RECEPTION IN HONOR

OF MARGARET ANGLIN

Leading in social interest on Thursday last was the reception which Mrs. Julia Ward Howe gave in the afternoon at her residence on Beacon street, Boston, in honor of Miss Margaret Anglin, now appearing in the dramatized form of Mrs. Margaret Deland's story of "The Awakening of Helena Richie." Mrs. Deland like Mrs. Howe, who is her warm personal friend, and she received with Mrs. Howe and Miss Anglin, who was accompanied by her sister, Miss Ellen Anglin, and her manager, Louis Netherole, brother of Olga Netherole.

Everyone Thought She Was Going Into Consumption.

Gained Ten Pounds in Two Weeks by the Use of Burdock Blood Bitters.

Mrs. Fred Biggs, Kingston, Ont., writes: "I was completely run down, my blood was out of order, and I used to get so weak I would be compelled to stay in bed for weeks at a time. I could not eat, was pale and thin; every one thought I was going into consumption. I tried everything and different doctors until a friend advised me to use Burdock Blood Bitters. I did not have one bottle used when my appetite began to improve. I used six bottles, I gained ten pounds in two weeks. When I began to take it I only weighed ninety-three pounds. It just seemed to pull me from the grave and I never expected to be so strong again. I tell every sufferer of your wonderful medicine."

The blood reaches every portion of the body to distribute nutrient and remove effete matter and waste products. Clearly then, any influence, good or bad, affecting the blood, must necessarily affect the entire system for good or evil as the case may be.

Get pure blood and keep it pure by removing every trace of impure morbid matter from the system by using Burdock Blood Bitters. It exerts a curative influence unapproached by any other remedy.

For sale by all dealers. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

LONDON SLOWNESS

Haste in Church Building Contrasted With Bridge Making

London's slowness in building bridges across the Thames as compared with her readiness to build churches and taverns with a favorite theme of the writers of the eighteenth century. At a time when her population was well over 1,000,000 and her homes lay for miles on each side of the river she was apparently well content with her one London Bridge.

WHEN BRITAIN HAD NO DEBT

William III. Theme of J. M. M. Duff Before St. James Literary Society, Montreal

(Montreal Gazette)
 Great Britain without a national debt would seem strange today, yet only three centuries have passed since the date of her first liability. This fact was recalled by J. M. M. Duff in his lecture on William III. before the St. James Literary Society last evening. Before William stepped on British soil, England was in the position of complete immunity from foreign financial obligation. She had not even the Bank of England writing in the middle of the nineteenth century.

NOTHING SUCCEEDS LIKE SUCCESS

It is a glad and proper thing to be the originator of a proved success. The title that has come out on to the public taste may be less than your finger-nail, or bigger than your whole body—size doesn't count—nothing beats counts but this; that you have worked your way to the discovery of a commodity that supplies a known and felt want, and that a great wide-eyed public have unanimously taken up your new production and made it a success.

SPEECH RESTORED

AFTER 11 YEARS
 (From the London Evening Standard.)

A remarkable case of a dumb woman recovering her speech was reported from Leeds. For eleven years Mrs. Ada Collingwood, the wife of a carpenter, had not been able to utter a single word. A fortnight after her marriage she lost a paralytic seizure which left her speechless. Doctors and specialists were consulted, but from none of them did she derive any benefit. A few mornings ago, however, Mrs. Collingwood after a fortnight's illness, in bed, suddenly uttered the word "the" and slowly but surely she is recovering her voice.

A Mother's Anxious Time

Promptness Saved Her Child

"My daughter was in the last throes of her high school work when it suddenly and forcibly dawned upon me that her little cough had been hanging on, even in spite of the warm weather. Looking at her anxiously for a fear had come into my mind, I saw she had grown pale and a lot thinner. It seemed queer I hadn't noticed it all long before, but, you see, I counted on it wearing away. What an awful relief for parents to take! Of course, I didn't tell her how anxious I was, but I watched the effect of Ferreroze with the utmost anxiety. My girl seemed so slow to improve, and the first two weeks seemed like a year. By this time not even the first box of Ferreroze had been used up, still she had greatly improved appetite, and her progress after that was splendid. When the weather improved she walked a lot and gained steadily in vigor and weight. The backing cough disappeared and with it every trace of weakness. I know of no tonic so nourishing, strengthening, so beneficial for growing girls, as Ferreroze."

Treasurer's Report

The report of the treasurer was as follows:
 President, Gentlemen:
 In presenting this, the third annual financial statement of the Every Day Club, I am glad to express my sincere appreciation for the progress the club has made and I believe you all will be surprised to note the amount of work the club has accomplished during the past year.

One year ago we opened this new club room with a big debt against us, and began a new year, most of us with some misgivings as to the outcome. Under the leadership of our president most of you know how the work has prospered in all its branches, and while we have had many ups and downs during the year, we can look back with a great deal of satisfaction at the work accomplished.

While this statement will show that a large amount of money has been received and expended during the year, certainly the good fellows, its officers and members, have been such that to carry on our work successfully, these expenditures had to be made. Some, such as the fitting up of a new hall and the erection of the grand stand on the grounds, will not have to be thought of during the coming year, although a large amount of money was received in connection with that account. The total amount of money received during the year, including the balance on hand on November 1st, 1908, of \$102.23, is \$2,084.46, from the following sources:

Balance, Nov. 1, 1908	\$102.23

Of this amount \$650,000 is announced as Yale University for the purchase of a tract of land in New Haven, of which the university has been striving to get possession for years. Coincident with the announcement of the Yale gift, it is learned that the American Bible Society has won in its race against time to win the \$500,000 endowment offered to it by Mrs. Sage on condition that the society raise an equal sum.

FIRE IN CAFE

MARTIN; WOMAN BADLY BURNED

Swell Dinner Party Routed By Midnight Flame

Mrs. Ellis' Fiimsy Dress Feeds Flames and She Falls to Floor

New York, Jan. 3.—Just as the lights were turned out two minutes before midnight in one of the private dining rooms at the Cafe Manhattan, a party of twelve were awaiting the coming of the new year, flames burst out in a second and caught the dress of Mrs. Charles E. Ellis, of No. 210 West Fifty-sixth street.

When Dr. Thompson, of Bellevue, arrived, he found that Mrs. Ellis was so seriously burned about the face, arms and breast that her condition was serious.

The names shot out of the window of the room, which was on the fourth floor, and were seen by Policemen Melnickoff and Block in the street. Block started for the corner to see an alarm, but Melnickoff shouting: "Don't pull that box 'till I tell you," rushed into the building and up the stairs.

When Dr. Thompson, of Bellevue, arrived, he found that Mrs. Ellis was so seriously burned about the face, arms and breast that her condition was serious. He applied lotions at once and succeeded in assuaging the pain to some extent.

GRAMPIAN'S TRIP ROUGH

The Allan liner Grampian, which arrived yesterday afternoon, had a very stormy passage from Liverpool. She brought thirty-three passengers and 2,350 tons of cargo. While the steamer was making the passage, an interesting romance was being enacted on board, as a result of which, two of the steerage passengers, Miss Lottie Jensen and J. H. Parsons, were married before the steamer touched at Halifax.

JEFFRIES MAKING \$3,000 TO \$5,000 A WEEK ON HIS TOUR

Nice Money Coming in Before the Big Fight—Wol-gast and Memsic This Week—Bowling, Turf, Baseball and General Sporting News

James J. Jeffries is earning between \$3,000 and \$5,000 a week on his present tour of one-night stands, despite the fact that he and Berger have not been allowed in many cities, including Chicago, to put on their sporting exhibitions, exactly the same exhibition to which no objection was made when they toured the vaudeville and music hall circuit.

This golden harvest for Johnson's future opponent is the result of an exceedingly liberal percentage contract, which, according to those close to the Jeffries camp, yielded the big Californian an amount exceeding \$3,000 on the poorest week of the tour, and more than \$5,000 on the best week, with an average around \$4,000.

On Friday night in Los Angeles Ad Wol-gast, the Thumping Dutchman, will take another whirl at a tough opponent in George Memsic, the crack lightweight, who was the "gift champion" under the name of Jimmy Burns.

Wol-gast is expected to be the man of the hour on Saturday night, but does not appear to have a faculty of stopping his opponents as Terry did. He wears them out, however, as does Nelson, whose title he is after.

Another good bout slated for Friday is that between Sailor Burke and Frank Klaus. If the affair comes off it will be the severest test Klaus has yet been put to. Burke is a more direct driver than Parke, with whom Klaus boxed in 1905.

On Wednesday Max Baker vs. George Alger, Apollo vs. Salem, Dick Nelson vs. Frank Madden, Lymanville, Hugh McGinn vs. Mike Lansing, Lockport, N. Y., Thursday—Edith M. Murphy vs. Young Otto, Unity A. C., Lawrence; all star slow, Long Acre A. C., New York, Charles Jennings vs. Jack Pembroke, Philadelphia.

Friday—Peter Sullivan vs. Bird Legs Collins, Ogden, Utah; George Memsic vs. Jack Young, Los Angeles; the Alamo, San Antonio, Tex.; A. C. bouts at American A. C., Boston; Frank Klaus vs. Sailor Burke, Pittsburgh; Frank Perin vs. Dick Nelson, Manchester, N. H.

The turf lot of baby trotters and pacers had birthday anniversaries last week, for in the light harness world each New Year's day adds a year to the age of the youngsters, and the older horses to will.

That notable band of 3-year-olds, headed by Carezina (2:07 1/4), Soprana (2:08 1/4) and Baronesa Virginia (2:08 1/4)—easily three feet into the 1910s—ever out in a single season—are now all 4-year-olds.

Native Belle, whose mile in 2:07 3/4 at Lexington last October was the making of a decade in trotting circles, is now a 3-year-old, while little Miss Stokes, driven to a new world's yearling record of 2:10 1/4 in the 2-year-old division, last September, slips into the 2-year-old division.

It remains to be seen whether the crop of 3-year-olds will do as good a job as competed in the 2-year-old division of the futures and stables during the campaign of 1909. At first glance it seems rather unlikely—almost improbable. Yet in Native Belle the 3-year-old division will have a fully fully three seconds faster in a mile than any other horse ever known.

Assuming that she trains on establish-ment, Native Belle bids fair to establish world's records in the 2-year-old division that shall cause us to pass from the boards the 2:06 3/4 of Glen Waties to 1:07 and the 2:07 1/4 of Carezina in the season just closed.

It is undoubtedly true that the presence of Native Belle in this 2-year-old division will keep out of the fields a number of good colts, whose owners evidently believe in the old saying, "of the better, but if a horse is good enough to win a race he isn't good enough to win second place. With nothing more than the 25 per cent, and of the money at stake, it is doubtful several owners will undoubtedly drop their stakes payments, where they would stay in had Native Belle been shown to own half a second at Lexington, where she stepped the middle-half of her mile in 1:02.

Ed Geers is wintering thirty-five horses. The grand circuit stewards will meet in Detroit Jan. 1.

A. W. Jackson of Boston is making every effort to save his 17-month-old son of Diereum Miller (2:05 3/4) and Mazie Sidney (2:16 1/4), which recently broke a hip. The colt was considered a great racing prospect.

The Able, 3 (2:19 1/2), trotting, has been a mile in 2:10 again, but at a minute clip, for Ed Geers down in Memphis. This horse is owned at Ideal stock farm, East Aurora, N. Y., and is a brother to the Abbott (219 1/4).

About thirty friends of Miles A. Thorne called at his home in Waterloo street last night and gave him a very pleasant surprise by presenting to him a valuable gold-filled fountain pen. The presentation was made by E. M. Stockford and Mr. Thorne replied in a happy vein, though greatly surprised. An enjoyable time was spent in games and music, and a little after midnight the gathering dispersed.

TWO MONTHS IN JAIL OR PAY \$20

In the police court this morning Albert Salomon, a sweeper, was fined \$20 on a charge of using obscene and abusive language to William Davidson, chief officer of the S. S. Mount Temple, yesterday afternoon, and also with assaulting Thiel Ois, a sailor. The prisoner denied the charge. Both complainants testified that the defendant had come aboard the steamer under the influence of liquor, and had used language which was not fit to repeat, both to the chief officer and to the second officer. The assault on his fellow sailor is supposed to have been caused by a quarrel which occurred in the forecastle. A fine of \$20 or two months' imprisonment was imposed on Salomon.

Edward McCreist and John Sheehan were fined \$4 each on charges of drunkenness.

Frank Garson, reported for selling junk without a license, said he had not sold any. Detective Killen said that he could bring witnesses to prove the charge, and the case was adjourned.

WOMAN TO BE SENT TO MUNICIPAL HOME

In the police court this morning Mary Burke was sentenced to an indefinite period in the Municipal Home, on a charge of being a common vagrant. She was sent to the home some time ago by Judge Ritchie, but she has been at liberty until yesterday when she was placed in custody by Detective P. P. Killen. The condition of the woman is serious.

She is the mother of the young colored boy who was found a few weeks ago in the early hours of the morning in the street and taken to the police station for protection. At present the lad is in the Municipal Home, where his mother will now join him.

DOWNIE IS FREE FROM PRISON TODAY

Principal in Simms Case Released on Ticket of Leave and Goes to Home in Albert County

Herbert Downie, the principal in the sensational robbery in the office of the T. S. Simms Co. early last year, who, after a trial which commanded a lot of attention, was sentenced to spend two years in Dorchester penitentiary, was released from that institution this morning on ticket-of-leave, and left for his home in Albert county.

Soon after Downie was sentenced, efforts were begun to secure his release, and a largely signed petition was sent to the minister of justice. Later Mr. Archibald, the dominion parole officer, was sent to Dorchester to report on Downie's case, and it was said at that time that Downie would likely be freed after serving six months or so. The order for the young man's release comes from the minister of justice.

It will be remembered that Downie reported that at the noon hour while he was alone in Messrs. Simms' office, where he was employed, two men entered and chokelined and gagged him and stole \$1,200. His story was early doubted, and the missing money was found in a box under the typewriter desk. Downie to the last protested his innocence.

TRIBUTE BY BAND TO JAS. CONNOLLY

City Cornet Presentation of \$200 to Popular and Energetic President

At a special meeting of the City Cornet Band on Sunday afternoon last in the rooms in King street east, the members of the organization remembered their president, James Connolly, with a purse containing \$200 in gold, in recognition of the many services he had rendered the band during his term as president and as a member.

The presentation was made by D. J. Gallagher, who read an address in which the good qualities of Mr. Connolly were referred to at length. Mr. Connolly has been a member of the band since its organization, and for years past has been the president, an office which he filled very capably.

He replied in a few appropriate remarks, thanking those present for their kind remembrance.

The address spoke of the bandmen's feeling that another year should not go by without their showing their appreciation of such a faithful, energetic official, one who had given so much of his time and ability for the good of the organization. The band was much indebted to him for his able management, both as president and secretary. Reference was also made to the erection of the King square bandstand and the great part Mr. Connolly had taken in bringing that project to a successful completion.

TEN MILLIONS INCREASE IN DEAL SHIPMENTS

St. John Firms Sent 144,931,454 Feet of Dea's Across the Atlantic in 1909

The deal shipments from this port to the United Kingdom and the continent for the year 1909, show an increase of 9,222,483 feet. Three of the big shippers show an increase in the exportations. The list of shipments is as follows:

1909	1908
John E. Moore & Co.	43,727,541
W. M. MacKay	42,548,232
George McKean	15,970,939
Alex. Gibson	25,173,212
Others	7,590,000
144,931,451	135,008,971

The Bangor Commercial says that the past year has not seen any falling off from several preceding years in the amount of lumber manufactured in the mills in and near that city. Somewhere in the immediate vicinity of 15,000,000 feet of spruce, pine and hemlock, has been manufactured at the Lowell & Engel mills since spring. This has not been all of the output of these mills, however, for besides the long lumber the Lowell Engel company has made about 4,000,000 laths, 150,000 staves, 2,000,000 shingles and 100,000 clapboards.

The James Walker Company has surveyed about 6,000,000 feet of lumber.

Morse & Co. has manufactured 500,000 feet of hemlock, 1,400,000 feet of spruce, 2,000,000 feet of pine, 140,000 feet of hard wood, 2,500,000 laths and 15,000 pickets.

The Eastern Manufacturing Co.'s output has been about 3,000,000 feet of long and short lumber, while the company has, besides this, shipped about 1,000 tons of pulp a month, and probably about 100 tons of pulp a month.

The Sterns Lumber Co. reports having manufactured about 12,000,000 feet of pine and hemlock, 5,000,000 staves and 150,000 clapboards.

These reports from the several mills do not return as large figures as were returnable 20 years and more ago, of course; but they show that the lumbering industry of Bangor is by no means a dead one, and that she still has a considerable share in supplying the market with forest products.

At a meeting of the Father Matthew Association held last night, it was decided to hold a smoker in their rooms, St. Malachi's Hall, on next Monday evening. A committee composed of Messrs. G. M. McDade, J. W. Simmons and J. B. Dever was appointed to arrange for the smoker and to provide a programme. The members of the association and intending members are invited to attend.

A regular meeting of the Centenary Young Men's Club will be held on Wednesday evening. As the regular cards are not being sent out this week, members are asked to accept this announcement in place of the usual notice.
