Wednesday last of Mr. Christopher Richardson at the home of his son, Mr. Ammi Richardson, Humphrey's Mills, with whom he had resided for the past few years. Deceased, who had reached the advanced age of 86 years, was a native of Michigan, and was well known and highly respected by a large circle of friends. He leaves to mourn their loss one son, Ammi, of Humphrey's Mills, and two daughters residing in the States; also two brothers, Joseph Richardson of Maccar and Stuart Richardson of Humphrey's Mills, and one sister Mrs. Stuart Estabrooks, of Michigan. The body was brought to Midgie for burial. Service was conducted at the grave by Rev. E. R. McWilliam. The pallbearers were Albert and Charles Richardson (grandsons), Ammi Richardson and Joseph Richardson. Interment was in the Midgie cemetery.

TRY TO BURN CHURCH.

Portsmouth, N. H., April 26.—An attempt to destroy by fire the Church of the Immaculate Conception, was made early today. Three separate blazes were prepared in the basement to spread the flames, of which two attained headway and one died out. Incendiarism was shown in the latter instance, when oil-soaked waste, newspapers saturated with kerosene and burned matches were found. Little actual damage was done. beside the body of his wife, who predeceased him a few years ago. Mrs. Abner D. Jonah Hillsboro, N. B., April 26.—The death of Mrs. Abner D. Jonah occurred at the home of Mr. and Mrs. Arthur Steeves, Dawson Settlement, Albert county, on Monday, April 18, at the age of 78 years. She was twice married. Her first husband was the late John Osborne of Baltimore, Albert county, and the late Abner Jonah, who predeceased her about six weeks ago. She was well esteemed and a member of the Baptist church. Five daughters and four sons survive. The daughters are: Mrs. Frank Gary of Malden, Mass., Mrs. Henry Bishop of Melrose, Mass., Mrs. Robert Fletcher of Havelock, N. B., Mrs. S. G. M. Steeves and Mrs. David D. Steeves of Hillsboro. The sons are: Jordan and Watson Osborne of Dorchester, Mass., Harding Osborne of Calgary, Alta., and George Osborne of Hillsboro. One sister, Mrs. S. Trites of Moncton, and three brothers, Levi and Isaac Steeves of Stony Creek, N. B. The funeral service was held from the Baltimore Baptist church, conducted by Rev. I. B. Colwell, and music by the Dawson choir. Burial was made at Baltimore cemetery.

Cleanliness and Health

There is neither age limit nor exemption—every man, woman and child has a daily fight to carry on against germs and microbes of disease. Use LIFEBOUY HEALTH SOAP

for a victorious and delightful toilet, for a refreshing bath, and for a thorough cleansing of the home.

The carbolic odor in Lifebuoy is the sign of its protective qualities—quickly vanishing after use.

There Must Be a Reason WHY

Viyella Flannels

Appeal to Women

There is a reason and a good one too. Here it is: Viyella Flannels were placed on the market over thirty years ago and at that time they became famous on account of the superior quality. Today they maintain that same quality, and they have stood the test of time, are positively unshrinkable. The colors are absolutely fast and the wearing qualities unquestionable.

We are showing a new lot of Viyella and Clydella Flannels now.

VIYELLA FLANNELS, shown in a large variety of designs and colors, including stripes and plaids. 31 inches wide, \$1.65 and \$1.85 yard.

CLYDELLA FLANNELS, shown in Cream, Pink and Blue, very popular for Baby's wear. 31 inches wide, \$1.25 yard.

How Col. Peck Won Victoria Cross

Lieut. Col. Cyrus W. Peck, D. S. O., 30th Battalion, was born at Hopewell Hill, N. B. He enlisted at Victoria, B. C., November 8, 1914. Official reason for award: "For most conspicuous bravery and skillful leading when in attack under intense fire. His command quickly captured the first objective, but progress to the further objective was held up by one of my machine gun fire on his right flank. The situation being critical in the extreme, Col. Peck rushed forward and made a personal reconnaissance under heavy machine gun and sniping fire, across a stretch of ground which was heavily swept by fire. Having recommitted to the position he returned, reorganized his battalion and acting upon the knowledge personally gained, pushed them forward and arranged to protect his flanks. He then went out under the most intense artillery and machine gun fire, intercepted the tanks, gave them the necessary directions, pointing out where they were to make for, and thus gave the way for a Canadian infantry battalion to push forward. To this battalion he subsequently gave requisite support. His magnificent display of courage."

Bad Stomach

Don't blame the stomach when the real cause is in the slow action of the liver and bowels—readily relieved by Dr. Chase's Kidney-Liver Pills. One pill a dose. 25c. a box, all dealers.

Dr. Chase's Kidney-Liver Pills

and fine qualities of leadership enabled the advance to be continued, although always under heavy artillery fire, and contributed largely to the success of the brigade attack. This was at Cagnicourt on September 2, 1918.

Northern New England—Fair Wednesday; Thursday showers and cooler; moderate to fresh east and southeast winds.

AROUND THE CITY

MASQUERADE PARTY.
The Philathen Club of the Central Baptist Church was entertained by the Misses Wilson at 27 Queen Street last evening at a masquerade party. About forty ladies attended and a very happy evening was spent.

OPIUM POISONING.
Ham Lee, a Chinese, who was taken from the Asia Hotel at 4:15 o'clock Monday morning to the General Public Hospital died in the afternoon from opium poisoning. His brother arrived from Montreal yesterday to take the remains back with him for burial.

BIRTHDAY PARTY.
A large number of the friends of Mrs. Charles Clark assembled at the home of her daughter, Mrs. Lewis Akerley, 174 Adelaide street, last night, the occasion being the twenty-third birthday of Mrs. Clark. Light refreshments were served by Mrs. Akerley, and a very enjoyable evening was spent. Mrs. Clark was the recipient of many presents, including a fine cheque.

LAST CAR CLUB.
Members of the Last Car Club met at the home of Mr. and Mrs. Hamilton, 87 Lancaster Avenue, last night. There were five tables, and the game prize was captured by Mr. Hamilton; ladies' prize Mrs. Caddell; booby prizes, Mr. Horne and Mrs. Rogers. After the series of light, dainty refreshments were served, and the members dispersed after singing "Auld Lang Syne" and "He's a Jolly Good Fellow," and, per usual, caught the last car.

HUMAN FLY STUNTS.
"Human fly" stunts were performed yesterday by a man engaged in painting flag poles in the City. He had a crowd gazing at him on King Street, as he carelessly flitted about the pole on Macaulay's building. Later in the afternoon he tackled the pole on the Bank of Nova Scotia building and had the crowd on Prince William Street twisting their necks watching him on his dizzy perch.

Woodshed Fire Caused Alarm.
The fire detection which lit up the heavens shortly after an alarm was rung in from box 71, corner of King Street East and Pitt Street, at about 2 o'clock this morning led many to believe that the city was about to experience the big blaze it has escaped for nearly a year.

A large number of fire fans were quickly on the scene, a woodshed in the rear of 282 King Street East, but the flames under the judicious streams applied by the fire department died down almost as rapidly as they had begun.

The roof of the shed was completely burned off, however, and its contents, stores of wood and coal owned by a tenant, John Jenkins, destroyed. The owner of the property is James W. Campbell. The loss of both is covered by insurance.

Mr. Jenkins' daughter was the first to discover the fire. She was aroused by a noise which she at first thought was caused by a hail storm, but on smelling smoke, quickly aroused the rest of the family. Still alarms were sent into the police station from nearby residents on Leinster and King streets, and Deskman Edward Thomas relayed them to the fire stations and a chemical and ladder truck were on the scene before the alarm was rung in. The loss suffered by both owner and tenant was covered by insurance. The all-out sounded at 2:30.

FAREWELL CONCERT BY MELITA TROUPE.
The Melita Concert Troupe gave their farewell concert at the Seaman's Institute last evening. There was a capacity house, and all enjoyed the programme offered. There were jazz, jazz jingles by a jazz band, good vocalists and funny comedians.

Stephens Co. Will Pave Douglas Ave.

Shell Company Application Refused—Bradley Ltd. Wants Warehouse.

The tender for the Douglas Avenue paving was awarded to the Stephens Construction Company, it being the only tender which complied with the specifications, at yesterday's meeting of the common council, led by the timber for the harbor department and for the garden lots and pastures were also awarded. The question of leasing one of the city warehouses for a liquor depot caused some discussion but the matter was left in the hands of the harbor commissioner. The Board of Health sent in a lengthy communication asking for number of things to be done at the expense of the city taxpayers.

Mayor Schofield presided and Commissioners Bullock, Thornton, Frink and Jones were present.

Recommendations Adopted
The recommendations of the committee of the whole, as published yesterday, were adopted except the sections relating to the purchase of cast iron pipe from Londonderry and that referring to water and sewerage extension in Seely and Pine street extensions, these were referred back to the committee for further information.

Commissioner Frink recommended that the request of the G. W. V. A. for the use of the Shamrock grounds one week in July or August, be granted and no charge made. Commissioner Bullock presented a request from the Y. M. C. A. for use of these grounds two evenings a week and on Saturday afternoon for football. It was decided to defer action on both requests until more information had been obtained.

Commissioner Bullock moved that in view of the adverse report of the Board of Fire Underwriters the application of the Shell Co. of Canada be refused and the company so notified. Carried.

Liquor Warehouse
Commissioner Bullock presented a request from J. J. Bradley, Ltd., for the lease of the warehouse now occupied by Gandy & Allison as a depot for the storage of liquor for export, at a rental of \$100 per month, and moved the application be referred to the commissioner with power to act, as he wished to consult the city solicitor as to the legality of such procedure.

Commissioner Frink said he thought it was undesirable for the city to lease one of its buildings for this purpose, as a majority of the people had decided against the traffic.

Commissioner Bullock said if the building were his own personal property it would not be leased for this purpose but he wanted to get all he could out of the city property. The motion passed Commissioner Frink voting nay.

A communication from the two Salvage Corps notifying the council of the election of officers was read and filed.

Board of Health
A communication from the Board of Health asking the city to install sewers on Clarence street, West, Barker street and White street; to extend the water to Belle View Avenue and to depopulate the water sheds of Spruce and Loch Lomond Lakes was read and referred to the commissioner of water and sewerage for a report.

Commissioner Bullock wanted the Board of Health to take some action re the Mill Pond sewer and Commissioner Thornton wanted them to consider the situation at Visart street and the Old Adelaide Road.

Tenders Accepted
On motion of Commissioner Bullock the following tenders for lumber were accepted:

J. A. Gregory, 3 inch and 8x8 spruce at \$28 and \$34 per thousand respectively.
J. A. Likely, 12x12 and 18x8 Douglas fir at \$56.75 per thousand or \$57.25 delivered on east side and \$57.75 delivered on West Side.

J. E. Moore, 12x12 hemlock at \$35 per thousand.
J. S. Gregory, piling at 7 1/2 cents per 100 feet.

The tenders for pasturage and garden lots were awarded as follows: A. Bentley, \$20; A. Taylor, one lot \$20, one lot \$10; L. S. McPherson \$35; J. M. Thompson \$5; L. Traflet \$25; A. Warren, \$2.50.

On motion of Commissioner Jones, Commissioners Thornton and Frink were appointed reviewers.

On motion of Commissioner Thornton a bill of \$368.23 for two fire alarm boxes was ordered paid and the application of Webb and Bates for permission to install a Bowser tank and pump at 90 Duke street was granted.

Douglas Avenue
Commissioner Frink then reported on the Douglas Avenue paving tenders. B. Mooney and Sons figure for a two inch surface was \$172,975.00 and that of the Stephens Construction Co. for a three inch surface was \$184,495.00. As the Mooney tender did not conform to the specifications he moved that the tender of the Stephens Construction Co. be accepted at \$183,620.50, the latter figure being for gravel instead of broken stone in the foundation and the total estimated cost of the work \$322,364.50 be approved.

Mr. Mooney asked to be heard and the council went into committee to hear him. He explained that he had figured on a two inch surface because the Warren Co. would not give him a figure on three inch. His figure was cheaper than that of the Stephens Co. for stone aggregate and he contended the city would get no more service from a three inch surface than from a two inch. In answer to the mayor Mr. Hatfield, road engineer, said he specified three inch because he had found it better.

The committee rose and the council adopted the recommendation of the commissioner to accept the tender of the Stephens Co. The figures given by them is about \$6,000 less than the estimate of the engineer when he was preparing the specification.

Commissioner Frink moved that in accordance with the petition of the residents of Lansdowne Avenue the surface on that street be asphalt instead of water macadam and the cost increased from \$10,700.50 to \$11,428.50. They paying one half of the cost. Carried.

Hauling Potatoes To River Dump

Victoria Co. Farmers Joined to Fight Fertilizer Company Because of Inferior Goods.

The farmers of Victoria County are making ready to haul their potatoes to the dump. There are many thousands of barrels in the cellars and potato houses for which there is no sale, said one who was in the city yesterday. He no time since early digging has the price been at the figure which it cost to raise a barrel of potatoes last season.

Potatoes for market today, he said, had to be raked, sprouted and graded and the price per barrel was not sufficient to pay for that work to say nothing of other expenses incidental to shipping.

Fertilizer Trouble
Many farmers who produced far below an average crop last season attribute it to the inferior brand of fertilizer which they used. This fertilizer, the product of an out of the province company, was sold as high grade goods and guaranteed at least 30 barrels to the acre. The farmers who used the fertilizer got less than forty barrels to the acre. As a result, says one informant, 240 farmers have joined together and refuse to pay their fertilizer bills due the company. A sample of the fertilizer was sent to the analyst of the Provincial Agricultural Department to be tested but was returned without any report.

The farmers have decided to send a sample of the goods to the Maine Experimental Station at Orono, Me., and be prepared for the litigation which they are anticipating.

Our informant concluded with the statement that one could secure good bargains in second hand automobiles in Victoria County at the present time.

Canadian Club Elects Officers

Address by Dr. Spangler on "British-American Friendship."

The retiring president of the Canadian Club was able to announce last night that two records had been made in the year just closed, the number of new members received, and the number of luncheons held. Hoyace A. Porter was elected as president for the coming year and O. W. Roman was re-elected secretary. The address of the evening was given by Dr. H. L. Spangler and he demonstrated that it is not necessary to go out of St. John to get speakers who can stir and hold an audience.

A. M. Belding occupied the chair, and in his introduction of the speaker paid tribute to his worth as a citizen and also referred to the fact that Dr. Spangler was the president elect of the Rotary Club.

Dr. Spangler.
Dr. Spangler in introducing his subject "British-American Friendship," referred to the fact that he had spent nearly twenty-three years in St. John and the friendships formed would very likely mean that he would spend the rest of his life here. He was addressing his remarks to every person in Canada and the United States who wished for a better understanding between the two great English speaking nations.

He believed the destiny of the world lay in the hands of the English speaking peoples, and unless they worked together to preserve its peace there must come disruption and destruction. He urged his hearers to get away from the attitude of criticism and the keeping alive of the ancient grudge and keep alive the spirit of true brotherhood and co-operation.

For over one hundred years there had been peace between the United States and Great Britain, and many said that was between them was impossible, but in this world nothing sure there would be no war was to quit finding fault with each other and work for the best good of the world. He urged the cutting out of the telling of stories which wounded and hurt, the using in the newspapers of cartoons ridiculing other nations and instead looking for and seeing only the best in all men.

The address made a deep impression on the audience and made some see in a different light the effect of the smart jokes on the other fellow. He urged his hearers to tender a vote of thanks to the chairman.

Scottish Selections.
The next number on the programme was a number of Scottish selections by "Sandy" MacGregor, who is visiting the military hospitals of Canada and entertaining the soldiers confined in them. While he was giving his entertainment the hat was passed around and quite a sum realized for his work.

The reports of the officers were the next item of business.

Retiring President.
The retiring president, A. M. Belding, thanked the members for the support given him during his term of office and referred to the fact that two records had been established, there had been the largest number of new members taken in of any year and there had also been the largest number of luncheons. He bespoke for the incoming president a continuance of the same support, and paid tribute to the splendid work done by the secretary, C. W. Roman.

Secretary and Treasurer.
The secretary reported 107 new members added during the year, bringing the membership up to 660; 23 luncheons had been held, with an average attendance of 60, the largest attendance was 148, and the smallest was 23.

The report of the treasurer showed receipts of \$1,569.99, and expenditures of \$1,529.26, leaving a balance on hand of \$30.63.

Officers Elected.
The election of officers resulted as follows:—H. A. Porter, president; A. A. Wilson, 1st vice-president; Dr. E. J. Ryan, 2nd vice-president; C. W. Roman, secretary; W. J. S. Myles, literary correspondent; W. G. Smith, treasurer; H. O'Brien, R. Ewing, T. H. Sommerville, property committee; D. K. Hazen, M. L. Walsh, E. C. Weyman, W. H. Lupton, H. Morton, special members of the executive.

The newly elected president took the chair and thanked the members for the honor paid him and appointed A. M. Belding as chairman of the nominating committee with power to add six other members, and T. A. Linton and J. S. Flagler as auditors.

NOTICE
All Beer Licenses issued during the past year are null and void after April 30, 1921.

Intending applicants should have their application made with the Chief Inspector at 108 Prince William street, St. John, N. B., by May 1, 1921.

J. B. HAWTHORNE, Chief Inspector.

THE ST. JOHN FUSILIERS
Notice is hereby given to all ranks that training for this season will be suspended on Thursday next, April 28. Uniforms will be turned in on that date. Notice of the resumption of training in the fall will be given through the press in due course.

H. G. ASHPOND, Captain and Adj. The St. John Fusiliers.

MACHINE BELTING
The Machine Belting business has become a specialty, as there are conditions in transmission of power, which requires Belting, based upon special knowledge. Estey & Co., 49 Dock street, St. John, Bel. Specialists supply the right Belting in Rubber, Leather, Woven Canvas and Balata.

Delightful Concert By United Choirs

Pleasing, Musical Event by Centenary and St. David's Church Choirs.

The musical event of the season was the sacred concert given at St. David's church by the united choirs of the Centenary Methodist and St. David's churches last evening. The auditorium of St. David's church was filled to capacity with an audience of critical musicians, who enjoyed each and every number of the programme from the opening chorus, Gounod's "Sanctus" by the united choirs, to the closing number, Haydn's "The Heavens Are Telling."

The chorus work by the united choirs was pleasing. The attack, shading of dynamics and general ensemble work were done in an artistic manner and brought forth much favorable comment.

The solo work was far above the average, each soloist being in excellent voice. The soloists were: Miss Clara Peters, who sang "The Heavens Are Telling" and every number of the programme from the opening chorus, Gounod's "Sanctus" by the united choirs, to the closing number, Haydn's "The Heavens Are Telling."

The organ selection, "Toccata from the Fifth Symphony," by Mr. Currie, was a most beautiful rendition of a difficult classic.

A double trio of ladies and a male quartette added to the pleasure of a delightful programme arranged and conducted by Miss Blenda Thompson. The programme is as follows: Duet, "The Heavens Are Telling," (MacDermid) Chorus—"Sanctus" (Gounod) United Choirs Solo—"Divine Redeemer" (Gounod) Miss Climo

Trio—"Praise Ye the Lord" (Verdi) Mrs. Curran, Mr. Smith and Mr. Lanyon

Organ—"Toccata from the Fifth Symphony" (Widow) Mr. Bayard Currie

Solo—"Love Eternal" (Adams) Mr. E. C. Girvan

Chorus—"Listen to the Lamb" (R. N. Dett) United Choirs

Solo—"Ninety-first Psalm" (MacDermid) Mrs. L. M. Curran

Ladies' Double Trio—"Come Unto Me" (Coenen) Miss Climo, Peters, Loggie, Miss McGowan, Mrs. Moore, Miss Girvan

Solo—"The Lord is My Shepherd" (Eville) Mr. W. Lanyon

Solo—"Be Thou My Guide" (Lowell) Miss Thomson

Male Quartette—"Crossing the Bar" (Adams) Messrs. Smith, Charlton, Lanyon, Lockhart

Chorus—"The Heavens Are Telling" (Haydn) United Choirs

God Save the King Director—Miss Blenda S. Thompson. At the organ—Miss Alice G. Hea, Mr. Bayard Currie.

Angus Gould
The death of Angus Gould, of 193 Main street, Fairville, occurred at about eight o'clock last evening at the General Public Hospital, where he was admitted ten days ago. He leaves a wife and seven children, William, Elizabeth, Louise and Genevieve, at home; Thomas, of Halifax; Arthur, of Dorchester, Mass., and Mrs. Martin, of Taunton, Mass.

OPEN EVERY EVENING.
The office of the Dominion Inspector of Taxation will be open every day this week from 9 a. m. until 9 p. m. to enable all to make their returns and pay their income tax before the expiration of the days of grace.

Bridge Wednesday, April 27, 3 p. m. Python Castle, Lady Roberts Chapter, L.O.E.E. \$1.00.
