MANY CIVILIANS PERISHED

London, Oct. 12.—"Many civilian inhabitants of Belgrade, especially women and children, perished in the Austro-German bombardment," says the Daily Telegraph's Nish correspondent.

OFFICIAL STATEMENT

Paris, Oct. 12.—A Serbian official statement issued Sunday at Nish, covering operations during the 9th on the Danube front, telegraphed by the Havas correspondent was as follows:

"There were desperate combats for the positions south of Ram, where we repulsed all enemy attacks. Our troops took the offensive between Malava and the Morava River, throwing the enemy back upon the bank of the Danube and capturing three mortars and four machine guns."

"Continued passage of the river between Semendria and Codominis by the enemy was prevented. One detachment had crossed near Semendria when it was annihilated in part by our troops and the rest of the troops were driven into the stream. At Belgrade, following a heavy cannonading, the enemy tried to take by assault Great Watchar and Dedgine, but was thrown back with heavy losses before Great Watchar and driven off of Dedgine by a counter-attack, upon having lost considerable part of his force."

"On the Drina front several detachments of Austro-Germans crossed the river between Tisara Bara and Badovitz, but were unable to advance. We hold our positions."

SIR G. FOSTER TO SPEAK HERE

October 21st In Company With Hon. G. P. Graham to Give Opening Address.

Mr. W. F. Cockshutt, M. P., telegraphed, Hon. George Foster asking him to be one of the speakers at the opening meeting of the Brant County Franchise League, on Thursday Oct. 21st—Trafalgar Day.

An answer was returned that he had made arrangements to speak in Chatham on Oct. 18th. If he would change to the 21st he would come to Brantford from there.

Mr. W. N. Andrews, chairman of the Invention Committee, "phoned" the Mayor of Chatham and as a result of a special meeting they kindly agreed to the change.

Hon. G. P. Graham has also wired acceptance. The gathering will also be in the interests of the Red Cross.

Yesterday and to-day he was about town, renewing old acquaintances with a few months' rest in his own home city will likely fully refresh him from his wounds.

Corp. Orr Arrived Here Quietly on Sunday Night

Corporal Herb ("Jake") Orr, of the 4th Battalion, who was wounded at Langemarck and subsequently discharged on account of wounds, arrived home Sunday night on the 7.33 train. No reception of any kind was held, as by young Orr's request, his father did not give out the time of his arrival.

Mr. Yardley says that there is altogether too much shooting "at the dam, although it is located within the city limits. Last year he had a horse struck in the eye and blinded, and also a valuable cow badly damaged. A man working on the Watworks property also had his cheek grazed by a bullet, and windows in homes have been smashed.

Corporal Orr was wounded seven times at Langemarck and has been ever since in the doctor's hands, yet "considering all he has passed through, looks very well." He walks about with the aid of a cane, but in all probability will be able to dispense with all such support in a few months.

He pays great tribute to the skill of the doctors in getting him righted after the battle. The operation performed on his head, removing a portion of the brain is especially well done. A plate may have to be placed in the space left, but it is not yet known for certain whether it will or not.

Beyond the scars, Corporal Orr has been pretty successful in throwing off any effects of the battle. The memory of it does not bother him, which is a great trouble to many soldiers.

SERBIA MUST BE SAVED BY BRITISH ARMS

London Daily News Says the Government Should Pour Men Into Balkans.

DAILY MAIL AGAIN UNDER ATTACK

Mr. Asquith or Sir Edward Grey Supposed to Give Statement of Situation To-day.

By Special Wire to the Courier. New York, Oct. 12.—A cable to The Herald from London this morning says:

The whole press of England, represented by the great London newspapers, such as the Daily Telegraph, Chronicle, and The Daily News, insist that if France and England have to land a force of half a million men at Saloniki, Serbia must be saved.

All unite in the declaration that to allow Germany to repeat in Serbia the horrors of the occupation of Belgium, would be a shameful tragedy, which would not only alienate all possible support from Greece and Roumania, but the sympathy of the neutral world.

The gravity of the situation with the Austro-Germans already in possession of Belgrade and their monster guns scattering death and destruction among King Peter's army, and people is recognized, and it is admitted because the situation is so black in the near east that many of the prominent papers of Great Britain are joining in the demand that Lord Northcliffe's firebrand campaign designed to oust

LT. COL. ASHTON IS NOW COMMANDER OF BRIGADE

Announcement Made Officially at Ottawa Yesterday of His Promotion.

Ottawa, Oct. 12.—Announcement has been made in militia orders that Lieut.-Col. E. C. Ashton, of the 38th battalion; Lieut.-Col. H. J. Cowan of the 32nd battalion, and Lieut.-Col. S. M. Rogers, of the 9th battalion, have been appointed to command brigades in the Canadian training division, Canadian expeditionary force, England.

Lieut. A. H. G. Kemball, of the 107 East Kootenay Regiment, has been granted the temporary rank of lieutenant-colonel while commanding the 54th overseas battalion.

heard any outcry. Dr. Fissette, coroner, was notified, and the trolley removed the remains to Beckett's undertaking establishment.

Body of Blind Lad Was Found in the Mill Race

The mystery surrounding the disappearance of Vernon B. Morrison, a 12-year old pupil at the School for the Blind, was cleared up about 9.30 on Sunday morning.

It will be remembered that the lad was out walking with the other boys under the care of Supervisor Green on Tuesday last and that on return his absence was noticed. Principal Gardner at once had search parties organized.

Enquiries were made in and wide in the county and the firemen dragged the river, but without result. Finally it was decided to let the water out of the Slingsby mill race near Wilkes' dam, and when this was done the little body was found. The lad had totally lost the sight of one eye and could only partially see with the other. It is supposed that he accidentally stumbled over the quite high embankment, but none of the others

The relatives and Manitoba authorities have been notified and in response the father came here from Winnipeg, grandfather from Gatineau, and Mr. Baker, Manitoba Inspector of Public Institutions. Together with Principal Gardner, George Myerson, busman, and Supervisor Green, they went carefully over the ground and came to the unanimous decision that the sad event was the result of a mishap.

Dr. Fissette did not deem an inquest necessary under the circumstances, but the decision was left to the Manitoba official and the relatives who concurred with the coroner's view.

The interment takes place in Winnipeg.

REV. C. V. LESTER HAS ANSWERED DUTY'S CALL

Was Asked by Colonel Ashton to Become Brigade Chaplain, and He Replied Accepting the Offer—All Eligible Members of His Congregation Are Already Gone.

Another Brantford minister has accepted an offer to go as Chaplain to the front.

Yesterday Rev. C. V. Lester, rector of St. Jude's church received the following cablegram: "Lt. Col. Rev. C. V. Lester, Brantford, Have recommended you as Chaplain. Do you accept?"

Ashton, 9th Brigade, Shorncliffe."

Mr. Lester did not hesitate with regard to his answer, which he at once sent as follows:—

Colliers East.

By Special Wire to the Courier. Montreal, Oct. 12.—The Dominion Coal Company has abandoned hope for the safety of its colliers Kron Prince Olav and Eastington, which left Sydney, N.S., on September 25, the former for Montreal and the latter for St. John, N.B. The two ships ran into a hurricane on September 28.

The Kron Prinz Olav had a crew of twenty three men and the Eastington carried twenty men.

Opium on C.P.R. Liner. By Special Wire to the Courier. Vancouver, B.C., Oct. 12.—Over 400 tons of opium, valued at one hundred thousand dollars, were found by the police on the C. P. R. Steamer Montague, recently arrived from the Orient.

"I accept with pleasure. Many thanks."

Mr. Lester, who came to Brantford some two years ago from a parish in Tara, has made a large circle of friends here. It is a notable fact that all the able bodied men in his church have already enlisted and now he also has accepted the call.

He has been a Chaplain in the 32nd battery and will undoubtedly make abundantly good in his new position. He has no idea yet when he will leave. Brigadier-Ashton always did have the faculty of selecting good men.

HONORED BY BOY SCOUTS LAST NIGHT

Signaller Douglas Jones the Recipient of an Address From Boy Scouts.

Dear Douglas.—We the officers and members of Brant Avenue Boy Scouts No. 7 Troop, of which you have been a faithful and efficient officer, desire to place on record our appreciation of you as Assist. Scoutmaster, and to assure you of how proud we are of your many stand in giving your services to your King and Country in a cause which needs no comment from us.

We understand you are soon to leave Canada for the Mother Country and in connection with the firing line. Our hearts will go with you and our very best wishes, and our prayer is that you may return to your home when the great struggle is over after you have done your duty. We ask you to accept from us, "the boys of the old brigade," this slight token of our esteem.

The address was signed by Dufferin T. Williamson, Scout Master and the officers of the troop and patrol leaders.

The address, which was the work of Mr. David Husband, was beautifully engrossed and bordered by the flags of the allied powers.

Signaller Douglas Jones of the 98th Battalion, who returned to Niagara Camp to-day, was waited on at his home last night by the members of the Brant Avenue Boy Scouts, Troop No. 7, and presented with an illuminated olive-drab testimonial. After a few fitting words from Rev. Mr. Lavell, who is the Hon. President and chaplain, the presentation was made by Scoutmaster D. T. Williamson, who fittingly referred to the work of Jones in connection with the Scout movement and wished him God speed in his military service.

In expressing his thanks, Douglas stated that his signalling was begun with the Scouts and urged the young members to continue in this work with a view to fitting them for military service.

The following is the address Signaller Douglas Jones, 98th Battalion C. E. F.

Canada At War

PRIME MINISTER TELLS OF TRIP TO FRONT

Canada's Soldiers Have Won Imperishable Glory

Good Care Will be Taken of the Wounded Who Return

SIR ROBERT BORDEN

Ten thousand people were present the other day at Sir Robert Borden's first public appearance in Toronto since his visit to England and to our Canadian troops in France and Flanders. The Premier was received with tremendous enthusiasm which grew in volume and intensity as he told the story of Canadian valor and determination. Sir Robert spoke of the recognition accorded that valor by the allies and of the strong testimony given him of the splendid conduct of Canada's soldiers on both in England and at the front.

"Canada," said Sir Robert, "has done her part and must continue to do so until the end. We have sent overseas more than 33,000 men. When those now under orders depart, Canada will have sent to the front more than Britain sent out to the Crimea. We have also established in Great Britain, France and the Dardanelles sixteen Canadian hospitals for all the forces of the Empire. Having visited nearly 60 hospitals while I was in England and at the front, I have had under my hand the names of the men who have been better equipped, better housed, better organized than the Canadian hospitals.

"I saw at St. Helens 33,000 men in line. After the review was over Sir Arthur Murray said: 'I have seen the new army; I have watched your men very closely. I want to tell you that the Empire will never forget you. I have never seen a finer body of men than the Canadians.'"

In the matter of discipline and courteous treatment, wherever quartered, the reports were general that Canadian troops were unsurpassed. Sir Robert paid a tribute to the Canadians who had given their lives for the Empire. He said that the men who saved the day for the allies at Ypres, should cease to exist. He described his visit to the trenches and the training in artillery work and other features of trench warfare as carried out by the Canadians. Speaking of his visit to the Princes Patricia's Regiment, he said: "We saw in the faces of these men the same determination we had seen in those of the rest of the Canadians."

Man For Man Are Better
"Let me speak," said the Premier, "of what the record of a year means to us as far as this war is concerned. I do not doubt that we fail to have a just idea of the strength of the two nations arrayed against us. Consider the position that we hold. We are a nation that has for fifty years been subjected to an organization that was built to prepare for this war. It will not be long before we will have the place of artillery and machine guns. They must fight on equal terms. I know that, man for man, they are the match and perhaps a little more than the match of the men of our own army. We have had to pay for our lack of preparation. I am disposed to think this lack of preparation is inherent to the form of government we have. The only question we have to consider is whether we are giving our men fair play at the front."

"We in Canada have done our duty fairly well. During my visit abroad I found many more effective ways of co-operating with the British Government than we had before. Our soldiers have fought beside the best in France and England, and I want to say there is in both countries a tremendous appreciation of what we have done. I have that message for you from His Majesty the King, from the President of France, from General Joffre and Sir John French."

No Time For Criticism
"This is no time for criticism or lamentation over what mistakes may have been made in the past. This is the time for determination to go forward. We shall watch the achievements of our men and the memory of those achievements already performed will remain in our hearts always. There is no need we should raise any monuments. In time to come it may be the desire to raise in the capital of our Dominion a memorial to the men who have made the sacrifice for Canada and the Empire and the memory of those who come back. It is my hope and my intention as well that those who have been maimed and wounded in this war shall be taken care of as the people of Canada would have them cared for. My last word is a word of hope and faith."

PARIS BOY IS WOUNDED
The official list of Canadian casualties includes the name of Pte. George McCall of Simcoe, "died of wounds," and Pte. Arthur Binch, Paris, who was wounded.

Binch, who is about 20 years of age, was a well known and popular resident of the neighboring town when he enlisted. He left his work in the Penman mills in order to go to the front in the service of King and Empire and had sent frequent cheery letters home. His mother is Mrs. Reid of Paris, and has been married twice. Her second husband perished in the Empire of Ireland disaster.

Mr. J. R. Thompson, who for many years was connected with the Bank of Montreal here, and his wife are visiting in the city the guests of Mrs. Cummings Nelles.

of cheer that in this war the cause of Canada, the cause of our Empire and of humanity shall not fail."

HON. W. T. WHITE SAYS ANGLI-FRENCH LOAN WILL BE GREAT BENEFIT

Interviewed respecting the loan negotiated in the United States by the Anglo-French Commission the Minister of Finance expressed pleasure at its successful consummation. He said it would assist materially in stabilizing exchange conditions between America and Europe. Considering the credit of Great Britain and France and the terms on which before the war they could obtain loans in their own markets the rate of interest and commission might seem high by comparison but in his opinion the loan had been negotiated upon a basis as fair as could be expected having regard to war conditions and the fact that it was being obtained in a foreign country.

"This is no time," he said, "to unduly haggle over eighths and sixteenths and other vulgar fractions. The main thing is to get the money and the Commission have got it."

How Canada Benefits
Asked if it was true that the proceeds of the loan would all have to be spent in United States Mr. White said that the official statement so indicated. He said the American bankers purchasing the securities had no doubt insisted that as the loan was being made by United States the money should be used in the United States directly, however, Canada would derive an advantage from the loan by reason of its beneficial effect upon sterling exchange. New York is Canada's principal exchange center and any improvement in sterling exchange rate will be for our benefit as well as that of United States. The price obtained for our crop, food products and manufactures is financed by the sale of sterling bills in New York and the price obtained for them has an important bearing upon the price obtained by our producers and manufacturers.

"Exchange or no exchange," the Minister said, "a loan of this magnitude could not be arranged without a lot of international good-will back of it and this to me is one of its most gratifying features."

ENGLAND TO PURCHASE FLOUR IN CANADA

The report was circulated recently that the British authorities were sending out an expert to consult with the Government with regard to the purchase of hay and oats. The purchase of these commodities has been in the hands of the Minister of Agriculture for some time past and the arrangements which have been in existence still stand. The War Office, however, which has in the past purchased in England from time to time various quantities of Canadian flour for the use of the army, has recently asked the Department of Agriculture to undertake the purchase of limited quantities of flour in Canada. The purchasing agent who has been conducting this work in England for the War Office has recently arrived in Canada and is taking the question up with the Minister for the purpose of arranging details of the work during the next few months.

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of Mothers keep "California Syrup of Figs" handy; they know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

Nuptial Notes

PEQUEGNAT—HEROD
A very pretty wedding was solemnized at six o'clock on Saturday evening, at the residence of the bride's parents, 216 Brant avenue, when Violet May, the only daughter of Mr. and Mrs. Chas. H. Herod, and G. Donald Pequegnat of Montreal, son of Mr. and Mrs. A. N. Pequegnat of this city, were united in the holy bonds of matrimony.

The drawing room was beautifully decorated in pink and green and the bride, given away by her father, entered to the strains of the "Fridal Chorus" from Lohengrin, played by Miss Kathleen Pequegnat, sister of the groom. Dr. E. Hooper conducted the ceremony.

The girl's bride looked charming in a French suit of blue chiton broadcloth, with picture hat and wore a corsage bouquet of lilies of the valley and orchids. She was attended by her cousin, Miss Norma Herod of Toronto, who wore a novelty suit, trimmed with black fox, and hat to match, with corsage bouquet of lilies of the valley and pink roses.

BULGARIANS 'NOT ALL IN FAVOR OF HUNS'

Toronto Bulgarians and Macedonians Condemn the Home Government.

Toronto, Oct. 12.—Toronto Bulgarians do not favor the action of their home government in throwing in the lot of Bulgaria with that of Germany, Austria and Turkey. The Bulgarian Government's action was condemned yesterday at a meeting of the Toronto Bulgarians and Macedonians in a resolution which was carried unanimously. The meeting was a large one and a large part of the Bulgarian and Macedonian population of Toronto was in attendance. It was held in the mission church at 230 Parliament street and the pastor, Rev. Michael J. Andoff, presided.

The resolution which follows was signed by all those present: "We the Bulgarians and Macedonians of the city of Toronto whose names are appended here gathered here to express gratitude for the hospitality which the Dominion of Canada has extended to us. And further, to show our loyalty to the Government, we protest against the present course of the Bulgarian Government in joining hands with Germany, Austria and Turkey against Great Britain and her allies. Further, we declare our profound conviction that the highest interest of all the Balkan States requires that Germany, Austria and Turkey should be utterly crushed and Great Britain and her allies victorious. We hereby pledge our heartiest support to Great Britain in the present conflict. Be it further resolved, that a copy of this resolution be sent to the police and newspapers in hope that it be brought to the attention of the Bulgarian Government."

WOULD FIGHT FOR ALLIES.

Bulgarians were in the majority at the meeting. Practically every hand was raised when it was asked how many would join a battalion to fight against Germany. The mention of the name of Gladstone was greeted with enthusiasm, when his remark, "Macedonia for the Macedonians," was remembered. Mr. Andoff spoke in Bulgarian, and his address was interpreted for the press. He told the gathering that nowhere in the world was there more liberty than in Canada. He declared emphatically that every man who was against Canada should be punished accordingly. The country needed good, loyal men, and could not tolerate revolutionists. The Bulgarian King, he said, should go back to Austria and play again with the Austrian officers. The matter really sifted down to this: Bulgaria for the Bulgarians, Serbia for the Serbians, Greece for the Greeks, and Macedonia for the Macedonians.

RUSSIA THE LIBERATOR.

Mr. N. Shonteff, the official Bulgarian interpreter, also spoke briefly. He pointed out that they had been protected by Canada, and should therefore be loyal. The liberator of Bulgaria would be Russia. The Bulgarians must be faithful to this country and must respect the Government. There was no doubt about how the war would end. German militarism would be crushed, and the British Empire will give freedom to every nation and to the world. Rev. T. T. Shields, pastor of Jarvis Street Baptist church, told them that the police restriction would be strict to those not in sympathy with Britain. There was no place except the internment camp for such. If they were loyal they were welcomed as good citizens.

The Situation.

Just like the Belgians, the Serbians are fighting desperately and pluckily, but so far no information has come of any adequate help for them in the immediate future. Heaven knows they need it. The Huns, as usual, are destroying everything with their heavy artillery. The slaughter of non-combatants has already been recorded, and many women and children fleeing from Belgrade have been killed by the shells bursting over every road. The ensuing horrors are likely to parallel or even exceed those in Belgium, for report says that the inhabitants are resisting the invaders in every possible way. Serbia, it may be remarked, is about three times the size of Belgium—34,000 square miles to 11,400. Their population is 5,000,000, as compared with 7,500,000 in Belgium, but then the last-named country is the most thickly populated in Europe, with 638 people per square mile.

The Balkan situation, without doubt, now presents the most serious phase of present hostilities. It is pointed out that Germany, if she succeeded there, could secure large copper supplies and also cotton, and that these two things may also be an incentive.

Sir John French has made a reassuring report, and the Russian reports show that the troops of the Czar are making more and more attacks of an offensive nature.

Phosphate in Western Canada.

Deposits of phosphate have been found near Banff, in the Rocky Mountains National Park, by officials of the Canadian Conservation Commission.

It is expected that the deposits will prove to be comparable both in extent and quality with those of Wyoming, Utah, Montana and Idaho, and which are said to be greater than those of any other country.

Should present expectation be realized, the use of the phosphates will have an important bearing upon the agricultural industry of the Dominion. The need of land food to replace the annual drain of wheat growing, for instance, has long been recognized. But the distance from which phosphates had to be brought and their cost, have prevented general use.

The phosphate deposits of the United States are situated at long distances, from the prairie provinces, and in addition, at a conference of American governors held in 1908 it was recommended that the supplies of this fertilizer in the United States be conserved by prohibiting their export.

The discovery is one which cannot be regarded as otherwise than of the very greatest importance to Canada's great wheat growing section.

The Northcliffe Attacks.

Lord Northcliffe, through his many publications, has been making all-round attacks since the war started. He first of all went out gunning for Kitchener, but that assault failed. Now he is after Sir Edward Grey, the British Foreign Secretary, but it does not seem likely that he will meet with any greater success in this attack than in the other. Another man of lesser prominence, yet still a prominent figure, upon whom he has been making personal assaults, is Hilaire Belloc. This gentleman is a justly celebrated war critic, and in a dignified reply to Northcliffe he expresses surprise that anyone should have expected that in his surmises and comments upon military operations of such vastness and with so little official information available, there should be no mistakes. He explains his work as merely an attempt, from the study of accurate maps, from knowledge obtained by long and tiresome research, and by some acquaintance with military history and strategy, to do what many other men had the time are well fitted to do for themselves, namely, attempt an interpretation of such war news as is allowed to filter through.

As a matter of fact, the most re-

CASTORIA

less items and statements have appeared in the Northcliffe publications themselves.

The role of a critic has oftentimes had a salutary effect, but the Northcliffe publications have gone far beyond that in an effort to drag down and belittle men who are in posts of great responsibility and who are bending every effort to discharge their enormous obligations. The trouble with this newspaper peer seems to be that unless things are done just exactly as he wants them the order goes forth to hack and slash and to vilify.

Indications are that a popular repudiation of himself and his course will very soon occur. As matters stand, he is at present playing very much into the hands of the enemy.

BASEBALL FACTORS

These are the big factors on the side of the Phillies in the battle for the championship pennant. The punch is represented by Cactus Cravath, the heavyweight slugger, who is close to a new record for home runs in a season; the arm belongs to Grover Alexander, who has won more games this season than in recent years with the exception of Smoky Joe Wood of the Red Sox who won 34 several years ago; and the brains are under the hat of Manager Pat Moran, who in his first season as leader, has proven himself a baseball strategist of the first calibre.

The death occurred in Quebec of Mrs. Jean Thomas Taschereau, widow of J. T. Taschereau, judge of the Supreme Court of Canada, and one of the prominent ladies of the "old regime" in Quebec, aged 85 years. She was a sister of Lady Fitzpatrick, the late Sir Adolphe Caron, and a sister-in-law of the late Cardinal Taschereau.

There is much doing in steel circles aside from the performances of the shares. The Bethlehem interests are now busy with an effort to get control of the Pennsylvania Steel Company. This is expected to be followed by further merging. There is no doubt that there will be an enormous demand for American steel after the war for constructive purposes.

By Special Wire to the Courier.
Paris, Oct. 12.—2.35 p.m.—Fighting continued last night northeast of Souchez and on the heights of La Folle, according to the announcement given out this afternoon by the French war office.

The text of the communication follows:
"Fighting continued last night along the trenches that we occupied yesterday to the northeast of Souchez and on the heights of La Folle. The number of prisoners in our hands reaches the total of 150."
"The only incident reported from the remainder of the front is a violent bombardment, in which both sides took part, in the Loraine district not far from Reillon and Ancerville."

GOLD COULD NOT BUY.
The Congregational Church well filled Monday morning at the Thanksgiving Service. Rev. Alexander delivered a stirring sermon on Deut. 27:10. Under such conditions as to-day, Thanksgiving services were peculiarly significant. British people had been sinking spiritual lethargy; they had been neglecting the Sabbath elevating the moral, and were becoming riotous living and extravagant. They came to the temptation to their birthright for gold, to live ease while slavery was death. But they had thrown off the tent and in this war the old pure part of the race were coming again to the surface.

God had raised up speakers in the past, said the speaker, and was so to-day. Germany had been polluted by vicious teaching; after this struggle, we must see that there be re-organized on Christian principles.

The preacher was assisted by Mr. Lavell and Dr. Henderson, Mr. Crocker sang most acceptably, and the choir, singing as is the custom, was donated the Widows' Home.

The Congregational Church was well filled Monday morning at the Union Thanksgiving Service. Rev. Mr. Alexander delivered a stirring sermon on Deut. 32:10. Under such conditions as to-day, Thanksgiving services were peculiarly significant. The British people had been sinking into spiritual lethargy; they had been deprecating the Sabbath, elevating the immoral, and were becoming riotous in living and extravagance. Then had come the great temptation, to barter their birthright for gold, to live in ease while a plutocrat was destroyed. But they had thrown off the tempter, and in their place the old pure qualities of the race were coming again to the surface.

Mr. Baker of Colborne street church will speak next Saturday evening.

AFTER AUTOISTS

There were four people struck on Brantford streets Saturday by automobiles, although neither was seriously hurt. The police have decided to enforce the regulation of a four-mile limit on the busiest corner opposite the Bank of Hamilton, and of six miles an hour on the main thoroughfare. A large number of summonses have been issued against those going at a faster rate, and it is said that more will follow.

FOR THE YOUNG MEN

On Wednesday evening in the Y. M. C. A. Hall, Dr. Barker will speak to the young men on the subject, "Manhood at its best." Dr. Barker is a very strong, clear speaker, who talks straight from the shoulder and is recognized as one of the foremost exponents of sex subjects to-day. His wide experience in the medical profession fits him in a peculiar way to handle this delicate subject. He was associated with ex-President Taft as his medical advisor during his term of office and since, he has been on the lecture platform representing the physical department of the Y. M. C. A. This is an opportunity that the young men of the city cannot afford to miss, as his talks are very instructive and interesting and are practical throughout.

N. C. O.'S CLASS

Authority is granted for a Provisional School for N. C. O.'s, to commence October 12th for a period of six weeks from 8 p. m. to 10 p. m., Monday, Tuesday, Wednesday, Thursday and Friday evenings of each week. The course is open to any member of the 38th Regiment, on recommendation by the O. C. his unit. N. C. O.'s, and men will draw 50c. a night for each attendance. Those intending to take the class must report on Tuesday, the 12th at 8 p. m. at the armories.

On the completion of the course those passing the examination will be handed a Sergeants' certificate issued from Ottawa which qualifies them for that rank in any of the C. E. F. forces or active Militia of Canada.

Dress—Drill Order. H. J. G. McLean, Acting Adjutant.

LIQUOR IS BARRED FROM ARMORIES

Second Military Division, Including Brantford, Cannot Have Spirits.

A military edict became operative in the 2nd division area on Saturday which is of the first importance as a temperance measure. It prohibits the sale or use of intoxicant in any armory or military building, mess or canteen.

Col. W. A. Logie in issuing the order stated that it had been made necessary by an unpleasant episode in the Sergeants' mess of a Toronto regiment.

The order is in the following terms: It has been brought to the attention of the O. C. that liquor is being consumed in officers' and Sergeants' messes in this division. This practice must be discontinued immediately. Officers commanding units will be held responsible that not only is liquor not to be sold, but also is not to be brought into any officers' mess or Sergeants' mess, or be in possession of any officer or non-commissioned officer in any regimental mess in this division.

The scope of order is wide, for the 2nd divisional area comprises the counties of Lincoln, Welland, Haldimand, Norfolk, Brant, Wentworth, Halton, Peel, York, Ontario, Grey, Dufferin, Simcoe and the districts of Muskoka, Parry Sound, Algoma and Nipissing, north of the Mattawa and French rivers (including the townships of Ferris and Bonfield). The places where troops have their headquarters and military buildings in which the prohibition applies, include Toronto, Hamilton, St. Catharines, Welland, Brantford, Paris, Burlington, Niagara Falls, Sault Ste. Marie, Sudbury, Cobalt, Thessalon, Elk Lake, New Liskeard, Parry Sound, Owen Sound, Whitby, Oshawa, Brampton, Cayuga, Simcoe and Dundas.

Battery Men Attend Service

The morning service at Calvary church was attended by the 32nd overseas battery. The men made a splendid appearance. Rev. Mr. Bowyer spoke from Romans 8:28, and pointed out that Christianity had stood the test of experience. It was good for the civilian and for the soldiers. It was made operative through the love of God.

The choir was assisted by Mrs. R. H. Martin who sang with excellent voice and expression the solo "Land of Hope and Glory." In the evening the service was of a patriotic character, the subject of the address being "The Garden of Eden and the Union Jack." The British expeditionary force is at present in the region of Mesopotamia, the supposed site of the Garden of Eden, and there is the probability that this land may come under the rule of Great Britain and that the Union Jack may fly over it. Mr. Bowyer drew his lessons from the text Genesis 2:8. The Garden of Eden revealed God's providence, His holiness and His redemptive power.

The choir again sang, and the solo "Jesus the very thought of Thee," was appreciably sung by Mrs. F. Sage. The work of the Y. M. C. A. was highly commended from the pulpit.

GORIZIA IS ABOUT TO FALL IS REPORT

By Special Wire to the Courier. Geneva, Switzerland, Oct. 12, via Paris 3.30 p. m.—The Austrian city of Gorizia, twenty-two miles west of Trieste, is about to fall, according to a telegram received here to-day from Brescia. The Italians, the despatch says, have brought up a large number of heavy guns and are bombarding the town from five different points. At the same time the Italians are attacking the inner defences of Tolmino, while on the Carso the Austrians are said to have been forced to abandon several miles of trenches. Heavy snows in the Carnic Alps are reported to have buried the Austrian gun positions in deep drifts.

SIR J. FRENCH REPORTS AGAIN ON SITUATION

German Counter-Attacks Beaten Off With Heavy Losses.

London, Oct. 12.—The Official Press Bureau last night made public the following official communication from Field Marshal Sir John French, the British Commander-in-Chief in France.

"Further information shows that the German attack on our front south of the La Basse Canal on the 8th was made in great strength. The main German efforts were directed against the chalk pit north of Hill 70 and between Hulluch and the Hohenzollern redoubt. "In the chalk pit attack the enemy assembled behind some woods, which lie from 300 to 500 yards of our trenches. Between these woods and our line the attack was mowed down by a combined rifle, machine gun and artillery fire, not a man getting within 40 yards of our trenches. "Further north, between Hulluch and the quarries, the attack was similarly beaten off with a very heavy loss, and here our troops, following up the beaten enemy, secured a German trench west of Cite Ste. Elie. The enemy only succeeded in penetrating our front line at one point in the southern communication trench of the Hohenzollern redoubt, which is still in our hands. Here he was promptly driven out by our bombers. "Our reserves were not required at any part of our front. It is certain that we inflicted a very severe reverse on the enemy. Our casualties proved to be even less than the first low estimate. "The report in the German official communication of the capture of a strong British attack north-east of Vermelles failed with great loss is entirely false. No attacks were made and no losses were incurred other than those described above. "Yesterday eleven fights in the air took place, in nine of which our airmen were successful. One hostile aeroplane was driven to the ground inside the enemy's lines and was almost certainly destroyed. This morning another enemy machine was brought down in our lines. We lost one aeroplane."

HEAVY LOSSES

Paris, Oct. 12.—The German attempts to retake the ground won from them by the British and French in the vicinity of Loos, attempts in which enormous numbers of men have been sacrificed, have failed completely, according to a War Office communique issued yesterday afternoon. After several days of almost constant fighting between seven and eight thousand German soldiers, lie dead in front of the positions which the British and French captured in this sort of fighting, one to four, it therefore appears that the losses in wounded must have approximated thirty thousand. From this may be judged the seriousness of the German work of the check administered and the importance of the victory to the allies.

In Champagne, where the French troops are still driving ahead, gains of the first consequence were made yesterday. The entire German defence work south-east of Tahure was captured by a brilliant assault. Progress was made north-east of the village. Very perceptible progress has also been made in Artois, where ground has been gained in the wood to the west of the road from Souchez to Angres. During the fighting at La Grotte ravine German soldiers were made prisoners. Preparations for a general offensive are evidently in progress in Alsace and Lorraine, judging from the extensive artillery battles which are raging in these provinces.

FOSTER HELD PHILLIES HELPLESS IN 2ND GAME

Before 20,000 People Including Pres. Wilson and His Bride-to-be—Red Sox Took the Saturday's Contest 2-1.

Philadelphia, Oct. 11.—Mr. Foster... the field and Mr. Wilson in the... were indeed, the heroes of Saturday's world's series game.

BASEBALL ALL THE WAY. The play was sharp and brilliant through all the innings, as drier from the saturday-hued contest of Friday as world series games should differ from the battles of the past.

Leonard Outpitches Phillies' Hope and Red Sox Win.

Boston, Mass., Oct. 11.—Carrigan dared—Carrigan took a chance, and Carrigan's perspicacity resulted in the second Boston victory in the third game of the world's series yesterday.

BOSTON OUTFIELD PLAYS TO FORM. The inexplicable failure of the great Boston outfield and trio, Hooper, Speaker and Lewis, to live up to their reputations is no longer a topic of discussion.

LEONARD DESERVED A SHUTOUT. Leonard's work yesterday was exceedingly brilliant, and he richly deserved a shutout, which he would have had but for Hobbittz's muff.

VERY WEAK. The fielding of Hobbittz in the three games to date has been wretched. The local first sacker has not measured up to the standard of a good minor leaguer.

BRANTFORD COLLEGIATE TEAM LOST THE FIRST RUGBY GAME

Went Down to Defeat Before Guelph on Saturday at Agricultural Park by 12-5 in a Good Game; Champions Look Like Repeating.

The first game of the Inter-collegiate Rugby League was played on Saturday afternoon when the Brantford Collegiate Institute team went down to defeat before the fierce bombardment of the Guelph Collegiate team of gridiron stars.

FOURTH QUARTER. In this quarter Guelph scored another point. On the third down Warden booted the ball into touch, the Brantford half-back fumbled it and a Guelph player fell on the loose ball.

THE GAME IN DETAIL. Guelph won the toss and decided to kick with a slight wind that was blowing straight across the field. Brantford got possession on the kick off and for about the half of the first quarter, seemed to rush the Guelph boys off their feet.

MORE MEN THAN WOMEN HAVE APPENDICITIS. Surgeons state men are slightly more subject to appendicitis than women. Brantford people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler's, often relieve or prevent appendicitis.

THE Y.M.C.A. APPEALS TO BRANTFORD CITIZENS FOR SUPPORT

1000 Members Wanted in Four Days

October 12th to 16th

Because of the war, we did not solicit you last year for other than membership. This year we must make our appeal a broader one. We need, beside 1,000 members, \$10,000 in subscriptions to pay the deficit of the past two years, to cover our budget for the year we have just begun, and pay the interest on our mortgage. The Y. M. C. A. is a civic institution. The city is proud of it. There have been many calls; you have given many times and much.

OBJECTIONS TO CHURCH UNION EXPLAINED AWAY

On Sunday Night Rev. Mr. Woodside Answered Questions.

On Sunday evening Rev. G. A. Woodside of Zion Church devoted his sermon hour to answering questions which had been forwarded to him on the matter of Church Union. There were about 15 of these questions, which the speaker found dealt chiefly with minor points and matters of detail. There were no queries regarding doctrinal or creedal difficulties, and Mr. Woodside stated that he concluded from that, that all the difficulties were matters of church government and politics and not of belief.

One question was if the name "Presbyterian" would be lost in the new church. Mr. Woodside stated it would; if it did not it would not be Union, but absorption. Another question asked information as to the disposition of property and endowments under the Union. This matter, said the pastor, would be fully dealt with in the legislation by the Dominion House, which would embody the new union into a corporation.

In answer to other questions, the pastor stated that there would be no danger of a state church being set up. The tendency of the times was too strongly against such an institution. Mr. Woodside also gave some interesting facts regarding the churches today. At the present time

a Presbyterian Church can call a minister from any other denomination. Under the basis of union, too, no church need close its doors unless it wishes, and may stay out of the amalgamation, but the speaker admitted it would have difficulty in obtaining a pastor.

No person, concluded Mr. Woodside, was so thoroughly impregnated with the traditions of Presbyterianism as himself. For hundreds of years his people had been Presbyterian and he himself had been born, reared and educated in the church. Yet he felt that Union was the best thing, and for it he would sacrifice sentiment for the high cause of the Kingdom.

During the service Mr. Wright rendered some selections on the organ in an exquisite manner, the choruses effect being particularly pleasing. Miss M. Taylor sang "Lead Kindly Light" in her usually capable manner.

FATAL ACCIDENT AT PARIS

Shortly before midnight, on Thursday, a man was found lying on the tracks of the G. T. R. at Paris Junction. Both legs had been cut completely off below the knees and were some distance from the trunk. This unfortunate man who stated that his name was John Laird of Hamilton, was taken to Brantford Hospital by Dr. Danton, where further amputation of both limbs for several inches was necessary. Laird passed away from shock a few hours later. It is not known how he got on the tracks, and he is said to have been around town during the day.

Boy Knight Notes

All work has been stirring during the past week. It was one of the best parades we have ever had last Sunday. Many new members are joining. The Girl Companions' meetings last week were largely attended and they are doing good work.

The junior boys or midgets started their class work last Saturday morning with good results. Band practice was also held on Saturday evening under the direction of Mr. Fuller. Great interest is being taken along this line. Sports were held on Monday. A paper chase in the morning, a treasure hunt in the afternoon. All kinds of athletic events. It was a busy and interesting day for the B. K.

SOCIAL EVENING.

On Thursday evening the mothers assembled in force and entertained the Senior B. K. and gentlemen, and it proved to be one of the happiest and most enjoyable evenings held at the B. K. armory. A rousing address was given by Mr. W. Eastman, descriptive of the advantages and privileges the boy of today had, compared with those of some years ago. This work, he said, is what the young men and boys of the organization make. They must do their part and it would continue to grow in effectiveness. He congratulated the mothers on their work.

A stirring address was also given to the boys by Mr. A. E. Brown. He thoroughly endorsed the work that had been done in the past and was being done at present by Prof. Hunt. Members of the Boy Knights had the talents that had been developed in connection with the work become known all over the country, and boys had been trained into men who occupied with honor responsible positions. There was no finer body of boys any place than the B. K.'s. They should be proud of their ladies' organization, which was doing wonders. Mr. Harry Easterbrook contributed materially to the success of the evening by a number of humorous selections and recitations. Mrs. Reynolds, President of the Mothers' Guild made an effective little speech, telling the objects of the organization.

The O. C. Prof. Hunt, acted as chairman. At the conclusion, tasty refreshments were served by the mothers.

MEN FROM ALL CLASSES AT NIAGARA

(Courier Special Correspondence)
NIAGARA CAMP, Sunday—Bright, hard and sunny, the weather to-day is ideal for the troops under canvas. Of late the nights have had a raw touch, but the amplitude of blankets issued makes up any deficiency in the heating a man fresh from civilian life looks for when under cover. The town is deserted of summer visitors, ladies are as scarce as hen's teeth, and on Sunday, when the Toronto boat comes in, then only is the landscape decorated to any appreciable extent with the "frilly variety" or the divine sex.

To-day at morning steamer was a motley and heterogeneous collection of people, "Judy O'Grady and the Colonel's lady" all encircling their respective male appurtenances with affectionate and impulsive exhibitions of "how to" with easy grace on a crowded public pier. Then the "trek" to camp is a sight. Every sort and condition of dainty is tied up in those many parcels lugged by all kinds of relatives to "deserving" cases somewhere in Canada's army lines, which cover a vast acreage round here.

A vast lady, burdened with netting bags and parcels, puffs up the hill to the main street and, accosting a junior subaltern, enquires:

"Sy, mister, my man's in the 'ighlanders', and where's the 'ighlanders' ere?"

Shades of Colin Campbell and Havelock! However, there is no time to marvel at the new languages in Highland Scots, so the imperative lady gets instructions to proceed, and, bobbing with a curtsy reminiscent of English suburban maid servants, she remarks:

"My bloomin' 'ard a 'ooman cawn't 'ave 'er 'usband to meet 'er at the boat." She "carries on," to use military parlance, for keeping going.

THE MEN THEMSELVES.

A trip over the camp is something that awakens many emotions in one who sees it for the first time. There are thousands of men from every walk in life. A "Varsity" boy can be seen doing batman for a bank clerk who has his commission, clicking his heels, and on the side getting a share of his superior officer's smokes and evidently enjoying his soldier's life without any feeling that it is in the least degree humiliating.

The sun tan has made indelible impression on most men present; the deep bronzing has given them a look of sturdy health, and the remarkable thing is the calibre of the individuals. There are few weak faces, few that look irresolute or mere driers, and the purpose that underlies all this scheme of things one cannot sense until one hears them swing by on a route march, their voices blending in a chorus such as appropriately expresses their purpose in enlisting. "We'll Never Let the Old Flag Fall!"

They are few favorites, but the regiments have their own ditties.

THE 58TH BATTALION.
Sung to the air of the chorus before

mentioned is the following regimental duty of Colonel Genet's regiment: Platoons on the left form line! Platoons on the left form line! If the odd numbers don't mark time two paces.

How in hades can the rest form line? Then follows a reference to the other units as hobbos, etc., and a verse suggesting the torpedoing of their ship on the transport concludes asking:

"Where in — will the rest form line?"

To which a waggish voice will say: "Ask the Chaplain; he has a say in that matter." They follow this like bulls in the concert tent, they shout it joyously with vigor on marches and, despite its perhaps rather vigorous terminology, it is productive of humor rather than moral displeasure.

THE CHAPLAIN.

In looking at the 58th regiment one can find a host of people worthy of the first mention, but the Church, by way of compliment, should be given the place, especially when presided over by Capt. C. E. Jenkins.

"Ain't he some class, that parson! He's the best sport we have—guess that's real religion, fellows." So says a soldier of him, and to the broad-shouldered big comrade who will partake of all their triumphs or reverses in the field they show a regard that is one of the finest tributes from man to man ever given in the writer's experience of soldiers and chaplains.

COLONEL H. GENET.

"Every inch a soldier, he's 'it' all the time," and yet you should see the faces light up and the eyes glisten as they watch him mount the platform to address them. His humor, satirical and quiet in its pointed observations, shakes them into throes of laughter, and his parade manner leaves them no doubt that he can both soldier and lead them, therefore, as the opening statement illustrates, he is "it."

REGIMENT REMARKED UPON.

At the march-past the Duke on Thursday the 58th was remarked upon as the steadiest on parade and the only one that really maintained an unbroken alignment as each platoon went swinging over the turf. It is a certainty that none looked more disciplined and the careful handpicking of

"HEALTH AND HAPPINESS" CAMPAIGN OPENED WELL

Whole Week to be Devoted to Addresses by Dr. Barker on Art of Living—Membership Campaign Also to Increase Association's Enrollment.

The "Health and Happiness" campaign conducted by the Y. M. C. A., was opened officially Sunday night in the Brant Theatre by an address by Dr. C. E. Barker, the speaker of the week, on "The Finest of the Fine Arts or How to Be Always Happy." Possibly because Monday was a holiday, the attendance did not tax the theatre to its capacity, but the wonderful impression left by the speaker will doubtless result in increasing numbers attending, as the week goes on. Dr. Barker, who was the physician to Hon. W. H. Taft, during the latter's tenancy of the White House, is tall, slightly bald, and has quite a professional appearance. Looking at him before he is heard, one would not have the impression of quiet dignity, and that he would be rather monotonously uniform in his style of delivery. On the contrary, he is quite animated and vigorous, with an under current of quiet drollery which makes his humor infectious. There is a slight American twang noticeable and he also fell into the mistake of referring to "our Henry Drummond" and "our Abraham Lincoln" as if he were speaking to an audience of fellow countrymen. He has a racy, conversational style not unlike a high-class monologist. He throws Biblical stories into modern and at times slangy English, a little of the Billy Sunday touch, but never vulgar. His whole address was excellently received, and by the comments passed about it the audience dispersed, his message will cause much serious consideration.

THE FARM HAS BEEN SOLD UNRESERVED AUCTION SALE

Of Farm Stock and Implements Including Pure-bred and Grade Holstein Cattle.

Welly Almas has received instructions from J. F. Norrie, to sell at public auction at his farm situated at Midford Junction, lots 44 and 45, Brantford Township, 5 miles north-east of Brantford, on the Lynden Road, on Wednesday, October 13th, at 10 o'clock sharp the following:

Horses—One Clydesdale mare, 8 years old, sound, good, in all harness, would make a good brood mare; 1 Clydesdale horse, coming 4 years old, 1350 lbs., a fine big colt well broken; this is a well matched team. 1 dark bay, 5 years old, 1150 lbs., a fine mare, single or double, any lady can drive her; 1 bay mare, 11 years old, 1200 lbs., supposed to be in foal to Roddie's Punch Horse, Prince, German coach horse; 1 bay horse, 14 years old, weight 1200 lbs., a good work horse; 1 brown horse, 8 years old, weight 1200 lbs.; 1 bay horse 12 years old, weight 1000 lbs.

Cattle—Pure-bred and Registered Holsteins—Daisy Princess II, No. 10466, born March 3, 1909, sire Rooker, Posch No. 4097; dam, Daisy Princess 4521; this is a fine big cow and milk producer; 10; Peninsula Lady Maid No. 27540, sire, Duke of Brant, No. 14872, dam, Peninsula Butter Maid, No. 21720, born January 10, 1914; Queen, Hilda, de Bore, No. 28016, sire, Peninsula, Pietertje de Bore, No. 19277, dam, Butter Queen Hilda No. 12301, born March 2, 1914; bull calf, born January 25, 1915, sire, Butter Girls' Peninsula class the Washington society he found to be most unhappy and he there learned the utter folly of being unreasonably discontented in one's place in life.

There was all the difference in the world how one did one's work. In this connection he related a story from his own life. While living in Madison, Wis., he had occasion one morning to address the prisoners at the jail, in which he emphasized this point. A year later when driving along the street he was hailed by the driver of a stone wagon, who told him he had heard him at the prison that occasion. When he left prison he had carried his teaching into his work and although his task was humble he had thrown himself into it, was talking such a pride in keeping his horse sleek and fat, his harness shining and his old wagon clean, that his whole work was a joy, and he would not have exchanged it for any other. "That man had grabbed onto a piece of God's truth," said the Doctor in driving the lesson home.

"How do you act when at the breakfast table?" he asked the audience. By doing little acts of kindness your life is made happy. In this connection he showed how Christ washing the disciples' feet was a true service and courtesy, and it was by such deeds as this that He was always happy.

In conclusion the speaker said that by looking up to God as a father, with child-like faith, and seeing that when we asked Him for something that if He did not give us what we asked, He nevertheless gave us something, we would soon learn that God was always watching over us, and secure in His care, would learn the great secret of being happy, even in sorrow.

The meeting was presided over by Mr. Geo. Goodwin, secretary of the Y. M. C. A. The Patterson Jubilee Quartette rendered several gospel songs. They showed themselves to be capable and well-trained artists and their efforts were heartily applauded. The banquet in honor of Dr. Chas. E. Barker who is lecturing in the city this week, given by the members of the Men's Club, at the Y. M. C. A., last night was a grand success. About thirty of the members and others did justice to the bountiful repast and for the benefit of those who have not enjoyed the hospitality of the Y. M. C. A., at any time in the past, it might be said that it was most excellent and satisfying down to the smallest detail. Mr. Barker and the few other strangers were, as is always the custom at the Association, made to feel perfectly at home. After all had partaken of the liberal supply of good things offered, Mr. L. Wood, the chairman in a few well chosen words introduced Dr. Barker who gave an excellent talk on "How a Business

Adj. and Mrs. Hargrove Presented With Addresses

On Sunday Night, at S. A. Barracks, Departing Couple Were Signally Honored by City Council and Patriotic Society.

There is seldom a crisis in the history of a nation or a city but that some men are discovered, who possess to an eminent degree the necessary qualities to cope with the situation. The City of Brantford has passed through perhaps the most critical period in its history and it has been found necessary to call into existence several new organizations to adequately meet the many extra functions of civic management, also the public spiritedness of the community has been severely tested. Very prominent among those responsible for the great amount of executive work necessary under these extraordinary circumstances will be found the name of William Hargrove of the Salvation Army. As a member of the Patriotic Association and as a member of the Social Service executive the adjutant has occupied positions entirely outside of the ordinary duties of a Salvation Army officer, and it is recognized that in no small measure, the success of both these important organizations is due to his untiring efforts and fine executive ability. In addition to this, finding that the financial stringency was rendering many men homeless, the adjutant assisted by the generous help of a number of friends founded and equipped an institution to meet the demands of these unfortunate, which he, with the assistance of his wife, maintained until the emergency was passed. In view of this record of public service, the Mayor and Council decided that an official farewell be accorded to adjutant and Mrs. Hargrove.

The Army Hall was crowded to capacity on Sunday evening, many late comers being forced to stand in the entrance. The first part of the meeting was taken up by various speakers from the ranks of the Salvation Army soldiers, who briefly but earnestly testified to the spiritual uplift they had received during the adjutant's term of office.

COUNCIL ARRIVES.

At 8:30 p.m. the Mayor and Mrs. Spence accompanied by representatives of the council and other bodies arrived. The Mayor in his opening remarks emphasized the importance of the Army work in Brantford, and expressed his pleasure in being called to preside at a function without precedent in this city. Representing Mr. Lloyd Harris, Mr. W. N. Andrews, read and presented an illuminated address from the Brant Patriotic Association to which the adjutant, though deeply moved, replied suitably.

On behalf of the citizens of Brantford, Mayor Spence read a resolution passed by the council, K.C., representing a number of business men, also had a testimonial to present.

Mr. MacBride made reference to the fine qualities of heart and mind which had so endeared the adjutant and his wife to their many personal friends, and at the conclusion of his remarks, Mrs. Spence presented a handsome Bible to Mrs. Hargrove, suitably inscribed.

Mr. T. L. Wood as president of the Y.M.C.A. brought greetings from that institution.

The Rev. Mr. Woodside endorsed the remarks of the previous speakers, and also voiced the regret of the Ministerial Alliance in losing so valued a member.

Messrs. Winegardner and Carter expressed the sentiments of the Brotherhoods and the meeting was brought to a conclusion by the singing of "God Be with You Till We Meet Again."

Adjutant and Mrs. Hargrove left for New Brunswick yesterday.

The following address was read by Mayor Spence:

Dear Sir:—Upon the eve of your departure from our midst to some other field of activity, the city council upon behalf of the citizens of Brantford, beg to express a grateful acknowledgment and appreciation of the noble Christian service you have so cheerfully given during the two years you have been in command of the local Salvation Army Citadel.

Brantford, in common with other cities in our beloved Dominion, has felt the economic effects, caused by the present European war, and both advice and judicial action were needed to successfully cope with conditions.

We found in you a wise counsellor, an energetic worker, and a true, gallant soldier in the great army you so worthily represent.

In our municipal social problems, you did much to alleviate conditions by the establishment of the Salvation Army shelter, and by your excellent

work in connection with our Social Service and Patriotic Leagues.

Your service in our city has been one of unselfish devotion and cheerful obedience to duty.

We sincerely regret your leaving, but wish you and Mrs. Hargrove, God-speed in your next command.

Signed on behalf of the Brantford City Council,
The following address was read by Mr. W. Norman Andrews, Adjutant William Hargrove, Salvation Army Barracks, Brantford.

Dear Friend and Fellow Citizen,—On this the occasion of your departure from Brantford we desire to express our sorrow, in your removal, and wish you and your family God-speed, and for the future, an even greater evidence of Divine favor.

As officer within the religious body to which you belong, we believe, you have proved yourself both efficient and painstaking, never wearying in the constant demand made upon your resources of mind and of body and heart.

In the great national stress through which we have been passing, you have shown yourself a man of appreciation and sympathy, and have rendered a distinct service to the community by your valuable work within the administration of our Patriotic funds, for which our whole citizenship is grateful.

We trust your future may be as bright as the memory you leave. And if in the providence of God your lot should again be cast within our city, we shall welcome you back as a true friend, a worthy citizen and a faithful servant of God.

Signed on behalf of the Brant Patriotic and War Relief Association,
Brantford, Oct. 11th, 1915
Editor of Courier:

Dear Sir,—On behalf of my dear wife and myself, I desire to place on record our deep, heartfelt thanks, for all the favors shown us by the citizens of Brantford during the two years we have spent in this city. When we think of the many different ways in which the public officials and the general public have again and again helped us we feel unable to find words to express our gratitude. The farewell tendered us by His Worship the Mayor and citizens last evening, is to us a tribute far exceeding our deserts, but for which we shall always give God the glory. We desire to thank the press for the practical support we have received on all occasions; they have been almost too good to us. The Mayor has always acted as a true friend and helper, and the Council have accorded us favors unprecedented in the history of the Brantford Corps. The business men and manufacturers have done it has exceeded our expectations, while the citizens have been kindness and sympathy impersonified. We feel unworthy of the high honor which has been paid us, for we know that oftentimes the higher ground only the combination of luck and skill will secure a successful sheep. Every head brought down will represent honest hard work and straight shooting. A bighorn can no further over the rocks in five minutes than the best mountaineer can travel in twenty. It is a game, and its massive, wide-spreading horns make a beautiful ornament. Of all Canadian game animals it is easily hunted, the mountains being of easy ascent, and one can ride within two or three miles of where the hunter there is absolutely no chance of approaching within shooting distance.

Yours sincerely,
Adjutant and Mrs. Hargrove.

END INDIGESTION OR STOMACH PAIN IN FIVE MINUTES

Time it! In five minutes all stomach distress will go. No indigestion, heart-burn, sourness or belching of gas, acid or eruptions of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world, and besides, it is harmless.

Millions of men and women now eat their favorite foods without fear, they know Pape's Diapepsin will save them from any stomach misery.

Please fear your sake, get a large quantity of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay

agreeable. Eat what you like and digest it; enjoy it, without dread or rebellion in the stomach.

Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which don't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime, or during the night, it is handy to give the quickest, surest relief known.

Hood's Sarsaparilla purifies and enriches the blood, and in so doing restores the human system to the greatest service possible. This medicine has been tested for years. It is perfectly pure, clean and absolutely safe, as well as of penitential and unequalled medicinal merit.

Get Hood's, and get it now from any drug store.

THE HAUNTS of BIG GAME

(1) Trophies of the Rockies. (2) The Mountain Goat. (3) Grizzly in his lair. (4) In the native wilds. (5) A fine prize.

The best and easiest country for hunting the common bighorn is that portion of the Lillooet District north of which to reach the Kootenay sheep country which is probably the most accessible of any, though the country is rough and somewhat difficult, and is only recommended to those who like mountaineering. The Cuslar country, the most famous animal in the Province. The C.P.R. steamer from Vancouver makes connection at Wrangell with the River Route for Telegraph Creek, the arrangements made with the C.P.R. general offices. The bighorn is almost entirely a grazing animal. His natural feeding grounds are the high mountain meadows, which lie from a thousand feet below the timber line up to the snow line. He is not equal to the mountain goat as a climber, but the hunter who seeks the goat in speed and swiftness. Additional reliable information can be had from the Provincial Game

Warden's Office at Vancouver, and from the sportsmen's and tourists' associations at Fernie, Nelson, Revelstoke, Vancouver and Victoria, B.C. They are all well supplied with reliable information and have permanent offices and secretaries who will take pleasure in extending any assistance to the visiting sportsman.

The grizzly is a well-known species of the bear family and has always had the respect and admiration of all sportsmen. The Indian considered a necklace of the claws of the animal proof that the brave was worthy of the name, and was not like a square. The white hunter has always dealt with the grizzly bear with the utmost precaution, knowing him to be one of the most ferocious animals in the world when wounded. Exceedingly powerful, quick and cunning to a degree of almost human intelligence, the grizzly bear is a royal quarry for any sportsman.

Like the wolves, the grizzly bears of today are alive to the fact that man is an enemy to be feared. It is said that a wounded grizzly always runs down hill, and this may account for some attacks upon hunters which might not have taken place had the hunter been located above or on a level with the wounded animal. At most seasons of the year the grizzly is a solitary creature. In the berry season two or three have been seen together in the same berry patch, but this is a rare exception. It is said to take seven years for a grizzly to attain maturity, when he usually reaches a weight of from five to seven hundred pounds. As a rule the claws are long and curved and possessed of great strength. The fur in season is a splendid trophy.

Grizzlies are fairly plentiful in the East Kootenay and also Lillooet and some parts of Okanagan. They are also found at the head of some of the long inlets, such as Knight and Burns Inlets. The headwaters of the Naas River are very good, as is also the Skeena River in places. The best times to hunt bear is in the spring. On the striking River the bears come out of their dens about the middle of April. In the Kootenay and Lillooet districts they do not often appear until May. The black bear is found throughout the length and breadth of Canada. He is a harmless creature with a good coat in the early spring, and lives upon fruit, berries, fish, meat, bugs, lizards and mice. It is impossible to tell how he secured his notoriety as a dangerous animal, for in reality he is an animal, and unless goaded by pain, or in defence of cubs, will not attack mankind.

Obituary

MRS. ESTER ARMITAGE
The death of Mrs. Ester Armitage, wife of the late J. Armitage, occurred on Saturday, 9th, after an extended illness which she bore with great Christian fortitude, and her life will leave a tender remembrance in the lives of her many friends and relatives, by whom she was greatly loved and esteemed.

She was born in Brantford Township, being the daughter of Ira and Eunice Day, and married Mr. J. Armitage forty years ago and moved to the city where she has since resided. She was preceded by her husband only eight weeks ago.

She leaves to mourn her loss, her father, Ira Day, Cainsville, and five sisters and one brother. Mrs. Cicely Slaght, city; Mrs. J. Milligan, Toronto; Mrs. N. Shaver, Mrs. J. Carmody, Cainsville; Mrs. Ralph Charlton, Burford Road, and Fraser on the old homestead.

CONSCRIPTION AGAIN TO FO IN ENGL

Winston Churchill and Curzon Are Making renewed Attempts

KITCHENER HIMSELF IS COMING RO

The Whole Dardanelles Campaign is Urged to be Inaugurated by a Committee

By Special Wire to the Courier. London, Oct. 13.—The parliamentary correspondent of the Daily asserts that the conscription of the cabinet, headed by Spencer Churchill and Earl Curzon, will make a renewed attempt at day's cabinet meeting to force an issue and obtain a definite ruling on conscription.

The conscriptionists believe News says, that Earl Curzon more inclined to their view when a new year is beginning. Balkans, it would have a strict effect on the military situation. Several Liberal members of parliament are urging the government to appoint a committee to investigate the circumstances under which Dardanelles campaign was begun in the manner in which it has been continued. It is considered doubtful whether the government will continue WESTMINSTER GAZETTE.

The new war in the Balkans employed as an argument conscriptionists, and even the minister Gazette, which hitherto opposed conscription, warns the to-day that plans designed to the strength of the armies at the Dardanelles and on the Franco-front may not be adequate to the demands of three war fronts. states that additional men and troops probably will be necessary. The Balkan enterprise, and that must be no shrinking from the consequences of the government decision to embark on this undertaking.
