RAINS CAUSE MUCH DAMAGE

Heavy Losses In Pennsylvania Ohio and Virginia

Many Lives Lost—Families Driven From Their Homes

Pittsburg, Pa., July 19.—The loss of several lives and great monetary damage has resulted from heavy rains throughout Western Pennsylvania, Eastern Ohio and West Virginia during the last 24 hours. The rivers and mountain streams are out of their banks, live stock have been drowned, bridges and buildings washed away, railroad tracks swept off or undermined, trolley systems demolished, electric light plants put out of commission, and hundreds of families compelled to abandon their homes and take refuge on higher ground.

About this city the rivers have risen over six feet in ten hours. Reports from above the city say that recurring storms during the past 48 hours have resulted in a precipitation of from 3 to 4 inches, which, being at the head waters, when they reach this city, may cause some damage unlooked for at this time of the year.

The interior of West Virginia has sustained heavy damage. Miles of track of the Western Maryland, and the coal and iron railroads in Lackore and Barbour counties have been washed away. The service on these roads is said to be at a standstill. The Dry Fork and Baltimore & Ohio railroads are under water for many miles, and no trains can be operated. In the Tygart Valley, the towns of Grafton, Bowlesburg and Tunnelton are almost submerged; the property damage amounting to nearly a quarter of a million dollars.

At McCombs, W. Va., the home of Mrs. Mary Ballard was wrecked by the high water, and three young children of Mrs. Ballard were drowned. The bodies were washed away.

Baltimore, July 19.—A special to The News from Grafton, W. Va., says that from three to five lives have been lost and half a million dollars damage is the result of a cloudburst and heavy storm Wednesday between Grafton and Tunnelton. Among the dead are Claudius Wolfe of Evansville and Frank Gibbons of Newburg.

Damage by cloudburst. Charlesburg, W. Va., July 19.—More than half a million dollars damage resulted from cloudbursts, storms and floods Wednesday night at Newburg, and along the Cheat River valley in Preston County and this vicinity.

Houses were washed away, the main line of the Baltimore & Ohio Railroad is out of commission, and telegraph and telephone wires are all down. Much damage has been done to property along the Monongahela River, at Fairmont, Kingwood and Evansville.

The sudden rise in the Monongahela River wrecked the new bridge between Monaca, Pa., and Charlestown. The loss is estimated at \$100,000.

SOCIAL AT KENT BRIDGE

The Ice Cream Social given by the Ladies Aid of Knox Church, on the beautiful lawn of Mr. G. R. Langford, Tuesday evening, was a decided success in every way. Large crowds were present from Chatham, Thamesville and the surrounding country, and, after doing ample justice at the tables, tastefully arranged on the spacious tennis courts, all enjoyed an excellent program, presided over by the pastor, Rev. A. W. Hare. The following array of artists would do credit to a Massey Hall program, and, needless to say, charmed the most critical in Kent Bridge.

Program.
Violin Solo—Mr. Everard Gordon.
Chairman's Address.
Solo, with violin and piano accompaniment, Miss Laura McDonald.

Reading—Miss Maggie Campbell.
Solo—Mr. Chas. Weldon.
Solo—Miss Gertrude Potter.
Speech—Mr. Sherman Everett.
Instrumental—Mr. Geo. Watt.
Solo—Miss McPherson.
Reading—Miss Ada Arnold.
Solo—Mr. C. Langford.
Instrumental—Mr. Gordon.
Solo—Mr. Weldon.
Violin selection—Mr. Gordon.
The proceeds, free of expenses, amounted to \$50.

BOY SHOTS MOTHER

Moncton, N.B., July 19.—Shot by a revolver in the hands of her five-year-old son, Mrs. Sanford Anderson of Edgett's Landing will die.

Mrs. Anderson, who was in delicate state of health, was sitting at a desk, in which her husband kept a loaded revolver. In securing writing material, she left the drawer containing the revolver open, and her little son took the weapon out.

His mother turned and saw him. As she reached to take the little fellow pulled the trigger and the bullet entered his mother's abdomen.

TWO OF LONDON'S INJURED IN VERY SERIOUS CONDITION

Victims Of Recent Calamity Are Buried—Crystal Hall To Be Razed—Citizens Still Excited Over Disaster

London, Ont., July 19.—Interest in the Dundas street catastrophe has now been transferred to the injured in Victoria Hospital, one or two of whom are reported to be in a very critical condition. Inquirers yesterday were informed that John Loney, who sustained a fracture of the skull, was in a comatose state, and, although it is not thought that he is beyond hope, his condition is such to give rise to the gravest fears. A telegram made to rouse him have so far proved unsuccessful, and to all questions he replies in a kind of murmur, "I don't know." A change for the worse was also noted in the case of Miss May Hardingham. She is suffering considerable pain, and the doctors are afraid of internal developments. Mrs. Peters, too, has not yet passed the critical stage. She is still feeling the effects of the shock, but it is hoped that once these have passed away she will make a rapid recovery. Miss Peters is progressing satisfactorily, and Ethel Earl, Libbie Smith and James Clugson and all doing well. Percy Robinson, it is expected, will be able to leave the hospital in a day or two.

A feeling of insecurity. That someone blundered is still the feeling of the community. There is even talk of criminal responsibility. As a result of the disaster has been to draw attention to the condition of other buildings in the city. The fact is that the people have been badly scared, and many gave credit to the story circulated Wednesday that there

MR. SULMAN ELECTED TO IMPORTANT POSITION

Detroit, July 19.—D. P. Markey, of Port Huron, who has been Supreme Commander of the Knights of the Ku Klux Klan of the World for the past three years, was returned to that office Wednesday, when the Supreme Tent, holding its triennial convention in the Cadillac Hotel, elected officers. L. E. Sisler, of Port Huron, was re-elected to the office of Supreme Recorder.

The other officers are: M. E. Elkin, of Lexington, Ky., Supreme Lieutenant and Commander; George W. Miller, Chicago, Supreme Sergeant; C. K. Haver, Kansas City, Kas., Supreme Master-at-Arms; J. B. Showalter, Parkersburg, W. Va., Supreme First Master of the Guard; George W. Sulman, Chatham, Ont., Supreme Second Master of the Guard; S. C. Ward, Augusta, Me., Supreme Sentinel; R. A. Neison, Supreme Picket; James F. Downer, Chicago, Ill., Supreme Dragon; W. E. Blaney, Pittsburg; S. W. Truslar, Camlachie, Ont.; R. B. Anderson, St. Louis; L. E. Sisler, Port Huron.

DEATH OF AN OLD RESIDENT

There passed away this morning at one o'clock, Mr. Thomas H. Baxter, in his 77th year. Mr. Baxter has been living with his daughter, Mrs. Earl Kimmerly, on Colborne street, where, after a lingering illness, he died. He had only been confined to his bed a few weeks, but has been quite a sufferer for some years.

Mr. Baxter was born in England, and came to this country with his parents and one sister, Mrs. C. G. Charteris, in 1834. He has been quite a traveler, going to California, also to Australia and New Zealand. He came here in the early 50's, where he spent some time, and again went to California in 1864 in company with his brother, Victor B. Baxter, Wm. Richardson, of Victoria, B. C., and Clark Shepley, who died there in 1865. In 1866 Mr. Baxter and his brother, William B., returned to Chatham. Mr. Baxter again went to California a few years ago, and from there to the town of Nanaimo, British Columbia, in which place he remained for about two years, when he returned home and engaged with the S. Hadley Company, in whose employ he was until about a year ago, when he retired from active work.

Mr. Baxter leaves to mourn his loss four daughters and one son. The daughters are, Mrs. Edward Smith, Harwich; Mrs. Wm. Heddle, of Edmonton, Alta.; Mrs. Fred G. Y. Charteris, River Road, Chatham Twp., and Mrs. Earl Kimmerly, of this city. His only son, Herman B. Glazier, of C. T. Thompson, of Victoria, B. C., the deceased, was Mrs. C. G. Charteris, Mrs. H. G. Reed, and Wm. B. Baxter, of this city; Henry H. Baxter, of Buffalo, and James H. Baxter, of New Rockford, North Dakota.

Mr. Baxter was a highly respected resident of this city, and will be missed by a great number of sorrowing friends and residents. The Planet extends sympathy to the bereaved family in their sad hour of affliction.

The funeral will take place from the residence of his son-in-law, Mr. Earl Kimmerly, Colborne St., on Sunday afternoon at three o'clock, to Maple Leaf Cemetery.

There were no fewer than fifty buildings in the town that were absolutely unsafe. Mr. Graydon, the city engineer, describes the story as about forty-nine degrees exaggerated. One or two buildings, he said, had recently received his attention, and in these cases he had given warning to the parties concerned.

A satisfactory development was the announcement by the City Engineer that the remaining portion of Crystal Hall would be demolished. This was the result of a conference held with Mr. W. J. Reid, the proprietor of the store, and others interested, yesterday morning, and it will have the effect of removing what was obviously a serious danger. Mr. Reid, who was out of town when the disaster occurred, stated that he also had cautioned those making the alterations against doing anything that would in any way injure the building.

Searching operations having ceased, there was nothing to be seen on Dundas street yesterday forenoon, but the yawning gap, extending some 60 or 70 feet, and piles of debris which have still to be removed.

Funerals Yesterday Afternoon. The funerals of all the victims but one took place in the afternoon. Miss Clara Mullins' remains will be interred to-day. Messages of condolence have been received by Mayor Judd from, among others, Mayor Coatsworth, Toronto, and Hon. Adam Beck.

TILBURY OIL FIRM IS IN TROUBLE

Ann Arbor, Mich., July 18.—Recently a bill was filed in the Circuit Court here in which about a dozen prominent university professors and about thirty Ann Arbor people were included, asking for an order of appointment for an oil firm at Tilbury, Ont. The amount taken out of Ann Arbor was about \$15,000.00. Theodore Mast was the complainant, but it was understood that the Ann Arbor parties were interested.

Now George H. Purchase, of Detroit, who was one of the promoters of the company, comes forward and says that the investors were not trimmed and that if anybody represented to Mr. Mast that the well would give a flowage of oil, he would give a day it was the truth. He makes a general denial in his answer and says that the original owner received the full amount he represented to the investors that it would cost.

However, Prof. John R. Reed, who has been appointed receiver by the Court, has been empowered to borrow \$15,000.00 to pay off the judgment outstanding, and it looks like a fight to the finish to see who will get control of the property.

MR. DERCK PRESENTED

Mr. Andrew Derck, an old employee of the Chatham Wagon Works, was kindly remembered by the employers and employees on his leaving to take up his residence in Hamilton, Ohio. Mr. Derck was taken by surprise last evening on leaving his work to find himself confronted at the office door by the management and workmen, when Stewart Lamont, on behalf of the company and employees, addressed him, and said that the management and his fellow workmen had learned with regret of his departure for Ohio, the home of his birth, and assured him that his leaving was regretted by all. Mr. Derck has worked here faithfully for the last twenty-five years in the interest of this company. He has seen its progress and growth. He has seen it enlarge from a small plant till it covers vast acres. Its production and output is found, wherever you find civilization and progress. The Chatham wagon rolls upon the highways of every nation. This success is due to the good management and the skilled workmanship of the employees. Mr. Derck has contributed his share of faithful service. All regret your departure. He was asked to accept an accompanying sum of money as a token of the esteem in which he is held. He has been a faithful employee, a good mechanic, a good citizen of Chatham, and all join in wishing him success in his future home. Mr. Derck thanked them for the kind expression and the gift, and referred to the many happy and pleasant years spent at the Wagon Works, and spoke in the highest terms of the kind treatment he had always received at the hands of both the management and his fellow workers. He left with regret, but advised his old shop mates to stand by the Wagon Works and the management, who had long and faithfully stood by him. All joined heartily in singing, "For He is a Jolly Good Fellow."

Whom can we accuse, but ourselves for what we suffer!

Inflammatory Posters In Seoul Call For Death Of Officials

Emperor Leaves Throne And Is Too Worried To Eat Or Sleep

Seoul, July 19.—The Cabinet Ministers, including the newly-appointed Household Minister, have resigned. It is reported that the Emperor was very angry at his Ministers on account of their having advised him to abdicate. He said to them that he occupied the throne by right inherited from his ancestors, and that his subjects had no authority to advise his dethronement, much less to do so with the support of foreigners.

Picards were posted yesterday in one of the thoroughfares calling for the death of all Japanese officials in Seoul. The Ministers are strongly guarded, and every precaution has been taken to prevent riots and attacks upon officials. The Emperor is reported to be too worried to take food or to sleep, but this report is considered to be one of his usual manoeuvres to enlist the sympathy of his people.

The Emperor's loss of loyal adherence of a large portion of his subjects will, it is believed, result in the gradual development of his policy to always play one Minister or faction against another so as to prevent the concentration of power in any single body. The Emperor himself is constantly distrustful of all about him, and haunted with the fear of an attempt on his life.

The Il Ching Hoi, a progressive association, claiming a membership of over a million, is now openly hostile to the Emperor, and it is doubtful even if the few now standing by him will continue their support until the last.

Tokio, July 19.—A despatch from Seoul says that the Emperor conveyed the elder statesmen at 1 o'clock yesterday morning. The Cabinet Ministers waited in an adjoining room while the Emperor conferred with the elder statesmen.

After a two hours' conference His Majesty finally yielded and made up his mind to abdicate.

It was decided to hold abdication ceremonies at 10 o'clock this morning. Much unrest prevails about the palace and at another place a crowd of 2,000 is assembled. A portion of this crowd assaulted the office of The Daily Kokumin, but the mob was dispersed before heavy damage was inflicted.

Laurier Arrives Home. Quebec, July 19.—The Empress of Britain, with Sir Wilfrid Laurier on board, reached Quebec at 10 o'clock last night.

A number of steamers went down the river as far as Grosse Ile to meet the Empress, but the big liner was coming along at a very rapid gait. She did not stop but came right through.

Sir Wilfrid was taken off at the harbor and landed at the King's Wharf. A very large crowd were assembled on the wharf and along the route, and the Premier was given a great ovation all along the route up to the Chateau Frontenac.

A SAD CALAMITY.

The sincerest sympathy of every city in the Dominion is extended to London with reference to the recent appalling disaster which has occurred there. London has been particularly unfortunate in the matter of serious catastrophes, and is indeed earning its reputation as the "Calamity City."

The first big tragedy was on the Thames in 1881, when it will be remembered, that on the 24th of May the steamer Victoria upset and 187 excursionists were drowned, pulling each other down in shallow water.

Some two years later, in 1883, the same river overflowed its banks and 22 people also met a watery grave. In January of 1898, in the midst of a meeting in the City Hall which followed an election, the floor gave way and one of the worst features of a most painful disaster was that some of the victims were pinned under a heavy iron safe which went down with the debris. Twenty-three were killed and a large number hurt.

By the latest fatality it would seem that seven have met death, while many more are hurt.

Here, then we have a total of 244 deaths and scores of injured by most unfortunate catastrophes within a short period of years. The commiseration over the latest visitation will be widespread.

PURCHASE IN CHATHAM.

A few days ago the ratepayers of St. Thomas carried a by-law to grant concessions to a large concern which will establish car shops in the railroad city. The St. Thomas times in commenting on the splendid victory for the town pointed out that it was a sample of what could be done when every ratepayer is a booster and when all are a unit in advancing their city's best interests. Chatham a short time ago provided proof of the excellence of this principle when the ratepayers here carried the brass works by-law. There are, however, other ways of showing progressive-ness, and the Woodstock Express puts its finger on one of them in the following recently expressed sentiment:

"Berlin is recognized as one of the most progressive towns of the west and what is the secret of its success? Here it is: The citizens of Berlin patronize home industries, and thus contribute in a practical co-operative manner in building up the town."

"It is essential to the town's well being that the citizens of Woodstock should be more loyal to their home institutions. They should make all their purchases from local houses, and thus leave their money in Woodstock. It is money that makes the town go. It is like grist to the mill. Leave your money in Woodstock and you help to make the town. Leave it elsewhere and you aid in making other towns go, and thus take a retrograde step as far as your home town is concerned."

"The men who conduct our mercantile and industrial establishments are helping to build up the town. Their very existence is similar to that of a propeller to a boat. They leave their money here and are contributing through wage earning devices towards the maintenance of the majority of homes. Thus it is, that they should in return receive a kindly sympathy and support at the hands of the public."

This is advice which the people of any city might well follow. Fortunately in Chatham there is positively no need of going out of the city to make any purchase. The merchants of the Maple City are wide awake in every particular. This is something that Chatham should be proud of, and they should show their appreciation by patronizing home industry and enterprise.

NOTES FROM ERIEAU

Erieau, July 19.—Miss Ida Lugadin, of Toronto, who has been visiting Mrs. Barfoot, has arrived here to spend the balance of the summer with her brother, W. H. Lugadin, at Ben Oban.

Mr. Sidney Falls, who has been at Amherstburg for a part of his vacation, came out to the Eau last night.

A new series of postcards of the Point has been published, which are certainly artistic, and are being rapidly brought up. Some views of the lighthouse and channel are particularly good. Other souvenirs of china and leather, which are also very prettily decorated with scenes, are provided for tourists.

The date of the Howard councillors annual picnic, held at Government Park, has been fixed for August 23. This is always a monster picnic, being one of the largest gatherings in Western Ontario, and the cottagers here never fail to attend. Every launch and sail boat in the bay is pressed into the service and all look forward to good music, good dancing and a good time generally.

C. Waddell, of Rond Eau, is stopping at the Bungalow.

Mr. J. H. Bogart, Queen street, has joined his family party at the Mushroom.

"The Ripple," with her usual jolly crowd, took a long trip, up the lake last evening.

Bonfires of various sizes were built along the shore last night to drive away the busy mosquito.

Mrs. (Dr.) C. B. Oliver, of Merlin, accompanied by her son Douglas, and

Master Clarence Halliday, are at the Bungalow.

Mr. Charles Ordish, of Toledo, is spending the summer with relatives at the Mallory House.

Mr. Harold McDonald has taken up his headquarters at Mr. O'Brien's cottage.

Mrs. Mallory and daughter, of Cleveland, are visiting friends in Michigan.

Mr. Buzzard's launch has been refitted and was out on the bay last evening.

Mr. and Mrs. W. C. Rands, of Windsor, were recent guests at Erieau.

Mrs. H. A. Thompson, wife of the manager of the Molsen's Bank at Ridgeway, and daughter, are stopping at the Bungalow.

The following are registered at the Lakeview: Mr. B. J. Cook, Mr. E. Tallen, Mr. A. H. Stanton, Mr. H. J. Palmer of Cleveland, and Mr. J. H. Veil, London.

Recent arrivals at the Bungalow are J. B. Bartram, Toronto; Mr. and Mrs. J. A. Bowman and daughters; Mr. and Mrs. J. G. Martin, Mr. and Mrs. E. O. Lothamer and Mrs. J. W. Blake, of Canton, Ohio; James Hadley, Wm. Blight, Chatham; C. B. Noyes, Windsor.

Dr. Battaby returned to the city this morning.

Stanley Bogart was one of the successful fishermen yesterday. At sundown a string of five good bass were in his possession.

Mrs. J. G. Kerr is spending the day in the city.

With their parents, Mr. and Mrs. D. Carmichael, Blenheim.

The results of the entrance examinations are very gratifying to the Blenheim people, as all the candidates from here were successful, and Miss Hyatt is deserving of great credit as a teacher, for the careful and efficient training which they received.

The remains of the late Mrs. (Dr.) Walter B. McCall, of Chicago, Ill., were brought to Blenheim last Friday, and interment was made in Evergreen Cemetery, by the Rev. G. Gilmore. Mrs. McCall was well known here, having been brought up in Blenheim, and was formerly Miss Jean Tedford, youngest daughter of Mrs. S. Tedford, of Blenheim.

She was ill for just a little over a week with peritonitis, and her death was quite a shock to her many friends in Blenheim.

Besides her husband and mother, deceased is mourned by one brother, James, of Chatham, and three sisters, Mrs. (Dr.) Vary, Chicago; Mrs. Ames Jackson, Chatham, and Mrs. Frank McLean, Blenheim.

Robert McConnell, of Detroit, is spending his vacation with his parents here.

Ethelridge Newman and Norrie Wannamaker, of Detroit, are visiting in town.

Miss Mabel Leonard, of Galt, is spending her holidays with her mother, Mrs. J. H. Leonard.

Mr. and Mrs. C. A. McDougall, of Wallaceburg, visited at C. P. Hart's, Miss Gertrude Merrill, of Windsor, who was the guest of Miss McKay a few days last week, has returned.

Mahlon Bingham and his sister Ethel, of Chicago, are visiting in town.

Lorne Webster has returned from Chatham.

Mrs. E. Austin Pickard returns to her home in Peoria, Ill., this week.

Dr. Holmes, Jr., of Chatham, took charge of Dr. Wiley's practise while he was in London.

Mr. James McVittie has been appointed overseer of Game and Fisheries by the Ontario Government.

Mr. H. F. Russell, who has been visiting his father in Blenheim, returned to Chicago this week.

Mrs. H. Reynolds left for Wallaceburg on Wednesday, where she and her husband have moved lately and will in future reside.

Mr. and Mrs. H. Mallory, of Drayton, who are Blenheim visitors just now, are the guests of Dr. and Mrs. C. B. Langford.

Miss Hazel Hanks, one of Miss Hillman's pupils, who tried her second musical examination, passed successfully.

Mr. W. Young, of Detroit, is home spending his holidays with his parents at Blenheim.

Mr. W. E. Hall won high average at the Tournament at Harrow Gun Club, held at Harrow on Wednesday last.

Dentist G. J. Gibb and Mrs. Gibb and two daughters, Merna and Grace, are at Erieau, the guests of Mr. and Mrs. Theo. Pickering, at Thelma Cottage.

Mr. Chas. Walton, who has occupied a position in London for some time, has come home to help his mother at the Station Restaurant.

Miss Retta Wright is a Mull visitor this week, the guest of Miss Lucy Carter.

Mrs. W. J. Baird left on Tuesday for London and Theodora, where she will visit friends.

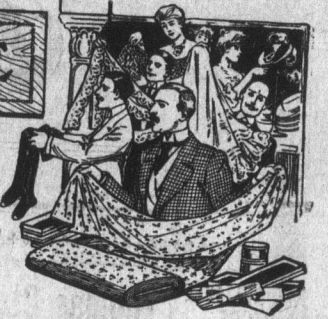

Mrs. L. M. Appleford and children, of Hamilton, and Hector Carmichael, of Jackson, Mich. are at present visiting.

Murdered by Italians. Binghamton, N.Y., July 18.—A special from Norwich, N.Y., says: Thomas Knapp, aged about 26, was murdered in this place Tuesday night and his body thrown down a steep embankment near the Chenango River bridge, where it was found yesterday morning. Two Italians are suspected.

Alderman Meynell purchased a
fine new lawn mower the other day,
and when he tried it on his lawn
he found that it was a dandy. He
was congratulating himself on
getting such a good one when he
awoke the next morning and found
that during the night it had disap-
peared and an old one was left in
its place. P. C. Dezela was sent out
on a still hunt and has got a clue,
but the case is not far enough de-
veloped to make any arrests. The
officer of the law is pretty sure that
he has the right man, and, after a
few more inquiries, he will have
sufficient information to bring him
to justice. The one that was left
was one that had been repaired, and
the manner of the repairing gave
Dezela the clue. In the meantime
Ald. Meynell may be seen perspiring
when he attempts to cut his lawn.

A strange looking craft sailed up
the river to Chatham last Wednesday
evening. It was a flat scow, brought
to the 'Burg by Captain Crow, of
Chatham, who had it fitted up at J.
W. Macdonnell's ship yard and Lee
Bree's Foundry. The boiler and en-
gine was placed in full view on the
scow; the sight of the machinery
thus exposed made a peculiar look-
ing craft.—Wallaceburg News.

Complaints have been made by
citizens about the weeds and bur-
docks on the McLachlan property be-
hind the Business College. The bur-
docks have grown very high and will
soon begin to seed. One citizen made
the remark that there was sufficient
burdocks on the said property to
seed the whole of Canada. Weeds
are a detriment to the city, and
the Board of Works should see that
the weeds be done away with. The
odor from the burdocks is very of-
fensive, and the burdocks when ripened
are still more annoying.

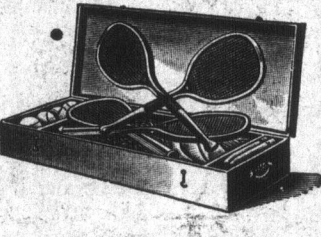

Miss Heien Carter sails for
England, to-day, on board the
"A. A. Victorian." Since she
left here she has been visiting in
Brantford and Toronto. She has
sung in several of the Brantford
and Toronto churches during the
past few weeks, and on Sunday
morning a solo was given by her in
Bloor Street Baptist Church, Tor-
onto, where she was so at for three
years previous to coming to the
Maple City. Her number was en-
titled—"My Redeemer and My Lord."
She was much honored in the fact
that the Metropolitan Church at-
tended in a body to hear her sing.
She was a former member of this
choir, and always very popular. She
was much touched, as was also her
audience. Her many friends are
wishing her "Bon Voyage" to-day.

A Catch Question.

Of Bishop Short, who held the see of St. Asaph, many curious stories are told. Occasionally he put questions to candidates for ordination that apparently had no connection with the discharge of their parochial duties. They tested probably their wit or tact, two necessary qualifications to public men, but nothing more. One such question proposed by the bishop was the following: "Which has the greatest number of legs, a cat or no cat?"

As might be expected, this created a titter, but the bishop would not take a laugh as the answer, and consequently he repeated the question and desired some one to solve the problem. At last one of the candidates, smiling, said, "I should think, my lord, a cat."

"No," retorted the bishop; "there you are wrong, for a cat has four legs, and no cat has five."—London Telegraph.

FOLLOWED HER MOTHER'S EXAMPLE.

AND KEPT DR. FOWLER'S EXTRACT OF WILD STRAWBERRY IN THE HOUSE.

Mrs. W. J. Wilson, Tessier, Sask., tells of her experience in the following words: "I wish to tell you of the good I have found in Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY. Last summer my little girl, aged two years, was taken ill with Summer Complaint, and as my mother always kept Dr. FOWLER'S in the house, when I was a child, I seemed to follow her example, as I always have it also. I at once gave it to my baby as directed and she was at once relieved, and after a couple of doses were taken was completely cured."

Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY imparts a healthy tone to all mucous surfaces, corrects and heals all forms of canker and counteracts all tendency to pain and inflammation, while it gives tone to the debilitated system when weakened by exhaustive discharges and fluxes of whatever nature, thus making it the best and safest remedy for Diarrhoea, Dysentery, Colic, Cramps, Pain in the Stomach, Sea Sickness, Cholera Infantum, Cholera Morbus and all Summer Complaints.

Price 35 cents. Manufactured by The T. Milburn Co., Toronto, Ont.

Hicks—I owe you an apology. The fact is, it was raining, and I saw your umbrella, and, supposing you had gone home for good, I took it.

Wicks—Don't mention it. I owe you an apology. You left your new hat, you know, and wore your old one. As I had no umbrella and as I didn't want to wet my hat, I put on yours. Hope you don't mind.

The Dust.

They were celebrating their engagement by dining at a swell cafe. "Do you believe," she queried as the conversation lagged, "that man is really made of dust?"

"Well," he rejoined, glancing at the dinner check, "he wouldn't be able to travel far in your company if he wasn't."

The man of grit carries in his presence a power which spurs him to the necessity of resenting insult.—Success.

VOGUE POINTS.

Dyed Laces and Braids Modish Trimmings—A Smart Leghorn Hat. Japanese colorings abound in the season's dress scheme. Dyed laces and braids are embroidered in these beautiful colorings.

A very lovely leghorn hat has its brim weighted down with roses of the pastel family and a band of silver braid. The crown is formed of many folds of yellow chiffon, and a crushed

Colored trunk tags and colored trunk labels are a convenience to the traveler in the identification of baggage. They come together bound in a book, three dozen of each, in pink, blue or lavender.

The American woman now arrays herself in the styles of all nations. Her waist is of French batiste, has a Dutch yoke, and German valenciennes lace is the trimming. Japanese sleeves, kimono and Russian laces find a place in her costume. All nations unite to serve her. A linen frock trimmed with bits of hand embroidery is very attractive for girls of ten and twelve. Such a frock is to be found in the cut.

Good Luck Stocks Latest in Neckwear. Parasols With Chintz Motifs.

Swastika stocks are on hand made of linen with the good luck symbol of swastika embroidered by hand on the front tabs. These stocks are extremely new and are only to be found in the shops that carry very new things. But it is a simple matter to make one of these neck pieces at home.

amples are adorned with immense bunches of flowers or fruit cut out of chintz and applied to the linen, a tiny border of the narrowest black velvet ribbon outlining the design.

The number and beauty of the brown belts is a conspicuous feature of the season's accessories of dress. There have always been belts of tan and brown leather, but never has there been so wide a range of brown shades or so varied an assortment of designs.

The sleeve reaching to the knuckle is the latest wrinkle in fashions. It promises to have an enormous vogue and thus far has had one good result. The prices of kidskin, which has risen enormously since the reign of the elbow sleeve, is now reduced to its normal level.

In footwear nothing is more fascinating than the new sandal, which partakes of the most charming characteristics of the "low shoe" and the high boot. The back and sides are like the ordinary boot, while the front is cut in many little straps, each with its own particular decorations of bows, buckles or beading. Tan and all shades of brown shoes are popular.

The breakfast jacket illustrated is of embroidered flouncing, while the skirt is of white lawn and trimmed with embroidery exactly matching the jacket.

Governor of Bank.

It is interesting to note that the governor of the Bank of England is never a banker. There is no reason why he should not be, and several why he should, says P.T.O. In the early days of the Bank of England the idea prevailed that it would be against the interests of the bank to appoint as governor any person interested in competitive banking concerns. The Bank of England has, of course, long since attained a position which renders it practically immune from competition, but it rigorously adheres still to ancient custom, with the rather curious result that the head of the most important banking concern in the world is never a man who has been trained in banking business, and he, of necessity, understands less about the business than many bank managers. The governor is, however, only elected for a period of three years, and whilst officially he is responsible for the direction of the policy which to a great extent must be followed by all other banks, the real ruling powers are the permanent officials of the bank. Mr. William Middleton Campbell, the newly-elected governor, was formerly deputy governor.

CLOSE OF A GREAT CAREER.

Mr. Chamberlain Not Likely to Enter Political Field Again.

It is probable that the recent special cable to The New York World announcing that Mr. Chamberlain was dying was a serious exaggeration of the facts. English papers just coming to hand, however, describing his return from abroad, indicate that the great Unionist leader is a physical wreck and is unable to walk without the aid of someone on either side. He was scarcely able, indeed, to raise his hand to return the salutes of the friends who greeted him at the rail-

MR. JOSEPH CHAMBERLAIN.

way station in London. There can be but one explanation of the symptoms—the dread word paralysis. Mr. Chamberlain's career is over, and, while he may in some measure recover strength, his friends will not suffer him to risk his life in the hurly-burly of politics.

The political opponents as well as the party associates of the Right Hon. gentleman will learn of his real condition with sincere regret. Mr. Chamberlain has stimulated thought and radical action along many lines. He is seventy-four years of age, and the first half century of his life was devoted largely to business as a manufacturer, and to his greatest work, the re-creation of the municipality of Birmingham. He was thrice Mayor of Birmingham and the housing and street opening projects, which, together with the forward policy in regard to the ownership and operation of public utilities, have made the city the Mecca of municipal reformers, were almost all inaugurated during his period of office.

He entered Imperial politics in 1876 as radical of the Radicals, and in one of his speeches he compared the landowners to the lilies of the field—"They toil not, neither do they spin"—and suggested the laying of heavy burdens upon the landowning class. The Tory press, in all their twenty years of association with him since that time, have never forgiven the "Ransom" speech.

BRITISH NAVY SCANDAL.

Parliamentary Committee Unearths System of Graft.

"Grave irregularities" is the term the Parliamentary Committee on Public Accounts gives to certain conditions in the navy on which it issued a report recently. The committee found that a widespread custom was the acceptance of commissions from contractors by petty officers, but the report adds that severe disciplinary measures have been adopted to suppress the custom.

The committee objects strongly to the action of the Admiralty in contracting for the construction of the armored cruisers Invincible, Indefatigable and Indomitable without competition, although the Admiralty officials explained that they wished to keep the plans secret.

The committee finds that the builders of the battleship King Edward VII. secretly patched up a defective east rudder, which the Government was obliged to replace. The builders gathered together a few of their employees on a certain Sunday, and by electric welding, concealed a huge fault in the rudder.

The report of the committee says: "We hope it will not again be our duty to investigate a case where a British firm, for commercial advantage, will callously hazard the lives of hundreds of their fellow-countrymen."

The days are at their longest, but the gas meter and electric light meter are still doing business at the same old stand.

THE GREEN SUN.

It Was Noticed and Commented Upon by the Ancient Egyptians.

The appearance of a green light at sunset was noticed and commented upon by the ancient Egyptians and more particularly so because in the clear air of Egypt the tints of sunset are peculiarly distinct.

As the sun there descends nearer and nearer to the horizon and is immensely enlarged and flaming, it suddenly becomes for an instant a brilliantly green color, and immediately a series of green rays suffuses the sky in many directions, well high to the zenith. The same phenomenon appears at sunrise, but to a smaller extent. Sometimes, just as the last part of the sun's disk vanishes, its color changes from green to blue, and so also after it has disappeared the sky near the horizon often is green, while toward the zenith it is blue.

This was alluded to in Egyptian writings. Day was the emblem of life and night that of death, and the nocturnal sun, being identified with Osiris, thus rendered Osiris king of the dead. The setting sun was green; therefore Osiris, as the nocturnal deity of the dead, was painted green. The splendid coffins of the high priests of Ammon frequently depict the green sun, and the funeral deities are all colored green.

There are innumerable instances in the Egyptian relics of representations relative to death being colored green. The practice undoubtedly arose from the green tints of sunrise and sunset. The green sun disk is referred to 5,000 years ago in Egypt. This is the earliest known human record of an astronomical phenomenon.

ABYSSES OF OCEAN.

Extent of the Deep Waters and Their Tremendous Pressure.

More than half the surface of the globe is hidden under water two miles deep. Seven million square miles lie at a depth of 18,000 feet or more. Many places have been found five miles and more in depth. The greatest depth yet sounded is 31,200 feet, near the island of Guam.

If Mount Everest, the world's highest mountain, were plucked from its seat and dropped into this spot the waves would still roll 2,000 feet above its crest.

Into this terrific abyss the waters press down with a force more than 10,000 pounds to the square inch. The stanchest ship ever built would be crumpled under this awful pressure like an eggshell under a steam roller.

A pine beam fifteen feet long which held open the mouth of a trawl used in making a cast at a depth of more than 18,000 feet was crushed flat as if it had been passed between rollers. The body of the man who should attempt to venture to such depths would be compressed until the flesh was forced into the interstices of the bone and his trunk was no larger than a rolling pin. Still the body would reach the bottom, for anything that will sink in a tub of water will sink to the utmost depths of the ocean.—Exchange.

14 HURT IN CAR CRASH.

Trolley Runs Loose Down Grade Colliding With Another.

Butler, Pa., July 18.—Fourteen persons were injured, seven seriously, in a street car collision yesterday on the lines of the Butler passenger railway at the Standard Steel Car Works terminal.

The cars were running close down a sharp grade, both being crowded with workmen, when suddenly the brakes of the rear car let go and the motor-man was powerless. The runaway car plunged down the incline, crashing into the forward car.

Carl W. Baxter had his left leg severed below the knee and right leg badly crushed, and Carl Krepps had both legs cut off below the knees.

Pride costs us a heap.

MENELIK MAY FIGHT ITALY.

Abyssinia Preparing For War on the Italian Border.

Turin, Italy, July 18.—Despatches from the Italian colony of Erythraea, in Africa, state that it is feared that King Menelik of Abyssinia, is preparing to make war on Italy. He is organizing an army of 20,000, ostensibly for the purpose of restoring order in that part of Abyssinia close to the Italian border, but as his instalment of \$2,000,000 to the king for the care of the Italian prisoners of the last war, had been paid, Menelik has now nothing to expect from Italy, and the pacific expedition is regarded as the merest pretext.

There is no greater misfortune than not to be able to bear misfortune.

SEEKS MODUS VIVENDI

Newfoundland Controversy Still in Unsatisfactory Shape.

Future Friction Is Feared As New Season Draws Near—Permanent Settlement Difficult—Newfoundlanders Want Hague Tribunal to Deal With Matter—Mutual Concession Needed.

Washington, July 18.—The approach of the first of August, marking the beginning of the new herring fishing season on the coast of Newfoundland, is a matter of great concern to the State Department, for it finds the fisheries controversy between America and Great Britain in a most confused and unsatisfactory shape. The modus vivendi entered into last year, by the terms of which, and greatly against the wishes of the Newfoundlanders, American fishermen were permitted to ply their vocation unmolested off the shore of that island, expired with the close of the fishing season.

It was the expectation of both the American and British Governments that before the opening of the next season some permanent arrangement could be reached that would remove all future friction on this score. The Newfoundlanders, however, were insistent upon their right to legislate locally for the fisheries so long as they did not in terrore disturb the American fishermen, claiming that in so doing they were not infringing the treaty rights of the Americans. The British Government has apparently been driven finally to concede the soundness of this contention, or at least it has been negotiated through Ambassador Reid on that basis.

Indications yesterday were that it will be difficult to reach any kind of a permanent settlement of the trouble, and the whole effort of the negotiations is apparently concentrated for the moment on the drafting of some form of modus vivendi to guard against the development of friction on the fishing shore that might in the end mean serious results. The fact is that the occasion is one that calls for much mutual concession if there is to be a true modus vivendi, and the Newfoundlanders are not anxious that should be until they have some sufficient assurance that they can have a satisfactory permanent arrangement. To that end they have suggested a reference of the whole subject of conflicting treaty and legislative rights to the permanent Hague tribunal.

CAID MACLEAN'S PREDICAMENT.

Tribesmen Decide to Hold Him Captive For The Time.

Tangier, July 18.—Alarmed at the news of the elaborate military preparations of the Moroccan officials, the tribesmen were on the point of handing over to the imperial authorities the brigand, Raisuli, and Caid Sir Harry MacLean, whom he is holding in bondage, when they finally decided to refer the case to two Ulemas renowned for their wisdom. The two sages happened to be friends of Raisuli, and pointed out that the brigand acted only in the interests of the tribes in capturing Caid MacLean.

They advised the tribesmen to do nothing but leave the matter in the hands of time and God, which the tribesmen decided to do.

ROYAL VISIT TO ICELAND.

King Frederick to Call On His Disturbed Subjects.

Copenhagen, July 18.—King Frederick of Denmark is soon to make a notable trip to Iceland for the purpose of trying to improve the relations between Iceland and the mother country.

The Home Government recognizes that for a long time there has been a strong movement among Icelanders for a separation. One of the points on which the separatists insist is a special Icelandic flag, and the members of this party propose to raise the flag on public buildings during the royal visit.

King Frederick will leave Copenhagen on July 24. The whole trip will last a month.

FALLS FROM SEVENTH FLOOR.

Hits Man on Sidewalk Who May Also Die.

Utica, N. Y., July 18.—Chas. Stucka, a well-to-do Pole, fell or jumped from a window of the seventh story of the Mann Building, in this city, yesterday and was almost instantly killed.

The body in its descent struck Joseph Matthews of Macy, who was passing. Matthews was taken to a hospital with a lacerated skull, a sprained ankle and internal injuries. His recovery is doubtful.

Stucka may have seated himself on the window sill and fallen out, or he may have jumped. He leaves a wife and three children.

Arctic Weather In Austria.

Vienna, July 18.—A sudden cold wave has struck Austria-Hungary. Ten degrees of frost was registered here yesterday, and severe frosts are reported from various places.

A cold rain is falling and there is much snow in the mountain districts. Summer visitors at mountain hotels are snowed in. The mountain railways are not working.

Such conditions have not prevailed before in 130 years.

Herd of Buffalo Decamp.

Winnipeg, July 18.—The ten buffalo in the city park stampeded yesterday and broke through the wire fencing. They swam the Assiniboine and retreating grounds, where they were kept for years.

Venezuela Won't Pay.

Brussels, July 18.—Venezuela has intimated that it will refuse to pay the \$3,000,000 debt to its Belgian creditors. This decision is contrary to the finding of the Hague tribunal.

MRS. GERTRUDE MCKIERNAN, 216 Nesbitt street, Emporia, Kas., writes:

"I suffered very much with a severe cold in the head and was always complaining of feeling tired and drowsy. When my mother suggested and insisted on my taking a few bottles of *Peruna*, I did so, and in a short time I felt like a new person. My mother praises it very highly and so do I."

Confidence in *Pe-Ru-na*.

Mrs. M. F. Jones, Burning Springs, Ky., writes:

"We have been using *Peruna* for some time and have no hesitancy in recommending it for the thousand and one ailments of humanity."

"From a personal test I shall not hesitate to recommend it, especially to all suffering women."

"*Peruna* has gained full confidence and a permanent stay in our home."

A Great Tonic.

Mrs. Anna Linder, R. R. 5, Dassel, Minn., writes: "I took *Peruna* and am well. I would not be without that great tonic for ten times its cost."

Where They Were Not Bad.

A visitor who was going through the penitentiary one day turned to the warden and said:

"I suppose you have a good many bad people here?"

"Bad! Bad people here!" ejaculated the gray haired warden, with an air of comic surprise. "What put that into your head? There are no bad people here. Why, if they wanted to be bad, we wouldn't let 'em."

The warden smiled grimly, and the visitor awakened to the fact that the "pen" was not the place where people could afford to be bad, even if they wished.

PIRACY UP TO DATE.

Dozen Men Hold Up Russian Steamship and Get Off With Good Booty.

Odessa, July 18.—The passenger steamer *Sophia*, which sailed from here on Saturday for Chori, was held up 60 miles from port by armed robbers on board, who made a successful raid and escaped.

While the captain and passengers were at supper three pirates overpowered them with revolvers. Two other stood alongside the wheelman and ordered him to lay his course for Odessa or be shot. About a dozen others went through the saloon and cabins and secured a cashbox containing \$25,000 which the cashier of the Russian Bank of Foreign Trade was taking to Chori, besides \$500 belonging to passengers.

When nearing Odessa, the robbers disabled the engines, let off steam, and ordered one of the steamer's boats, launched the two others and escaped ashore. There is no trace of them.

MR. COCHRANE HOME.

Well Pleased With Results of His Trip to North.

Toronto, July 18.—Hon. Frank Cochrane, Minister of Lands, Forests and Mines, returned yesterday from his trip to the north. His colleague, Hon. Dr. Reame, stopped off for a day at Algonquin Park and will be home this morning.

Mr. Cochrane expressed himself as delighted with the results of the tour. The accession talk was confined to a very few individuals, but that the settlers had real grievances must be admitted. The nature of these grievances Mr. Cochrane and Mr. Reame had learned and where possible a remedy would be applied.

The tour of the Ministers was no holiday jaunt. They held nine meetings in the two weeks in Rainy River and Lake of the Woods, and heard the representations of several hundred deputations.

Ottawa, July 18.—The Minister of Justice will introduce legislation at the next session of Parliament to impose a penalty on anyone who wilfully and publicly slanders Canada.

The Immigration Department is already tired of the constant misstatements of dissatisfied immigrants.

There has been one prosecution already and a persistent policy of tracking down those who publish false statements concerning the country has been initiated.

British Admiral Falls Dead.

Niagara Falls, Ont., July 18.—Admiral J. P. McLea, R.N., dropped dead on the piazza of the Clifton Hotel at Niagara Falls yesterday afternoon. Heart disease was the cause.

Admiral McLea, with his wife and niece, came to the Falls ten days ago to sojourn for a time for the benefit of his health. On Tuesday he accompanied Col. Cruikshank to the Lady's Lane battle ground and it is supposed the emotion was too great for him.

The admiral collapsed while commencing with a party of hotel guests upon the beauty of the view from the piazza, and quite a commotion resulted among the ladies.

The remains will be shipped to England.

Bert Boyle Drowns.

Galt, July 18.—Bert Boyle, a young Englishman just out and recently married, was drowned in the river here last night. While in swimming he is supposed to have taken cramps.

He was about 24 years of age.

London, Eng., July 18.—A despatch from Wellington says: Hon. J. G. Ward states that New Zealand has set aside 9,000,000 acres as a permanent endowment for old age pensions and education.

ZAM-BUK

SAVED THIS BABY

Mrs. M. Barrett, 808 Morcan St., Montreal, says:

"A horrid rash came out all over my baby's face and spread until it had totally covered his scalp. It was irritating and painful, and caused the little one hours of suffering. We tried soaps and powders and salves, but he got no better. He was so fretful all day long that it made it very hard for me. He refused his food, got quite thin and worn, and was reduced to a very serious condition. I was one day advised to try Zam-Buk, and did so. It was wonderful how it seemed to cool and ease the child's burning, painful skin. He gradually became more easy and able to sleep. Zam-Buk from the very commencement seemed to go right to the spot, and the pimples and sores and the irritation grew less and less. Within a few weeks my baby's skin was healed completely. He has now not a trace of rash, or eruption, or eczema, or burning sore. Not only so, but cured of the tormenting skin trouble, he has improved in general health. He has got fat and plump, weighs no less than 22 lbs., although only 1 month old, and is in first class condition."

Zam-Buk is sold at all stores and medicine vendors, 50c a box, or post free from Zam-Buk Co., Toronto, for \$2.50 a box of 12 boxes for \$25.00.

A young lad named Douglas Kennedy had a narrow escape from drowning in the Thames yesterday afternoon near the Aberdeen bridge. He was playing in a boat, when he fell out. Harry Fitzsimmons and two other men named Golden and Colby were coming down the river in a gasoline launch and arrived just in time to rescue the young lad as he came to the surface of the water.

Mr. Murdoch, a grocer, of the city, has reported the loss of a wheel to the police. Mr. Murdoch used to have a fine new wheel, and yesterday afternoon he went over to the park to see a baseball game. He was watching his wheel, too; some say he watched the wheel more than he watched the game, but in spite of all his carefulness, when he went to get home he was painfully aware of the fact that at that instant someone else was riding his new wheel. It is expected that the wheel was taken in mistake and it will be returned to the owner.

A little English lad named Willie Heather was lost in the city yesterday. He was taken to the police station to await the arrival of his parents. The little lad was nine years old, but he could not remember where he lived. He was found in the morning, and he was taken good care of by Chief Holmes. In the afternoon the little fellow saw two women across the road that he knew, and while the Chief was making inquiries from them the father came along and claimed his boy. The Heather family came out here a week ago Wednesday and are living on Ingram street. Little Willie is a particularly bright child for his age and he made himself right at home, especially at the Miles Hotel, where the good-hearted Chief took him for dinner.

Stand out for what is right whether you get it or not.

WILL BE BIG PICNIC

Archie Skirving reports that there will be fully 4,000 people in Chatham to-morrow at the big Pera Marquette picnic. If the railway was in a position to provide the cars, they could easily get 10,000.

Four trainloads will come into the city, one from Sarnia, one from Walkerville, and two from St. Thomas and London. On the special from London there will be 2,800 people. It will be the biggest crowd ever got together for a Pera Marquette picnic. Highgate will have a special car, as also will Harrow and Walkerville. From all the places are coming requests for more tickets.

The reason that the railway cannot accommodate more is that their coaches are all being taken up in moving 18,000 men in Michigan and all of the excursion trains have to run just the same.

SWIMMING CRAZE

Last evening a Maple City canoeist was enjoying a paddle up the river, and benefiting by the fresh breezes of the cool water, when he was greatly surprised at the number of boys that were indulging in the refreshing stream.

He paddled up the river a long way and at each swimming pool took special note of the number that were bathing. Almost everyone in the city that could swim were out, and the following statistics help to prove the statement. At the bridge by the Park it is estimated that 50 were in the water, at Drader's mill 25, at the old fish shanty 30, at Lover's 50, a short distance beyond McKerrall's 20, and a short distance farther on at Fisher's there were about 20. This is the largest number that has yet been seen in the river at once. He said they were very orderly and kept under water when the canoeists would pass. Their habits were not in the least offensive or objectionable, which is not only a credit to themselves but also to the Maple City.

This goes to show that the young folks of Chatham are lovers of swimming, and in order to allow the boys their freedom and a good time, the city should provide for a swimming pool. The river might easily be roped off for such, and thus prevent all danger of the boys from drowning.

CARRIERS KICK ON PAY

Free postal delivery for Windsor is not yet. The uniforms for the carriers and the necessary equipment reached the city some time ago, but the men who were appointed to the job turned up their noses at the salary offered, which is \$1.25 per day. In the meantime, the people are still getting their mail out of the post office.

PROTECTION BRAND

ASPHALT READY ROOFING

Gravel Coated Sand Coated

Is a wonderfully substantial roofing, combining every quality that should commend it to those who would roof well.

It contains no tar or paper, wool felt and pure asphalt, from Lake Trinidad, being the chief features of this splendid roofing.

When laid it presents a most pleasing and attractive appearance as all nails are covered. When properly laid it remains perfectly flat, requires no painting and carries a ten year guarantee from the manufacturers, which is by no means the life of it. Each roll has a six-inch smooth underlap through which the nails are driven, and is adhered to the overlapping sheet by means of the asphalt cement which we furnish with each roll.

The Price is Low for a Good Roofing. It is especially adapted for flat roofs on factories, warehouses, stores, etc., and is also suitable for steep roofs on houses, barns, and stable.

Call and see it, for we have not told you here half of what you ought to know before you buy a roof.

SPORT

BASEBALL

C. F. M.'S LEAD THE LEAGUE.

Beaten by a score of six to four, the Tammany Healers are obliged to take third place in the league series of this season. The Canada Flour Mills team is in the lead and will likely stay there until the close of the season, unless some of the Tammany players get busy and play ball.

The game yesterday afternoon was supported on each side by a large number of rooters, and a good crowd was in attendance. The game throughout was in favor of the Canada Flour Mills team, and had it not been for the clever playing of the Tammany pitcher, a shut out would likely have occurred. Pleasance is deserving of all the credit in keeping the score as low as it is, and played a good game all through. He struck out sixteen men and only allowed one to get bases on balls. The second base man, short stop and third base man, were much "off" throughout the whole game, the short stop being the means of losing the game. Several errors were made by each one, and on the whole the team needs to wake up. The C. F. M.'s played a fair good game, and have made a decided improvement in their fielding and batting. Robert pitched a good game of ball, but is too strong for his catcher. His support otherwise was very good and did nice work.

Umpire Oldershaw was too close in his decisions and many times was most unsatisfactory to the rooters. One thing that the umpire should do is the noise and rooting of the members of the teams. The players, except a catcher, has no right to cheer or make any noise, and the umpire has the right to order him from the game. The umpire needs to read the rules of the game and the Tammany Healers need to wake up and practice.

The following is the line-up:
Tammany Healers—Woods, Hardaker, Taylor, Raynor, Trotter, Pleasance, Willard, Winegarden, and Trotter.

C. F. M.—Clark, Ward, Duff, Clements, Robert, Edinger, Dyer, West, and MacCombe.

IT COST HIM \$40.00 TO WHIP THIS BOY

A few days ago John Heal, a farmer living two miles from Dresden, was driving with his wife, when John McKim, a boy of 10 or 12 years of age was riding on a bicycle, and it is said that the two entered into a race. The pace got so warm that the boy sawed the farmer's wife, and this was more than the farmer could stand, so he took after the boy with the whip and gave him a thrashing.

The boy's father went to law about it, and on Monday the case came up for hearing in Wallaceburg. The boy's father got satisfaction to the extent of seeing the farmer obliged to fork over \$40 in fine and costs, his non-appearance at court making the bill a pretty heavy one, and to add to this, he was bound over to keep the peace for a year on suspended sentence.—Wallaceburg News.

TILBURY

Tilbury, July 20.—F. Stover and family have moved into V. Campbell's new house on Cathcart St. H. Baught left on Tuesday on a three weeks' visit to Winnipeg, via the lake route.

The banus of Elizabeth Reame, of St. Thomas, and Mary Dupuis, of Tilbury, were announced Sunday in St. Francis Church.

The Tilbury roller rink will be larger than the Chatham rink, and more modern and up-to-date. It will have a cement block foundation and the walls will be 16 feet high. The rink will be ready for early fall.

Mr. John Sharp, of Alberta, brother of Dr. Sharp, was married in Glanford on Wednesday, to Miss Smith, formerly a teacher here, and sister of C. Smith, of Quinn.

B. Campbell is spending the week in Toronto.

Rev. Mr. Nicol left on Monday, on a six weeks' vacation to Mackinac and Sault Ste. Marie. During his absence, a supply will be furnished. Chas. Farquharson, of Chatham, son of Dr. Farquharson, will take next Sunday's service.

B. Ballard had a valuable bird dog killed by Monday's M. C. R. local. Mrs. (Dr.) Brush, of Carsonville, Mich., arrived last Wednesday on a visit with her sister here, Mrs. Scriven.

M. McNerny, of Cleveland, arrived yesterday on a two weeks' visit with relatives at Quinn.

Miss White and Geo. Marshall, of Tilbury East, left Monday on an extended visit to Alberta and British Columbia.

Miss White, of Comber, has taken a position in H. Laird's tailor shop. Mrs. Wintermute, of Belmont, is the guest of her daughter here, Mrs. Birce.

Prof. Stewart, of Toronto, is showing some very fine moving pictures this week in Anderson Hall.

C. H. Mallory is spending the week here.

Chas. Fielding, of Ridgeway, late of Tilbury, was married at the parsonage here last week, to Miss Taylor, of Comber.
