## A THOUSAND SWEEP TO DEATH

An Awful Cyclonic Catastrophe at St. Louis,  
Mo., Last Night.

### FIRE ADDS TO THE WORK OF DESTRUCTION

Railway Trains and Steamers Were Overturned  
by the Force

And People Were Sent to Their Doom Without a Moment's  
Warning—The Blasted Path of the Storm Strawn With  
Dead Bodies, and Everywhere is Woe and Desola-  
tion—Every Steamer in Front of St. Louis Has  
Been Sunk—A Large Part of East St. Louis  
In Ashes Owing to Lightning Striking the  
Standard Oil Company's Works—Loss  
Already Estimated at \$3,000,000.  
—The Terrible Visitation  
of the Year.

St. Louis, May 27.—St. Louis was struck by a cyclone of frightful fury at a late hour this afternoon. Hundreds of people were killed and the property loss is beyond estimate. At 5:30 p.m. the clouds that had covered the city since noon, broke into a furious storm. Within ten minutes, the wind reached a velocity of 80 miles an hour, sweeping with it dense waves of rain. The highest speed of wind previously recorded here was 72 miles an hour in August in 1873. The screaming of the wind through the electric wires, the crash of debris that it swept in every direction, the electric flashes from tangled wires and crashing thunder made a scene indescribable. The loss of life is appalling. At 7 p.m. the lowest estimate of fatalities in East St. Louis and this city is placed at 800. East St. Louis suffered probably the greatest. Messengers came this evening from there asking for physicians and nurses.

**Steamer Blows Bottom Side Up.**  
The steamer D. H. Pike with 30 passengers on board, bound for Peoria, was blown bottomside up in the middle of the river and a number of persons were killed.

The steamer Delaplain, with a crew of six and 30 lady passengers on board, was blown against a bridge pier and broken in two. The ladies and two of the crew clung to the bridge stone-work and were rescued. The steamer Libbie Conger, with only Captain Seaman and his wife and three of a crew aboard went adrift. The wreck of a boat opposite Carondelet is supposed to be the steamer Conger.

**Many Buildings Go Down.**  
Ottene's furniture store at Broadway and Soudard was demolished and six men are reported killed. A saloon at No. 604 South Seventh-street fell with nine men in the ruins. St. Patrick's Church at Sixth and Middle-streets fell and the debris fills the streets. The electric railway line is burned out, as well as the electric plant. Fourteen fire alarms were sounded within an hour, and three alarms were sent in from the Poor House, which building has 1200 inmates. The roof of the Poor House was blown off and the fatalities were great.

During the last race at the Fair Grounds the roof was blown off the open field for safety and but four men were killed.

**The Armoury an Hospital.**  
The Armoury at 17th and Pine-streets is being used as a temporary hospital. At 1:30 p.m. the rain, which had ceased for a time, began afresh and fell in torrents. At 6 o'clock the eastern sky was aflame with the light of fire in East St. Louis. The metal roof of the Merchants' Exchange was rolled up like a scroll and fell into the streets.

The Louisville and Nashville east-bound local passenger train had just reached East St. Louis when the storm struck that city. The train was overturned, but miraculously only a few passengers were injured. They were taken from the cars by railroad yardmen. The Chicago and Alton eastbound local passenger train, which left St.

**Another Account.**  
St. Louis, May 27.—Death and destruction marks the pathway of a tornado that passed over this city shortly after 5 o'clock this afternoon. The list of the dead in St. Louis cannot be estimated until alarming reports of loss of life in collapsed buildings can be confirmed. At least 40 lifeless bodies have been found up to 10 o'clock. It is reported that 200 girls are in the ruins of a cigarette factory and that many were killed in East St. Louis. The city is in a state of panic. Nearly all electric wires are down and the city is in darkness.

To add to the confusion the tornado was followed by a deluge of rain, accompanied by vivid flashes of lightning. Telephone wires are useless and lively men refuse requests for conveyances on account of prostrate electric wires.

The scene in East St. Louis is appalling. The tornado struck that city with terrible effect and it is now estimated that 500 persons are dead in that place as a result of the wind, flood and flames.

The tornado was followed by an outbreak of fire caused by lightning and before the flames were gotten under control property to the value of nearly \$5,000,000 was destroyed. The storm passed in an easterly direction, and it is reported that Vandalla and Caseyville in Illinois, suffered severely. One report states that the railroad depot in Vandalla was blown away and 50 people were killed.

**All Lights Turned Off.**  
St. Louis, Mo., May 28.—3 a.m.—The difficulty in obtaining information from outside districts is increased by an order from Mayor Walbridge, ordering all electric light circuits cut off. This is to prevent death to persons coming in contact with the broken electric light wires.

Later reports from the city hospital state that only two were killed and six injured as the result of the roof of that institution being blown off. From Soudard-street southward as far as Carondelet, wind played havoc with the residence and business houses in that territory. The streets are filled with the wreckage of demolished houses, over an area of 15 blocks. The number of bodies already found indicates that the loss of life in that section will reach at least 30.

The body of a well-dressed man was found at Marion-street and Park-avenue. Pastor Dieckhoff was killed in the wreckage of a big mill at Ninth and Marion. William Ostendale, proprietor of a factory at Oxford and Eighth-streets, and Benjamin Burgess, an employe, were killed in the wreckage of the building. An unknown dead man was found under the bricks of a fallen chimney at Second-street and Chicago-street. Foreman Joseph Carpenter of the St. Louis railing works on Market-street, together with his wife and child, were crushed to death in the collapse of the factory.

The body of an unknown man was found badly mangled in a quarry on DeSoto-street, Alexander Schullinger, a dairyman, was struck by a falling tree and killed at Third and Marion-streets. Fred Wells, aged 17, and his sister, Theresa, aged 13, were found dead in the ruins of their home, 1723 South Ninth-street. German Evangelical Church, Ninth-street and LaFayette-avenue; Trinity Evangelical Lutheran Church, Eighth-street and LaFayette-avenue; and St. Hugo's Catholic Church on Kansas-avenue, were totally demolished. Epstein & Bernstein's wholesale liquor store at 223 South Broadway collapsed from the force of the wind. Julius Morano was killed and three others seriously injured. The power house of the Scullin-street car line at Jefferson and Geyer-avenues was totally destroyed and a dozen employes received serious injury. The Gem Theatre building on Walnut-street was badly wrecked by wind. In the suburbs dozens of frame houses were blown away and up to 11 o'clock last night no fatalities were reported.

**Fifty Pupils Killed.**  
Bloomington, Ill., May 27.—Word reached the Chicago and Alton this evening that a cyclone had demolished the village of Rush Hill, Mo., 12 miles from Mexico, in Audrain County. The cyclone struck the town a few minutes before 4 o'clock, and blew down the school house, crushing its inmates. The report was to the effect that 50 pupils had been killed and a number injured.

**The River Disasters.**  
In addition to the river disasters noted later reports add to the losses. All the wharf boats on both sides were swept away and sunk. The steamers in the Chicago and Alton, Belle of Cahorn and City of Providence were all driven on the Illinois shore and wrecked. Eleven of the vessels' crews tried to swim ashore, but were caught in the eddy of the Pittsburg dyke and drowned. The river front is a mass of wreckage. From the Eads bridge south for two miles every building is damaged that is not in ruins. The loss to shipping is estimated at \$400,000.

Over in East St. Louis the loss of life is now placed at 250 and the damage to property exceeds \$2,000,000. The fire in East St. Louis was not under control at midnight.

In this city the building occupied at St. Vincent's Asylum at Southdard-street was entirely demolished. In the collapse of the Scullin Liner power house Frederick Zimmerman, chief electrician, was killed. The Liggett and Meyers' cigarette factory at Lower Grove was destroyed and several men engaged in placing new machinery were killed. The story that 200 girls are in the ruins is untrue.

The telephone wires are prostrated in all directions, but the companies are making herculean efforts to restore communication. Only three wires are working out of the city and those are subject to frequent interruptions.

**1000 Dead.**  
Indianapolis, May 27.—Railroad officials say the best estimate of killed but it in the neighborhood of 1000. The

### YANKEE FLAGS MADE THEM WILD.

Decorations at the Wolfville, N.S., Joint Meeting Were Torn Down.  
Halifax, N.S., May 27.—At a joint political meeting at Wolfville, Kings County, last night, among the decorations were several American flags, which had been on the walls since a skating carnival several months ago. A crowd of men, principally young, raised a howl over the display of Stars and Stripes, tore them from the walls, and attempted to burn them. It was claimed by the Conservatives that the flags were put up by the Liberals and principally for the meeting, but there is no doubt they had been there for months. The meeting was a very noisy and turbulent one. The speakers were H. H. Wickwire and Prof. Oake, Liberals, and W. E. Roscoe and Barclay Webster, Conservatives.

### LAST THREE DAYS.

**Race-Goes May Expect Fine Weather—Something New in Hats.**  
After the storm we may look for fine weather for a time, and the Ontario Jockey Club should be favored with pleasant days for the wind-up of their meeting. Visitors who have come to the new race special, and provide themselves with the latest styles in summer hats, particularly the straw hat, will find the grandest walk in Canada. These three dollar hats will be found the greatest value in Canada. All Dimeen's hats are reduced in price during the rebuilding sale, which will continue for a few days longer.

**Bicycle Suits to measure, from \$7.00 up.** Dominion Tailor Co., 18 Leader-lane.

**Summer Migration.**  
Citizens when leaving for their summer residences should be prepared to meet all contingencies, such as impure drinking water. ### THE HARROWING DETAILS.

Scenes of Woe After the Calamity at  
Victoria, B. C.

#### LIST OF THE IDENTIFIED DEAD

Doctors Make Strenuous Efforts to  
Resuscitate the Drowned.

It is Now Believed That Nearly a Hundred  
Fleeting Fishermen Lost Their Lives—  
Mrs. Cannon Prudden Had a Narrow Escape  
as Also Did Many Others—The  
Uncertainty Among the People of Victoria  
as to the Fate of Relatives Was  
Something Frightful—Captain Grant's  
Home and Lawn Turned into a Morgue  
for the Dead.

Victoria, B.C., May 27.—Throughout the night thousands of anxious watchers surged about the approaches to Point Ellice Bridge, the scene of yesterday's disaster. When the first corpse had been brought to the surface the rescuers announced that they could find no more bodies under the wreckage. Still nearly 30 people are missing, whose fate may not be known for days. It is possible that many bodies were carried out by the tide.

It is thought that nearly 200 persons were carried down with the bridge, and that less than one-half of these survive.

**List of Identified Dead.**  
The dead who have been identified are:

James Thompson Patterson, a chipper employed at the Albion Iron works, 32 years old and leaves a wife and three children.

Gracie Elford, 17 years old, daughter of F. Elford.

Mrs. Fred Adams, sr., widow of the late Contractor Adams, who lost his life in the wreck of the ill-fated Victoria.

Her son, Fred Adams.

Mrs. William Heatherbell, of South Road, Spring Ridge, who was sitting with her husband at about the centre of the car. Heatherbell had a narrow escape, receiving few injuries.

Mrs. G. H. Woodrow of Seattle, pinned in the shattered car and had no chance for her life.

Mrs. D. L. Ballard of Providence, R. I., was a passenger on the Victoria with friends in Victoria.

William Von Bokkell of Port Townsend for some years a well-known custom house officer at Fugate Sound.

J. K. Loveridge, grocer, of Spring Ridge, who was on his way to the military spectacle, accompanied by his daughter, Nellie Preston, who was taken from the water before her life was extinct, and resuscitated.

Gabriele Farnia of Seattle. Giuseppe Mauro, also of Seattle. Mrs. Thomas Physick, of Vancouver. She leaves two children.

Miss Emily Nathan of Victoria. Mr. and Mrs. Simon Pearson of North Park-street in this city. They leave three children.

Mr. James. No particulars obtainable.

Mrs. P. Elford of Shawinigan Lake, B. W. Murray, son of Foreman Murray of City Waterworks.

W. J. Crowell's little son, 6 years old, whose parents live in Spring Ridge.

Mrs. Priestly of Minneapolis, identified by papers found on her body.

Maratta, an Italian harpist, from Seattle.

Mrs. Dr. Preston of Seattle; leaves two children. She was identified by her sister, Mrs. Evelyn Farrell.

Mrs. Edward Hoesen, wife of Night Watchman Hoesen of this city. Her name is Clarnice Hoesen, her son, aged 6 years.

James Wilson, the 7-year-old son of James Wilson.

Emma Olson, of 73 Frederick-street, 20 years old; had no relatives so far as known in this city or province.

Miss Lester, no other particulars obtainable.

Miss Ann Keast, daughter of Deputy Sheriff Keast.

Her mother was rescued and resuscitated with extreme difficulty.

Miss Flossie Jackson, of 59 Quadra-street.

J. B. Gordon of Vancouver, a representative of Bradstreet's.

Mr. and Mrs. E. B. Carmichael of Menzies-street, old residents of Victoria.

George Parr, a conductor, leaves a wife and two children.

Harry Talbot, a conductor in charge of the car, leaves a wife.

Miss Brown, who was accompanying Mr. and Mrs. Trout and their party, and was drowned with the majority of that little circle of holiday makers.

Bossie, a storekeeper.

J. H. Fry, a blacksmith's helper, residing on Humboldt-street. His body was at first mistaken for that of his cousin, Jimmie Laird. Laird is safe.

Two children to J. W. Biggar of this city, who himself narrowly escaped.

Edmonds of Pembroke-street.

W. Arthur Fullerton, son of W. F. Fullerton of North Pembroke-street.

Mrs. C. I. Post and her son, of No. 153 Fernwood-road.

Frank Orestia, bootblack of Yates-street.

Miss Minnie Robertson, daughter of ex-Ald. W. A. Robertson, who with his son, was also a passenger on No. 16, both of whom escaped with some bad cuts and serious bruises.

The Misses Brownes (two); their mother was with them on the car, but was among the few saved.

Ida Florence Goodacre, of Toocama, whose parents as well as her uncle, Mr. Lawrence Goodacre, reside in Victoria.

Funeral will take place on Thursday, at 3:30 p.m. from his late residence, 6 Dunbar-road, Rosedale.

are not considered by the average shoe seller. Hence corns, bunions and other foot distortions—the result of forcing peculiar shaped feet into set sizes and shapes of shoes.

The Slater Shoe—the shoes that wear exceeding well—are made scientifically—a scientific study of all kinds of feet—with Slaters' shoe making is an art. Which is why The Slater Shoe, with its strong iron-bound Goodyear Sewn Welt, fits all the people's feet all the time.

## PANTS TALK

The men of Toronto have set their seal of approval on our pants, as ever-increasing sales show. They have concluded that the cloth, the cut, the fit, the finish are good enough for them.

And what's good enough for Toronto men is pretty nearly good anywhere, for this city is noted America over as a city of well dressers.

No such collection of exclusive patterns is shown elsewhere—no other store would have for so many. Our pants selling justifies heavy buying—pieces—whole pieces—hundreds of whole pieces—and down to the lowest priced reliable—a happy union of wear and good looks.

The completed pants are without a skimp—sewn with silk in every seam—not a mite of trash in the whole get up—and are made to order only.

A nice tweed panting to order . . . . . 1.99 to 2.50  
A very fine worsted panting, imported goods, all wool, color guaranteed, neat, dressy patterns, fine stripes or checks . . . 2.99 to 3.50

No Verification Yet Received. The item in The World of Monday's issue, stating that news had reached the city of the death of a soldier at Johannesburg, South Africa, of William Gallagher, a former Torontoan, turns out to have a very different basis as a rumor, but so far nothing more substantial. It was also stated that the brother, Mr. John Gallagher, had received a telegram announcing the fact, but Mr. Gallagher, who resides at 27 Strand-street, City, is still in the dark as to news of his brother.

THOUSANDS SWIFT TO DEATH

(Continued from page one.)

Cyclone is moving rapidly almost due east.

Louisville, May 27.—A telegraph operator at Concordet, four miles south of St. Louis, says: A railroad man who walked from St. Louis, reports the city badly wrecked and hundreds of lives lost; street cars stopped; lights all out and everything in great confusion. He says several city buildings, including a hospital, are wrecked. Streets are almost impassable from debris and great volumes of water.

Carried Over a Mile. Sturgeon, Mo., May 27.—A cyclone passed five miles north of Sturgeon about 3 o'clock this afternoon. At Renick, three men were seriously injured, and a family of colored people were carried over a mile, two children being fatally hurt.

Two Towns Destroyed. Kansas City, Mo., May 27.—Renick, Randolph County, Mo., was blown away this afternoon, and several persons killed. Labadie, Mo., was also destroyed. Ten persons were killed at the latter place.

Box Cars Blown Away. Decatur, Ill., May 27.—It was learned from Wabash Railroad officials that about 5:30 this afternoon a terrible cyclone struck East St. Louis blowing away one span of the Eads bridge, and also the east approach of the same. Five hundred box cars in the yards were turned over and blown away. The Wabash and Vandalla freight houses were blown down, together with many other buildings, but as yet the particulars are meagre.

Eighty Children Killed. Rood House, Ill., May 27.—It is reported that eighty children were killed in a schoolhouse at Drake, near this city, by the cyclone.

All Employes Killed. Chicago, May 27.—Word was received by wire at the Union Depot to-night that the Vandalla freight house at St. Louis was blown into atoms and all employes at work inside except four clerks were killed.

Special Train for Doctors. Indianapolis, May 27.—The Vandalla started a special train from here filled largely with surgeons and newspaper men at 10 o'clock.

Forty-nine Killed. St. Louis, May 27.—Among the worst disasters in East St. Louis was the wreck of the Martell House, of which nothing was left but a heap of ruins. Up to 8 o'clock the people were known to have been engulfed in the ruins, among them Judge Faulk of Vandalla, who was killed, and Judge Hope, who was seriously injured. Both are in critical condition.

Among others killed are: David Sage, a well-known real estate man, and his wife. Their residence on Collinsville avenue was wrecked and both were crushed in the debris. Another building demolished was that of Philip Stricker on the corner of St. Louis and Collinsville-avenue. Mrs. Stricker, his wife and several children perished in the falling walls.

Among other buildings demolished were the National Hotel at the stock yards, the Clippert Hotel, the old railway depot and Bedding House and an old brick building near it.

The Vandalla freight house near the east end of the Eads bridge was completely demolished and a number of persons were down in the ruins.

The East St. Louis Journal was also destroyed.

Course of the Storm. Chicago, May 28.—From reports received by the United Press up to 1 o'clock this morning from Missouri, Indiana and Illinois cities the destruction and extent of the appalling cyclone are shown. The storm began its work of devastation and death near northeastern part of Missouri. It then passed southeast into Audrain County, where the school house at Rush Hill and its occupants were victims. The cyclone moved slightly north into Pike County, Mo., and then jumped the Mississippi River into Southern Illinois. The ladies seminary at Drake, in Green County, Ill., was struck by the tornado, which then passed south and east following the Illinois River until it joined the Mississippi, the greatest point of destruction being reached at St. Louis, East St. Louis and East Carondelet. The direction of the storm from that cluster of stricken cities then appears to have been in a southeasterly line through Illinois, but no basis of destruction has been received from Illinois towns east of Big River. The cyclone reached the Ohio River and struck Evansville, in the southwestern corner of Indiana. Later news indicates that the great storm is tearing a path through the heart of Indiana, in a southeasterly direction.

An Awful Death Roll. The latest reports compiled from the scene of destruction in the three states, point to the loss of over 700 human lives and the probability is that the total death toll will swell to enormous proportions.

According to places the death roll is divided as follows: In St. Louis, 300; East St. Louis, 300; Drake, Ill., 80; Rush Hill, Mo., 10; Renick, Mo., 5; Labadie, Mo., 10.

The number of injured is estimated to be in the hundreds.

Enormous Destruction of Property. Springfield, Ill., May 28.—From that that can be learned here the destruction of railroad property at East St. Louis and for many miles northeast is enormous. Officials of the Wabash and Chicago, Peoria and St. Louis have gone to the scene and wrecking trains are being sent down the line to repair the track, which is badly damaged from Carlinville southward. Bridges and culverts are washed away

DUNHAM'S AWFUL DEED.

A San Jose, Cal., Man Kills His Wife and Five Members of His Family and Escapes.

San Jose, Cal., May 27.—At Campbell, a small place six miles southwest of this city, last night, Col. R. P. McGillicy and wife, their daughter, Mrs. James Dunham, James Wells, a son of Mrs. McGillicy, a hired woman, Minnie Shearer, and a hired man, James Briscoe, were killed by James Dunham, a son-in-law of Col. McGillicy, who made his escape. About 11 o'clock a neighbor named Page heard shots in the direction of the McGillicy house. Almost immediately thereafter there came the sound of galloping horses on the country roads. Hurriedly dressing, Page proceeded to the home of the McGillicys, and was horrified to find the bodies of McGillicy lying in an out-house in a pool of blood. Entering the house he found the bodies of James Wells, who had been shot; Mrs. McGillicy and her daughter, who had been hacked to death with a butcher knife; the bodies of the hired man, James Briscoe, and the hired woman, Minnie Shearer, who had been shot; and the body of a young child, the child of Mrs. Dunham and the alleged murderer.

Page, finding that all were beyond help, proceeded at once to notify the authorities of this city, and was immediately telephoned to officers in all parts of the country to be on the lookout for the assassin. A large number of men left at once for the scene of the murder. Everyone seems to be in absolute darkness as to the motive of the crime. So far as known, Col. McGillicy and Dunham were on amicable terms, and if there was any family skeleton in the closet no one knew it. The murdered family was one of the best known in the valley, being members of the San Jose Grange, and prominently identified with the fruit business.

Dunham was last seen riding rapidly toward San Jose. The only person in the house who escaped alive was a baby one month old, the child of Mrs. Dunham and the alleged murderer.

DETECTIVE BUSINESS BRISK. Provincial Officer John Murray Has Many Irons in the Fire.

Government Detective Murray is a busy man these days. He has a number of cases in hand which are being coming on for trial, and he is working hard getting the evidence together.

Last week he went to Fort Stanley to ferret out a burglary case. The country around St. Thomas has been in the past few months been frequently started by bold robberies, to the perpetrators of which there were no clues. Recently a store keeper at Fort Stanley was relieved of \$70 by two masked men, who entered his place at dead of night with cocked revolvers and bullet-proof vests.

Mr. Murray was sent to St. Thomas to investigate the case and had arrested and committed for trial Ambrose Going, who is an Ontario Government constable at Fort Stanley, and one Leakey, a liverman of St. Thomas. The trial takes place this week.

Next week another of Mr. Murray's cases, Black, the burglar, comes to trial at Owen Sound.

To-day the detective and A. W. Campbell, the Highway Commissioner, go down to Lindsay to make plans of the scene and surroundings of the agency murder, which is to be tried by Mr. Justice Street in a few days.

Meantime Mr. Murray is awaiting extradition papers from Washington for the removal of St. Catharines of his Buffalo catch.

With Half a Million Capital. Robert Simpson, the big department store man, together with J. E. Campbell, Mary Ann Simpson, Arthur R. Parsons and Margaret Merritt, wife of Hamilton Merritt, are seeking incorporation as "The Robert Simpson Co., Ltd.," with \$500,000 capital.

The Sunshine Committee's Good Work. The Junior Christian Endeavor Society of the Broadview-avenue Congregational Church gave a floral concert in aid of the "Sunshine Fund," which sends flowers to homes distressed by sickness. There was a capital program of music, recitations and floral drills for the large audience to enjoy during the evening. The church was most tastefully decorated with flowers. The collection was a very liberal one.

Jumped the Track. But for the stoutness of the fence on the Don bank opposite Sparkhill-avenue, a Broadview-avenue car containing a number of passengers would have gone down an embankment of 200 feet in depth. The riders were badly frightened, but no one was hurt.

A Tomford Man in Hard Luck. Donald, a Tomford blacksmith, whose skill as a horse-shoer has been utilized at the Woodbine track the past few days, was relieved of \$30 by a pickpocket as he took his tools to the track.

Caught a Hungarian Count. Buda-Pest, May 27.—It is understood in society circles here that the engagement of Miss Wamaker to the son of John Wamaker of Philadelphia, to a Hungarian Count who attended the Wamaker party during their stay in this city, and who accompanied them to Carlsbad, will shortly be announced.

Board of Trade Notes. The Council of the Board of Trade met yesterday afternoon, and transacted routine business. Mr. Parkyn of the Lake of the Woods Milling Co. was elected a member of the board. Several delegates to the congress of the Chambers of Commerce at London will leave shortly. Mr. J. Kerr Osborne is the only delegate so far who has left.

Government Deputation. A deputation from the Trades and Labor Council consisting of Robert Glocking, A. W. Holmes, Charles March, John Huddleston, John Tweed, D. O'Donoghue, last evening waited upon Hon. Mr. Dryden to urge the publication by the Ontario Government of a labor report similar to that of 1893.

The Campaign in St. John, N. B. St. John, N. B., May 27.—Hon. William Fuglesy has been placed on the Independent ticket in this city in place of Ald. McRobbie, who declined to run. Mr. Fuglesy will contest the city and the other independent candidate, Mr. McLaughlin, will run the city and county.

The Statue Has Arrived. The bronze statue of "Canada" that will be erected in the Queen's Park in honor of those who were killed in the Northwest rebellion, arrived in this city yesterday. It will be exhibited at the show rooms of McIntosh Street, 522 Yonge-street, for a few days.

Dyspepsia and Indigestion—C. W. Snow & Co., Syracuse, N. Y., writes: "Please send me your medicine for dyspepsia and indigestion. My father has been troubled with these troubles for many years, but he has been cured by your medicine."

The Pickpocket's Arrest. Notwithstanding that nearly half a hundred suspects have been looked up by the police, reports of missing watches, diamonds and money are still being made. The crooks are not to be deterred. It is believed that the people will expose their valuables in most an impossibility for the police to protect them.

THE FIGHT IN CUBA.

Considerable Alarm Over the Increase of Hostilities From Santiago.

New York, May 27.—A special to the Herald from Havana says: Four vessels of the Spanish trans-Atlantic line in the Government service as transports engaged in bringing reinforcements to Cuba, have been armed as cruisers.

A new expedition of Cuban filibusters from San Domingo is reported to have successfully disembarked a week ago near Mayori.

Considerable alarm is felt in Government circles over the increase of mortality from smallpox which follows fever in the hospitals along the Trocha.

The Government has shipped 800 bicycles to Artemisa by rail. They are for the use of the engineer corps along the military Trocha.

If?

If you want to preserve apples, don't cause a break in the skin. The germs of decay thrive rapidly there. So the germs of consumption find good soil for work when the lining of the throat and lungs is bruised, made raw, or injured by colds and coughs. Scott's Emulsion, with hypophosphites, will heal inflamed mucous membranes. The time to take it is before serious damage has been done. A 50-cent bottle is enough for an ordinary cold.

DIXON ALIBI

Comes Up Again at Supreme Court Yesterday's Cases and Today's Lists. The time of the Court of Appeal all day yesterday was taken up with the hearing of the suit in which Mrs. Anna Hinds seeks to upset a deed and indenture of mortgage made by W. D. Wilson to his wife and father respectively.

On Oct. 18, 1895, Mrs. Clara Chambers of Agnes-street was robbed of \$200 and five rings. She blames the robbery on Joseph Smith, for the theft. He has been arrested and will be tried on Friday.

EAST OF THE CITY LIMITS.

Items of Interest 'Gleaned in and Around the Suburbs. Contractor D. Herron, who is erecting a two-story solid brick house on Main-street, East Toronto, found on his arrival at the work yesterday that portions of two of the corners and the upper part of a wall now shoulder high had been removed during the night.

Deputy Reeve Lucas of Little York had a conference with a committee of the Canadian Wheelmen's Association with respect to the levy of a tax for maintaining a cinder path. All the wheelmen seen were in favor of the idea.

BURGLARS WERE MURDERERS.

They Killed a Wealthy Castle Man in a Houston, Texas, May 27.—I. R. Baker, a wealthy and influential cattle man of this city, was found murdered this morning in the residence of his son, J. C. Hutchinson, where he had been living. The murder was a horrible mutilation. The motive for the murder was apparently robbery, as the room had been ransacked and two bundles of silverware were found tied up near an open window.

Wild Canadian Ceres.

Omaha, Neb., May 27.—Advices received here yesterday are to the effect that Cree Indians, natives of British Columbia, have crossed the border into Montana and North Dakota on their hunting trips, and are running off with cattle and destroying farm houses. No cases of bloodshed have occurred, but the settlers are greatly stirred up, and have called on the Government for protection. Troops "B" and "E" of the 10th Cavalry, located at Fort Custer, Mont., have been ordered to prepare for active service, and will be used to force the marauding redskins to leave the country.

Who is He?

An old gentleman, evidently from the city, wandered down east of the city limits last night where he was found by a constable. His talk was most incoherent, and he was cared for during the night by the authorities. He is a fine-looking old man, of about 70 years, with white hair, and dressed in a black frock coat, brown trousers and brown Christy hat, with blue tie and standing collar. His name is Smith, and that he lives at Burnt Island, wherever that is.

Mr. C. A. Jacques of the Merchants' Line was in the city yesterday.

The steamer St. Joseph brought 500 tons of coal from Oswego yesterday, and cleared again for the same port. The Lakeside is now bringing over strawberries from St. Catharines. Macassa had more freight at the dock yesterday than she could carry, and had also a big passenger list.

The coal trade is not promising, locally, owing to the continued high prices of coal at the mines. Schooners in yesterday were Enterprise, Highland Beauty, Lithophone, George Dow and Olympia.

On Oct. 18, 1895, Mrs. Clara Chambers of Agnes-street was robbed of \$200 and five rings. She blames the robbery on Joseph Smith, for the theft. He has been arrested and will be tried on Friday.

Judge McDougall has declared the will of Edward Haydon invalid on the ground that the deceased was not of sound mind, the evidence showing that Edward was a half-witted man and incompetent to transact any business for 50 years prior to his death.
