### Boy Meets Death Crossing Yonge Street—Second Youth Killed Playing Near Wedding Carriage—Two Narrow Escapes.

Fairmount, Va., Sept. 5.—Five persons were killed and about a score injured, some of them probably fatally, early today, when a trolley car on the Fairview line of the Monongahela Valley Traction Company collided with a freight car carrying building materials.

Two of the dead are young children.

## DISASTROUS FIRE IN CITY OF OTTAWA

### Fourteen Families Homeless—Horses Burned—Dairy and Rink Destroyed.

Ottawa, Sept. 5.—Fire which broke out at 3:30 this morning destroyed the Gladstone avenue rink, the Producers Dairy, Limited, stables, burning to death twelve horses, and a large amount of dairy equipment, and damaging, in some cases seriously, 22 residences.

The heart of the large block bounded by Gladstone avenue, Percy street, Bay street and Florence street is a smoking ruin today, and 14 families are temporarily homeless.

Mr. Thomas Askwith, who had ten horses partially destroyed.

In addition 22 tenants of surrounding houses suffered damages to furniture ranging from a few dollars to \$3,000.

One lady, Mrs. H. L. Starratt, 562 Gladstone avenue, fell in escaping from her motor and broke her leg.

The Gladstone avenue rink was well known, and many Stanley cup hockey matches were played on its surface. During the summer months it has been used as a roller skating rink.

### Horses Burn to Death.

The Producers Dairy is badly crippled in the loss of their equipment and stables. In addition to the 12 horses burned, the company lost 28 sets of harness, 27 wagons, 30 winter sleighs, 5 sets of sleighs under construction, one car load of bottles, one three-ton motor truck, one two-ton motor truck and a big quantity of lumber and forage.

The fire is ascribed to a smoldering cigar or to defective wiring.

## FARMERS OF YORK MARKETING GRAIN

### Wheat Brings \$2.40, Barley \$1.35 and Oats 80c at Local Points.

York county farmers are beginning to market their grain pretty freely these days, the relatively high prices, together with the absence of any other work on the farm tending to free deliveries. All the local elevators within a radius of 40 or 50 miles of Toronto report heavy receipts, and it looks as if the volume of business would increase from this time on. The farmers cannot slow, and they are marketing the grain and at good, strong prices.

At Unionville, Stiver Bros. report active deliveries of fall wheat, oats and barley. Wheat, clear of smut, and weighing 60 lbs. to the bushel, is bringing \$2.40; oats, 80c a bushel, and barley from \$1.30 to \$1.35. Extra choice grades for rush orders to the export market might command a little better prices. At Markham, Stouffville, Aurora, Uxbridge and Richmond Hill, practically the same prices obtain. The buyers do not say that these prices will last, but that it depends entirely upon the export demand, which is good. A feature of the Ontario market is the disparity between the Chicago and the local terminal prices. But even here they are getting nearer one to the other.

So far no phenomenally high yields of grain have been reported, but the general run is well above—the average wheat running up to around 30 to 35 bushels to the acre, oats from 20 to 30, and barley all the way up to 45 and 50 bushels to the acre. The elevator men report a good deal of difference in the quality of the wheat offered for sale, some of it grading higher than others, with the spring wheat, especially of the Marquis variety, averaging lower in weight and milling qualities. Harvest is about all over, but a few farmers are still unfinished.

## LOYAL OFFICERS IN IRELAND MUST NOT SUFFER A BETRAYAL

### Bonar Law Points Out Leniency Has Been Shown MacSwiney and Others.

### ANSWER TO LABOR

London, Sept. 5.—Replying to the Labor party's appeal in favor of Lord Mayor MacSwiney, Mr. Bonar Law, the government leader, addressed a long letter, dated Downing street, today, to the effect that the government's position was made clear in the premier's statement, Aug. 25, to which there was little to add.

Mr. Bonar Law proceeds to state that MacSwiney was one of the leaders of the Irish Republican army, who declared himself at war with the forces of the crown, and, according to his own written words in one of the seditious documents for which he was convicted, he and his followers had determined to pursue their own ends, asking no mercy and making no compromise.

Had he been taken at his word and dealt with as an avowed rebel, according to the universal practice among civilized nations, says Mr. Bonar Law, he would have been liable to be shot. Instead he was tried by a legally-constituted tribunal, sentenced to a moderate term of imprisonment, and given all the privileges of a political prisoner.

"To release such prisoners," asserts Mr. Bonar Law, "would be nothing short of a betrayal of loyal officers."

## ARREST ALLEGED SUITCASE THEIF

### Detective Takes Man at Union Station—Eight Cases Are Recovered.

Alex. Mackenzie, Alexander street, was arrested Saturday night by Detective Stewart, charged with stealing suitcases from the Union Station. Detective Stewart was standing at the main entrance of the station when he noticed a man put down his suitcase and walk to a telephone booth. A few seconds later, Mackenzie, who was reading a newspaper, walked over, picked up the suitcase and went towards the entrance to the railway tracks. Stewart ran after him and arrested him walking out of the lower entrance to Station street.

Eight suitcases, alleged to have been stolen by Mackenzie, were recovered by Stewart and are at present at detective headquarters waiting to be claimed by their owners.

## Extensive Raids by Sinn Feiners

Belfast, Sept. 5.—Sinn Feiners made extensive raids for arms Friday night in Cavan, Kildare and Dublin counties. Hundreds of weapons and large quantities of ammunition were seized by the raiders. Some owners were told that their guns would be returned when the state of the country became more settled.

The Jewish tabernacle on Townsend street, Belfast, was set on fire Friday night. The fire brigade fought the blaze under the protection of the military, but it is reported they were fired upon by snipers.

Insurance rates covering riots are now 10 per cent, owing to the disturbances.

## HYDRO SPEAKERS AT THE EXHIBITION

## BRITISH LABOR SENDS DELEGATES TO RIGA

London, Sept. 5.—In connection with the trades union meeting here tomorrow, the council of action met today and decided to send William Adamson and A. A. Purcell as the council's delegates to Riga to attend the Russo-Polish conference. This determination was reached in view of the appeal of the Socialist Labor party in Poland that steps be taken by the British Labor movement looking to an understanding of the Polish question.

## LABOR PARADE WILL ESTABLISH RECORD

### Participants to Assemble at Queen's Park for March to the Exhibition.

The enthusiasm which has characterized the final preparations for today's Labor Day parade promises that trade unionists will establish a new record for their annual holiday. The attendance in past years has averaged around the 8000 mark, but labor officials are optimistic that in the neighborhood of 100 per cent. increase will be today's record. Marshal H. B. Oakley is in charge of the parade, and has marshaled the various sections, Messrs. W. Locke, public utilities; R. H. Cox, metal trades; H. McGeevin, miscellaneous; W. E. Richey, textiles and garment workers; G. White, building trades.

The trophies given to the union with the largest percentage of members on parade and to the union designing the best float, have aroused a spirit of keen competition. The Carpenters' Brotherhood, in past years one of the least numerous of the unions, has declared its intention of contending for the attendance trophy. They decided to temper their enthusiasm in regard to the parade, however, and will confine their decorations to a banner of outstanding design. The Civic Employees' Union promises to be a serious contender for the float honors with seven entries. They are declared to be particularly novel in design, depicting phases of the work of the employees, education, domestic employes and exhibition employes.

### Big Athletic Program.

The athletic program featured by a prize list considerably augmented over past years. The electrical workers and also the machinists' union have arranged their own prize lists. The figure in the prize money by training teams of their most athletic members. The Painters and Decorators, however, declare that for national purposes of some of their "dark horses" will force the trained men to go every step of the way to beat them. Parades of the open events, and it is expected that some of the best talent in Canada will be attracted.

The prizes participating in the big parade have been instructed to assemble at Queen's Park at 9:30 a.m., and to be in position to start on the walk to the Exhibition grounds at 10 a.m. The route of the parade will be from a point in front of the Sir John A. Macdonald monument, at the heavy University square, south on University avenue to Queen street, west on Queen street to Dufferin street, east on Dufferin street to Exhibition grounds.

## LLOYD GEORGE NOT FEARFUL OF ATTACK

### Date of Return Journey Kept Secret Because of Threatening Messages.

Lucerne, Sept. 5.—The visit of Premier Lloyd George of Great Britain to Lucerne ended today. Accompanied by his suite of 24 persons, the premier left on a special train at 10:30 o'clock this morning for Zermatt.

The local authorities were present at the station to bid the premier. Godspeed, and two little Swiss girls presented him with Alpine flowers and asked him to return here soon. It is learned, however, that the prime minister will not come back to Lucerne, but will continue his journey from Zermatt direct to London. The exact date of his homecoming has not been made public, owing, it is said, to an increase in the number of threatening letters and telegrams received by the premier, which had led to fears that an attack upon him might be attempted en route.

The premier himself, it is declared, is not concerned over the alleged threats. It is also reported he may attempt to climb the Matterhorn from the Riffelalp, and that several Zermatt guides have been engaged for the venture.

## THE WOMEN TO MARCH.

Editor World: Why not have the women of Ontario have a procession in Toronto to protest against the extortionate price of sugar, invite the M.P.'s, the senators, the M.A., the mayor and council, Premier Durney and Attorney-General Haney to march in the procession and to speak from the steps of the city hall. Hardly Dewart also. The women are now voters.

## COST OF PRODUCTION JUSTIFIES INCREASE IN PRICE OF MILK

### Provincial Committee Presents Interim Report of Its Investigations.

### MINISTER APPROVES

The interim report of the committee appointed to look into the cost of production, has issued its report and finds that an increase in price is justified. The report is exhaustive and contains an amazing amount of figures to show just what the farmers' expenses are. The minister of agriculture, Hon. Manning Doherty, in handing out the report, issued a statement in connection with the findings of the committee. It is an analysis and explanation of the committee's report, and carries with it the minister's personal stamp of approval. It is as follows:

"There are one or two points brought out in this report to which I would like to call attention. The report was, of course, prepared with a view to giving information on the cost of production in the province generally, and not in any one locality, but in view of the controversy which has developed in connection with the price of milk in Toronto, the figures for York county are of special interest.

### All-Year-Around Cost.

"It will be seen that the committee finds the cost of production of an eight-gallon can in York county to be \$2.96. Two things should be kept in mind. (Continued on Page 7, Column 3).

## THIRTEEN THOUSAND ATTENDANCE GAIN AT TORONTO EXHIBITION

### Saturday's Figures Break All Records Except on Holidays—Labor Still Holds Palm and New High Mark Should Be Made Today—Hydro Day Success.

EXHIBITION ATTENDANCE.		
	1919.	1920.
First Saturday	19,500	57,500
First Monday	104,000	56,000
First Tuesday	97,000	125,500
First Wednesday	115,000	72,000
First Thursday	71,500	73,000
First Friday	62,000	65,000
Second Saturday	117,000	130,000
Six days	602,000	579,000
*Decrease.		

Saturday's attendance at the National Exhibition broke all records except on holidays, the number paying admission totaling 130,000. This was a gain of 13,000 over the figures of a year ago, and 8,000 more than for the corresponding Saturday two years ago.

The record for all years is held by Labor Day last year, when the attendance was 139,000, and given fair weather, there is every expectation of equalling, if not exceeding, the record today. The labor men will be cut in force with their families, and the holiday will free the business man again between six and eight o'clock. So visit the big fair.

Ideal Exhibition weather was provided for Saturday, and the masses of people simply rolled thru the gates before seven o'clock, and as the evening progressed, ten or fifteen thousand more crowded on to the lawn in front of the stand. At the same hour it was quite difficult to get along the midway which was almost a solid mass of humanity. All (Continued on Page 2, Column 1).

## ITALIAN WORKERS SIEZE FACTORIES

### Government Recognized Seriousness of Situation in Several Cities.

Paris, Sept. 5.—Dealing with the situation created by the seizure of factories by the metal workers in several Italian cities, a Havas agency despatch today says:

"The government is anxious of the continuing to refrain from regarding the present demonstrations too gravely, retaining confidence in the good sense of the workers, and the conciliatory spirit of the employers.

"In Milan the police drove off a party of workers which was attempting to seize control of a factory.

"The employers and workers at Viareggio have reached an agreement, and work will be resumed immediately."

### Sunday Passes Quietly.

London, Sept. 5.—Sunday passed quietly in Italy, according to a Stefani Agency despatch from Rome. Many of the metal workers remained in the factories, but in pursuance of an understanding between the Lithuanians and the Russian Bolsheviks. They stated that the Lithuanians have crossed the Curzon line, the tentative Polish boundary drawn by the allies, without declaring war.

With regard to the fighting between the Polish and Russian soviet forces, the statement announces that between Wlodow and Dubienka, on the centre of the front, the Russians launched an attack with the intention of forcing a crossing of the Bug, but were repulsed. It is asserted that the Poles have learned that at Berzecz the Russians were compelled to fight under the pressure of machine guns from the rear.

In the region of Belets, on the old Galician border, southeast of Zamoce, the Poles are advancing steadily breaking the soviet resistance.

To the east of Lemberg, the Poles have occupied the railway junction of Krusne (midway between Lemberg and Buczyn) after hard fighting.

Seiny Occupied.

Paris, Sept. 5.—Lithuanian forces have occupied the town of Seiny; it was reported in advance to the French foreign office today. The foreign office explained that the dispute between the Poles and Lithuania regarding the occupation announced is an incident, arising from the fact that the recent peace treaty between the Moscow and Lithuania stipulates that in conflict as regards national boundaries with the line laid down for Poland by the allies when they tentatively defined the Polish frontier last December.

## NEWEST IMMIGRANTS EMBARRASS OTTAWA

### Chief Trouble With People From Central Europe Who Break Regulations.

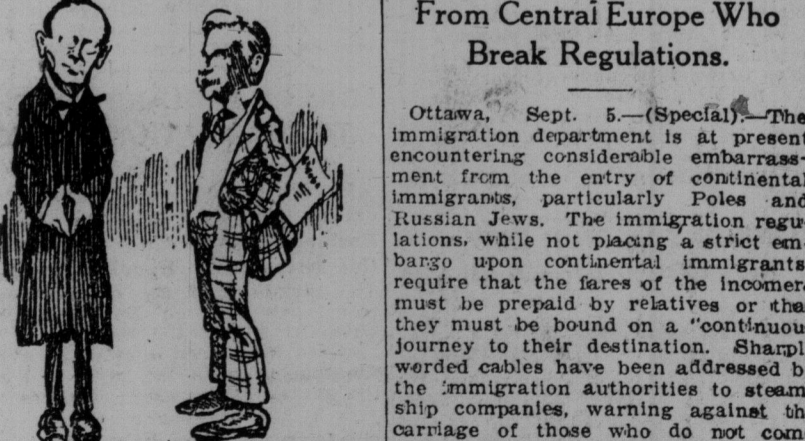

Ottawa, Sept. 5.—(Special).—The immigration department is at present encountering considerable embarrassment from the entry of continental immigrants, particularly Poles and Russian Jews. The immigration regulations which govern the entry of immigrants upon continental immigrants, require that the fares of the incoming must be prepaid by relatives or that they must be bound on a "continuous journey" to their destination. Steamship companies have been advised to warn immigrants against the carriage of those who do not come within these regulations.

### En Route to United States.

It has been found that many of those would-be immigrants have endeavored to enter the United States via Canada and to avoid the restrictions in force in that country. Many such have been sent back and the steamship companies have been warned to handle incoming of the class at their own risk.

### NEW FEATURES AT TORONTO THEATRES

Billie Burke Comes to Loew's May Robson at the Princess.

Unequaled vaudeville and a wonderful photoplay are features of this week's presentations at the new Pantages million-dollar theatre. Exhibitions by most not least Toronto before seeing this luxuriously-appointed new theatre. The suite of furniture used by H.B.H. the Prince of Wales, and located on the mezzanine floor, is just one centre of interest. An excellent program includes "Past Present and Future," a clever comedy; "The Great Leon & Co.," an exposition of Hindu magic; Charles O'Connell, the pianist; Ed Blondell & Co., Mary Ann and the Three Sons of Jazz. Dorothy Dalton, in "Guilty of Love," is the Paramount-Artcraft picture. The Pantages Editorial Review and a Hank Mann comedy are extremely good. There are two entrances—one on Yonge, and the other on Victoria street. The latter is a convenience to motorists. Pantages opens at 12 noon.

May Robson at Princess. The many admirers of May Robson, the talented comedienne, who has been here in the dramatization of "The Saturday Evening Post's" story, "Fish," will welcome the news of her coming to the Princess Theatre this week in her latest and greatest success, "Nobody's Fool," the new and original comedy, which was written especially for her by that well-known dramatic critic and brilliant writer, Alan Dale. Miss Robson, who has made so many big hits in her former successes, "The Rejuvenation of Aunt Mary," "A Night Out," "Martha By the Day," "The Making Over of Mrs. Mat," "A Little Bit Old-Fashioned," and others (too numerous to mention, believes that in "Nobody's Fool," which is in three acts, she has a comedy that, in theme, treatment, originality, bright lines and sparkling situations, far surpasses any of her previous attempts. Augustus Pitou (Inc.), under whose management Miss Robson has appeared for the last few seasons, has given Miss Robson an excellent cast of supporting players and the play most elaborate mounting. "Chun Chin Chow." Commencing with a matinee today at the Royal Alexandra Theatre, "Chun Chin Chow," the gorgeous spectacle of ancient Bagdad, will enter into its second and last week of its local engagement, and incidentally it will be the farewell appearance in this city of this spectacle of the Arabian Nights, that for five seasons has been the talk of London. Marjorie Woods, Eugene

Cowles, Don Fernandez, Albert Howson, Henry Latimer, Roy Cropply, he of the beautiful lyrical tenor voice, again head this mammoth spectacle, which numbers nearly three hundred people, while the costuming affords a color scheme that displays the most wonderful rainbow-like effects. The curtain for all performances will be, evening at eight and matinee, Monday, Wednesday and Saturday, at two o'clock sharp.

"Sinbad" at the Royal. Al Jolson in the Winter Garden's whizzing, sizzling cyclone of laughter, the already famous oriental travesty, "Sinbad," will be the attraction at the Royal Alexandra commencing next Monday evening. Never before in the history of the stage has there been an artist who approached the present popularity of the incomparable and inimitable Al Jolson. He has been appearing in this extravaganza during the past two seasons and during that time has performed in but eight cities outside New York. The story of "Sinbad" takes us back to old Bagdad, where we discover all our old friends of the Arabian Nights, and more particularly Inbad the Porter, impersonated by the delectable droll and dynamic comedian, Jolson. Seats will be placed on sale Wednesday morning at 9 o'clock.

Last Week for "The Dumbells." This week marks the closing of one of the most notable theatrical engagements in Toronto, for "The Dumbells," the famous soldier organization, have found it impossible to further extend their visit and will commence their second trans-Canada tour. Opening with a holiday matinee today, the boys will present "Biff, Bing, Bang," the revue that has been the talk of the town for weeks and the show that everyone wants to see. It is without question the most enter-

taining offering shown in Toronto for years, and that it is appreciated by theatre-goers is evidenced by the capacity houses at the Grand throughout the entire engagement. There is an atmosphere of novelty in the production that appeals to all classes, and the various acts are presented with an artistic finish that is thoroughly enjoyable. During the closing week, besides the matinee today, the regular Wednesday and Saturday matinees will be given.

Big Bill at the Strand. The bill at the Strand Theatre this week is one which will grip the attention of Toronto movie fans. The feature photoplay is the super-special production made by Paramount. Artcraft—"The Sea Wolf," the great sea story of adventure and love by that master author of red-blooded romance, Jack London. It is full of big, thrilling scenes, including a sensational collision of ships, a mutiny at sea, and a dramatic wreck. The love story is one of tremendous power. An elaborate prolog, staged by Mr. John Arthur, is a striking added feature. Another attraction, sure to delight everybody, is "Mr. Jiggs in Society," from the comics which make us all laugh so much—"Bringing Up Father."

At Loew's His Week. Billie Burke is seen in a boydenish role that recalls Mary Pickford or Dorothy Gish, in "Awa' Goes Prudence," this week at Loew's Young Street Theatre and Winter Garden. Homer Lind, the eminent character artist, assisted by Leah Carrie Lind, in "The Singing Mates," toplines the vaudeville, which also includes Swain's performing cats and dogs; Little Caruso & Co., Mumford and Stanley, Hallen and Goss, and Gordon and Gordon. Loew's Pictorial Review and the "Mutt and Jeff" animated cartoons complete the program.

"The Prince Chap" at the Regent. The indiscretion of small children often cause embarrassment to their parents and others. In "The Prince Chap," the picture at the Regent Theatre tells the story of the innocent words of a little girl cause what appears at the time to

be a tragedy of the heart, but which later turns out for the best. Following their engagement in Toronto "Prince Chap" is declared to be a photoplay of more than ordinary appeal. It is the story of a sentimental sculptor in the Soho district of London, where the struggling artists live and work. At the death of a model, he becomes the guardian of her little child and his life becomes charmingly bound up with that of his girl-ward as she blossoms into womanhood. Thomas Melghan takes the role of the hero, and Lila Lee, Theodore Kosloff, Kathryn Williams and Lettie Forrest are also in the cast. Olga Printzlau adapted the story from Edward Peple's famous play.

Burlesque at the Star. Few people who are acquainted with burlesque and its big personalities will need any coaxing to go to the Star Theatre this week when they learn that Peck and Jennings' spectacular production, "The Jazz Babies," with Mickey Markwood, Jake Kennedy, Don Clark, John Kane, Rena Vivienne, Dolly La Salle, Bonnie Lloyd and a dozen others too numerous to mention, will be the attraction for the week. This spectacular production excels in every department of recognized burlesque and even runs over the edges by offering such extras as vaudeville de luxe, novelty numbers and special scenic and electrical features, unknown to other burlesque offerings.

The Moffats Are Coming. Playgoers who remember "Bunty pulls the Strings" will be interested to know that the author of that delightful play, Graham Moffat, has written what he calls a new Scottish comedy of Glasgow life, the title of which is "Don't Tell." The rights to the new play in the United States and Canada have been acquired by William Morris, the manager of Sir Harry Lauder's tours, who announces that he has induced Mr. and Mrs. Moffat, the original Scottish cast and production to come here and appear in Mr. Moffat's newest comedy, which will be produced at the Princess Theatre for two weeks, commencing Monday evening, Sept. 13. Following their engagement in Toronto Mr. Moffat and his Scottish company will go direct to New York for their first appearance in the United States.

At the Alhambra. Robert W. Chambers' greatest novel, converted into a magnificent photoplay of the same name, "The Fighting Chance," is the feature attraction for the first half of Paramount week at the Alhambra Theatre. The story is a mighty one, with numerous startling climaxes. One is thrilled, for instance, by the under-water scene, especially the Kiss. There are other striking features, notable among which is the music by the Alhambra Concert Orchestra.

Alice Joyce at Madison. For the first half of the week, with matinees at 2:15 and 3:30 today, Alice Joyce will be seen at the Madison Theatre in "The Grey," a sensational story of tangled lines.

SALVATION ARMY NOTABLE SERVICES

Crowds at Massey Hall—General Booth for oronto in October.

Three great meetings were held in Massey Hall under the auspices of the Salvation Army yesterday. In the morning Commissioner W. J. Richards preached an eloquent sermon, and there was a special character. The afternoon meeting took the form of a musical festival, and in the evening Commissioner Mapp, a distinguished Salvationist from London, preached.

All three services were under the command of Commissioner Richards, who, in turn, was assisted by Mrs. Richards, Col. John McMillan, chief secretary, and Brigadier Des Brisay. On each occasion the hall was well filled. Salvationists throughout the city, adherents and visitors here for the Exhibition, were among the congregations, and it was an inspiring day for all.

Three hundred bandmen took part in the afternoon musical. The selections with bands massed, were splendidly rendered, and Riverside, Yorkville, Dovercourt, Wychwood and West Toronto bands each gave special numbers, one that was especially noteworthy being the rendition of the "Hallelujah Chorus," by the Dovercourt Band.

The Earlcourt and Chester songsters sang a recitation, "Faces in the Fire." It was announced that General Bramwell Booth will be in Toronto October 23 to November 4, to conduct the annual congress.

Through a series of unusual arrangements Simpson's secured first choice of the accumulated seconds in various underwear factories, with the result that thousands upon thousands of selected garments are ready now, right at the start of the Fall season, at prices that are amazingly low. Low prices in themselves mean little, but when combined with such fine qualities as here offered they represent the last word in economy. See the window displays and judge the values for yourself.
