LONDON, June 18.—(10.15 p.m.)—The following report from Sir John rench, commander-in-chief of the British forces on the continent, was given

"The fighting in the northern and southern portions of our front continued thruout June 16 in co-operation with the attack of our ally about Arras.

"East of Ypres, all the German first line trenches which we captured remained in our hands, in spite of two counter-attacks, which were repulsed with heavy loss to the enemy. We were, however, unable to retain those of the enemy's second line trenches, which we had occupied in the morning.

"East of Festubert, as a result of a further attack on the afternoon of the 16th, we made a slight advance, and, judging by the number of dead Germans in the trenches entered by us, our artillery fire was very effective."

COLDWELL AMAZED

Ex-Minister Says He Spoke Harshly When He Learned Truth.

WINNIPEG, June 18 .- Hon. G. R Coldwell blamed V. W. Horwood former provincial architect, wrongdoing in connection with the Kelly contracts at this afternoon's session of the royal commission. He swore that one day after the close of the last session of the legislature, Horwood confessed to him that he had deceived the government and expected to go to jall for it.

Until this evidence was given by

the ex-minister, the day's proceedings had not been productive of anything new. J. B. Coyne had examined Mr. Coldwell in detail with respect to various matters in connection with the parliament buildings, receiving, for the most part, non-committal replies. Finally, counsel asked the witness when he first knew that something was wrong. Mr. Coldwell said that shortly after the prorogation of the house someone, he thought it was Kelly, told him the contractors said they had a lump sum contract for the caissons job. He sent for Horwood, he said, and asked him what this con-

tract was that Kelly claimed he had Horwood Much Upset. "Horwood told me it was right Kelly had a tender in," testified Mr. Cold-well. "I was thunderstruck and said some very impolite things, I am afraid. The poor fellow felt very bad about it, and said: 'I deceived you.''
Mr. Coldwell said he wanted to be fair to Horwood. It was only right that the commission should know Horwood said he had accepted the Kelly tender with the object of protecting the government. Horwood was quoted by the witnes sas saying: "I did not know at what figure I could keep those caissons within."

The ex-minister further testified that Horwood repeated his confession

before himself and Hon. J. H. Howden the next day, adding on this occasio that he would likely go to jail over

Engagement Will Close With Matinee and Evening Performances.

Today will bring to a close the limited engagement of The Toronto World Moving Picture Shows of the War, which have been exhibited in Massay Hall this week to thousands of people. The matinee at 2.30 and this evening's performance at 8.15 will be the final opportunity which Torontonians will have of seeing these pictures in this city, as arrangements entered into weeks ago for their showing thruout Ontario make it impossible to retain them for a longer period.

The patronage this week and the tremendous amount of favorable comment which has been extended to The World for arranging this unique exhibtion would certainly justify their continuance for another week at least, but contracts must be fulfielled, and therefore tomorrow night's performance will be the last.

Crowds increase.
Crowds of steadily increasing size ave attended each performance since Wednesday when the engagement op-ened, and yesterday's attendance fig-ures demonstrated once more the splendid impression which the pictures have made with the public of all clas-ses. Applause at ordinary picture shows is a rare occurrence indeed. shows is a rare occurence, indeed, but it has been a marked feature of every exhibition which has been given and it has bee nof the heatry, spontaneous

ST. VITUS DANCE IN YOUNG CHILDREN

Can Only Be Cured By Enriching ing Mount Pleasant road thru the the Blood and Toning Up the Blood.

One of the commonest forms nervous trouble that afflicts young children is St. Vitus dance. This is because of the great demand made on the body by growth and development, together with the added strain caused by study. It is when these demands become so great that they impoverish the blood, and the nerves fail to receive their full supply of nourishment that St. Vitus dance develops. The remarkable success of Dr. Williams' Pink Pills is curing St. Vitus dance should lead parents to give this great blood-building medicine to their chil-dren at the first signs of the approach of the trouble. Pallor, listlessness, inattention, restlessness and irritability are all symptoms which early show that the blood and nerves are failing to meet the demand upon them. Here is proof of the great value of Dr. Williams' Pink Pills in cases of this kind. Mrs. Alfred Sochner, R.R. No. 5, Dunnville, Ont., says: "Our ten-year-old daughter, says: "Our ten-year-old daughter, Violet, suffered very severely from St. Vitus dance. The trouble came on until it affected her legs and arms, which would twitch and jerk to such an extent that she could scarcely walk and could not hold anything in her hands steadily. She suffered for about five months before we began giving her Dr. Williams' Pink Pills, but she had not taken these long before we found that they were the right medicine, and after she had taken nine boxes she had fully recovered her former health and strength. STRAWBERRY FESTIVAL

Grounds of Collegiate Throng ed Both Afternoon and Evening.

Parkdale Chapter, I-O.D.E., which was organized only in February, has already proven itself an asset to the order, by the enthusiastic response in all patriotic channels, and especially the fine work done for the Canadian soldiers, in camp and on the firing line. Under the leadership of Mrs. W. W. Anderson large consignments of hospital supplies and field comforts have been made and forwarded to the Red Cross.

In order to swell their fund for "soldiers' comforts," the members or-ganized "A Strawberry Festival," which was held yesterday afternoon and evening, in the Parkdale Collegiate Institute Grounds.

And evening, in the Parkdale Collegiate institute Grounds.

Large crowds thronged the lawns in the evening, when brightly-lighted colored lights strung thru the trees, and tastefully draped flags were most effective. Home-made strawberry short cake, ice cream and delicious cakes were dispensed by pretty girls in light frocks and the traditional fortune-teller unfolded the future to all who sought her counsel.

Those in charge of this very successful entertainment included Mrs. Anderson. Mrs. Magill, Mrs. Boland (convenor), Mrs. Price, Mrs. Tindale, Mrs. Turner, Mrs. Caldwell, Mrs. Cumming, Mrs. Convey, Mrs. McKenna and Mrs. Belainey.

leigh Salterton, Devon, England. He says:
"I was completely helpless, could not move hand or foet, and had been in this condition for eighteen months when Dr. Cassell's Tablets cured me. The trouble first showed itself in the year 1908, and I wought advice. This proved useless, and I was steadily getting worse. I was advised to go to an institution where I should have the very best skill available. I was an out-patient there for four months, but nothing they could do for me was of the slightest avail. On the contrary, the trouble got worse. When I went I was just able to hobble on sticks from the station, when I w.3 taken out

Was utterly helpless and could not I could go about on good, sound limbs again, cured absolutely. I have been thoroughly sound ever since, and have long been back at work."

PRONOUNCED INCURABLE Little Girl's Remarkable Recovery

Mrs. H. Cooper, of Fenn Lanes, Fenny Drayton, Nuneaton, England, saye:
"I shall never cease to praise Dr. Cassells Tablets for the wonderful cure they have effected in my little girl Hilda. She was completely helpless for no less than three years, and now, after a course

of these Tablets, she can so about by herself. The cause of the trouble was her being knocked down by a bicycle when she was three years old. She was very much bruised, but seemed to get over it quite well. Some years later, however, she complained of pains all over her body, and began to lose the power of her limbs, until soon she was quite helpless. We had the best advice, but the case was considered incurable. She became a helpless cripple, unable to move hand or foot, and it was thought that she could not live many months.

foot, and it was thought that she could not live many months.

"However, finding that everything we tried failed. I thought I would just vry what Dr. Cassell's Tablets would de. The result amazed me. The first sign of benefit was that Hidde "murroved in general health. She began to eat better. Then slowly, but quite surely, power returned to her limbs, and she was able to get up for a little. It is only six months since I first got the Tablets, and now the is cured and is in the best of health." BRITAIN'S GREATEST REMEDY

Popularity Now World-Wide

Ordinary medicines could never have brought about cures like the above. There is an irresistible healing force latent in Dr. Cassell's Tablets which, acting on all the nerve centres and bodily functions, literally compels health and vitality for the whole system. Where Dr. Cassell's Tablets are persevered with benefit must result. Take them for Nervous Breakdown, Nerve Fallure. Infantile Weakness, Neurasthenia, Sleeplester; but I kept on hoping all the same. I tried one thing and another, and disappointment followed disappointment; but in the end I got Dr. Cassell's Tablets and girls approaching the same and storekeepers throughout the Dominion sell Dr. Cassell's Tablets at 50 cents, and to the amazement of everybody who knew me I recovered. Gradually power returned to my limbs, and I could be wheeled about in a bath chair. Soon I abandoued the chair for crutches. Then I dropped the crutches and used a stick.

A SPLENDID WAY TO RE DUCE ONE'S WEIGHT

There is, perhaps, no one thing that shows the passing of our youth so much as the horrible tendency of some of us to put on too much weight after we have reached the age of 25 or 30. However young our faces may appear, our figures "give us away."

The cause of this over-stoutness is that our stomachs convert the food we eat into fat because there is not enough oxygen in the blood to produce a proper combustion to destroy the fatty tissue. To reduce your weight go to a good druggist and get oil of orilene in capsule form, and take one after each meal. It is sold only in original sealed packages. Oil of orilene taken at meal-times gives you all the benefit of the food you eat, and at the same time dissolves the fatty tissue from any part of the body where there is excessive fat. In this way many have reduced their weight at the rate of about a lb. a day, and no flabbiness is left.

Any druggist can supply you or a large size box will be sent on receipt of \$1.00.

SATURDAY MORNING. JUNE 19.

Toronto's Illegal Taxation It was quite unworthy of the assess-

ment commissioner to try and sidestep the real issue in the matter of the illegal assessment of city real estate. He took up two points in his interview defending the policy of his department, and we are free to say that we regret any defence of the department is necessary. If the law was carried out no defence would be needed, and we feel sure the department is quite equal to carrying out the law if the commissioner can get it into his head that the law was made to be observed. Is it not a comfortable thing to reflect upon that a great city like Toronto is one of the most notorious law-breakers in the province, but this is the fact, and Mr.

Forman is responsible for it. Here is his defence as it applies to the illegal assessment. We have no objection to his arrangements for purchasing property. That is a separate matter, and we have no reason and banks would be that the latter to believe that Mr. Forman does not know the value of property which he be protected from loss by the strong has to buy for the city. But this only makes the offense the more heinous when he refuses to assess the property which he strong arm of the government. The securities that are being discounted in New York must be of the highest quality; of the city at its true value

"I contend that the assessment is equalized, and therefore no in-justice is done to anybody. The people all pay taxes on the same basis. The act provides that we are to assess property at its actual value. Now the question what is its actual value? We say that it is based on the earning power of the property in normal times. We could not be governed by the speculative prices at which property has been selling."

Mr. Forman's words might be paraphrased and echoed and the question asked: What are normal times? Every year for a long time past Mr. Forman has been telling us that conditions are abnormal, and that some day we shall have normal conditions. The New York, and can safely take the present year is no nearer normal than securities which are eagerly discountany in the past ten. Perhaps if we ed by J. P. Morgan and Company. pulled down all the houses in Toronto and got back to grass land and wheat the times would be normal. The fact is that in his policy of assessing Mr. Forman is not up to date, but several years behind the market. If he valued at actual values he would do more to stop the booms he deprecates than has occurred to date. Its effects can be fishermen to work any place they and will, anything else would. If people had to pay taxes on their inflated values they would not inflate.

No one has asked, however, for assessments on "speculative values." The act does not ask for assessment on "speculative values."

Mr. Forman begs the whole question when he places this herring on the trail. The act, as he says, provides that property is to be assessed at its actual value. The question really is, why does Mr. Forman not assess the property at its actual value? It is done in other cities. There are systems which business men recognize as being able to adjust values, with the nicest accuracy. We think Mr. Forman is quite able to do what is required of him. Why does he not do

He contends that no injustice is done and that the assessment is equalized. Let him go up to Hon. Mr. Mc-Garry and explain to him why Toronto is only paying 70 per cent. of the war tax which has been levied upon the city. Mr. Forman may say that is giving away the city's case. Well, then, let him go to the revision court and listen to the appeals that are constantly made there, and would be made in still greater degree but for the fact that the citizens are placed by the laws in the anomalous position of having to appeal against their neighbors' assessements in order to get their own put right. Most of the appeals are not made because the amount is over value, but because it is not fair in comparison with neighboring property. Mr. Forman knows this, and every citizen who takes an interest in the taxes knows this, and the officials of the court of revision know it, and the whole city hall knows

The people do not all pay taxes

the same basis, and this is perhaps the fundamental error of Mr. Forman's statement. There can be no fair and equalized assessment until all Property is assessed as the act directs at 100 per cent, of its value, not at 70 per cent., or any other arbitrary percentage that one of a score of as essors may decide upon.

It may surprize citizens, and even Mr. Forman, to hear that there has not been a legal tax levy in Toronto for years. No taxes can be legally collected that are not levied according to law. The taxes must be collected on a legal assessment, and Toronto assessments are illegal. They are not according to the act. Any wealthy citizen can refuse to pay, and carry his case to a victorious conclusion if he has the money to fight the city-Any citizen get get out an injunction to restrain the city from collecting the taxes levied on the illegal assessments made by the assessment commissioner When officials begin to break the law there is no end to the vicious possibilities of the situation. If Mr. Forman does not realize this, he should con-

A Suggestion

Hon. Mr. White's explanation of why more war orders go to the United States than to Canada in proportion to their industrial capacity is satisfactory as far as it goes, but we venture to think it prompts a suggestion to the minister of finance. He says in effect that the belligerents cannot ship gold to either country in payment for all the supplies ordered, and, therefore, have to establish credits on this side of the ocean by putting up securities. Such securities have been sent to New York, where they have been discounted by J. P. Morgan and Company and other great banking houses. Against these credits the belligerents can draw, and New York bankers furnish the actual money needed to pay the American manufacturer and the American wage

must be short-time, gilt-edge obligations, which would be snapped at by they must keep huge reserves and not impair their liquid strength. But, as matters stand, our banks cannot discount the securities so as to give the belligerents a line of credit Canada, and the belligerents cannot ship the gold to pay the Canadian manufacturer and his employes-Our suggestion to the governmen

ndeed. British treasury bills will soon be included among them. Why, therefore, cannot the banks give a line of credit to the belligerents upon shorttime gilt-edge securities and have the Complaints Received That the personal property and a life inter-Dominion Government rediscount them? Under the statute they can borrow all the money they want upon such securities in the shape of national currency. THIS great business — the largest of its kind in Canada - has been built on two words Quality First.

The first shoes that bore the name "Ames Holden" and the first made by "McCready", were good shoes. The first dealers, who sold "Ames Holden" or "McCready" Shoes, found them to be good shoes.

Through all the sixty years of their business life Quality First has been the guiding force which has brought increased prestige to these

Many of the grandfathers and grandmothers of today took their first walks in "Ames Holden" or "McCready" Shoes, just as their grandchildren are doing today.

The builders of railroads; the founders of cities: the directors of national life; the substantial men and women in every section of Canada; the defenders of the Empire; have worn and are wearing either an "Ames Holden" or a "McCready" shoe.

GETS DAMAGES FOR LOSS OF HUSBAND

Algoma Steel Company Must Pay Mary Dube Three Thousand Dollars.

BOECKH BROS' CLAIM

D'Arcy Hinds Files Statement in Action Against P. J. Mulqueen.

Mr. Justice Britton in a judgmen handed out yesterday at Osgoode Hall has awarded Mrs. Mary Dube \$3000 damages against the Algoma Steel Co. for the loss of her husband, Martin P.

The Lake Superior Paper Co. were parties to the action, but the claim was dismissed against them.

On May 29, 1914, Dube, while employed by the steel company in lifting an iron tank by means of a derrick, the property of the paper company, from the railway track on the premises of the Algoma Company's plant at Sault Ste. Marle, on to a flat car, was fatally injured by the derrick falling on him. The plaintiff alleged that her husband was killed thru the negligence of the defendants and that the track upon which the derrick stood was insecure by reason of proper ballasting and braces; and that the defendants did not furnish Dube with proper tools to carry out the work.

Mr. Justice Britton directs that \$1250 of the damages awarded shall go to the widow and that \$1750 shall be equally divided among her six chil-The Lake Superior Paper Co. were

Lady Mann is giving the garden party on the 29th inst, in aid of the British and Foreign Sallors' Guild at her residence, Kingston road.

Sir William and Lady Mackenzie gave a very beautiful garden party on Thursday afternoon and evening at Benvenuto, their lovely house on the hill. On entering the grounds the first thing was a hurdy-gurdy, surrounded by a group of pretty girls playing it in turn, dressed in Italian costume; then other girls selling roses, and on the south lawn was the Band of the South lawn was the Band of the Queen's Own Rifles, also a piper, a tent for reading palms and a large of the lawn enclosed for tea with a red marquee and small tables in the shade of the trees. BERLIN RED CROSS SOCIETY.

Special to The Toronto World.

BERLIN, Ont., June 18.—A branch of the British Red Cross Society was organized here tonight, with a strong body of officers. Prof. A. J. Johnston of Toronto and Mrs. C. H. Warnock of Galt assisted in the organization. The officers are: Hon. president, Mrs. D. S. Bowlby: president, Mrs. C. H. Mills; first vice-president, Mrs. S. Brubacher; third vice-president, Mrs. S. Brubacher; third vice-president, Mrs. Aug. Lang; secretary, Miss B, Mabel Dunham; treasurer, Mrs. B. Pollook.

Those who have tried all sorts of socialed "wrinkle-removers" in a vain effort to lose those unwelcome traces of age, liles to lose those unwelcome traces of age, liles of worry, can scarcely find words to express their delight with the wonderful saxolite formula, once they have given it a trial. The success of this method is due not alone to its marvelous effectiveness—upon the deepest lines and crows—feet, as well as upon the very fine ones—but also to its surprisingly quick action at its entire harmlessness. Its simplicity and its inexpensiveness are other commendable features, for one needs only dissolve an ounce of powdered saxolite in a half pint witch hazel, and bathe the face in this solution. At once a remarkable transformation is beheld.

It is not only the effect on wrinkles and creases that is so noticeable, but facility to the powdered exactive. The lotion, being so refreshing, is particularly grateful to tired face to ask the druggist for the powdered exactive.

Mr. Private's object, he said. is to offer the services of the over-seas organization to those in Canada who are desirous of sending money or tobacco to the soldiers and sailors who

are on active service.

Owing to Mayor Church being somewhat late, the meeting was open-ed by Richard Ivens, president of the Toronto branch of the Overseas Club, who introduced Mr. Private. The work of the organization in the old country was carefully outlined. Mayor Church, who has been in touch with the commissioner since his arrival, heartily endorsed the work that Mr. Private hopes to

do, and highly praised all efforts that are being made to supply the soldiers with tobacco and cigarets, in view of the long, weary watches they have while in the trenches. Condemned Attacks.

Rev. Alfred Hall, chaplain of the British and Foreign Sailors' Home, roundly condemned the attacks that have been made in regard to sending tobacco to the soldiers. "If a pipe will

comfort them; if a cigaret will comforth them, give them as many as they want," said he. The question arose as to whether Canadian manufactured tobacco would be sent, to which Mr. Private replied that tobacco the product of Canadian factories would be used, but at present he thought English cigarets would be sent. But he stated that if Canadian cigarets could be purchased on the

same terms they would take the place of English cigarets. Other speakers were Fane Sewell, Other speakers were Fane Sewell, local secretary, and T. A. GRAND OPERA WINS THE FREE-FOR-ALL

In Straight Heats, Little Alfred Second-Toneko and Peerless Hal.

Special From Staff Representative, ST. THOMAS, June 18.-Three races were carded for the closing day of the St. Thomas Driving Club meeting. The weather called for rain, but it kept off, and, altho very warm, it was just right

for fast racing. The feature event was the free-for-all. with the fastest horses in Canada entered as well as Our Colonel, a very fast horse, owned by J. B. Jones of Memphis, horse, owned by J. B. Jones of Memphis, Tenn. This entry adden extra interest to the race, as he is the real bear-cat, with a record of 2.03%. However, the Canucks gathered in the major portion of the purses. Grand Opera, owned by Brownlee & Moyle of Ottawa, won in straight heats in 2.11½, 2.09½ and 2.10½. In the first heat, Yedno, when going down the back stretch for the last time, made a break for no apparent reason and swerved into Little Alfred, unseating Driver Noble, and ran away for half a mile; however, neither driver nor horse

HAMILTON NEXT FRIDAY.

HAMILTON, June 18.—The Hamilton Jorkey Club's first summer meeting will open next Friday, with the Derby as the feature. The race is attracting much attention this year, as some of the best three-year-olds in training are to face the starter. Royal II., the winner of the Latonia Derby last Saturday, Dortch and Rancher, who were behind the winner in that event, will represent the Kentucky division, while The Finn, the best three-year-old in the east, will carry the colors of Mr. H. C. Hallenbeck, a prominent New York owner. Commonada, the smart three-year-old that has raced so well on the Canadian tracks this season, is another that will try for the Hamilton prize, and arrived at the track today to receive the finishing touches in his preparation. The meeting of these five alone is sufficient to give the race much importance; in fact, it will, no doubt, prove one of the most important racing events of the year in Canada. Everything is in readiness for the opening, and if the club is only favored with fine weather the meeting should be the most successful from a racing standpoint of any in Canada this year.

DOMINION DAY REGATTA.

Entries for the Dominion Day Regatta close on Monday, June 21, and must be into the secretary's office, 34 Victoria street, by that date. The Argonauts and Dons will have a larger entry than last year, as also will the Hamilton Rowing Club and St. Catharines. The addition of the junior events in the paddling will boost the canoeing entries. Toronto Canoe Club, Parkdale and Balmy Beach will have bigger entries than ever before, and Island Aquatic will be well represented in every event. Despite the backward season, the swimmers look to have a bigger card than ever. In all it looks like a great regatta at Hanlan's Point on Dominion Day.

LAKE SAILING SKIFF MEN HOLD MEETING TONIGHT

A special meeting of the Lake Sailing Skiff Association will be held tonight at 7.30 at the Queen City Yacht Club to make final arrangements for the annual regatta in August and to set the dates for the races for the Turrall and Comerford curs.

The 4 o'clock game will be between Osler and St. Andrews, with Burt and Gray as the Osler battery, while Brent or Malone and Britton or Bennett will act for the St. Andrews. The Moss Park intermediate game will be called at 2 o'clock on the Don Flats.

The City League games for this after-

noon at Scarboro Beach are: 2,30 p.m., Wellingtons v. Park Nine; 4 p.m., Beaches v. St. Marys. The Wellingtons intend to put forth every effort to capture the first game in order to stop the flying Park Nine. Furssedon will do the pitching for the Parks. and Lefty Farr for the Iron Dukes. The Beaches are very anxious to get even for being sent to the bottom, when they last met the Saints, and think they can win, as they are greatly strengthened by the addition of Pitcher Thompson, who will work against Roy Byrne.

Mariboros of the Lake Shore League play Brown's A.C. at stop 26. Players meet at Bathurst and Queen at 1 o'clock.

Two very interesting games are on the slate for this afternoon at Stanley Park. In the opening fixture St. Marys stack up against the champion St. Pats. The second game is between St. Andrews

Some War Shares Were Buoyant. But Others Were Heavy.

COPPER PRICES CUT

Report of Cyclone in Kansas Was Another Depressing Factor.

NEW YORK, June 18 .- Aside from more irregular movements, which ter gave way to general heaviness, today's stock market was largely a repetition of the preceding sessions of the week. Trading was again in very moderate volume, the early hours re-cording a series of confusing advances and recessions. For example, some of the war shares rose one to three points, with a new high record for Baldwin Locomotive at 64 3-3, while others of that class, particularly Bethlehem Steel and Lackawanna Steel, were that

much lower.
The effervescent quality of some of the issues, which for one reason or another, have come to be known os "war contract" stocks, was illustrated in the case of Federal Mining. This stock added another eight points to its decline of recent days, selling at 26,

There was considerably more activother sharp break in the metal abroad, together with indications of lower prices in the domestic market. Lead which a few days ago sold at 7½c, the highest figure quoted in thirty years, declined to 6c.

Hit by Cyclone.

Representative railway stocks were backward, their early decline resulting from the short selling on reports of a serious cyclone in Kansas and adjacent states. U. S. Steel was about the only speculative favorite to evince underlying strength and a fair degree of activity, but wavered with the balance of the list in the last hour.

Total sales amounted to 352,000 shares.

Toronto Gen. Tr. 210 R. E. Kamerer in his weekly letter says: The development of the various Porcupine mines is progressing in a most satisfactory manner. In this connection it is interesting to note that Porcupine is the only gold camp in the world which has a comparatively equable climate, excellent transportation facilities and a plentiful supply of labor, electric power and water. In Australia, for instance, there is a woful scarcity of water. Fuel for the creation of power costs \$30 per cord, and labor is an almost insoluble problem inasmuch as operators are prohibited from employing colored labor, and the climate is so hot in the gold fields of the northern part of Australia that white men can only work in short shifts. northern part of Australia that white men can only work in short shifts. TRAM POWER STOCK REACTED AT MONTREA

Apparent Hitch in City Hall Negotiations Led to Unloading.

MONTREAL, June 18 .- Prices barely moved in the regular market here today and the volume of business fell off 50 per cent. from the meagre total of the previous day. Trading was enivened, however, by onother big market in Tram Power in the unlisted department, upwards of 2000 shares of that stock changing hands against little more than 500 in all listed stocks. The market started off at the high price of the previous day, but selling, price of the previous day, but selling, based on disappointment over some further delay in negotiations at the city hall, attained an early preponderance over the buying demand, and the price worked steadily down to 42 3-4 in the final dealings. The close was 42 3-4, or off 3-4 from Thursday. The regular market provided no fea-ture, even in the war order group, prices being unchanged.

WATERMELONS NOW ON LOCAL MARKET

First Carload of Season Arrived in Toronto Yes-

MORE CANUCK CABBAGE

Considerable Quantity on Sale From Various Ontario Points.

Watermeions! White & Co. had the first car for this season come in yesterday, selling at 75c to \$1 each.

McWilliam & Everist had the first full car of California fruits come in yesterday: Cherries at \$2 to \$2.50 per box; peaches, apricots and plums at \$2.50 to \$3 per box.

Canadian cabbage came in freely yesterday, selling at \$2.25 per large case, and \$1 per bushel hamper. Some of the shippers were: A. T. Baker, St. Catharines, to Dawson Elliott; Henry & North, Leamington, to McWilliam & Eyerist; W. W. Hillborn & Son, Leamington, to Stronach & Sons; J. M. Henry, Leamington, to H. Peters.

Canadian strawberries were rather scarce yesterday, Dawson Elliott being the only wholesale firm to report heavy shipments. They ranged in price from 10c to 16c and 17c per box, the latter prices only being obtained for a few extra choice ones. The following were some of the best shipments: Austin of Port Dalhousie, to White & Co.; J. H. Caven and J. H. Pinchin of Clarkson to McWilliam & Everist; W. T. Lemon, Aldershot; A. Breckon, Merton; F. W. Tappby, St. Catharines, and Charles W. Tuck, Waterford, to Dawson Elliott.

Gooseberries are coming in in larger quantities, and some of them are a good size. The bulk, however, are very small, and do not sell readily. The small ones sell at 50c to 60c per 11-quart basket, or 6c per box; the large ones going at \$1 to \$1.25 per 11-quart basket. The best on the market yesterday were from W. Staples, Aldershot, to White & Co.

Lettuce is practically unsalable at the present time, as the market is overloaded and the wholesalers cannot get enough for it to pay the express.

McWilliam & Everist also had two cars of American strawberries, selling at 12c to 14c per box.

White & Co. also had a car of bananas, selling at \$1.75 to \$2 per bunch. A shipment of Canadian cauliflower from Titterington Bros. St. Catharines, selling at \$1.50 to \$1.75 per box, and a car of carrots, selling at \$1.25 to \$1.35 per hamper; with some cabbage at \$2.50 per case; also California, fruits, peaches, plums and apr
