

WE PUBLISH, today, both sides of the Gold Coast cannot be considered as other than satisfactory, and the more it is studied the more deep is that impression.

Ma. Editor.—Believing that you are willing to lend your able assistance in placing gold coins before the teachers of the County we will enable them to vote intelligently in electing their representative for the Council of Public Instruction, I hope you will give the following articles an early and prominent place.

Two candidates—Prof. Goldwin Smith and Dr. Sangster—are now before the teachers for representative honors; and it is to be hoped that the votes cast will triumphantly vindicate the moral and intellectual character of those who are entrusted with the education of our children.

Since the return from Europe of Mr. Lindsay Russell, who is to have charge of the exploring party to Peace River, preparations have been rapidly going on with the view of the early departure of the expedition.

The New Brunswick Separate School Party seem determined to carry on the war which has been waged so bitterly on both sides for some time past. The action of the Judicial Committee of the Privy Council does not seem to have settled the question so far as they are concerned.

There can be little doubt that a great deal of the opposition which has been made to this treaty, is due to political causes, and it is therefore gratifying to learn from the Montreal Herald that two of the members of the late Ministry have expressed themselves favorably with regard to it.

Whether it be due to the influence of the comet or other causes, the violence of the storms throughout the country this summer has been something remarkable. Recent reports from the Isthmus of Panama state the rainy season there has never before been known to be so severe.

The accident on the New Jersey Central Railroad a day or two since, which cost Mr. Warner, of the Southern Hotel at St. Louis, an arm, proves that, since railroad corporations are notoriously too penurious to provide ample room for the free passage of their trains under all circumstances, the limbs of passengers are comparatively safer inside than outside the cars.

An Ottawa paper says that it is rumored that one of the fair sex has obtained a situation in the Post Office of that city. Female labor is utilized in offices to a great extent both in England and the United States.

The following is a list of the names of the delegates to the late convention in Toronto, who voted for the bigamist.—D. P. Deane, Orangeville. P. N. Davy, Durham. D. P. Clapp, County of Frontenac. James Kerr, Petrolia. James H. Ward, Northumberland. J. W. Deane, County of Stormont. R. W. Doan, County of Glengarry. R. Dawson, Belleville. G. Baird, South Huron. D. J. Goggin, Port Hope. James Fullerton, County of Carleton. J. M. Morgan, County of Waterloo. Wm. McArdle, Mitchell. H. Donaldson, County of Perth. A. McPherson, Wellington No. 1. John Murray, Oxford. J. B. Deacon, Ingersoll. W. R. Miller, Goderich. S. Hicks, North Huron. D. Nairn, Wellington, No. 2. J. Suddaby, Galt. F. Wood, South Simcoe. T. Kinney, Prince Edward. J. W. Rodgers, East Hastings. J. A. Douglas, Ottawa. J. McCosue, South Hastings. N. J. Chambers, East Bruce.

On the motion of Mr. Diessel, seconded by Mr. Gladstone, the Imperial House of Commons voted \$75,000 per annum to Prince Leopold, Her Majesty's youngest son, who has just come of age. Mr. Peter Taylor, the Republican member for Leicester, protested against the appropriation. Mr. Taylor has made protestations against those grants a sort of speciality, and is never heard of hardly in any other connection. He used to divide the House upon subjects of this nature, but he did not do so upon this occasion, and the motion was agreed to unanimously.

The latest telegram from the Gold Coast is to the effect that King Ofofo has been intriguing to subdue certain tribes, who were formerly subject to him, and have revolted against him. Nor is it expected that any further installment of the indemnity will for the present be forthcoming. Yet, the recent war on
