#### THE SPANISH CONSUL FOR BRITISH NORTH AMERICA HAS

#### CONFESSED—WAS HE THE VICTIM OF SCHEMERS?

Vancouver, July 22.—(Special.)—Captain Mellon, Spanish Consul for British North America, has been forced by the presence of the executive officer of the United States ship Bennington and a secret service officer of the Washington Government, to confess his schemes to aid Spain. The man is in a state of hysterics for fear that the Canadian Government will deal harshly with him. He said to a correspondent: "I'll keep back nothing. Two weeks ago I was appointed Spanish Consul for British North America, in compliance with a promise made at Madrid. I was instructed by official communication to buy several 15-ton cruisers and put them on the route between British Columbia and Manila. There was placed at my disposal unlimited capital. I was instructed to engage competent men to pilot and man the cruisers, and was expected to bring 2000 wounded soldiers from the Philippines, shipping them over the Canadian Pacific Railway via Montreal to Spain, and on the return trip to take provisions to the besieged—in all \$4,000,000 worth—to be bought at Vancouver.

"Western, the pilot, was offered \$8000 to act as pilot for two months, and Capt. S. S. Scott was approached and offered honors and wealth to go into the service of Spain, but planning the St. Michael treasure ships was not mentioned and not thought of by me until American papers published despatches to that effect. And the most

## "HOOGHISH AND HOGTOWN"

Ottawa Masons Dissatisfied by "Cheap John" Entertainment in Toronto

Arrangements so Poor That Delegates Had to Sit in Sweltering Hall, Without Even Ice-Water—Other News From the Capital.

Ottawa, July 22.—The Free Press has the following under the heading of "Hooghish and Hogtown": "The delegates to the Masonic Grand Lodge at Toronto have returned. A prominent Mason, speaking this morning, said that there was great dissatisfaction among the delegates over the cheap entertainment and the poor arrangements. The miserable treatment received made it all the easier for Ottawa to capture the convention for next year on the first ballot by a big vote. Eight hundred delegates were at Toronto, and so poor were the local arrangements, the crowd had to sit in the sweltering hall without a glass of ice water being provided. It is said that the Toronto delegates tendered the visitors a trip on the lake and charged them 50 cents, the ordinary fare, for the pleasure. The local brethren are determined that when the lodge meets here next year the visitors will get a taste of hearty Ottawa hospitality and be given what the Capital is such a favorite convention city."

## Whalers Icebound.

Rev. L. O. Stringer, Anglican minister, who is among the Esquimaux, writes here to say that of 11 whaling ships in the Arctic seas, that left for the west, only three got through last fall. The others were icebound.

## Denouncing Attacks.

Ottawa County lawyers passed a resolution denouncing the attacks of R. J. Wyckes, Q.C., on the bench and bar as unjustifiable, and asks that the Chief Justice of the Superior Court of Quebec take action.

## Being Settled Satisfactorily.

Mr. P. W. Resseman, general manager of the Gatineau Railway, stated to-day that the trouble between the Quebec Government and the Ottawa and Gatineau Railway for taxes is being settled satisfactorily and that the railway will not be troubled in any way.

## Nova Notes.

The clergy of Ottawa are practically unanimous in their opposition to Sunday street cars, but all are not opposed to the proposed plebiscite to be taken next January on the subject.

A deputation waited upon the Township Council of Nepean, which met yesterday, and asked that a bylaw be passed to prevent bicycle and horse racing on the roads of the township. The Council promised to do this at its next meeting.

The investigation into the scandal in the Public Works workshops is being continued. The proof foreman, Adams, contends that all work done for him was done after hours and paid for by him, and denies having removed anything except freewood.

Hon. Charles Mackintosh, ex-Lieut. Governor of the Northwest Territories, will make Ottawa his residence in future, and the headquarters of the British American Corporation, which Lord Dufferin is president and Mr. Mackintosh manager.

Latest advices received by the Government from the Yukon state that the true distance between Victoria and Dawson City has been reduced to eleven days by the recent trip of the Aurora, which took the route up the Yukon River.

## Tudhope Picnic at Orillia.

Orillia, Ont., July 22.—The largest picnic held in Orillia in years was given yesterday by the Tudhope Carriage Company to their employees and friends. Over 1500 people were carried by the steamer Strawberry Island, Lake Simcoe, where the annual outing was held, and enjoyed a very pleasant afternoon. Valuable prizes were provided for sports of all kinds, and every event was keenly contested.

## THE SPANISH CONSUL FOR BRITISH NORTH AMERICA HAS

## CONFESSED—WAS HE THE VICTIM OF SCHEMERS?

Vancouver, July 22.—(Special.)—Up to-day your correspondent has tried to gauge public opinion while at the same time giving publicity to all the evidence adduced so far by the authorities. To-day a brief statement of how the case is viewed by those within the mystic ring, designated the detective force, is given. The newest thing in the Napanee case is the coming of Holden. The World boarded the train at Kingston Junction and arrived in town with the prisoner, County Constable Sills and happy Detective Dougherty. At Kingston the prisoner and his guards had a square meal at the restaurant, and after getting on the train, occupied the smoking end of the first-class car.

## Fished With Holden.

Prisoner Holden was shackled to Constable Sills' strong left arm, though the coupling link was hidden by a cloak. Holden is a large man, a raw-boned, lanky chap. He looks about 50, is beardless and partially bald. He has a prominent nose and a lantern jaw. The set of his mouth denotes determination.

Since his arrival in town scores of persons have identified him as one of the tramps so much spoken of. One little country lad was heard to say: "That's the man I used to fish with last year."

Detective Dougherty, to whom much of the credit of the capture is due, is a splendid specimen of a physique he had been from his statement of the case, told to The World in the train, for the most part under a disguise of secrecy till a proper time, it appears that the detectives are sure they can fasten complicity upon Prisoner Ponton. "I can see how Ponton can escape," would express the impression conveyed. As to Holden, assigned Dominion Bank bill and certain rare coins were found in his possession. The bill numbered from 46140 to 46168. The coins comprised one five franc Belgian piece with three link marks on the

## THEY WERE ALMOST DEAD.

Children of Mr. Isaac LaRose Were Four Days and Four Nights Without Food.

Athens, Ont., July 22.—On Saturday last Mr. and Mrs. Isaac LaRose and family, who reside at the mouth of Donaldson's Bay, Chippewa Lake, went picking berries down the shore of the lake. Their daughter, 8 years of age, was left near the shore to care for a baby of seven months, while the rest of the family went up on the hills. That was the last seen of the girl and her little charge until this forenoon, when they were discovered in an exhausted condition by Mr. W. G. Parish. They were about five miles from where they had been left. Mr. Parish at once conveyed them to his cottage, where necessary resuscitation was given, and they were then taken by his steamer yacht to their nearly distracted parents. Considering that the children had been four days and four nights without food, wandering over the wildest section of the Chippewa Lake district, the preservation of their lives is wonderful.

A telegram from Kingston two days ago told of the supposed loss of these children. Readers will be relieved to know they are safe.

## VISITORS TO TORONTO.

Railway Agents' Convention Delegates Come to the City.

Buffalo, July 22.—At 9 o'clock this morning delegates to the Railway Agents' Convention and ladies went to Niagara Falls. After an hour of sight-seeing at the Falls, they will take the Gorge route to Lewiston and from there will go to Toronto, via the Niagara River Transportation Company. The party will leave Toronto in time to arrive at Niagara Falls for supper, after which they will return to Buffalo. This completes the program of the convention.

## Mailed "in a Box."

"Small boxes of cigars can be sent by mail, but the larger boxes go by express." It was not thought possible a few years ago that such a large volume of business in cigars could be transacted by mail. G. W. Munro says long. He had two years ago a box of cigars returned to him in a single though 75 per cent. of his mail orders leave the selection of the brand to his judgment. This week he sent many boxes to Muskoka.

## Railway News Agents in Town.

Some 100 members of the National Association of Railway News Agents, who have been in session in Buffalo, came over by the Chippewa yesterday and were delighted with Toronto. The party drove around the city in drag, provided by Messrs. Charles Brown and Bond, and then took tea at the Victoria Club. A number of lectures were made, after which the visitors were driven to the wharf again.

## Joseph Orde Discharged.

Barrie, July 22.—Joseph Orde, of Orillia Township, who stabbed his stepson Lawrence with a penknife early in June, was discharged to-day on suspended sentence by Judge Ardagh. The old man is 88 years of age, and during his imprisonment awaiting trial has given evident signs that he is not likely to live very long. The stepson, a young fellow, has quite recovered, and it seems, has conducted himself in a very gratifying manner towards the old man.

### He Was Coupled to Constable Sills on the Journey—A Raw Boned, Lanky Chap—Napanee People Recognize Him.

Napanee, July 22.—(Special.)—Up to-day your correspondent has tried to gauge public opinion while at the same time giving publicity to all the evidence adduced so far by the authorities. ## Will Not Be Brought to Napanee.

Mrs. Sauter will not be brought to Napanee, as it is claimed she had nothing whatever to do with the robbery, and is a different person from the notorious Mrs. Seymour. Her connection with the case is that she circulated the mis-signed bills.

The evidence taken at the last trial will form an important part of the Crown's case. Holden is lodged in the same corridor as Mackie. He does not recognize Holden, though the police say Holden said, "I know that man." Extra guards have been placed at night on the jail.

The money taken from Mackie on his arrest will be returned to him to-morrow. It is decided to secure bail in the case of Ponton, it can be raised in half a minute. The sum is waiting to be called for. A number of persons are being taken every day to the jail to identify the prisoners.

## ROSSLAND SPECIAL.

Job's Turned Over to the B. A. C.—West Kootenay Power Co. Supplying the Mines.

Rossland, B.C., July 22.—(Special.)—At a meeting of the Josie shareholders held to-day, the mine was turned over to the B.A.C. and payment made. The shareholders receive 20.35 cents a share. One hundred thousand dollars remains in Rossland, 32,000 shares being held here.

The West Kootenay Power Company is now supplying power to the mines, greatly reducing the cost of mining.

Chas. Gordon, general manager, after inspecting the principal mines and electrical equipment of the district, is highly satisfied with the power house, and is at once at the head of the mine, and expressed the utmost confidence in the future of the camp.

White Bear shaft is now 100 feet deep. Cross cut for the lodge has not begun, but the bottom of the shaft is in mineralized rock.

## ORANGEMEN ARE KICKING.

They Say the Ferry Co. Did Not Use Them Well on the Twelfth.

The Demonstration Committee of the 12th of July celebration held the final meeting last night in the Court Orange Hall, with County Master John Hewitt in the chair. The accounts of the recent celebration were passed, but the receipts were not so large as anticipated. It was claimed that the Ferry Company did not stand by their agreement in regard to putting out the electric lights, while the fireworks were in progress, and in regard to the accommodation for lodges at Hankin's Point.

Another item that found disapproval with the committee was the report of the games at Island Park, which appeared in The Orange Sentinel, the organ of the order. It was decided to refer it to the County Lodge. A sum of money was voted towards the presenting of a suitable gift to Mr. Williams, district secretary of East Toronto, for his work as chairman of the Games Committee.

## Society v. Liquor.

Notwithstanding the warm weather, a large number were present at the regular meeting of the Canadian Temperance League, in the W.C.T.U. Headquarters last night. A paper on "Society v. the Liquor Traffic" was read by Mr. A. Monkman, and was followed by a general discussion. The report of the recent picnic held at Island Park proved satisfactory, showing that nearly 100 members were present. A meeting will be held Aug. 13, when an entertainment will be given.

### Police Court Cases.

This morning Magistrate Jeffs held John Jones, grocer, \$5 for violating the Health Act by removing his child, who was suffering with diphtheria, from the General Hospital, without permission. His wife, however, said he would have done as Young J. Jones, who was charged with the boy, had he not been satisfied with the way the boy was being treated. Mr. Young said he was notified 2 a.m. that his boy was dying. He found him lying on a wet pillow. Mr. Young picked him up, carried him home and found he was dead.

### Disputed With Aldermen.

Merchants on King-street are disgusted with the members of the Finance Committee, who decided not to grant the Parks Committee \$1000 with which to buy the park. Dr. McMichael is coming in for an unusual amount of criticism, as is also Ald. Donald, chairman of the Parks Committee, who has been opposed to the scheme from the first.

### Minor Matters.

Major Gray, Government Engineer, was in the city today. He says he will have the old mill and crib work in the bay, which are dangerous to navigators, removed. Mr. J. Barnes (scratch) made the best time, 25.25, and this was as the record for the course. A meeting of the Times Trophy Committee was held to-night and it was decided to change the date of the race from Aug. 27 to Aug. 20, owing to the Dunlop race being held on the former date. Neither the Crown nor prisoner being ready, the case was adjourned for one week.

At the eastern terminus of the Kingsroad branch of the Toronto and Scarborough Electric Railway is a very fine view of the lake which is written "Scarboro Bluffs," with a smaller one underneath reading, "One of the finest views of the lake from the south." The representative of The World found a very good carriage road and bicycle path, and a very fair foot path on the side. This road is serpentine in construction, and is very shaded by the overhanging branches of the trees at all hours of the day.

The sign, "One minute to the lake," shows the time allowed those who ride wheels to reach that point, but for pedestrians, the time occupied would be nearer four or five minutes until you reach the high bluffs on the banks of the lake.

It was surprising to find at this point a lady large pavilion, provided with portable seats, and where for pedestrians, the sunbather once comes across nice shady nooks, where you could sit and read and enjoy the view of nature.

You get a grand view of the lake from this point, as the banks are only 75 feet high, and we were informed that there is a very nice cool breeze blowing from the lake. A short distance to the west is a fine rocky house, in which the caretaker of the "Scarboro Bluffs" resides and where any quantity of hot and cold water, soft drinks and ice cream can be obtained. Everything taken into consideration, this is certainly one of the prettiest and most interesting places in the city.

A pleasant trip on the electric cars, a few minutes' walk and a pretty park, with all the amenities at hand, the grand view of the lake and the many shaded walks certainly make it a very desirable place to which to spend an afternoon and evening.

## Our Mistakes

Do you ever make mistakes? Do we? Bless you! yes. We make them every week, perhaps every day. Sometimes we get too little of a good thing—sometimes too much. We win at losses, while we smile at profits—but however much we may win, "there is no mistake that can't be rectified by some price."

The plain shopping truth of the matter is we have certain goods we are going to sell next week—beginning Monday—with the lines named below. All the departments are stock-taking, and we don't intend to count these.

Now is the time for their selling, and we'll insure this result by making prices you'll be compelled to profit by.

Read the paper through. Search the stores through. The keener the competition, the more matchless in contrast will these appear:

## LAST PANT CHANCE.

The Success of Hobbervin Bros' Big July Sale—Next Week Closing Week.

The July pant sale that has been continued throughout the month with so much success by the Hobbervin Bros. Co., Limited, will be brought to a close one week from today. This sale has differed from ordinary clothing sales. This firm are not sellers of ready-made clothing. They are known as among the most skillful of merchants tailors, and during July they have been giving very special prices on pants, made to the measure of any man, and from some of the best materials in their large stock. Quotations have already appeared in our advertising columns. We may just say, as an illustration, that a pair of pants from good Canadian tweed is made to any gentleman's measure for \$1.05—the price heretofore \$2.00. In English worsteds or Scotch tweeds some excellent value is offered in made-to-order pants at \$2.75, goods sold regularly at \$3.50, \$4 and \$4.50. In more ways than one this enterprise on the part of this firm has done good. Where in midsummer working tailors often put in much idle time, the Hobbervin people have been able to keep the larger part of their working staff going steadily the month throughout, owing to the success of this sale. The company's stores are at the corner of Yonge and Richmond-streets, and 400 Queen-street west, with extensive work rooms on Lombard-street.

Wonderful Asthma Recoveries.  
Clarke's Kola Compound Officially Tested by the British Columbia Government, at the Home for Invalids, Kamloops, B. C., the Medical Superintendent, Dr. J. H. Long-Standing Cases Cured.

Many temporary relief asthma remedies have failed the past few years, been placed before the public, but until the introduction to the medical profession of Clarke's Kola Compound, nothing has been found to have any effect on preventing future attacks. The Medical Superintendent for the Home for Invalids in Kamloops, B. C., Dr. J. H. Long-Standing Cases Cured, has had probably the best chance in Canada to thoroughly test this wonderful remedy for asthma. He reports that on the three cases of asthma which Clarke's Kola Compound has been tried, in not a single instance did it fail to cure, and on one particular case a lady had been confined to her bed most of the time for nearly a year previous to taking this remedy, and less than three bottles have completely cured her. Over one year has now passed, and there has not been the slightest indication of asthma returning. Three bottles of Clarke's Kola Compound are guaranteed to cure any case of asthma. Over 500 cases have already been cured in Canada alone by this remedy. Sold by all druggists. Free sample bottle sent to any person. Mention this paper. Address The Griffiths & Macpherson Co., 121 Church-street, Toronto, or Vancouver, B. C., sole Canadian agents.

If you are troubled with asthma try Clarke's Kola Compound. It cures. All druggists refund the money if it fails to cure.

Chicago, July 22.—

Chicago wheat market again showed con-

in the session that Argentine shipments for

the corresponding period had failed off to almost nil, tend-

and the futures, and prices were further

advanced. But later on, when it was
