Captains Dunfield And McAthur Promoted

Home From Halifax And Are Now Majors — Captain Brown Also Advanced — Fine Turn-out of Army Service Corps

Two more St. John officers, both from the 62nd regiment, though now company commanders in the 26th Battalion, have been promoted to the rank of major, Capt. C. I. Dunfield and Capt. D. D. McAthur having returned to the city this morning from Halifax after having successfully passed the required examinations for the higher step. Major Kinner will return to the city today from Halifax, having gone for a short stay at his home in Sussex. He has held the rank of major in cavalry and has been to Halifax to qualify for the title in the infantry, which he has been successful in doing. Captain Brown, the efficient adjutant of the 26th, also has won his promotion to the major's rank. Congratulations are in order to all of them.

Admiring glances of many citizens followed the Canadian Divisional Train as it swung through the streets this morning to Lancaster. Major F. T. McKean, O. C. No. 5 Co. Army Service Corps, in command. With steady step and jaunty stride and soldierly bearing in all ranks they made a splendid appearance on this their first march-out in battalion formation, and to say that Lieut. Col. A. E. Masse, officer commanding the train, was pleased with the companies in his inspection would be expressing his satisfaction mildly. The whole train made an excellent showing, every company creditably conducting itself. The colonel inspected them in battalion and afterwards in independent companies and was well satisfied in each case. About noon the four companies returned to barracks. This afternoon company drill was carried on. For the time remaining until their departure overseas, an extensive programme of field exercises in battalion routine is planned.

I. O. G. T. ARE TO BUILD NEW HALL

During March nine building permits, covering structures valued at \$20,000, were issued by Inspector James Carleton, as compared with \$75,000 for March 1914. For the year so far the total is \$38,500, as compared with \$92,000 for the same period last year. Eight permits for repairs were issued during March. Among the new buildings to be erected this spring is a hall for the I. O. G. T., to be located in Westmorland road, near the Church of England cemetery. The building will be two stories in height, 30 by 75 feet, with a modern fitted store on the ground floor, and the upper floor devoted to the uses of the order. The stairway will lead to an ante-room, and this will open on the main auditorium. At the far end will be a good-sized stage with dressing rooms on either side. A kitchen is also provided for use in connection with social gatherings. The new hall will be a decided acquisition to the east end of the city. The estimated cost is \$4,000. Some of the other buildings for which permits have been issued are: Fenton Land and Building Company, Bentley street, two wooden dwelling houses, \$6,000. Mrs. George Kimball, Elgin and Metcalf streets, wooden tenement, \$3,000. Charles Robinson, Bryden street, wooden dwelling, \$2,500.

MOTHER, TWO CHILDREN AND SISTER PERISH

Water town, N. Y., March 31—Four lives were lost and damage of \$200,000 was done by a fire which practically destroyed the village of Norfolk in St. Lawrence county early this morning. Fourteen stores were destroyed as well as two hotels and several residences. The fire is still in progress. The dead: Mrs. J. Thomas, her two children and her sister.

SECOND OF BROTHERS TO GIVE LIFE FOR KING

St. Catharines, Ont., March 31—Bert Henfrey of this city has official word that his brother, Private Alfred Henfrey, Oxford and Bucks Light Infantry, has been killed in France. Henfrey was a reservist and was called from Toronto. An elder brother was one of the first of the first Canadian contingent to fall in France.

SPIRITED TIME IN FREDERICTON OVER BILL TO CHANGE ST. JOHN ASSESSMENT

Municipalities Chairman Had To Exercise Authority To Keep Meeting in Hand

Fredericton, N. B., March 31—No one more earnest, energetic or enthusiastic in opposition ever waited upon a legislative committee than the men who supported the income exemption bill before the municipalities committee this morning. Three city commissioners, Potts, Wigmore and Russell, headed the list of speakers, and the chairman of the labor delegation, Charles H. Stevens, made an impassioned appeal for justice and fair play. There were interesting moments during Commissioner Potts' speech, which was interrupted by Mayor Frink, A. H. Hanington and others. The labor delegation resented this and demanded an uninterrupted hearing of their case. The appearance of a delegation from the Retail Merchants' Association in opposition to the bill seemed to anger the labor people, and the attitude toward them was strongly antagonistic. The whole question seemed to assume a large aspect before the committee.

LABOR MEN WELL PREPARED WITH ARGUMENTS—MAYOR GAVE INFORMATION—COMMISSIONERS WIGMORE AND RUSSELL DECLINED TO FOLLOW POTTS TO LIMIT BUT FAVORED CHANGE

Fredericton, N. B., March 31—No one more earnest, energetic or enthusiastic in opposition ever waited upon a legislative committee than the men who supported the income exemption bill before the municipalities committee this morning. Three city commissioners, Potts, Wigmore and Russell, headed the list of speakers, and the chairman of the labor delegation, Charles H. Stevens, made an impassioned appeal for justice and fair play. There were interesting moments during Commissioner Potts' speech, which was interrupted by Mayor Frink, A. H. Hanington and others. NO EASTER VACATION FOR THE COMMONS

Ottawa, Ont., March 31—There is to be no Easter holiday for parliament. The government has purchased the plans and survey reports of the North Atlantic railway company from Montreal to the Transcontinental and it is expected will build. A quarter of a million dollars were paid for the reports and survey notes. General Hughes was on the stand in the boot committee today and swore that the Canadian boat was of better design than the British boat. If manufacturers had made it badly or if poor leather was used they should be severely dealt with.

Serbia Ready But Awaits Allies' Word

Paris, March 31—Serbia will await word from the allies before beginning a second invasion of Austria-Hungary, said Milenko Vesentich, Serbian minister in Paris, yesterday. "Serbia," he said, "is absolutely ready to re-enter the campaign at a moment's notice. It has been decided, however, that the allies shall henceforth plan in concert all important movements on all fronts. When Serbia receives the indication to march she will immediately advance, and with greater dash and determination than ever."

Belgian Cash Fund Passes Million Mark

tributions to the Belgian Relief Fund passed the million dollar mark yesterday. The exact amount so far is \$1,004,905.44, and is said to be the largest ever raised by a committee on behalf of foreign charity. The committee has also collected \$700,000 in food and the actual amount of food supplies it has sent into Belgium to date are valued at more than \$1,500,000.

Will Americans Take Action Now?

London, March 31—English newspapers devote considerable space today to comment upon the fact that an American citizen lost his life when the liner Falaba was sunk by a German submarine and predict that sharp action will be taken by the United States government. They assert that the submarine's attack was evidence that "Germany has no regard for international rights." According to the newspapers, the Greek government will also take cognizance of the sinking of the Falaba because a citizen of Greece also lost his life. The American victim of the German sea raider was Leon Chester Thresher, an engineer employed by the Broomfield Mines Company. The Greek citizen was N. Antonopoulos, an Athenian merchant. The Daily Mail takes the lead today in demanding reprisals against Germany for what the British term "the deliberate murder of inoffensive English citizens and neutrals." London, March 31—Leon Chester Thresher who was among the 111 persons who lost their lives when the British steamer Falaba was torpedoed, probably was an American citizen, although the officials of the Broomfield Mines Company which had employed him to go to the Gold Coast did not see his passport and have no positive proof of his citizenship. Washington, March 31—Raymond Swoboda made application for an American passport in New York on February 29. He gave his residence as San Francisco. Hardwick, Mass., March 31—Leon Chester Thresher was a citizen of the United States. He was born in this town in 1884.

Another German Failure

THE GERMANS BY NOW MUST HAVE WHOLESOME REGARD FOR CANADIANS

London, March 31—A special to The Daily Telegraph from Petrograd intimates that the operations of the Germans against Osowetsky may now be considered at an end. In this way the whole purpose of their dash into Russian territory from East Prussia has been frustrated. Geneva, via Paris, March 31—Austrian losses in Lytva Plain and the Province of Bereg (northeast Hungary), on March 25, are estimated at 18,000, according to despatches received by Swiss newspapers. These advances state a column of 4,000 Austrians was annihilated in less than an hour during a desperate action in Bereg province, six miles north of Verecke. Austrian troops in this territory are reported to be demoralized as a result of their enormous losses.

INSUBORDINATION AMONG THE TURKS

Geneva, March 31—A Constantinople despatch states that, while ammunition is not lacking for the Turkish army, it is of poor quality. The supply of cartridges provided by Germany in March 1914 has been exhausted and Turkey now is forced to rely upon those of her own manufacture which are inferior to the German make. The despatches state that disorders and insubordination among the Turkish soldiers are of frequent occurrence, during the operations of the troops. Many Turkish officers are reported to have been arrested for hostile attitude towards the Germans.

TO JAIL FOR THREE MONTHS FOR SCOTT ACT VIOLATION

Moncton, March 31—Judge Steeves today sentenced Tom Bourque to three months in jail without option of a fine when a third offence Scott Act case against him came up. A C. T. A. case against Kelly & Glasse, wholesale liquor dealers of Halifax, was further adjourned.

CHARGED THAT HE SET FIRE TO LA TOURNAINE

Paris, March 31—Raymond Swoboda, a passenger on the French liner La Touraine which was impelled by a fire at sea on March 6 has been arrested charged with setting fire to the vessel according to the Matin. According to the Matin Swoboda is suspected of having "close relations with the enemy," and correspondence found in his rooms is said to indicate he had been charged with the task of blowing up the Touraine. He has been taken to Have.

PAYMASTER OF FIRST CANADIAN CONTINGENT, DISMISSED FROM ARMY BY COURT-MARTIAL

London, March 31—The Official Gazette announced that Hon. Lieut. John Bottomley, paymaster of the First Canadian Contingent, has been dismissed from the army by sentence of a court martial. Ottawa, March 31—The militia department today confirms the cable report of the dismissal of Lt. John Bottomley. No official report giving details of Bottomley's degradation and his being gassed as dismissed had been received but it is thought he was short in his accounts. The amount could not be ascertained, but it is supposed it was not large. Bottomley comes from Niagara Falls and was formerly a lieutenant in the 44th Regiment. He enlisted at Valcartier last August.

Weather Bulletin: Fairly moderate cold, but the accompanying cold wave is gradually diminishing. Fair weather generally in Canada.

LIQUOR CASES IN THE POLICE COURT

Special Interest Because of Developments and Statements by Counsel

Two interesting cases were thrashed out in the police court this morning when F. Van Heidein and Frank Marney appeared before Magistrate Ritchie to answer a charge of selling liquor in their licensed beer premises in Brittain and Brussels street respectively.

In the case against Van Heidein, Police Officer W. R. Hunter, testified that he went to the defendant's place of business in Brittain street, on Sunday morning, March 7 and asked the boy who was behind the counter for a glass of ale. The boy told him they did not sell ale but named various soft drinks. He said he took a bottle of malted barley put up by the Purify Bottling Works.

Cross-questioned by Urban J. Sweeney counsel for the defence, he said he did not know who kept the store. He said he was not on duty at the time and had not been sworn in as a policeman. He said he never suspected the defendant of selling liquor, but just went out to see what he could find. He said he did not know what he was supposed to ask when he entered a store. He acknowledged that he did not make the charge against the defendant and did not know who did. He acknowledged that he considered it a temperate drink when he purchased it. He did not know what had been done with the bottle or its contents. When asked if he considered himself a competent official, he said he thought so. Some evidence of amusement was given by the crowd present during the hearing.

M. V. Paddock testified about receiving a bottle from some man and analyzing the contents. He had estimated the amount of alcohol and found it within the requirements of the law—Namely 2 and 1-4 per cent.

Chief Simpson then testified about receiving the bottle from Hunter. He said he did not make the charge against the defendant and did not know who did. Cross questioned, he said it would be proper for an official to ask if the store keeper had a beer license. He acknowledged that he did not think Hunter a competent special officer.

Mr. Sweeney asked to have the case dismissed as it had been proved that the bottle of beer did not contain more than 2 per cent. alcohol and also on account of the unsatisfactory evidence submitted.

His Honor commented on the case and said he would give judgment on next Wednesday morning.

The case against Marney was then taken up. Special Patrolman McBride testified that he purchased several bottles of Pilsner beer in the defendant's shop on Saturday, March 27 and brought them to Chief Simpson. He said he took one of the bottles to M. V. Paddock to have the contents analyzed. He did not know which bottle it was as he had no distinguishing mark on it. After a half hour's cross questioning by Leonard A. Gieson, who was appearing for the defendant, the latter acknowledged that he could not tell which bottle had been analyzed. Mr. Gieson said he did not like to say anything about the witness' brilliancy as a police official but as a witness he was anything but clever.

Mr. Paddock testified about analyzing the beverage and finding that the contents varied from 8.5 to 2 per cent. He said that the beverage might become slightly stronger with age.

Mr. Condon summarized the evidence and also read an extract dealing with such cases. In conclusion he said "There are a number of plain clothes men going about the city endeavoring to detect petty violations against by-laws instead of endeavoring to detect crime and as a result many of the good reliable members of the police force are resigning rather than do the dirty work expected of them." He said it would suit them better if they would employ their time in an endeavor to prohibit crime and not entice a man to commit an offense and then prosecute him.

DEATH OF DENNIS R. DRISCOLL—Dennis R. Driscoll, third son of Mr. and Mrs. Michael Driscoll, died this morning at his home in Lorneville. He was in the sixteenth year of his age and was a bright lad, beloved by all who knew him. Besides his parents he is survived by four brothers, John, of this city, and Samuel, Howard and Russell at home; and four sisters, Mrs. D. Hanlon of Fairville and Elizabeth, Josephine and Florence at home. His funeral will take place on Friday. His burial will take place on the sixteenth anniversary of his birth. Much sympathy is felt for the bereaved family.

THRILLING AIR AND SEA FIGHT

Amsterdam, March 31—A thrilling air and sea fight took place at Zeebrugge on Monday. Two German airmen were killed. At the same time British warships fired upon German submarines which were trying to make their way from the naval base to the open sea. Armed German trawlers which were planting mines were chased into Zeebrugge harbor by British men-of-war.

FRENCH PUT ANOTHER GERMAN SUBMARINE OUT OF COMMISSION

Paris, March 31—The ministry of marine reports that yesterday afternoon a French light cruiser sighted a German submarine manoeuvring on the surface off Dieppe, gave chase and kept up firing, forcing the submarine to dive. It is believed she was destroyed.

FAREWELL FROM HIS BROTHER MINISTERS

At the Green Lantern Tea Rooms last evening a farewell dinner was tendered to Rev. Dr. J. H. MacVicar by fellow ministers of the Presbyterian church in St. John. Best wishes were extended for his success in the ministerial mission. He will leave for Montreal this evening and will leave for China late in August with Rev. J. H. Griffiths, now home on furlough.

POTATO FLOUR—The bureau in Washington is experimenting with combinations of potato flour and wheat flour in bread-making. The most satisfactory loaves are those that contain thirty per cent or less of potato flour. The bread, so made, retains its moisture and freshness and is appealing in flavor. American housekeepers have long used some potato flour in bread-making, principally for the reason that the loaf retains moisture and freshness longer than if made wholly of wheat flour. Potato flour is far superior to wheat flour for making sponge cakes and puddings. Ask your grocer for "DeLorm's Old Homestead Potato Flour." Made in Canada. Receipt on every package.

THE WAR NEWS

While the activity of German submarines continues, Germany is threatening to surround the British islands with mines and cut off her supplies. This threat cannot be carried out, and is of a piece with many other German threats and boasts which have not been followed by effective action.

spent last year, and the association therefore ought to receive 75 per cent of \$8,000. But it was promised, and had been actually granted, \$5,000, and had assumed important obligations, expecting to be fully able to carry them out.

During the last day or two there has been no outstanding feature of the war either in the eastern or western zone. Serbia announces her readiness to launch another attack against Austria whenever the Allies declare that the proper time has come.

AMERICAN OPINION.

There is published on the 1st and 15th of every month at Washington a small magazine called The Tribune of Liberty, which is devoted to a vigorous advocacy of the cause of the Allies in the great war, and to a protest against an unsympathetic neutrality.

PROVINCIAL FINANCES

Comparing the estimates for 1915 with the expenditures for 1914, as submitted to the legislature by Provincial Secretary Landry yesterday, it is noted that a reduced expenditure is provided for in connection with the Boys' Industrial Home, colonization roads, crown land classification, exhibitions, education, fish, forest and game protection, immigration, printing, provincial hospitals, wharves, miscellaneous public works, crown land surveys, and some other items.

To illustrate the spirit of modern Germany the Tribune of Liberty quotes from the address of the Kaiser to the German troops leaving for Pekin in July, 1900, as follows: "When you meet the foe you will defeat him. No quarter will be given, no prisoners will be taken. Let all who fall into your hands be at your mercy."

The famous Guelph agreement cost the city of St. John a lot of money. The more the public accounts committee inquires into that horse purchase in Nova Scotia the less fitted certain prominent Conservatives become to don the mantle of an exalted patriot.

The action of the city council in restoring 75 per cent of the grants to the various organizations hitherto receiving them meets with general approval. It is true, however, that the Playgrounds Association is only to get 75 per cent of \$2,000, that organization will have just cause to feel aggrieved. There was \$8,000 available for playground purposes last year. The association received \$2,000, and the department of parks and playgrounds, of which Commissioner Potts is the head, spent the other \$6,000. That is to say, \$8,000 was actually

LIGHTER VEIN.

"In many ways," observed Mrs. City-flat, who was visiting a friend in the country, "I find that a horse is much like a man."

"What a cheerful woman Mrs. Smiley is!" "Isn't she? Why, do you know, that woman can have a good time thinking what a good time she would have if she were having it."—London Answers.

It is on the country circuit, and the audience is sadly lacking in appreciation of the effort of the actor.

"No, said the man who was shot in the head by his friend while they were out shooting, lost the greater part of an ear and was scratched considerably, 'I don't mind the wounds so much, but it breaks my heart to have my head mistaken by my most intimate friend for a rabbit.'"

A bailiff sent to seize a quantity of furniture on an order of foreclosure was instructed to make a complete inventory. He did as directed. When it came to the dining room, the tally of the furniture ran thus: "One dining-room table, oak. "One set chairs (six), oak. "One sideboard, oak. "Two bottles whiskey, full."

Public Accounts Committee Hears More of Graft - That Spade and Field Patent

Ottawa, March 30.—Another act in the national tragedy of war graft was unfolded before the public accounts committee today. How a Conservative member of parliament bought \$72,000 worth of horses for the government, through middlemen of his own choosing, was told to the committee by the secretary of chief government whip. This secretary, though "not an expert on horses," bought \$10,000 worth of horses, acting on the instructions of a mysterious friend of A. DeWitt Foster, M. P. for Nova Scotia, the Conservative member in question.

The Supreme Test of a Healing Agent

Psoriasis or Chronic Eczema Defied All Treatment Until Dr. Chase's Ointment Was Used.

After suffering with the terrible itching of Psoriasis for five years, and being told by physicians that she could not be cured, Mrs. Massey turned to Dr. Chase's Ointment and was entirely cured. You will find this letter interesting, and will not wonder that the writer is enthusiastic in praising this ointment. Mrs. Nettie Massey, Concord, N.B., writes: "For five years I suffered with what three doctors called psoriasis. They could not help me, and one of them told me if anyone offered to guarantee a cure for \$50.00 to keep my money, as I could not be cured. The disease spread all over my face and head, and the itching and burning was hard to bear. I used eight boxes of Dr. Chase's Ointment, and I am glad to say I am entirely cured, not a sign of a sore to be seen. I can hardly praise this ointment enough." Can you imagine a more severe test for Dr. Chase's Ointment? This should convince you that as a cure for eczema and all forms of itching skin disease Dr. Chase's Ointment stands supreme. Put it to the test, \$10 a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

HAMILTON, a retired officer of the 13th regiment, told the committee that he had brought the idea to the attention of militia officers at Ottawa, as far back as 1902. When the war broke out he had written about it to the president of the United States, to the French government, to Lord Roberts, to Lord Kitchener, and to General Hughes. He got answers from all of them except General Hughes, and in each case it had been stated that the idea was being considered by the military experts of the respective governments.

CANADA IN THE WAR

Major General Sam Steele, inspector general of the forces of western Canada, has accepted the post of officer commanding the second contingent. Sergt. Alfred B. Cork, of the Princess Patricia's, who was killed in action in France, was about the first man from Charlotte County, N. B., to enlist. He was a South African veteran. PIMPLES APPEARED ON HIS FACE AND HANDS.

The primary cause of pimples arises from the blood not being in a good condition. When the blood becomes impure you will find that pimples will break out all over the body, but more particularly on the forehead, nose and chin, and although they are not a dangerous trouble, they make you appear unsightly both to your friends and yourself. What you need, when these pimples break out, is to get a real good blood purifying medicine such as Burdock Blood Bitters. One that will build up the system by cleansing the blood of all the impurities and poisons which cause the skin to break out in these eruptions. Mr. F. A. McKenna, Portage La Prairie, Man., writes: "Last summer I was all run down and unfit for work of any kind. All kinds of food seemed distasteful to me. Pimples appeared on my face and hands, and I seemed to grow worse every day. One day a friend advised me to try Burdock Blood Bitters. Half-heartedly I did so, and the results obtained were marvelous. I regained my health, I took on flesh, and in a short time the pimples and skin eruptions disappeared entirely; thanks to the healing powers of B.B.B. I freely recommend it to all sufferers." B.B.B. is manufactured only by The T. Millers Co., Limited, Toronto, Ont.

Seventy-five Per Cent of Last Year's Amounts and \$500 For Red Cross

Civic grants to the extent of seventy-five per cent of the amounts voted last year were authorized by the common council yesterday afternoon.

When the council convened a delegation of mothers of children attending the free kindergartens appeared and asked for the renewal of the grant for that work. Commissioner McLellan replied, promising the consideration of the council, but explaining that the council wanted to be sure that the majority of the citizens favored the restoration of the grants.

Later in the meeting Commissioner Wigmore moved for reconsideration, but Mayor Prink said the motion should come from the former opposition. On motion of Commissioner McLellan the council decided to take up the matter at a later meeting. Commissioner Potts moved that legislation be secured to authorize assessment each year for the following grants: Horticultural Association, \$4,000; Riverview Park, \$250; and Playgrounds Association \$5,000. There was no second.

Commissioner McLellan then moved for reconsideration on the basis of 75 per cent of last year's grants and this was adopted.

An appeal from the heart by thirty mothers sending children to the Free Kindergarten moved a majority of the commissioners to action yesterday in the restoration of civic grants, and on motion of Commissioner McLellan, the previous action of the council was rescinded and 75 per cent of last year's grants voted to the organizations applying this year. The motion was supported by Commissioners Wigmore and Hassell and opposed by Commissioner Potts, the mayor not voting.

The only other business of importance at the meeting was the adoption of a bill requiring licensed junk and second hand dealers to make a report to the police every twenty-four hours of the nature and cost of their purchases.

A bill proposed by Commissioner McLellan requiring all boarding and lodging house keepers to take out a license costing \$1 and to submit a register of their boarders and lodgers to the police was not seconded.

The grants as adopted will be as follows:

Horticultural Association	\$3,000.00
Playgrounds Association	1,500.00
Free Kindergarten	750.00
Band concerts	900.00
N. B. Tourist Association	500.00
Associated Charities	150.00
S. P. C. Society	150.00
Seaman's Mission	187.50
Natural History Society	300.00
Agricultural Society	375.00
Riverview Park	187.50
Provincial Red Cross Society	500.00

Total \$9,812.50

Commissioner McLellan submitted a bill requiring licensed second hand dealers and junk buyers to keep a book written in English showing their purchases, name and description of seller, etc., and also requiring them to fill out sheets with the information on their book and send it to the police every twenty-four hours. The commissioner explained that this law ruled in other cities and was very helpful in tracing thefts.

Commissioner Potts thought the law would be a powerful weapon in the hands of the police. Nearly all the merchants of St. John were second hand dealers under a strict interpretation of such a law and auctioneers would be hit.

The bill was adopted, Commissioner Potts voting nay.

Commissioner Potts was given authority to engage a hand for the advertisement of Violet Day.

Commissioner Wigmore gave notice of motion of the issuing of \$25,000 water debentures to pay for Adelaide road extension.

Failure of the provincial government to notify the city council that there is a vacancy in the recordership of the city prevented any action by the council yesterday towards abolishing this office and appointing Hon. J. B. M. Baxter, the present incumbent, city solicitor, as will be done when the formal notification of Mr. Baxter's resignation comes to the council.

Deferring It

"Do you believe in long engagements?" he asked, after she had consented to be his. "Yes, dear," she replied. "I have always thought it was such a mistake for two people to rush into matrimony before they learned to really know each other." "Well, about how long would you wish the engagement to be too long?" "S. P. C. would you think it was too long if we didn't get married until a week from next Thursday?"

MILK BOTTLE USED AS SAFE

Next morning, after hubby had gone to business, the wife was called to the front door by the milkman, who held in one hand enough milk tickets to run almost a year, and in the other an alluring display of the paper of the realm. He looked pleased, but at the same time puzzled and doubtful. "I ain't got no more tickets with me—maybe you'd better not take so many this time," he said, then continued cautiously: "Have you been readin' anything in the papers about milk goin' up? Is the war goin' to effect prices?" The woman was bewildered and was wisely enlightened when she learned of the systerious "war" in the bottle. However, she thought she had better delay any wholesale investment in milk tickets.

Frank—A telephone ring and a frantic message from hubby. "Say, did you happen to find about 50 'beans' in a milk bottle in the safe?" "Wifey put this and that together. "No, I didn't happen to find any beans, but I've saved enough to supply soap for the rest of our lives. The salvage is \$5 and you're getting off cheap at that."—Indianapolis News.

The Real Secret of Rejuvenating the Face. This holds the true secret of facial rejuvenation which has learned how to remove the dead skin particles as fast as they appear. It's a secret anyone may possess. The aged, faded, or discolored surface may be gradually absorbed, in an entirely safe and rational manner, by the quick application of ordinary mercurized wax. Within a week or two the underlying skin, youthful and beautiful to behold, has taken the place of the discarded cuticle. So little of the old skin is absorbed each day there's no inconvenience at all, and no one suspects you are putting anything on your face. The mercurized wax, procurable at any drugstore (an ounce is sufficient), is applied like cold cream in the morning. It is washed with soap and water. It's the best thing known for freckles, blackheads, pimples, moth spots, liver spots and fine surface wrinkles. For the deeper wrinkles, an excellent recipe is: Powdered salicylic, 1 oz. dissolved in 1/2 pt. water. Rubbing the face in the solution produces quick and wonderful results.

Turkish Newspaper Man, a Refugee, Talks to Boston Reporter

(Boston Globe) Selim Djavad Bey, formerly the proprietor of the oldest daily newspaper in Constantinople, who is staying with friends in Cambridge, is the first refugee to arrive from Constantinople, having left that city on March 2. All law and order has been forgotten there, he says, and he is now in the Pacific Coast.

Selim Djavad Bey is sixty years of age and during the last thirty-five years he was engaged in the newspaper business in Constantinople. During the last ten years he was the silent owner of the Constantinople daily called Sabah.

The most heroic exploits of the French soldiers have been achieved, for the character of the fighting has allowed more scope for individual gallantry in the personal craft of war than in the siege work of entrenched positions.

WAR HAS MADE GREAT CHANGE IN MOTHERLAND

Life In Vivid Contrast To The Normal

STREETS GLOOMY AT NIGHT

Green Lights on Street Cars Hard to Get Used to—Khaki Everywhere by Day — Prosperity in the Industries

(Mark Potter in New York Sun) "Oh, to be in England now that spring is here," sang the poet, but it was not 1915 by long chalks. Now that the novelty has worn off the new conditions it might almost seem as if the inhabitants were changing for life today is in vivid contrast to the normal condition.

For one thing people are developing a sort of cat eyes, a faculty of seeing in semi-darkness. At all times the change is remarkable, but it is at night this becomes most apparent. The whole country is enveloped in a darkness which strangely affects the feelings. In the busiest cities the streets are shrouded in gloom for it has been ordered that all bright lights shall be dimmed or put out entirely in order that aerial raiders shall be baffled.

Street lighting is now carried on according to new principles, all the lighting being by internal lamps or by external lamps shrouded both from above and from the street. Automobiles must be run in darkness or with feeble headlights, the police stopping any vehicle which seems to show a bright light. On the railroad it is ordered that the blinds be drawn over all windows so that trains apparently run in entire darkness. The stations, too, are in almost unrelieved gloom and even the locomotive fires are so dimmed that little glare shows when firing up.

Probably the strangest sight is that presented by the street cars, which in England are almost invariably double-deckers. The electric bulbs are stained a deep bluish green or a vivid green, so that they almost seem to be illuminated for a gala night. These gondolas of the streets look highly pretty from the spectator's point of view, but the wretched green rays make travel miserable to a hard on Complexions.

It is said that the womenfolk are spending fortunes in trying to find cosmetics which will render their complexions less corpulent in the green light. Every blemish is shown, removedness, and the prettiest girl looks worn and haggard. The light has a curious effect on the spirits, causing moroseness and lividness, so that the most cheery optimist after a time becomes a deadly foe to merriment and good fellowship. Ugh, these lights!

This is how the green light came. First the ordinary lights were dimmed, but that didn't work right. Then brilliant red lamps were used, and the effect was observed from afar. It was discovered that the red light was easily visible, even in a haze, and was the easiest of all lights to spot from the skies. Experiments of various kinds were made. These showed that the green light gave the maximum of seeing power be-

IMPRESS OF WAR ON MEN'S DRESS

BY JOHN P. CONDON

Speaking of Fabrics and Fashions at an informal gathering of sartorial experts the Chief Designer of the Semi-ready Company said that there will be a quieter tone of patterns than for many years. This conservative trend in matters of men's dress is a reflex of the same tone in matters political and economical. Even the man who delights in striking or bright colors must forego his desires and wear the more sedate clothes prescribed by these days of serious affairs.

Plain greys and blues will be much worn, and whilst there is a steady demand for stripes, the checks will be of the blended gun club type. In stripes the silk thread is conspicuous. The old favorite Scotch tweeds will receive more attention, while homespun will also be worn by the outdoor men. The tendency towards braiding and piping is evidenced more in garments for young men. The braided coat is a revival of a style much in vogue after the European war of 1870. The braided cutaway frock or morning coat has

low, while it was not visible at a very short distance up in the air. In fact the green light cannot be seen at all from aircraft flying at anything like normal distance from the ground. So red lights and those of other colors have had to go and the ghostly green is installed. One of the biggest changes in the life of the people has been brought about by restricting the drinking hours. At nine o'clock in the evening, in some places earlier, the sale of intoxicants comes to an end, the saloons and clubs may remain open till later, but they must sell non-intoxicants only. As a result, most can sit in friendship over a hot cup or mineral waters. The nation may be coming more temperate as a result, but there is a big doubt so far as regards the classes at which the measure has been aimed.

The Theatres Busy. The places of amusement do a roaring trade, though it is too miserable to stop in the gloomy streets, where the once brilliant street lamps have been replaced by lights which an old fashioned tallow candle would put to shame—even the public clocks dare not show their faces in war time. People prefer the comparative brightness of the picture theatres, which have ceased to be courting parlors

been accorded royal favor. But the Designer, who is an authority on men's dress, does not believe that the braid for the side seams of dress trousers will attain much vogue among the elect. "The dress situation is difficult at the present time," said he. "The war in Europe had a depressing effect on men's minds as well as on their pocket books. Trade channels were clogged, and customary methods of doing business were derailed. Today we have to study questions of expediency as well as make every allowance for the psychological or mental state of the men of affairs. I believe our styles of fabrics, in the present conditions. And I further believe that every fortnight will witness a full step in the return to normal trade conditions."

"My Semi-ready store at 54 King street, is well stocked with the new styles for spring, and the price in the pocket shows no advance despite the war tax and the increased cost of wool-ens. The young folk find the big streets more suitable for their courting! The necessity for cat eyes will be seen, if street accidents are to be avoided. Curiously enough, fewer pedestrians are run down and there are fewer automobile accidents than in those far back days before the war. For one thing pedestrians are more careful, and for another the drivers are bound to go gingerly if they do not wish to finish up on the surgeon's table or get a foretaste of the eternal fires awaiting the road hog.

Deadly gloom, peace destroying green lights and black depression—that's what the evening means to the folk of England in the spring of 1915. In the daylight things are not so bad, and were it not for the vast numbers of khaki clad men one might imagine that England had entered on a period of remarkable prosperity.

But Factories Busy. In factories and workshops men, women and children are working over time at wages they never hoped to get in peace times, yet the labor exchanges, the national work providing bureaus, cannot provide a sufficiency of labor. Workers go on strike and have little difficulty in getting wage increases. There is no question of a seven hour day, though even now the workers will not give up their long enjoyed Saturday half holiday. It is almost unnatural for them to work on Saturday afternoon.

Practically every concern in every branch of industry is hard at work on war orders. Engineering shops are busy making gigantic mines and what not. Woodworkers are making all manner of things, from strong packing cases to dining trestles. In the textile trade, cloth cannot be turned out in sufficient

quantities and tailors cannot keep pace with the demands. Razor makers have given up all hope of supplying their own army with the millions of razors required and every factory has to turn away orders for foreign armies. At present it is impossible to supply the national forces, so French and Russian boots and other orders have to be rejected. There is more work than there are workers.

All this means prosperity—for the time a very different picture from that drawn by those who said three months ago that the war would mean ruin to England. But the war is now costing England \$8,000,000 a day and will have to be paid for; up to now there are really no war taxes, for they will come under the budget which has yet to be made.

Large numbers of Belgian refugees are now working at their own desire. The refugees have made a difference to England, for large districts which have never seen any foreigners beyond a few German pork butchers, contain many Belgians. Even yet the English children have not got over their awe when they watch the little Belgians at play talking in outlandish words just as though they were speaking a Christian tongue! The English schoolboy even yet cannot repress a gasp when he sees a Belgian lad throw his arms around another's neck and imprint a kiss.

The coming of the refugees was a wonderful time. Every little nook had its welcome committee and every house-keeper wished to get rid of some old bed, carpet or furniture for the benefit of the poor Belgians, though, perhaps, really to afford an excuse for buying newer things. Still, the refugees have been treated well, some of the best homes being put at their disposal, so that humble Belgian workers now live in splendid mansions. When any of them choose to work at a trade they are allowed to keep a certain proportion of their wages, the balance being banked to be returned to them when they are able to go home; in every case they are lodged and provided with pocket money free. It is doubtful if many of them will ever go home to their normal hard work and poor pay.

Most of the young fellows of England are now wearing neat khaki costumes and comfortable puttees; how many men are under arms it is quite impossible to say, but there is every reason to believe that the official figure of three millions is much short. Recruiting never shows a sign of slackening. In each city the numbers of khaki clad men grow bigger and bigger; one day all of them vanish—sent off to some camp always far away from their own locality. Then another crop comes on, and that disappears to make way for the next, and so on without end. Nobody ever knows that a six months' trained lot is considered ready for the front till news comes from Flanders that certain members figure in the casual list. Conditions for admission to Kitchener's army are very strict in the fighting volunteer training corps, where in their spare time they are prepared for the duties of home defence.

There are now a million or more men over military age, thirty-eight, who are steadily drilling. They are not helped in any way by the state and are not allowed to use acknowledged titles, so

It's got 'pep' I gotcha Steve it sure must be a Wolthausen Guaranteed Hats—made in Brockville, Can.—2.50 up

that there will not be so many Colonel Smiths after the war. But they go through the regular military training and are allowed to provide themselves with arms and equipment, though they must not wear uniforms which resemble those of the soldiers. In short, they are cold shouldered by the authorities, but they go on drilling and practising shooting, learning field work and military operations. In this way England has become one huge war camp, and even the women are learning shooting as well as nursing. The streets resound to the tramp of armed men, the feeling of everybody being that this business must be seen through to the very end, without compromise, but that every man must go if necessary to put an end forever to German despotism, by military force. No living being could ever have imagined he would see such an England as this in the spring of '15.

Sally—"You were calling on Peggy Ross last night. Was she saying anything about me?" Kinky—"Oh, no, nothing at all. She's a good girl Peggy. When she can't say anything nice about anybody she just holds her tongue."

TREAT EVERY CHILD'S GOLD EXTERNALLY RUB ON "NERVILINE"—A SAFE CURE

A Miracle of Hooping Power in Every Bottle. Little children can't be expected to romp, day in and day out, without some time coming to grief. Some of their games and rough and tumble, cause undue fatigue, and not infrequently the kiddies are bruised, have strains, swellings and aches just like their elders, and when children come in tired and sore, see they are well rubbed with Nerviline. It does wonders in breaking up a cold—has an amazing effect on any sort of muscular pain. The wise mother always keeps a trusty old Nerviline on hand. It has a wonderful list of uses, and a bottle handy on the bedroom shelf often saves calling in the doctor. In young and old alike can safely use Nerviline—there's no harm in it—just a heap of curative power when you rub it on. Whenever there is a pain or sickness, Nerviline should be close by. It is a true specific for rheumatism, lumbago, sciatica or neuralgia. As for sprains, toothache, sore back, sprains or strains, nothing else will cure so fast as good old Nerviline. In use about fifty years—sold by dealers everywhere. The large 50c family size bottle is the most economical; trial size 25c. All dealers, or the Catarthosone Co., Kingston, Canada.

Johnson and Willard Ready

Havana, March 30—With the battle for the world's heavyweight championship less than one week away—Jack Johnson and Jess Willard on Tuesday began reducing their training routine.

Willard is so fit that he virtually laid off and planned no work aside from walk and run of a few miles on Tuesday morning. The remainder of the day he will spend in resting and slight seeing. Johnson took some short sprints on

"Billy" Sunday To Marry Fitz

New York, March 27—Bob Fitzsimmons, former heavyweight champion of the pugilistic world, said today that he and Mrs. Temo Simmonin of Newark, N. J., were going to ask "Billy" Sunday to marry them. Sunday is scheduled to begin his revival in Paterson on April 5. Fitzsimmons is fifty-two years old, while Mrs. Simmonin owns to 37.

Marvin Hart In "Comeback"

Louisville, Ky., March 29—Ten years after he won a 20-round bout from Jack Johnson, Marvin Hart, heavyweight pugilist of Louisville, yesterday announced his intention to return to the prize ring. On March 28, 1905, he was awarded the decision over Johnson at San Francisco. Hart's last fight was in 1911, when he was knocked out by Carl Morris in three rounds at Seaside, Okla. Since his retirement, Hart, who is 38, has been serving as a deputy sheriff.

Boxer Killed

Stuvenville, O., March 29—In the first round of a fight between Clyde Sharpe of Stuvenville and "Special Delivery" Tully, aged 19, of Pittsburg, here tonight, Tully fell unconscious after a clinch and died soon afterward in a hospital. The boxers, welterweights, clinched as the bout started, and in breaking away exchanged body blows. Tully was struck on the left side and fell.

Bouts Last Night

Johnny Kilbane, of Cleveland, world's featherweight champion, outpointed Eddie Wallace, of Brooklyn in a ten-round bout in Brooklyn last night.

Johnny Dundee, of New York, out-fought Frank Callahan, of Brooklyn, in a ten-round bout taking every round except the seventh, which was even.

Jim Coffey, Dublin giant, knocked out "One Round" Davis, a Brooklyn, heavyweight, with a right smash to the jaw, after thirty seconds of fighting in the third round of a ten-round match in New York.

News of the Boxers

While Ritchie, more than ever convinced that he can defeat Freddie Welsh comes out with an offer to bet Welsh \$10,000 if the latter will agree to box him in Denver for the \$15,000 offered by the promoters of that city.

Ritchie is about the first boxer to declare that he does not need any more money, as he has plenty of it. He is not turning down any of the no-decision bouts that are offered him, however.

Mike Gibbons, who has shown that he is a brainy boxer, has found out that he needs a secretary on account of the prominent position he holds in the game. His time is so occupied figuring out-of-fore he gets that he has had to have some one do his letter writing.

BASEBALL

St. Peter's League.

A meeting of the baseball players of St. Peter's Y. M. A. was held last evening and plans for the coming season were discussed. A league consisting of four teams will be formed and games will be played four evenings every week. Judging from the material at hand the teams will be strong and the games should be keenly contested. The games will be played in St. Peter's large field in the rear of Clarendon street.

Shake-Up in Giants.

"Inside information just received from Marin indicates radical changes in the make-up of the Giants," writes Joe Vila in the New York Evening Sun. "To speak bluntly, the New York manager is prepared to supplant Chief Meyers and Larry Doyle if they do not improve. Harry Smith, the regular catcher, is making the Indian look as slow as a cart horse, while Brainard, a Texas League second baseman, is ready to cover that base regularly. Fred Merkle, on the other hand, remains high in McGraw's favor and will not be displaced by Holke. The regular pitching staff this year will include Matthewson, Tereau, Ferritt, Fromme, Marquard, Schupp, Schauer and Ritter.

Who Wants Bill Sweeney?

Hot Springs, Ark., March 29—What is to become of Bill Sweeney, the old National league player, who is now with the Red Sox, is getting to be a question here. Bill up to date has failed to show where he can be of much value to the Boston Americans this season. While he is holding fairly well, he is way off at the bat, having failed up to the present to land a safe hit in a regular game, although at times he has hit in tough luck.

With the present Boston infield playing such fine ball, Heinie Wagner, regaining the use of his arm that kept him from the game last season, and with Mike McNally showing up so promising, there seems little chance for Sweeney to land a berth.

Now it is rumored that if he fails to make good with the Red Sox, Dave Shea, manager of the Providence club, does not want him for that city. Shea is quoted as saying that he wants to build his team up with fast young players and that he does not care for any veterans who are not strong enough to hold their position in the big leagues.

Killing is Stay Retired.

Kansas City, March 30—John Kling, former Cub catcher, when shown a Chicago despatch saying he might succeed George Stovall as manager of the Kansas City Federal club, said he would not play baseball this year.

"I do not expect to be connected with the Federal League," said Kling. "I have had several offers from organized baseball at big money, but have decided to remain here and look after my business interests."

PARADE OF CHILDREN

Tomorrow afternoon there will be a grand street parade, with band and drum corps, through the business section of the city, in which all boys and girls are invited to march.

Each one is requested to bring his own flag, a Union Jack or the flag of an ally.

The parade will assemble in King street directly after school and parade will start at four o'clock.

Come and do your share toward helping the playgrounds association to continue its Boys' Club, Girls' Club and supervised playgrounds by marching in this parade. Per order.

RIVER NAVIGATION

Maggie Miller To Work on Saturday—May be Dashed up River Next Week
 The ferry steamer Maggie Miller will make her first trip of the season on next Saturday from Millidgeville to Souerville. For some time the river has been open in that section, but some ice remained about the ferry floats. As the major portion has floated out, the ferry will now be able to make regular trips.
 The cable ferry which runs from Gendola Point to Reed's Point, has been making trips during the last few days, as the ice in that section has floated out.
 The river steamer Champlain, which was on Gregory's blocks, was taken through the falls this afternoon, and is now ready to make a dash up river when the ice in the reach leaves. One river captain said he expected to make his first trip next Wednesday or Thursday.

EXPECT PEOPLE TO BE GENEROUS ON VIOLET DAY
 Some Encouraging Evidences Already Given—Needed Because of Reduced Grant.
 Because their civic grant, which was to have been \$5,000, is apparently to be only \$1,600, the promoters of Violet Day, for the benefit of work all the year round for the boys and girls of the city, have been greatly cheered by the fact that one bunch of violets has been sold in advance for \$200, two others for \$25 each, and another for \$10. Such very substantial proofs of sympathy with their work on the part of citizens who realize its value is an inspiration to the members of the executive of the Playgrounds Association. It is anticipated that on Saturday next the response to their appeal will be universal and very generous.
