1950 REVUE IS BEST EVER

Musical Very Well Received; Held Over To Fourth Night; Bell Well Received as Master of Ceremonies

by WILMA SANSON

This year's Red and Black Revue has set a precedent for the years to come. Not only was it of much better quality than in past years, but the returns have been much larger. This would indicate that the seniors will be able to eat more in May. It was expected that about \$1700 would be cleared.

Congratulations are in order for the Master of Ceremonies, Gerry Bell, who carried on the McGinley tradition, and did such a superb job of cementing together the various acts.

Speaking of acts, the Dan McGrew skit was about the only one in which it was possible to have a party on stage. It was one of those rare occasions when two men get shot with one blank bullet. We think that Dan McArthur deserves special notice for his excellent narration.

The sixty-four dollar question on the Campus since the Revue is "What the hell am I?" They tell me Bill Dickie is expecting the answer any day now.

Betty Riordon must be pretty pleased with her girls chorus line. They made an impressive appearance and had quite an effect on the audience. The men glued their eyes to the chorus and the women glued theirs to their men, a very satisfactory arrangement. The girls deserve a lot of credit for their long hours of practice, as does Betty Riordon who trained them. They were second only to the Rockettes, but after all the Rockettes have long been known for their grace and beauty. "Swivel-hips" Manzer and "Cuddles" Spencer are expecting screen tests any day now.

It is too bad Johnny Bell won't be here next year because now we're used to it and we're going to miss it. We're going to miss the quartets too; for our money and the money of the audience, they are tops. Among the undiscovered talent on the Campus we have found Kay McCallum and Noreen Donahoe. Now that they've been discovered let's hear more of them.

We think that one of the hottest combinations on the Campus is John Little and Jack MacLeod at the pianos. The nice part about it is that they still have a couple of years of Revue to go before graduation.

The winter Scene with the chorus, Joan van Atten and Bob Gander was really something to hear. The eight "Barbara Ann Scotts" in their beautiful skating costumes created a lovely picture of grace and rhythm. Also Joan and Bob did a very good rendition of "Baby, It's Cold Outside".

I'm sure we all appreciated Bob Abbott's (Professor Asp) imitation of the intriguing bird called the "swallow", and many of us envied his act and tried it out backstage.

Terry Rankin's song of "A Model of a Modern College President" certainly went over with a big bang. We congratulate Terry for watching "a very model college president" and catching his mannerisms.

Then came the Persian Kittens—complete with ribbons around their necks but with only one tomcat between them. However, Betty Lou Vincent, Kay McCallum and Joan van Atten did a very good job.

Film To Be Made Marking 150th Anniversary Year

In connection with the 150th anniversary of the founding of the University, a film of the major events of the year is being made. This film, in both black and white and color, is being made under the editorship of Jack Murray, Field Secretary, Associated Alumni. The cameraman is Don Peacock. When completed, this picture will be shown to the various societies and the different U.N.B. Clubs established in other cities. The film will also serve as a permanent record of this important year in the history of the University.

Rhythm Alley—a paradise of bebop and blues—hats off to Berny Kantor at the announcer and Frankie Laine, Ron Davis as Jolson, Jack MacLeod on piano and with his rendition as Mel Torme, John Little on piano, Gump Doherty on sax, Dick Ballance on drums, Jack Cassidy on trombone, and Doc Roberts on trumpet. Also congratulations to Doc Roberts for presenting us with a "bouncing baby boy" in the middle of the Red and Black Revue.

Bob and Sid—two guys—who did a wonderful job of filling in time (as they call it) although they claimed they had nothing planned. Also a few numbers back, Bob Gander did some very good work with the vocal chords.

On the whole, the Red and Black (Continued on page eight)

RUMORED TUITION INCREASE IS CONFIRMED

Plebiscite: Old Answer to Old Question. Vote Light

Results of last week's plebiscite which asked: "If one of the games, Canadian Football or English Rugby, is not to be financed by the S. R. C. next year, which one do you prefer to retain?" showed a majority of 240 to 108 votes for the Canadian game. The number of ballots cast was disappointingly low, but did return the expected verdict.

The plebiscite was proposed by the Council in view of a possible decrease in credits with a smaller student body in the coming year and the result is to be for use solely as a reference for the incoming year. It is in no way binding, but is merely to indicate the trend of opinion on the subject.

A possible explanation for the light voting lies in the fact that the same question, although differently phrased, has been that the question is somewhat out of season was also pointed to as an explanation.

It has been remarked that due to the very small part of the student body which expressed an opinion, the decision reached loses its value as a reference point for the incoming council. At one time it was proposed to exclude the seniors from the vote, because their opinion should not be used to decide a question which will have effect in their absence. No such disallowance was made however.

M. I. A. U. officials, along with other groups had advised both that the question should not be posed at this time and that an acceptance of the Canadian game solely at this time and would not be in the best interests of relations between the Maritime intercollegiate group and this university.

CONGRATULATIONS...

... to Jack Murray, alumni field secretary, on the birth of his first daughter. The blessed event came about on Tuesday night. The makes two of 'em, a boy and a girl.

Administration To Bring Rates in Line With Other Maritime Universities

A general increase in tuition for all students was announced by Dr. J. W. Sears, Bursar of the University of New Brunswick, on Saturday. In addition a new registration fee of \$5. for all students annually will become effective this fall. Supplementary exams will now entail a fee of \$8 and special exams, \$10.

U.N.T.D.—C.O.T.C. Formal To Be Held At Beaverbrook

The Annual Military Ball co-sponsored yearly by the U.N.B. C.O.T.C. and U.N.T.D. will probably be held this year on March 24th. Plans are yet tentative. The Centennial Room and Bar in the Lord Beaverbrook Hotel will likely be the scene of the Dance unless an overwhelming crowd requires the use of the Loyalist Ball Room. Both members of the C.O.T.C. and the U.N.T.D. will be allowed to attend the dance. A usually quite affair, the dance is expected to fill the only gap in the social calendar for the Spring term.

In the meantime, the C.O.T.C.'s Annual Mess Dinner will take place on March 8th at Colwell's Inn. It is expected that Major R. J. Love, OC U.N.B. Contingent C.O.T.C., will preside. The Mess Dinner provides a convivial atmosphere for Officer Cadets in all years to acquaint themselves.

Frances Montgomery To Lecture Here on 9th

It has been announced by Dr. Louise Thompson of the department of Psychology and Sociology that Miss Frances L. Montgomery, assistant director of the Maritime School of Social Work plans to visit this University on or about March 9. Miss Montgomery will arrange to meet and talk with students during her stay here and it is expected that she will outline the field of social work in the Maritimes and speak on the possibilities of a vocation in that line for graduates of this university.

Miss Montgomery will deliver a special lecture in Room 201 of the Arts' Building on the morning of Thursday, the ninth, at 10 a.m. and will be available for consultation on the afternoon of that day, in Dr. Thompson's office.

The visitor will probably point out the advantages of the school which she represents, the Maritime School of Social Work which is located in Halifax.

Harvor Elected S.C.M. President

Stig Harvor was elected president of the Student Christian Movement branch on this campus at a regular meeting of the organization held last Sunday night. Mr. Harvor has been active in the organization

For Arts and Science in Arts students, the new tuition will be \$175 plus new lab fees of \$15 for each lab. For first year Engineers the fee will be \$205 and for subsequent years will be \$235. Foresters will pay \$235 per year under the new schedule. The new Bachelor of Education degree to be offered will have the same tuition fees as the Arts and Science in Arts degrees, \$175.

Changes have also been made in the rates for obtaining Masters' degrees. In Arts or Science a full year's tuition will be required and a registration fee of \$25 per year for each subsequent year. Forestry and Engineering students will also pay one year's tuition, \$235, and then the same registration fee of \$25 for each following year.

These changes have been brought about because of the greatly reduced number of students now enrolled and the present expanded state of facilities provided by the University. In order to maintain these present standards it is necessary to have these increases which amount in most instances to an increase of less than 20%. With these increases, the tuition fees of the University of New Brunswick will be brought into line with those of other Maritime Universities. Previously U.N.B. had lower fees in almost every faculty than those of the other Universities. The new rates are still about \$100 less than those of McGill and other Upper Canadian Universities. McGill made a general revision two years ago in their entire tuition schedule with boosts in much the same proportion as those announced Saturday by Dr. Sears. The increases will mean an additional revenue of some \$30,000 since the estimated enrollment next year will be about 800 students. This sum however will not bridge the gap between the decreasing volume of tuition and the present expenditures. A drop of some \$40,000 in tuition from last year was experienced this year, and with an expected attendance even lower next year the spread would have become even greater, unless the revision was made.

since coming to this University three years ago and will assume office. He is a third year civil engineer.

Other officers elected at last Sunday night's meeting included Everett Smith, third year pre-med student, whose home is in Hampton, Mr. Smith became vice-president.

Miss Joan Schoushou was again elected to the position of secretary, which office she has filled for two years preceding. Don Beach completes the executive, having been elected to the position of treasurer.

On Treasurer's Amendments

With the date of the spring elections rather uncertainly fixed at March 29, some statement as to the changes affected in the actual manner and consequences of voting by the recently introduced constitutional amendments is deemed appropriate.

Among the most revolutionary changes effected is that one whereby the date of holding the elections is fixed as the last Wednesday in February. Unfortunately, the better affects of that one may not be felt in the present term.

- The innovations have been listed as follows:
1. Election of class representatives and officers at the same time as election of S.R.C. and A.A.A. executives.
2. Election of NFCUS Chairman, who will also in the future be a member of the S.R.C.
3. Establishment of a fifth class, vis, the Intermediate Class consisting of fourth year students in the five year Engineering and Forestry courses.
4. Election is to be held on the last Wednesday in February instead of in March and April as previously.
5. President of the S.R.C. is to be a Senior but for the next year may be an Intermediate.
6. The Vice-President of the S.R.C. is to be a Senior in Arts or Science or an Intermediate in Engineering or Forestry.
7. The clauses respecting marking and counting of ballots are to be more clearly worded.

It becomes obvious that by means of fairer voting methods and simplification of the task which becomes rather tedious with some of us, that of dropping ballots in boxes, Mr. Stevenson has made the privilege of voting more attractive. It is hoped that the student body generally will find it so.

Guest Editor Writes . .

In the future an attempt will be made to have a Campus Figure express some pertinent views on controversial issues in the Editorial Column. Below is a statement by Rod McLeod, this year's President of the S.R.C.)

On March 29th, the annual S.R.C. and A.A.A. elections are to take place. At that time, you will decide what students are to represent you during 1950-51. Needless to say it is important that the entire student body take an intelligent interest in this election and see to it that capable and responsible people are chosen for the top campus offices.

The respective duties and responsibilities of these two institutions are very necessary and important, in campus life. In the first place, the student's council is empowered to deal with all matters of general interest. All student organizations are ultimately responsible to its jurisdiction. It is the recognized medium between the student body, the university authorities and the general public. These powers are real and not imaginary.

Aside from these more general duties, the council is charged with the responsibility of spending the considerable sums which accrue from student levies. The administration of such broad and extensive powers demands responsible representation from the student body. The decision of the S.R.C. affect each one of us personally and, for this reason if for no other, it is essential that we take an interest in Student government. Such government needs an interested and informed student body, if it is to be successful.

The A.A.A. is charged with the supervision and encouragement of college sports. Although responsible to the Student's Council, it discharges its functions with little interference from that organization.

STUDENT FORUM

This Column is open to any student who wishes to express his views on any controversial subject.

WHAT DO WE KNOW ABOUT THE U. N.?

by Reno Oulette

Almost every day we hear or read something about the events taking place in the General Assembly at Lake Success. The public seems to be well informed of what is going on and the interest is quite high. Still we cannot say the same about the proceedings of the smaller but no less important branches of this body. The General Assembly has eclipsed these other, less publicised groups.

The Economic and Social Council, for instance, has done work which is just as important to the individual, if not more so, than most of the decisions of the larger, more publicised bodies. Consider, for example, the Universal Declaration of Human Rights, the work of one of the subdivisions of this Council. Two years of bitter discussion went to make up this paper in its present form. More discussion will take place when it is presented in the form of a covenant which will be in the form of a binding, international treaty for the nations which sign it.

Here in Canada it is apparent that neither the public nor the government is paying as much attention to this declaration as it, as a matter of great importance to our lives and to the world as a whole, deserves. Why this lack of interest? Do we lack the knowledge? Is our government not in favour of the U. N.? Are we a nation of isolationists?

Whatever the answer, WE are at fault.

If you are the least bit interested in the way you will live after graduation, the way your children will live and their grandchildren—then you have a big chance to acquaint yourselves with the red-hot issues of Human Rights and Full Employment by taking an active part in

the Model Economic and Social Council which will be held on the campus at the end of March. For particulars see either or Jackie Webster, Murray Jones, Stig Harvor, John Hildebrand, Joe Titus, Stewart Clarke, Derrick Wiggs, or myself.

ENGINEERING WEEK BANNER PROTESTED by An Artsman

Imagine the horror on the part of the thinking student body on seeing this blackest outrage against the last stronghold of enlightenment on the Campus. We refer, of course, to the foul rag proclaiming "Engineering Week" in gaudy and blatant colours which even now hangs from that most noble edifice the Arts Building. One would suspect that the hoisting of this slinking banner of infamy had been motivated by the same savage instinct as ended in the sacking of Rome, or the pillage of Babylon. These engineers however, though a depraved lot, are equipped with a certain low cunning, much the same as that found in a jackal or a crocodile. Perhaps realizing their own base and despised station they have attempted for a brief period to place themselves in the public eye through this loathsome artifice. Whatever may be their motivation, of this we may be sure, this effort will be avenged twofold.

—ARTSMAN

That man will go far because he believes what he himself says.

—Mirabeau about Robespierre

In politics truth must wait until somebody has a rise for it.

—Bjornstjerne Bjornson.

It too has an important role and a wise choice should be exercised in the election of its officers.

Next year, the S.R.C. will be faced with many perplexing and difficult problems. Enrollment will be down considerably, which, of course, means reduced finances. Many of the luxuries which have developed in the past five years will have to be cut. This will not be easy since the Council will be expected to carry on the same level of expenditures it has in the past. Discretion will have to be used in the appointment of funds to the various campus activities and wise decision will have to be made in the elimination of many of our present obligations. For these and other reasons the transition period from inflated to normal conditions will not be easy.

This year's election should prove interesting on this account.

The Editor, The Brunswickan. Dear Sir,

I read with considerable interest the two letters and the one article submitted to you in connection with my comment on dirty jokes.

I most heartily regret having to decline the kind invitation of the Junior Geologists to spend an afternoon with them in mutual self-improvement. At the moment a more important project occupies my time. It is the compilation of the diluge of college humor with which I have been swamped by generous donors since the publication of my article. My intention is to publish these newly acquired jokes in a volume entitled "Bed Time Stories for University Students." When I am able to find a printing company whose machinery will not melt in the process of printing my book, I may visit the Junior Geologists and as a return of their favor incite them on a week-long Caribbean cruise starting from my sumptuous Florida home which I will build. With the proceeds gained by the sale of my momentous contribution to the world's great literature.

Now for a brief commentary on the wise words of the sage hiding under the exceedingly general term of "A Forester". Undoubtedly this venerable gentleman is right in saying that the correctness of my statement on the relation of vulgar humor and maturity depends on one's vie wof maturity. I stated that a mature man or woman would find nothing funny in a dirty joke. On reconsideration I have come to the conclusion that perhaps I was slightly mistaken. Sex, like any other aspect of human life, can be treated humorously. To concentrate on it to the total exclusion of all other possible fields of humor is perhaps rather my main objection. A mature person would certainly practise tactful discrimination in the telling of dirty jokes. They should not be overworked as in the case of the Engineering Brunswickan.

This leads up to Mr. David Etheridge's opinion that the printing of vulgar humor shows a lack of respect for the intelligent discrimination of the reader. While this may be correct I also maintain that the publication of dirty jokes is a reflection on the student body. (continued on page seven)

UNIVERSITY OF MAINE DEBATERS BEST HILDEBRAND AND KERR ON COMMUNIST LAW

U.N.B. Debating Society was host to the University of Maine Debating Society at a debate held in room 106 of the Forestry building on Friday night, the 24th of February. The resolution under debate was, "Resolved that the Communist party should be outlawed in Canada and the United States". Debating for the University of Maine were Frank Heane and George Hovey on the affirmative side, while George ("Buzz") Kerr and John Hildebrand took the negative side for U.N.B.

The affirmative commenced by showing just exactly what the Communist party stood for and what the Communist party had done in the past and that the law should be passed outlawing the Communist Party in the United States and Canada.

The negative said the result of such a law would be a dangerous threat to civil liberties and they pointed out that such a law had failed in many countries, Canada included and also the present witch-

hunt in Quebec. The negative said that our present laws were strong enough to deal with traitors whether they be communists or not.

The affirmative in rebuttal came back with a tricky move. They said the debate was not either on the constitutionality or practicability of such a bill, in other words the whole debate hinged around the interpretation of the word "should", and the affirmative felt that they had conclusively proved that the Communist party was such a menace that it should be outlawed, but whether it could be or not was an entirely different thing, which did not have anything to do with the subject under debate and the affirmative cited chapter and verse to prove their case.

The negative disagreed with the affirmative and said that the constitutionality and practicability of such a bill did not have some bearing on the subject under debate.

The judges returned a 2-1 decision in favor of Maine and feeling in the

Harvor Tells of Progress of Model U. N.

I bet you have been waiting for more news regarding the Model United Nations Economic and Social Council, a one-night session of which will be held in the latter part of March. The 18 member delegations on the Council are now represented by at least one student each. It is hoped that other students will join these in the preparation of their view point and will assist in the hot discussion which will ensue when the two burning issues of Human Rights and Full Employment come before the sitting of the Council.

The Planning Committee is at the moment busily engaged in digging up material for the student delegates. The helpful cooperation of the librarians both at U.N.B. and at the Department of Education Library in the cellar of Teachers College has been secured. At the Department of Education Library a special assortment of helpful documents are now awaiting perusal, and at the U.N.B. library the already existing material will shortly be supplemented by actual reports of the U. N. Human Rights Commission to the Economic and Social Council (ECOSOC).

If a student delegate wishes direct contact with the actual U. N. delegation he or she is representing, he or she may write to that delegation asking for assistance by addressing the letter: (Name of country) Delegation, Care of U. N. Mail Room, Lake Success, N. Y., U. S. A. Another helpful approach for a student debating Human Rights is to consult the history of the nation he or she is representing with a view of obtaining a general picture of the development of human rights in that country. A survey of the ediology which predominates in the country a student has chosen to represent may also prove fruitful. A superb way for a delegate to become familiar with the U. N. Declaration of Human Rights around which the main battle in the Council will be centered, is to drop in on the sessions of a group which, with Prof. David Corbett as resource leader, is study-

Fiddlehead

by ANN SANSON

(Ed.'s note: The following is the first in a series of columns by Miss Ann Sanson with notes on generally unpublicized activities such as concerts, special lectures at the observatory, art on the campus and such-like. The name "Fiddlehead" is used to infer the tradition of the old Arts' Society publication of that name. It is hoped that the column will stimulate some further interest in those trends referred to above, and will serve as a reference as to dates of forthcoming events, etc.)

We would like to remind those interested in the Art Centre that the Sunday night record concerts at Alex. are open to all those interested. Any requested selections may be put in the "s" mail box in the Arts Building. The starting time for these concerts is 8.30 p.m. Sunday night, and by the way, Sunday March 12, Professor Cately will give a paper on the "Battle of the Nervii" at the Conversat. in the Observatory at 4.00 p. m.

We have just heard of an exhibition which has just arrived at Alex. "College Printers" it is called. It's in a big black box too, and we have been told that it demonstrates different types of printing and etching. There should be many people on the campus who would be interested.

With so much being said about the Red 'N Black Review, we would still like to throw some more orchids to those people who spent so much time and effort to make the show a great success. Chris Douglas deserves the first corsage for her magnificent number. Her beauty and grace demanded our complete attention from the moment that the curtain rose.

Of all the numbers the winter skating scene was the most impressive. The costumes, lighting and perfection of the dancers made it a joy to behold; and WHO painted the backdrop? Perhaps the lighting changes were a bit too quick, the audience hardly had time to take in each change before they had "done it again".

By next week we hope to have all the dope on "Golden Boy". This is the play that U.N.B. is entering in the Drama Festival. The dates in Fredericton are March 20, 21 and 22.

NOTICE

Nominations have been called for candidates for campus elections to be held March 29. See page six for list of offices.

Nobody is a statesman if he cannot chop off his tail. —Gambetta

ing the Declaration at weekly sessions. For time and place of meeting contact Bob Cadman, Room 213, Residence. As you see, there are many channels open for help in the intelligent preparation of a student delegate. Take advantage of them all and go to it!

If you want to learn more about the important work of the U. N., if you want to gain an intelligent opinion of two immense problems with which the world are grappling at this very moment, if you enjoy an evening of good discussion, then your place is on one of the 18 member delegations on the Economic and Social Council! See either one of Jackie Webster, Murray Jones, Joe Titus, Derrick Wiggs, Reno Oulette, Stewart Clarke, or Stig Harvor for your participation. We love to have you.

OF CHAMPIONS

SPORTISTICALLY SPEAKING

By JIM McADAM

TOURNAMENT

Pandemonium and chaos reigned last Saturday afternoon as the Alma Mater squeezed by Carleton County Vocational 32-30. And cheering—why that's the most cheering that's been done in the gym since last year's High School Tournament!

The championship game was a spectator's "once in a lifetime". When you pair two teams off that won't concede victory until the final whistle; when these teams are spurred by 1500 delirious fans, you are going to get a thrilling match. The margin of victory teeter-tottered between the two until the final minute when Fredericton went ahead and held their paper-thin lead over a fighting five from Carleton County.

Both schools are to be congratulated on such fine representative teams. It must have meant a great deal to the players to be so enthusiastically rewarded for their efforts. The teams that did not climb to the winner's circle must not go home forgotten. For the genuinesportsman, the role of the loser is the most difficult to play—but the team that can lose courageously is a champion in its own right.

The High School Tournament has become an important phase of our campus life, as every March brings hundreds of basketball-hungry students up to the Lady Beaverbrook gym to witness the annual classic. I think the university appreciates being the host.

MARITIME TITLES

While we're on the court, Varsity is awaiting the outcome of the Dalhousie-St. Francis Xavier struggle. It looks like a nip and tuck affair between the two squads. The N. B. champions will meet the victor on Nova Scotia soil in the first fixture of the Maritime tilt.

There is a possibility that the varsity hockey squad will accompany the basketball boys in their quest for another Maritime championship title. The Kellymen meet St. Thomas this week in a primer for their game with St. F. X. It might be U.N.B. vs. St. F. X. on both counts. Whoever their opponents may be we're certain that both squads will bring home the silverware.

TOUGH CHOICE

Bill Mahood former Queen's boxer, is the U.N.B. welter-weight champ. He decisioned Alan Neill, last year's Maritime champ, in a very close elimination bout. Both boys were very evenly matched and fought a cool, heady fight. It's a shame these lads weren't in different weights because they are both great competitors.

DEFEATED(?)

The first round of the Canadian vs. English football bout goes to Canadian rigger. I say the first round because a comparative few exercised their democratic franchise and the opinion expressed was therefore somewhat inconclusive. But at the voting poll we were decisively defeated. This doesn't mean the rugby boys have thrown in the towel. When next fall's plebiscite is taken I would again urge the students to retain both games and concern themselves with the immediate future.

Curling News

Since the last report of happenings in Curling, two weeks have rolled by and two more days of league play.

During this time the standings have changed some, a spoon match has been held and a trip to Fredericton Junction is in the wind.

The spoon match, or what turned out to be an ash tray match, if there is such an animal, was played last Saturday. The rink skipped by John Glass won the trays with Jim Coster's rink taking the consolation. We hope to have more of these matches in the near future.

A trip to the Junction is almost a sure thing for next Saturday Saturday night, to trade shouts of "SWEEP" with the enthusiasts there known at the "Hubbliewubbles".

Concerning the league standings the McAdam rink leads the league with two wins and no losses.

The standings in the league are as follows:

Skip	Wins	Losses
J. McAdam	2	0
J. Coster	1	1
J. Glass	1	1
M. MacKenzie	1	1
R. Corbett	1	1
R. Staples	0	2

Caps Eliminate Jr. Varsity

by JACK CONNORS

Last Thursday nite the Jr. Caps won the right to play off against Minto in the Junior Provincial Playoffs by defeating U.N.B. Junior Varsity 7-3. Although the Red 'n Black put up a stiff battle, they would not overcome the lead established by the Caps in the first two periods.

The game was rather slow in the first period but livened up somewhat in the middle of the second frame with U.N.B. putting the pressure on. However, U. N. B. did not score until late in the third period, with two goals by Ketch (12.13), (14.00) (assists, Elliott) and one by Hallett, who took the puck from the blue line and skated up and around the caps net to score from a seemingly impossible angle. High scorers for the Caps were McPherson and E. Richardson with two goals apiece and Levison with three assists.

LINEUPS:

Caps: Goal—Worthen; Defence—McPherson, Myles, Watt, Pinder; Forwards—Levison, E. Richardson, F. Richardson, Boyles, R. Banks, S. Banks, Meehan, Saunders, Kiley, Ryan.

U.N.B.: Goal—Haining; Defence—Hallett, C. Smith, Bishop, MacDougal; Forwards—Ketch, Elliott,

Varsity Clinches Title By Win Over St. Dunstan's

by IRWIN ORLOV and JULIAN GUNTENSBERGER

(If you readers are wondering why two characters like us are doing this write-up, we would like to inform you that your usual correspondent was all "tied up" for the evening at the Red 'N Black Revue.)

Before a crowd so small that the Vendors were selling peanuts to each other, U.N.B. Varsity waltzed to an easy 7-2 victory over St. Dunstan's at the York Arena last Thursday night. The win gave the Hillmen the N.B.-P.E.I. title for the second consecutive year. U.N.B. will now meet St. F. X., the Nova Scotia champion, in a two game total goal series which will commence when the final league contest with St. Thomas is played.

In Thursday's contest the play was rather ragged during most of the game, the home team having a decided edge. On the whole it was a very clean game. Three penalties, all minors, were handed out by referees Bishop and Clarke.

The Bliss boys really had a field day, accounting for 5 scoring points between them; Bob had a goal and an assist to his credit while Tim scored two goals and one assist. However the winners did not hold all the spotlight; Captain Mike Hennessy of the losers was the outstanding player of the game; on the ice for about 45 minutes of the game he was in there fighting at the final whistle.

The Red and Black started festivities at 2.18 of the initial period when Bob Bliss slapped in a pass from brother Tim. The latter scored number two and Gerry Gaudet gave varsity a three goal lead before the period ended. In this session U.N.B. had a slight edge in the shots on goal department. The tally was 17-4.

In the second stanza the island-

ers put up a better fight holding the Red and Black to a goal while they notched a singleton. George MacRae was the St. Dunstan's goal-getter while Tim Bliss scored for U.N.B. The shots on goal in this period were, by U.N.B. 11, St. Dunstan's 10.

In the third period the hillmen really put on the pressure. Sixteen shots were fired at Strain in the Saints cage while Harrigan had only three to deal with at the other end. Varsity scored three times on shots by Malone, Pike and Dohaney. With three minutes remaining McQuaid tallied the second Saint Dunstan's marker.

LINEUPS—

U.N.B.—Goal, Harrigan; defence, Steele, Ballantyne, Gaudet, Wagner, forwards, Lorimer, T. Bliss, B. Bliss, Donkin, Dohaney, Malone, Kennedy, Pike, Thompson.

Saint Dunstan's—Goal, Strain; defence, Hennessy, MacRae, Ayres, Trembley; forwards, Houde, McIssac, DesRosiers, Farmer, McQuaid, Cheverie, Murphy, Gagnon, Sheeran.

St. Thomas Defeated 8-3 in Final Contest

The N. B.-P. E. I. intercollegiate hockey league ended Monday night at the York Arena when Varsity defeated Saint Thomas College 8-3. U. N. B. thus finished its six game schedule undefeated, a perfect twelve points being marred by a tie in a previous game at Chatham.

It was a rough and rugged game all through with the final score not a complete indication of the run of play. Saint Thomas outshot the Red and Black but Bruce Harrigan played a good game in the U. N. B. nets, kicking out 31 shots. The hillmen proved to be the more effective markemen especially in the final two periods when they beat the Saint's goaltender seven times.

The first period ended in a deadlock, each team registering once. Saint Thomas was the first to score. Clement scored on passes from P. Barry and P. O'Neill after ten minutes. Art Lorimer tied up the count three minutes later.

In the second session Varsity scored three times without reply. Tim Bliss, Wagar and Golding were the goalgetters in that order.

Saint Thomas outshot the Red and Black 11-10 in the third period but the latter notched four counters two by the Tommies. Dohaney and McAloon and Charest scored Pike both tallied twice for Varsity for the Chatham college.

Swim Meet Held In Residence Pool

On Wednesday night, the U.N.B. Swim Teams meet their major oppositions when the women's teams from Dalhousie and Acadia universities as well as the Acadia Mens' team invade the Lady Beaverbrook Residence pool. All these teams will have many of their last year's swimmers with them, and while they were good then they will probably be even better this time. Jim Gawley, who alassed the most points for Acadia last year, will again be captain of that team this year, and the race between George Noble, U.N.S. captain, and Gawley in the forty yard event will probably have a photo finish.

In the Brunswickan of last week there was an account of the meet held at Halifax, when the U.N.B. lads quelled the Navy opposition by taking all but two first places. The point worthy of note, however, is that Acadia has also beaten the Navy by almost the same scores on (Continued on page 8)

SOMETIMES WIN, MOSTLY LOSE

The U.N.B. co-ed Basketball team defeated Teachers College recently. Here they are L. to R. Back Row, Ray Lakes, Mim Spicer, Pat Clarke, Maxine Holder, Peggy Stewart, Mary Needler, E. Scribner, Audrey Baird. Front, Chris Douglas, Marg Vermeeren, Joenne Mooers and Janette Webb.

WHO'S WHO IN VARSITY HOCKEY

Arthur Plummer, St. John, N. B. Plays defense. Sr. Arts. Art is no unfamiliar sight in U.N.B. sports circles having played hockey for many seasons previous to this for the U.N.B. team. Last winter Art played for Dal. A former R.C.A.F. officer Art played the intermediate league games conscientiously and added power to the rear guard.

Bob Dickson, Dennisville, Ont. hardworking right winger, played with team 2 years ago. Bob is a Sr. Forester.

Jim Johnston, St. George, N. B. Sr. Civil, a former star in the St. George High School soccer team. R.C.A.F. aircrew vet, Jim managed the U.N.B. soccer team this year which won the Maritime Intercollegiate Championship and has carried a large share of the responsibilities and duties in management of the Senior Varsity Hockey team this year. In his position as trainer he has won for himself the respect an admiration of every member of the team. Thanks Jim, the whole team joins hands in wishing you the very best in all your undertakings.

George Kennedy, St. John, N. B., a Junior Civil, second year with team, former St. John High School hockey star. Allergic to Fredericton sub-zero weather George believes two leather jackets are needed to keep him warm, if so, he'll freeze. George's dogish playing has highlighted many a tough game and kept the Red and Black above water. A capable rugby player, a sprained ankle kept him from playing last fall.

Ralph Donkin, St. John, N. B. a Soph Civil 2nd year with team, former St. John High School Hockey Star. Is a consistent and energetic player, a stylish Saint John type skater (elbows cocked for action).

Bruce Harrigan, St. John, N. B., a Freshman Arts Student. Bruce played goal for St. Sabastian College, Boston, and tips the scales at 135 lbs. to have undisputed honor of being small man of the team.

John Wagner, Montreal, P. Q. is a Sophomore Forester, started last season with Junior Varsity. Has proven to be a very efficient defenceman, spends little time in penalty box, and can be counted on for a good performance at all times.

Art Lorimer, centers the Bliss brothers, the most powerful trio in the N.B.-P.E.I. Intercollegiate hockey today. Art joined the Benedicts last summer. An army vet and a soph, he always gives a good account of himself while on the ice.

Jim B. Pike, Alberton, P.E.I. a Sr. Forester enjoying his second very prosperous year on the team. Jim is a P.H.S. grad but lived most of his life in Salisbury. A serious shoulder injury kept him out of the Intermediate Semi-finals. Jim's wicked shot from right wing will be greatly missed next season.

George Steele, Rothesay, N. B., captain and defence, 3rd consecutive year on Sr. Varsity Hockey team. Voted most valuable player to team last year. George is a Sr.

Civil, and an R.C.A.F. vet, an ardent golfer. George is married and is a daddy. He will be greatly missed next year—hats off to a great guy.

Tom Ballantyne, Kapuskasing, Ont., defence, an R.C.A.F. veteran. For three years now Tom's 215 has been a tower of strength at the U.N.B. blueline. Tom is in his Sr. year Forestry.

Gerry Gaudet, Moncton, N. B., rushing rear guard of U.N.B. team. Gerry is a Sr. Civil and will not be with the team next year. His ever ready wit and dressing-room humor will be hard to replace. Gerry played hardball in Moncton last year.

Allan Golding, St. John N. B., a former S.J.H.S. Star. Al has capably centered wingers, Dohaney and Malone. A Fresh. Arts student, Al intends furthering his studies in medicine.

Walter Donaney, Plaster Rock, N. B., a soph. Civil is one of the line of Dohaney's who have chosen U.N.B. as an Alma Mater. Walter, is the only mustached player in the S.N.B.H.L. and N.B.-P.E.I. leagues and although being a crafty winger he can also fill in at the blueline very capably.

Jack Thompson, Fredericton, N. B., is a Junior Civil who plays senior hardball during the holidays. The wavy haired little left winger, working now on the same line as Kennedy and Pike has never had a penalty called against him this season. In his "offtime" Jack supervises the playing of a potent and promising pick-up hockey team.

George "Tim" Bliss, Fredericton, N. B. a Soph. Electrical, a member of the U.N.T.D. Tim's place on the team was securely "moored" from the very first practice last fall. A very enthusiastic and able tennis player, Tim won his letter on this sport last year. He was a member of the Fredericton Oddfellow team which won the N.B. Juvenile title in 1947.

Bob Bliss, Fredericton, N. B., a Junior Electrical older member of the Bliss duo. Bob has run up a very impressive scoring record since he joined Senior Varsity this winter. Bob so impressed the Mt. A. audience on the Feb. 4 game that he had the swamp gals croaking with frustration.

William Malone, Stanley, N. B., is a Fresh. Forester, a former St. Thomas College star. Aggressive and hard working, Bill has proven to be a constant threat when around an opposing net.

Ross "Punchy" Walker, Montreal, P. Q., a Junior Civil, playing his third year as a member of the team. A broken collar bone kept him out of action for most of the season last year.

Last but not least we present Albert Sewell, the man who makes

Ski Team Places Third In Meet at St. Saviour

Bowling News

by Jim Watson
This week Section "A" completed its regular bowling schedule with the teams in the following positions:

Team	Stand- ing	Pts.	Pos.
Sr. Foresters	1	16	20
Sr. Engineers	2	15	20
Faculty	3	13	20
Geologists	4	10	20
Frosh Arts	5	6	20

The games which were postponed in Section B will be played on Monday night.

7.00 p.m. Freshmen vs. Tarfu.
9.00 p.m. Newman Club vs. Biologists.

The team standings to date in Section "B":

Team	Stand- ing	Pts.	Pos.
Outlaws	1	17	20
Residence	2	10	20
Biologists	3	10	16
Freshmen	4	9	16
Newman Club	5	5	16
Tarfu	6	1	16

High single,—this week, G. Mann 126, this year, W. Neilson 141. 314, this year, L. Edwards 355.

As several teams have not completed their schedule, the player averages will not be published. A complete list of all player's averages for the year will be posted in the Gym at the completion of the regular schedule.

it his duty to see that everything works well. An unassuming and hardworking manager, Albert held the assistant manager's post last year. Albert is a Hut 26 favourite. He plays hardball in the summer at his home town of Caraquet, N. B. In the fall he played goal for Alexanders in the Intramural Soccer league and also played right wing in the Intramural Hockey league for his Class, Soph. Science.

The U.N.B. Ski team put up a terrific performance at St. Saviour P.Q. last week end when it placed third in the Canadian Intercollegiate Ski Championships. McGill won the meet with 578.90 points while Laval was second with 563.48 points, U.N.B. scored 549.97 points. Star of the U.N.B. squad was Bill Murray who placed second in the downhill and gained points in other division. Howie Boucher and Bud Mackley were the other members of the Varsity squad who placed.

Dalhousie Wins Badminton Meet; U.N.B. Runner-Up

The Dalhousie Badminton team retained the G. E. Leslie trophy, emblematic of Maritime Intercollegiate supremacy, at Sackville last Thursday. For the second year in succession the U N B squad placed in the runner-up spot. Dalhousie won by an impressive margin, 10 points. Mt. Allison, the only other entry in the three team meet, finished one point behind the Red and Black.

The best game of the two days was the mens singles open final. Ned Banks of Dalhousie defeated Stricklen of U.N.B. in two thrilling games, 15-12, 15-12.

The UNB team consisted three women and four men. The members of the team were, S. Brown, P. Hawkins, M. Ryan, J. Robichaud, P. Ryan, J. Stricklan and K. Watson.

Hockey Finals Open at Antigonish on Friday

The University of New Brunswick winners of the N. B.-P. E. I. intercollegiate hockey title will now meet St. F. X., champion in Nova Scotia in a two game total goal series for the Maritime Crown. The first game of the series will be play at Antigonish, N. S., on Friday night. The return game is booked for York Arena the following Friday, March 17. The relative strengths of the two teams is unknown. Some indication of their comparative play can be estimated by their respective competition. St. F. X. was entered in a Senior 'B' league last season and performed in

a commendable fashion. They were eliminated by the Antigonish Bulldogs in the A. P. C. league. On the other hand Varsity played an intermediate brand which is one notch lower than the Senior 'B' quality. However Varsity is, as yet unbeaten in intercollegiate competition and is determined to keep its record intact.

Democracy is more dreadful than wars and tyrants. —Seneca

In politics revolutions mean experiments. —Disraeli.

N. B.—P. E. I. CHAMPION

Above is the Varsity Hockey Squad. L. to R. Back Row, Tom Ballantyne, Art Plummer, George Steele, Art Lorimer, Jim Pike, Bill Malone, John Wagar, Walter Donaney and Pete Kelly (Coach).... Front Row L. to R., Albert Sewell (Manager), Bob Bliss, George Kennedy, Tim Elias, Bruce Harrigan, Bob Dickson, Jack Thompson and Ralph Donkin

The Menshap

This seems to be the big hockey year for U. N.B. I saw Acadia play and think that up the hill team will win with their combination playing style.

Walker's win new customers every day with co-operative merchandising.

FOLLOWING AMENDMENTS NOW PART OF STUDENT GOVERNMENT CONSTITUTION

For the benefit of those who have been unable to secure copies of the recent amendments to the constitution, the following complete statement is published. It is considered expedient that all students be completely informed of the changes made.

Moved that the SRC Constitution be amended in the following manner:

1. That sections 1 to 7 inclusive of Article V be repealed and the following substituted therefor—

1. Elections shall be held annually on the last Wednesday in February for the purpose of electing students to fill the following positions:

(a) The President, 1st Vice-president, treasurer and secretary of the SRC;

(b) The 2nd vice-president of the SRC;

(c) The President, vice-president and secretary of the AAA;

(d) The Chairman of the NRCUS committee of the SRC;

(e) Four representatives of each class to sit on the SRC, one of whom must be a co-ed except as provided in Art. III, sect. 1 (k).

(f) The Class presidents, vice-presidents, and secretary-treasurers.

2. (a) Nominations for the above positions shall close at noon of the second Saturday preceding the date of elections.

(b) The Secretary of the SRC shall, four weeks previous to date of elections, post notices in the places mentioned in Art. XI, sect. 4 (c) calling for nominations as outlined above.

(c) The Secretary shall also have published in the two issues of the Brunswickan immediately preceding the date on which the nominations close, a similar notice.

(d) The Secretary shall post in the main halls of all University buildings, within 48 hours after the close of nominations, a list of all the candidates for the various offices.

3. (a) All nominations for the positions outlined in sect. 1 (a), (c) and (d) above shall be in writing and signed by a nominator and eight other students.

(b) All nominations for the positions outlined in sect. 1 (e) and (f) above shall be in writing and signed by a nominator and second who shall be members of the class concerned.

(c) Nominations shall be handed to the president or Secretary of the S.R.C.

4. In the event that only one nomination is made for any office the President of the S.R.C. shall declare the nominee elected by acclamation to that office and the Secretary shall post a notice to that effect.

5. If there are more candidates nominated than necessary to fill any office then an election shall be held according to the provisions

hereinafter contained.

6. All elections shall be by secret ballot.

7. The retiring S.R.C. shall be responsible for and shall make all the arrangements necessary for the carrying out of the said elections.

The S.R.C. shall at its first meeting in February, appoint a Returning Officer, who shall be a Senior and a member of the S.R.C. who shall be responsible for the details in connection with the said elections.

8. The S.R.C. shall decide upon suitable places where polls shall be located. There shall be a separate poll for each of the five classes. Notices as to the location of the polls shall be posted at least 6 days previous to the date of elections.

9. (a) Two clerks shall be stationed at each poll on election day, hereinafter referred to as Clerk A and Clerk B.

(b) Clerk A shall give a ballot to each qualified voter and record that such voter has received a ballot.

(c) The voter shall mark his ballot, fold it, and hand it to Clerk B, who shall immediately place it in the ballot box, and record that the ballot has been deposited.

10. A separate poll shall be established where co-eds only shall vote for the 2nd vice-president of the S.R.C.

11. (a) The names of the candidates for co-ed class representative shall be placed on the ballot separate from those of candidates for the other three positions of class representative. A co-ed may be nominated for one of these latter positions.

12. Voters shall mark their ballots as follows:—

(a) Where there are only two candidates for any of the offices mentioned in sect. 1 (a), (b), (c), (d), or (f) above or for that of co-ed class representative, the voter shall indicate his choice by placing an X opposite the name of the candidate of his choice.

(b) Where there are more than two candidates for any of these offices the voter shall indicate the order of his preference of the candidates. He shall place the figure 1 opposite the name of the candidate who is his first choice, a 2 opposite the name of the candidate who is his second choice and so on for as many choices as the voter wishes to make. It shall not be necessary to mark a choice opposite each name on the ballot.

(c) In the case of class representatives, except the co-ed representative the voter shall vote

ates of his choice, marking an X opposite each choice.

13. (a) When the polls close ballot boxes shall be taken to a central place where the ballots shall be counted in the presence of the President of the S.R.C. and any scrutineers by the Returning Officer and the clerks.

(b) For officers where preferential voting has not been used the candidate receiving a majority of the votes shall be declared elected.

(c) For the offices of class representatives, except co-ed representative the three (or four) candidates receiving the greater number of votes shall be declared elected.

only for the three or four candidate Class Organization

1. There shall be five classes as follows:

(a) A Freshman Class composed of all students registered in the first year in any Faculty.

(b) A sophomore Class composed of all students registered in the second year in any Faculty.

(c) A Junior Class composed of all students registered in the third year in any Faculty.

(d) An Intermediate Class composed of all students registered in the fourth year in the Faculties of Engineering and Forestry.

(e) A Senior Class composed of all students registered in the fourth year in the Faculties of Arts and Science and in the fifth year in the Faculties of Engineering and Forestry.

2. The Class officers and class representatives shall be elected as provided in Article V above.

IV THAT Sections 4, 5, and 6 of Art. VI be renumbered 3, 4, and 5.

V. THAT Sections 7 to 15 inclusive of Art. VI be repealed.

(d) For offices where preferential voting has been used the ballots shall be counted as follows:—

(i) The first choices shall be counted. The candidate with the least first choices shall be considered out of the running and the second choices of his ballots added to the totals of the surviving candidates as additional first choices.

(ii) This process shall be continued until one candidate receives a majority of the number of ballots cast.

(iii) In the event there are four or more original candidates and a second choice of a failing candidate fails to fall within the survivors, his third choice shall be used.

14. Each candidate of any office may appoint a scrutineer.

15. The eligibility of any candidate or voter in the above elections shall be determined by the President of the S.R.C.

II THAT Sections 8, 9, 10, and 11 of Art. V be renumbered 16, 17,

18, and 19.

THAT the title, and Sections 1, 2 and 3 of Article VI be repealed and the following substituted therefor:

VI. THAT Sections 16 and 17 of Art. VI be renumbered 6 and 8.

VII. THAT Article III be amended as follows:

By changing Section 1 (b) to read "The president who shall be a Senior for the year in which he holds office except that for the college year 1950-51 he may be a member of the Intermediate Class.

By adding to Sect. 1 the following sub-sections:

(j) The Chairman of the NRCUS committee of the S.R.C. who may be registered in any year except Freshman or Sophomore for the year in which he holds office.

(k) Notwithstanding the provisions of sub-section (i) above, there shall be no separate co-ed representative from the Intermediate Class.

By changing Sect. 1 (c) to read "The First Vice-president who shall be registered in the Senior Year in Arts and Science or in the intermediate year in Engineering or Forestry for the year in which he holds office.

One must suppose that tyranny has its birth in democracy—the worst and hardest serfdom in the widest freedom.

—Plato.

Is politics anything but the art of lying at the right moment? —Voltaire.

LETTER TO THE EDITOR

(continued from page two)

This I hold true since the material found in the publication reflects the dominant attitude of the editorial staff which, in the specific case of the Engineering Brunswickan, I have no reason to presume was vastly different from the student body as a whole.

I can fully understand Mr. Etheridge's justified indignance over my rather rude hint that the Foresters excel in vulgar humor. I must quite frankly admit I have no hard, cold facts with which to back up my statement. My primary reason for stating it was the tempting chance I gleaned of good-naturedly poking the Foresters in the ribs a bit. After all, I am an Engineer and have not quite forgotten the sweet tale of my kindred and their... shall we say, in order not to hurt the feelings of any more persons on the campus: donkeys? (The fable I am referring to appeared in the 1948 edition of the Forestry Brunswickan. Perhaps Mr. Etheridge would like to classify this fable as one of the Foresters' "excellent contributions to campus standards"?)

I am not trying to pick a personal feud with any or all of the Foresters. In my writings I have merely been trying to discover the relation—if any—of maturity and vulgar humor. What I have found is that dirty jokes if unduly emphasized can never be a healthy assist to the

Debaters Chosen for Spring Term; Three Two-Man Teams

At a business meeting of the debating society held on Tuesday night, February the 28th several teams were picked for future debates.

George ("Buzz") Kerr and David ("Skip") Anglin will debate with Bates College, Bill Andrews and Jack Fairweather with U.N.B. Law School at St. John and Derek C. Wiggs and Fred Allen with the University of Maine. The dates have not been announced yet.

Politics is like the sphinx in the fable: It devours those who cannot solve its riddles. —Rivarol

formation of a mature personality. If I in the process have unjustly hurt some people's feelings, I apologize. I have had my say and am grateful that it and the ensuing discussion have made at least some students give the matter some consideration.

Yours, STIG HARVOR.

Full Results of Last Week's Ski Meet Released

Friday and Saturday, Feb. 24th and 25th, the U.N.B. Ski Club were hosts for the third annual Maritime Intercollegiate Ski Meet. U.N.B. was represented by two teams and other universities represented were Mount A., Acadia, N. S. Tech., St. F. X. also the St. John Ski club sent a team also.

The first event of the meet was the Cross Country race which was run over a three mile course starting and finishing at the gym. Howie Boucher of the U.N.B. first team covered the distance in 32 minutes and 27 seconds. There were 13 Intercollegiate skiers running and U.N.B. skiers took the first five places.

Friday afternoon the downhill race was held at Royal Road. Bud Mackley of U.N.B. first team won the race with a time of 33 seconds. Second place was taken by Sam Miller from St. F. X. with U.N.B. skiers taking the next three places. The course was a little slow due to a heavy snow fall the night before the race.

Friday night the team standings were very close with U.N.B.'s first team holding down a slim lead over U.N.B. second team. The second place team was closely followed by St. F. X.

Saturday morning saw the boys racing between the slalom poles. Again Bud Mackley came through on top for U.N.B. first team with Ian Scott, a team mate, close behind him. Bill Murray set the course and the boys had to be in good shape to run satisfactorily. All competitors were given two runs and when points were counted at the end of the event, St. F. X. were slowly creeping up on the U.N.B. second team who were second, while the U.N.B. first team held a good lead over their rivals.

Due to poor weather conditions Saturday afternoon the jumping was postponed till Sunday morning when the boys took to the air and showed very keen competition. Sam Miller came through on top this time after having lost the downhill and slalom races by a narrow margin. Sam jumped 54 feet on his longest jump. Although some of the other competitors had longer leaps than Sam, their style was not as good, and in jumping style counts for a lot of points. Bob Lawrence of the St. John Ski Club had the longest jump of the day when he leaped 60 feet. He is an experienced jumper and won the event by a good margin. However Bob was not representing a University to the top Intercollegiate man took the honors. George King of U.N.B. second team and Ian Scott of U.N.B. first team came next in that order.

Bud Mackley of the first team won the Alpine which is a combination of downhill and slalom points while George King of the second team took the Nordic which is a combination of the jumping and cross country points.

From the competitors point of view the meet was a great success and the Ski Club hopes that they

ELECTION NOTICE

Nominations will be received until noon, Saturday March 18, for the following positions for the Academic year 1950-51.

President of S.R.C.—to be a fourth year student in the year he holds office.

1st Vice-President of S.R.C.—to be a fourth year student.

2nd Vice-President of S.R.C.—to be a Junior co-ed.

Treasurer of S.R.C.—to be a Junior.

Secretary of S.R.C.—to be a Sophomore.

Chairman of NFCUS Committee of the S.R.C.—to be in any year except Freshman or Sophomore while holding office.

President of A.A.A.—to be a fourth year student.

Vice-President of A.A.A.—to be a Junior.

Secretary of A.A.A.—to be a Sophomore.

(Nominations for above positions to be signed by a nominator and seconder and eight other students). All nominations to be handed to President or Secretary of S.R.C.

Nominations are also to be received for: President, Vice-President and Secretary-Treasurer of next years Sophomore, Junior, Intermediate and Senior Classes.

A coed S.R.C. representative and 3 other S.R.C. representatives from next years Sophomore, Junior and Senior classes. Four S. R. C. representatives from next years Intermediate class. (For these positions nominations must be signed by a nominator and seconder who must be members of the class concerned).

will return next year. Competition was the best yet in the three meets held so far.

The U.N.B. boys still fresh from the Maritime Meet will be skiing at St. Sauveur, P.Q. this week end in the Canadian Intermediate Intercollegiate Ski Meet. This meet is the senior Intercollegiate Ski meet

in Canada but the U.S. Skiing officials do not rank it as a senior meet. However the winner of the meet has won the top Intercollegiate Ski Title in Canada. So good luck boys.

The team that has gone to Quebec is as follows:
