ALLIED VICTORY IS COMPLETE
ALL WOTAN LINE SHATTERED

Staggering From Blows Already Administered, Germans Are in Full Flight for the Canal
du Nord, Trying to Save What Men and Material They Can From the Wreck---
British Troops Are Cleaning Up the Hindenburg Line by Taking Many More
Villages From Badly Disorganized and Wholly Defeated Enemy

LONDON, Sept. 3.—Between
Peronne and the Seneze
River the British are con-
tinuing their successful advances
against the Germans, according to
Field Marshal Haig's communi-
cation issued tonight.

The British now have reach-
ed the general line of Ytres (south
of Bertincourt), Beaumetz-lez-
Cambrai, Baralle, Rumaucourt and
Leciseux. French troops have
crossed the Somme near Epan-
court, according to the French
war office announcement tonight.
They have also gained a foothold
on the east side of the Canal du
Nord.

The British statement says:
"After the heavy defeat inflicted
on the enemy yesterday our progress
on the battlefield between Peronne
and the Seneze River continued to-
day, and our troops reached the gen-
eral line of Ytres, Beaumetz-lez-
Cambrai, Baralle, Rumaucourt and
Leciseux.
"Hostile rearguards which resisted
the advance of our infantry have
been captured or driven back with
loss, and heavy casualties were in-
flicted on the retreating German
columns by our artillery. Large
numbers of the enemy retiring in
close formation over the ridge north-
west of Equancourt were successfully
engaged by our batteries over the
open heights.

"In his hurried retreat quantities
of stores and material of all kinds
were abandoned by the enemy and
have fallen into our hands.

"As a result of a successful opera-
tion this morning south of the Lys,
English troops have taken Riche-
bourg-St. Vaast and established
themselves on the line of La Bassée
road and between there and Estaires,
which is in our possession. A num-
ber of prisoners and a few guns were
captured in this attack.

"Our posts have been pushed for-
ward slightly in the western out-
skirts of Lens and east and north of
Givenchy-lez-La Bassée. During the
night we made progress northeast
of Steenwercke and entered Wulver-
ghem."

The French statement says: "Our
infantry has crossed the Somme be-
fore Epancourt. Farther south our
troops have gained a footing in the
Village of Geny (Geny), east of
the Canal du Nord, taking 200 pri-
soners."

"East of Noyon we made new pro-
gress and reached the outskirts of
Salency. The artillery fighting is
lively in this region.

"In the course of the battle yester-
day between the Ailette and the
Aisne we took 1200 prisoners.

"An enemy raid in the Violu sec-
tor (the Vosges) brought no result.

Lens Not Occupied.
The report of the German evacua-
tion and the British occupation of
Lens, which was current here today,
is not confirmed from any official
source, and seems at least to be pre-
mature. It is worthy of note that
Field Marshal Haig's communication
from British headquarters in France
tonight mentions only a slight ad-
vance of the British outposts. French
reports late this evening says that
fighting is in progress in the suburbs.

From Flanders to Soissons the Bri-
tish, French and American forces are
keeping up without cessation their

strong offensive tactics against the
Germans, who all along the battlefield
are still giving ground, altho at cer-
tain points not without strong re-
sistance. Seemingly it is the full
realization of the peril he is in that
now is prompting the enemy to put
forth his every effort to avert com-
plete disaster.

Thousands of Prisoners.
Additional areas of territory which
long had been held by the enemy have
been restored; many thousands of
Germans have been sent behind the
lines to swell the great throng al-
ready there in prison camps, and many
of the enemy's dead lying upon the
battlefield testify to his heavy casual-
ties.

Retreating columns of the Germans
have been cut to pieces by the Bri-
tish artillery from captured vantage
points before which the enemy was
compelled to pass unsheltered from
the fire of the British guns.

Steady Push Forward.
From the region around Arras
southward to Peronne the British line
has moved forward everywhere since
the famous Drocourt-Queant defence
line was overwhelmed and left in the
rear. Eastward of the Drocourt line
the British now are nearing the
Canal du Nord and Douai, Valenciennes,
and Cambrai have been further
encompassed upon by English,
Canadian and Australian troops. East
of Peronne the British line has been
steadily pushed forward. Numerous
towns and villages have fallen into
the hands of Field Marshal Haig's

men, notable among them—Queant, at
the southern end of the Drocourt-
Queant line.
To the south the French along
the Canal du Nord are giving the
enemy no rest and gradually are blot-
ting out the remaining portion of the
Salons sector the French and Amer-
icans now are in control of the en-
tire plateau dominating the Aisne, the
Chemins des Dames, and the roads
to Laon and Laere.

In Outskirts of Lens.
In Flanders the British have pene-
trated the outskirts of Lens, the fa-
mous coal-mining city in northern
France, and farther north in the Lys
salient have taken Richebourg St.
Vaast and established themselves on
the line of La Bassée road and be-
tween there and Estaires, having cap-
tured the last named place. Steen-
wercke and Wulverghem are also in
British hands, and thus the great
salient is virtually wiped out.

Unofficial dispatches say that in
the region east and southeast of
Arras the Germans are retiring to a
new switch line running from Bre-
bieres, five miles southeast of Dro-
court, southward to Moeuvres, where
it joins the Hindenburg line near
Graincourt. If this should prove true
the new line already seems menaced,
as Field Marshal Haig's men virtu-
ally are upon it at Leciseux and Ru-
maucourt, southeast of Arras and
almost abreast of it at Baralle, three
miles north of Moeuvres.

Germans in Full Flight.
With the British victory in France,
Sept. 3.—The British victory in the
battle of the Drocourt-Queant line
seems complete. Without having de-
livered a single counter-attack, and
staggering from the blows adminis-
tered to them yesterday, the Germans
during the night and early this morn-
ing were in full flight for the eastern
side of the Canal du Nord.

The enemy is trying to save what
men and material he can from the
wreck, and is behind one of the most
powerful defence systems ever de-
vised. The much-boasted Drocourt-
Queant line, or, as the Germans call
it, the Wotan line, is totally shattered.
The British are driving far thru it,
and the Germans are hurrying east-
ward, leaving behind only pockets of
machine gunners, and even resistance
from these is gradually melting away.
Strong forces are now fighting their
way down the Hindenburg line itself
and are cleaning it up as they go.
Meanwhile, a little south from here,
another force is driving on the Hin-
denburg line frontally. The Hun has
sustained disaster in the Drocourt line
battle, and now his disorganized and
badly depleted forces are working fast
to prevent even greater catastrophe
overtaking them.

At Canal du Nord.
The British are rapidly approaching
and are close to the Canal du Nord,
the territory behind which is even now
under heavy fire from many British
cannon.

The foe knows well that this move-
ment contains a grave menace to
some of his forces, and orders ap-
parently have been given to get them
out with all haste. The Canal du
Nord, where the Germans are retiring,
is simply a canal under construction
and contains no water. It is like a
railroad tunnel with the top off. It is
80 feet across and 60 feet deep, with its
sides for the most part granite-walled,
sloping slightly inward toward the bot-
tom. There may be as hard fighting
here as there was last year.

The prisoners were of all sorts, in-
cluding cavalrymen who had been
dismounted and fought as infantry.
The hard pressed German command-
ers took men from anywhere, no mat-
ter what they were supposed to be

Defeat and Revolution!

The Kaiser and his crowd are up against a smashing military
defeat; the indications are growing that they may have, also,
soon to face a revolution directed against Kaiserism and auto-
cracy. The only salvation for the German people lies in these
two things. If the German nation repudiates the Kaiser and his
works, offers to pay substantial indemnities to Belgium and
France, and to abide by the decision of a league of nations in
regard to the future peace of the world, there is some hope for
them.

They are going to be licked to a finish anyway, there is no
getting away from it; also they must pay for their destructive
campaign in Belgium and France; after they are defeated and
before they can undertake to indemnify the countries they have
invaded they must rid themselves of the curse of military auto-
cracy for all time. If they do not do this, then the war will
be carried into Germany until every vestige of Hohenzollern rule
has been purged of the sword and their only future left them be
such as the allied nations accord them.

The German nation cannot come out of the war with Kaiserism
on its back. Will they throw the Kaiser out and make what
terms they can; or let the allies do it and take what the allies
care to give them?
Defeat and then revolution is their only way out.

Hamblains-lez-Prez on the extreme
bank was taken, and the troops moved
eastward. But they did not go far, as
the Germans, in desperation, had
dammed the River Scarpe at Vitry-
en-Artois and had flooded the low-
lands in this locality.

Sharp Move Forward.
Patrols entered Biache-St. Vaast,
which was soon reported entirely
captured. From this general locality
on the north the British pushed
sharply forward. Early in the fore-
noon airplanes reported no Germans
in any number west of Ecouart St.
Quentin, which is east of Recourt and
Saudemont, where the British were
pushing on and overcoming the dim-
inishing resistance.

The first substantial indication that
the Germans admitted defeat was
when the British troops entered Re-
court, after having reached the out-
skirts last night. They had not been
in the town for more than a few min-
utes when the enemy artillery began
shelling it heavily from a distance.

The British drove down the Arras-
Cambrai road with ease today. One
force, according to word received at
headquarters, captured Inchy-en-Ar-
tois, another occupied and cleaned up
the entire Buissey switch.

Enemy Stand Frustrated.
While this was going on a squadron
of airplanes, discovering a large group
of the enemy some distance to the
east, managed to break thru the pro-
tecting German planes and rained
bombs down upon the masses, and this
probably upset any idea the Germans
had of making a determined stand
west of the canal.

Since that time airplanes report
only a few German visits for any
distance on the western side of the
canal, and these observers flew over
the whole region at an altitude of
only two or three hundred feet. Dur-
ing the forenoon the British infantry
moved forward so rapidly at many
places that they completely outran
their own artillery, and pressed on
with only machine guns preceding
them. Since then, however, the guns
have been brought up, and are pump-
ing shells at the far side of the canal,
especially at the point where it is
crossed by the Arras-Cambrai road,
for here is a bridge, and the concentra-
tion of fire is undoubtedly seriously
hindering the enemy's efforts to get his
transports and his guns on the east
side.

The men, of course, can cross by
scrambling down and up the sides, and
probably by a few crossings that have
been thrown hurriedly over, altho at
the moment the existence of such
crossings is not known.

It was after Inchy was taken that
British forces, among them royal mar-
ines and naval battalions, began to

drive to the south past Moeuvres in
an effort to reach the Bapaume-Cam-
brai road before the Germans fleeing
along it. Pronville having been
taken during the night, the British
from here worked in a southeasterly
direction and closed the valley of the
Hirondelle River to Germans desiring
to retreat that way, with the result
that the enemy forces had to swing
southward, then eastward, probably
along the direction of the Bapaume-
Cambrai road also.

Some idea of the German disorgan-
ization may be had from the fact that a
number of crews of German howitzers
captured were standing around their
guns which they had blown up. Others
complained that they had had nothing
to eat for four days because of the
great disorganization at their rear.

Out of Shells.
The lack of German shell fire was
explained in many instances when
runners captured said they had no
ammunition whatever. Many times
they declared they could have fired
wide open sights into the advancing
British, but they had no shells and
could not get any.

The fighting this afternoon seems to
be more vigorous along the northern
part of the Hindenburg line than else-
where. The British are sweeping along
aside it from the point where it
joins the Drocourt line at Queant.
Considerable progress is reported and
large numbers of Germans have been
killed or taken prisoner. Thousands of
prisoners are coming into the cages.
One army had 8000 Germans in its
cages this afternoon. How many
machine guns were captured will not
be known for many days, but there
were thousands.

Reuter's correspondent at British
headquarters describes the clever ex-
ploits of a Canadian officer at the Wo-
tan line battle. In the dark hours of
Monday morning he crept out to try
and find a crossing over the Seneze.
He discovered a bridge, but thought
he would investigate before returning
to report this valuable find. The re-
sult was the detection of a heavy mine
laid with contact wires all ready to
be laid. With wire cutters the officer
ripped thru all the leads, and not long
afterwards the Canadian infantry
streamed across the bridge in an end-
less flow.

So rapidly did our guns get across
the entrenched zone that six-inch high
velocity shells since early morning
have been maintaining a continuous
and harassing fire on the Marquain
Crossing on the Cambrai road, whence
all the heavy German transport had
to escape. By 11 the old royal naval
division had advanced nearly eight
miles since yesterday morning, and
are still going strong. Northward to
the Scarpe our troops have done little
more than steadily throw forward a
covering flank. Our infantry outran
the support of their guns despite the
fact that the batteries galloped for-
ward in a way reminiscent of the
Long Valley manoeuvres. The en-
emy's gunfire was desultory and now-
here formidable, the enemy being
evidently desperately short of artill-
ery ammunition on this part of the
front.

Surprise Complete.
The surprise occasion by the rapid-
ity of our advance seems to have been
complete. Many files are springing
up in many places far back of their
lines. The Germans have dammed the
Scarpe and the water has spread over
considerable area but has not inter-
fered with our progress. We struck
the enemy in a new place northwards,
where our troops stormed and cap-
tured Richebourg St. Vaast. The
weather continues ideal for field war-
fare.

The airman are having a great time,
flying little more than 200 feet high.
Wherever the enemy is met with he
seems to be in a state of semi-panic.
The number of machine guns we have
already collected is said to run into
thousands. We captured the crews of
some heavy howitzers who had just
blown up their guns. The blocks
that they had scarcely been able to fire
at all owing to the lack of shells. Com-
paratively few guns have fallen into
our hands, since the enemy early in
the battle sent his batteries scamper-
ing rearwards.

General Enemy Flight.
The long and bitter battle, which
was expected to develop out of yester-
day's attack against the famous
switch line broke suddenly during the
afternoon into a general enemy flight
from the time we carried the switch
system at 7:30 until well after mid-
night. The resistance stiffened, then
died down so suddenly that it was
evident that the enemy was with-
drawing as hastily as he could. At
10:30 this morning our airman report-
ed that there were no Germans to be
seen west of the Canal du Nord to
Des-la-Seneze, which runs nearly due
south from Douai, except for a few
outposts at places along the bank.

MAKER OF HATS TO HIS
MAJESTY.
Probably the most famous maker of
hats in the world is Henry Heath of
London, England. Heath is special
designer of hats for His Majesty King
George and held the same position for
the late King Edward. The blocks
Heath makes range from the straw
sailor to the silk, and are noted for
the excellence of material used and
the unflinching style of designs.

The Dineen Co. Ltd. is sole Cana-
dian agent for the Heath Hat in
Canada, and is today showing some
of the latest blocks issued in soft and
hard felts and the new silk hats. The
price asked in Canada for Heath's are
fifty per cent. lower than New York
merchants ask for the same goods.
Call into Dineen's, 140 Yonge, and ask
to see Heath's New Fall Hats.

Announcement was made by Premier
Hearst that Hon. Dr. Cody, minister
of education for Ontario, was going
overseas and to the front in response
to an urgent call from the imperial
authorities to consult on matters af-
fecting the active service troops. The
statement made by Sir William
Hearst is as follows:
" My colleague, Dr. Cody, has re-
ceived an urgent call from the im-
perial authorities to go overseas
for the purpose of consultation
and advice on educational matters
affecting the soldiers. The govern-
ment agrees with him that it is
his duty to respond to the call,
and he will do so immediately. Dr.
Cody will visit the battlefield in
France, and will carry to our sol-
diers there a message of encour-
agement and appreciation from the
people and Government of On-
tario. He will also gather in-
formation as to how the province
can contribute further to the com-
fort and welfare of our soldiers,
and what additional measures it
should take to prepare for the day
of their return.

"While in England, Dr. Cody
will make a study of conditions
and legislation affecting industrial
education, with the object of giv-
ing Ontario the advantage of the
experience of the mother country
in that respect. The trip, tho'
necessarily a hurried one, will, I
believe, afford Dr. Cody an oppor-
tunity for rendering these im-
portant services."

BRITISH AIR RAIDS
ON RHINE PROVINCE

Fifteen Tons of Bombs Are
Dropped on Buhl, Ehrang
and Saarbrucken.

OBTAIN DIRECT HITS

Raiders Start Fires, Demolish
Hangars and Do Much
Damage.

London, Sept. 3.—The British inde-
pendent air force within the past 24
hours has dropped fifteen tons of
bombs on German military works in
the Rhine province.

Three raids were made on the Ger-
man airdrome at Buhl. Three hang-
ars were demolished and direct hits
were obtained on many others.

The railways at Ehrang, four miles
northwest of Treves, were attacked
from a height of 30 feet, and every
bomb scored a direct hit.

At Saarbrucken, 40 miles south-
east of Treves, the Burbach works
and railways were bombed.

The air ministry this evening is-
sued the following statement dealing
with recent aerial operations:
" In addition to the attacks already
reported on the hostile airdrome at
Buhl on the morning of the 2nd inst.,
our squadrons on the afternoon of the
2nd inst. again attacked the same ob-
jective. Very good results were ob-
tained. More hangars were hit and a
fire was started. All our machines
returned safely.

" On the night of Sept. 2-3, our
squadrons dropped a total of 17 tons
of bombs on the Buhl airdrome, which
again heavily attacked and the fol-
lowing targets bombed: The Burbach
works and the railways at Saar-
brucken and Ehrang and the Boulay
airdrome. Several fires were started.
At Buhl three hangars were demol-
ished and direct hits were obtained on
many others. The attack was carried
out at an altitude from 300 to 500 feet.
More than 15 tons of bombs were
dropped on this airdrome in 24 hours.

" The railways at Ehrang were at-
tacked from a height of 90 feet and
every bomb obtained a direct hit. A
fire was started in the Burbach works
(Saarbrucken), and very good bursts
were observed. All our machines re-
turned safely."

ALLIES JOIN HANDS
THRUOUT SIBERIA

Cordon of Forces Stretches
From Volga to Vlad-
ivostok.

UNINTERRUPTED CHAIN

Important Junction Between
Czecho-Slovaks and
Semenoff Forces.

London, Sept. 3.—According to The
Daily Mail's Harbin correspondent,
the allies' forces have established un-
interrupted connection between their
forces across Siberia from the Volga
to Vladivostok.

The dispatch says the vanguard of
the Czecho-Slovak forces from Ver-
kni-Udinsk, 80 miles east of Lake
Baikal, have joined hands with
General Semenov's forces on the
Onon River, and General Diederichs,
the Czech commander at Vladivostok,
already is in telegraph communica-
tion with the Trans-Baikal Czechs.

"From Pensa on the Volga to
Vladivostok," the correspondent adds,
"there is now an uninterrupted chain
of allied troops."

SUGAR CONSUMPTION MUST BE CUT DOWN

Only Two Pounds Are Allowed for Every Ninety Meals, by New Rules.

OTHER RESTRICTIONS

Candy Manufacturers Limited to Fifty Per Cent. of Last Year's Consumption.

Ottawa, Sept. 3.—New regulations governing the use of sugar in public eating places, and by manufacturers have been announced by the Canada Food Board. The new restrictions, which, with the exceptions specifically noted below are now effective, prohibit the use of more than two pounds of sugar for every ninety meals served in public eating places except in the case of soda fountains or ice cream parlors. After September 30 such establishments will not be permitted to use more than 25 per cent. of the average monthly amount of sugar used during the year 1917.

Manufacturers of biscuits, etc., must not use more than 40 pounds of sugar to 100 pounds of flour, and of this amount 50 per cent. must be yellow or brown sugar. In the manufacture of sweet dough products and pastry only eight pounds of sugar (half of which must be yellow or brown) may be used to 100 pounds of flour. Not more than 40 per cent. of sugar may be used in the manufacture of wocanant macaroons or fancy almond macaroons. Not more than 10 pounds of sugar may be used to 50 pounds of marshmallow. In the manufacture of bread and bread rolls only one-half pound of sugar may be used to 100 pounds of flour, and all of this amount must be yellow or brown sugar.

Manufacturers of candy, chocolate, solid chocolate products, cocoa, cocoa products, chewing gum, or tobacco are limited to 50 per cent. of their monthly consumption of sugar during the year 1917.

Less in Ice Cream. Manufacturers of table syrups or such like products must not use more than 50 per cent. of their average monthly consumption of sugar for the year 1917, and one-half of this quantity must be yellow or brown sugar. Manufacturers of medicinal preparations must not use more than 75 per cent. of their average monthly consumption in 1917.

Manufacturers of beers, ales, fruit juices, etc., jelly powders or marsh-mallow powders, after Sept. 30, must not use more than 50 per cent. of the average monthly amount of sugar used by them during the year 1917. The amount of sugar which may be used in the manufacture of ice cream has been reduced to a maximum of five and one-half pounds of cane sugar to eight gallons of ice cream.

The use of sugar in the manufacture of soap is prohibited. Certificates for the purchase of sugar for the use in manufacture of products mentioned in the order will be issued on the basis of the percentage allowed and supplementary certificates will be issued for sugar for the manufacture of bakery products within the conditions of the order on proof of increased output.

SAIL FOR CANADA

London, Sept. 3.—Sir Edward Kemp, Bishop Fallon, and Sir Clifford Sifton have sailed for Canada.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

In the fighting yesterday the British threw back the Germans from three to eight miles on the whole front between Peronne and the Senese River. In the afternoon they arrived at the general line of Ypres, Beaumont-les-Cambrai, Bailleul, Bapaume and Lecluse. German rearwards, which attempted resistance to the British advance, became prisoners or were thrown back with heavy loss. The line now reached by the British is, roughly, the line of the Canal du Nord. This is an unfinished waterway, without any water. It is 80 feet deep and 60 feet wide and lined with granite, with sloping sides. It makes a considerable obstacle to an advance. The German front between the Scarpe and Lille is also retreating, and British patrols made a further gain in the Lens outskirts.

The British, however, are already preparing to force this Canal du Nord, and are heavily shelling the country east of it in German occupation. The British are pressing the enemy hard at the bridge across this canal, on the Arras-Cambrai road. The Germans are trying to extricate their remaining guns and war material from the western bank of this canal, and are working under a heavy shell fire. Besides moving down this road from Arras, the British also moved south the road from Bapaume to the Cologne River from Peronne. In making the present advance, the British have forestalled the anticipated German retreat by several months. The enemy had intended to withdraw during the winter, when the roads would be impractical for a pursuit owing to deep mud. Thus he would have avoided a withdrawal under pressure.

The Germans last night found themselves virtually between that Canal du Nord and perdition. The British pressed them hard frontally so that their flight became exceedingly rapid, with the pursuit pressing so hard at their heels that they had to abandon much war material of every kind. More serious still, however, is the Canadian advance astride the road from Arras towards Cambrai. This highway runs in the rear of the Hindenburg line and every step forward makes an additional section of that line useless. The British move behind the Hindenburg position, having arrived on the German power of retreat, for the enemy is still in front of these Hindenburg positions and they are not ready for occupation, the Canadians

CANADIANS CAPTURE NEARLY 6,000 HUNS

By J. J. B. Livison. With the Canadian Forces on the Field, Sept. 3.—The Canadians captured yesterday between five and six thousand prisoners, but was only by intensive and sanguinary fighting. More than ever the enemy relied on his machine gun nests. A single gun nest encircled in one of these might inflict a hundred casualties on our advancing infantry. It is small so that the destruction of such a nest led invariably to the capture of a hundred or more Boche sheep in the dugouts behind. They surrendered willingly enough. Their machine guns had paid their price.

American Power Barons Would Grab Canada. The aluminum combine in the States control seventy-five per cent. of the power companies in that country, and they are reaching out for the greatest source of power unappropriated, the Long Sault Rapids, in the St. Lawrence River, the joint property of Canada and the United States. They own the Cataracts and on the Canadian side of the river, and wire the power into the States for one of their aluminum reducing plants.

If they want our power they must use it in our country, on our terms, and under our ownership. We will have no more export of our raw power to build up a great metal monopoly in another country; exactly as the German owners of our nickel mines succeeded in doing to our raw nickel ore until the World exposed the plot. Canadian power and Canadian ores, nickel and asbestos, for example, must be obtained and refined here. And, whoever wants our power for aluminum can find the material here, as well as in the States.

Furthermore, the profits of all these industries must be subject to taxation in Canada; no more payoffs of three millions of taxes to the United States Government on the profits made by the International Nickel Co. out of ore exported from Ontario to New Jersey! There might be a German hand hidden under a coating of aluminum.

In the south and on the right wing of the battle the French threw their left wing across the Somme in the region of Epaucourt. This is near Ham, and the French will speedily join the British right wing in a movement against St. Quentin. In this operation the allies are acting as if they were shepherding sheep. The British are shoving in the German centre and right wing and bending them back towards the German left wing, or the French right wing. The allies appear to be purposely keeping their right wing back in order to give the German right, left and centre, when more crowded together, another terrific jar. The French further south also forced another passage of the Canal du Nord, south of the Somme, and in the region east of Neoyon they arrived at the outskirts of St. Quentin. A battle is still proceeding between the neighboring platoons. The French report the taking of 1200 prisoners in this fighting. The Americans on the Juvisy and within range of the railway from Lecon to Soissons, are waiting for the enemy to retire from the Vesle River to the Chemin des Dames.

All This Week You Can Make a Big Cash Saving on Either of These Instruments

The Gulbransen-Dickinson Player-Piano

Still \$550

Only For This Week

EMBRACING PATENTED FEATURES YOU COULD OBTAIN ONLY IN OTHER PLAYERS SELLING AT FROM \$900 TO \$1000.

In no other player-piano can you obtain so many desirable features as in the Gulbransen-Dickinson at \$550.

It is the easiest of all players to pedal.

The mechanism is surprisingly simplified—nothing to get out of order.

Transposing Tracker Bar—changes music to whatever key in which you wish to sing.

Specially devised Player Roll Guide, prevents tearing of rolls.

Improved Rotary Motor—practically frictionless—found only in most expensive players.

Come and hear this wonderful Player-Piano. We will gladly explain all its many exclusive features without obligating you in any way.

Prices Went Up Sept. 1st

For Any Who Intend Purchasing a Piano or Player-Piano During Exhibition

We Are Withholding Increases Until End of This Week

Both of the instruments illustrated here represent the greatest demonstrated value in the piano and player-piano fields. Even when the increases come into effect next week they will still be unapproachable in value and price.

But all this week we will let you have either at its former unusually low price. Many have put off the purchase of an instrument until Exhibition should come round. To allow them additional advantages on these remarkable values, we are withholding increases of September 1st, until the end of this week.

You are the one who benefits most emphatically by this unusual offer. Before this week slips away and the opportunity is lost, come and see what exceptional values are presented in these instruments.

EASY TERMS IF YOU WISH

THE WILLIAMS & SONS CO. R.S. LIMITED

145 Yonge St.

The KRYDNER Piano

Still \$275

Only For This Week

Compares With Pianos Selling Elsewhere From \$375 to \$400.

Nowhere will you find such wonderful value at so low a price as in the Krydner Piano in Colonial design. It offers you a clear saving of \$100 or more, which is even more important now that an increase is to be imposed.

Practically all makes of pianos are higher in price now than before the war. Increased manufacturing costs have constantly forced up the price.

Not so with the Krydner. On it we have absorbed up to the present all manufacturing increases ourselves. Where ordinarily it should have been selling at \$375 to \$400, the Krydner remained at its standard price before the war—\$275.

Further heavy increases necessitated an advance in retail price September 1st. This increase we can withhold only for this week.

See the Krydner now. Actually it represents a clear saving of \$100 or more. Easy terms arranged if desired.

LODGES

TWO MEMBERS DIE.

Imperial Lodge, No. 391, I.O.O.F., met last night in the Oddfellows' Temple, the chair being taken by R. J. MacGregor, N.G. The death of two members was reported. Bro. W. M. Walker, whose death occurred recently in Buffalo, and Bro. J. B. McKinnon, P.G., and it was decided to send letters of condolence to the relatives of the late members. Bro. W. H. Wilkinson of Gananoque Lodge, No. 114, Gananoque, was given during the evening a 25-years' veteran jewel purchased for him by members of his lodge. The presentation was made by Bro. W. P. Goodman, P.D.D.G.M.

MANY FORESTERS IN WAR.

At last night's meeting of Court Concord, No. 420 C. O. F. in the Foresters' Hall, presided over by J. R. Couleay, C.R., it was reported that since the commencement of the war, 648 members of the order in the Dominion have made the supreme sacrifice. Approximately 4,000 are overseas, and the order has paid to date \$551,000 out in death claims. 'Court Concord' has 14 members overseas and so far no casualties have been recorded. At last night's meeting the winter season was started, and preparations for a fall and winter program were formulated.

SUPREME EXECUTIVE MEETS.

The regular monthly meeting of the supreme executive of the I.O.P. was held at headquarters yesterday afternoon, when the following members of the executive council were present: W. H. Hunter, S.C.R., in the chair; Fred J. Darch, supreme secretary; R. Mathison, supreme treasurer; Dr. T. Millman, supreme physician; J. D. Clarke, Dayton, Ohio, supreme counsellor; Judge M. N. Cookburn, St. Andrews, N.B., supreme councillor, and others.

WE PAY SPOT CASH AND FULL VALUE

FOR ANY KIND OF VICTORY BONDS and scrip certificates, whether registered or bearer, even if not paid up full.

WHITE & CO.

General Brokers, 25 Adelaide West. Open daily till 1 p.m., including Saturdays. If You Live Out of Town Write Us.

Hon. W. W. Bent, Bridgeport, Conn., supreme councillor. The general membership was reviewed and found to be in a satisfactory condition, showing a large increase over the corresponding month of last year.

FIRST MEMBER DIED.

With the death of W. Willis of Swanton, a member of the Knights of Sherwood Forest, A.O.F., which occurred at his home last Friday, the first death since the inauguration of the Kluge in some eighteen months ago has been registered. He was a member of the Court of Swanton, and the funeral took place on Monday from his late home to Park Lawn Cemetery. There was a large representation of the uniformed ranks, together with several other courts of the order who paid their last respect to the dead brother.

KNIGHTS OF PYTHIAS.

The regular business meeting of Amicus Lodge, No. 20, Knights of Pythias, was held last evening in the S.O.E. Hall, the chair being taken by C. C. Brady. The report was received of the Grand Lodge of Ontario convention, held recently in Windsor, which showed an increase in the membership, and also a good surplus in the treasury of both the general and benefit funds. The order in Ontario has sent 400 of its members overseas, of whom 80 have fallen in action. A special committee was appointed, consisting of H. Stewart

GUARANTEED Eyeglasses

Long experience, coupled with the finest scientific instruments for examining the eyes and testing the eyesight, qualifies us to absolutely guarantee to correctly fit any person with glasses, no matter how complicated the case.

Lenses are ground by our own experts to ensure accuracy. Exhibition visitors are especially invited to call and have their eyesight tested. We are paying special attention just now to all such orders.

We also fill oculists' prescriptions and guarantee satisfaction.

OPTICIAN
167 Yonge St. (Upstairs)
Opposite Simpson's Main Entrance.

Watts, chairman, and T. Murray, secretary, who are to make the necessary arrangements for the holding of a concert and dance in the near future.

WORTHY MATRON DEAD.

Toronto Chapter, No. 25, Order of the Eastern Star, has suffered a loss in the death of its worthy matron, Sister Alys R. Harris, whose funeral took place on Monday from her late residence, 182 Westminster avenue.

NEW CHAPTER PROGRESSES.

After two months' vacation, Zenith Chapter, No. 42, Order of the Eastern Star, held its opening meeting of the season in the I.O.O.F. Temple, Miss Worth, worthy matron, and J. W. Woodland, worthy patron, officiating. Despite the fact that this is a new chapter and was only inaugurated last May, the reports show that already there are 75 members and the chapter is on a sound financial basis. The members are busy on war work for the soldiers.

New Shipments of Fine ORIENTAL RUGS for our Fall Buyers

In spite of the scarcity of real Oriental Rugs and the great difficulties of getting new supplies, we have been lucky and fortunate enough to receive recently a very large stock of Rugs, being a direct shipment from PERSIA and the CAUCASUS.

This magnificent collection, which is the largest and finest of its kind on the American continent now, comprises the following famous weaves and handsome specimens of the Oriental looms:

Kirmanshah, Sarouk, Keshan, Kazak, Mahal, Royal Boukhara, Kabistan, Anatolian, Meshet, Serapy and

Hundreds of others including

GENUINE CHINESE RUGS

Only a visit to our Art Rooms and a careful inspection of this elegant stock will enable the rug buyers to realize the superiority of this elegant rug stock and make early selections in order to get first choice.

Visitors to the Exhibition should not fail to visit our magnificent Rug Exhibit at the Manufacturers' Building.

EATON'S DAILY STORE NEWS

School Supply Statements That Ring True

Ding-Dong, Ding-Dong, rings out the school bell, summoning back rosy-cheeked, sun-tanned kiddies, boys and girls, from their long, health-giving vacation. Back they come ready and fit for the winter's work--that is as far as health and vigor are concerned. But it isn't long in the schoolroom before they find there are scribblers, pencils, slate pencils, pencil boxes, pens, ink, school bags and all those hundred and one things that school requires and that lads and lassies pride themselves on having. In the Stationery Dept. on the Main Floor, you will find a display of such things, that the young folks will simply revel in. But it's the prices primarily that will delight the parents, for they are characteristic EATON prices.

Here Are Special Values in School Supplies That Every Student Will Appreciate

Make EATON'S Your Supply Base During the School Year

You Will Find on This Page Almost Everything a Student Needs From the Kindergarten to the University

ART SUPPLIES

Every teacher knows the absolute necessity of having the best paints for his pupils. Without these the best results in art are lacking. Reeves' students' color box will meet your every need. It contains 6 half pans water colors, black, sepia, crimson lake, gamboge, Prussian blue, sap green, and one water color brush. Price, today, 65c. For the advanced art student we recommend the Reeves 8-color box, which contains the following standard pigments: Sepia, gamboge, crimson lake, vermilion, burnt sienna, yellow, ochre, sap green, Prussian blue and one water color brush. Special price, 85c. All collegiate students will be interested in our sale of Rowney's elementary box of water colors, containing 16 colors in cakes and tubes of Chinese white and sepia and one camel's-hair brush. Price, \$1.00.

T. EATON CO LIMITED

MANLY AMERICANS SEE EXHIBITION'S SIGHTS, EXPRESSING DELIGHT

American Day Celebrated in Many Ways to Enjoyment of All.

SOLDIERS GOOD MIXERS
Men From United States Help to Make a Special Success.

Tuesday's attendance ... 57,500
Same day last year ... 52,500
Total to date ... 630,900
Same time last year ... 630,500
Daily attendance needed to beat the million ... 92,275

American Day at the Exhibition was celebrated in many ways and there was a distinctly American atmosphere with the appearance of the 1st Battalion of the 348th Infantry Regiment, U.S.A., the members of which mingled freely with the Canadian soldiers in camp.

In the morning great rollers beat in upon the breakwater at the lake front, smashing over the concrete wall and sending up a spray twenty feet high. It was a picture of the most beautiful, the sunlight reflected thru the mists of the large fountain in front of the administration building, making a genuinely charming picture.

Not the least interesting event was the horse judging both drivers and riders, in front of the grand stand in the afternoon. This attracted a good number of enthusiasts, while at the same time the afternoon vaudeville performance kept a fair-sized crowd in good humor on the grand stand.

Major Thomas F. Marshall, officer commanding the American troops on the grounds, said he and his fellow-officers and men appreciated the reception which had been given to them.

These sailors had never refused to go, and had resolved that for five years they would not sell a vessel to the Germans. They were now giving away their money to the Red Cross, which they would have nothing to do with.

FREE BALLOONS.
Silver polish and tie pins are the special attraction at the exhibition.

FOOD CONTEST WINNERS.
The names of the winners in yesterday's food contest, under the direction of the famous French chef at the Exhibition, were Alice Carrey of 24 Fernanagh avenue, and M. Gieger, 39 Chicora avenue.

NO COMPROMISE WITH GERMANY

Guests From United States Speak at Directors' Luncheon American Day.

ONTARIO'S WELCOME.

Sir William Hearst Endorses Appeal From Commodore Jarvis.

In a spirit of friendliness, never before so prominent in the history of the Canadian National Exhibition, and modestly expressing the hope that their men will achieve as heroic a record as the Canadians at the front, those who represented the United States at the directors' luncheon assured their audience that no compromising peace with Germany would be tolerated.

Sir William Hearst extended a very hearty welcome to the Americans on behalf of the province, and endorsed the navy league campaign to raise funds for the dependents of the merchant sailors, a plea for whom was made by Commodore Aemilius Jarvis.

He fully endorsed the plea made on behalf of the merchant sailors thru the navy league, and said that victory depended upon the navy. "Today is a great day for the allies' cause," he said.

Major Thomas F. Marshall, officer commanding the American troops on the grounds, said he and his fellow-officers and men appreciated the reception which had been given to them.

These sailors had never refused to go, and had resolved that for five years they would not sell a vessel to the Germans. They were now giving away their money to the Red Cross, which they would have nothing to do with.

Mr. Vickerman made a short but rousing speech, declaring that the United States was preparing for a long war. "The recent order calling for 10,000,000 more men is an indication that there will be no compromise as far as the United States is concerned."

FREE BALLOONS.
Silver polish and tie pins are the special attraction at the exhibition.

FOOD CONTEST WINNERS.
The names of the winners in yesterday's food contest, under the direction of the famous French chef at the Exhibition, were Alice Carrey of 24 Fernanagh avenue, and M. Gieger, 39 Chicora avenue.

EXHIBITION NOTICES

SAWYER-MASSEY DISPLAY FARM AND ROAD MACHINERY

Tractors, Threshers and Rock Crushers—Made in Canada

In keeping with everything else that we have undertaken, the Sawyer-Massey Company has perhaps the greatest exhibit of tractors and farm machinery on the Exhibition grounds.

Undoubtedly the tractors are a pride to the Canadian farmer and the public, but tractors of superior quality are made at home, in the manufacture of which Canadian labor and Canadian money is invested.

Other machinery in this class includes stone or rock crushers, into which the broken stone is elevated by a series of buckets on an endless chain.

MASSEY-HARRIS KNOWN ENTIRE WORLD OVER

Tractors are causing a revolution in farm work. Those visiting the Exhibition should not miss the Massey-Harris tractor, which is giving such splendid satisfaction.

ELECTRIC RADIATORS AVOID COAL TROUBLES

Are you worrying over the heating of your home this winter? Have you made the rounds of the coal dealers and still have no black diamonds? Don't worry any longer.

The Chapman Double Bar Bearing Co. of Canada, Limited.

FURTER & DALTON'S FINE DISPLAY

Dame Fashion has sent forth an edict that furs shall be made in cape or coat style for the coming season.

PROGRESSIVE POLICY OF TORONTO CARPET CO.

A Wonderful Canadian Institution—Barrimore Cloth an Associated Company.

The evolution of the Canadian carpet industry will in time provide one of the most interesting chapters of Canadian industrial history.

Comprehensive as is this display of Fabrikoid, the company has still other attractions, the chief being a collection of ivory pyralis, which are enough to make every woman visitor to the Exhibition envious.

Among the exhibits that compel continuous attention at the Exhibition is the display of the Barrimore Cloth Mills Company, Limited, which has covered cases in the booth area of special value to the housewives.

BUCKHAM'S DISPLAY OF ARTISTIC FURS

"The bride's gift from the groom was a handsome set of furs." How often the above is seen in a wedding notice. And what more appropriate gift than a set of furs?

FARMERS INTERESTED IN JOHN DEERE EXHIBIT

One of the exhibits at the Exhibition that is worthy of every farmer's attention is that of the John Deere tractor.

VERY EFFICIENT TRACTOR.

So simple and efficient is it in its operation the tractor manufacturer of the Hamilton Gear and Machine Company of Toronto can properly be called the world's expert.

CLEAN UP GROUNDS.

More Than 225 Loads of Rubbish on Exhibition Grounds After Labor Day.

Car Owners and Dealers LOOK HERE!

Did you ever think that any spark plug could stand up to its work continuously from 8 a.m. till 10 p.m. every day for two solid weeks without the least sign of a crack in the porcelain?

Come and See the TUNGSTEN SPARK PLUG AT THE "EX"

In the TUNGSTEN we have the plug that every car owner has often wished for—a plug that will work right along from dawn till dawn without ever ceasing to deliver a big, fat, sizzling hot spark that assures maximum motor efficiency.

But--See for Yourself!

We are operating a special machine that shows six Tungsten spark plugs at work. They will run all day long from the time the Exhibition opens in the morning till it closes at night. You will ever see this at the Exhibition, be sure you see the demonstration of this super-spark plug.

DODD'S KIDNEY PILLS

For Re

MOST IMPORTANT OF FARMERS' DAY

Rural Ontario Will Be Out in Full Force at the Exhibition.

BOOST UP THE FIGURES Every Effort Being Made to Attract Large Crowd Today.

This is Farmers' Day at the Canadian National Exhibition. Rural Ontario will surely be out in force, in full attendance of the day set aside in its honor. Of all days, this is the one that has out in greater importance than any other. Early in the history of the Exhibition the directors recognized this and they have been adding to it in form or another ever since.

There are many features planned for today. Men representative of the agricultural life of Canada will be the guests of honor at the luncheon and will speak on farm subjects. Hon. T. A. Cross, minister of agriculture, and Hon. George S. Henry are expected. It is anticipated that there will be a large crowd not only in the places of amusements but in the corners where instruction is to be found, for there are few classes of the community that make a closer study of the exhibits than do the farmers.

Every phase of the Exhibition will be seen by them. They invariably make a whole day of it and find the bustle of seeing things just as they might about the work of milking a herd of cows or setting up a piece of farm machinery. They will be royally entertained, as indeed will everybody, be the farmer or otherwise.

Places of interest.

Among the most important places where farmers will be found today will be the spaces devoted to farm implements and latest improvements in labor-saving devices, for the labor problem is one in which the farmers are keenly interested. They will be found in the Massey-Harris exhibit or that of the Sawyer-Massey Company. Company promises to have something of special interest. The John Deere Company will be among those to take the attention, and indeed all this busy section of the grounds interest will centre.

It is noteworthy also that today brings the first appearance in Toronto of the Huntville Band, the leader of which is Herbert Clarke, the world-famous cornetist.

It is hoped that today's attendance will give the present figures such a jump upwards that they will have been broken in the enthusiasm of the poster success.

CHANGES PLEA TO GUILTY AND IS HEAVILY FINED

In the county police court yesterday Magistrate Brunton fined Outrey Kurofsky, a Russian, of New Toronto, \$25 and costs for three months. Of this sum \$200 was for selling liquor and the odd \$50 was for having committed perjury when he swore a week ago that he had not retailed liquor at his home, and that he was at work when the alleged offence was committed. When the timekeeper of Brown's Brass Works was called yesterday Kurofsky changed his plea to guilty.

Anton Vanburen pleaded not guilty to the charge of having stolen a number of motor car tubes from the Good-year Rubber Company and was remanded.

The following motorists were fined for speeding: D. A. Campbell, 25 Parkwood avenue, \$4 and costs; J. J. Seliz, 6 Pinehill road, \$5 and costs; F. Miller, 79 Hillyard avenue, \$3 and costs.

CHEESEMAKERS EXEMPTED.

Expert and duly qualified cheesemakers and creamery operators who were actually in charge of cheese factories or creameries at the time of being called up for service and whose services are absolutely essential to the factories and creameries concerned may be granted leave to return to their factories until Nov. 1, 1918, on production of a certificate from the district agricultural representative that such cheesemakers and creamery operators are essential to local industries. The foregoing announcement was made yesterday afternoon by Toronto military headquarters.

FIRST WOMAN ELECTED TO UNIVERSITY SENATE

Mrs. E. J. Zavitz, of 15 Glenholme avenue, has been elected to the senate of McMaster University to represent the arts graduates for a five-year period. This is the first time a woman has been elected to this position. Mrs. Zavitz is the wife of the provincial forester, who is also a graduate of McMaster University. There was a total of ten graduates nominated, and ballots were received from alumni all over Canada, United States and overseas.

At the same election Rev. L. S. Huxham, pastor of Ontario Street Baptist Church, Stratford, was elected to represent the graduates in theology for a similar period.

SPECIAL INITIATION MEETING.

Wilton Lodge, No. 242, L.O.O.F., held a special initiation meeting last evening in the Oddfellows' Temple, when several candidates were initiated to the order, the ceremony being performed by Bro. C. Parker, P.G.M. During the evening a fraternal visit was paid by Bro. Barker, D.D.G.M., who addressed the meeting.

TELEPHONE OPERATORS MEET

A meeting of the telephone operators was held last night in the Labor Temple, presided over by J. Crawford. The meeting was a closed one, and it was stated that no information was forthcoming. It was understood that a vote was taken on the matter of a board of conciliation, but no statement was given out.

JURY VIEWS BODY.

Coroner Bond's jury, which is investigating the death of Second Lieut. W. Baillie, was killed at Armour Heights from a fall from an airplane, Sept. 1, viewed the body last night and adjourned till September 10.

LIEUT. DIBBLE RESIGNS.

Lieut. Robert (Bob) Dibble, who has charge of the work of the civil section of the military police corps in the North Bay district, has resigned to take over an important position in Toronto. Going overseas in 1916, Lieut. Dibble, the noted sculler, was wounded twice while at the front. A brother, Lieut. Harry Dibble, was killed in action about one week ago. Lieut. Robert Dibble was the first man taken on the Dominion police force by Capt. Tom Flanagan in the Toronto district. Capt. Flanagan feels the loss of the services of Lieut. Dibble very keenly, as he was one of his most valuable men.

STRONG, FORCEFUL MEN WITH PLENTY OF IRON IN THEIR BLOOD

These Are the Ones With the Power and Energy To Win

"Many a capable man or woman falls just short of winning, if they don't back up their mentality with the physical strength and energy which come from having plenty of iron in the blood," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital. "Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. To help make strong, keen, red-blooded Americans there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron. It often increases the strength and endurance of weak, nervous, run-down people in two weeks' time." Nuxated Iron is now being used by over three million people annually, including such men as Hon. Leslie M. Shaw, former Secretary of the Treasury, and ex-Governor of Iowa; former United States Senator and Vice-Presidential Nominee Chas. A. Towne; General John L. Clem (Retired), the drummer boy of Shiloh, who was sergeant in the U.S. Army when only twelve years of age; also United States Judge G. W. Atkinson of the Court of Claims of Washington, and others.

MANUFACTURERS' NOTE: Nuxated Iron, which is recommended above, is not a secret remedy, but one which is well known and trusted everywhere. Unlike the older chemical iron products, it is easily assimilated, does not injure the teeth, make them black, or stain the skin. Its manufacture is a successful and a long-standing business, and its use has produced many satisfactory results to every purchaser. It is dispensed in the city by G. Parham, Ltd., and in other good drug stores.

NUXATED IRON For Red Blood, Strength and Endurance

AMATEUR GARDENERS' VEGETABLE EXHIBITION

District captains have been appointed for the Toronto War Gardens show, to be held at the armories, University avenue, Sept. 11 to 14, inclusive. There promises to be keen competition between each of the five districts (each district having a complete show of its own) for the sweepstakes of the whole show. The five districts are as follows:

District 1, northwest—From C.P.R. tracks east, south of Ossington and Dovercourt road; captain, G. L. Kitchin, 1718 Dufferin street, Junction 1870 and College 8240.

District 2, north—From C.P.R. tracks north, east of Oakwood avenue and Dovercourt road to Don River; captain, Alex. Mackenzie, Confederation Life Building, Victoria and Richmond streets, Main 6280.

District 3, northeast—From Yonge street east, south of C.P.R. track and north of Gerrard, Coxwell and Danforth avenue; captain, Charles Honey, 42 Hancock avenue.

District 4, southeast—From Yonge street east, south of Gerrard, Coxwell and Danforth avenue; captain, E. J. Frenchie, 171 Young street, Main 2880.

District 5, southwest—From Yonge street west, south of C.P.R. tracks to Humber River; captain, T. W. Armitage, 96 Dominion street, Park 2702, or 28 West Wellington street, Main 2490.

The show is for amateurs only, professional and market gardeners not being allowed to compete, and it is held under the auspices of the Toronto Organization of Resources Committee, Toronto Horticultural Society, Rotary Club and the Vacant Lots Association.

YANKEE BATTALION SOON MAKE FRIENDS

American Sammy and Johnnie Canuck Fraternize at Exhibition Grounds.

ON AMERICAN DAY Enthusiasm Runs High When Men Parade Headed by Fine Band.

American soldiers at the Exhibition are now a familiar and welcome figure, the tall sun-tanned lads who came into the camp so auspiciously on Labor Day, seeming to be quite at home in their temporary quarters. As part of the special features of American Day their presence yesterday at the grounds and in the buildings of the Exhibition was more than opportune and the ease with which American Sammy and Johnnie Canuck fraternized, was typical of the cordiality of the nations they represented.

Yesterday there was no special program. The boys from the States were given a day off to rest, recreate and make friends. This was not difficult, as was proved by the various groups of boys in American uniform and the boys and girls of Canada seen throut-out the grounds.

"Yes, we're enjoying ourselves, and the people here are trying to make us as much at home as they can," said one boy. Others reiterated the statement at every turn.

Melting Pot Battalion.

The men of the battalion are from many parts of Illinois. So diverse are the sections from which they hail that they have been called the "Melting Pot" Battalion. That the process of melting has had splendid results is evidenced by the splendid men who line up at the bugle call of the 1st Battalion of the 348th Infantry Regiment of the United States.

Port of the pleasure which it is evident the men take in their military life, which to many is so comparatively new, is the serious attention they have for their commanding officer, Col. Howland, of whom there is loud praise on every hand.

A celebrity of the sporting world is a member of the battalion. This is Corporal James Pappas, champion bantam boxer of the world. On arriving in England Pappas has a contract to meet Jimmy Wilde, lightweight champion of Europe, when the stake will be \$5,000. Captain Wade will officiate. It is felt by the admirers of Corporal Pappas that he will give a good account of himself in the contest.

POLICE COURT CASES BRING MANY FINES

These offenders under the Ontario Temperance Act appeared in yesterday morning's police court and were fined by Justices D. Hunt, Thomas Steinack, Walter Kinsman, Thomas Leiliko, Steve Borborinsky, Mike Kreepakut and Robert Russell.

For gambling on the Lord's Day 42 foreigners of various nationalities were fined. The fines ranged from \$5 to \$125.

William Moore was charged with disorderly conduct over a dispute with Officer Crowman. George Kae Kow, a Chinaman, was fined \$2 for making advances to a young woman. Nicolai Padewsky was sentenced to thirty days at the jail farm for begging. Rangell Metoff was sentenced to thirty days for running a gambling joint at his King street restaurant.

James Calhoun was sentenced to thirty days for non-support. George Mouguel was fined \$50 and costs or seven days for driving a motor truck while under the influence of liquor.

Louis Gentil, a boy of 16, was sentenced to three months for stealing a motor car belonging to John Utting. Another charge of stealing a car was dropped, as it was proved that Gentil was in jail at the time.

Norman James Cowie was allowed out on bail of \$4000 and a \$2500 manaulgarter. It was explained that the victim, Sarah Livingstone, had walked right into the car.

ALL TORONTO WALKS WHEN POWER FAILS

Thousands of people walked down to work yesterday morning as a result of the power on the Toronto Railway system going off at 7:15 a.m. and staying off till after 9 o'clock.

Not only were the city cars out of commission, but the cars on the Lake Shore and East Toronto lines were at a standstill. The power went off first on the Metropolitan, and at various times soon after on the other lines supplied with Toronto Electric power.

There were a hundred thousand visitors to the Exhibition and with the slight rain that fell the situation was made still more uncomfortable. The power was restored at 9:25, but by that time many of the workers had walked down town, and were busy telling friends the record time made by them in their walk to work.

R. J. Fleming, manager of the Toronto Railway and Toronto Electric Light Co., stated that the cause of the breakdown was a mystery to him. Some of the employees of the company think that the trouble occurred at the receiving end of the line. There was little or no trouble on the Hydro lines, and the civic cars reported carrying capacity loads.

MAJ.-GEN. MEWBURN ON VISIT.

Major-General S. C. Mewburn, minister of militia, and Col. H. C. Osborne, military secretary, visited Col. H. C. Blockford, Toronto district commandant, at Toronto military headquarters yesterday morning.

BULLET WOUND IN ARM.

George Baker, 52 Kerdale avenue, was taken to the Western Hospital yesterday, suffering from a bullet wound in his right arm. He had been holding a revolver in his hand when the weapon exploded, and the bullet entered his arm.

ARRESTED ON MIDWAY.

Alleged to have defrauded Mrs. Charles Lusty out of \$1, Sam Yaffe, 43 Ryerson avenue, was arrested on his stand on the midway yesterday by Detective Mulholland of the detective department.

Fresh and Refreshing "SALADA" CEYLON TEA

brings the fragrance of Ceylon's mountain gardens to your table. Sealed Packets Only. Never Sold in Bulk.

WHEN THE YANKS MARCHED BY

It was a magnificent reception which the 1st Battalion of the 348th Regiment U. S. A. was given as it marched in front of the grand stand at the Exhibition last night. Twenty thousand people were amazed at the sight of 1100 men headed by one of the best bands that have ever been heard here, as they marched in close formation every foot in step, every bayonet at the right angle, every left arm swinging in unison—behind the flag of Britain's latest ally—"Old Glory."

With fixed bayonets the battalion came into view of the track to the cheering crowd. Only the strains of a stirring march from the band now well around the track, and the tramp, tramp of many feet broke the silence. And that moment was tremendous in its eloquence.

It lasted but a short while when suddenly the applause broke again. Men, women and children stood on their chairs, waved hats, handkerchiefs, umbrellas—shouted, hurrahed, in fact did anything and everything in spontaneous response to an inward feeling of enthusiasm which while it lasted knew no bounds. Women who have husbands, sons, sweethearts or brothers at the front even as they were marching to the grand stand those to whom the sorrows of war have come more closely

THE SAFEST MATCHES IN THE WORLD

Also the Cheapest ARE EDDY'S

"SILENT 500'S"

SAFEST because they are impregnated with a chemical solution which renders the stick "dead" immediately the match is extinguished.

CHEAPEST because there are more perfect matches to the single box than in any other box on the market.

heavy stick, when the stick caught in the wheel and fell on his right foot, making it necessary to amputate the second toe.

Court-Martial Findings On Riots Not Announced

Gunner William Brown, the first soldier to be tried by the military, following the rioting in Toronto on Aug. 2, 3 and 4, appeared before a district court-martial at Toronto Armories yesterday. He pleaded not guilty of taking an aggressive part in the rioting. Evidence given showed he had suffered shell-shock overseas. The court concluded its proceedings and announced that its finding would be sent to Ottawa, from where any further information would come.

LOSES SECOND TOE.

James McCowan, 155 East Dundas street, an employe of the John B. Smith Co., Strachan avenue, was taken to the Western Hospital yesterday suffering from a badly lacerated foot. He had been trying to put a pulley on a shaft by means of a

EIGHTEENTH PRIZE NOW REACHED

Another Duplicate Located Yesterday in Williams' Tag-Finding Contest.

Tag seekers keep piling up the total of prizes now claimed in the novel tag contest conducted by the R. S. Williams & Sons Co. at the Exhibition. The eighteenth prize since the contest was started last Wednesday was claimed yesterday when Tag No. 28184 and its duplicate were returned to the Edison exhibit, just west of the art gallery.

The weavers of the lucky tags were Mr. William Roberts, 9 Oak place, Toronto, and Mr. James E. Morris, Welland, Ont. Both selected the Rogers silver butter dish and knife as their choice of a prize.

Any adult is welcome to one of these tags, which may be obtained at the Edison exhibit by the art gallery. Each tag bears a number. As soon as a weaver discovers its duplicate both won on the Edison exhibit to the Williams store, 345 Yonge street, each receives a prize of Rogers silverware valued from \$3.00 to \$5.00. In addition to these are two grand prizes of tea sets in Rogers silverware, each valued at \$25.00.

Merch. customs broker, 39 West Wellington street, corner Bay, Adelaide 462.

TORONTO OFFICERS IN CASUALTY LIST

Lieut. Harley Gordon Smith, French Legion of Honor, eldest son of Major Dr. Harley Smith, formerly Italian Consul in Toronto, was killed in action, private message state, while acting as a member of the French army. He recently was decorated by the French with both the Croix de Guerre, with gold star, and the Medaille Militaire. His father is now overseas with the Canadian Army Medical Corps.

Lieut. Smith, when he broke out, enlisted in an overseas unit, later transferred to the air force, served with it for some time and then entered the French army. He was 23 years of age.

Flight-Lieut. Edward Lambert Bush, son of Mr. and Mrs. J. Bush, 180 Gleggrove avenue, is reported to have been killed in an airplane accident which occurred in England on Aug. 30. Lieut. Bush, who was 20 years of age, enlisted in 1916 with the 54th Battery, but three weeks later was taken ill with spinal meningitis, and on recovery was honorably discharged as being physically unfit. However, in November, 1917, he enlisted with the R. A. F. and went to England in May of this year to complete his training. Prior to enlisting he was with the Gordon, Mackay Company.

Capt. Seth Bernard Pepler, an old Upper Canada College boy, who went overseas as a lieutenant in the 35th Battalion, and was serving at the front with the Canadian Engineers, has been dangerously wounded, and admitted to No. 3 Casualty Station. His services overseas include duty with the Imperial staff in Italy. He is a grandnephew of Baroness Earncliffe. Prior to enlisting he was with the Toronto Harbor Commission.

Capt. E. Norris is officially reported

Feed Your Nerves

What tired nerves need is nourishment. Your blood has failed to supply this. To get the system right again you must supply nutrition in condensed and easily assimilated form, as it is found in Dr. Chase's Nerve Food. The blood is quickly enriched, the vigor of the nerves is restored, digestion is improved, and soon you feel through the whole body the energy and vigor of health.

THE WEATHER

Meteorological Office, Toronto, Sept. 3.—(12 p.m.) A few scattered showers have occurred today in Ontario and western Quebec, but the weather in the Dominion has been for the most part fine. Frost was almost general this morning in Saskatchewan, and occurred more locally in Manitoba.

Minimum and maximum temperatures: Prince Rupert, 34, 51; Victoria, 58, 70; Vancouver, 50, 75; Kamloops, 40, 71; Calgary, 34, 78; Edmonton, 38, 66; Moose Jaw, 36, 68; Battleford, 40, 69; Regina, 30, 68; Winnipeg, 34, 52; Port Arthur, 42, 58; Sault Ste. Marie, 58, 68; Barry's Bay, 40, 74; London, 64, 73; Toronto, 64, 81; Kingston, 66, 70; Ottawa, 58, 72; Montreal, 62, 78; Quebec, 68, 78; Halifax, 64, 78.

Probabilities.—Lower Lakes and Georgian Bay, Ottawa and Upper St. Lawrence (winds) Moderate to fresh northwesterly winds (fair and cool).

Lower St. Lawrence, Gulf and North Shore—Westerly winds; a few scattered showers, but mostly fair and moderately warm.

Maritime—Moderate to fresh south and southwest winds; a few scattered showers, but mostly fair and moderately warm.

Lake Superior—Moderate winds; fair and cool.

Katchewan and Saskatchewan—Fine and a little warmer.

Alberta—Northerly winds; becoming cooler again; mostly fair, but local showers in northern portion.

as having been wounded, and returned to duty on Aug. 24. He went to France in 1915 as a private. His mother, and three sisters, reside at 505 Logan avenue.

Lieut. Harry O'Donoghue, of the 19th and 180th Sportmen's Battalion, is reported to have received slight gunshot wounds in the face and wrist. Prior to enlisting he was in the head office of the Bank of Nova Scotia.

WEATHER HOLDS UP WORK ON VIADUCT

Work was at a standstill yesterday on the main bridge of the Bloor street viaduct. Weather conditions, it is stated, caused the laying of the wooden blocks to be stopped, and a similar condition of stagnation prevailed on the section between the Rosedale bridge and the head of Sherbourne and Bloor streets.

A gang of twenty-six men were employed grading the road on each side of the track allowance between Rosedale bridge and the west end of the main bridge.

If the weather is fine today the work of laying the wood block superstructure on the south side of the track allowance on the main bridge will be resumed.

NEW THEATRE PLANNED

A moving picture syndicate, it is stated on good authority, is considering the establishment of a picture palace in the vicinity of Broadview and Danforth avenues. The building, for which plans are already drawn, will accommodate 1500 people, and is to cost, when completed, in the neighborhood of \$45,000. High-class vaudeville and the best class of film pictures will be shown.

HOME AND SCHOOL CLUB

At next meeting of the Home and School Club of Pope avenue school, final preparations will be made for the school fair, which is to be held early in September. W. N. Colvin is principal of the school.

ANOTHER ROOM OPENED

An additional room was opened for the combined junior and senior second class pupils in Pope avenue school, the reopening yesterday, making twelve rooms in all now in use. Miss K. Hurlbert, a former teacher, has been transferred to Gledhill road school, and Miss Waters, newly appointed, takes charge of the junior third class.

Leaside

ANOTHER BIG BUILDING GOING UP IN LEASIDE

Another large building is now being erected in the Town of Leaside. Excavation and concreting of the foundation work for a store building is now under way, and a gang of 50 men is on the job, who expect to complete the work within the next three weeks.

The site is on Laird avenue, near the "C" street of the Leaside Building Company, for whom the structure is being erected and stands on 150 feet by 60 feet. The walls will be of solid brick, with steel trusses and steel roof beams, and wooden roof. It is estimated that 25 tons of steel will be used in the building, which will house the general supplies of the company. It will be a one storey structure.

AIR TRIP POSTPONED

Unfavorable Weather Holds up Third Test to Ottawa.

Owing to unfavorable weather conditions the aerial mail dispatch from Leaside to Ottawa was postponed yesterday. The mail left the general postoffice for Leaside Camp by motor car yesterday in time for the flight, which was timed to start at 8 a.m. Promptly.

The trip will, it is expected, be made today, according to the statement of W. E. Lemon, of the general postoffice staff. The next will be a round trip to Leaside and Ottawa and return in one day. So far they have been single trips, but this—the third and last of the three trials—will be a round trip test.

Riverdale

READY FOR LEAGUE RALLY.

Active preparations are now being made for the Epworth League rally in connection with the Riverdale Methodist Church, corner of East Gerrard and Leslie streets, which will be held on Sunday evening next. Rev. Dr. J. A. Leonard, pastor, will address the members on "Life's Ideal." There are 118 members in the senior, 60 in the junior, and 40 in the intermediate branches. Frank Smith is president of the league.

PATRIOTIC LEAGUE EXECUTIVE.

An executive committee meeting of the Riverdale Patriotic League was held at the Broadview Boys' Y.M.C.A., Broadview avenue, recently. Mrs. Ewart Wilson, president, in the chair. All arrangements were reported well under way in connection with the forthcoming tag day. 24 captains having been already secured who will have at least 20 workers each under their directions. A special com-

Earlscourt

PROUD OF PRIDE BABY.

Earlscourt is proud of the fact that the prize of a gold medal and ten dollars has been awarded to Pauline Whitworth of 248 Laurier avenue, Earlscourt, at the Exhibition on Monday of the biggest baby show yet held in Toronto. The little one is eleven months and two days old. Her weight is 19 pounds 13 ounces. Her height measured 17 inches. Her chest measured 18 inches. The parents are Mr. and Mrs. James Whitworth, who have lived in this section for some years.

Fairbank

PUBLIC SCHOOL OUTGROWN.

Fairbank public school has outgrown its possibilities and arrangements are being considered for building additional accommodation. When the school opened Tuesday a large increase of pupils taxed the energies of the school officials to make room for the little ones. Few, if any, suburbs have grown so quickly as Fairbank, and citizens find this section of northwest Toronto a healthy place to live, notwithstanding the distance of one and a half miles to reach the city cars on St. Clair avenue.

Earlscourt

Church is arranging to despatch to Earlscourt soldiers overseas another lot of good things. During 1917 the league spent \$711 on overseas boxes for the men on the western front, and in other parts of the world where Earlscourt men are fighting. Rev. F. Bryce is minister and Mrs. Sanderson president of the league.

H.M.S. Victory, as she stands in front of the City Hall as a reminder to everyone to contribute towards the Sailors' Fund this week.

The Silent Heroes of the War

THE men of the *Merchant Marine*—do you ever give them a thought?

The whole submarine campaign is aimed to frighten this non-combatant force off the seas. For then—

*Britain, France, Italy would face starvation.
Our armies could not fight.
Canada would be wrecked commercially.
The fight for liberty would be lost.*

Yet governments make no official recognition of this heroic body of 300,000 men who toil day and night in danger of death. No provision is made for pensions, or relief for their dependents.

We must admit our debt to the widows and orphans of the 15,000 men of the *Merchant Marine*, who have gone down, victims of the U-boat. Our cry must be—

"They Shall Not Want"

THE soldier is rightly remembered with gifts, separation allowance and pension. He is honored, as is his due.

The men of the Navy are provided for and their dependents not allowed to suffer want.

But the seamen of the *Merchant Marine*—facing death in a hideous form at their daily work, risk all at the call of duty.

It would be a lasting disgrace to allow the widows and orphans of the noble 15,000 to suffer hardship, other than the loss of their dear ones. Those who died on the sea are calling to you *now!*

CLOSE FINISHES THE SECOND DAY

Patrick Duluth, Directum J. and Let Fly Winners at Hartford.

Hartford, Conn., Sept. 3.—Close finishes, particularly in the 2:15 trot, which had a field of ten starters, featured the second day of the Grand Circuit race meeting at Charter Oak Park. Patrick Duluth, with Crozier in the sulky, took first money in this event, winning two heats of the race, which was conducted on the three-heat plan, every heat a race. In every heat of the 2:15 the big field came down the home stretch so closely bunched that the judges experienced much difficulty in placing the horses. The decisions were not satisfactory to the drivers, three or four of whom visited the judges' stand after each heat to enter protest. The other two winners, the Whirlwind, \$1000 purse, for the 2:30 racing class, and the \$2000 Stuyvesant Stakes for two-year-old-trotters were in the 2:30 class. In the 2:30 class, the winning the former was Directum J. and Serrill up behind Let Fly, carrying off first money in the latter event. Summary: 2:15 class trot, 3 heats, purse \$1000—Patrick Duluth (Crozier) 1 1 1; Joseph Guy (Hyde) 2 2 2; Leonard C. (Crossman) 3 3 3; Zomidotis (McBride) 4 4 4; J. W. Mokum, Montevolo, Benoit, Salina Guy and Worthy Bingen also started. Time—2:10 1/4, 2:10 1/4, 2:10 1/4. Whirlwind 2:06 pace, 3 heats, purse \$1000—Directum J. (Murphy) 1 1 1; Mary Rosalind Parr (Valentine) 2 2 2; Edward P. (Lease) 3 3 3; Oro (Fino) (Gears) 4 4 4; Little Battiste and Walter Cochato also started. Time—2:04 1/4, 2:05, 2:05 1/4. The Nutmeg, for 2-year-old trotters, 2 in 3 heats, purse \$2000—Directum J. Let Fly (Serrill) 1 1; Dorothy Day (Murphy) 2 2; Mary's Sister and Eliza Dillon also started. Time—2:15 1/4, 2:15 1/4.

Sunny Slope Repeats In Jerome Handicap

Belmont Park, N. Y., Sept. 3.—Following are the race results today: **FIRST RACE**—The Jerome Handicap, for all ages, 6 1/4 furlongs, main course. 1. Regal Lodge, imp., 105 (Lyke), 11 to 5, 1 to 1; 2. Top of the Morning, 123 (Knapp), 8 to 1, even, 2 to 1. Time—1:11 1/4. **SECOND RACE**—The Tassel, Poacher and John J. Day also ran. 1. Crest Hill, 141 (Crawford), 3 to 1, 7 to 10, out; 2. Syosset, 147 (Fowers), 5 to 1, 1 to 4, out; 3. Raddest, 136 (J. Rowan), 7 to 2, 4 to 5, out. Time—1:11 1/4. **THIRD RACE**—Kilwinning also ran. 1. Fly Away, 111 (Hanover), 2 to 1, out, out; 2. Madame Byne, 109 (A. Collins), 13 to 5, 1 to 2, out; 3. Motor Cop, 123 (Loftus), 7 to 10, 1 to 2, 7 to 10. Quebec King's Plate
Horses Working Out

Montreal, Sept. 2.—With less than two weeks remaining before the running of the King's Plate and the Provincial Nursery stakes, the feature of the entertainment to be given at Blue Bonnets on September 14, for the benefit of the Red Cross, the eligible are being hurried along in their work. Dix Rogers, owned by W. T. Trenholme, is in a more advanced condition than any of the others, and has only been asked to do light work since Saturday, when he was given a full plate distance trial, going the mile and a quarter in 2:17 with his weight up. Dix Rogers is in splendid condition. Javato, owned by John White, worked a handy mile this morning in 1:50 assed up at the finish. Along with Javato, The Lost Bird was worked. The brown mare Adonai, owned by Sam Nesbitt, worked the best mile this season. She was ridden by Patsy Smyth, and stepped the distance in 1:44 1/2, which was looked on as remarkably fast. The same distance in 1:45. Patsy Smyth will ride one of these horses in the plate race, and is now working to make the weight. Bird Trap, owned by E. R. Judah, worked a useful mile in 1:42 1/2, and is now well up to condition. Mayante, the two-year-old owned by Sam Nesbitt, worked with Allure, owned by Dr. Lalanne, stepping five furlongs in 1:04 1/2. Lady Norman, the entry of Northrup MacFarlane in the Nursery, has been thrown out of training owing to an ailment, and will not likely start.

MANY PEOPLE'S LIVES SAVED

By Prof. R. L. Mulveney's World Famous Tapeworm Exterminator

It is Saving Lives in All Parts of the World, While the Professor Sits in His Office, Where You Are Invited to Call, at 211 Ossington Ave., and Be Convinced of This Fact. The Indisputable Evidence to Be Seen, the Result of What His Remedy Has Done for Suffering Humanity, Removes All Doubt. It Would Be Wise to Save This for Future Reference.

High River, Alta., Dec. 6, 1913.

Prof. R. L. Mulveney, Toronto.
Dear Sir:—I have a patient 2 years, 4 months of age who has a tapeworm. His parents have heard of your remedy and wish to try it.
Kindly send the necessary treatment, with full directions how to use it. I have tried once and got about 10 ft. of the worm, but did not get the head. Before trying again I would like to see what your remedy would do.

Yours sincerely,
R. E. Buswell, M.D.

*High River Alberta

*Prof Mulveney
Toronto*

*Dear Sir
Some 3 yrs ago I obtained your
Tape worm remedy for a patient of mine
and succeeded in getting the worm.
I have another patient in whom I have
tried the ordinary drugs with no result.
I would like very much if you
would forward a complete course
of treatment for a tapeworm in an
adult. I do not know what
your charges are now or desired.
Enclose a money order but will
do so by return mail as soon
as I know what your account is.
Hoping to receive it soon.*

*Yours sincerely
R. E. Buswell M.D.*

Many Medical Doctors Have Treated Their Patients With Prof. Mulveney's Remedy With Success.

*From the use of Prof. Mulveney's
No. 2066 Wonderful Cure, my dear mother-in-law
has gone to the hospital for treatment.*
General Hospital Order
Health Office, Toronto, Oct. 8th 1918

To the Superintendent,
Asst. the Barber, *Charles Jenkins*
for *14* days to the General Hospital, and this shall be
your sufficient authority
Charles Jenkins M.D.

Toronto, October 9, 1913.
Dear Sir,—This is to certify that we have used Professor Mulveney's World Famous Tapeworm Cure which expelled a monster tapeworm from my husband in one hour without any previous surgery and without sickness or loss of time. Mr. Jenkins had been treated on two different occasions for heart disease in the hospital. The second time the doctor discovered he had a tapeworm, for which we were treated, without success. After

being out of the hospital for several months and still suffering and in a most miserable condition, I decided that if something was not done he would surely die, so I made up my mind to try the hospital again. I had the necessary papers made out for his admittance for fourteen days, to be treated for tapeworm, when we were recommended to try Professor Mulveney's wonderful cure. We started for 211 Ossington Avenue, and it took all the strength my husband could muster to get there, as he was suffering

from terrible weakness and shortness of breath. We arrived and were soon convinced that we had reached the right place, as the professor has hundreds of these horrid monsters in bottles, together with many testimonials from those who were so fortunate as to be relieved of them. After seeing the wonderful work the professor had done we decided to try his remedy, which we took home and used with most gratifying results. It expelled the monster, which is about thirty feet long, and the head and all

A Recent Picture of R. L. Mulveney

B'WELL
It Makes People Feel Well

B'Well is a medicine that assists nature, made from roots, barks, herbs, leaves, etc. The concentrated extracts of these herbs tone up the stomach, regulate the liver, act on the kidneys, and it contains a harmless worm destroyer that is sure death to worms, and can be used with perfect safety.

B'Well is not a tapeworm exterminator, and is not recommended for that trouble. B'Well is restoring thousands of people to health. I am not going to enumerate the different diseases and complaints that people have been relieved of from the use of B'Well, as it would take up too much space. I can simply say that restlessness and disease cannot remain if you take this medicine for a time, and it will surely make you feel fine.

It does not contain poison in any form, or narcotics that only relieve pain, but the different roots and herbs that regulate the system. It stimulates the stomach, carries the poison out of the blood, and helps digestion and keeps the bowels regular, expels all gases from the system and takes away the bad feeling around the heart and fearful feeling from the head, depressed spirits and a melancholy simply vanish and a cheerful spirit takes their place. B'Well is a blessing to those that feel life is a burden, to them that are downhearted and unhappy from disease. B'Well carries the poison out of the system through the natural channels of health, and restores nature restores herself, and a cheerful spirit follows, as there is nothing like good health to make a person cheerful and happy. People treated for Epileptic Fits have been restored by its use. Don't ask me if it cures this, that and the other diseases. It is different from most medicines advertised as cure-alls, and I am not advertising this remedy as such.

Dear Sir,—Your wonderful remedy received, and I took it according to directions, and am pleased to say the tapeworm was expelled, the head and all, in one hour and a half—first motion of the tapeworm. Your medicine is certainly a wonderful discovery, and no words can express my thankfulness to you. During the last nine years I have taken five other courses of medicine and starved for 24 hours to 48 hours and 56 hours before I took your medicine, and it would only fetch part of it away. I shall tell my doctor at — of your great cure, that he may direct others to you. I know of another lady who has been troubled longer than I, and will send your address to her. I feel it a duty to let all who need help, as I did know of your worthiness, for what you can do for me I know you can do for others. I hope you may be spared a long life to continue your noble work, but sincerely hope you will in some way leave your discovery, so that it won't die with you, for it is so easy to take and acts so quickly.

Gratefully yours,
Mrs. Charles Jenkins,
Near Ingersoll, Ont.
The original of this letter can be seen at 211 Ossington Avenue.

Huntville, May 9, 1909.
Prof. Mulveney, Toronto.
Dear Sir,—Kindly send me at your earliest a supply sufficient of your remedy to expel a tapeworm in a grown adult. Also let me know the price, and I will return it to you at once. Another doctor has treated the case without success, and I have no time to devote to the remedy usually given by the profession. In the event of success, if you consider my testimonial of any use, you should have it for the sake of the professor, in the wonderful work he is doing.

Sincerely yours,
Dr. Evans, M.D.
Kearney, Ont., May 17, 1909.
Prof. Mulveney, Toronto.
Dear Sir,—I have sent you one or more tapeworms. Dr. Evans of Huntville, Ontario, has treated a patient with your medicine, and my wife took it on Sunday, and passed what I have sent in the enclosed bottle. Will you please inform me by return mail if the head is there and oblige.

Mother's Friend
For Sick Children

EXPELS STOMACH AND PINWORMS, BUT IT IS NOT FOR TAPE WORMS.

This valuable medicine expels Stomach or Pinworms. It is not only valuable as a Worm Medicine, but is an excellent Tonic, Physic and Appetizer, strengthens the Stomach, Liver and Kidneys, and has stopped some of the worst cases of Wasting the Bed. Many children that were wasted away to a shadow have been built up and made healthy and well from its use, and their mothers made happy. Good for Coughs and Colds, also checks Fever. It is a real Mother's Friend, and gains its name from restoring sick children to health and quietness. This valuable medicine is working wonders in all cases of sickness among children. I have one case in mind just now of a little girl eleven years old, who had been treated for over four years without any marked improvement. In fact, she got worse all the time. Her case seemed to puzzle the physicians in attendance, and they finally agreed that an operation on the stomach would be necessary to find out what was the matter. Her father, being opposed to an operation, called and got a bottle of Mother's Friend. He told me his little girl was in almost a hopeless condition; that she measured 38 inches around the stomach, and her body was wasted away to skin and bones; her arms no larger than a broomstick; she was a beautiful, patient child, with a lovely disposition; to make a long story short, Mother's Friend took away the enlarged condition of the stomach, built her up, so she was able to go to school, which was, of course, a surprise to everyone in the neighborhood, and her mother and father made happy.

Another case comes to my memory of a baby about two years old. The mother carried her to me in her arms. She was wasted away to a living skeleton, and was a pitiable-looking sight. This case was beyond all reasonable hope of recovery. I thought, well, your faith is great if you ever expect this child to get well. She purchased a bottle of Mother's Friend and took it home, used it, and the little one was relieved of scores of worms of various kinds, it was about three months later when this lady brought the little one to my office. She was after another bottle of Mother's Friend for her own children, and another for one of her neighbors she had recommended it to. I did not recognize either the lady or the child until she told me of the circumstances. She said: "Do you not remember me bringing a baby in my arms all skin and bones? This is her. Isn't she a fine, healthy child now? No one would believe it. Worms were the trouble. She got rid of scores of worms. Now, you can see for yourself what a fine, healthy child she is. Just look at the rosy cheeks."

About 9 o'clock one night a lady called for a bottle of Mother's Friend. She said her little boy had been taking fits for 24 hours, and the doctor had given him up with brain fever. She had asked a lady friend to call in and look at him, and she pronounced him to have worm fever, recommended her to try Mother's Friend, and a few minutes after taking the first dose he went to sleep, and next morning was relieved of a lot of stomach worms. The little fellow has had no fits since, and is heavy and well.

Prof. R. L. Mulveney's Price List

Rheumatoid for Rheumatism and all pain. Price, 25c and \$1.00.
