WELL UNDER CONTROL
Mayor Adamant--Points Out
No Deaths Resulting
From Outbreak.

The time limit for school children
was up yesterday morning, and it be-
came a case of either giving up school
or being vaccinated. Nearly 36,000
children should have turned up at the
various city schools yesterday morn-
ing, but only 28,222 put in an appear-
ance. Nearly 31,000 were forced to be
vaccinated and were allowed to take
their school seats; 2,371 were sent
home to their parents with a message
that the schoolhouse was closed to them
so long as they remained un-
vaccinated. The storm that has been
brewing for some weeks broke at last,
and the city hall became the vortex.

When the board met there were
present, the mayor, Controllers Cam-
eron and McBride, Alderman Cowan
(chairman), Alderman Rydman, Mc-
Mullin and Dr. Hastings.

For reply, Dr. Hastings caused a
letter to be written to the chairman of
the committee to be read. It ran as
follows:
"Let me submit the following let-
ter, as a copy of that which has been
sent to the principals of the schools,
and, in fact, to all educational institu-
tions in the city, in compliance with
the vaccination act, and in this con-
nection I may say that no complaints
have reached this office as regards
lack of time in which to get vaccinated
without any inconvenience to the
pupils."

Liverpool Post Blames U. S.
Shipping Board for Not Re-
turning German Liners.

Liverpool, Nov. 26.--The Post says
today that diplomatic negotiations are
proceeding to bring matters to a head,
owing to the attitude of the United
States shipping board in refusing to
hand over the seven remaining Ger-
man liners, which action is said to be
due to dissatisfaction with the deci-
sion of the supreme council in allo-
cating the German tankers to France,
Belgium and Italy. The newspaper
says there is really no connection be-
tween the question of the liners and
tankers and it is suggested that the
difficulty with regard to the tankers
arises from a claim by the American
government, on behalf of the Stan-
dard Oil Company, to ownership of
them.

Sleeping Sickness Claims
Two More Winnipeg Victims
Winnipeg, Nov. 26.--Sleeping sick-
ness has claimed two more victims in
Winnipeg, making the total deaths
from this disease since its first ap-
pearance here eight in all.

Two more cases were reported to
the city health authorities today,
bringing the number of cases reported
to 32.

CALGARY CASE FATAL.
Calgary, Alta., Nov. 26.--The first
fatal case of sleeping sickness was re-
ported here yesterday. Dr. Rae, a local
dentist, who fell ill five days ago and
remained unconscious, died last night.
The local physicians are much con-
cerned, although no further cases have
been reported.

BIGGEST BURDEN OF H. C. L.
PERCENTAGES, NOT LABOR

Board of Commerce Order, Allowing Twenty Per Cent.
Profit on High-Priced Bacon and Hams, Shows How
Tyranny of Percentages Has Entered Into High Cost
of Living in Clothing, Shoes and Other Products.

Another great Methodist was dis-
cussing commercial ethics with Sir
Joseph Flavelle, whose piety is as un-
questionable as his pecuniary perspi-
cacity. Sir Joseph expressed many
farsighted views about the necessity for
a revision of the business code. His
friend finally asked him:
"Can a man conduct a big business
under present-day conditions and be
honest?"
"I don't know," said the premier
piously, and let it go at that.

The board yesterday published an
order about the price of pork, which
declares as a sort of first command-
ment written upon the tables of the
law: "That the prices of pork and pork
products now being charged by the
operators of packing houses for pork
and pork products be and are respec-
tively declared to be fair prices."

CHOOSING JURYMEN
FOR "STRIKE TRIAL"

To Try Leaders "Singly"--
Three of Jury Picked at
Afternoon Sitting.

Canadian Press Despatch.
Winnipeg, Man., Nov. 26.--The in-
dications against the eight strike
leaders for seditious conspiracy was
"split" at the afternoon session of the
trial today, when two of the jurymen
were called out of the jury box, and
one of the eight, was proceeded with
singly. The decision to try Russell
separately followed an argument con-
cerning the number of challenges that
the defence would be entitled to if the
eight were tried together.

Immediately following this decision
the work of getting a jury was taken
up and continued through the after-
noon session. It was 3:45 p.m. when
the court commenced calling the jurymen,
and when the court was adjourned
at 5:15 p.m., three had been sworn
in. Twenty-five had been called
out of this number three had been
peremptorily challenged by the defence
and nine had been ordered to stand
by for the trial of the crown. The
remainder were waiting to come
up to be sworn.

Challenge Jurymen.
In several cases, E. J. McMurray,
counsel for the defence, who conducted
the selection of the jury for the ac-
cused, challenged jurymen on grounds
of bias, when two of the jurymen
who had already been sworn in were
named by Justice Metcalfe, presiding
judge, to hear the evidence as to whether
the men were competent to sit on
the jury or otherwise. In one instance
they returned a verdict in the affirma-
tive and the man was sworn in; in
another they returned a similar ver-
dict and the prospective jurymen was
peremptorily challenged, and in a third
they found the man incompetent to sit
on the jury. This is the third time in
the history of the province that the
selection of a jury has been taken to
such an extreme.

W. A. Pritchard, whose absence de-
layed the trial this morning, appeared
in court this afternoon.

NO ACTION IS TAKEN
TOWARD RAILWAY STRIKE

Cleveland, Nov. 26.--No action look-
ing toward a railroad strike by the
four railroad brotherhoods was taken
today by the 500 general chairman,
meeting here to act on Director-Gen-
eral of Railroad Hines' offer of time
and one-half for slow freight service
and no vote was taken on the proposi-
tion, although a motion to vote on it
was adopted. The conference adjourned
late this afternoon and will meet again
tomorrow morning. Discussion of the
proposition and the request of the
firemen and trainmen for a general
wage increase occupied this afternoon's
session.

SHAH AT HUNTING PARTY.
Paris, Nov. 26.--The shah of Persia
was the guest today of President
Poincare at a hunting party at Ram-
bouillet which the president arranged
in honor of the Persian ruler.

MINISTERS TO BE OPPOSED.
It was said in political circles yester-
day that the Liberals have de-
termined to put up a candidate
against W. E. Roney and that several
of the other ministers would also have
to face contests in the coming by-
elections.

BORDEN IN OTTAWA.
Ottawa, Nov. 26.--The special train
carrying his excellency the govern-
ment general, Sir Robert Borden, and
Hon. Martin Burrell, secretary of
state, arrived in Ottawa at a quarter
to seven this evening.

HOLD UP THROUG
AT THE U. S. BORDER

Vaccination Order Confronts
30,000 Canadians Enter-
ing Detroit.

Special to The Toronto World.
Windsor, Ont., Nov. 26.--"Show your
certificate or show your arm and take
a 'shot,'" was the invitation which
greeted thousands of Canadians Wed-
nesday morning as they stepped off
ferry boats from Windsor to Detroit,
and then were forced to submit to the
United States smallpox quarantine,
effective at seven o'clock at border
points. Hundreds of workers had
cheated themselves of an hour's sleep
to sidestep the ordeal, but practically
80 per cent. of the daily quota of
30,000 toilers and visitors were stumped
in surprise. Confusion reigned as the
seven o'clock passenger train found
itself blocked by a score of federal
military officials who de-
manded each passenger to take a
"shot" in the arm. They were politely
told the course was theirs: "Take the
needle or take the 'shot' home with
you." The boat was almost as
packed as a sardine can. Scores had
armed themselves for the ordeal.
These were able to show certificates
which they had either been jabbed the
night before or at least within three
years.

Soldiers Were "Fortunate."
Marched for the "one" were
returned soldiers who dug up dis-
charge certificates showing recent in-
jection. Even the twelve-hour phys-
icals that a special medical board
wanted. All of the district's 60 phys-
icians kept "open shop" until mid-
night. Well into the night medical
boards were giving out certificates
of health before bar arms and
jabbing home the needle. Hundreds
after waiting for hours to get near the
doctors, went home discouraged and
tired.

LEASIDE MURDER
REMAINS MYSTERY

Verdict Against Person Un-
known, Returned in
Rolland Case.

That J. G. Rolland came to his death
at Leaside on November 4 at the hands
of some person or persons unknown
was the verdict recorded at the in-
quest at the morgue last night. A
rider was incorporated recommending
that "his be placed on McCrae drive
in order to make it freer and safer
from the objectionable element who
frequent it."

All that is known of the man who
stabbed Rolland to death is that he is
a "big man" and a "foreigner" and
that the taxi driver had picked him up
at Leaside. This evidence was given
by County Constable Gardiner, who
secured an ante-mortem statement
from Rolland. The constable said that
Rolland had indicated that there was
only one passenger in the car and had
said "Rush" when he asked what na-
tionally the murderer was. He said
that the physical condition of Rolland
was such that he was unable to
speak distinctly for the greater part
of the trial.

Charles A. Barber Dies
SUDDENLY OF NEPHRITIS

Word has been received in the city
from New York of the sudden death
there of Charles A. Barber, treasurer
of the Grain Growers' Export Board
and a member of the Grain Exchange
and Canadian Association. Acute
nephritis was the cause of death. Mr.
Barber was well known in Toronto
and his sudden demise will be widely
regretted. He was born in Milton in
1885 and was connected for several
years with the Bank of Montreal at
Sudbury, Peterboro and Winnipeg. At
the latter place he had charge of the
grain loan department at the head
office of the Grain Growers' Export
Board, and was also secretary of the
Toronto branch of the interior de-
partment, Ottawa, and Miss Edna
of Calgary.

Possible Governors of Ontario.
There is a dearth of seekers after the
succession to Sir John Hordrie in Gov-
ernment House, Toronto. The U. F. O.
cyclone may have caused it. And yet a
number of names are being mentioned
in connection with the office. The
suggestions produced quite a crop, begin-
ning with:
Sir Edmund Walker. He would do
splendidly. Would adorn the place; has
a fine foliage of farmer whickers, and
is in every way worthy.

Sir George Foster, of modest ways,
great power of speech, farmer whickers
almost equal to the Walker brand.
Economic in Government House frills.
Would suit U. F. O.

Sir Robert Borden could pick a worse
place to rest in than Government House,
Toronto. Would receive the united sup-
port of his following at Ottawa.

Sir Adam Beck would receive the sup-
port of Montreal advocates of private
lower and steam roads, and would
support him. Sir Adam would be up to all
the requirements.

But if The World were asked to sug-
gest a man available in every way for
Government House, who would name
George Beardmore. Sir Robert Borden
should ask the M. F. H. hereabouts if
he'd take it. He has quite a good way
with farmers, too.

GARFIELD PROPOSES
FOURTEEN PER CENT.
INCREASE TO MINERS

Says That Present Wages Are
a Little Higher Than in
Other Employment--Promises
Protection to Miners
Going Back.

Washington, Nov. 26.--A wage ad-
vance of 14 per cent. for all mine
workers, maintenance of government
control over coal prices, and no in-
crease in prices at this time, were the
conclusions of Fuel Administrator Gar-
field, announced tonight to the opera-
tors' and miners' wage scale com-
mittees.

Declaring that Secretary Wilson,
acting as the "authorized agent of the
cabinet and of President Wilson" had
offered an increase of 11 6-10 per
cent. in wages, giving ground for
the mine workers, asked if the govern-
ment intended to "repudiate the
acts of Secretary Wilson."

Dr. Garfield declared that the min-
ers' wages, without the proposed increase
of 14 per cent., were better off than
other classes of employment. A per-
manent body, with purely advisory
powers consisting of the secretary of
the interior as chairman and of an
equal number of representatives of
operators and workers was recom-
mended by Dr. Garfield.

This board would continue to apply
the principles announced by the fuel
administrator to unsettled questions
of wages and living conditions.
Good Wages Now Paid.
Dr. Garfield said at the meeting that
the lowest wages paid to miners was
\$4.75 a day, and that working 90 days
a year the minimum average annual
return amounted to \$430. This sum, he
said, "is a little higher than wages in
other employment and this is with-
out considering the 14 per cent. in-
crease."

William Green, secretary of the
United Mine Workers, asked if \$950
was sufficient to maintain American
standards of living.
"that depends on circumstances,"
said Dr. Garfield. "There are very
few men who would not prefer to
work at home at a decent American
standard than to work in a foreign
country."

CHRISTMAS CHEER
JUMPS IN PRICE

License Board Announces
New Schedule at
Vendors.

Christmas "cheer" is provided for
those who buy Canadian whisky by
means of a doctor's prescription from
Ontario government dispensaries.
The price is to take a jump as from
Monday next, Dec. 1, according to an
announcement by Dr. Flavelle,
chairman of the Ontario License
Board, yesterday.

It appears that on Oct. 23 the Cana-
dian distillers put up their prices of
whiskey ten per cent., so that the On-
tario authorities, following other human-
itarian examples, gently pass the
increase to the consumer. They are, it
is learned, further influenced in this
step by the fact that as soon as peace
is officially proclaimed they will be in
the whiskey competition with Montreal,
and the business at the dispensaries is
by no means so brisk as it was in
proportions as now obtain.

The New Price List.
The increase fixed by the license
board is 15 cents on each imperial
quart bottle of 40 ounces and 10 cents
on each repacked quart bottle of 26
ounces. The new price list is as follows:

ONLY SEVEN DEATHS.
Reports received by the provincial
board of health show that from No-
vember 1 to 22 there were 843 cases of
smallpox in 29 counties, including the
city of Toronto. There were no
deaths. Only seven deaths from the
disease have occurred this year, the
last being in September.

Believed He is Considering Es-
tablishment There of Militarist
Government.
Rome, Nov. 26.--The Socialist organ
Avanti today warns the government
that Gabriele D'Annunzio is prepar-
ing a surprise descent on Trieste. The
newspaper says that D'Annunzio
abandoned his original intention of
effecting a landing at Ancona, but
recently sent emissaries to sound local
officials at Trieste, giving ground for
the belief that the poet is consider-
ing the establishment there of a mili-
tarist government.

Major Gurrah, chief of Gabriele
D'Annunzio's cabinet, who recently
came to Rome on a mission to dis-
cuss the Fiume question with the
Italian authorities, left last night to
return to Fiume. The Tempo an-
nounces today. The newspaper adds
that the impression is that his mis-
sion was a complete failure.

FABULOUS PROFITS
BY MINE OWNERS
IN PAST YEARS

General Average Was From
100 to 150 Per Cent. on
Invested Capital.

Washington, Nov. 26.--Bituminous
coal mines east of the Mississippi
River in 1917 made "what might be
termed fabulous profits," the general
average being from 100 to 150 per
cent. on invested capital, according to
a statement issued tonight by Secre-
tary Clegg, based on data furnished
by experts of the international re-
venue bureau.

"Coal operators generally in the
United States in the year 1917 and
1918 lost money when normal deple-
tion and depreciation are taken into
consideration," the statement said.
"What is more, by this it is clear that
the proper time in fixing costs is de-
preciation of plant and depletion of the
cost or value of the coal in the
mine."

In the latter part of 1916 all coal
companies in the United States save
those in the extreme west, began
making money with the result that
the operations for the year 1916 gen-
erally show a profit of from 10 to 25
per cent. on capital invested.

"In 1917 all bituminous coal mines
east of the Mississippi river made
what might be termed fabulous prof-
its, the general average being from
100 to 150 per cent. on invested capi-
tal," the range being from 15 to 500
per cent.

DELIBERATE PLAN
TO AFFRONT U. S.?

Belief in Washington That
Mexico's Delay in Answer-
ing Note is Intentional.

Washington, Nov. 26.--Some officials
expressed belief today that the Mexi-
can government's delay in replying to
the American note, sent more than a
week ago, demanding release of Wil-
liam O. Jenkins, consular agent at
Puebla, was part of a deliberate plan
to still further antagonize the United
States.

This belief was based largely upon
official information from Mexico City
that officials there were endeavoring
to spread the report that this country
was on the verge of a revolution and
that by holding up the reply Mexi-
co could offer substantial aid to the
"revolutionists."

Mexican agents in the United States,
the advisers said, had been sending
coded messages to the American con-
suls, and these messages had gener-
ated reports concerning domestic
conditions, the steel and coal strikes
being cited as glaring evidence of
industrial unrest.

There was no report from the em-
bassy at the Mexican capital to add
anything to those received here, all
of which show that Jenkins was being
held in the penitentiary on charges of
having been implicated with the ban-
dits who took \$150,000 from him after
he had been kidnapped. One dispatch
from Mexico City said the Mexican
senate had decided to ask President
Carranza for full information on the
Jenkins case, and this was taken to
mean that no reply might be expected
until the senate had given it some con-
sideration.

The principal effect here of Mexico's
failure to answer promptly the Ameri-
can demands has been to make the al-
ready strained relations a little more
strained.

ISSUE SUMMARY OF CANADA'S TRADE

Imports Increase, But Exports Decline, Compared With Preceding Year.

Canadian Press Despatch. Ottawa, Nov. 26.—Summary of the trade of Canada by the Dominion bureau of statistics for the twelve months ending with October, 1919, affords some interesting comparisons of trade conditions during the first twelve months of peace with war years. The summary, for instance, shows a decrease in the value of merchandise imported as compared with the twelve months ending October, 1917, but an increase over the twelve months period preceding October 31, 1918. The figures for the three years are: 1917, \$1,012,159,765; 1918, \$895,097,451; 1919, \$902,343,329.

Exports for the three twelve-month periods were: 1917, \$1,075,532,078; 1918, \$1,514,225,829; 1919, \$1,611,217,422. Canadian exports for the three twelve-month periods in value were: 1917, \$1,492,276,839; 1918, \$1,371,386,423; 1919, \$1,235,141,858.

Imports from the United States fell from \$323,134,077 during the twelve months period ending October, 1917, to \$174,473,832 for the twelve months ending October 31, 1919. British imports for the past twelve months period were: 1917, \$46,114,518; 1918, \$69,656,921; 1919, \$51,496,784.

Slumps in "War Business." The big slump in "war business" is indicated by the fact that whereas articles for the army and navy imported during the past twelve months were only to the value of \$11,315,588 similar importations for the twelve months closing with October, 1917, had climbed to the enormous total of \$17,469,093.

SPEEDWELL INQUIRY DISAPPOINTS VETS

Guelph G.W.V.A. Claims Investigation Was Only a "Whitewash."

Guelph, Ont., Nov. 26.—(Special).—A great deal of dissatisfaction prevails among the ranks of the Guelph G.W.V.A. as the result of their efforts to have affairs at Speedwell military hospital in this city, investigated. The investigation which they asked Hon. Hugh Guthrie to have started, was held on Monday and Tuesday of last week, and the veterans claim that it was not an investigation at all, but nothing more than a whitewashing of the officials concerned. They furthermore, claim that it could not have been an impartial inquiry inasmuch as the personnel of the commission appointed was composed of officials of the department, and it was not to be expected their report would be an unfavorable one as respects the management of their own institution. On the commission were Col. Hugh Clark, secretary D.N.C.R.; Mr. C. H. Robinson, deputy minister, D.S.C.; Major Arthur, chief inspector; Col. Davis, director of medical services, and Mr. Parkinson, officer in charge of vocational training.

The investigation began on Monday when the commission paid a visit to every patient and every official in the hospital, in order to find out whether there were any complaints. They could not find anyone who was prepared to lay any charges or make any complaints, and naturally came to the conclusion that there was no use in taking evidence. They met again on Tuesday afternoon, when President A. C. Mackintosh and Secretary W. D. Robertson of the G. W. V. A. were present and prepared to give evidence, but not a single witness was called, even though there were several whom the local officials decided to call, and were prepared to submit other evidence. The commission informed them that the officials against whom certain charges were made were most efficient, and that their services were indispensable to the management of the hospital, and the result is that the commission returned to Ottawa Tuesday night apparently well pleased with all that they saw and heard.

BRANTFORD WILL BACK BECK

As Chairman of the Hydro Brantford, Ont., Nov. 26.—(Special).—That Brantford, including manufacturing, business and labor elements, will back Beck to the limit in his retention as chairman of the Ontario Hydro-Electric Commission was announced today by Mayor MacBride, who stated that a big delegation from this city will go to the Hydro gathering at Toronto to back up the demand upon Premier Drury that Beck be kept at the head of the system he built up.

Canadian National Employees Hold Their First Concert

Toronto employees of the Canadian National Railways held a concert and dance last night in the Masonic Temple, Yonge street, to mark the close of the first year of government administration of the railways. The affair, the first held, was very successful, over 1500 being present, and it is hoped that it will be made an annual event. A long and entertaining program was provided by talented members of the local staff of the C. N. R., which was followed by a banquet and later a dance. President D. E. Hanna was in the chair.

Kawalski, Convicted of Murder, Asks Case for Higher Court

J. L. Counsell, acting for Paul Kawalski, who was found guilty of murder at Hamilton by Mr. Justice Sutherland, yesterday at Osgoode Hall applied for a stated case so that the higher court might review the decision. He objected that the crown had not exhausted its efforts to produce material witnesses. The appellate division dismissed the application.

He agreed to plead guilty for Mrs. Crawford, and the crown accepted the plea.

GUELPH RAILWAY MELON.

Guelph, Ont., Nov. 26.—(Special).—Another juicy melon, by which the city of Guelph is the beneficiary, was cut today at a meeting of the directors of the Guelph Junction Railway, who met to declare the quarterly dividend. The statement showed that the earnings of the road for the last quarter had amounted to \$20,675, and a dividend of 11 3/4 per cent was declared, and a cheque for \$19,975 was immediately despatched to City Treasurer Rose.

Guelph, Ont., Nov. 26.—(Special).—Mayor Carter received this afternoon, by Premier Drury to the invitation sent by his worship to be the guest of the city while in Guelph attending the winter fair. Mr. Drury stated he would be here on Wednesday, Dec. 10, and he would avail himself of the mayor's invitation.

DEATH OF J. H. ELLARD.

James H. Ellard, a well-known resident of the east end, died on Tuesday afternoon at his late residence, 369 Danforth avenue, of pneumonia, after a brief illness. The late Mr. Ellard was a lifelong Liberal and was an active worker in the South York and Riverdale elections. He had for six years been a customs officer and afterwards was with the T. Eaton Co. and later with the Hunter, Rose Co. The latest occupation was as superintendent of the tailoring branch of St. John's Industrial Home. He was 60 years of age, and leaves a widow, three daughters and three sons, to whom he left a large estate. The congregation of Holy Name Church, Danforth avenue.

YORK COUNTY AND SUBURBS

BETTER FACILITIES FOR EDUCATION

York County Council Appoints Committee to Consider Complaints. Better facilities for advanced education in the county of York formed the subject of debate at yesterday's session of the York county council. The question was raised by the appeal of York township for payment by the county of a portion of the fees paid by York township pupils for the privilege of attending Toronto high schools. J. H. Spence presented the case for York township. He said that this township, which is entirely populated by the high school fund of the county, gets nothing in return. The funds go to the municipalities having local high schools, and as York township has none it gets no benefit from this rate. He said a temporary arrangement had been made whereby the township was paying 75 per cent of the \$123 now charged the pupils, but it was hoped the county would afford some relief.

Reeve Cornell, of Scarborough, said Scarborough was also confronted with the same situation, about 35 pupils from the southern part of the township were attending city high schools. A bylaw had been passed creating the southern part of the township as a high school district, but their action had been disallowed by the provincial board of education on the ground that the district did not constitute one of the municipalities to create a high school district. It was his purpose to have this law amended as soon as possible. Reeve Cornell thought one solution lay in the building of high schools wherever needed.

Second Deputy Mayor, J. W. York, township, pointed out the difference in the position of his township and that of other townships. If high schools were built near York township, they would be in danger of being annexed by the city in a short time. When the township wanted new schools, it was the city that collected from York township for high school purposes.

Reeve Skelton, second deputy of Scarborough, expressed the view that the county had no right to contribute for such a purpose. The part of the township sending pupils outside as a school district would create a high school district and pay the fees of the pupils. Mr. Stewart's views on the question of creating school districts were endorsed by Inspector A. A. Jordan, of East York. Mr. Jordan also thought York township had made out a good case. As matters stand, York township was helping to provide a high school fund for Leaside, where there was no school, and this fund went to pay the fees of pupils attending city schools.

Wants Shaking Up. L. Wallace of Woodbridge favored a shaking up of the school act, and thought there were too many difficulties in the way of a child of poor parents getting a high school education. The matter was finally referred to the education committee for a report on the matter to be made by the representatives of York to the provincial board. On motion of James Stewart of Scarborough, the legislation committee was asked to seek legislation empowering the county to take responsibility to form a high school district.

The report of the Toronto and York Roads Commission, from George Padget and R. A. Fleming of Markham. Reeve Padget said that the bill from Markham to Locust Hill road was in a deplorable condition, and that other roads which had more recently been taken over by the commission, were in good condition. Replying for the commission, Wm. Keith said a large amount of money had about two years ago been spent on the road in question, and that a great deal had been accomplished in keeping up roads with the maintenance in good condition. The report stated that an effort would be made to have a number of roads in the system widened to 66 feet. The Council approved the report of Griffith as the county's member of the Toronto and Hamilton Highways Commission.

Formal presentation of a Victory loan tag was made to West York. The objective of West York was \$2,500 and a cheque for \$2,500 was immediately despatched to City Treasurer Rose.

State Control of Prices.

Control of prices by the government will be maintained for the present. The present negotiation stands by itself, but it is far from disposing of the fundamental controversy between operators and mine workers. Every industry is bound to be a continuing one as long as it produces goods in the mine, and conditions in the mine, as well as wages and profits, and the general relation between operators and

JUGO-SLAV ENVOYS DELAY SIGNING

Find They Have Not Requisite Powers and Await for Authorization. Paris, Nov. 26.—Contrary to expectations, the plenipotentiaries of Jugo-Slavia did not sign the Austrian peace treaty this afternoon. The reason given by them was that they found they did not have the requisite powers to sign the different annexes.

The plenipotentiaries have eight days within which to procure the necessary powers, and it is believed that this authorization will be received within that period. The annexes provide for the protection of racial minorities, reparations to manufacturing representation. The present Drury government is a matter of the tail wagging the dog. It was stated at the meeting, "The policy of the farmer, buy foreign American goods," another said, "will close our industries, decrease our export trade, thus promoting a blue ruin policy, that we will hire people to rent our houses as we did in former days."

A resolution to contest every riding where a cabinet minister seeks election was moved by T. Rennie, seconded by Dr. Farrell, that the vaccination law be eliminated from our statute book. It was also moved by W. H. Christie, and seconded by James Sheppard, that an embargo be placed on all foodstuffs in their season of production so to give sufficient supply for home consumption at a normal profit before exported.

Garfield Proposes Fourteen Per Cent.

Garfield proposed a 14 per cent increase in wages for the coal miners. To pay higher wages than the proposed scale would make miners a more desirable class and "would result in the payment by the public of an enormous fund to a minority." Dr. Garfield said, replying to questions from "The Evening Star," president of the Illinois district of the United Mine Workers.

Such a situation, Dr. Garfield added, would not differ from that of the corporation that attempts to add to its profits at the expense of the few. Dr. Garfield explained that he was not trying to dictate to the wage scale committee what it should do, but that he was prepared to say that regardless of the amount of wage advance agreed to by the operators and miners the public would not be called upon to pay more for its coal.

Phil P. Penna, operator of Terra Haute, said that the 14 per cent increase would more than absorb the margin of profit of the Indiana mines this year. "How are these mines to compete with the operation?" he asked. Dr. Garfield replied that under a falling market of demand the "high cost of operation," mines would have to close or else have to operate at a loss.

LOWER PRICES APPEAL TO EARLSCOURT PEOPLE

Earlscourt is keenly interested in the order of the board of commerce bringing down the price of footwear down to 23 1/2 per cent retail. Earlscourt has a population of between 30,000 and 40,000, and the majority of whom are the working class, who appreciate more than any other a reduction in the cost of clothing and footwear. The local clothing stores are already falling into line in the matter of prices.

A benefit concert in aid of the West St. Clair Y.M.C.A. is to be given in the Oakwood Collegiate Institute, St. Clair avenue, next week, when Hon. R. H. Grant, minister of education, will be the new government, will occupy the chair. Among the entertainers will be Sandy Groat, the singing star; Hon. W. R. Pader, M. Sanderson; president, Rev. C. Crossley Hunter; vice-president, Florence Wright Piggett; secretary, A. Atkins; registrar, W. Smith; treasurer, T. McEwan; orchestra leader, W. Robb; orchestra secretary, P. Pearson.

HOLD UP THROUGH AT THE U.S. BORDER

The announcement of the quarantine of all ports of entry smote the border cities with cyclonic force. Not until the afternoon newspapers were on the streets were the details of the border confirmed. Then it was not until workers had left office and factory were they presented with the quarantine which operated with Dr. Gartner of Winter to have the ban postponed a few days. The border chamber of commerce received reports from Ottawa from expressions of determination never to submit to the "vile practice" prospects point to a formation of a strong anti-vaccine league this week. According to Dr. Prentiss the smallpox epidemic in Toronto and St. Catharines particularly has not yet reached its crest. These stringent measures were ordered today from Surgeon Blue in Washington. They are deemed imperative to prevent a spread of the smallpox epidemic from Canada to the United States.

Quarantine Order. The surgeon-general ordered the quarantine in the following telegram to Dr. P. L. Prentiss, chief immigration inspector of the Detroit port of entry. "Co-operate with Dr. Gartner of the United States public health service in the enforcement of public health service regulations by refusing admission of all persons from the province of Ontario not having certificates showing recent vaccination or having had smallpox. Quarantine under this rule is effective at 7 a.m. Nov. 28."

Eviction Case Postponed.

Peremptory postponement of the effort by the executors of the late Robt. Innes to get possession of the premises at 355 Wellesley street, from which Mr. and Mrs. F. Bawn were evicted last May on a court order, and to which they returned with the help of neighbors, was ordered yesterday by Master in Chambers Cameron at Osgoode Hall. F. Slattery, who has been retained by Mrs. Bawn, moved to reopen the case, but the master's chambers pointed out that as a term Mrs. Bawn would have to pay the costs, which probably amounted to \$200. J. D. Bisst, for the executors, stated that there had been an effort to create sympathy for Mrs. Bawn, but the court was not to be misled by such a ploy, to which she could go if she wished.

### BELL TELEPHONE WARMLY ATTACKED

Independent Telephone Association Points to Privileges Afforded Company.

"If the Bell Telephone Co. can't look out for their own interests without partial government legislation, God help the rural lines." Such is the opinion expressed by F. D. Mackay, chairman of special committee on legislation of the Canadian Independent Telephone Association, in his report on the association's efforts to secure long distance connection thru legislation at Ottawa. Mr. Mackay laid stress on the injustice of the condition which permits anyone to go into a pay station and get any long distance connection he wants while the rural subscriber is inflicted with a surcharge of ten cents per call. It is legislation to overcome this that the association is striving to get. A bill covering this was passed by the commons, but the senate turned it down without discussion. Mr. Mackay claimed that the senate merely carried out instructions and that it was done in the interests of only one concern—the Bell Telephone Company.

"If any government of today were to grant to any body of men the same privileges as are enjoyed by the Bell Co. its political career would be very short," declared Mr. Mackay. It was shown that the revenue of the Bell Co. has been raised thousands of dollars by the trade brought to it by rural lines without the addition of a single additional line on the part of the Bell Co. and without additional expense to them. The association decided to carry on and expect to obtain the necessary legislation next session.

**Doubtful Points Explained**  
Francis Dagher, telephone expert of the Ontario Railway and Municipal Board, explained away all the doubtful points of the Ontario telephone act. He believes in the amalgamation of small lines wherever possible.

Norman Jones, troubleman of the Bruce Municipal Telephone System, will have no trouble finding a bigger job judging from the interest shown when he was explaining how the Bruce Municipal is kept up with so little expense. Most of the delegates now have a new idea of what a good troubleman can do.

W. Maclachlan, inspector of the Electrical Employers' Association of Ontario, made a fervent appeal for the employment of every possible precaution to lessen the risk undertaken by men who work on the lines. He also gave a practical demonstration of the proper method of resuscitation in case of severe shock. The appeal was made not in the interests of the Workmen's Compensation Board, but for the wives and kiddies of those who may be taken away by carelessness.

Among the more prominent men in attendance at the convention are Mr. Gowanlock, M.L.A., Col. Maybury of Ingersoll, Dr. Doan of Hagersville, not forgetting the genial president Myron Gee, and the secretary, Mr. Hoover.

### Victoria College Students Entertain Premier Drury

The students of Victoria College entertained Premier Drury to dinner last night. Chancellor Boyes presided and there was a large attendance, the students according to the former political chieftain an enthusiastic reception. Mr. Drury gave them a pleasant little talk on their present duties and the tasks which confronted them, urging them to be faithful to their tasks so that success might crown their every effort. The proceedings were private.

### ARRAIGNED FOR MANSLAUGHTER

Harry Korman was arraigned before Mr. Justice Rose in the assizes yesterday on a charge of manslaughter. Korman is alleged to have run down and killed Norman Senyck, a 3-year-old child, on a street on July 10 last. Thru his counsel, W. B. Horkins, he pleaded not guilty.

### Police Are Investigating Mysterious Battersea Fires

Kingston, Nov. 26.—(Special.)—Detective Greer of the provincial police is investigating the recent fires at Battersea, four in all, and one of which having been destroyed inside of one week, and a firebug suspected. The opinion of the people of the neighborhood is that the woman is responsible for the fires.

### TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion. Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation in the stomach. Little Bismarck Magnesia at their meals.

There is probably no better, safer or more palatable stomach antacid than Bismarck Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a detergent. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of peppin pills or artificial digestants.

Get a few ounces of Bismarck Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes in liquid, milk or citrate and in the bisulphated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

### DRURY ADHERES TO DENIAL OF REPORTS

Declares He Would Not Countenance Dicker to Get Seat for Doherty.

"I would not countenance anything of the kind," remarked Premier Drury to the World yesterday when discussing the alleged offer made to members-elect of the new legislature to vacate their seats in order to make way for Hon. Manning Doherty, minister of agriculture, who has yet to find political refuge.

A despatch from Port Hope was as follows: "The report is current here that Mr. Bragg, the Liberal member for West Durham, was offered a highly remunerative government appointment if he would resign and allow Mr. Doherty to contest that riding. Mr. Bragg called the Liberal executive together at Bowmanville to discuss the situation, but Mr. Drury was promptly informed that there was nothing doing."

This follows on the report from Muskoka to the effect that G. W. Eccles, the Conservative member, had been offered a seat on the N. O. Railway commission and other inducements if he would make the way clear for Mr. Doherty.

"There is a seat in view for Mr. Doherty," said Premier Drury, after making the disclaimer already quoted.

### G. A. C. ASKS REBATE.

The Grand Army of Canada made application to the board of control yesterday for a rebate of the taxes on the Municipal Hotel, Queen street, which they will open shortly for the benefit of returned men.

The soldiers will receive first attention, the inmates of hospitals will come next and every soldier who can show a button will be allowed admission. The application was referred to the officials for a report.

### U.V.L. TAKES A HAND

Borden Asked His Attitude Towards Substitution of Women for Veterans in Postoffice.

Following an investigation of a number of complaints from returned men, the United Veterans' League has addressed the following telegram to Sir Robert Borden:

"The G.W.V.A. have also been investigating the case and conferred with Postmaster Lemon yesterday afternoon."

### BISHOP FARTHING'S ARM BROKEN IN BAD FALL

Montreal, Nov. 26.—Bishop Farthing broke his arm while in New York last week, where he was attending a convention. The bishop's hat was lifted off by the wind, and as he was making a jump for it, he failed to notice the pavement and as a result fell on his arm, the bone which, near the elbow, was broken lengthways in two places. The arm is in a plaster splint and will have to be treated in that way for several weeks. The accident was in no way interfered with his diocesan duties, as Bishop Farthing preached on Sunday in St. Martin's Church.

### Stoyko Boyeff Not Showing Apprehension, Tho to Be Hanged

Kitsoner, Nov. 26.—(Special.)—Stoyko Boyeff, sentenced to be hanged for the murder of John Surokаты in Galt last May, has showed no signs of weakening since he received his sentence last night. Governor Cook stated today that the prisoner retired shortly after reaching his cell following the adjournment of court, and slept peacefully until morning. The governor stated that the prisoner maintains an attitude of indifference to his fate.

## LABOR NEWS

### WHO WAS TO BLAME FOR CAR STRIKE? NO RECIPROCITY INDICATED HERE

All Evidence in, and Finding May Be Made Next Week.

Peter White in his argument for the Toronto Railway Company before the board which is investigating the strike of September 3, emphasizing his point that relations between the Fleming and the employees of the company were cordial and that the company was not responsible for the strike which occurred on the day the C. N. E. grounds were full of citizens desirous of getting home, spent much of his time attempting to generally credit the character of James T. Gunn, business agent of the Electrical Workers' Union and Mr. Fleming observed that Mr. Gunn was a close relative of Sapphira and Ananias.

Mr. Gunn himself replied to the arguments of the counsel for the railway, as did F. G. O'Donoghue, counsel for the union, and the business agent of the union suggested amendments to the Lemieux act embodying the principle of the union scheme of joint industrial councils and also a clause ordering employers to assent to offer of employees to hold joint conferences upon matters at dispute. Mr. Gunn further suggested that civic employees and all employees of municipalities, such as policemen and firemen, should come within the meaning of the Lemieux act as suggested. E. N. Crompton, fair wage officer, was the last of the witnesses called at the inquiry, and his evidence was to the effect that Mr. Fleming refused to meet representatives of the Metal Trades Union, but had no objection to meeting representatives of his own industry as suggested. Mr. Crompton also expressed the opinion that the business agent of a union could be considered as representing men not belonging to his union. His statement had been that many men who did not belong to unions were found to be at the bottom of labor troubles.

The original cause had been for a board covering both the electrical workers and members of the metal trades. Doubt as to jurisdiction had led to the formation of a new board covering only electrical workers of the company.

### Who Was To Blame.

Peter White, in the course of his argument for the company, stated that responsibility for the strike was the sole question at issue. He claimed that the fault lay in an unauthorized presentation of the case of certain men who secured a 9-hour day instead of the 8-hour day of the award, was the cause of the trouble, which led up to the strike. Any delays occasioned in the sessions of the board of conciliation were due to favorable negotiations being carried on thru other media. Evidence, he said, went to show that whereas on the Friday preceding the Sunday strike vote seemed to favor the union, the men had practically decided to accept the award, but a sudden change had arisen, a leak had been effected, and the men learnt thru this means that the award would be less than they expected. A furore resulted with its final disastrous results. All this, days before the alleged delay of the company to confer with representatives of the men.

James T. Gunn, replying to the arguments of the T. R. counsel, stated it was quite true he had accepted responsibility for negotiations with the company. Had he not done so he would have been brought to book by those for whom he was acting, the men, and his resignation would have been called for. There had been no serious attempt to place responsibility except upon the shoulders of James T. Gunn, despite the fact that he was the least of the three men of his own committee. John Noble, James Stuart and himself, returned men and the U. V. L. ask whether this represents the attitude of your government in general, and yourself in particular towards your comrades.

The G.W.V.A. have also been investigating the case and conferred with Postmaster Lemon yesterday afternoon.

### INDIGESTION CAN'T STAY

Stomach Pain, Sourness, Gases, and Acidity ended with "Pape's Diapepsin"

Out-of-order stomachs feel fine at once! When meals don't fit and you feel gas, acids, and undigested food. When you feel indigestion pain, lumps in the stomach, heartburn, or headache. Here is instant relief.

Just as soon as you eat a tablet or two of Pape's Diapepsin all the dyspepsia, indigestion and stomach distress caused by acidity will end. These pleasant, harmless tablets of Pape's Diapepsin allow you to eat, upset, and stomachs in order at once and they cost so little at drug stores.

### DOMINION STEEL CO. MOLDERS SEND WAGE-INCREASE ULTIMATUM

Sydney, N.S., Nov. 26.—The molders and core makers, employed by the Dominion Steel and Iron Co., have notified the management that unless demands which were made some time ago for wage increases are met by Thursday morning, they will quit work.

### UNION ENTERS POLITICS.

Among the latest recruits to the ranks of the Canadian Labor party or rather the trades union unit of the Labor party is the Union of Painters and Decorators, which yesterday decided to affiliate with this unit by almost unanimous vote. This union in Toronto consists of about 150 members, among whom are a number of returned men.

Canadian Press Despatch, Ottawa, Nov. 26.—His excellency the governor-general has received the following message from H.R.H. the Prince of Wales:

"H.M.S. Renown, Camperdown, Nov. 25, 1919.—To all the men and women of Canada who served at the front in the great war:

"On sailing from the Dominion what my first wish is to tell you what a pleasure it has been to see so many thousands of you during the last four months. On behalf of the King I congratulate you on your splendid war services, and for myself I thank you for having received me not only as Prince of Wales, but as an old comrade on the field. I shall always look upon you as comrades, and I hope you will do the same for me. Adieu. Edward E."

"To Guides and Scouts. His excellency, the governor-general, has also received the following message from H.R.H. the Prince of Wales:

"H.M.S. Renown, Camperdown, Nov. 25, 1919.—To the Boy Scouts and Girl Guides of Canada:

"I am just leaving Canada for the old country and I want to send you my best wishes before I go. I have thoroughly enjoyed seeing so many of you on parade during my visit and I shall tell your brother, scouts and guides in the old country that you are every bit as smart as they are.

"Value your training as scouts and guides, for the more you value it the greater will be your own value as Canadians and as Britishes. Good luck to you all! I see you again. Edward E."
