CANADIAN STEER CATTLE FAVORED

Witness Said They Were Freer From Disease Than Home Supply.

London, June 17.—More Scottish witness appeared yesterday, before the Cattle Association Commission. One of these said that Glasgow corporation had consistently, for twenty years, advocated the admission of Canadian steer cattle, which, he said, were freer from disease than the home supply. In his opinion all the evidence pointed to the fact that Canadian cattle imports would lower the price of meat.

One witness reminded the commission that the Minister of Agriculture lost his election at Dudley on the embargo question.

The President of the London Retail Meat Traders urged the necessity of providing the country with an abundant supply of home killed meat, such as would come from Canada.

TO REMAIN ANOTHER YEAR. The New Brunswick and Prince Edward Island Methodist conference which met at Sackville last week have endorsed the request of the congregation of the Methodist church at Fredericton that Rev. G. M. Young be permitted to remain there for another year making his fifth year as pastor of the church.

LIBEL CASE AGAINST MR. LUSBY

Coun. W. H. Wallace Employs Counsel and Papers Being Served.

At a meeting of the Town Council Mr. J. E. Lusby of Amherst, N. S., made some statements about Coun. Wallace and the work he has been doing for the town which are clearly libelous. Coun. Wallace has taken the necessary steps, having engaged M. A. Kelly, Esq., of Campbellton and Mr. Fowler of Sussex to look after his interests.

QCEBEC'S POPULATION BELIEVED TO BE 2,250,000

Montreal, June 20.—The provincial secretary's department of the province of Quebec today issued a statement according to which the census now in progress is expected to show that Quebec has a total population of about 2,250,000. When the last census was taken the population was 2,002,282.

Campbellton movie fans who were so well pleased with Thomas Meighan when he appeared here a short time ago in "Civilian Clothes," his first starring vehicle, will welcome the opportunity of seeing him again at the Opera House on Friday and Saturday in "The Frontier of the Stars."

OCEAN LIMITED KILLS MAN

Struck Rig on Track At Tuesday

The Ocean Limited was thirty minutes late last night when it arrived at Campbellton Tuesday evening. The train running into a horse and wagon on St. Germaine near Drummondville Tuesday evening. The driver was so badly injured that he died before reaching Drummondville, and the horse was instantly killed and cut to pieces. The carriage was also broken into kindling wood.

WONDERFUL BARGAINS IN MILLINERY

Henderson's Millinery parlors are selling all lines of millinery at reduced prices. Now is the time to have a new summer hat.

Mr. Deane Miner, of Amherst, who is a violinist of note, will play at the concert Monday evening. He will arrive here to-morrow evening and will be the guest of Mrs. Jasper Davidson.

AGAIN AT WORK. The editor of the Graphic arrived home Wednesday morning after a most enjoyable trip to Victoria, B. C., and many places of interest throughout this great Dominion.

COUN. WALLACE DEFENDS HIMSELF

Issues Challenge to Any Councillor to Resign and Offer Again.

Campbellton, N. B. June 23, 1921. The Editor, Campbellton "Graphic," Campbellton, N. B.

Dear Sir:—I notice that in last evening's "Tribune" my "friend" the Editor, devoted quite a lot of space to our Council Meetings. All must regret that our Mayor allowed such conduct to take place, throwing to the winds all parliamentary usages, even inviting an outside workman (who was by his casting vote brought here) to make statements and charges against me, that were not had any connection to the laying of the concrete sidewalks or other works. Then again, His Worship had a list of irregularities that he claimed I committed. All of them, if true, were of minor nature. Perhaps the best answer I can give to them is the remark of Councillor John Bissett "Wallace is completely refuted them all." I have since had many compliments for the way I exposed the few who seek to destroy and place me in a false light.

As to the work the Committee of which I am Chairman have done. We asked to be allowed to lay 5,000 feet of sidewalk. This was granted to us under quite adverse conditions, jealousies, etc. Our citizens are now enjoying the use of close to three thousand feet. We will "continue" and go over the top. Beside the many other works, grading, opening of new streets and improving others. Then we must not forget "Riverside Park." This in after years will be a monument to someone's efforts that will amply pay for the expense by those who seek to tear down and destroy.

As you, Mr. Editor, go to press early today, I will not trespass longer on your space. But the people can rest assured, I have nothing to fear from the vile attacks, biased and untrue reports published by Mr. Crockett and a few of his friends. I have had my Solicitor serve a Supreme Court Writ on J. E. Lusby, so that he may prove his public and private statements made during his stay here. In the meantime, I trust we may watch and form our opinion accordingly.

Sincerely yours, W. H. WALLACE.

"The Frontier of the Stars" in which Thomas Meighan will appear at the Opera House on Friday and Saturday, is from the story of the same name by Albert Payson Terhune whose ability as a writer of virile, sure-fire yarns that never fail to thrill and please is well known to readers of The Star, Evening Post, The Red Book Magazine and many others of the periodicals that flood the newstands.

MATAPEDIA VALLEY HIGHWAY WORK

Large Crews of Men With Horses At Work—Open Soon.

The work of putting the Matapedia Valley highway in shape for auto traffic seems to be progressing favorably. Large crews of men with horses are hard at work, and long stretches of new road are in evidence.

When this road is open it will be one of the scenic wonders of eastern Canada and will have a reputation among auto tourists now enjoyed by travelling by rail who come via the C.N.R. to view its beauties. It is expected this road will be open for traffic early in July.

PUBLIC RECITAL.

The piano pupils of Miss Greta Metzler will hold their annual recital in the Grammar School at 7:30 on Saturday evening. Anyone interested is invited to attend.

Visit the Opera House next Wednesday or Thursday—you'll find "Something to Think About."

ALARM OF FIRE.

An alarm of fire was rung in for a slight blaze in a house at Andersonville, occupied by Wm. Nelson. Little damage was done. Peter Savoy, one of the firemen had his shoulder dislocated when he missed his hold and fell from the ladder truck. He was taken to the hospital.

Another De Mille production from a scenario by Jeanie MacPherson—that's "Something to Think About."

FRANCE QUILTS THE NAVAL RACE

Cannot Compete With United States, England and Japan.

In presenting France's programme of naval construction for the next three years, Deputy Paul Denise, reporter for the navy commission, advocated in the Chamber of Deputies, a few days ago, the practical abandonment of the building of battleships and battle cruisers and intensification of construction of submarines, torpedo boats, destroyers and airplane carrying ships.

The programme provides for the construction of six light cruisers, twelve destroyers, twelve torpedo boats and thirty-six submarines, at an approximate cost of 1,416,000,000 francs. He refused to be drawn into a discussion as to whether he agreed with the British Admiral, Sir Percy Scott, that the day of battleships is past, but quoted Rear Admiral Sims of the United States Navy and also Beatty and Jellicoe, of Great Britain, and von Scheer of Germany, as having a different opinion from Admiral Scott. The principal reason for the abandonment of construction of battleships by France, he added, was the realization that France could not keep up the race with Japan, England and particularly the United States, which were building more units than before the war.

A feature of the Bank of France's statement for the past few months has been the recital of the payments made weekly to the bank by the Government. Since the present government of Premier Briand took power, Paul Doumer, Minister of Finance, has reduced the amount loaned by the bank to state by more than 4,000,000,000 francs—from about 30,000,000,000 francs to 25,800,000,000.

FELT LIKE AN IRON BAND AROUND HEAD

Mrs. Osborne Says She Shudders When She Thinks How She Suffered.

"For years," said Mrs. V. B. Osborne, of 118 Lancaster Ave., Lexington, Ky., "I have been in a run-down condition; nervous, weak and dizzy. I was actually so nervous that any sudden noise or excitement would produce a palpitation of my heart that frightened me. I absolutely could not climb stairs for to attempt such would thoroughly exhaust me. I had nervous headaches and when they came on it seemed that an iron band was drawn tight around my head. I now shudder when I think of those headaches. My stomach was weak and I could not digest the lightest liquid food. Any food of a solid nature caused nausea and the sickening sensation remained for hours. My misery was almost unbearable. My sleep was never sound and I was worn out all the time. My condition was indeed a very deplorable one. I finally sought treatment in Cincinnati but nothing helped me one particle. I was of the verge of giving up in despair when a neighbor pleaded with me to try Tanlac. I obtained a bottle of the medicine and began its use."

"I began improving at once and soon felt my nervousness and dizziness disappearing. Then my headaches left me and I realized my strength had returned. My appetite and digestion improved and I am now so much better in every way. This Tanlac is a wonderful medicine and the only one that ever really helped me. I hope every woman who is suffering as I did will try it."

BOY RESCUED FROM NIAGARA RAPIDS

Boy Saved From Deadly Whirlpool by a Number of Companions.

Niagara Falls, N. Y., June 20.—Edward Denny, sixteen years old, was rescued from the Niagara whirlpool Sunday afternoon after he had been in the water for nearly an hour. Denny saved himself by clinging to a drifting log which was whirled around and around in the outer eddy of the big pool.

The boy, with a dozen companions, was swimming from the Old Maid of the Mist landing on the United States side above the rapids. Practising floating, he was carried out into midstream and was in the grip of the swift current before he realized his plight. His companions swam out as far as they dared, but were unable to reach Denny. They shouted to him to stop struggling and to hold on to a piece of driftwood.

The boy managed to catch a floating log and with it was hurled through the first of the lower rapids and into the whirlpool. Here he was swept around in the big outer eddy for half an hour, while the other boys who had followed him on the bank ran for aid. Some of them found a long rope and one ventured out as far as he dared and threw the rope across the path of the log. Denny caught it and was hauled ashore, badly frightened but unharmed. Police and fire departments were called to the scene to aid in the rescue, but when they arrived all they found was young Denny lying on the bank recuperating. His companions had fled when the police were sighted.

NEGRO LYNCHED

At McCOMICK, S. C.

He was Charged With Attacking a White Woman.
McCOMICK, S. C., June 20.—Herbert Quarles, a negro charged with attacking a white woman of this city, was lynched here yesterday. The negro was captured by a posse of civilians and followed identification by the victim, he was forced to climb a tree and was then riddled with bullets.

A celebrated scientist declares that women are less sensitive to pain than men and actually feel less of it in a given operation.

Insurance Is Good, But—

Insurance will, in a measure, repay you for loss from fire due to lightning.

But it will not prevent the fire.

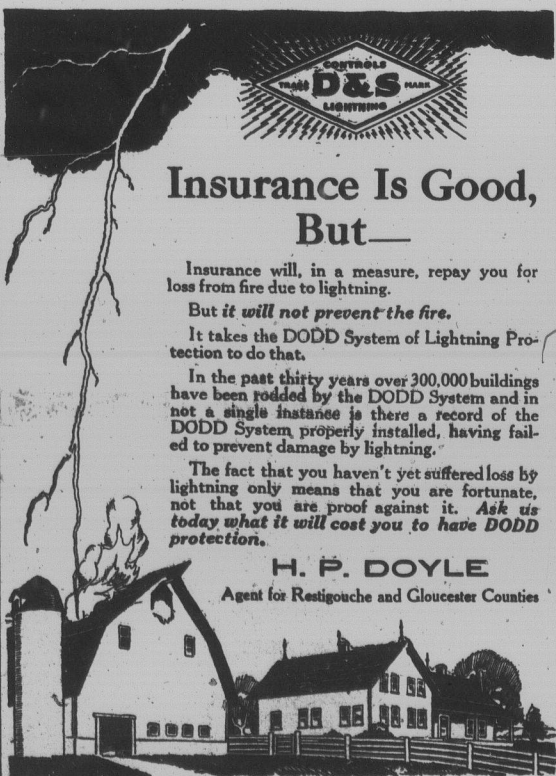

It takes the DODD System of Lightning Protection to do that.

In the past thirty years over 300,000 buildings have been robbed by the DODD System and in not a single instance is there a record of the DODD System properly installed, having failed to prevent damage by lightning.

The fact that you haven't yet suffered loss by lightning only means that you are fortunate, not that you are proof against it. Ask us today what it will cost you to have DODD protection.

NEW RICHMOND.
On Thursday evening, the 18th, Mr. Achille Raymond was Hôte d'Honneur at a private reception organized by his gentlemen friends, previously to his marriage to Miss Eva Cyr, of Black Cape. The ceremony of the marriage took place Saturday morning, after which the happy couple left for Niagara Falls, going through Montreal, visiting the parents of the groom.

Our friend Notary Dorais of New Carlisle had charge of the musical program of the evening, and the most exquisite pieces were rendered, with the help of M. M. Arthur LeBlanc, T. B. Clapperton, Romeo Fournier, Henry LeBlanc on the violin. Songs by Mr. Arthur Lavoie, Dr. G. E. Cyr, J. Alp. Guite, Alex. Cyr and J. Redit were also well appreciated.

Classical and very appropriate recitations were given by Mr. Arthur Lavoie, while Mr. Willie Falardeau excelled in vaudeville dances.

An elaborate lunch was served, and other refreshments were in order during most of the evening.

After the luncheon, addresses were given by Mr. T. B. Clapperton and Notary Dorais. The latter in a pathetic one explained the many trials and difficulties which await the young man about to embark the Sea of Matrimony. Then followed the presentation address by Mr. Charles Guite, who handed Mr. Raymond a purse of \$15.00, contributed by the guests of the evening as a wedding present.

Mr. Raymond, greatly moved by this sudden token of appreciation, stood up to thank his numerous friends present, and found very appropriate words which met with repeated applause.

Mr. Arthur Lavoie was the Star entertainer of the evening, and the perfect condition of his throat and lungs was the best evidence—why he travels for the Siroc Mathieu of Sherbrooke.

To the great astonishment of the attendance, early in the evening, Mr. Georges A. Clapperton made his appearance with—three chickens clutched to his arm. Mr. Narcisse Cyr solemnly rose from his seat to rule him out, but Mr. Herbert McKenzie, Custom Officer, explained and the entry was passed—free of duty.

Mr. Alex. LeBlanc, of Campbellton, reached here long before the others, and stayed longer.

Mr. Willie Falardeau, of Alphonse Racine, whose line is dry goods, met with very little encouragement at the beginning, but he stayed long enough to see his business boom.

When Fred Cyr arrived, everything was cooked.

The Chipper Knives and Crosscut saws used in slicing the sandwiches were gratefully supplied by the E. C. Atkins Co., and operated under the personal supervision of Mr. Lawrence Lynd their Eastern Representative.

With Mr. Jack Crochier, of the L. H. Packard Co. Ltd., makers of "Black" and "White" O's, we had everything down to a polish.

When Mr. James Dea, Provincial Auto License Collector, speeding up the corners, took a long skid, Mr. Milne Parisee, of the Q. O. Rly, immediately applied the brakes.

When Mr. Sunny Poirier remarked that he would change his new Ford for Edgar Nadeau's new Chevrolet, it made Mr. J. Alphonse Guite smile; but immediately the services of Mr. Pierre Poirier Sheriff and Doctor G. Ernest Cyr were requested.

We certainly had everything down to perfection, when you will know that Mr. Charles Guite went to the expense of supplying the toothpicks, while Mr. J. Ernest Guite put himself out for the straw.

Everything looked pretty sad at one time, when Mr. Napoleon Cyr started to play fists on the lobsters. Several times the entertainment was interrupted by the telephone rings while the junior mildly whispered: "Call for Mr. Leonard Dea" and as the music went on, you could hear the voices singing: "It's a long way to Grand Cascadepia."

All reckoned Mr. Henri Bedard, Manager of La Banque Nationale, was a very eminent figure.

Mr. Tom Clapperton got sufficient transport from his chevrolet to get there early enough to tell the first story.

Mr. Arthur LeBlanc, Romeo Fournier, Tom Clapperton, got sufficient transport from his chevrolet to get there early enough to tell the first story.

NEW CARLISLE.
Judge LaTelle has just rendered judgment in two cases, one against the Municipality of New Carlisle and the other against the Municipal Corporation of the County of Bonaventure.

A few years ago, a prohibitory by-law prohibiting the sale of intoxicating liquors in the Municipality of New Carlisle was voted upon by the Municipal Electors, and by a majority of one vote prohibition was carried.

The judgment declares the repeal of said by-law illegal and the prohibitory by-law remains in force in the Municipality of New Carlisle.

In the action against the County Council the facts were as follows:—Some years ago a prohibitory by-law was passed by the County Council of the County of Bonaventure, prohibiting the sale of intoxicating liquors within the whole County.

At the last meeting of the said County Council by a somewhat close vote, the County Council proceeded to repeal the said by-law. The repeal of the said by-law was attacked because no previous notice had been given of the repealing thereof.

By the judgment rendered it was decided that the said by-law had been illegally repealed and that the prohibitory by-law was still in force in the County of Bonaventure.

In both cases the parties interested in favor of prohibition were represented by the Honorable John Hall Kelly, New Carlisle.

CAPE COVE.
It is with regret we announce the death of one of our oldest citizens, Mr. Louis Rail which took place at his home here. Interment was held in the R. C. Cemetery. The funeral was largely attended by friends and relatives.

Mr. Claudius Sutton is the guest of his mother here for a few days.

Miss Ella Cooke, who for the past term has been teaching in L'Anse au Beaufils, returned to her home on Wednesday morning.

Mr. Ernest LeGrand was in town on Tuesday evening.

The Misses Bertha Gale and May Savage have returned home from Macdonald College after successfully completing their course in the teacher's training class.

Wedding bells have sounded at last, the result being, the taking from our midst one of our most prominent young ladies, Miss Beck of Cape Cove. The wedding was very quiet and attended by near friends and relatives.

Misses Eva LeGrand, Leonie MacNeill and Mr. Jack Le Grand visited Mrs. de Gruchy on Friday evening.

LANSE AU BEAUFILS.
Miss Jane Patterson of Gaspe is visiting friends in this place.

Mr. and Mrs. N. Gangon of Montreal are spending the summer on the with Mrs. Gangon's parents, Mr. and Mrs. N. LeGace.

Miss Jessie and Greta Mañan spent Friday evening with Miss Lillian McGee.

Miss Hilda Mercier is visiting her sister, Mrs. F. Jotevin in Cape Cove.

Miss Emma Jostevin spent Thursday evening of this week with her sister Mrs. A. Lenfesty.

Mr. Fred Jostevin of Cape Cove spent the week-end with his sister Mrs. F. Lenfesty.

Miss Hilda Brand who has been attending the Quebec Model School, is spending the summer holidays at her home.

We were very glad to see the rain of last week coming as the wood fires were getting beyond control. Many families had been rendered homeless.

Messrs. Nadeau and Arnold motored up the New Carlisle on Monday to attend a meeting of the Automobile Association.

Mr. and Mrs. A. Boudreau of Caplin spent the week-end with relatives here.

Mr. and Mrs. Dan Sutton (nee Miss Blanch Beaudou) are receiving congratulations on the arrival of a baby boy at their home.

A new telephone office has been placed at Mr. David Dugay's, St. Adelaide. We wish Miss Dugay every success at her office.

THE WOLF CUBS.
God planted in the small boy a horror of all that is dull and slow and conventional. He made him a creature of restless energy, with an inquisitive, and eager mind, a sensitive little heart, and a romantic imagination.

Don't oppose God's plan: Work with it—discover it—guide it: That is the Wolf Cub idea.

In 1914, in response to continual demands from boys under 12 years of age for admission to Boy Scout troops, Sir Robert Baden-Powell answered with the plan of the organization of the Wolf Cubs. And in doing so the Great Father of Scouting also met the need of a scheme of recreational education that would teach the small boy those first lessons in loyalty to the right, self-control, respect for authority and kindness to others, that are the foundation of good-citizenship.

The programme of the Wolf Cubs, paralleling the plan of Scouting for older boys, has been built up about the natural activities and impulses of the boy of eight to twelve years of age. The small boy likes to play at wolf or bear; barking, growling, pursuing, being pursued. Very well; let him play wolf and you play at wolf with him. And into the play weave the fundamentals of loyalty (to his Pack), obedience (giving in to the Old Wolf), and self-control (not giving in to himself).

In a few words, this is the theory of the Wolf Cub Cub.

Wolf Cub organizations and packs may be formed in a manner similar to the way in which Boy Scout troops are formed. Instead of a Scoutmaster there is a Cubmaster who may be either a man or a woman, and instead of a Troop Committee there is a Pack Committee. Further particulars regarding the organization, registration and chartering of Wolf Cub "Packs" and with reference to this most interesting branch of the Boy Scout Movement may be had upon application to the Boy Scout Association, 24 Ritchie Building, St. John.

MODIFICATION OF U. S. TARIFF
Washington, June 20.—The House ways and means Republicans have so modified the provisions of the tariff bill for a tariff on lumber from Canada that the duty will apply only to tongue and grooved lumber, which is planned. This will not satisfy opponents of a tariff but is regarded as some improvement. The matter is still tentative, and there will be further controversy over it.

YOUR CUP OF TEA

Your cup of Tea means much to you. It is more than an item in the daily fare. It is the one thing that "rounds off"—or spoils—an enjoyable repast.

Tea is fortunately so cheap in this country that there are few who cannot afford Choice Tea. The cost per pound is only slightly higher than ordinary Tea, while the increased pleasure you get from every cup you make is worth many times the difference. It is true also, that a FLAVOR-FULL Tea like KING COLE Orange Pekoe will actually spend further—that is, make more cups to the pound. KING COLE Orange Pekoe is prepared particularly for lovers of Choice Tea.

ANTHRACITE COAL—1921

To those who are hoping for lower prices:

We are in the coal business. We believe we know conditions.

We cannot predict future prices. We do not think further reductions are likely. Present mine wage agreements don't expire until March 31, 1922.

There isn't much hope of general reduction in freight rates.

If the proposed Pennsylvania State Tax on anthracite becomes a law, this will mean an additional 15.00 or even 25 cents after next July 1st.

Coal is far cheaper today than it will be next winter if you hold off buying! That is absolutely certain.

You received the same advice in 1919—those who took it suffered to hardship of consequence during the big bituminous coal strike.

We are simply appealing to your common-sense.

You insure your house against fire, don't you? Not because you expect fire, but as a protection in case a fire loss occurs. The best insurance you can buy now is fuel insurance—you don't know what's coming next winter.

The Real Estate interests of Montreal recently had a survey made, with a resulting recommendation that coal be bought now, and stored to the limit of facilities.

The Manufacturers' Record of Baltimore says: "Protect yourself at once for all family and factory coal needs."

We say: "Buy your coal now—take reasonable quantities throughout the spring and summer. In this way you will avoid an excessive demand (like last fall), and a shortage with high prices next winter. Then, if unusual conditions arise in the winter, you can measure the value of the coal already in your cellar!"

Call us up—we'll work with you.

WARM TIME AT COUNCIL MEETINGS

Charges Laid Against Councillor Wallace and New Chairman Appointed.

A special meeting of the town council was held on Saturday evening in the Firemen's Hall, His Worship Mayor McKay in the Chair, with Councillors Chamberlin, Bisset, Duncan, Wallace, Patterson and St Onge present.

The meeting was called to discuss matters relating to the Public Property and Streets Department.

His Worship in calling the meeting to order stated the object for which the meeting was called, and in doing so pointed out that it was an unpleasant duty he had to perform but the time had arrived when some change must be made in the management of the Public Property and Streets Committee.

On his return from the South he had on several occasions endeavored to get from the Chairman of that Committee a report as to the expenditures in the department but had been unable to do so. The department to say the least was badly managed, and there were many irregularities in connection with its management, and there was much uneasiness on the part of the ratepayers regarding these irregularities, and it was up to the council to put a stop to them. He for one was not prepared to have that department conducted in the manner in which it was being conducted. He and every member of the council must shoulder the responsibility of these irregularities if they were allowed to be continued.

He then placed before the council the following irregularities of which the Chairman of the Public Property and Streets was guilty of—

1. By persisting in the purchase of material for the town instead of having it done through the Town Clerk and doing so without competition and without having requisitions made out and O. K'd by the Mayor in accordance with resolution of Council.

2. By ignoring the expressed policy and wish of the Council that sidewalk be completed on Water Street before beginning work of other streets.

3. By taking it upon himself to over-ride and ignore a resolution of Council directing that Mr. Lusby be given supervision of the building of sidewalks, and that he be responsible to Council alone for same, by not permitting Mr. Lusby to continue after being put to work by myself.

4. By engaging a man on sidewalk construction at \$7.20 per day in direct opposition to the action of Council, the motion for same being voted down five to one.

5. That he took to the Deputy Mayor or had signed a requisition for horse hire which I had refused to sign as an unnecessary expenditure, and at the same time telling the Deputy Mayor or that he had come to him because he did not wish to disturb me while at work.

6. That he loaned to himself a quantity of cement, the property of the Town, without making any arrangements with the Council for so doing, and furthermore had this cement hauled by the Town team.

7. That he had hauled gravel from the town pit for his own purposes without making any arrangements with the Council.

8. That without consulting the Council or other members of his Committee, he brought from an outside point an engineer at a salary of \$10.00 per day and expenses, when an engineer could have been secured in the Town at a saving of about \$5.00 per day.

9. That he had been active in hiring men for work on the Street instead of leaving that matter in the hands of the Street Commissioner in accordance with the by-laws of the Town.

After having placed these before the council he referred to the seriousness of three of them, and asked for an expression upon them by the councillors.

Councillors Duncan, Patterson and St. Onge, expressed their disapproval of the management of the department, and asked that the Chairman of the Public Property and Streets Committee be heard with reference to the charges preferred against him.

Coun. Wallace went fully into the charges, some of which he disproved by statements and evidence. Others while partly proven were shown to be of a trifling importance. He showed what amount of work he had done and courted the fullest investigation of his department.

The meeting then adjourned.

Monday Evening.

The regular meeting of the town council was held Tuesday evening in the Firemen's Hall, His Worship Mayor McKay in the Chair with Councillors Duncan, Moore, Wallace, St. Onge, Bisset, Patterson and Chamberlin present.

The minutes of the previous regular meeting and the special meeting were read and confirmed.

A communication was read from M. B. Dickson notifying the council that an additional \$25,000 might yet be voted Campbellton, which would bring the amount up to \$175,000. He intimated that the N. B. Government was taking up the matter with the Federal Government for a further grant to the province and asked how much more Campbellton would care to have should this grant be made.

His Worship stated the town had applications already in for loans under the housing scheme which would require an additional \$50,000 to care for.

On motion the town clerk was instructed to make application for another \$50,000 should it be available.

Councillor Wallace brought up the matter of purchasing from Mr. A. H. Ingram land to extend Lansdowne street. Mr. Ingram's price was \$675. Some of the councillors felt the price was somewhat high and on motion it was decided to see Mr. Ingram with a view to obtaining a better figure before purchasing.

His Worship then brought up the matter of the irregularities in the Public Property and Streets Committee, pointing out the matter had been pretty well discussed at the special meeting held on Saturday night. It was now time to take action.

On motion Council went into Committee of the Whole to consider what action should be taken. His Worship appointed Councillor Duncan Chairman. On returning to Council Chamber and the regular order of business being taken up, Councillor Duncan, Chairman of the Committee of the Whole, reported the finding of Public Property and Streets Committee be reconstructed through the appointment of a new chairman. Report received and adopted.

On motion the first instalment amounting to \$6,372.20 on the second loan under the housing scheme was ordered paid.

Council then adjourned.

Tuesday Morning.

At a special meeting of the town council held Tuesday morning to appoint a Chairman for the Public Property and Streets Committee, Councillor Duncan was elected to that position.

BORN.

At Campbellton, N. B. on June 9th to Mr. and Mrs. W. H. Anderson (nee Freda Girard) a son.

ASSESSORS MAKE VALUABLE REPORT

Statement and Comparisons Which Will Show Campbellton's Standing

To His Worship, the Mayor and Members of the Town Council, Gentlemen:—

Your Board of Assessors beg to submit for your consideration and approval the following report of the work done for 1921, together with recommendations for improvements:—

12 Miles of Streets
14 Miles of Water Mains
10 Miles of Sewerage System
6 Miles of Electric Light Wiring

And has an approximate population of 6,425 denominationally divided as follows:—

Baptists	550
Church of England	610
Methodists	850
Presbyterians	1,200
Roman Catholics	3,000
Salvation Army	175
Hebrews	40
	6,425

Town	Assessment	Rate	Warrant	Population	Bonded Debt
Campbellton	\$5,495,039	\$2.00	\$100,000	6,425	\$514,000
Chatham	2,750,000	4.50	100,000	5,000	401,550
Newcastle	2,000,000	3.80	76,539	3,000	236,000
Bathurst	1,573,950	2.60	48,338	4,000	194,000

Your Board has seen fit to place the value of Real Estate, Personal Property and Income as follows:—

Ward I	\$ 817,400
Ward II	2,947,009
Ward III	1,730,625

Establishing a total of \$5,495,034, as compared with \$3,456,950 for 1920, therefore placing the rate at 2 per centum as compared with \$3.25 for the preceding year. Your Board has deemed it advisable to make these changes in order to place the financial standing of your town in its proper light before the market and thinks that such changes would prove beneficial in the event of selling Bonds or in the issuing of Debentures.

Your Board would suggest that a tax not to exceed Ten Dollars be levied on all male persons over eighteen years of age, working in town during the summer, or part of the year and that Companies, Contractors and Employers be asked to assist the Town Treasurer to collect said tax and further that a tax not to exceed Fifty per annum be placed on outside Contractors or Firms employing a large body of men, or carrying on business in competition with our ratepayers.

Your Assessors find that there are vast stretches of farm land within your town limits, some in the very heart of the residential district, with all town improvements on the street bordering them. This land if divided into lots and sold at a reasonable price would induce buyers to purchase these lots, instead of buying on some distant street without these improvements, and thus save your town considerable amounts of appropriation for those departments.

We would respectfully suggest the following changes in the appointment of Assessors, viz: Starting with the coming year, one member for 1922, one for 1923-1924 and one for 1925-1926, the member going out being the Chairman of the Board, and for the following years, one member appointed each year the senior member to

willingly given. We have also met with a lot of annoyance because a large portion of last year's work was not posted in the town record. This was found mostly in ward 3. Also redresses and corrections made to the ratepayers were not entered and no record kept of same.

We would further suggest, that in future, the assessment be started the first week in May, as most of the autos are out by that time and moving well under way.

We would ask your Council to instruct the Town Clerk to keep a record of building permits and property transfers and supply the Assessor with a copy of same for each year.

We have secured figures from other towns and have prepared a table which we trust will prove interesting; act as Chairman, thus leaving two members on the board acquainted with the work, which under such conditions, could be done much quicker and better and would place this department on a better business footing.

Your Board has met with some difficulty in locating the owners of certain lots, and a few have seen fit to refuse to give any information; but in general we have been met with courtesy and any information asked for was

Town	Assessment	Rate	Warrant	Population	Bonded Debt
Campbellton	\$5,495,039	\$2.00	\$100,000	6,425	\$514,000

Grand Total	\$6,564,534

In closing I wish to thank the Reverend Members of the Clergy for the figures submitted; H. A. Carr Esq. for Legal Advice, and Town Engineer W. J. S. Walsh, for giving us information in connection with his department.

All of which is respectfully submitted,

BOARD OF ASSESSORS.
Per J. J. Bernier,
Chairman.

Campbellton, June 13th, 1921.

TO BE CREMATED.

The remains of the late Richard Hutchison were taken to Boston on Friday. Services were conducted at the Hutchison residence, Douglas-town, at 3 o'clock on Thursday. The body will be cremated by disposition of deceased's will and the ashes sprinkled in the waters of Marblehead, a famous anchorage of the Boston Yacht Club.—Chatham World.
