ABATTOIR FOR SAINT JOHN NOW ASSURED

N. B. GOVERNMENT DECIDES TO GUARANTEE \$100,000 BONDS

British-Canadian Packing Company Is Incorporated With Capital Stock of Half a Million Dollars

WILL MAKE START ON PLANS AT ONCE

Promoters, in City From Fredericton, Say Arrangements For Industry Progressing, and Definite Announcement Likely Made in Few Days—Then Quick Action

By D. LEO DOLAN Staff correspondent of The Times-Star. FREDERICTON, April 24.—The Government has decided to guarantee the bonds of the company promoting the pork packing plant and abattoir in the city of Saint John for \$100,000.

This official statement was made to The Times-Star representative here this morning by Premier Veniot. The plant is therefore assured.

The directors of the company, W. I. Fenton, of Saint John, C. P. MacIntyre, of Sussex, and Captain F. M. Stanley, representative of large British financial interests, left for Saint John early this morning elated over the result of their several weeks lobbying here on behalf of the project.

Application for the incorporation of the British-Canadian Packing Company, Limited, was filed here today. Mr. Fenton, Mr. McIntyre and Captain Stanley are the provisional directors and the authorized capitalization has been placed at \$500,000.

The promoters have agreed to make a \$100,000 deposit with the Government and a bill will be introduced in Legislature, tonight, meaning the Government's decision to guarantee the bonds.

Last night Government supporters met in caucus and discussed the proposal whereby the Government was asked to guarantee the bonds of the company up to \$100,000. Practically all the supporters of the Government endorsed the abattoir project and finally the decision to guarantee the bonds of the company up to \$100,000 was reached.

Plans for the abattoir will be started at once, W. I. Fenton, of Saint John, and P. M. Stirling, of Fredericton, England, announced when they arrived in the city on the noon train from Fredericton. The general scheme had been worked out, but there was need of the Government action before a definite start could be made, Mr. Fenton said.

With the assurance of the Government of its backing in the enterprise, there would be a start made immediately.

TALK OF PROJECT. It had been necessary to get the support of the Government of the province in order that the farmers might gain confidence in the scheme and do their part in providing the raw material for the plant. It was the intention to handle pork products only since seemed particularly adapted for the production of pigs, and he hoped that the business when under way would gain a place in the markets of the world.

Saint John offered great facilities for shipment, especially to the Atlantic, and the new concern would go after the business in England and on the continent.

WANT FARMERS' BACKING. It was felt by the promoters that the farmers of the province would back up their efforts by studying the best methods of raising the kind of pork needed for producing the best quality of bacon and other products. The farmers already had the benefit of the experience of both the federal and provincial departments of agriculture, and it was hoped that the New Brunswick it was hoped that the new business would study methods and assist in making the enterprise a success.

Definite announcements concerning further action on the part of the new company would be made as soon as the necessary legislation was passed in Fredericton. Mr. Fenton thought this matter would be arranged by the end of next week. The Government had promised support, but it was necessary to put a bill through the House.

ARRANGEMENTS PROGRESSING. Arrangements had been about completed for the site. Offers of cheap power had been made to the company. It was also expected that there would be some special arrangement in regard to taxation and probably water supply. Which the preliminary arrangements had been completed, Mr. Stirling said there would be quick action and the plant would be constructed as soon as possible.

17 INCHES OF SNOW. Montana Blanketed, Transportation and Communications Are Demoralized. BUTTE, Mont., April 24.—Swept by the most severe spring snow storm in its history, Central Montana was blanketed with snow which reached a depth of 17 inches in Butte. TOBIQUE DAM BILL PASSES COMMITTEE

AMENDMENTS PROVIDE FISH PROTECTION

Met Objections of Saint John and Other Members

WILL FILE PLANS

Expert Expresses Opinion Proposed Fishway Will Allow Salmon Ascent

By D. LEO DOLAN Staff correspondent of The Times-Star. FREDERICTON, April 24.—Making every possible safeguard for the salmon fishing industry in the St. John River and Bay of Fundy, the corporations committee of the House this morning reported favorably the bill promoted by the Fraser Companies, Limited, to permit erection of a dam on the Tobique River.

Several amendments have been made to the bill and the dam when erected will have a modern fishway which will be so constructed as to enable the easy passage of the salmon to the spawning grounds.

OBJECTIONS MET. The Fraser Companies have agreed to all the amendments and the objections of members from Saint John and other sections of the province who were concerned with the protection of the salmon fishing industry have been met. The plans of the dam will be subject to inspection by the Lieutenant-Governor-in-Council, as well as representatives of the New Brunswick Fish and Game Protective Association.

Mr. Povey, of Boiestown, expert on dam construction, secured by a subcommittee of the corporations committee, appeared before the members and expressed the view that a dam could be so constructed as to not interfere with the easy ascent of the salmon.

TAKE ROYAL JEWELS. Prince Erik of Denmark Loses \$4,000 in Gems in Los Angeles Suburb.

ACADIA, Calif., April 24.—The Royal Jewels of Denmark, at least a few of them, were stolen in this suburb of Los Angeles, yesterday, when pass key burglars entered the home of Prince Erik of Denmark and escaped with diamond and emerald jewels valued at \$4,000. The prince and his wife, the former Canadian heiress, Lois Beath, were motoring at the time.

London Lord Mayor Objects To Toast to Pope Preceding King. LONDON, April 24.—Because it was decided to propose the health of the Pope before that of King George, the Lord Mayor of London, Colonel Sir Alfred Bower, who is a Roman Catholic, refused to attend the annual banquet last evening of the Cretanian Association, Roman Catholic Society. The Lord Mayor had accepted the invitation, but upon learning of the decision of the chairman, cancelled his acceptance, and told the press: "I will not attend any banquet in the capacity of Lord Mayor at which the Royal toast is honored after that of the Pope." Two city sheriffs, also Catholics, followed the Lord Mayor's example.

Proposed British Withdrawal From Cairo is Cause of Alarm; Italian Ascendancy Feared

LONDON, April 24.—The Daily Mail says a proposal has been made to evacuate Cairo and concentrate the British army in Egypt on the Suez Canal, probably at Al Kantara, 28 miles south of Port Said, apparently with the idea of placing Egyptian nationalists in the line of fire.

The newspaper adds that the proposal is causing dismay to those in the limit circles in Great Britain, and Egypt, which are cognizant of the situation, as such a step would mean a direct surrender to the subversive elements and have disastrous results on British prestige and trade throughout the East.

Declaring that Egypt would rapidly sink into chaos if the British army were withdrawn, the Daily Mail predicts, that some other power, probably Italy, would step into the British shoes in Egypt.

Liquor is More Deadly in U. S.

NEW YORK, April 24.—Figures compiled by the Metropolitan Life Insurance Company indicate that users of alcoholic beverages in the U. France and Germany to Resume Trade Party

PARIS, April 24.—The Franco-German negotiations for a commercial treaty are to be resumed next Monday, Dr. Trendelenburg is returning as the head of the German mission.

IT IS DOUBTFUL if any city on the continent, similar in size to Saint John, can point to as large a number of men who have been in the employ of one firm or institution for 25 years or over.

Beginning tomorrow, The Evening Times-Star will run a weekly series of sketches on all such employes in the city. The first to appear will be Postmaster Thompson, who has the unique record of 48 years continuous service in the post office department. This will prove a most interesting series, so don't fail to obtain your copy of Saturday's Times-Star.

INTERNATIONAL PAPER CO. OFFER TABLED TODAY

Veniot Tells Also Of Proposition Of British Firm

REPLY TO QUERY

Said English Organization Was Ready to Guarantee Half Of Bonds

By D. LEO DOLAN Staff correspondent of The Times-Star. FREDERICTON, April 24.—A. R. Graustein, president of the International Paper Company, in a letter to Premier Veniot under date of March 25, 1925, submitted an offer on behalf of his company to give immediate consideration to the development of the Grand Falls water power project.

The Graustein letter was tabled in the House this afternoon by Premier Veniot in reply to a notice of inquiry by C. D. Richards, leader of the opposition.

ENGLISH OFFER. Mr. Richards the other day pointed out in his inquiry that the Premier might say that in event of our failing to agree on a basis of settlement for the transfer to you of this property, I am prepared to give immediate consideration to the development of this property on our own behalf as a source of power for newspaper manufacture, if your government will restate its in the necessary rights and transfer to us requisite privileges in Quebec.

Mr. Richards also asked if the government, as intimated by Premier Veniot in his speech on the budget, had an offer from one of the largest companies in the United States for the development of Grand Falls, and further requested as to the terms and conditions of such an offer, if in writing. In reply to this question, Premier Veniot stated that he had discussed with T. P. Dodge, former president of the International Paper Company, in 1923, the negotiations being carried on by the Premier on behalf of the government. Later came the offer, in writing, of President Graustein.

Mayor and Commissioner
Bullock Speak of Potato
Warehouses.

COMMENT MADE ON
STATEMENT OF M.L.A.

Understand Something Com-
ing When Exchange of
Property is Made.

That so far as the City of Saint
John was concerned there would not
be any addition to the frostproof
warehouses on the West Side was the
opinion expressed this morning by
Mayor Potts and Commissioner Bul-
lock, when asked for a statement in
connection with the charge of R. K.
Tracy, M. L. A., that potato ship-
pers had lost \$70,000 this winter be-
cause of the lack of storage facilities.
Both said that any further extensions
to the frostproof sheds would have to
be made by the Federal Government.

EMBARGO EFFECT.

Commissioner Bullock said the con-
ditions complained of by Mr. Tracy
this winter had been due to a combina-
tion of circumstances and were largely
brought about by the embargo on
English shipments. There had been a
large amount of stock shipped to the
city, and as it was not moving out
the warehouses filled up. This was en-
tirely unforeseen.

He said there had been an agitation
for some time for additions to the
frostproof warehouses on the West
Side, and it had been understood that
the Federal Government would build
new warehouses on the C. P. R. wharf
when they had been transferred from
city ownership to the Government in
exchange for No. 6 extension. He
had been given to understand that
practically all the arrangements for
transfer had been made, and the matter
was now in the hands of the Depart-
ment of Justice.

EXPECT 400 THERE

Scouts and Cubs to Have Rally
and Practice on Barrack
Green.

If tomorrow afternoon is fine, the
Barrack Green will be a lively place
when more than 400 Boy Scouts and
Wolf Cubs will assemble for inspec-
tion by Dr. G. B. Peat, district com-
missioner. All Scouts are expected
whether in uniform or not, to prepare
for the church parade to Knox Church
on May 3. Ken competition is being
aroused among the troops and cub
packs to gain the coveted honors of
making the best showing of the parade.
If the weather should be dis-
agreeable, the inspection and practice
will be held in the armory.
Wishing to enroll in the special first
aid now being offered Boy Scouts will
have the opportunity to do so on this
occasion.
Next Tuesday evening the Boy
Scout unit in Knox Church will be
the meeting place of cub leaders, and
assistants and one representative of
each pack committee to practice for
star tests and to carry on the usual
club programme.

DR. SMITH SPEAKS

The increase in the number of
members of the New Brunswick Elec-
tric Power Commission has a move in
the right direction, was the opinion ex-
pressed by Dr. E. A. Smith, chairman
of the board, who passed through the
city today from Fredericton to his
home in Shediac. Dr. Smith was opti-
mistic over the Government scheme for
hydro power and said there was no
doubt that the hydro business was car-
ried on by the commission would pay
its way and provide for a sinking fund
that would retire all the bonds within
the prescribed time.

PHONE COMPANY
REPORT IS FILED

Statement to Utilities Board on
Business and Finances is
Submitted.

The returns of the various public
utility companies of the province,
which have to be filed with the Board
of Public Utilities, have been prac-
tically all presented. These reports are
declared mostly of encouraging na-
ture, as compared with the year 1923.
In bills outstanding the New Brun-
swick Telephone Company show a de-
crease of \$3,000 from the year pre-
vious.

The return shows that the company
in 1923 had issued, of an authorized
capital stock of \$4,000,000, the sum of
\$2,831,890. At the end of 1924 this
had been increased to \$2,968,410, an
increase of \$136,520. At the end of
1923 the bonds and debentures out-
standing were \$55,000. At the end of
1924 this had been reduced to \$32,000.
At the end of 1923 the value of the
plant and equipment was set at \$2,776,
868, and the real estate holdings of
the company were valued at \$271,588.
At the end of 1924 these stood respec-
tively at \$2,968,913 and \$301,000.

Revenue.

The outstanding accounts at the end
of 1923 were \$107,000, and at the
end of 1924 were \$122,426, and for 1924
it was \$1,110,032, a falling off of \$12,000.
This item, it was said, would be
shown an increase, however, had the
same rates been in force as obtained in
1923, as under the order of the Utili-
ties Board new rates came into force
early in 1924, which effected a saving
of between \$70,000 and \$80,000 to the
people.

The total operating expenditure in
1923 was \$895,378, and the dividend
payments amounted to \$211,106. For
1924 the operating expenditure was
\$871,008, and the dividend payments
\$222,354. This showed a saving of
\$24,000 in operating expenditure and
an increase of about \$17,000 in the
dividends. The latter was due to the
issue of new stock during the year.

2 Color Man
Says "Dye
When You Can"

Half his hat red—and the other side white—
Half his coat red—and the other side white—
One trouser leg red—and the other white—

The two-color man is a curious sight.
All around town you'll see him with his message of
economy. Which is—"It's cheaper to dye than buy."

Call up the clever dyes at the New System Lau-
ndry and ask their advice on what new colors best suit
that garment that's good for a new lease of life and
looks.

NOTE—The two-color man's Suit was ingeniously
tailored by the Triple C Tailors, and his hat by Bar-

WANTS CNR AND G.P.R. MERGED TO PREVENT WASTE

S. W. Jacobs Would Lock Subsidy Door and Throw Away Key

SHAUGHNESSY PLAN OF FUSION FAVORED

U. S. Quota Law Drawing Out Native Canadians Says Montreal M. P.

OTTAWA, April 23—A further plea for amalgamation of the Canadian National and Canadian Pacific Railway systems was heard in the House today.

There were echoes of Sir Henry Thornton's statement before the Railway Commission that such an amalgamation would result in enormous savings.

"My suggestion," declared S. W. Jacobs, Liberal, of Montreal, "is that the lines should be amalgamated so that we might never hear the word 'subsidy' again; that we should close the door on it, lock the door and throw away the key."

Mr. Jacobs favored the C. P. R. taking over the National lines under such scheme as that of Lord Sloughnessy.

SEES NO ROOM FOR 3 LINES. There was no room in Canada for three transcontinental lines, but for the Canadian National to take over the C. P. R. would be like taking a child which had never been sick and putting it to bed with a child suffering from contagious disease.

Mr. Jacobs complained that the effect of the United States quota law was to draw away from Canada her native Canadians with the result that Canada might soon be as a race of native Canadians as Jacques Cartier found it in 1534.

IMMIGRATION BLAMED. Immigration, Mr. Jacobs pressed, should be allowed to flow through natural channels. Like the wisdom of God, the government's immigration policy "passeth all understanding."

O. R. Gould, Progressive, of Assiniboia, had a long list of suggestions. These included the gathering in of tax free victory bonds and the establishment of a system of rural credits.

BEWARE OF THE FLAMING MATCH! The destruction that follows in the wake of the carelessly tossed match is well depicted in the lower window of the M. R. A. Ltd., Germain street store. The window shows on one side a fresh green hillside in all the natural beauty of the summer season—just as the camper finds it when he pitches his tent to spend his summer vacation days.

The opposite side of the window shows in grim contrast a similar hillside, only grey, bleak and bare, after it has been thoroughly devastated by fire caused by the careless disposal of a lighted match from the hand of some thoughtless vacationist.

Above the landscape, suspended in midair, is a mammoth blazing match, significant of the cause of such unnecessary destruction. The lesson pointed out is one well worth keeping in mind for those who are planning excursions and vacations in our glorious New Brunswick woods in the near future. It's worth walking around to the M. R. A. Ltd., Germain street entrance to see.

LONG DRAWN OUT.

Parliament has been in session since February 5—eleven weeks—and yet what appears to be the most important work of the House is unfinished or not yet begun.

The ocean rates case is going on before a parliamentary committee, but this far several of the important matters included in the programme announced at the beginning of the session have not been touched.

One stands stupefied by the progress Canada could make with this wonderful discovery turned to national account. Just think how Parliament, which controls its own clock by an ancient and exclusive prerogative, could be speeded up!

Odds and Ends

Reincarnated Walter Raleigh. If there is anything in the theory of reincarnation, then it is a good guess that the spirit of Sir Walter Raleigh now dwells in the body of one of the Los Angeles traffic policemen who is stationed at Broadway and Seventh street, says a San Francisco writer.

The road to California is a road of disappointment and often to destitution for a great many of the young women who set out for that territory in the hope of becoming film stars or even of earning a living in the movies.

"All seem to assume that the victims are tortured to produce confessions. The bastinado is used for breaking all the bones in the feet." These are the words of three Labor members of the British House of Commons who were in Sofia at the time of the explosion of a bomb in the cathedral.

Had Fort Churchill been selected in the first place, the Free Press suggests, progress might have been more rapid. It explains that while Fort Churchill is a small harbor, it is a good natural one, whereas Fort Nelson is a roadstead, not a harbor.

Perhaps they killed some gully, but a gully man would be a fool to allow himself to fall alive into their hands. It is a horrible picture. The whole-sale murderers who were guilty of the bomb atrocity did not hesitate to kill the innocent. Their guilt does not excuse the horrors described by the British visitors, but nevertheless these horrors are the direct consequence of the cold-blooded crime of the assassins.

YOUTHS MUST GO FOR TRIAL TO HIGHER COURT

Nova Scotians Committed at Hearing Before Police Magistrate.

HOLD-UP IN CITY STREET IS CHARGE

One Says He Had Been Drinking—Never Carried Gun.

Harry Baker, 17, of Halifax, and William G. Clemons, of Fleming, 15, of Sydney, were sent up for trial today by Police Magistrate Henderson on a charge of attempted robbery. Evidence of five witnesses for the prosecution was given.

Story Is Told Theodore Holder, 66 Canton Ave., testified that while with Walter Wall on Waterloo street the other night, Baker approached him, put his hand on his shoulder and asked him if he had any money. The witness told him he did not have any. The other man, he said, interposed to say "Better not fool with him, he's a bad guy." The witness said that Baker then said "Yes, I'll put a bullet through your brains" and as he did so, he put his hand in his coat pocket. The two men then moved off, Walter Wall gave corroborative evidence.

LeRoy Harding and City Constable Garrett testified that the defendants were in a garage in Cliff street later on in the evening and asked for money. Detective Biddiscombe, whose duty it is to handle fingerprints, said that Fleming gave his name as Clemons when taking his prints.

When asked if he had anything to say, Baker said he had had a few drinks and if he had been sober he would never have uttered any threats. He had no gun and never used a gun in his life. Clemons had nothing to say. The men then were sent up for trial, the Magistrate remarking it was a very unfortunate mess into which the two young fellows, on the verge of manhood, had gotten themselves.

Safe Fat Reduction Why be fat? The answer of most fat people is that constant dieting is hard, continual exercise is tiresome and exhaustive—and then, too, it might be harmful to force the weight down. That was the old-fashioned idea. Today in Marmola Prescription Tablets all these difficulties are overcome. Just a little tablet after each meal and at bedtime causes fat to melt away. The modern method is easy, entails no dieting or exercising and is a safe, tested advantage of cheapness. Get a box of these tablets and start taking them now. Within a short time you will be getting rid of fat steadily and easily without starvation diet or strenuous exercise. You will be comfortable and able to enjoy food you like and want. Even after taking off many pounds, there will be no flabbiness or wrinkles remaining. You will feel 100 per cent better. You will sell Marmola Prescription Tablets at one dollar a box, or the Marmola Company, General Motors Building, Detroit, Mich., will send them to you on receipt of the price.

The Saint John del Rey, a gold mine in Brazil, South America, now is said to be the deepest in the world, since it has been worked down to a depth of 6,726 feet. Other holes have been bored much deeper, but with unproductive results, as for instance, one hole in the earth in West Virginia, which was sunk to a depth of 7,679 feet in a futile search for natural gas.

For all washing and cleaning you can't beat this soap—

says Mrs. Experience, who chooses soap for its economy and labour-saving value.

"Sunlight puts the sunshine of cleanliness into the home! For washing clothes, dishes, wood-work, linoleum, in fact, for anything that can be cleaned with soap and water—I call on Sunlight. And Sunlight does its work so well and leaves everything sweet and clean.

"Sunlight really is economical, too! You see, every bit of it is pure, cleaning soap, containing no filling or hardening materials, which are only waste as far as we women are concerned.

"You get greater cleaning value out of a pure laundry soap—and so I say, 'Always keep a good supply of Sunlight on hand.' It really improves with age. And because of its purity, Sunlight is kind to your hands and keeps them smooth and comfortable." Sunlight is made by Lever Brothers Limited, Toronto.

"Chu Chin Chow" will receive fantastic musical treatment at the hands of the Imperial orchestra, and Margaret Thompson, of Moncton, graduate dancer of the Chalfi Russian School of Dancing, New York, and the Baronesse Poise School of Boston, will participate in an Oriental prologue. The engagement of "Chu Chin Chow" will be for two days at the regular scale of prices. The Imperial is also preparing for its Wonder Week, May 4 to 9, when "The Thief of Bagdad" and "Madame Sans Gene" will be the split week attractions.

Deaths Rev. Sister Walsh.

CHATHAM, April 23—The Reverend Sisters of the Hotel Dieu of St. Joseph received the sad news today that a member of their community, Rev. Sister Walsh, died in her room this morning. The late Reverend Sister had been ill for the last six months and about six weeks ago had gone to Montreal for treatment. The late Sister Walsh was a most capable nun and in her death the Community of St. Joseph suffers a distinct loss. For many years she was the mother superior of the order here and, under her wise guidance, the community made rapid strides.

The deceased nun is survived by one sister, Rev. Sister Dewey, a member of the local community, and two brothers, William K., and Richard D., both of Chatham. The body will arrive from Montreal, probably on Saturday, accompanied by Rev. Mother Kane and William Walsh, who had gone to Montreal when their sister's condition became serious.

Captain Jesse Pierce. YARMOUTH, April 23—The remains of Capt. Jesse Pierce, of Port Maitland, who died in Boston yesterday, will arrive by the steamer Prince George from that city tomorrow morning and the funeral will take place from his home on Sunday. Capt. Pierce was one of Yarmouth's old time mariners, and was about seventy-six years of age. Two weeks ago he went to Boston for special treatment. In his early life as a master mariner he sailed in the employ of the Yarmouth shipping firm of A. C. Robbins, and also for A. F. Stoneman & Company. He is survived by his widow and one son, also by a previous marriage three daughters and one son, all in the United States.

Mrs. Cecelia Vail. Mrs. Cecelia Vail passed away at her home, 39 Stanley street, Thursday morning after a lingering illness. Mrs. Vail was the widow of Charles Vail, who died about 20 years ago. She was a woman of devout Christian character and a life-long member of Exmouth street Methodist church. For many years she was a devoted worker in the Marsh Bridge Mission and in later years a leader and teacher in the Glad Tidings Mission, Prince Edward street, in connection with that church. As a Christian she was an inspiration to all with whom she came in contact and her kindly deeds and acts of charity endeared her to many. Mrs. Vail is survived by no immediate relatives but

her memory will be cherished by a host of friends. Rev. Mr. Styles will conduct the funeral service from Exmouth street Methodist church on Saturday afternoon at 2:30 and interment will be at Fernhill.

Mrs. Mary Soucoup. MONCTON, April 23—The death of Mrs. Mary Jane Soucoup, of Catamount, occurred in the City Hospital yesterday. She was 84 years of age and had been ill for some time. She leaves four sons and two daughters. The sons are Frank, of Catamount; George, William and Daniel, of Moncton. The daughters are, Mrs. Murray, of Kinross Settlement, and Mrs. James Garland, of Moncton. She is also survived by two brothers, Hazen and William Johnson, of Moncton, and three sisters, Mrs. Rositor, of Alma, Mrs. Solomon Steves, of Catamount, and Mrs. Elisha Price, of Gallacher Ridge. The funeral will take place on Friday.

John Sanford. DIGBY, April 23—John Sanford, a well-known colored resident of Bear River, passed away Wednesday after a short illness. He was born in Guadeloupe more than 80 years ago, and came to this country when a merchant with Capt. Tamberon, of Granville, but for many years he was in the employ of Alpheus Marshall and E. E.

Rice. Requiem mass was held at nine o'clock Thursday morning in St. Francis church and interment was in the Catholic cemetery. "John" was a familiar figure about town and his cheery smile will be very much missed by a great many.

R. S. B. Crombie. A former New Brunswick bank manager, Robert Shaw Bradshaw Crombie, who was connected for more than 46 years with the Bank of Montreal, passed away in Toronto this week. He had been manager of branches in Newcastle and Chatham, N. B. and Pictou, Belleville and Kingston, Ont. His wife, formerly Miss Benson, of Chatham, N. B., survives, in addition to several children.

MAGNESIA BEST FOR YOUR INDIGESTION

Warns Against Doping Stomach With Artificial Digestives.

Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have now discontinued disagreeable diets, patent foods and the use of harmful drugs, stomach tonics, medicines and artificial digestives, and instead, following the advice so often given in these columns, take a teaspoonful or two tablets of Blurred Magnesia in a little water after meals with the result that their stomach no longer troubles them, they are able to eat as they please and they enjoy much better health. Those who use Blurred Magnesia never dread the approach of meal time because they know this wonderful anti-acid and food corrective which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the stomach, prevent food fermentation, and without the slightest pain or discomfort. Try this plan yourself, but be certain to get pure Blurred Magnesia especially prepared for stomach use.

ANOTHER BUILDING CASE AT CITY HALL

Suggestion of By-Law Till Code Adopted—Asphalt Tenders Are Opened.

Tenders for asphalt, disposal of the lands owned by the city in the Parish of Lancaster and the hardships of the present building law were among the matters discussed yesterday afternoon by the Common Council, sitting in committee of the whole.

Commissioner Bullock reported progress in the matter of dealing with the protest from West Side residents about the coal 'dust' on the west side ferry boats and said the question was being taken up with the Dominion Coal Company.

On motion of Commissioner Bullock, John Gray was given a lease of a lot in Lancaster for pasturage at \$60 a year.

Commissioner Bullock said he had been considering the matter of the city lands in Lancaster. The taxes on these lands had increased from \$1,905.46 in 1909 to \$4,800.00, and the holdings were less today than they were in 1909. Last year there was a net loss of \$8,101.87 on these lands and he thought they should be disposed of. No action was taken.

Building Matters.

C. J. Melliday appeared for Kenneth Raymond and asked that his client be allowed to make some improvements to his property, 62 Queen street, which the building inspector contended were contrary to the law. It was suggested that a by-law might be passed to deal with cases of this kind until the new building code had been adopted. Commissioners Harding, Bullock and Wigmore were appointed a committee to look into the matter and report back.

Two tenders for asphalt were opened and referred to the Commissioner of Public Works and road engineer for a report, as follows: Carrite Company, Ltd., \$29 a ton; Imperial Oil, Ltd., \$30 a ton. Commissioner Prink remarked that this was \$4 a ton higher than last year.

CLASSES PERFORM IN Y. M. C. A. CIRCUS

Large Audience Enjoyed Work of Boys in Annual Gymnastic Display.

A large and greatly appreciative audience last night witnessed the first performance of the Y. M. C. A. annual circus. Ronald Shaw with a fine flow of oratory last night made another big hit as showman for the circus. The gymnasium classes gave excellent demonstrations, reflecting credit on their own aptitude and the careful training given by H. T. C. Hutton, physical director.

The programme opened with a march part of the combined classes of 150 pupils. The corners' class, under the direction of W. S. Allan, staged a nicely executed dumbbell drill. The High School boys did some difficult pyramid building with smartness and precision. The junior school group gave a demonstration of free arm drill and the "all together" movements were like clock-work for mechanical exactness.

An Outstanding Group.

The junior leaders' corp, which had been described by National Physical Director Crocker as the most outstanding group of its kind in Canada, did some remarkably neat and clever work on the horse and parallel bars.

The senior leaders' corp took part in an athletic dance interpretive of the motions of various kinds of athletics and acquitted themselves very well. They also gave a splendid demonstration of parallel bar work. The business boys gave a fine demonstration of tumbling and the senior school boys gave the Cardis dance effectively. The young men's section was seen in some very difficult bar exercises which were tried through in an adroit fashion. The senior class had the closing number, an Indian club drill with lighted torches that was an artistic spectacle. The Y. M. C. A. orchestra, under the direction of H. C. Clayton, furnished the pleasing selections. Mrs. Hogge played for the drills. The circus clowns were even funnier than usual and made a big hit. The circus will be repeated tonight and tomorrow night.

Serbian Shot Dead in Board Bill Dispute

HAMILTON, April 23.—Because Marko Corich, a Serbian, aged 38 years, had issued a garnishee order against him to obtain payment of a board bill amounting to \$145, Vaso Knezevich, a Serbian, aged 53, visited the home of his fellow countryman tonight to demand an explanation and was shot and killed in a quarrel which followed. Corich was arrested on the charge of murder.

HALIFAX, April 23.—Great strides were made with the estimates at today's two sittings of the Legislative Assembly.

The obstruction methods announced by the opposition members a few days ago were carried on with less persistence today, but with no lack of vigor, and the government was subjected to pointed queries and criticisms on several items including the estimates for the public printing, the King's printer office and the Nova Scotia sanatorium.

HOLDS SUPPER AND SALE.

Carlson Methodist church held a well patronized supper and sale last evening in the church hall, under the auspices of the Ladies' Aid. Mrs. J. P. Burpee was general convener. Pink flowers, lighted candles and harmonizing tints in other decorations made the tables very attractive.

Mrs. William Haslam and Miss Ella Parks had charge of the fancy work and Miss E. Jenkins of the candy.

The supper conveners were Mrs. W. D. Williams, Mrs. S. Nichols, Mrs. W. H. Rowley and Mrs. A. R. C. Clark. Mrs. J. Sharpe made the tea and coffee, assisted by Miss Kate Brittain and Mrs. J. MacKinnon. The members of the Ladies' Aid served.

The patron of the saloon-bar tasted his portion suspiciously, and then remarked to the duchess behind the counter: "This is a curious whiskey and soda. May I ask which you put in first, the whiskey or the soda?"

"The whiskey, of course," said the barmaid.

"Oh, all right," said the thirsty one, raising his glass. "I daresay I'll come to it presently."

ST. GEORGE AND ENGLAND THEME AT CELEBRATION

Bishop Richardson Gives Warning Against Possibility of Americanized Canada

STRONG ADDRESSES MARK BANQUET

Governor Gives Hopeful Speech—Mayor Against Juvenile Court.

The achievements of Englishmen and their influences upon modern civilization were set forth by speakers at the St. George's Day celebration last evening in the Royal Hotel, while the people of Canada were warned against the dangers of foreign ideals. Appropriate ceremonies marked the progress of the banquet, with the triumphal entry of the "good road bee" following a drum and bugle band.

More than 100 members of St. George's Society and friends were in attendance and greetings from societies in other cities were read by the secretary, J. U. Thomas. Messages were received from St. George's Societies in London, England; Montreal, London, Ont.; Halifax; Toronto; Brooklyn, N. Y.; Hamilton, Ont.; St. Andrews and Quebec.

R. G. Schofield, president of the society, proposed the toast to the King and the National Anthem was played as a response. Mr. Schofield then spoke briefly, welcoming the new American consul, Mr. Wormuth.

GOVERNOR TODD. H. W. Rising gave the toast to Lieutenant-Governor Todd. His Honor responded by complimenting the society on its high ideals and declaring himself honored to be present.

The Motherland was suffering greatly today, he declared, as a result of the war and was looking to the Dominion for help in the fight of the future for freedom and peace. He felt that Canadians were struggling to build up their country as an integral part of the British Empire.

Times had been poor, he said, but they were improving. He believed that Saint John, in sending representatives to discuss the problems of the Maritime Provinces with the west, had opened a door to a better national understanding. The west was ready, he thought, to answer the Maritimes' plea.

MAJOR POTTS. J. U. Thomas offered the toast to the city. In replying Mayor F. L. Potts spoke of the agitation for a juvenile court and declared himself against such an institution. He thought that a boy or girl who might have broken the law in youth should not have a record against him or her in later life.

He thought that cadet corps were a great factor for the good of the nation and helped give the boys a good training that would keep them out of crime. His Worship spoke of the great record of the 28th Battalion in the last war and declared a fervent hope that no such sacrifice would ever be necessary again.

WELCOMES NEWCOMER. W. Shives Fisher moved the toast to F. Maclure Schlanders, newly appointed

the United States. He referred to the bonds between Canada and the United States and pointed to the International Waterways Commission as an example of the way in which the countries worked together.

Mr. Wormuth replied. The countries were bound together by the common blood, he declared. He had been present last year at a St. George's Society banquet in Sydney, Australia, and found that the customs were pretty much the same here as there.

Anyone of pure English descent could well be proud of his blood, he declared. The world owed a great deal to England for it was from that country that ships sailed carrying people, customs, laws and the other essentials of civilization to the borders of the earth.

"DAY WE CELEBRATE." L. P. D. Tilley, in offering the toast to "The Day We Celebrate," asked if England could now be called "Merry England" and declared that he was intending to change the words for the evening to "St. George and Noble England."

What had England done, he asked. Despite troubles that followed the sacrifices of the war all were rallying around and working to redress from the hardships.

He hoped some day that Canada would grow until her population was greater than that of the British Isles and believed that the country would still be a part of the British Empire. We were now practically an independent nation, he said, but are bound to Britain by ties of blood and government.

The society was celebrating its 134th year of good fellowship, loyalty and thought of the Mother Country. The company sang "Rule, Britannia!"

Dr. Percival L. Bonnell sang the verses of "England," while the company joined in the chorus. For an encore he gave "Shipmates of Mine." T. C. Cochrane accompanied him.

BISHOP RICHARDSON. Bishop John Richardson replied to the toast. He would not agree with Mr. Tilley, he said, in his words regarding England but believed that one of the greatest things about the Motherland was that, come what might in the way of hardship and trouble, England was "Merry England" yet.

He declared that he would depart from traditionalism and talk for the evening of imperialism. He believed that every member of St. George's Society was an imperialist at heart. Rome's Empire had been declared to be founded on militarism, and he found that word in disrepute today. It was so much feared, he said, that the permanent force was being thinned out until its bones rattled and cadet corps, designed to teach the youth of the nation manhood, was frowned upon. He thought there was too much fear of the word militarism. He saw in it a great moral force.

LACKED MORAL POWER. It was said that we must reduce the standing army to save the money laid out on it but he begged those present to remember two things, the need of maintaining national safety and the keeping of their self-respect. "We were not yet living in Utopia," he added.

He had been told Canada was in no great danger, that the United States would never attack us and that they would protect us from other possible attackers. Perhaps this was so but how could Canadians keep their self-respect and accept such shelter.

The Roman Empire was more than a military body, he declared. It was an empire together by Roman law, on which much of our present-day legislation was founded. It fell because it lacked the abiding element of moral power.

True imperialism, Bishop Richardson declared, must be internationally unselfish. Its voice was to let right prevail, right between class and class, people and people and nation and nation.

AMERICAN CONSUL. Lieutenant-Colonel W. H. Harrison offered the toast to the President of

ed commissioner of the Saint John Board of Trade. He declared that all should be optimistic despite obstacles in the way.

Mr. Schlanders, in replying, told of his gratitude in being in Saint John in the work allotted to him and expressed the belief that all the citizens would work with him in the best interests of the community.

AMERICANIZATION. The strength of the British Empire lay in the fact that it was not organized but organic. The parts were bound together by stronger ties even than those of blood, by ties of common ideals, laws and institutions.

The great danger to Canada today, he believed, was the foreign influence creeping in. Its greatest menace was that of Americanization. He respected the people of the United States, he said, but he did not want to see Canada Americanized. There was going on now a policy of peaceful penetration and there was a danger that we might become "tweeters of wood and drawers of water" for the United States. Our forests were now being denuded to supply paper for another country.

COST OF NAVY. The key to the arch of the Empire was in every separate part and, if one fell, the whole structure must collapse. If the Maritime Provinces seceded from Canada, the country would follow suit and the fall of the Empire would have commenced.

The Empire existed, he declared, because of the freedom of the seas. Both England and Canada knew this, he said. The Englishman was groaning under a burden of taxes to support the Navy and the Canadian was singing patriotic songs and accepting the sacrifice and shelter. It was time we took a hand in keeping up our end.

OUR CIVIC DUTIES. He believed that the greatest evils threatening public life today were political indifference, political partisanship and political corruption. The man who would not turn out and exercise his right to vote his own government, or would not take an active hand in helping solve the problems of the day, deserved great censure. Still worse was the man who would do nothing not approved of by his party, and worst of all was the man who would be swayed by thought of gain. Bribery today, he declared, was not on the small vote buying scale of the past. It had now reached the stage of bribery of constituencies with bridges, roads, public buildings and such things.

Other Societies. Commissioner J. H. Frink moved the toast to "The Forces of the Empire," to which Col. A. E. Masie, D.S.O., responded. The toast to the sister societies was moved by Dr. G. A. B. Addy and replied to by C. B. Allan, representing St. Andrew's Society.

IS THE CARIBOU TO VANISH IN N. B.?

Guide Pringle Says That Deer Eat Too Much Caribou Moss.

Is the Caribou to be Lost Entirely to New Brunswick?

This question is being discussed among sportsmen at present and with renewed interest because of some information which was brought out at a meeting of the executive of the New Brunswick Fish and Game Protective Association held in Fredericton last week.

Guide's Opinion.
At that time Arthur Pringle, the well known Miramichi guide, was asked if the Caribou, that were formerly found in fair-sized herds in certain parts of the province, had been driven out by excessive hunting, or by increased road construction, the multiplication of motor cars or by other modern developments.

Mr. Pringle replied that the caribou had not been driven from the province, as there was no other place they could go and live. He said the caribou were obliged in the winter to depend for their food upon a white moss that grows on the branches of coniferous trees. Formerly there were no deer in the Miramichi region. When the deer were driven from Maine and New Brunswick by excessive hunting, Mr. Pringle said, they gradually worked their way to the Miramichi district and as they increased they have been eating so much of the moss which the caribou required that the caribou were dying off from lack of food in the winter time.

Mr. Pringle's attention was called to a statement of the chief game warden in his last annual report, to the effect that the caribou were apparently coming back and that hopes were entertained that before long they would be sufficiently numerous to justify a short open season.

Mr. Pringle said that the caribou are not extinct. There are still some. The trees that had been killed by the bulldozers a few years ago were now fall-

ing down and the caribou were able to get from them moss which was formerly out of their reach. This has enabled them to increase to some extent, but in his opinion they were doomed.

Call For Co-operation.

Members of the New Brunswick Fish and Game Protective Association expressed the view that every effort should be made to preserve the caribou. It has been reported to the association that some of these animals have been killed illegally and they point out that any information which would assist in preventing such violations of the law should be sent to the

BAY OF FUNDY IS TEXT OF PROGRAMME

Eclectic Club Hears Papers of Interest Read—Legend and History.

The Eclectic Club at its meeting last night greatly enjoyed a program on "The Bay of Fundy." The club met at the home of Mrs. James F. Robertson and the program was in charge of Richard Hooper, president, who read the introductory paper telling of the extreme age scientists declare the Bay of Fundy has attained. He touched briefly on the geographical features, related the Indian legend concerning its origin and referred to the glories of its shipping. Miss Mabel Gilbert read Rev. H. A. Cady's poem, "The Old Wood Carver."

Miss Alice Fairweather read the "Buccoo" chapter from "Wooden Ships and Iron Men," and Mrs. Neales read an account of an interview with Frederick William Wallace, in which he gave his view as to a possible solution for the mystery of the Marie Celeste. T. E. G. Armstrong read an interesting paper, telling the story of the Marco Polo and F. B. Ellis read C. G. D. Roberts' story, "A Tragedy of the Marshes."

There was an interchange of reminiscences, and many anecdotes bearing on the subject of the evening were entertainingly told. Mrs. Heber Vroom, secretary, was welcomed after her absence and Miss Alice Walker, who had acted in her stead, was heartily thanked.

Fisherman Catches Silverware In His Net

CANNES, April 24.—An old fisherman working off the coast here was astonished some days ago when he pulled up his net to find it contained two silver spoons. The bore the initials "H. B. D." The police identified them as the property of Mrs. Hazel B. De Mossin, an American woman, spending the winter at Cannes. The spoons gave the first clue to a mysterious robbery some weeks ago when the villa occupied by Mrs. De Mossin was

ransacked. Among other articles taken was costly silverware. Divers were put to work at the spot and other silverware fetched up, including a silver plate, two more spoons, a cake plate and fork, a table fork and a pepper pot.

FACTS ABOUT TEA SERIES—No. 4

The Two Types of Tea

There are two distinct types of tea, namely Black Tea and Green Tea. Both are made from the same bush and both are equally pure. The difference is in the process of manufacture which gives each a different flavour. Black Tea after it is plucked is withered and partially 'fired' or dried, then allowed to oxidize by being exposed to the air. This gives Black Tea its dark reddish colour when drawn. Green tea is immediately steamed after plucking, which prevents oxidation. There are delicious blends of "SALADA" in both of these types and also a unique blend of Black and Green Tea Mixed. All are sold in four qualities.

Volstead Agents Attend School

WASHINGTON, April 24.—Roy A. Haynes, Federal Prohibition Enforcement Director, has made known that he had started what he called "schools" for instructing prohibition

agents in their duties in detecting and prosecuting violations of the Volstead law. The main idea of the schools, as outlined by Major Haynes, is to "raise the already high standard of efficiency among Federal prohibition agents and to reduce to a minimum defective cases made by Federal agents when conviction would otherwise be assured."

GRAND FALLS MEASURE IS INTRODUCED

Bill Proposes Increasing Size of Power Commission to Seven Members

VENIOT MENTIONED FOR POST ON BOARD

Borrowing Rights Asked Raised to \$12,800,000 for Project.

FREDERICTON, April 23.—Just before the House adjourned at 10 o'clock tonight, Hon. Ivan C. Rand, attorney-general, introduced the long-awaited Grand Falls legislation. The measure which is to give the government authority to proceed with the development of New Brunswick's greatest water power project, is in the nature of an amendment to the New Brunswick Electric Power Act of 1920.

The amended bill, as introduced by the Attorney-General, provides authority for the New Brunswick Electric Power Commission to increase its borrowing power from \$3,800,000 to \$12,800,000. This action is necessary to enable the Government to proceed with the Grand Falls development.

TO INCREASE PERSONNEL

The other important amendment as proposed by the Attorney-General tonight provides for increasing the personnel of the New Brunswick Electric Power Commission from three members as at present to seven members. Three members from newly formed commission will be known as executive members while four will be consultative members. Provision is also made whereby two members of the executive council may be members of the power commission, but only one member of the Government can be a member of the executive board of the commission.

NAMED FOR FIVE YEARS

All the members of the commission are appointed for a period of five years except in the case of the executive council members who cease to be members of the commission when they retire as members of the executive council.

PURPOSE OF SECTION

The bill was given its first reading tonight and aside from the brief explanation of Attorney-General Rand, there was no speech making. Replying to C. D. Richards, leader of the Opposition, Hon. Mr. Rand said the section was given the power commission the right to increase its borrowing power by an amount of \$9,000,000 for the purpose of enabling the commission to proceed with the Grand Falls undertaking.

would become a member of the New Brunswick Electric Power Commission. The bill as introduced tonight rather strengthens that report which has been current for some time since provision is made for two members of the executive council to become members of the commission and one of such government members to be a member of the executive of the power commission.

PREMIER MENTIONED

It would not be surprising if Premier Veniot is the member of the Government to be appointed as an executive member of the newly reorganized power commission.

The Premier said tonight that the discussion on the so-called Grand Falls legislation would not take place in the House before Tuesday next. It now seems likely that the House will be able to reach prorogation by Thursday of next week.

PYTHIAN SISTERS MEET

Loyalist Temple, No. 13, Pythian Sisters, at its meeting last night in Temple Hall, Main street, heard interesting reports from the various committees. Mrs. George Gray's report on Y. W. C. BRITISH A.P.'S DESCRIBE SOFIA OUTRAGES

SAY SUSPECTED REDS ARE SLAIN BY HUNDREDS

Six Thousand Communists Are Arrested in Three Days in City

CHARGE VICTIMS ARE TORTURED TO CONFESS

Open Expression of Enmity Between Bulgaria and Jugo-Slavia Feared

Canadian Press Despatch.

LONDON, April 24.—The Herald, organ of the Labor party, this morning prints a column statement made by Josiah C. Wedgwood, W. Mackinder and P. D. Malpas, Members of Parliament, who were in Sofia at the time of the explosion of the bomb in the cathedral, and who subsequently made an investigation into the Bulgarian situation.

The statement says W. F. A. Erskine, British minister at Sofia, the United States minister, and the missionaries, were doing all that was possible to stop the "ferocious reprisals" against the Communists.

The statement adds that the "Yankee" (Hungarian premier) is now producing a series of reactions in Jugo-Slavia which are gravely significant, the severely suppressed sentiment of the two governments appears to be on the point of open expression.

PROTEST ARMY INCREASE

The governments of Jugo-Slavia, Rumania and Greece have protested to the Council of Ambassadors in Paris against granting permission to Bulgaria to increase her army.

"Mr. Mackinder" the statement continues, "is still in Bulgaria, acquiring first hand knowledge and hoping for a promised visit to the dread secret service prison. If Mackinder leaves his bones in Sofia, it will be because he was unable to stand seeing unarmed men bludgeoned to death."

It is asserted in the statement that the plot to blow up the King and the government in the Sofia cathedral probably was organized by Bulgarian exiles in Serbia.

"Presumably," the statement goes on, "the rising was contemplated whether Moscow had anything to do with it, we never shall know. No rising occurred. Plans of the campaign since discovered by the police, involving rising all over the country, carry little conviction to those who know Bulgarian methods."

6,000 TAKEN IN THREE DAYS

"One reservist captain when arrested shot his wife and then himself. Within three days there were 6,000 arrested in Sofia alone."

"All seem to assume that the victims are tortured to confess and the bastinado is used for breaking all the bones in the feet."

The statement declares that the efforts of the United States and British ministers to ameliorate the situation must be largely vain, for no minister and no government is any longer in control—only the officers' league and gangs with rifles.

"Vengeance, largely personal vengeance," says the statement, "is the keynote of all three atrocities. The police had lists of all known Communists and acted upon them promptly."

MANY KILLED

"One thousand are said to have passed through one police station the first night, and all night long hordes of condemned men passed out and were killed, mostly outside the city."

"Perhaps they killed some guilty, but a guilty man would be a fool to allow himself to fall alive into their hands."

FEWER ACCIDENTS ON U. S. RAILROADS

Total Mishaps Reduced by More Than 5,000 in the Last Year.

WASHINGTON, April 24.—Railroad transportation and travel is becoming increasingly safer, according to figures compiled by the Interstate Commerce Commission.

If the Commission's figures could be taken as a criterion of how rapid railroads will continue to lessen accidents, it might be safe to predict that five years hence a railroad mishap will be a thing of the past.

During the 1924 year of operation there were 22,868 accidents as compared with 27,497 in 1923, a reduction of 5,629. More than half of the mishaps last year and the previous year resulted from derailments.

While the Commission ascribed no reason from the huge reduction in accidents, it is generally believed that added employment of automatic control devices and more rigid and stringent methods of inspection are responsible.

Accidents resulting from derailments last year totaled 14,259, as compared with 16,708 in 1923. Collisions totaled 6,168 against 7,110 the previous year. Locomotive boiler accidents amounted to 46 against 67 in 1923. "Other locomotive accidents" totaled 756, compared with 971 in 1923. Miscellaneous totaled 2,141 against 2,636 in 1923.

Death resulting from accidents last year amounted to 10,913, as compared with 11,951 in 1923. Injured persons last year totaled 290,349 against 323,672 the previous year.

The committee has not yet completed its work and its recommendations will have to be approved by the House before becoming effective.

HEAVY DEMAND FOR U. S. AUTOMOBILES

Foreign Buyers Seek More Numerous Than Ever—Expect Records to be Broken.

WASHINGTON, April 24.—Record breaking automobile exports by the United States in 1924 are likely to be surpassed this year, if prosperous conditions of the auto market of the world during the first three months of this year can be taken as a barometer, according to Percy Owen, chief of the Automobile Division of the Department of Commerce.

Reports reaching Owen from department agents abroad indicate that American manufacturers and exporters will enjoy a much greater volume of business this year than in 1924.

Agents of the department in Argentina have called here that the 1925 year has been marked with "heavy" automobile sales and prospects for the immediate future are bright.

Increased Demand.

"The betterment in dollar exchange," the department was informed by representative in Argentina, "has enabled car importers to make fairly large reductions in prices and it is generally believed that the number of cars sold during 1925 should reach 40,000. The public demand is for American automobiles, and the importation of American passenger cars keeps well over 97 per cent of the total."

In Brazil dealers in American automobiles have been deluged with orders and the department has been advised that many merchants in Brazil are embarrassed by inability to fill all orders. American cars in Brazil account for 90 per cent of sales. European competition is now chiefly centered in the Renault, Fiat and Lancia cars.

Heavy Business.

Reports from Central Europe indicate "heavy business" for dealers in American cars despite the fact that the buying power of the public there is still limited.

Unusual activity has been shown in Greece in the automobile market "with sales of American cars far in the lead." The department has been advised that a good market for buses and trucks exists in Greece, due to the inadequacy of railways. A profitable taxi traffic also is developing in Athens.

CONFERENCE TO BE HELD

Sir Henry Thornton stated that the whole question of taxation of railway property would be dealt with soon in a conference with the various Provincial Governments.

"We are trying to get a uniform system of taxation throughout the Dominion," said Graham A. Bell, Deputy Minister of Railways and Canals. "It is a matter of the opinion of the Canadian National that eventually the Canadian National will pay taxes all over the Dominion on a uniform basis."

Sir Henry Thornton, dealing with hotel properties of the Government system, said that in 1924 their combined operating revenue was \$1,795,279.38 and the expenses of Jasper Park and the tourist region was \$2,022,989.41. The total capital investment was \$13,208,000.54 and the carrying charges could be estimated at not more than 8 per cent per annum.

BUILDING HOTELS

"We were embarking today upon this Canadian National enterprise," said Sir Henry, "we most probably would not build so many or such large hotels. Some of them, of course, were inherited from other cases we inherited a promise to build as in the city of Regina, with which city there is a hotel."

PROVES "PRIZE BABY"

"Our prize baby is the Chateau Laurier," said Sir Henry, when asked to give some details about hotel operation. "Last year the Chateau Laurier had a net operating revenue of \$48,000. The heaviest loser was the Fort Garry, in Winnipeg, with an operating loss of \$184,000, while the MacDonald in Edmonton had an operating loss of \$55,000. Jasper Park Lodge showed an operating net revenue of \$100,000, but operating net revenue receipts of \$483,000 directly attributable to the attractions of Jasper Park and the tourist business there is rapidly increasing."

CHANGE ON I. C. R.

When asked about the railway dining car service Sir Henry told of the plan to effect economy by introducing the table d'hôte system on the Intercolonial. The reason for the selection of that route was that it was largely non-competitive route and could furnish a better indication of the efficiency of the move which will be made in May and I am certain the public can be satisfied," said Sir Henry.

"The table d'hôte service is in vogue on all the European roads and should be practicable here."

ONE TRIED AND FAILED

"That system was tried once before on the Intercolonial," said Hon. George P. Graham, minister of railways and canals, "but it did not prove successful. We got it out of my complaints from both the public and those in charge of the dining cars, the latter saying there was too much waste of food."

"It does not oppose this proposal of Sir Henry's and I think that with proper management it can be made successful. The experiment I refer to was stopped at the request of the Maritime Association, which is holding its 68th annual meeting here."

Province Conference Will Discuss Tax Problem

Discuss Tax Problem Bell Announces.

OTTAWA, April 23.—Taxation of Canadian National Railway property, the inheritance of an unprofitable hotel business and an intimation by the resident, Sir Henry Thornton, that steps would be taken next month to effect economy in the dining service when the table d'hôte plan would be given a trial on the Government lines in the Maritime provinces were the features of this morning's sitting of the committee on national railways and shipping under the chairmanship of W. D. Euler (North Waterloo).

An item of the income statement in the annual report of the Canadian National Railways showing a considerable increase in railway tax accruals occasioned the first discussion in which it was stated that much of the increase was due to the increased demands from the Government of Maritime provinces that the Canadian National was asked to pay proportionately more on its property than provinces that the Canadian Pacific.

Not Recognted. Miss Marshall's photograph was taken before her operations were begun and after. So radically was her appearance changed that the photographer of the second sitting didn't recognize her and she had to be identified by a few friends before she was seated.

Dr. R. O. Schlosser, associate professor of practical dentistry at Northwestern University in a series of operations markedly altered Miss Marshall's appearance.

CHICAGO, April 24.—A practical demonstration of the efficacy of oral surgery in destroying a marked inferior complex in a young woman whose outlook on life has been seriously affected was presented at the fourth annual conference of the Northwestern University Dental School.

The young woman is Miss Anna Marshall, whose "social life" had been markedly influenced by a natural handicap of protruding teeth. Her interest in society had waned; her self-consciousness in the presence of others was a constant burden to her.

Dr. R. O. Schlosser, associate professor of practical dentistry at Northwestern University in a series of operations markedly altered Miss Marshall's appearance.

WHAT SPEECH SAID. Section 15 of the Speech from the Throne read in part as follows: "The Government and Legislature of Nova Scotia have at various times protested by petition to the Crown against the terms of Confederation as they affected the interests of the province. The British government and Parliament, while declining to annul the union compact, nevertheless recognized that the arrangements respecting taxation and the regulation of trade and fisheries were not such as to be in the best interests of Nova Scotia and the Maritime provinces of Canada would not be prejudicial. No action has yet been taken by the Federal Government or Parliament to carry out in their full letter and spirit, the intentions of the British Government in this respect."

READJUSTMENT WANTED. "It is felt by my Government, that owing to the increased experience now necessary for the development of our resources and the services within our jurisdiction, a readjustment of the financial arrangements between the Dominion and the provinces of lands held in common by all, still awaits settlement and equitable adjudication."

Geo. W. Kyrle (chief Government whip)—"How about assisting some of the hotels already in existence there by investing a limited amount of capital in them?"

Sir Henry—"I would rather have the hotels under the sole direction of the Canadian National if we entered that field at all. However as a general principle I think it is better for a railway to keep entirely out of the hotel business."

Wife's Social Pace Cause of Divorce

NEW YORK, April 24.—The social pace set by his wife, Mrs. Van Rensselaer King, a sister of Mrs. Lydig Hoyt, was cited as cause for the divorce granted him two years ago at Media, Penn., by Colonel Van Rensselaer King, well known engineer of this city, now living in Philadelphia, who served with great distinction during the war.

"She was younger and enjoyed a different kind of life," King averred in his suit. "I did not want to go out socially at night, because I was engaged in engineering problems and the night social activities were more than I could stand. I could not get up in the morning."

Calcium Carbide in Sewer Is Cause of Blast, Five Boys Hurt

NEW YORK, April 24.—Six boys took seven cakes of calcium carbide from a Department of Water Supply truck yesterday and threw them into a sewer to see what would happen.

They could hear the water boiling below from the action of the dissolving quicklime. Then some one suggested that a match be thrown in.

Thomas Connors, 15 years old, of 15 James Slip, dropped the lighted match while the others hastily pushed the manhole cover in place. Instantly there was a burst of flame and an explosion which blew the manhole cover twenty feet in the air and shattered the windows in adjoining houses.

The boys were thrown to the sidewalk screaming with pain, and hundreds of residents in the neighborhood, mostly Italians, who suspected a bomb had exploded, ran to the street.

Patrolman Charles Bohan found the boys badly burned. All save one were taken to hospital suffering with burns about the face and hands. One may lose his eyesight.

Many Passengers Are Going To Montreal

MONTREAL, April 23.—Approximately 4,000 passengers on the five liners which are due here this week end will mark the first rush of the 1925 shipping season in this port.

The expected ships are the Marburn, from Antwerp; the Montclair, from Liverpool; the Montclair, from Glasgow; the Aurania, from Liverpool; and the Megantic from Liverpool.

Campbellton Boy Injured By Train

CAMPBELLTON, April 23.—John Sandwith, an employe of the Canadian National Railways met with a serious accident this morning near Jacquet River. The lad was engaged unloading rails along the C. N. Sir Henry Thornton—"I would like to see one or more good hotels operated by the Canadian National in the Maritime Provinces as it is a good tourist region. Many places there offer large scenic advantages to the Canadian National."

Geo. W. Kyrle (chief Government whip)—"How about assisting some of the hotels already in existence there by investing a limited amount of capital in them?"

Sir Henry—"I would rather have the hotels under the sole direction of the Canadian National if we entered that field at all. However as a general principle I think it is better for a railway to keep entirely out of the hotel business."

Field Glasses Give Hubby Away

One day when Mrs. Clara E. Starr, 52, of Liberty Center, O., looked through her field glasses she received a shock. For, she says, her husband was "wickedly loving and embracing" another woman.

She divorced her husband and has sued Miss Dorothy Schreiber, 21, pretty heiress of Toledo, O., for \$35,000 for alienating Starr's affections. The case has been continued until June.

Calcium Carbide in Sewer Is Cause of Blast, Five Boys Hurt

NEW YORK, April 24.—Six boys took seven cakes of calcium carbide from a Department of Water Supply truck yesterday and threw them into a sewer to see what would happen.

They could hear the water boiling below from the action of the dissolving quicklime. Then some one suggested that a match be thrown in.

Thomas Connors, 15 years old, of 15 James Slip, dropped the lighted match while the others hastily pushed the manhole cover in place. Instantly there was a burst of flame and an explosion which blew the manhole cover twenty feet in the air and shattered the windows in adjoining houses.

The boys were thrown to the sidewalk screaming with pain, and hundreds of residents in the neighborhood, mostly Italians, who suspected a bomb had exploded, ran to the street.

Patrolman Charles Bohan found the boys badly burned. All save one were taken to hospital suffering with burns about the face and hands. One may lose his eyesight.

Many Passengers Are Going To Montreal

MONTREAL, April 23.—Approximately 4,000 passengers on the five liners which are due here this week end will mark the first rush of the 1925 shipping season in this port.

The expected ships are the Marburn, from Antwerp; the Montclair, from Liverpool; the Montclair, from Glasgow; the Aurania, from Liverpool; and the Megantic from Liverpool.

C. G. M. M. DEFICIT REDUCED IN YEAR

Cargo Earnings Show Increase of \$181,000 in Annual Statement.

OTTAWA, April 23.—A decrease in the deficit on operation of the Canadian Government Merchant Marine is noted in the annual statement of the line, tabled in the House of Commons today.

Gross revenue was \$8,811,038 and operating expenses were \$10,251,918, leaving a deficit from operations of \$1,440,880, which is \$423,412 less than last year's deficit. The deficit after all charges, including depreciation and interest, were taken into account, was \$8,898,609 in 1924, which was \$332,061 less than in the 1923 deficit.

The increase in cargo earnings was about \$181,000. The Vancouver Board of Harbor Commissioners made a profit of \$37,000.

Insurance was provided in the Canadian National Insurance Fund. The net result was a credit balance for the year of \$536,225. The total balance at December 31 was \$877,144.

LOSS ON SERVICE

The passenger service to the West Indies, operated by the "Canadian Fisher" and "Canadian Forester" shows a loss of \$120,000 in operation, slightly less than in 1923. As a result of the services to Australia, New Zealand and Newfoundland, Dominion subsidies to other lines aggregating \$156,000 were discontinued.

There are now 57 vessels in the fleet. Three were sold last year. Excepting the stranding of the "Canadian Scottish" and the collision of the "Canadian Pioneer," with another steamer, there were no serious accidents during the year.

BABY ONLY BRUISED

Remarkable Escape of Infant Which Falls From Window of Moncton Home.

MONCTON, April 23.—The 22-months-old son of Mr. and Mrs. E. A. Young had a remarkable escape from death or serious injury on Wednesday. The baby climbed over the sill of a window on the second floor and fell to the ground. The doctor, after making a thorough examination, pronounced the child unharmed except for slight bruises.

GRAND FALLS COMPANY PUTS \$1,500,000 VALUE ON HOLDING

By D. LEO DOLAN

FREDERICTON, April 23—In a special interview with the Times-Star representative here today, Premier Veniot made some important observations regarding the rights and privileges of the International Paper Company in so far as these relate to the proposed hydro-electric development at Grand Falls.

The Premier, in his statement, made a brief reference to the history of the Grand Falls project and the securing of development rights there twenty years ago by the Grand Falls Co. Incidentally, Hon. Mr. Veniot made a significant declaration that the duty of the Government is to secure a release of these rights and privileges held by the International Paper Co. under the most favorable terms and at a price as much below the maximum consideration of \$1,500,000 as can possibly be obtained.

ELABORATE REPORT
During his address to the members of the House, at the informal sitting Wednesday morning, H. G. Acres, consulting engineer of the New Brunswick Power Commission, made some extended reference to the International Paper Company's position with regard to the development scheme. This statement of Mr. Acres aroused considerable interest about the House and in the country and now Premier Veniot has elaborated on the Acres report in this regard.

TEXT OF STATEMENT

The complete statement of the Premier follows:
"Some twenty years ago the predecessors of the Grand Falls Co. secured the development rights at Grand Falls from the Provincial Government. Although nothing of a tangible nature resulted from the granting of these rights and their subsequent renewal, it is now stated that their actual cash investment in the scheme, with accrued charges to date, amounts to \$1,500,000."

"Whether or not the Grand Falls Co. has been wholly responsible for its failure to exercise the franchise so obtained is open to question, but the fact remains that throughout this province there exists at the present time a sentiment that in failing to develop Grand Falls the company was guilty of a breach of faith."

ECONOMIES NOT REALIZED
"It is of interest to surmise what the present condition would have been if the company had actually proceeded

in good faith and developed Grand Falls twenty years ago.
"At that time the broader economic aspects of hydro-electric development had not been realized. A newspaper mill of 100 tons daily capacity was a pretentious financial venture. Turbines of more than 4,000 horse power capacity were practically unknown outside of such world famous developments as those at Niagara. Such being the case, the Grand Falls Co. would not, under any circumstances, have considered the development of Grand Falls on any larger scale than that necessary for the operation of a newspaper mill of 150 to 200 tons daily capacity."

UNWILLING GUARDIAN
"It is even fair to state that if the province were now confronted with such a problem in connection with the reclamation of Grand Falls, the total obligations would prove to be beyond the bounds of economic feasibility."

INADEQUATE, HE SAYS
"Such a development, even though it had been constructed in accordance with the very best engineering standards of that day, would be utterly inadequate and useless, as measured by present day standards and by the wider field of beneficial use of hydro-electric power."

"On the other hand, such a development, obsolete though it might be, would even yet have been supporting a living and profitable industry, by reason of unusually favorable conditions as regards wood supply and the resulting from the vastly lower low fixed charges which would have resulted from the vastly lower construction costs which obtained twenty years ago."

A DIFFERENT SITUATION
"It follows, therefore, that instead of reclaiming a water power in its natural state, the province would, under the above conditions, have been faced with the necessity of taking over an active industry through a tedious and protracted process of negotiations, involving contentions and thankless disputes over goodwill and the like."

"It is hardly necessary to observe that the sum of \$1,500,000, which now seems to constitute the total investment

of the company in the Grand Falls project, constitutes only a fraction of what the province would have had to pay under the above condition. It is also probably a fact that subsequent to such purchase the entire existing installation would have required to be demolished on a strictly scrappage basis before the installation of a modern plant along the lines of present engineering standards and of the province's present need could be undertaken."

GOVERNMENT'S DUTY
"The fact to be faced is that this stewardship was actually delegated to the Grand Falls Company and has been exercised for twenty years. The maximum consideration for services rendered in the premises is \$1,500,000."

reached that in 'breaking faith' in respect of its franchise obligations, the Grand Falls Company has unwittingly exercised a stewardship which has kept the power site at Grand Falls inviolate in its natural state against the day of the province's extreme need. It is not the fault of the present administration that this stewardship was delegated, nor is it fair to argue that those who were responsible should have foreseen the needs of the present day and held Grand Falls against such eventualities."

She had to move her furniture

She was a bit afraid when the workmen came to rearrange her furniture—that rich, polished floor had been her pride for a long time. But her fears were groundless. Even after they had moved the piano and other heavy articles, she found the Da-cote Univernish surface of her floor as brilliant and unharmed as the day it was applied.

That is one of the great beauties of Da-cote Univernish—the varnish of a hundred uses. Even a dent in the wood does not break its surface.

It is a stain and a varnish in one. Anyone can apply it with an assurance of good results. And how it wears! Hot water and soap, alkali—even strong ammonia doesn't injure its radiant lustre.

For floors, linoleum, furniture—anything that needs brightening up, use Da-cote Univernish. It dries quickly—overnight, in good weather.

If you have just a few surfaces to brush up, do the job yourself. Otherwise, let a painter do it for you. Remind him to use Univernish.

FARMER M. L. A. SAYS POTATO SHIPPERS LOSE

Continued from Page 11.

port. He declared the present frost proof shed at West Saint John was entirely too small to handle the volume of shipments and before next season additional facilities must be secured. Potatoes, said Mr. Tracey, are the only product of New Brunswick being exported in cargo lots and he gave figures to show that since Nov. 1, 1924, to April 20, 1925, 59 full cargo potato steamers had left Saint John, 24 to Cuba and five to the United Kingdom. Over 600,000 sacks of potatoes had been shipped to Cuba and 76,000 to the United Kingdom. This industry had paid out to workmen in Saint John the sum of \$114,000, not including pilot fees, while the City of Saint John received \$12,000 in wharfage charges. In this connection he claimed that too much attention was given to grain which by the port of Saint John which received one cent per ton on grain and 20 cents per ton on potatoes.

FERTILIZER DIFFICULTIES.

Mr. Tracey complained, too, that the farmers were finding it difficult to get fertilizer shipments handled in the sheds at Saint John and made an earnest plea for more facilities there to take care of such shipments. Unless increased facilities are provided next year, he believed it would be impossible for the farmers to secure any shipments of fertilizer through West Saint John.

\$70,000 LOST.

Mr. Tracey complained that last winter owing to the cramped facilities in the frostproof sheds at West Saint John the potato growers and dealers lost \$70,000 because of the fact that hundreds of cars were left standing on the sidings during the excessive cold weather. No shipper was able to get a full cargo in the frostproof shed and Mr. Tracey argued that the loss through the low tariff on American potatoes entering Canada, and the loss resulting from the lack of proper facilities at West Saint John, was greater than the entire amount expended by the Government for agriculture in New Brunswick last year.

TAKES FLING AT ROBERTS.

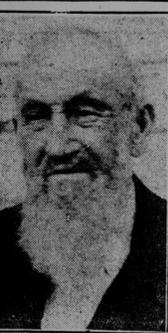

During the course of his speech Mr. Tracey took a fling at Hon. Dr. Roberts for his opposition to the Kingsclear-Vanceboro branch line, the member for Carleton supporting this project.

J. D. McKenna, M. L. A. for Kings, endorsed the speech of Mr. Tracey and declared the many matters touched upon by the member from Carleton should receive the most earnest consideration from the Government and the port officials in Saint John. Mr. McKenna believed that Mr. Tracey had in some instances understated the facts so far as limited facilities for shipping were concerned at West Saint John. The member for Kings, claimed the port officials in Saint John were carried away with the importance of grain shipments and were neglecting the more important trade of the home.

FAITH IN GRAND FALLS.

Mr. Bentley in his speech this afternoon reiterated his faith in the Mus-

Sixty years ago, on the night of April 14, 1865, William M. Hersey, a soldier in the Union forces, witnessed the shooting of Abraham Lincoln in Ford's Theatre in Washington. quash development and strongly supported the Grand Falls project. He defended the Queen Hotel purchase by the Government and declared in most emphatic language that there had been no rake off on the deal and that the transaction was open and aboveboard.

When Mr. Bentley was discussing this question, Premier Veniot injected the remark that the Government now had an offer of \$15,000 for another corner lot on the old barracks property in Fredericton, now being utilized by the Liquor Commission.

TAKES ISSUE WITH MAGEE.

But the high lights of Mr. Bentley's speech came when he approached the question of prohibition. Known as one of the avowed prohibitionists of the

House, Mr. Bentley today took issue with the statement of Hon. Fred Magee that all mankind has the inherent desire for alcoholic stimulation.

"If I thought that, I would ask the Rockefeller Foundation to use their research bureau in the hope that we might have discovered some serum with which to treat our children and eliminate the craving for liquor," said Mr. Bentley.

PASTOR TWITTED.

Mr. Bentley took a fling at Rev. Mr. Marshall, secretary of the N. B. Temperance Alliance, who was in the gallery of the House at the time, because of the statement made by the latter in Saint John to the effect that the Opposition would support prohibition of a man. "If the Opposition ever gets in power and tries to enforce this act I believe the credibility of the Alliance secretary will only be equalled by his disappointment," said Mr. Bentley.

"Send three or four members here like those of the Farmers' group and they together with a few of us on this side of the House will be able to trace up our Premier and get a better enforcement of the Act," said Mr. Bentley, and the House roared with laughter.

LIQUOR MEN POWERFUL.

The member for Saint John pointed out that rigid enforcement of the Prohibition Law would never be obtained from any one party because the strength of the liquor traffic was too powerful and had to be met by the combined forces of all parties. He did not agree with those who said the condition was worse today so far as prohibition enforcement is concerned than three or four years ago, declaring that under Rev. W. D. Wilson as chief inspector more liquor had been sold through the vendors than passed through the hands of the commission last year.

He admitted that the commission sales last year showed there was "too much medicine" for the people of New Brunswick and while commenting on the commission's business declared he wished the country could wipe its hands of the revenue obtained from that source.

"I don't agree with Hon. Dr. Roberts, and by the way I think he went a little farther than he intended during his speech while discussing prohibition," said Mr. Bentley, and the Opposition benches resounded with ap-

plause. "I don't think this revenue should be used for other services as suggested by Hon. Dr. Roberts."

Mr. Bentley urged the temperance workers to co-operate with the sub-inspectors and in that way drive the liquor out of the rural districts at least. The conditions in the cities were bad, he declared but no one should blame the present prohibitory law for the bootleggers.

WANTS COLONIZATION.

Declaring that the government should make a larger grant for coloni-

zation, Dr. L. A. Violette, M.L.A. for Madawaska, this afternoon said that too little attention was being paid this important subject. He claimed that the vote of \$6,000 for colonization was entirely inadequate and urged the appointment of a commissioner who would co-operate with the minister of lands and mines in formulating an aggressive colonization policy.

BILLS PASS.

Further consideration of supply was made the order of the day for Tuesday at 3 p.m.

The House went into committee with Mr. McKenna in the chair and agreed with amendments to a bill relating to sidewalks in the parish of Lancaster, a bill relating to fire alarms in the county of Saint John, and a bill to amend an act relating to further fire protection in Lancaster.

JUNIOR FIRST AID COMPETITION SOON

Eight Teams Enter For City Cup and Eight For Moncton Trophy.

The New Brunswick provincial council of the Saint John Ambulance Association at its meeting in the Health Centre, yesterday, made arrangements for the Junior First Aid competition to be held shortly. There are eight teams entered for the Saint John City Junior cup and three teams entered for the Moncton cup. Examinations for these trophies will be conducted next week.

Examinations for the Wallace Nesbit Junior Trophy will be conducted by Miss K. M. Stewart, of Fredericton, and will be held in Woodstock, Grand Falls, Moncton, Saint John, St. Stephen and Harvey Station.

The cup competitions in Saint John and Moncton will not be considered eliminating contests in respect to the Wallace Nesbit Junior Trophy, all

teams competing for the cups being eligible to compete also for the trophy.

A. P. Woolley, first aid organizer for the Eastern Division of the C. N. R., was welcomed as a new member of the council and several new names were submitted and approved for council membership.

A hearty vote of thanks was extended to Dr. G. G. Corbet for examining senior teams. A satisfactory re-

port was submitted by Cortlandt Robinson as treasurer. R. G. Warman will make arrangements for the junior cup competition in Moncton and Dr. C. M. Pratt will make arrangements for the Saint John junior cup contests.

W. J. BOYLE ILL.

The many friends of W. J. Boyle, Maritime representative of the United

ARTIST SHOWS LADIES BEST ROAD TO BEAUTY

Haskell Coffin Says Think, Act and Pray Daily for Charm

DESCRIBES IDEAS OF PERFECT PULCHRITUDE

Woman Is Born Actress, He Declares, But Must Have Admiration.

NEW YORK, April 24.—Haskell Coffin, the artist, told an audience of girls at the Studio Club, which is a branch of the Y. W. C. A., that if they would make it their daily prayer to become beautiful, no material object would stand in their way. The subject of his talk was "Beauty and Character."

"While you girls are young and have the opportunity," he said, "pray that you will be lovely, think and act beauty, and you will soon be growing into the charm of budding flowers, fragrant and graceful."

Mr. Coffin said that he did not believe in cosmetics, or even in cold cream except as a skin cleanser, and that natural color was much more charming. "Men have good color," he continued, "and they don't put anything on their faces. For youth to rouge and paint is just like gliding refined gold and losing the perfection and modesty of a sweet girl. A couple of glasses of cold water, a good walk in the park or exercise in the morning by radio are a great deal more efficient in assisting beauty."

Scores Blondes
Speaking of hair and its relation to woman's physical beauty, the artist declared that the blonde type was not so

intellectual, and "of all the awful things in the world the blonde is the worst." He also asserted that girls' morals had changed since bobbed hair became fashionable. "Bobbed hair has made girls a little careless," he said. "They frequent night clubs, drink too much and wear too little, and their dancing is positively shocking."

Mr. Coffin declared that the American girl type is the most beautiful in the world. He then proceeded to make an inventory of a beautiful girl's features, beginning with the shape of the face, which he said should be oval, with little angles of the cheek, jaw and chin and not fat.

Turn Up Mouth
The eyes should be large, but not too full and eyebrows should not be plucked out, for that spoils beauty. The nose should be straight and classic and not too long. The upper lip should be short and the mouth full but not too large.

"If you can coax your mouth to turn

up instead of down at the corners," he said, "it will be more charming, because no man likes to look at a woman with a mouth that turns down."

Mr. Coffin advised girls not to walk "sloppy," but to study their walk in a mirror, and try to make it more graceful. A woman, he said, was a born actress, and could not help being attractive. He spoke of the brown-eyed Spanish beauty type with loving, charming ways and "perhaps a stiletto in her stocking," the gray-eyed type with a keen intellectual understanding, and the blonde blue-eyed type, that is home loving but not so intelligent. This type is very seldom found, he added, as the hair is usually "touched up." A blonde simply can't stay away from touching up her hair with peroxide. In conclusion he said that if a woman has no art in her ways, and does not care for the admiration of man, "she will be sadly lonely."

Gloves Gay, Like Spring Flowers

"Nothing is so smart as the ornamented cuff" the edict of Paris

WHAT joy the new gloves have brought to the hearts of les Parisiennes—and now to les Canadiennes! Paris in the Spring! This year the flower vendors have competition in multi-colored, decorated gloves.

A riot of lovely cuffs . . . embroidered, piped, shirred, cut in different shapes, some drooping, some with saucy contrasts in colors . . . daring, yes, but très chic.

Kayser observes in Paris sketched the coming models and cabled us. Now in your own shops, as if they were smuggling along the Tuileries Gardens on the Rue de Rivoli or on the Rue de la Paix, you can find Kayser's latest creations, faithful copies of the favorites in Paris.

Kayser alone sets the pace in transmitting le dernier cri in gloves to Canada. See them at once. In many shades, many styles—Spring-weight silk at prices which delight the slim pocketbook of the smart Parisienne. So buy several pairs, remembering that the ungloved hand is quite passé.

"IN FEBRUARY OF THIS YEAR (1924) my third baby was born. Three months later found me with constipation, headaches and just dragging around—and three small children. I decided something had to be done. I started taking Fleischmann's Yeast, a cake morning and night. In a few weeks I was able to stop the use of cathartics; headaches and backaches were gone; and I had plenty of energy. I felt like a different woman."
Mrs. Marie T. Gardner, Glasgow, Pa.

You know such people

Full of a new zest and joy in living. Read their remarkable tributes to this simple fresh food

"AS A HUMANITARIAN, and as a physician for twenty-two years, I unhesitatingly recommend that persons suffering from deficient digestion give Fleischmann's Yeast a test. I suffered from a bad stomach for nearly twenty years. Abandoned hope of receiving permanent relief. . . . Since taking Fleischmann's Yeast cakes, which I began last June, I sleep approximately one and a half hours more and can eat a man's dinner without distress."
Dr. William Weason, Philadelphia, Pa.

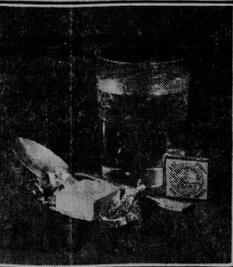

"I HAD DEVELOPED acne of the face, which became chronic in spite of medical care and good hygiene. Scrums, ointments, washes, drugs, diets, lotions, made me wretched without improving the unsightly condition. . . . Then I consulted our family doctor, who strongly advised trying one cake of Fleischmann's Yeast before meals (three times a day). I took it regularly for six months. . . . My I lost that thin, pale look, and was able to continue with my work at college."
Miss Rose Cooperman, Brooklyn, N. Y.

Not a "cure-all," not a medicine in any sense—Fleischmann's Yeast is simply a remarkable fresh food. The millions of tiny active yeast plants in every cake invigorate the whole system. They aid digestion—clear the skin—banish the poisons of constipation. Where cathartics give only temporary relief, yeast strengthens the intestinal muscles and makes them healthy and active. And day by day it releases new stores of energy.

All grocers have Fleischmann's Yeast. Start eating it today! Buy several cakes at a time—they will keep fresh in a cool dry place for two or three days.

And let us send you a free copy of our latest booklet on Yeast for Health. Health Research Dept. 428, The Fleischmann Company, 208 Simcoe St., Toronto, Ont. FLEISCHMANN'S YEAST IS MADE IN CANADA

"AS A TRAVELING salesman I found myself suffering from chronic constipation and general stomach disorders induced by irregular meals. My head ached continuously. I lacked 'pep.' My record fell off alarmingly. . . . I tried Fleischmann's Yeast. In a few weeks my tendency to be constipated had practically disappeared and with it my headaches. I have broken all my previous sales records. I feel that Fleischmann's Yeast has materially helped me up the ladder toward success."
Fred Corrington, Litchfield, Ill.

THIS FAMOUS FOOD tones up the entire system—banishes constipation—stomach troubles—skin disorders. Eat two or three cakes a day before meals: on crackers—in fruit juices or milk—or just plain. For constipation especially, dissolve one cake in hot water (not scalding) right and morning.

FAREWELL SAID TO PASTOR AND CHURCH DEACON

Rev. Dr. Hutchinson and L. H. Thorne Are Honored

GIFTS PRESENTED BY CHURCH PEOPLE

Congregational Gathering of Main Street Baptists Held Last Evening.

At a congregational gathering last evening the members of the Main Street Baptist church reluctantly bade farewell to their beloved pastor, Rev. Dr. David Hutchinson, who has been their leader for the last 20 years and is leaving shortly to become pastor of the Brockville, Ont., church.

An address and a purse containing \$270 in gold were presented Dr. Hutchinson who feelingly expressed his appreciation and his regret at leaving his friends of so long standing. Dr. Hutchinson will deliver his farewell sermon Sunday night.

PRESENTS DEACON GIFTS.

With Dr. Hutchinson the congregation also specially honored Deacon L. H. Thorne, who is leaving Saint John to take up residence in another part of the province. To Mr. Thorne there were presented a handsome chair, the gift of the Sunday school, and a nice club bag, the gift of the church. Mr. Thorne replied suitably.

W. J. McAlary was the chairman of the gathering. In the opening devotions Rev. A. L. Tedford gave the scripture reading and after a pleasing solo by Miss Jessie Jamieson, prayer was offered by Rev. R. Osbourne Morse and Miss McKim contributed a reading. Glowing tributes were paid to Dr. Hutchinson by Rev. W. Britton, who spoke for St. Matthew's congregation, and Rev. E. S. Poole expressed the regret of the Baptist Ministerial Association at the coming departure of Dr. Hutchinson, reading a resolution passed at Tuesday's meeting of the

association. Letters of regret at inability to attend were received from Rev. H. A. Goodwin, Rev. W. Mahon and Rev. Dr. C. R. Freeman.

SENTIMENTS OF ADDRESS.

W. J. McAlary read the address presented to Dr. Hutchinson by the congregation as follows:

Dear Pastor Hutchinson:

Such an occasion as this renders weak and almost futile the words we choose to express our sentiments.

We have gathered here tonight to express to you our appreciation and love for the services you have rendered us as a church during the past 20 years.

Twenty years to look ahead seems a long time, but in retrospect how very short, yet in that 20 years you have accomplished through your consecrated ministry far more than any human history has recorded. Only the light of Eternity can reveal the number of souls you have won for Christ. Our church records show that during your ministry you have received into the church by baptism a total of 343 members.

We will never forget your works of mercy and labor of love among us; when we were joyful you rejoiced with us; when we were sad and perplexed your kind words of encouragement gave us new strength. In sickness and bereavement you brought comfort and

hope. Your example as a citizen has been of a very high order and worthy of emulation by all.

You have been a faithful minister of Jesus Christ, rightly dividing the Word of Truth. There has been no taint of the higher criticism or of the modernist in your sermons, but, like the Apostle Paul, "you delivered unto us first of all that which you had received, the pure and unadulterated Gospel of Jesus Christ."

We realize with sorrow that the parting of the ways has come. In your retirement from its pastorate old Main street will suffer a distinct loss. All of the 20 years of your pastorate have been years of close and happy fellowship without a discordant note, and we shall miss you in the days to come very much.

We feel these remarks would be incomplete without some reference to a voice that is now still. We would be ungrateful indeed if we should soon forget the very large place your late beloved wife had won in all our hearts during the 18 years or more we had known her. She was an untiring worker in the Master's vineyard, a faithful Sunday school teacher and a zealous worker in the Ladies' Missionary Society. She has gone home—firm in the faith that "if she die yet shall she live again." We know she had an abundant entrance through the gates into the city, the eternal home of the

of the chair. W. H. White read the address on behalf of the congregation in which regret was expressed at Mr. Thorne's decision to remove to another part of the province which would leave a vacancy in the church hard to fill.

As deacon, trustee, member of the finance and other committees, Mr. Thorne had given prompt, cheerful and efficient service and the address referred with gratitude to his happy faculty of pleasing, and extended hearty good wishes for his future blessing.

W. A. Erb presented the club bag, which was the gift of the church to Mr. Thorne. He replied fittingly.

During the evening the choir sang an anthem that was much appreciated and James F. Browne played an organ selection. After the presentations to Dr. Hutchinson the congregation sang "Blest be the tie that binds," and following the presentation to Mr. Thorne "Auld Lang Syne" was sung. The pronouncing of the benediction closed the evening's program.

The ladies of the church served a delicious supper.

Choirs Are Guests of Music Committee

The music committee of the Charlotte Street Baptist church entertained the choirs of Charlotte Street church and the Fairville Methodist church at a pleasant social gathering in the annex of the church last evening. There were about 60 present. D. C. Clark showed a fine series of lantern slides of Alaska. Vocal solos were sung by Mrs. C. R. Freeman and Mrs. A. E. Logie and everyone joined in singing old-fashioned songs. Short addresses were given by Rev. J. M. Rice and Rev. Dr. C. F. Freeman. Delicious refreshments were served. The music committee, which arranged the evening, consisted of D. C. Clark, Mrs. Norman P. McLeod, Mrs. Trueman Webb, R. Webb and W. P. Hoyt.

The Path of Crime.

(Montbata Free Press.) Young folks usually object to being preached at, but preaching is necessary to show the young men of a city—and its older ones, too—that a beginning in a life of crime will bring them nothing but grief. The annals of this city and the annals of all cities, are filled with records of young men who thought they could become burglars, holdup men or bank bandits, and get away with it. They were not able to continue to break down the safeguards that society has set up for its own protection. They will not be able to do so in the future.

SAINT JOHN bowlers certainly acquitted themselves in a highly satisfactory manner in the Maritime Provinces and Eastern Maine championship tournament in Eastport.

THERE HAS been all kinds of talk locally about a boxing bout to be staged here between George Fife, welterweight champion of Canada, and Jack McKenna of Glace Bay.

CONNIE MACK seems to have banded together a classy quartette of sluggers in Cochrane, Poole, Hale and Bishop.

"A FOOL and his money are easily parted," can hardly be said of Gene Tunney, light heavyweight champion of America, who is to meet Tommy Gibbons on June 5.

BANQUET TENDERED G. W. V. A. BOWLERS

Members Were Guests of The Executive Officers—Wigmore Trophy Presented.

Honoring the achievement of the second consecutive year's championship of the Inter-Association League, the members of the G. W. V. A. bowling team were guests of the executive officers of the association at an informal banquet following the committee meeting Tuesday evening.

President J. G. Dryden presided and in welcoming the team members to the entertainment in their honor complimented them not only on winning the championship but equally on the sportsmanship they had displayed.

The Wigmore trophy, emblematic of the championship of the Inter-Association League, was formally handed to the officers of the association for safekeeping by Captain Roberts and accepted by the president and secretary on behalf of the association, it now occupying a place of honor in the association's clubhouse for another year.

During the course of the banquet toasts were drunk to the King, the Guests of Honor and the Inter-Association League.

The entertainment programme included solos by J. F. Ashe and F. Watson; a selection by the boxing team quartet, Messrs. Ashe, Irving, Roberts and Sweeney; readings by H. Roberts and F. Lodge and the singing of "French choruses" with Dr. Watters presiding.

The very enjoyable gathering was concluded shortly after midnight with the singing of "Auld Lang Syne" and God Save the King.

ROGERS HORNSBY STRUCK ON HEAD AND SUFFERS CONCUSSION

National League Batting Champion Was Hit By a Pitched Ball—Johnson Hits Homer

ST. LOUIS, Mo., April 24.—Rogers Hornsby, Cardinal second baseman and National League batting champion, who was hit on the head by a pitched ball and forced to retire after the fifth inning of the game with the Cincinnati Reds yesterday, will be unable to play again for two days, Dr. R. F. Hyland, club physician, announced.

An X-ray examination showed a slight concussion of the brain. More definite information will be obtained today following another examination, the physician said.

Heavy Hitting An outburst of hitting in both major leagues yesterday swelled team and individual averages at the expense of no less than 39 pitchers without altering the positions of the leaders.

Hits Home Run After pitching his club to a triumph, the day before Walter Johnson filled the hero role for the Senators against yesterday when he was called from the club house, after having exchanged his uniform for street attire, to pinch hit in the ninth, Johnson hustled back into baseball regalia and with the count three and one on him, drove home the two runs which won the game for the champions over the Yankees 2 to 1.

CHAMPION WILL TAKE MATTER UP WITH RICKARD

Ready To Sign If Given Assurances By Promoter

NEW YORK, April 23.—Jack Dempsey, world's heavyweight champion, who arrived here yesterday with his wife, the former Estelle Taylor, declared he would postpone his contemplated honeymoon trip to Europe in order to defend his title against the negro challenger, Harry Wills, provided Promoter Tex Rickard would assure the match could be staged without interference.

Ready To Sign. "I'm ready to sign to fight Wills the moment they can show me the fight is a go," said the champion, "I am going to talk the matter over with Tex Rickard, and if he can assure me the fight can be staged without interference then the sooner they match us up the better. If he can't see his way clear, then I'm going to Europe with Mrs. Dempsey, and that will mean I'm not to fight this year at least."

PHYSICAL REVIEW ENJOYED BY MANY

St. Vincent's Girls and Y.M.C.I. Gymnasium Classes Give Clean Performance.

The annual physical review of St. Vincent's girls' gymnasium classes, and the gymnasium classes of the Y. M. C. I. were held jointly last night in St. Vincent's auditorium and the audience was greatly delighted with the excellence of the demonstration and the good work of the pupils.

After Grand March. Following the opening grand march, the junior girls' class gave a smartly executed dumbbell drill and the intermediate girls gave a very graceful number in the Dance of the Waves of Tary. The school boys in frehand drill gave a rhythmic and very pleasing demonstration. The junior girls gave the dance "On the Bridge of Avignon" very prettily and daintily. A troupe of seniors gave some very good horse vaulting stunts. The High School girls did some Indian club drills in fine style. St. Peter's girls, under the direction of Capt. D. V. Paine, went through some intricate tumbling exercises in excellent fashion. The intermediate girls' class appeared in a wand drill number that was brisk and smartly presented. The High School girls achieved a special triumph in Highland Fling number. Indian club swinging by the High School boys was a very neat piece of good work. The Y. M. C. I. seniors executed some tumbling stunts that won great admiration and the intermediate girls' class took part in a very attractively executed sally's horripole. Special trophies parallel bar work, pyramid work on the parallel bars and elephant vaulting and these difficult stunts were carried through in very ship-shape fashion.

The grand march by the girls' classes closed the programme. The exhibition was a conspicuous success and won very high praise.

ZEEBRUGGE STORY THRILLING PICTURE

Imperial Theatre is Packed to See Admirably Recorded Great Event.

What could have been more gloriously appropriate than to show the thrilling re-enactment of the attack on Zebrugge in this city on St. George's Day, which day in itself is the seventh anniversary of that event? The spacious Imperial was crammed to the roof...

All heroes—"Zeebrugge" is, simply and in three words, a great film. The producers have splendidly refused to introduce drama; yet it is intensely and inherently dramatic.

The printed page can never give complete comprehension of what the hotting-up of the moving picture camera explains it all, reveals it all.

The glorious "mutiny"—First there are scenes of the mutiny wrought by the German submarine pirates (actual films of the events captured during the war from a German submarine).

One sees the planning and preparing of the attempt to bottle the pirates in their lair, the assembling of the ships, the setting out, that glorious "Mutiny," the disappearance of the surplus crews when the time came for them to return and "Miss the show," the laying of the smoke screen by the C.M.B.S., and then the assault.

More gripping than a drama—What follows is a series of scenes that will grip British audiences as no drama ever done. One sees the old "Indictive" run herself against the Mole, and the masses of waiting men swarm up under the "Drover" and down the ladders; you see the C-8 blow herself up under the Mole bridge, and finally the actual entry and sinking of the blockships in the canal.

The order to withdraw is given and the last you see is the smoke disappearing, its work accomplished and a white ensign fluttering in the distance, while the faint outlines of Nelson pervades the screen.

"Zeebrugge" is a purifying bath of distilled patriotism, and all who experience it will be the better and sadder for it.

COMEDY IS GIVEN IN WEST SAINT JOHN

Well Presented Under Auspices of Ladies' Auxiliary of Carleton Cornet Band.

City Hall, West Saint John, was filled to capacity last evening for the successful presentation of a comedy in three acts entitled "Capit and Calorities" put on by 13 young ladies under the auspices of the Ladies' Auxiliary of the Carleton Cornet Band.

Between the acts the Stackhouse quartette, composed of Messrs. Herbert, Frank, Charles Stackhouse and F. S. A. McMullin, gave several melodious selections. Miss Angelina Gregory was given an ovation when she danced with her usual grace. The band played several selections and were obliged to respond to several encores. Fudge was sold by Mrs. William King and Miss Aileen Miller.

The cast included Miss Keeble, Miss Pearl Howard, Miss Angeline Roxborough, Miss Marion Lanyon, Miss Frances Lanyon, Miss Evelyn Brown, Miss Norah Cameron, Miss Eva Wright, Miss Mariel Ellis, Miss Mildred Long, Miss Athene Brown and Miss Gertrude Belyea.

DRAMATIC COMEDY AT CENTENARY

Eugene Hafer's popular dramatic comedy, "Take My Advice," will be produced in Centenary Church Hall on April 27 and 28 by the Centenary Dramatic Club, under the capable direction of Miss Gladys Gibbon. Tickets, 50 cents. 16502-4-25

The chaplain found one of the convicts who was serving a sentence for burglary very upset.

"What is the matter, my man?" he asked.

"I've got bad news from home, sir," replied the man.

"I'm sorry to hear that," said the chaplain. "What is it?"

"My brother, sir," replied the man, bitterly. "He's gone to the work 'ouse, sir; the first of our family to disgrace us."

A WOUND IS AN OPEN DOOR

Absorbine Jr. enables you to shut the door quickly.

The skin is Nature's own protection against germs. When it is bruised, broken or cut, that protection is withdrawn. The door is open. As quickly as possible Nature closes it by forming what we call a scab and renders you comparatively safe against infection. But this scab sometimes takes days to form and until it has fully sealed the wound, even until the wound has thoroughly healed again you must furnish the required protection yourself.

A few drops of Absorbine Jr. in the water will give you an antiseptic wash that will kill all possibility of infection and help nature to heal the wound. As well as being a very powerful germicide, Absorbine Jr. will draw out the inflammation and bring instant relief.

Absorbine Jr. is antiseptic, germicide and liniment in one container—handy to keep always in the house; easy to carry around if you travel.

Merchant of Venice Scenes Well Presented by Amateurs

In the presentation of scenes from The Merchant of Venice the Shakespearean students of Rev. R. Moorhead Legate last night achieved a great success demonstrating fine histrionic ability. The production was most artistic from the point of view of staging and costuming.

Mr. Legate, in the part of Shylock, gave a character portrayal which was most convincing. His gesticulations, his obsequiousness or implacability were all well calculated to heighten the effectiveness of the portrayal.

Mrs. Legate as Portia, was both gayly sportive and splendidly impressive, and won well deserved approval.

Mrs. Legate as Portia, was both gayly sportive and splendidly impressive, and won well deserved approval.

Played Parts Well. Each member of the cast carried the part assigned to him or her very capably, showing appreciation of literary merit and dramatic possibilities.

Others taking part were: Antonio, the Merchant, Charles MacIntyre; Bassanio, suitor to Portia, Everett Megarity; Gratiano, Albert Finlay; Salario, John Legate; Salanio, Harold Peet; Balthasar, Portia's servant, Anonymous; Nerissa, Portia's waiting-maid, Miss Sally Collins.

Between the acts musical selections were rendered. The soloists were Miss L. V. Lingley, Mrs. Bissett and Miss Florence Dunham. The chorette of Knox church sang two old English pieces. Miss A. K. Wilson was accompanist.

A capacity audience greatly enjoyed the play. They will repeat performance tonight.

It is some time since amateurs in Saint John attempted Shakespearean productions and Mr. Legate's students were highly complimented on the success of their endeavor.

ANITA STEWART IS SUED ON CONTRACTS

Partner in Vaudeville Act Asks \$1,200 For 10 Weeks' Work.

NEW YORK, April 24.—Echoes of a vaudeville act which starred Anita Stewart in 1923 are to be heard in the City Court when the film star crosses legal swords with Louise Sydmeth, an actress who was also in the act.

Miss Sydmeth, who claims Miss Stewart engaged her for 10 weeks, demands \$1,200 for breach of contract.

According to the screen star, John Patterson Russell, who lately produced "The Duce Boy," sponsored "Modes of the Moment," as the vaudeville act was called. It was to have been Miss Stewart's first appearance on the speaking stage. The act, however, after a short tryout at two local variety theatres, expired, the screen star explained. She was to have received \$2,000 weekly salary. There were no written contracts.

"There is no truth whatever in Miss Sydmeth's claim that I engaged her,"

This was a big week in the handling of raw and refined sugar at the Port of Saint John. The Atlantic Refiners is very busy. Already some 7,500 tons have been brought in or sent out and more vessels are on the way with raw sugar. The refined has been shipped to many United Kingdom and European ports.

At the Refinery Wharf the "Salacia" loaded 750 tons of refined on Monday and Monday night. The "Sisto" discharged 1,498 tons of Brazilian raw sugar on Tuesday. The "Chaudiere" discharged 800 tons of British West Indies raw sugar Tuesday night and Wednesday morning. The "Baystate" loaded 1,550 tons of refined sugar Wednesday afternoon, Wednesday night and Thursday morning. The "Anders" discharged 1,948 tons of San Domingo raw sugar on Thursday afternoon, Thursday night and Friday morning. The week at the Refinery wharf will be finished by the discharge of the "Spee" which is now due with 1,971 tons of San Domingo raw sugar.

At the city wharves the "Gorn" loaded 500 tons of refined sugar for Scandinavian ports, and the "Hida" 100 tons of refined sugar for Rotterdam. The "Brandon" discharged "Canadian Mariner," "Manchester Brigade" and "Canadian Rancher" lifted a total of 978 tons of refined sugar for U. K. ports.

FAREWELLED AS HE GOES TO MONTREAL

Traveling Bag Presented to Captain R. H. Monks by C. G. M. Associates.

A farewell banquet in honor of Captain R. H. Monks, assistant marine superintendent of the Canadian Government Merchant Marine, was held at the Dunlop Hotel Wednesday evening. A traveling bag was presented to him by his associates of the C. G. M. as a mark of the esteem in which he is held. In the absence of Gordon K. McNab, local port agent, the chairman for the occasion was H. A. Sealy, assistant to Captain Monks. The presentation was made by W. G. Miller, chief clerk, who in a neat speech, expressed regret that Captain Monks was severing his connection with the Merchant Marine. Among the guests present were Capt. W. Hurley of the tug "Neptune," Capt. Hurley of the "Alice R.," Renwick J. Anderson, elevator foreman of the C. E. R. W. G. S. Paynter, C. P. R., Frank Wilson and R. Millane of the Saint John Dry Dock and Shipbuilding Co., Ltd., Captain LeBlanc and Mr. Sutherland, George McSherry, Customs House, John Thornton and others. There were about 50 present for the occasion which was enlivened by songs from several present. Speeches also were made by several of the guests. Captain Monks, who has been coming to this port with the Marine for the last four years, will leave for Montreal tomorrow night.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeam to The Times reporter, "I was over to Halifax the other day and they're gittin' ready to play golf an' go fishin'. I sort of had the idea from what I seen in some of the papers that they was all gittin' ready to move away—but they aint. I guess times is quiet over there—but one man says to me—says he—I guess you found when you was out west that folks down here aint the ones they's been feedin' the pinch. He was right, too—I was real glad to hear folks over there talk about things that likely to happen in Nova Scotia; this year to make times better. I did meet one man that felt sort of blue because he didn't believe then fellers in Quebec an' Ontario would ever let go of anything they got their hands on—but I told him the thing for us to do is to take 'em at the nose an' find out. Well, sir—Halifax aint goin' to seed by no means. I seen some fine houses built there in the last two years. I heard one story that made me feel good. A man walked up to the statue of Joe Howe the other day an' stood in the snow to read the inscription. Then he took off his hat, bowed to the statue, an' went in the Chronicle office the old handpress. Joe Howe used to print his paper on. It's been a hundred years old. Joe rests from his labors, as the Good Book says, an' his works do follow him—yes, sir."

OPEN BEATTY HOTEL ABOUT MID-JUNE

Manager Peters Says Likely Between The 15th and 24th—Ready For Tourist Rush.

Manager H. A. Peters of the Admiral Beatty Hotel said today that the new hotelery will be opened some time between June 15 and 24. Reports that it might be ready for business by June 1 were misleading. The plastic ornamentation of the hotel is not yet ready for the decorative painting, that is it is not thoroughly dried. This, he said, was perhaps the chief drawback at present of the house might well be opened considerably ahead of schedule. Everything else was ready for the final dash to completion.

Manager Peters is certain the Admiral Beatty's opening will be timed to meet the first heavy exodus of tourists from United States and Upper Canada, as well as the convention season. Mr. Peters called on Mayor Potts this morning and discussed with His Worship and some of the commissioners the matter of a new sidewalk in front of the hotel. The matter will be dealt with at the next meeting of the Common Council.

BOX SOCIAL HELD

Newfoundland Benefit Society Holds Enjoyable Entertainment in Orange Hall.
The Newfoundland Benefit Society held a very enjoyable entertainment and box social in Orange Hall, Germain street last evening. A. J. Green, president, was chairman and the programme was given. The various items were: Piano solo, Miss Florence Pyke; vocal solo, D. Oliver; whistling solo, Roy Olive; vocal solo, Mrs. J. W. Pyke; vocal solo, Miss Elsie Olive. A mixed chorus rendered nice selections. Mrs. W. J. Osborne was the accompanist of the evening. For the box social P. Gibbons was auctioneer. The boxes brought good prices and their sale was a specially interesting part of the proceedings. Refreshments were served by an efficient committee and the singing of the National Anthem closed the programme.
