Washington So Regards The Situation Today—Some Consuls Get Out of Germany on Way Home

Washington, Feb. 21.—Sinking by gunfire from a German submarine, of the Norwegian steamer Dalbeite with two Americans aboard was added today to the state department's list of Germany's illegal acts which are slowly accumulating and testing the patience of the government. Consul Frost reported from Queenstown that after the ship was sunk on last Saturday the men were rescued but their lives were endangered by shell fire before the crew had gotten away in boats and by drifting about at sea for nearly eighteen hours.

Consuls Get Out
London, Feb. 21.—Reuter's Zurich correspondence says American consuls from Germany began to arrive in Switzerland on Tuesday.

Amsterdam, via London, Feb. 21.—Count Von Reventlow, writing in the Tages Zeitung, discusses what he considers is a possibility, that President Wilson might be induced by the pressure of American workmen to declare war on Germany, believing that all transportation difficulties would be removed thereby. Count Reventlow says: "If President Wilson believes he has to declare war this will without doubt be done with such a great and clever use of the top-tom that at first a so-called wave of enthusiasm will go through the whole population. But the question is what will remain when the wave has ebbed and subsequent weeks and months show that things this time are quite different than at the Spanish war. The more effective German submarine war will proceed in the meanwhile and the United States will have to recognize that neither a declaration of war nor energetic measures have removed the difficulties at home or abroad."

Count Von Reventlow then criticizes Von Bernstorff's farewell message to America. "We cannot say," he writes, "that this effusive talk of a heart overflowing with friendship is opportune at the present moment. It looks as if the ambassador lost his sense of proper perspective had actually occurred."

TODAY'S NEWS OF SAVAGE WORK OF PIRATE CRAFT

St. John's, Nfld., Feb. 21.—Captain Bradbury, of the Newfoundland schooner Rose Dorothea, reported to the owners here today that the vessel had been sunk by a German submarine and the crew landed at Lisbon. The message sent from Lisbon, gave no other details.

RETURNED SOLDIERS IN COURT

In the police court this morning some trouble among four returned soldiers was dealt with. The magistrate remarked that if the affair was gone into and it was shown that these returned soldiers had committed a breach of the peace he would fine every one of them. This was no way for these men to be acting, he said and if they did so they would lose the respect of the citizens.

MUCH FREIGHT TIED UP

North Bay, Ont., Feb. 21.—As a result of the C. P. R. and G. T. R. embargo at this point, there are more than 400 cars of freight on sidings here. The T. and N. R. Railway is especially hard hit as freight shipped on that line for points south, east and west of here is held up until the other companies can move it.

B.G. STRIKE IN THE KRUPP WORKS

Amsterdam, Feb. 21.—The frontier correspondent of the Telegraf says that a strike in the Krupp works at Essen, involving 17,000 workmen, has been in progress for a fortnight. The men are demanding higher wages and increased food rations. Many of the strikers, he adds, have been sent to front.

Now No Danger of Rear Attack on General Sarraol

Corfu, Jan. 23.—(Correspondence of the Associated Press)—Complying with the demands of the Allies, the last Greek soldier of the regular garrison of the island of Corfu has left for the Peloponnese. A force only sufficient to police the island remains.

WOMEN OF NEW YORK TENEMENTS AROUSED OVER THE HIGH PRICES

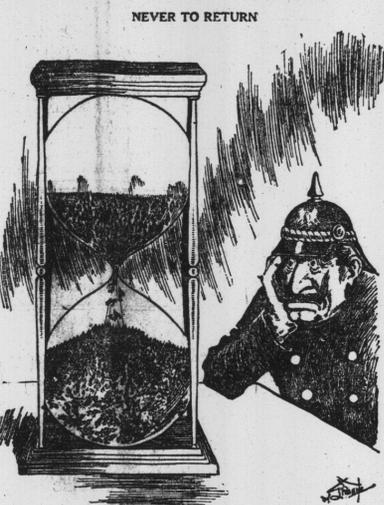

New York, Feb. 21.—The women of the New York tenements have taken the food situation in their own hands and planned a series of public demonstrations to convince the mayor and city officials that something must be done to reduce prices. One of the wildest protest meetings the city has ever known broke up early today after making arrangements for a great parade of women and children to march all day through Wall street and at night through Fifth avenue.

POLICE COURT

In the police court this morning John Turley, of New Bedford, Mass., was charged with drunkenness and begging in the street. He said he came to the city on last Thursday with \$80, today he had thirty cents. He was intoxicated or would never have had recourse to begging. This was his first time in court. He was to get a job in a shoe factory here, but he said in answer to a question that he did not know whether he secured the job or not. The court sent him below for the present.

THE WHEAT MARKET

Chicago, Feb. 21.—Bearish sentiment developed in the wheat market today. Opening quotations, which ranged from the same as yesterday's finish to 11-2 cents lower, with May at 119.1-2 to 180 and July at 120.7-8 to 121.4-4, were followed by a decided general setback.

NEVER TO RETURN

SEIZE GRAMOPHONE RECORDS ON VESSEL

Von Bernstorff's Party Perhaps Fond of Music But More Likely Want to Take the Rubber Home—Perhaps Secret Messages

Halifax, N.S., Feb. 21.—The German party on board the Scandinavian-American liner Frederick VIII held here by the British authorities for examination, seems to have a singular love for gramophone music. Its various members had laid in a very representative stock of records ranging from grand opera to rag-time.

They will not be allowed to take these records to Germany as the authorities regard them as contraband. The Germans contend that they want the records for the music in them, but the immigration officials who discovered them think that perhaps they like them quite as much for the rubber from which they are partly manufactured and which is badly needed in Germany just now. The records will also be run off to see whether they contain messages. The search of the passengers continues. Yesterday one man was made unhappy. Officials suspected that his coat contained something inside besides the lining. A tailor was brought from shore and he took out the lining. It is understood that a package of documents were found. These will be examined. The sailing of the ship is expected for the week-end.

BE NOT DECEIVED

The St. John Standard is flooding the city with free papers. They are to be found in small shops everywhere, with instructions to the shopkeepers to give them away. For many months past the Standard has sent out papers free to people all over the province. The object is plain. An attempt is thus being made by circulating false and garbled reports to influence the minds of the people.

DR. JOSEPH ANDREWS DEAD; ILL BUT A WEEK

Joseph Andrews, M.D., died suddenly at his home, 51 Garden street, this morning. He was one of the best known and oldest physicians in the city, and had practiced here for many years. He was about seventy-three years of age and had been ill but a week. He received his early education in city schools and after completing his high school work, entered the employ of the Chandler Drug Co., an old St. John firm and there he stayed until he became a doctor. He later accepted a position with T. & B. Barker, a wholesale drug company in St. John at that time, as chief clerk. He remained in that position for a time and then removed to Boston, where he attended Harvard University, taking up the medical profession and passing with honors in all classes. He practiced his profession in South Boston for a time and then returned to St. John where he opened an office and drug store. He built up a large practice and later abandoned the drug store. Doctor Andrews took a keen interest in the activities of the 3rd Garrison Artillery. Besides his wife he is survived by two sisters, Mrs. Joseph Court of St. John and Mrs. Charles Heales, also of this city.

TURN THE GRAFTERS OUT

"I appeal to you to consider seriously the questions now at issue. I appeal to you to throw aside party lines. It matters little which party is in control. What we want is competency and honesty in the administration of our affairs. Many prominent business men in all parts of the province have accepted nomination as candidates for the Opposition. They have taken that course from a high sense of duty to their country. Will the electors show the same spirit? It is from a sense of duty that our brave boys have crossed the ocean and laid down their lives for their country. Let us place that duty on our conscience. Let us vote in our country's interests on February 24th, as we never did before. Let us vote against those men who have so grossly mismanaged the affairs of the country. Let us vote for the candidates of the Opposition, and turn the grafters out."—Extract from speech of Mr. P. J. Hughes, one of the Opposition candidates in York.

STEAMER ASHORE NEAR LOUISBURG

Halifax, N. S., Feb. 21.—The Newfoundland coastal steamer Sagona is ashore on a bank near Louisburg. She was bound for Louisburg to load coal for St. John's, Nfld. The steamer Stanley has gone from Louisburg to stand by her.

A STANFIELD RESIGNATION?

It is said that the motion offered at a government meeting, that no candidate resign to accept office after being elected, without coming back to the party executive for their consent, was made at Major Tilley. Some members of the party were disposed to insist that his resignation as national service director was only a Stanfield resignation. Hence the motion, which, however, was voted down.

PACKING THE LISTS

Last fall W. E. Foster notified Attorney-General Baxter by letter that there were names illegally on the voters' list in Simonds. The names are still on. Why?

FREDERICTON BEER CASES

He declined to give an opinion as to whether or not these beverages were intoxicating.

The marriage of James W. Law and
Miss Helen I. Graham, daughter of R.
A. and Mrs. Graham, Peterborough, was
solemnized yesterday afternoon in

the rector, Rev. W. H. Sampson, in the
presence of immediate relatives of the
bride and bridegroom. The bride was
becomingly gowned in a tailored suit of
brown with hat to match. Following the
ceremony Mr. and Mrs. Law left for

Indigestion Resulted
From an Inactive Liver
The Bowels Became Constipated and the Whole Digestive
System Upset

With many people constipation be-
comes a habit. And it is a dangerous
habit which is certain sooner or later
to cause serious disease.
"Daily movement of the bowels" is
the most important rule of health. When the liver becomes tor-
pid the flow of bile into the intestines
is stopped and the bowels become
constipated. But you can readily overcome
this condition by using Dr. Chase's Kid-
ney-Liver Pills. There is no treatment
obtainable which so promptly awakens
the activity of the liver and bowels and
thereby corrects derangements of the
digestive system.

Mrs. Herbert Doherty, of Beaver
Brook, Albert Co., N. B., writes:
"Truly to say that Dr. Chase's
Kidney-Liver Pills are a great medicine
for constipation. I have suffered from
constipation ever since I was a child, and

SWAMP-ROOT FOR
KIDNEY DISEASES

There is only one medicine that really
stands out pre-eminent as a remedy for
diseases of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the
highest for the reason that it has proven
to be just the remedy needed in thou-
sands upon thousands of even the most
distressing cases. Swamp-Root, a phy-
sician's prescription for special diseases,
makes friends quickly because its mild
and immediate effect is soon realized in
weeks, then once every other week until
all the mixture is used.

CAPT. LYONS SAFE.

John M. Lyons, of Sherbrooke, has re-
ceived a letter from his son, Captain
John A. Lyons, M. D., R. A. M. C.,
dated Jan. 9, and supposed to be from
the Isle of Crete, as a few days pre-
viously his son sailed from the Isle of
Crete: "Safe and well,"—as no doubt he
thought his family would hear of the
loss of the transport, Ivernia, and be
anxious about him. In the course of his
letter Capt. Lyons gives the details of
the sinking of the steamship "Ivernia,"
by a German submarine. This is the
same boat that carried Anderson's 8th
Battalion to England in the fall of 1914.

RECENT DEATHS

On Sunday evening, Mrs. Alexander
Murray passed away at her home in
Moncton. She was the youngest daugh-
ter of the late J. B. Tewkesbury, of
Leonardville, Charlotte Co., N. B., and
went to Moncton with her husband in
1884. She is survived by her husband
and one daughter, Mrs. O. C. Matthews,
three sisters and two brothers, also two
grandchildren.

On Feb. 18 Mrs. Mera Colborne,
wife of W. J. Colborne, of McDougall's
Settlement, died. She is survived by her
husband and six children, the youngest
eight years of age; one son, Walter, is
in Lowell, Massachusetts, the rest of the
family are at home. Mrs. Colborne was
formerly Miss Morna Wood, and her father
and mother are both living at Notre
Dame. She has also four brothers and
two sisters, one brother, John, is now in
England on overseas duties.

William Taylor passed away Saturday
night at the home of George Bailey,
Nashwaakia. He was fifty-nine years
old. One brother, Harry, and one sister,
Miss Janet Taylor, survive, living in
Washington state.

Mrs. Velona A. Waterbury, widow of
William M. Waterbury, who at one time
was engaged in the hardware business in
St. Stephen, later removing to St. John,
where he died thirty-five years ago,
passed away at her home in Boston on
Monday after an illness of several
months. The body will be brought to
St. Stephen for interment.

Rev. Joseph Rushton, D. D., at one
time pastor of Christ Church in St. Ste-
phen, recently died in Chicago.

HOW TO GET RELIEF FROM
CATARRH

If you have catarrh, catarrhal
deafness, or head noises go to your
druggist and get 1 oz. of Perminol
(double strength), take this home
add to it 1-4 pint of hot water and
4 oz. of granulated sugar.
Take 1 tablespoonful 4 times a
day.
This will often bring quick relief
from the distressing head
noises. Clogged nostrils should
be open, breathing becomes easy and
the mucous stop dropping into the
throat.
It is easy to make, tastes pleasant
and cost little. Every one
who has catarrh should give this
treatment a trial. It is a whole lot for their
money on Dollar Day, and we are going to see
to it that they get it—Wiesel's Cash

THE CHURCHES CHALLENGED.

Mr. J. B. Daggett, the Rev. J. B. Daggett, a government official, is stumping for the government ticket in York county. In the course of an address on Saturday evening he intimated that in this election the men of the churches, rather than the government, are on trial.

MAKE THEM FACE IT.

"Mr. Fleming is not in the government." This is quite true. But Mr. Fleming is endorsed by the government, and is held up to public admiration. He speaks from government platforms. He is not only unrepentant but audacious. He is to be crammed down the throats of the people whether they like it or not.

KAISER ANGRY AT NEWS OF RUPTURE

Paris Hears He Blames Bernstorff for Failing to Forecast Wilson's Plan

ENVOY HINTED AT NEW NOTE

Said to Have Told Berlin in October That Wilson, If He Wouldn't Check U-Boat War

(New York Times)

Paris, Feb. 17.—I hear from a very good source that the news of the diplomatic rupture with the United States arrived like a bombshell in the imperial circles at Potsdam.

New tension with Washington after the submarine note was expected, but nothing as drastic as a rupture. On the same morning (Feb. 8), a cablegram from Count von Bernstorff announced that a new note from President Wilson might be expected, but nothing else.

The emperor received news of the rupture as he was sitting down to the table and flew into a violent rage, so those who were in touch with Potsdam circles affirmed.

Remarks made by the emperor to her intimates gave the latter to understand that the imperial wrath was directed principally against von Bernstorff, the emperor complained that the emperor's representatives at Washington invariably created misunderstandings and had always been lacking in tact, especially in handling "the hypocritical English pastor at Washington," meaning President Wilson.

Chancellor von Bethmann Hollweg finally managed to appease the Kaiser, taking up von Bernstorff's defense.

The emperor ordered the chancellor to do all that was possible to avoid making matters worse. This would explain the memorandum transmitted by the Swiss minister, as being prompted by von Bernstorff, following a message from the chancellor.

Everybody Needs Pure, Rich Blood

Pure blood enables the stomach, liver and other digestive organs to do their work properly. Without it they are sluggish, there is poor appetite, sometimes faintness, a deranged state of the intestines, and, in general, all the symptoms of dyspepsia.

Pure blood is required by every organ of the body for the proper performance of its functions.

Hood's Sarsaparilla makes pure blood, and this is why it is so successful in the treatment of so many diseases and ailments. It acts directly on the blood, ridding it of scrofulous and other humors. It is a peculiar combination of blood-purifying, nerve-toning, strengthening substances. Get it today.

METHODIST DISTRICT MEETING

The quarterly meeting of the St. John district of the Methodist church was held yesterday in the Exmouth street Methodist church. In the absence of Rev. Thomas Hicks, chairman of the district, who is ill, Rev. Hammond Johnson occupied the chair.

The programme of the morning session consisted of an address on missionary education by Rev. W. H. Barrough and an address on The Sunday School as a Key to the Missionary Problem, by Rev. Gilbert Earle.

The afternoon session listened to an address by Rev. A. E. Chapman, of Welsford, who took as subject Prayer and the Present Struggle. The paper prepared by Rev. Thomas Hicks, the subject of which was Missions and the Present Struggle, was read by Rev. (Dr.) Steele. Dr. Steele then conducted a round table talk which was followed by the report of the district missionary committee presented by Rev. Gilbert Earle.

In the evening a banquet was held in the parlors of the church. Supper was served at 6 o'clock. A religious address was representative of the men of the various Methodist churches in the city. Mayor Hayes presided and announced that Rev. J. H. Arnup, of Toronto, who was to have been one of the guests of the evening, had been prevented by illness from attending the function. His Chief Justice McKewen was also unable to be present on account of illness.

Mayor Hayes then introduced Rev. J. Archibald Morrison, D. D., who spoke on The Missionary Motive Today. His address was a masterly presentation of the new viewpoint of missionary endeavor. One point in particular which he emphasized was that religious statesmanship was essential in the securing of a lasting peace. He held that philosophy should secure a peace law would not be able to bring about such a settlement and commerce was powerless, hence the religious statesmanship was bound to be a factor in order to unify the world. The gathering was a splendid success and a vote of thanks was tendered to Dr. Morrison, being moved by George A. Henderson and seconded by R. Dugan Smith.

Also passed pledging the men to support the missionary policy of the church in the missionary objectives of this year, to an increase of ten per cent over the previous year's givings.

DEATH OF C. M. BOSTWICK, JR.

Charles M. Bostwick, Jr., died suddenly at his home, 110 Wentworth street, yesterday. Mr. Bostwick was one of the best known of the younger business men of the city and his death will be universally mourned not only in commercial but social circles.

He was in his forty-seventh year and had been ill but a short time, a member of one of the best known families in the city, son of Charles M. Bostwick, sr., he received his elementary education in this country and later studied in Germany. On his return he was associated in business with his father and continued active in that business up until the time of his death.

His great-grandfather was Isaac Bostwick, of New Jersey, who with his family came to Canada at the time of the revolutionary war and landed at what is now the site of the city of St. John. He settled on a tract of land in Kings county and with his wife reared a large family. His son, Jared, settled at Westfield, where he was married and one of the sons was Charles M. Bostwick, sr., who came to St. John early in life. From a humble beginning he rose rapidly in the business world until he became one of the financial leaders of the city.

Charles M. Bostwick, Jr., is survived by his wife, who was formerly Miss Jarvis, of this city, daughter of W. M. Jarvis, and two sons, Charles, fourteen years of age, and Donald, nine years old. He is also survived by his father, Charles M. Bostwick, sr., and one brother, Guy O'Donnell Bostwick, who is at present residing in New York city.

Deceased was regarded as a man of keen business instinct, of the highest integrity and his death comes as a great shock. He was a member of St. George's Society and of St. John's (Stone) church.

WHITLOCK TO REMAIN NO HAULING DOWN OF U. S. FLAG, SAYS BERLIN.

Berlin, Feb. 19, via London, Feb. 20.—The question of hauling down the American flag on the United States legation at Brussels has never been discussed between Minister Whitlock and any member of the German administration, the semi-official Overseas News Agency states in an announcement made today. The desire that he continue his interest in the Belgian relief commission work was made known to him by the German government-general, it is believed, and the minister and his staff are to keep on with their former activities in this connection.

EVEN CROSS, SICK CHILDREN LOVE

SYRUP OF FIGS

If Feverish, Bilious, Constipated, Give Fruit Laxative at Once.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 20-cent bottle of "California Syrup of Figs," which has directions for babies, children and the adult. Remember there are counterfeiters sold here, so surely look and see "that yours is made by the 'California' of all ages and for grown-ups California Fig Syrup Company." Hand back with contempt any other fig syrup.

WOMEN OF VIENNA DEMANDED PEACE

Adopted Resolutions insisting That the Government Cease to Incline the World to War

London, Feb. 20.—The Neue Freie Presse, of Vienna, says:—

"A peace meeting organized by the women of Vienna took place in the hall of the Buhnenvereinshaus. A great number of telegrams conveying good wishes and protestations of sympathy arrived both from the provinces and abroad. After reports being read by Mrs. Leopoldine Kulpa, of Vienna, and Rosika Schwimmer, of Budapest, the meeting unanimously passed a resolution demanding that the government should publish its conditions of peace, should cease to incline the world to war and should do its best to obtain a stable peace."

The Vienna Liebigpost in an article on the distress in Austria said: "Is there any one in the world who would envy the position of those poor women, those wretched young girls who have to wait in queues to obtain certain provisions? And yet it very often happens that passers-by, listening to their work, address carolike remarks to those drawn up in the lines, thus showing their jealousy. They are jealous, as a matter of fact, of those who can afford the time to wait for their turn, while they are forced to do so at the factory at a given hour, and have to do without certain provisions and, above all, petrol, which is very precious."

Youth Will be Served

Talking of this being a young man's war, Mr. Forsler, in answer to a question in the British Commons, did not deny the assertion that certain route marches, while quite within the power of the younger men, had been too much

for some of the men approaching forty. by the London Daily News. Sir Robert The experience gained since these older Hadfield, founder and chairman of the classes were called to the ranks discourages the likelihood of men above his name, proposes that every one of the forty-one ever being called to the colors Russian guns captured by the British for general service. The utmost that is ever likely to be expected of them is that they may sooner or later be required for home service in armies of which the present Volunteers will be the basis, and in which they will side by side with men of something like their own age and physical fitness.

The Crimean Guns

An interesting project to show one of our allies a delicate courtesy is outlined by the London Daily News. Sir Robert the great Sheffield munition works bearing his name, proposes that every one of the Russian guns captured by the British army during the Crimean war be returned to the czar. These trophies have for years been on public exhibition in towns throughout the kingdom. If transport of the guns to Russia under existing conditions be impracticable, Sir Robert Hadfield suggests presenting them officially to the Russian ambassador, then melting them down in a blast-furnace, and handing over the proceeds of their value to the Russian Red Cross.

LOCAL NEWS The Man In The Street The friends of good government are wearing happy smiles these days. Meanwhile, it is more than whistling to keep up the courage in the government ranks. When the government leaders are willing to concede twenty seats to an opposition which formerly had ready two it is not surprising that Premier Murray's followers are looking forward to defeat. The Globe's tendency towards respectability is having a hard fight with the company in which the paper finds itself these days. The claims of the government party in a monopoly of the temperance sentiment is not particularly strengthened by Major Tilley's frank announcement that he has no use for prohibition. A Strong Ticket. The government ticket is composed of two gentlemen who had to be allowed to run because they did so last time, a citizen who was placed on the ticket despite the leaders' wishes because he threatened to run independently if not nominated by the party, and by a fourth man who was placed on the ticket because he has no previous political record. The modest way in which the morning government organ is claiming the election of the city and county candidates seems to indicate preparations for the explanation of their defeat. The government slogan, "What we have held and what we want we will get," probably refers to the bad reputation the government already has and to the defeat which it expects. The Standard is giving away vast numbers of free papers—charitable act when other fuel is so high. The increased circulation will do little good or little damage; the average man figures that a paper that is not worth buying is not worth reading. Before the campaign is over the management probably will be offering a free trip to Alaska to any one discovered reading the Standard. With the government conceding twenty seats to the opposition and the opposition claiming at least thirty, even a compromise estimate made by splitting the difference would give the opposition a majority of one. It might not be of place to draw attention to the fact that the members of the cabinet have been kept so busy trying to cover personal defects that they have had no time to tour the province. In the absence of other outside speakers, the local government organization will still require the service of their action saint, J. J. Fleming. Just to Change the Subject. The management of the St. John hockey team is said to have ordered a case of lemon pie in preparation for the trip to Halifax. The defeat at Sussex is ascribed to the fact that the team captain could not find a single sample of his favorite fighting food in the dairy town. It Was. The young recruit was doing sentry go on a cold night recently. As the time for his relief approached he looked toward the corporal of the guard and found that worthy stealing a nap. If he let the hour for changing pass, the sentry would be left there for another three hour period. On the other hand he did not like to insult the dignity of such an important personage as the corporal by awakening him. As he trudged up and down with his heavy rifle on his shoulder, the sentry gave the problem deep thought—then he had an inspiration. Taking up a position near the slumbering non-com, he bawled at the top of his voice: "Halt! Who goes there?" Changing his voice to a deeper tone, he answered his own challenge with the words "Officer of the day." With the response, in his natural tone, "Pass, officer of the day," he turned away to resume his beat. When he returned, the corporal, very much awake, was ordering out the next sentry.

Ritchie, son of the late Mansford Ritchie, to Miss Genevieve R. Pratt, youngest daughter of the late Captain John Edmund Pratt, of City Line, West St. John, was solemnized last evening at 8:30 o'clock by Rev. W. P. Dunham and Medley McKiel and the bride was attended by Mrs. G. M. Gorman, cousin of the bridegroom, and the latter was supported by Charles Kodin. After the ceremony the party adjourned to the home of Mrs. Medley McKiel, where a wedding supper was served. DELIGHTFUL ENTERTAINMENT GIVEN IN CHURCH OF GOOD SHEPHERD HALL, IN FAIRVILLE A delightful children's concert was staged last evening in the hall of the Church of the Good Shepherd, Fairville, when the junior branch of the W. A. W. P. Dunham and Medley McKiel and Miss Edith Warren, performed before an audience that completely filled the hall. The marches and drills were particularly good, the children performing their various evolutions perfectly. Mrs. McKiel acted as accompanist throughout the evening. HOME FOR BURIAL Body of Private Eugene Woodrow, Who Gave Up Life in War The body of Private Eugene E. Woodrow, son of Mr. and Mrs. V. J. Woodrow of 61 Market Place, West St. John, is to be brought home very soon. Private Woodrow died in a hospital in Cambridge, England, on Nov. 1, as a result of injuries sustained from a shell explosion in France on Sept. 19. Through special permission the body was recently disinterred and is being sent home for burial. Private Woodrow joined No. 5 Army Service Corps at the age of seventeen. Although the youngest member in his unit he was twice awarded prizes for having his horse and harness looking the best of any in the corps. After serving in France for seventeen months he sustained injuries which caused his death as the result of an accident; a bomb exploding and killing three of his companions and seriously injuring himself. While in the hospital he became a general favorite and his parents received letters from the matron, Red Cross nurses and friends he made while there, all expressing sympathy for them in their bereavement. Besides his parents he is survived by three sisters, Laura, Elsie and Hortense and one brother, Ross, besides a host of friends and acquaintances. Private Woodrow's name is on the honor roll in the Presbyterian church in West St. John. FUNERALS The funeral of Mr. Scovil Louie, who died at 81 North Street, and whose body was brought here for burial, took place this afternoon from Chamberlain's undertaking rooms. Services were conducted by Rev. W. G. Lane and interment was in the Methodist burying grounds. The funeral of William Gray took place this afternoon from his late residence, Main Street. Services were conducted by Rev. J. H. A. Anderson and interment was made in Frensham.

City Candidates Visit The Wards

Rousing Reception In All Parts Of The City

WORKERS ARE ENTHUSIASTIC

Leaders Find Great Encouragement in Attitude of Electors and in Determination of Rank and File of the Party

The city candidates visited the opposition ward headquarters throughout the city last evening and addressed the workers. Everywhere they were met with the signal for an ovation and the heartiness of the cheers indicated the enthusiasm of those assembled. In every ward the reports of the progress of the campaign were most encouraging and leaders and workers showed the utmost optimism.

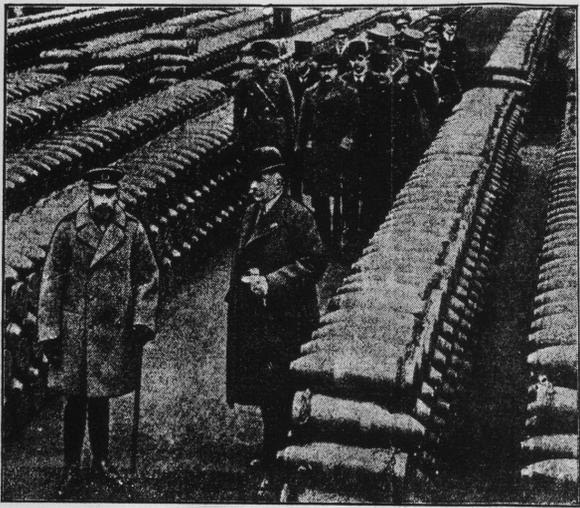

BUSINESS GOVERNMENT NEEDED IN PROVINCE

Mr. Barnaby told the workers in the different wards that it was a real pleasure for him to be with them. He told them of the time he had passed in the business life of the city—fifty-five years—and while he was not making any personal sacrifice in thus offering himself for election, nevertheless he felt that it was his duty to come out in the fight for better and cleaner government. He expressed it as his firm conviction that, from what he had seen in his trips to the several districts of the city, and from conversations he had had with many citizens, that the entire opposition ticket would be elected on Saturday. Mr. Barnaby urged that his friends, along with the friends of the other candidates, make it a point to vote the entire ticket and nothing but the ticket.

"What is good government but good business?" he asked. "I have had fifty years of business experience and I AM WILLING TO GIVE TO MY COUNTRY THE BENEFIT OF THAT EXPERIENCE AND, IF I CAN DO ANYTHING FOR GOOD GOVERNMENT I WILL DO IT. When the request was made that I allow my name to be put in nomination," continued Mr. Barnaby, "I thought it my duty to accept. I am out for better government and I can assure the electors that, if we are elected, NOTHING WILL BE DONE AT FREDERICTON THAT WILL MAKE ANY ROYAL COMMISSIONS NECESSARY. (Cheers.) I have been agreeably surprised at the reception which has been accorded us everywhere we go. It is the same on all sides and it presages a clean sweep for the forces of good government. If you are in favor of the manner in which the affairs of New Brunswick have been neglected for several years past, then, I say, vote for the government candidates. BUT IF YOU WANT HONEST AND CLEAN GOVERNMENT AND AN ADMINISTRATION THAT WILL NOT CAST DISCREDIT ON THIS PROVINCE YOU WILL VOTE FOR US."

"This is a time of trouble and distress. The country is in the midst of a great struggle and today it's work we want, not words. I have the utmost confidence in our leader, Mr. Foster. I have known him since a boy and have seen him rise to the head of one of the greatest business enterprises of the city. You have the record of the present government before you. IT IS TIME FOR A CHANGE. When the ballots have been counted on Saturday I trust it will be found that the Opposition party has been returned and that Mr. Foster will

be the premier of New Brunswick." (Cheers.)

Mr. Barnaby concluded his address with an urgent appeal to all to vote the ticket, the whole ticket and nothing but the ticket. His reception in every ward was flattering.

HE ALSO IS MEMBER OF COMMISSION.

Mr. Scully, who was everywhere received with great enthusiasm, urged that the electors vote the entire ticket and said that he wished to emphasize the danger of splitting the vote by putting in plumpers. "I find very encouraging words everywhere," he continued, "and among those who have come and said they will support us in this fight are many who have told me that last time they voted for the government but that it is time for a change."

"I notice," continued Mr. Scully, "that Dr. Campbell has been killing his work on the assessment commission and of the benefit which the changes embodied therein will be to the people, particularly to the working man. This is a matter," he continued, "which should not be introduced into the issues of the campaign but Dr. Campbell is taking great credit—practically all the credit—for the work of the commission. Now gentlemen," Mr. Scully continued, "it is not necessary for me to recall to your mind the fact that I, also, am a member of the assessment commission and that it is therefore hardly a square deal for Dr. Campbell to try and take the entire credit to himself. (Cheers.)"

"I have been around the wards," the speaker continued, "and I must say that things look well for us. I ask that all vote the full ticket, for, with such men running in the interests of the Opposition, nothing is to be gained by cutting any one of them off. Wherever I have gone the reception accorded me has been of a most encouraging nature and I feel, gentlemen, that when the vote is taken in the North End they had been agreed upon in the city and said that when Mr. Scully and he had begun their canvass in the North End they had been agreeably surprised at the cordial reception which had been accorded them. In many cases, from men who had, for years been

supporters of the government. "I can state positively," Mr. Sinclair continued, "that in at least three wards, the government has been unable, even today, to secure proper organization and that they have even been obliged to send for men who have been defeated in the voting for ward chairmen and ask them for God's sake come and lend a hand to the issue." continued Mr. Sinclair, "IS A FIGHT BY THE PEOPLE FOR A DECENT, HONEST GOVERNMENT AND THE WHOLE DOMINION IS LOOKING TOWARDS NEW BRUNSWICK TO SEE IF THE PEOPLE OF THIS PROVINCE INTEND TO VINDICATE THEMSELVES BY LINING UP WITH BRITISH COLUMBIA AND MANITOBA FOR DECENT GOVERNMENT. If I know anything about elections," the speaker continued, "there is only one thing about it and that is that on Saturday we are going to send six representatives from St. John county to Frederickton as supporters of an honest government. Mr. Tilley says he wants to go to Frederickton to look after the interests of the returned soldiers."

"Why doesn't he go to the front?" another voice—"Oh, he'll look after the returned soldiers all right." When the new government, with Mr. Foster at its head gets in," continued Mr. Sinclair, "it will look after the returned soldiers as they should have been looked after since THESE RETURNED MEN WILL NOT HAVE TO GO TO A PATRONAGE COMMITTEE TO GET THEM HOW THEY VOTE BEFORE THEY CAN GET A JOB. (CHEERS.) A MAN WHO IS GOOD ENOUGH TO GET ANY JOB IN THE GIFT OF THIS COUNTRY, NO MATTER HOW HE VOTES." (Loud cheers.)

WE HAVE JUST COMPLETED A SHORT COURSE

"We have just completed a short course," and we have been greatly encouraged by the splendid receptions accorded us everywhere. Mr. Grantman urges the electors to put him into office so that he may see that the country gets good roads. The government has been in power at Fredericton for the past four years and it is only now beginning to see that the country needs good roads. And who is the gentleman who is to have the honor of handing and the spending of the money for these good roads? Why, B. F. Smith, THE MAN WHO HAS SAID THAT YOU ARE NOT WORTHY TO UNLATCH THE SHOETINGS OF J. K. FLEMMING. When men on election day," he continued, "that we are not held in the palm of the hand of the man whom I mean. One thing is certain, if good government is to be secured, you must elect the opposition candidates as the men who will give it to you. The present administration has broken every pledge. Mr. Judge, defends himself for voting to whitewash Mr. Fleming. I am proud to be associated with such citizens on the opposition ticket; I am proud of Mr. Foster, who is a man not a politician, and Mr. Chandler has said that there were too many politicians and not enough business men in the province. The people have awakened to a sense of duty and are calmly waiting for the day when they can go to the polls and vote to place their province alongside of British Columbia and Manitoba in the ranks of good government." (Cheers.)

RETURNING TO MR. FLEMING

Returning to Mr. Fleming, Mr. Sinclair said that some of the excuses being put forward to explain the whitewashing of Mr. Fleming were most absurd. "Mr. Slipp," a member of the government says that the man only made a mistake and, moreover, he had returned part of the money. B. F. Smith says that Mr. Fleming didn't do any harm and that all you who criticize him are not fit to unlatch his shoe. How much money was actually misappropriated will never be known. The fact that they refused to bring forward the books shows clearly that there was guilt to be concealed."

MR. SINCLAIR URGED THAT ALL VOTE THE ENTIRE TICKET.

Mr. Sinclair urged that all vote the entire ticket.

STRONG SUPPORT FOR OPPOSITION.

Dr. Roberts was given splendid receptions and, on each occasion, spoke briefly. "It does my heart good," he said, "to be present with you tonight and to see such outward manifestations OF THE FIGHT YOU ARE MAKING TO ESTABLISH GOOD GOV-

ernment in this province. Everywhere we go we find that the people are placing themselves on the side of the party that will give them better government. Victory is in the air. (Cheers.) I feel it is an assured fact and that on election day it will be found that the entire opposition ticket has been returned for the city."

Dr. Roberts urged that all vote the entire ticket. He said that he had been given personal assurances by many who had been government supporters, that they would vote for him, and he had urged them not to vote for him alone but to vote for the entire ticket. "There is no use," he said, "in sending some of us to Fredericton. Send us all there, for unless we have the necessary support it will not be possible for us to make those changes which are in the interests of the people."

Dr. Roberts made reference to the changes which he proposes to embody in the matter of improvements in matters affecting the health of the people. "I cannot do this alone," he added. "It is tonight we have been received with open arms. Crowded rooms and enthusiastic workers spell victory, and it is in the air. I don't think I am too optimistic, but we want to be optimistic; we want to feel that we are going to win; we want to keep at work and we want to head the polls on Saturday. (Cheers.) We want to get the waves of victory heating on the shores of time. I can't see anything but victory."

Dr. Roberts referred to criticisms which had been levelled from the other side. "They have tried hard," he said, "to say something about Mr. Foster. The only thing they have been able to say, however, is 'Poor Walter,' but I tell you gentlemen that on election day they will give a lot to be in 'Poor Walter's' shoes, for, when the votes have been counted I believe it will be found that Mr. Foster will be the head of the government." (Cheers.)

IN CONCLUSION DR. ROBERTS AGAIN URGED THAT ALL VOTE THE ENTIRE TICKET.

In conclusion Dr. Roberts again urged that all vote the entire ticket.

VICTORIA, 29 City road.
GUYS AND BROOKS, Oddfellows' Hall, West St. John.

Everywhere we go we find that the people are placing themselves on the side of the party that will give them better government. Victory is in the air. (Cheers.) I feel it is an assured fact and that on election day it will be found that the entire opposition ticket has been returned for the city."

Dr. Roberts urged that all vote the entire ticket. He said that he had been given personal assurances by many who had been government supporters, that they would vote for him, and he had urged them not to vote for him alone but to vote for the entire ticket. "There is no use," he said, "in sending some of us to Fredericton. Send us all there, for unless we have the necessary support it will not be possible for us to make those changes which are in the interests of the people."

Dr. Roberts made reference to the changes which he proposes to embody in the matter of improvements in matters affecting the health of the people.

"I cannot do this alone," he added. "It is tonight we have been received with open arms. Crowded rooms and enthusiastic workers spell victory, and it is in the air. I don't think I am too optimistic, but we want to be optimistic; we want to feel that we are going to win; we want to keep at work and we want to head the polls on Saturday. (Cheers.) We want to get the waves of victory heating on the shores of time. I can't see anything but victory."

Dr. Roberts referred to criticisms which had been levelled from the other side. "They have tried hard," he said, "to say something about Mr. Foster. The only thing they have been able to say, however, is 'Poor Walter,' but I tell you gentlemen that on election day they will give a lot to be in 'Poor Walter's' shoes, for, when the votes have been counted I believe it will be found that Mr. Foster will be the head of the government." (Cheers.)

IN CONCLUSION DR. ROBERTS AGAIN URGED THAT ALL VOTE THE ENTIRE TICKET.

In conclusion Dr. Roberts again urged that all vote the entire ticket.

P. E. I. FOX PELTS BRINGING GOOD PRICES ON NEW YORK AND ST. LOUIS MARKET

Charlottetown, Feb. 20.—The new assistant commissioner of agriculture for Ontario is Professor T. R. Reek, for the past two years director of agricultural instruction for Prince Edward Island under the federal agricultural aid bill. He leaves here on Thursday for Toronto.

At the annual meeting of the Fox Breeder's Association a letter was read from Chester McClure, manager of the fur sales board, who took a large number of skins to New York and St. Louis. He reports good prices for skins and said over two hundred so far. Some fine pelts he refused \$1,000 cash for. The meeting was adjourned to await McClure's return.

WILL ENFORCE PROHIBITION

The opposition party, if placed in power, will enforce the prohibitory law which is on the statute books and which will come into effect on May 1.

W. E. Foster has publicly declared over and over again that this is the policy of the opposition. His supporters endorse it.

Any statement to the contrary is a deliberate falsehood told to shield a government that is afraid of the people.

Genard Off to Madrid. Paris, Feb. 20.—James W. Genard, the former American ambassador to Germany and Mrs. Genard, left Paris tonight for Madrid. They will proceed from there to Corunna. Among those at the station to see them away were Count D'Ormesson, representing Premier Briand; Arthur H. Fraser, second secretary of the American embassy, representing Ambassador Sharp, and Lieutenant Commander William H. Sayles, naval attaché. Hearty farewells were exchanged as the train pulled out.

Free Ferry Transport For Farmers

There was a large opposition meeting at Baywater last evening which was presided over by Harold Gibbon and was addressed by E. S. Carter, one of the opposition candidates.

Mr. Carter's address was of particular interest to the people of Baywater as well as the neighboring villages because he took up the question of free ferry transportation for the farmers and bona fide residents, and convinced his hearers that it was a part of the policy of the Opposition. In doing so he read a strong letter from W. E. Foster, leader of the Opposition, agreeing that the claims of the people of Westfield and the Kingston parties were well founded, because they had been so grossly deceived in the routing of the Valley railway, and also because nature had made the river so wide between them and their markets that it was impossible to give them a free passage over steel bridges as was done in other places where the rivers were narrow. The opposition leader in view of the circumstances said that he did not see why free ferry transportation should not be provided for the farmers and bona fide residents. As a plea of his earnestness in this matter, and of the real intentions of the Opposition, Mr. Carter after reading the letter of his leader, left it with the chairman of the meeting for safe-keeping.

GOVERNMENT'S DAMAGING ACTION.

"I am not," said Mr. Carter, "a believer as a rule in pre-election promises, but the assurance I am about to give you tonight is more than an election promise. It is a fulfillment of an undertaking made by the opposition candidates five years ago, by which they promised to arrange for free ferrage if they were returned to power, and I am able now to say to you that this step at that time was strongly urged upon the candidates by myself. Since then, year in and year out, I have urged the establishment, privately and publicly, of free ferrage. The government's foolish policy with respect to the Valley railway route—its almost criminal action against the interests of the country and in particular the Kingston and Westfield sections—has set this part of Kings county apart from its neighbors. You who live here have to pay the passage of yourselves, your family and your teams across the wide water to your markets in the city of St. John. You cannot sell a load of potatoes, you cannot sell a load of hay, you cannot visit your friends across the water without paying tribute, while your brother farmer competitors drive their produce to market as often as they please across steel bridges, the interest on the cost of which would more than keep up the free ferrage I speak of. (Applause.)

A Better Service.

"When the street railway is extended to Millidgeville, as it soon must be, and as the Opposition intend it shall be, and with free ferrage for your residents, I can see Baywater and the surrounding districts just as popular and thickly settled as Rothersey, Riverside or Renforth or the other half of this Westfield across the river. I believe there is a great future before this section of the country. Its natural beauty, its nearness to the city, means that the city people if they had the ferry and such accommodation

A. O. SKINNER AGAIN IS CHOSEN PRESIDENT

At the annual meeting of the St. John branch of the Retail Merchants' Association of Canada, held in the provincial board rooms, 124 Prince William street, last evening, President A. O. Skinner in the chair, reports were given and election of officers followed.

Secretary D. J. Barrett read his report of the year's work. The treasurer's report William Hawker was read. Officers elected as follows: President, A. O. Skinner; 1st vice-president, F. W. Daniel; 2nd vice-president, A. A. McIntyre; treasurer, Wm. H. Hawker; secretary, D. J. Barrett.

Executive committee—Harold W. Rising, S. C. Young, T. J. McPherson, J. H. Vaughan, S. G. W. J. S. McPherson. The provincial secretary, Robert Reid, gave a short address.

The following committee was appointed to arrange details for provincial convention of the association to be held in St. John, March 14 and 15: T. F. Drummie, convenor; A. O. Skinner, F. W. Daniel, H. G. Marr, F. A. Dyceman, S. McAvilly, D. J. Barrett, W. H. Emerson, A. E. Everett, H. W. Rising, G. M. Chester Brown, Geo. L. Warwick, H. E. Wiesel, T. A. Armour, C. R. Wasson, S. E. Fisher, D. W. H. Magee, H. N. DeMille, W. H. Hawker, E. Clinton Brown, H. Mont. Jones, L. T. Gard, S. C. White, G. H. Allen, Jarvis Purdy.

as we propose to give you with a street railway to Millidgeville, would bring prosperity and wealth such as you have never experienced. Real estate would boom here as it has boomed at Rothersey, Renforth and Westfield Beach. Your produce would command a ready market at your own doors. Better roads through to the main river St. John would make Baywater one of the most attractive and frequented spots in the country." (Great applause.)

IMPERIAL PREFERENCE
British Committee's Report
Bonar Law Answers Pacifists
London, Feb. 20.—The committee on the commercial and industrial policy of Great Britain today issued a report in which the recommendation is made for imperial preference on customs duties hereafter imposed in imports. The gist of the report, which is signed by Lord Balfour of Burleigh, Arthur J. Balfour, foreign secretary, Lord Farrington, chairman of the Great Central railway, George J. Wardle, labor member of parliament, Sir Charles Parsons, president of the British Association for the Advancement of Science, and others, follows: "In the light of our war experience, showing the necessity to stimulate production of foodstuffs, raw materials and manufactures within the empire for the safety and welfare of the empire as a whole, we recommend that the government declare its adherence to the principle of imperial preference in respect to any customs duties hereafter imposed on imports. "Further, with a view to achieving this object, it is advisable to take into consideration the desirability of establishing

a wider range of customs duties which would be remitted or reduced on products and manufactures of the empire, and which would form the basis of commercial treaties with allied and neutral powers. "The government will have difficulty, it is believed, in meeting the conflicting views of those contending that free trade England has borne the strain of the war better than protectionist countries, and that the imposition of duties will offend allied countries, and of those of the party representing agricultural interests who demand duties protecting the home food production, which the war has shown to be imperative for national security in the future. "In the house of commons today addresses were made by Arthur Ponsonby, Charles P. Trevelyan, Philip Snowden and other pacifists, the tenor of their speeches being that the Entente Allies were pursuing a war of conquest, and reproaching the government for its failure to respond to the German peace overture. "Andrew Bonar Law, chancellor of the exchequer, said that in no other country would such speeches have been listened to patiently. It was impossible to conceive, he added, that there was any other method for securing peace and the liberties of the people except by fighting until the German military machine was beaten. He repudiated the contention that Germany's intensified submarine

warfare had started after the Entente's peace terms had been formulated and quoted Dr. Von Bethmann-Hollweg, the German imperial chancellor, in support of his statement. "Throughout the conflict, Mr. Bonar Law continued, the Germans had acted on the principle that they would win the war by terrorizing civilian populations in allied and neutral countries. Germany, he said, must be taught that such crimes as she is committing would not pay. He said he was astonished at the suggestion of peace at a time when the greatest of neutral nations had recognized the difference between right and wrong. Germany's excesses, he concluded, had passed the limit which could be tolerated by neutral countries. "These Through Safety New York, Feb. 20.—Three passenger liners which left European ports after the inauguration of the German U-boat campaign arrived today. They are the Cunard liner Orduna, from Liverpool; the Ausonia, of the same line, from London; and the Fabre line steamer Patria, from Marseilles. Other arrivals were the San Guilelmo, Italian, from Naples; and the Atholl, British, from London.

TILLEY AND PROHIBITION
Government candidates held a meeting last night in Orange Hall, Simonds street, Mr. Tilley spoke chiefly on the prohibition issue. He endeavored to explain his opposition to the prohibition bill in the last legislature, expressing his belief that it was too radical a move and he feared that, as a reaction, private stills would become a menace. He said that many in the legislature were opposed to the bill, as well. He still expressed himself in favor of a more gradual enforcement of prohibition. He would rather have the old liquor license act with the prohibitive clause. Released From Net Norfolk, Va., Feb. 20.—The steamer Madison, which became entangled with the anti-submarine net at the entrance to Hampton Roads, was released this afternoon. Mrs. W. J. Shaw. DO NOT BE DECEIVED ABOUT PROHIBITION

A WOMAN INTERESTED IN PROHIBITION WRITES TO THE TELEGRAPH FROM SUSSEX SAYING THAT CANVASSERS THERE FOR THE GOVERNMENT ARE MAKING THE ASSERTION—WHICH IS FALSE—THAT IF THE OPPOSITION IS RETURNED TO POWER THE PROHIBITORY LAW WILL BE DELAYED EIGHTEEN MONTHS. NO ONE SHOULD BE DECEIVED BY THIS UNTRUE STATEMENT.

THE OPPOSITION LEADER, MR. FOSTER, HAS PLEDGED HIMSELF ON MANY PLATFORMS TO ENFORCE THE LAW, WITHOUT FEAR OR FAVOR, IF HE IS IN CHARGE OF THE GOVERNMENT. OPPOSITION CANDIDATES EVERYWHERE ARE SIGNING THE PLEDGE DISTRIBUTED BY THE NEW BRUNSWICK TEMPERANCE ALLIANCE.

THE PROHIBITORY LAW IS ALREADY ON THE STATUTE BOOKS AND WILL COME INTO FORCE ON MAY 1. IF THE OPPOSITION PARTY IS SUCCESSFUL AT THE POLLS, THE PROHIBITORY LAW, AS IT STANDS, WILL BE CARRIED INTO EFFECT WITHOUT DELAY.

THE GOVERNMENT IS DELIBERATELY MAKING USE OF A DISHONEST AND DISGRACEFUL CANVASS ON THIS SUBJECT. LET NOBODY BE DECEIVED.

SAILORS DESCRIBE DISGUISED RAIDER

Eleven Men Taken Off the St. Theodore by the Venetia

Rever's Mast Disappear—Germans Gave Wages and Christmas Presents to Captives, Who Saw Ships Sunk

Eleven members of the crew of the British freighter St. Theodore, which was captured by the German raider Venetia near the Azores on Dec. 13, arrived in New York last week on the Booth line steamship Francis. They had been transferred from the raider to the Japanese freighter Hudson Maru and landed at Pernambuco.

The men spent several days on board the raider, which they described as a new vessel, dull black, 500 feet long, with 50 feet beam and 12,000 gross tonnage. She had two telescopic masts and one telescopic funnel, which were lowered or raised frequently for disguise, and a speed of sixteen or more knots. They said the Venetia had two five-inch guns on the fore deck, to be fired from ports on either bow, two five-inch guns aft, small quick-firing guns on each side of the bridge and four torpedo tubes. All the men agreed that they were treated well by the German crew.

who gave them Christmas presents from Kiel and paid them \$55 each for the fifteen days they worked on the St. Theodore after she was captured. When the St. Theodore left the raider with a prize crew of fifty officers and men on board, she was armed with one six-inch gun forward, one aft, and machine guns mounted under the bridge amidships. She could average twenty knots, the men said, when she was driven at full speed.

Horompo, Three Feet High, Applies for Papers.

Paul Horompo, three feet tall, weight forty pounds, applied at the naturalization bureau in New York last week for his first papers.

"I was born in Hungary," he said, "and while there is not much of me to give to the United States, what there is I'll give. That's why I want to be a citizen."

Horompo is a vaudeville performer. He said that Napoleon was a small man, and that all small men often amounted to much more than big men.

Amateurs Again Prove Ability. Excellent Production of "The Private Secretary" IN AID OF GVERSEAS Y. M. C. A.

Capable Cast Gives Excellent Production of Popular Farce—Elaborate and Attractive Special Features.

"The enthusiast, applause of an audience which crowded the Imperial Theatre last evening was the best measure of the success of the members of the Y. M. C. A. Dramatic Club in their presentation of that ever popular farce, "The Private Secretary."

There was little trace of the amateur in the efforts of the players. Each member of the cast seemed at home on the stage and played his or her role with ease and naturalness. The character parts were portrayed with great fidelity to the original types and the acting of some of the leading members was a gratifying revelation of local talent.

The production was in aid of the Y. M. C. A. overseas work among the soldiers and the chief cause for regret is that a second performance could not have been arranged for the benefit of those who were unable to secure seats last evening.

"THE RACE FOR FREEDOM" THUR. - FRI. - SAT. "THE PURPLE MASK" "GRANT, POLICE REPORTER" in another daring adventure

CORRUPTION AND DISHONESTY A DISGRACEFUL RECORD

1. Because the Murray government is the Fleming government under another name. Hon. B. Frank Smith declared at Gibson on Wednesday last that Fleming's critics were not fit to "unlatch his shoes." In the Carleton county by-election last fall Premier Murray endorsed Fleming, and in his manifesto to the people he pledges himself to carry out the policy of his predecessors. Moreover, the legislature white-washed Fleming after a Royal Commission, composed of present Chief Justice McKeown, former Judge Wells and Mr. W. S. Fisher had condemned him.

2. Fleming was found guilty of taking "by compulsion" \$2,000 from a railroad contractor, and having full knowledge and being for a time custodian of the hoode fund of \$71,000 collected by Bill Berry from the lumber operators.

3. A. J. H. Stewart and Col. Sheridan gave up their seats in the legislature because of the investigation by Royal Commissions held by Mr. Justice Chandler of the Supreme Court.

4. J. K. Pinder was found guilty of padding the Southampton Railway Accounts to get a double subsidy, and the Conservative government at Ottawa demanded restitution. Pinder today leads the Murray Ticket in York county.

5. Martin J. Robichaud was condemned by Commissioner Chandler for manipulation of highway accounts in Gloucester county. He is one of Murray's purity candidates today.

6. When Premier Clark announced that the government was considering the question of the license law or prohibition, men close to the government gathered in \$6,000 from the liquor dealers. For what? You do not need to be told.

7. Hon. John Morrissey, a member of the Fleming and Clarke governments, charged that answers made up by officers of his department were changed and falsified by his colleagues before being presented to the House of Assembly, and claimed he was in a "nest of traitors."

8. The Murray government, if returned to power, will continue the policy of graft and plunder. Its pledges with regard to roads, crown lands, agriculture, and everything else are to be read in the light of the revelations made before the Royal Commissions. The issue before the people is the simple choice between graft and honor in public life.

9. J. B. M. Baxter, while representing St. John county, received \$500 from A. R. Gould, President of the Valley Railway—the same man who paid Premier Fleming \$100,000. Baxter paid the money back some months later. WHY?

10. The Foreshores Bill promised to take away the sacred rights of the people whose lands fronted on sea, lake or river.

Baxter, on oath, swore he prepared the bill. Fleming introduced it to the legislature.

11. Judge Chandler, summing up his judgment as a Royal Commissioner, said—"It is not heaven-born statesmen that New Brunswick wants, but a little common honesty!"

J. L. Stewart, one of their own and a member for Northumberland, said that the "only way to reform this government is to Kick Them All Out!"

Do Your Bit and Vote for the Opposition Candidates

A better collection of men fit to represent the people was never before presented to the Electors of New Brunswick than the ones put forward by the Opposition Party.
