SIXTEENTH ANNUAL REPORT

OF THE

Toronto Home for Incurables,

YEAR ENDING MARCH 31st, 1890.

The Sixteenth Annual Report of THE TORONTO HOME FOR INCURABLES again records the familiar story of comforts rendered within our walls, and of bountiful generous giving on the part of the public of our city and country.

With deepest reverence the Managers give thanks to Almighty God for his guiding care over this Institution, its inmates, and its work, throughout the past, and all other years of its existence.

Our Family is one whose members are of necessity constantly fluctuating. Ours has been established to be "A Home for sufferers from incurable disease, needing medical care and skilled nursing." Our Inmates come to spend their closing days within our "Home," where freed from anxiety for daily support, and nursed by skilful hands, they can turn their minds in grateful content to the days that are beyond.

Forty-one (41) patients, being 19 men and 22 women, were admitted during the year, almost all of these, had at one time or another been in Hospitals. There came to us direct, from Toronto General Hospital, 13; St. John's Hospital, 1; The Haven, 1; Convalescent Home, 2; Barnardo Home, 1; County Municipalities, 8; their own or friends houses, 15.

Thus it is that our "Home" takes charge of those, who when

remedies have ceased to avail, and health is gone, cannot take care of themselves.

At one time during the year, our numbers exceeded 100, but now at its close, we have 92 still with us.

During the year, 27 of our members entered into Rest, a mortality exceeding that of any previous year. The Wards provided for Consumptive and Cancer patients, are being increasingly used, and meet a long expressed need.

One consumptive lad was taken back to England by Dr. Barnardo, upon the boy's expressed wish, that he might be in the English Barnardo Home, by which he had been rescued and brought up.

The Library contains 800 volumes. An appeal was made in the last Report for contributions of books, which has been liberally responded to. The names of those who kindly sent volumes will be found in the Donation list. There is yet room on our shelves for many more books, particularly of a size which may easily be read in bed.

Donations are specially requested for the providing of additional Wheel Chairs, Bookrests, and Invalid Tables, all of which will add to the comfort of the Inmates, but which the Managers cannot at present venture to supply, in the face of our daily growing expenditure.

As our members increase, additional services have to be obtained, so that now we have employed under the head nurse, a staff of ten nurses, and also have a working staff of eight women and two male servants. These necessary services, we add with boldness, knowing that we shall be amply supported.

The walls of the rooms and corridors have been newly painted. Mr. Manning, our President, having greatly contributed to the expense.

We ask for framed pictures of a pleasant kind, such as Christmas lithographs, views of scenery, etc., which may be of interest to the Inmates, and give a Home-like influence to their rooms.

Mindful of the late terrible destruction by fire of Toronto University, the use of coal oil has been prohibited in the "Home," and additional safeguards of iron door, more hydrants, and fire-escapes, are to be provided, thus calling for additional subscriptions.

The Chief Officers of the Toronto Fire Brigade, have very thoughtfully, visited the building, and acquainted themselves with all its parts, so that they may be ready to give intelligent and speedy aid, should necessity arise.

Entertainments for the recreation of the Inmates have been given, and thanks are heartily expressed to Robert de Bruce Camp, Sons of Scotland; Madame Stuttaford and pupils; the Lyric Society; Miss Howarth and friends; The West End Mission Band; and to the choirs of St. Mark's, Tecumseth St.; of Cowan Avenue Methodist, and of Parkdale Presbyterian Churches.

The Men's Prayer Meeting has been regularly held by Mr. McNairn, who has conducted the meeting for three months every Tuesday evening.

The regular Sunday services and daily ministrations have been attended to by Rev. Chas. L. Ingles and Rev. Bernard Bryan, of Church of England; Rev. R. P. McKay, B.A. and Rev. T. Hancock, Presbyterian Church; Rev. Dr. Stone, Methodist Church; Rev. S. Arthur, Baptist Church; and Rev. C. Duff, of the Congregational Church. The thanks of the Board, and of the Inmates are gratefully offered to them for their kind services.

Thanks are due, and are given to those of the Medical Staff of Consulting and Visiting Physicians, who gave their services in attendance on the Inmates and in examination of Candidates for admission.

Continued praise must be given to Mrs. Craigie, our valued Superintendent, to whose discreet and efficient management the success and happiness of the "Home" is greatly due.

To Miss Grace Mowat and her staff of Nurses, and to the Resident Medical Officer Dr. Ainslie Ardagh, hearty thanks and congratulations are offered.

It was their lot to encounter this year the unusual epidemic of Influenza called "Grippe," which severely attacked the "Home" and added to the death rate. Although themselves prostrated, they stood to their work, and the grateful acknowledgements which are so tenderly and warmly expressed towards them by the Inmates under their care, is the strongest evidence of their devotion to duty.

The grants of the Ontario Government and of the City of Toronto are gratefully acknowledged.

To our Solicitor, Mr. Mortimer Clark, and to the Editors of the Daily Papers we also give our sincere thanks.

The following Bequests have lately been received

Thanks to all those kind friends who have from time to time, sent unsolicited, gifts of money to the "Home."

Lastly the Board expresses thanks to the Benevolent Public for their generous subscriptions.

As the founders of the "Home" hardly ventured to anticipate its rapid progress, they sought incorporation under the simple provis-

ions of the statute of this Province in 1874, entitled "An Act respecting Benevolent, Provident, and other Societies."

The Institution having now assumed proportions so extensive, and as it is evident that its permanence and further development are assured, it has been suggested to the Board, that a special Act of incorporation be sought from the Legislature for the purpose of extending its corporate powers, regulating its affairs, and enabling it more effectually to deal with refractory patients and with defaulters.

The Board would therefore recommend that a special committee be appointed to consider the subject.

The Home for Incurables is a "Voluntary Charity," not a "Public Institution" of the State.

Seeing that it undertakes to provide each Incurable who may come within its walls with a "Home" for the rest of his or her life, it enters on behalf of its friends, into a sacred contract, which it trusts them faithfully to fulfil. It exists solely upon the free gifts of those who may feel free to aid it, and confidently presents the record of the past year's work, to those who are in health, trusting that by its perusal they may be led to come generously to its aid.

Largely Thou givest, gracious Lord,

Freely Thou givest, and Thy word

16th ANNUAL MEDICAL REPORT.

From March 1st, 1889 to March 1st, 1890.

On behalf of the Medical Staff of the Home for Incurables, I beg to present the following report :—

With regard to the amount of acute illness among the inmates of the Home during the past year, it is worthy of remark that during the prevalence of "La Grippe," a great many of the patients were more or less seriously affected. At one period, indeed, no fewer than thirty-five (35) residents of the Home were under treatment at the same time, and when it is understood that some of these were members of the nursing and domestic staffs, the tax upon the management and ingenuity of the matron, and on the energy and skill of the Head Nurse, will be appreciated. Statistically speaking, of the total number of deaths during the months of December, January and February, those figures are not intended to convey the idea that this unusually high rate of mortality was due to the ravages of "La Grippe," but they illustrate a fact that has frequently been observed before, viz., that this disease, though in most instances trivial in itself, so lowers the vitality of the system that its victims the more readily succumb to pre-existent, concurrent or sequent diseases.

It is gratifying to observe the extension of the usefulness of the Institution in the direction of those suffering from those most painful diseases, Cancer and Consumption.

The Wards set apart for these cases are, as is appropriate, among the most cheerful and best appointed in the Building, and I doubt not as the reputation of the Home extends they will soon be full to repletion.

In reference to the usefulness of the Institution, only the Ladies who visit prospective patients, and the medical men who

examine them in their own houses, carefully appreciate the advantage it must be to those patients to pass from their oft-time comfortless and unhygienic homes, to commodious, well-lighted and well-ventilated wards of the Home, from a diet sufficient only for a meagre existence, to one nourishing and tempting as it should be to suit the capricious appetite of an invalid, and from a condition of frequently absolute neglect, as regards nursing attention, to the watchful care and trained skill of kind-hearted nurses.

May I venture to mention one matter which I consider is worthy the attention of the Board of Management? One of the many impositions which any charitable institution has to guard against, is that of having foisted upon its large-heartedness, individuals who are not suitable cases for the charity which may be in question. I do not hesitate to say that there are not many, but a few instances of this abuse of Charity in the Home for Incurables. It would be neither prudent or profitable in this report to enter into the causes of this state of affairs, what we have to deal with is the fact that without presuming to enter into an elaborated scheme for remedying the defect, I may perhaps be pardoned for suggesting a system of annual inspection by the consulting staff, of those cases which any member of the visiting staff may put upon record from time to time as being in his opinion unsuitable inmates of the Home.

In conclusion, I desire to bear cheerful testimony to the courteous attentiveness and skilled assistance of Dr. Ardagh, in carrying out the medical treatment of the inmates, to the capable management and untiring industry of the matron, Mrs. Craigie, in securing those conditions of hygienic cleanliness of the building and comfort of the patients, so conducive to their welfare; to the zeal and ability of the head nurse Miss Mowat, not only in the care of the sick, but in the training of the nurses placed immediately under her charge, and to the kindly and sympathetic

manner in which the nurses have invariably discharged their duties.

All of which is respectfully submitted.

Amended and Adopted March 28, 1884,
and March 20, 1886.

I. DUTIES OF OFFICERS.—At meetings of the Board of Managers the Chairman (elected as such from amongst the gentlemen Managers) shall preside. In his absence the Managers present shall name a Chairman *pro tem*.

The Chairman shall be the judge of order, and his decisions thereon shall be acquiesced in without debate.

He shall direct the Secretary when special meetings are ordered, to insert in the notices the import of the special business upon which the Managers are to convene.

II. The Secretary shall keep fair and regular minutes of the proceedings of the Board of Managers in a book to be provided for that purpose.

She shall preserve all the records and papers of the Society which do not belong to the Treasurer.

She shall cause a notice of each stated meeting, and of each special meeting of the Board of Managers, to be sent to the address of each Manager, at least one day previous to the day fixed for the meeting.

The Assistant Secretary shall assist the Secretary in her duties when required, and act for her at meetings of the Board in her absence.

III. The Treasurer shall receive all moneys belonging to the Society, and shall give a receipt to the persons from whom she may receive money.

For the sake of regularity, and in order to establish the amount, all persons who may hand money to Treasurer are requested to ask for a receipt of the money so paid over.

The Treasurer's accounts shall be audited by a Committee of the gentlemen Managers named by the Chairman or by the Board.

IV. The Treasurer only shall pay accounts for articles and services supplied to the "Home" when duly certified, and in all cases of payment, shall require a receipt.

Accounts shall be certified to be correct as to prices, by the Managers who make the purchase of the articles and shall be initialed "correct" accordingly. They shall then be initialed by the Matron or the Superintendent, to show that the articles were received at the "Home."

The accounts shall then be laid before the Managers at the stated monthly meetings, and when payment is ordered, the order shall be entered on the minutes by the Secretary.

The Treasurer can then pay the accounts, and an entry upon the minutes will be a sufficient authority to the Treasurer to pay whatever accounts or disbursements the Board may have ordered.

V. The Managers may appoint from time to time Committees from amongst themselves to attend to any special duties.

As a rule such committees shall consist of not less than three, and not less than two shall be considered a quorum to act.

These Committees, for the sake of regularity and for future reference, shall as a rule report to the Board in writing.

VI. The stated meetings of the Board shall be held on the last Friday of every month, at such hour as the Board may from time to time appoint.

VII. The Superintendent and Matron shall hold their offices at the pleasure of the Board.

They shall do all in their power to promote the comfort of the inmates of the "Home," and shall follow the instructions of the Board of lady Managers for the week, and of the medical staff when orders are given.

They shall keep a book for entering all such things as they may consider necessary for the use of the "Home," and submit it to the weekly visitors. When disbursements are ordered, a regular account of the same shall be kept for the information of the Managers and the Treasurer.

VIII. The Managers deeming the point of admission of inmates into the "Home," to be a very important matter, decided that the following formalities shall regularly be observed.

1st. Applicants for admission into the "Home," are to state how long they

have resided in the city, their residence, age, disease, and circumstances, also whether he or she has been attended by any medical man, and whether any clergyman has visited.

2nd. Thereafter two of the Managers shall visit the residence named (two ladies if the applicant be a woman, two gentlemen if the applicant be a man). They shall look at the surroundings of the applicant, ascertain what can be practically known of the person's, circumstances, habits and general character, in short, get all the available information about the case.

They shall see the clergyman and the doctor, if either have been in attendance, hear what each has to say about the applicant, and report to the Board of Managers.

3rd. That two of the medical staff of the "Home" shall visit each applicant for admission, and report to the Board of Managers, the character of the disease and if incurable; and for any applicant outside of Toronto, the equivalent testimonials shall be required.

Each application for admission to the "Home" shall be presented at the regular meeting of the Board, and if entertained, after due investigation, shall be acted upon at the following regular meeting of the Board.

4th. If, after the name of an applicant has in due course been approved by the Board, a considerable time should elapse before the occurrence of a vacancy and there is reason to apprehend that such patient is at, or near the point of death, then the resident medical officer shall be directed to visit the case and to report to the Board, as to the advisability under the circumstances of removing the patient to the "Home."

5th. All the inmates of the "Home" must distinctly understand that an admission confers no right of permanent residence in the "Home," and at any time the managers have the power of dismissing an inmate for what they may deem a sufficient cause; of its sufficiency the Managers are to be the sole judges.

6th. Any inmate who shall leave the "Home" without consent of the Directors, thereby forfeits all claims for residence within it, and will not be re-admitted.

IX. Any person received into this "Home" as a free patient, if possessed of money or property shall be required to convey the same to the Board for the use of the Institution, and if inheriting property while an inmate of the "Home" and desiring to leave, shall be required to pay the usual charge for board, during the period of residence in the "Home."

X. Any members absenting themselves from three consecutive monthly meetings, except in cases of illness or absence from the city, shall have their names struck off the list of the managing committee.
