MARITIME CLAIMS INVESTIGATION OPENS

ADEQUATE ADJUSTMENT UNDER UNION FEASIBLE, IS NOVA SCOTIA VIEW

First Sitting by Royal Commission in Halifax Today Hears Col. E. C. Phinney in Prepared Statement For Sister Province

SIX WEEKS LIKELY TO BE REQUIRED

Historic and Economic Position of Atlantic Provinces Within Dominion Traced—Points Are Given on Which Case Will Be Based—Commissioners Present

HALIFAX, N. S., July 21.—Contending that "adequate adjustments can be found within the four corners of Confederation" for the disabilities under which Nova Scotia is languishing as the alleged result of the operation of the British North America Act, Colonel E. C. Phinney opened the case for Nova Scotia this morning before the royal commission investigating the claims of the Maritime Provinces growing out of their partnership in the Dominion.

The commission, composed of Sir Andrew Rae Duncan, of Beckenham, Kent, England, chairman, Judge W. B. Wallace, of Halifax, and Professor Cynus MacMillan, of McGill University, derives its authority from an order-in-council approved by the Governor-General on April 7 last, holding forth that on the recommendation of the then Premier, Right Hon. W. L. Mackenzie King, it was desirable "that an examination from a national standpoint of all the factors which peculiarly affect the economic position of the inhabitants of the provinces in question should be made, and that upon the results of such inquiry and examination there should be based specific recommendations which in the opinion of the commissioners would result in affording relief from the conditions complained of."

Following the sessions of the board to be held in Halifax, the Commission will proceed to Charlottetown, Saint John and Moncton, where additional evidence will be taken. It is estimated that the commission will require at least six weeks in which to complete its task.

POINTS OUTLINED

- In the course of his introductory statement this morning Colonel Phinney stated that Nova Scotia's case would be presented under the following heads: (1) Historical survey prior and subsequent to Confederation with an adequate comparison. (2) Provincial subsidies. (3) Canadian public domain. (4) Transportation and freight rates. (5) Coal and steel industries. (6) Post development, export trade and transcontinental railway. (7) Fisheries. (8) Colonization and settlement. (9) Maritime representation in the Dominion House of Commons.

TO CALL CORNELL

Before taking up the historical survey, Col. Phinney said that F. C. Cornell, a freight rates expert would be called to the stand for the purpose of elucidating the freight rates portion of the case and agreed to endeavor to furnish any other expert witness the commission might desire. Proceeding, he gave an historical outline of the confederation movement contending that for some years previous to the consummation of the pact the successful application of the federal principle in the United States had excited the admiration of British North America and had caused the inhabitants of the widely scattered and independent colonies to look to a similar application under the British Crown as the solution of their difficulties. Comparing the political and economic problems of the Federated provinces of Upper Canada with those of the Maritimes during the period 1860-1864 to the great disadvantage of the former, he argued that Confederation of all the British North American colonies was absolutely essential to the welfare of the two Canadas whereas there was no immediate need for the Maritimes entering a larger Union. The upper provinces were then passing through a period of economic depression owing to the withdrawal of the British Colonial preference.

CUT OFF FROM SEA

They were cut off from the sea by tariff barriers for six months of the year. It was true they enjoyed bonding privileges with the United States, enabling them to make use of the port of Portland during the winter months, but these were in danger of being abrogated at any time, as indeed their abrogation was suggested on one occasion in the United States Congress. Politically, the two Canadas had reached a stalemate. The legislature was made up of an equal number of representatives from upper and lower Canada, without reference to the respective populations. Stable government was out of the question. The entry of the Maritime Provinces could alone supply the balance required to carry the government. Again, in addition to having access to the sea throughout the year, a railway connecting the seaboard colonies with those of the interior for defensive purposes was regarded as essential. At the time the Intercolonial Railway was built, the line was lengthened by 260 miles in order to furnish the safeguards regarded as necessary, from a

SPIRIT OF CONCESSION.

"The negotiations leading up to Confederation were permeated with a spirit of concession. It was at the time apparent that the Union of Provinces entailed adjustments, and, in so far as those responsible were able to look into the future, adjustments were considered on a basis fair to all. During the years while Union was being advocated, fears and misgivings were freely expressed in this province, and we find that representatives of Upper and Lower Canada on many occasions came to this province in order to quiet all such misgivings. Every effort was made to represent to the people of this province the desirability of the partnership from the standpoint of the British Empire, and many definite pledges were made to us to compensate for many concessions we made and many privileges and advantages we were forced to forego.

"Nova Scotia, then a prosperous and

Deputies Organize To Save France From Financial Chaos

Queensbury Farmer Takes His Own Life

Special to The Times-Star. FREDERICTON, N. B., July 21.—Harding Currie, a well-to-do farmer living at Queensbury, took his life this morning by cutting his throat with a razor. He was found at the roadside. His nephew, George Currie, had been given money by him this morning to buy provisions and was in Fredericton when told of the suicide. A widow, two sons and a daughter survive. The unfortunate man at times had expressed the opinion that a man should be chloroformed at the age of 70. He was about 72.

DUNNING FAVORS UNION OF FORCES

Says Western Policies Must be Energetically Pushed to Completion

WINNIPEG, Man., July 21.—Necessity for consolidation of forces favorable to western policies was a prominent feature of the address by Hon. C. A. Dunning, Minister of Railways in the late Liberal government, addressing an organization meeting of the provincial Liberal executive here last night. While the greater part of his address was taken up with organization matters, Mr. Dunning's address was a review of the events of the last session of parliament at Ottawa, closing with a message to his "unsubscribed" friends given to the important legislative proposals which he had introduced.

MINISTER FLAYS BROTHER PASTOR

Rev. M. Williams Roudly Condemns Killing of Texas Lumberman

DES PLAINS, Ill., July 21.—Rev. J. Frank Norris, Fort Worth, Texas, who shot and killed D. E. C. Hays, wealthy lumberman in "self defense" was severely rebuked by a brother minister, Rev. Morgan Williams, Evanston, Ill., at the Des Plains, Methodist Episcopal camp meeting. "It didn't take me long to enlist in the war," Rev. Williams said, "but it doesn't follow that a minister ought to take a revolver in hand and shoot a fellow man, even on the plea of self defense. If the minister had been called upon to defend his wife, he might have been justified in shooting, but not in self-defense. It's the minister's business to give life and not to take the life of another."

MORE WAXES PAID

There was a grand rush this morning at the offices of the Chamberlain of these desiring to pay their taxes and get the discount. Yesterday the amount paid in was about \$200,000, and this is in excess of the amount received on the corresponding day last year.

Pyramid Prediction Of World-Stirring Events Yesterday Not Fulfilled

British United Press. LONDON, July 21.—Anxious crowds scanned the skies and grabbed new editions of newspapers Tuesday, in anticipation that each fleeting moment would reveal the beginning of the "event of world-wide importance" predicted by spiritualists on the basis of a recently discovered inscription on the great Pyramid of Gizeh. But the moments merely fled and the pessimists found small comfort except in the fall of the franc and reports from Paris of an impending financial panic. Late in the day the pulses of some of the superstitious were temporarily quickened by a despatch from Rostov which began: "The Russian government has mobilized airplanes and conscripted peasants for a war." But they were disillusioned by the next two words: "Against grasshoppers." Optimists had pinned their hopes

CHURCH AND STORE BURNED AT ST. MARTINS

Baptist Edifice and McLeod Business Place Are Destroyed

SEND CALL HERE

Losses Reported Partially Covered—Buildings Were in Heart of Village

FIRE early this morning destroyed the Baptist Church and the general store operated by R. F. McLeod in a building owned by A. F. Bentley & Sons, in the village of St. Martins. All the losses are partially covered by insurance.

The fire broke out in the McLeod store and when it was first noticed at about 5 o'clock, the interior of the building was a mass of flames, and efforts to stem the progress of the blaze were considered useless. The building was a two-story one, but the flat over the store was unoccupied.

It was soon seen that the fire was likely to spread to the Baptist church which was alongside the burned store, and a crew of villagers set to work to remove all the movable articles from the building. The fire was extinguished in two hours by a party of volunteers, but the damage was considerable.

WET BLANKETS USED

When the church took fire, the general store operated by W. S. Brown was threatened, but wet blankets were used to prevent the fire from spreading to the church and these were kept saturated with water, and the place escaped with only slight damage.

IN HEART OF VILLAGE

The burned buildings were in the heart of the village of St. Martins. The church was a beautiful structure, built some years ago, but its clock and spire were among the landmarks of the countryside. The amount of the loss is not known definitely and \$1,000 insurance was carried with C. E. L. Jarvis & Sons, Ltd., of this city. The Bentley property and the stock in Mr. McLeod's store also were partially insured.

NO LIBERAL CANDIDATE

ALVINGTON, Ont., July 21.—East Lambton Liberal has decided that they will not place a candidate in the field in the forthcoming election. The majority were in favor of leaving the fight to Progressive and Conservative candidates.

PROPER RETURNS NOT MADE

Commissioner Wigmore, like Chairman Olive of the Assessors' Board, recalled the days when the Assessment Act was being framed and what little interest was shown in its composition by the ordinary citizen. Labor leaders vigilantly protected the working man to a great extent and some co-operative interests snatched iniquitous clauses from the bill before it passed into law, but the rank and file of the citizenry let the thing go by the board, and there has been much unfairness in taxation ever since, the Commissioner thinks. Every day he is confronted with people of calm, sensible temperament, who point out obviously unjust levies made upon them. The Commissioner does not hold the Assessing Board to blame altogether, but lays the root of the trouble in many cases at the door of the people themselves, who neglect to make proper returns upon the forms mailed shortly after the new year. Such neglect leaves it to the Board of Assessors to pass judgment upon income. Out of 14,000 of these forms mailed early in January, only about 9,000 at the most are filled out with the information desired. The other 5,000 people therefore expose themselves to the risk of being unjustly taxed through the sheer ignorance and innocence of the officials in the matter of income and other matters.

Aged Woman Not In Favor Bare Knees

LONDON, July 21.—Bare knees of young women riding on trolleys jar on the sensibilities of Mrs. Elizabeth Touhey, of Birkenhead, who will be 100 years old August 1. "I like to see girls get fun out of life," Mrs. Touhey said after she had ordered a cake with 100

"Hail Caesar!"

JACK JONES GETS INTO SCRAPE AGAIN

Labor M. P. Ordered to Leave House; Refused to Withdraw Remark

Canadian Press. LONDON, July 21.—Jack Jones, irrepressible laborite M. P., figured in another scene in the commons yesterday and had to withdraw from the House on the Speaker's orders.

PARIS CARDINAL SPEAKS OF VISIT

French Dignitary Greatly Impressed With Tolerance on This Side

CHEERBOURG, July 21.—Cardinal Dubois, Archbishop of Paris, returning from the recent Chicago Eucharistic Congress, yesterday said that he was delighted with the unforgettable welcome that he had received from Canadian and American Catholics at Chicago. He said that he particularly appreciated the spirit of tolerance and the perfect harmony that existed between all religions.

Rum Omelets Are Cape Town's Latest

CAPE TOWN, South Africa, July 21.—"Rum omelets" are the latest temptations offered to lure Cape Town girls from the path of temperance, an investigating committee has discovered. Checking up on reports of disorderly conduct in clubs, the committee found that sherry and bitters, cocktails and champagne flowed freely at all social functions. As a result of its findings, the committee recommends that sale of intoxicants at dances be banned.

\$20,000,000 Work On London Port

LONDON, July 21.—London will become the biggest port in the world when the Tilbury docks are developed under the plans for which contracts have already been let. Locks are being built with an entrance of 1,000 feet in dimension opening to a new system of docks with a huge floating stage for passengers and a reconstructed railway station. The cost will amount to about \$20,000,000, and the Berengaris and other Cunarders will be able to use Tilbury in the future. Sir William McAlpine & Sons have secured the contract.

Quiet in Court

There was no business transacted in the Police Court this morning, no arrests having been made yesterday and no postponed cases being set for today.

HERRIOT FACES HOUSE MEMBERS THIS AFTERNOON

Critical Situation Forces Early Calling of Parliament

ALARM SPREADS

Depositors of Banks Withdrawing Currency and Buying Foreign Bonds

British United Press. PARIS, July 21.—A "non-partisan republican group for public safety" is being organized by French deputies to save France from the crisis which threatens her with complete financial chaos. While Premier Herriot and his ministers were meeting to draft the financial section of their ministerial declaration, 200 deputies had joined the new bloc. If 100 more are enrolled this group can force Herriot to do its bidding. All parties are discussing its organization. Frenchmen do not know what has caused this situation, but they blame it chiefly on governmental inaction. Briand, Herriot, and Cailhau all come in for a share of the popular distaste.

HERRIOT BLAMED

The Premier's own party is split sunder. Scores of radicals and socialists are reproaching him, citing the fact that the franc has dropped 40 points to the pound since he assumed office. Parliamentary experts declare that Herriot will face a bitterly hostile chamber and that he may not be permitted to finish his ministerial declaration. Herriot is dashing his completion of the declaration, the financial project of Finance Minister De Montie will be submitted to the Chamber.

PEOPLE NERVOUS

Nervousness of the people is resulting in alarmist reports such as one that Herriot's first ministry was based on inflation. Depositors are withdrawing francs and buying foreign bonds in enormous quantities. One well known banker told the United News: "I have never seen such buying. I never saw such a flight of francs from the bank. The people are trying every known trick to rid themselves of French currency. Merchants are buying abroad and leaving nothing in French banks. This will continue until confidence is restored, but Herriot is the last man to restore it."

The Weather

SYNOPSIS—Pressure is high over the northwest states and western provinces, also over the southern states and low from Lake Michigan to the Gulf of St. Lawrence. Showers have occurred in Northern Ontario, Quebec and in a few stations of Saskatchewan. Intense heat prevailed yesterday in Western Ontario and the central and eastern portions of the United States.

Forecasts: Cloudy

MARITIMES—Fresh to strong southwest winds, mostly cloudy with scattered showers and some fog. Thursday westerly winds and mostly fair.

LOCAL CADETS UNDER CANVAS AT SUSSEX CAMP

Excellent Program of Sports and Duties for Saint John Lads

SUSSEX, July 20—Saint John cadets under the command of Captain Paine, cadet officer, went into camp here yesterday. Leaving Saint John by the 6.05 train, they remained at the station for some time, hoping for a cessation of the rain. Eventually Captain Paine arranged sleeping accommodation at the Armoury, it being too wet to pitch tents, and a leak was discovered in the roof of the Y. M. C. A., where shelter was first sought.

The installation of kitchens was impossible owing to the wet, but the cadets had been ordered to come provided with a day's rations of sandwiches and tea was brewed in the afternoon. In spite of inclement weather, the cadets indulged in games at the Armoury in order to maintain spirits in danger of becoming as damp as the country.

SUNSHINE AND WORK. Tuesday morning, with bright sunshine, saw everyone busy and by 11 a.m. tents were pitched, cook house and Y. M. C. A. thoroughly cleaned and put in order. The boys, 80 in number, with more to follow, will occupy the grounds near the headquarters where 12 bell tents for sleeping and two staff officers' tents for messing have been pitched. Nine boys arrived by motor on Monday evening, brought through the kindness of Lieut. Currie and Lieut. Linton, both of Saint John.

INSTRUCTIVE WORK. This is not a camp of actual training, but rather intended as a recreational camp with a syllabus which includes a certain amount of physical training and discipline as well as such instructive work as engineering and regular camp duties with a large proportion of time devoted to sports. Already a ball game has been arranged with the Sussex Juniors and swimming, first aid, night marching by compass and other features of a useful nature are taught.

CAMP OFFICERS. Officers of the camp are as follows: Senior captain, Cadet Acting Captain J. Lifford, of St. Peter's School; second in command, Cadet Lieut. Quinn; adjutant, Cadet Acting Captain E. Clarke; quartermaster, Cadet G. Morrey; platoon captain, Cadet Acting Captain H. Fry, for No. 1 Platoon; and Cadet Lieut. Hersey, for No. 2 platoon.

NEPHEW OF BORDEN WINS OXFORD HONOR. HALIFAX, N. S., July 20—Dean Read of Dalhousie law school received a cable this morning from Oxford, England, advising him that Henry Borden, Nova Scotia's Rhodes Scholar, had won the highest honor in jurisprudence. Mr. Borden is an arts graduate of McGill University and was a second year law student of Dalhousie University. He is a nephew of Sir Robert Borden, former prime minister of Canada.

Trouble Follows Famous Cartoonist

Trouble—and more trouble. Harry C. "Bud" Fisher, the cartoonist, is seen here with Ada Lucille Shields who sued him for a quarter million to save her "broken heart." She lost the suit. And now Mrs. Fisher, the former Countess de Beaumont, is suing for separate maintenance. The Countess (inset) and Fisher were married aboard ship last year.

Social Notes of Interest

Mrs. W. E. Foster entertained at a very enjoyable luncheon bridge at her summer cottage, Rothessay, on Monday in honor of Miss Beattie Foster, of Phoenix, Arizona, who is her guest. The table was artistically arranged for the occasion with yellow daisies and corn flowers for decorations. Covers were laid for twelve.

William C. Curran left on the Montreal train last evening for Camp Petawawa to take an officers' course in artillery.

Mr. and Mrs. Charles M. Secord returned on Monday evening from a motor trip to Boston.

Miss Carrie Leavitt has returned to the city after a pleasant motor trip to Boston.

Hon. Dr. and Mrs. W. E. Foster left last evening for Shediac to be present today at the wedding of Miss Gladys Smith, daughter of Hon. Dr. and Mrs. A. E. Smith, to Capt. W. E. H. Talbot.

Mrs. William Stewart and little son, Master Robert, are the guests of Mrs. Stewart's parents, Mr. and Mrs. R. C. Tait, Elmbank, Shediac.

Mr. and Mrs. G. McA. Bizard, Master George Bizard and Capt. and Mrs. Gerald Furlong have returned from Theobald Lake where they have been enjoying a few days fishing.

Miss Rose Rowley, Miss Alice Harshorn, Miss Stella Kirkpatrick, Miss Muriel Kirkpatrick, Miss Hazel Linton, Miss Audrey McColligan, Miss Marion Black, Miss Lottie Kelly, Miss Hazel Kelly, and Miss Alice Love have returned from "The First" near Brackett Beach, P. E. I., where they spent a pleasant holiday.

Mr. Harry Saunders, of St. Stephen, was a guest of the Misses Anthony over the week-end.

Mrs. Olive Coffey, of St. Stephen, was the guest of the Misses Julia and Anne Anthony, Red Head, last week-end.

Our Opening

First of all we wish to express our thankfulness that we have been able to bring our building to completion after many delays and obstacles for we love our business and we appreciate being in the service of our good people of Saint John. We hope you will note an improvement in all the necessities of equipment for the carrying on of our business to the comfort and satisfaction of customers. You will receive a genuine welcome to our new store. Our ideal is to give full value not only as to price but full value as to style and the multitude of new things that are continually being brought out in a business such as ours. We invite all to come and see the fresh new goods provided for our opening. Thursday and Friday are reception days.

Your desire is to serve and serve well. Yours very truly, F. W. DANIEL.

Weddings

Hunter-Beers A wedding of interest to friends in Saint John was solemnized in St. Benedict's church, Somerville, Mass., on Wednesday, July 14, when Rev. Father Foley united in marriage Miss Winnifred Agnes Beers, daughter of Charles Beers, of Kent Co., N. B., and J. Harry Hunter, son of Joseph Hunter of Robesay Ave., Saint John. The bride, who was attended by Mrs. James Lynch as matron of honor, looked charming in a gown of blond silk tulle crepe with silver trimmings, and carried a bouquet of roses, carnations and maidenhair ferns. James Lynch supported the groom. They were the recipients of many beautiful gifts including silver, china and cut glass. Mr. and Mrs. Hunter will reside in Somerville, Mass.

Reminded of Visit To South Africa

LONDON, July 21—The Prince of Wales had a graceful reminder of his South African tour yesterday when in the course of a civic reception at Hemel Hempstead, Herts, two small girls attending the local school stepped forward and handed the Prince a bouquet, with the following inscription attached: "We, two sisters, one born at Buenos Aires and the other at Valparaiso, in two sister Republics of South America, offer John. In the name of the school girls of these two countries this small bouquet as a token to record the occasion of your second visit to them."

Religious Riots Continue In India

CALCUTTA, July 21—Rioting was renewed here last night. A Moham-medan was stoned from a Hindu house and a Mohammedan gathering nearby attacked. In the shooting which followed one Mohammedan was killed and nine were seriously wounded and many Hindus were wounded. About 25 injured were sent to the hospital and more than 100 arrests were made. A deluge of rain checked the disturbance after midnight.

## Promises Policy For Helping Maritimes

Continued from Page 8  
upon which the structure of our country will grow.

### MARITIME POLICY.

"We propose to take practical steps along the lines of our resolution of June, 1925, to extend to producers of the Maritime Provinces and the western provinces, the markets of Central Canada, and especially to extend the use of Canadian coal by Canadian consumers and the employment by Canadian shippers of our own Maritime ports.

"For the past 50 years the attention of our agricultural institutions has largely if not exclusively been directed to the problems of producing—originating new varieties of grains and improving our breeds of farm products. Very marked progress along all lines of improved production has been made but I feel sure that the economic results to the farmer would have been much greater had we at the same time built up an economic, efficient, business-like method of marketing our farm products.

### TARDY IN MARKETING.

"Few agricultural countries of the world have made greater progress in production than Canada, but few have been as tardy as we in recognizing, as a great national question, the economic marketing of these products. Denmark, during the past 50 years, has built up a system of production and co-operative marketing which has placed her in the forefront of the agricultural countries of the world. Her farm products today command the highest prices in the great consuming markets. The governments of South Africa, New Zealand and Australia have recognized the national importance of this question of the ordinary marketing of farm products and by laws and regulations, have established commodity co-operative marketing of farm products as a national policy. This system has been adopted with marked success in many branches of agriculture in the United States.

### WHAT POOL IS EXAMPLE.

"This system of commodity co-operative marketing is comparatively new in Canada and has been adopted in only a few commodities—the wheat, the pool of the west is the most outstanding example. In several of the provinces a beginning has been made in organizing other commodities as might be expected, but the results obtained by the producers have been disappointing.

These efforts have not been wasted and out of the experience gained I feel that our farmers will profit and rebuild, adhering to sound and proven principles. The chief of these sound principles is that marketing associations should stand on their own feet and be entirely free of government control. I want to say to the farmers of Canada, after some study of the marketing question, that I believe they are on the right track and that the Conservative party of which I am a leader, stands ready to support in every legitimate way available to a government, this very worthy movement of theirs to establish an economic and efficient method of marketing their products.

### TO BUILD UP SYSTEM.

"If returned to power, the present government will stand ready to put into force such a policy as will enable the farmers of Canada to build up a marketing system which will compare in efficiency with that of any agricultural country in the world.

"I have now to announce the date of the election has been fixed for the 14th day of September next.

### APPEAL TO PEOPLE.

"Our appeal now to the people of Canada can be put in a few words and with these words I close. We ask them to study the policy embodied in the resolution by which the Conservative party stands, moved in the House of Commons on the 2nd of June, 1925. We believe the great articles of policy there laid down are sound for this Dominion and when given effect will make for unity, prosperity and expansion. We lay before them the administrative record of the late government as revealed by the files of its own committee and from the mouths of its own witnesses, and we ask you to condemn with your votes inefficiency and gross infidelity to public trust. We appeal to our fellow citizens in every section of this country, of every class and occupation, to rise to the height of true Canadianism and think in terms of the whole country, and to call for the same, consistent application of the only principle of fiscal policy by which this Dominion can live, hold its children, gather its immigrants and grow to a great nation. Finally we appeal for the union of all workers, employers, farmers, everybody in sympathetic and practical co-operation to press forward the great movement through which the basic industrialists of our country, the producers from our soil, will at last come into their own."

## RESTIGOUCHE BOY EXPIRES AT WORK

Rene Bernier, 17, Drank Cold Water Immediately After Meal

CAMPBELLTON, July 20.—After eating a hearty dinner and returning his work in a woodlot near his home, yesterday, Rene Bernier, aged 17, of Valdamour, in the Tobique district, south of Campbellton, dropped dead at his task without a moment's warning that death was at hand.

### INQUEST HELD.

Bernier was a strong, rugged chap and, until evidence was taken at an inquest held today by Coroner Dr. L. E. Germain, the exact cause of his death was something of a mystery. Recently, it is said, had liquor supposed to be made by means of the place, was in evidence in that district, and for this reason some inquiry into the lad's death was considered necessary. In the evidence taken, however, there was nothing to support suspicions in that direction. The jury returned a verdict of death from natural causes due to acute gastritis.

### BOY SURVIVED.

It was said that the youth drank a considerable quantity of cold water immediately after eating.

The boy is survived by his father, mother and three brothers.

## TRUE BILLS IN TWO SMUGGLING CASES

Restigouche County Court Hears Several Charges of Similar Nature

DALHOUSIE, July 20.—Several charges connected with the alleged smuggling of liquor were heard here today in the Restigouche County Court with Judge McLatchy presiding. There is also a heavy docket of civil cases before the court this week.

In the case of Cloris Bugbold, charged with smuggling liquor, no bill was found. In a similar charge against John G. Robichaud, a true bill was found. Eugene McIntyre is charged with harboring smuggled liquor valued at \$2,100 at Upper Charlo and a true bill is found.

A charge against Philippe Bugbold of having smuggled liquor in his hotel at Campbellton is now being heard by the court. This is the second trial in this case, it having been stood over from last March. In the selection of the jury in the Bugbold case it was necessary to summon 10 takersmen. M. A. Kelly represents the department at Ottawa with J. T. Hoberg acting as his counsel. J. Allen LeBlanc represents the Attorney-General. Collis MacKenzie appears for the defendant with E. R. McDonald, of Shediac, as counsel.

## YARMOUTH BANKER IS MOVED TO P. E. I.

YARMOUTH, N.S., July 20.—H. A. C. Scraft, for the past five years manager in Yarmouth of the Canadian Bank of Commerce, transferred today that he is to be transferred to the management of the bank's branch in Charlottetown, P.E.I. He is to leave immediately for that place.

## IMPORTATION OF COAL IN ITALY

Italian coal imports during January-March last amounted to 3,126,084 tons, compared with 2,440,288 in the corresponding period of 1925. Imports from the United Kingdom during January-March totalled 1,748,208 tons compared with 1,839,884 tons during the first quarter of 1925. In connection with imports from Russia, the Soviet Freight Agency has succeeded in reducing considerably the freight rates for coal from Maritime to Italy. This agency has chartered British tonnage at 8s to 8s per ton, compared with 11s to 12s recently.

## FLORENCEVILLE MAN WILL RECOVER

George Catelle is Injured in Fall From Barn; School Staff Changes

Special to The Telegraph-Journal, FLORENCEVILLE, July 20.—The condition of George Catelle, who was so severely injured by falling from the rafters of a barn recently, is slightly better and hopes are now entertained for his complete recovery at the Fisher Hospital, where he is a patient.

Clarence Estey, of Tangierine, Florida, his wife and daughter, the guests of his brother, Carey Estey and Mrs. Estey. Mr. Estey has a large orange plantation in Florida where he has resided for several years.

### SCHOOL STAFF CHANGES.

Florenceville Superior School will have Mr. Brown, of Aroostook Junction as principal and Miss Helena McComb of Doaktown, as primary teacher for the ensuing year.

### INJURED BY FALL.

Mrs. Robert Hume is confined to bed as the result of a fall when she suffered painful injuries to her hip and side. She is with her daughter, Mrs. (Dr.) Barry Hagerman.

### THE FRISCO LUMBER IMPORTS SHOW DROP

During the month of May lumber shipments into San Francisco amounted to 80,954,000 feet as compared with 86,861,000 feet for April, according to figures compiled by the marine department of the San Francisco Chamber of Commerce. Segregation of the statistics shows:

From interior California ports for the month of May, 9,165,000 feet, as against 11,828,000 feet for the month of April, a loss of 2,663,000 feet as compared with the preceding month.

From California coast ports for the month of May the grand total was 16,116,000 feet, as compared to 15,978,000 feet for the month of April, showing a gain for May over the preceding month of 138,000 feet.

From the ports of Oregon and Washington the total shipments for the month of May amounted to 55,673,000 feet, as compared to 68,662,000 feet for the month of April, showing a decline of 10,789,000 feet for the month of May as compared with the month of April.

LIBERAL LEADER GIVES LETTERS WITH BALDWIN

King Holds They Should Be Answer to Separatist

OTTAWA, July 20—Premier W. L. Mackenzie King in a statement issued tonight makes public certain correspondence with Premier Stanley Baldwin of Great Britain and the secretary of state for Dominion affairs...

HELD SERVING AS ANSWER

"It should serve as an effective answer," former Premier King declared, "to the Separatist cry which the Conservative press and speakers are attempting to raise in the present campaign and their endeavor to create the constitutional question with an illegal lack of goodwill and co-operation between the late Liberal administration in Canada and the government of Mr. Baldwin in Great Britain."

MESSAGE QUOTED

Mr. King then quoted a message dated June 2 last, sent by him to Premier Baldwin and Rt. Hon. L. S. Avery, Secretary of State for Dominion Affairs, through High Commissioner Larkin. In these communications, Mr. King, after quoting his brief statement of resignation made in the House of Commons concludes:

PREMIER'S REPLY

Premier Baldwin's reply to High Commissioner Larkin, dated July 1 last, reads as follows: "I write to thank you for your letter of the 29th June in which you sent me Mr. Mackenzie King's message upon relinquishing his office as Prime Minister of Canada. This event marks the end of a period during which Mr. Mackenzie King says, our relations have been consistently most cordial and happy. I should be grateful if you would be good enough to thank Mr. Mackenzie King for his kindly message which I have very much appreciated."

TWO HIKERS FROM ONTARIO IN TOWN

H. K. Hutton and R. J. Andrews of Tilbury, Arrive From Halifax

H. K. Hutton and R. J. Andrews, of Tilbury, Ont., two hikers, arrived in the city last evening from Halifax, to which city they had hiked from Tilbury, a distance of 1,800 miles. They said that they had accomplished the journey in nine days, averaging about 200 miles a day, including lifts, with net expenses placed at 40 cents a day for each one.

The two hikers carry identification cards from Premier McEwen, Premier Tachereau, of Quebec, and Premier Worrell, of Halifax, and many others. They are returning to Tilbury by practically the same route and expect to reach home in nine or ten days. Both hikers admitted that they are getting "lifts" along the way. One of their best "lifts" was that given them by H. J. Logan, K. C., former M. P. for Cumberland County, N. S., who gave them a ride from Parrisboro to Amherst.

They stated last evening that the object of their hike is to advertise their home town. Both are collegiate students. One attends the Essex Collegiate School while the other is a student at Tilbury Continuing School. They carry a complete hiker's outfit and are a clean-cut, likely looking pair. They claim that their longest "lift" was for about a distance of 150 miles, while their shortest was 300 yards.

After medicine your kiddies should be given - LIFE SAVERS THE CANDY MINT WITH THE MOLTEN they sweeten the mouth always good taste

Reigns As Beauty Queen In Sicily

The Baroness d'Agala of Catania, descendant of the Spanish monarch who invaded Sicily in the 15th century, is said to be the loveliest of all the present-day Sicilian women. She is well known in the Italian court and in aristocratic circles in London, Paris and on the Riviera.

Municipal Council Advocates Highway Meetings In October

Warden Wigmore Given Authority to Repair Jail and Registry Office—Golding Succeeds Campbell on Municipal Home Board—Mrs. McLellan Praised

THE Municipal Council at its quarterly meeting, held yesterday afternoon, appointed Dr. Mayes Case as a member of the Board of Commissioners of the General Public Hospital, to succeed Hon. Dr. Roberts, resigned, to take a place on the staff. It was also decided to ask the provincial government to amend the highway act so that highway meetings in the parishes be held in October instead of April. The communications from the Board of School Trustees in connection with the non-payment of the county school fund were filed.

Hon. R. W. Wigmore, warden, was in the chair and Councillors White, Bullock, Frink, Harding, Anderson, O'Donnell, McCavour, Sealey, Golding, Smith, McAllister, Mosher and Shanklin were present. The report of the finance committee was read by Councillor Frink. It recommended that the Eastern Trust Co. be given authority to take proceedings against two persons in default of their payments on county housing board properties, that bonds of \$4,000 be issued to pay for sewers in Simonds, on Loch Leonard Road, Jean street and Wilton Avenue, that the petition for an increase in jury fees be filed, that bills from H. A. Porter, coronor, Victoria Hotel for dinners to jurors, and Driscoll Brothers for board of Wallace Steele, be paid. Adopted.

COUNTY SCHOOL FUND A bill from Coroner Quilton, of \$57.20, was ordered paid if found correct. The warden read a number of letters from the Board of School Trustees calling attention to the fact that an amount of more than \$13,000 due from the county school fund, had not yet been paid and his reply to them. The warden in his reply pointed out that under the present law the county had no authority to borrow in advance of the assessment for this purpose.

Councillor Frink moved that as there was no legislation covering this matter the communications be filed and this carried. The county secretary submitted a list of the pauper patients at the Provincial Hospital and suggested that a committee be appointed to investigate the legal settlements of these. The matter was referred to the finance committee, with power to act. A request for the directors of Fern Hill cemetery that two of the men employed be appointed provincial constables, was on motion of Councillor McAllister, granted. The warden reported that repairs to the jail and registry office amounting to about \$600, were necessary and he was given authority to have the repairs made. These include a gutter on the jail, repointing of the masonry of the registry office and new stairs to the registry office.

GOLDING SUCCEEDS CAMPBELL Councillor Golding reported that arrangements had been made to pay the bills for snow shovelling referred to the councillors of the several parishes at the May meeting of the council and moved that the provincial government be asked to amend the highway act to provide for the holding of highway meetings the first Tuesday in October of each year instead of in April, as at present. The motion carried. The county secretary reported that the terms of W. Murray Campbell as a member of the board of commissioners of the Municipal Home had expired and on motion of Councillor McCavour, Councillor William Golding was appointed to fill the vacancy. The county secretary also reported that Hon. Dr. W. F. Roberts had resigned as a member of the board of commissioners of the General Public Hospital and the appointment of a successor was in the hands of the municipal council. Councillor White asked if there was any communication from the medical staff of the hospital and the county secretary read a letter from that body asking that the present ratio of medical men on the board be maintained.

TRIBUTE TO MRS. MCLELLAN Councillor White then moved that Dr. Mayes Case be elected to fill the vacancy on the Board. In doing so he said he had only the best night.

CREW RESCUED OFF CAPE COD

Vessel on Way Here Picks Up Trio From Disabled Motor Boat

The tern schooner Emily F. Northam, in command of Captain Fred Ward and consigned to Kerrison & Linton, arrived in port last evening from New York with a cargo of coal for the Maritime Coal Service, Ltd., and will dock at their wharf today to discharge.

Captain Ward reports that when about 60 miles south of Cape Cod he picked up a large motor boat disabled and with three men aboard. The motor boat's engines were broken down and out of commission and those on board were without provisions or water.

Captain Ward stood off his course and hauled to, close to the disabled boat and took the three men on board, provided them with food and a place to sleep. Captain Ward, who was bound to this port, could not run in to a harbor to land the three men and it looked as if he would be obliged to bring the men and their boat, which was towing astern, to Saint John.

Bad weather made its appearance and Captain Ward was obliged to make South West Harbor, Maine, for shelter and here the three men and their boat were landed.

Captain Ward was commended on making the rescue during a rough sea. The schooner, after discharging her cargo at the Maritime wharf, will be towed to Gagetown to load piling for New York.

MILLINERY CLASS TO START HERE JULY 26

Vocational School Courses For Girls and Women Are Announced

Beginning Monday, July 26, an opportunity will be given the young ladies and women of Saint John to take short courses in millinery and elementary dress making at the Saint John Vocational School. These classes will continue until Aug. 5 and will be held from 2 to 5 o'clock each afternoon of the week. The instruction in the classes will be taught by tradeswomen who have come to the summer school for the purpose of the learning of these subjects in the night schools of the province.

MANY TOURISTS IN CITY YESTERDAY

United States Motorists Speak Highly of Roads in The Provinces

A large number of tourists, the majority of them motorists, arrived in the city yesterday. The hotels reported a brisk business and many United States automobiles were noticed about the streets. The tourists are laud in their praise of the excellent roads in New Brunswick.

Tourists registered at the Royal yesterday included Mr. and Mrs. George S. Gathen, Jr. of Collingwood, N. J.; C. V. Canton, Philadelphia; Frank T. Sibley, of Somerville, Mass.; Robert V. Elizabeth Harris, Mount Pleasant, Mich.; Ruth Wood, Concord, Mass.; E. J. Yall, M. Fisher and J. Sarfman, all of Newark, N. J.; R. K. Dickie, Henry S. Tille and S. Richardson, all of Canton, Mass.; Mr. and Mrs. D. M. Wigg and two daughters, Mr. and Mrs. John Siegel and daughters, Mr. and Mrs. John Allison and Mr. and Mrs. Walter G. Lamde, all of Williamsport, Pa.

REV. MR. THOMAS HERE

At the Victoria were S. Adamsky, of New Bedford; Dr. and Mrs. J. P. Hanlon, Miss Esther Hanlon and Miss Alda Hanlon, all of Hudson, Mass.; C. Colvan, T. Colvan, of New York City; E. Goron and W. R. Dieke, of Bangor; Mr. and Mrs. W. E. Dwyer, of Boston; Mr. and Mrs. J. J. Ford, of Boston; Mr. and Mrs. F. A. Jordan and Miss Ruth Jordan, all of Bangor; Mr. and Mrs. M. H. Stubbs, of Boston, and Mr. and Mrs. R. H. Heath of Providence.

Several of these tourists arrived in the city on the steamer Governor Dingey yesterday morning. There were 240 passengers on the Dingey. That the roads in New Brunswick were, he thought, the best in the Maritime Province or the state of Maine, was the opinion expressed yesterday by Rev. Byron H. Thomas, a native of Fairville, but now pastor of the Washington street Baptist church at Eastport, who motored to the city yesterday.

J. C. Berrie, secretary of the N. B. A.A., said yesterday that tourist travel to the province continues to grow in volume. On a recent trip to St. Stephen, Mr. Berrie counted no less than 115 cars coming toward Saint John.

Mr. and Mrs. Francis Burpee, of Ottawa, are occupying the summer home of the Hon. H. A. and Mrs. McKewen at Hillandale.

BETTING ON HORSE RACES BRITAIN'S GREATEST AMUSEMENT

LARGE AMOUNT WAGERED EACH YEAR IN ENGLAND

Estimated \$940,000,000 Changes Hands—New Tax Will Raise Good Sum

LONDON, July 21.—Betting on horse races is Britain's greatest amusement.

In the pursuit of that amusement, the government estimates that \$940,000,000 changes hands every year. One-tenth of this the government has reason to believe, changes hands literally in street betting, which is illegal; the other nine-tenths, or amount about \$846,000,000 is race course or "credit betting" and is perfectly legal. When the new tax, 10 per cent. on all "legal" betting goes into effect on November 1, the hard-pressed British treasury will take in at least \$30,000,000.

Tabloid of New Light Heavyweight Champion Winning Crown

Western Fans Demanding That Games Be Played Faster

PORTLAND, Ore., July 20.—A strong feeling against long, drawn-out baseball contests has developed in Portland this season, and it appears likely that Pacific Coast League club owners will take some action by next year at least, to appease the cash customers.

Games Tonight

WEATHER permitting, the Saint Johns and St. Roses will play a City League game on the North End grounds. The St. Roses will make a strong effort to stop the winning streak of the Saint Johns, who are leading the second section of the league by a good margin.

Chandler of California May Become Brilliant Tennis Star

NEW YORK, July 21.—The victory, for the second year in succession, of Chandler of the University of California in the intercollegiate tennis championship increases the suspicion that he is due for a ranking among the first 10 men players in this country.

ALL READY FOR GOOD RACES AT BODDER TRACK

Peter Kennedy and Lambert Todd Are the Favorites in Junior Free-For-All

ST. STEPHEN, N. B., July 21.—The fourth race meeting of the Maine and New Brunswick Harness Racing Circuit, opens at the St. Stephen Driving Park this afternoon.

LOCAL MARKSMEN DEFEAT NAVAL MEN

Nationals Stop Winning Streak of Imperials

After winning ten straight games the Imperials went down to defeat in an intermediate league game last evening when they were beaten by the Y. M. C. I. by a score of 10 to 6.

CHALLENGE ALL STARS

All Stars to a game of baseball to be played on Thursday evening at 7 o'clock on St. Peter's diamond. An answer to this challenge is requested through The Times-Star.

HOLYROOD WALTER CAPTURES \$25,000 KALAMAZOO DERBY

KALAMAZOO, Mich., July 20.—A little brown gelding named Holyrood Walter, seven years old, owned by Roger V. Whitehead, of Duluth, Minn., won the \$25,000 American padding derby richest of all harness events in the Grand Circuit meeting here today.

GALLANT FIGHT FAILS

Louis Direct, however, made a gallant struggle to overtake the flying Holyrood Walter in the stretch, but finished half a length back with Holyrood.

How To Swim

ACTION OF THE HANDS AND FEET, STANDING POSITION. Before any stroke is learned one should be able to remain afloat upright in the water. That is where the scissors kick is invaluable and why it is described first. Ability to remain afloat will give the basis for any stroke that is desired, and remaining afloat is the easiest thing in the world if one knows the scissors kick and doesn't mind the head going under the water.

WATERMEN AND NATIONALS WIN

The Water Department defeated the Trojans in a hard-fought diamond ball evening by a score of 8 to 6. The battle was a pitchers' duel from start to finish.

JUNIOR BASEBALL

The St. John's Baptists Midgets defeated the Maple Leaves on the Back Track Green last evening by a score of 11 to 6. The batterers, for the winners, Orr and Powers, while Lyden, Lewis and McCarron worked between the points for the losers.

LEAGUE STANDING

Table showing league standings for various teams (e.g., Saint Johns, Water Department, Trojans) with columns for wins, losses, and percentages.

ON SOUTH END

The St. John's Baptists were nosed out of a victory on the South End last evening when the Nationals came out on the long end of a 4-3 score.

MARYSVILLE SLUGS WAY TO VICTORY

FREDERICTON, July 20.—Marysville slugged the way to a victory over Devon in the York County Baseball League tonight. The score was 8 to 2.

ALERTS TO ROTHESAY

The Alerts, intermediate ball tossers, will journey to Rothesay tonight to clash with the Rothesay nine there. The Alerts will have their strongest lineup on the field tonight. A good game is expected.

Baseball

Table showing baseball scores for National League (e.g., Chicago vs. New York, St. Louis vs. Cincinnati) and American League (e.g., Boston vs. Philadelphia, Detroit vs. Cleveland).

HUMAN FLY WILL AID OARSMEN'S FUND

Jerry Hudson, styled the "human fly" on account of his many daring feats in climbing skyscrapers, arrived in Saint John. It was announced last evening that the purpose of his visit here was to help the Saint John Rowing Club raise funds which will help to help the younger generation of the city who are showing some signs of progress in the rowing game.

INTERNATIONAL LEAGUE

Table showing international league scores (e.g., Philadelphia vs. Detroit, St. Louis vs. Philadelphia, Washington vs. Baltimore).

AMERICAN ASSOCIATION

Table showing American Association scores (e.g., Columbus vs. Kansas City, Columbus vs. Kansas City).

CANADA ELIMINATED

HAVANA, July 20.—Canada was eliminated from the Davis Cup tennis this year, when Rogelio Paranteles, champion of Cuba, defeated William Crocker, of Montreal, 6-4, 6-2, 6-4.

Bald Men Grow Hair

Surprising reports are coming from men who were bald or losing hair and by using a peculiar compound, the hair grows again. "Four inches of hair has grown over G. W. Mitchell's head," is the report of a man who had a large growth of hair.

VETS DEFEAT THE LUDLOW TEAM, 19-8

The Vets defeated the Ludlow team in a senior softball game on the West Side last night by a score of 19 to 8. Good fielding by both teams featured the game. Hart and Wilson formed the battery for the Vets. Thompson and MacLeod exhibited their wares for the Ludlow aggregation.

LEAGUE TO START

It was announced last evening that the Fair Vale-Rothesay League will get under way next week, when on Tuesday evening the two teams will meet in the first game of the series at Fair Vale. Last evening an exhibition game was played at Fair Vale, which the Rothesay boys capped by a score of 8 to 1.

Leading foot specialist tells dangers of paring corns at home

"Home paring of corns is opening the door to infection," writes Dr. J. S. Ansley, the prominent chiropodist and foot specialist of Cleveland, Ohio. "Corns should be cut only by a chiropodist." Indeed, see your chiropodist as often as you see your dentist, if you would keep your feet in prime condition. But between visits, when a Blue-jay is scientific. There is no guesswork about it. You do not have to guess how little or how much to put on. Each plaster is a standardized treatment—without the right amount of medication to end the corn. At all drug stores.

performed remarkably well, although he was working in a lost ball game in three innings he held the Cleveland Indians hitless and runless.

ALERTS LOSE TO ST. PETER'S TEAM

Heavy Hitting Marks Independent League Game—Two Home Runs

In a game featured by terrific hitting, the St. Peter's won from the Alerts at St. Peter's Park last evening by a score of 17 to 9.

Score by innings table for Alerts vs St. Peter's game.

World Series Star Has Been Relegated To Minor League

NEW YORK, July 20—John (Red) Oldham, left-handed pitcher, probably has gone out of the major leagues forever, but he pitched one inning that has taken a prominent place in baseball history.

He entered the final game in the world series last fall as the Pittsburgh moundsman after the Pirates had taken a lead of two runs.

TO STRENGTHEN TEAM It was announced last evening after the game between St. Peter's and the Alerts that there would be a reorganization of the latter team.

**CARS CRASH ON HIGHWAY BRIDGE AT APOHAQUI**

New Automobile, Just Purchased Here, Badly Damaged in Mishap

**VEHICLE BURNS ON GOLDEN GROVE ROAD**

**Motor Turns Over Three Times in Topping Down Embankment**

Added to the list of last week-end's automobile accidents were two quite serious mishaps occurring in familiar locations. On Saturday evening, a brand new Chrysler sedan being driven home to Prince Edward Island by the family who had just purchased it here, was partially demolished on the overhead bridge at Apohaqui, Kings County on the main road to Sussex.

**CAR IS BURNED**  
The other accident occurred on the Golden Grove road at a spot where there is a steep embankment. A Ford open car was the victim. The owner, a man named Hachey, says his car swerved suddenly when he was making pretty good time, toppled down the bank, rolled over several times, disintegrating the upper rigging and then, from the spilled gasoline, caught fire.

**ANOTHER OVERTURNS**  
This morning at 9:30 o'clock, a McLaughlin automobile of the sedan type carrying two men, slid off the road over on the Westfield road, and turned over landing on its side. Neither of the occupants was injured.

**State of Rothesay Road Draws Comment**

"It seems to me that they are trying to make the job last," declared a motorist this morning to The Times Star when speaking of the work now proceeding of repairing holes in the Rothesay road.

"Here we are at the end of July and our most heavily travelled road apparently not half fixed up," he continued. "A driver still has to do a great deal of dodging, especially between the Three Mile House and the bridge at Brookville. This stretch of road remains full of 'frost heaves,' and the motorist who naturally swerves to avoid them is always in danger of collision."

"The time to fix up the Rothesay road is early in the season, and while they are at it I would like to see them do a job. While good work has been done in filling up the sides of the paved street in some places, at the present rate of progress we'll not doubt have everything in shape by the first winter snowfall."

**SEE THE FALLS**  
At high tide the water of the Bay of Fundy reaches a higher level than the water of the Saint John River forces through the gorges of the Falls, creating a "Falls" at low tide the water in the Bay disappears entirely, and the water at the Falls becomes almost as the surface of a lake.

**Local News**

**BACK FROM HOLIDAYS**  
Sergeant Detective John T. Power is at his desk at police headquarters this week, having returned to his duties after enjoying a two weeks' vacation.

**GAME POSTPONED**  
The exhibition game, which was to have been held on the West side diamond this evening between Saint John Baptists and Martellos has been postponed.

**CHURCH UNDER REPAIRS**  
The board of management of St. Columba's Presbyterian church, at meeting held last evening, decided that services would be held in the church on the next two Sundays, as the church is to undergo repairs and be painted.

**TO WED IN ALBERTA.**  
About 40 friends of Miss Evelyn Boyd were held on the West side diamond last evening, and tendered her a novelty shower in honor of her approaching marriage. Refreshments were served the guests by Mrs. J. W. Boyd, assisted by Mrs. Higgins, Miss Mabel Todd and Miss Myrtle Thorne. Miss Boyd is leaving soon for Alberta, where she will be married.

**VOCATIONAL TEACHER**  
Bayard Stilwell, who has been appointed instructor in commercial printing in the Commercial School, is in Upper Canada investigating some of the latest ideas in that line of trade and taking a short special course. He will be absent about a fortnight. Mr. Stilwell has been a newspaper and job printer in this city for about 23 years.

**FAIRMOUNT LODGE MEETS**  
Fairmount Lodge, L. O. B. A., held their regular meeting last evening in their hall, Park avenue, East Saint John. Mrs. John Chard, the W. M. presided. Routine business was transacted, after which addresses were given by Mrs. Charlotte Sweet and Mrs. Ruth Stephens gave a pleasing piano selection. Visiting were present: Johnstone and Dominion Lodges.

**ENTERTAINED TRUSTEES.**  
The trustees of Central Baptist church were the guests of Mr. and Mrs. Hartley S. Wamaker at their summer home, Renforth, Monday evening. The same host and hostess entertained the board at their home last summer.

**SALVAGE CORPS PICNIC.**  
Tomorrow, weather permitting, the annual outing of the Salvage Corps and Fire Police will be held at the headquarters of the Log Cabin Fishing Club, Loch Lomond. This has been the family haunt of the Corps for years, and the event is always a success. Games and sports will be indulged in, and an appetizing menu is in prospect. A member today jocularly suggested that anybody contemplating a fire tomorrow might please postpone it until after the picnic.

**NOVELTY AUTO HORNS**  
A novelty on the roadways nowadays is trick and freak auto sirens and whistles. Some are deep and sonorous like a steamer's whistle, others chime, still others run a little scale of notes like a flute. The horn that resembles a policeman's whistle, however, is going to get its owners into trouble if not checked in prospect. This shrill signal, when blown for passing purposes while on the suburban roads is mistaken for a siren, and cars have been known to stop suddenly, narrowly averting collision with the onrushing car seeking to pass by. Furthermore, whistles used by police officers are taboo; it is understood and several boys using them for bicycles have been warned against the practice.

**As Hiram Sees It**

THE SETTLEMENT—Well, sir, the town folks that's out here don't hev no dull time on their hands. There's somethin' done every day. One day the meat man comes—an' next day the baker's car—an' the ice-man shows up most every night. Then the woman an' gals heve to go in swimmin' every day—sometimes two or three times for the gals—an' the strawberries to pick an' can fer next winter—an' games of bridge—an' the Saturday night dance—an' the ottomobeels to watch—an' the walks down to the wharf to see who's on the steamers—an' to see the trains at the station—why they aint no time to get lonesome at all. They say the town folks talk a lot about their complaints—but nobody ever thinks of it out here. They're too busy thinkin' about the next meal—'n' how much more they kin tuck away than they did yesterday—By Hen!

HIRAM.

**SMUGGLING OF RAW MILK INTO CITY ALLEGED**

Health Officials Checking Reports of Private Conveyances Being Used

**EXCITING ACTION IN MATTER EXPECTED**

**Court Cases Likely to Result if Law Infractions Are Detected**

Something exciting is expected to break presently in official health circles over the ultimatum issued by the sub-district board at the special meeting called last week by Acting Chairman Commissioner R. W. Wigmore. Dairy Inspector Dr. T. Fred Johnston was instructed at that meeting to notify country dealers known to be openly selling unpasteurized milk that any further infraction of the original health act and its new provisions relative to Grade A milk, as passed by the Baxter Government, would be punishable by summary procedure in the police court.

**SMUGGLING ALLEGED**  
Dr. Johnston the next day checked the incoming teams at Marsh Bridge and discovered a total of over 50 quarts of raw milk which was acknowledged to be for separate delivery in its unpasteurized state. The inspector then issued his "last chance" warning. It is now stated that some of the producers have been smuggling raw milk into town by devious methods and in contravention of a private type. The officials are alert and developments may follow.

Health board officials are resolute in their attempt to have the older law and its recent amendments enforced, they say. They claim county milkmen clamored for an opportunity to sell a high quality of raw milk. The new government fulfilled its promise by providing legislation that affected the Health Act of the Venetian government. This was in conformity with similar legislation in Canada and the United States. The new government has played fairly with the producers, it is claimed, and it is past the stage where the amended law may be flagrantly disregarded.

**PETER CLINCH IS HONORED AT DINNER**  
Visiting Fire Underwriters' Officials Also Entertained at Riverside Club

About 40 guests were present at the dinner last evening given by the New Brunswick Fire Underwriters in honor of visiting members of the Canadian Fire Underwriters' Association and of the retiring secretary of the New Brunswick Board, Peter Clinch, at the Riverside Golf and Country Club. The visitors were Lewis Laing, president of the C. F. A. U.; John A. Robertson, chairman of committee of the C. F. U. A.; Alfred Wright, Toronto, and W. E. Baldwin, Montreal.

**ASKS ESTIMATE ON FORT HOWE LOOKOUT**  
Mayor Receives Request From Dr. J. C. Webster Regarding Costs

Mayor White this morning received a letter from Dr. J. Clarence Webster asking him to have the road engineer make an estimate of the cost of constructing a roadway and lookout on the top of Fort Howe.

**L. O. B. Lodge Members Entertained**  
Mrs. Ernest Milton, Mrs. Sherval Carver, Mrs. Vernon Pitt, Mrs. James Donner and Mrs. F. Irvine were the joint hostesses to members of Roxburgh Lodge, L. O. B. A., their families and friends yesterday at their summer homes at Martwood. About 60 guests were present. Dinner and supper were served in the spacious dining room, which was decorated with cut flowers. The table was arranged with the colors of the order, yellow and scarlet. The hostesses were assisted in serving by members of the society. Sports on the beach, for which prizes were awarded, were enjoyed, and the party returned to the city in the evening.

**GOING TO EUROPE**  
H. W. Frink is leaving next week for a trip to England and the continent. He will sail on July 28 from Montreal on the Minnedosa and after attending to some business in England will have a holiday on the continent.

**Great Painting Season Prolonged**

Cool weather kept the flies from swarming before the birds could handle the situation.

The result is that flies are scarcer than for ages.

Which is all the better for property owners who need to paint up for a variety of reasons. For the sake of appearances, an example to the neighborhood, boosting real estate values and rental prospects. And above all—to save money by keeping out rot and leaks.

McAvity experience advises the economy of quality in paint. Thus they have a special Paint made to battle with local conditions—HAND and RING PAINT.

Write or phone for free card of 48 colors—freight prepaid on house lots. Ask any advice.

**Small Income But No Slaving**

Just because a woman cannot afford a maid is no reason for being tied down to toiling and mulling the whole day long.

If a woman will only do a little thinking there are ways of lightening the load on her shoulders as well as on her purse. Take the New System Damp Wash, for example. The very cleanest kind of laundering—nobody can do half as well. And by far the cheapest way to get through it.

Phone for driver. Quick return delivery.

**New System Laundry**  
89 Charlotte Street and Lansdowne Avenue.

**AMERICAN TOURISTS, GO TO Louis Green's**  
FOR Dunhill London Pipes
